

Although
the
memory of
the teacher
flooded into
my mind
for a
moment,
the recent
memory
seemed to
be locked
on the
second
floor.

SP_XXX

That's it.
I've read the
information
that if you
want to
completely
read the
memory of
human skin,
you have to
have an
orgasm.

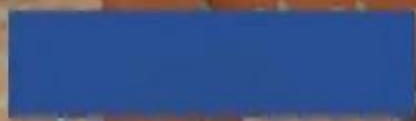

So that's
how it is. I
thought I
could fully
read the
memory
after
putting on
a face.

SRJXX

I put on
the rest
of it first
(Axi's
glans
rubbed
against
the
teacher's
leather
thighs)

It was so exciting to be able to see the whole process of skin piercing with my own eyes.

The legs were tightened so tightly that even my big cock was sucked deep into the skin.

Lala

SP_XXX

Seeing him
so happy
makes me
want to try
it and see
how it feels
to be
highly
stimulated.

While the skin is tightening, I also need to manually adjust its position twice so that the skin can fit my body better.

SP_XXX

It's almost finished. Look, I'm completely covered by the master's skin.

I finally finished it. Why am I feeling hot all over, my heart is racing, my nipples are itchy?

SP_XXX

I can
clearly
feel
that
the
skin
seams
on my
back
have
healed

SP_XXX

The slight vibration coming from my machine may be a reaction to the skin energy being sensed.

SP_XXX

52

But do you feel anything special? Or is there anything different from before?

SP_XXX

TG@ansou

Now
I just
feel
dizzy
and
my
body
is
shaking
slightly.

SP_XXX

TG@ansou

It seems that your body has adapted to this change and there are no abnormalities.

SP_XXX

TG@ansou

Why are there two bursts of itching coming from inside the lower body?

Shake slightly

XXX-ES

Before taking the risk, I could only feel a slight tremor inside.

SP_XXX

TG@ansou

There is no reason. The detection function is always running and it shows energy changes.

What's
wrong?
My

feels
so

SP_XX_X

It feels like my dick is slowly moving out of my vagina along the way

噢噢噢

SP_XXX

It felt like something was moving inside the skin. I was lucky enough to see this phenomenon with my own eyes.

SP_XXX

Jump out~

(My wife is so happy. My dick comes out from the depths of my vagina in reverse direction. Every inch I advance, I feel numb and numb.)

SP_LXXX

How shocking?
After the skin piercing, the genitals were so stimulated that it was found out from the female lower body.

SP_XXX

弾痕目

My big dick is squeezed out of my skin. It feels so fucking good that my scalp goes numb.

伊啊啊

SP_XXX

Haha?
Next, let's
find a way
to read
the recent
memory
in the
female
skin.

SP_XXX

So suddenly and in front of you?

That's right. It's not advisable to go back quickly. It's better to read the memory to prevent the memory from being confused and unable to trace it.

SP2XXX

(Although I'm a boy, it's still quite harmful to think about masturbating in front of girls like this.

SP_XOX

TG@ansou

Uh-huh: Ah,
this is so
damn
comfortable,
right? The
teacher's little
hole tightly
squeezed the
root of my
penis, and my
hand
twitched.

TG@ansou

Ah Si Ha Si
Haha 22G
hands move
back and forth
to see the labia
rubbing back
and forth on
my base. I have
never
experienced
this feeling
before.

XXX

As Yin Sheng rubbed her labia and clitoris, I could clearly feel the pleasure delivered to me by the examiner's cunt.

SP_XXX

TG@ansou

The teacher's cunt is also leaking juice due to the vibration of the masturbating penis.

SP_XXX

TG@ansou

他自己快感的领域之中

It seems that he has integrated into

SP_XXX

Eh? As the pleasure hits, the scenes in Aa's mind reappear one after another.

SP_XXX

After I
ejaculated, I
couldn't help
but my dick
became more
and more
swollen, and my
hole became
tighter and
tighter, pulling
back and forth
between
tightening and
opening.

Is anyone at home? Sorry, I'm a teacher from the University of Michigan here for a temporary home visit.

SP_XXX

TG@ansou

吧

Old teacher, why did you suddenly come to my house? What is the situation like this: How did she find this place?)

SP_XXX

Are you Zhuo Zao's classmate? This visit is because the Social Affairs Bureau cooperates with the school to temporarily conduct on-site inspections to investigate the family status of students.

