You have to check it out, Iris!

The selection is fabulous. I've never seen so many sexy heels in one store!

Right, Deb?

Mhmm... I'm working on getting my hubby to buy me a few pairs.

Her Hubby's Secret

Did you get a new coffee table, Iris?

Yes, Ted had it custom made for me!

It was a bit pricey, but totally worth it! He just can't say no to me.

HA HA HA HA!

You've got him totally wrapped around your little finger!

You wouldn't believe it, Jill!

OK, spill it, Iris! You're always making these vague comments about Ted. What's going on with you two?

Do you really... I mean really wanna know?

FUCK YEAH!

YES!

OK... you asked for it!

Take a look!

OH - MY - FUCKING - GOD!!!

Why is Ted wearing a dog collar?

Oh come on, ladies... don't act all shocked. I've been dropping hints for months now!

OK, OK...

Well, we had some suspicions, but nothing quite like this! Time to tell us every juicy detail, Iris!

Well, it all started about a year ago. Ted was late for work and forget his laptop in the bathroom...

tiny

Bitch

I opened it up to shut it down and saw what he was looking at! He had like 20 tabs open to different websites... it was porn, but not regular porn. There were women dressed in leather doing nasty things to men dressed up like girls!

OK, I've heard of this... bondage and kinky stuff, right?

LUSTOMIC.com
COPYRIGHTED MATERIAL

Anyway, I was furious! How could he look at such disgusting things!

I started screaming at him when he got home from work! Then I threw him out of the house! He kinda looked cute standing there petrified of me... now that I look back! HA HA HA!

Wow! Remind me never to make you angry...

Yeah, I don't know what got into me. I guess I felt cheated for some reason. It took me a couple of days to finally realize what I had done. I really loved him and I didn't want to throw all that away...

I thought about forgiving him and acting like nothing happened, but what if one day he decides to cheat on me with a woman who's willing to do that kinky stuff?

I decided to take a deeper dive into it so I pulled up some of the websites Ted was visiting. At first I was like this is so disgusting, but I actually saw a few things that piqued my interest...

LUSTOMIC.com
COPYRIGHTED MATERIAL

OK, I admit it... my interest was more than piqued. Once I relaxed a bit those sites made me extremely horny! The next day I did a little shopping and went to Ted's motel room.

Iris... you can't be serious! It's just a fantasy!

I'm very serious. Unless you want to keep living here you'll do what I say... got it?

PePe ganga

The first order of business was a total body waxing!

If my husband was going to be a sissy slut, he was going to be a hot sissy slut!

The most painful part... for him anyway, was waxing his little dick and ball sack!

It shriveled up and looked like a baby elephant trunk!

HA HA HA

Once I got him smooth all over I moved on to make-up! Big lashes, pink lips, purple eye-shadow...

You know... he really looked like a doll!

I mean Ted never really had hard masculine features.

He's always been soft like a girl!

Yeah, but was every thing soft? HA HA HA

GIGGLE Nope! His little "dicklette," as I call it now, was hard as a rock!

It didn't fit into the tiny white panties I picked out for him!

You know, the whole time he was complaining and "protesting," but that little stiff pole sticking out of his panties told me the truth!

They're too high!

You'll get used to them like any girl has to!

I can't beleive what I'm hearing! Go On!

I had picked out a nice subtle, but still sexy little outfit for him to wear home.

Can we go home now?

Yes, of course, honey. Let's go home.

OK, let me change first...

Change!? After all my hard work? You're going to stay like this for however long I say. Now pack your things...

Are you crazy? I'm not going out like this!

Oh yes you are, little missy. Or would rather I bring your laptop to Thanksgiving dinner!

HAHAHA I wish I could have seen his face when you said that!!!

My goodness, Iris... you didn't really take him out in public did you!?

Yup! I shoved him out the door and off we went. Slowly, of course, he could barely walk in those stilettos!

His face turned bright red when we checked out. It was so funny. Anyway, except for the walk he passed easily for a girl!

