

That's it
anyway

A baby with a bald head is sitting on a bed with a patterned blanket. The baby is wearing a white long-sleeved shirt and shorts. A speech bubble is positioned above the baby's head, containing text. The background is a blurred room with a window and curtains.

I'm suing you, get rid of that stuff with shit and urine! The best idea is to throw it away and never use it again!

Did you explain it? What do you want to do when you find me? I just still have... It's time to change to an old man next.

A woman with dark hair in a bun, wearing a black dress and gold hoop earrings, is seen from behind, looking towards a baby in a white crib. The baby is sitting on the edge of the crib, looking down. The room has a tiled floor and a bed with a patterned blanket in the background.

What's the point of being loved, protected and bullied by an old man? I didn't do anything, it's really unflattering... Is it just your taste?

Okay, I'm not here to tell you what you have and what you don't have.

All I want is the blade, you, I have no interest in interfering with you, but if you don't hand it over obediently, I will cooperate with you in good faith.

No matter how old you are, I know that you can't even fight me now. Even if you want to win, I won't be able to run away.

Hey, calm down and stop getting so angry! Since you want a leather blade, you should have your own considerations, right? It's just that it's not on me now.

, and we might as well join us and have a better chance of getting the leather blade, so instead of threatening me, you can get eternal life...

A woman in a white dress is holding the hands of a baby who is taking their first steps. The scene is set in a nursery with a crib and a bed in the background. The lighting is soft and natural, coming from a window with patterned curtains. The woman is looking down at the baby with a gentle expression. The baby is wearing a white long-sleeved shirt and shorts. The floor is covered with a patterned rug. The overall atmosphere is warm and intimate.

Let me tell you our plan first. I will always be in her body and live her whole life for her. Anyway, I will replace this little baby girl. Don't I have no memory?

How many people remember that they are the one who enjoys it, and how do they take the first step? You will teach me how to walk, okay! Soon "Mom"

I will remember my mother's gentle encouragement and teachings, and every day I was cared for and cared for.

All the precious memories will be remembered. Isn't this much better? Don't you want to try it on a baby who can't retain his memory?

, the time itself is
the most
wonderful thing
is just to stay still
in the body of the
little baby girl!

I can witness
every moment of
her growth, not to
mention that I will
continue to grow
old or even die.

A young girl with blonde hair styled in two braids, wearing a white dress with a small floral pattern, is holding the hand of a taller woman. The woman is wearing a grey, textured, knee-length dress. The scene is set in a brightly lit room with a white floor featuring a black geometric pattern. The background is a plain, light-colored wall.

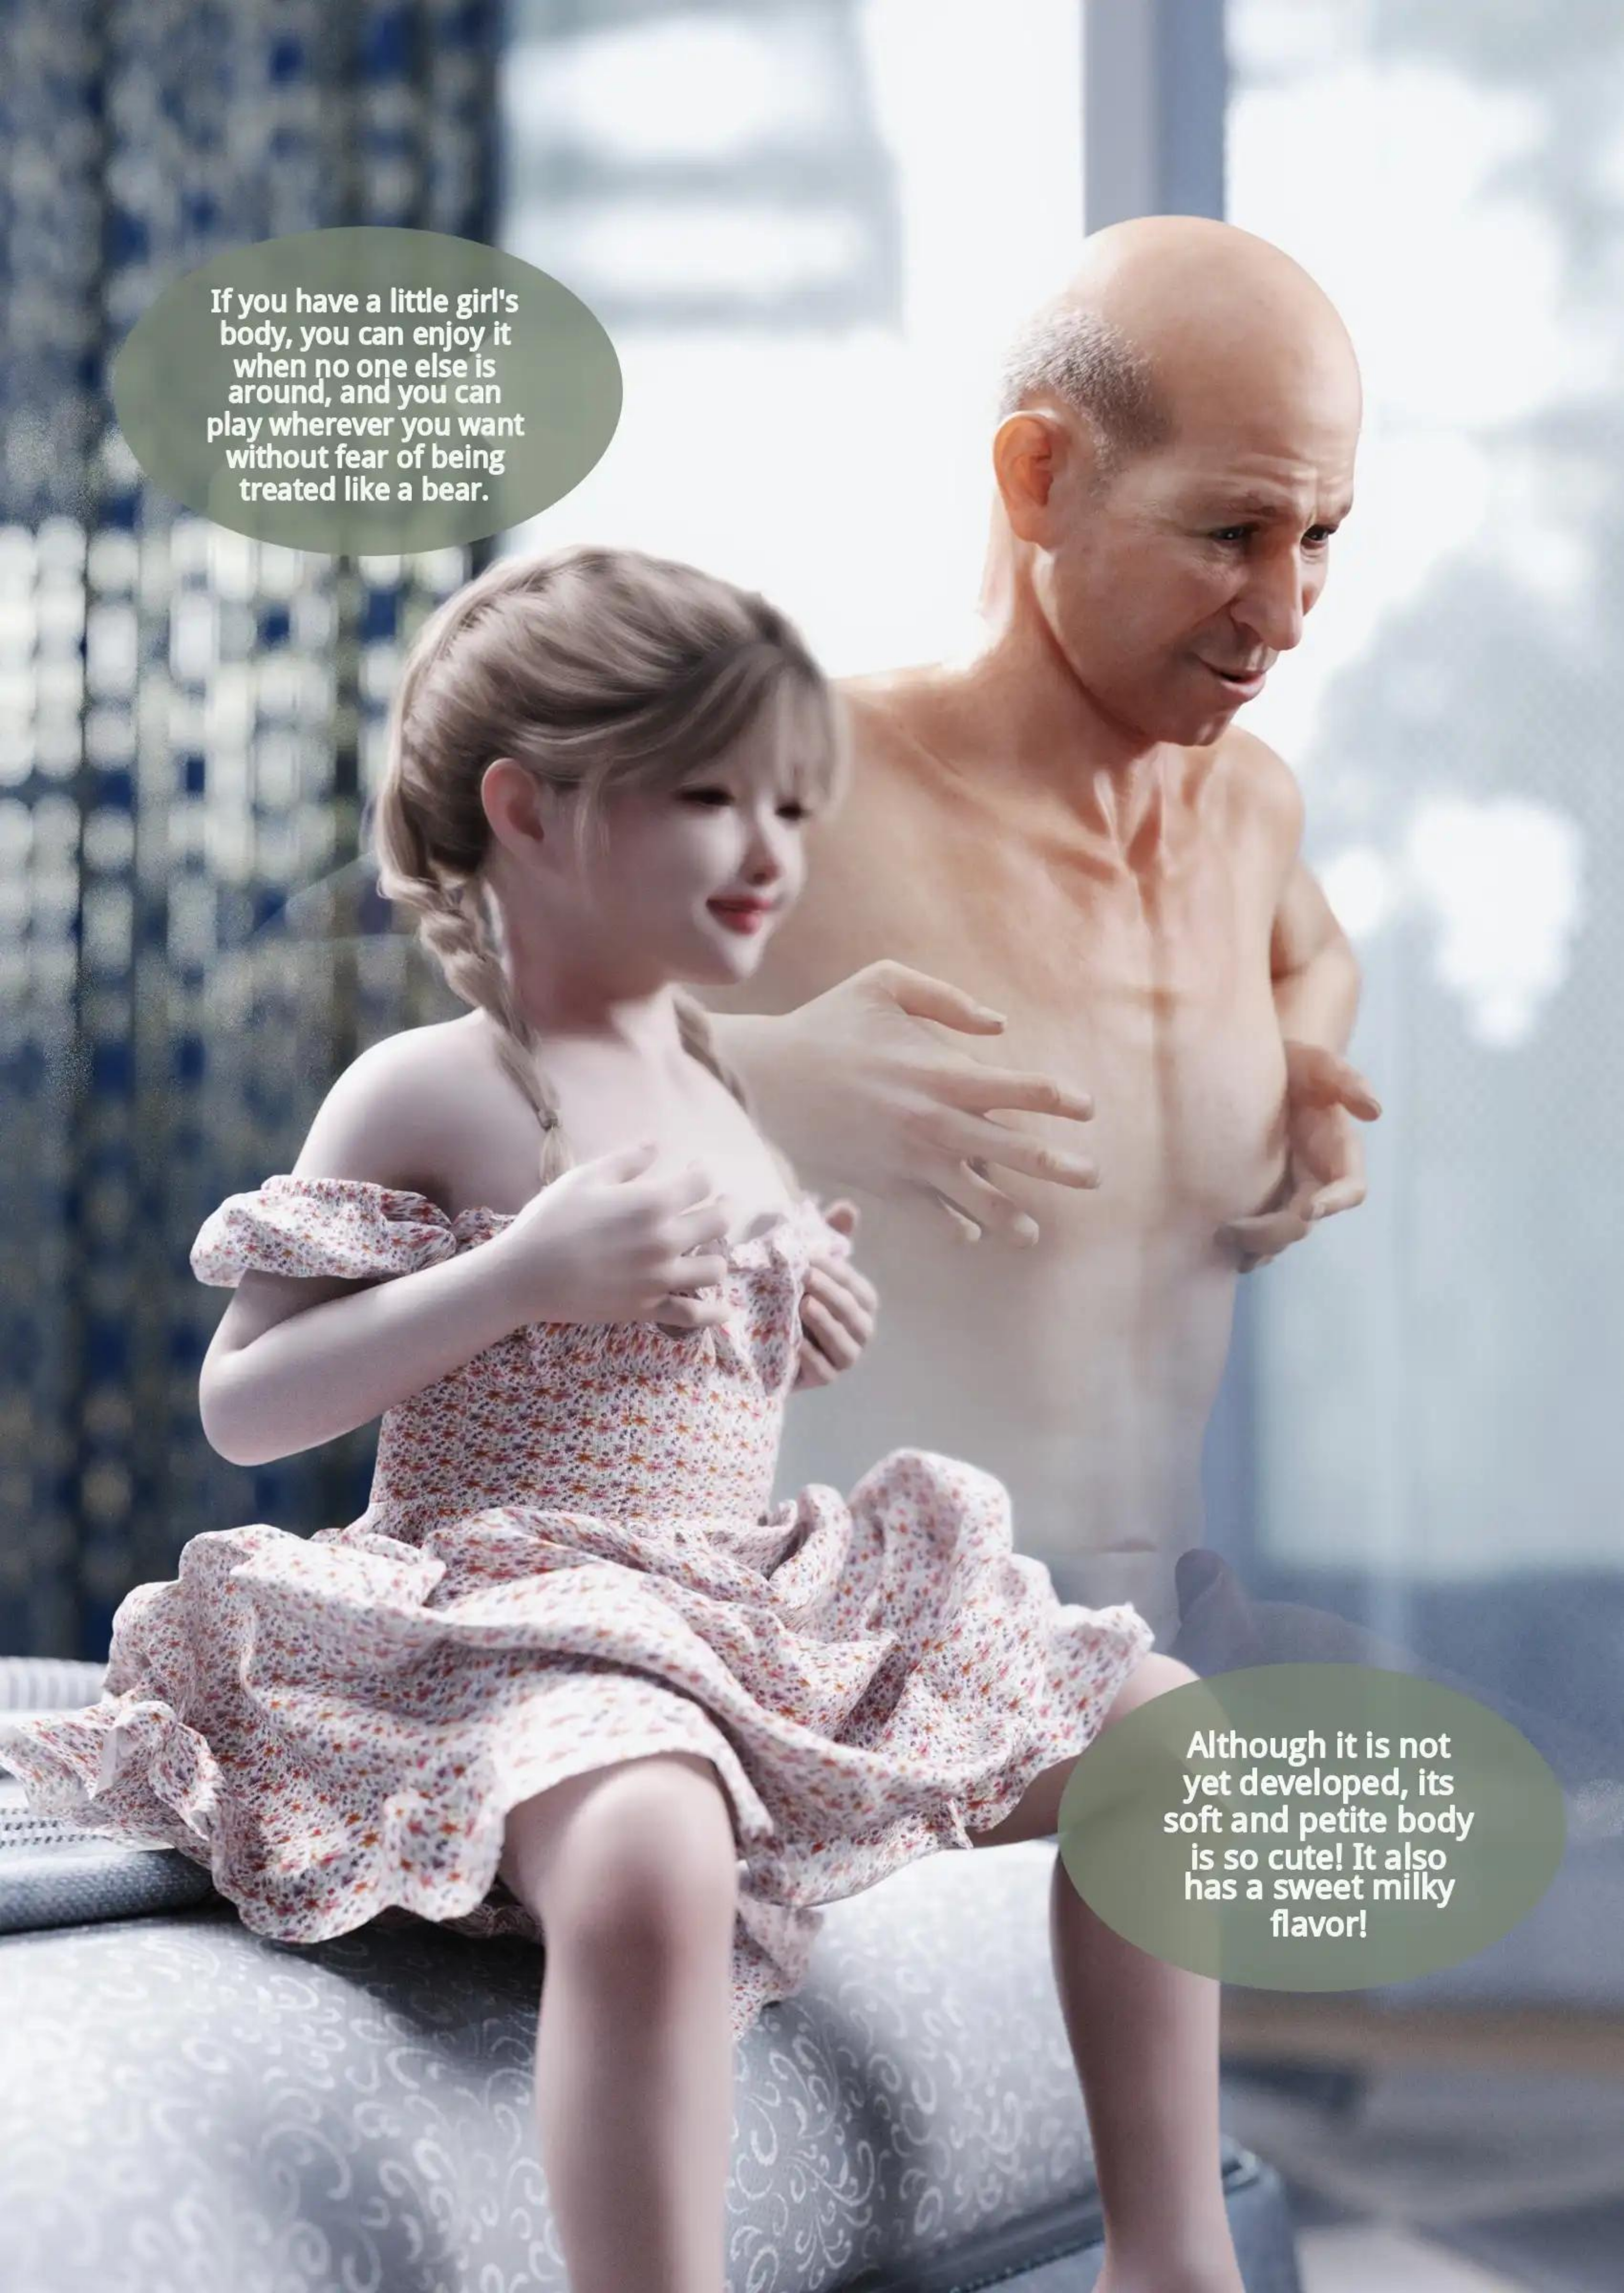

This is the
damage attribute
of the leather
blade! Do you
know how
precious time is to
us seniors?

