Lin Luzi

A woman with her hair in a bun, wearing a white dress and white heels, is sitting on a black velvet sofa with ornate gold trim. The room is elegantly decorated with dark wood paneling, gold accents, and a framed landscape painting. A side table with a lamp and flowers is visible to the left.

Qingge, you are twenty-two years old, it's time for Chen Guang to worry about your lifelong event.

Lin Luzi

A blind date on the weekend Alla (me) helped Yi (you) arrange it. The other party is the president of Kang Group and a young man. He is a good match. It is a good choice.

Lin Luzi

When Yiyi graduates, Yiyi will get married as soon as possible and the business in the house can be gradually handed over to some young people in Yi'a to manage.

Midoko  
Kobayashi

Lin Luzi

Mom! Allah has just returned from summer vacation for two days, so I must stop talking to Allah about these things?

Lin Luzi

However, since that's what he said...  
Allah just happened to want to  
discuss with Nong.

Lin Luzi

After graduation, Allah planned to study art in London...and then...

With a marriage, it is even more dependent on family interests. How can one do it according to one's own personality?

When Yiyi graduates, you should go to the upper class as soon as possible to learn a letter, and then go on a blind date. This is the most urgent task at the moment.

Lin Luzi

Mom, Allah is not a child anymore. Allah has the ability to make decisions for her own life. Besides... Allah already has a boyfriend...

nnnnnnnn

Midoko  
Kobayashi

Boyfriend? Qingge, is the boy named  
Zhang?

Mom? How did Yi Zhixiao?

Lin LuZ

Yi (he) probably hasn't contacted him again these two days?

Lin Luzi

Qingge, I must know that love is worth a lot of money, it is worth about 50,000 yuan.

Lin Green

Mom?! Could it be that...

Lin Luzi

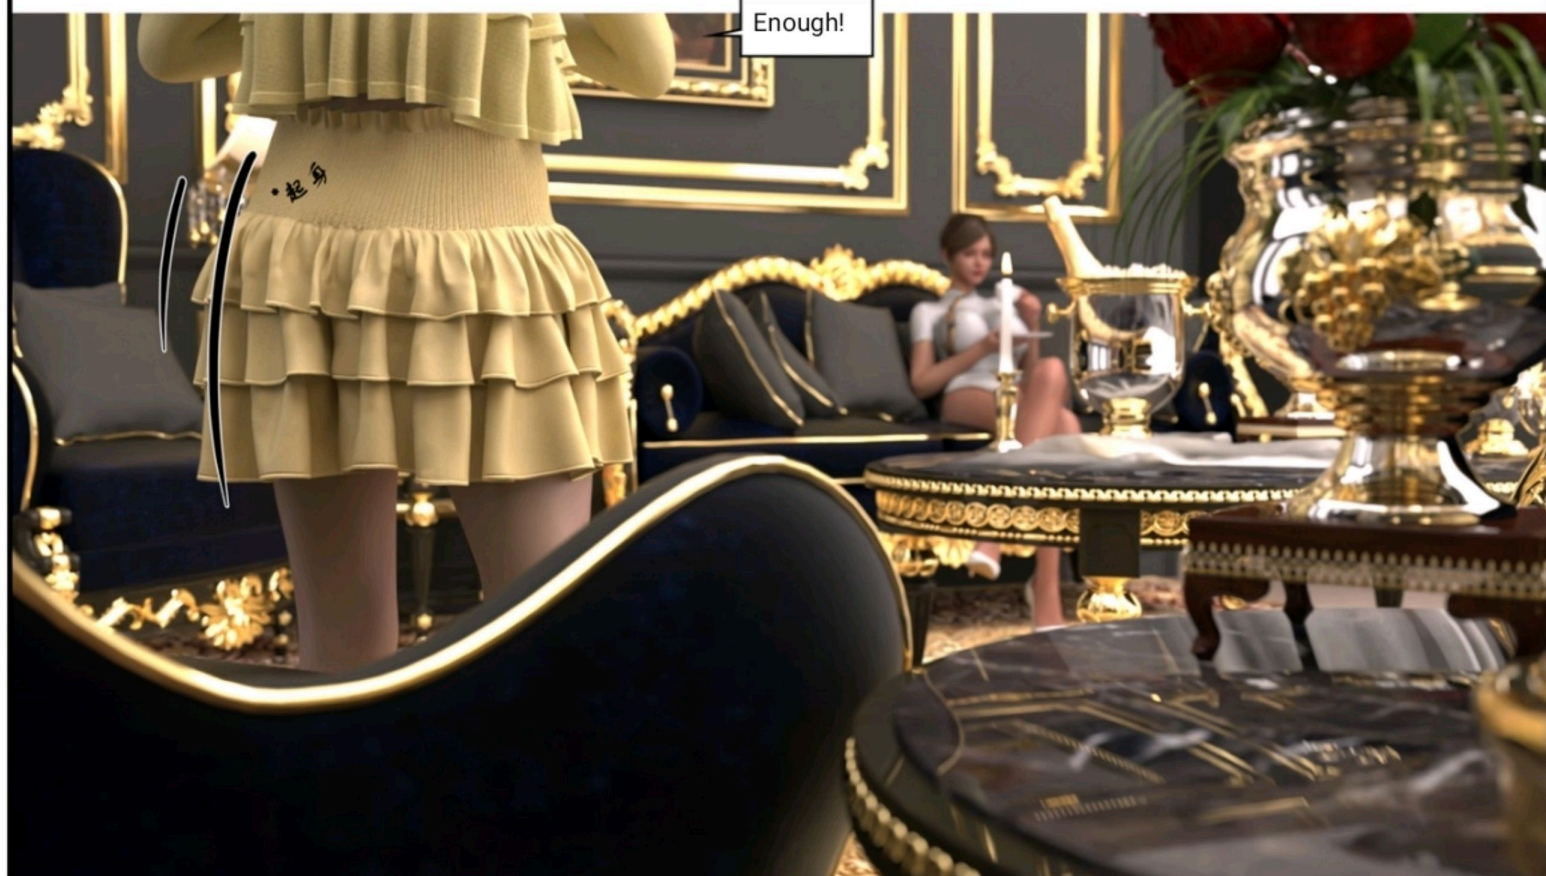

What time can only be too late?  
What is Du Hui's support for?

Lin Luzi

Enough!

起身

Lin Luzi

Mom, Allah is really fed up with Yi Qi's control! This is Alah's life, don't be Yi Qi!

Lin Luzi

Why do you choose to make a choice after another? Allah should not arrange a marriage according to it, and do not plan a life according to it!

Lin Luzi

Lin Luzi

It's nothing, don't worry about her, |This is not the first time this is happening.

When I stop her credit card tomorrow, I will know that I am back when I have no money.

|Madam, what's wrong with Miss?

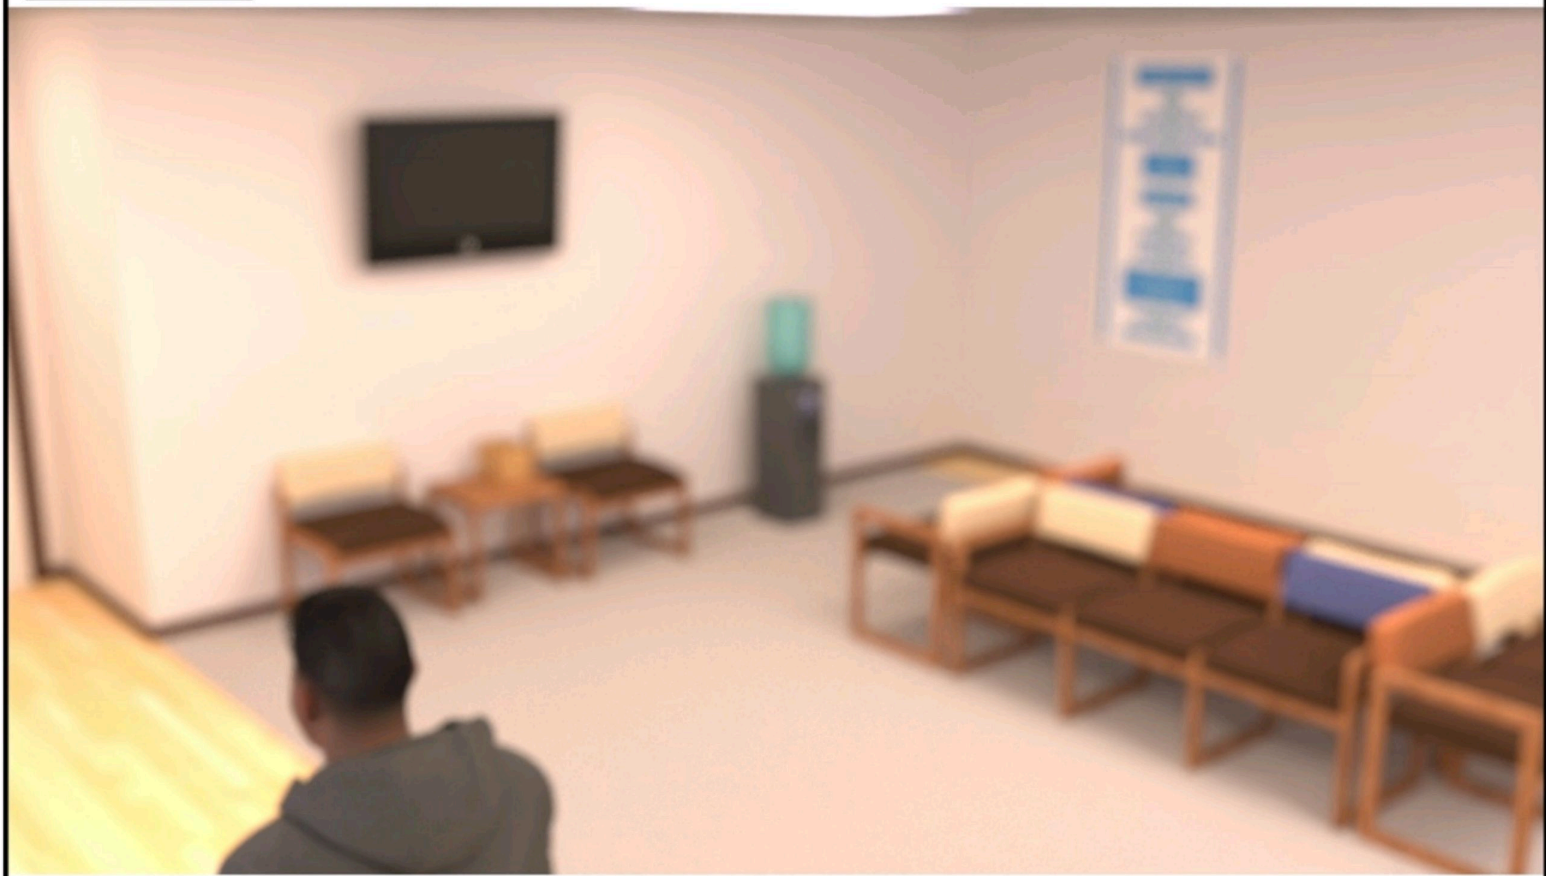

Sister Ji, today's coffee is a bit sour.

I know, madam, let them change supplier tomorrow.

Lin Luzi

'Ghost vote

Lin Green

Lin Green

You kid! Why did you come back so late?  
Come here and remember your name!

Lin Luzi

Auntie, you are too strict, I will only come in one minute late!

It's too late to be late, you must register a name to come in. This is the rule!

Lin Luzi

Auntie, you know me, ,  
forget it this time, it's  
still a holiday anyway

If you fail, the rules are  
rules. Wait.

This green  
boy

Hey, how did you do this thing?

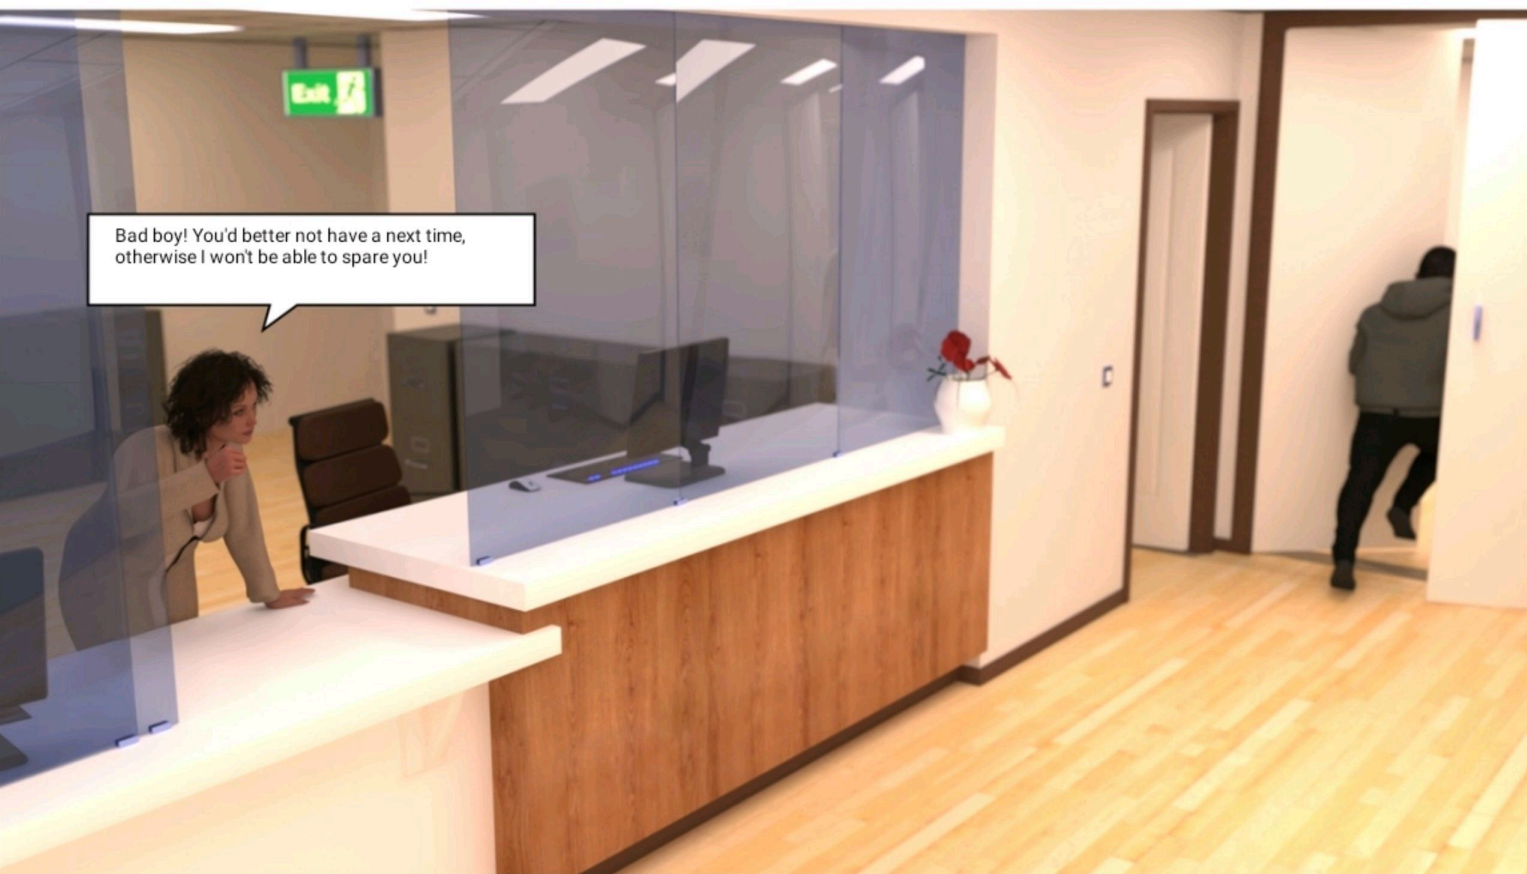

Lin Luzi

Lin Luzi

Bad boy! You'd better not have a next time,  
otherwise I won't be able to spare you!

Lin Luzi

I'm so angry!

Midoko  
Kobayashi

I came back so late yesterday? Don't you know that the school stipulates that the door will be closed at 10 o'clock?

Sorry, Aunt Sun.

Lin Luji

Aunt Sun, although I didn't fill out the application before, I want to go back to the dormitory to live for a while...

Oh, isn't this the little girl in the Ye family? Yesterday, I was just out of summer vacation. If I don't live in your big villa, why would I stay there?

Then...I want to register or something.

OK, there is no one in your room now,  
so just live in it if you want to sex.

Lin Luzi

You can just press it on.

Ye Qingge once heard something about this woman. Sun Guifang, 54 years old, came to Shanghai from rural Henan to work. Her husband was a school security guard but has not come to work in the school for a long time recently.

Thank you, Aunt Sun.

Ye Qingge looked at the unkempt middle-aged woman in front of him, and couldn't help but sigh that even an outsider seemed to know how to behave better than his mother.

Lin Green

This little Ni'er is really a good child. She is really worthy of being a rich lady... People are really incomparable to their lives.

Lin Luzi

When I was as old as her, I went downstairs and started doing farm work. How could I have such good living conditions?

Lin Luzi

Huh, I had too much relief after taking a shower. Fortunately, I had a dormitory for international students, which had air conditioning. Otherwise, I would be so hot that I could not live there.

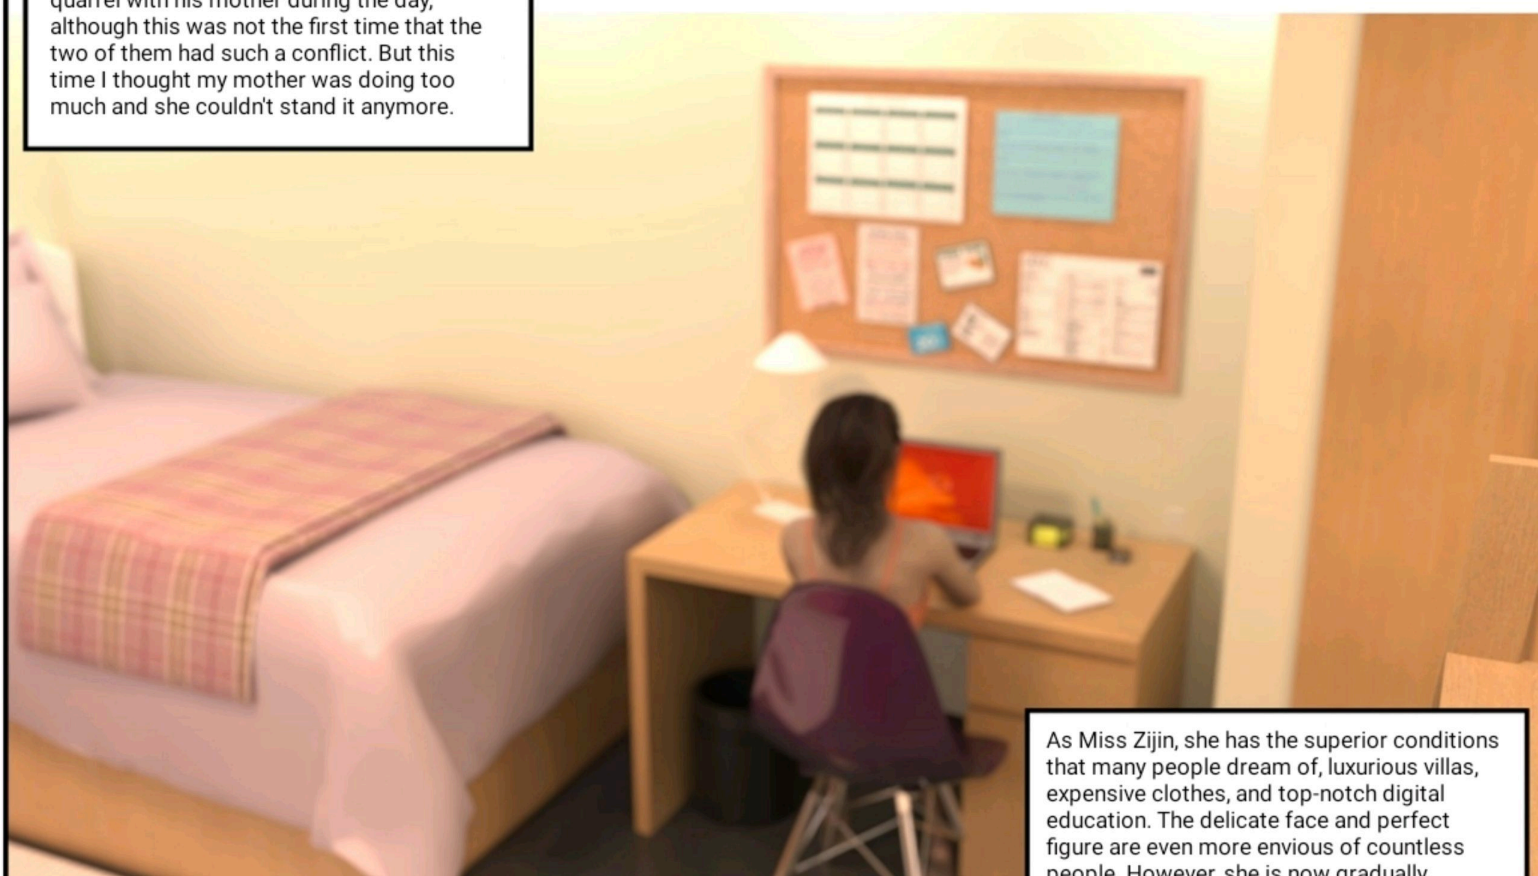

Lin Green

It seems that my roommate has left too,  
and I am more comfortable living alone.

Lin Green

Ye Qingge, who was idle, began to recall the quarrel with his mother during the day, although this was not the first time that the two of them had such a conflict. But this time I thought my mother was doing too much and she couldn't stand it anymore.

As Miss Zijin, she has the superior conditions that many people dream of, luxurious villas, expensive clothes, and top-notch digital education. The delicate face and perfect figure are even more envious of countless people. However, she is now gradually realizing what the price of all this is.

Lin Luzi!

Zhang Heng still didn't reply to my message. He wouldn't have been back for me like this for a long time before. It seems that it's her mother...

Her despair now comes not only from her ex-boyfriend's betrayal, but more from her sense of inability to face her mother's bullying. She Wanjin could not think of any means of resistance.

Lin Green

Why, why do you have to do this? It's really annoying!

According to his experience in living, Ye Xuge knew that whenever she reversed her mother's thoughts, she would usually cut off her financial resources to force herself to surrender. This kind of cut-off not only does not give myself living expenses, but also makes me unable to make a living in the whole of Shanghai. It seems that the only thing that is left to her is the only way to go.

Lin Green

What exactly should I do...

Ye Zhuge suddenly remembered Sun Guifang whom she had just seen downstairs. When she had fragrant so many times, she secretly lamented how boring and boring life like her life was like a hopeless orange chapter waiting to rot. However, at this time she realized that compared to her enslaved life, at least Sun Guifang was free.

Yes, if Ye Qingge is destined to be unfree and can only bow his head, what if I become salty and other people.

She suddenly remembered that when she went to her home company research institute for an internship some time ago, she learned that the company had developed a new technology that could change a person's appearance. After returning home curiously, I carefully studied the details of this technology in my mother's computer, and what if I could use this technology myself.

Lin Luzi

Yes, that's right! If you use that technology, you can completely exchange the identities of me and another person.

She went back on my behalf to accept my mother's mistakes and even went on a blind date!

What about allowing me to enjoy a free and comfortable universal life even if I only have one summer vacation?

Lin Luzi

But... but who do you want to exchange with? Now everyone is back during the summer vacation...

She knew that probably no one would refuse to experience her life, so she didn't worry about the other party refusing to become salty, but it was difficult to exchange with anyone.

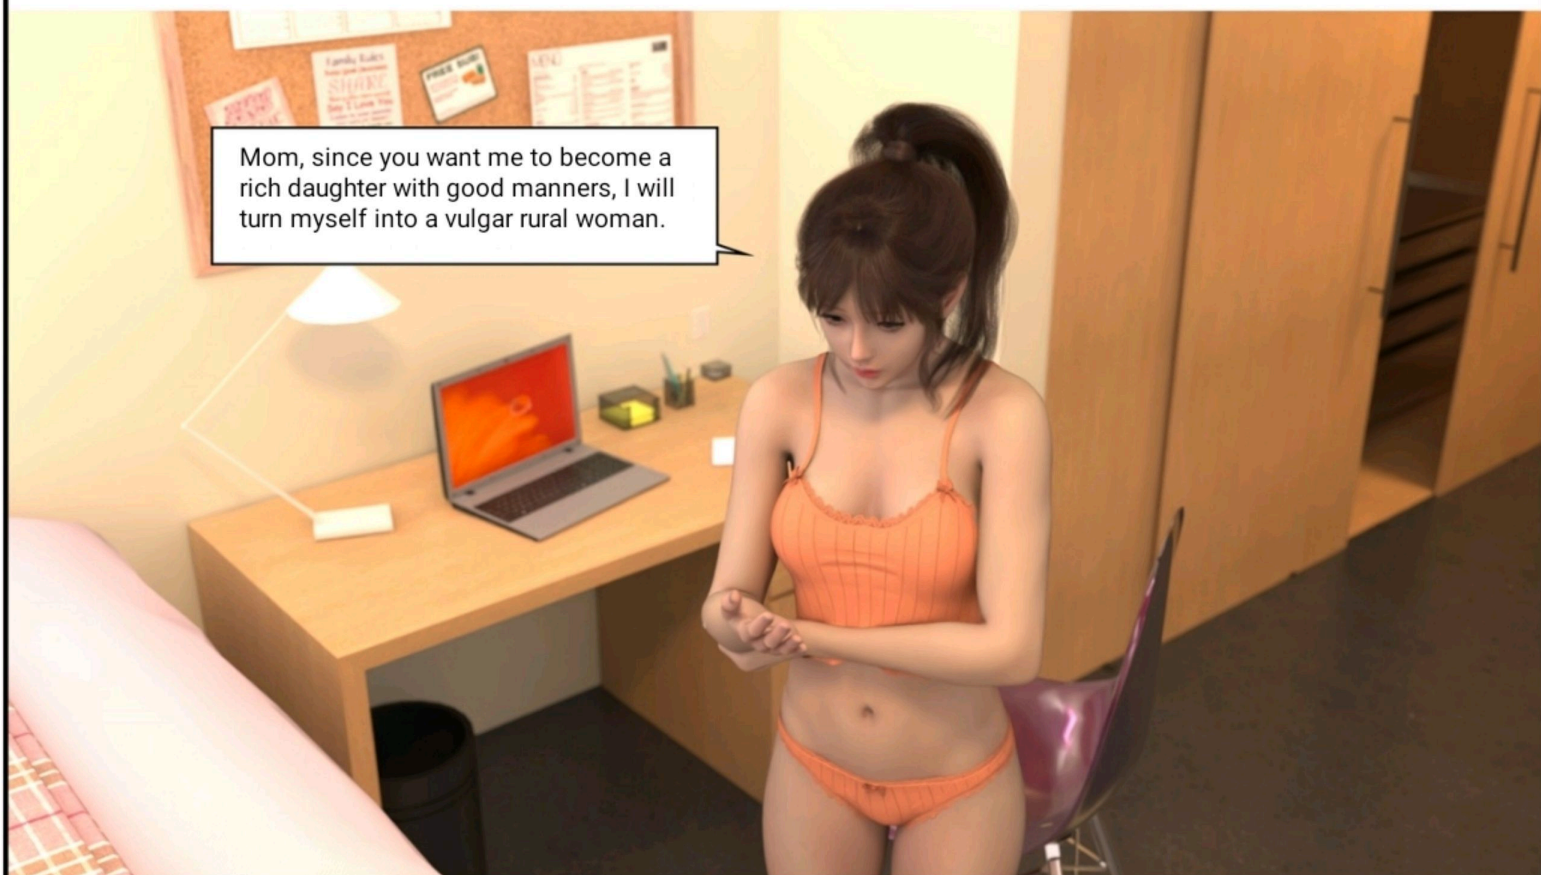

Lin Luzi

Who is more suitable for those who are still in the dormitory?