Checking out, hun. Room 22

Urr, the name on the card is Ted Silverman. He'll have to sign...

Of course... this is Ted right here...

Go sign, honey!

AAIEE!

SLAAP!!

HA HA HA HA

Iris, you didn't!!! Poor Ted must have been mortified!

That's so mean!!!

HA HA HA HA

I was just having fun!

The guy at the desk didn't really care... but Ted must have turned 50 shades of red!

Anyway, we just walked to the car and went straight home.

Ted must have been thinking that everything would get back to normal. Boy was he wrong!

Finally! Can I get changed now? Have you had enough fun for one day?

Yes, honey... I laid out your clothes on the bed.

Thank GOD!

What the hell?!

What do you think about your new uniform, babe? Isn't it hot?

Iris! Really? Where are my clothes?

That ratty ass t-shirt and those shorts with the hole in the crotch you wear around the house?

Those went out in Monday's trash. But don't worry, I have your work clothes safely tucked away for 9 to 5.

When you're at home, however, you'll wear this uniform and be my sissy maid.

That's good because I'm not joking. I did some research on those sissy sites you were jerking off to. I know all about it now!

Iris! This isn't funny anymore!

I even chatted with a real Mistress on-line. She told me you'd pretend to resist at first.

But deep down this is what you really want. You want to be my little sissy slut in lipstick and high heels!

But guess what? I like the idea! Not at first, but now that I know more about it...

Oh-my-God, Iris! You really made him wear a maid costume and cook, clean and do laundry!? That must have been humiliating for him!

Poor Ted... although I have to admit having a live-in maid does sound nice!

Let me tell you, Jill -- It's wonderful! We used to share household duties, but now I've got a little sissy maid to do it all!

He wasn't very good at it at first!

I guess he thought being a sissy maid was all just dress-up fun. Naw, bitch-- he actually had to **CLEAN** properly no matter how high his heels were!

I put him over my knee and gave him a sound spanking almost every day! Some times just for fun!

You might think a grown man could take it, but I had him in tears more times than I can remember! The discipline really worked. My little maid actually started to learn how to do things correctly!!

I- Iris... I mean Ma'am, please! It hurts! I will never mix colors and whites again! I promise!!!

Sometimes a bottom spanking wasn't enough...

I'm really sorry, Ma'am!

I know you are, honey, but this is for your own good!

SLAP!

PFFFF HEHE HA

Ouch!

Obviously we still had bills to pay so I let him keep his job...

But I made sure he didn't forget what he really is when wearing his boy costume!

Weekends are the best! I can take my time and do his make-up properly and watch him work around the house all day.

On weeknights I made him take on-line classes in cooking, massage and cosmetology. Eventually he was able to prepare a meal, rub my feet and paint my nails without making me cringe, lol!

He still makes mistakes, of course, and gets punished. Or sometimes I just make stuff up so I can punish him! It kinda makes me horny!

Oh my little sissy maid!

You missed a spot!

Oh no!

Wow! That sounds like a lot of work, Iris! Don't you think you're taking advantage of him?

Taking advantage!? That's what this all about, Liz. He gets used and he loves it!

I know it's hard to understand at first. I mean who wants to be treated like a slave, right?

I'm not mean toward him... just very controlling, but still very loving. He loves to service me in the shower... at least his cock gets really hard!

He helps you bathe? Well, excuse me, Your Royal Majesty!

Aw, don't be jelly, Jill. Wouldn't you like to have a little servant to wash your back?

I mean there are a few things a back brush just can't do!

Slut!

LICK!

Deeper, you little whore!

Oh my... is it getting a little hot in here?

Iris! Do we really need to know all the gory details?

Liz, of course we do! Please continue, Iris!

What other naughty things do you make him do?

YEEESSSS

Well, sometimes we play "my little pony." That's when I tie him down on the bed face up and ride his cock like he's my little pony-girl!

We recently started exploring his inner sexuality. I put on some gloves and play with his little balloon knot!

