

delivery
room

Wow

beep

Wow

Who is that classmate you just mentioned...? Sorry, nurse, I may not have heard clearly.

起身
Get up

She's... Ouch, it hurts...
Damn it! I'll kick her out right
now! Hello! Don't listen to this
woman's nonsense! What kind
of nurse is she?

You, what the hell are you doing... ugh!

If it will affect the labor process, just leave it to our professionals! Your wife is too emotional right now. Mr. Zhou, please wait outside first.

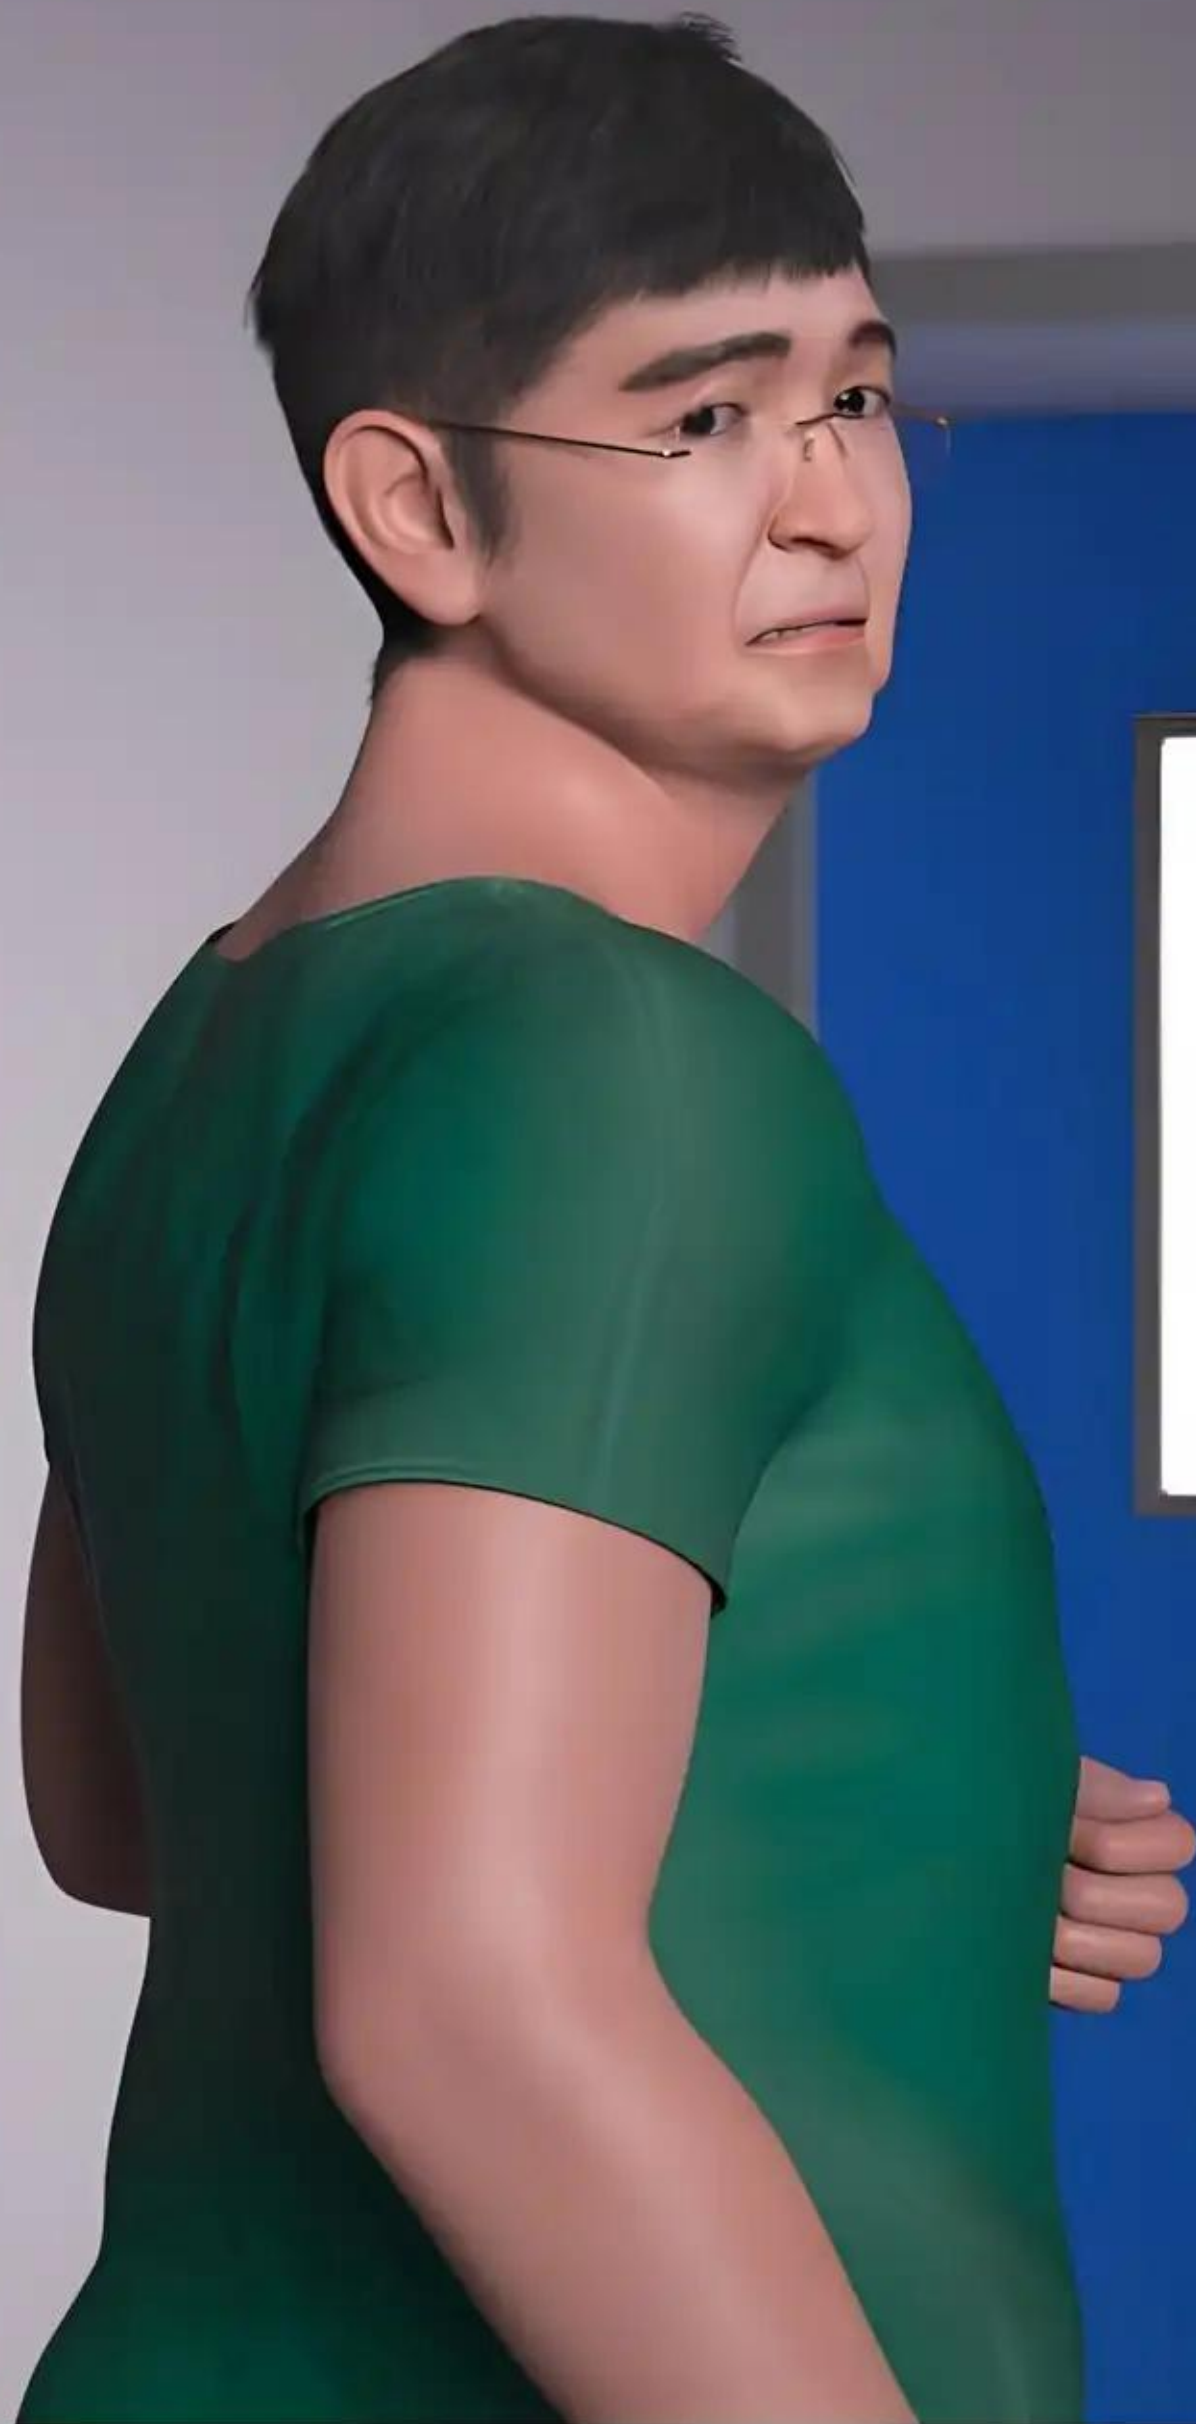

Why do you suddenly seem to be a different person... Is this really okay? She was clearly fine just now,

If something goes wrong, no one can afford it! Any changes in the delivery room should not be taken lightly. Mr. Zhou, this situation is very common. Please believe me.

What nonsense are you talking about...I'm about to be choked by you now! It's so uncomfortable... This bastard's hands are so strong!

Okay, okay... I'm going out right now...
Wife! Come on! I'll cheer you up outside!

A close-up, high-angle shot of a woman with short, dark hair lying down. She is looking towards the camera with a slight, knowing smile. Her eyes are light-colored. Her hands are resting on her head, one on each side. She is wearing a light-colored top with a small, dark polka-dot pattern. The background is a plain, light-colored wall.

**Damn it... I'm
already in so much pain
that I can't speak, but this
woman still takes advantage
of someone's danger... I'm
so angry! Brainless old
thing...it's still useless!**

Finally we have some time to chat! Otherwise, don't blame me...use more unsightly means, hehehe! It's a pity that we don't have much time, so I advise you to calm down~ Now all the people who were in the way are gone

**Aren't you here just for the children? Huh,
what else do I have to talk to you about?**

**What else do you have to say? We had
agreed before that if I was asked to
collect semen from everywhere, I did it.**

Well...I'm very grateful for your selfless dedication. But plans can never keep up with changes! Let's put it this way, the current situation is no longer up to you and me, we still have to be taken away by the organization, I'm sorry! I came here today to deliver a message on behalf of the organization. What it means is that as soon as the child is born,

We won't treat you badly! Hee hee hee!
The safest environment, and...the
most complete research! Don't worry
about suffering a loss. Don't worry~
We will give him the best care. If you
want any sweetness, just ask.

What kind of safe environment... why should it become the research object of your lousy organization? He is also the child of Lao Zhou and his family! You lying bastard, no one will believe you! Are you...are you crazy? That's not just my kid

But I can't retreat! If you retreat, the child will be doomed! Damn it...It hurts like hell whenever I exert force...it's really terrible

I will never allow him to be taken away like this! It's not easy to get to where I am today. I have worked hard for so long and suffered so much.

That's why I came here in person to talk to you politely...I know, I know, I just know that you are not convinced,

If you plan to resist to the end... As soon as the child is born, they will come in and take him away immediately. You must know that this hospital is full of our people.