She considered it all over the place and found that since she continued to experience different lives, why should she set her goal among classmates who were not yet experienced in the world? Why don't I try to experience the lives of people who are far from me in family background, appearance, age, and knowledge? Thinking of this, a Taishi goal appeared in her mind.

Lin Luzi

Mom, since you want me to become a rich daughter with good manners, I will turn myself into a vulgar rural woman.

The next day, the morning

Lin Luzi

Lin Luzi

Lin Green

## Little Green

What, my aunt has something to do? Wait for me for a while, [I'll finish this work in my hand.

Midoko  
Kobayashi

It's okay, Aunt Sun, you can do it slowly,  
and I'll chat with you for a few words.

Lin Green

Aunt Sun, do you work so hard every day?

The summer vacation has been pretty good recently. You all go back. There are only a few students from other places left in this model, and it is not as easy to get dirty. I will be able to check every night, which is much easier than usual.

Green stick

Then...Aunt Sun, do you think my life is comfortable?

Lin Luzi

Needless to say, Xiao Ni'er, you a rich family, are you not living a life like a god? You can't even think of what your life is like.

Lin Luzi

If I have a way to let you experience my life...Aunt Sun... would you like to give it a try?

Lin Green

What? Experience your life? Xiaoni, are you kidding me.

No, no, Aunt Sun, no joke. I really have a way to let you experience my life.

You really want to know Xiao Ni'er? What's the solution?

Midoko  
Kobayashi

It's hard to explain in detail here, Aunt Sun. If you are interested, you will come out in ten minutes, and I will drive to the door to wait for you, and we will take you to a place and let's explain in detail.

## Lin Luzi

Ye Feige's sudden words made Sun Zhufen confused. She didn't understand what the young lady in front of her wanted to do. But she also felt that this might bring a turning point to her stagnant life.

This green boy

|Read, wait for me.

Half an hour later

Lin Luzi

Lin Green

Aunt Sun, don't worry, this is a secret laboratory of my family business. Only some top scientific researchers in the enterprise know about this.

Oh, Xiao Ni'er, where is this place? Yesterday I saw this high-tech?

Lin Green

What did you do to bring me here? What did you say just now that I let me experience your life?

Shimiko

I hope that through these devices, you can turn you into my appearance, and then you can go back to my home this summer and live on my behalf.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105) ;

Lin Luzi

What? Are you going to turn me into you? Are you joking?

This green boy

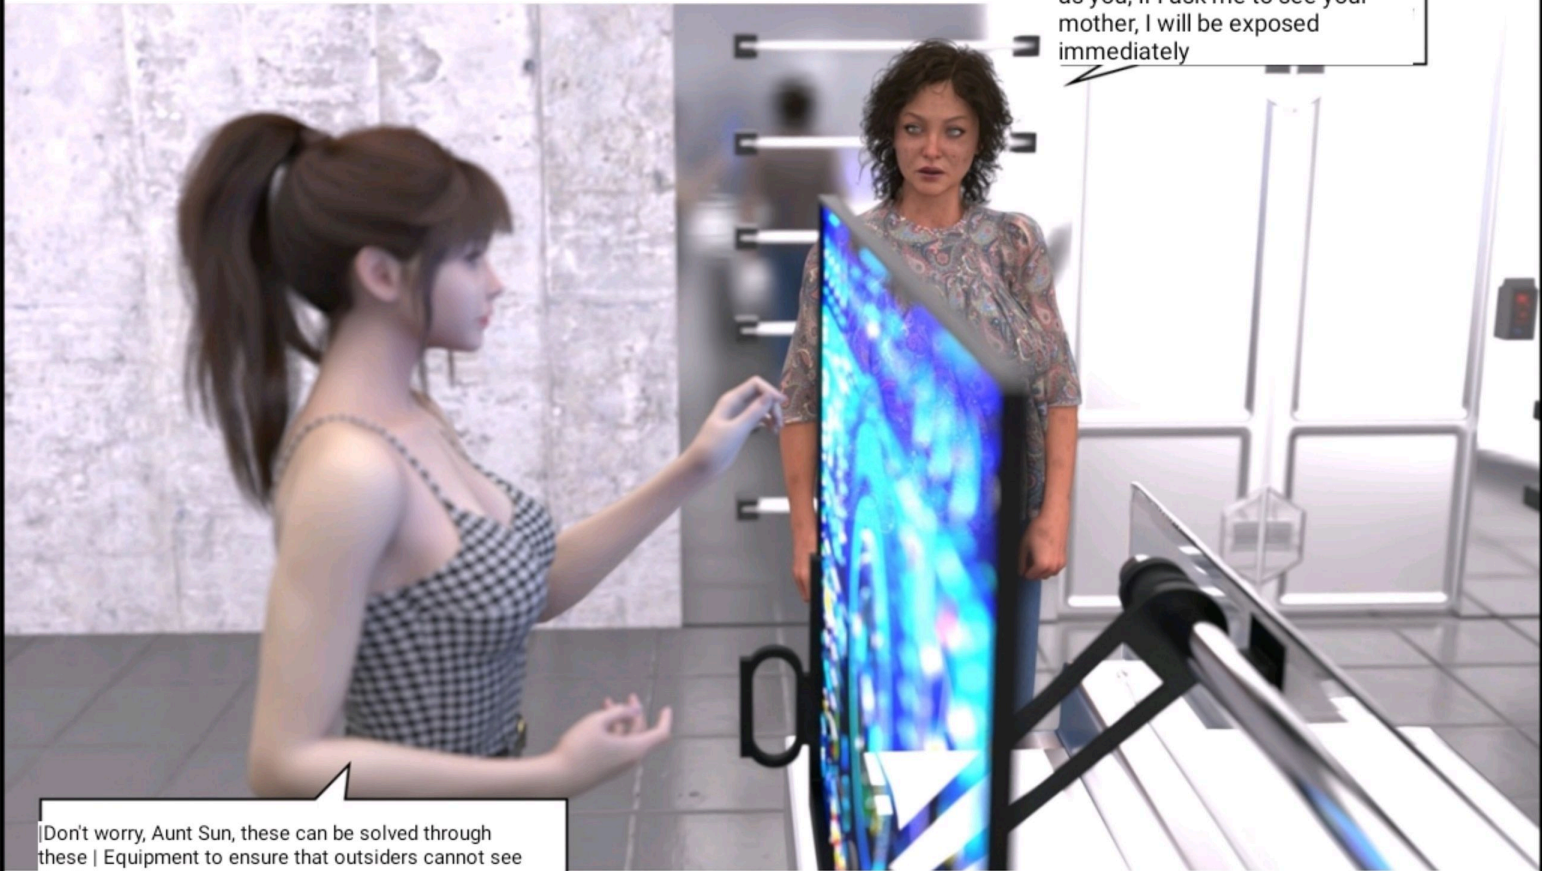

Yes, Aunt Sun, you can go back to my house as I do. After you go there, you can eat, wear and use whatever you want, but you may have to listen to my mother's safety! Are you willing to attend some activities?

Then of course I do! Just...

| Little Generation  
Green

|Even if I can become the same  
as you, if I ask me to see your  
mother, I will be exposed  
immediately

|Don't worry, Aunt Sun, these can be solved through  
these | Equipment to ensure that outsiders cannot see  
the flaws.

This green boy

As long as I can get salty, I will definitely be willing to do so. How could this be possible?

You don't have to worry about Aunt Sun, just do what I said. You sit and wait.

Green-sama

A woman with her hair in a bun is sitting in a grey, tufted chair. She is wearing a colorful, patterned short-sleeved top and blue jeans. Her right hand is resting on the back of the chair, and her left hand is resting on her lap. She has a thoughtful or slightly distressed expression. The background is a blurred indoor setting.

But...but Qingge, I suddenly felt that something was going on...

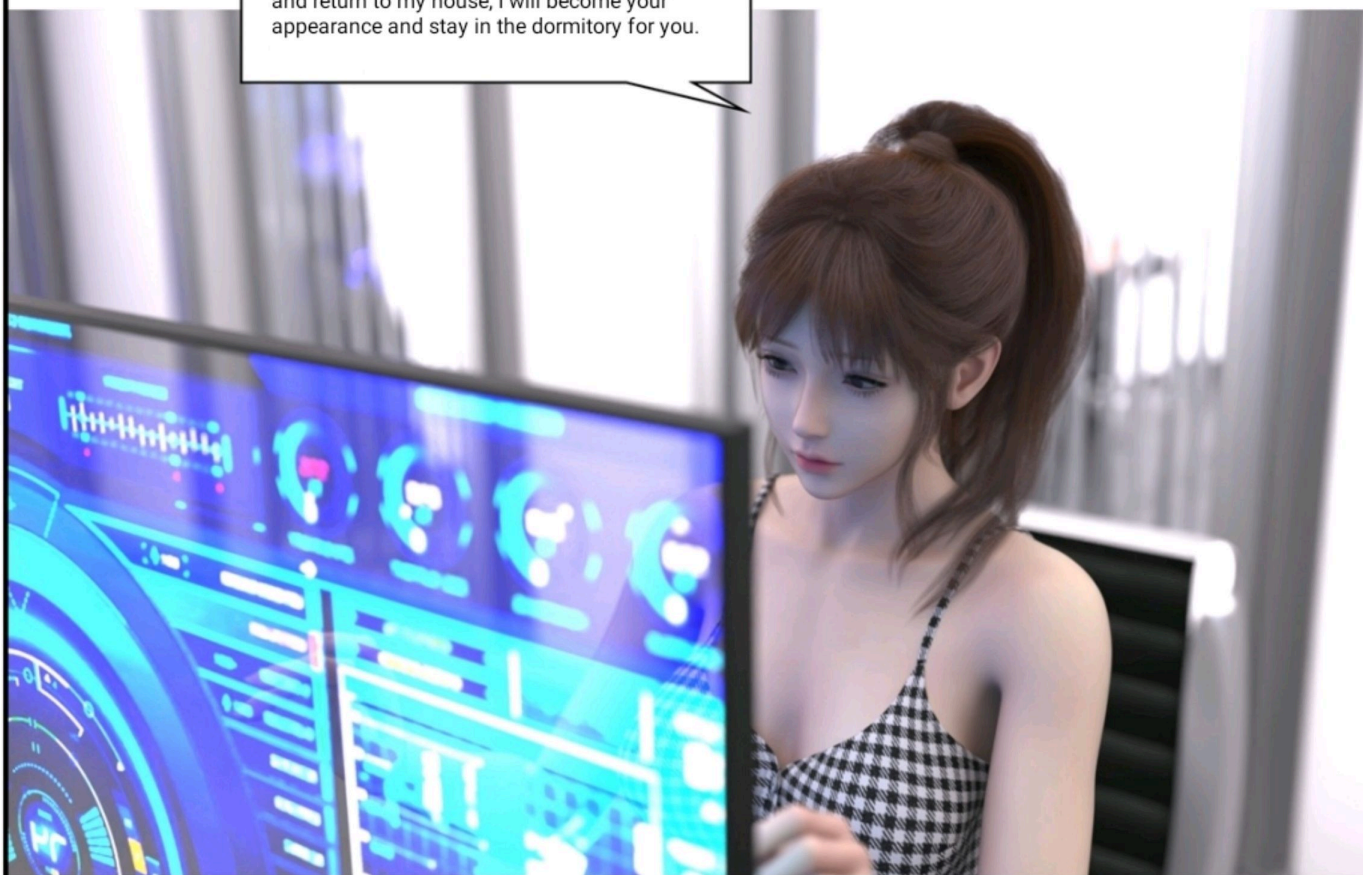

Lin Luji

Even if I become you and go to your house to live, no one will advance to the dormitory in the school, that's a big deal.

Lin Green

Don't worry, Aunt Sun. When you become me and return to my house, I will become your appearance and stay in the dormitory for you.

Lin Luzi

What?! You want to become salty?!

Sun Guifang was so surprised that she couldn't speak. She looked at Ye Zhuge's beautiful and charming face, and her heart was full of doubts and confusion.

## Shimiko

I don't understand. You are the eldest lady of the Ye family, I don't know how many people Jiang Mu you. Why do you want to give up your own good life and taste my poor life?

Although she has always heard that rich people always have some hobbies, but Miss Jin, who is in her early twenties, wants to experience the magical thing about her life. After Jin, she cannot understand Ye Qingge's reason, but who can refuse the rich life she gave for free?

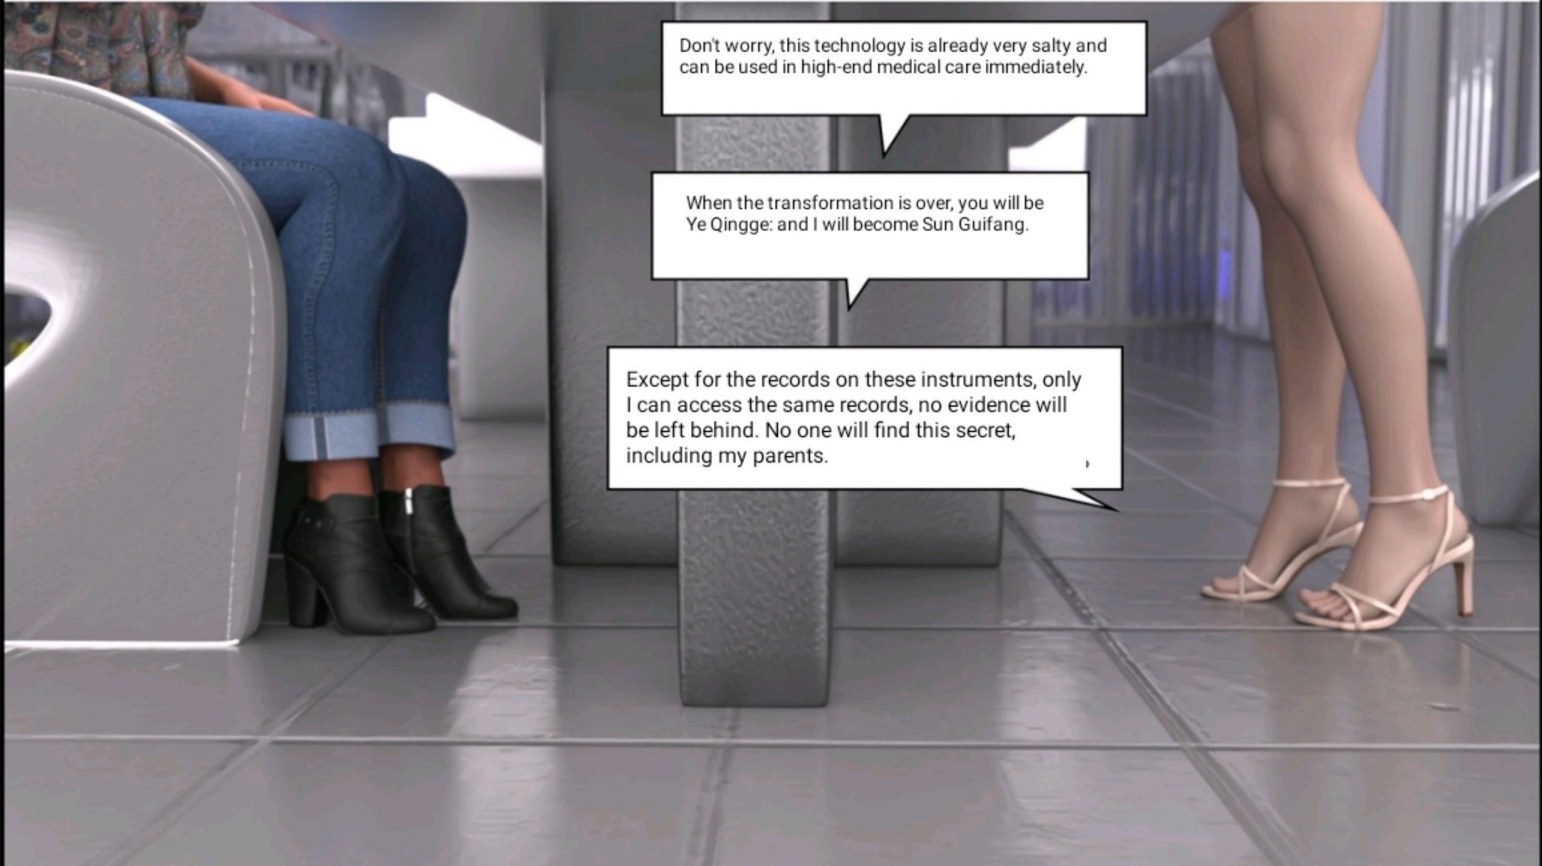

Lin Green

Just think I want to experience life.

Then...if I agree, will there be any risks?

This green  
boy

Don't worry, this technology is already very salty and can be used in high-end medical care immediately.

When the transformation is over, you will be Ye Qingge; and I will become Sun Guifang.

Except for the records on these instruments, only I can access the same records, no evidence will be left behind. No one will find this secret, including my parents.

This green boy

Lin Luzi

Yes, the process will be carried out naked in a while.  
You take it off first and I will get the things.

OK

Lin Green

Sun Guifang hesitated for a moment, but then she thought that she was 54 years old and was older than Ye Qingge's mother. What's the point of being impatient in front of the little girl? She took a deep breath and began to take off her clothes.

This green boy

But she still regretted it a little. If she had known this kind of look today, she should have changed into cleaner clothes. She had worn these shoes for a long time and hadn't changed them. The Meidaojing was not very good.

Lin Luzi

If she followed what Ye Dige said about the so-called exchange, wouldn't she have to wear her own clothes? As a young lady of the Ye family, can she really get used to it? Her clothes that totaled no more than 100 yuan.

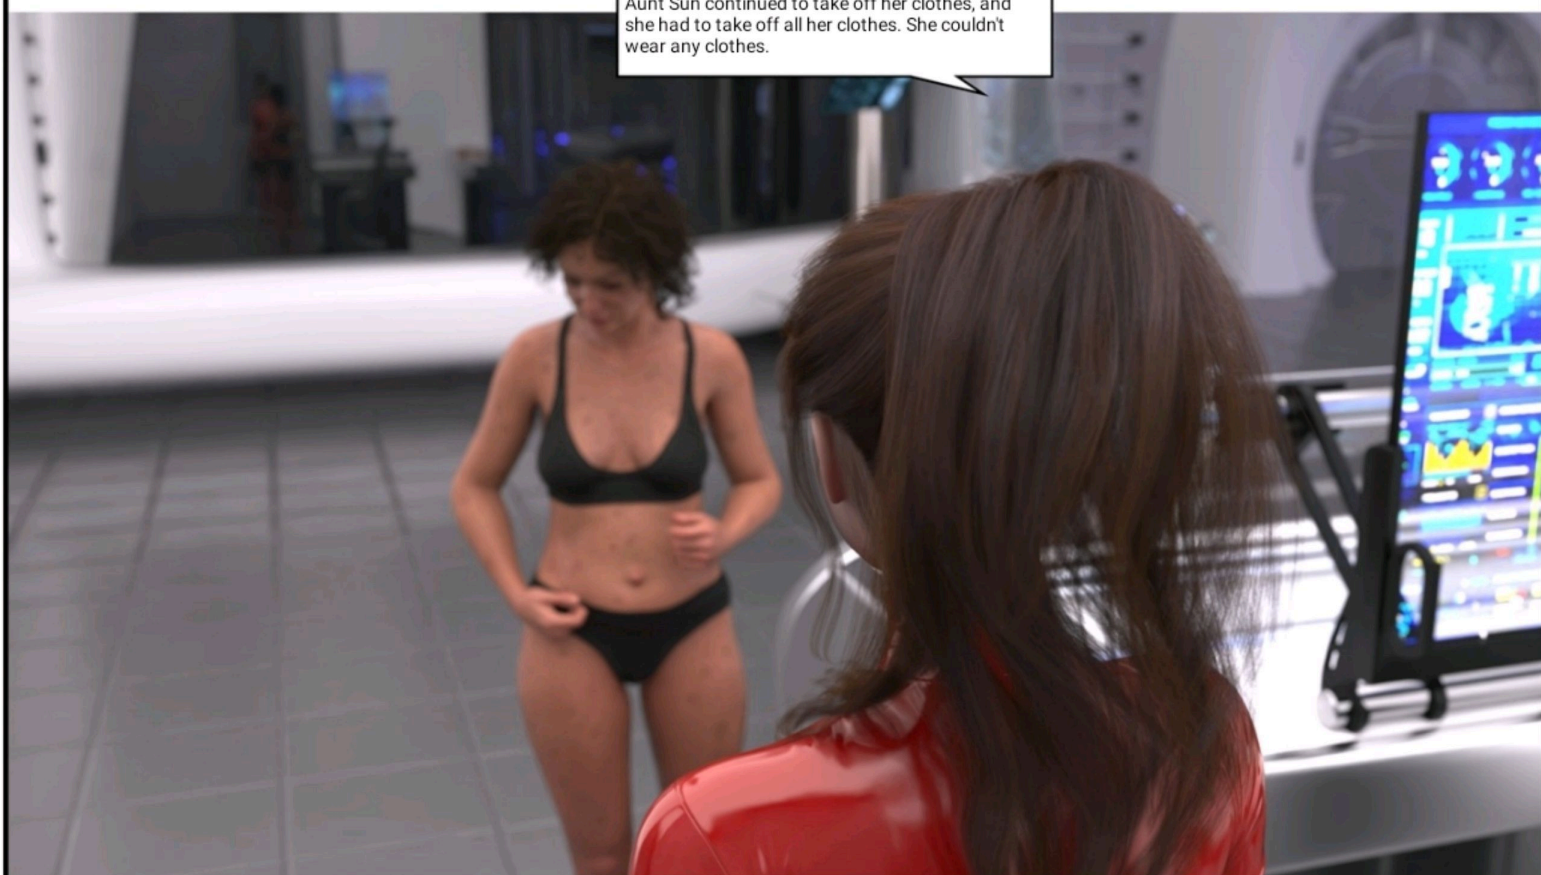

Lin Luzi

As the clothes fell one by one, Sun Guifang's bloated figure was exposed to the air. Her belly was covered with fat, and her breasts were also sagging due to age and living habits. The traces of time are covered with traces of time, and they are rough and yellow. Seeing all this, she still doubted that there was really a skill that could make her have fair skin like Ye Qingge.

Lin Luzi

Aunt Sun continued to take off her clothes, and she had to take off all her clothes. She couldn't wear any clothes.

Lin Luzi

Lin Luzi

Yes, Kimbe-Kan then put on this dress and went into the only utensil over there.

Lin Luzi

Keep taking off Aunt Sun

Lin Green

Then...that's OK...

Lin Luzi

Xiao Ni'er, you laughed at me. My body is not very beautiful, I can't compare to you.

Midoko  
Kobayashi

Haha, it doesn't matter Aunt Sun, put this on quickly.

Lin Luzi

Xiaoni, what is this thing used for? It's so high-end.

Lin Luzi

Of course it is very advanced. This machine is used to repair damaged body tissue. No matter how serious the hang is, even if it is a broken hand or even more serious trauma, this machine can reshape the body's tissue.

Little green

I now set it to cloning mode and can swap our body shapes.

Sun Guifang listened to Ye Zhuge's explanation without understanding, and couldn't help but look at Ye Zhuge's body a few more times. Under the bag of this tights, Ye Qingge's figure was more perfect by the village.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Luzi

In contrast, under the wrapping of the tights, the fat on my body appears more obvious. She couldn't help but wonder if the machine was really effective. If it is true as Ye Qingge said that it has the effect of reversing the world, it would be amazing.

Lin Green

|Almost ready, Aunt Sun,  
please invite Zhao in.

Lin Luzi

Little Nier, look... Is it like this... Is it like this?

TIIS

Lin Luzi

Aunt Sun, don't be so nervous, it's not started yet.

oh oh

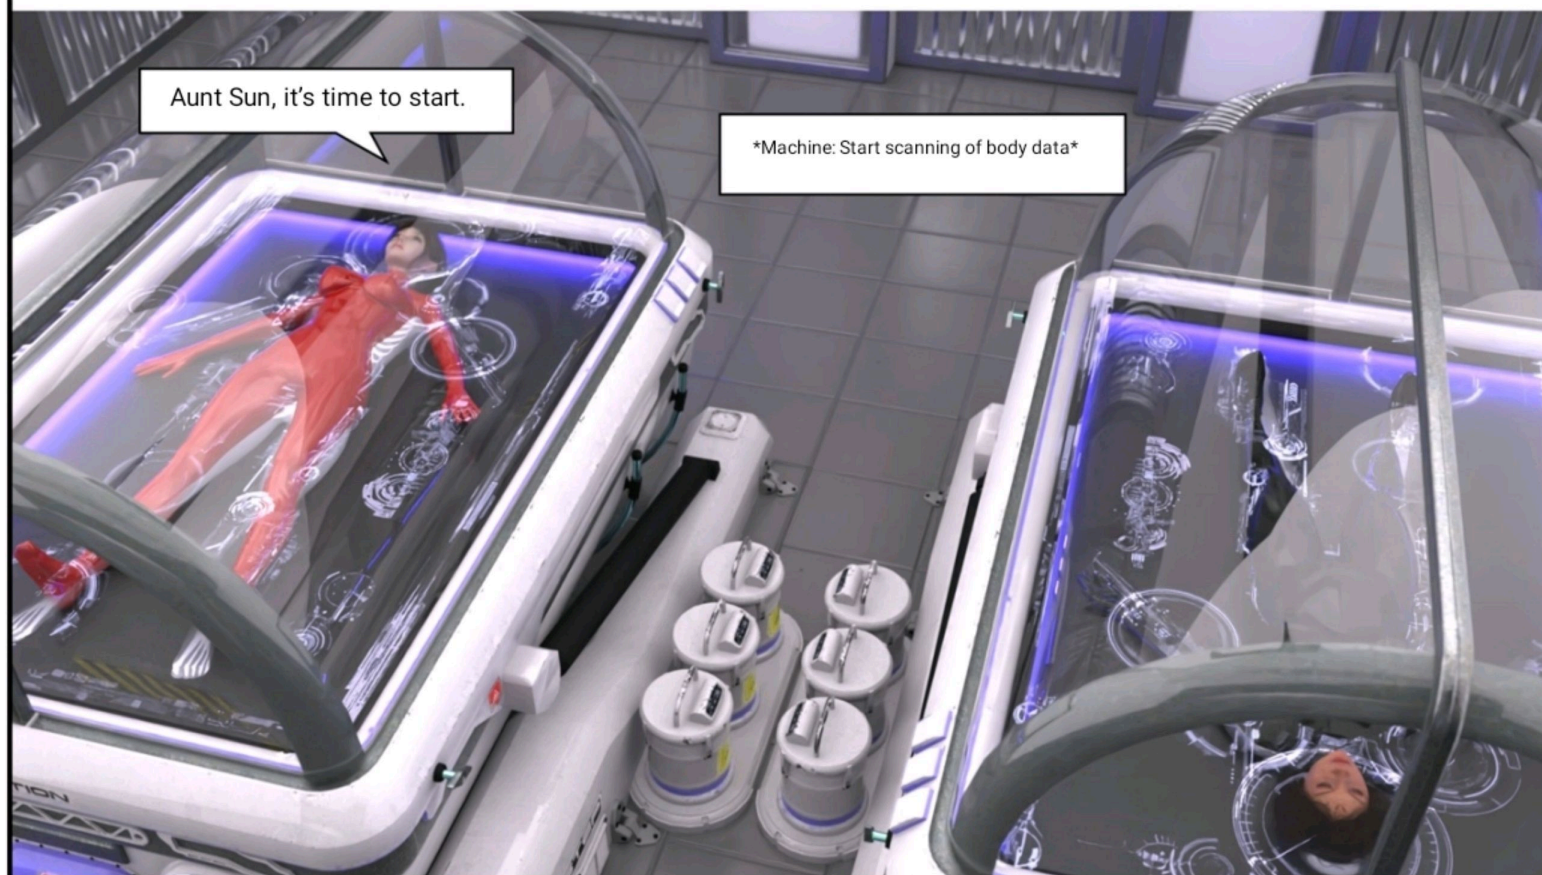

Lin Luzi

Just relax a little. Just like a physical examination.

