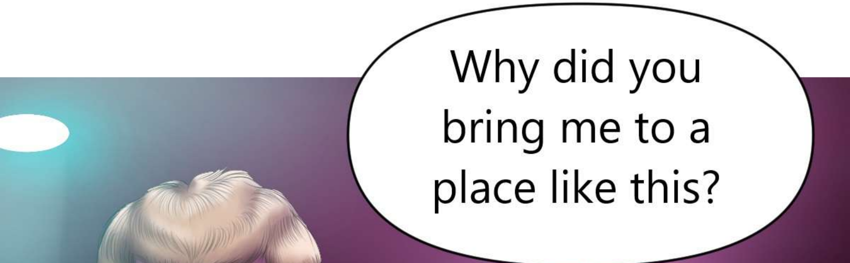
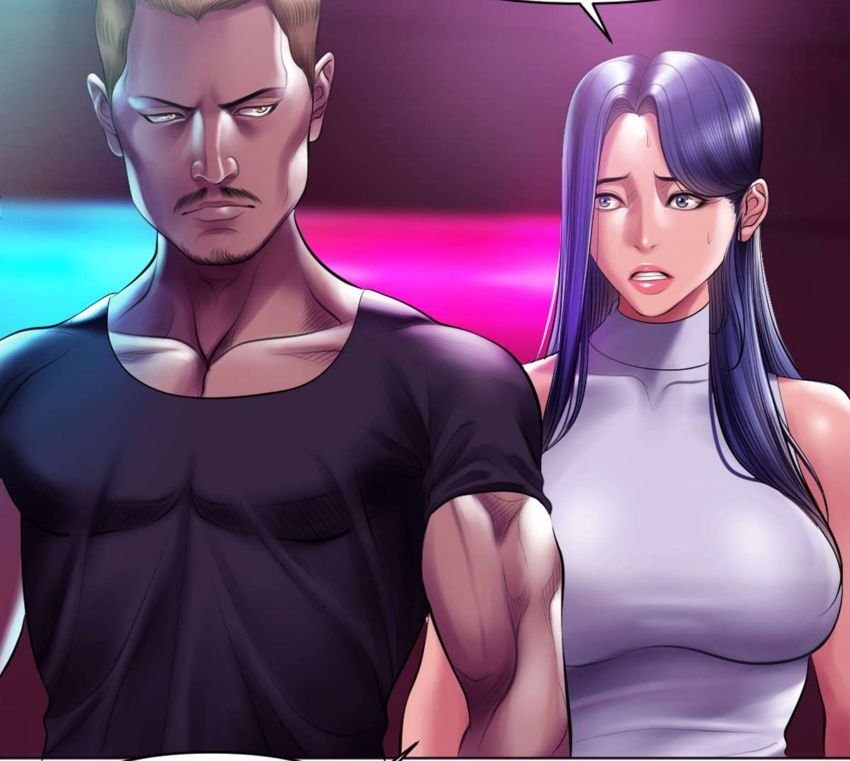
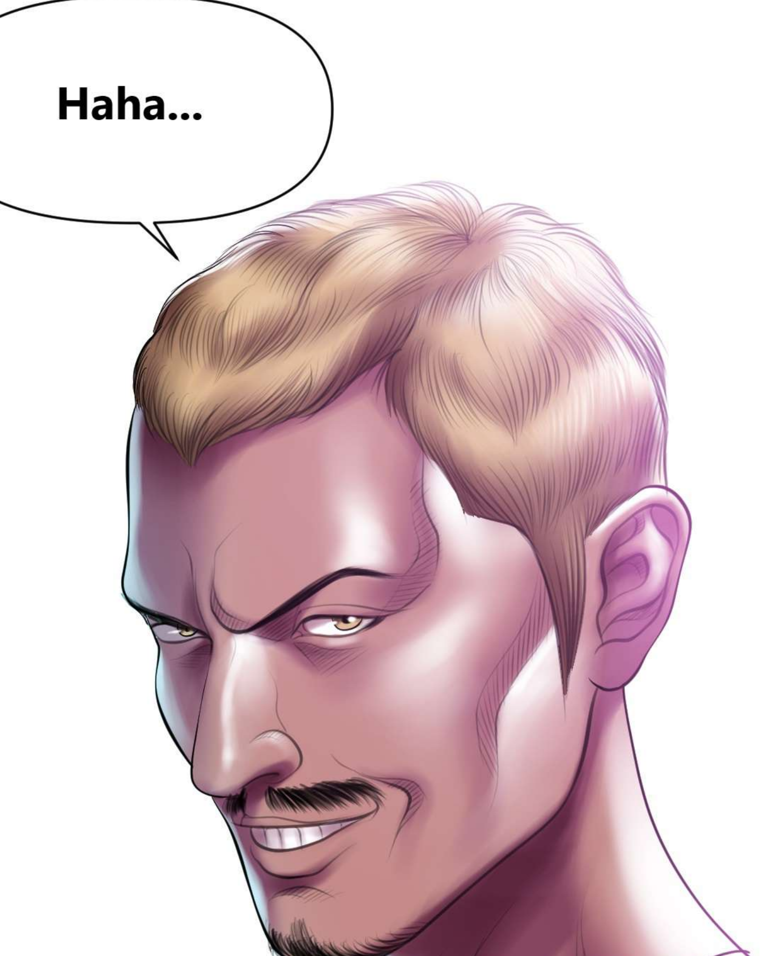
What the....



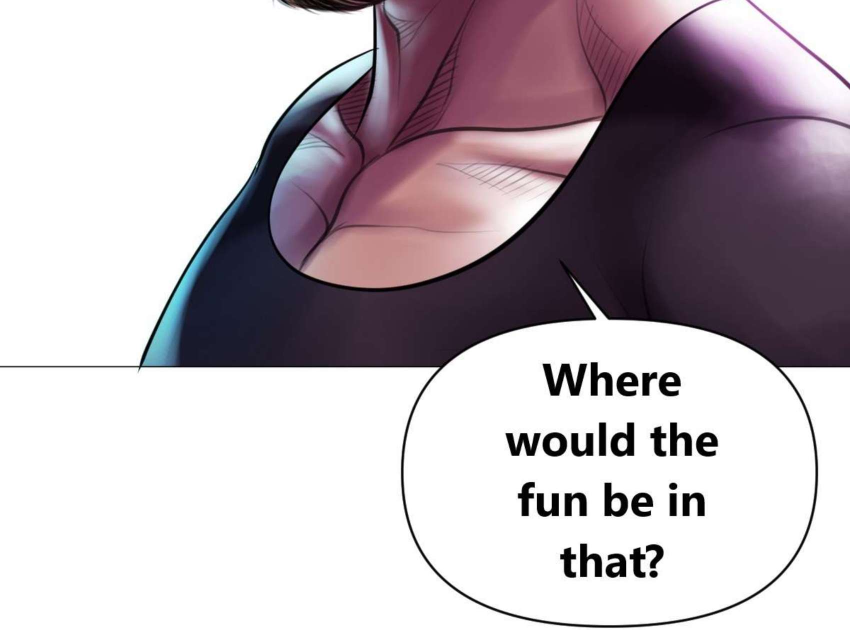
Why did you bring me to a place like this?



Are you expecting me to work here?



Haha...



Where would the fun be in that?

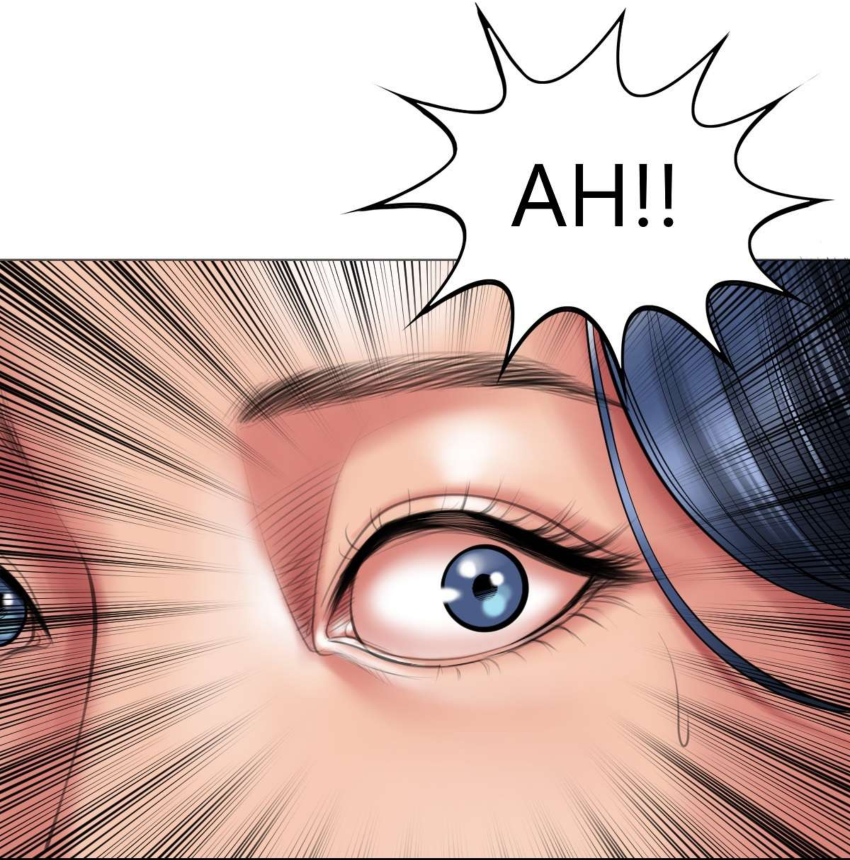
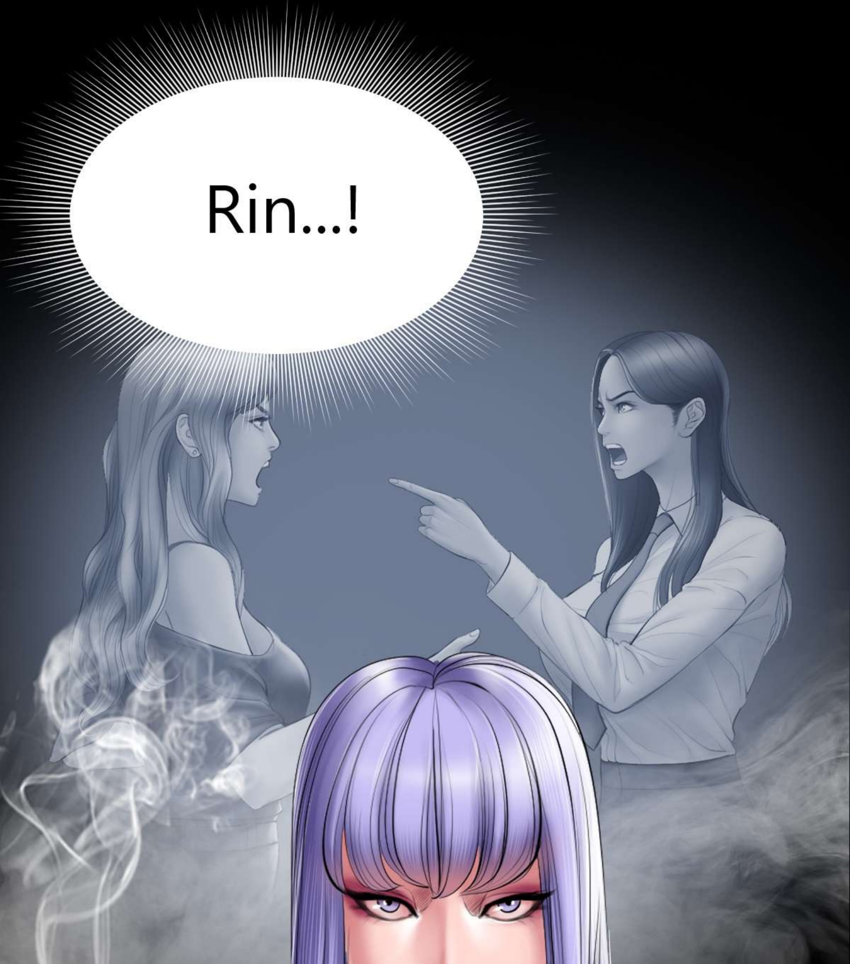
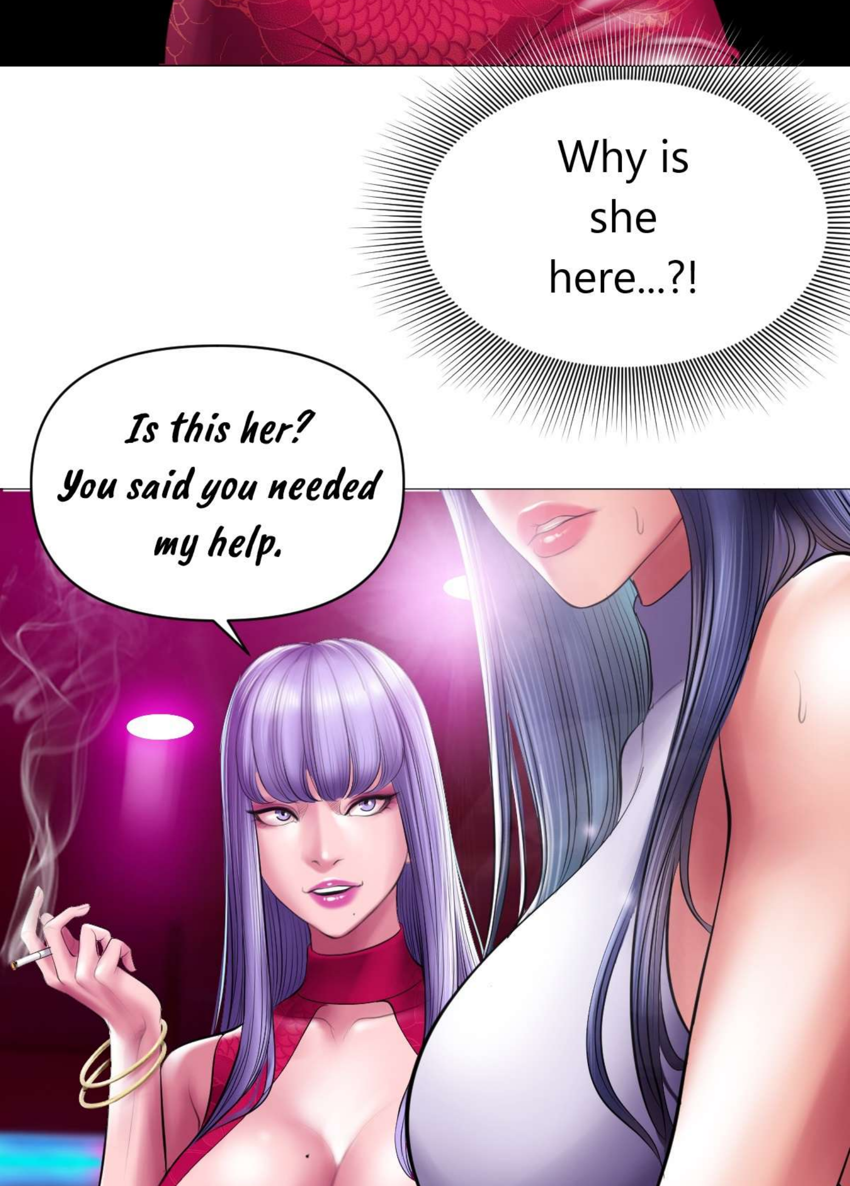
Long time no see,
Alex.