, you can repeat
different lives, and
now you only
need to use the
skin blade to
achieve eternal
life!

Yeah, but with the leather blade, death and loneliness, the most terrifying things in the world, can probably be solved!

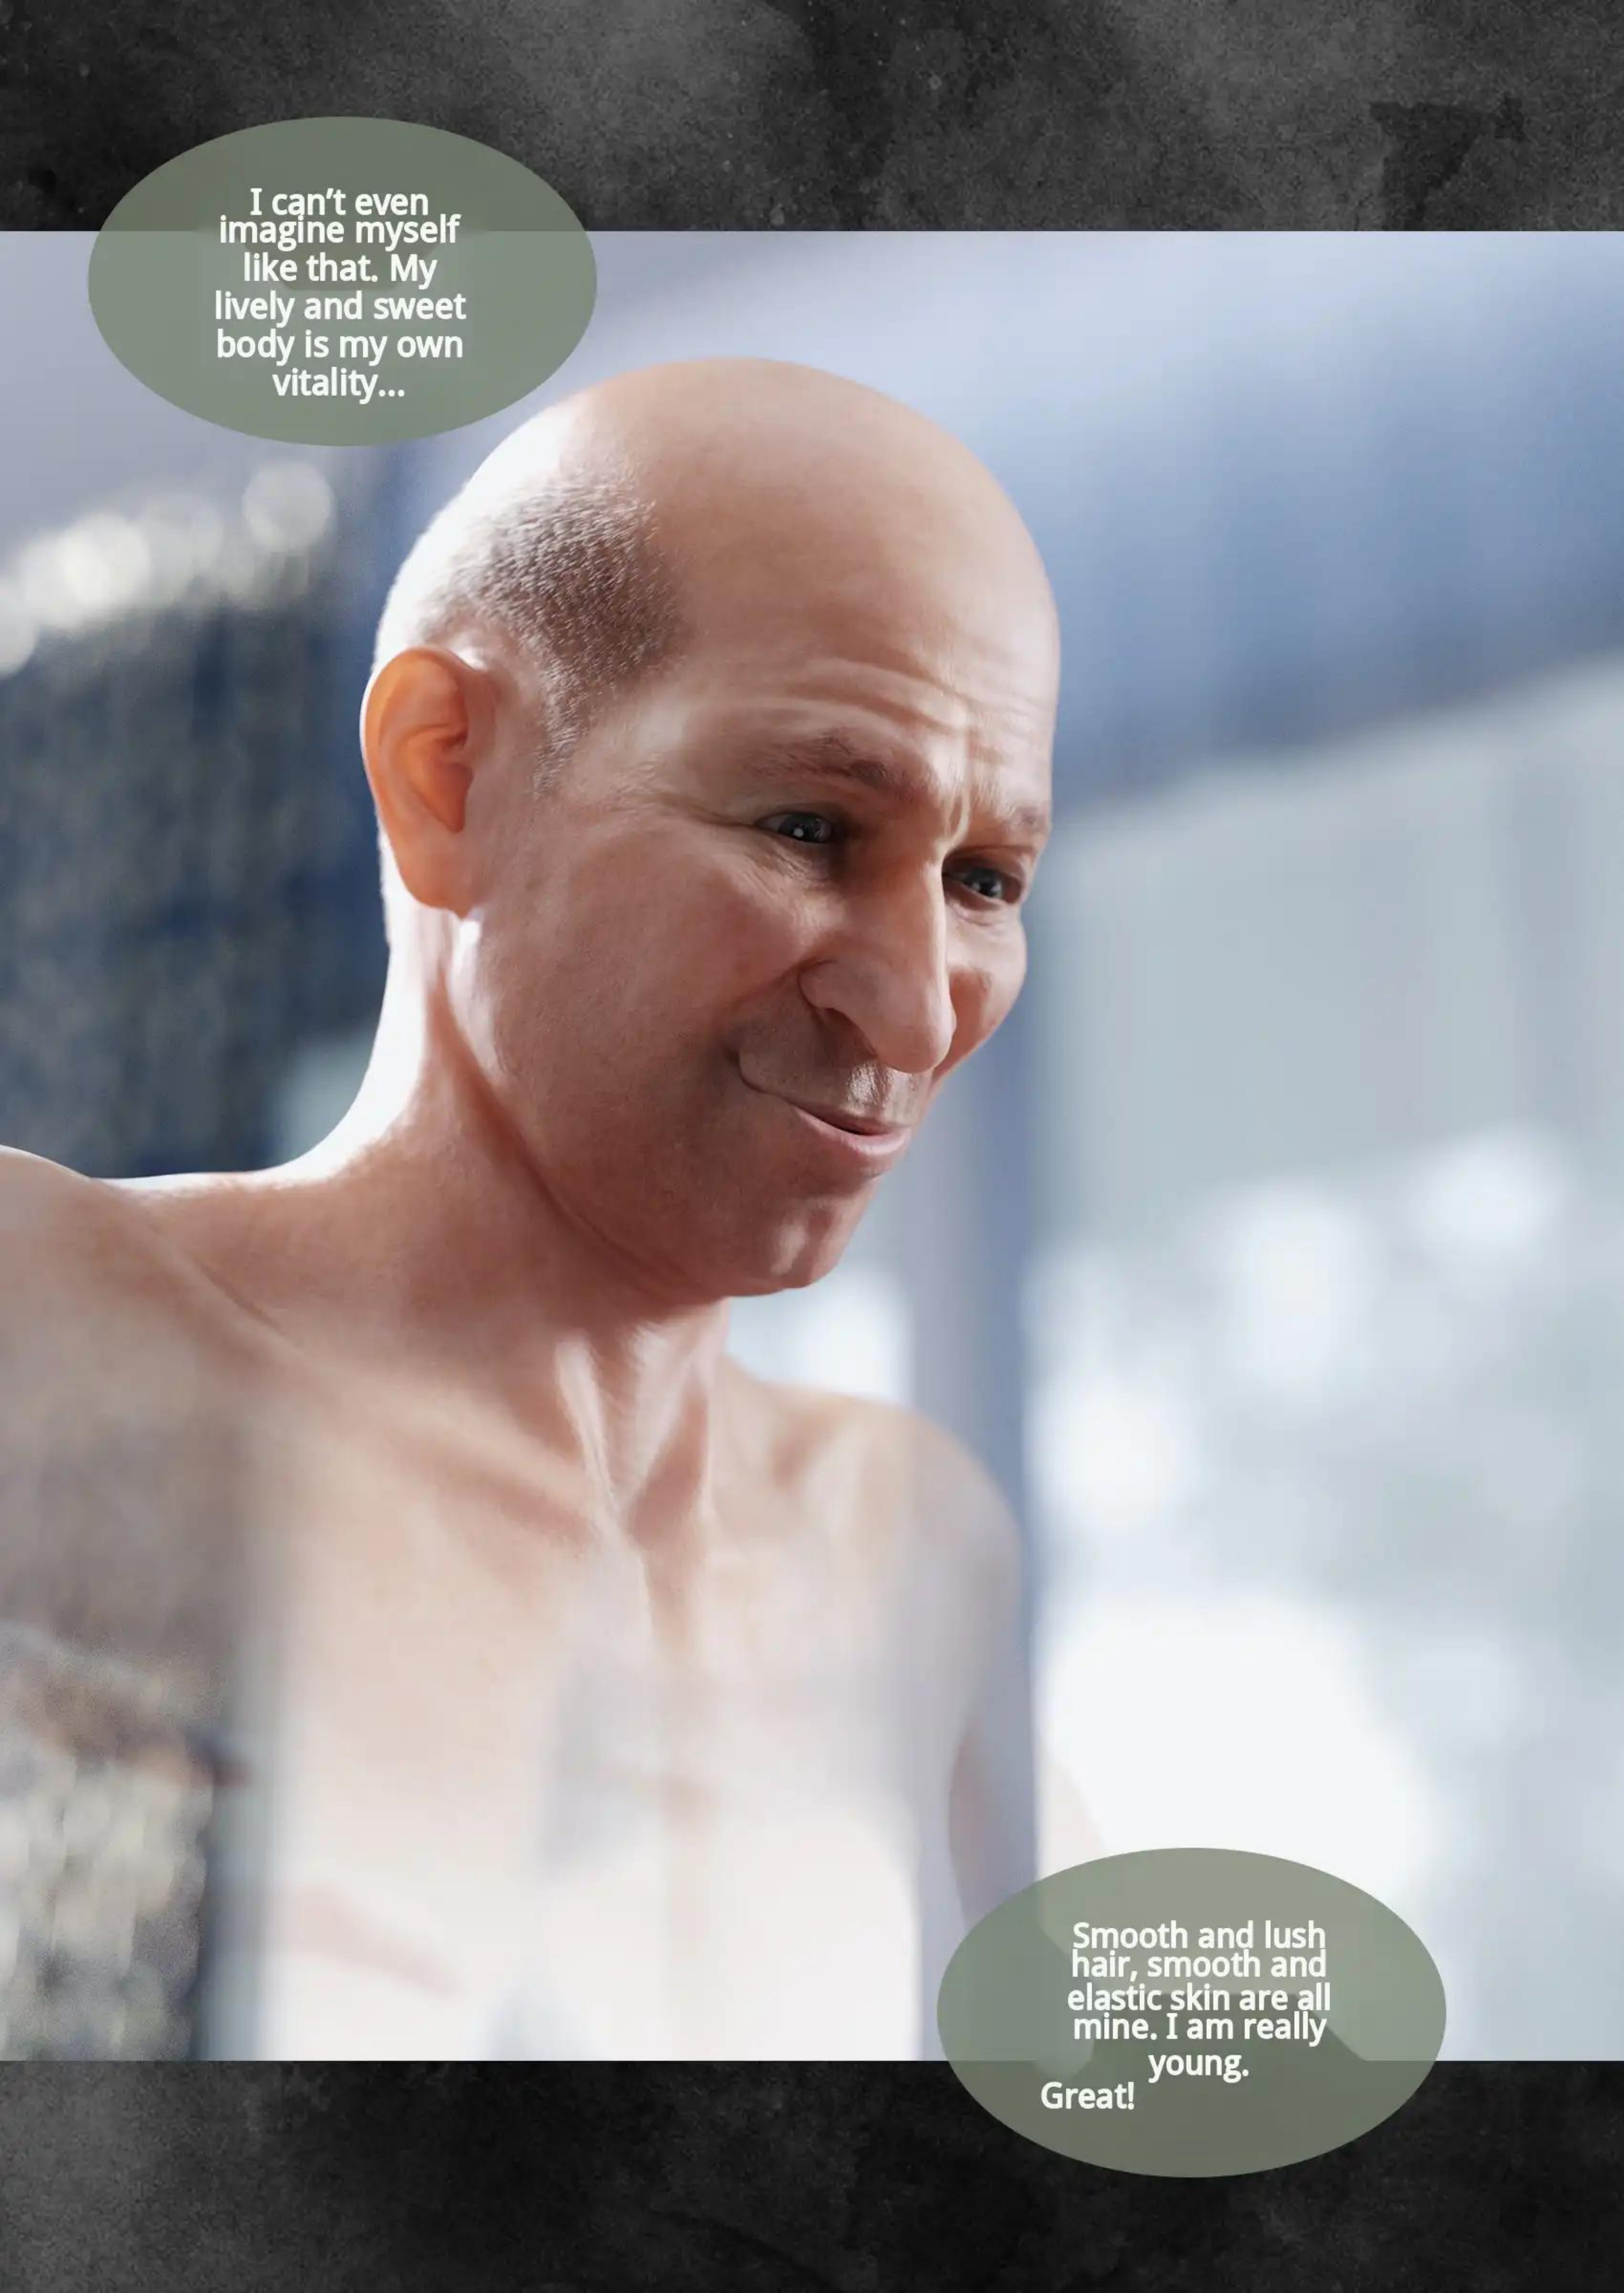

There will always be someone to love and protect you! You never need to worry about death, think about how happy that would be! Do you dare not to be moved?

A photograph of a man and a young girl sitting on a patterned couch. The man is shirtless and has a balding head, looking towards the girl. The girl is wearing a white dress with a red and orange floral pattern and has her hair in two braids. She is looking down at her dress. The background is a blurred cityscape with a window.

If you have a little girl's body, you can enjoy it when no one else is around, and you can play wherever you want without fear of being treated like a bear.

Although it is not yet developed, its soft and petite body is so cute! It also has a sweet milky flavor!

I can't even
imagine myself
like that. My
lively and sweet
body is my own
vitality...

Smooth and lush
hair, smooth and
elastic skin are all
mine. I am really
young.
Great!

A woman with her hair in a braid, wearing a pink floral dress, sits on a bed with a grey and white plaid blanket. She is looking down thoughtfully. The room features a dark grey headboard, a matching nightstand, and a patterned pillow. The floor is covered with a large, textured rug.

Only children can not
be afraid of big things.
When I grow old, I am
always afraid of death
as time goes by and I
look forward to it.

But now I can
overcome death and
enjoy every moment
of my growth, and
enjoy time,
per
second.

A young woman with blonde hair in a ponytail, wearing a black school uniform with red trim, stands in a modern bathroom. She is looking at her reflection in a large mirror above a white sink. The bathroom has white walls with blue mosaic tiles and a glass shower door. A brown bottle is on a shelf in the background.

, this is the age
when girls are about
to grow up and
usher in puberty. I
will put it in a loving
environment!

The developing
green body is like a
flower in bud,
waiting to be picked.

In fact, this is an old man who is almost going to be put in a coffin because no one will notice this beautiful girl.

, and will also become the first target of many young and uncertain boys in school.
Hahaha!

How much love will I attract? Will they all be admired by me? Will you be fascinated by how many love letters you will receive?

Passers-by would stare at my beautiful legs, secretly thinking that I was not only a male classmate, but also a side dish for handjobs.

Anytime, anywhere,
whatever you want,
I'm the first one to
play with it! I can
touch their bodies
and places at will.

