

My continued to search
for a city but found
nothing, hoping that
this place could
success.....

, it's quite a distance away. It turns out that there are not many people using leather blades in the city where I live, as I thought.

It seems that not everyone like Richard or the defectors will establish an organization. Except that the target is difficult to find, my plan should be feasible.

Lao Li's bastard plan all requires a sharp edge, but based on past lessons, organized groups are not Recovery Sisters, and they are still not something I can handle.

There are things all over the world, and I'm glad that the leather blades are scattered around the world so I don't need to stick to Richard or the defectors.

A woman with long, dark hair, wearing a black blazer, is shown in a thoughtful pose. Her eyes are closed, and her hand is raised to her forehead. The background is a blurred outdoor setting. Two speech bubbles contain text related to her thoughts.

Is there any other leather swordsmen? I want to target the users. If I can find other cities, it is best to look for organized ones.

In this way, I have to start to win, and secondly, it has to be a small group. Anyway, in short...:

Activate your
abilities first! I have
to concentrate to
save my sister and
Vi!

On the other hand...there's nothing unusual about it, except for the elder sister who doesn't have any problem...the uncle who's on the other side is also a different person?

The victims seemed to be focused on managing Lao Ji to help me escape from them with great difficulty, but the plan was to investigate and defector, because there was no progress... huh?

A woman with long blonde hair, wearing a black latex choker, a black latex bra, and a black latex skirt, stands with her hand on her hip. Behind her is a man with a short haircut and a large black and white tattoo on his chest. They are in a city street with buildings in the background.

Got it! I was thinking that this woman's behavior was a bit rude.

It turned out that he had been replaced by another man!

A woman with long, dark hair, wearing a black blazer, is looking down. A thought bubble is positioned above her head. In the background, two blonde women in black outfits are visible, one of whom is making a peace sign. The setting appears to be an outdoor area with buildings in the distance.

I have been looking for this place for a long time, but I have to give him a good look. I met one, and I couldn't let this opportunity pass me by!

But I can no longer mess up the matter just because Jie Dongran wants to catch him immediately and force him to hand over the blade.

It must be what I
did just now~
Brothers, what a
good thing you have
done!

**! We've been waiting
for so long to repay
you. What else can a
male dog do besides
wining over women?
Dare you smile?**

**Be careful now,
right? Also, if you
are a woman, you
should act like a
woman so that
you won't cause
trouble again.**

A woman with blonde hair styled in a high ponytail, wearing a black latex choker, a black latex bra, and a black latex skirt. She has a pink and white tattoo on her upper chest and a red rose tattoo on her left forearm. She is standing in a dimly lit room with a woman in a black dress in the background. A speech bubble is positioned above her head.

After clicking it, I have to go back to being naked like before, just pretending to be a woman! It would be nice if I didn't have half a body!

"Little princess" still understands me, are you at the new parents' place? I can't even pretend to be good and I'm tired of pretending. It's really embarrassing.

There's nothing I can do about this human-skin owner, but luckily her father is her parents' little father-in-law, so she can have a baby.

, but if you smoke and drink, don't think about being a little willful. It's okay. Last time, I was deducted my pocket money. It took me a long time to get it again.

! Before that, just enjoy it and steal it. You don't have to endure it anymore. Don't wait for me to spend all their money on the young girl's body. Hehe!

Xiao Min's guy? He found this~ miserable. It seems that he still remembers me before, and I had a better time. He is obsessed with me.

His eyes became enemies, and he took out his cock and licked the dog in front of him when he thought he was mine! Ha ha! After that, I not only fucked Xiao Min with that bitch, but also fucked Xiao Min!

It turns out that he also has a group. Sure enough, he was right not to take action just now. Let's see if there is a chance to get the skin.

Blade ◦
Bar

I must collect more information, get close to the object a little bit, and don't leak even a little bit. Error!

**It's really a bad breath
Yo~ It's so cool that the
scumbag men and
women will soon have a
fierce fight! Killing
someone with a knife
and getting retribution
is simply not as good as
anything else!**

**Little bastards, they like
their strength in large
numbers. Seeing that
these ruthless guys are
like a group, they are
not easy to mess with,
so it's better to mess
with them less.**

Yes, how can I say no!
Have you forgotten
that we just changed
our identities when
something happened
on the road?