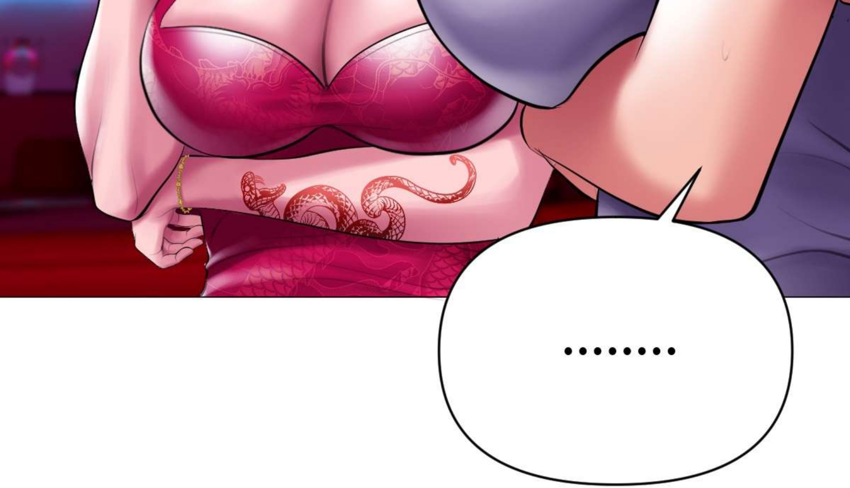
AH!!



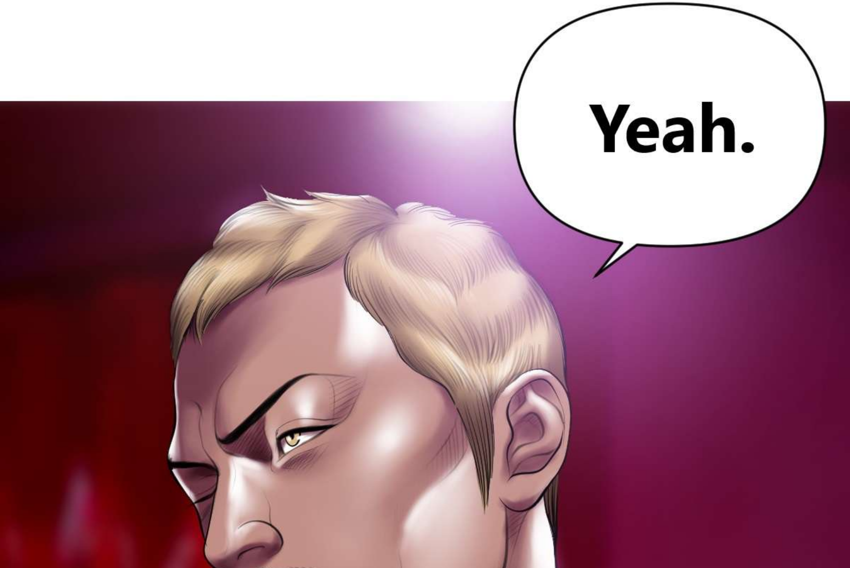
Rin...!



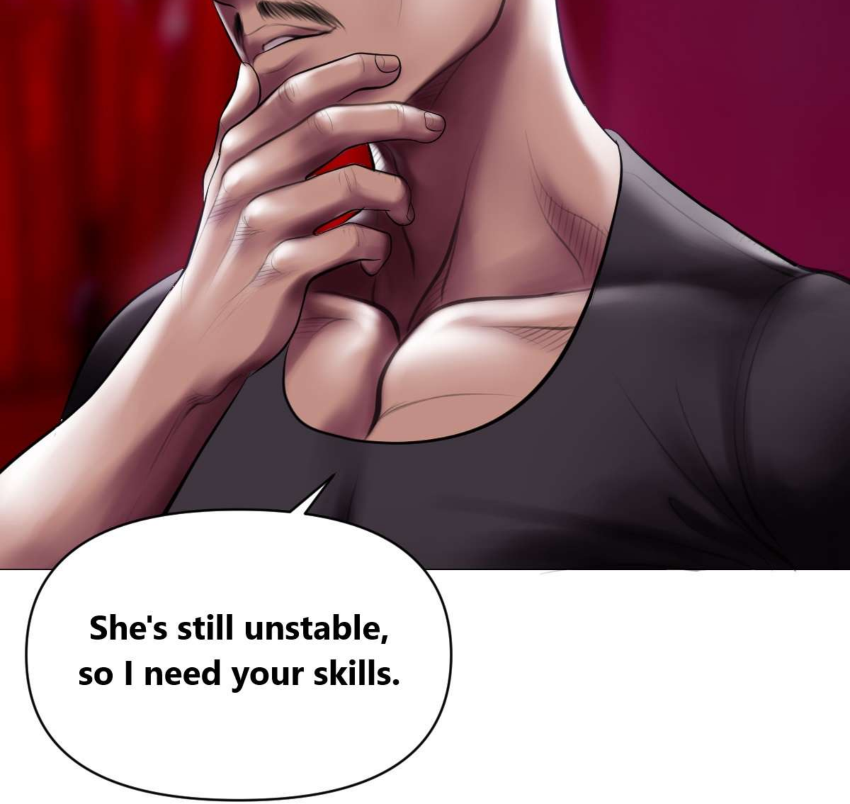
Why is she here...?!
Is this her? You said you needed my help.



....



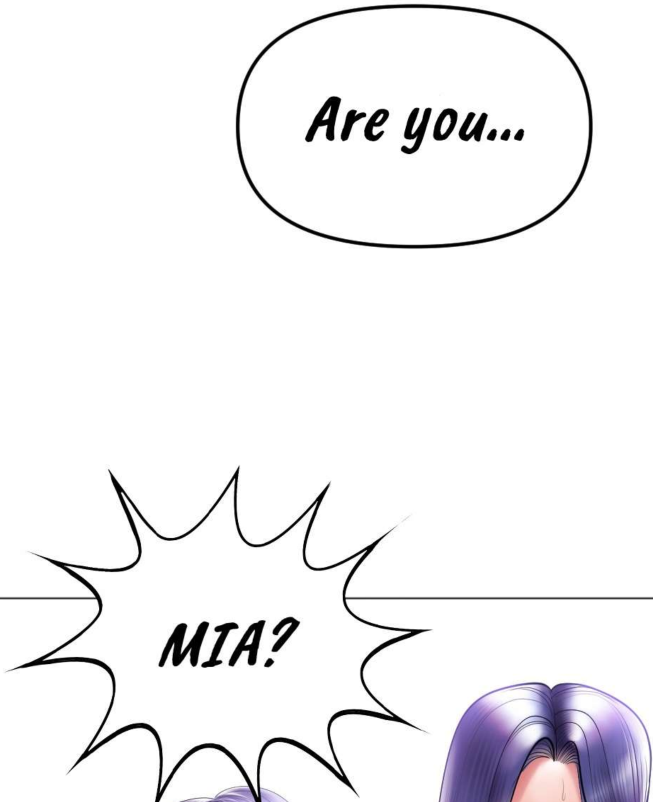
Yeah.



She's still unstable, so I need your skills.

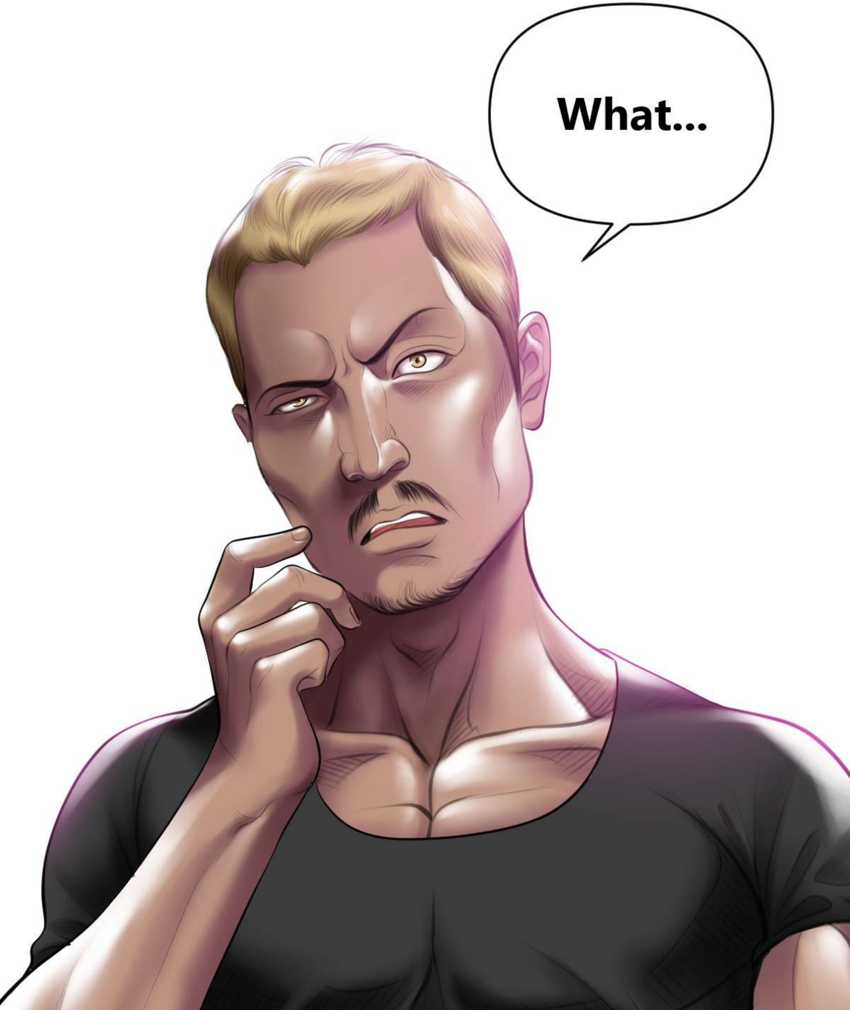
Hmm...
......

Huh?



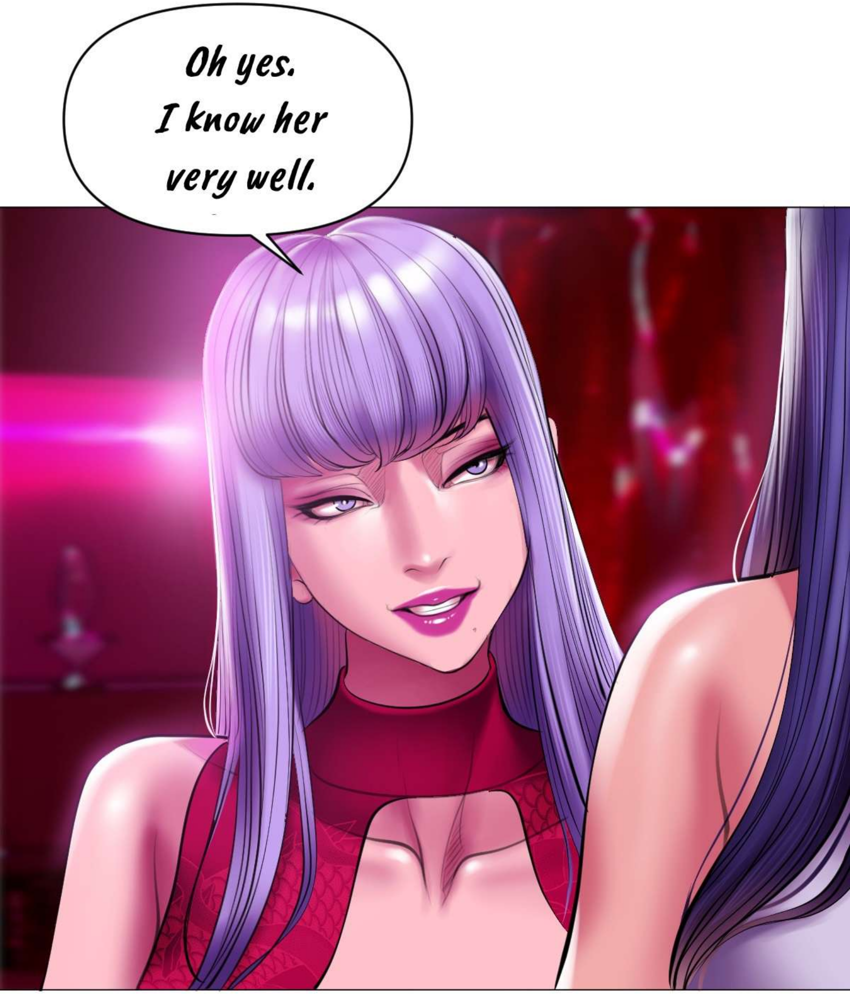
Are you...
MIA?

Mia Chin!
Right?

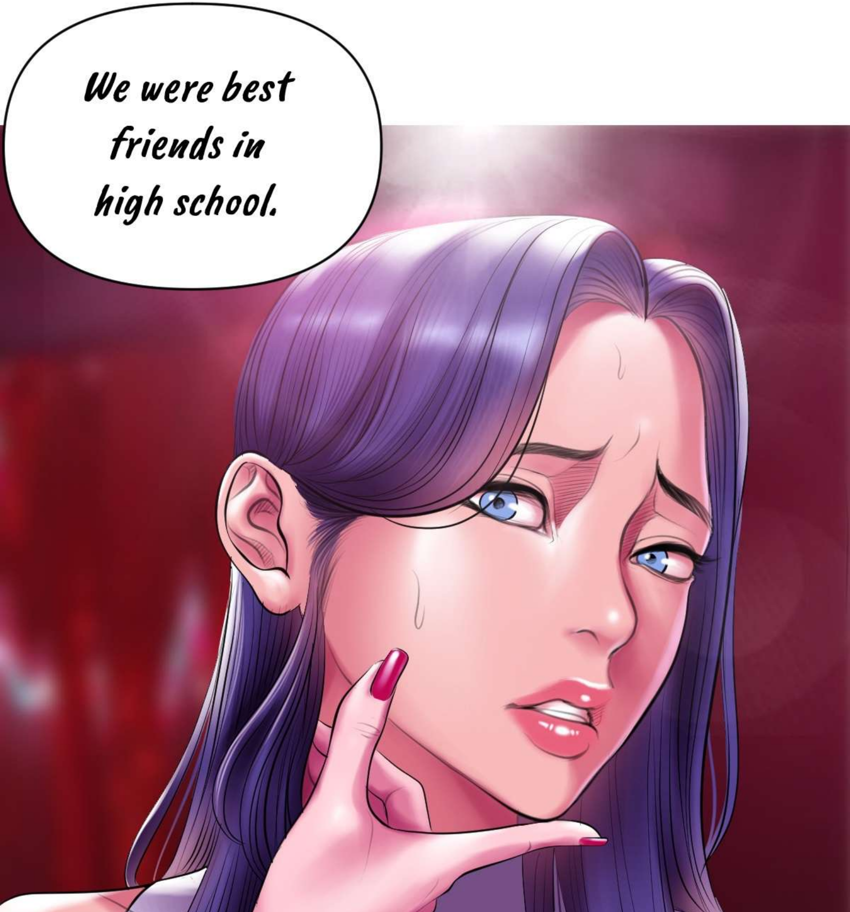


What...

do you know her?