Although Ye Qingou said this, his heartbeat was still very fast, not because he was worried about his own technology. Instead, I am full of expectations for the next changes.

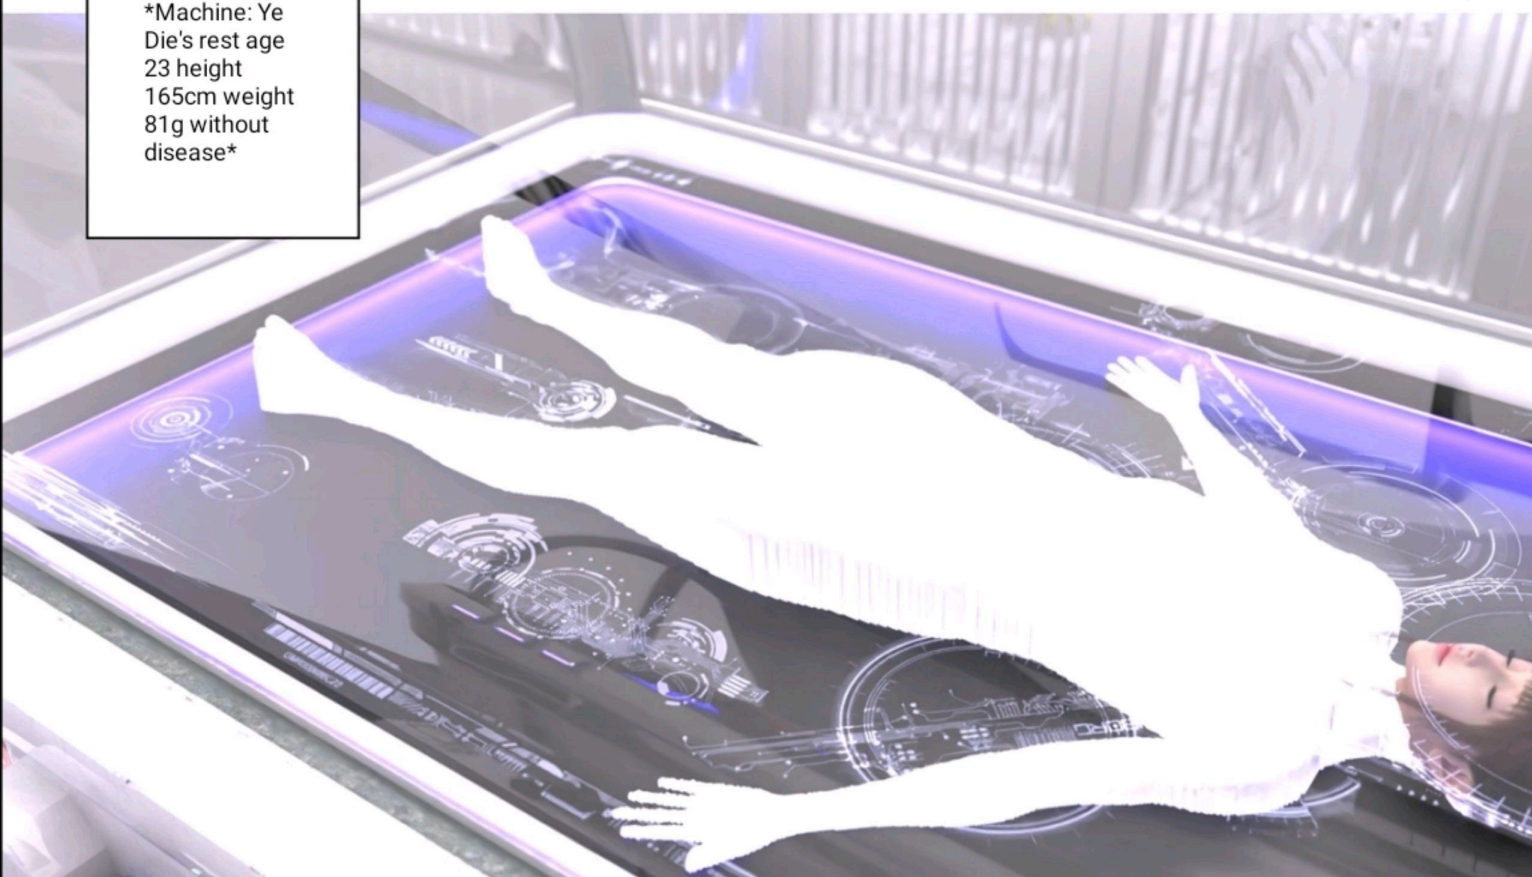

Aunt Sun, it's time to start.

\*Machine: Start scanning of body data\*

Lin Lu

\*Machine: Ye  
Die's rest age  
23 height  
165cm weight  
81g without  
disease\*

Lin Luzi

\*Machine: Sun  
Guifang's body age 54,  
height 169, weight  
130g, multiple health  
problems: foot fungal  
infection, chronic  
gastritis, mild fatty  
liver...

Lin Luzi

\*Machine: Body data matching is completed...Body tissue correction begins...\*

Lin Luzi

\*Machine: 50% progress\*

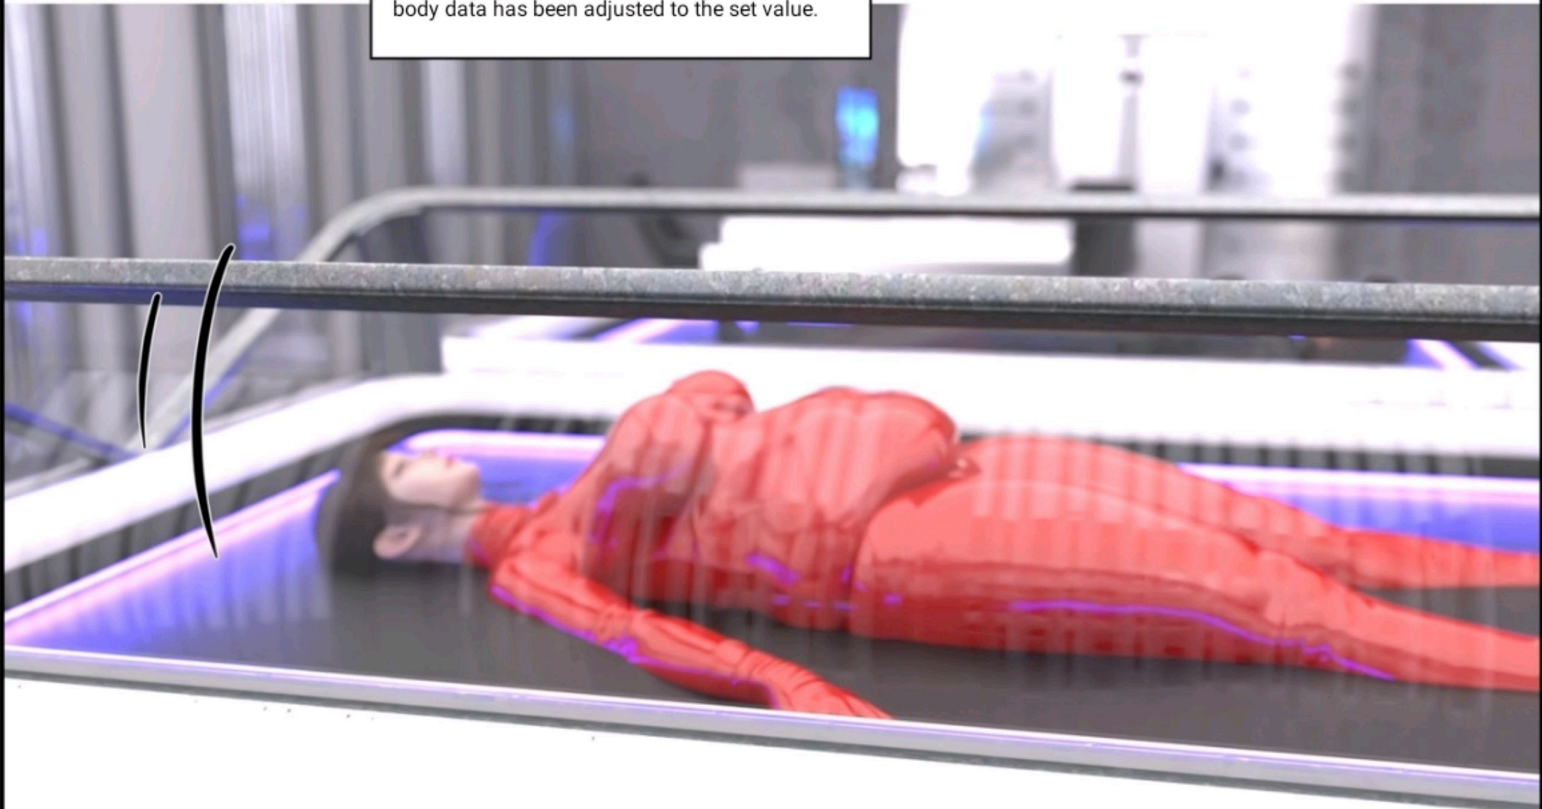

Lin Luzi

\*Machine: 100% progress...\*

Lin Luzi

\*Machine: The correction has ended, and the body data has been adjusted to the set value.

Little green boy!

Jiedong, ahem, my voice... has become like this.

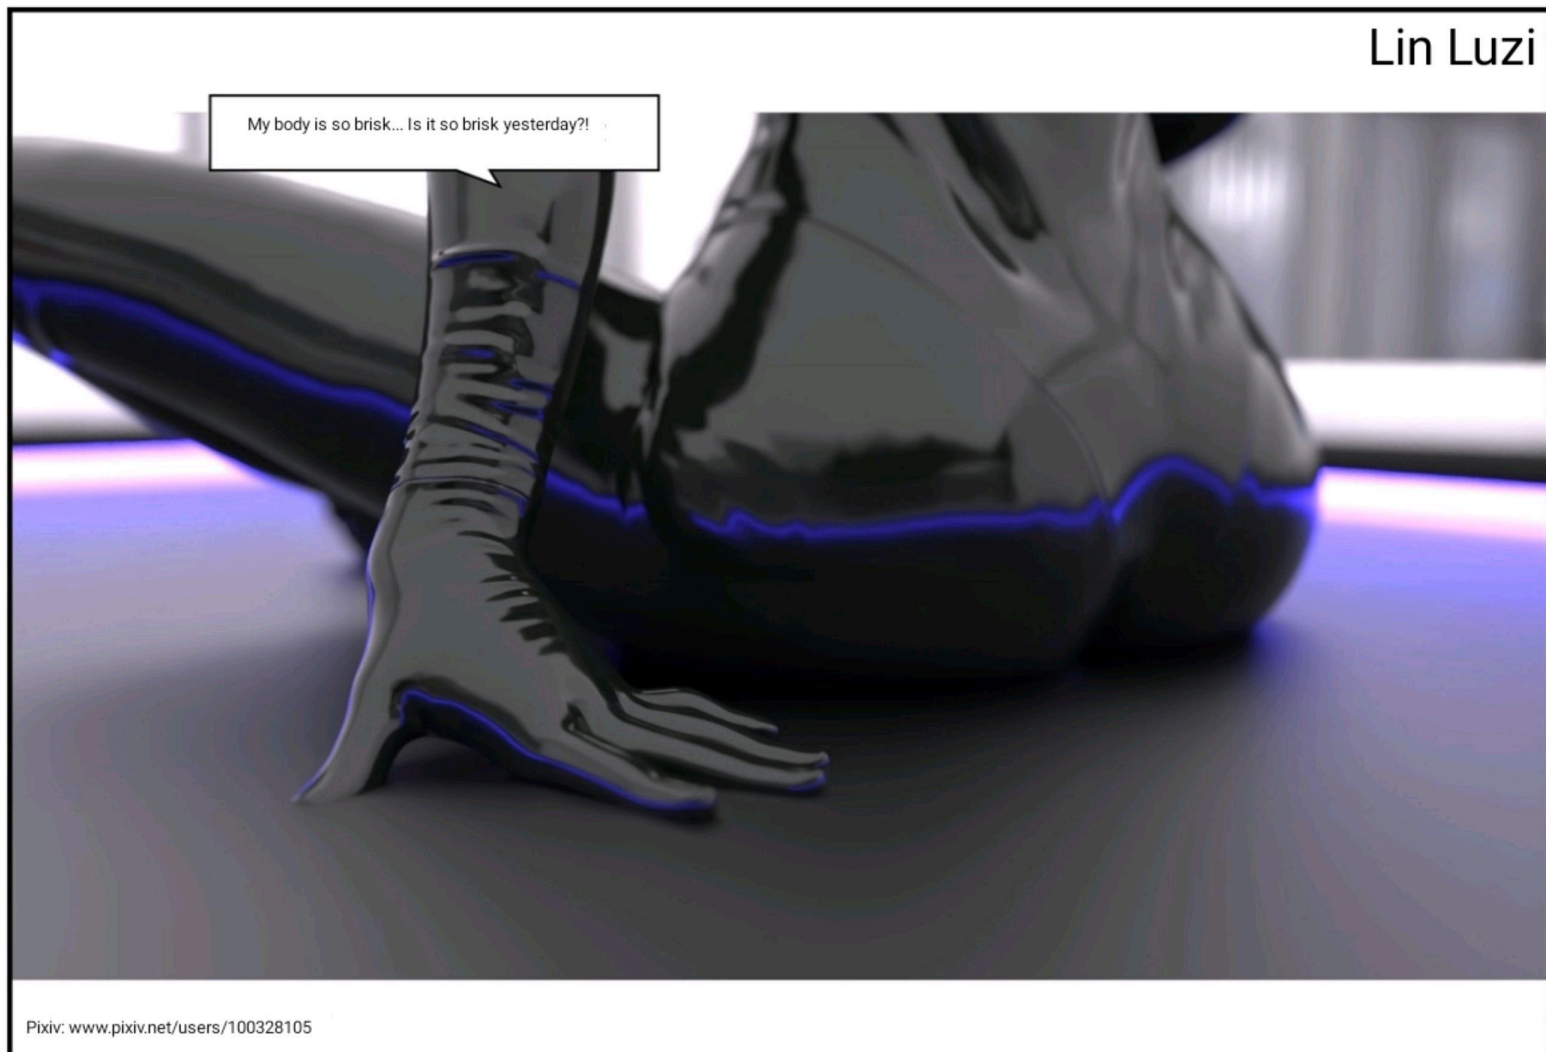

Ahem, Aunt Sun, you can get up.

Ye Yuexi spoke, and the strange feeling of tension came from his throat. The machine also changed the throat cartilage, and her vocal cords became wide and rough, and she could only make a low and hoarse voice like Sun Guifang.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Luzi

My body is so brisk... Is it so brisk yesterday?!

Lin Luzi

Oh my God, my voice?! It became exactly the same as Xiaoni.

Lin Luzi

My waist was so thin  
when I was young...

Lin Luzi

And my legs are so easy to pick up  
this height. It's incredible.

Lin Luzi

[Cough...yes, Aunt Sun, the machine has repaired the structure of your body according to my 20-year-old function. Not only the appearance, but also the internal organs and bones, they all become the same as I just now.

Ah, Xiaoni, you...you don't have anything to do

Fortunately, Aunt Sun is fine. But come and help me, your body is a little heavier than I thought.

Ye Zhuge didn't expect that Aunt Sun, who usually wears clothes, weighs much heavier than she imagines.

Midoko  
Kobayashi

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

小林綠子  
AKOBYAS

It's okay, Auntie Sun, it's a magical experience, right?

Come on, be gentler, my body is not as good as the New Year's people.

Xiao Ni'er, you can't match your voice at all.

This green boy

When I was young, I did too much farm work, and the old habits I left behind.

It feels like a lumbar muscle strain.

Why didn't I go to the hospital for a look? Aunt Sun.

Oh, I dare not go to that place, I won't go there anyway! I have to spend thousands of dollars, so the pain points are just the pain points, and it's not unbearable.

Lin Luzi

It's really hard...

This green boy

Xiao Ni'er, I think it's better to be honest... What does my body feel like in my heart? It's not as good as your body.

Sun Guifang looked at Ye Waige in front of her, her body was faintly hunched, and her voice became sensual. The slender figure before now looks so evident that the flesh on her waist is obvious, and the sunflower all over her body is trembling as she moves. She still feels a little reluctant to make this little girl become herself.

Lin Luzi

Aunt Sun, you are really kind, it doesn't matter, don't you give birth like this every day, right? I'll experience your physical problems, and then use these instruments to repair them when you change them back.

OK, 未分类, since you say so...

Then what are we going to do next?

First take off the layer of clothes on your body, Aunt Sun, and then use this machine to modify our skin tissues so that your skin will become the same as mine.

Lin Luzi

This dress is really...it's really hard to take off.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Luzi

Really, my body!

Lin Luzi

ah!

What's wrong with Xiao Ni'er? Let's do it

Lin Luzi

No...it's okay, Aunt Sun, you keep going.

ACCUMULATION BESSIN

Pixiv: [www.pixiv.net/users/100328105](https://www.pixiv.net/users/100328105)

Lin Green

Ye Qingge's sharp guard was because she saw her hand. Although the skin on her hands was still smooth and tender at this moment, the thick knuckles and thick palms obviously could not be called a slender jade hand.

Lin Luzi

She then looked down at her feet. The thick big feet were at least 41 sizes. If the skin was corrected with a nanorobot, her feet would become as long as the ones, and her skin would become as long as Aunt Sun.

The same goes for the shoulders of the earth.  
Even though I had tried my best to straighten  
my back, my shoulders still couldn't help but  
shrink.

This green  
boy

The fat on the belly and the sagging breasts also reminded me that my body's age is no longer there. I am the 22-year-old girl just now, and my body is already a 54-year-old middle-aged woman.

Little Nier...

He didn't feel that clear when he was wearing a tight suit just now, but now he looked at his body directly. The visual impact made her feel a little bit retreating in an instant. What would happen if she could never change back?

Lin Luzi

Sun Gafang's voice brought her back and forth to reality. She secretly told herself that she had just become a grandson and had been a summer vacation, and she wasn't unable to come back. Moreover, I feel that fear is just a change and has not yet formed a relationship. When the exchange is formed, it will become accustomed to Aunt Sun. Thinking of this, she was looking forward to the next change again.

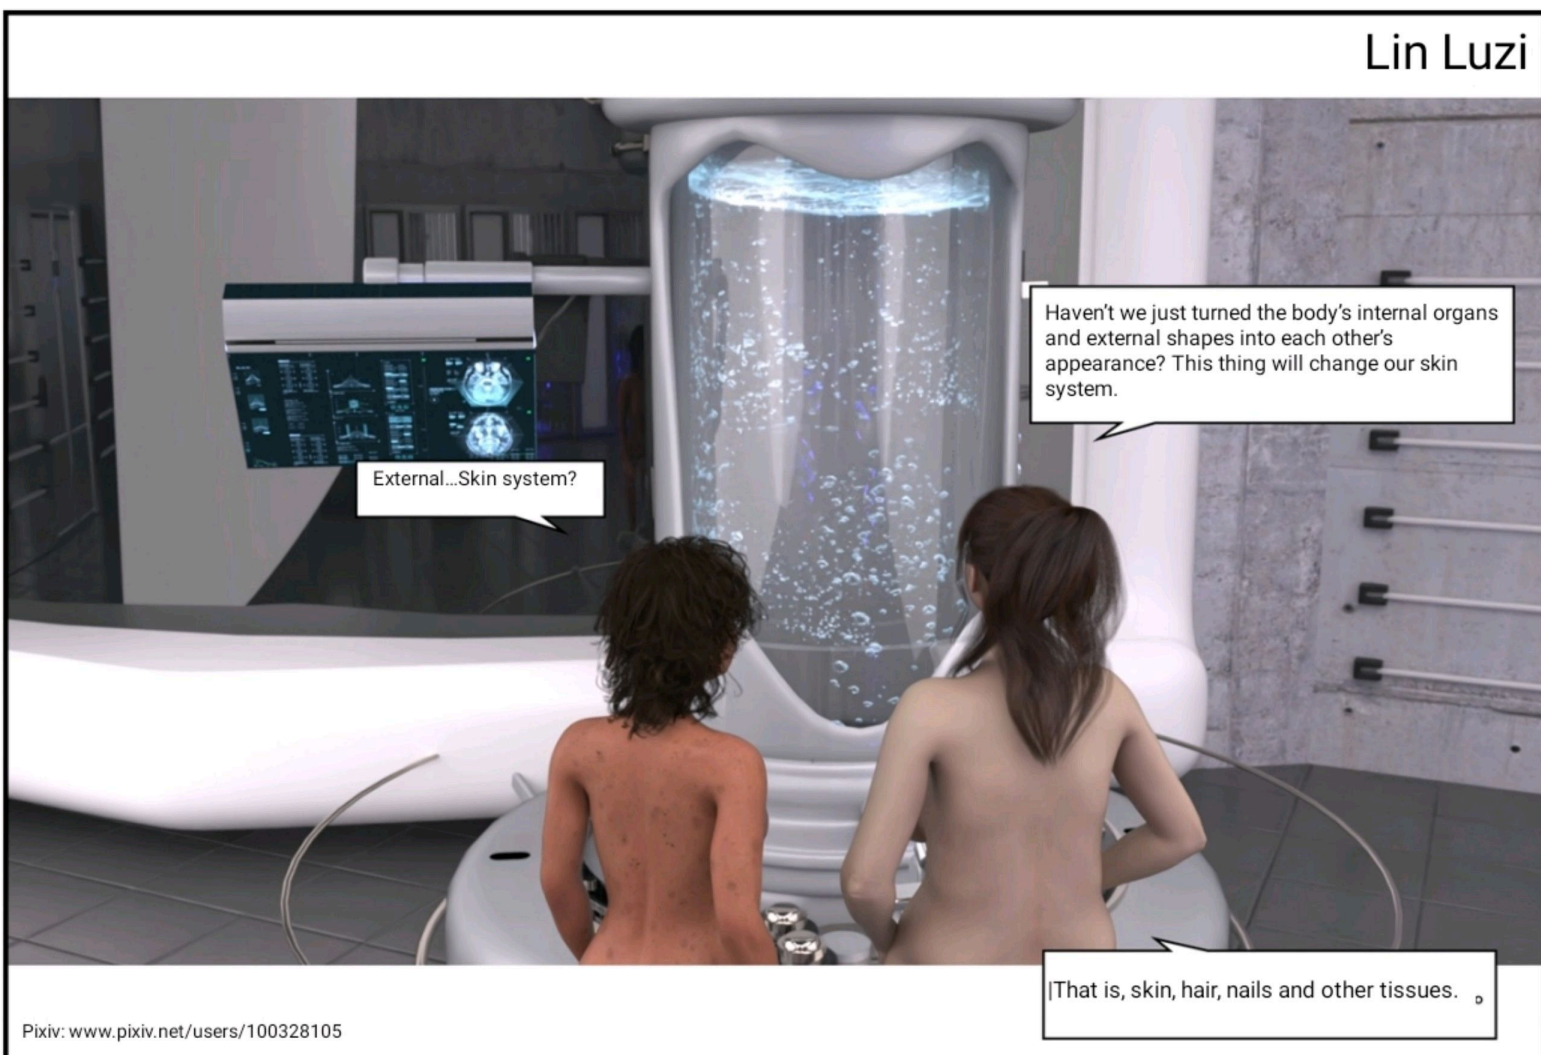

Lin Luzi

Ah, this is Aunt Sun.

What is this for?

Lin Luzi

External...Skin system?

Haven't we just turned the body's internal organs and external shapes into each other's appearance? This thing will change our skin system.

That is, skin, hair, nails and other tissues. ◦

Lin Luzi

This machine has recorded my DNA data. After you enter, it will turn your skin into exactly the same as mine, and even the birthmark on the skin will be retained. At the same time, the official will also record your DNA data. I will go in later, and my skin system will be the same as yours now.

So...magnificent?

Lin Green

OK, Aunt Sun will go in.

Then I'd rather be respectful than obey.