WARNING

Before the storm
passed, I was given a
lot of security. Be
careful that our
culprits are also
divided. Recently, we
have been targeted
with leather blades.

A woman with dark hair, wearing a black blazer and large hoop earrings, is shown in a dark setting. She has a thoughtful expression, with her hand near her face. A blue thought bubble is positioned above her head, containing text. The background is dark and out of focus.

But I don't know if
the three
gangsters have
the leather blade
in their hands...
and they can't
handle it.

And I don't know that
they can't kill
grasshoppers
anyway, so I have to
be a little patient. Are
there any other
companions?

I can't let them catch me stealing, so I'll order a cup of coffee and pretend to be a normal customer.

A woman with dark hair, wearing a black blazer, is sitting at a dark wooden table in a dimly lit cafe. She is looking down at a white cup of coffee with a latte art design on the surface. The background is blurred, showing other people and warm, ambient lighting.

People also have leather blades, and as they just mentioned, they are not the only ones in this city who have that thing.

, you can avoid taking action with them, and it will be safer to lock other targets if you can get more information.

Do you still have a group that organizes with a razor blade just like that pair of bastards we have? I was too busy to pay attention to anything else.

But if you don't have any interests, don't worry about them, right? And with the skin blade here, we can change identities at any time if we are in danger or get tired of it!

Yes, you will always
make trouble if you do
things without thinking,
and not everyone with a
sharp edge wants you to
kill and kill all day long
to create an
organization and be
powerful.

Some guys just want
to satisfy their selfish
desire to transform
into bears, like...

I knew that there was a transforming bear who specifically targeted female high schools. Recently, he seemed to have even sneaked into the girls' schools. Their tricks were very interesting.

He steals the original underwear of students and teachers and sells it. He often hides among girls and masturbates to the sounds of other girls peeing.

The girls who were
always lusting after
them had no idea that
a man had sneaked
into the girls' school.
of men.

He can use his
appearance as a high
school girl to find a
godfather to support
him outside of
school. It's so cruel to
treat minors in
school alone!