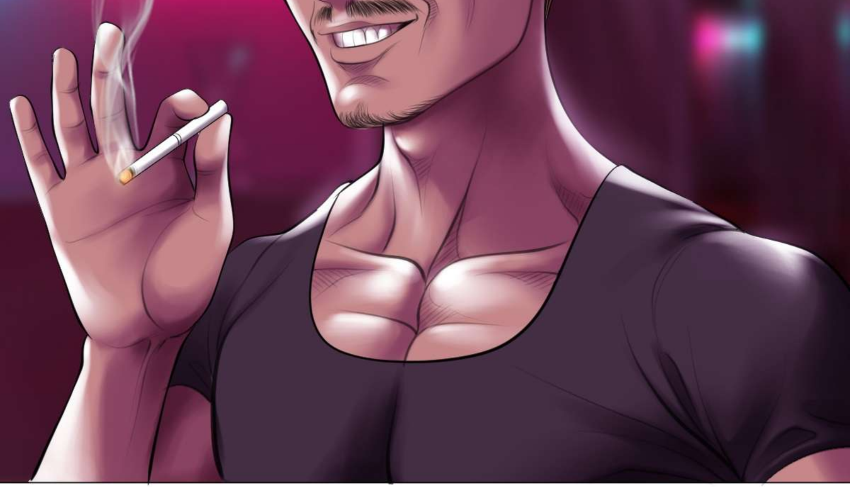
Oh yes. I know her very well.

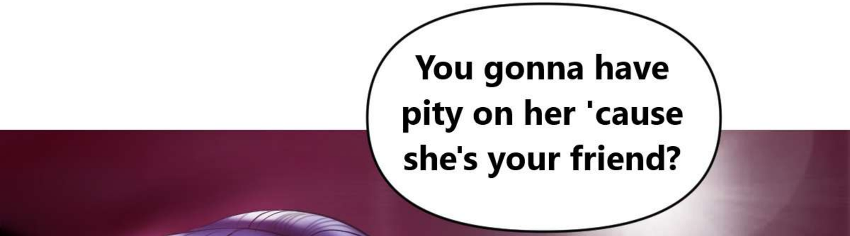


We were best friends in high school.

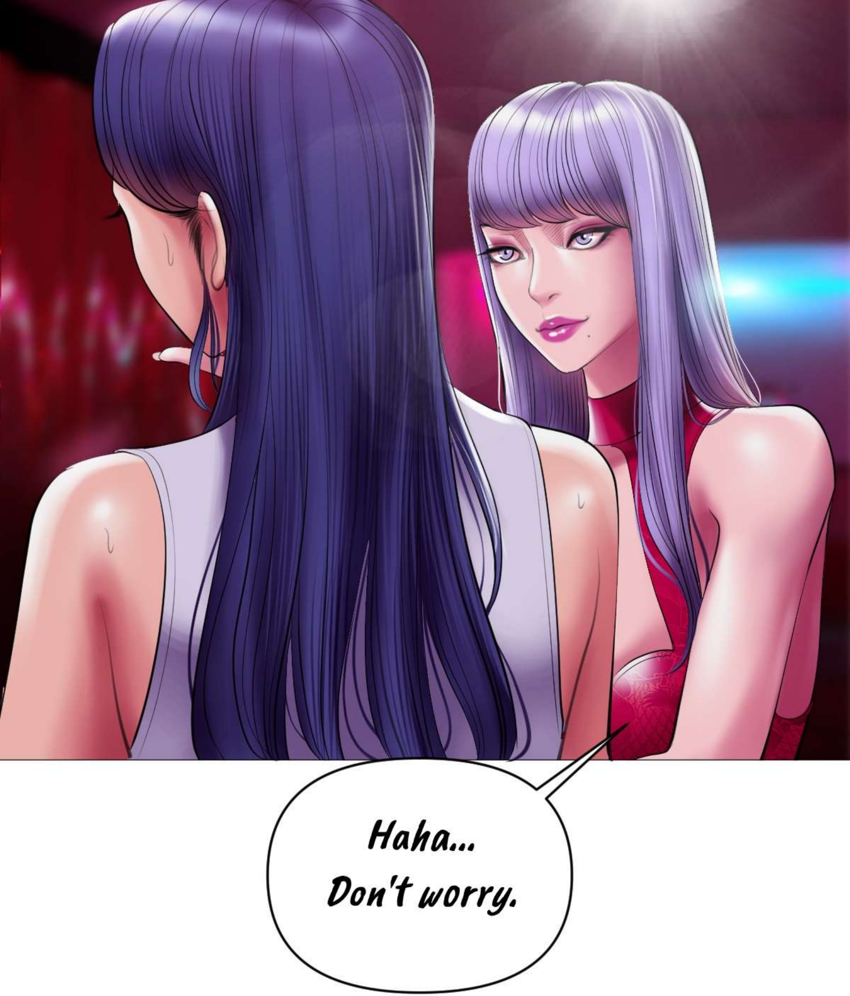
....

Hehe~ Interesting!

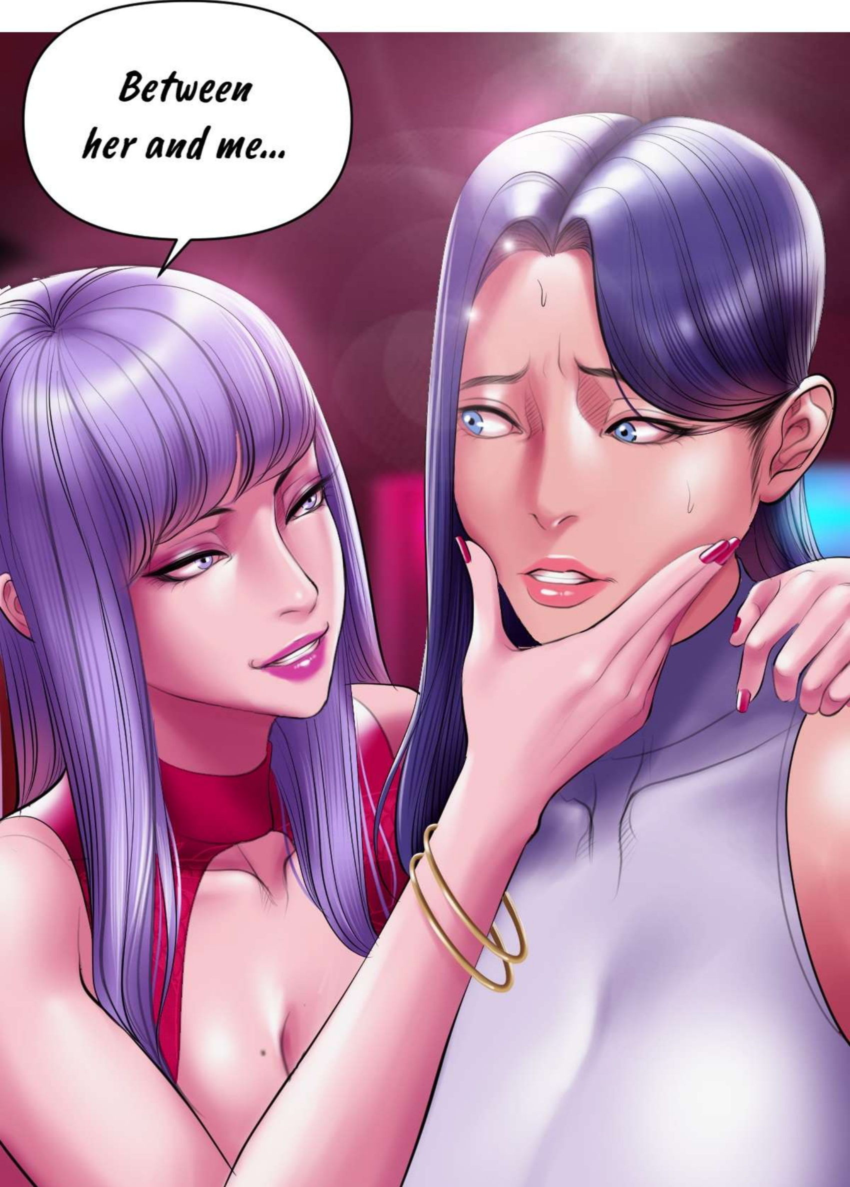




You gonna have pity on her 'cause she's your friend?

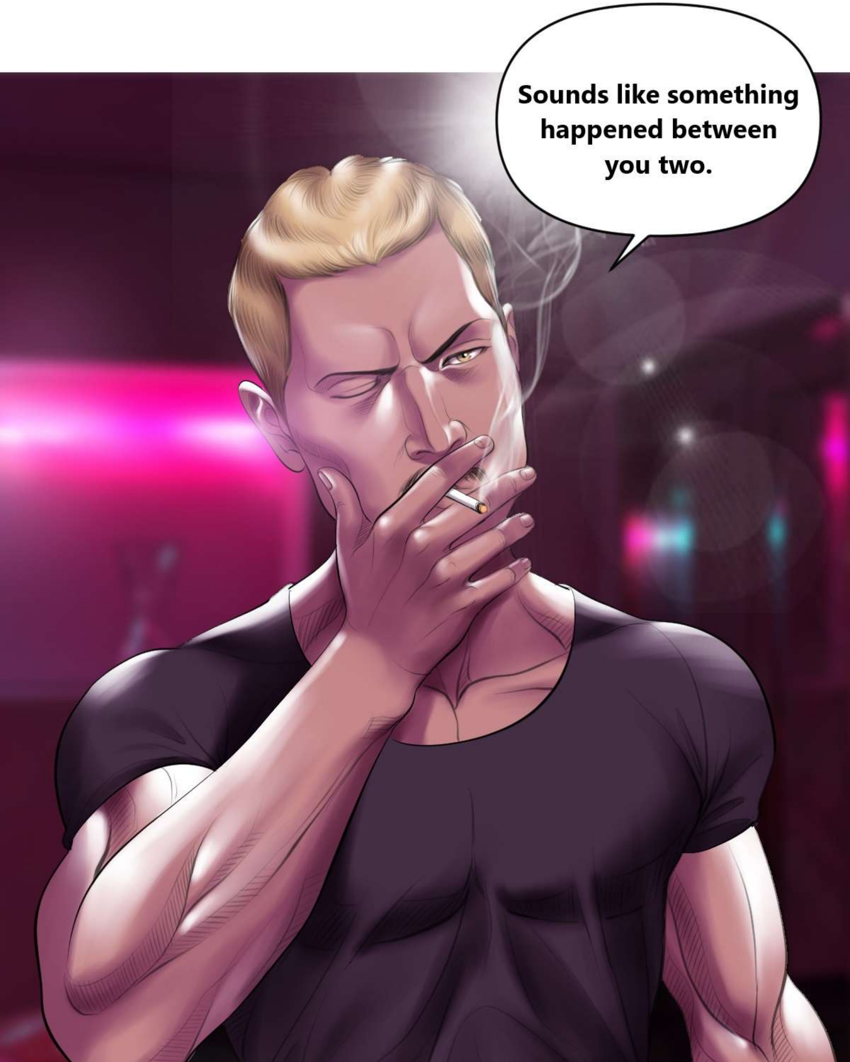


Haha...
Don't worry.

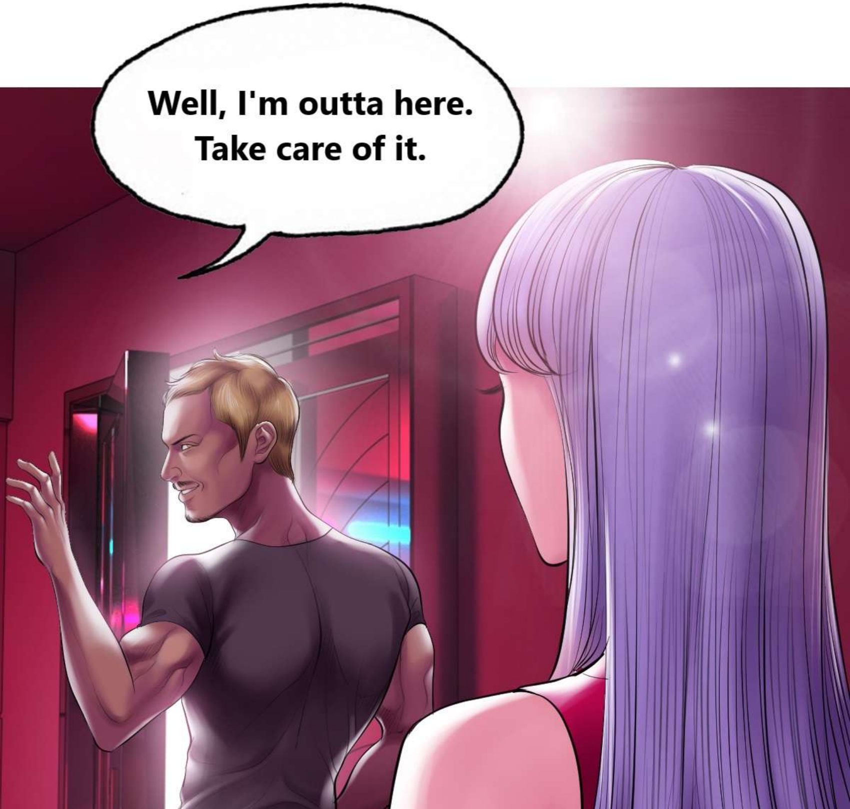


Between her and me...

there's not a shred of sympathy left♡



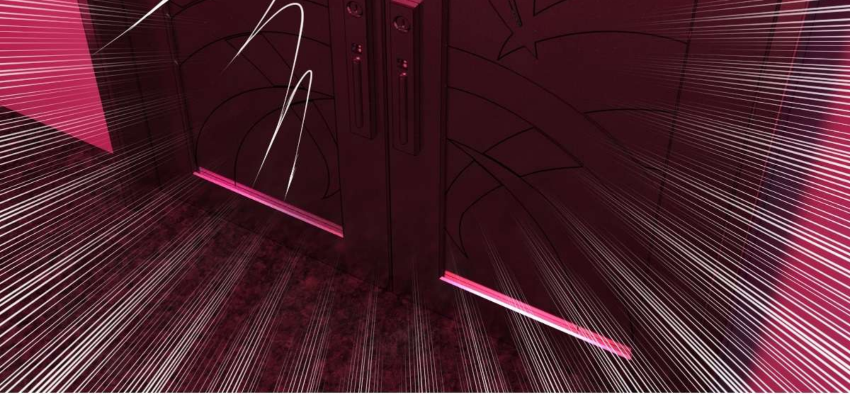
Sounds like something happened between you two.

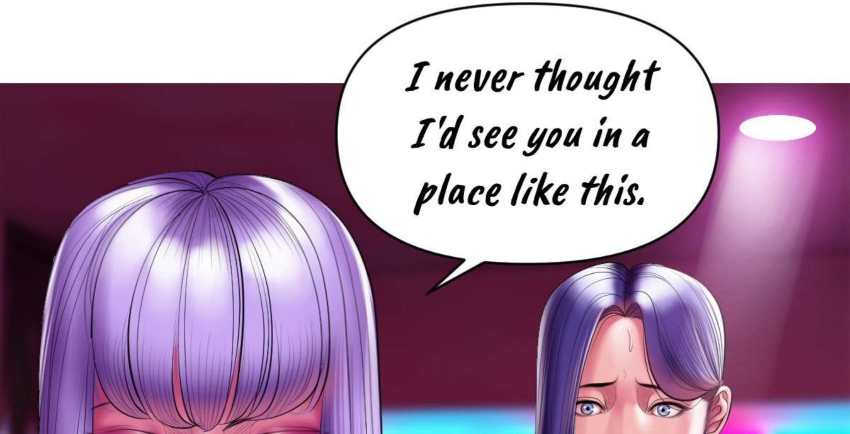


Well, I'm outta here.
Take care of it.