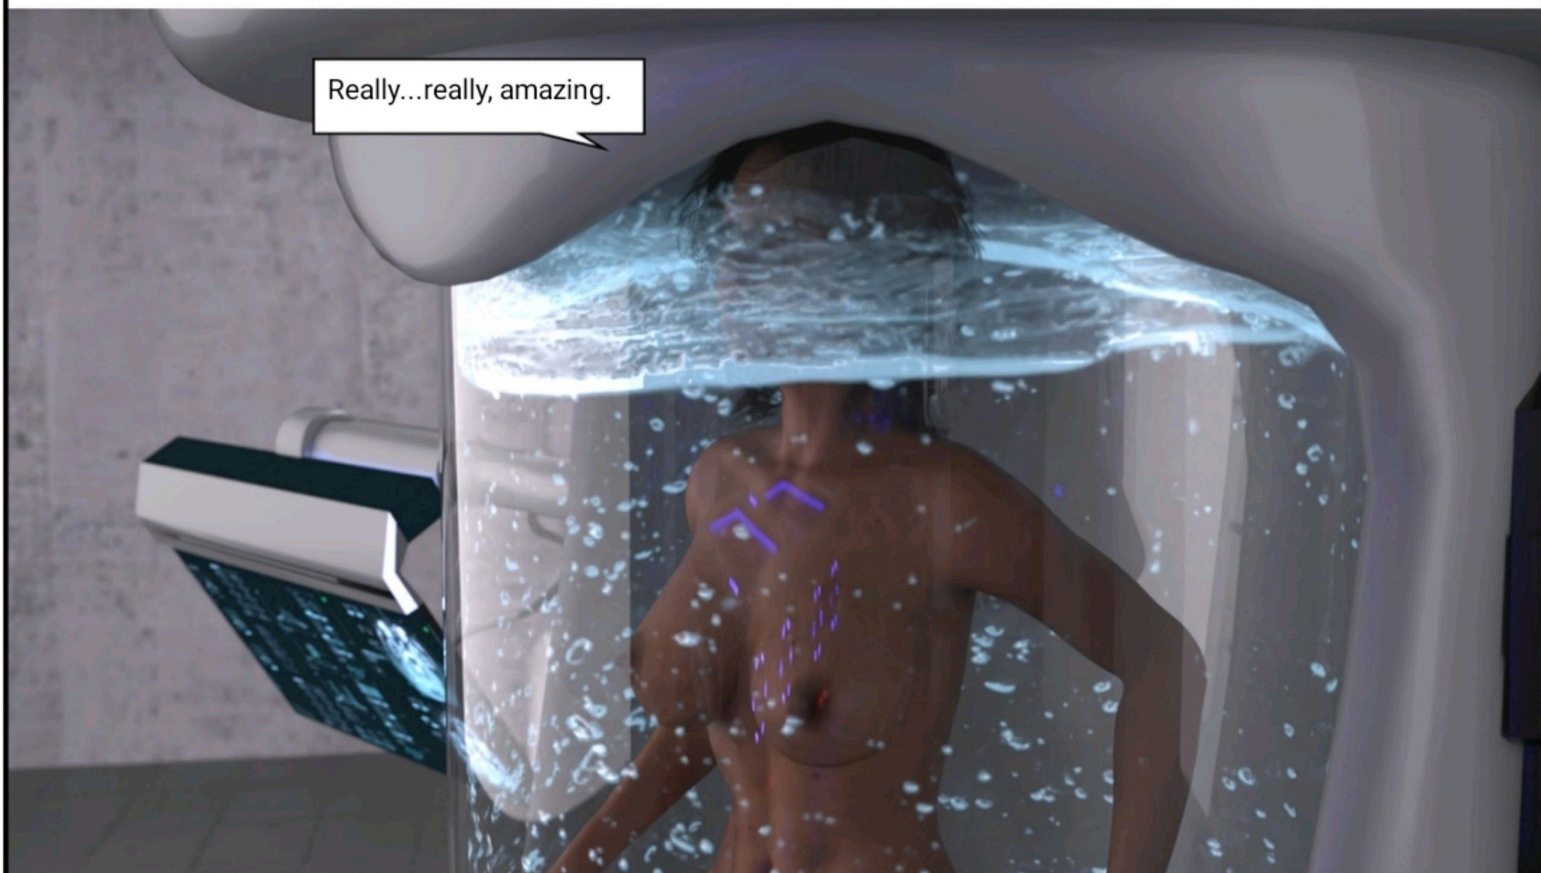

Lin Luzi

Auntie, you don't have to be nervous. Although it's all liquid, you won't be short of breath inside.

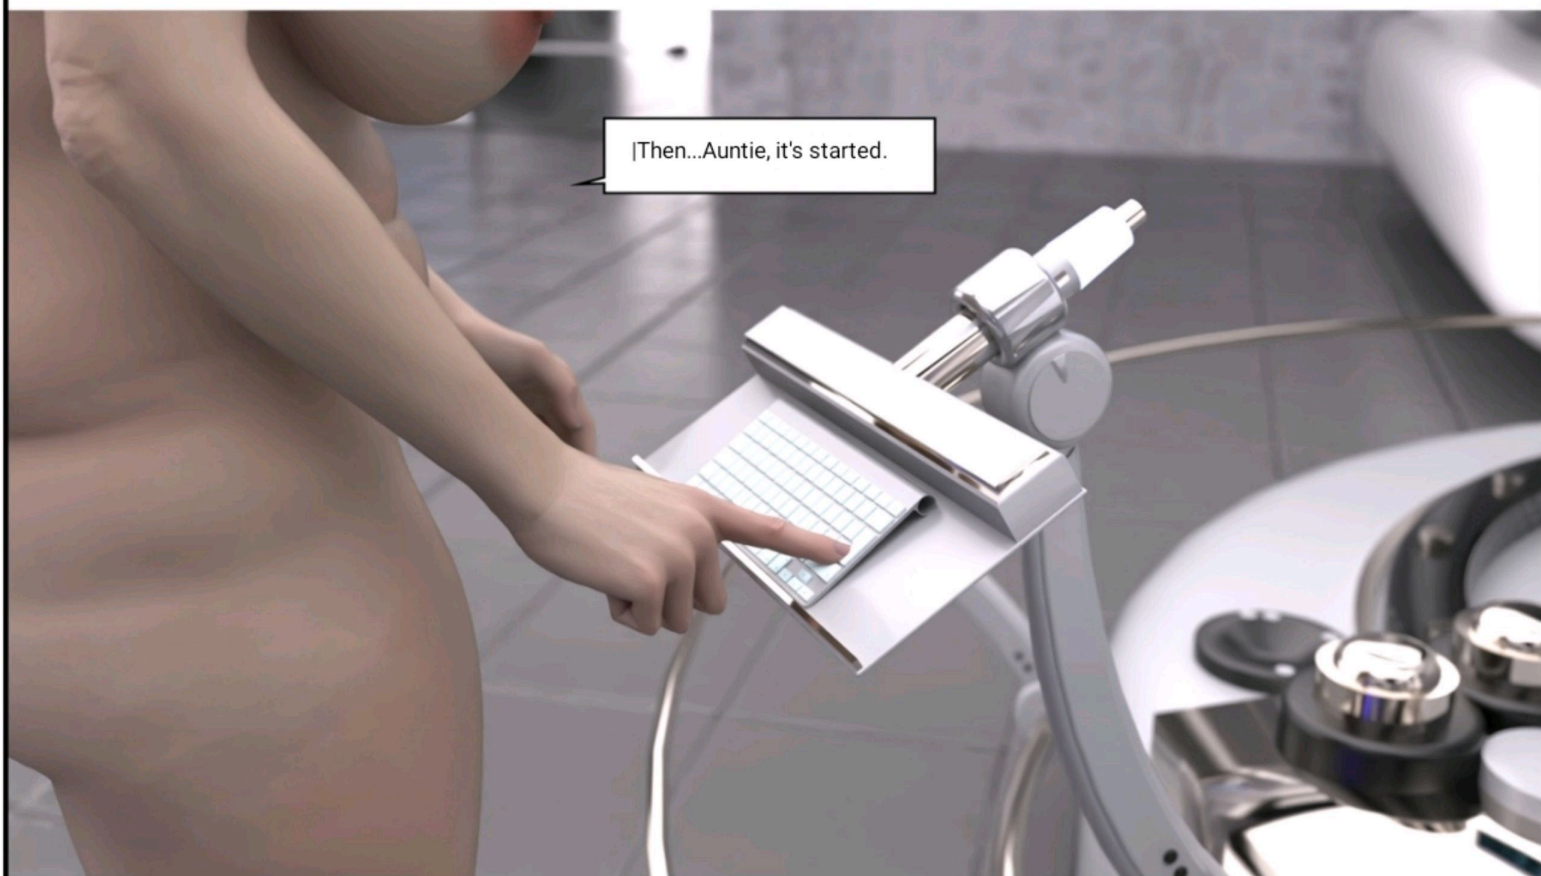

Lin Green

Really...really, amazing.

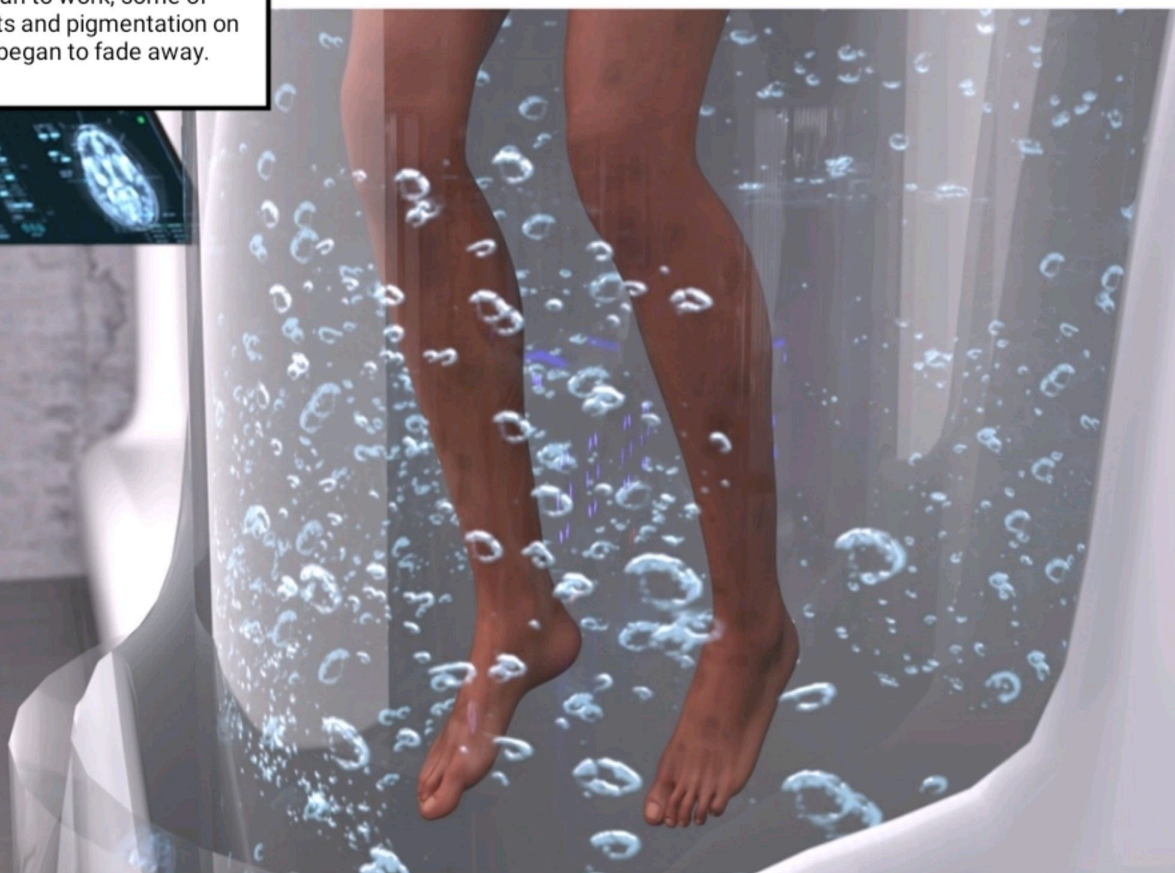

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

This green  
boy

As the machine began to work, some of  
the original age spots and pigmentation on  
Sun Guifang's body began to fade away.

Lin Luzi

Pixiv: [www.pixiv.net/users/100328105](https://www.pixiv.net/users/100328105)

Lin Luzi

In just a few seconds, the money disappeared.

I...the spots on my body are gone.

Lin Luzi

Then her original hair began to fall off, and the newly grown hair was soft and shiny.

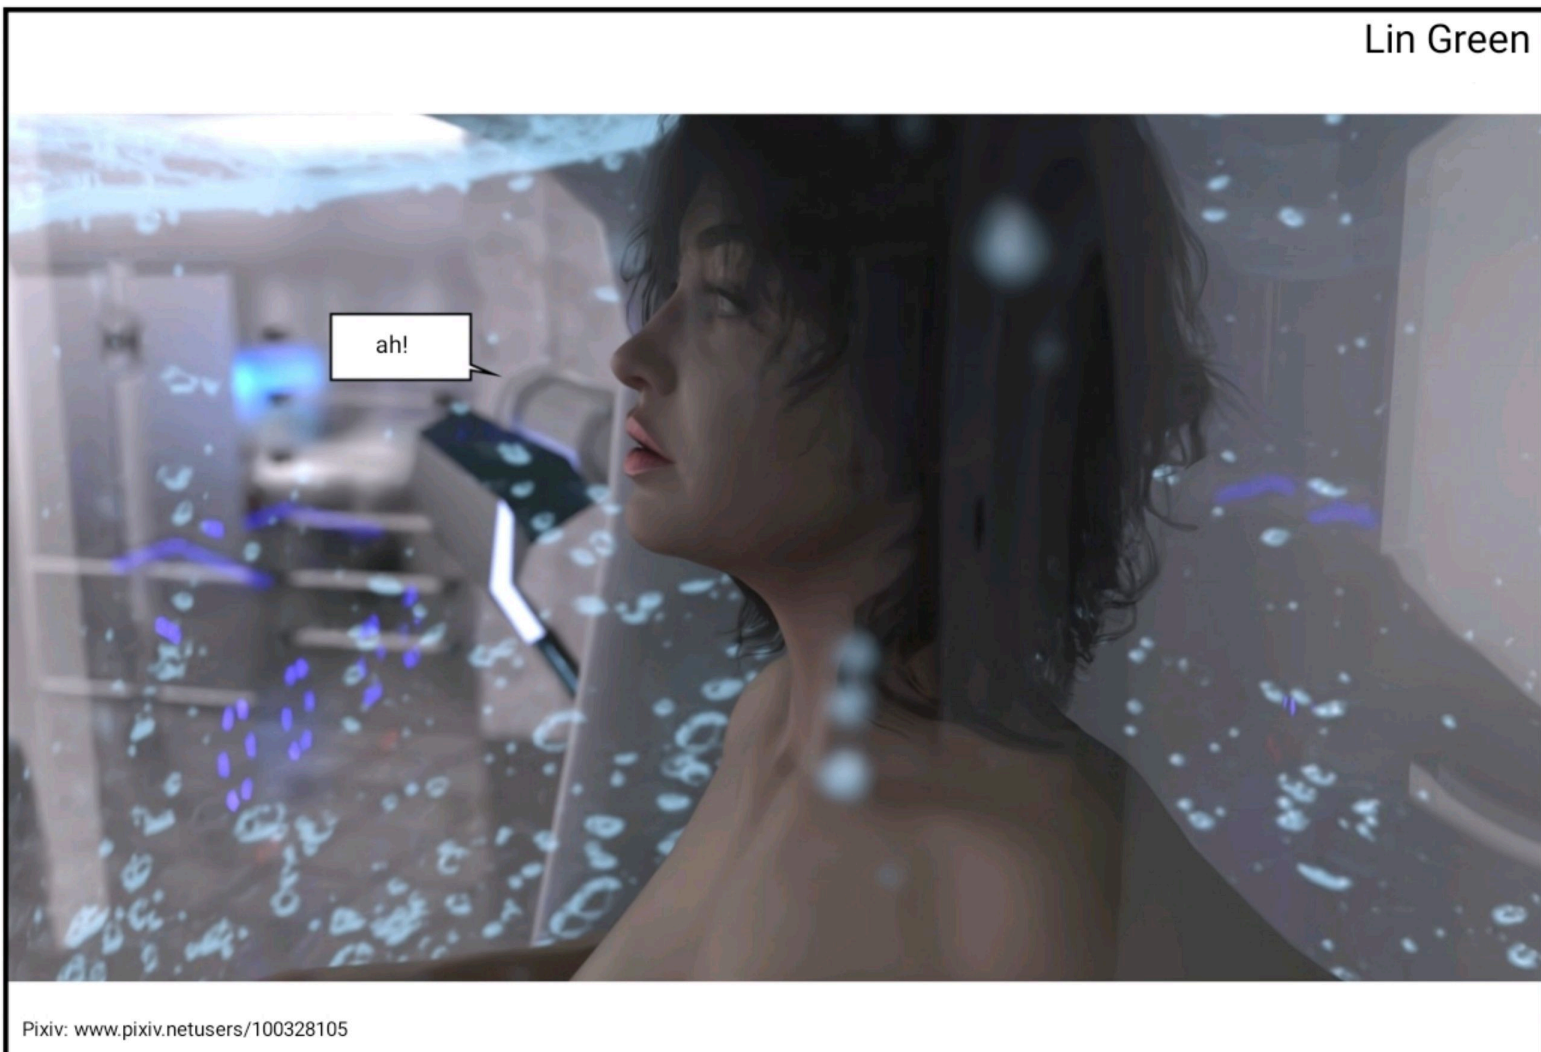

Lin Green

| Finally, the color of her skin began to change, and the white spot began to open on her dull yellow batter skin | It started to expand, and a layer of delicate foundation was applied to the rubber.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Green

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Luzi

How about it, Aunt Sun - How do I feel, my skin is very smooth.

Lin Luzi

It's so amazing, Xiao Ni'er, I'm not only skin, but also my lotus nails have become so beautiful.

Lin Luzi

The skin is elastic! The face has a lot less wrinkles.

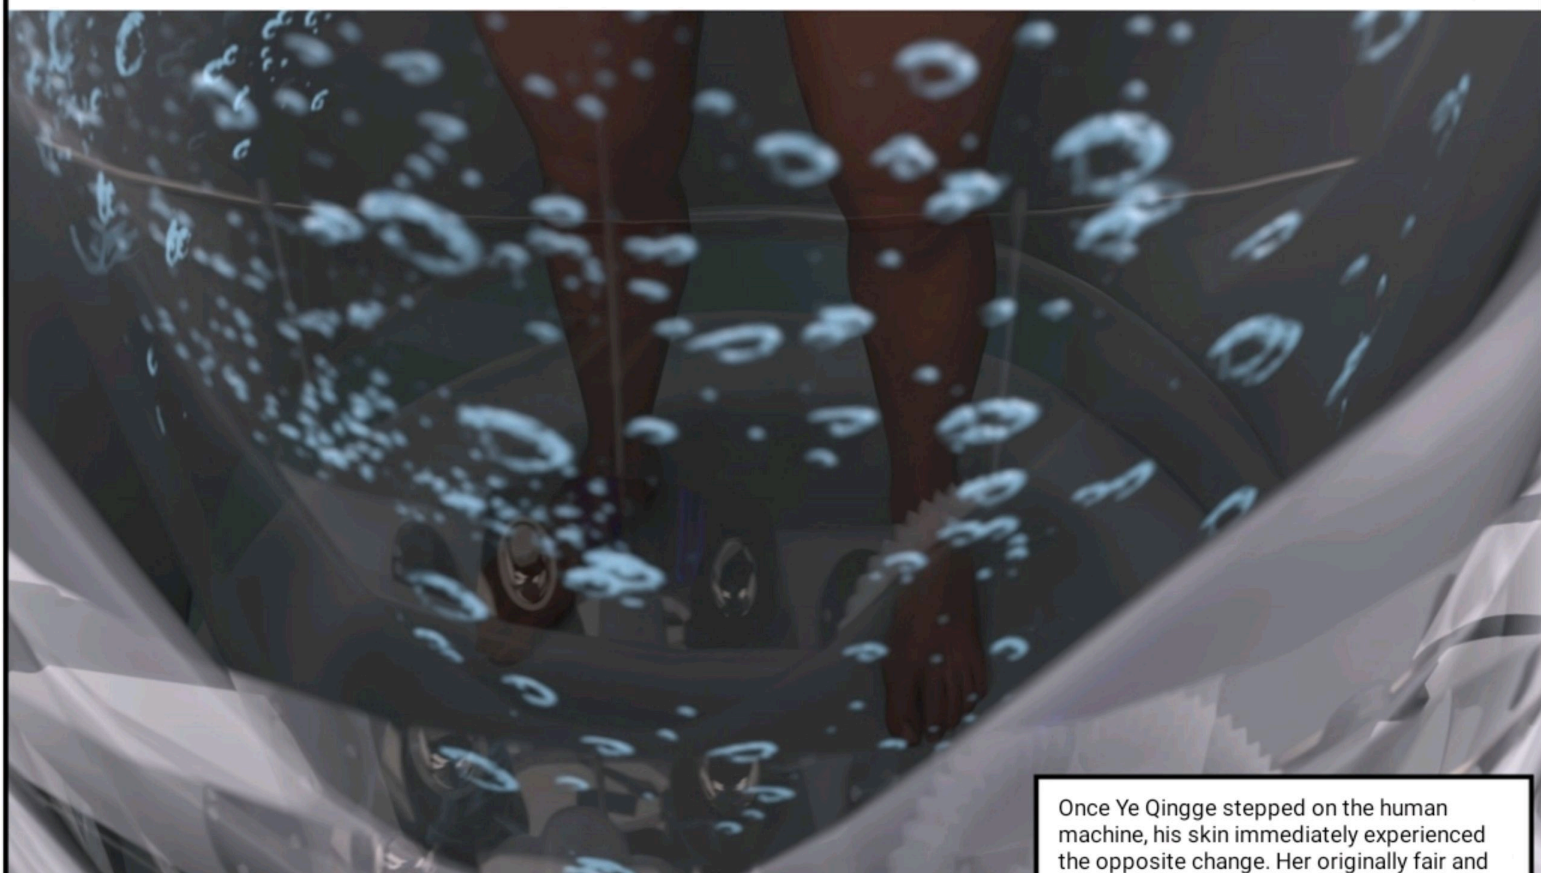

Lin Luzi

Well, although there are a lot of wrinkles on my face, this is not enough. but. I will deal with the extra treatment on my face in a while. Next, wait until I change my skin.

Lin Luzi

Once Ye Qingge stepped on the human machine, his skin immediately experienced the opposite change. Her originally fair and delicate skin began to become rough and yellow, as if she was quickly eroded by time.

Lin Luzi

Small wrinkles begin to appear on the cheeks, especially at the corners of the eyes and forehead. The originally smooth skin surface becomes slightly rough and loses its original luster. Her complexion also changed from fairness to slightly yellow, just like long-term exposure to the sun

This confuses...

Lin Luzi

Ye Fage gently stroked his cheeks and felt the changes in the texture of his skin. Some faint age spots began to appear on the back of her hands, and the elasticity of her skin decreased significantly.

|Shi Mizuko

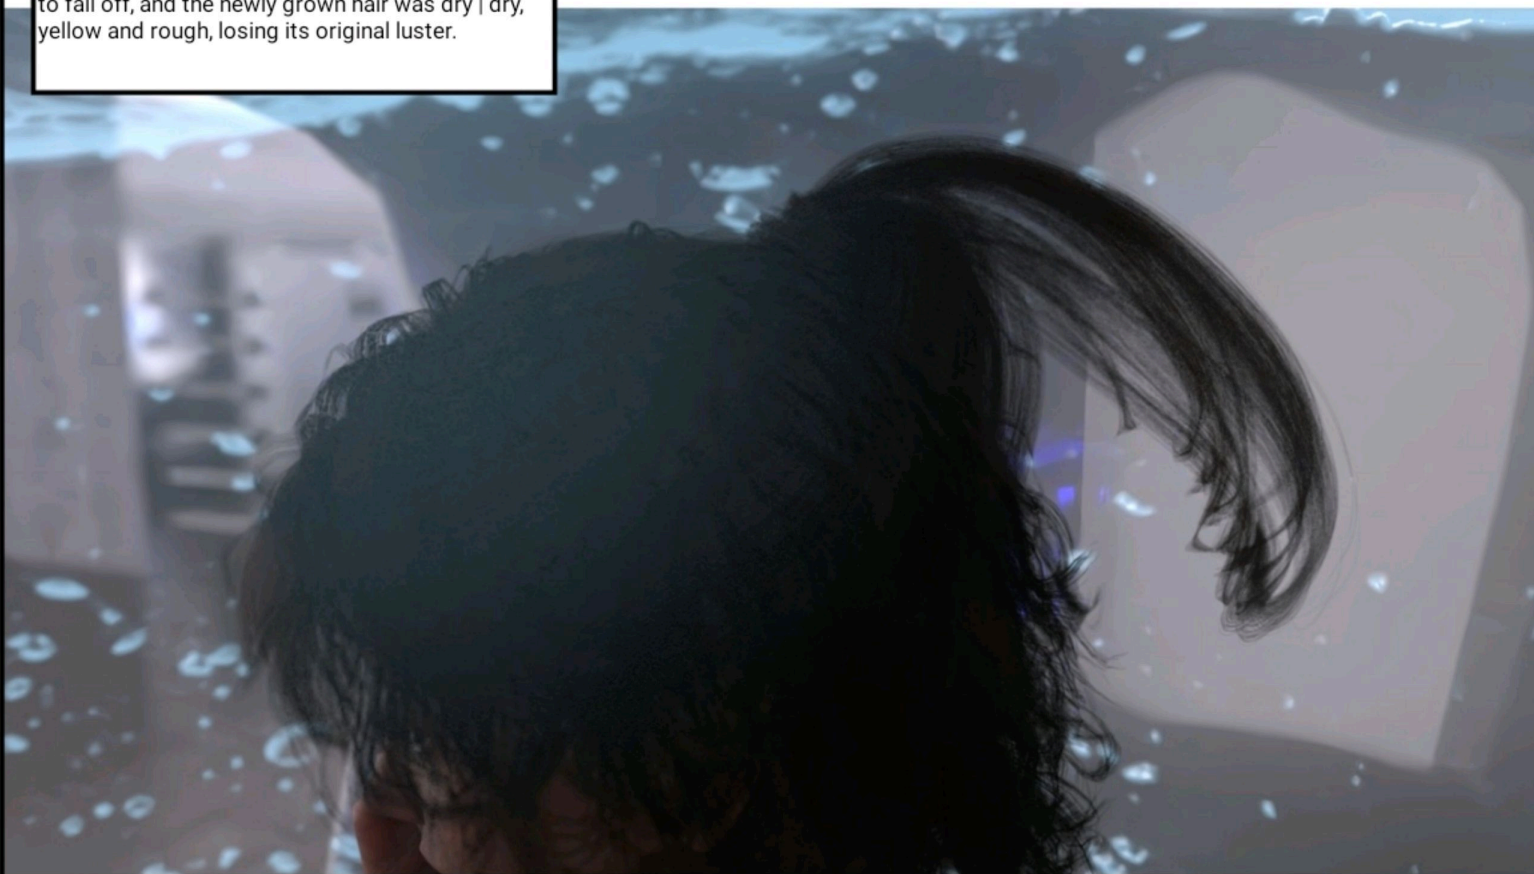

Her armpits, which had almost no body hair, began to grow fine hair. The new hair was thin at first, but it quickly became thick and hard.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Green

Ye Zhuge's long black, shiny and silky hair began to fall off, and the newly grown hair was dry | dry, yellow and rough, losing its original luster.

