Collaboration Notice

This comic is a collaboration between **3D-Swede** and myself. I've commissioned 3D-Swede to create the renders for this comic, while I've provided the script and added the text. I've also bought the rights to sell the finished piece from 3D-Swede. Note that the base idea for the script was derived from my Patrons who could put options to vote and the most voted options were turned into this script.

If you want to know more about 3D-Swede, have a look at his Deviant Art Page. He has already created a lovely story about mannequins that is over 300 pages long and I'm looking forward to anything new he might create in the future:

Once upon a time, a young man found an amulet...

Window Wishing VIII Kingdom Journey Arc II

Previously on Window Wishing we saw Erik and Veronica on their separate journeys around the fairy kingdom. Now it is finally time for the two to meet as Veronica is having an audience at the castle...

Cast of Characters:

Erik ...

~~A young guy with a boring job~~ → **The Fairy King!!**

Veronica ...

A woman after the amulet. She has special powers that make people believe her lies.

... Various other fairy and elf girls from the previous chapters

Castle of the Fairy Kingdom – Erik's holding an audience session.

I do feel kinda naked without my amulet.

It's safer with it stored away. We'll take note of all the problems and then securely make the wishes to fix stuff later.

I know... I know...

Oh, we do like you naked my, King. *giggle*

Katarina, my cheeky little fairy. *chuckle*

Alright.
What's next on
the agenda?

Erik – The Fairy King.

A female
ambassador of
the nearby human
nation, my King.

Jana – Political Advisor

She claims to
have crucial
information for
the survival of
our kingdom.

Katarina – The King's Attendant

How, legit is this claim?

She shared a candy bar with me! What a feast!

I've met her in the waiting area and she seems like a really nice person.

She seems very convincing. But one never knows with humans.

Alright. Let's hear her out.

Yes, my liege. I'll lead her in.

Veronica, the "human ambassador" is called into the throne room for her audience.

Unsure about the etiquette she insecurely bows before the king at a secure distance but...

Are you fucking kidding me?!

That's more like it, human!

Nice Boobs!

King Erik, please accept my apology.

Now why don't you reveal...

Katarina,
enough!

Human
ambassador,
you may
stand.

State your
name and
business.

My name's Veronica Elliot, and I come with grave news, your Majesty.

A great danger is approaching your kingdom.

What is this danger you are speaking of?

A Meteor, my King.

A
meteor?!

Oh, my god!

whisper
We need to use the amulet!

And the calculated point of impact... will be your Kingdom.

A huge meteor is heading towards Earth.

Yes, your majesty.

It's working!
They believe me!

Due to the severity of the problem at hand further audiences were postponed and Veronica was asked to walk with the King.

I understand the severity of the problem.

But why are you telling us?

Your country is not on good terms with the fairy kingdom.

Wouldn't you be better off with us getting crushed?

A very sharp observation, Your Majesty.

Damn it, for some guy who's mainly about putting girls in skimpy outfits he's really putting thought into this lie of mine!

Beatrix – The King's guard.

Carin – The King's other guard.

So, our country will suffer massive damage as well...

So... we were hoping for you to do your elf magic...

But if that meteor drops... the dust cloud will impact large parts of our region...

gulp
Yes, Your Majesty. I'm sorry.

Aha!
I knew it!
Now it makes sense!

So, you are here mostly for selfish reasons?

Veronica follows Erik into his high-tech study.

That's a high-security vault...

No, you don't! Just wish it gone already and show me where that amulet is!

So, I need some more information on that meteor to work my magic.

I hope I don't get entangled in my own lie...

The Meteor

It will hit right here.

It's estimated around 49 μm with a mass of about 50 tons.

I shouldn't make it too obvious how my magic works...

Though I have no clue what she's talking about...

He has no clue anyway. Let's just keep him busy with some bullshit facts.

It travels at an approximate speed of 7,200 mph...

We measure the explosion radius at...

Do you need any further info?

Veronica is escorted back into the waiting area while King Erik does his magic.

But as Veronica sits down to spy on Erik over her tablet some unnoticed observant takes notice of her...

When fairies are not engaging in sexual acts or eating, they are usually very curious...

You can do it, Veronica!

Easy locking mechanism.

Katarina spots Veronica's evil deeds!

But Fairies also get very wet during sexual acts...

Gotta fly!

Oh, shit!

Haya!
Not so fast,
little one!

Let go
of me!

Wahhh!
Let me out of here!

knock

You evil evil human!

knock
knock

Sorry little one. But I can't let you tell on me.

So, you can
thank me
later.

But soon you'll
worship me
anyway.

You know, I'd
ask for your
forgiveness,
little one.

Pheew
That could
have gone way
wrong.

Excuse me.
King Erik awaits
you in his
chambers.

Errr... did
you hear
that?

I see. I'll
follow you
then.

Let me
out!

Nope. There
certainly is no
trapped little
fairy crying
for help.

Oh... right.
I must be imagining
things. Please,
follow me.

Shortly later in Erik's chambers. Listless he's playing with the telescope... It's daytime and he can't really verify whether the meteorite is gone or not... even if he knew how to properly use that thing...

Therefore, when Veronica finally arrives, he asks her with anticipation in his voice if his magic did the trick.

Now I just need to think of something to stay in the castle a bit longer...

That's great news!

Men!

Would you care to join me in bed to commemorate our victory?

But this might actually be an opportunity. Fuck him senseless... then sneak into his study...

Of course, Your Majesty. It'd be my pleasure to share the bed with the savior of my country.

Nice!

INDIGO COL
METAMORPH
CONNECTION

I wish I could say the same about him. *gulp*

And Your Majesty's the most powerful of them all...
forcedsmile

I've always been drawn to powerful men.

What a body!

Wow.
Just look at
those boobs!

Please be
gentle, my
king.

Slowly...

Oh, fuck
you are
tight.

Uff!
Way too
fast!

Erik is fucking Veronica just like he fucks any of his elf girls. But he did not wish for her to be into him. Or super wet all the time... So... in other words... he's not doing a very good job from Veronica's point of view...

Mppfff

It somehow feels like you are not into it...

You really like it?

No shit dude...

Oh, yes! I love it! You are fucking me so well. I'm cumming any second!

Erik's view of Veronica now that her powers of lying take effect.

You feel amazing inside of me!

Groan

Moan

Oh, yes... are you ready to shoot your load?

Finally...

Fuck yeah, babe! Turn around!

Oh, yeah babe! I'm so fucking close!

Nghhaa

you finally
done?!

Exhausted – after spending his tremendous load – King Erik falls back into the pillows of his bed...

With your permission, I will withdraw now, Your Majesty.

I... take that as a yes...

grunt

It took a while for Veronica to freshen up after... **that**. But in the end, she's back in her clothes, sneaks out the King's bed chambers and heads towards his study...

Halt!
No entry
beyond here.

Where she is stopped by Carin – the King's Guard.

This is the King's private study. Turn away visitor!

But the King sent me. He was asking for your presence in his bed chambers ASAP.

The King's asking for my presence...

In his bed chambers?

Too easy.
chuckle

King Erik, I'm coming!

Lecture number one:
When you find an omnipotent wish-granting artifact, make yourself and your minions immune to the potential powers of previous owners!

Meanwhile in the waiting area...

To be continued

Hello, Hexxet here.

This turned into quite the story chapter. I hope you still like the series and are looking forward to the next and final story chapter which will be the big showdown and conclusion 😊.

Will Katarina manage to alert King Erik in time and prevent the amulet's theft? Or will Veronica get her hands on the omnipotent wish-granting artifact once again?!