I lost my wife and children at once! See what I mean? Then I have to let Mr. Zhou outside,

You...you dare! ?

How could this happen...
Isn't it too unreasonable?

You don't still think we can't do this,
right? It's a pity, of course I dare,

You didn't pay much anyway, right? Let's renegotiate the terms! So...Classmate Shao, before the child was born...just pretend it never happened.

There must be some opportunity that I can seize... Damn it... think quickly, Yuchen... Damn it... negotiate terms with me? Okay, let's talk enough!

Hmph...cut the nonsense...your organization wants to use this child for research, right?

Then let me say it first...this child...I will never let you take him away!

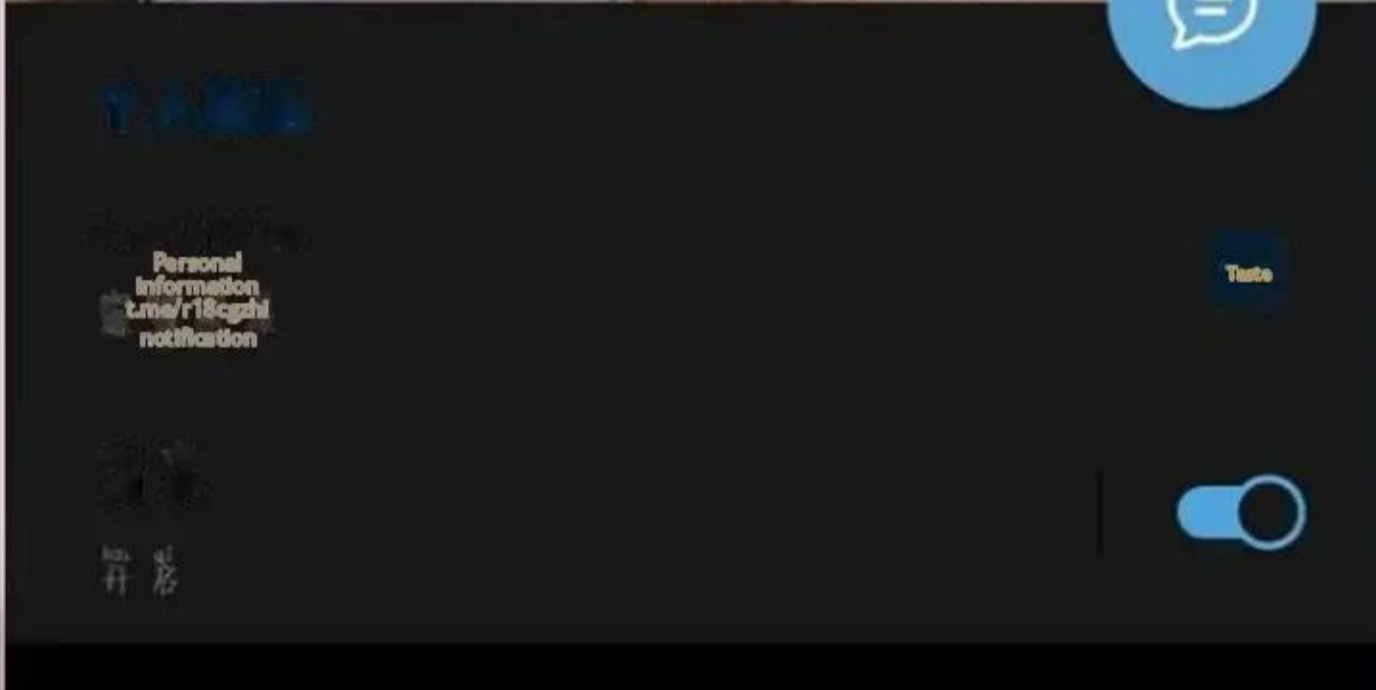

oops?

I thought you could only ask for something... but you still want to keep your child by your side? Hahaha, I've already talked about this, I'm really lucky that you dare to speak! I want you to hold me for a little longer, or something like that?

oops?

I thought you could only ask for something. You actually want to keep your child by your side? I want you to hold me for a little longer, hahaha, that's all I have to say, I'm so lucky you dare to speak!

You never care about the consequences, why do you do this now? I said you...are you too attached to this child? Logically speaking, you are someone who always puts fun first.

It was an accident at most, so why bother? After all, this is not your child,

Haah...fuck...It hurts so much...because I worked so hard to give birth to him! Fuck you Imbecile organization! I don't understand such a simple truth,

Do you want to do research on him? But the child must stay in the Zhou family to be raised, otherwise there is no need to discuss it! I can give it to you, okay...I need information and data.

Do you really think the organization is negotiating with you? You have no chance of winning, do you understand? Do you know who you are bargaining with?

Am I right? Rather than snatching the child away directly, of course I understand. Since you came here specifically to argue with me, it means that you don't want anything to happen to the delivery room, and it also means that... this child is too important to make any mistakes.

You don't think I can't do this until now, do you? I'd rather take him with me now! Rather than letting him be imprisoned and studied by you like an animal

Good guy...it's even crazier than I originally expected. She really put her life on the line!
Hmm...this look is not a harsh expression

Squirt... but we are running out of time... we can't put it off any longer

Effective from the moment of birth! No more bargaining! The child can stay with you, but the organization must fully monitor the situation. You are ruthless! Then I won't go around anymore.

Come on... speak clearly... to what extent are you monitored? What are you going to do...ah...it hurts!

Listen
ah ah ah
ah!!

Count
after me! one
two three! Use
force! Coming!
This wave is
crucial!

I have to say, I admire you very much, classmate Shao, for being in so much pain and still being able to negotiate terms with me, you have a bright future! That's it, it's settled, happy cooperation ~