Lin Luzi

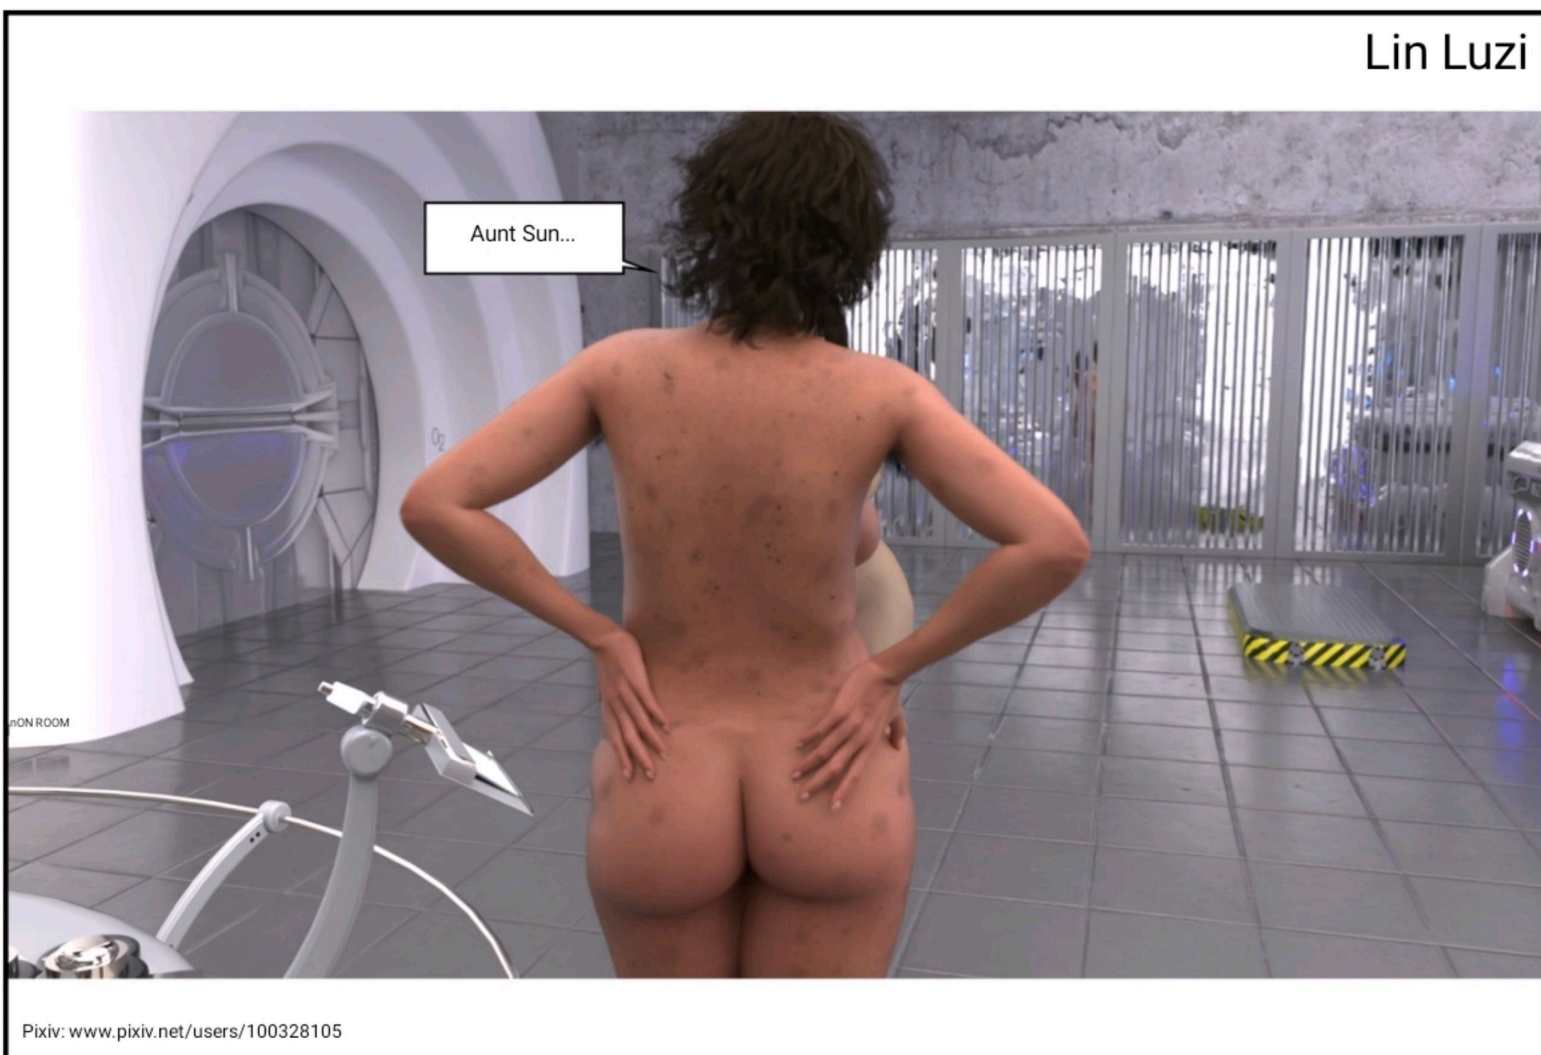

Pixiv: [www.pixiv.net/users/100328105](https://www.pixiv.net/users/100328105)

Lin Luzi

At this moment, Sun Guifang was immersed in the changes in her body. Her inner skin had become the same as Ye Dige, but there were still some small wrinkles on her face.

Lin Luzi

NON ROOM

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Green

Xiao Ni... Sorry, I'm fascinated by looking at her... Have you done it?

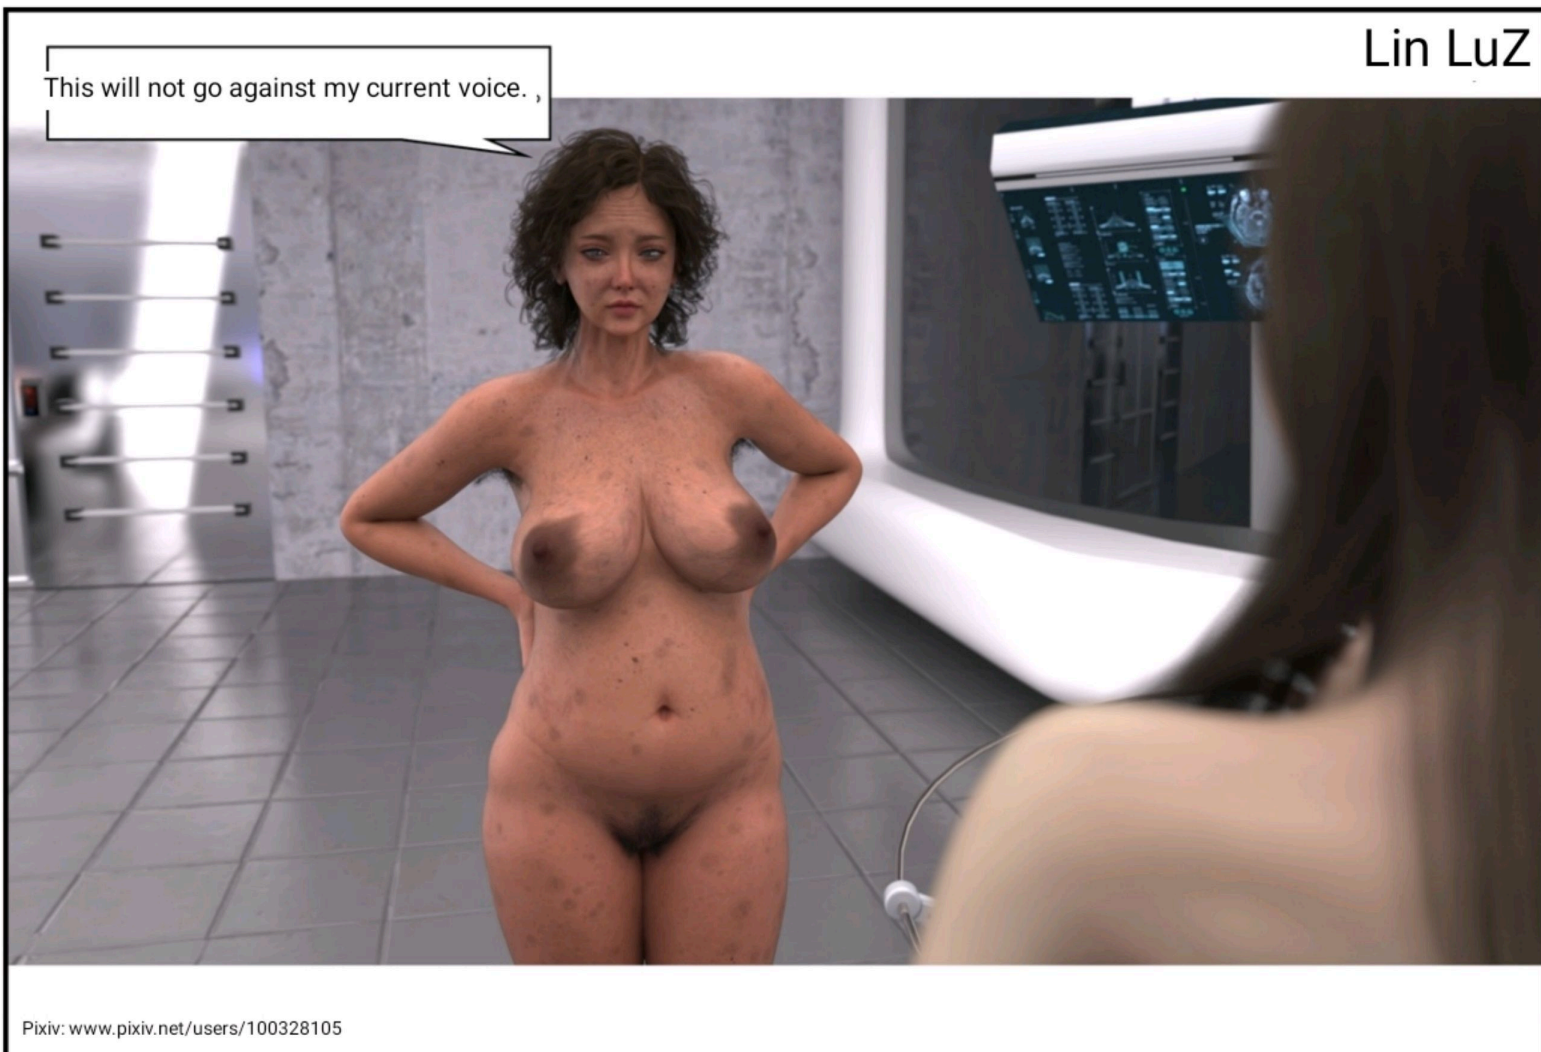

Lin Luzil

Oh my God! Xiao Ni'er! Why did you become like this?

Lin LuZ

This will not go against my current voice. ,

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

|Lin Luzi

Oh, Qingge, you look like this... I look like you are with me!

You have wrinkles on your face, these spots?

Lin Luzi

These fine lines and spots are exactly the same as Aunt Sun, you just now.

Now, except for the appearance that we have not become salty, the others have become completely salty.

Mitsuko  
Kobayashi

In this way, you should call me aunt.

Lin Sizi

It's not bad, Xiao Ni'er, don't try to make fun of the aunt.

Lin Luzi

Haha, Aunt Sun, I'm not kidding, I'll get to that point later.

However, let's sort it out a little now.

Lin Green

Xiaoni, is this really good? I'm just wearing your clothes like this.

What's there to do, Aunt Sun. Besides, your current figure is only suitable for this set of clothes.

This green  
boy

[This dress is not cheap, it feels smooth  
and smooth, this ready-made dress  
costs at least 500 yuan.

Lin Luzi

Almost, Aunt Sun, this set of clothes, this pair of sandals and this belt, is less than 50,000 yuan in total.

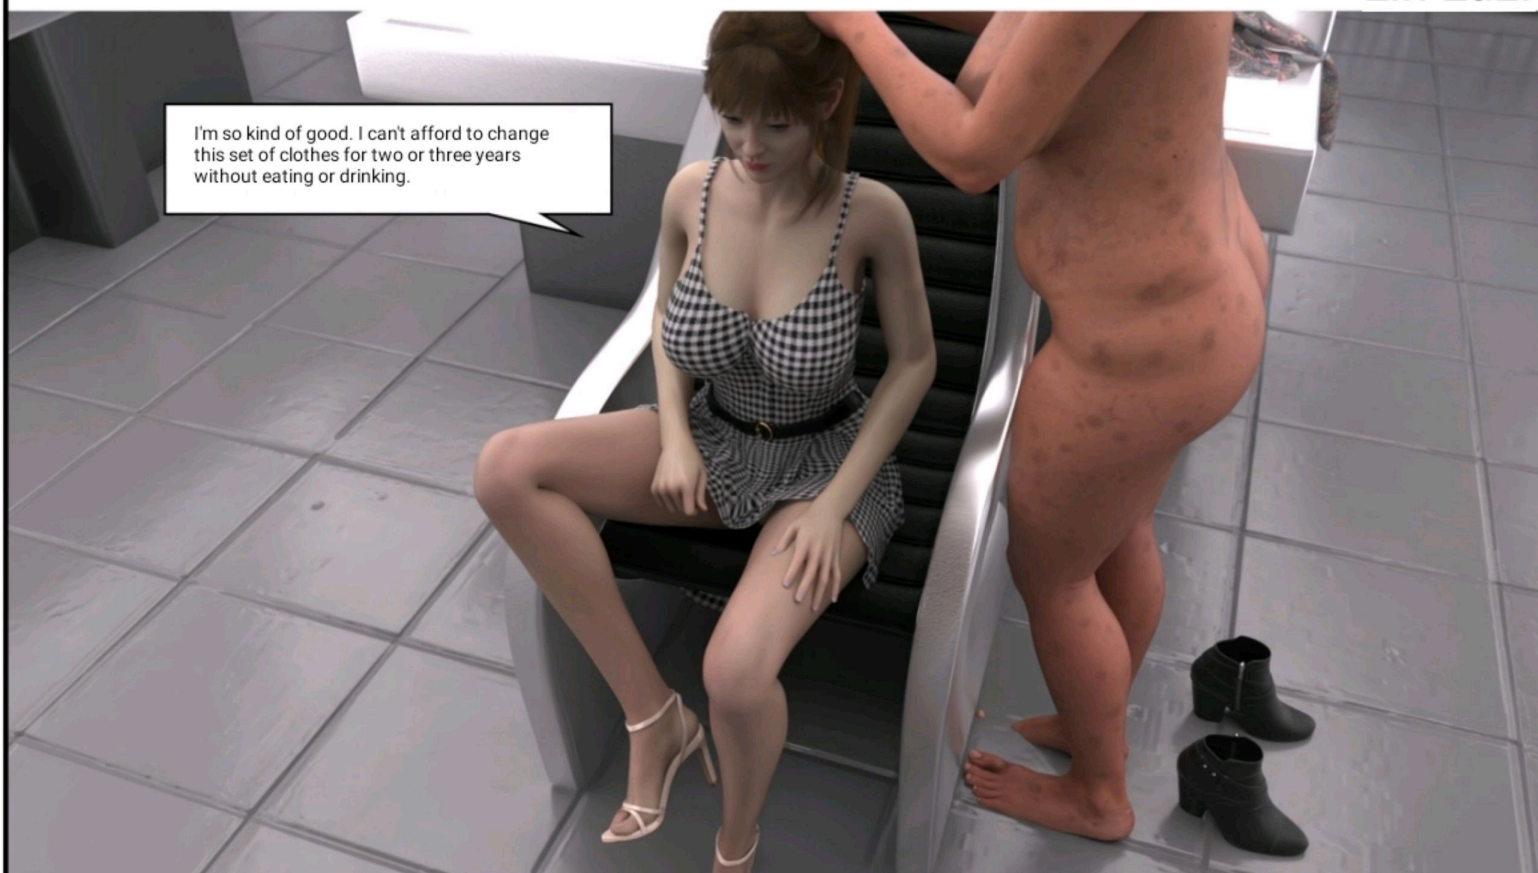

Lin Luzi!

How many?! Five...five directions?

Aunt Sun, don't move,  
your hair is not tied yet.

Lin Luzi

I'm so kind of good. I can't afford to change this set of clothes for two or three years without eating or drinking.

Lin Luzi

OK, Aunt Sun, your hair is tied.

Wow, look, if you go out like this, others will definitely think that you are only 30 years old at most.

Is that right... Thank you, please sing...

Lin Luzi

Okay, I should put on my clothes, Aunt Sun,  
are all the clothes you just took off here?

This green boy

Guess the song, do you really want to put the clothes that your aunt just took off?

I bought this outfit from a street stall for dozens of yuan. I have been wearing it for a long time, and I am so angry.

Aunt Sun, look at my skin and internal organs now belong to you. Even if there are any secretions on this clothes, they are still considered to be my own body. Can I still dislike myself?

Lin Green

Lin Green

How about it, Aunt Sun, your clothes are very good. If I were wearing my own clothes now, others would have thought I stole it.

green

By the way, Aunt Sun, where are your socks?  
Why didn't you see the socks you just took off?

I just stuffed my socks into my shoes...

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Luji

Is it here?

Lin Luzi

Well, little Ni'er, I'll help you get it.  
My shoes are so dirty.

Lin Luzi

But in the end, you are the eldest lady now, how can you do this?

Lin Luzi

My mother, young lady, you dare not learn from me, I will be rewarded.

Lin Luzi

Haha, it's not a fuck, Aunt Sun. After that, we must live as each other, so we must get along well.

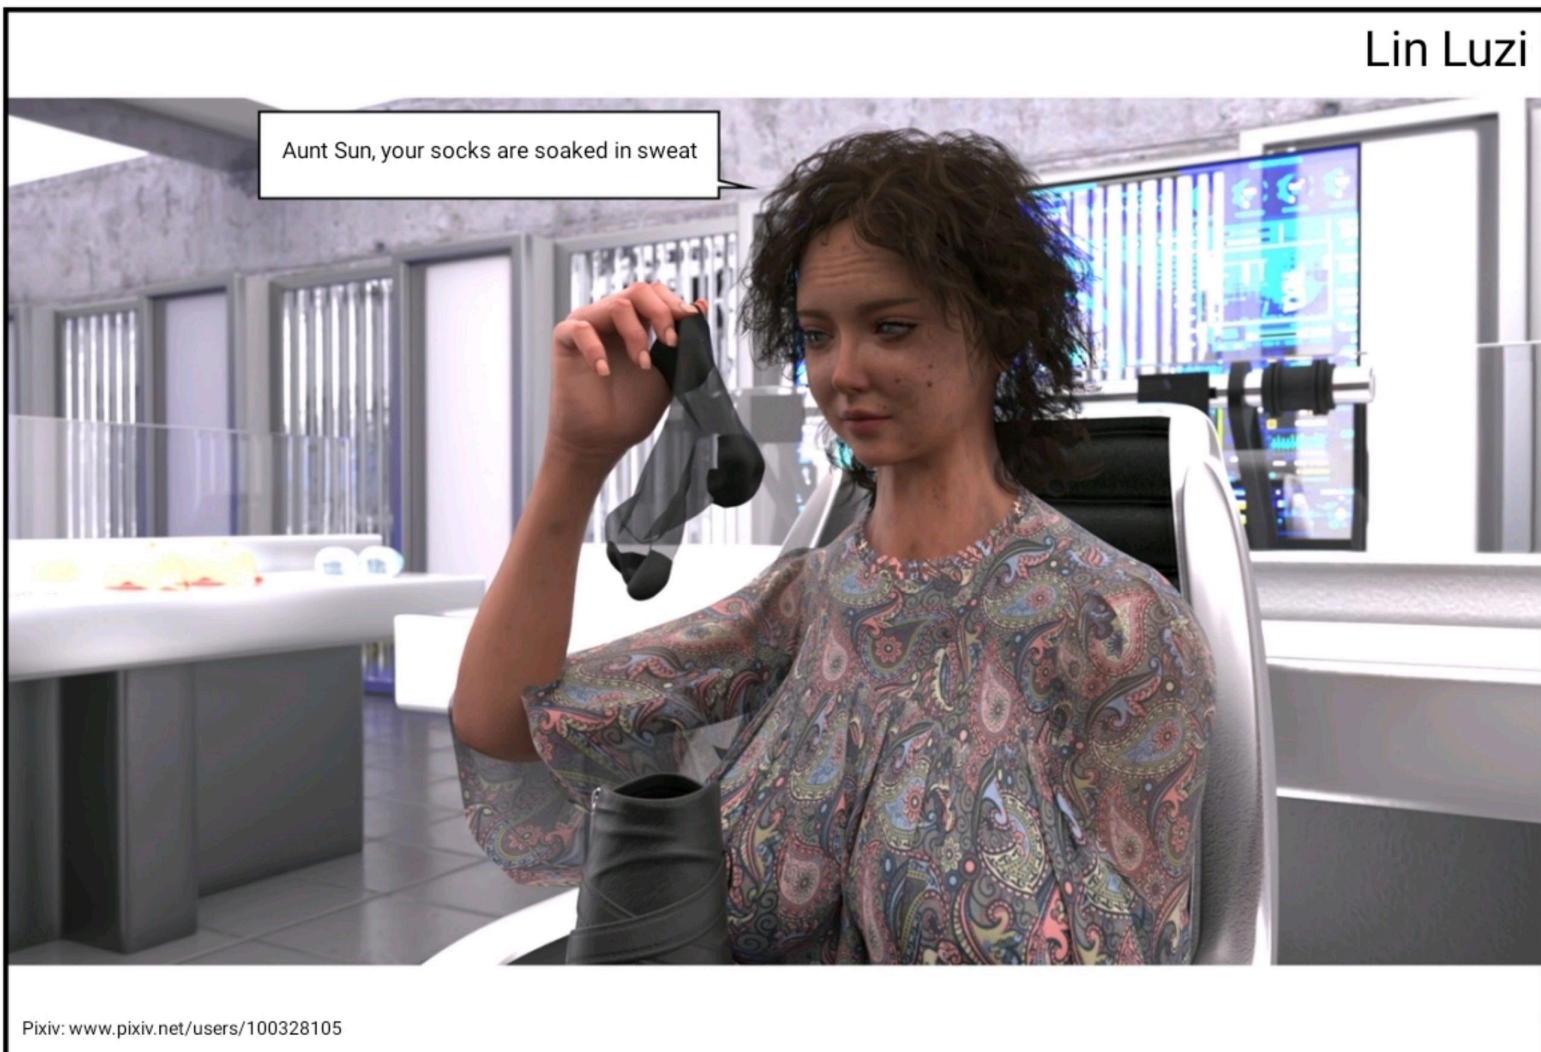

Lin Green

But it is still a bit difficult to really learn from Aunt Sun's Henan accent. Sure enough, I still have to borrow the power of technology later.

Lin Luzi

Aunt Sun, your socks are soaked in sweat

Lin Green

Oh, my eldest lady, I said my clothes are a little dirty, and I didn't think about this thing today, so I didn't have time to change the curry even when I went out.

You misunderstood Aunt Sun, I have no intention of disgusting you.

Lin Luzi

I was thinking, if you wear such thick ,  
shoes, your feet must be very boring!

This green boy

Lin Luzi!

Nothing is wrong, little Ni'er?

It's okay, Aunt Sun, I feel anxious and a little dizzy.

Lin Luzi

OK, Aunt Sun, you see, we have basically completely changed our skills now.

But Ji Ge, we can't fool others than others by doing this.

Midoko  
Kobayashi

My face is different! Just Ji has become the same as you. I use your body but fuck the Henan official. Why do I feel strange?

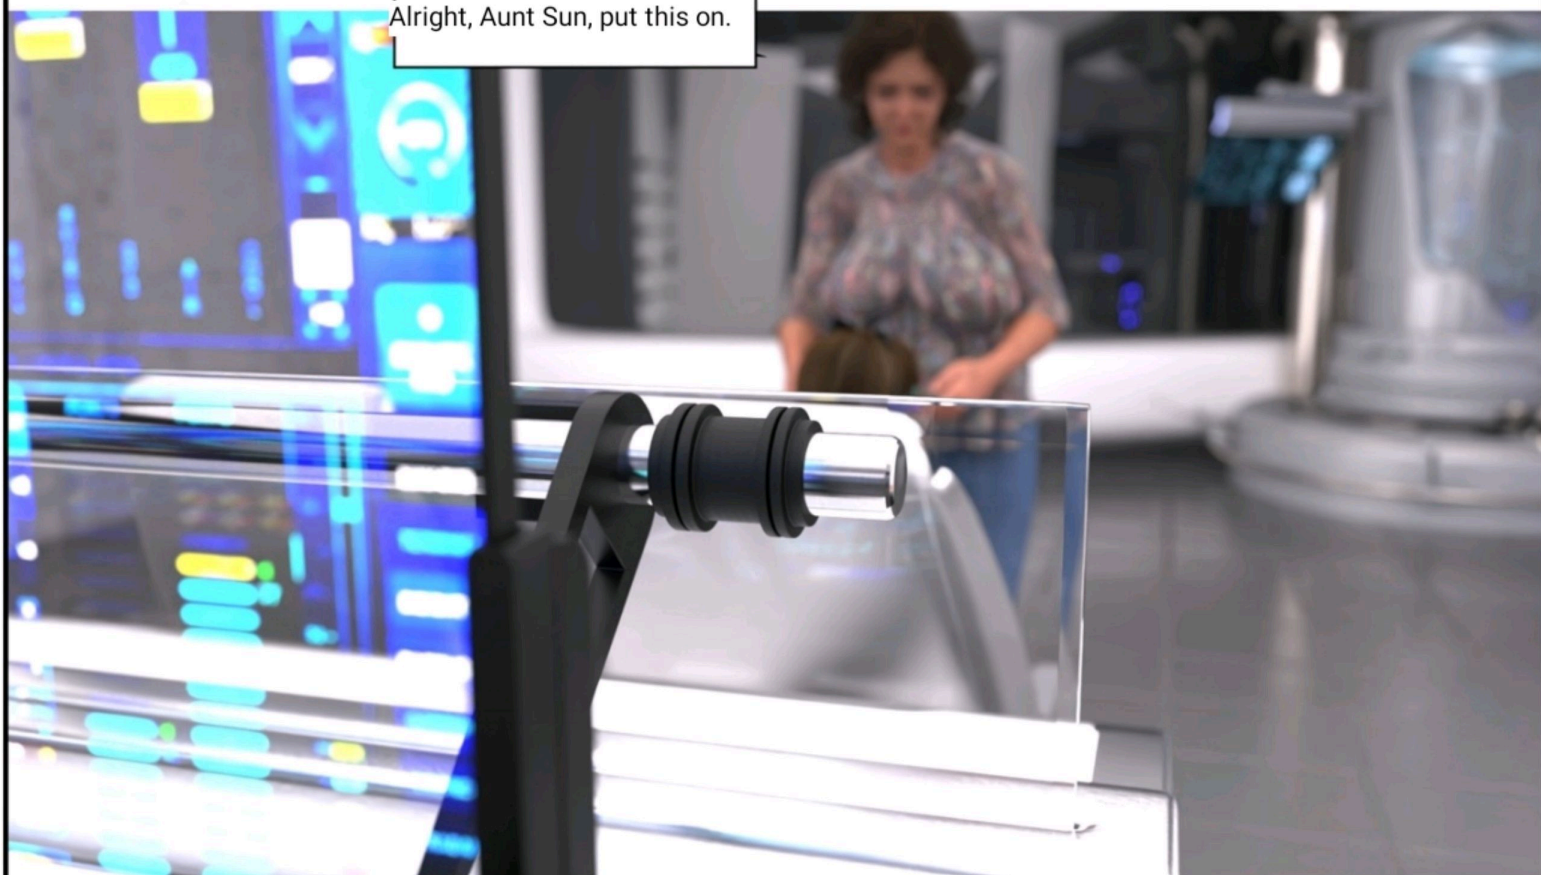

Midoko  
Kobayashi

Since Aunt Sun, you have said this, then  
sit and wait first, I'll go get something.

Lin Green

Alright, Aunt Sun, put this on.

What's this, Qingge?

Imitate the other person?

This is a prop that allows us to use the other person's living habits and speaking methods to better imitate the other person to live.

Kobayashi  
Siko

Will I subconsciously treat me  
as you? What is that?

Yes, this VR glasses can modify our  
subconscious mind by modifying our  
subconscious mind. If we do not deliberately  
recall our original habits, we will subconsciously  
speak and do things like the other person.