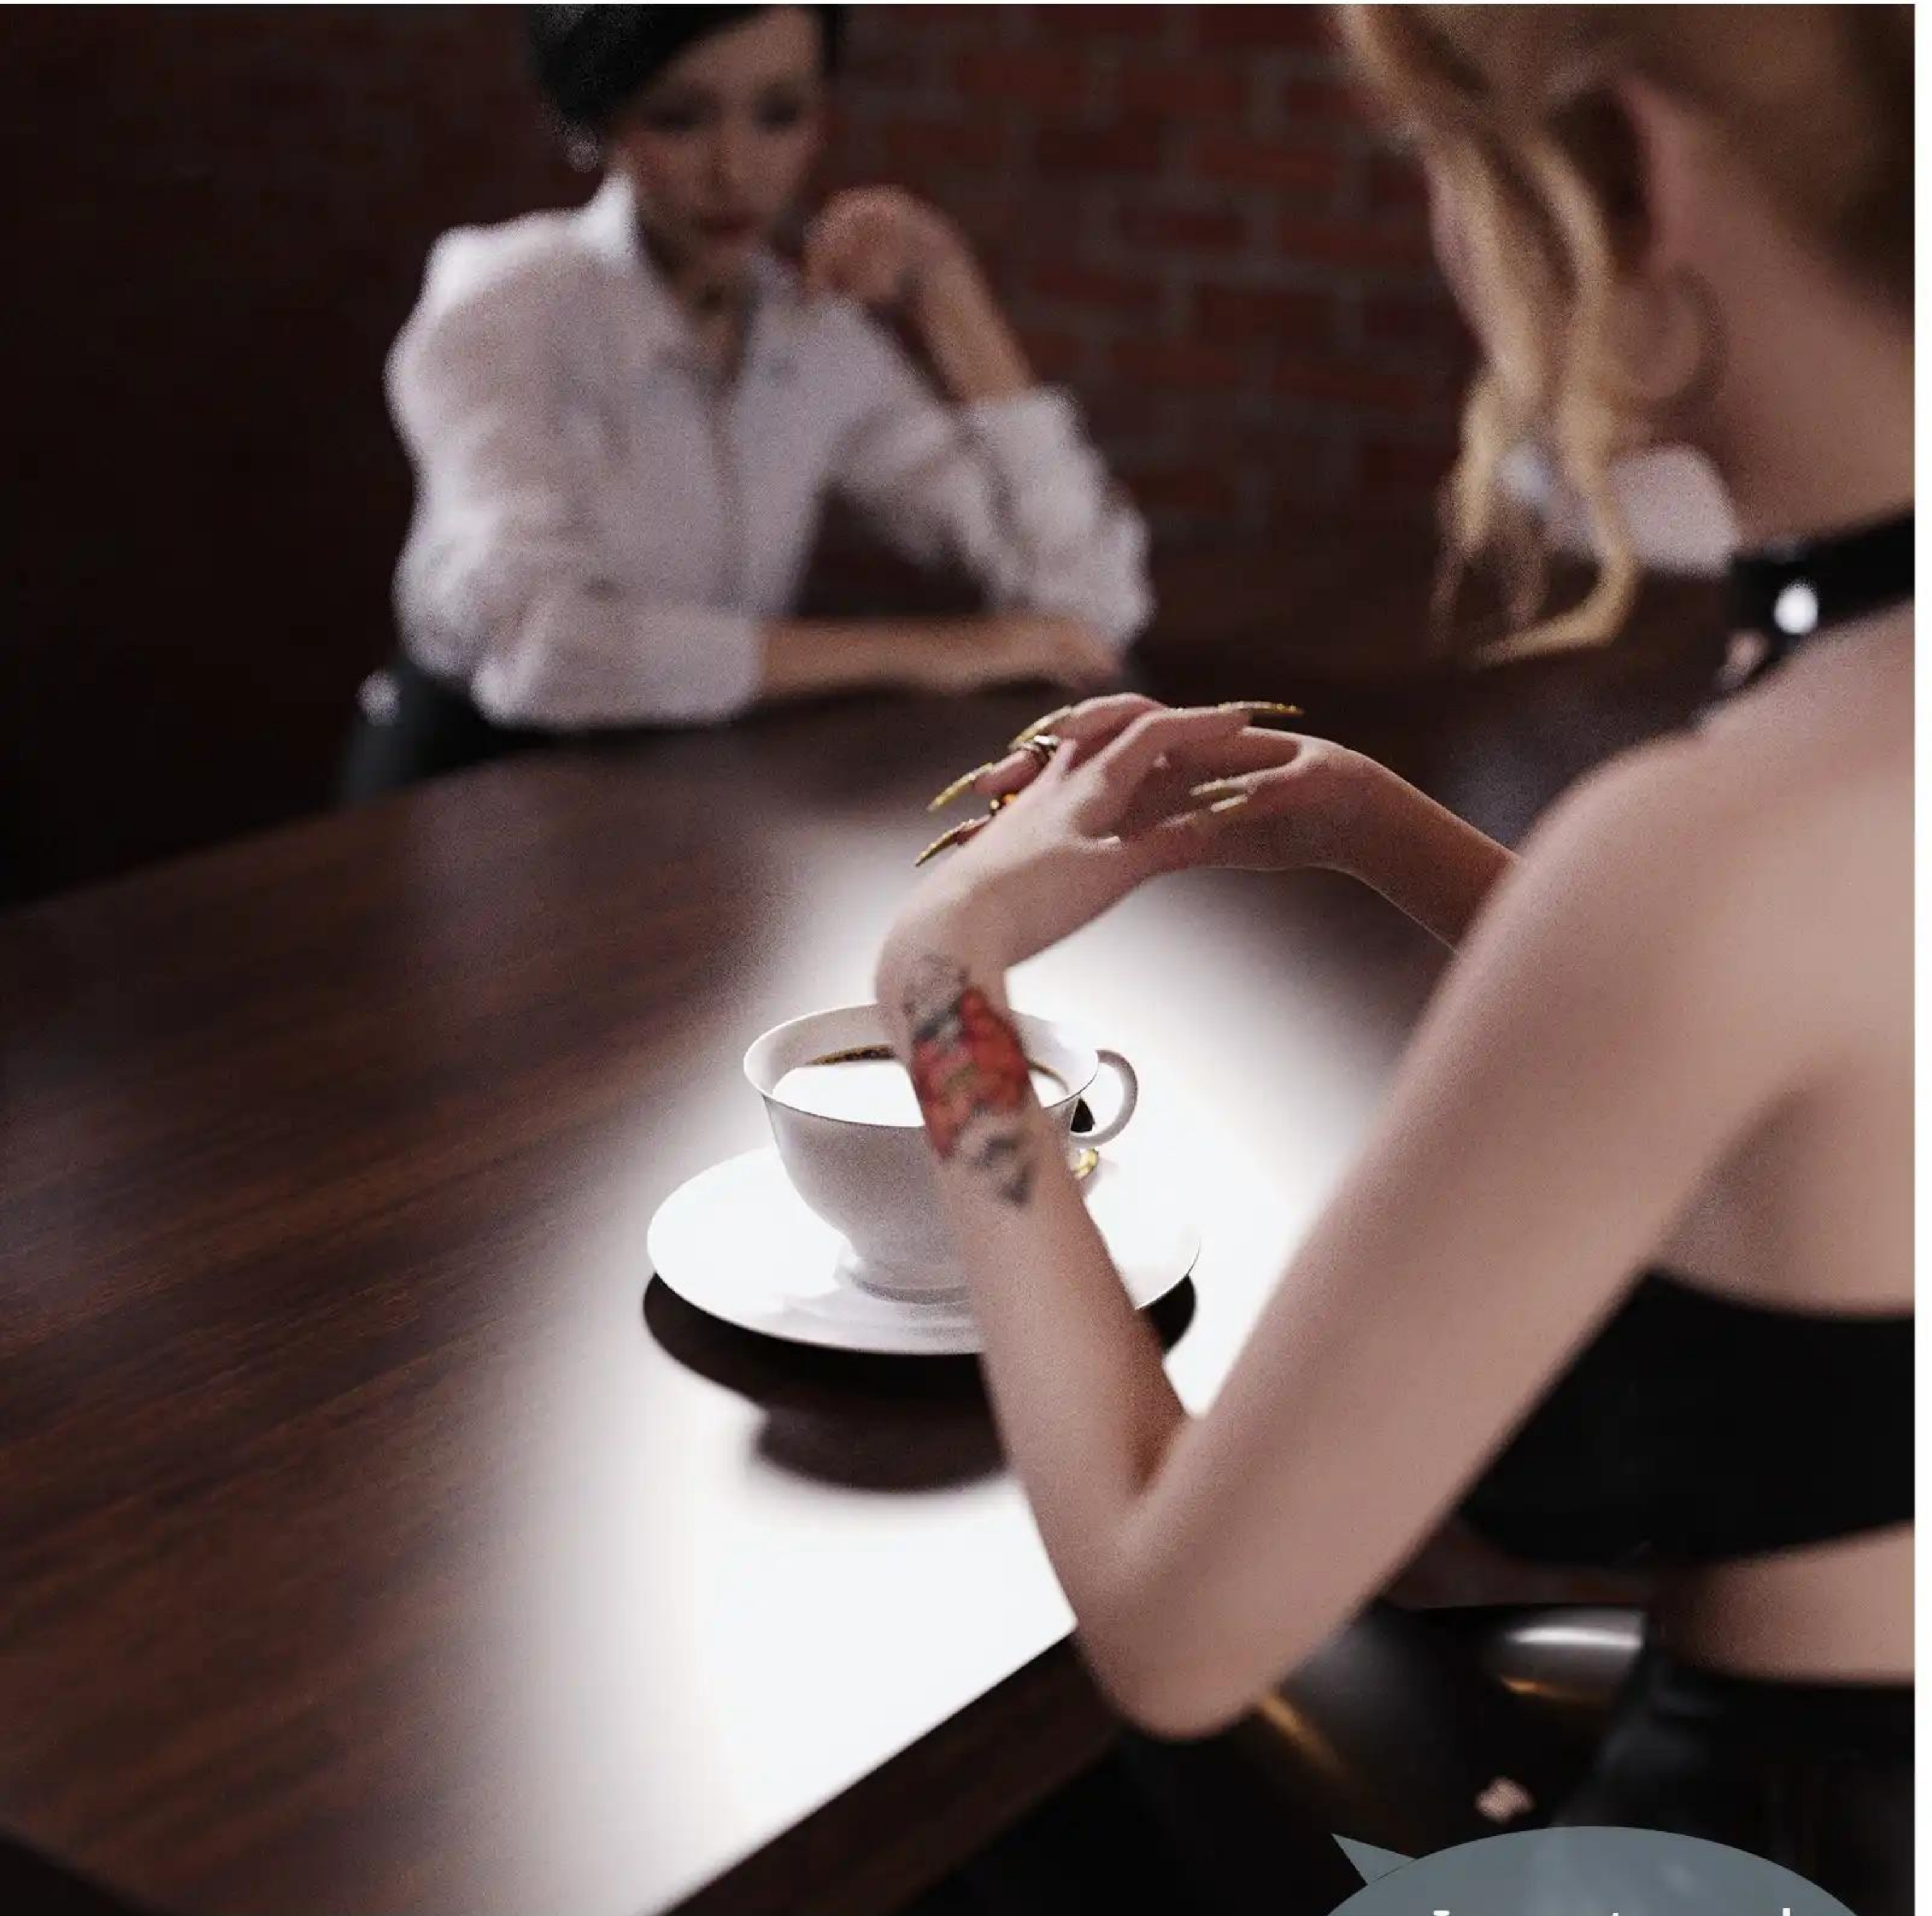

I also know that, which makes me afraid to have sex recently, just because I'm afraid of falling in love with a man... But I'm more open-minded.

It's sad to think about it, but there are still people who attack kindergarten teachers and molest children! Not the most.

It is said that some people are so crazy that they wear the baby's skin and touch the mother!

The mother is closely cared for 24 hours a day, sucking breast milk, enjoying being cared for, bathing, changing diapers, etc...

~I am not a good person, but even I need a plaque!
No more goosebumps!

You think I'm pretending to be a good girl and you really can't understand it, right? I've gone too far in a world where I've turned into a bear!

Compared to this, we are really good people! We are just using our identities as girls to get some benefits, we are so kind!

I've also seen
people turn into
bears to satisfy
their selfish desires,
but they... Is it true?
Few, but babies....:

Would someone
really take over a
baby's body? It
would be better to
attack dragons! It's
so unreasonable!

Or, don't think about those things when you get up! Now there are other skin blades who have confirmed that this city is not an organization.