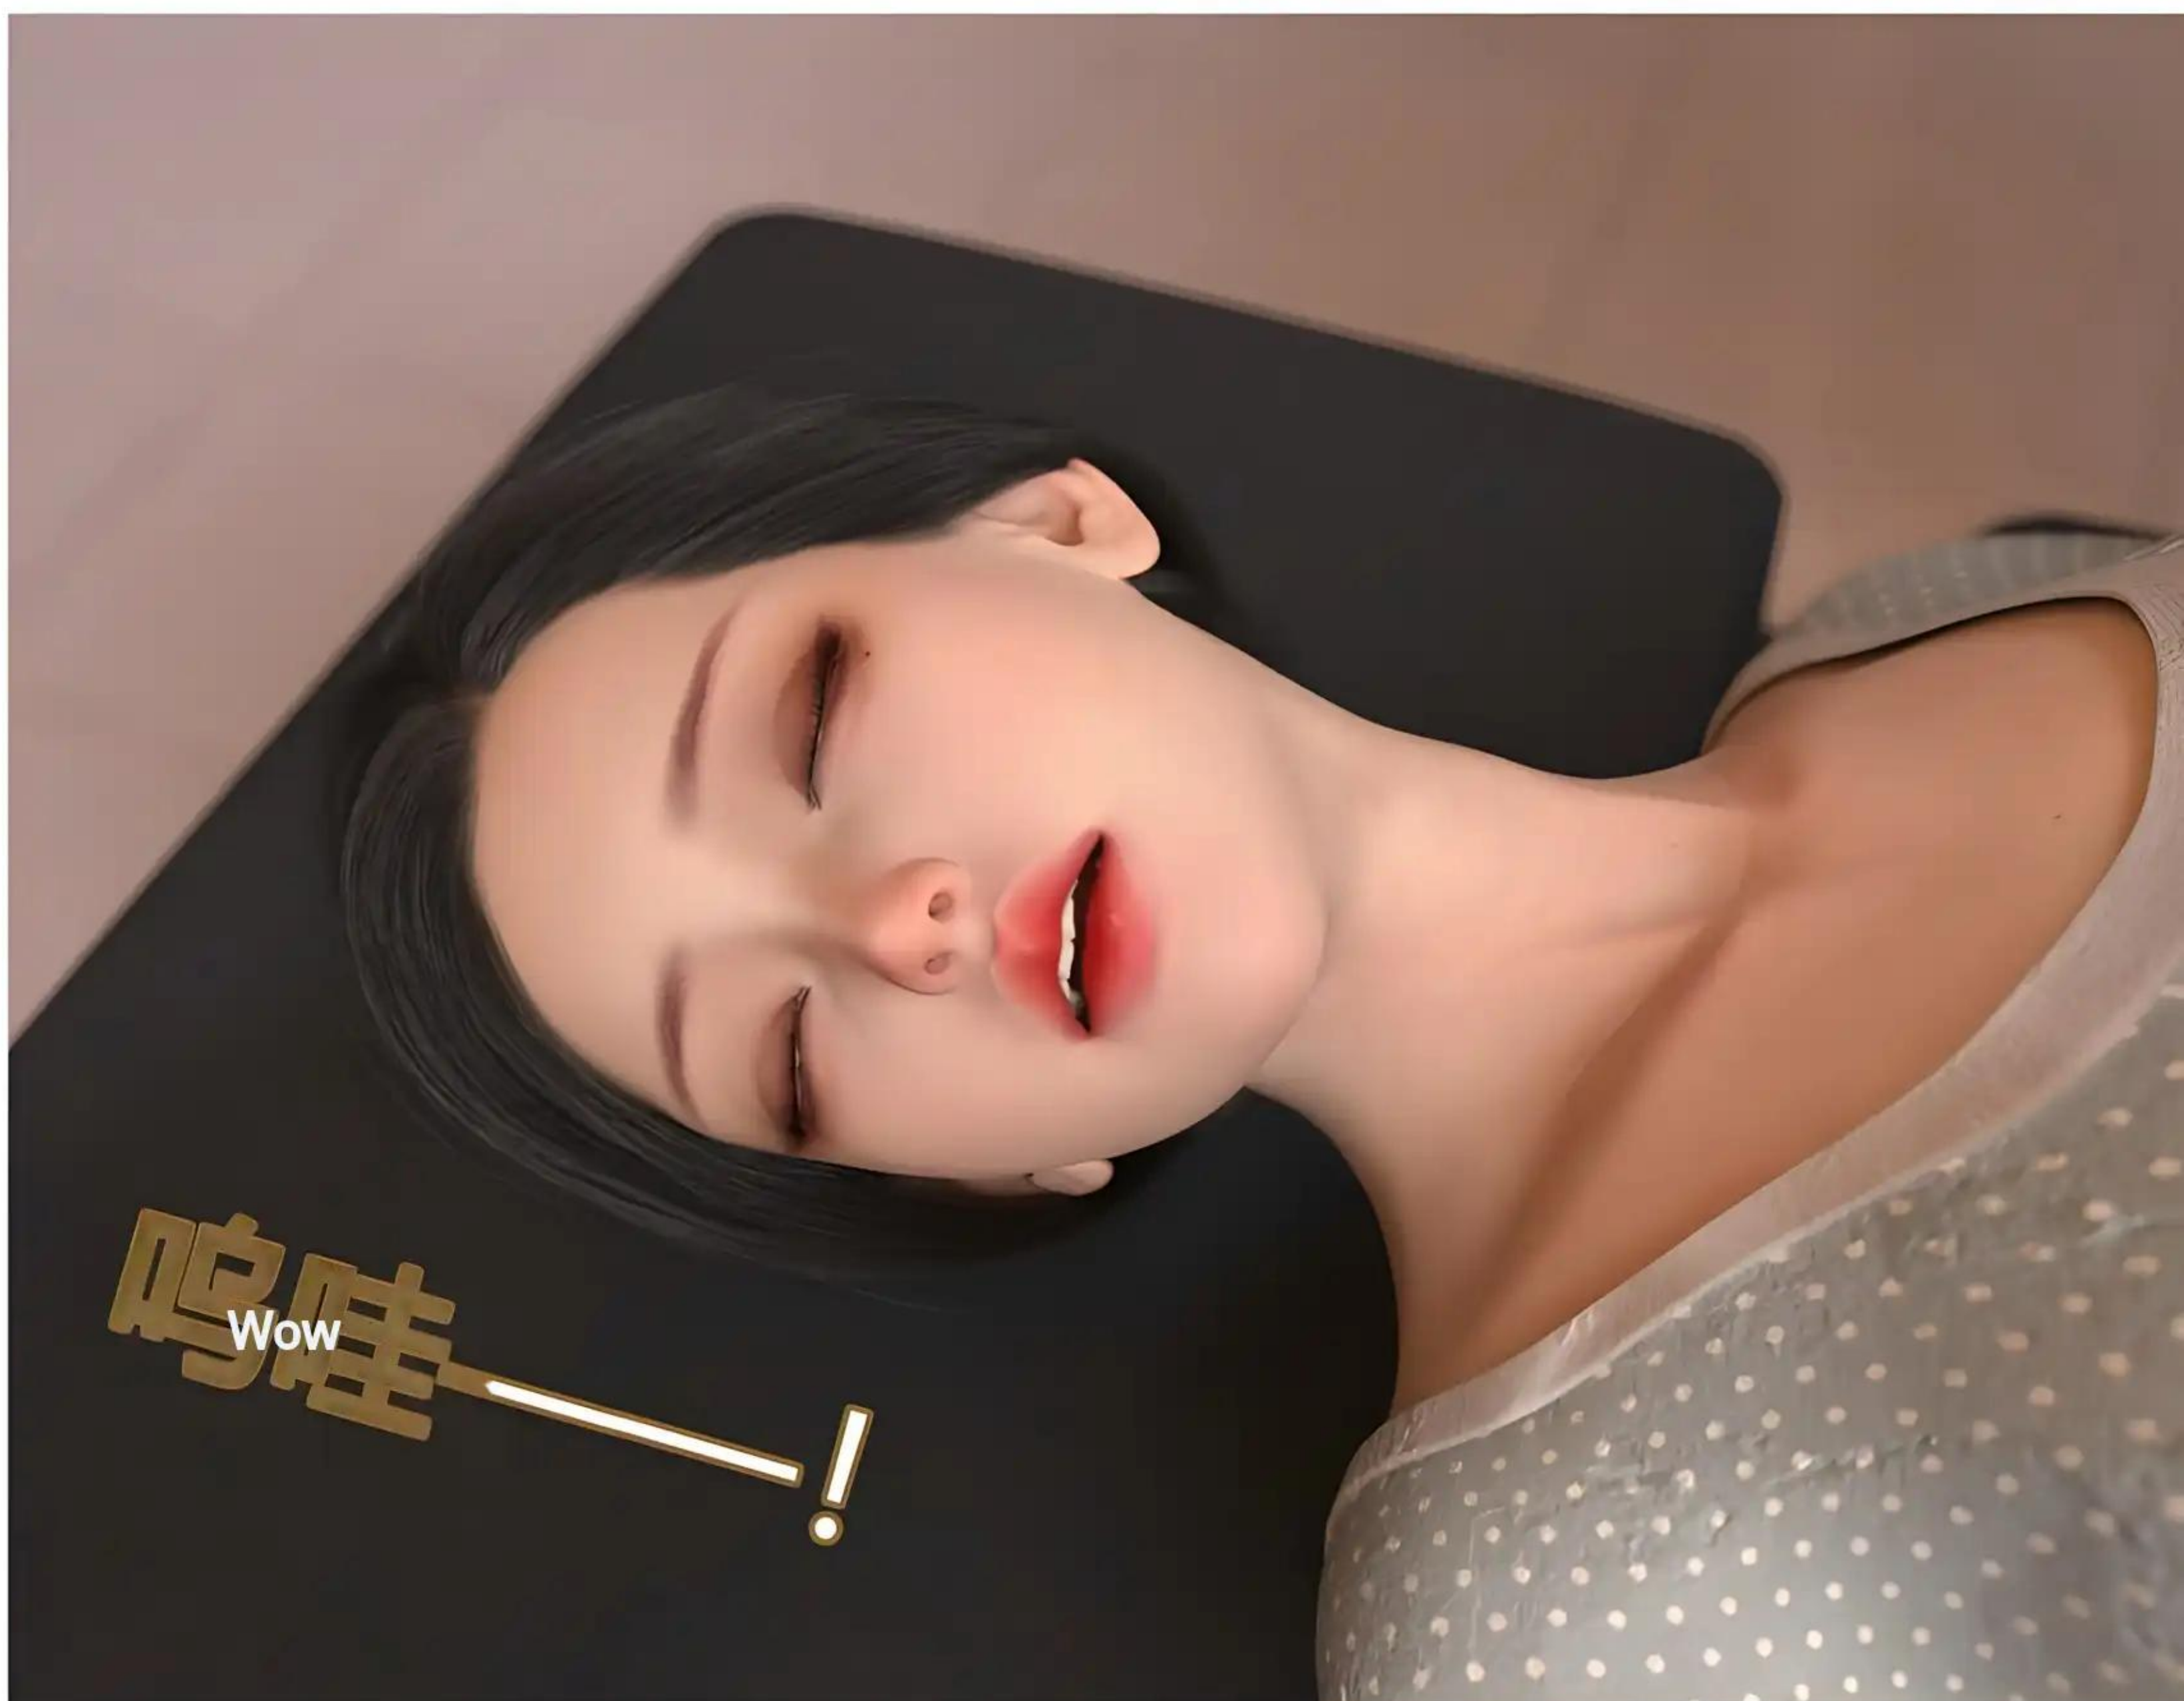

Don't, don't be so proud... You dare to cross the line... Haha... I will die with you...!

呀啊啊啊啊啊啊!!!

Is this, this kind of pain really bearable? I don't want to play anymore, I don't want to play anymore...I don't want to play anymore! I can't stand it anymore...it hurts so much that I can't care about anything...fuck

Now push harder! Hey, don't stop! Do it again! push!

What's wrong? This, this sound is...

Woo hoo...wife,
thank you for your
hard work...that's
great...

It's a healthy
baby!
Congratulations!
Mother and child
are safe,

Ming
ah ah ah
ah

It's so amazing...so small, so warm...this is...the baby who was in my belly just now ...

Mom will protect you. No one can take you away. Just stay in my arms... That's all for now. ...

a few
days
later

000

I don't know how my mother's health is recovering...but I haven't had a good conversation with Lao Shao. My mother was finally discharged from the hospital. Fortunately, my mother and brother are both safe and sound.

The more I think about it, the more I feel uneasy... Sigh...it's useless to think about it so much! Let's go in first and take a look... Isn't that guy doing something behind his back again?

Dad,
Mom, can
I come
in...?!

Hey, son, are you here? I was planning to call you over!

Otherwise, I really wouldn't be able to carry so much luggage by myself!
Hahaha! Your mother was exhausted when she came back from the hospital. Fortunately, your classmates helped her.

ah? This...what's going on? Lao Shao, what are you doing?

Don't wake him up again. I finally managed to get your brother to sleep. Shhh... keep your voice down. Your mother needs more rest now.

Shao Yuchen!
Why are you at my
house? And what do you
mean by holding my
brother like this?

I had no idea at all...
What on earth was he
planning? When did he take
off my mother's skin?

A woman with long black hair and blue eyes is sitting on a bed with white pillows. She is wearing a dark blue dress with pink polka dots and a pink ribbon at the bust. She has a thoughtful expression on her face, with her hand near her head. A speech bubble is positioned above her head.

Don't be so cruel to others, you know?
Mingming? Why are you so fierce as soon as you come in?
Isn't classmate Shao your good friend? This kid has been so considerate these days

Intimate... Lao Shao? Mom...are you serious? Haven't you always...never liked him?

But why do I feel something is wrong the more I look at it... I won't be fooled by Lao Shao again, right? Mom is finally back to her original state, I should be happy

No wonder they always say that giving birth to a child is like going through hell. It's really not easy. Not only is she physically weak, but even her memory during pregnancy is confused. Your mother was not in good condition after giving birth. Ahem...Son, you may not know that well.

We know that you have to prepare for a big exam and it is not convenient for you to go to the hospital. I am definitely too busy alone! If Xiao Shao hadn't come to help me,

Ahem... I also said that Xiao Shao has been pouring me water and rubbing my shoulders these past few days. To be honest, he is much more attentive than your dad! Help me take care of your brother when I'm tired,

Hahaha...wife...you don't need to say this in front of me...

Are you kidding...What the hell is going on in this world? Why do I feel like I'm being outclassed by Lao Shao? I am your biological son,

Lao Zhou, don't think blindly, I'm really here to help!

Stop doing this! How many times have you lied to me? I still have a bunch of things to ask you! I don't believe it! Just wait for me

Mingming, come on, mommy has something to tell you!

Oh...okay...

He's the instigator of all this shit, okay? Please stop praising that guy.