-You'll know in a while, Aunt Sun,

Kobayashi

In addition, this machine can also transmit our mutual memories to each other, allowing us to deal with each other's life more perfectly.

Aunt Sun, after a while, you can recall your life from childhood as soon as possible. Don't need to be too detailed, just go through it quickly. This machine will synchronize your ideas to me. Of course, I will also recall my own things as much as possible and let you know.

Lin Luzi

I understand

Then it begins. ,

After the machine started running, Sun Guifang thought she would press the memory of Ye Qing Guaige, but she only saw some inexplicable patterns and colors flashing in front of her eyes, accompanied by soft music. Although she didn't know what was lazy, she quickly began to recall the profound things she had reflected since childhood.

J Lin Luzi

Lin Luzi

Half an hour later, as the glasses flashed, the whole process ended.

End calling?

Lin Luzi

Yes, it's over, what do you think, Xiao Ni'er?

Ye Dixie took off the lower limit mirror and originally wanted to ask Sun Guifang beside him: Aunt Sun, how do you feel? But she jumped herself as soon as she spoke.

T

I...I'm... My name is "Sun Guifang,?"

After saying that, Ye Qingge couldn't help but blush. Although she was mentally prepared, she still felt a little ashamed to hear that she spoke such a standard Henan dialect in this divine voice. But at the same time, that strange pleasure spread further in her heart. This feeling of God's fall made her secretly excited.

Lin Luzi

It doesn't matter, "Aunt Sun, it seems that a lot of things are pouring into the mind, but it seems that I can't remember it for the time being.

Lin Luzi

Wait! 'Aunt Sun He,? I am... Ye Chaige, ...?

# | Green

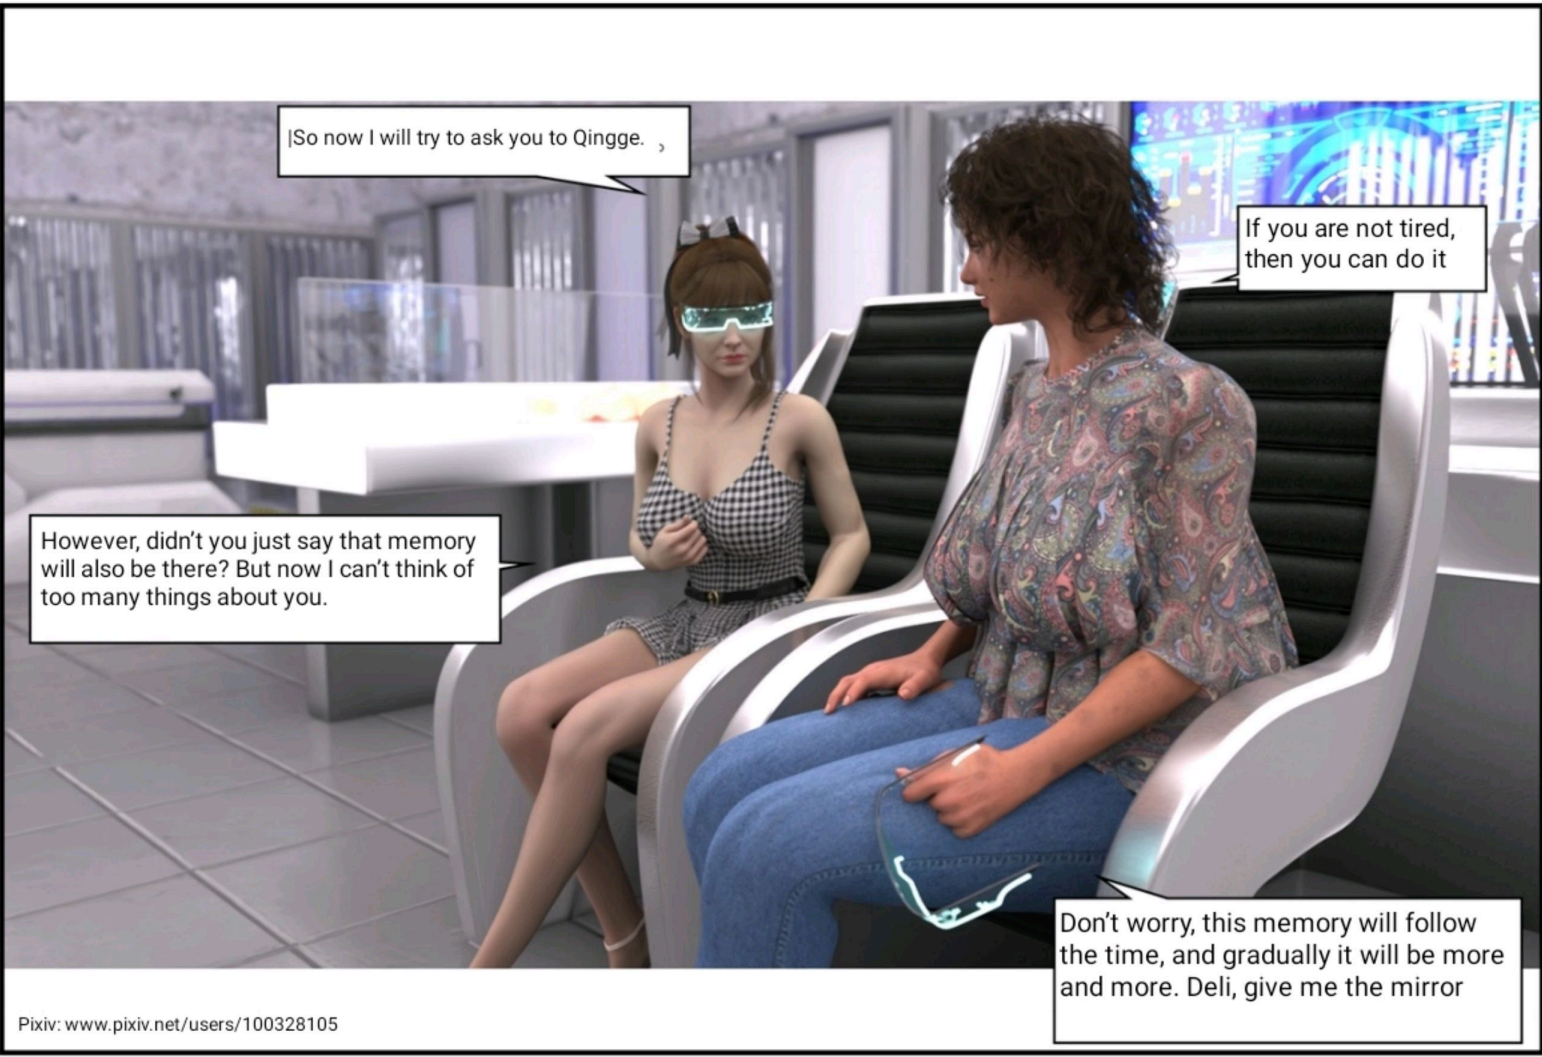

I...I'm Sun Gufang...

It's really wrong, I can still speak in Henan dialect.

Yes, we still have our own habits, but we won't blurt out when we use them deliberately.

It's green

After saying that, Ye Qingge couldn't help but blush. Although she was mentally prepared, she still felt a little ashamed to hear her speak such a standard Henan dialect in this voice. But at the same time, that strange sense of chivalry spread further in her heart. This feeling of God's fall made her secretly excited.

|So now I will try to ask you to Qingge. 》

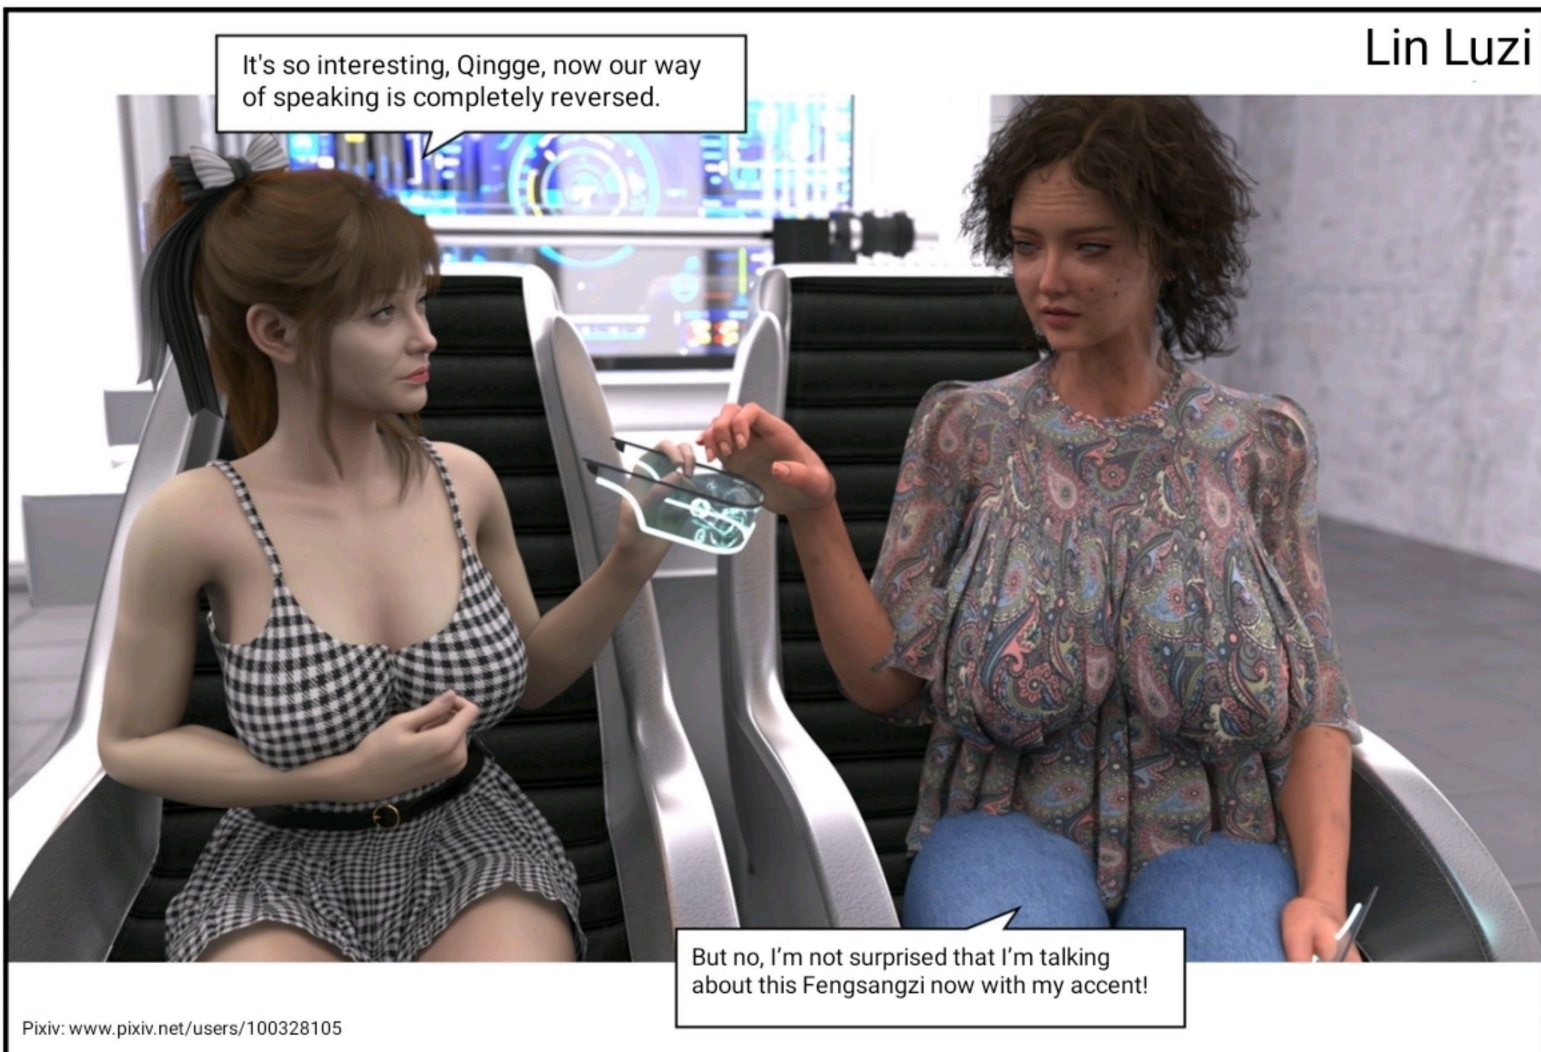

If you are not tired, then you can do it

However, didn't you just say that memory will also be there? But now I can't think of too many things about you.

Don't worry, this memory will follow the time, and gradually it will be more and more. Deli, give me the mirror

Lin Luzi

It's so interesting, Qingge, now our way of speaking is completely reversed.

But no, I'm not surprised that I'm talking about this Fengsangzi now with my accent!

|Ben Midoko

Well, don't worry, take your time.

OK, Ni'er, I'm going to prepare for the next step, making you more like Ye Qing Ge!

Lin Luzi

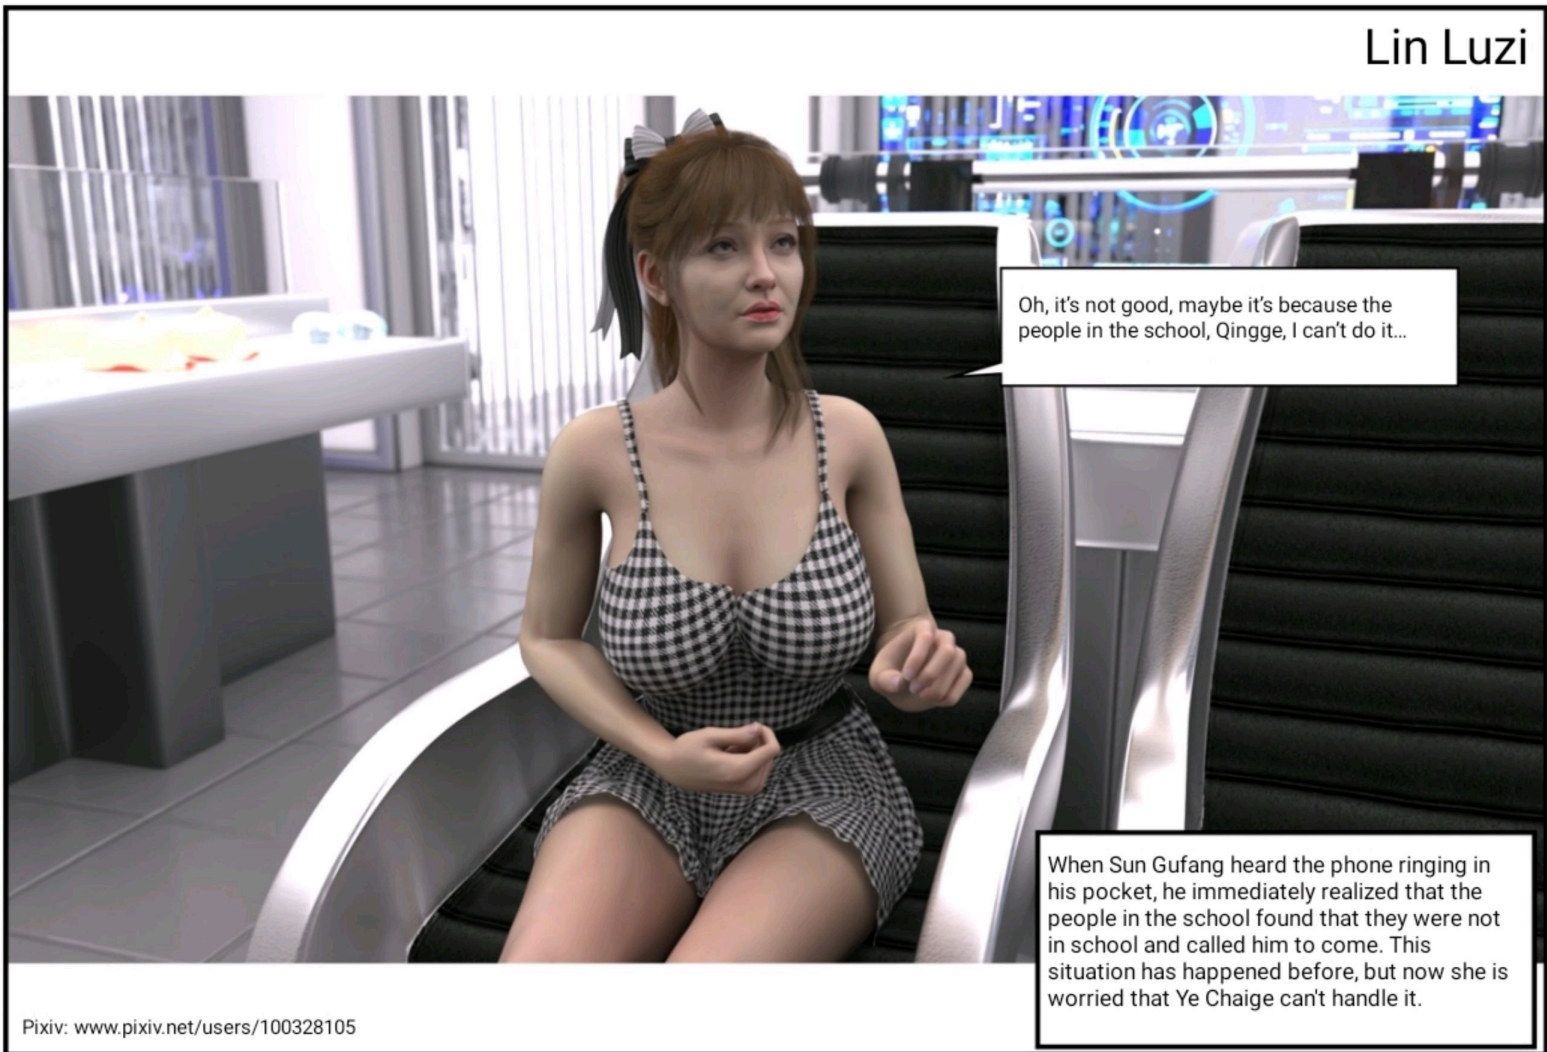

This green boy

I'm so drunk, who's it? Why are you calling now?

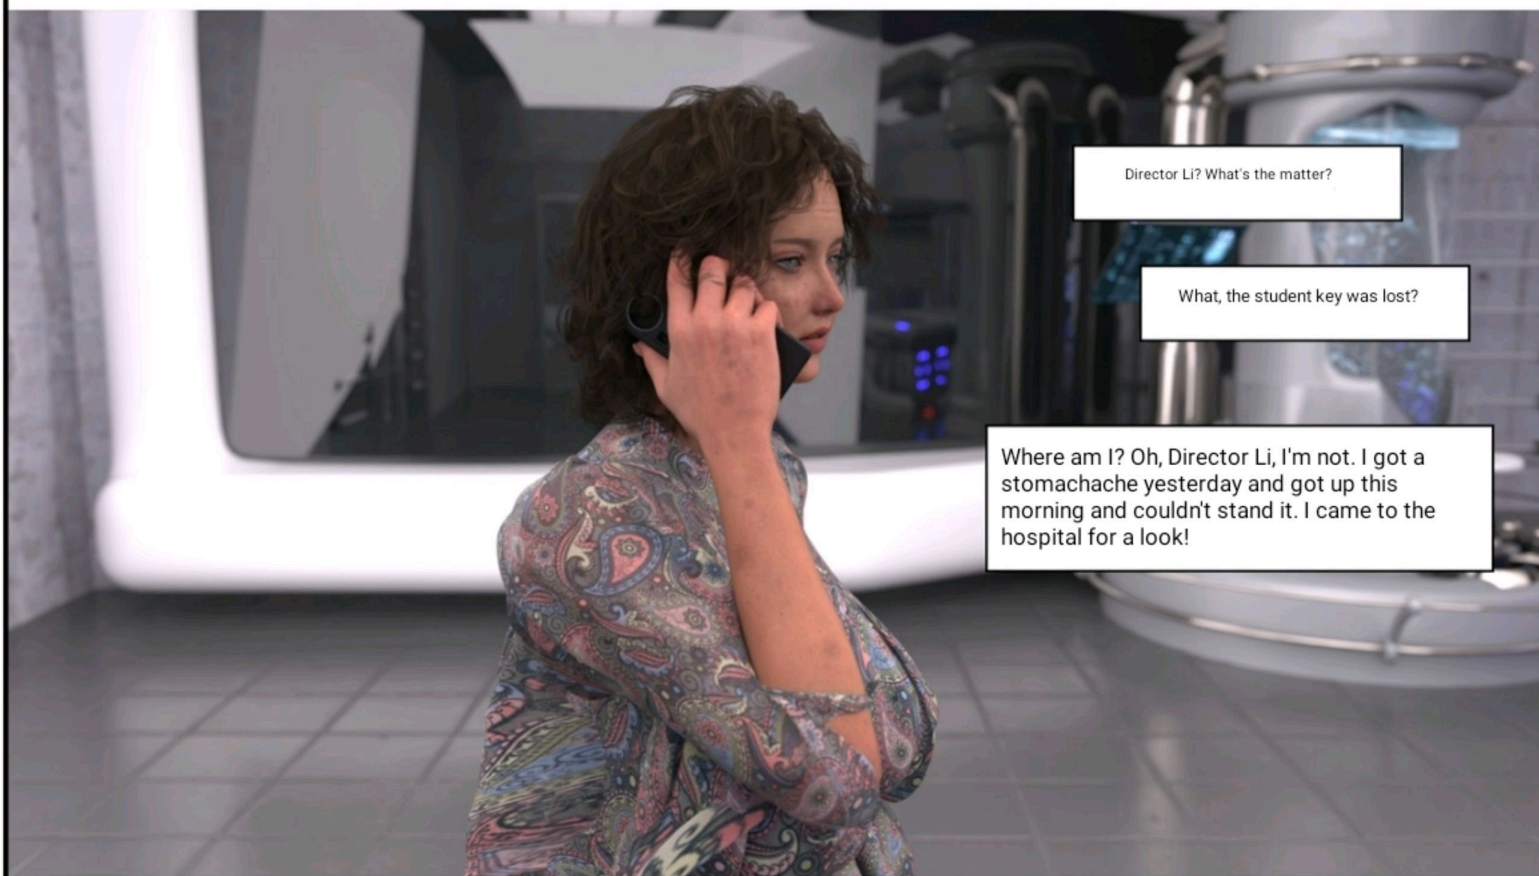

Lin Luzi

Oh, it's not good, maybe it's because the people in the school, Qingge, I can't do it...

When Sun Gufang heard the phone ringing in his pocket, he immediately realized that the people in the school found that they were not in school and called him to come. This situation has happened before, but now she is worried that Ye Chaige can't handle it.

Lin Green

Director Li? What's the matter?

What, the student key was lost?

Where am I? Oh, Director Li, I'm not. I got a stomachache yesterday and got up this morning and couldn't stand it. I came to the hospital for a look!

Death, Director, please don't be angry, I will be back in one hour!

You told the student, let him wait.

I'll hang it first

Sun Guifang looked at Ye You Ge in front of the costume and used the strong He Nannuo to speak such vulgar words. Although there was a trace of Ye Qingge's original shadow, her movements and expressions were like a 50-year-old mother.

Lin Luzi

Hehe, Xiao Nier, look, how is my acting like this? Director Xing Li didn't hear anything wrong. It's all golden to think I'm Sun Guifang!

Kobayashi  
Green

Let's wait and see, let's change this face later. Even if I stand in front of him, he will still want to recognize that I'm not you!

Lin Luzi

Then Qingge, how do you exchange our appearance in this last step? Do you need surgery?

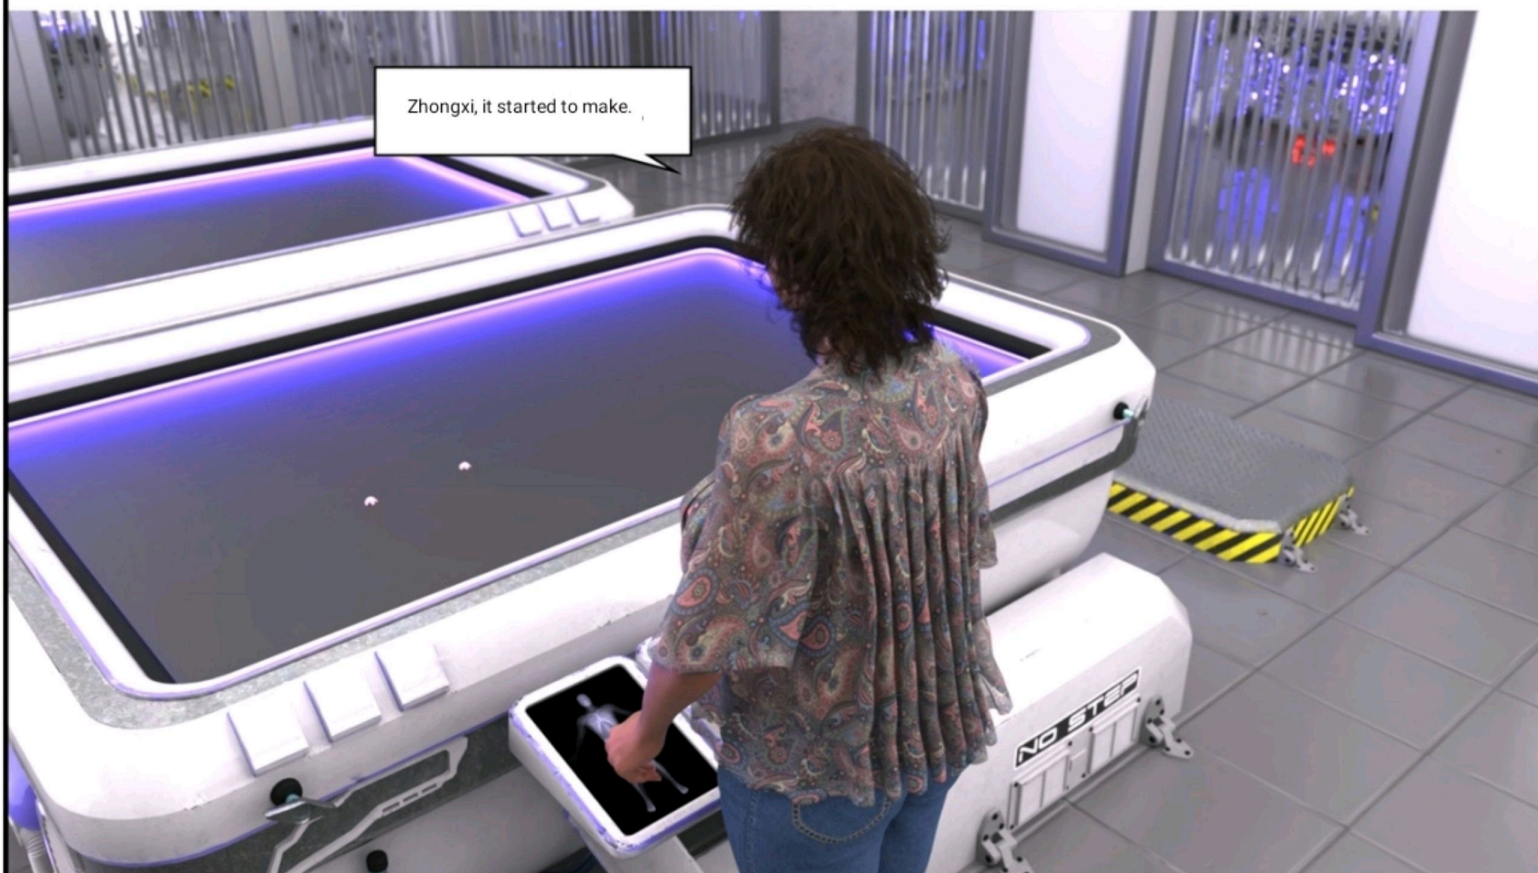

Lin Luzi

Then there is no need to use this machine to scan our body. It's really good to make two faces change.