My body will definitely be
very sexy when I grow
up, and I will be able to
choose a bra with my
mother, and she will
teach me how to put it
on.

A woman with blonde hair styled in a braid, wearing a red lace bra and black shorts, is sitting on a tiled floor. She is looking towards the camera with a slight smile. The background shows a tiled wall and a window with a grid pattern.

During the trial period, I would take her place and explore her body, which is exactly what she thinks about herself at that age.

, feel for her the pleasure of masturbating a girl's soft virgin hole for the first time!

It trembles slightly, and then secretes semen. The body will heat up in a micro-controlled manner without being stimulated by the vagina, and the hand speeds up unconsciously.

! Aren't you curious? I didn't even know how sensitive my body would be. It was the first time for a girl to try it. I was overwhelmed with desire and wanted to try it!

How nice to touch?
My pink and tender
pussy has never
been fucked before,
and an old man like
me can actually play
with it.

I have long forgotten
the first time I
masturbated with a
hand. I must have
remembered the gun,
but I can remember it
with a girl.

Very moving! This is
not a very pungent
sound, it must be her
first time due to
pleasure
Excited?

It's like I'm
masturbating or being
driven into heat by an
old man. I keep
moaning. I can't stand it.
Yes!

When the time comes, I will enjoy the pleasure and screams of the girl's cock, and I will run out!

? Even if her virginity comes out, it will feel so good to her legs, and she will slowly rub her virgin hole, it is all under my control!

The cock will be sucked
tightly by her pussyl
Oh oh the one who
once fucked my
mother
So cool!

The first cock in
your pussy is mine
too, haha! The first
time I masturbated
was me,

A woman with blonde hair styled in two braids is sitting on a white tiled floor. She is wearing a red lace bikini top and black bottoms. She is smiling and looking down at a red vibrator she is holding in her hands. The background consists of a wall of blue glass blocks.

! I didn't expect that her little hands would help me with my handjob, and then I would use her fair skin to massage her and be serviced by the girl!

How wonderful it is to enjoy the pleasure of your pussy and masturbation without having to use too much pleasure from me! Already?

How many times better than your original body? After ten years of use, the sensitivity of my cock has actually diminished and it will melt when ejaculated from a girl's body...

I can regain my glory, but with my young body I am like a mighty man.

My body that can be
hard longer and my
cum full of vitality will
make my cock more
energetic,
More!

Being able to enjoy your
desires as fast as you want,
no matter how many times
you masturbate! Like
young people,
Happy!

No matter how young
people play with their
vaginas or masturbate,
their desires are
always insatiable.
Not
satisfied.

But don't worry, just
use the old method
to charm your
mother. After all, as a
mother, you won't be
wary of your children.

The mother would not have thought that the daughter she had cared for and cared for since she was a baby actually had an old man's cock. she.

But the baby's body couldn't bring out the penis, so it would be the first time we "mother and daughter" had sex.

, it will be more energetic than me using it to get her daughter to use my cock, and I can finally have fun with my mother.
Having sex!

Even if I am conscious, my mother's body will be fucked very well by her daughter. I really Be filial!

And I also grew up with her, and my mother watched me grow up happily. It is a blessed family!

Stimulation and pleasure, she is really the hole that brings me a new life, and will bring me more great mothers!

In adolescence, I may have enjoyed the pursuit of those young boys, and then experienced interesting relationships, and reached the marriageable age...

, and the groom who loves me so much that I would choose a guy who is deeply obsessed with my appearance to marry me will never know the truth.

A woman with blonde hair, wearing a white lace wedding dress, stands next to a man in a dark suit and tie. The woman is looking directly at the camera with a slight smile. The man is partially visible on the left side of the frame. The background is dark and out of focus.

I am wearing a wedding dress, and as the most dazzling person in the room, I am receiving the blessings from my relatives and friends.

Happy smiles and sincere wishes from everyone congratulated me on entering the next chapter of my life.

But among the relatives
who watched me grow
up and my close friends
when I was young,
none of them
You will
find that

The girl they thought
they knew best or
was the most
important turned out
to be an old man
wearing human skin.

A woman with blonde hair, wearing a red lace bra and matching red lace underwear, is shown from the waist up, looking over her shoulder. She is in a bedroom setting with a bed and a framed picture on the wall. The image is framed by a dark border at the top and bottom.

My stupid husband will work hard to make money after marriage, and the one who loves me to the core will support the family, and all I need is enjoy.

, I will take advantage of my husband's absence to enjoy my sexy and mature body after taking off my beautiful wedding dress.

Ever since I was a child,
I have been taking good
care of this skin to
make her more
attractive than other
women.

She has a
perfect figure
and a nice butt
that is suitable
for giving birth.

, it's just that he is stupid, if he is seduced by my body, he will know that his wife also loves this body, haha!

My breasts will definitely develop very well. Even when I was little, I could play with those breasts!

Then you can try something more exciting. Hey, wait for me to touch you in a more exciting way.

, I can only wear her lightly, but as she touches "herself" when this human skin is still young, her hair becomes more mature,

? Of course, it would be a pity if I just touch this body that I have carefully maintained. It would be too unrestrained for me to think about it!

A young girl with blonde hair is lying on her side on a patterned rug. She is wearing a skin suit that covers her entire body, including her face. The skin suit is a light, translucent color. She has a neutral expression and is looking towards the camera. The background is a dark, textured wall.

Whether it's wearing or peeling, it should be much lighter when she becomes an adult, right? throat...:

It was because I was so tired when wearing the skin that the skin was too small. Even the baby seat was suitable for me, and it was almost up to my waist. It took a long time to get it done.

A photograph of a man standing in a modern, brightly lit room. He is shirtless and wearing a pair of baby pants that have grown into an adult size, with a large, protruding penis. He is holding a pair of scissors. In the foreground, a woman is lying face down on a patterned rug. The room features a white sofa, a large abstract painting on the wall, and a wooden floor.

If you want to join us,
we will help you. We
have a lot of skills in
wearing baby skins.
Teach you.

It will definitely be
interesting to watch
myself take off the skin.
I can see with my own
eyes that it has grown a
little bit, but I have
worn it for many years,
and it has grown into
an adult skin.

A woman with blonde hair is lying on a patterned surface, possibly a bed or a chair. She is looking towards the camera with a neutral expression. A knife is positioned near her face, with the blade pointing towards her. The background is a dark, textured surface.

Just like myself, if I
see Pi, she is like
another person. She
will be the person I
am most familiar
with, and I should be
a little reluctant to let
go. She looked
lifeless,

It's more urgent,
and as long as you
think her mood will
pierce your skin,
you can wait for
her to recover.

A photograph of a woman with blonde hair lying on her back on a patterned rug. She is unclothed. Her eyes are closed, and her expression is serene. A hand is visible on the left side of the frame, near her chest. The background is a plain white wall with a shadow cast across it.

It will expand gradually, and after the consciousness is stabbed, the human skin will slowly return.

But what will happen to her who has been dressed by me since she was a baby?