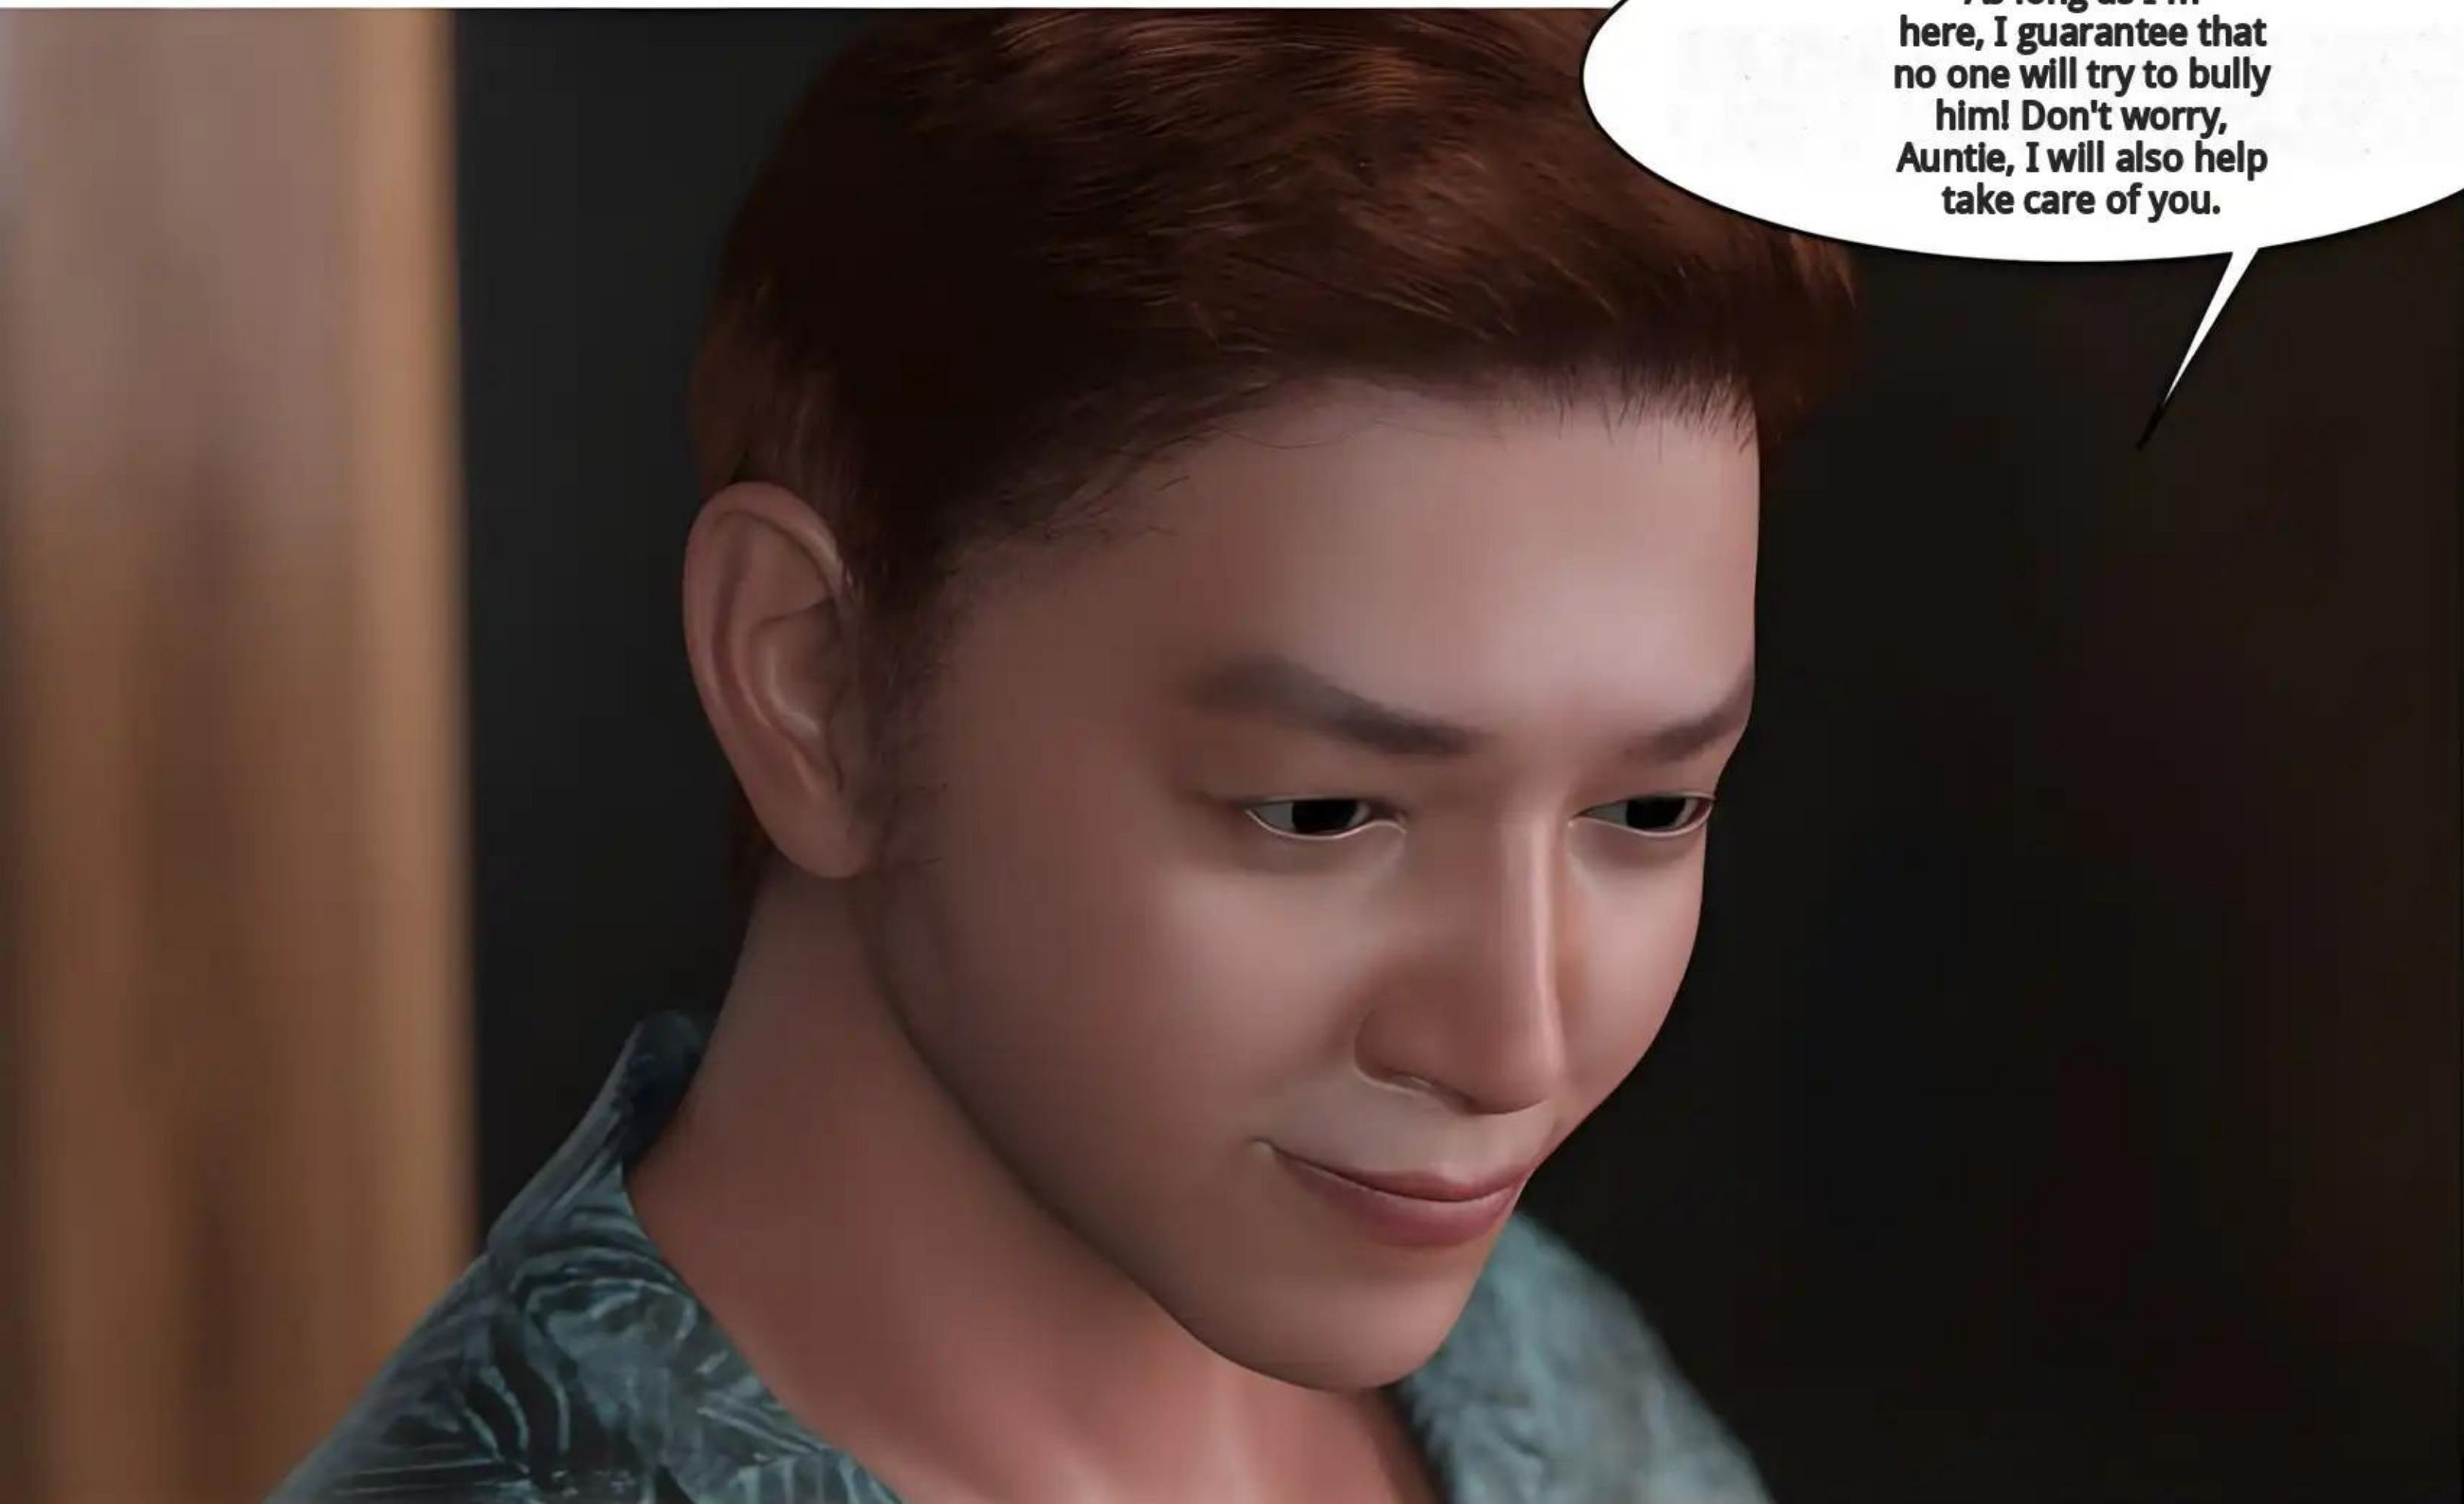

But I know you are always there! Although mom is not thinking very well right now, I know you have been worried about my good son. Thank you for your hard work these days.

Woohoo...Mom, mom, just be safe...really...

You have to take good care of my brother for me! You are also a brother now, Mingming. Mom should have to rest for a while. Promise me, before mom gets better,

As long as I'm here, I guarantee that no one will try to bully him! Don't worry, Auntie, I will also help take care of you.

Shut up! Who agreed to you taking care of my brother?

Okay, okay, stop arguing, you two are really... bickering like elementary school students!

This is like a family! Hahaha, it's better to be lively at home

A family...?

Seeing my mother still smiling like this means that our family is truly a member, yes...at least this time, other things don't seem so important.

...

