

Smoking Hypnosis

As far as I can see you don't have a headache...

Looks like there's a problem here.

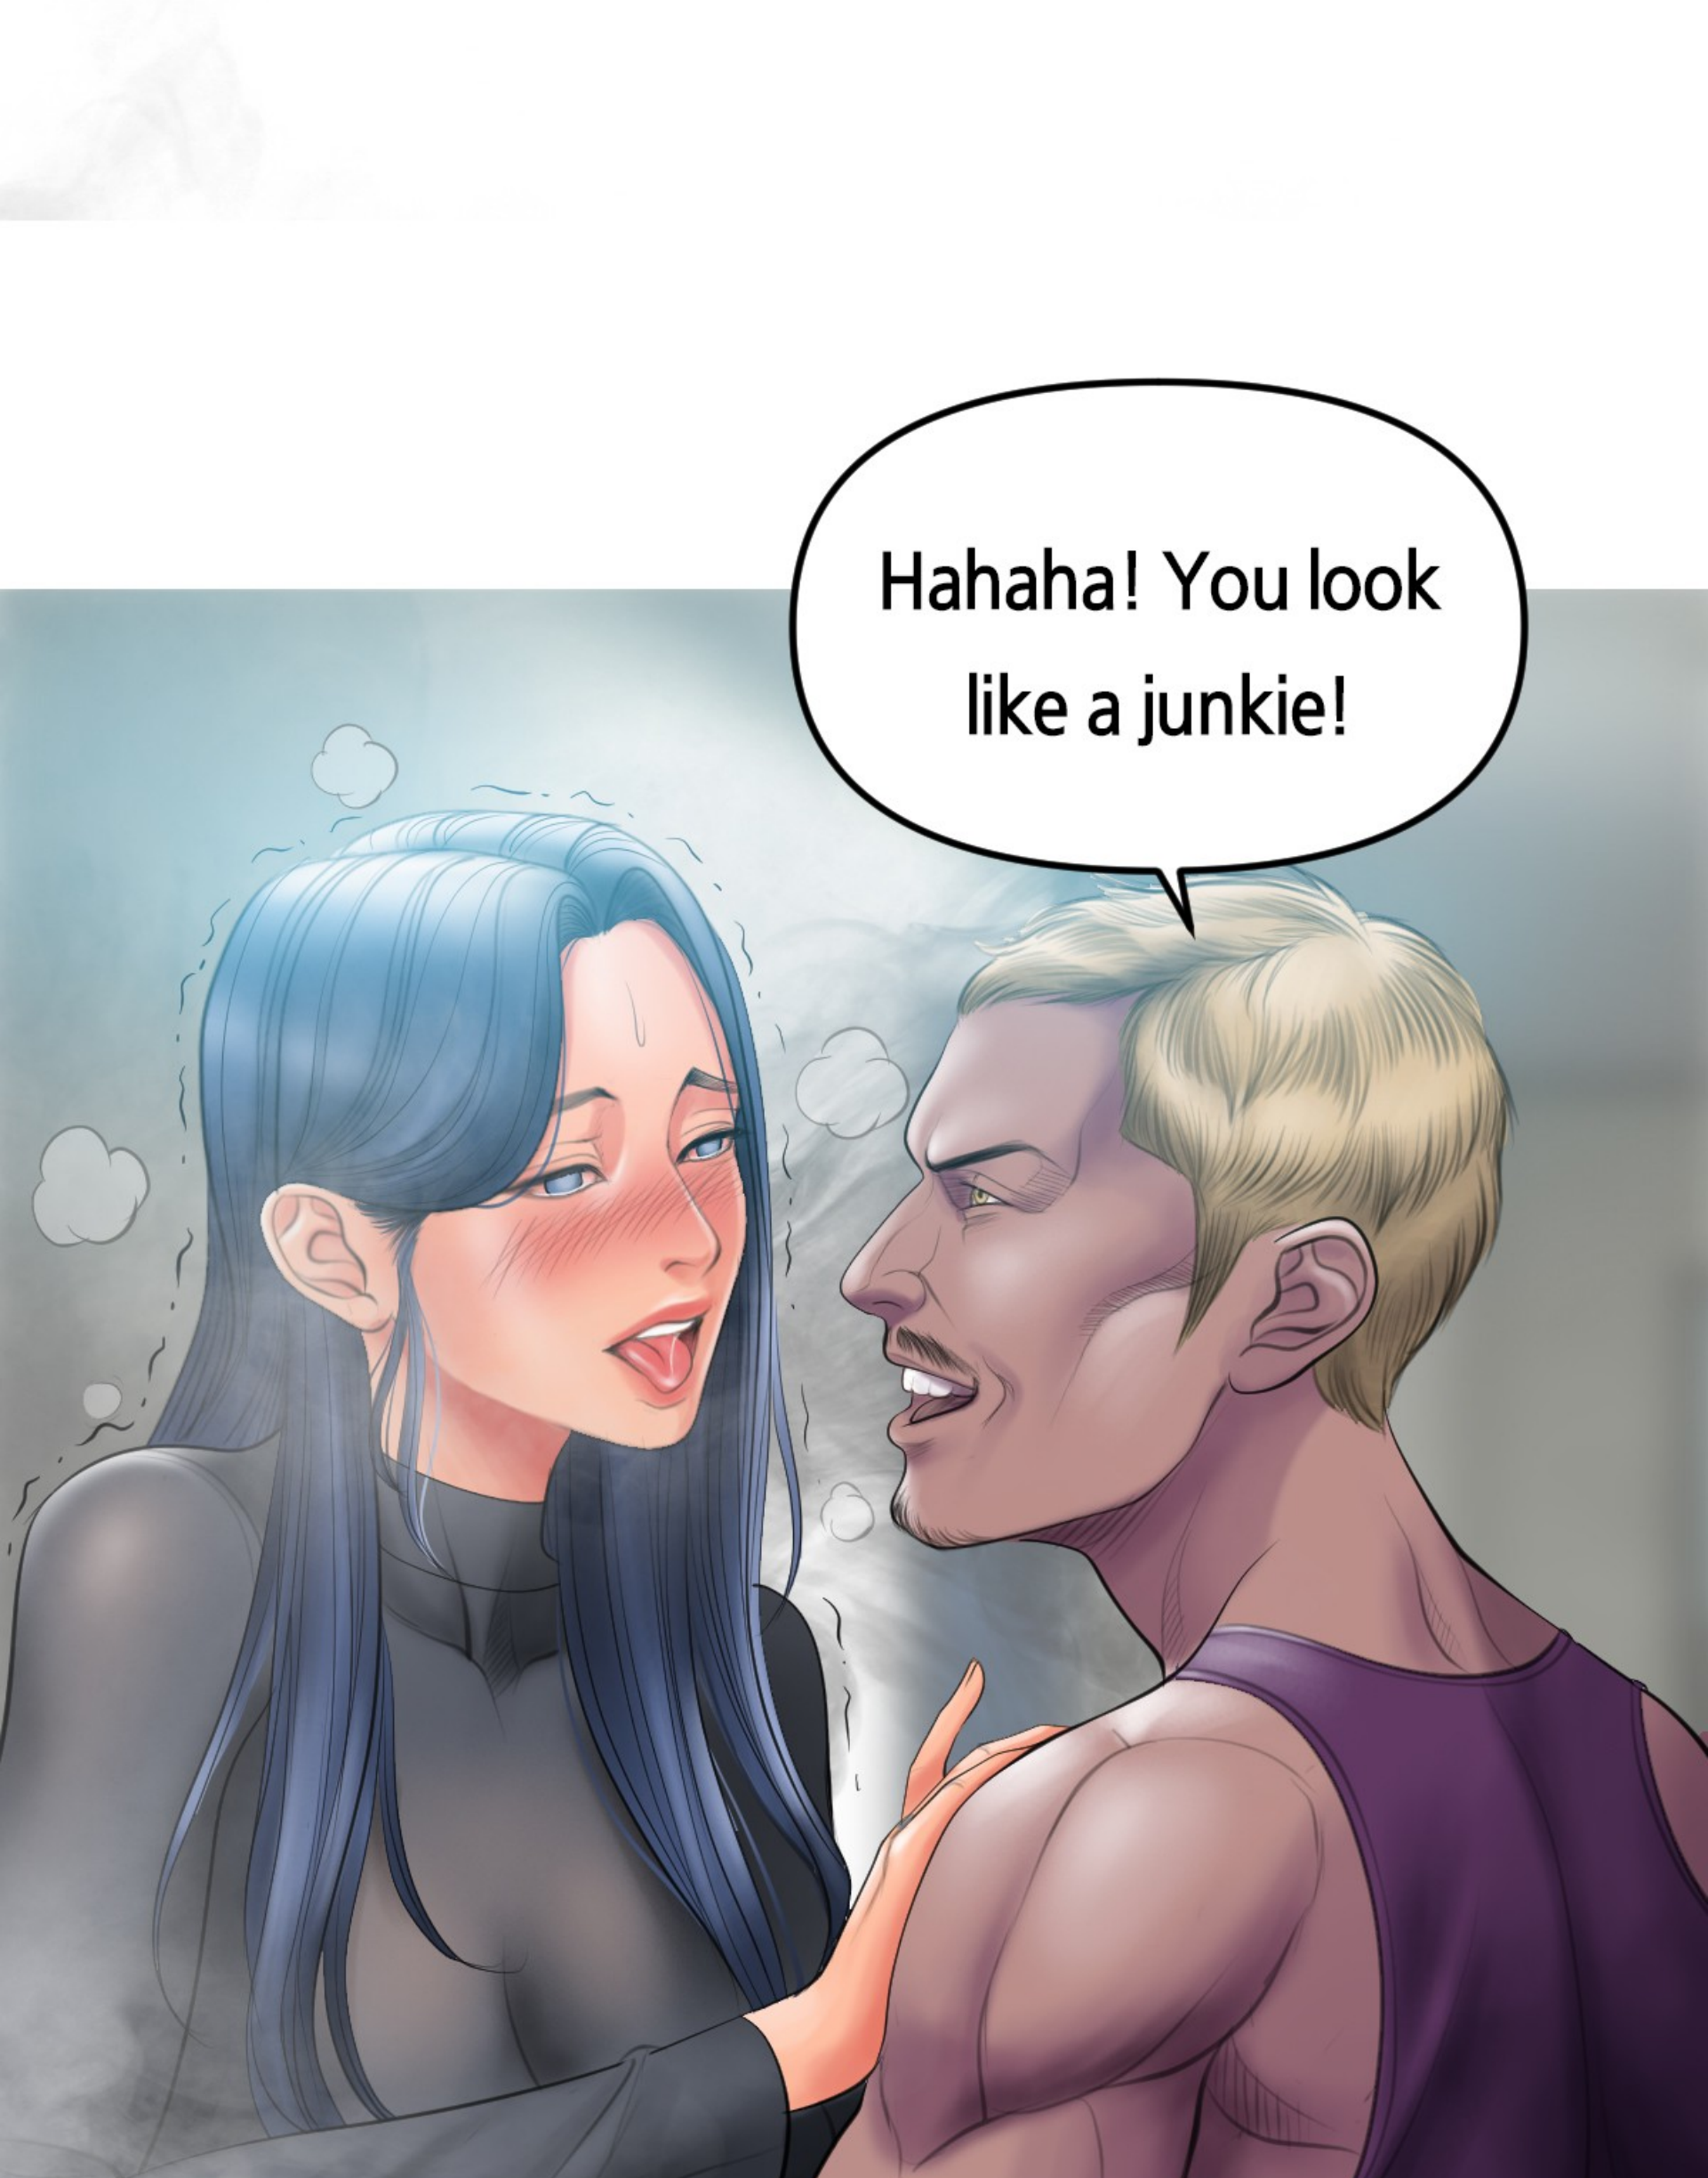

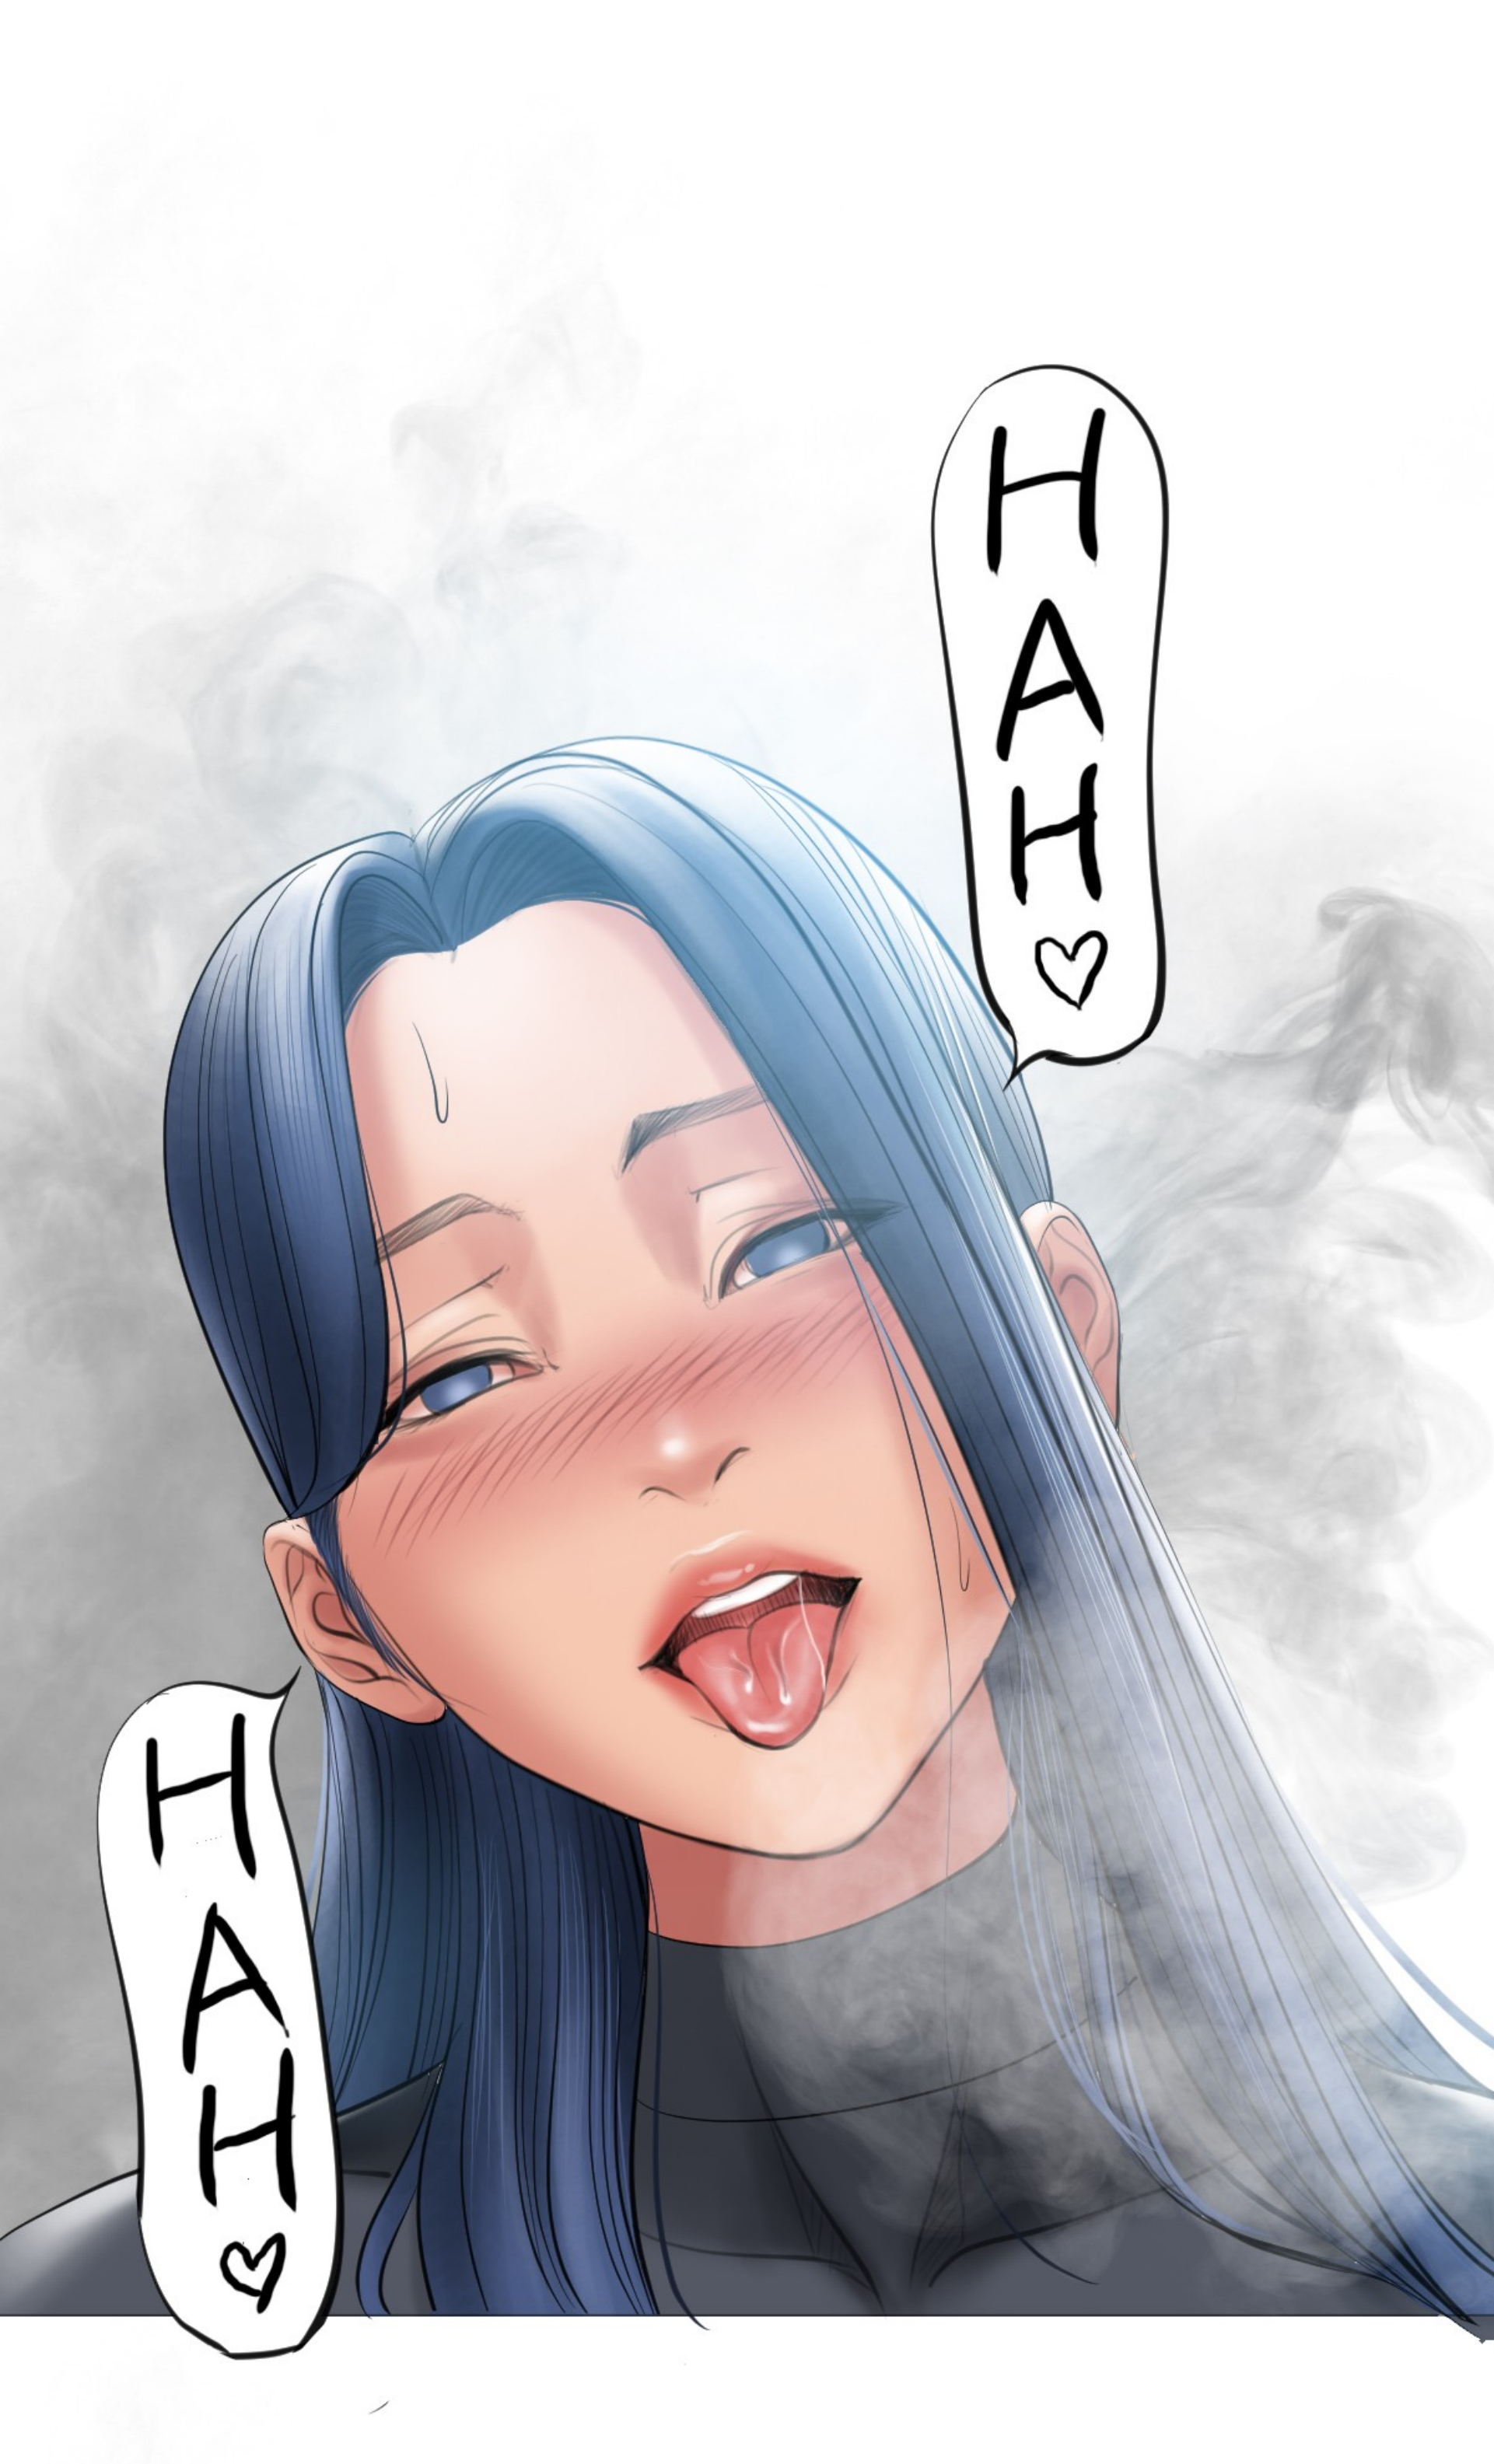

oh~ very wet! giggle~

You avoid smoking because you're a pervert who gets horny whenever you smell a cigarette, right?