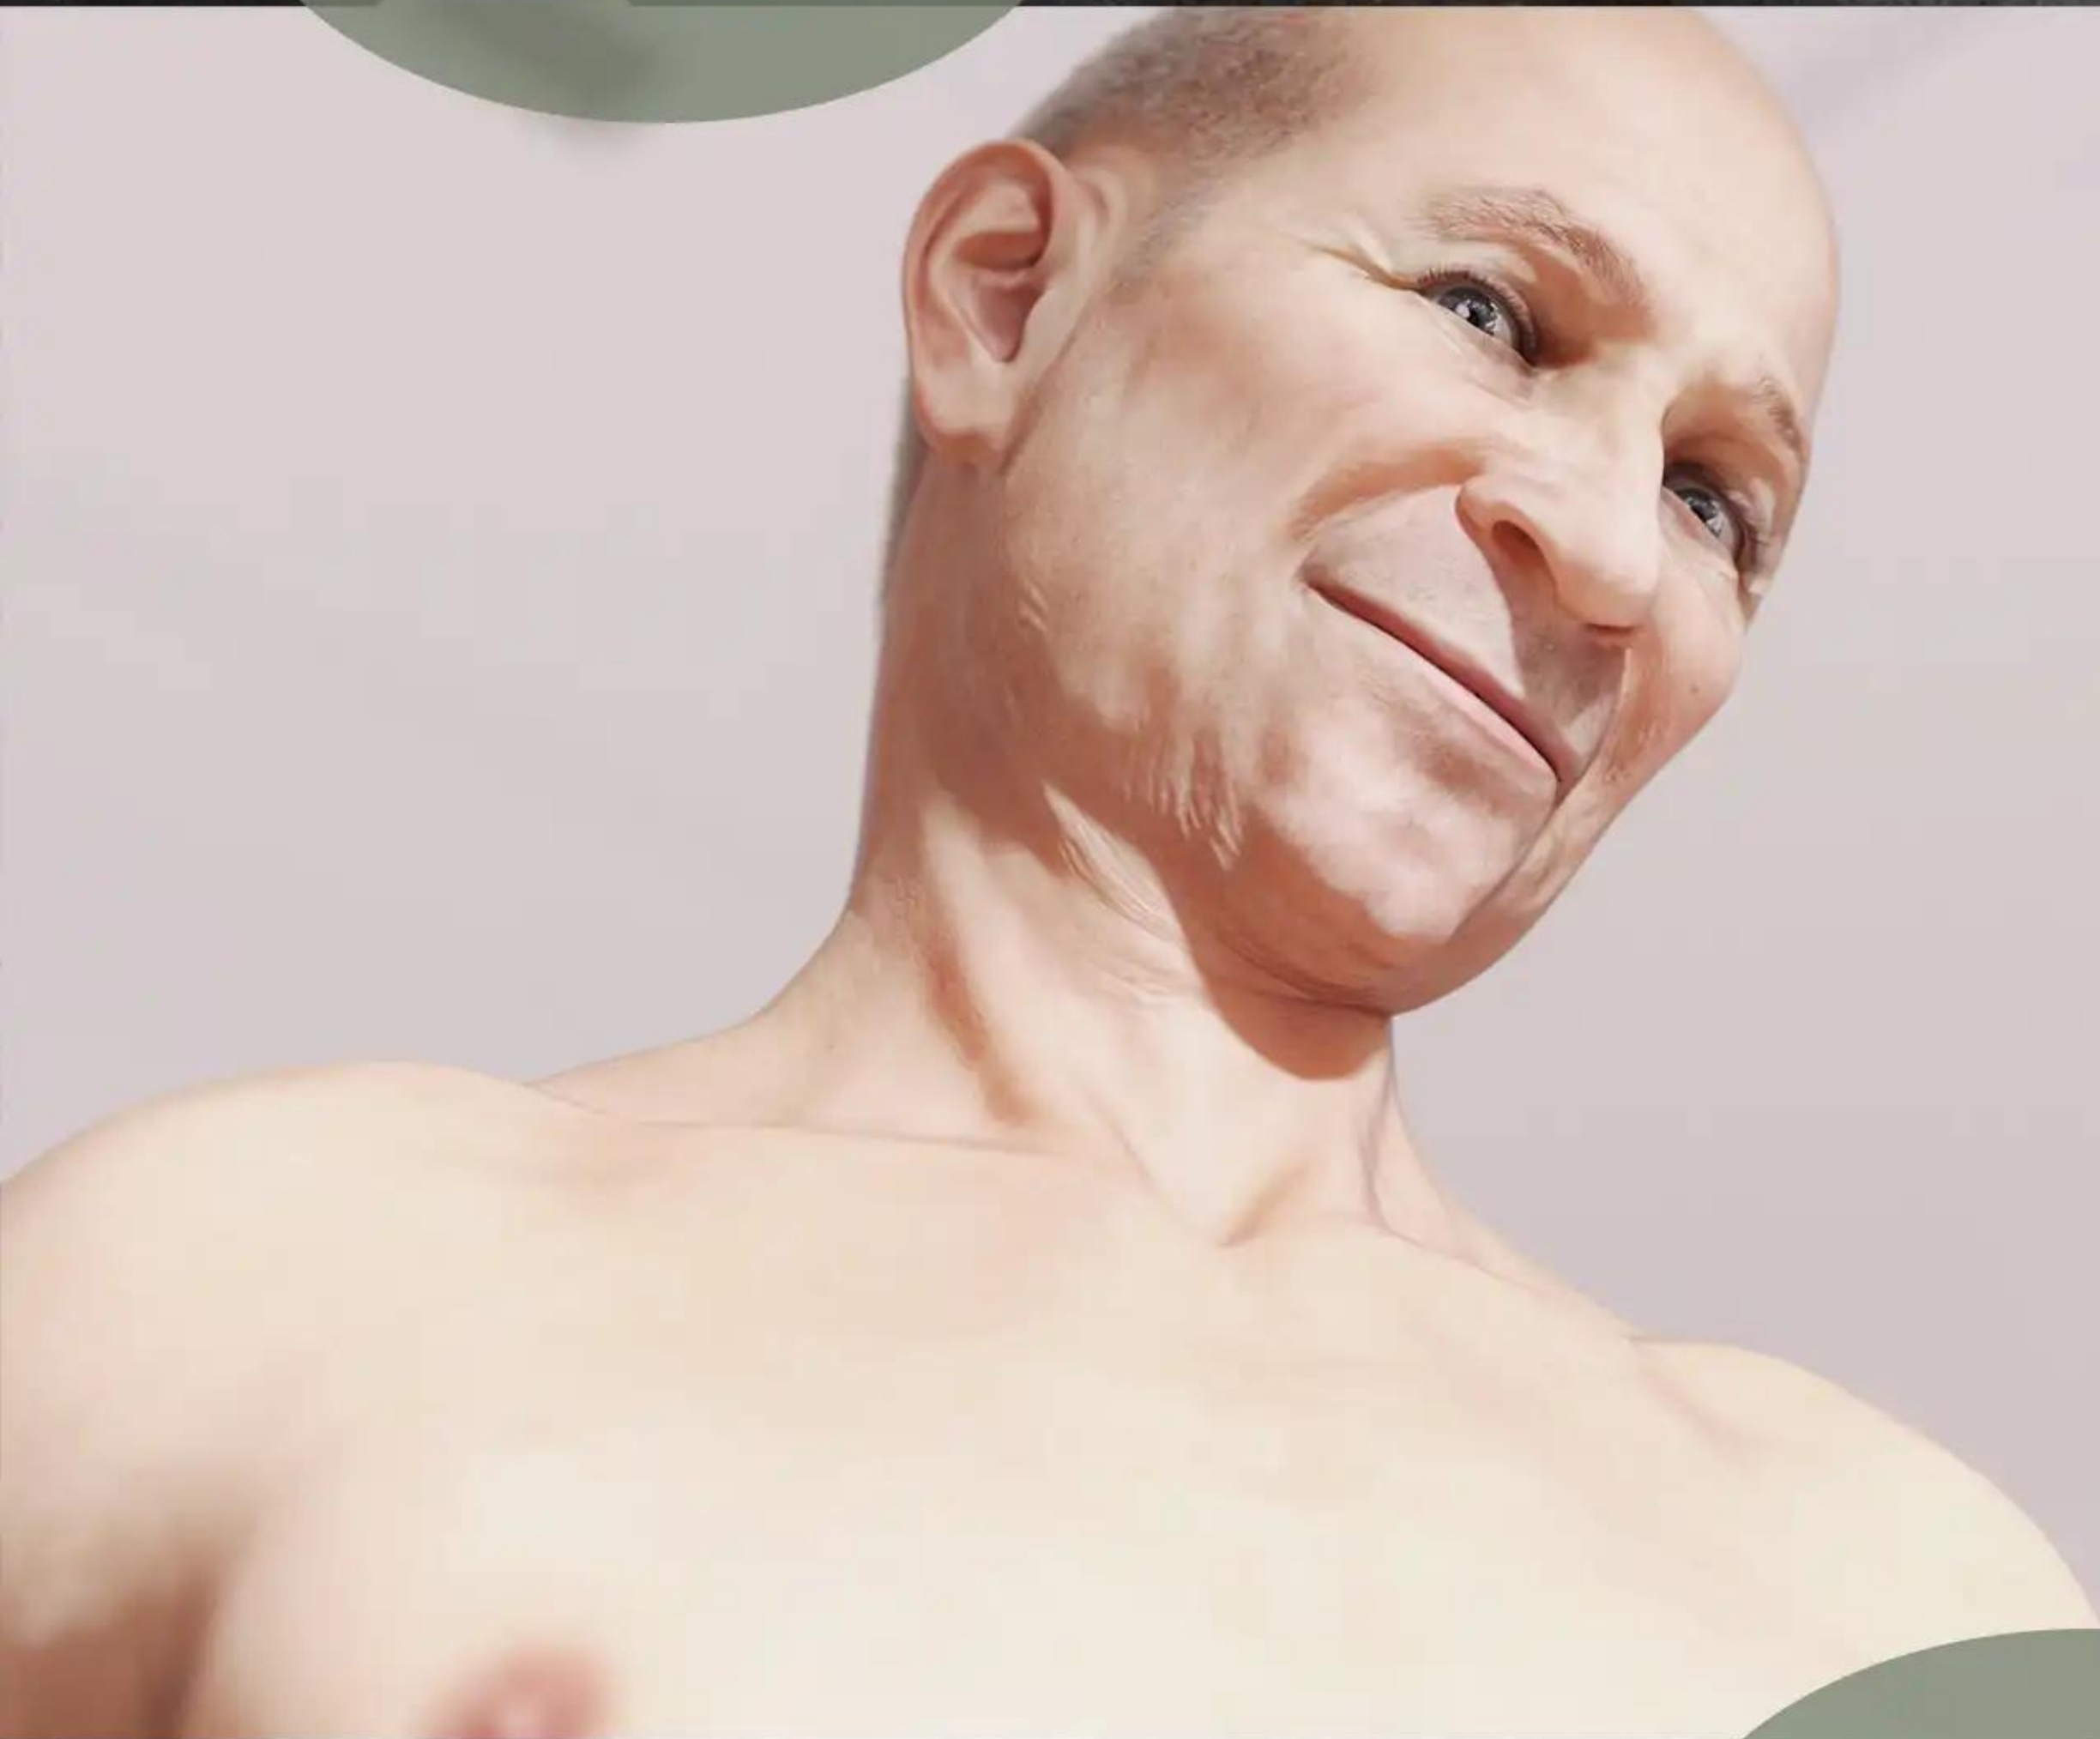

That's right! She is mentally young, unable to speak, unable to walk, and still a baby! is a baby!

Uh...oh...ahhh...-·

, from her perspective... Twenty or thirty years have passed, and she doesn't know the time, nor does she know what's happening around her.

What happened to my
body was that one
second I was still lying
in the crib, and the next
second
transformation.

Of course, she, a guy
who was left as a baby
and whose IQ is still
below the level that
ordinary people can't
understand, can't
understand.

Ear...listen...listen...

Therefore, she would not and did not know how to resist, and would just stupidly let me do whatever I wanted.

, you don't have to think about having sex with her at all, you still need to take medicine and prepare a seat, you can have sex in her awake state.

, unexpectedly she still can't live even if I force her to eat me for help, she won't push my cock away, and she won't use her limbs.

With a cock stuffed in his mouth, he might even think it was a pacifier and suck it up obediently!

Isn't it wonderful?
Her body, which can
be as willful as a sex
slave, was raised by
me
I use.

Just as you say, if you
want her to play with
a changeable bear
more realistically
than with an
inflatable doll, she
won't resist!

It's like sucking
on your mother's
nipples oh oh oh
yes! Suck harder!
Like sucking milk!
Suck it hard!