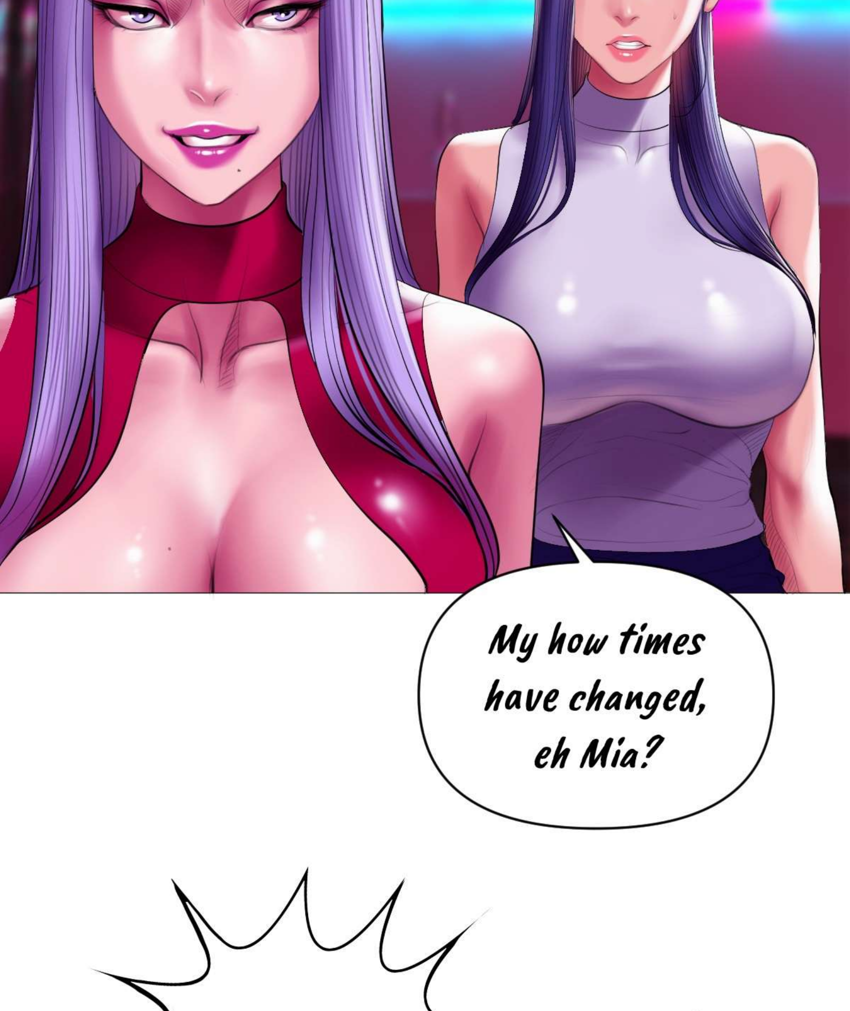
Hehehe...
See you later.

쾅

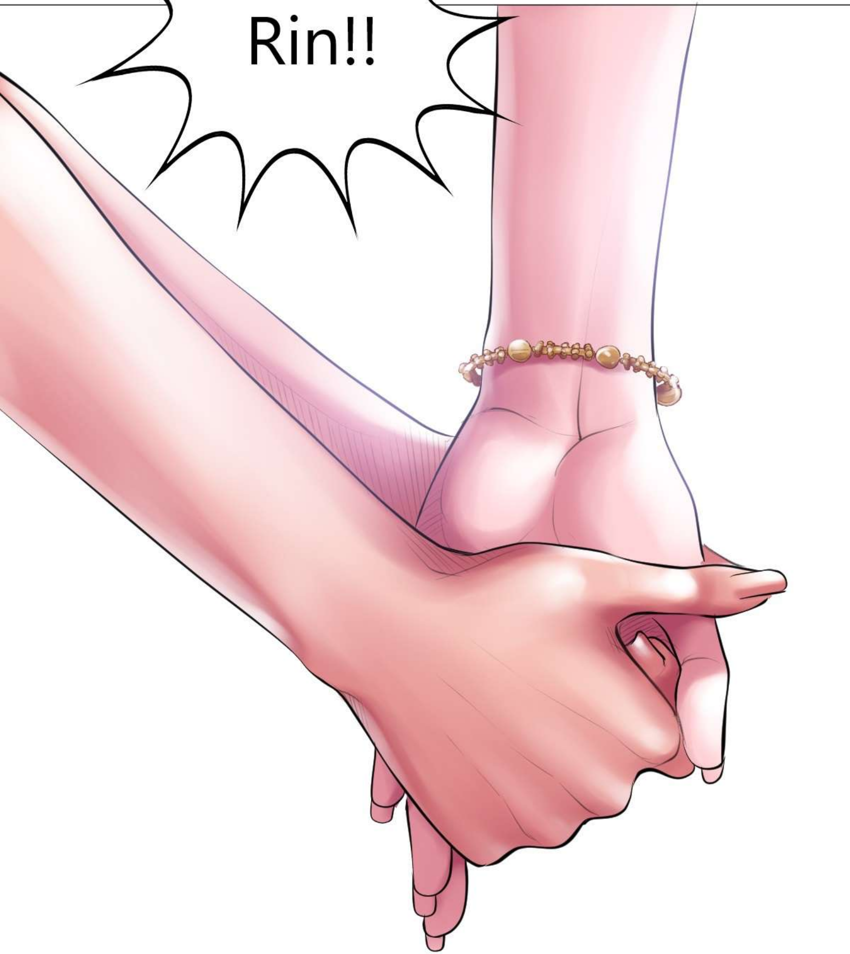




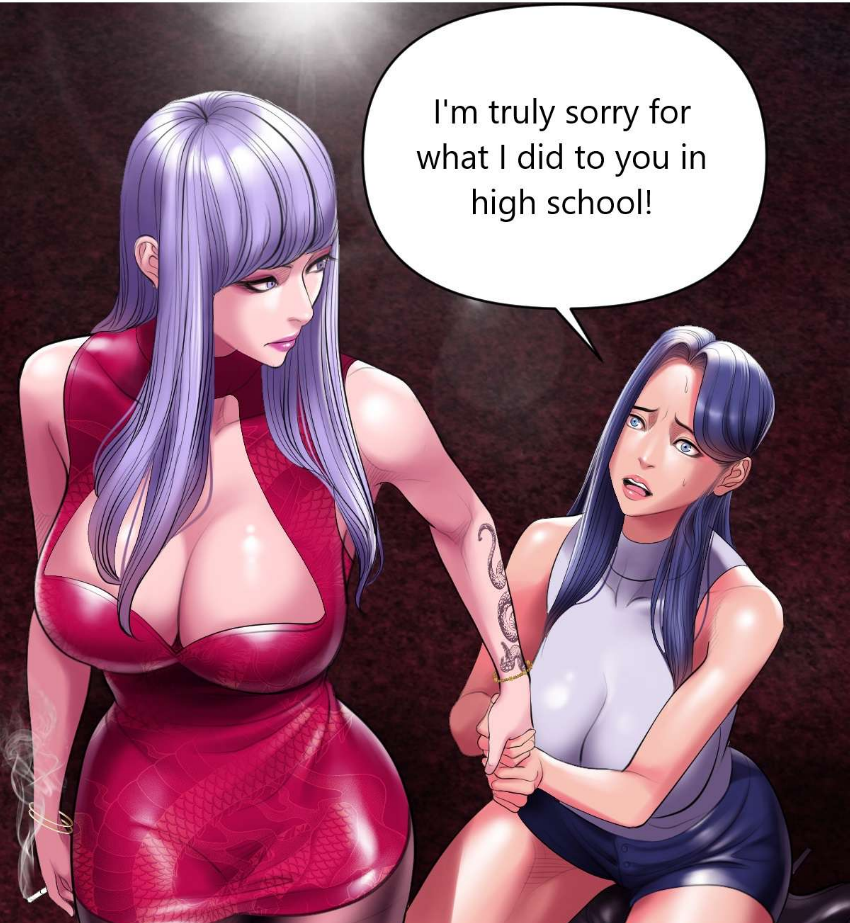
I never thought I'd see you in a place like this.



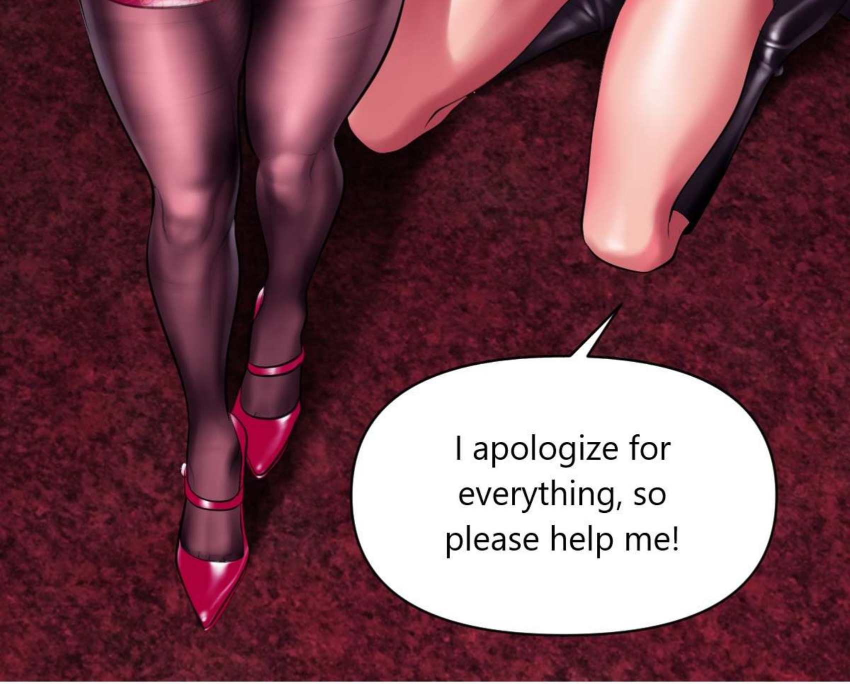
My how times have changed, eh Mia?



Rin!!

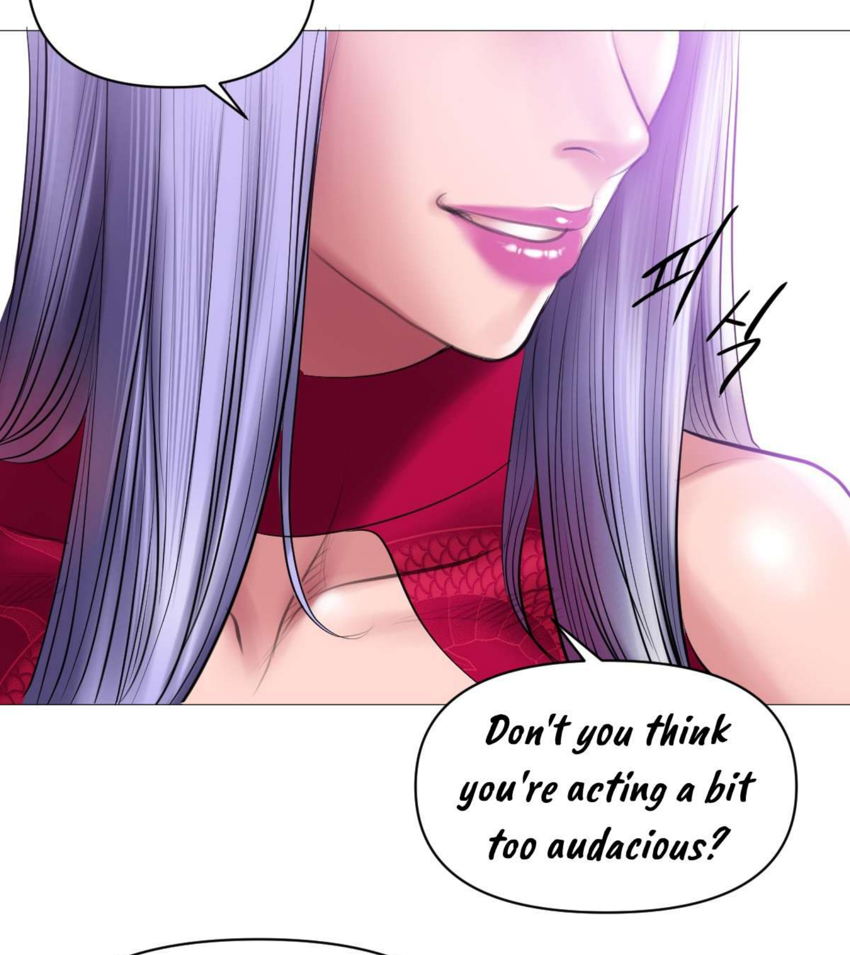


I'm truly sorry for what I did to you in high school!

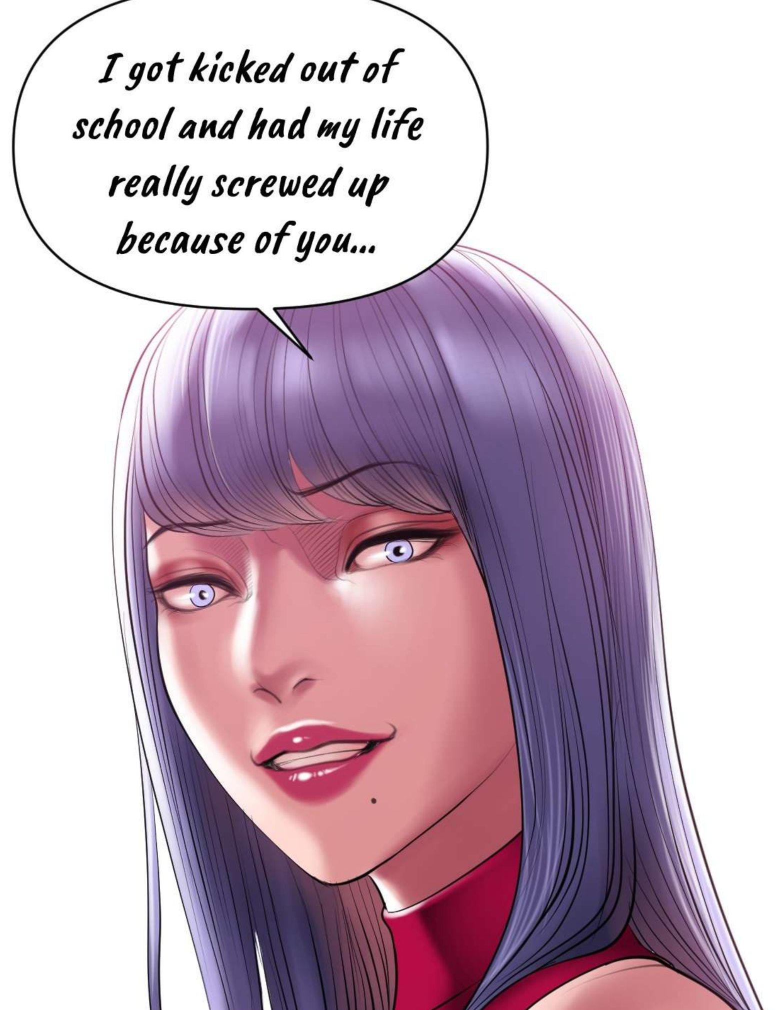


I apologize for everything, so please help me!