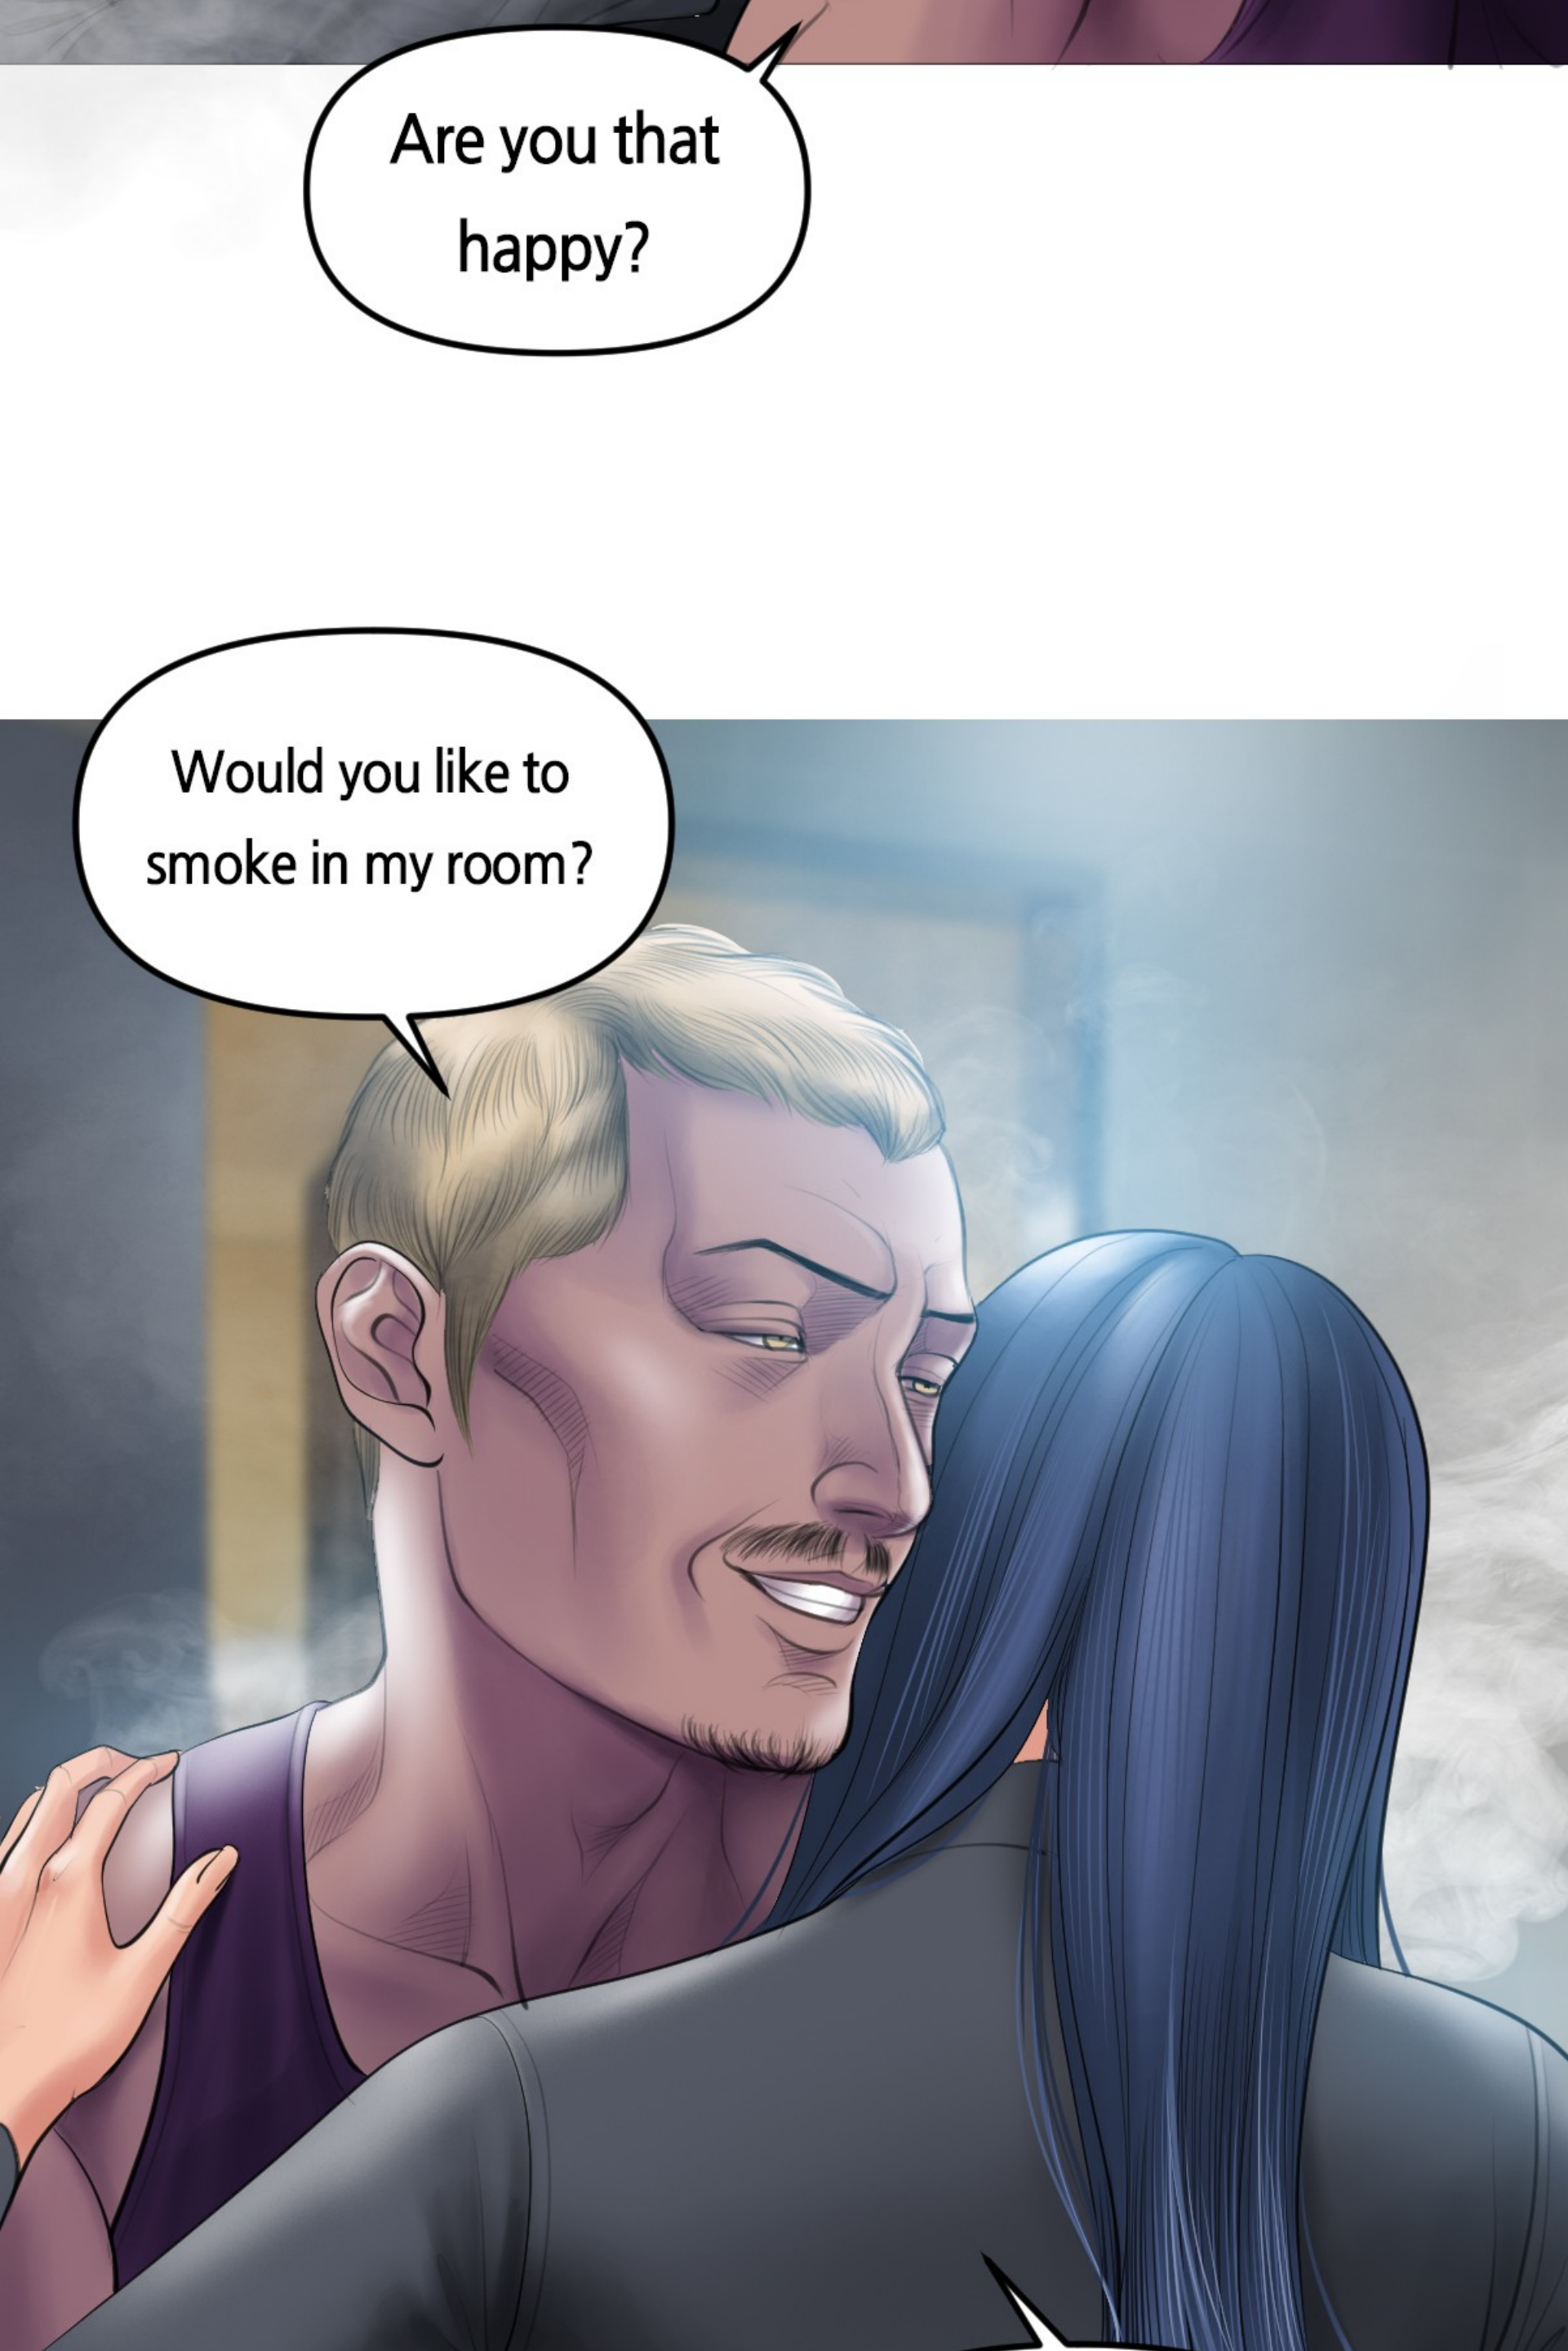

I'm not....