Turning into a bear, at least it's easier to find them than a bunch of gangsters in the aisle. If you turn into a bear, then I'll concentrate on it.
deal with.

Throat...cannot
be encountered
at all.

The relationship
between self-action?
Except for the gangster
just now, it's because
those perverts are the
only ones who wear
skin.

There is no
organization, and the
purpose is just us. We
should be more careful
about people who meet
special hobbies and
avoid attracting
attention...It's really
stupid...

A woman with long, straight black hair and a dark blazer is shown in profile, looking slightly to the left. She has a thoughtful expression. The background is a blurred classical building with columns and arches. Two speech bubbles are overlaid on the image.

Check it one by one
so when am I going
to find it? Can I only
renew my ability?
The efficiency is too
poor.

I have traveled
to many cities,
and finally I got
some clues
here...wait...is
that?

A woman with dark, wavy hair styled in a braid, wearing a light-colored lace dress, is holding a baby. The baby is wearing a white onesie and has its eyes closed. The woman is looking down at the baby with a gentle expression. The background is dark and out of focus.

, and are happy
and careful about
mother and baby!
That mother looks
so young and
winged,

She stared intently at
the child in her arms,
her whole body
exuding the brilliance
of motherly love. She
felt like she must be
her first child.
So gentle

A woman with long, straight black hair is shown in profile, looking towards the left. She is wearing a black, long-sleeved blazer with a deep V-neckline. Her right hand is raised to her forehead, with her fingers slightly spread. The background is a blurred indoor setting with white columns and a dark metal railing. The lighting is soft, highlighting her features and the texture of her hair and clothing.

It was obviously a warm and beautiful scene, but after the gangsters' conversation, I always felt that something was wrong with the little baby.

, but to be on the safe side, maybe I'm too energetic... It's really hard to believe that someone would wear baby's skin, let's take a look!

Wha...wha! ?
Damn it! I was
dazzled and
saw it wrong!

My ability...
would not turn
out to be an old
man! Is
something going
wrong inside a
baby?

It's the same no matter
how many times I watch
it, how could...how could
it be like
this...otherwise...it's
actually...

There are really
people who can do
such extreme things!
Not long after the
baby was born, he
was... so heartbroken!