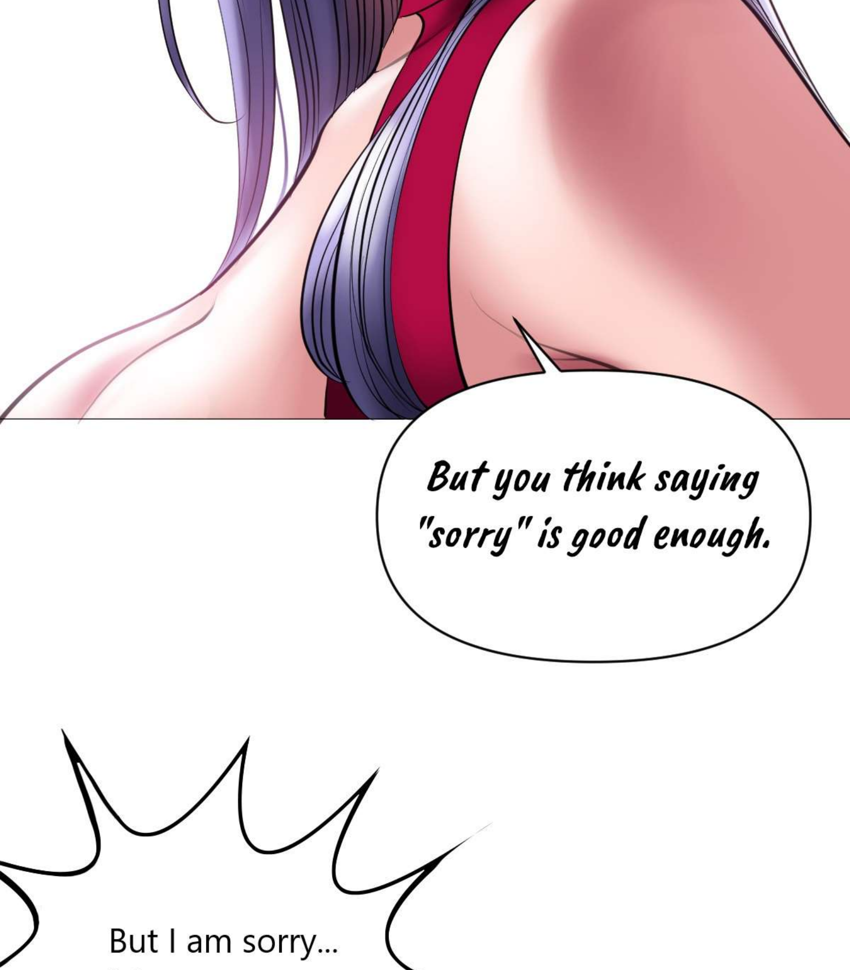
....WOW!



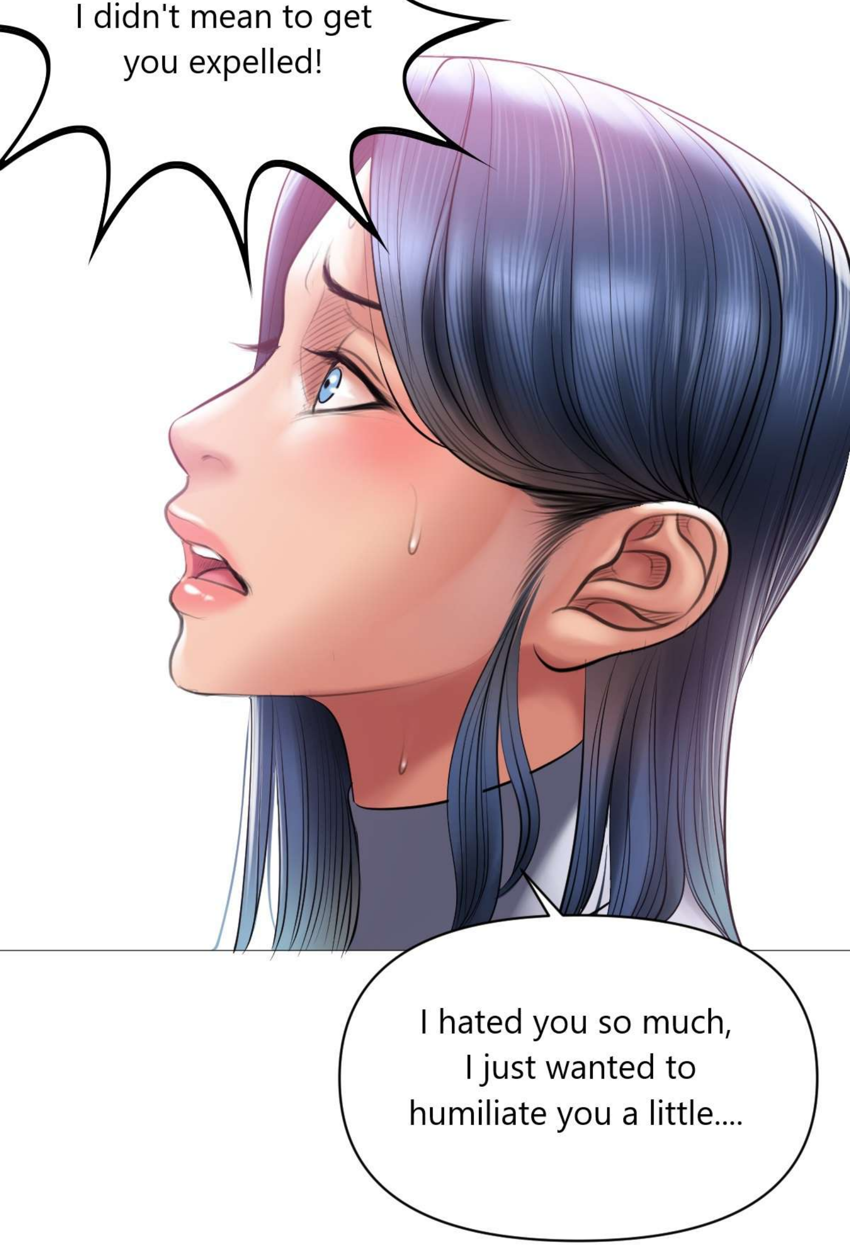
피식
Don't you think you're acting a bit too audacious?



I got kicked out of school and had my life really screwed up because of you...



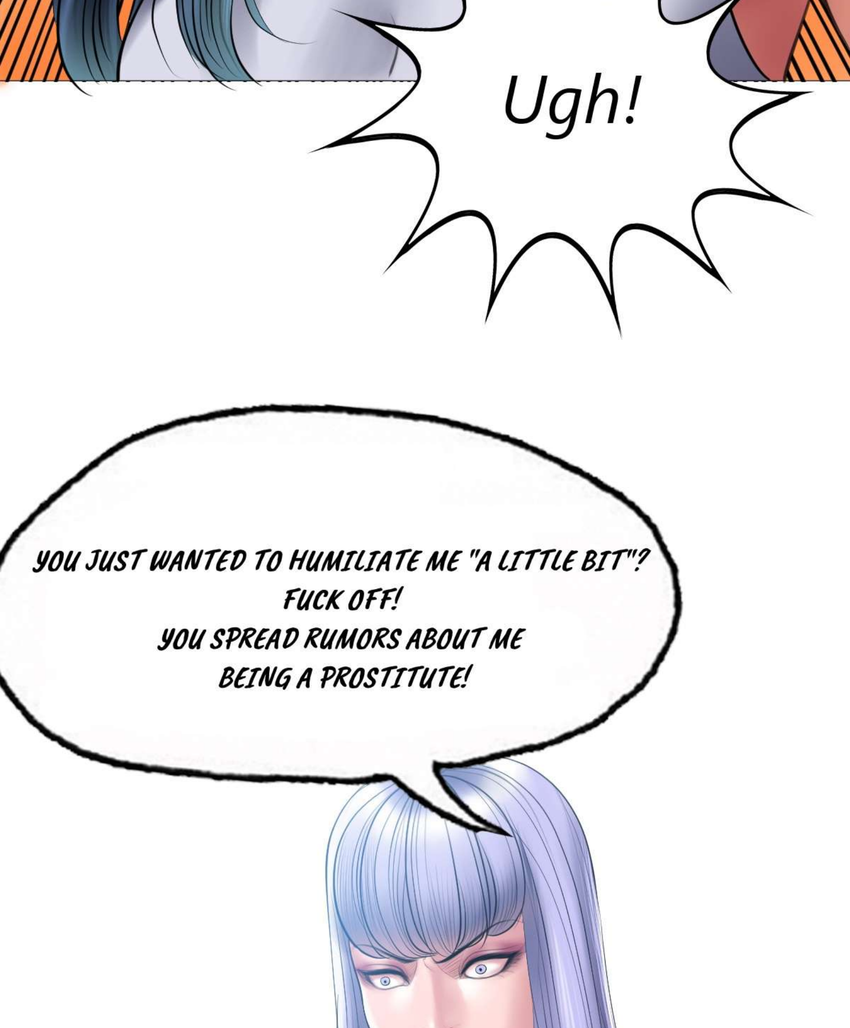
But you think saying "sorry" is good enough.
But I am sorry...



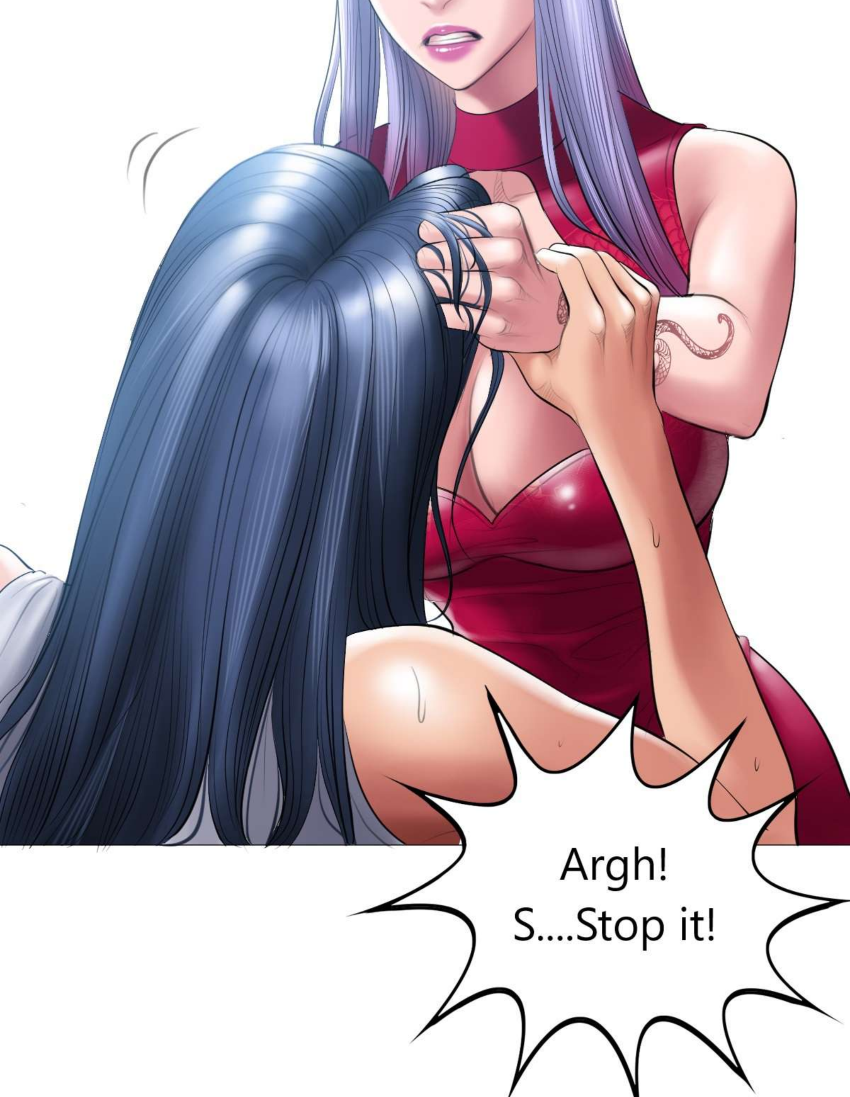
I didn't mean to get you expelled!
I hated you so much, I just wanted to humiliate you a little....

...A little?

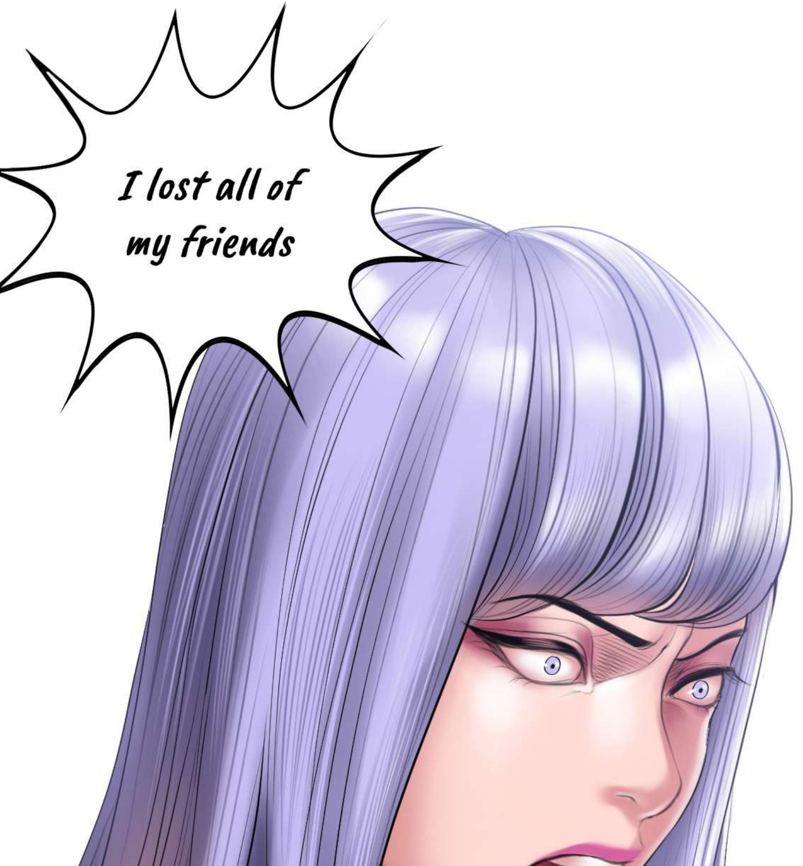
콰
악



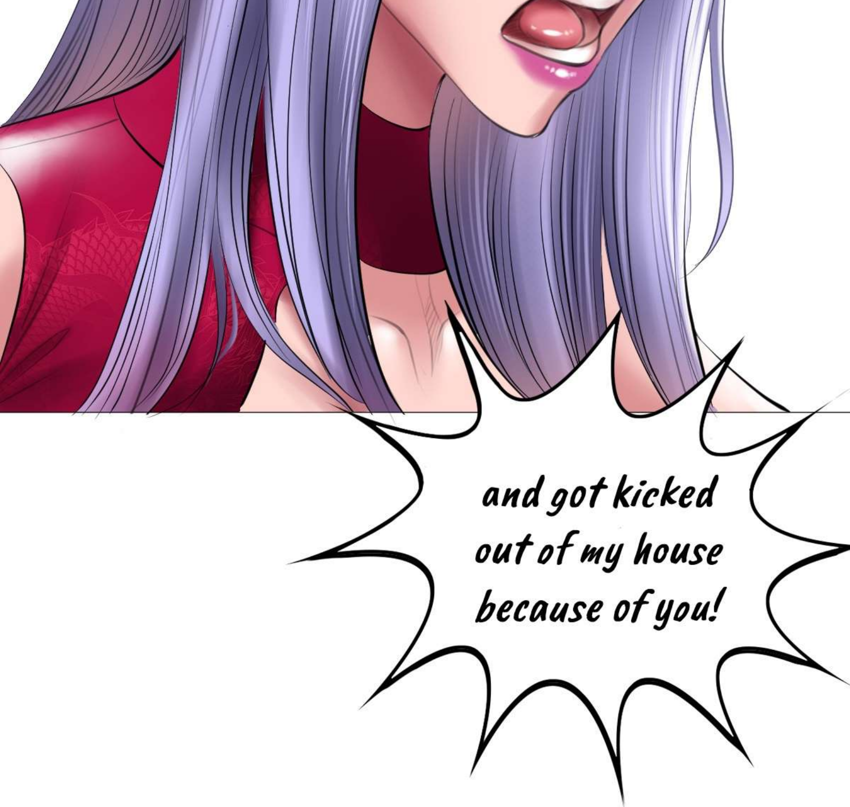
Ugh!
YOU JUST WANTED TO HUMILIATE ME "A LITTLE BIT"? FUCK OFF! YOU SPREAD RUMORS ABOUT ME BEING A PROSTITUTE!



