

Hehehe...

In the end, who knew that this pair of blind mother and daughter would bump into each other? I just played for two days before looking for new human skins. I originally thought that they were all on vacation to rely on the hospitality coupons I got from a lottery. One second I was just an ordinary student to stay in such a luxurious resort.

Live like a  
rich man in  
this exclusive  
suite! However,  
now, as a  
wealthy lady, I

Not to mention can  
that what this human  
skin can bring me is  
not just a simple  
material life.

...Mom,  
is that  
okay?

How long do I have to stand here stupidly?

It would be too stupid to still be punished here. Can't I just listen to you next time? I am already an adult,

Is this also called listening to me? Why, it's only been so long that I can't stand it anymore

This stinky girl who loves to throw tantrums is always showing off her face, but there is no elegance that a lady should have! You dare to say that you are an adult?

You speak as if  
you are very elegant  
and decent! Damn old  
woman, is my aunt  
here or something?  
Obviously,  
I never cared  
about who I  
show my strict  
look to  
now,

snort!

Just keep scolding  
your mother in your  
heart, haha, Miss Shen is  
the power of power now!  
But no matter how  
dissatisfied she felt now,  
she could only

I am willing to  
live my whole life,  
haha! Rich, powerful and  
beautiful, a life of luxury  
and comfort like this

Having said that, although Miss Shen is unruly and willful, she has inherited some of her mother's beauty, and her appearance and figure are quite acceptable.

But her appearance can barely be used as a side dish! Although she is not my type of mature woman

Luyoilc

Just thinking about it in the most perverted and obscene way makes people tremble all over, it's so satisfying! Especially as a mother, I can educate this young lady who has a higher eye than her head.

Come, my dear good daughter. ....

Accept the education of mother's love!  
Be prepared

ah!

mom! You,  
you... what  
are you  
doing?

Are there any concerns about your child's physical development? do what? As a mother, I

I don't know how I can do this. Can't I just put in more effort on the outside? But I can't open your head to see how to raise such an arrogant person like you.

Is it stunted development? We've given you fine clothes and good food since you were a child, so you haven't been hungry, right? Your breasts are only average.

**Which man  
would like it after  
seeing it? Neither  
erect nor upturned,  
and this ass,**

What man would want that? Otherwise, you have a body that is as flat as a little girl's. You might as well spend some time taking care of your body, so instead of causing trouble outside all day long, you might as well spend some time taking care of your body.

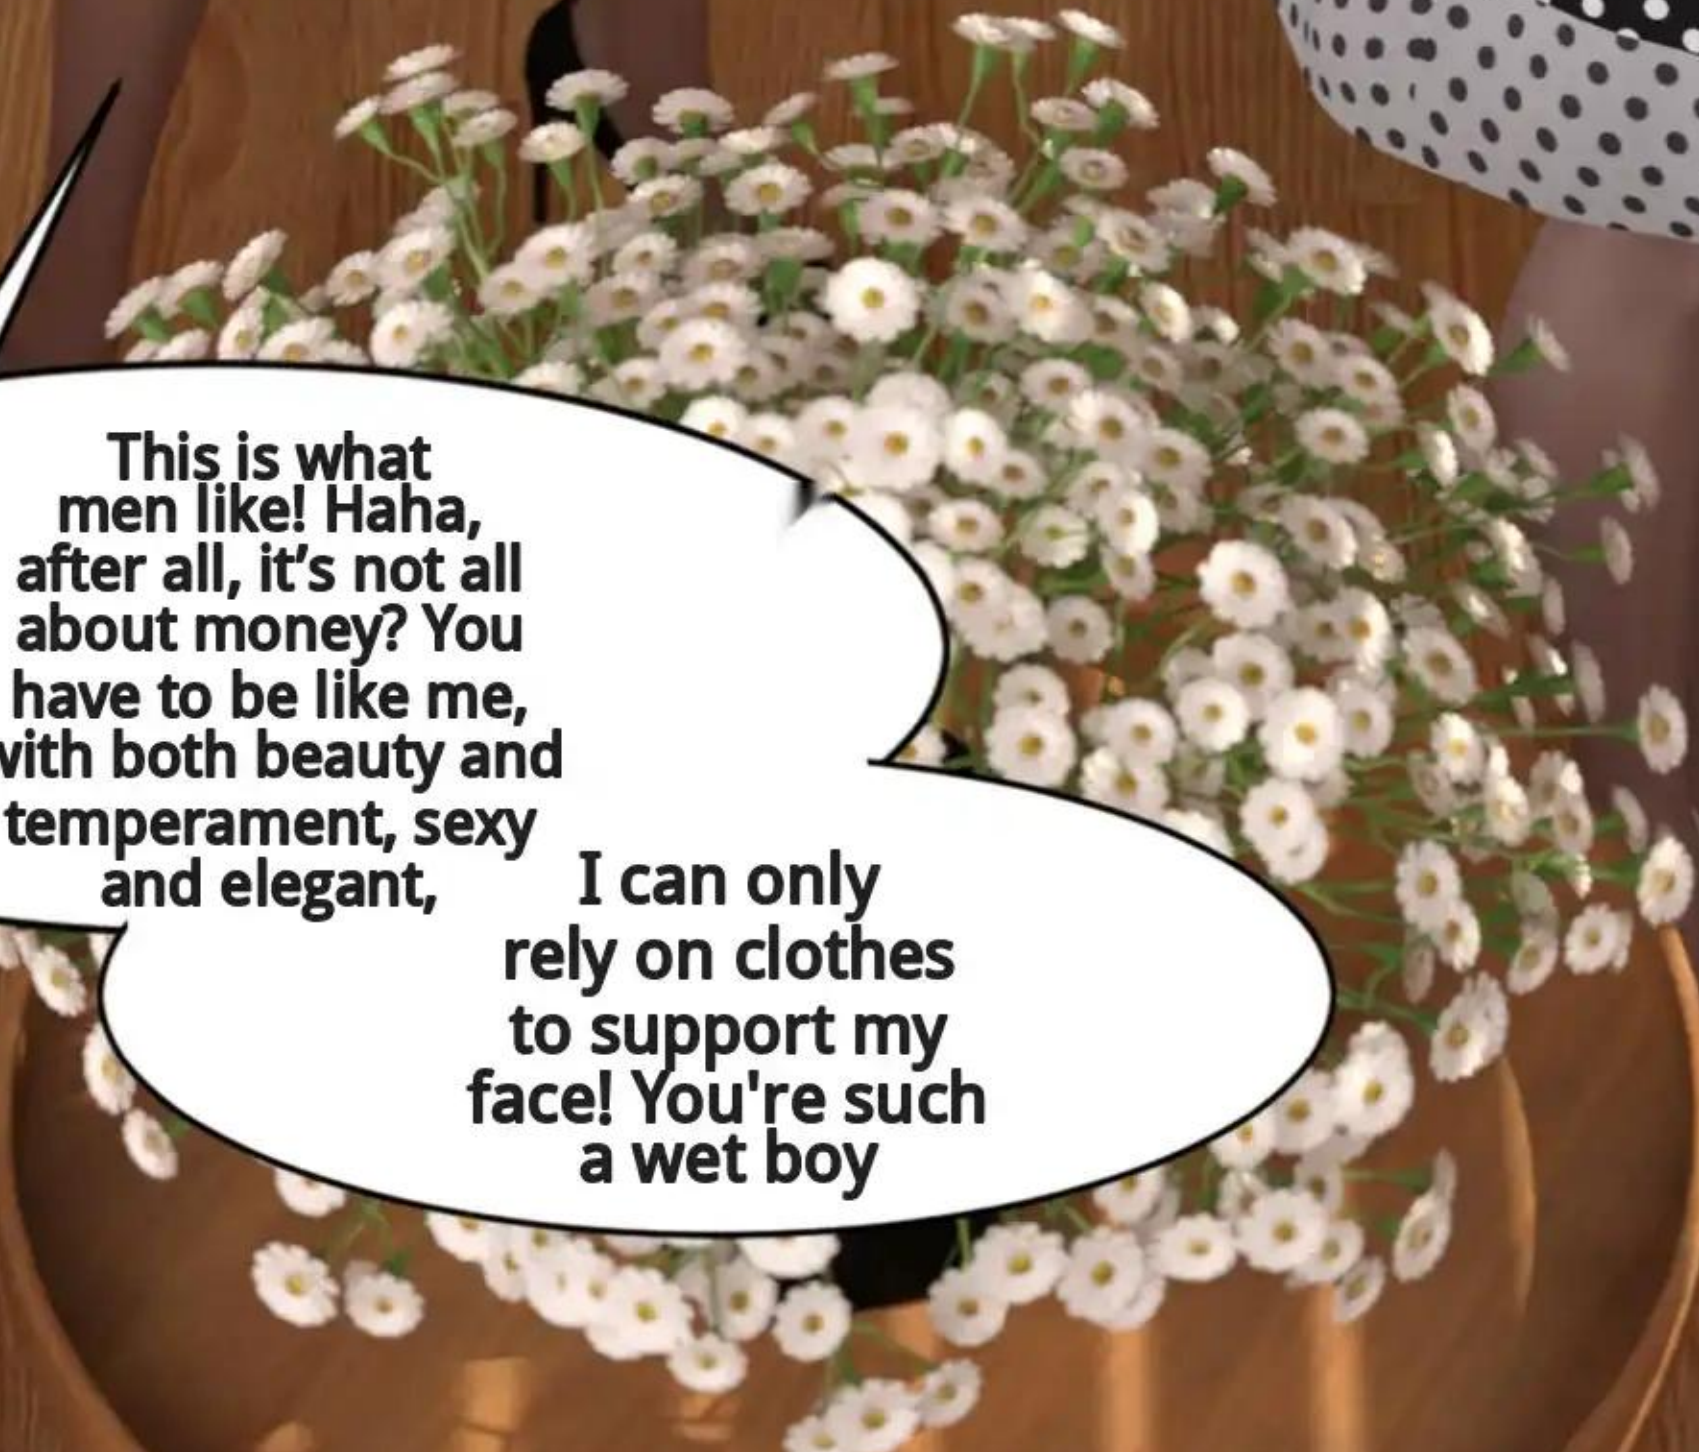

How can ordinary people wear something like this? What I wear are all customized models from big brands, and I wear the most popular retro style nowadays. How do I look like a little girl with my figure? You see clearly

This is what men like! Haha, after all, it's not all about money? You have to be like me, with both beauty and temperament, sexy and elegant,

I can only rely on clothes to support my face! You're such a wet boy

Every  
time

Every word he  
said deliberately hit my  
mark! What kind of  
medicine did the damn  
old woman take  
wrongly today?

If it weren't for  
the fact that you are  
my mother, I would  
have slapped you in  
the face.

snort!

Why, you got angry after saying a few words to you? How embarrassing! With your self-cultivation, don't say you are the daughter of our Shen family when you go out.

Take off your clothes! Since you're not convinced, that's fine.

**You actually  
want me to take off  
my clothes? Crazy!  
Mom, what are you  
having a fit today?  
What...what? ! Did I  
hear it right?**

Believe it or not,  
the clothes you are  
wearing are not mine! I  
bought it with your father's  
and mine's money. If I tell  
you to take it off, take it off  
for me. Otherwise, I'll ask  
someone to take it off  
for you.

Is it okay  
if I take it  
off? You know,  
why are you so  
cruel now that  
you know? .....

How could someone be so harsh and harsh! Mom, she is really weird today. She is always indifferent to me.

Did she hit her head somewhere? Otherwise, why would her temperament suddenly change and she wanted me to take off my clothes like a pervert?

Did something happen to the family business?

Could it be that during the times he ran out, It can't be that he is in a bad mood and wants to take it out on me, right? It has nothing to do with me, but no matter what happens with the company,

.....  
Is this  
all  
right?

Damn it... I, Shen Zhining, am going to call my father and complain immediately! Mom, she is really crazy. She has been humiliated like this all the time.

Can I put my clothes back on? Are you satisfied?

It seems it's not the problem with the clothes! Hmm... Even after taking off my clothes, my figure is still so ugly.

Otherwise, how can you get married like this? I can also spend money on you to have plastic surgery and breast augmentation. Fortunately, you were born in a rich family like ours.

There's no need to humiliate people like this, right? Mom! Have you had enough? You have been causing trouble for me since I came back to the room. If there is anything you are unhappy with, just tell me.

**Haha, now you know what it feels like to be humiliated? Isn't this what you, Miss Shen, do most often? Can be insulted, belittled and ridiculed**

**Employees and classmates, how uncomfortable must they be? Speaking of which, I just asked you to take off the clothes of the nannies you bullied and added a few verbal attacks. Think about it for yourself.**

**What, just for this?  
Isn't this what you taught  
me? What do these lower-class  
people have to sympathize  
with? As a superior, use and  
suppression are the most  
effective methods.**

**And under normal  
circumstances, you are  
not such a sympathetic  
person when it comes to  
your emotional ups and  
downs. You are really  
different from usual today,  
and you wouldn't be so  
big. It's strange.**

She got a little carried away for a moment, hiss... She was so excited to put on the human skin that she forgot to play her role properly, which made her suspicious.

By the way, I'm going through this woman's memory. I have to think of an excuse and see if there's any good reason. Well.....yes!

**It has been known to the Yan family! Why do you think I'm telling you this? Do you know that you bullied others at school? You would have been completely eliminated from this marriage! If I hadn't bothered to explain to Mrs. Yan that all this was a deliberate attempt by someone to throw dirty water.**

How dare you reveal those things to the Yan family? Damn it, who is not smart? Mom, you must teach those

people a lesson! In my opinion, you are the one who needs to be taught a lesson! Kneel down! You really have no idea what your priorities are! Now I'm still asking who it is, and I'm still thinking about giving people a lesson.

Is it just for  
the poor guys in  
school? ...I heard  
you right, you  
actually asked me  
to kneel down,

How could I not go  
crazy! You still have to  
hang out with those low-class  
people all day long. This is the  
shabby school you forced me to  
go to in order to create a simple  
and people-friendly corporate  
image. I was already optimistic  
about the aristocratic  
colleges abroad.

This is how  
you, Miss Shen,  
usually think of us,  
right? Broken  
But now I want low-class  
have the superior people, right?  
Shao if I don't torture  
you to death! , I just  
wanted to tease you  
a little bit.

The Yan family also wants me to help you explain! Do you kneel or not? If you don't kneel down, then you can handle those bad things in your school by yourself. With your father's temper, what would happen to you if he knew it? This kind of thing ruined our marriage, you said.

You...you actually threatened me with dad? This is too much!

She must just want to scare me! Calm down, I need to calm down. Mom, she always attaches great importance to the interests of the company. It is impossible for her to watch the marriage fall apart.

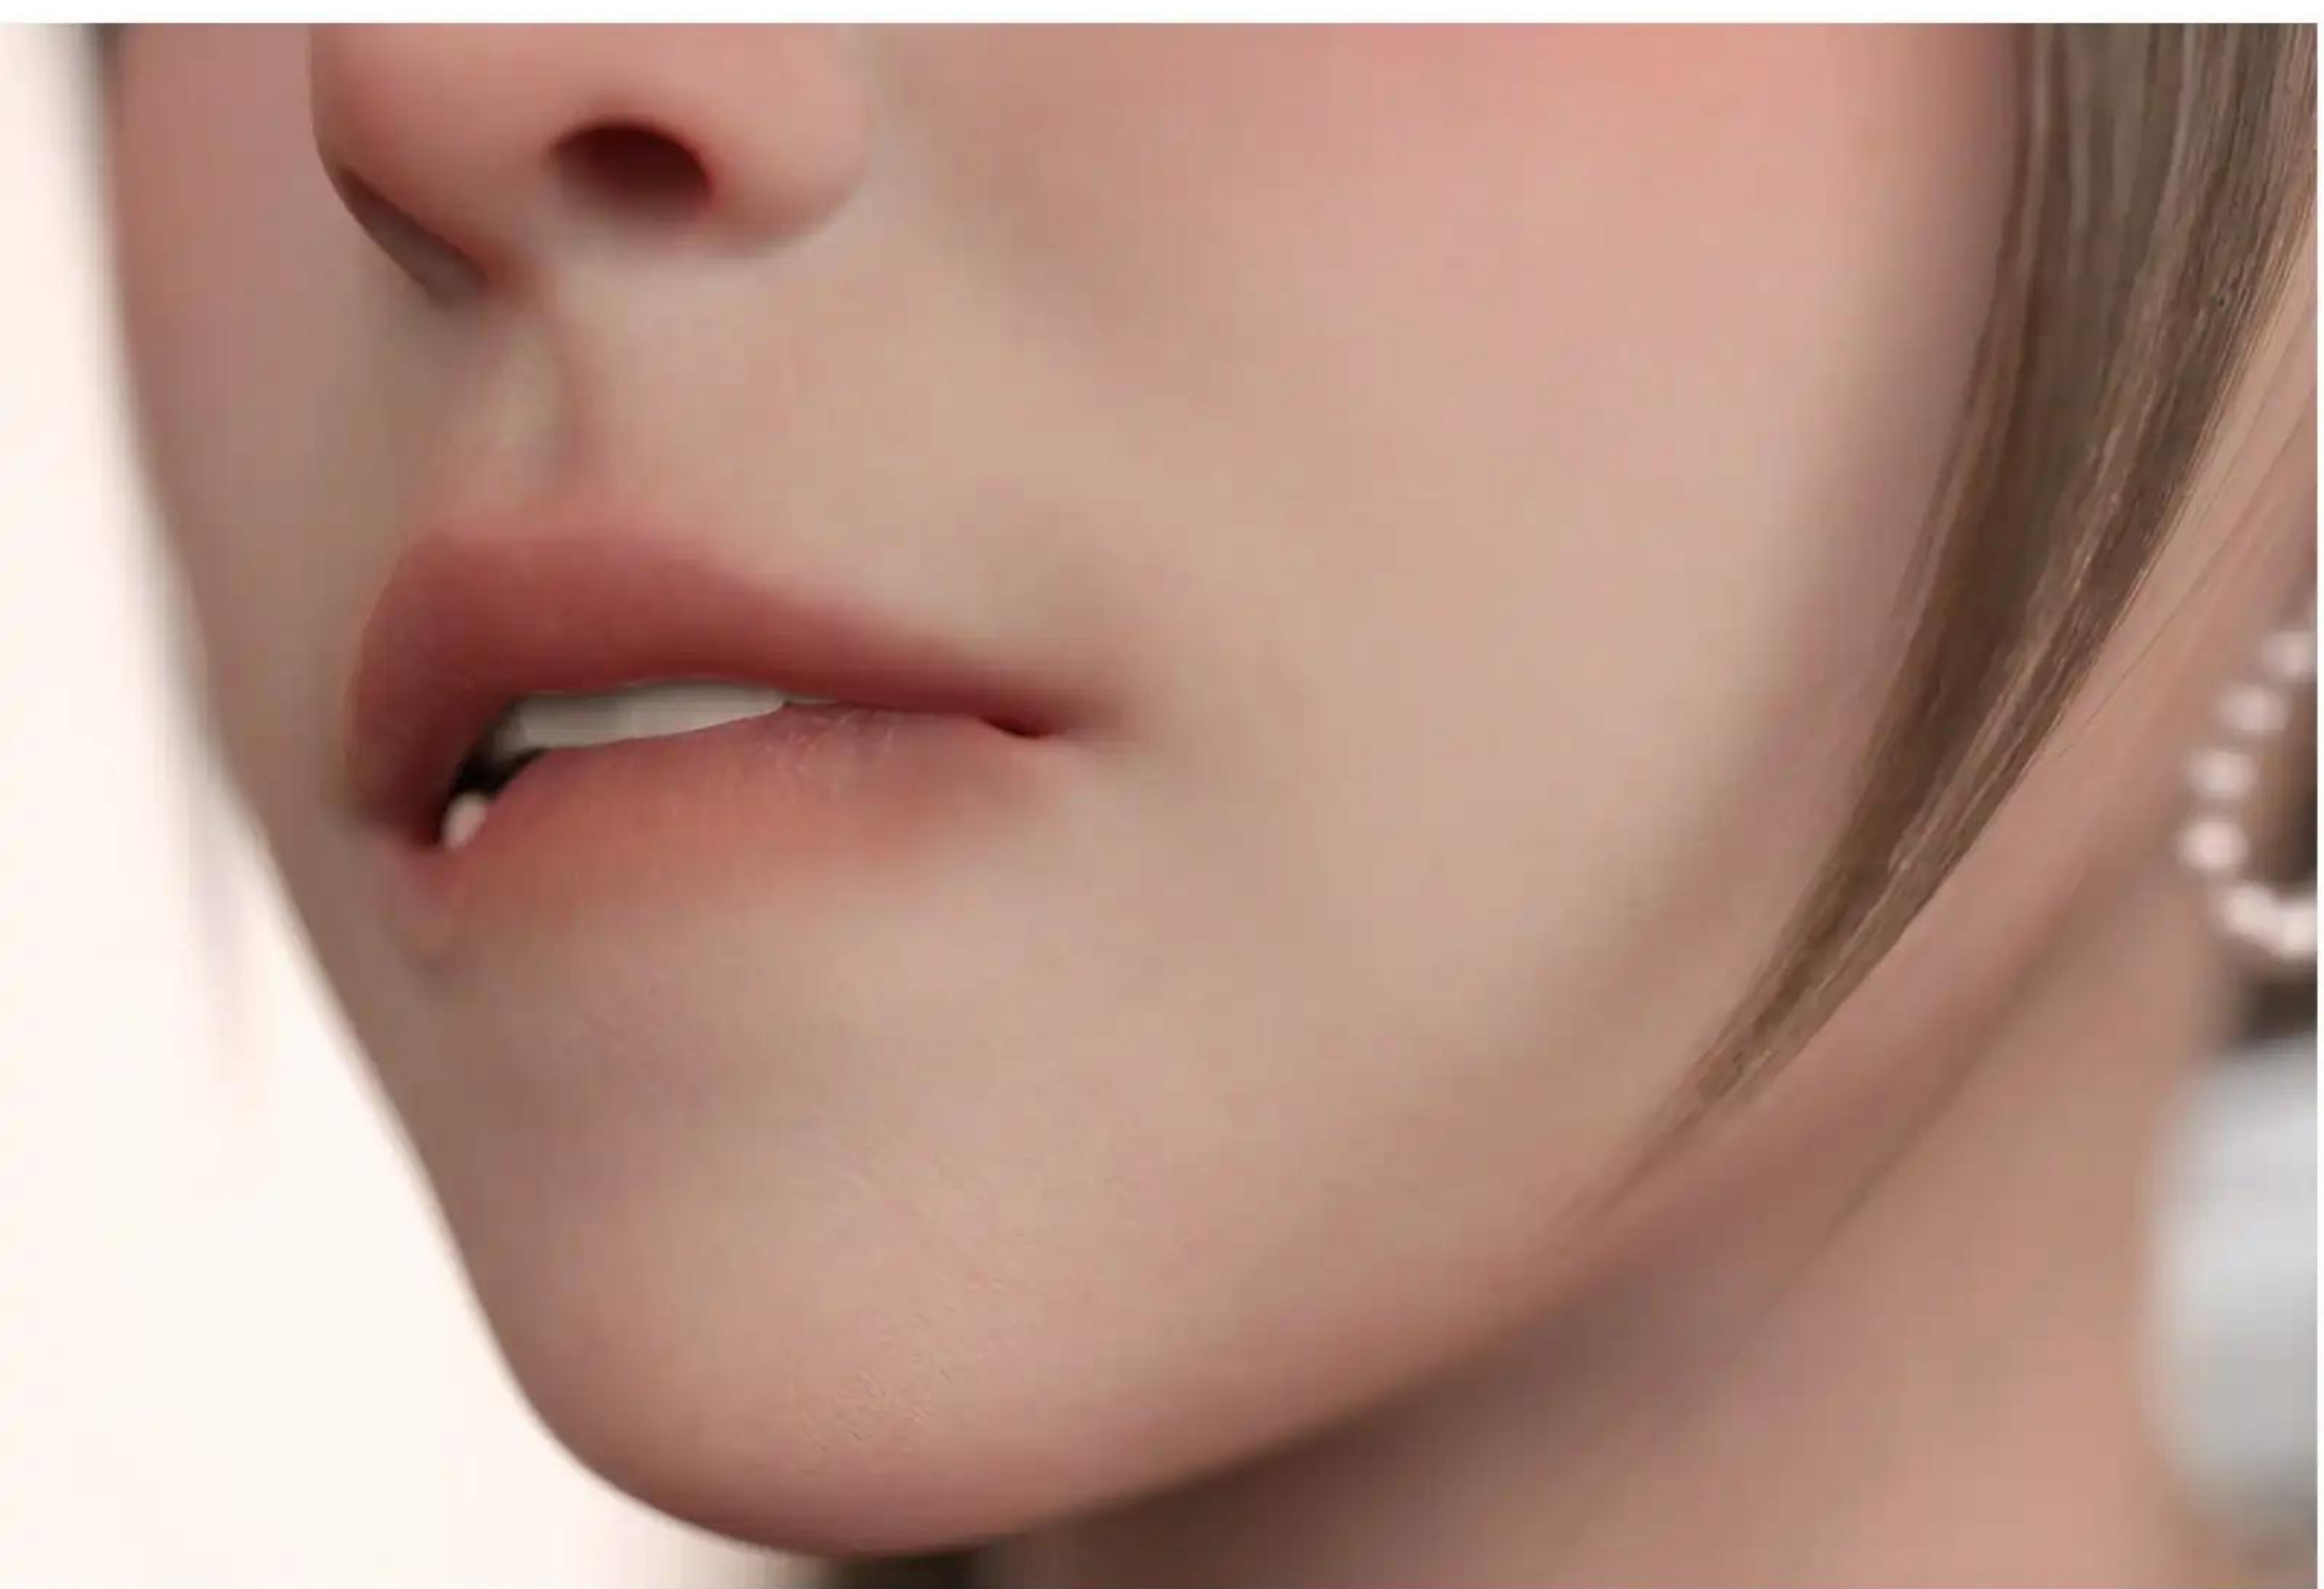

Don't want to deal with this anymore? Could it be that Mom was really angry this time? It was really different from the past. But judging from her performance today,

He will never let me go easily! Just like what she said, although my father doesn't care much about me at ordinary times, once I harm the company's interests,

Although I have no interest in the young master of the Yan family at all, I have to admit that based on family background alone, he is indeed my best choice. ....

But if you want me to kneel down... hoot! But even if it concerns my future

…Are you happy like this?

You still know that Dun should be mature first! It's the important moment. Haha, it seems you are not as stupid as I thought.

Reflect on your past actions! Just kneel there obediently

He also showed such a wronged expression, ah! Kneeling in front of me, now she is like a child who made a mistake. The once arrogant

It's really Miss Shen fascinating haha! This feeling of power reversal and status counterattack

I need to take a few more looks, hehe! Miss Shen's rare appearance of desolation

That is simply useless! Don't blame your mother for being cruel. You must know that a girl like you who has no appearance but is stupid and has no education and popularity will not be able to win the favor of the Yan family.

But it's better to  
get into trouble  
because you can't control  
your temper, right? It is  
better than marrying into  
the Yan family later, so my  
mother would rather you  
remember the lesson  
now,

.I know, I have to  
give an explanation,  
right? But how long do  
you want me to kneel?

No matter what,  
you have to kneel down  
until I'm happy, right?  
Well~I am so busy with  
your affairs,

Maybe I'll feel better! But having said that, my feet seem to be a bit tight. If someone can help me press them,

**It really makes  
people angry just looking  
at it! Doesn't this mean you  
want me to press her feet?  
And he deliberately put on  
such an artificial posture,**

**Blame the snitch  
who brought the matter  
to the Yan family! After all, it  
all comes down to that crappy  
school! My dignified daughter  
of the Shen family actually  
has to do that kind of job  
of waiting on people.**

Wait, did I tell you to get up?

Don't you just want me to press your feet until you calm down? What did you mean by what you just said?

But I can't get up without you!  
That's exactly what I meant

Why not... just crawl over here! If you really want to calm me down,

You actually want me to crawl over, are you dreaming! Now it's exaggerated enough to ask me to kneel down, don't even think about it! I think you are really crazy,

Do you think you still have a choice now? Oh, my silly daughter,

What difference does it make whether to crawl or not? If you had the ability to deal with the mess you left by yourself, then since your knees are touching the floor now, you would never have knelt down in the first place.

**But you use the same  
method you use to deal with  
outsiders to deal with me!  
You...you are simply a devil  
and I am your  
biological daughter.**

With your  
temperament, you  
won't be able to  
remember the lesson  
at all! I don't want you  
to feel the pain of being  
insulted. Whatever  
you think, after all,  
if I don't do this

How about climbing?  
Still not climbing?

...:....uyoujl.cc

..You  
remember it!

Hahaha! Very good, very good, this is my good daughter! Sure enough, if you want to, you can still do it.

Crawling on the ground like a lost dog, have you ever felt empathy for those classmates who were bullied by you? How uncomfortable it feels, now you should know

My face will be completely humiliated! My dignified eldest daughter of the Shen family is actually crawling on the ground.

Please, shut up! Say no more

Just wait for me, I will never forget today's humiliation!

Ha! Seeing this unruly guy makes me feel so satisfied! Showing such a terrible and lowly ugliness, the eldest lady crawled naked on the ground

No matter how proud you are, no matter how much you look down on us ordinary people! Let all netizens see how stupid you are, Shen Zhining! I really want to record this scene and put it online.

There is  
enough time to  
train her properly!  
But there's no rush,  
after all, our  
vacation still has  
several days for  
Shen Zhen  
training will be  
transformed by  
me when we  
check out.

hehe .....

I just  
can't  
imagine...

When have you ever done such a low-level job? I, Shen Zhining, have lived the best life and received the highest education since I was a child. The person who asked me to do this was actually my mother! And what's even more abominable is

I must find a way to kill him! If you let me know who is secretly forming revenge today! The same goes for mom, don't let me catch you.

Seeing this wealthy lady kneeling at my feet and massaging me, many men also fell under my skirt! Reminds me of wearing Lao Zhou's fucking skin before

I can have all these with a leather gun! People with status are more popular. Sure enough, there is still beauty in this society, but it doesn't matter.

Well...but  
even though it's  
like this, it's time to  
get to the point!  
It's fun to tease  
Shen Zhining.

**After all...my  
cock can't wait  
any longer!**

How about  
it? Do your  
mother's feet  
look good?

Good,  
good-looking...

**I feel aggrieved for my feet! I don't need you to tell me that it looks good, especially compared to your terrible massage skills.**

**How can you make the young master of the Yan family happy with you after you get married, even with your little ability to serve others? Alas, you have a bad personality, have no eyesight, and are so bad at kung fu.**

It seems  
that I still  
have a lot to  
teach  
you!

What...what  
do you mean?  
What do you  
want to do?

Give my good daughter some pre-marriage education! Of course, I'm doing my duty as a mother

I have a lot of knowledge here. After all, as an adult, I can impart it to you!

**Come on, let's  
go to the bedroom  
and teach you a  
lesson! Hahaha.** .....

Hum  
hum ~

**Sure enough, this lady's human skin is not inferior to that of Lao Zhou. You can't tell she is a mother just by looking at her appearance! The skin is supple and the facial features are exquisite,**

**Coupled with the fleeting look in her eyes, I really found a treasure! As well as the inherent pride and elegance in the bones, the mature style revealed**

I instantly turned an elegant lady into a sexy slut! I just changed my clothes.

I was so excited when I saw it! This hot and coquettish look,

A woman with long brown hair in a braid, wearing a black lace bodysuit and long black gloves, is leaning on a wooden table. She is looking down with a slight smile. The room has traditional Chinese decor, including a large glowing lantern and a wooden cabinet with white teapots.

Woohoo!  
Woohoo!

Um? What's wrong,  
honey, as the daughter of  
our Shen family, we can't  
be so impatient!

A woman with dark hair in pigtails is blindfolded with a black cloth and has a red gag in her mouth. She is wearing a pearl necklace and a white bikini bottom with a white cord. She is kneeling on a wooden floor in a sauna. A speech bubble is positioned above her head.

Woo!  
Woohoo!

A woman with dark hair in pigtails is blindfolded with a black cloth and has a red gag in her mouth. She is wearing a pearl necklace and a white bikini bottom with a white cord. She is kneeling on a wooden floor in a sauna. A speech bubble is positioned below her.

Why should I tie you  
up, right? Well, let me  
guess, you should be  
asking now

Then we have to start learning how we adults communicate! You said it yourself, you are an adult now,

The first chance I get is sex! I'm afraid I've thought carefully about all your conditions, but there's no way I can satisfy Mr. Yan.

I believe you still have a good chance of marrying the other person! So you just need to start learning from now on, so I went to inquire about Mr. Yan's hobbies. Unexpectedly, he actually had an extraordinary enthusiasm for SM.

Woohoo!  
Woohoo!

What the hell? I  
don't want to learn  
these things from the Yan  
family. Let me go! It's so  
perverted! I don't want it,  
Meng Hulu actually likes  
this kind of thing

Otherwise you will have to skip class again! Fortunately, I had thought of this a long time ago and tied you up in advance, oh? It seems that your daughter's study attitude is not very cooperative.

For the sake of our company, please work harder! And for your happiness in the rest of your life,

Press!

2:h1

nU.nU

噫啊啊啊啊啊啊!

Turn it off quickly,  
turn it off quickly!  
Uh-huh! don't wait!  
You still want  
to drill into my  
body, it feels so  
disgusting! That  
thing keeps  
vibrating

You'll soon feel a sense of pleasure you've never experienced before! But mommy promises you, be good, baby, you may feel a little uncomfortable at first.

After all, the message stick in your body is certified by Mrs. Shen as the best! But I spent countless nights with my mother,

Insert into my body...Yeah!  
What? She actually took something she had used,

Ming.. The feeling of electric current and numbness kept being shaken down there, as if the whole body has no strength..

**But the body of the idiot's daughter seems to be like this. What should I do? Her brain is not sensitive at all! She can't even feel the pleasure of sex.**

**Help you! It seems that I can only let my mother take action.**

pinch!

Woo!  
Ming ah  
ah ah ah!!  
!

Quickly let go,  
let go! It hurts, it  
hurts! damn,  
I beg  
you...please let me  
go, woo hoo! My  
breasts are about to  
be scratched and  
destroyed.

Otherwise, why would you be in school? Oh, am I too rude? But I thought you just liked to play like this, how about being rough with your classmates like that?

Just think of it as practice and get used to it first! His hands may be stronger than mine. What's more, I heard that Mr. Yan's game is crazy.

I can't swallow  
my saliva...the  
tears can't stop  
flowing, and I  
hoan...it hurts so  
much...

He must be very  
wolfish and dirty, I  
don't want to show  
such a bad and ugly  
appearance,  
Mingming! The way I  
look now,

But the deep parts of my body feel like they are being shocked from time to time... and my lower body seems to have been shocked to the point of being unconscious.

I also seemed to feel, and what was even more terrifying, a feeling of dissatisfaction with desire.

He is the richest person in the whole school. My life should not be like this! I am the eldest lady of the Shen family

Please, someone come and save me quickly! Please, anyone can come,

**You are now even lower than the low-class people in your mouth! Hahaha! Miss Shen, look at your ugly face with tears and saliva flowing all over it.**

**It's really satisfying! Haha! If you do this, you will be punished for your evil deeds.**

I also made  
an appointment  
for a beauty  
massage here!  
Oh, it's already  
this time

It looks like our  
mother-daughter  
sessions will have to  
wait until I get back  
from my make-up to  
continue! Such a  
good daughter

Will it still stay like  
this? Why are you leaving  
me alone in a room? Does  
she, does she mean

Woohoo!  
Woohoo!

I'm afraid it will bring shame on our Shen family, so let's forget it! Why are you so excited? Do you want to go too? But you go out like this now

Isn't it very popular among you young people recently? What is this called...placement play?

I'm afraid it will spread throughout the entire circle immediately! Miss Shen has a special hobby. When a cleaning lady came in to clean and tidy up, she saw you looking so perverted. You said, if during this period

Woohoo!  
Woohoo!

Are you penniless so  
that everyone here can see  
your despicable appearance?  
Your wallet and your cell phone,  
walking out of the resort in this  
lustful infatuation, and what if  
I take away your clothes,

Whining!  
Woohoo!

Release me  
quickly! No, no!  
let me go,

Maybe the answer depends on how many orgasms you can have? I don't know if I should come back before I come back, haha... Anyway, I'm looking forward to your performance, good daughter.

...

Woohoo!  
Ming ah  
ah ah  
ah!

Don't go, come  
back! Come back,  
come back! You are  
not allowed to  
leave me here

Please  
come  
back,  
woohoo!