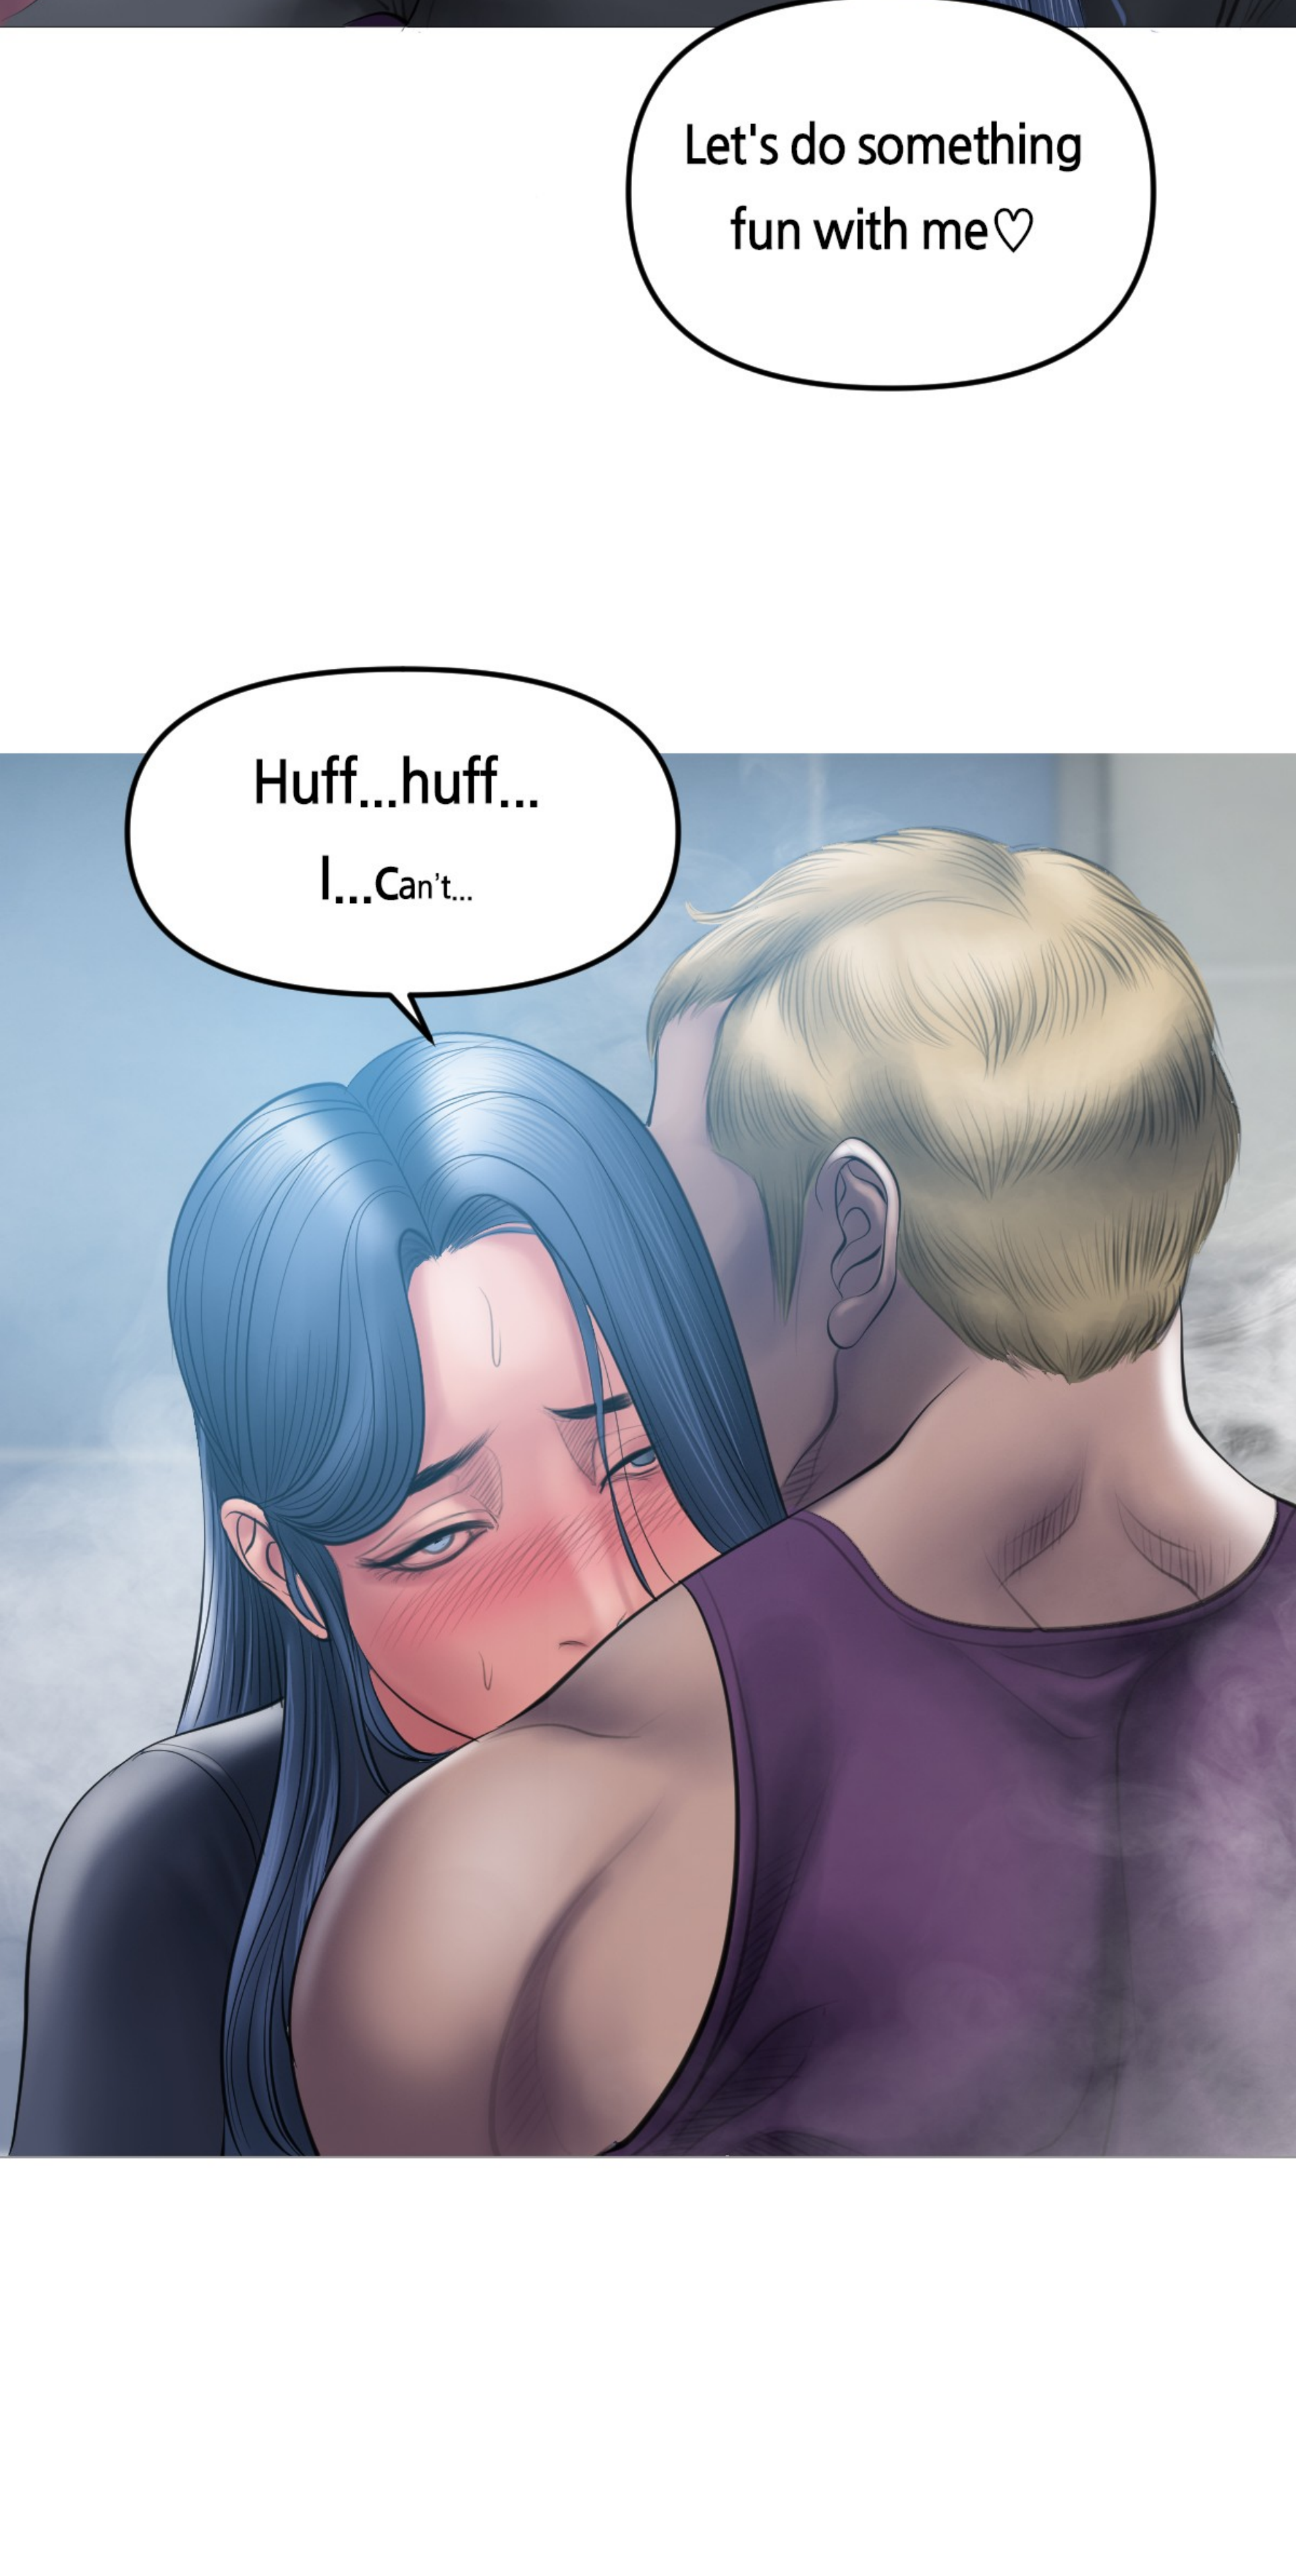

Hahaha! You look like a junkie!

Are you that happy?

Would you like to smoke in my room?