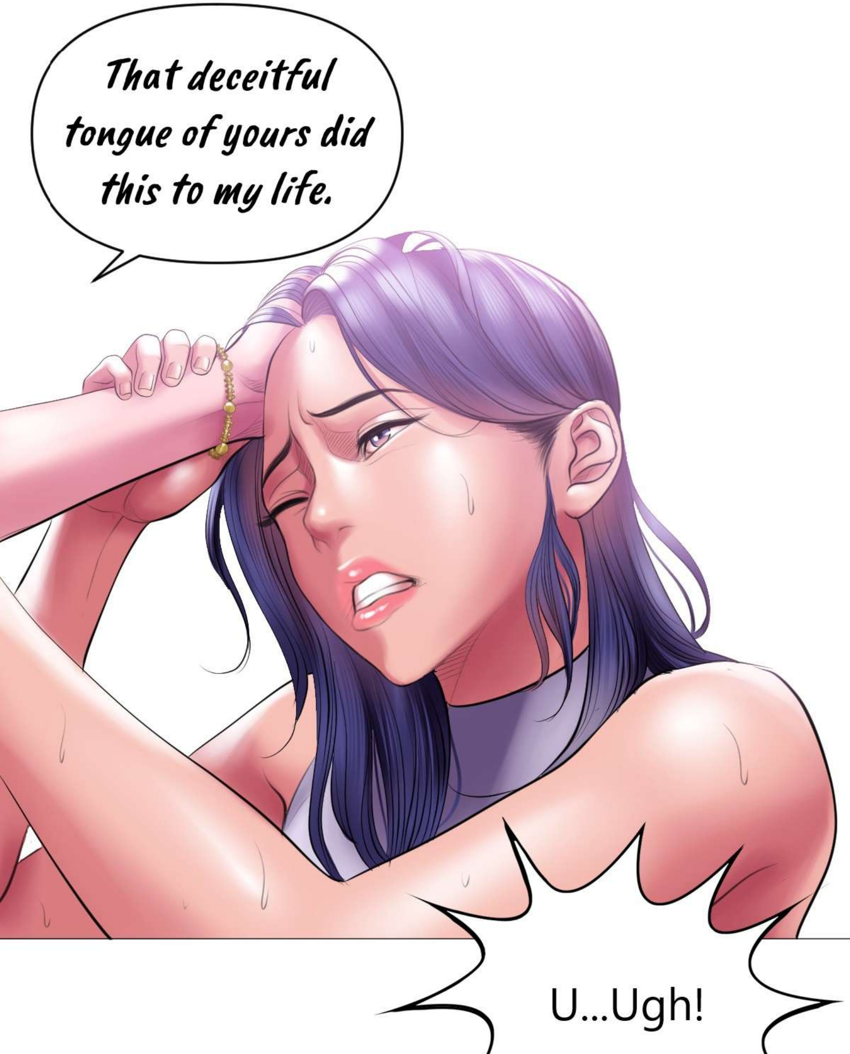
Argh!
S....Stop it!



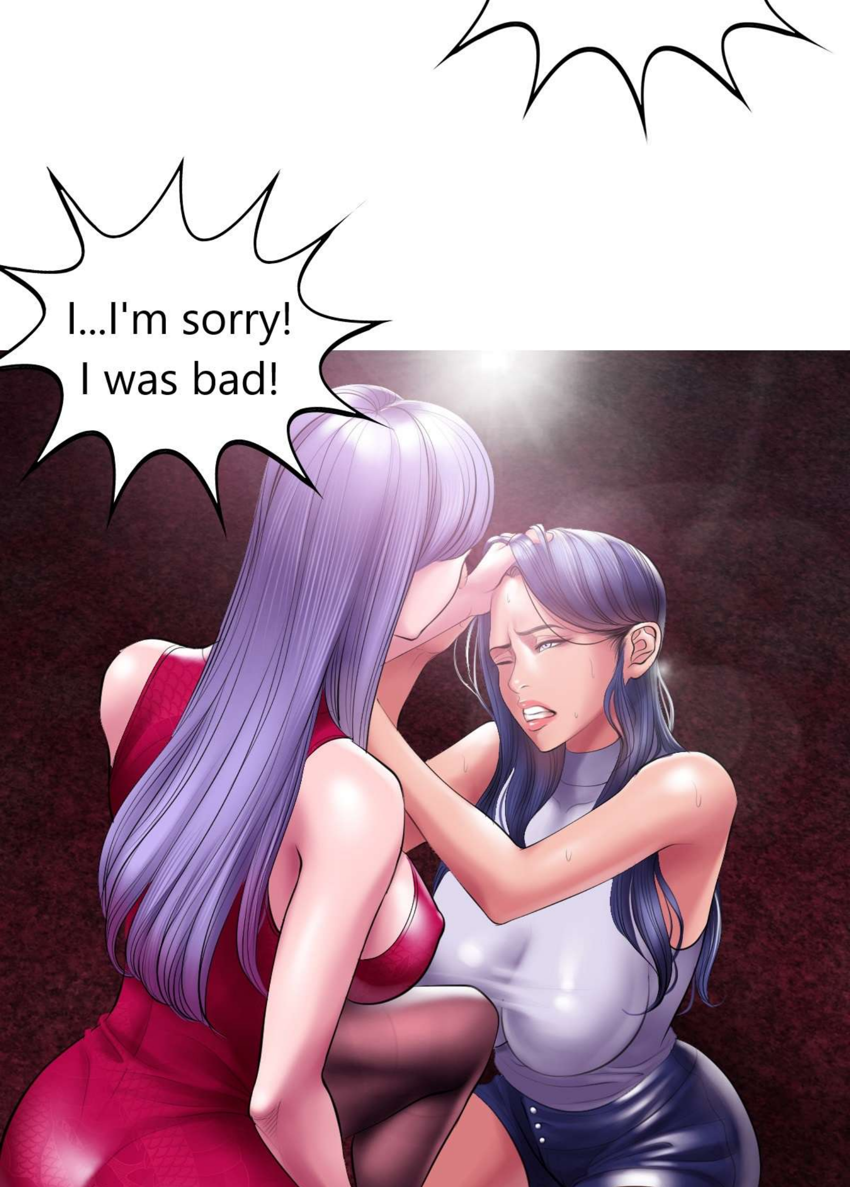
I lost all of my friends



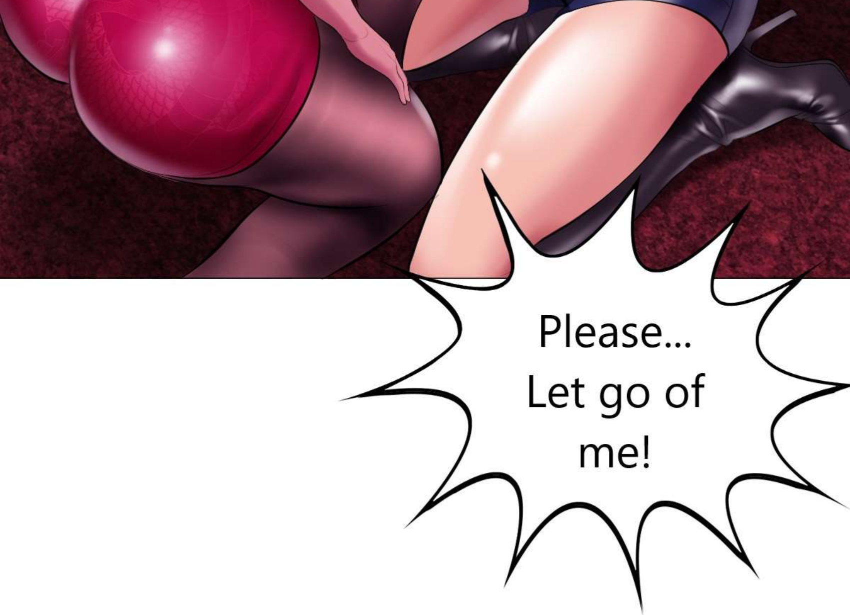
and got kicked out of my house because of you!



That deceitful tongue of yours did this to my life.
U...Ugh!

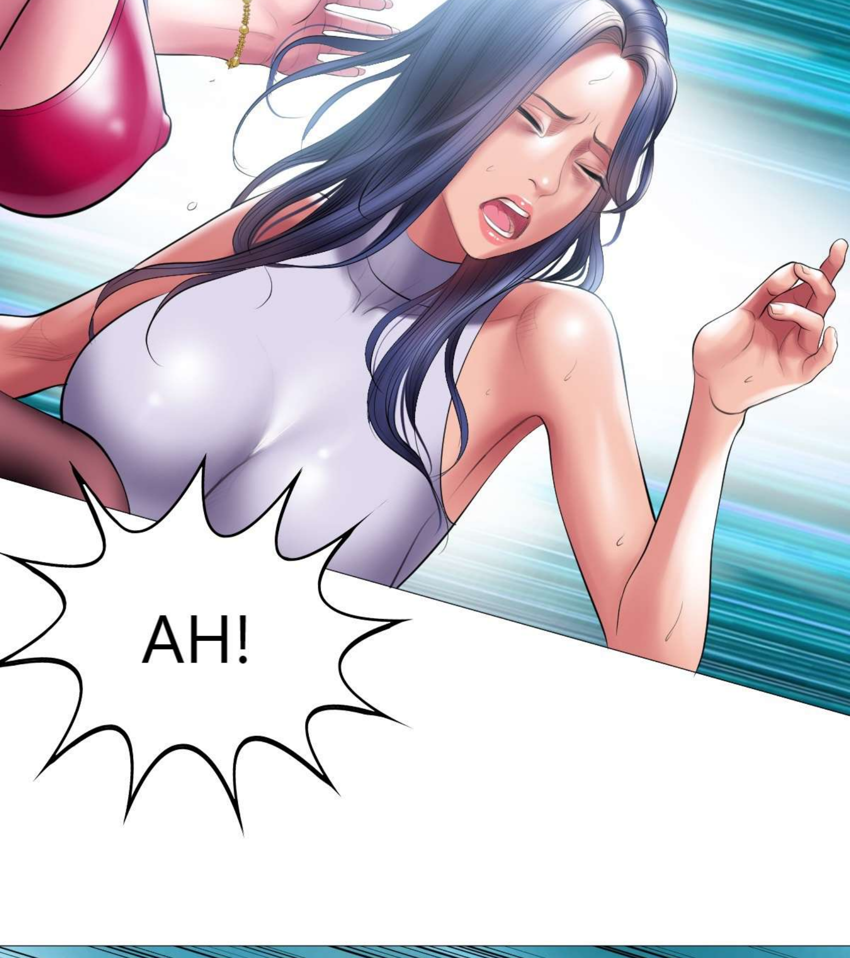


I...I'm sorry!
I was bad!



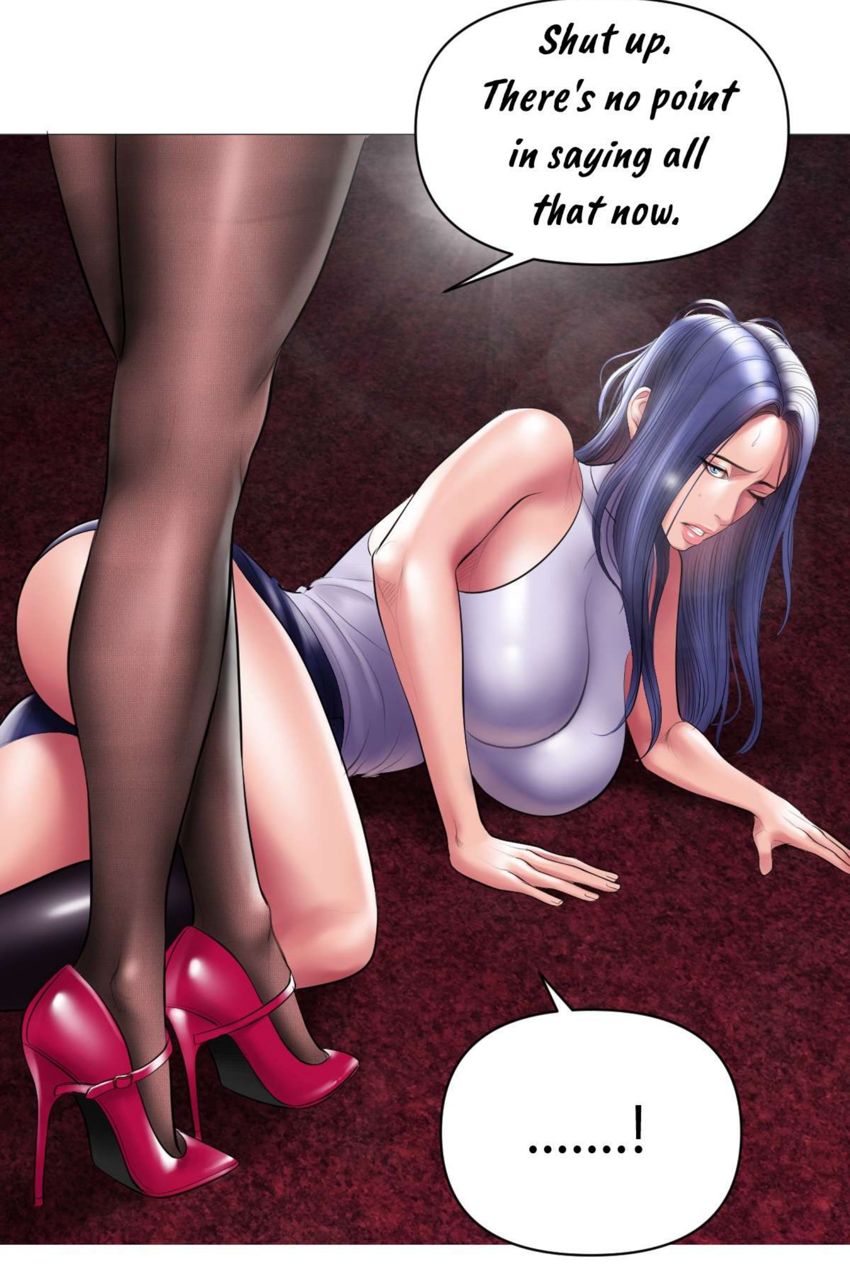
Please... Let go of me!