A woman with dark hair, wearing a white lace dress, is holding a baby. The baby is wearing a white long-sleeved shirt and is looking towards the camera with a neutral expression. The woman is looking down at the baby with a gentle expression. The background is dark and out of focus.

, the mother could not bear to let go even for a second, watching her child, who was so precious, leave her sight...

, she can spend her whole life even smiling all the time. I can feel that the child is her entire life.

Treasure, the
child she
values most
who hasn't
had time to
know the
world...

Just like that, his body
was taken away and
his identity was
replaced by an old
man who turned into a
bear!

She was so close to her son that she was still immersed in the joy of being a mother. She happily realized the cruel truth with her son.

Now, her children cannot feel the motherly love she gives. She is all taken over by the old man who turned into a bear. own.

Allow! Just
because I am Xiao
Han! What a
laughing baby he
is...

Just give me that
heartfelt
expression!

A woman with dark hair pulled back, wearing a grey sleeveless top, holds a baby bottle with both hands. She has a slight, sad smile. A purple speech bubble is positioned above her head, and another is at the bottom right of the image.

Until your current body has grown? In addition to this trick, I also have many other things I want to try: Do you want to eat shit and drink urine?

Anyway, no matter how I ask for help from others, you can't open your mouth without being treated as a monster. It's time to eat!

soft! etc! Don't
come here! Stop
it!

I'm recruiting! I can
recruit anything! Put
that thing away!

Alas... Jingran was discovered and my beautiful life was about to... How come it fell down and was ruined by you..."

Do you guys have
any conscience?
Even if Pi Li is
someone else, this
body is still that of a
baby!

To think of
abusing a baby is
so flattering! OK!
OK! I am an old
man, what do you
want?

A woman with dark hair pulled back, wearing a form-fitting, grey, short-sleeved dress, stands with her hands on her hips. She is looking towards a man in a white lab coat who is seen from the back, slightly out of focus. The background is a plain, light grey wall. A speech bubble is positioned above the woman, and another is at the bottom right of the image.

I have confessed all my feelings, but I have no more magic words! Don't beat around the bush about your business! Already aware of the existence of the Skin Blade

Whether it's an old man or a baby, please cooperate while I still have patience, otherwise you will be attacked!

A baby is sitting on a bed with a patterned blanket. The baby is wearing a white long-sleeved shirt and is looking towards the right. A speech bubble is positioned above the baby's head, containing text. The background is a dark, out-of-focus area, possibly a wall or a piece of furniture.

You devil! Forget it! As an old man who lives alone, it would be great if his relatives and friends are no longer around.

In the house, no one stays alone every day to talk to me, and no one cares about me.

It disguised itself in various identities and discovered its functions, which I used until I accidentally felt the warmth of family.

, but not all adults of any status have to do things, students have to study

, I don't want to feel the pressure, I just want to feel cared for! So I focused on the little baby girl's skin...

A man in a white hospital gown stands in a hospital room. He is holding a scalpel in his right hand. On his chest, a pregnant woman's belly is visible, with a small, dark, protruding object on her abdomen. The man has a slight smile and is looking towards the camera. The background shows a hospital room with a window and a door.

I saw a pregnant woman at that time. She spoke softly and lovingly to the fetus without touching her belly.

That's when I opened my sweet little baby girl! No, if you want to be loved, you must do anything, and someone will care for you.

, loving her all the time, it was like loving her to the baby in my belly, so I started talking about pregnancy Same.

, I waited and waited until I finally had the opportunity. When she gave birth to her baby, I could finally turn the baby into skin!

A photograph of a man and a baby sitting on a bed, both clapping their hands. The man is shirtless and has a joyful expression. The baby is wearing a white long-sleeved onesie and is also clapping. The background shows a window with a patterned blind and a bed with a patterned blanket.

What a joy!
You didn't
know that I
was so old that
I was about to
die.

Just like that,
I was reborn!

From that day on,
I was loved all the
time, and
whenever I cried,
"Mom" would hold
me in her arms.

The old man was impatient,
but his treatment was not
the same as before.
Everyone was always gentle
and disrespectful to babies
who were able to take care
of themselves.

A close-up photograph of a woman breastfeeding a baby. The woman is on the right, her bare chest and one breast are visible. She is wearing a thin gold necklace with a small bell. The baby is on the left, wearing a white onesie, and is latched onto the breast. The woman's hand is visible, supporting the baby's head. The background is a blurred crib with blue and white bedding.