This green boy

Zhongxi, it started to make.

Lin Luzi

The instrument is still operating. Ye Qingge turned his head and saw the mirror on the laboratory wall. In the mirror, it reflected a middle-aged version of Ye Qingge, which was owned by Sun Guifang. Its bloated body, with fat on the waist and abdomen, rough and yellow skin, and dry and messy hair.

Midoko  
Kobayashi

She was stunned for a moment and walked over involuntarily. She was heavy, wearing the floral top that Sun Guifang had bought on the street stall, and chose white jeans. She stomped her feet and wore a pair of thick high heels that were shiny for a while. The bloated figure in the mirror had a bit of old-fashioned look.

Lin Luzi

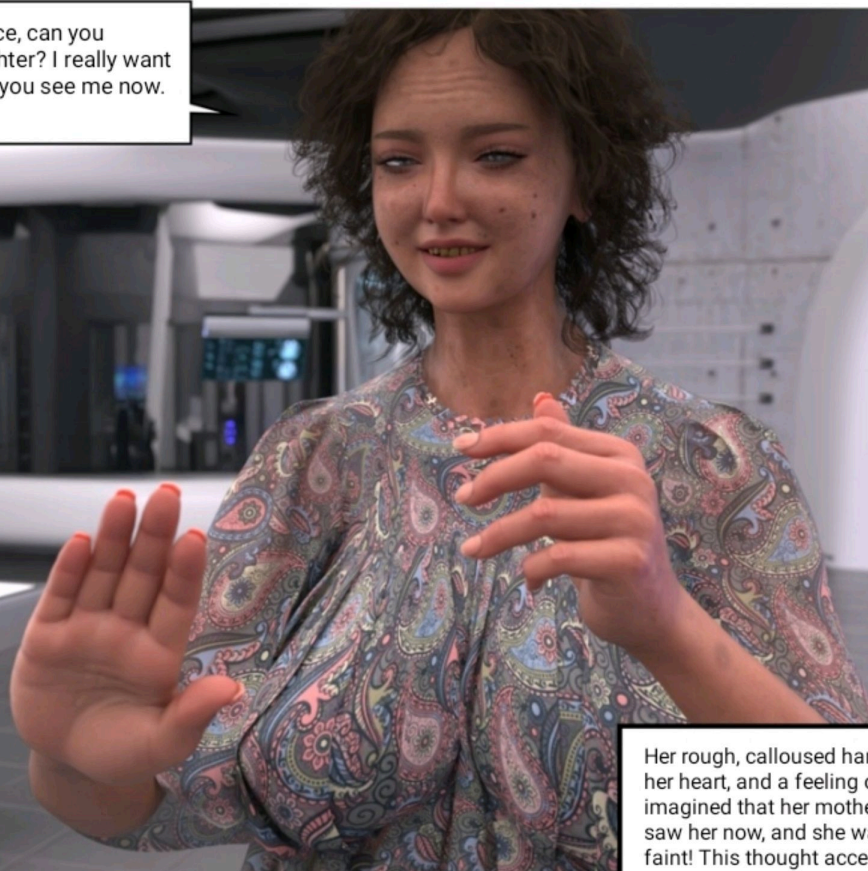

She stood in front of the mirror, Rui looked at her face. Although her face was somewhat similar to Ye Zhuge, she could be seen with her vulgar outfit and loose body. Anyone would think that she was just an old country woman who was similar to Ye Zhuge.

I'm so good at it, the company's technology is really amazing. I was still a beautiful little girl in the morning. Now I look like a fifty-year-old girl!

Lin Green

Mom, look at my appearance, can you recognize me as your daughter? I really want to see how you react when you see me now.

Her rough, calloused hands were bursting into her heart, and a feeling of revenge surged. She imagined that her mother would faint when she saw her now, and she was afraid she would faint! This thought accelerated her heart, and she even felt her lower body numb.

|Lin Luzi

Xiao Ni'er, who would recognize me as Ye Zhuoge when you throw it away? When I put this mask on, even if I stand in front of my mother, she will have to call me "Aunt Sun"! Haha, Wu is so excited!

Yes... Qingge. .

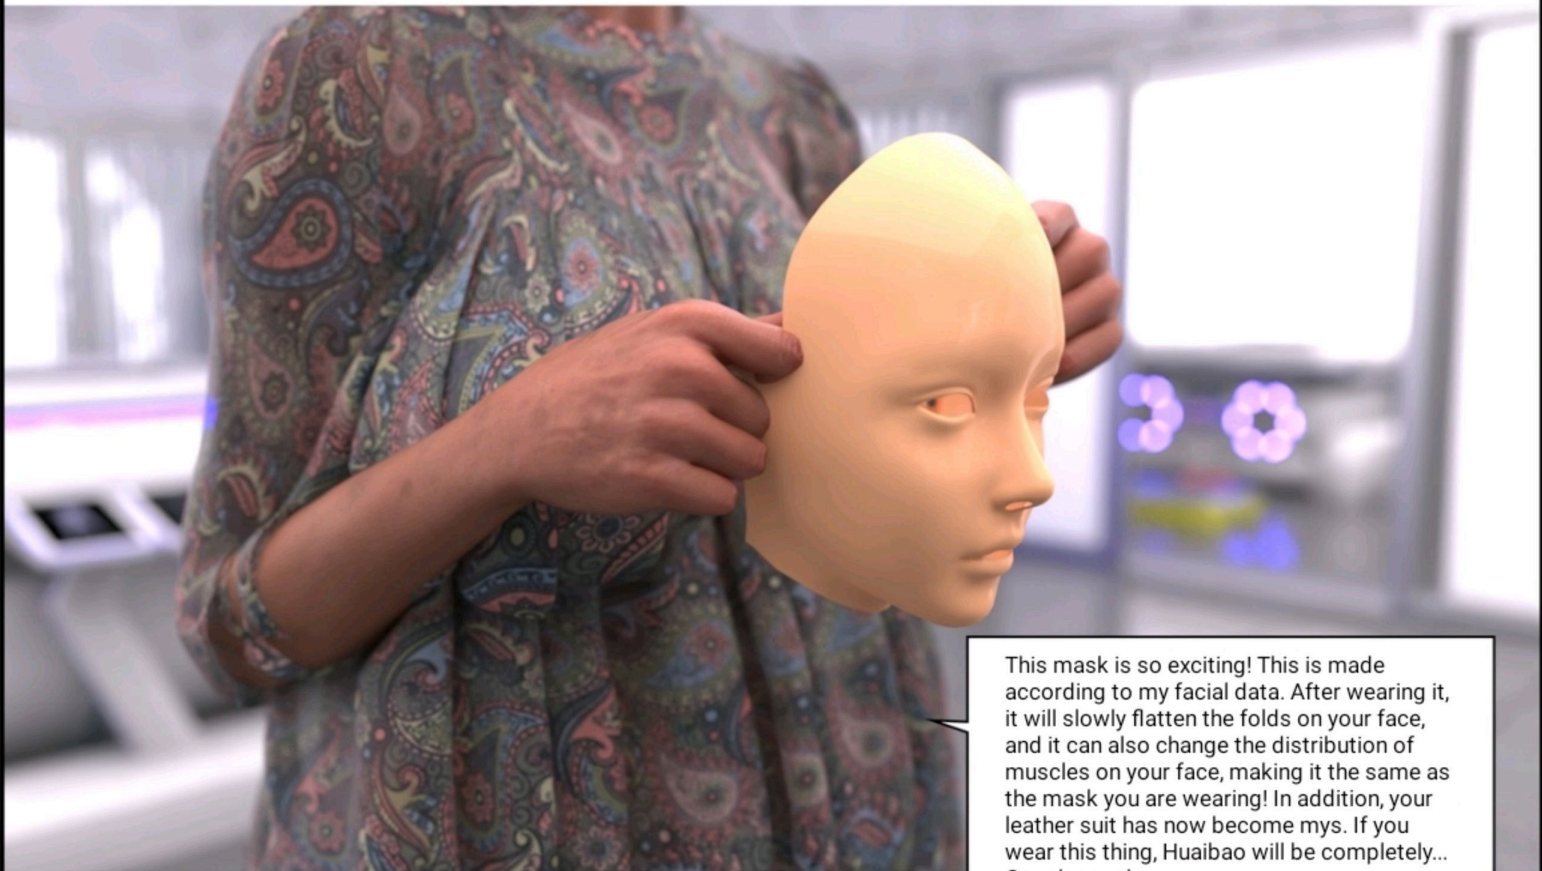

Sun Shuanfang still didn't understand why Ye Qingge was so happy to become as old as himself and ugly as himself, but Ye Qingge's words seemed to understand that Ye Qingjie seemed to want to restore his family through this divine thing. But she was still wondering how much hatred there was between Ye Qingxie and Di Mother. Maybe she can figure it out by herself later Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Lu

Little green

This mask is so exciting! This is made according to my facial data. After wearing it, it will slowly flatten the folds on your face, and it can also change the distribution of muscles on your face, making it the same as the mask you are wearing! In addition, your leather suit has now become mys. If you wear this thing, Huaibao will be completely... Cough cough...

Lin Green

Before he finished speaking, Ye Qingyan's throat tightened, as if he was blocked by a sticky ball of Dongyou, and his throat felt itchy.

Ahem - -Uhhhh!

Sun Shuanfang looked at the trick of Ye Qingge rubbing his feet on the ground, and her stomach churned and her brows frowned. Although I have always been accustomed to vomiting anywhere, I don't know why I asked for a song when I looked at this scene of renting a commonplace, and I almost wanted to turn my head.

Lin Luzi

Cough, my throat is stuck in my mouth, it's so sad. I said, once Da mask is worn, you will definitely be completely the same as Ye Zhuge.

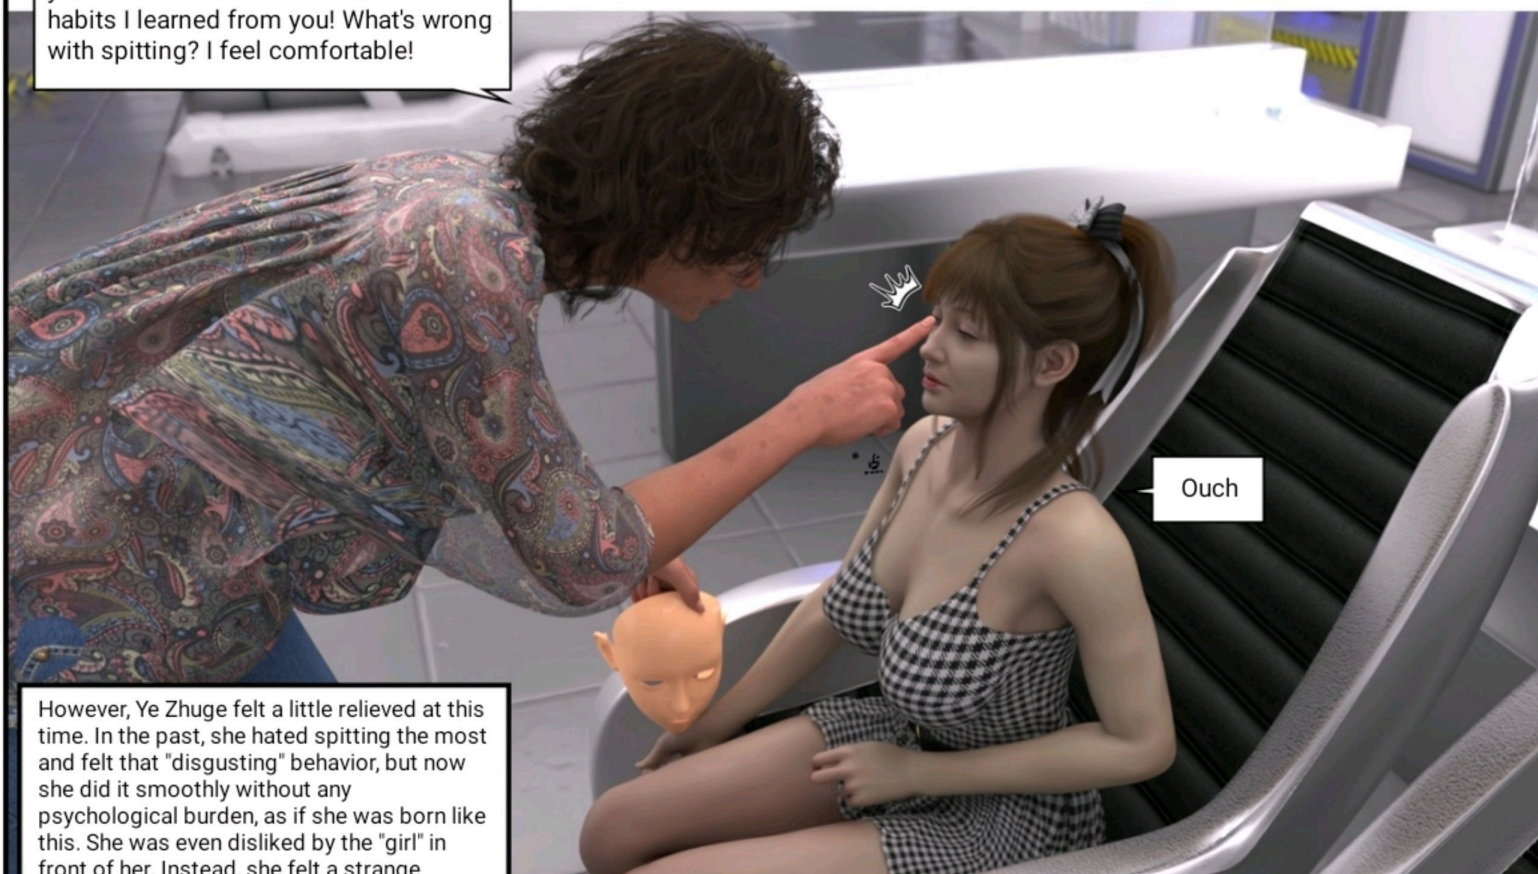

Little Green

Qingge, this is your laboratory, so clean, you rub your feet with your feet after spitting out, making it like an oak market, right?

Oh, you little Ni'er learns quite fast, and you even dislike me! I'm not all the habits I learned from you! What's wrong with spitting? I feel comfortable!

Ouch

However, Ye Zhuge felt a little relieved at this time. In the past, she hated spitting the most and felt that "disgusting" behavior, but now she did it smoothly without any psychological burden, as if she was born like this. She was even disliked by the "girl" in front of her. Instead, she felt a strange stimulation, as if she was provoking herself in the past.

Lin Luzi

OK! When you put on this mask, you will become a lofty Ye Qingxie. Then you think that these people in the village are rude!

Lin Luzi

Isn't this hard? How can I wear it firmly?

Press it on the back of the face and stick to the skin tightly.

Lin Luzi

Zhongli, just sit here peacefully,  
I will bring my mask too.

That's right, the mask is playing a role.

I feel like there are thorns on my face.

Gradually, Sun Guifang felt a strange feeling spread on her face, as if there were ineffective tiny needles piercing into the skin.

Lin Luzi

Just learn from me and beat me up.

Lin Luzi

It's just that simple and it's over?

Lin Luzi

Of course, if you don't believe me, look at me.

Wow, please sing...your face!

green

How about it? Who can't treat me as Sun Guifang like this?

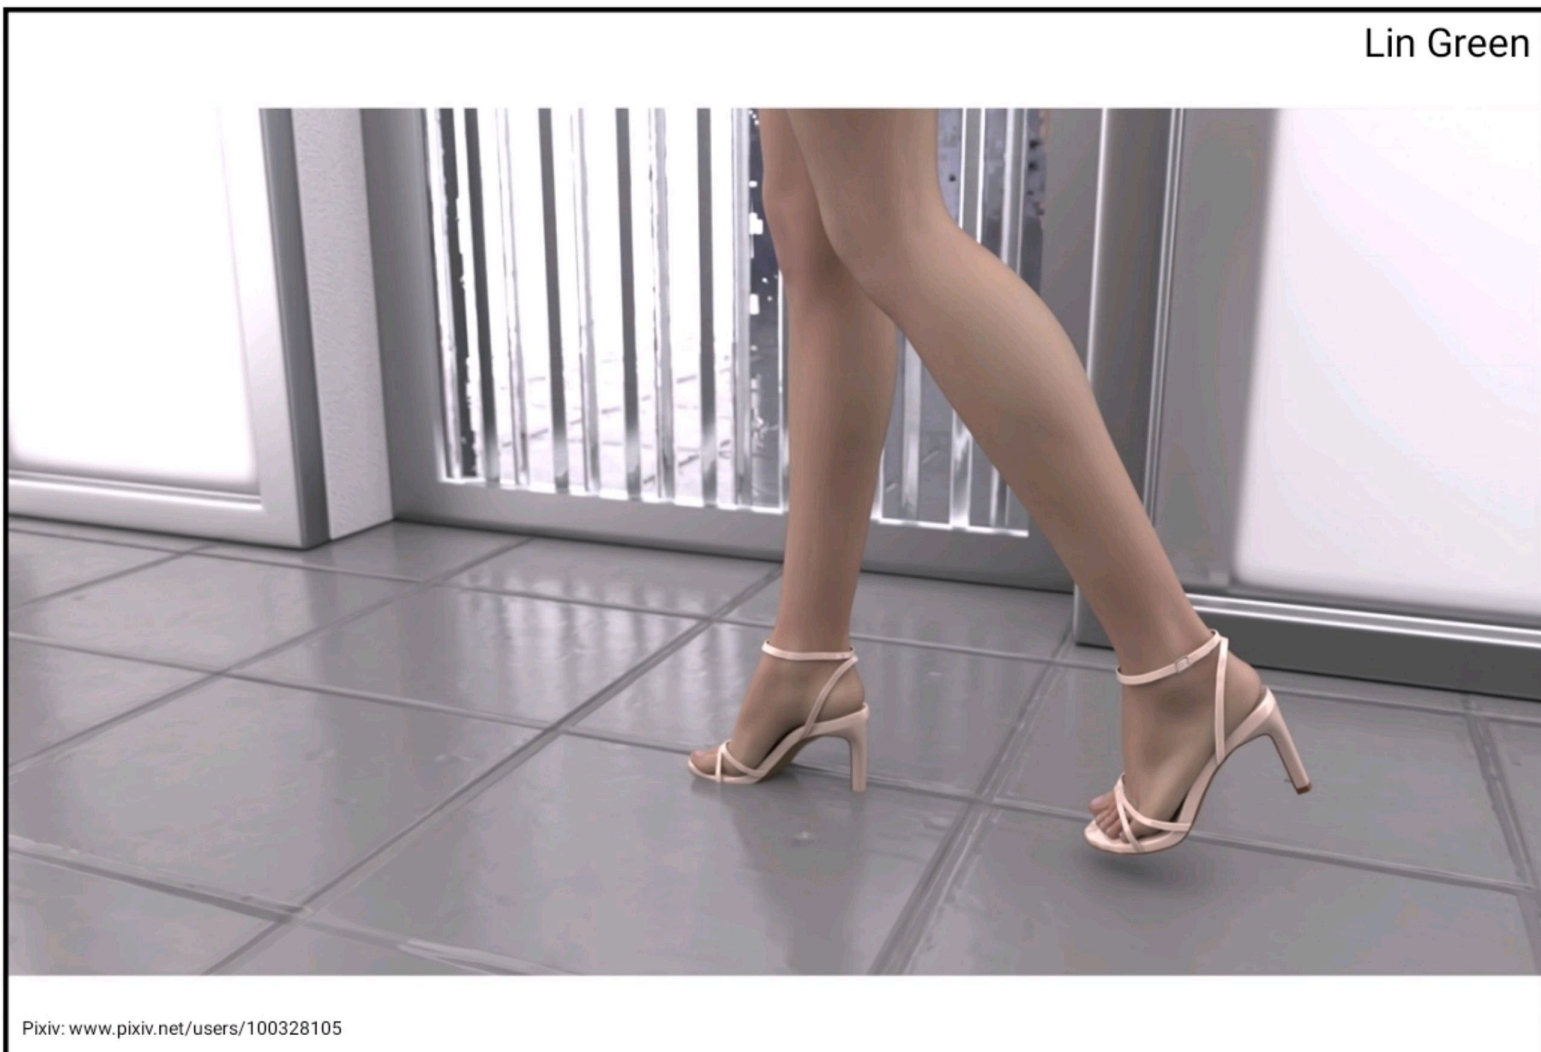

This face is exactly the same.

Lin Luzi

Yes...yes, mirror.,

Go quickly, Xiao Nier, go to the front of the mirror and see your new look!

Lin Green

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Lin Luzi

Oh my God, is this my face now?

Sun Guifang took a breath in front of the mirror. The girl in the mirror had Ye Qingge's beautiful and delicate face. The high nose bridge, moist lips, and bright big eyes are all perfectly replicated. Even the charm that revealed in those eyes was exactly the same as Ye Kuaige.

Lin Green

This is what you are now, this transformation is really good!

No one doubts you now.

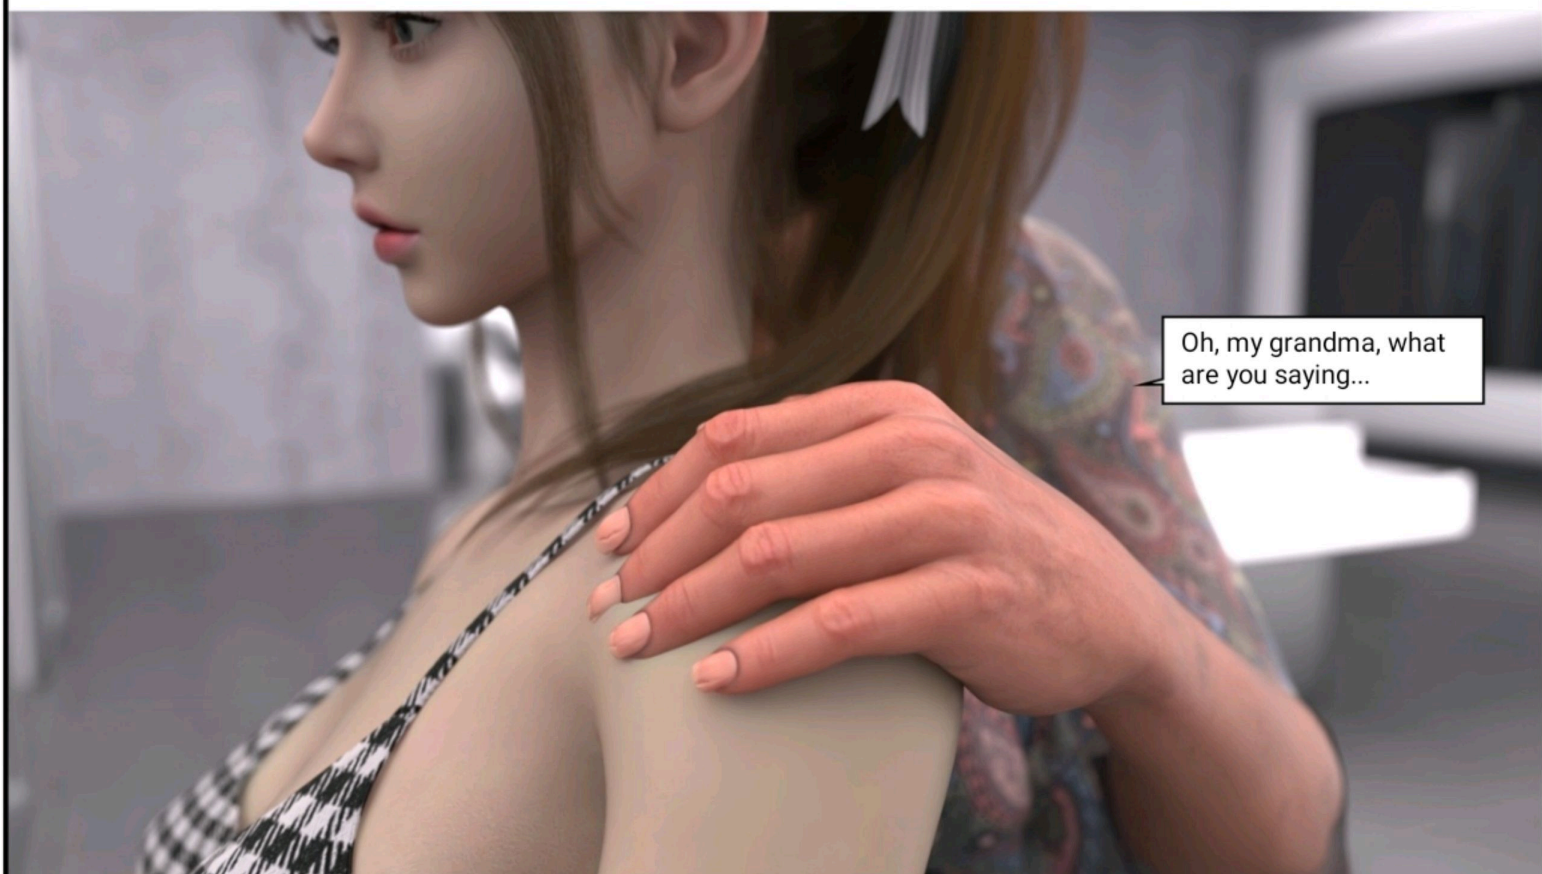

Sun Guifang looked at Ye Qing and asked for a song. Ye Qingge in front of her face completely turned into her former appearance. Not only was the rough skin peptide with long grooved age spots, but her face shape and wrinkles on her face with traces of time, and even the accustomed to the mouth is the first floor.

Lin Luzi

Please sing, you... are really willing to give me such a beautiful face and live with my old face for more than a month?

Lin Green

Lin Luxu

After a while, I am Sun Guifang, you are the eldest daughter of the Ye family, Ye Qingge, do you have to remember it?

||...I am Ye Chaige.,

Lin Luzi |

I know, Aunt Sun, don't worry about Qingqing Ge, I Qingge will make you feel free to leak.

Wrong, that's right, this is my good daughter

| Ai Greenzi

This is the Hom, Qingge, I have to hurry up and go back to school to pick it up.

If you don't go back, your leader will scold me! You will also take this moment to call your home and say you want to go back.

Yeah, I know, Aunt Sun. I'll trouble you if I clean up here

Mom...it's me... Qingge. ,

|Ala, God... Don't smell it, I shouldn't | Talk back to you.

|Well, Ala knows that he is wrong, don't be angry with the card, run away from home.

Lin Green

Well, let me tell you, Allah wants to be refreshed.

In the future, don't learn art, listen to everything, and don't make trouble again.