탁

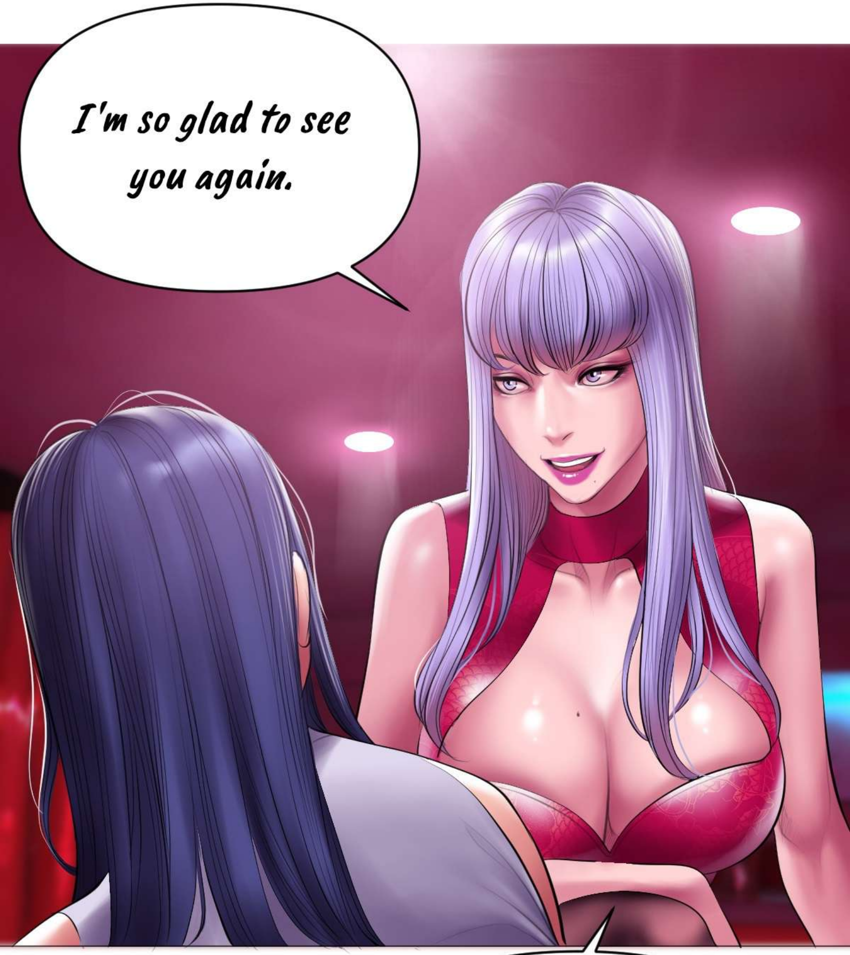


AH!

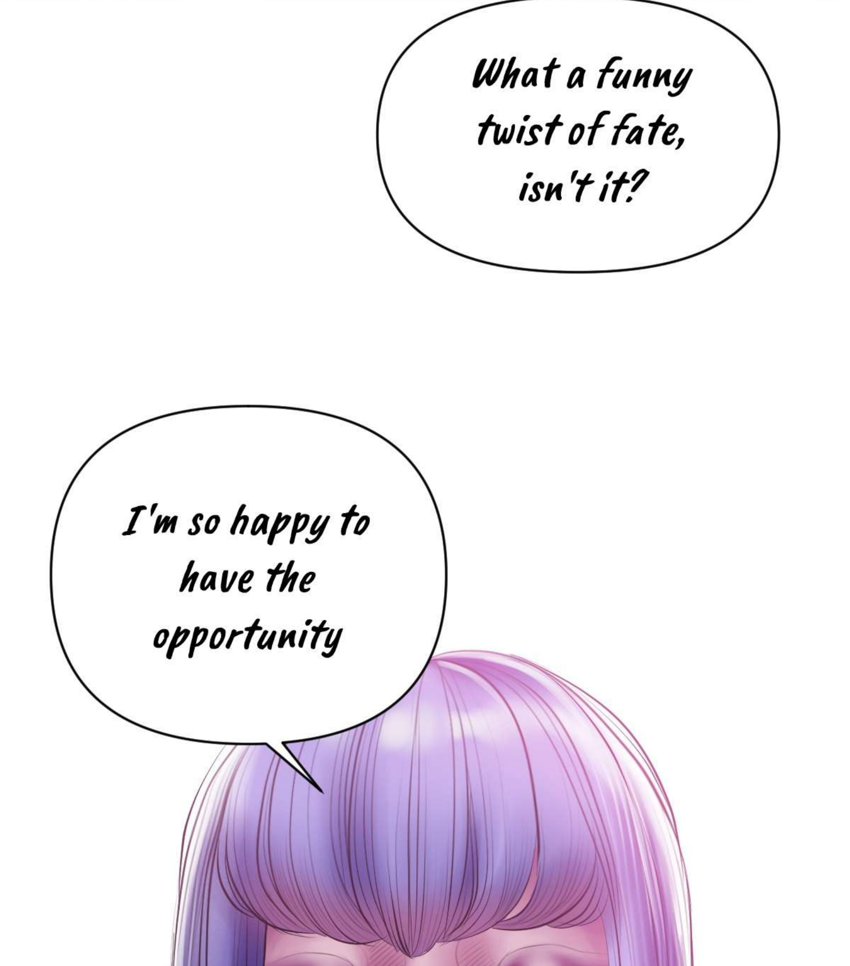
털썩



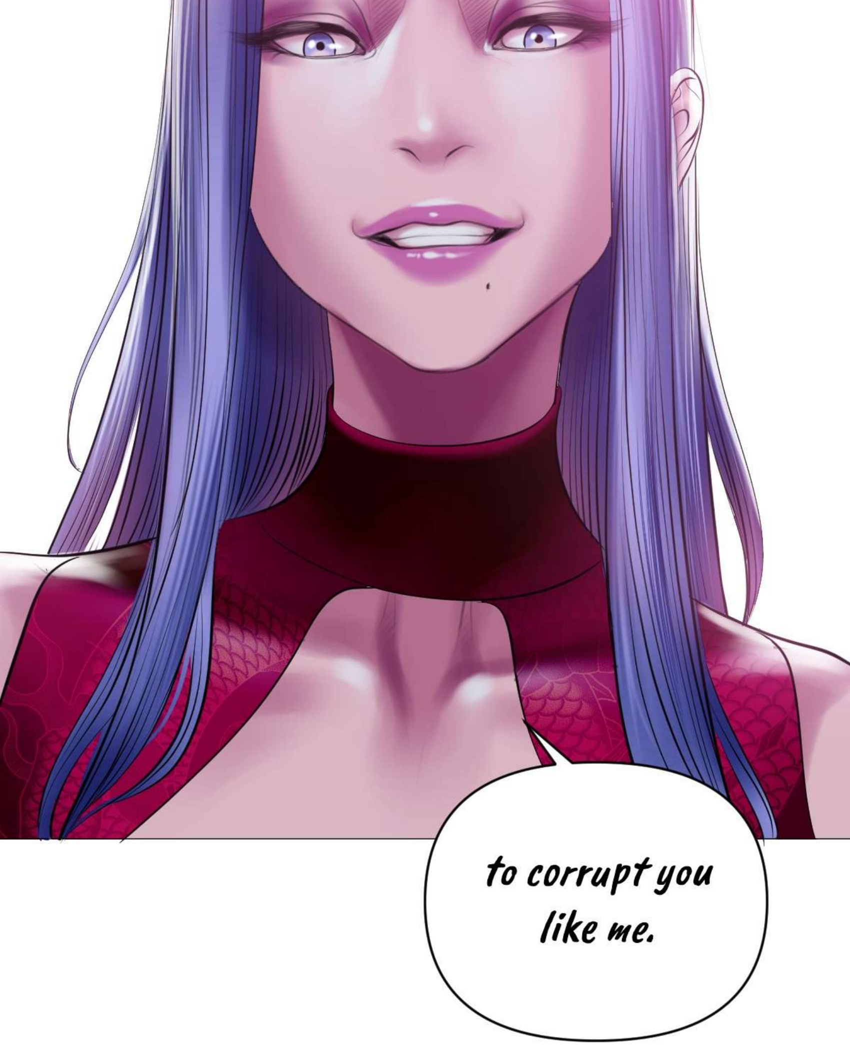
Shut up. There's no point in saying all that now.
.......!



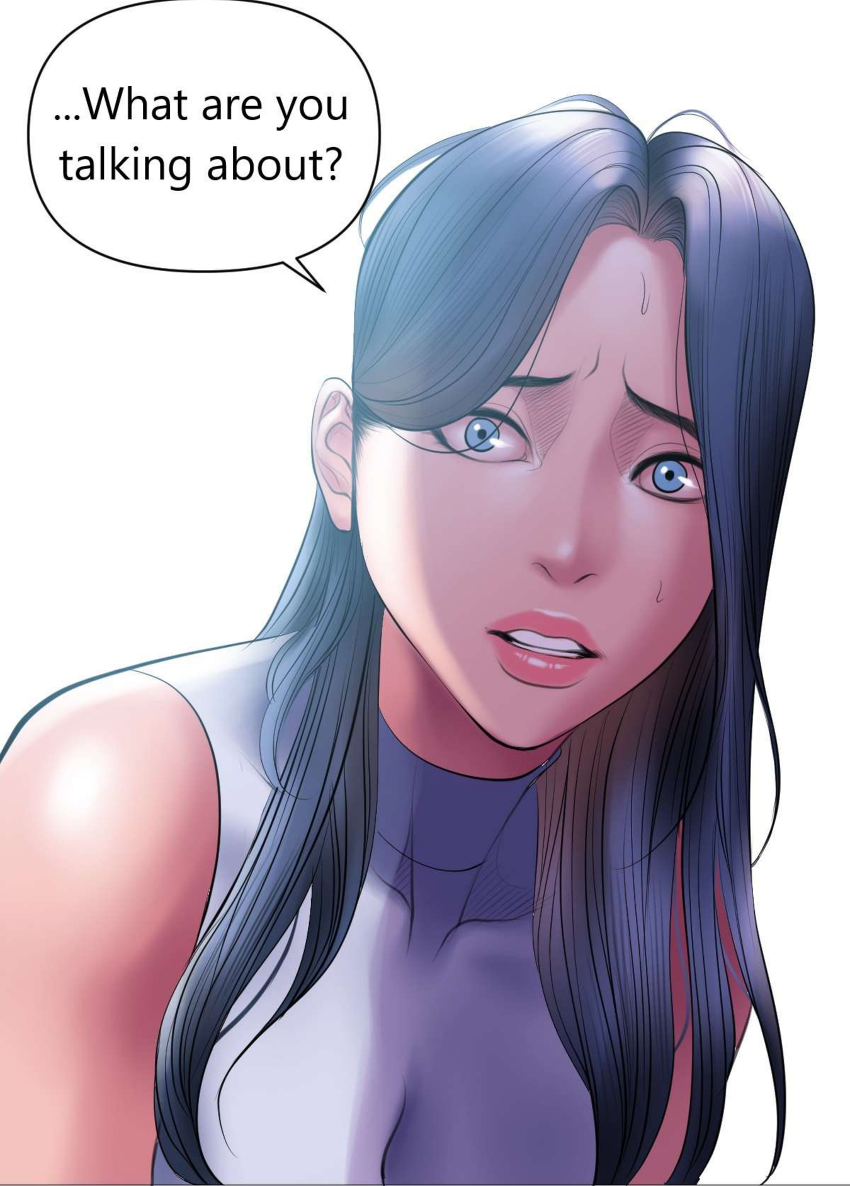
I'm so glad to see you again.



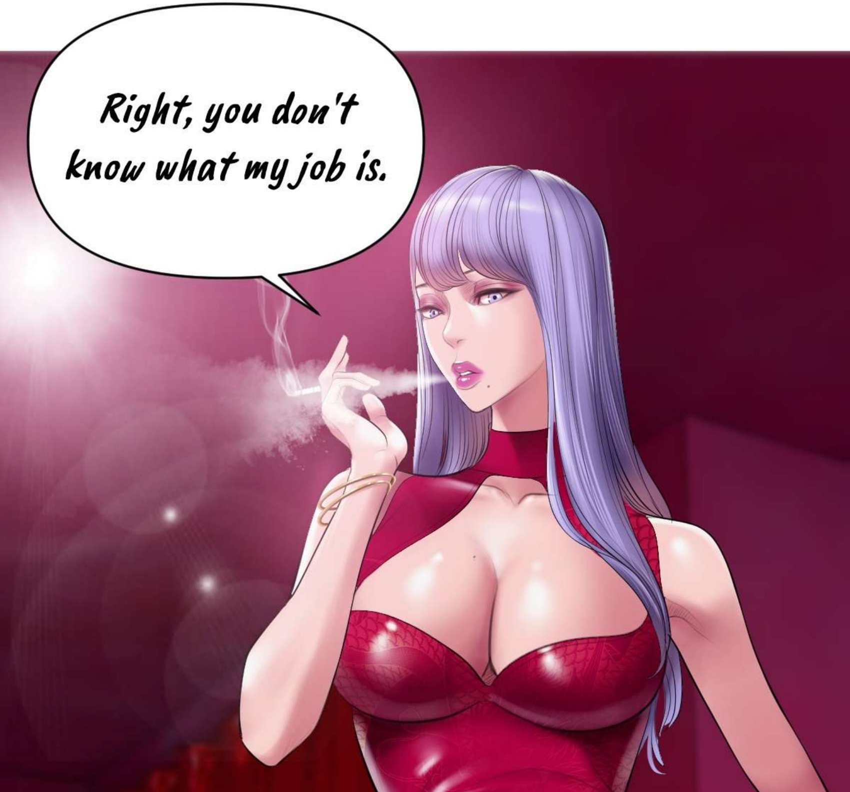
What a funny twist of fate, isn't it?
I'm so happy to have the opportunity



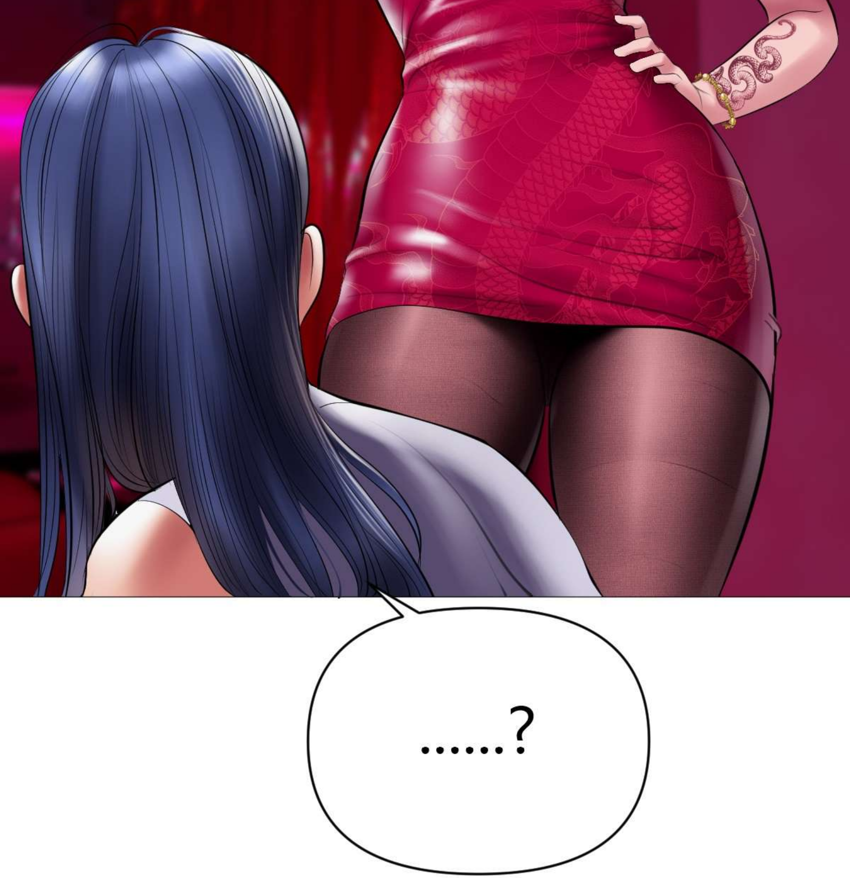
to corrupt you like me.