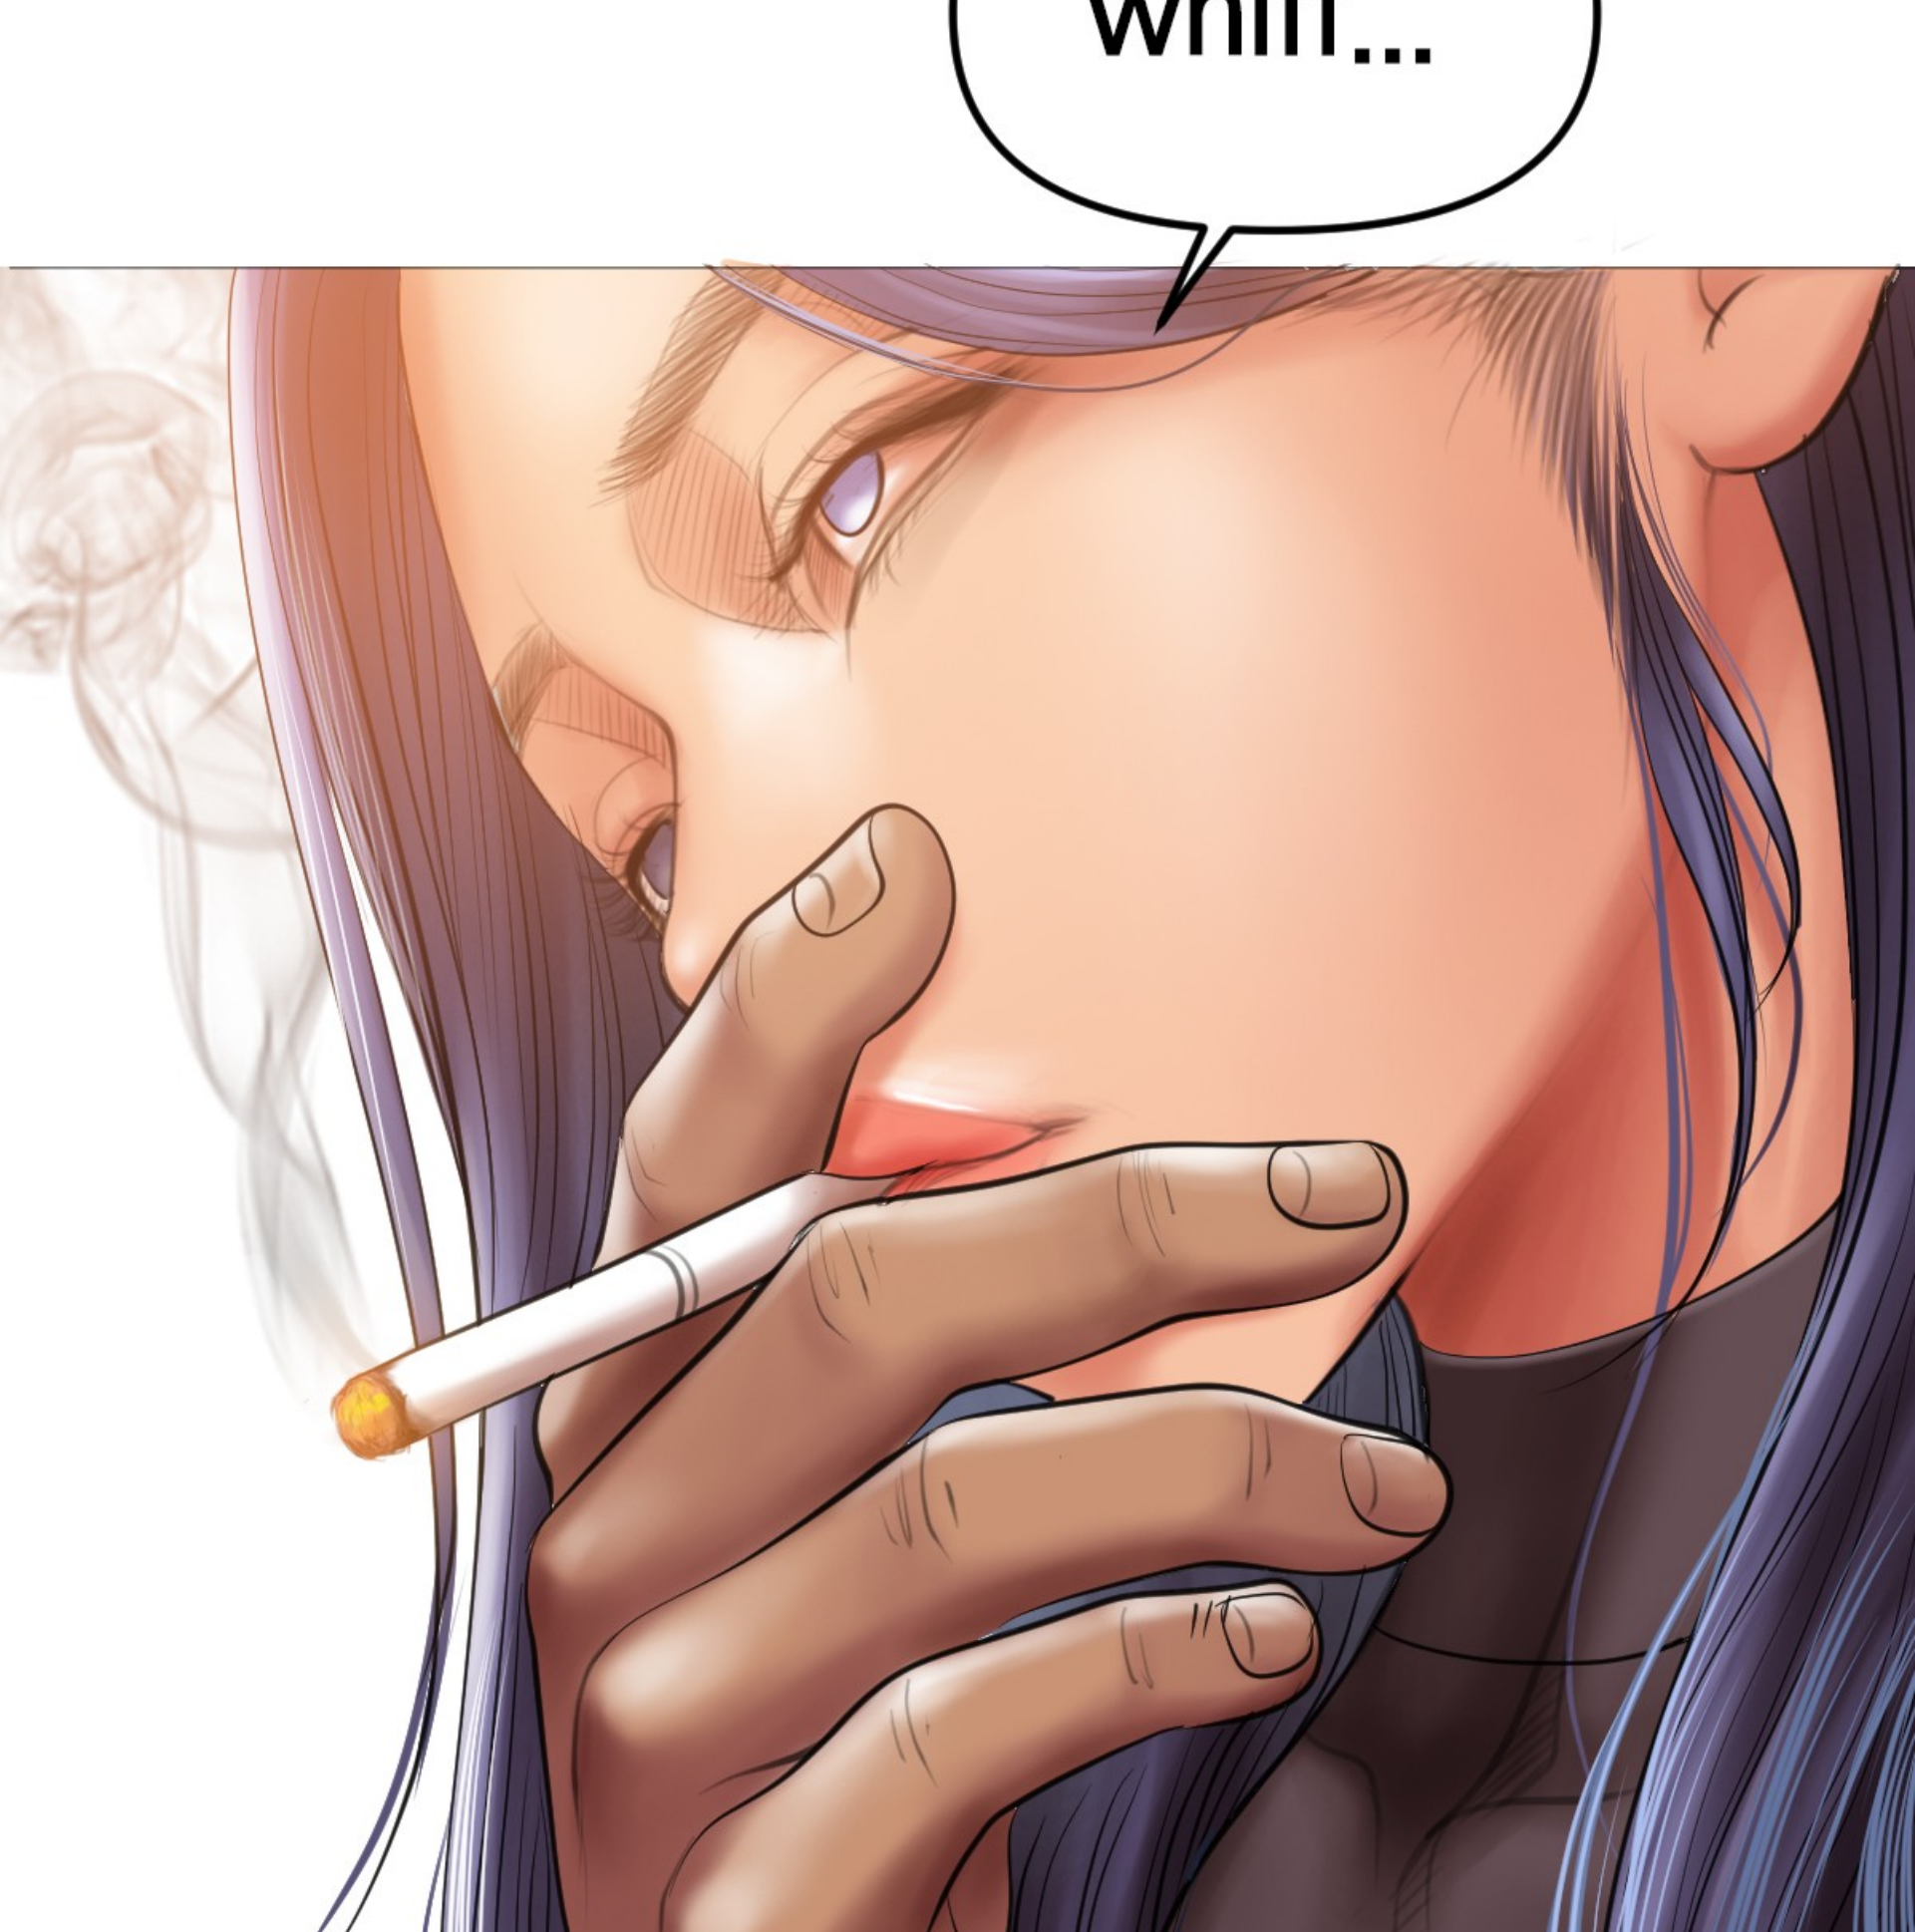

Let's do something fun with me♡

Huff...huff...
I...Can't...

whiff...

puuuff...

What do you think?

Does that feel fucking good?

Oh, yeah...
I never knew smoking
could feel so good...

Why have I hated it
all this time?

A comfortable and
dreamy feeling that
i have never felt in
my life...

후후

후후

I thought
it was a noxious smell,
but now it's not at all.

By the way...
Why is he touching
my body carelessly?