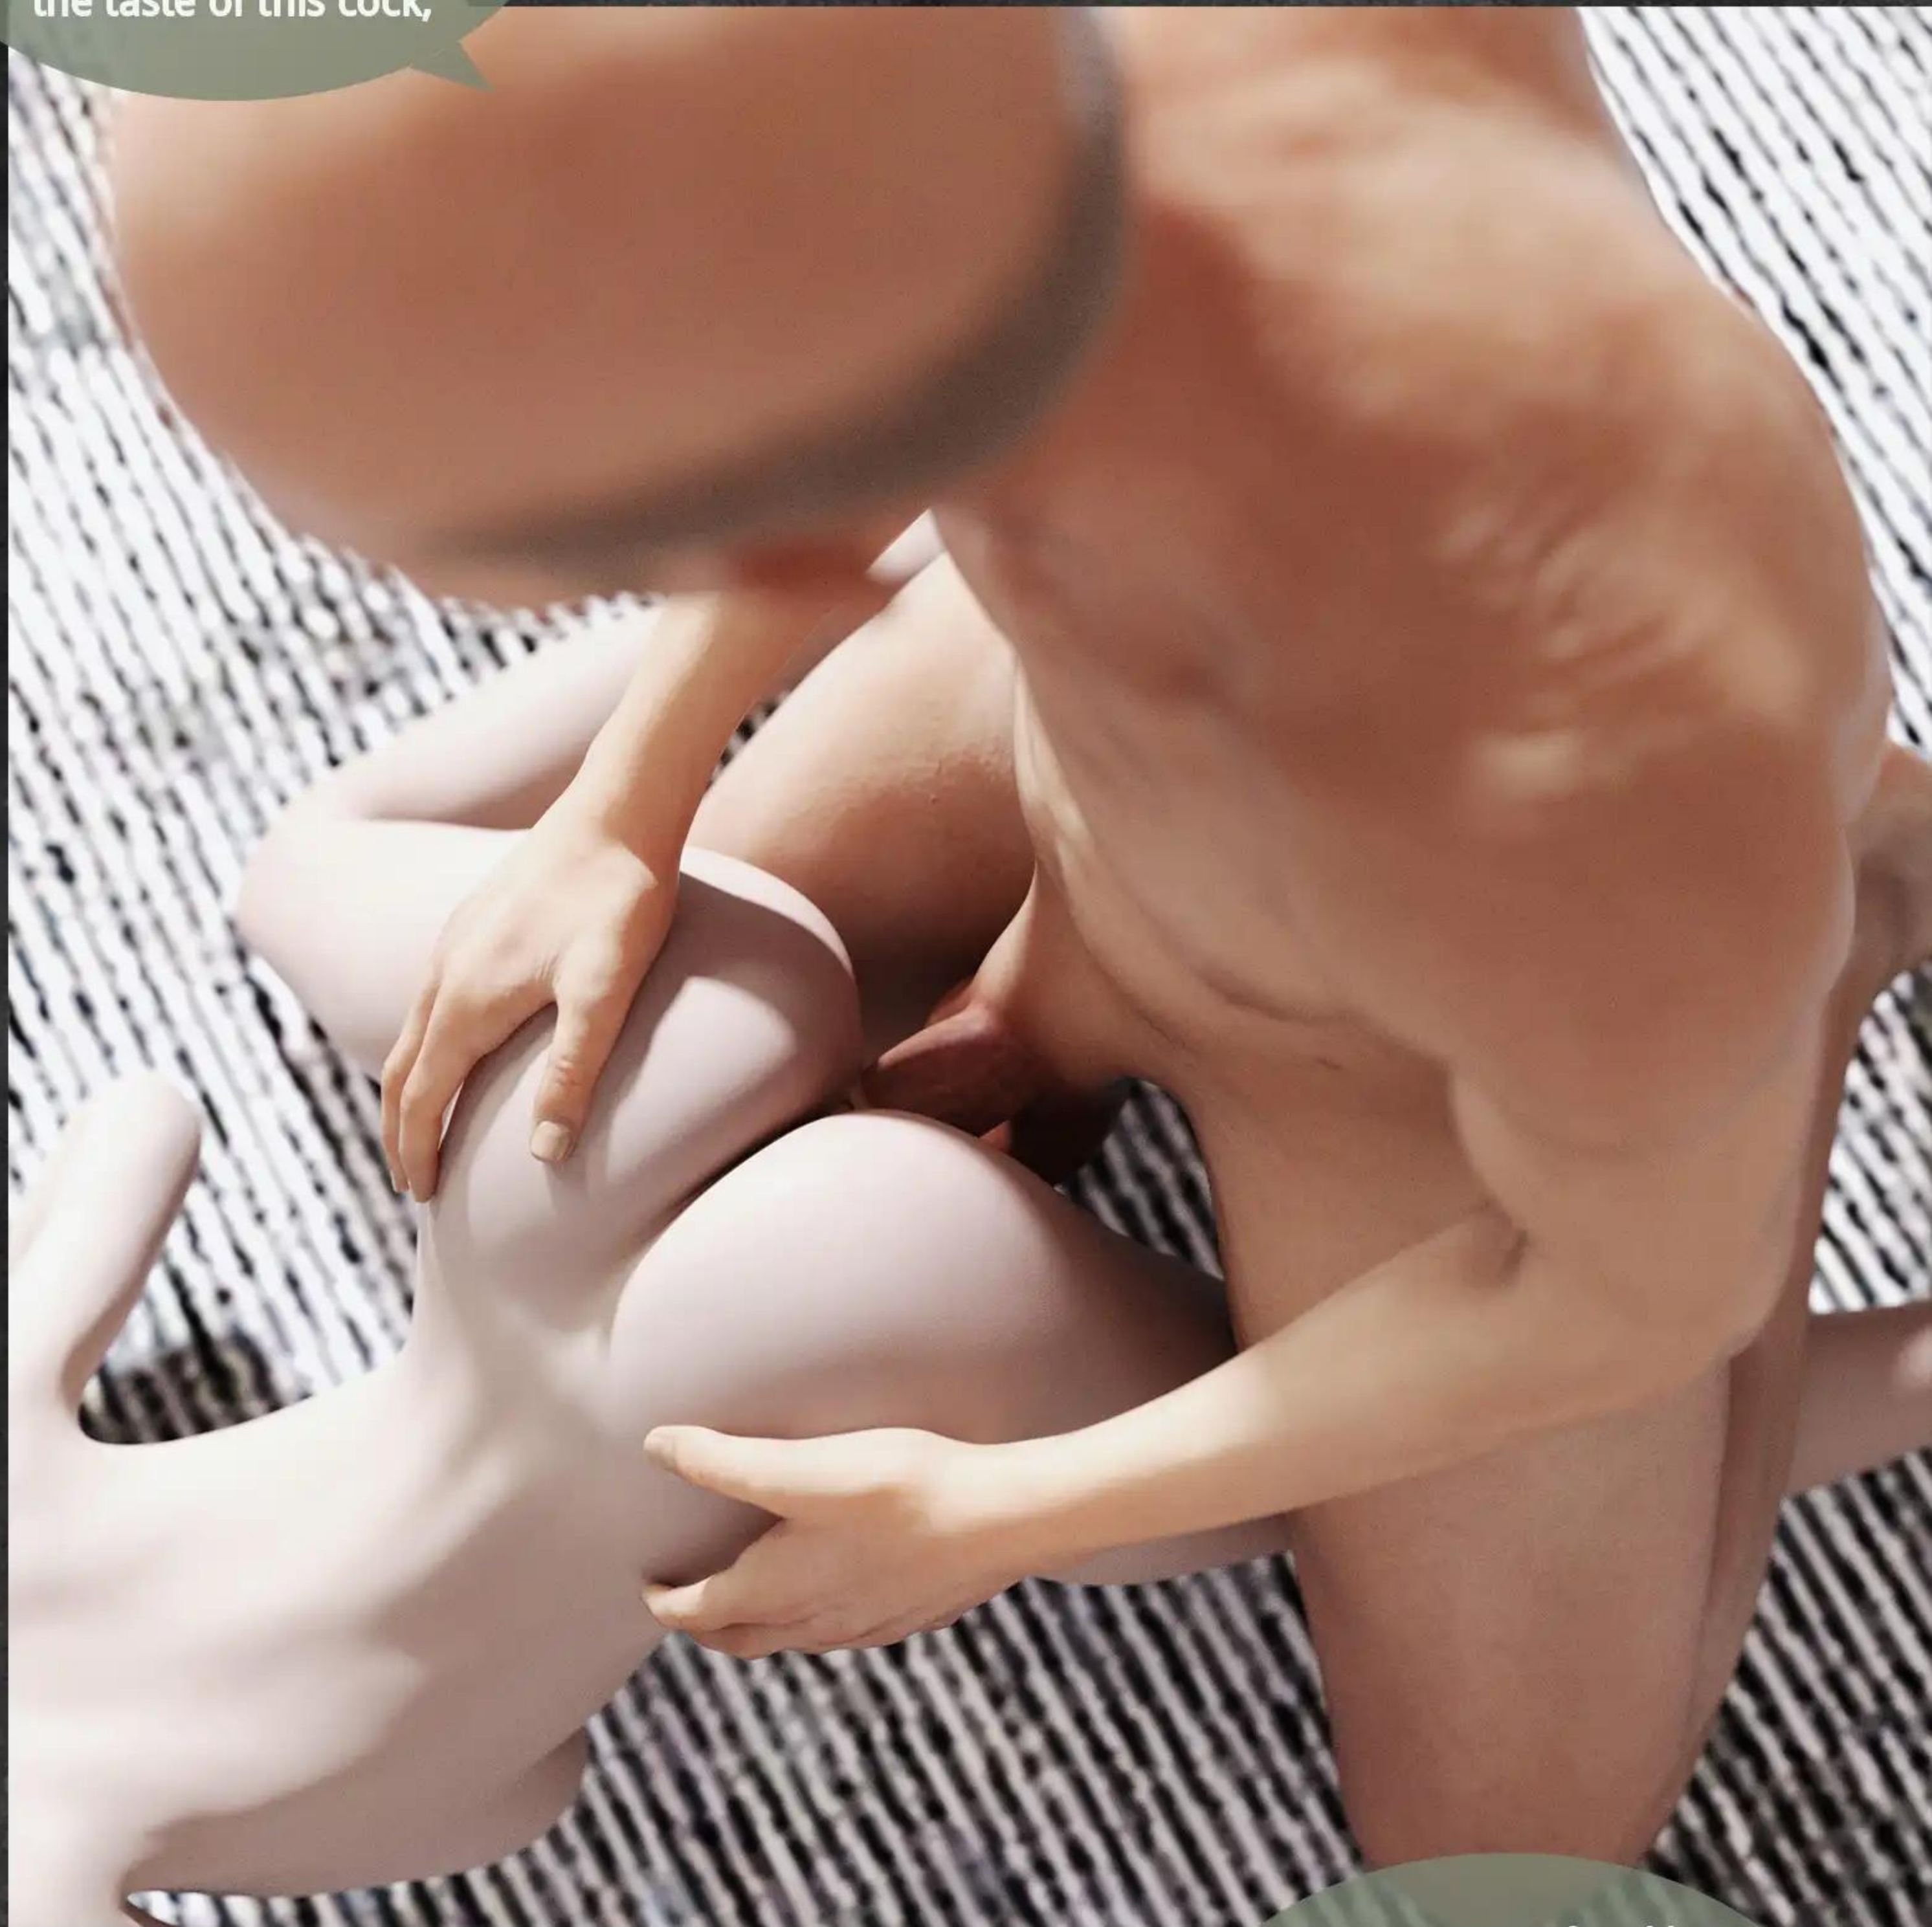

□□...
□□.....

Oh oh oh so cool! I used to fuck your mother, but when your mother gets old, she can fuck her daughter again!

marvelous! How come this mother and daughter have both been raped by me! Cool thing!

? It is impossible for such a little baby to be pregnant! Doesn't it feel good? Your mother has also tasted the taste of this cock,

Isn't it very comfortable? You don't have the slightest point, you just need to feel it, you are so lucky that you won't have the pleasure of being fucked in your life!

Like her, give
more and you can
only fuck your
mother when she
is unconscious, so
don't react!

□woo...
□...ahhh...

Hahaha, I
didn't expect
you guys to be
wives!

Violation, you
don't know
yourself, you don't
know that your life
has been taken
away by me!

A woman with blonde hair, wearing a white, long-sleeved, ribbed dress, stands in a room, looking down at her pregnant belly. A man with a balding head, wearing a white shirt, stands behind her, looking at her. The room has a window and a bed in the background.

After such a happy married life lasts for a while, I will get pregnant soon, but...

, will it be the seed of my husband who loves me deeply, or will it be the seed of me, an old man who doesn't know about the child in my belly?

Girl, I would have given birth to a baby again if it had replaced her.

Forming a cycle without repetition is our baby gang's plan to live forever!

So...

Countless emperors in ancient times wanted to gain it. Do you know how many benefits there will be after joining us?
Eternal life! eternal life!
We can achieve softness!

, they don't even know how great our plan is just to pretend to be children. Do you have any idea that our baby gang will be unhappy if we join?

A woman with dark hair styled in a bun, wearing a grey, form-fitting, sleeveless dress. She is looking down and to the right. A dark blue thought bubble is positioned above her head, containing white text. The background is a blurred indoor setting with vertical lines.

He actually came up with this way of immortality without replacing other people's lives. What an old lunatic! But if I block or reject him now.

Now that you can get the leather blade, should you open your eyes and open your eyes, or should you just join in if you don't know when?

**, I hate to let go of
this kind of person
with a leather blade.
Now that I know that
my eldest sister has
been replaced, I will
never do anything
wrong.**

**Regardless of
whether others live
or die, they don't
care at all how much
people suffer for
their own benefit.
They are trampled
and sacrificed.**

A man in a black jacket and mask stands over a shirtless man lying on the floor. The man in the jacket is leaning over the other man, with his hands on the other man's chest. The man on the floor has his arms raised and a look of distress. The scene is set in a room with wooden paneling.

I once thought that I could rely on my own power to cure those evildoers and find and realize my mistakes by setting their consciences.

But in the end, not only did the sister fail to be rescued, but Wei also fell into trouble, and the villains were still at ease...