Sun Zhufang was a little surprised and answered the phone call. Ye Qingge's memories of the quarrel yesterday also flowed into her brain. She now knew that the reason Ye Qingge exchanged with her was for this little thing, which was incomparable to the suffering she had experienced so far.

Lin Green

Yes, mom, I know I was too stubborn before, so don't argue with Yi.

I am now in school and I will go home in the second half of the day. I will listen to whatever arrangements are made. It's pretty good?

She dealt with her mother and admired her figure in the mirror again. Now, not only can you speak authentic Shanghai dialect fluently, but you can also naturally do the same as before Ye Zhuge. She couldn't help but start looking forward to her daughter's life for the next two months.

Lin Luzi

Mom, I will listen to anything after Qingge.

Lin Luzi

Aunt Sun is here,

Qingge, I've packed it up, have you finished calling? Can you leave?

Lin Green

What's going on, what did your mother tell you?

It's nothing, I apologized to my mother and asked me to go back early.

Lin Green

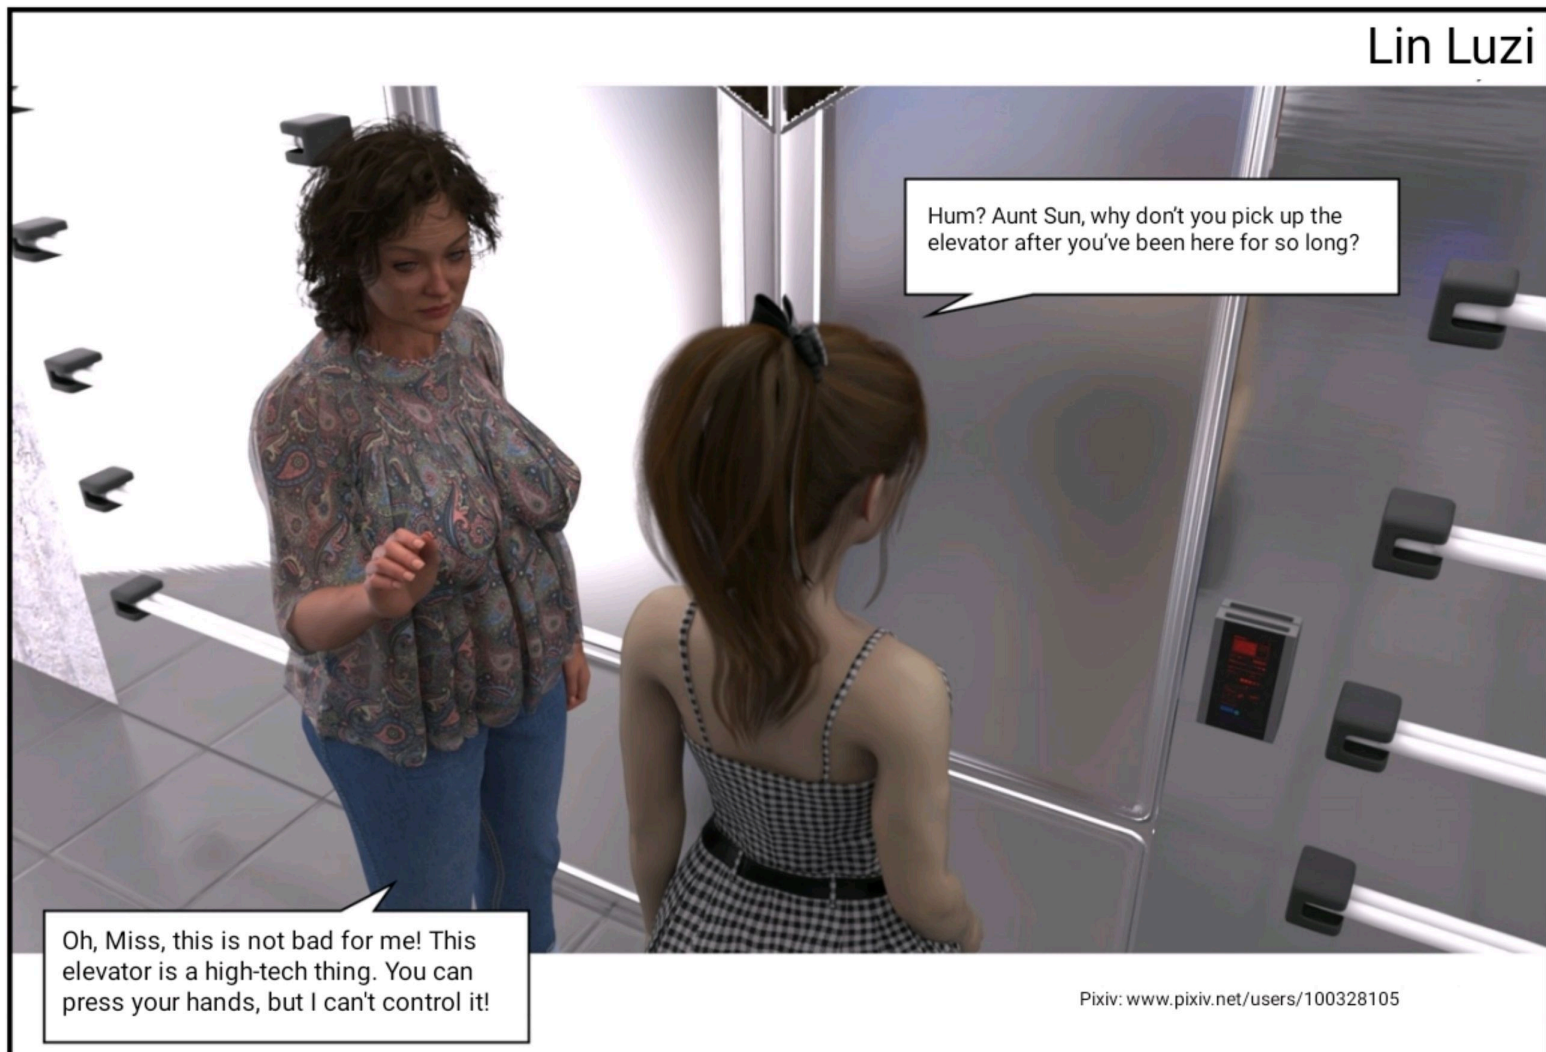

Humph, that dead girl, I have done such a thing myself, and I am still waiting for me to paint her and make accusation!

Lin Green

But these things have nothing to do with me, Sun Guifang. It's just that you're suffering, little Ni'er.

It doesn't matter, Aunt Sun, I can cook it.

Hum? Aunt Sun, why don't you pick up the elevator after you've been here for so long?

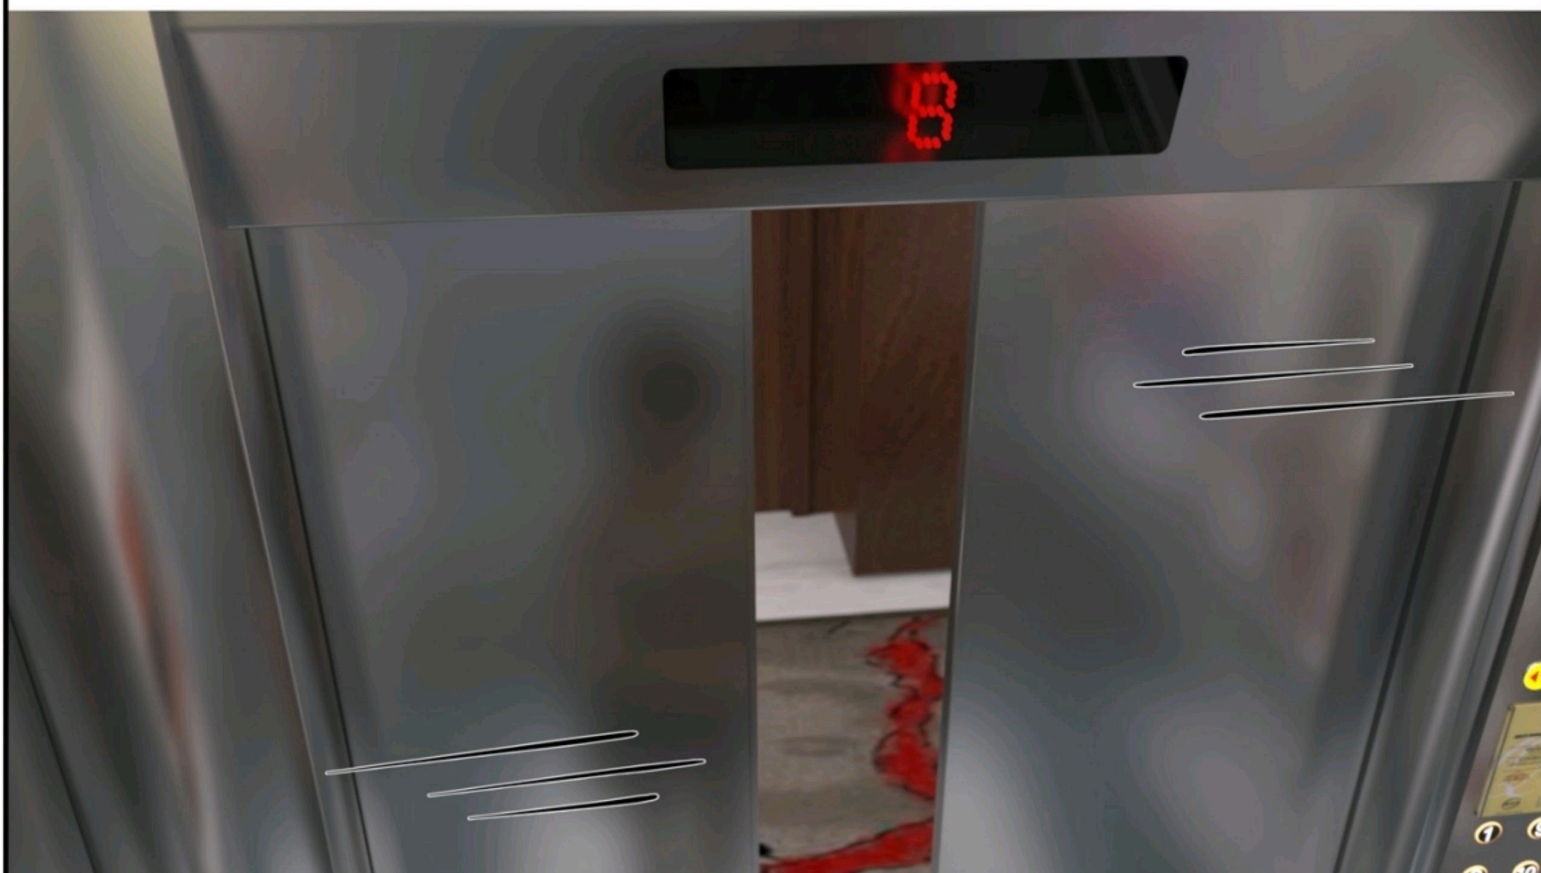

Oh, Miss, this is not bad for me! This elevator is a high-tech thing. You can press your hands, but I can't control it!

Midoko  
Kobayashi

A woman wearing a black and white checkered dress is pointing her right index finger at a modern, grey elevator control panel. The panel has a small red digital display and several buttons. To the right of the panel is a black handrail. In the background, other people are blurred, suggesting a busy public space. A speech bubble is positioned above the woman's hand, containing text.

There are few people here, I forgot that the  
elevator has permission to settle the service.

I'm a young lady, I appreciate your kindness! How dare you give me a special gift? I'll take the subway back!

OK, Aunt Sun, the first floor is here, so let's go down first. I'll do it directly into the underground parking lot.

Lin Green

Zhongli, Qingge, then I'll go first. If you have anything to do, remember to call me.

Pixiv: [www.pixiv.net/users/100328105](http://www.pixiv.net/users/100328105)

Don't worry, Aunt Sun, don't ask any questions.

After saying goodbye to Sun Guifang, Ye Qingxi stopped imitating Sun Guifang's tone and tried his best to use his original habit to speak.

This green boy

It's so amazing, Aunt Sun imitates bamboo shoots and clothes seamlessly.

Lin Luzi

A woman with dark, curly hair and extensive tattoos on her arms and shoulder is shown in profile, looking down and touching her chin. She is wearing a patterned, possibly paisley, top. The background is a modern meeting room with a long table, several orange chairs, and a large potted plant. The lighting is warm and indoor.

Haha, but I should be so, so it can definitely be described as seamless.

Lin Luzi

She raised her head and looked around the hall of the magnificent Ye Group, although she had been there since she was a child. But now when she tried the tester to feel this bad situation with Sun Gufang's feelings, she suddenly felt a sense of uneasiness in her environment that was not part of her own class.

Lin Luzi

It turns out that Aunt Sun is so panicked when she comes here alone. No wonder she is always afraid of her hands when she comes here.

Lin Green

Hello! Auntie, who are you looking for?  
Today is a weekend and no one goes to work.

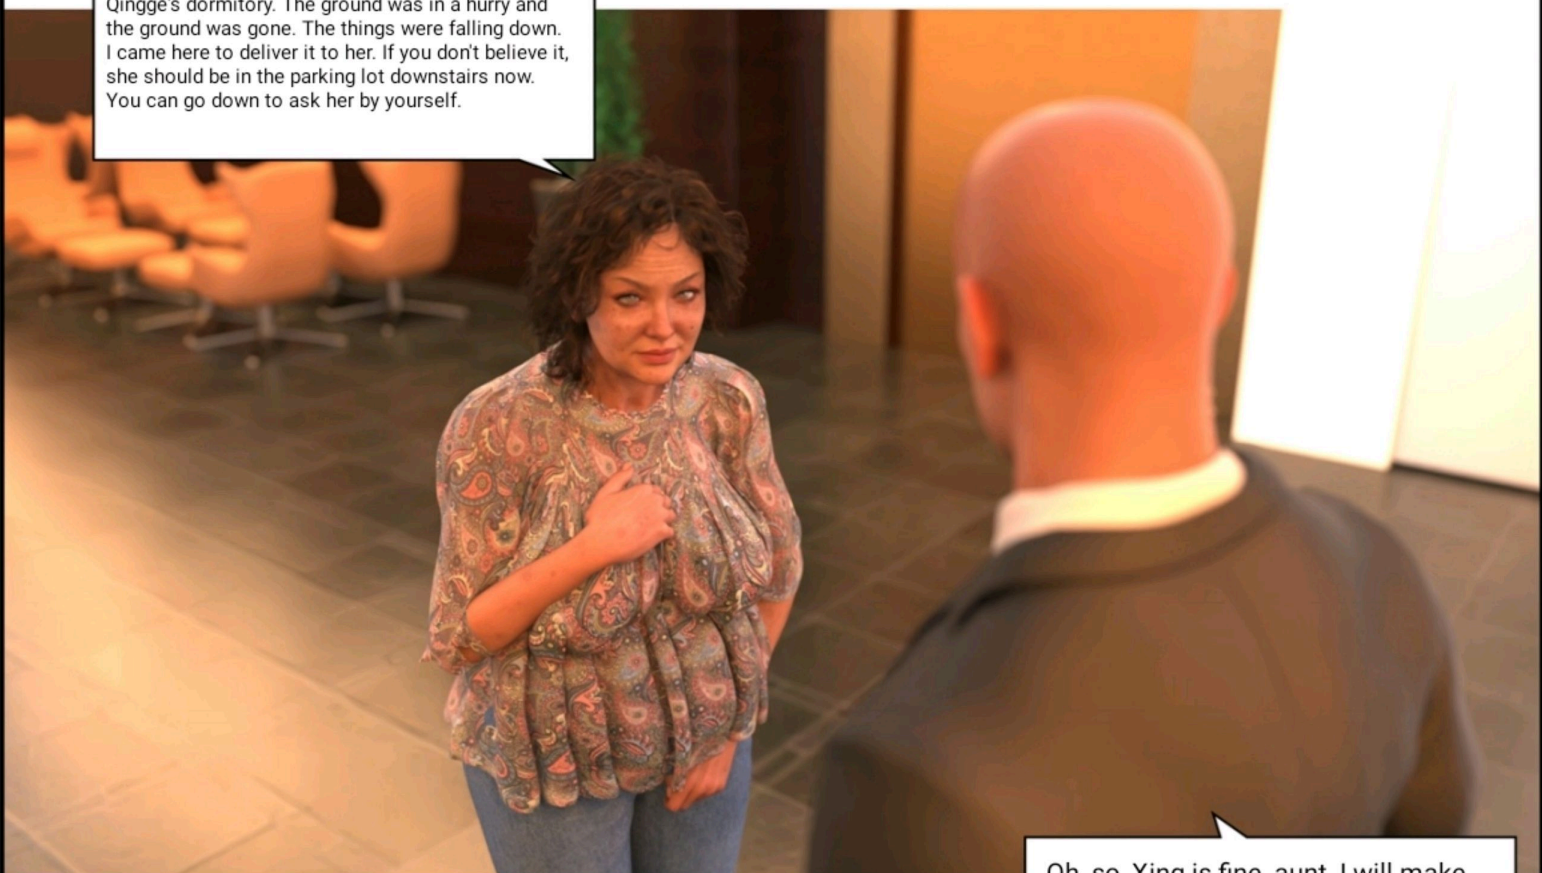

Lin Luzi

Ah, that's what... I... that's that...

What were you talking hesitantly?  
Auntie, what are you doing?

Lin Green

Young man, I am the dormitory manager of Miss Qingge's dormitory. The ground was in a hurry and the ground was gone. The things were falling down. I came here to deliver it to her. If you don't believe it, she should be in the parking lot downstairs now. You can go down to ask her by yourself.

Oh, so, Xing is fine, aunt, I will make routine formulas. You go.

Lin Luzi

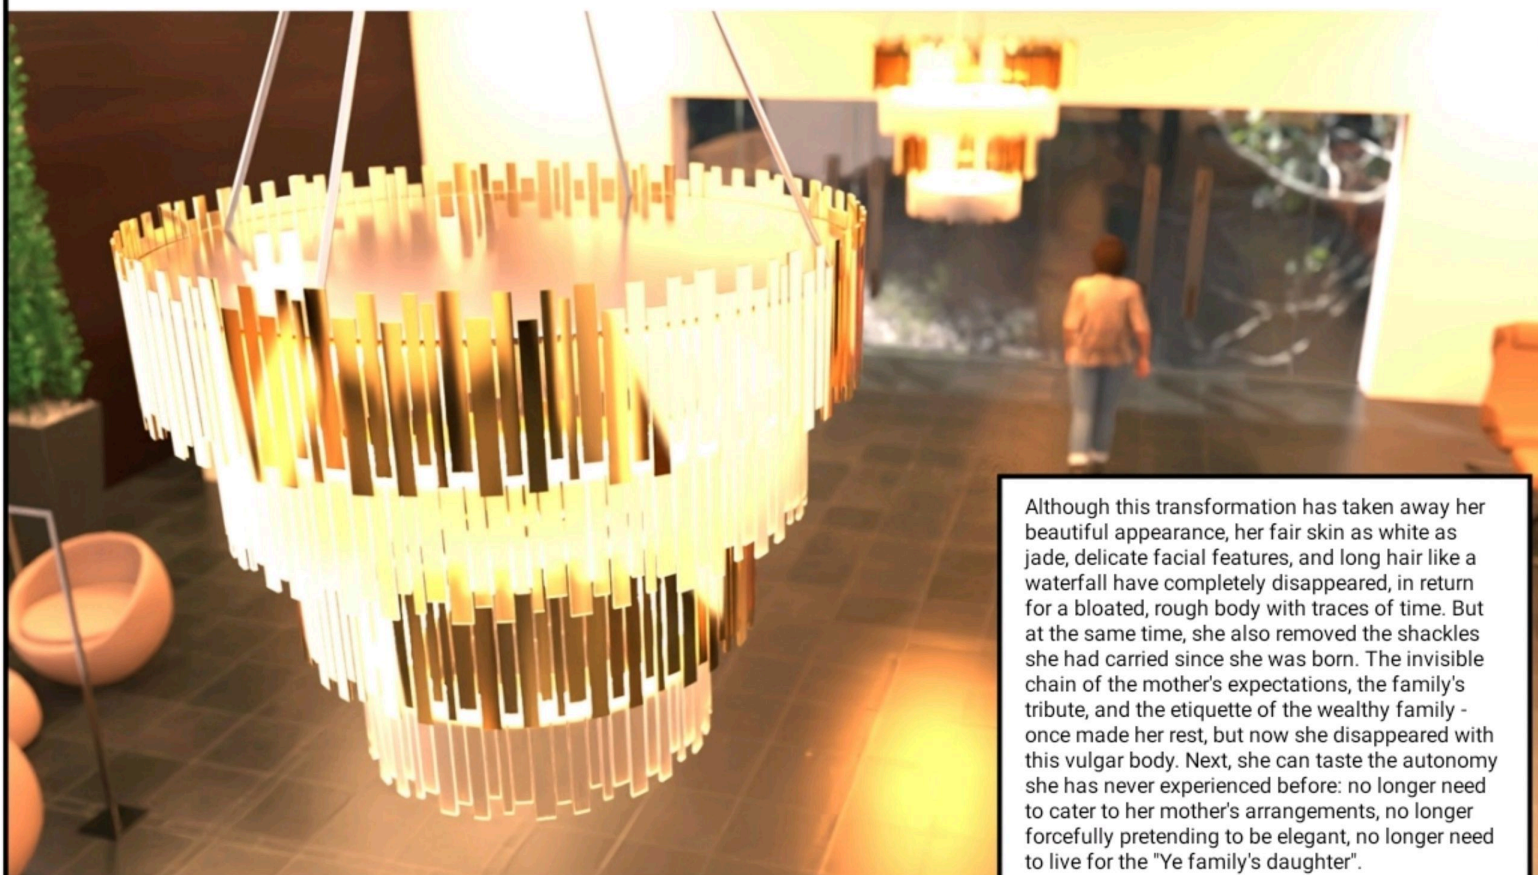

Thank you, thank you very much.

Lin Green

Now, no one will regard me as Ye Qingge,  
but only treat me as Sun Guafang.

When Ye Qingge realized that she had really turned into a golden transformation, Xiansun Guifang, a strong sense of depravity caused by the stimulation rushed straight to her forehead. She felt that her black vagina that had just been exchanged gradually began to become hot, moist, and itchy.

Lin Luzi

Although this transformation has taken away her beautiful appearance, her fair skin as white as jade, delicate facial features, and long hair like a waterfall have completely disappeared, in return for a bloated, rough body with traces of time. But at the same time, she also removed the shackles she had carried since she was born. The invisible chain of the mother's expectations, the family's tribute, and the etiquette of the wealthy family - once made her rest, but now she disappeared with this vulgar body. Next, she can taste the autonomy she has never experienced before: no longer need to cater to her mother's arrangements, no longer forcefully pretending to be elegant, no longer need to live for the "Ye family's daughter".

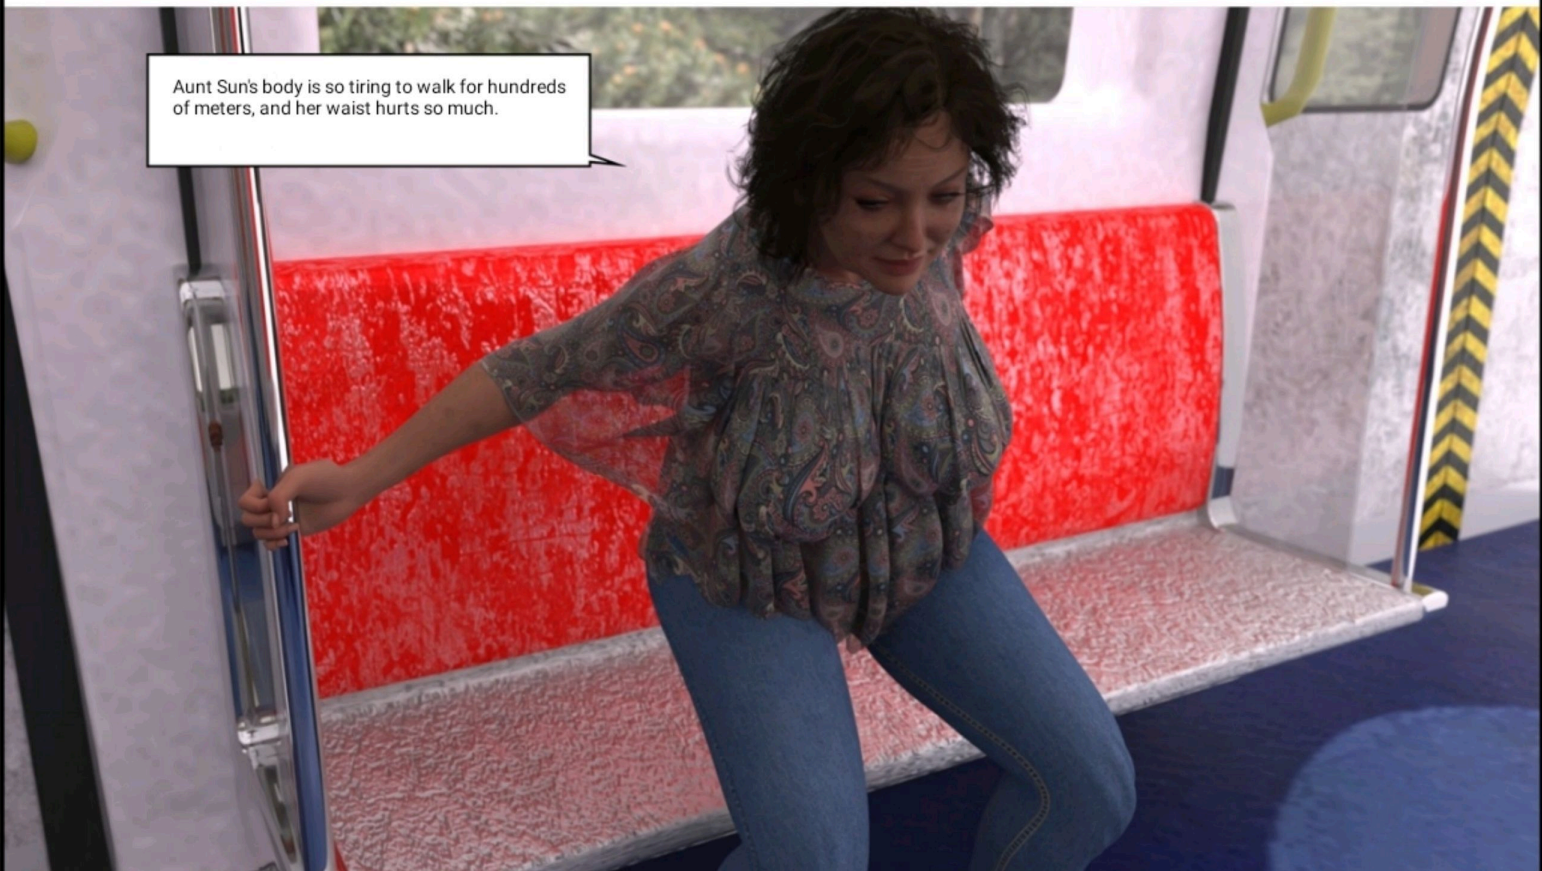

Lin Luzi

Finally there is a seat...

I still traitor Aunt Sun, but I really don't know how to take the subway back to school.

Lin Luzi

Hiss...Oh, no, my body is too stiff.  
You can't keep talking with your own

your brain is not that tired.