Oh my... some little girl likes this!

You're moaning like a porn star!

Mmmmm...

A-Ah! Oh, Eris...

He's not allowed to call it his ass-hole anymore. He can only refer to it as his "pussy," or "mommy's special hole!" HA HA HA!

Oh my! Harold puckers up whenever my hand goes near his asshole when we fuck. I must admit I've always wanted to explore anal.

You really should try it. I've never seen Ted so hard without a finger in his hole!

Wait a sec... Let me show you some-thing!

Mhmm... in this case when Mistress wants to fuck her sissy slut!

I noticed that strap-on is a re-curring thing in the sissy world so I made him get me one!

It's actually really good cardio, too! You may have noticed I've been looking a little more svelte lately.

I love pounding his pussy and making him moan and beg for more! He's a total cock slut!

Um... ah... what are you wearing be-tween your legs!?

That's a strap-on cock, Liz! You know, when girls wanna fuck guys, or other girls, I suppose.

Well shit, Iris! And I thought I was kinky for doing a sexy dance in lingerie for Harold when one of my friends is pretty much the Marquis de Sade's daughter!

I know, right? I never would have guessed you two were up to something like this! How long have you been doing this stuff, over a year?

Mhmm... we just celebrated our one year Mistress/sissy sex slut anniversary last week!

Oh do tell! How did you celebrate... did you tie him up and put clothepins on his balls?

No, nothing quite like that, but that does sound interesting! I took him out to dinner for a sissy date night!

We spent the whole day doing girly things -- bubble baths, shaving, hair and make up.

I picked a fancy French restaurant for us. It was a busy Saturday night so a reservation was a must.

You should have seen Ted's face when I told him how busy it would be!

He looked so scrumptious when I got done with him!

He was nervous someone would recognize him.

I had to reassure him that nobody would see Ted throught his heavy eyeliner or glossy lip stick!

Ted was so nervous when the Maitre d' sat us, but he started to relax after a few minutes.

I can't believe we're doing this! My legs are shaking!

I got you a little something to celebrate, honey!

A gift!?

Aw, thank you, Mistress!

You know how to make your sissy feel owned!

I can't wait to try it when we get home!

I want you to go put it in now... in the car!

Ha ha! That's cute.

Go do it, slut! NOW!

Iris!

You can't be serious!

You mean by myself... walk to the car!?

Mhmm... Here's the key

Don't doddle!

Oh my god, Iris! Did you really make him go to the car and stick that thing in his ass!?

Of course! This isn't just a game...

But... what if someone saw him? Couldn't he get arrested for that or something?

Geez, Liz! Sometimes you gotta live a little! Take some risks! Our car has tinted windows anyway.

Oh my god, let me tell you... when he came back in I could tell right away he felt like every pair of eyes in the place was focused on him!

You know that feeling, even if it's not true. He looked petrified! I must admit it kind of made me aroused.

He was trying so hard to walk normal in his high heels with that thing stuffed into his hole. It was so cute!

There you are, honey! I was going to send a search party!

Iris, this isn't funny!

What did I tell you about your attitude, slut?

Anyway, I wanted to make dinner fun for you!

?

Oh, this didn't fit in the box!

Um, what is that!

I don't know... it came with the plug...

Let's see what happens when I press it!

AAIEEE!!

You're kidding, right!?

Yes, I did!

Bzzzzzzzzzt

Bzzzzzzzzzzzzzt

Did you really do that? I mean right there in a restaurant!?

What did he do? Did he moan... scream? You are such a devious Mistress, Iris!

It was so funny. He wanted to moan and scream, but he had to hold it in. All part of my fun!

Check please!

I don't know if it was the wine or my little vibrator game, but I was so horny walking to the car!

I mean dominating Ted always makes me aroused, but nothing like this! I had to pull over to molest my little sissy slut!

Why are we stopping?

Um, what are you doing?

What if someone sees us!?

Well, they'll get a little show then!