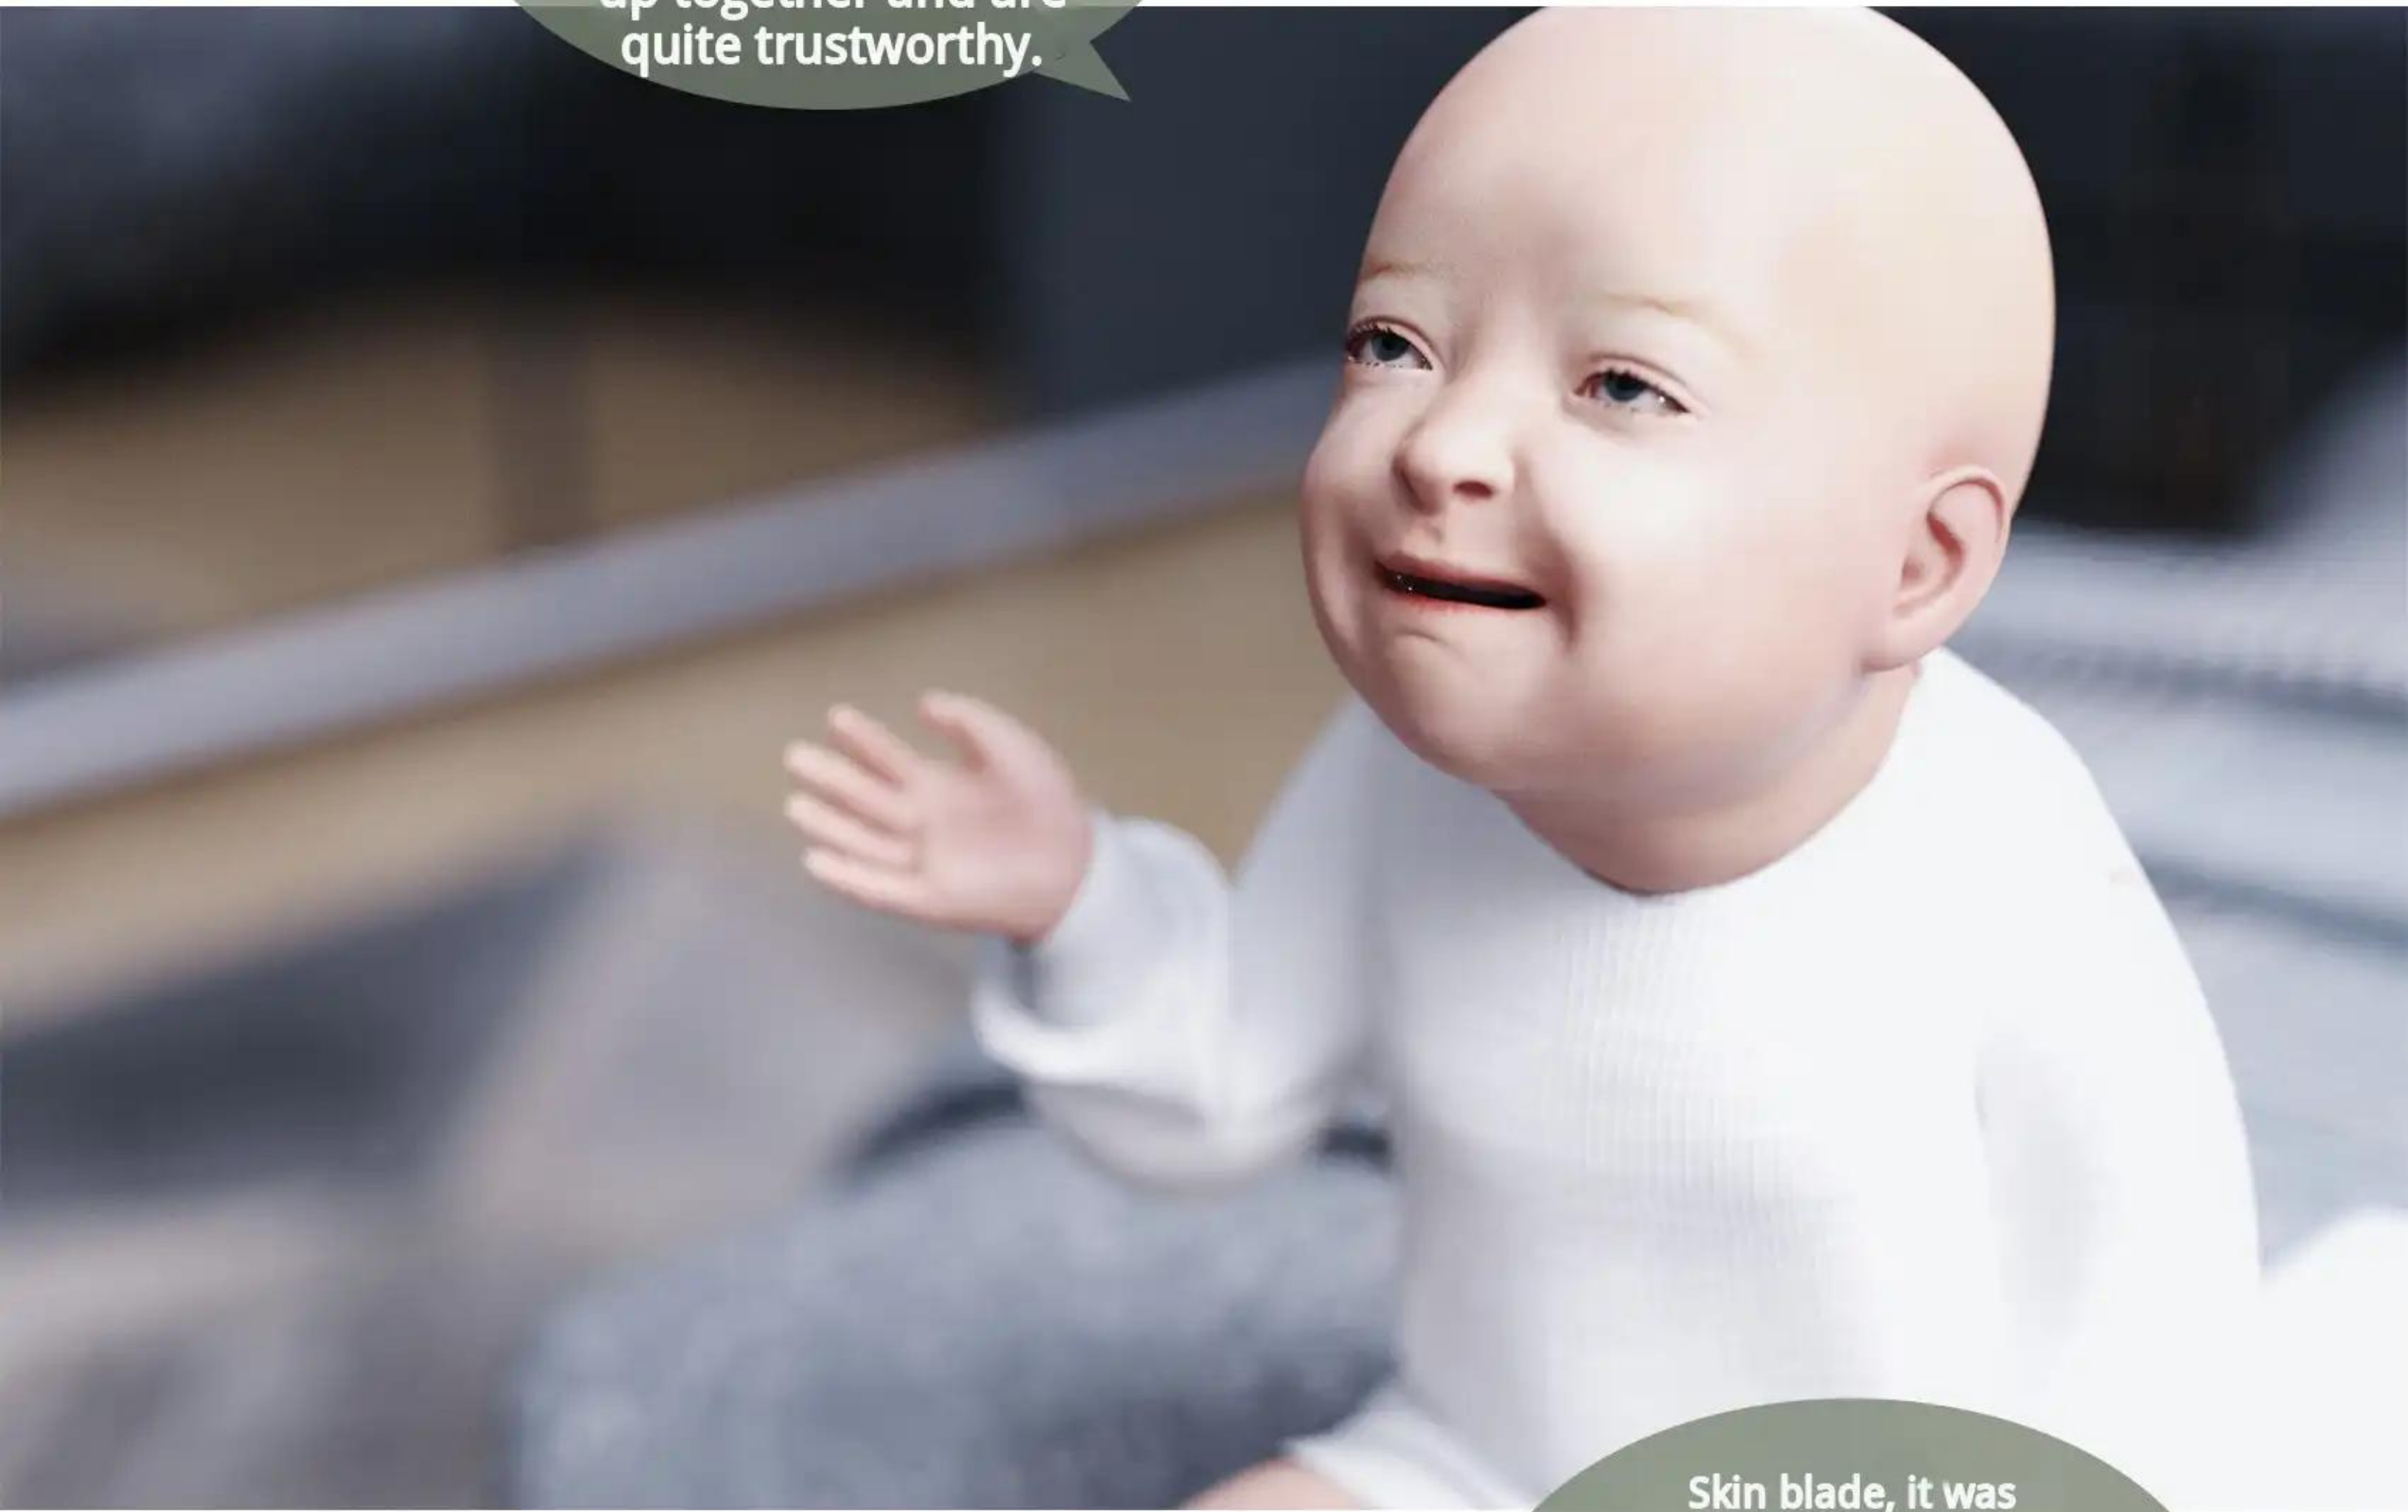

For those who care, the edge
of skin is righteousness. It
cannot save anyone. My
persistence has no meaning.

In front of
my eyes,

Stop thinking about
meaningless things. If
you want to achieve your
goal, you can only join
them.

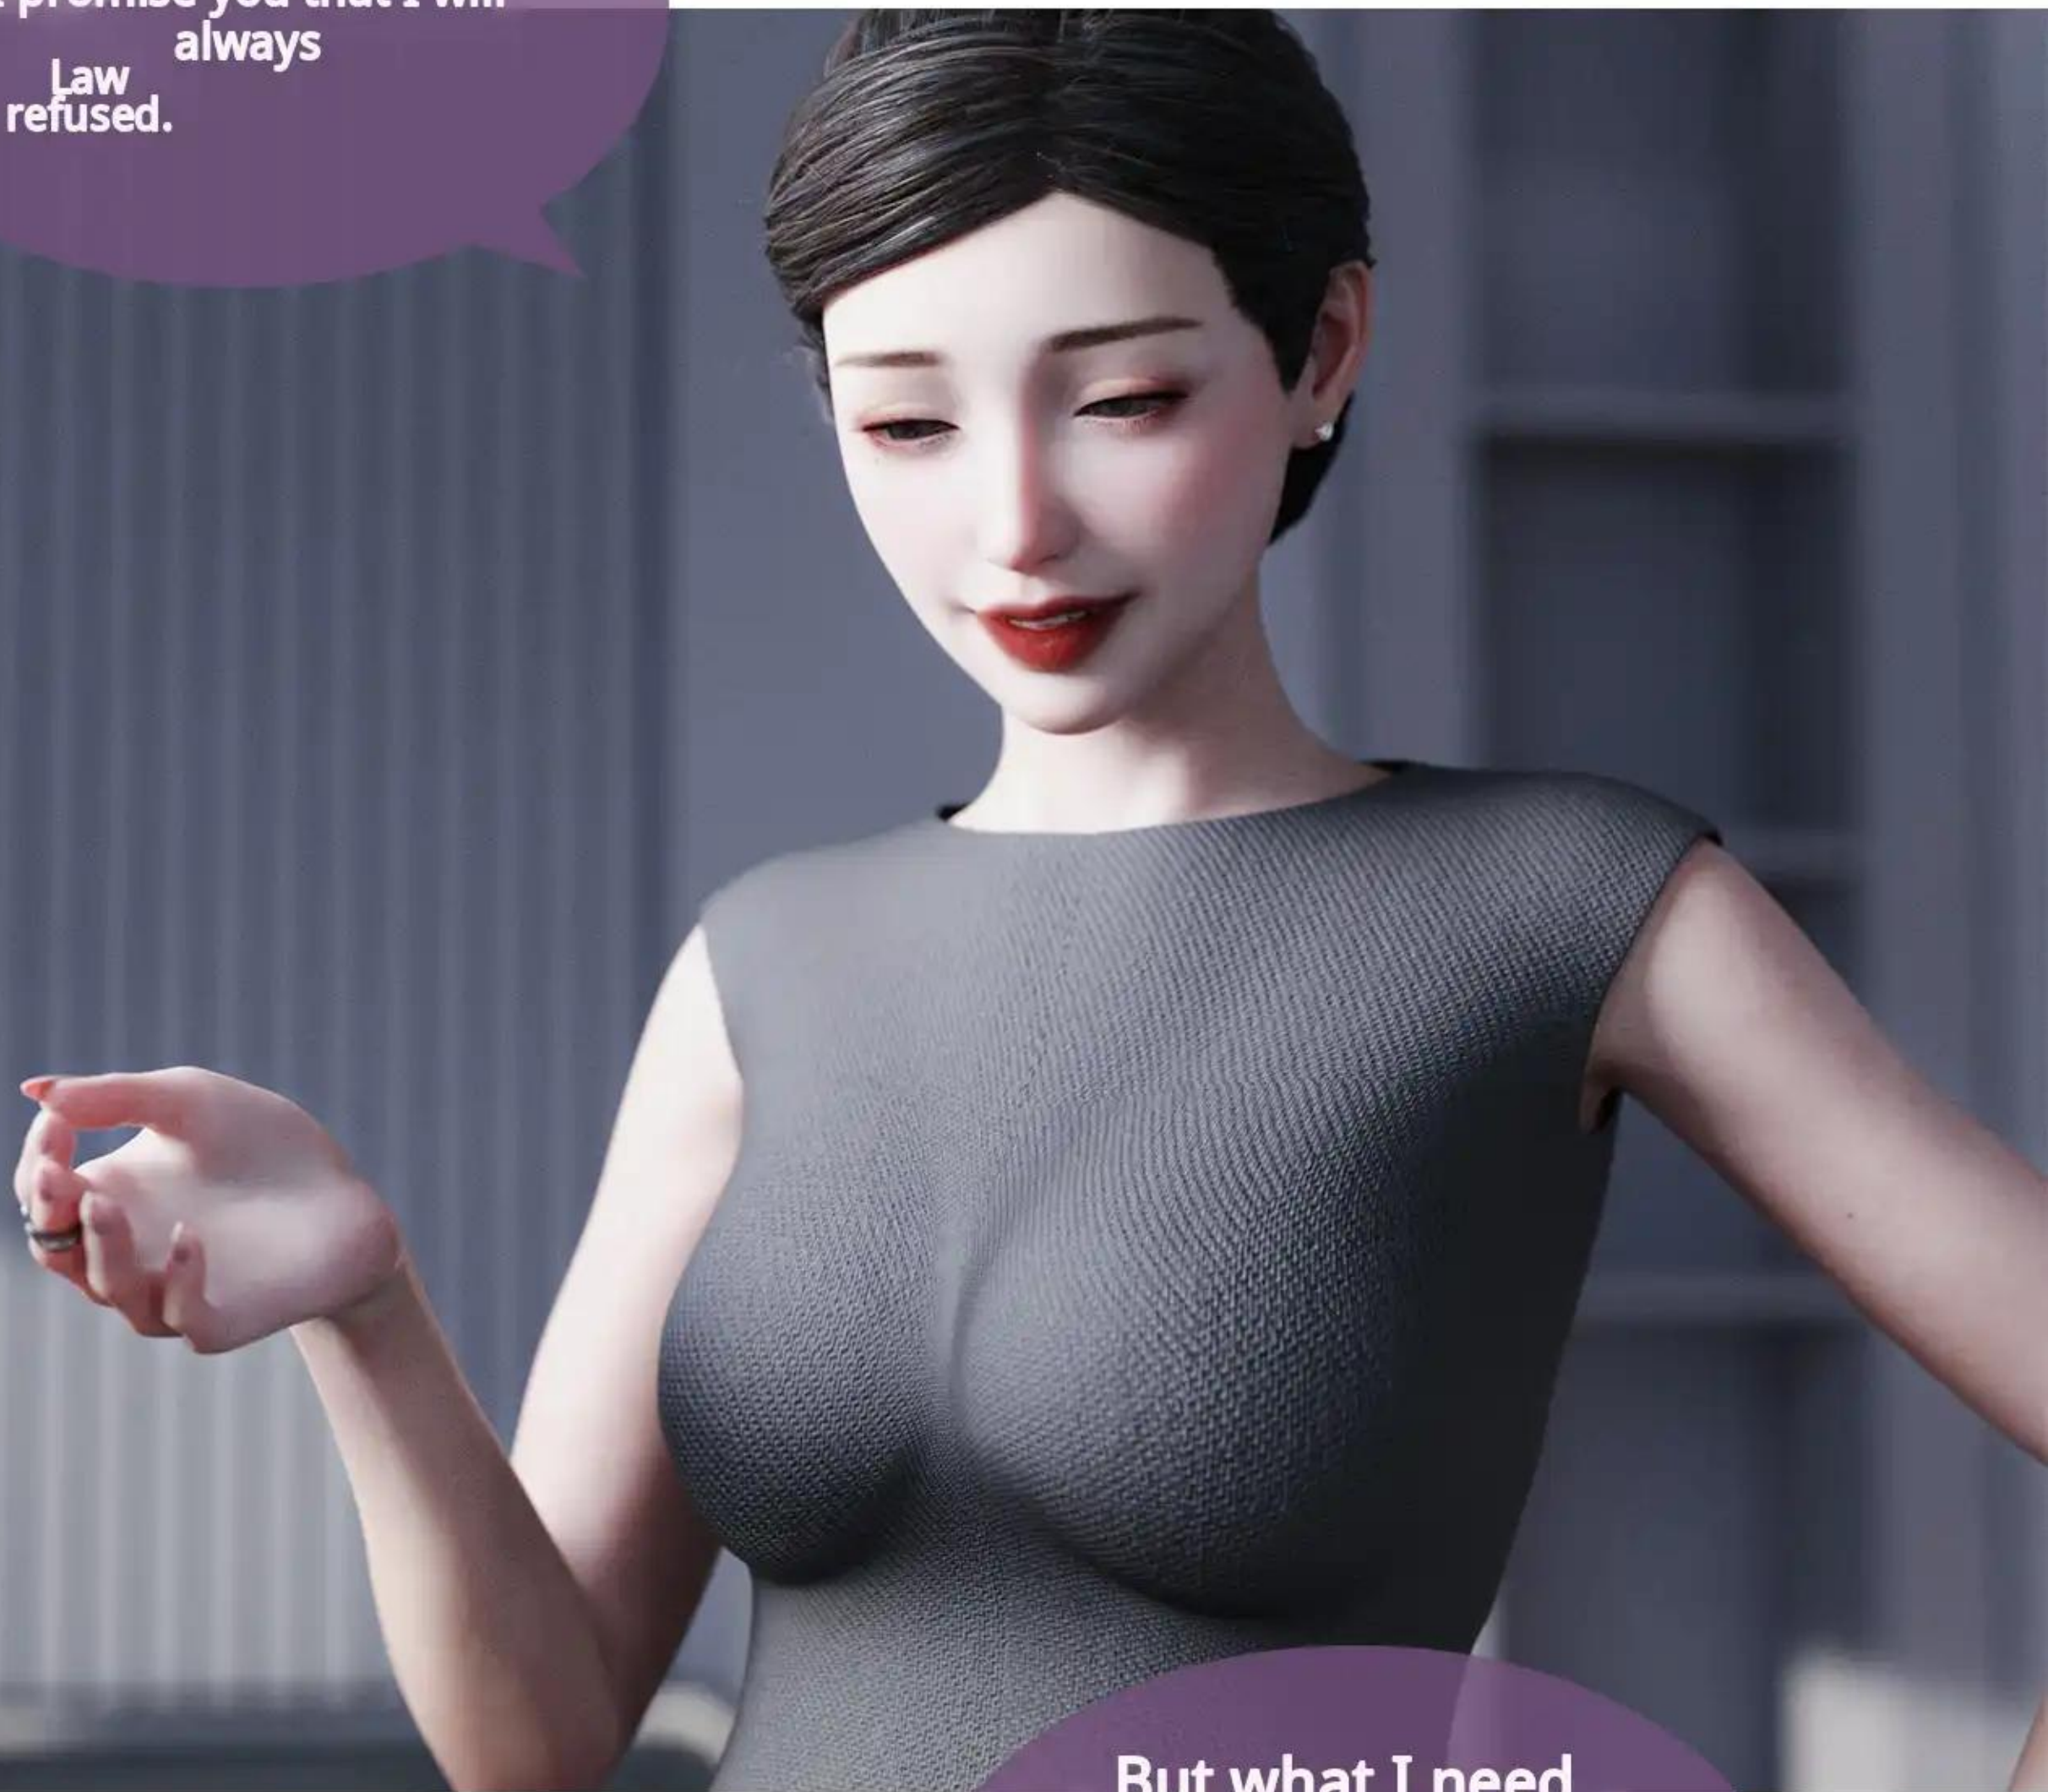

people? They will
agree with me. Who
are your members?
join in?

