

COLOSSAL

BY
ELRELATOR

It was a special day at the Colosseum: people had gathered to witness, along with their despotic emperor, newest captured slaves ferociously fighting each other for survival.

Lucius was not particularly excited, so far, he had managed to survive for a few years as a gladiator and, though actually a slave, he was desired and admired by the most important women (and men) of the empire.

But he was flabbergasted to see who- or what- was expecting him in the middle of the arena

Is this my opponent?

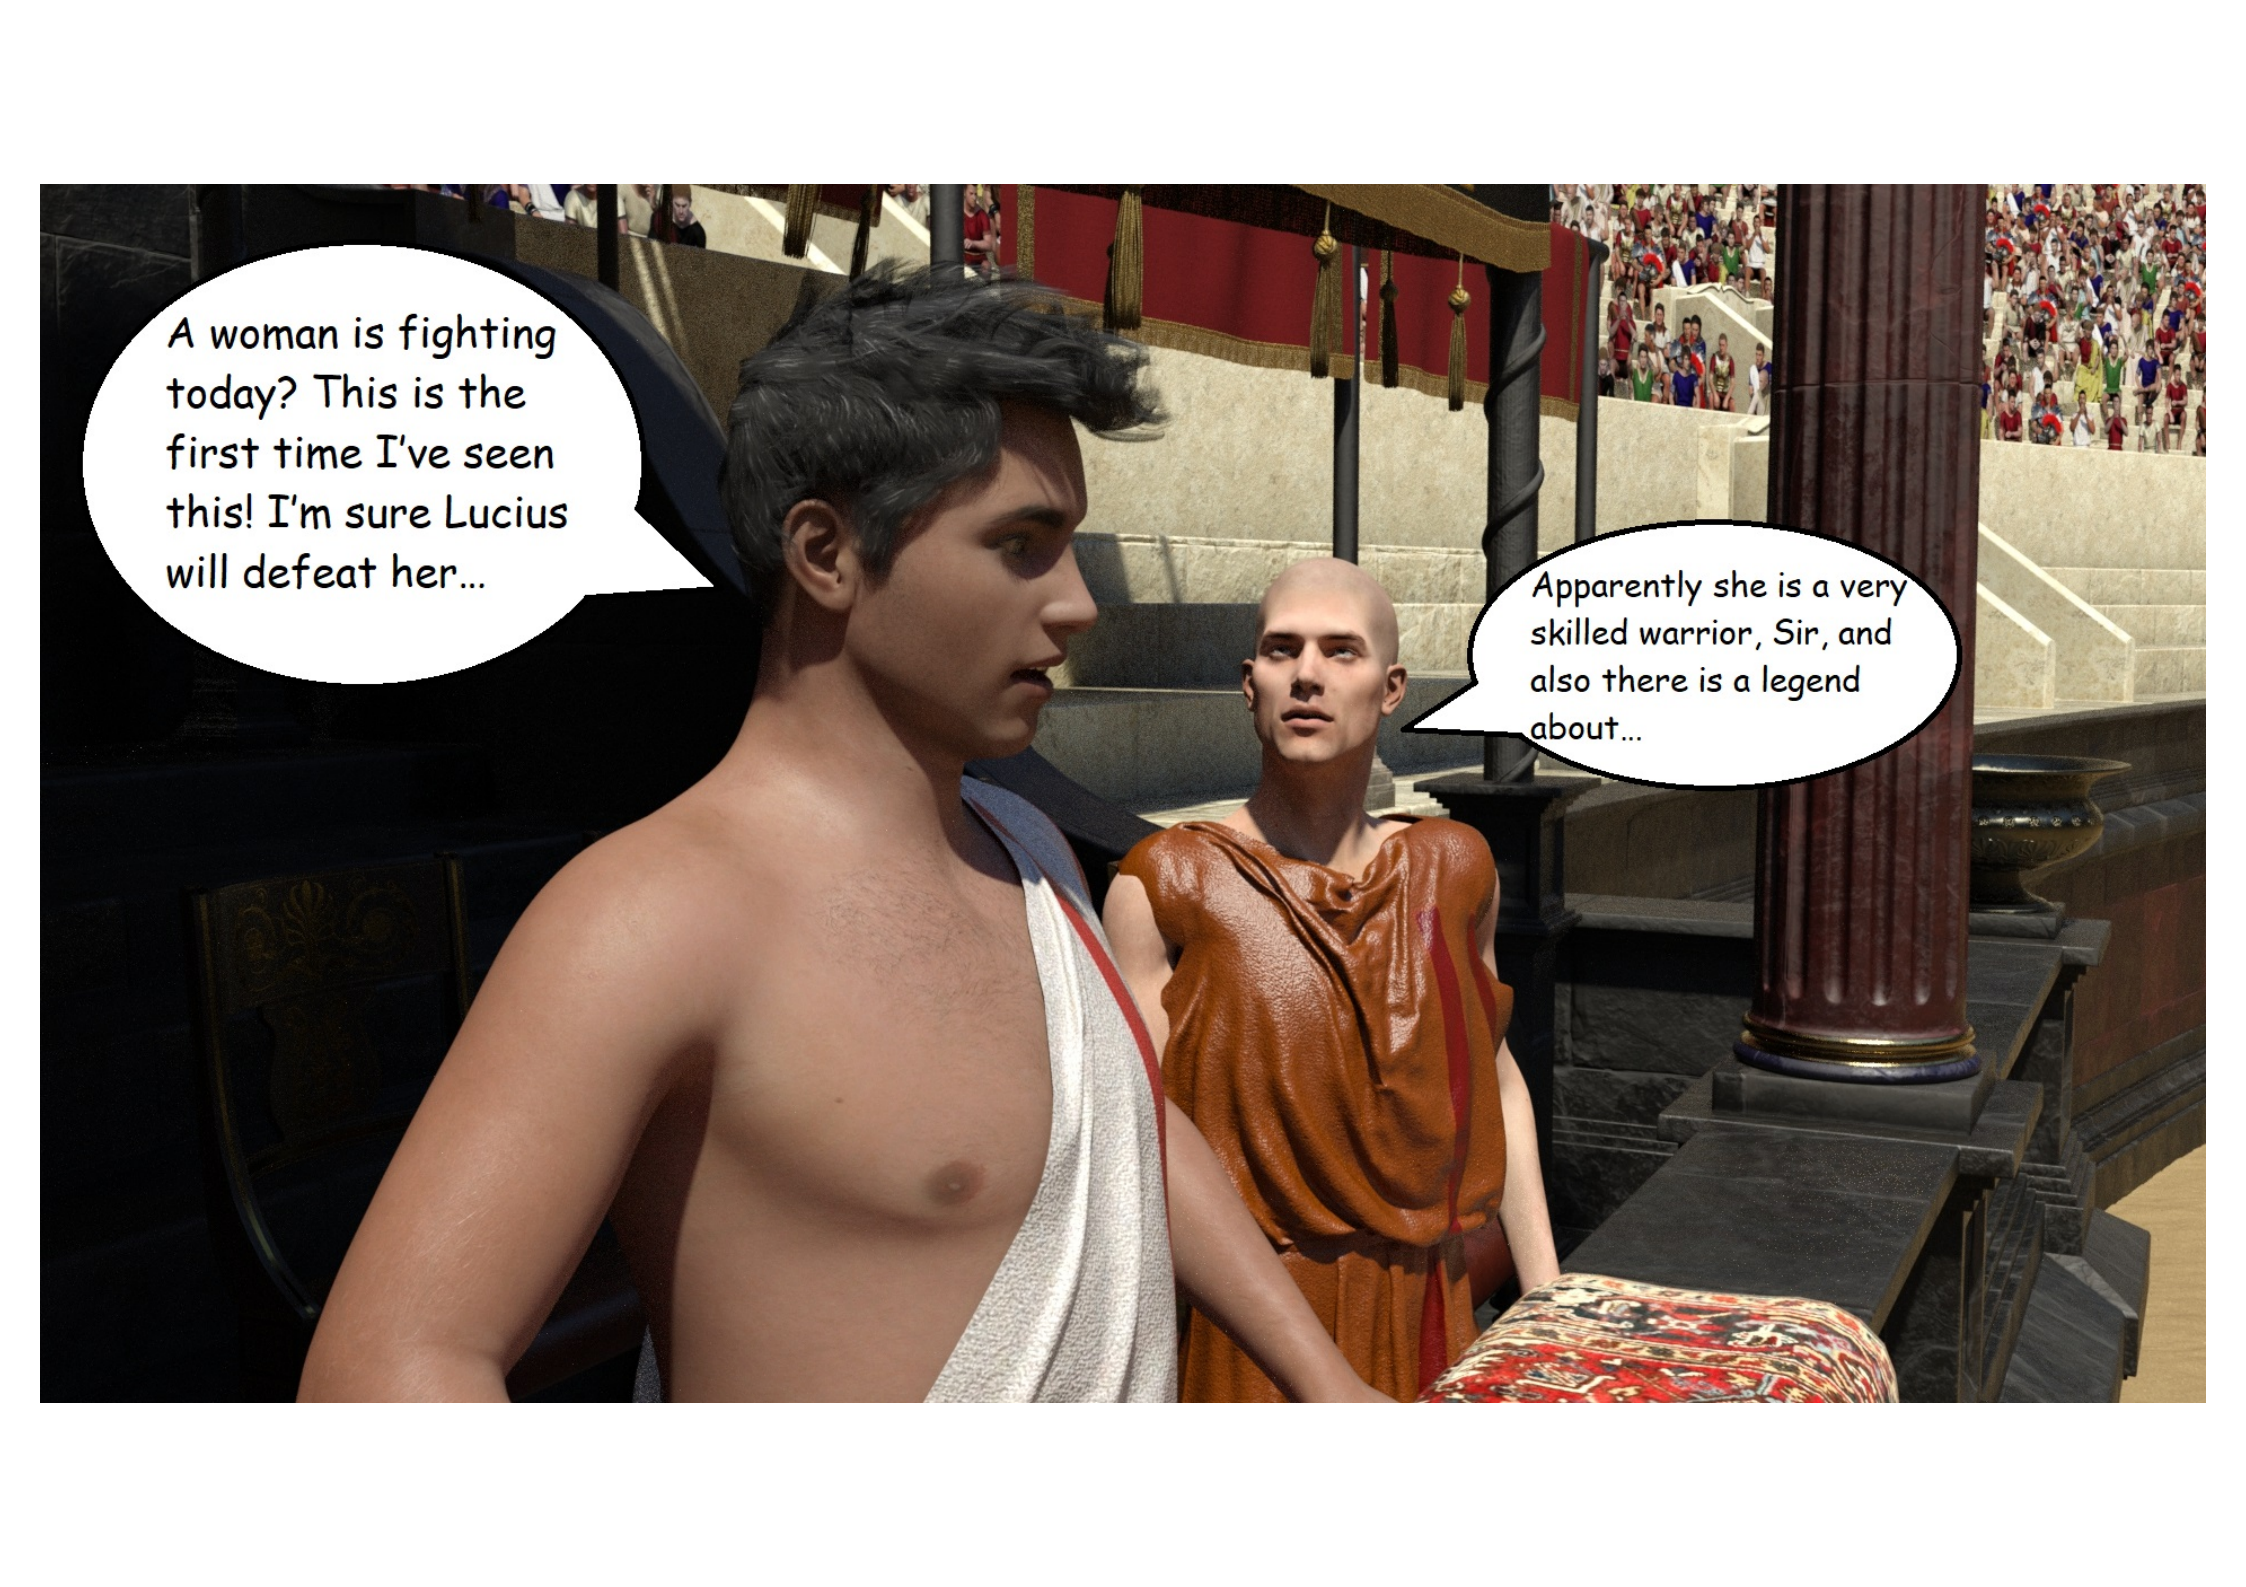

I won't fight a woman!!

A beautiful woman, her body curvy and toned, was looking at him, a javelin in her hand. He thought it was a joke. They really expected him to fight a female?

I'm not any woman, warrior!
I'm Tyra, princess of the
Numbrians, the Fighting
Women of the East!

A woman is fighting today? This is the first time I've seen this! I'm sure Lucius will defeat her...

Apparently she is a very skilled warrior, Sir, and also there is a legend about...

I don't care about legends,
Neos. She's still a woman, and
an attractive one. I'll make
Lucius spare her life and she'll
be my own slave!

Never mind that!
I won't surrender!
Come and fight
me, if you can!

You wanted it!