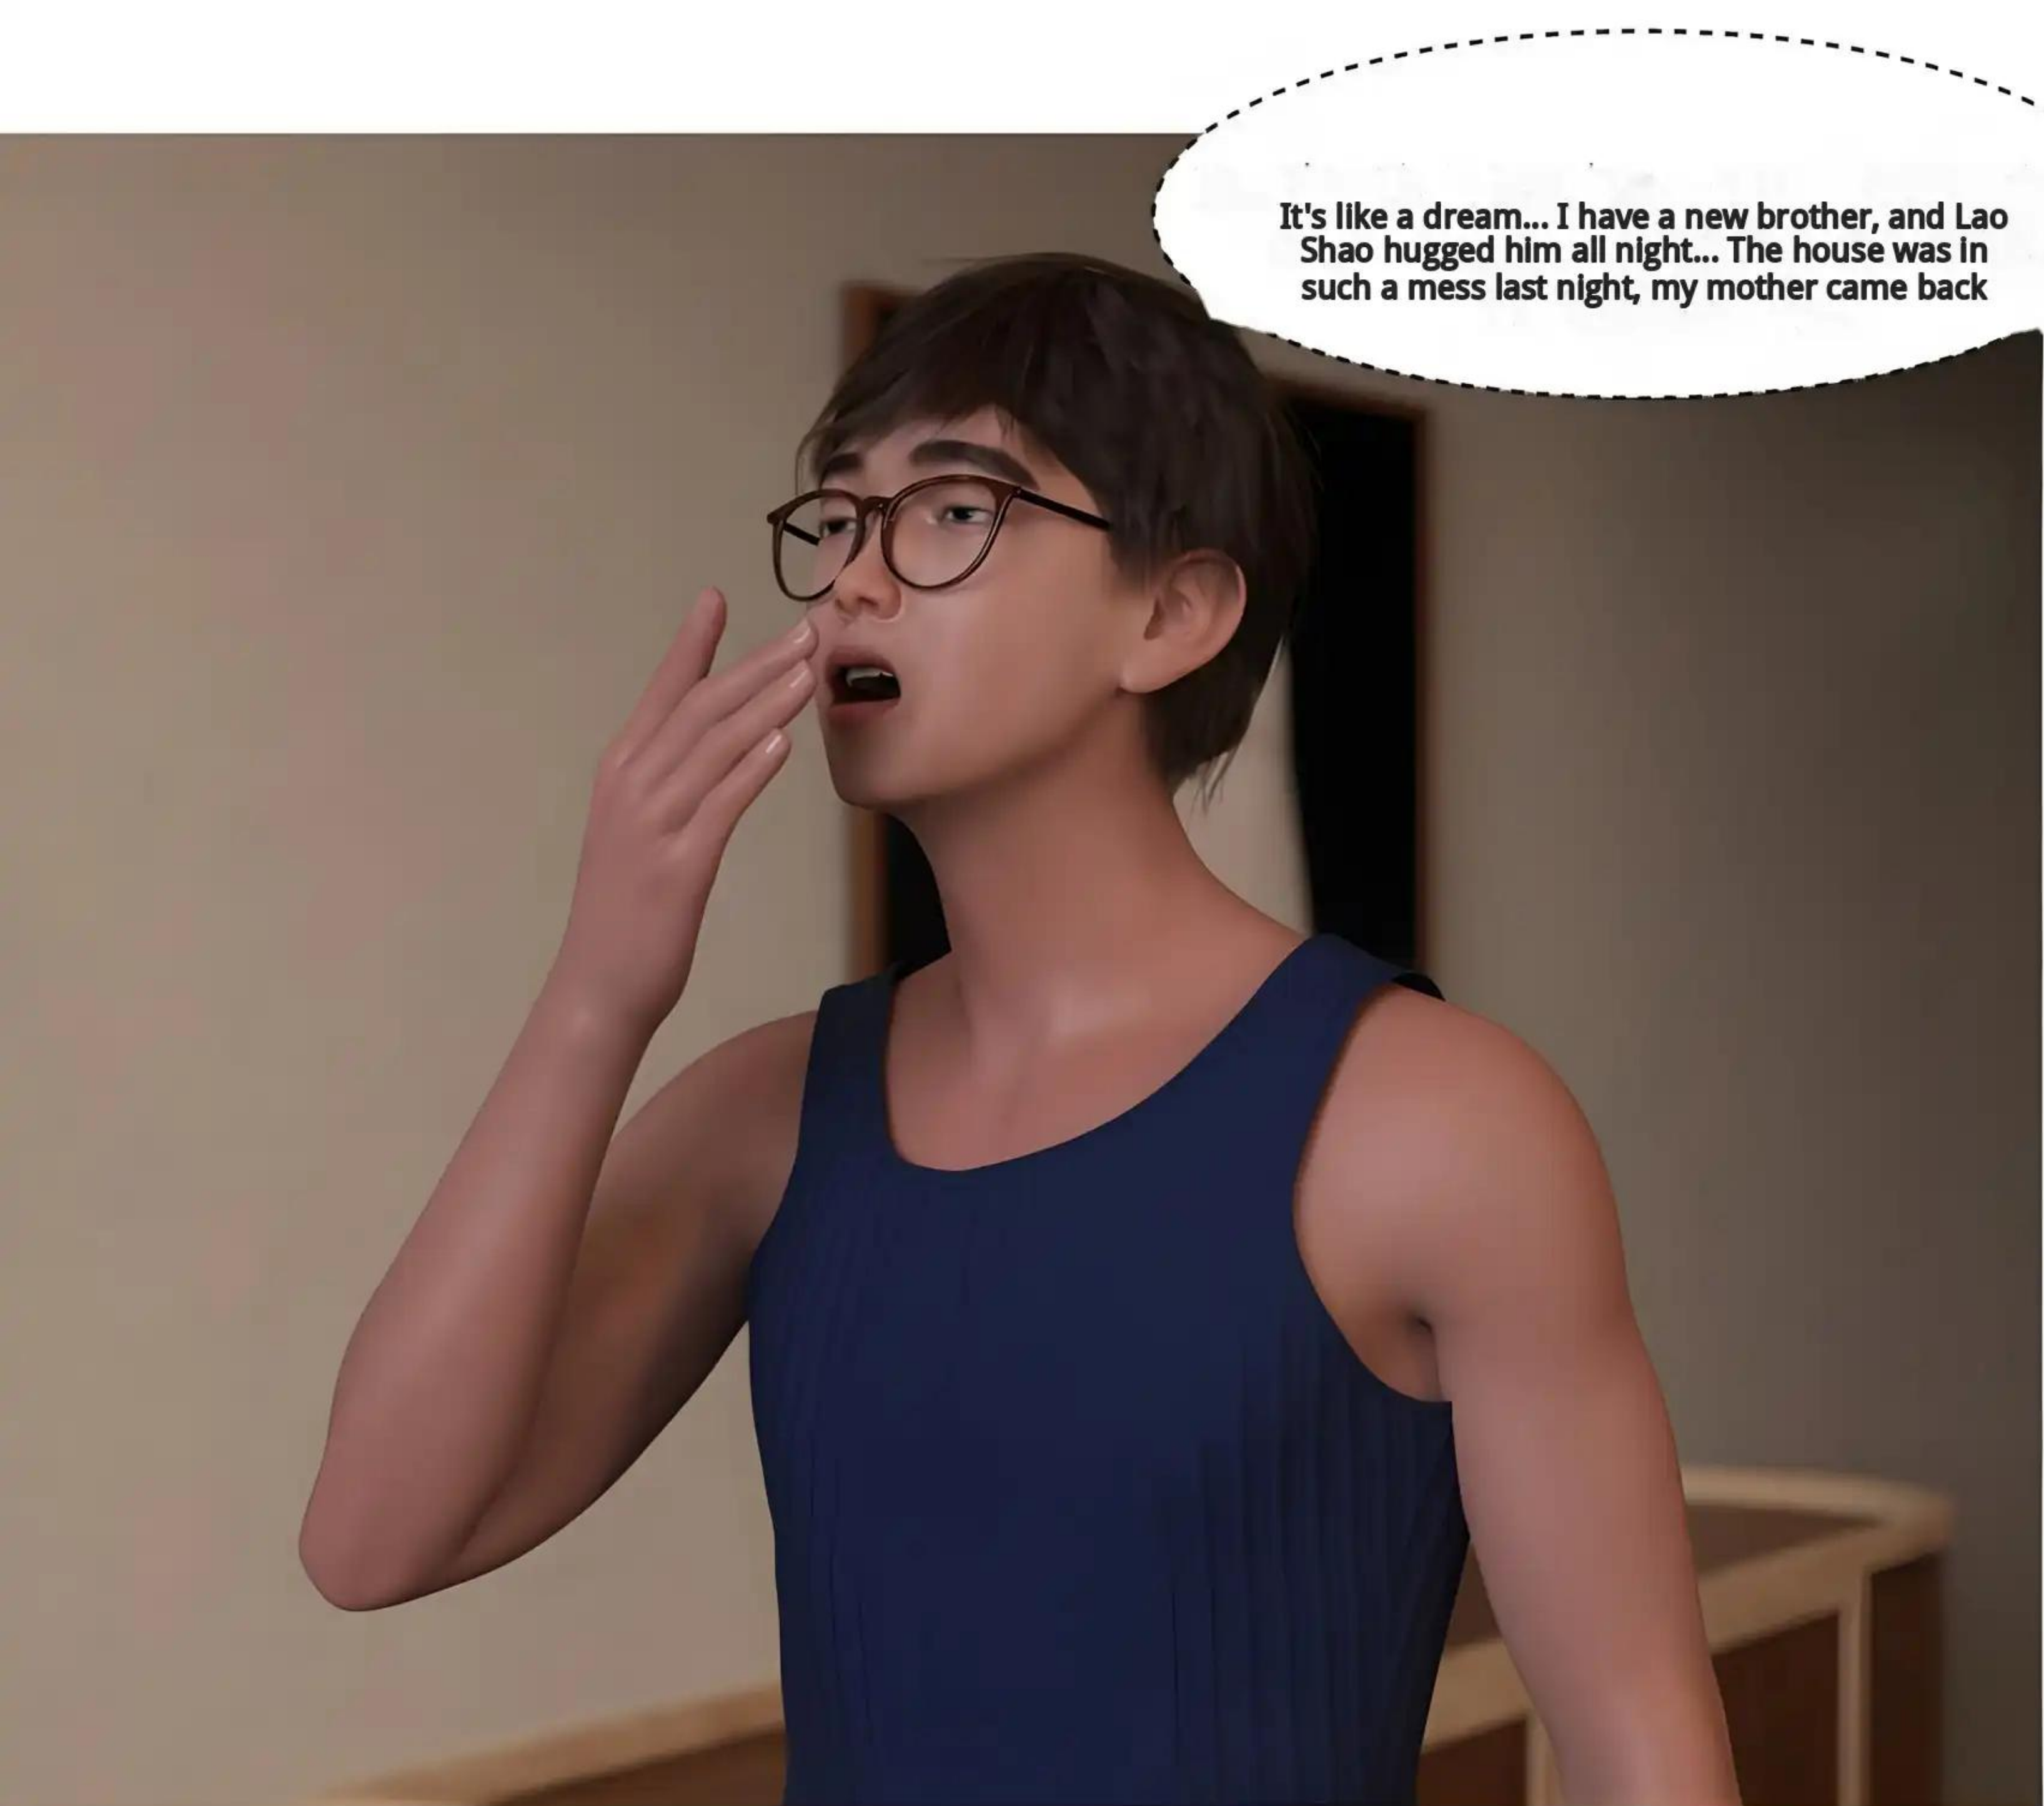

If you dare to drag our family into something stupid again...I will never let you go! It's just...Old Shao, you'd better really come to "help"

Early the
next day

Ha...so
sleepy...

It's like a dream... I have a new brother, and Lao Shao hugged him all night... The house was in such a mess last night, my mother came back