저격

저격

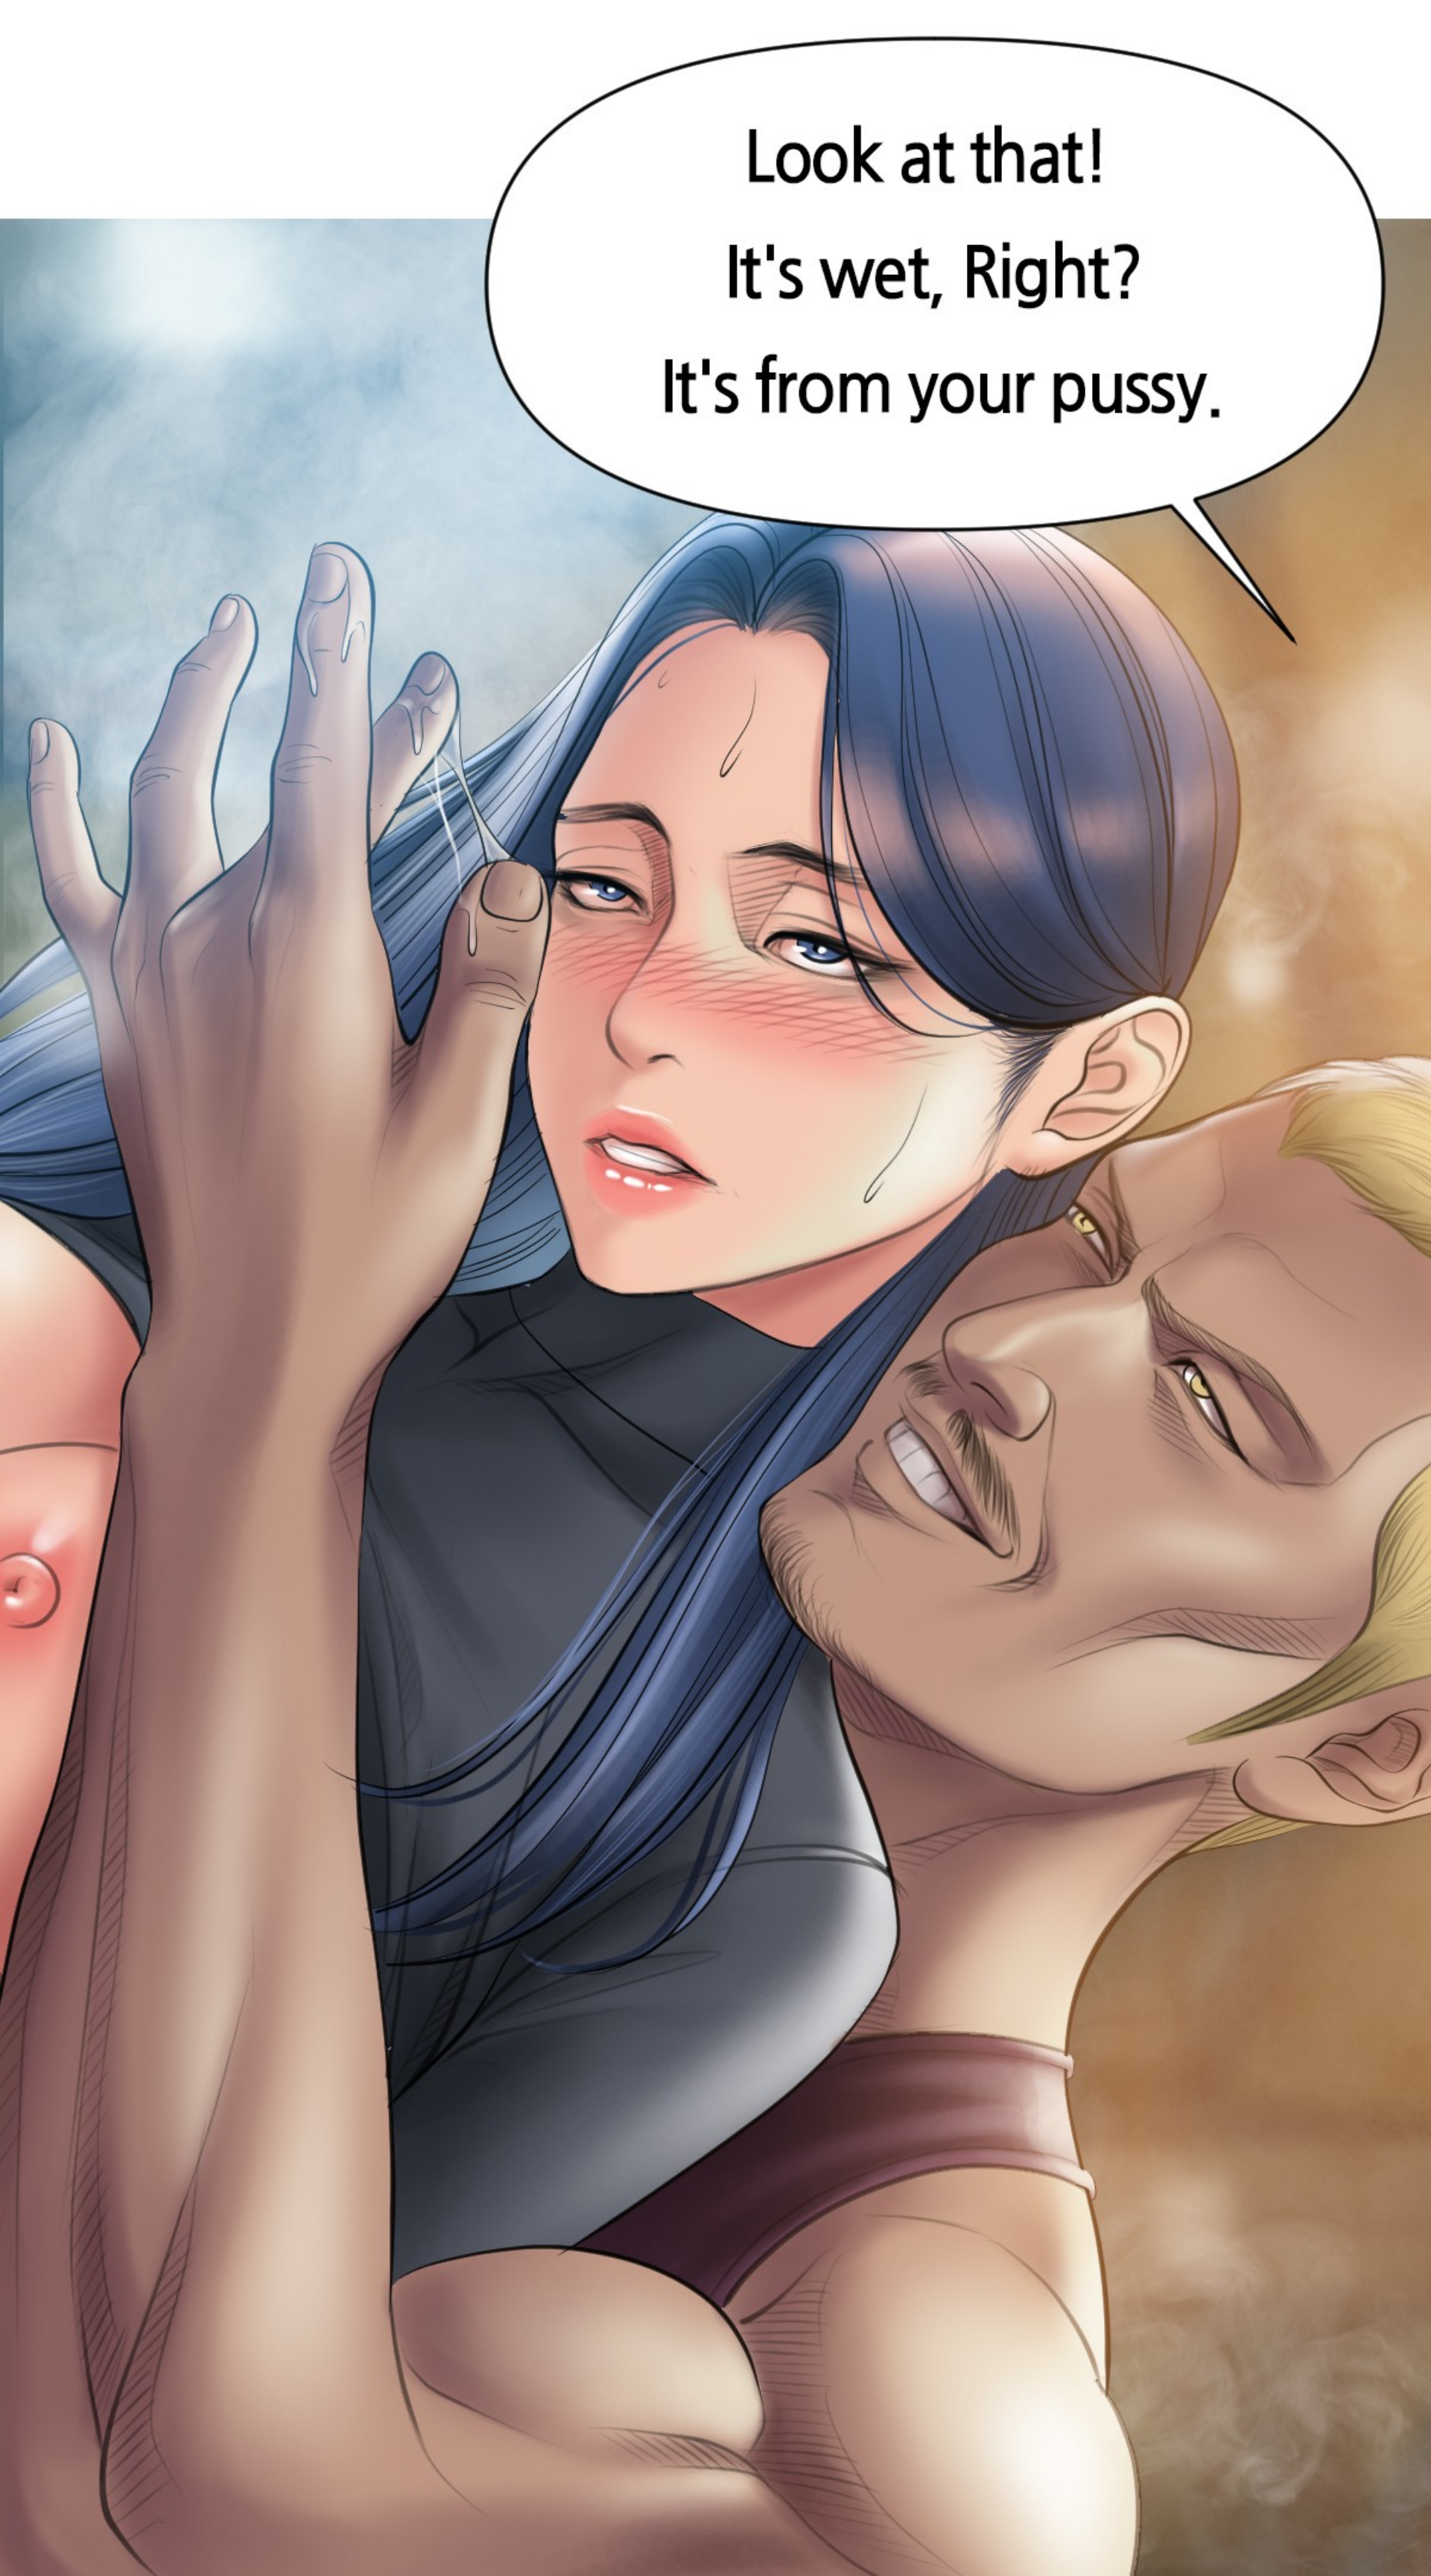

It's unpleasant...
He's only touching
my erogenous zones.

No...