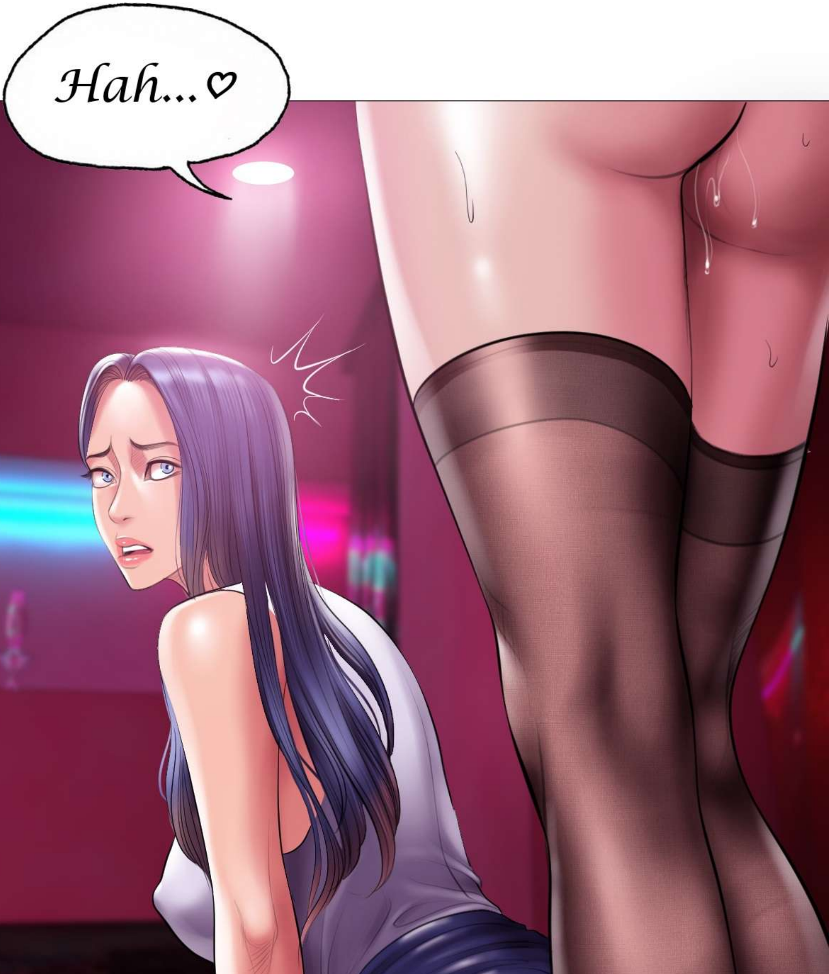
...What are you talking about?



Right, you don't know what my job is.



......?



Hah...♡

Ugh!

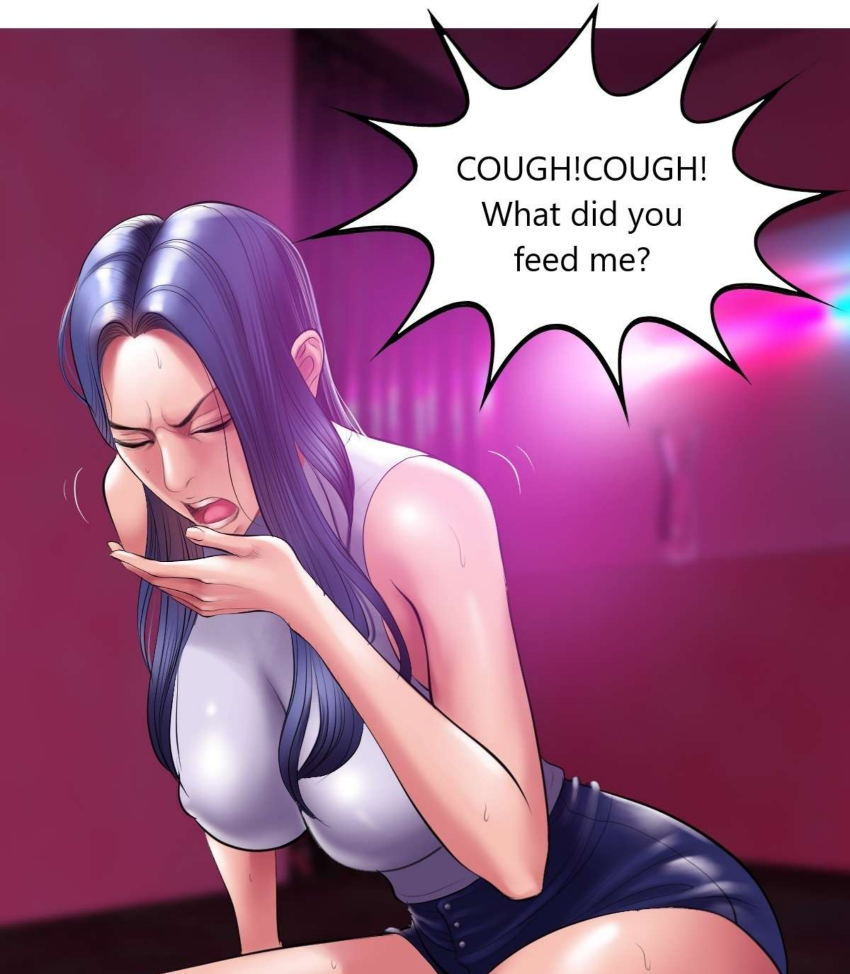
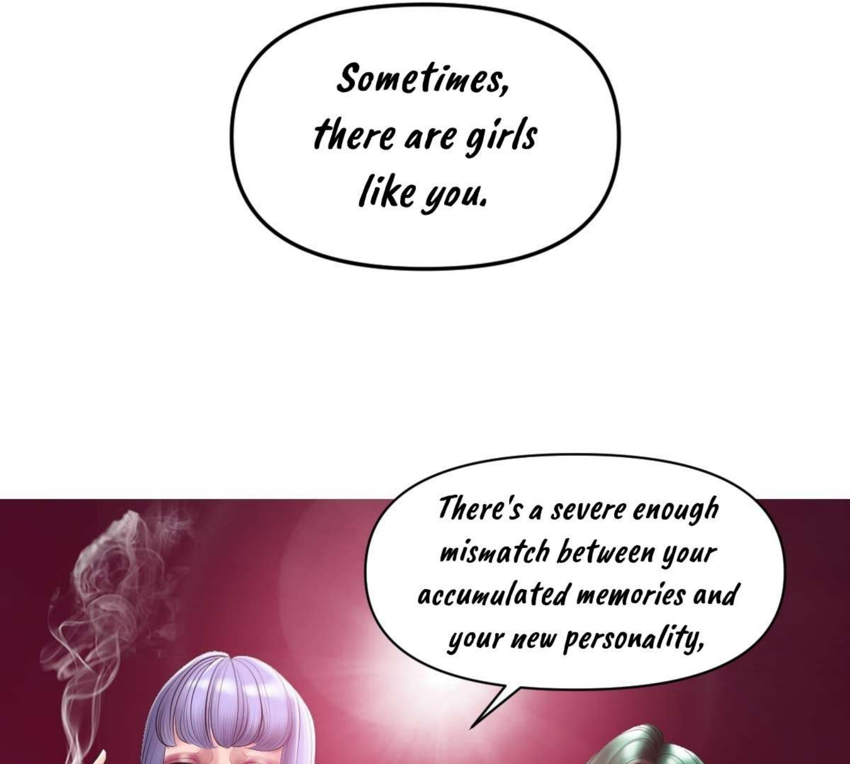
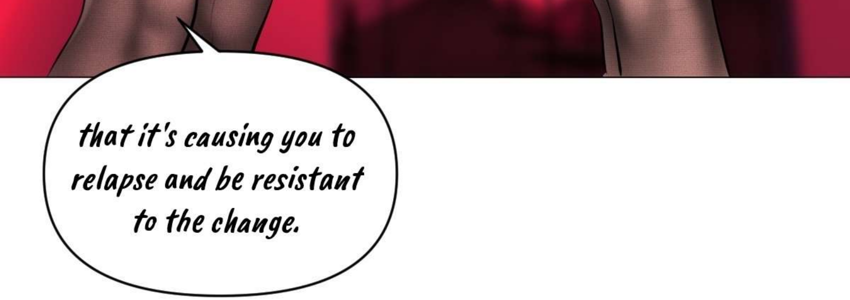
!!



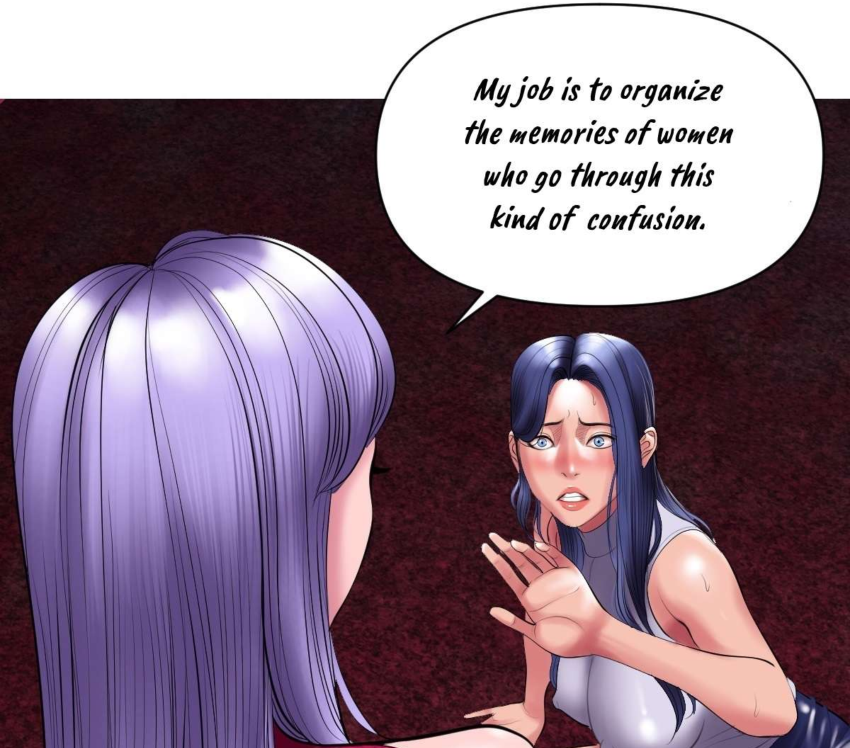
COUGH!COUGH! What did you feed me?



Sometimes, there are girls like you.
There's a severe enough mismatch between your accumulated memories and your new personality,

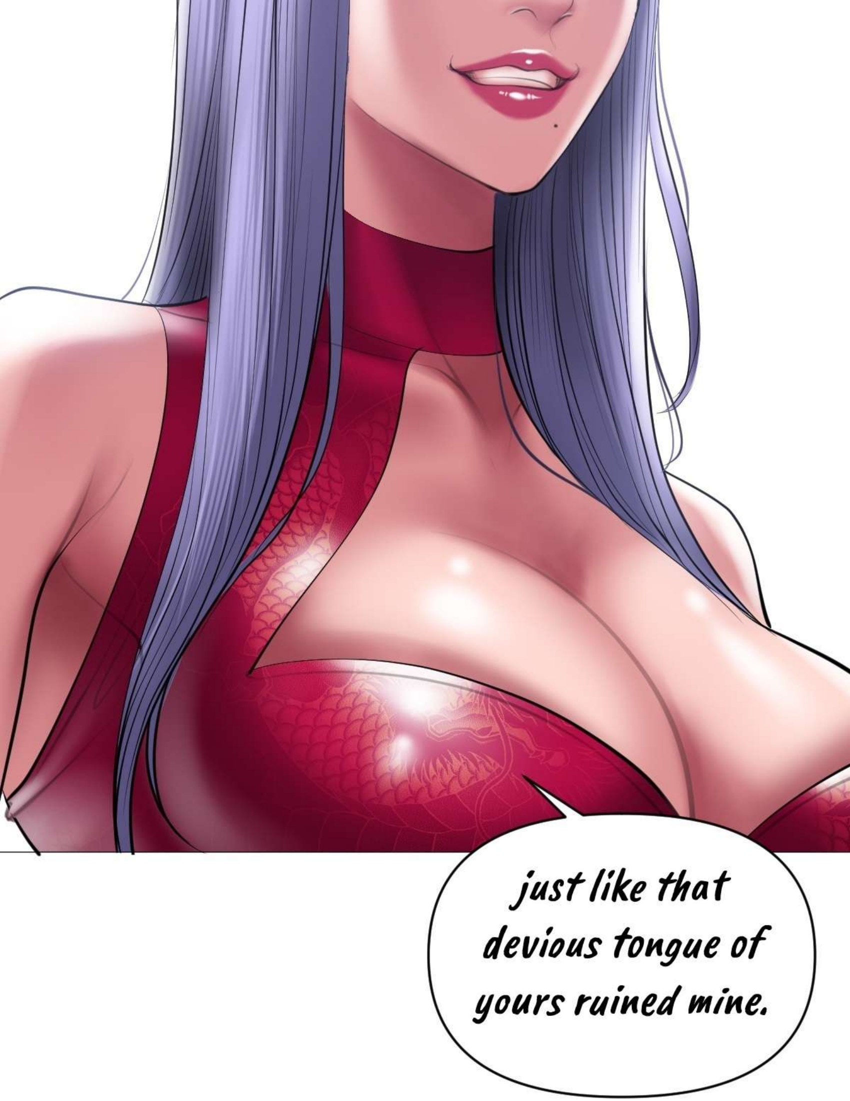


that it's causing you to relapse and be resistant to the change.



My job is to organize the memories of women who go through this kind of confusion.

...Stay away from me!
I'm gonna destroy your life



just like that devious tongue of yours ruined mine.

to be continued....