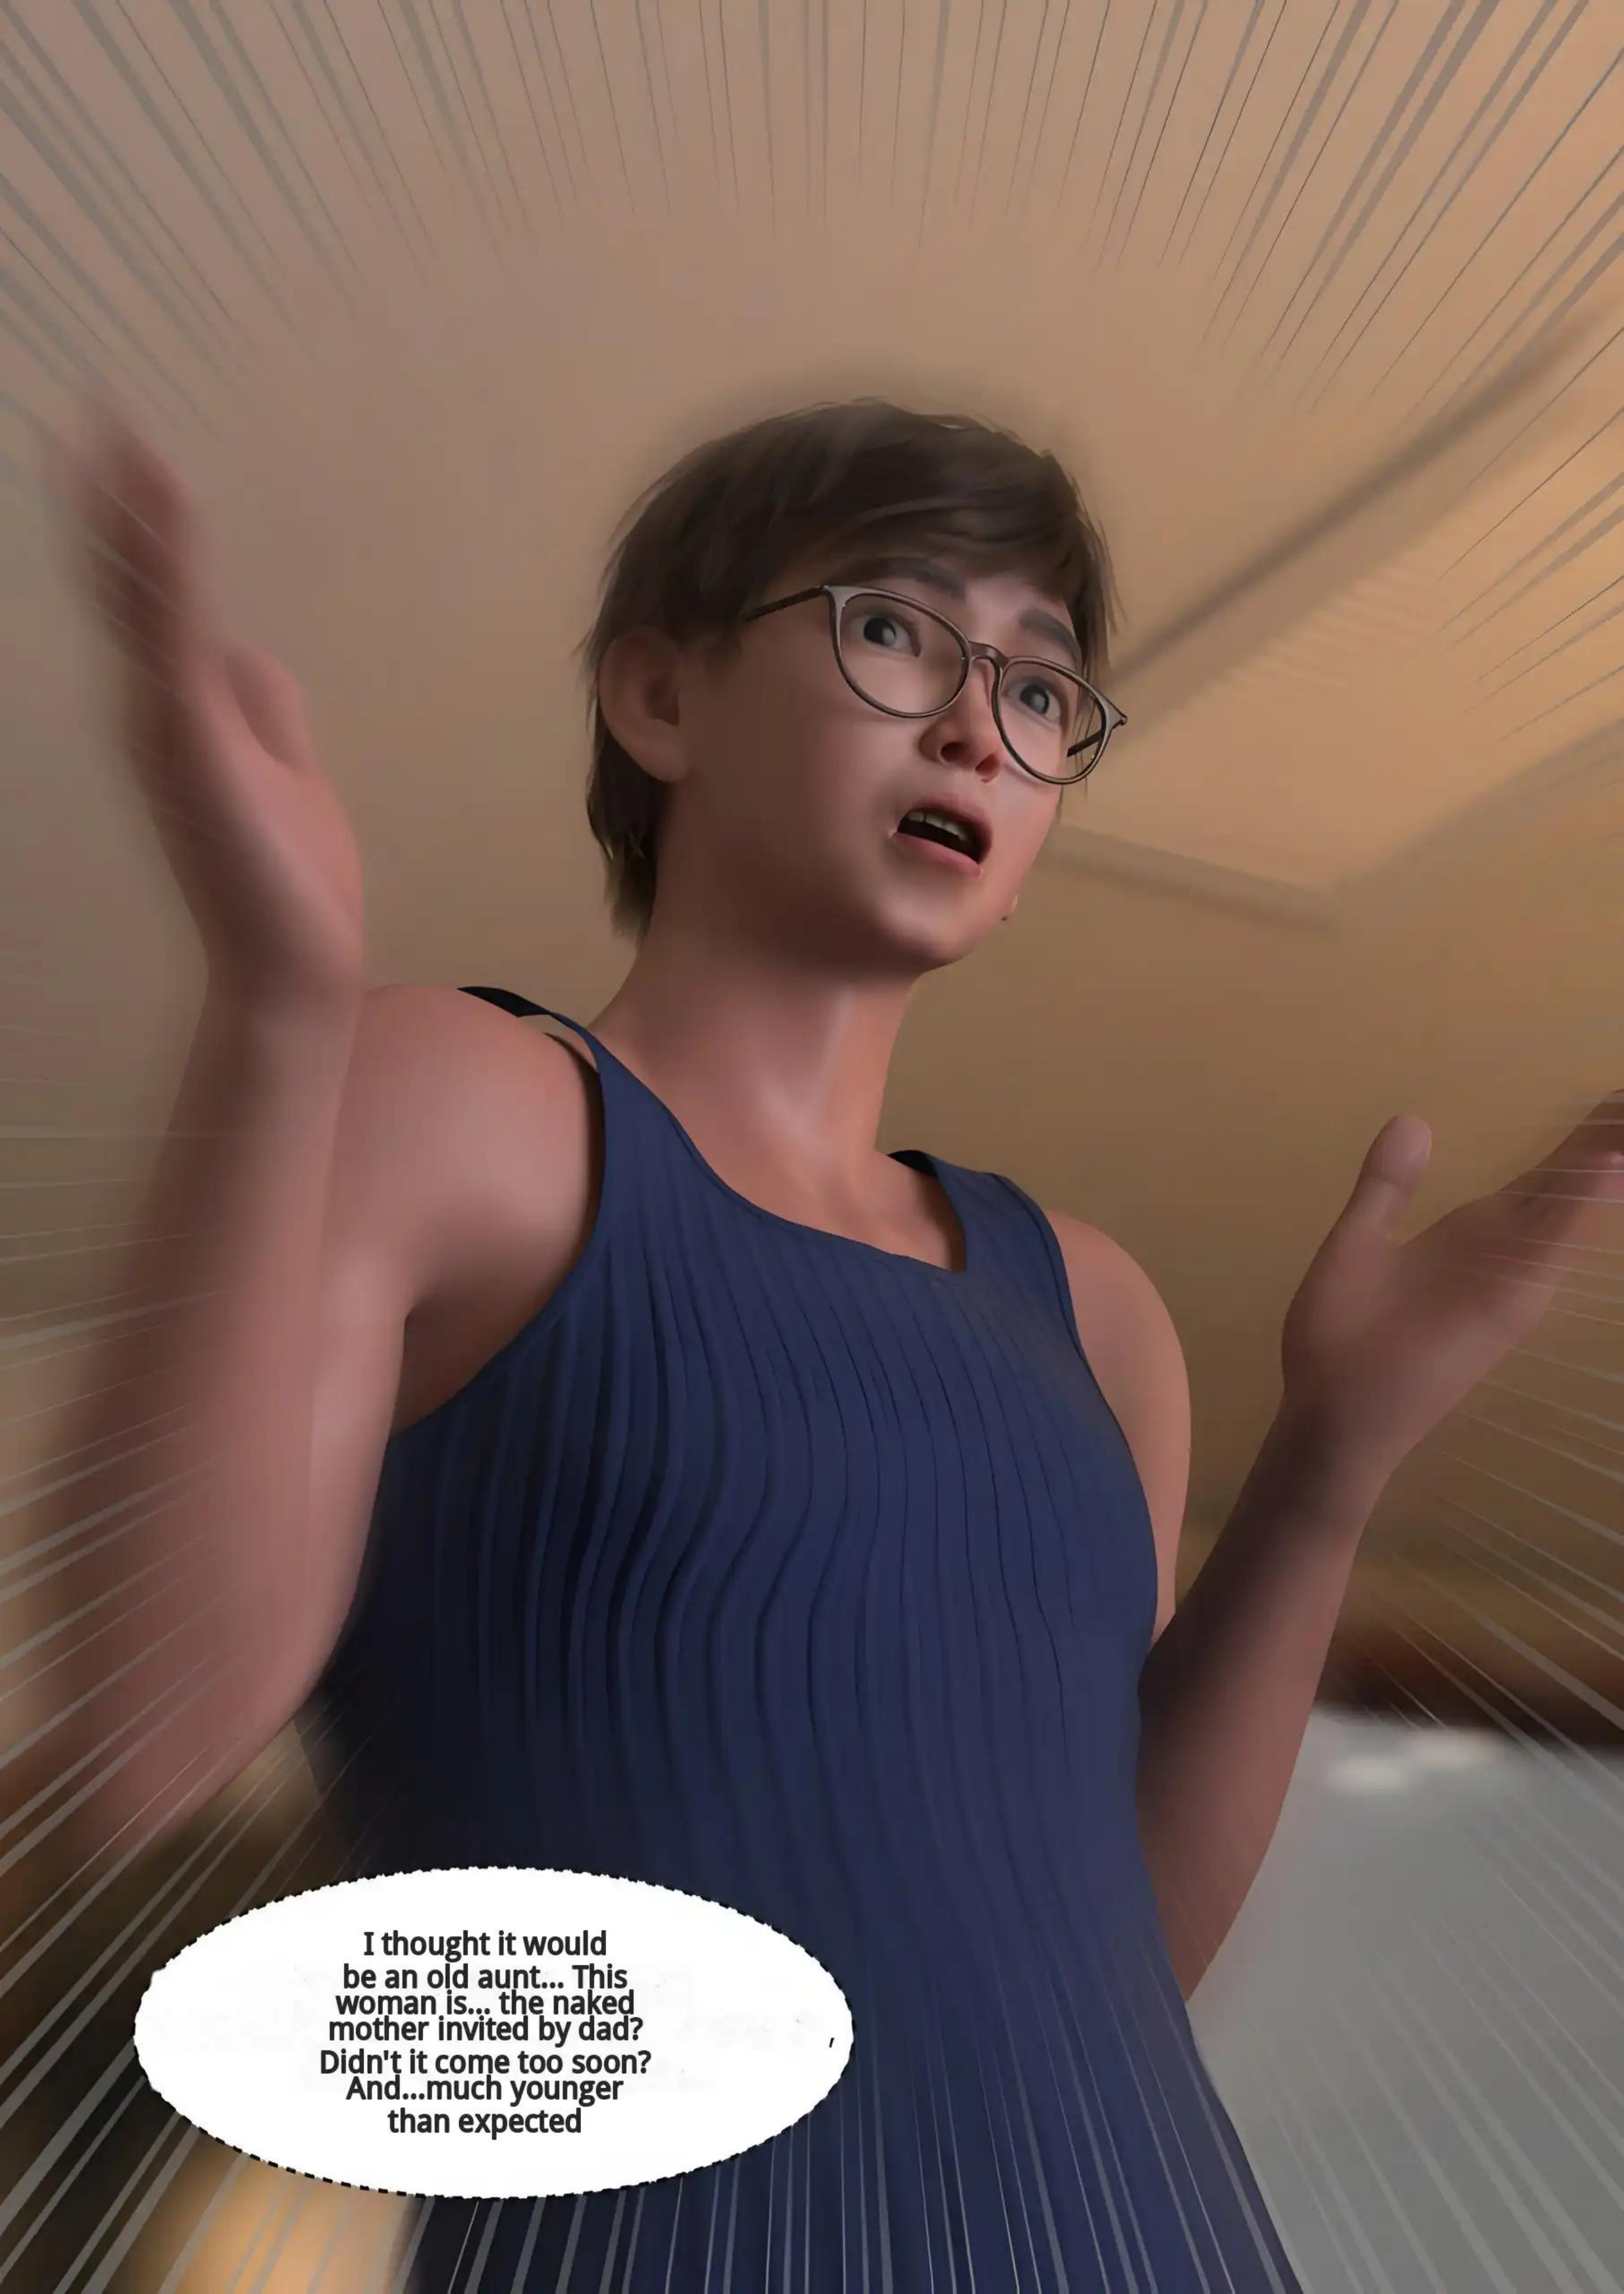

Who is taking care of my brother now?
It won't be...eh...Dad should go out,

Be good~
drink slowly,
don't be in a
hurry, Didi...

Gudu...
Gudu...

Hmm~
Yes, that's
it, Didi is
great~

I thought it would
be an old aunt... This
woman is... the naked
mother invited by dad?
Didn't it come too soon?
And...much younger
than expected

If possible... I also want
to be held in the arms of such a
beautiful big sister and breast-fed...
Hmm... What am I thinking about?
Peipeng...suddenly started to
envy my younger brother

You are Didi's brother...Zhou Ming, right? Do you want to come and see your brother? Good morning! first meeting

You are really good at taking care of children! Hey hey hey!
Ahem...Hello...This is the first day and I've made him so quiet.

Haha, if anything, Didi is a good boy! My name is Yu Ci. Please give me your advice in the future!

Guru

It's really exciting. Yuci... what a good name that suits her temperament! I see this beautiful big sister at home every day. Thinking of the coming days,

Be good, don't cry,
don't cry... Oops? Why
are you feeling aggrieved
all of a sudden? Weren't
you clamoring for milk
just now?

哇啊啊啊啊啊啊
Wow ah
ah ah -

Hum hum...I know what to do!

Darling, you little badass sister knows how to coax you into submission...

Come on, Didi wants to eat the grandma here, right? Eat as much as you can, and if it's not enough, there's even more on the other side!

Oh oh oh... It feels so good... Didi will definitely grow up when she grows up... Didi's little mouth is so powerful... My sister's nipples were sucked so hard... He is an incredible boy!

吸吮 suck

She...how could she be in front of me...fuck...what are you doing?!

Wait a moment! Why does this smile look so familiar? Just like some guy who deserves a beating,

What the hell are
you doing? Put my
brother down quickly! He is
not your toy! Shao Yuchen!
!! Sure enough, it's you
again!

It seems that our friendship over the years is not in vain! Your eyesight is getting better and better, yo, can you recognize it now? Not bad, Lao Zhou

But...hehehe...before swearing...

**Don't
scare your
brother! Let's
deal with your
cock first,
right?**

**Shut, shut
up! It's none
of your
business!**

Your brother is sleeping soundly now, and you don't want to wake him up again, right? Shh.. keep your voice down, thanks to my trick

轻放
Handle with care

Stop pretending over there! Let me tell you, you are really finished this time ...

脱下
take off

Lao Shao,
what's wrong
with you? Let
me go! !

The way you looked at me just now was as if you wanted to eat me... What? Huh, you're just pretending, you think I didn't notice? I breastfeed your brother, does that excite you?