The members are all my little one. I am the organizer of our baby. They are brothers who grew up together and are quite trustworthy.

Skin blade, it was convenient again, and the couplet also chased us as we got older, and our actions did not change until I saw others get together.

It is true that no one is
good at being confused.
I promise you that I will
always
Law
refused.

But what I need
most right now is
the leather blade.
It is in the hands
of others, so when
can I get it?

A close-up photograph of a baby with a bald head, wearing a white long-sleeved sweater. The baby is looking upwards and to the right with a slight smile. The background is a blurred, light-colored surface.

very good! Welcome
to join! As for the
skin blade, you
don't have to worry,
our babies have
regular gatherings.

, you can also
join us next time,
come and see
what we can do
to communicate
with each other!

Queen, the
baby's party has
begun.

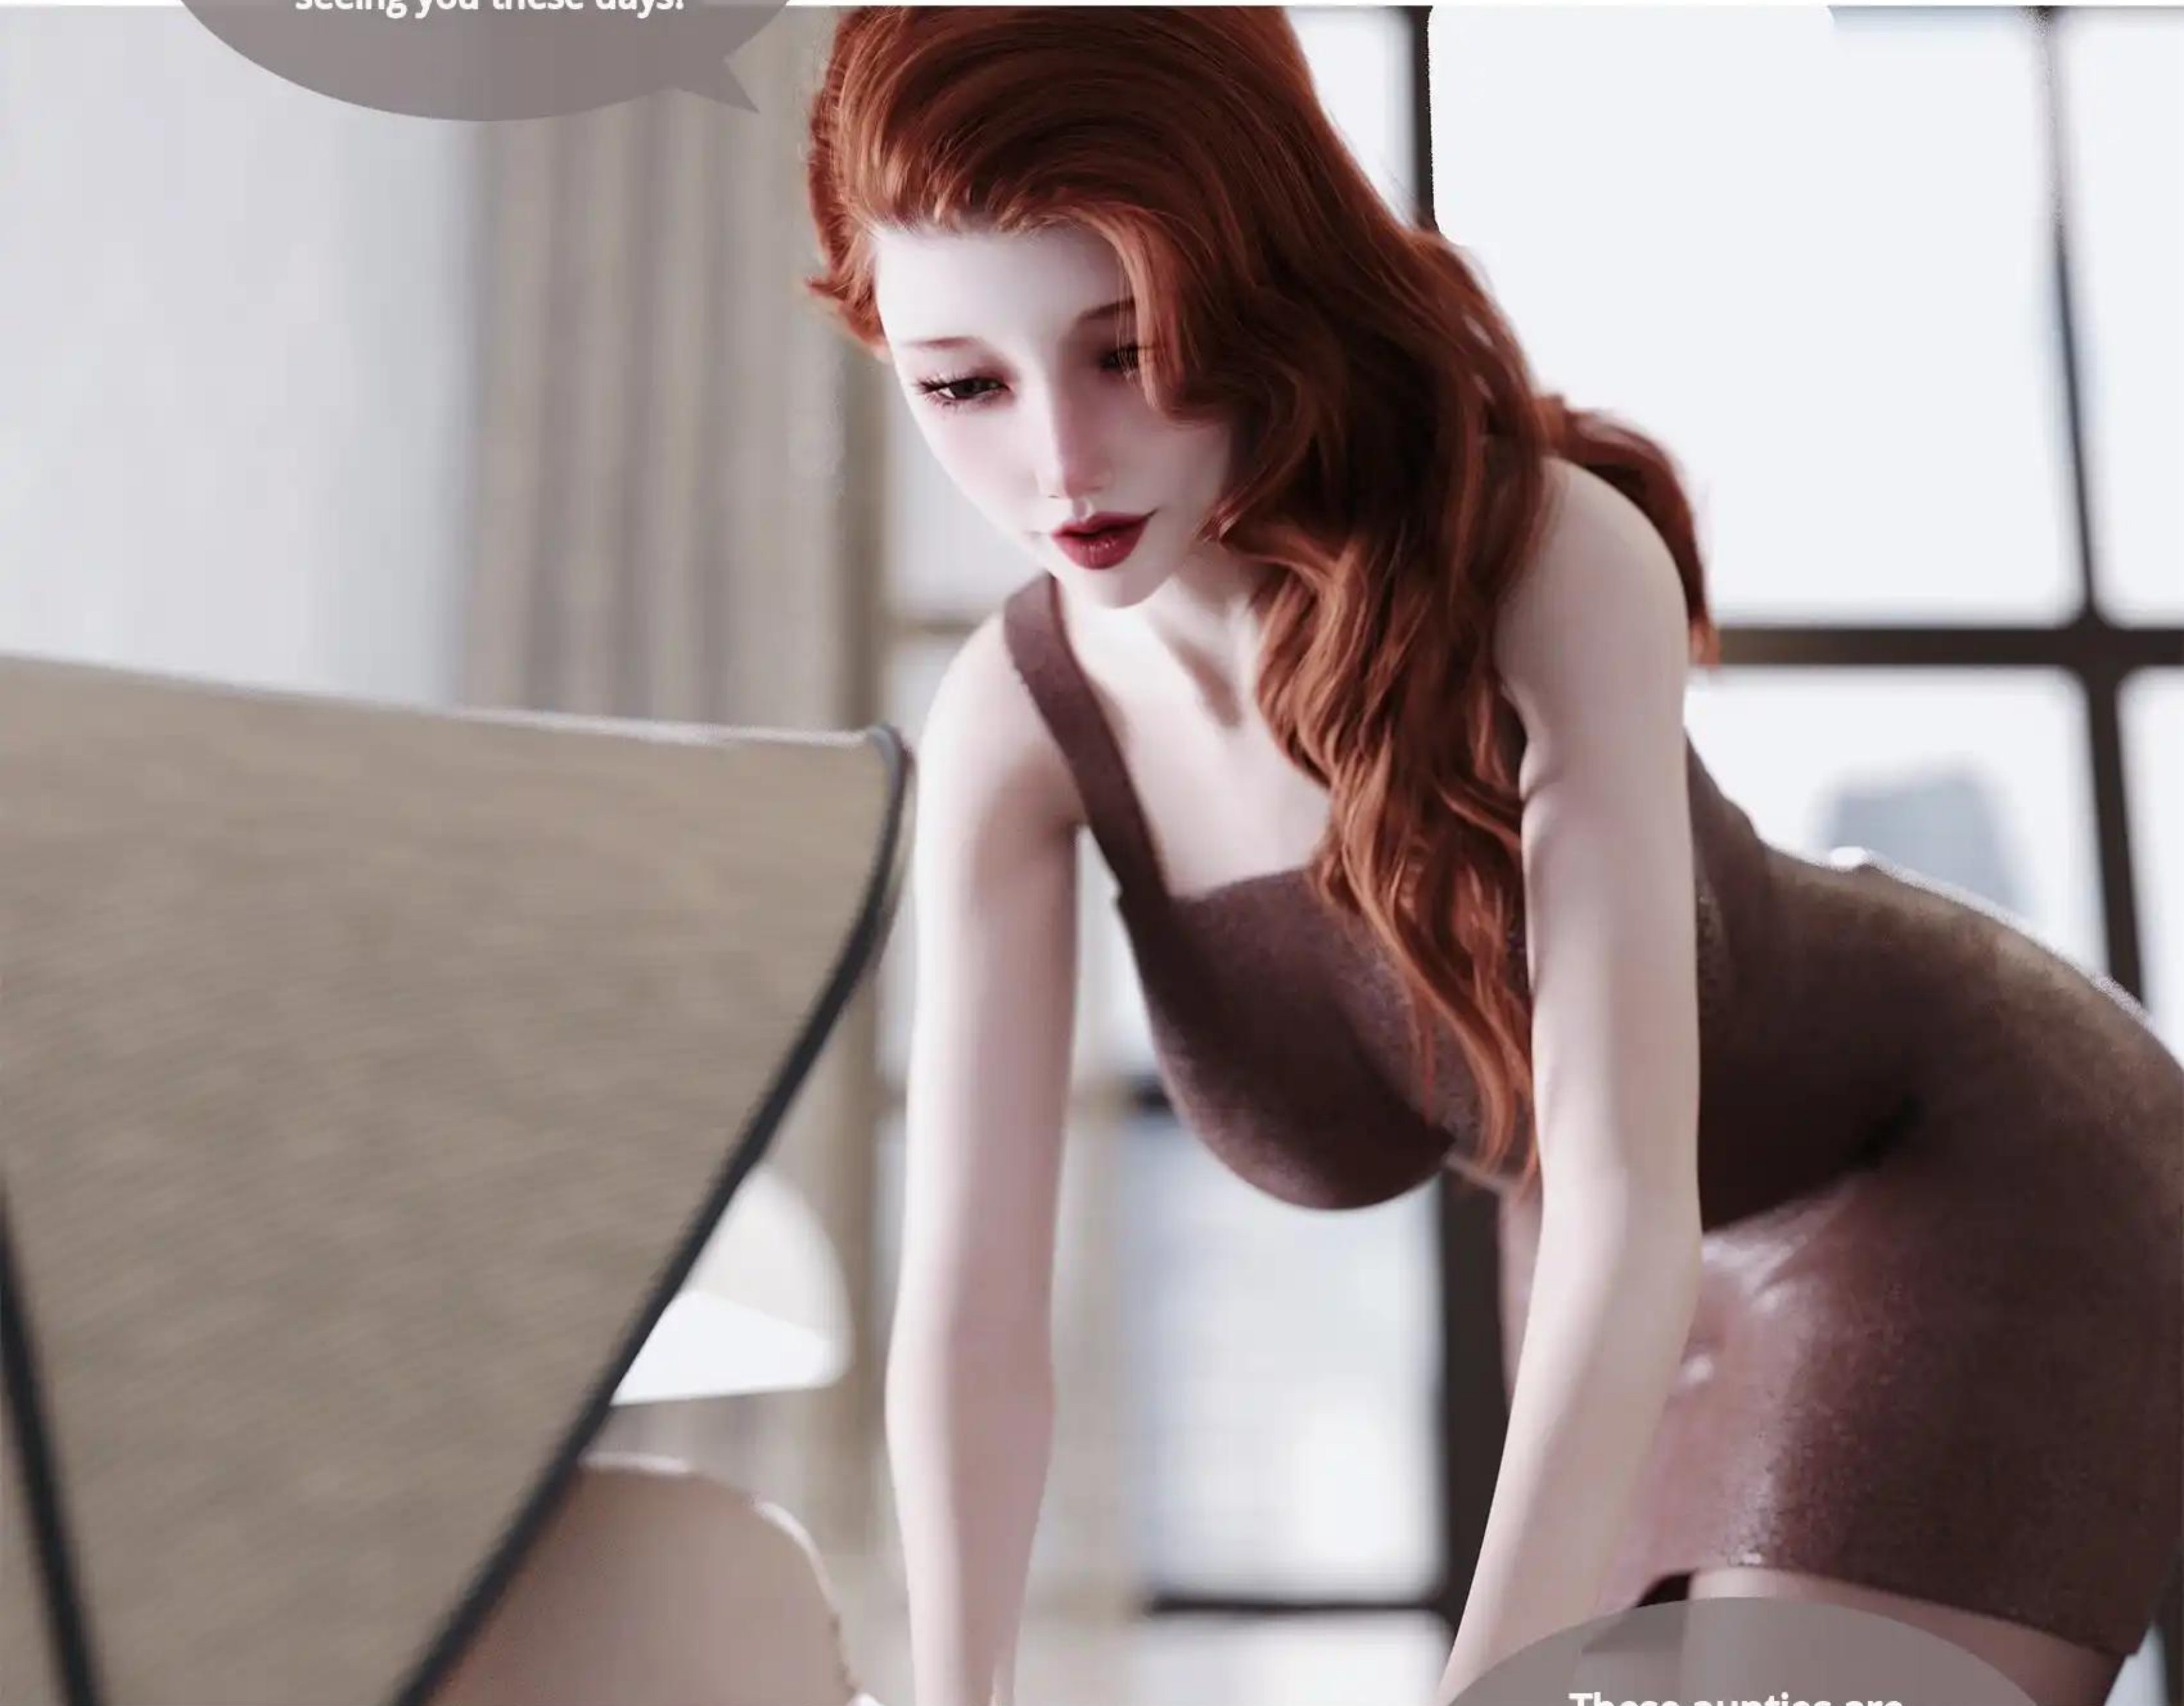

A woman with vibrant red hair, wearing a dark, shimmering, form-fitting dress, is leaning over a baby in a stroller. The baby is wearing a white diaper and yellow booties. The woman is looking down at the baby with a gentle expression. In the background, there is a modern living room with large windows overlooking a city. Another woman in a grey dress is standing near a coffee table, and a third woman is sitting on a sofa. The scene is lit with warm, indoor lighting.

As a nanny, I also participated in this event with the interests of the mother and the "babies" party.

Your children have grown up a lot. Oh, long time no see. It's over.

Yes, children grow up really fast and will be able to talk soon. I'm really looking forward to it!

Are your friends
happy? Be good today,
baby~ I'm going to
have a lot of fun
seeing you these days!

These aunts are
all friends that the
mother has met
and the baby still
remembers. Didn't
you remember
them before?