学员

And you just happened to be selected by the computer

XXX

dp

SP_XXX

It seems like this is it. Is the suspect whose house looks quite impressive really here?

SP_XXX

TG@ansou

The person behind me is a social worker sent by the Social Affairs Bureau to conduct home visits.

SP_XXX

TG@ansou

Hello,
classmate
Zhuo~
I'm
Iria
and
I'm
here
unexpectedly?
I'm
really
bothering
you.

SP_XXX

Ah}~Ah~~Please
come
in,
please
come
in. The
social
worker
lady
behind
the
beer is
really
unusual
in
appearance.

SP_XXX

How do I need to cooperate with the teacher and Miss Yi?

SP_XXX

Student
Zhuo--Do
you
usually
stay home
alone? Is
the time
you spend
with your
family
very
short?

SP_XXX

Yes~ There are only two people in my family, me and my mother. However, my mother is a researcher and spends most of her time in the laboratory.

SP_XXX

I see. How do you spend your time after school when you are alone on weekdays? (How should I ask to get to the point?)

SP_XXX

When I was a child,
I was not used to
not having my
family around, and
I felt very lonely.
Now that I have
grown up, I focus
on schoolwork and
club activities, and
gradually I know
how to arrange my
own time (Ms. Yi
looks even more
beautiful under the
indoor lights)

SP_XXX

Miss Yi's legs have become slender and her skin looks more delicate. I wonder if there is a chance to get closer to her.

Why do Earthlings' clothes feel so empty and cold on the lower body, and they don't feel safe?

SP_XXX

Has there been anything strange at school recently? Have you encountered any strange people or things?

SP_XXX

Are there weird people and things in school? In my impression, the school has become dull and nothing new has happened000000000

SP_XXX

Got it? But
the
cheerleader
in Denma
School
seems to
have
disappeared
for no
apparent
reason.
Now
everyone is
looking for
her
whereabouts.

SP_XXX

Cheerleader?
I have
nothing in
common with
her. There are so
many adults in
the school and I
can't possibly
know them
all000000

集

SP_XXX

Maybe
you
don't
know
them...but
maybe...some
classmates
you
know
will
know
some
information.

SP_XXX

Teacher?
Miss
Yi, do
you
want
something
to
drink?
Just
wait
for me
and I'll
prepare
the
drinks.

SP_XXX

These two people suddenly ran over and asked Dongwenxi if they had discovered something.

SP_XXX

It seems like you can't ask the reason directly. You have to think of a way to explain it? Otherwise, if you don't have evidence, just say it? If you don't know, there will basically be no follow-up. But the memory in my mind is indeed that of him.

SP_XXX

You're
right.
We
need to
find a
way to
find
evidence,
otherwise
today
will be
in vain.

SP_XXX

But you don't have any substantial evidence and can't figure out why.

SP_XXX

Think about the police manual on how you can use circumstantial methods to obtain intelligence information when interviewing suspects.

SP_XXX

We now have two people who can use the toilet as an excuse. One drags him to chat and the other runs to collect evidence.

XXxi4s

**Damn it!
They
arrived at
such an
impromptu
time that I
couldn't put
sleeping
pills in the
tea for
them to
drink.**

SP_XXX

This situation is really difficult. Now that person is gone and no one can help: I have to think of a way.

SP_XX

TG@ansou

Otherwise,
wait until
I ask to
go to the
toilet.
Maybe I
can find
evidence
here
based on
my
memory.

SP_XXX

I'll just tell
you what to
do. I'm sorry
that they
don't dare to
cause
trouble on
my territory.

SP_XXX

He's here~2
Just agree
to act
according to
circumstances
like you just
did
TG@ansou

SP_XXX

Please
drink

slowly?
This

SP_XXX

My mother loves to drink it. I think it is a taste that has become popular with girls. I will go and clean it up first. You can use it slowly.

SP_XXX

Wow? - As I got closer, I realized that Ms. Yi Jingran was not wearing any underwear. She was really bold.

SPLXXX

Okay,
thank
you.
The
teacher
and
I will
have

a

officer,
can
be

composed

SP_XXX

TG@ansou

Teacher?
You're
welcome.
I'll drink it

you
understand.
I'll try the

just in case.
There is