You hopeless Oedipal pervert! Hehehe, if you want to suck breasts, just suck as much as you can

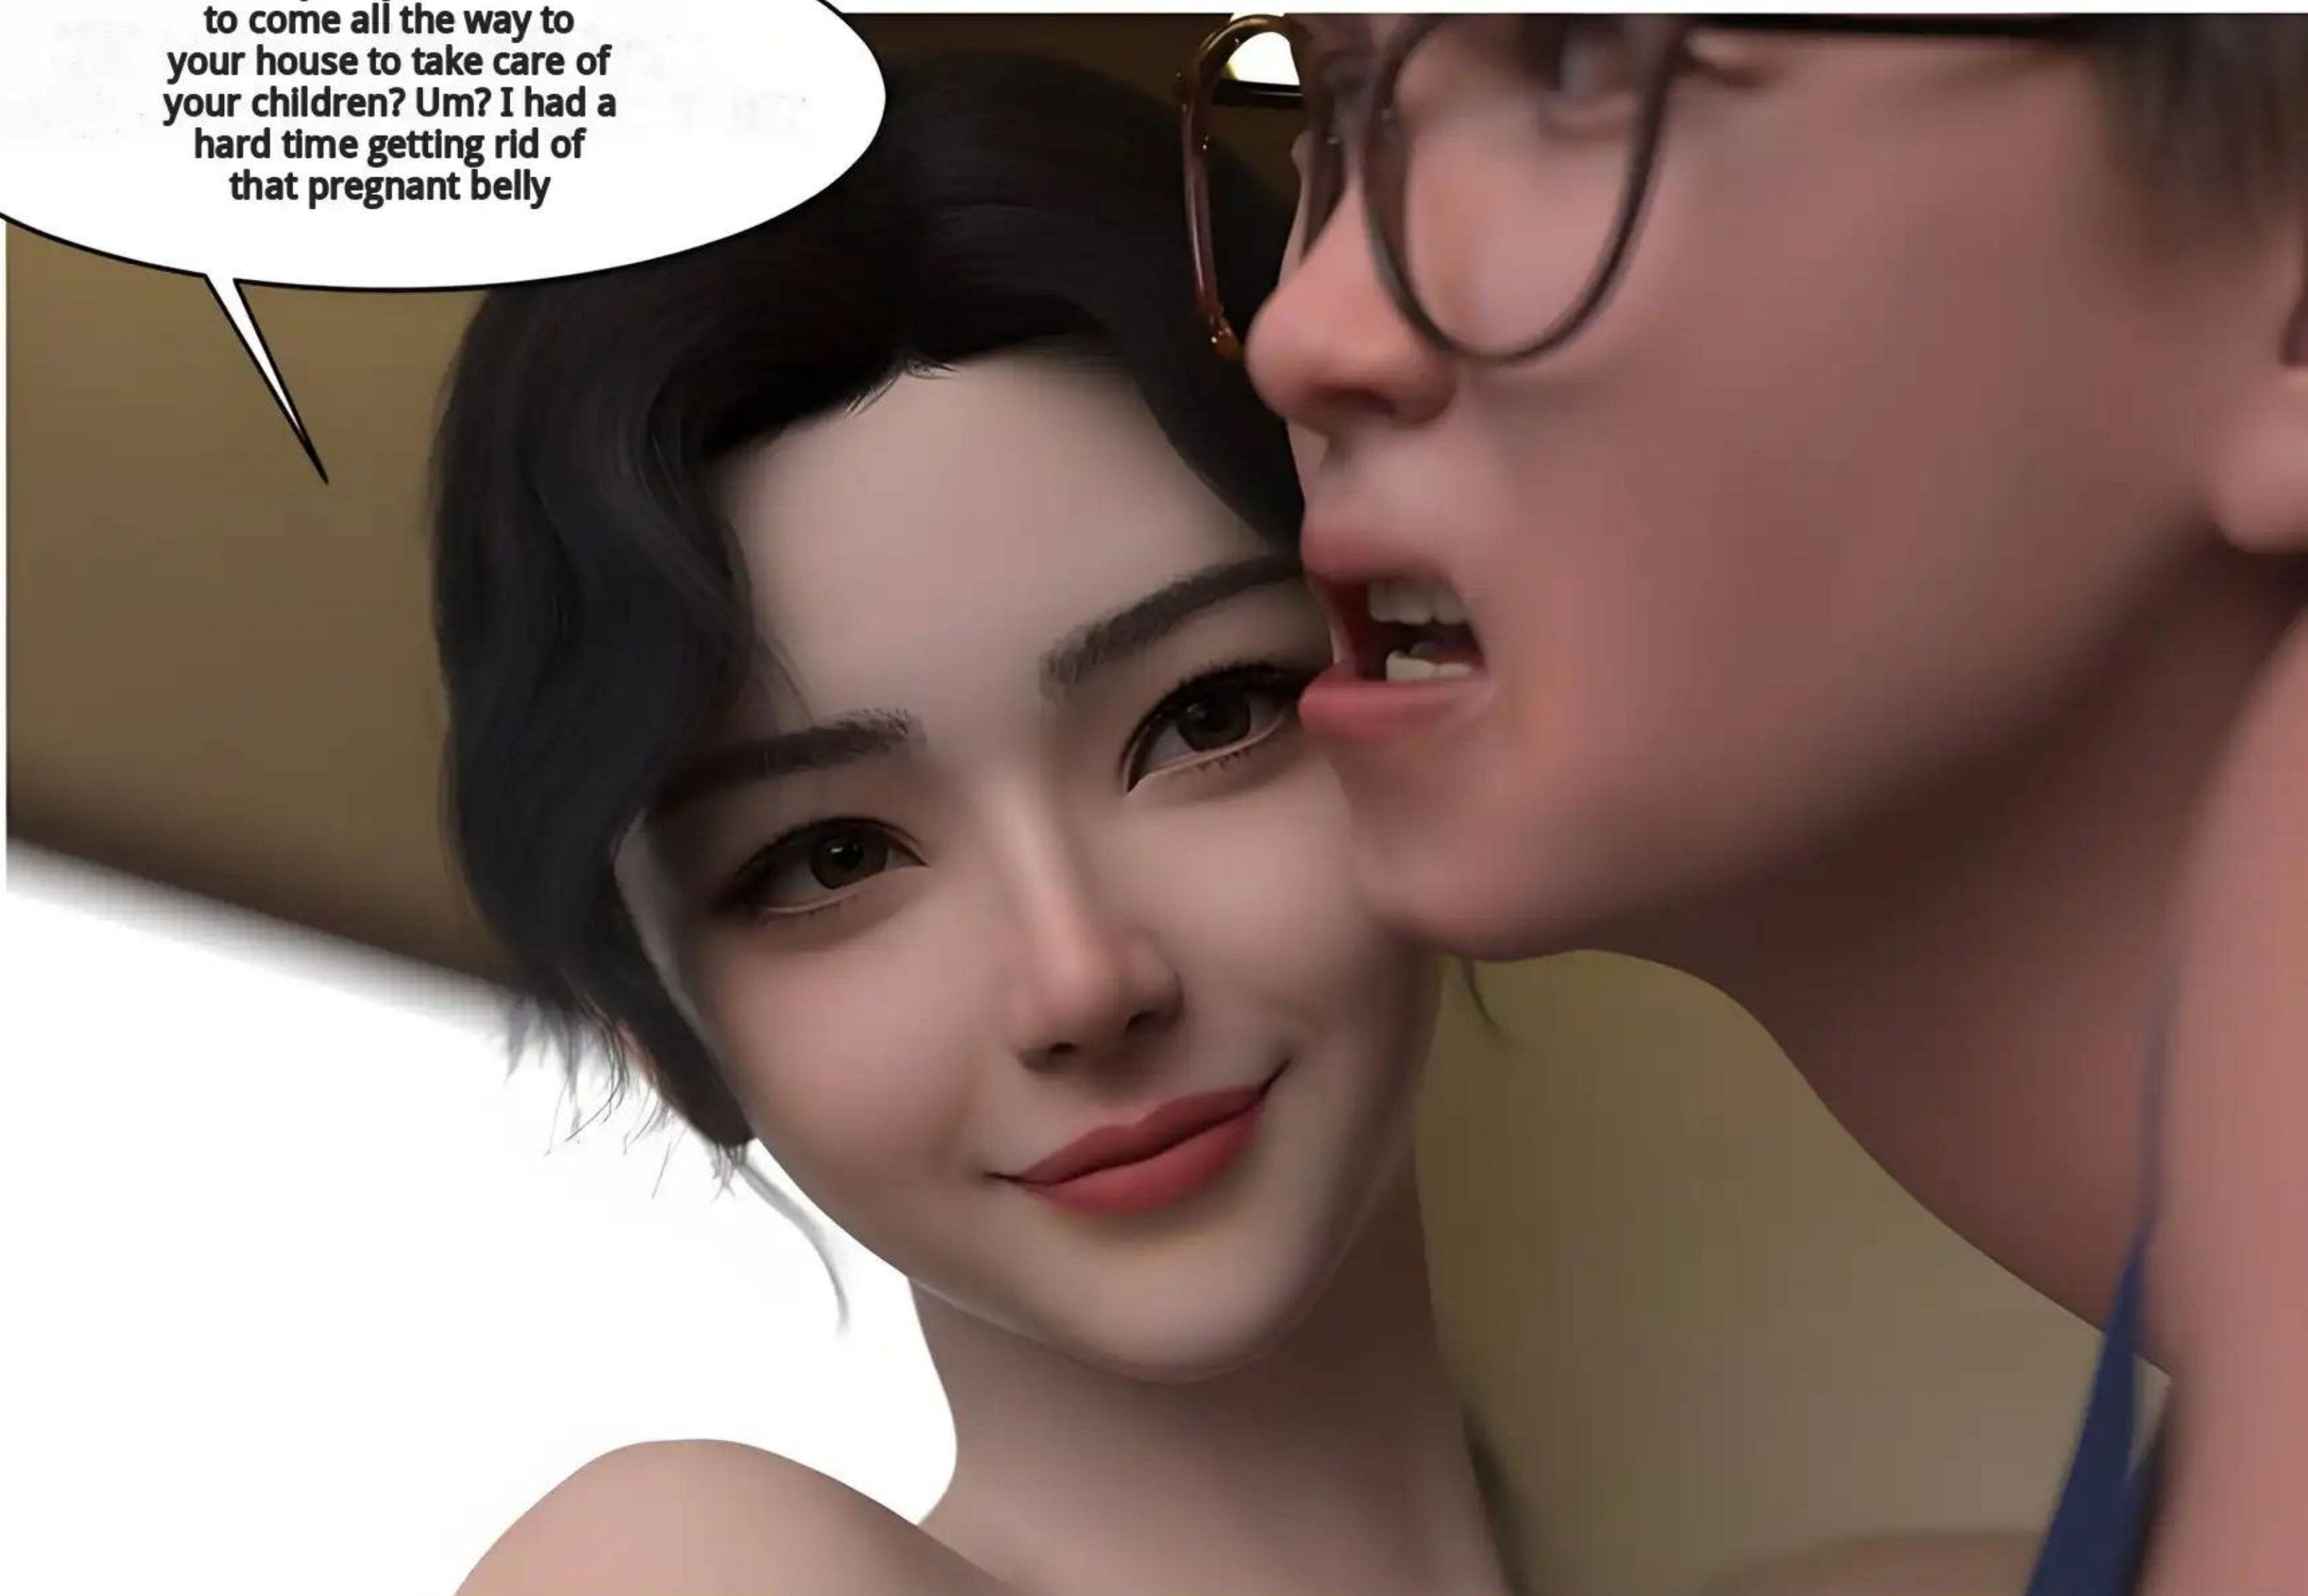

But being held in my arms and washing my face with my breasts like this is really... "Damn it, this guy Lao Shao... He has figured out all my thoughts! It's hard to resist... It smells so good! Hmm... Although I really want to run away