—The key point is that I can still satisfy my special sexual fetish with breast milk that I have never told anyone!

Maybe it was due to the lack of maternal love when I was young. I had a strong attachment to my mother and had secretly bought breast milk online.

The baby is great!
You've drank so much.
Come on, drink more,
and grow up quickly!

! She coaxed me
with a voice full of
maternal love but
the best feeling is
the feeling of
sucking breast milk
personally...:

A high-angle photograph of a woman with dark hair tied back, sitting on a grey and white patterned sofa. She is breastfeeding a baby who is wearing a white onesie. The baby is positioned on the woman's chest, and she has her hands resting on the baby's head and back. The woman's legs are crossed, and she is wearing a plaid skirt. The sofa has a blue and white floral patterned cushion. The floor is made of light-colored wood.

As long as I take a
breath, I can smell
the fragrance and
milk of "Mom". She
always tells me how
much she loves me
and cherishes me.

All the love is
given to me, the
happier she will
be! She and the
harder I suck,! It's
so beautiful!

As she was desperately sucking her nipples, she realized that it was an old man!

Buried between her breasts and enjoying herself was an old man ten years older than her!

Breast milk flows into the mouth and slides down the throat...ah, you know it feels better than having sex! I can hold her nipple in my mouth,

Born for me! It's the love given to me by "keep sucking, those milks are mine! They're all mom's"!

A photograph of a woman lying on her side on a grey sofa with floral patterned cushions. She is nude. The background features a wall with a geometric, hexagonal pattern. Two green circular text boxes are overlaid on the image. The floor is made of light-colored wood.

But I also have a hard time. Every time I get close to her and appreciate her body, I feel very tortured!

So I secretly drugged her. No matter how old I am, I am a man and would be indifferent to sexy women.

I took so much sleep that I didn't even have the energy to put on my clothes and put on the medicine. I felt tired after putting on her breasts and went straight to sleep.

Before my eyes, the most private, graceful and unprotected parts of her naked body were looked at with her child's harsh eyes!

Of course! I know that no man can resist the temptation of naked beauty! I cried out,

take
off

Have you ever tried baby skin? It's difficult! After confirming that she really slept and died, I took off the skin with confidence.

Bones, but the beauties are all lying on the bed. Of course I still know how to do it. It's really tiring. I can't help but touch it!

You have to be rich to be able to have sex with a young girl when you are old, but if you can have sex with a girl naked, you only have the opportunity to enjoy it!

A close-up photograph of a woman with dark hair sleeping peacefully on a patterned surface. Her eyes are closed, and she has a slight smile on her face. A man's face is visible in the upper right corner, looking down at her. The lighting is soft and intimate.

She slept peacefully,
her young and
beautiful body had no
wrinkles, and she still
looked like a young girl
even after giving birth.

She must be thinking
about her own child,
and she still has a faint
smile on her face. She
looks very happy and
has a sweet dream,
but...

When she was sleeping,
she would never have
imagined that her child
would turn into a
wrinkled old man!

The cock slowly
entered her old
and tender
pussy!

I don't want to admit that every night...after tasting her milk, I will taste her again, but my cock is really useless now that I'm old.

So cool! Ahhh... That young woman's hole often ejaculates without being penetrated, but just being able to penetrate Nian's hole... is awesome!

Are you tired? You need to hire someone to help you fall asleep? It seems really too bad... When will I be a mother...

It's not like "Mom" didn't notice something was wrong, but no matter how suspicious she was, it was impossible to guess the truth. No one would doubt an innocent baby!

A woman in a dark bikini is sitting on a bed in a bedroom, looking towards the camera. In the foreground, a baby is lying in a white crib, looking towards the woman. The room has a window with blinds in the background.

, I can do whatever
I want, sexually
assault her at
night, suck breast
milk, or do
whatever I want.

If the semen is not
cleaned up, she
will only suspect
that it is her
husband even if it
is left in her pussy!

After she woke up,
she still did the
same outrageous
things. She loves
me!

I can enjoy "Mom's"
breast milk and her
vagina where she gave
birth to the baby!

How can such
maternal love not
fascinate people? I
really want to be
held in her arms
forever and feel
her gentle love...:
