I'm looking forward to how a elegant lady will change!

The guy who came last time. Do you and him like each other?

No. just friends.

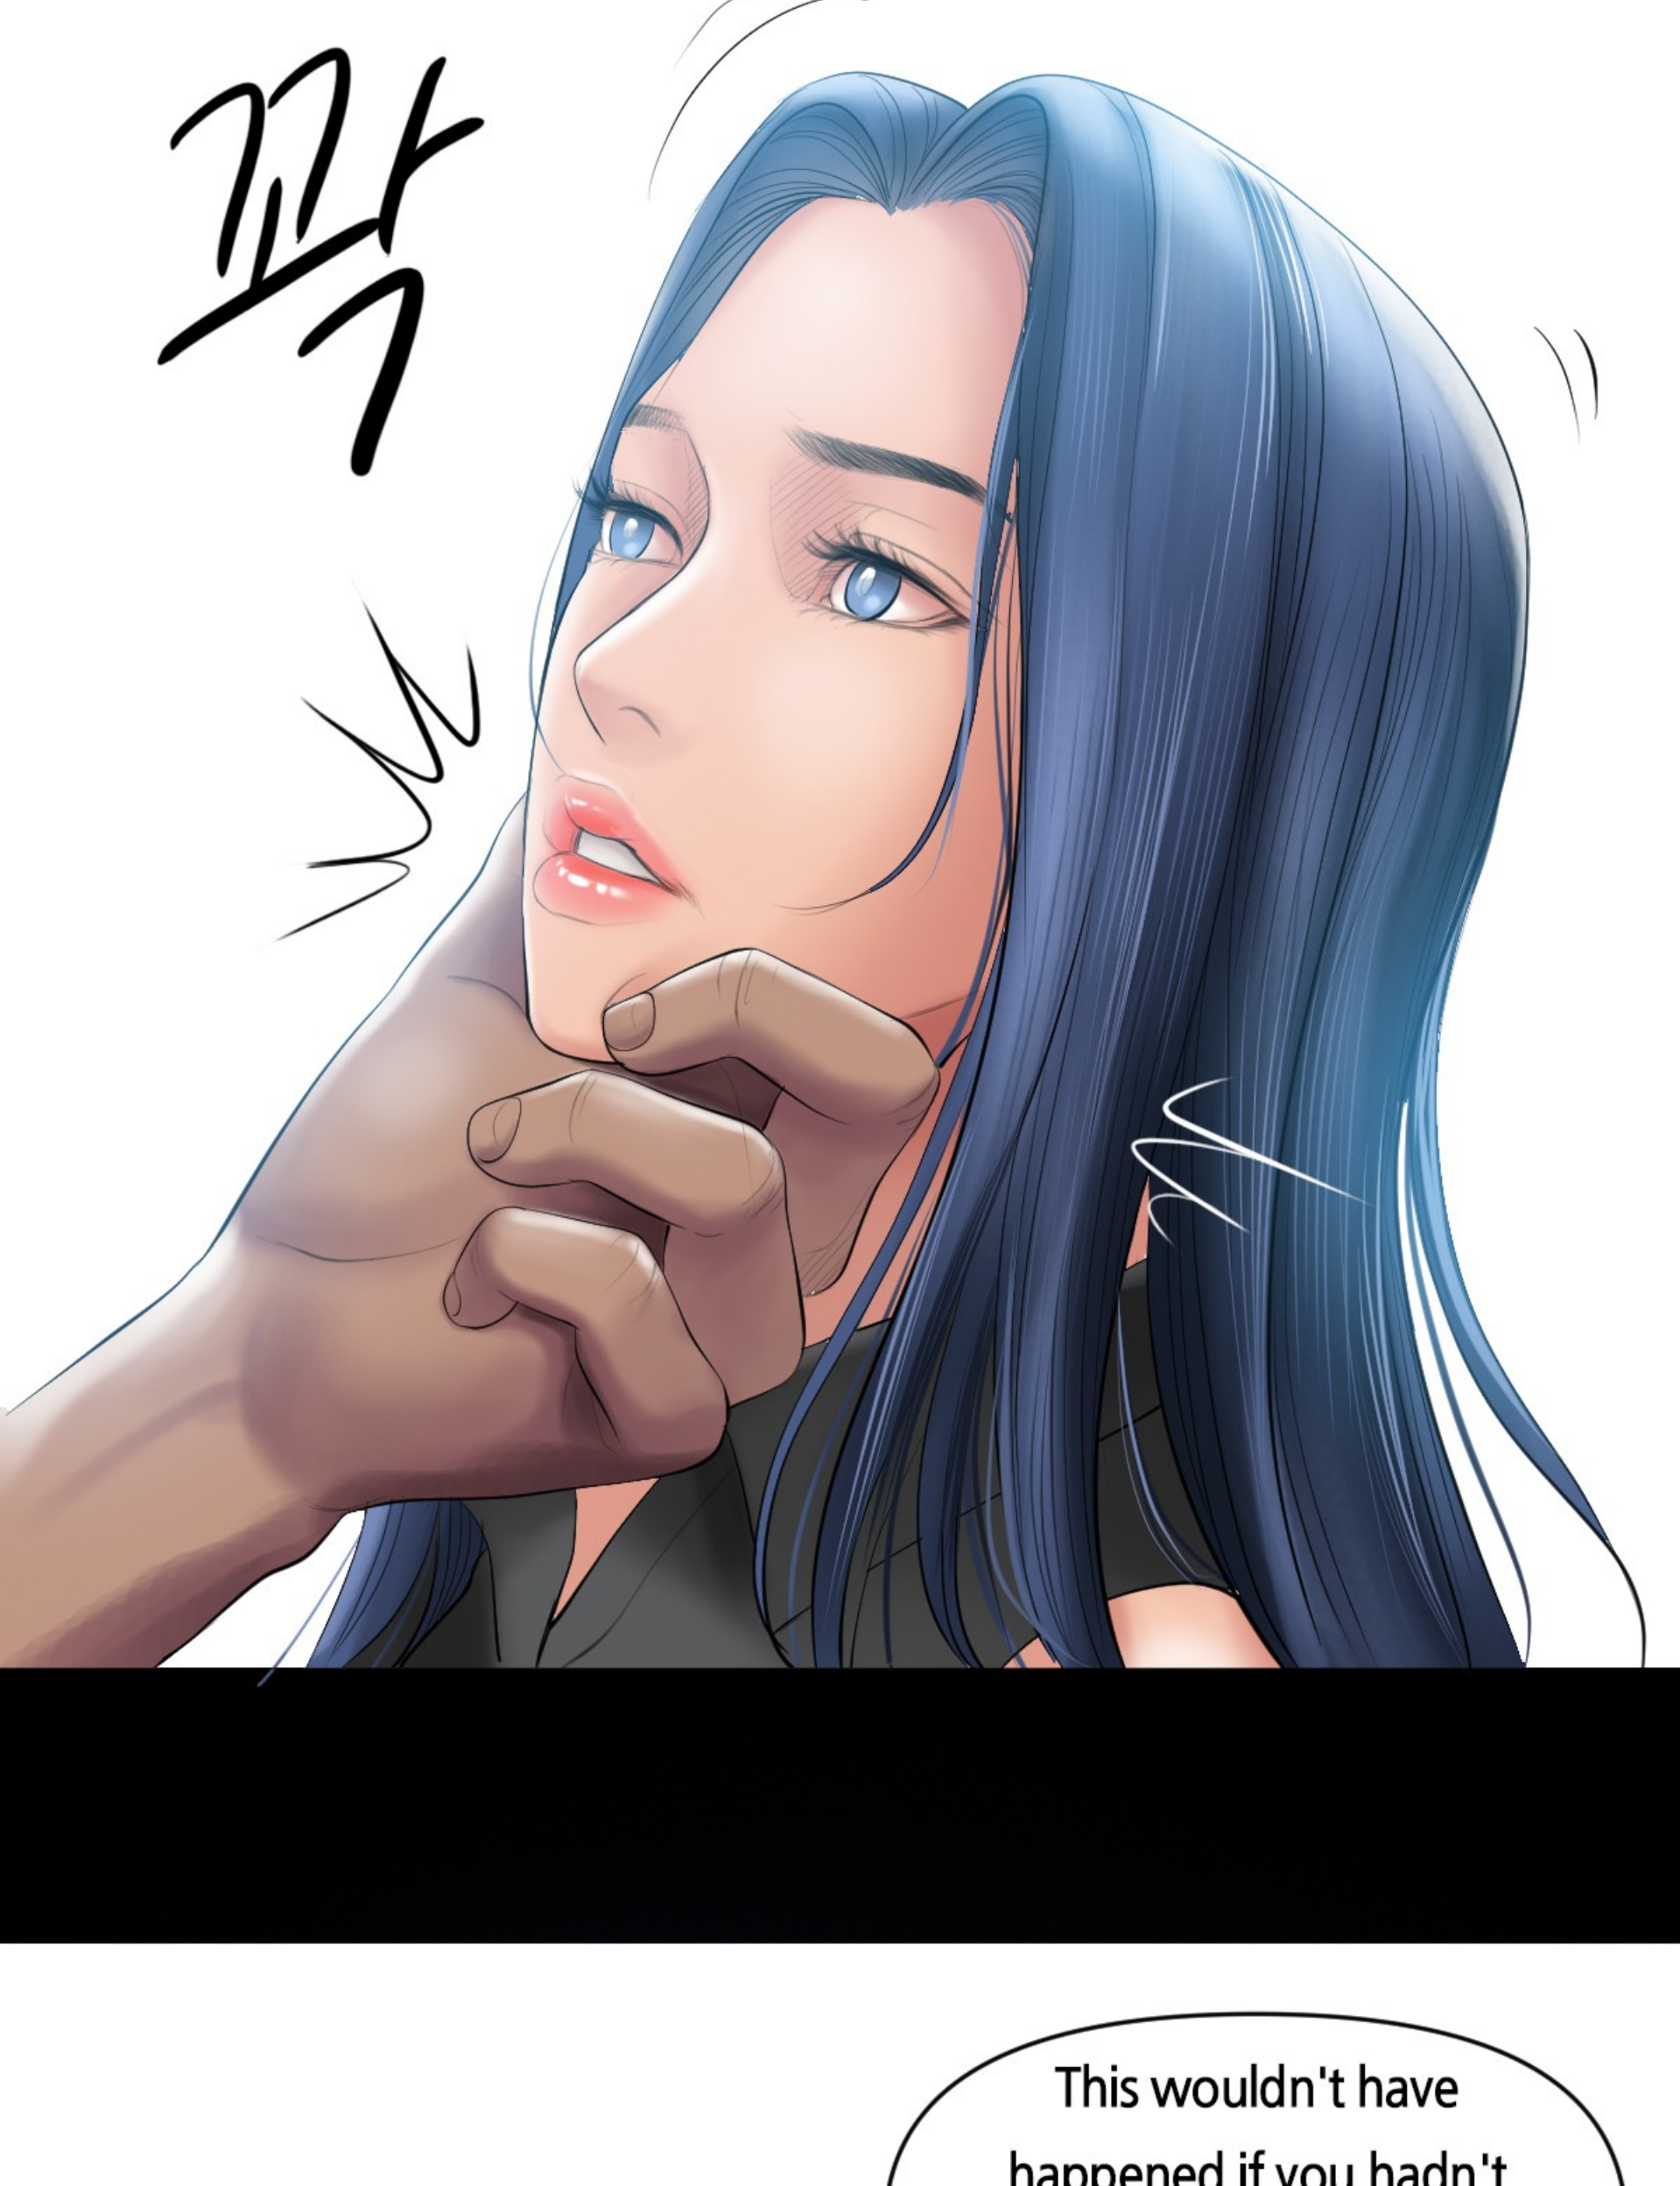

BULL SHIT! You are more than a friend to him!

He is in a one-sided love. Poor pig!

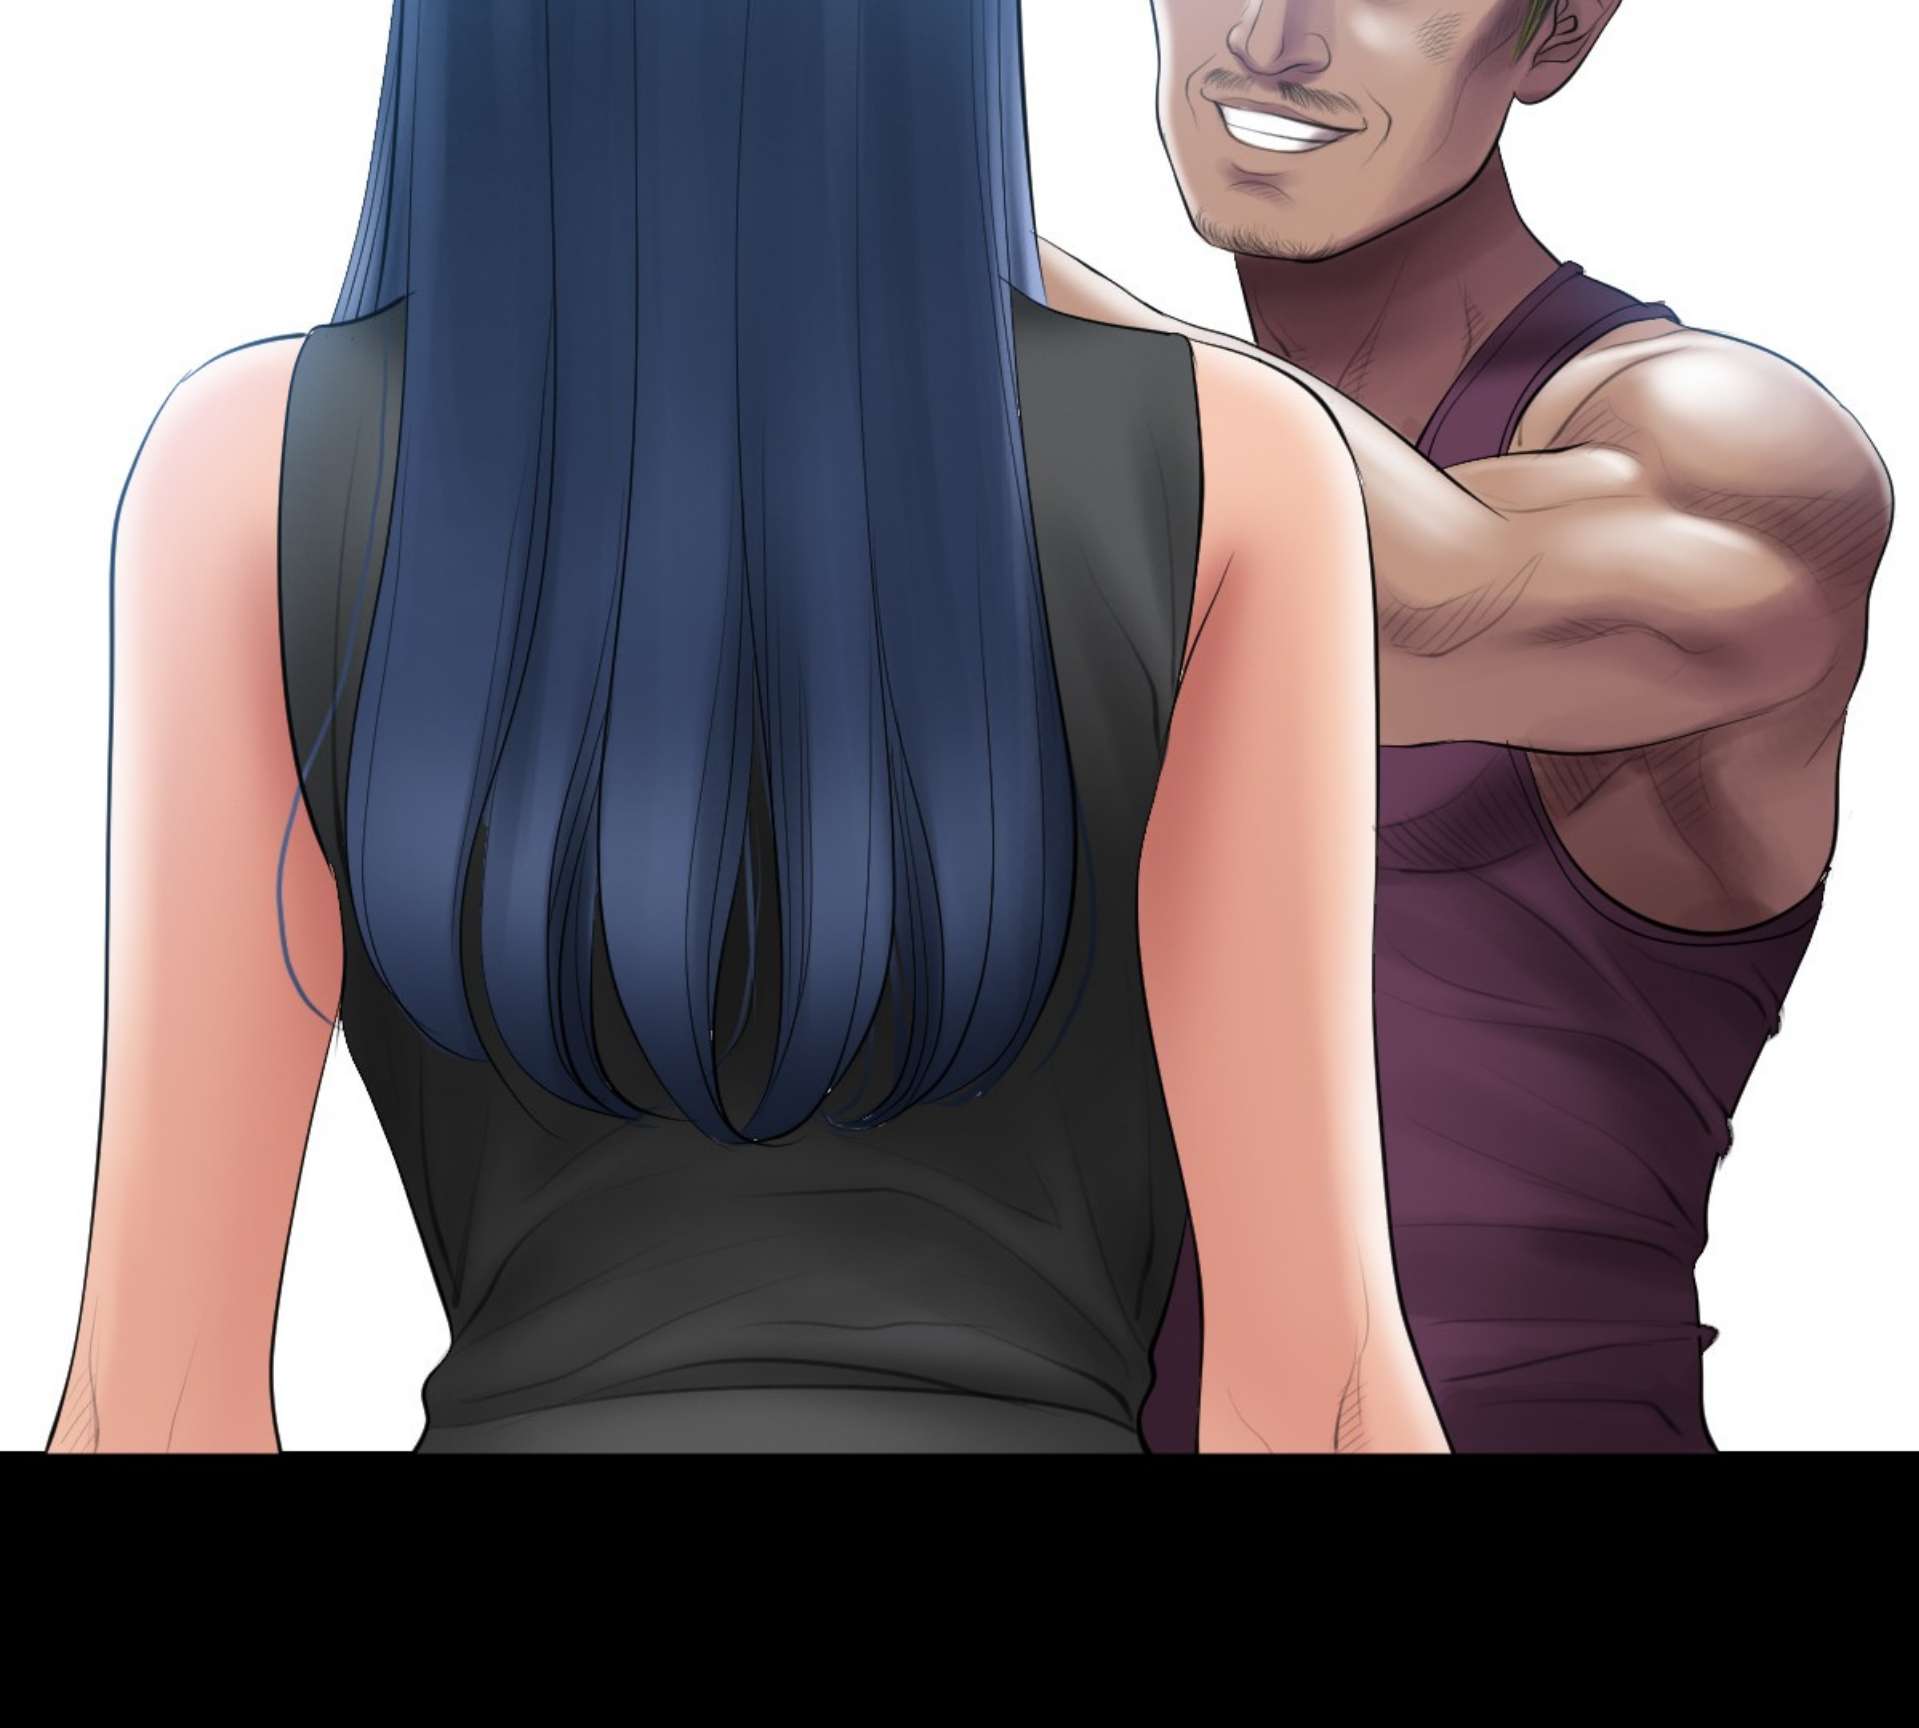

That's great. Originally, I was going to kill him, but that's not fun.

I want to take revenge in a special way.

This wouldn't have happened if you hadn't made me angry... You brought it on yourself.

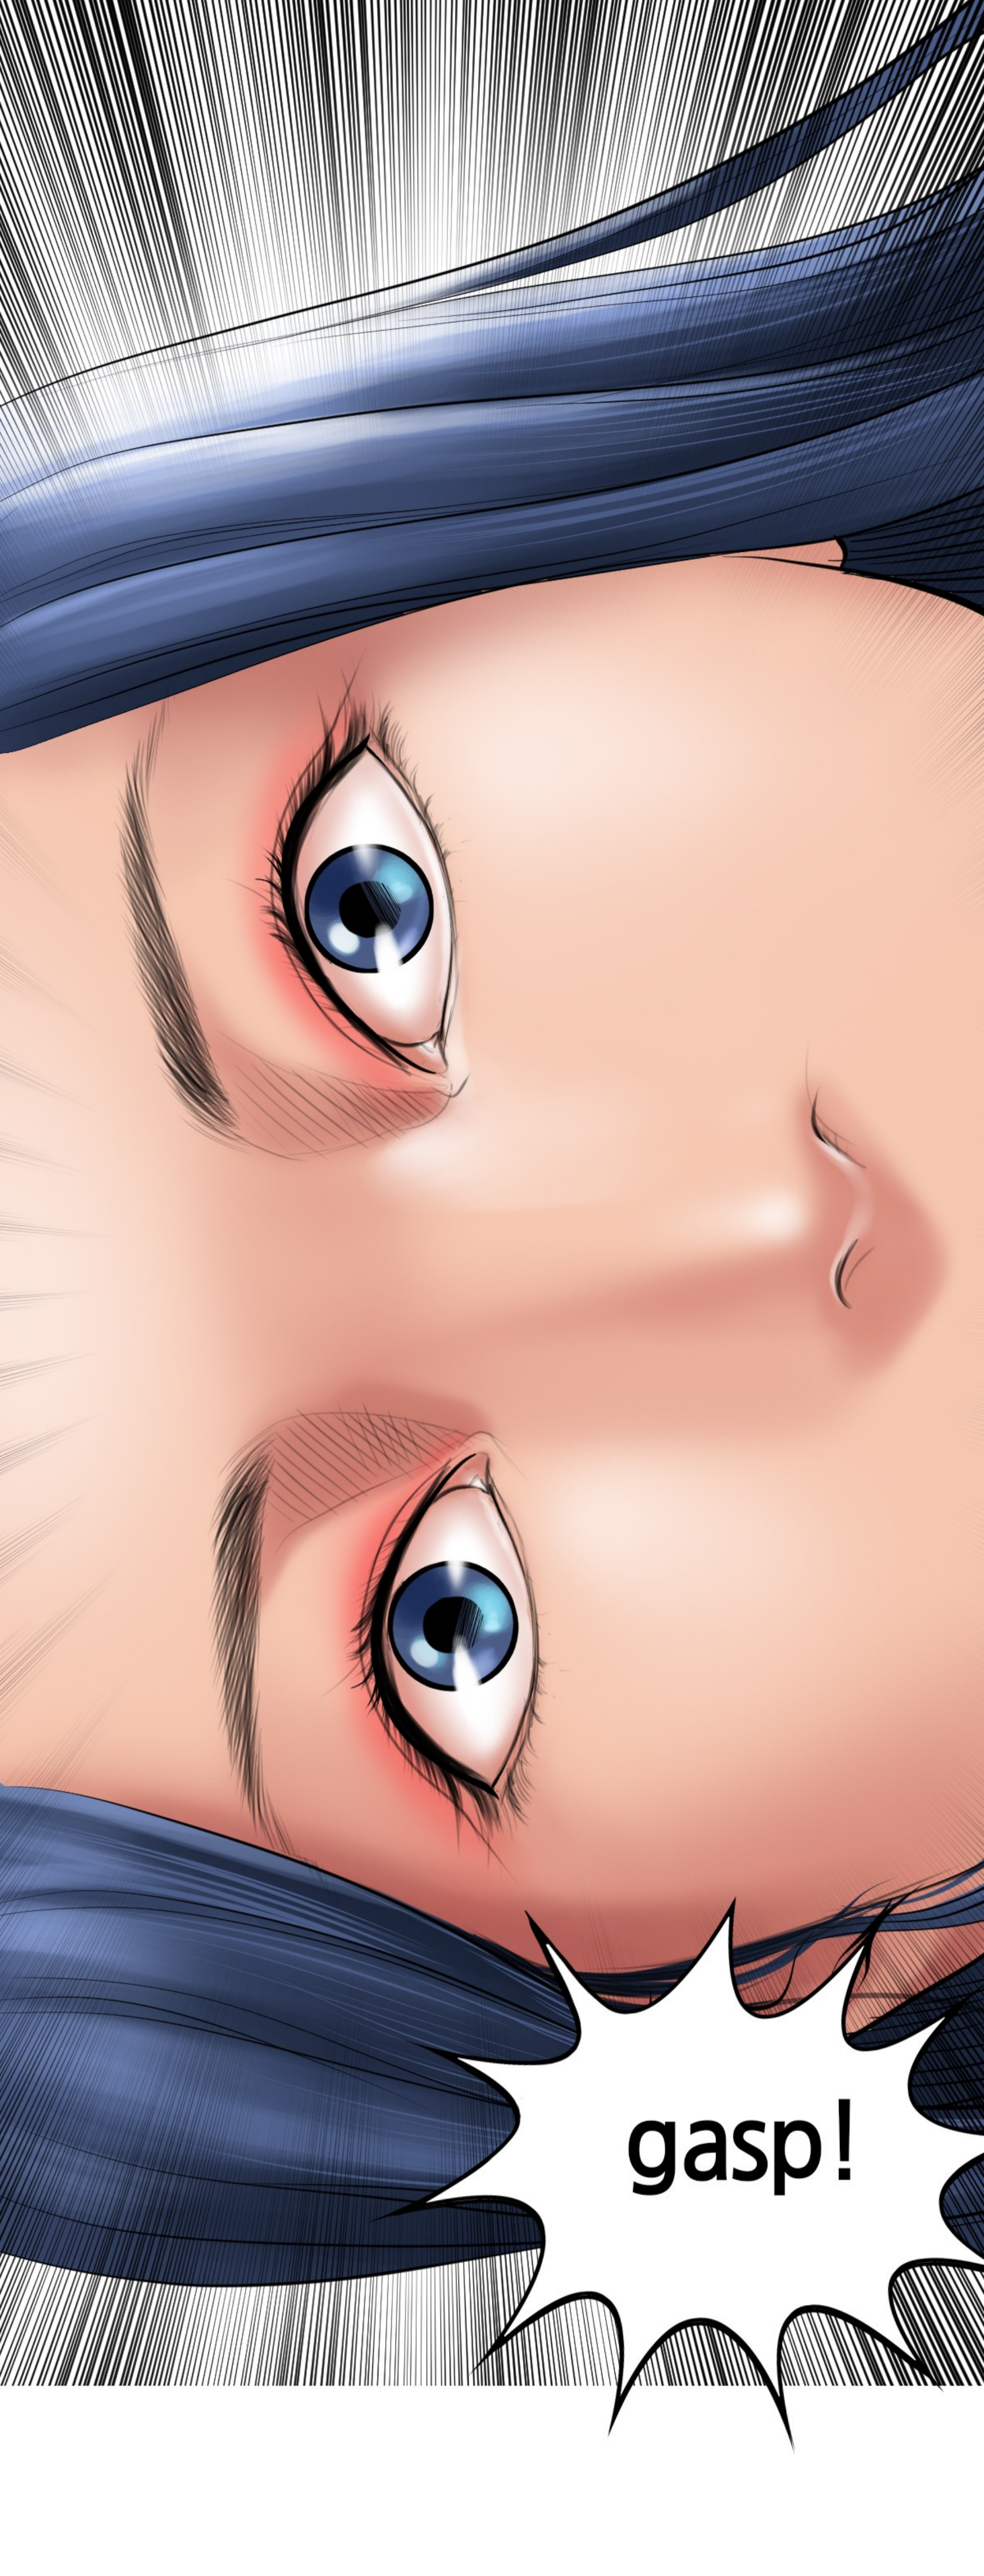

I'll fix both your personality and your values.

You are reborn as a woman that suits my taste.