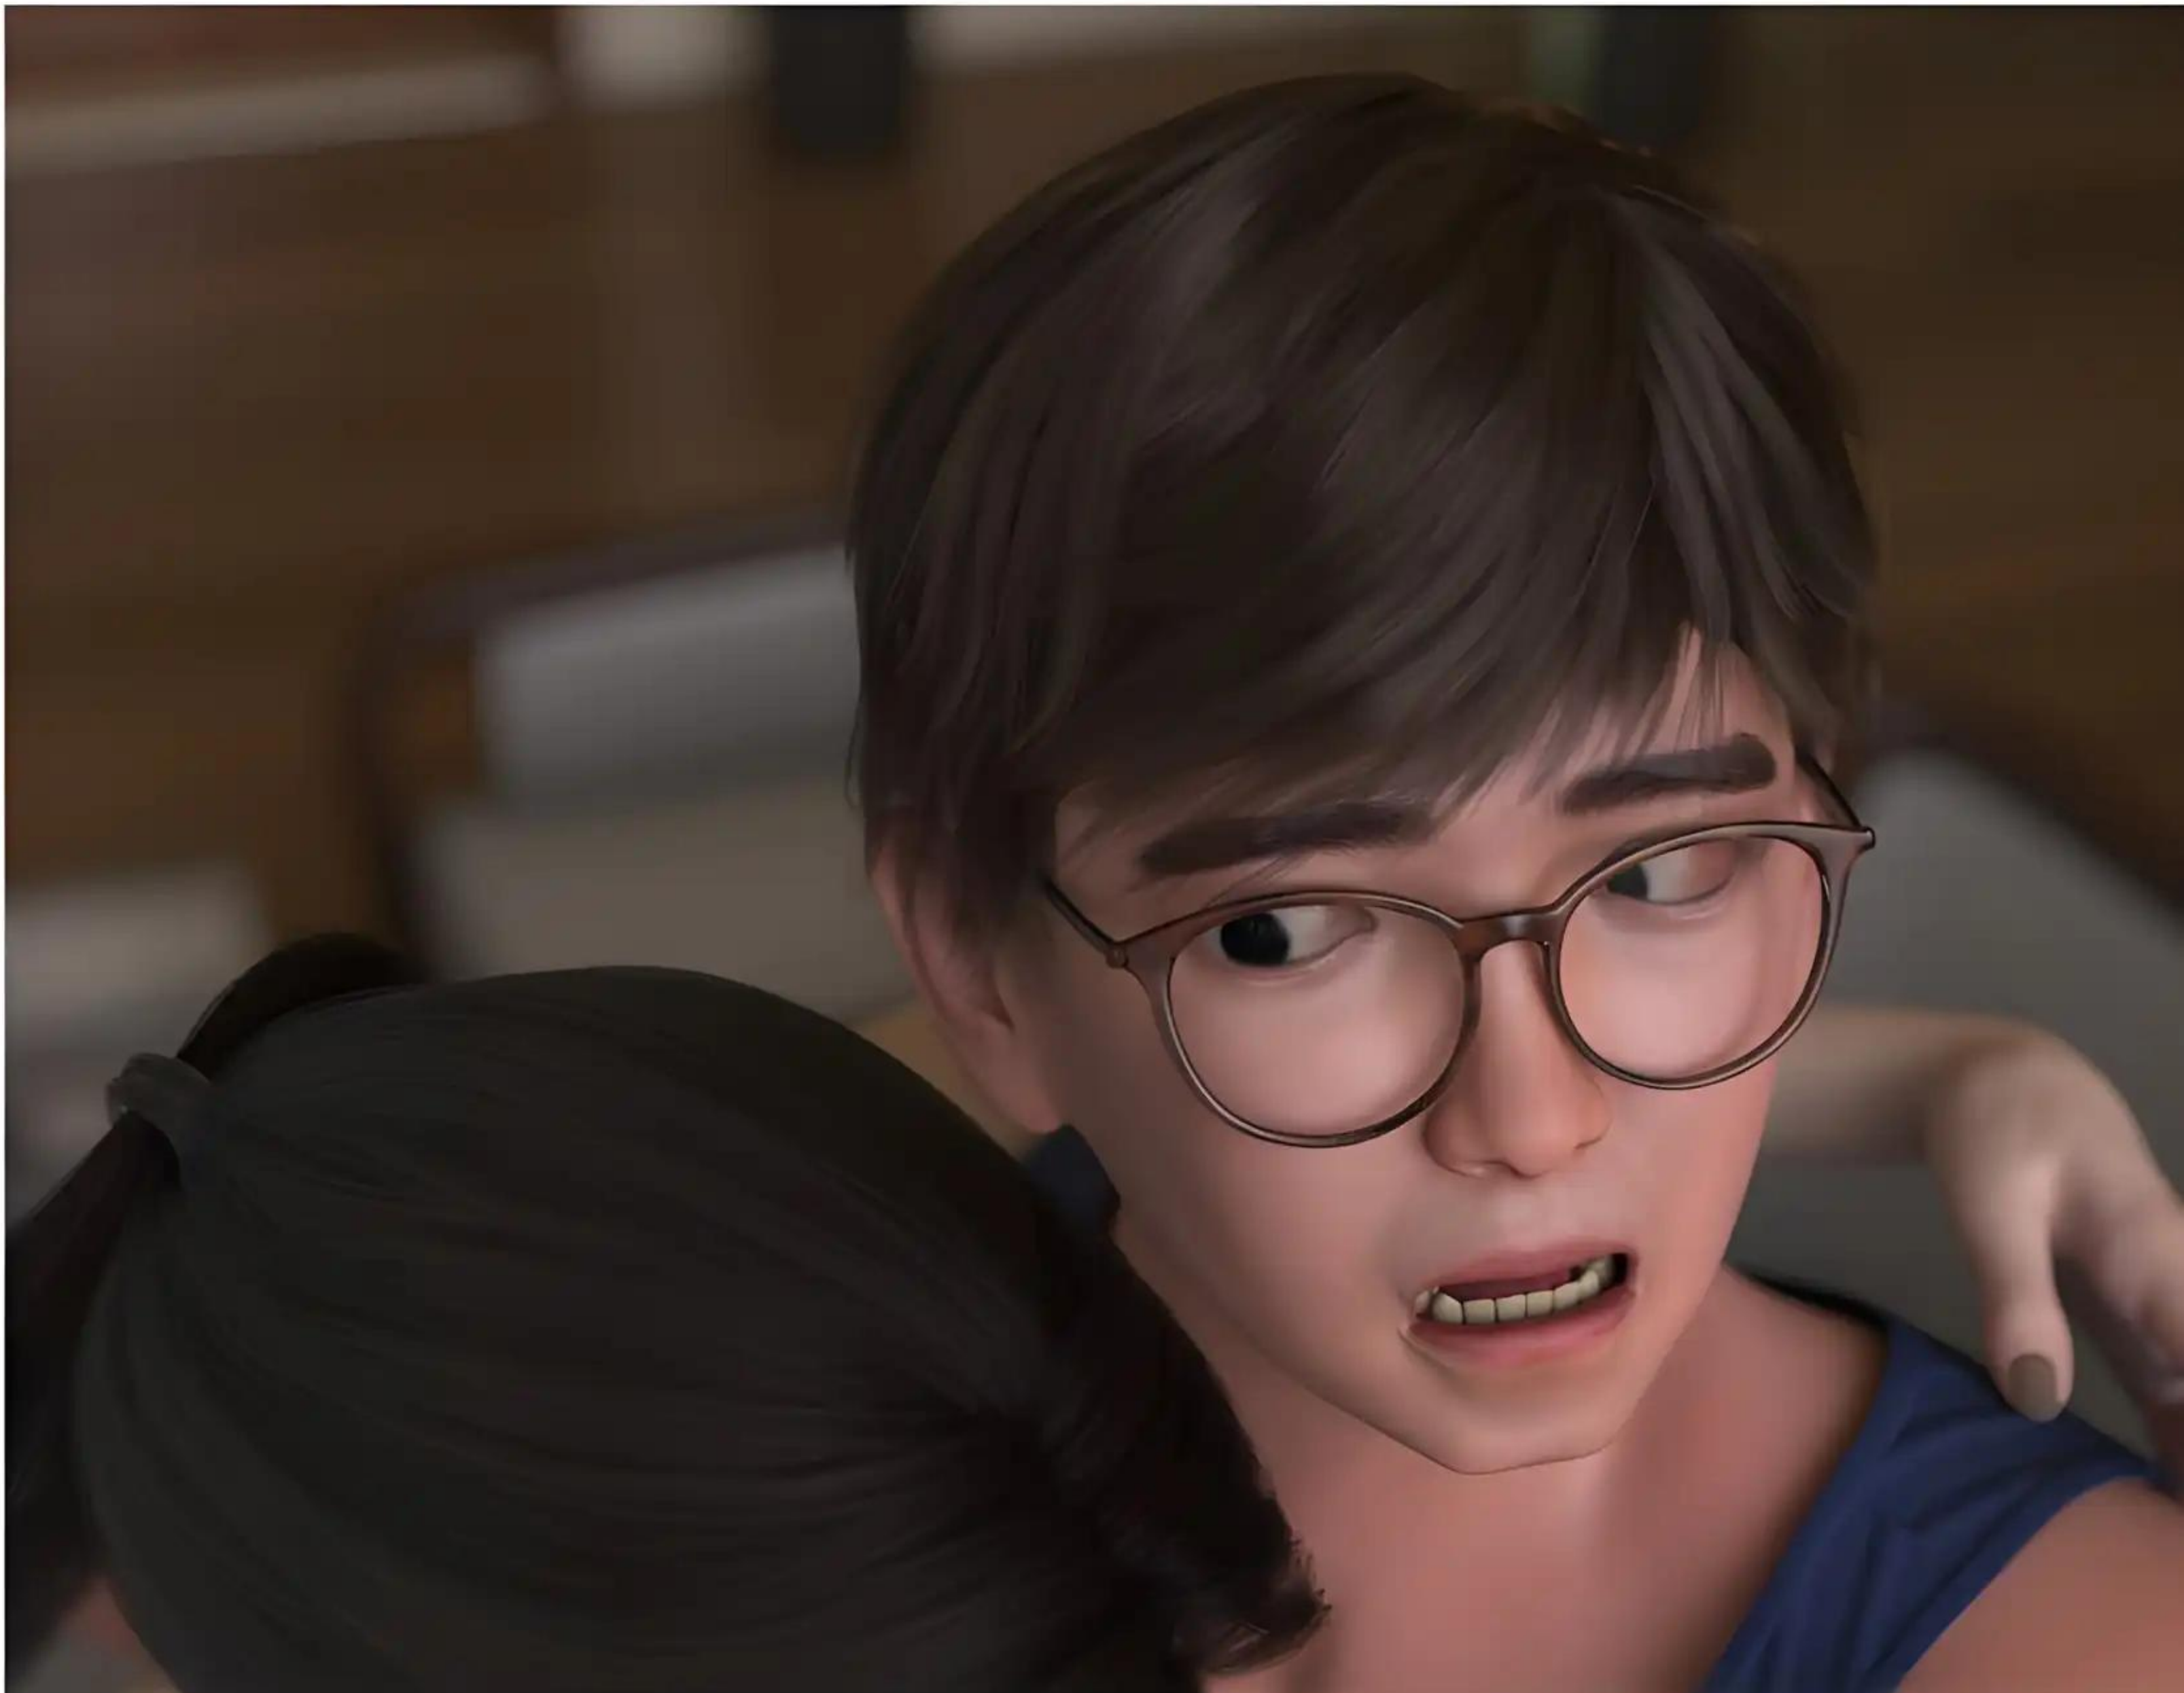

You must be curious too, right? Okay, okay~ Stop being blind and just open your ears and listen to me.

Why do you have to come all the way to your house to take care of your children? Um? I had a hard time getting rid of that pregnant belly

He just found an excuse and ran away... That's right... I didn't even have time to ask last night.

Run away to be happy and have fun everywhere? What happened? Is he hiding something? Isn't this too abnormal? According to Lao Shao's personality, the first thing he should do after giving birth is...

套弄
trick

Ah hiss...such a skilled technique...why are you still touching my cock? Bastard Lao Shao, don't you want to get down to business?

I haven't masturbated for a long time, my cock is very sensitive now! Damn it... Recently I was preparing for the exam