Lucius didn't want to kill a woman; but he had to fight her, so he ran towards her. He expected Tyra to throw herself onto the ground at his first strike

A woman with long brown hair, wearing a brown bikini, stands in a sandy arena. She holds a sword vertically in her right hand and a wooden staff horizontally across her chest with both hands. In the foreground, a muscular man's arm and shoulder are visible, holding the staff. The background shows stone bleachers and a circular window.

Thanks, by the way...
Now I'm absorbing all
your strength and rage
against me, and I'll use
it in my own favor!

How will you do
that? What are
talking about,
woman?!

You fool! The emperor will be the one kneeling before me before the sunset!

I'm talking
about THIS!

I warned you! When someone attacks me, I can convert their energy into power to grow bigger!

A woman with long brown hair, wearing a gold bikini, stands in the center of a large, tiered colosseum. She is holding a spear in her right hand and a wooden staff in her left. The colosseum is filled with a large crowd of spectators. The sky is blue, and the structure of the colosseum is visible in the background.

And STRONGER
too! I don't need
this toothpick
anymore!

Neos! Have you seen? What happened! Now she's twice his height!

Oh God! The Numbrian legend was true!

Scared,
little guy?

N-never! You may
be big, but you are
still a woman!!

Also, if you are so powerful, how come you have been captured?!

A woman with long brown hair, wearing a brown fur bikini, stands in a large, open-air arena. She is holding a sword vertically, with the tip pointing towards a man whose back is to the camera. The man has long dark hair and is shirtless. The arena has a curved roof with a grid of beams and a crowd of spectators in the background. A speech bubble is positioned to the left of the woman.

Silly little man, I let the emperor's men capture me because I wanted them to bring me before him, so that I can crush the empire from the INSIDE!

Want me to show you my strength, shrimp?

Hey! p-put me down!!

Then surrender!
Don't you see I could
break you like a twig?

How dissapointing...
A man who loses to a
woman doesn't
deserve to live!

B-but Sir!

KILL HIM!

I'm not here to kill little slaves... I'm here to crush your empire for what you've done to my people!

How dare you challenge my power, woman! I'll make you regret your words!

BRING FORWARD TERATUS!!!!

A gigantic man, who looked like an ogre, called Teratus, entered the arena. The crowd shouted with excitement at the prospective blood bath!

A woman and a runt?
Way too easy...

This guy's strength
can make me grow a
lot!

Teratus! Don't
kill her! Bring
her to me!

Then I will only kill you,
half-pint! Come here, so
that I can crush you!

You don't scare me, ogre-face!
Let's fight!

I must admit
he is brave!

I will crush you like a bug!
Hahahaha!!

Why don't you tackle someone your size, uh?!

There's no one
my size, princess!
Hahaha!

If you prefer,
I'll play with you!

Teratus, brutally, ripped off her top, exposing her perfect breasts to the cheering crowd, while Lucius watched helplessly

I must concentrate
and absorb all his
energy! Come on, Tyra,
you can do it!!

Teratus! What are you doing? I told you to bring her to me!!

Yes, sire!

You are lucky to be a beautiful woman, if you were a man you would be already dead... But I'd rather keep you to have fun!

Tonight you'll be
in my bedroom...

Don't
touch me!

Hahaha!! I can touch you as much as I want, princess... You belong to me now, and there's nothing you can do about it!

Oh Gods! How will we be able to stop her now?!

Now it's
your turn...

No, p-please!
I beg of you!

Hahaha!
How does it
feel?

Weren't you the greatest warrior of the empire? How disappointing... You are my slave now, so start licking my toes!

Haha! How pathetic!

You don't have to worry, little guy...
You've been nice to me, so I'll protect you

T-Thanks!

You are brave, and
I respect that!

Listen to me, homunculus!
You are going to free my
people, or your insignificant
life will end under the sole of
my foot! Understood?

S-sure... we can...
reach an agreement...
discussing it in private
How does that sound?

Agreement? No, we are not equals. I'm your superior and you will just do as I say...

From now on, no one will be ever forced to fight in this arena anymore!

Thanks, princess Tyra! How can I pay you back for that?

You can start with a
kiss to show respect
for your new princess..

As you wish, but this is the only part of your body I can reach...

I could do this forever, she is a true Goddess!

Well, now we must entertain the audience... All these people are here to have some fun!

No!! Please!!! Put me down!

Haha! I'm just getting started!

TO BE CONTINUED...

If we attack her, she will just keep growing more and more... But I think I know one woman who can stop her...