A photograph of a baby sitting in a stroller. The baby is wearing a white diaper and has a speech bubble above their head. A hand is visible on the right side of the stroller, holding the handle. The stroller has a beige canopy and a black frame. The background is slightly blurred, showing a person's arm and a patterned surface.

Eeyah...ahhh...

It really looks like this seemingly innocent baby is actually an old man older than his mother pretending to be a baby.

A woman with dark, wavy hair, wearing a bright yellow sleeveless dress, is sitting on a light-colored sofa with a geometric pattern. She is holding a baby in a white onesie. The background shows a window with a view of a blue sky and clouds. The lighting is soft and natural, suggesting an indoor setting near a window.

His aunt is saying
hello to the babies.
Can we go and say
hello to them?

? There are so many
mothers at the scene.
What are their plans
to be there? How are
they going to
communicate with
their babies?

Moreover, the mothers are very dedicated to taking care of Shishi, so it is difficult to communicate, right? Even if you use a leather blade...

There is no way to piss off a group of mothers in public. I really can't figure it out.

A woman with dark hair in a bun, wearing a grey dress, is seen from behind, looking towards another woman. The second woman has long, wavy red hair and is wearing a brown, form-fitting, sleeveless dress and black tights. She is pushing a baby stroller with a child inside. The setting is a living room with a white patterned wall, several framed pictures, a white sofa with a blue patterned pillow, and a green plant in the foreground.

There's nothing we can do about it. Are they going to drug her at the same time? Can handle all mothers.

As long as one of the mothers is unconscious and can't fall down no matter what she thinks, the others will realize that success is possible.

What would be the point? Or do they seem to have no intention of taking action...are these old men hanging around me?

The expression... was telling me something was wrong... that his gestures and everything were okay?

A woman with dark hair tied back, wearing a grey sleeveless dress, stands in a room. She has a thoughtful expression. A speech bubble above her head contains text. In the foreground, the back of another person's head and shoulders is visible, slightly out of focus. A green plant is on the right side of the frame.

You have to pretend, not at all! The dead old man will be discovered if he is really dressed up and carrying his heart.

I've given the signal, so I'll observe it again and wait, since he's already waiting to see.

A woman with long black hair, wearing a black long-sleeved top and a gold bracelet, is sitting on a light-colored sofa. She is holding a baby who is wearing a light-colored, ribbed top. The baby is looking to the right. In the background, there is a blue and white patterned pillow and a window with a view of a city. A speech bubble is positioned above the woman's head, and another speech bubble is at the bottom right of the image.

Taking care of a baby will be very tiring, but when I was pregnant, I didn't expect that he would be an angel baby. It makes me worry less!

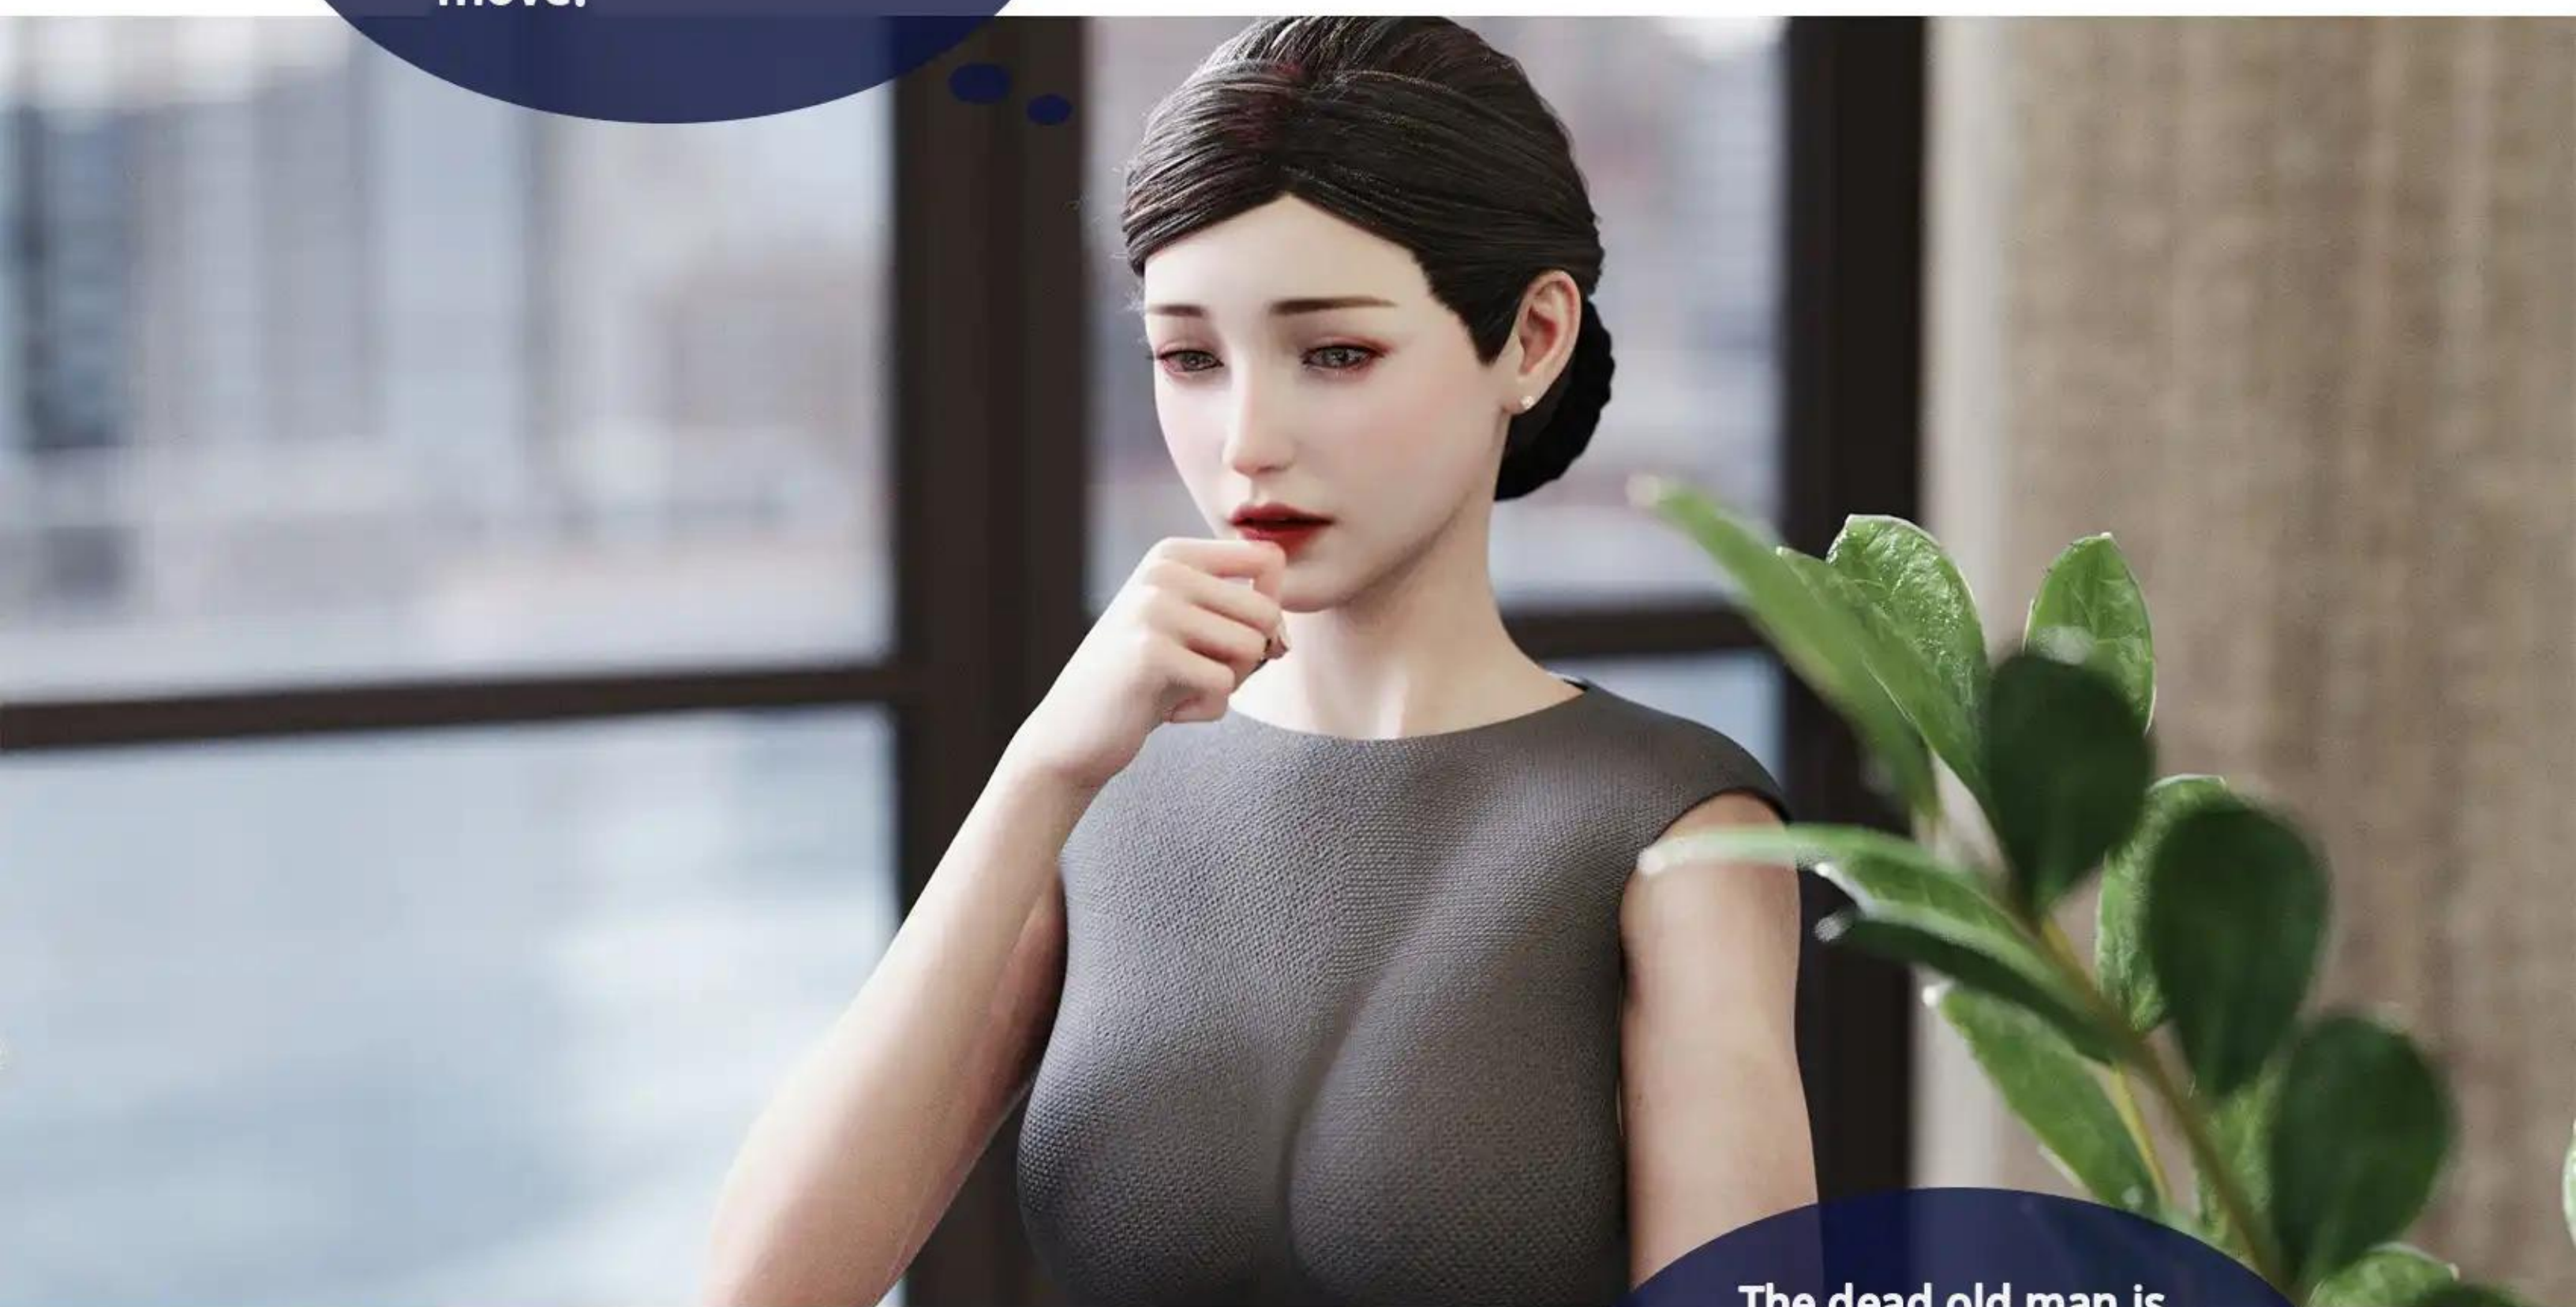

Sigh...it's so funny, looking at her arrogant show off, she never thought that her child would have been replaced a long time ago.

The guy they held
dearly in their arms,
who was thought to
want to take away their
child, was actually an
old man who had lived
their whole life.

, I'm afraid the
babies are
particularly young
and well-maintained.
These mothers seem
to have chosen them
carefully.

It's just that they are
not weird about
anything before they
start communicating?
baby
move.

The dead old man is
their baby. It is
impossible for
mothers and children
to have regular
gatherings, and the
chat will end.

After he was born, I slept with him at my house every night, and he was so well-behaved that I felt better after giving birth!

The child is like a dead old man, secretly drugging her at night. I'm afraid it's because her family raped her.

Not only that! My child is very smart. Sometimes I feel that if he can understand what I say, he must be a genius!

My body...why...all of a sudden...huh? My... can't move... anymore...

What's wrong
with you! ?
uncomfortable?

ah! I...my
body...why...

Jingran....

Will this happen suddenly? What happened just now? Why is everything normal?