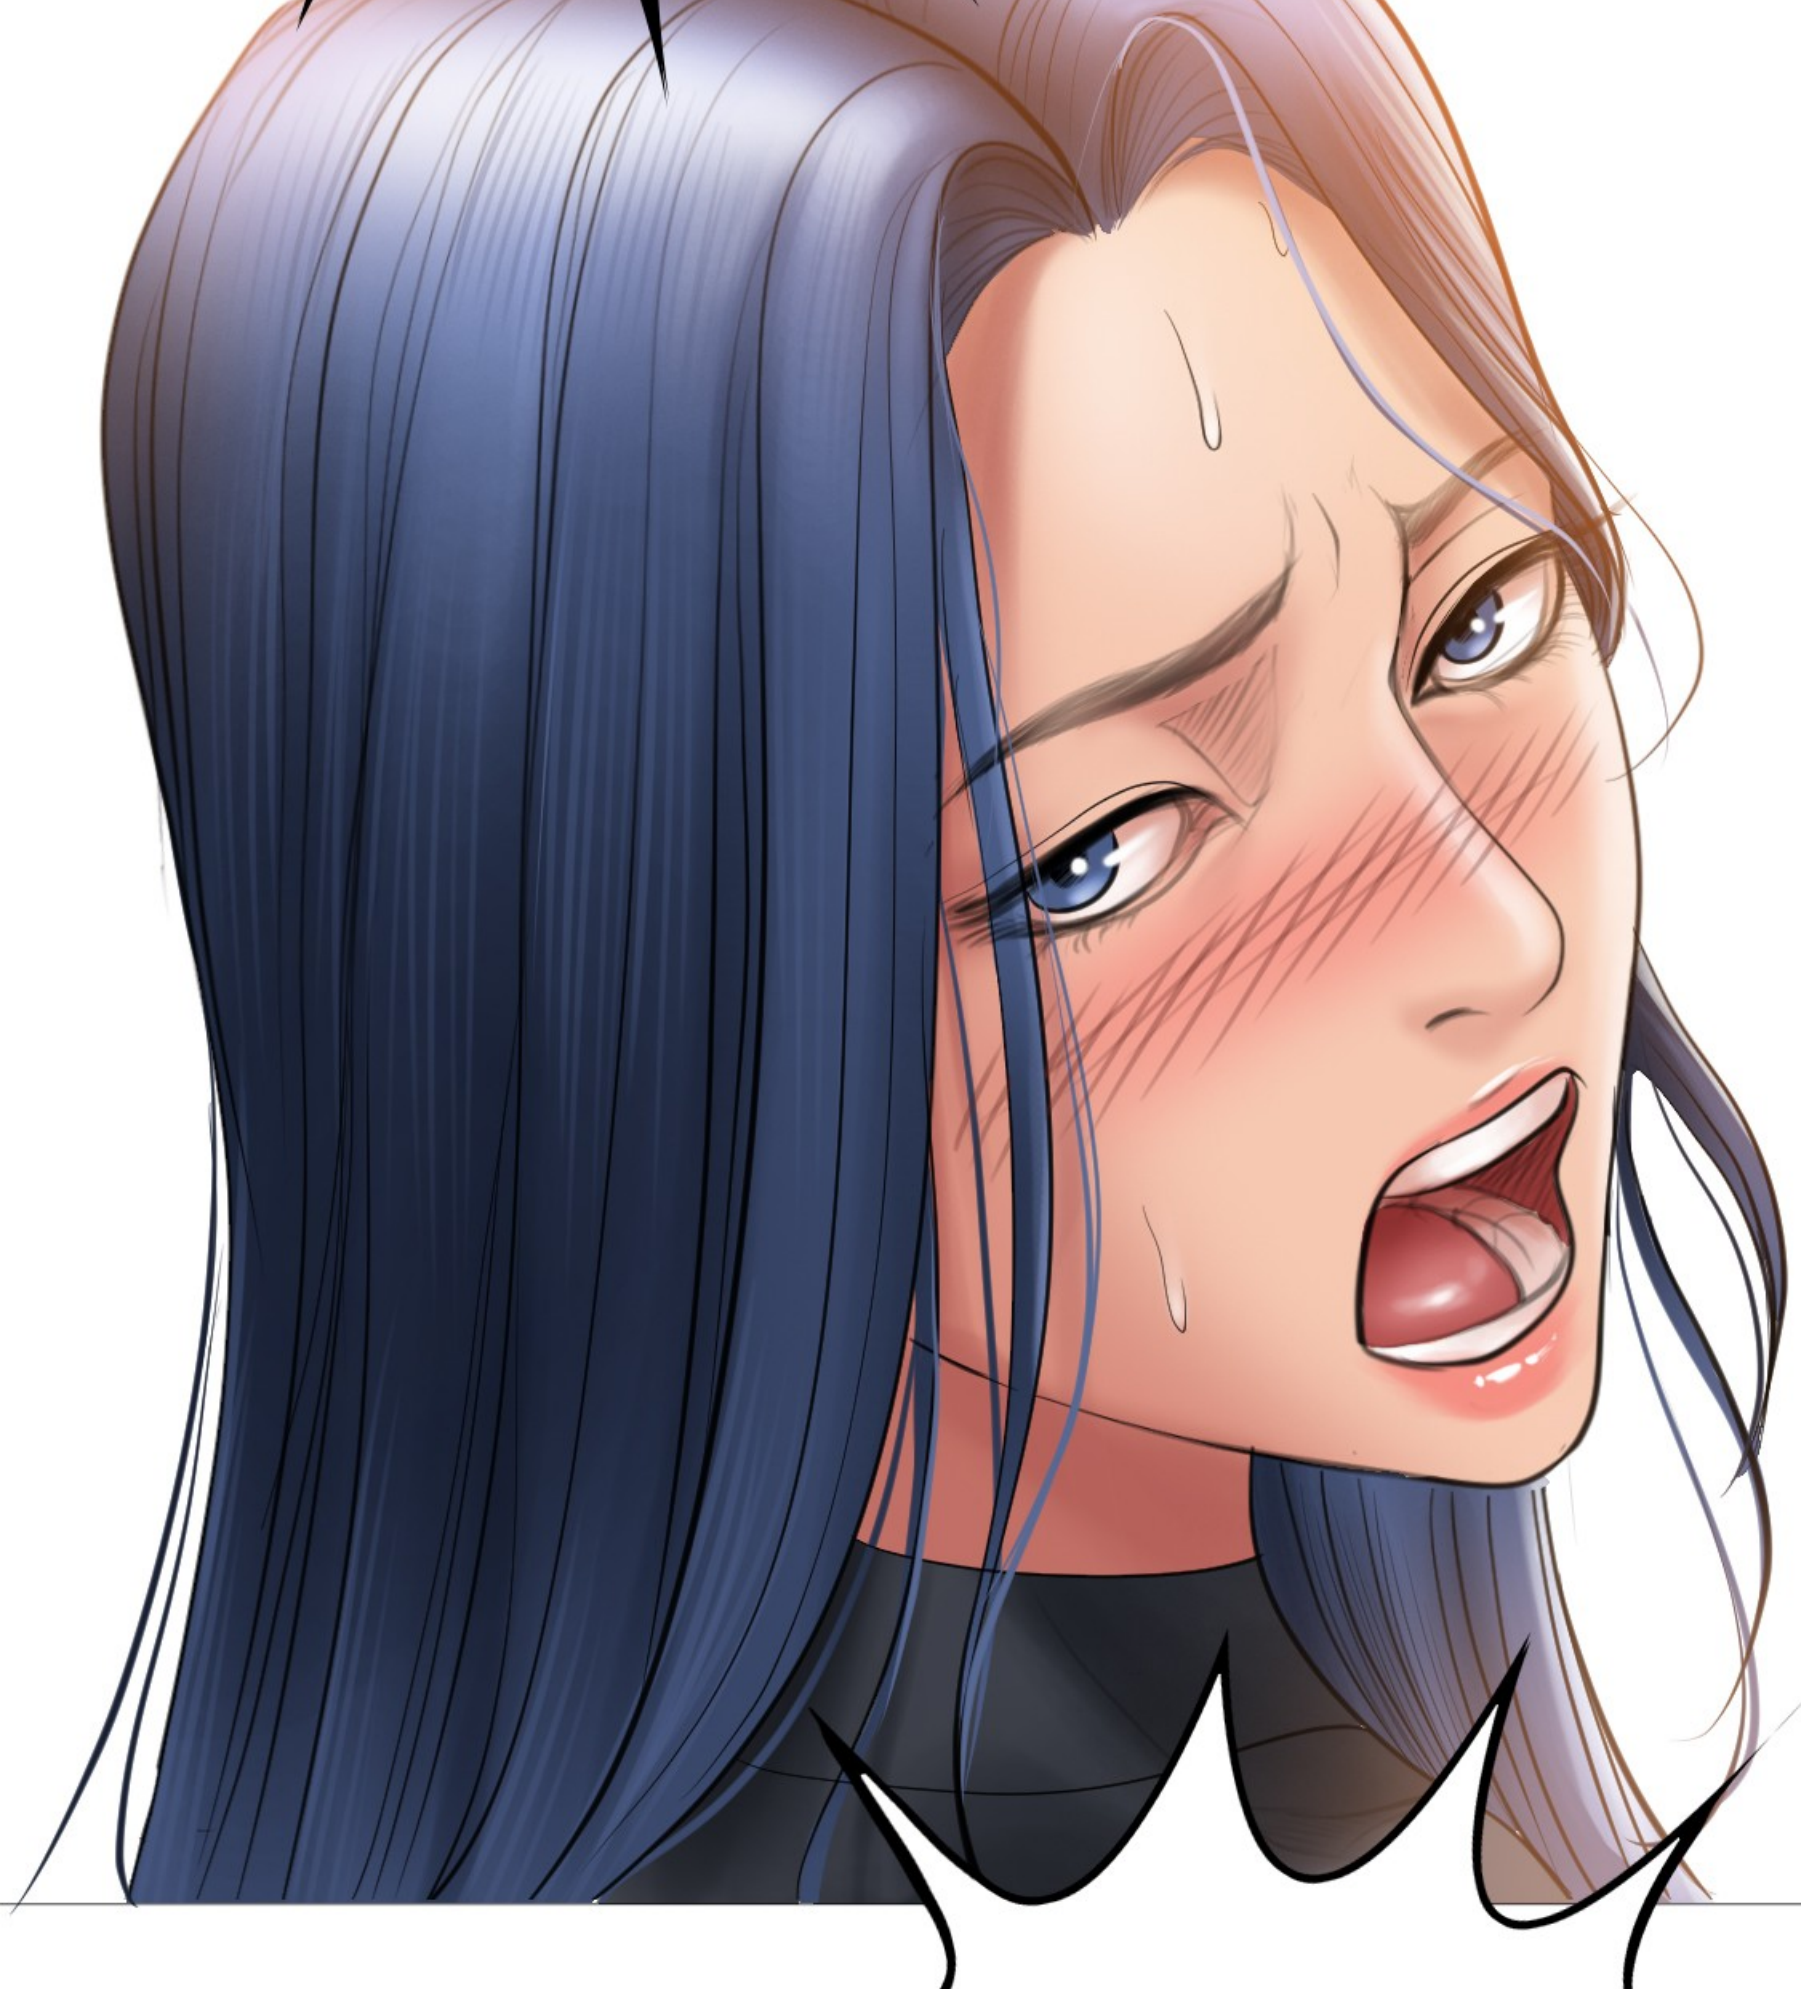

I don't want to orgasm
from his filthy touch...

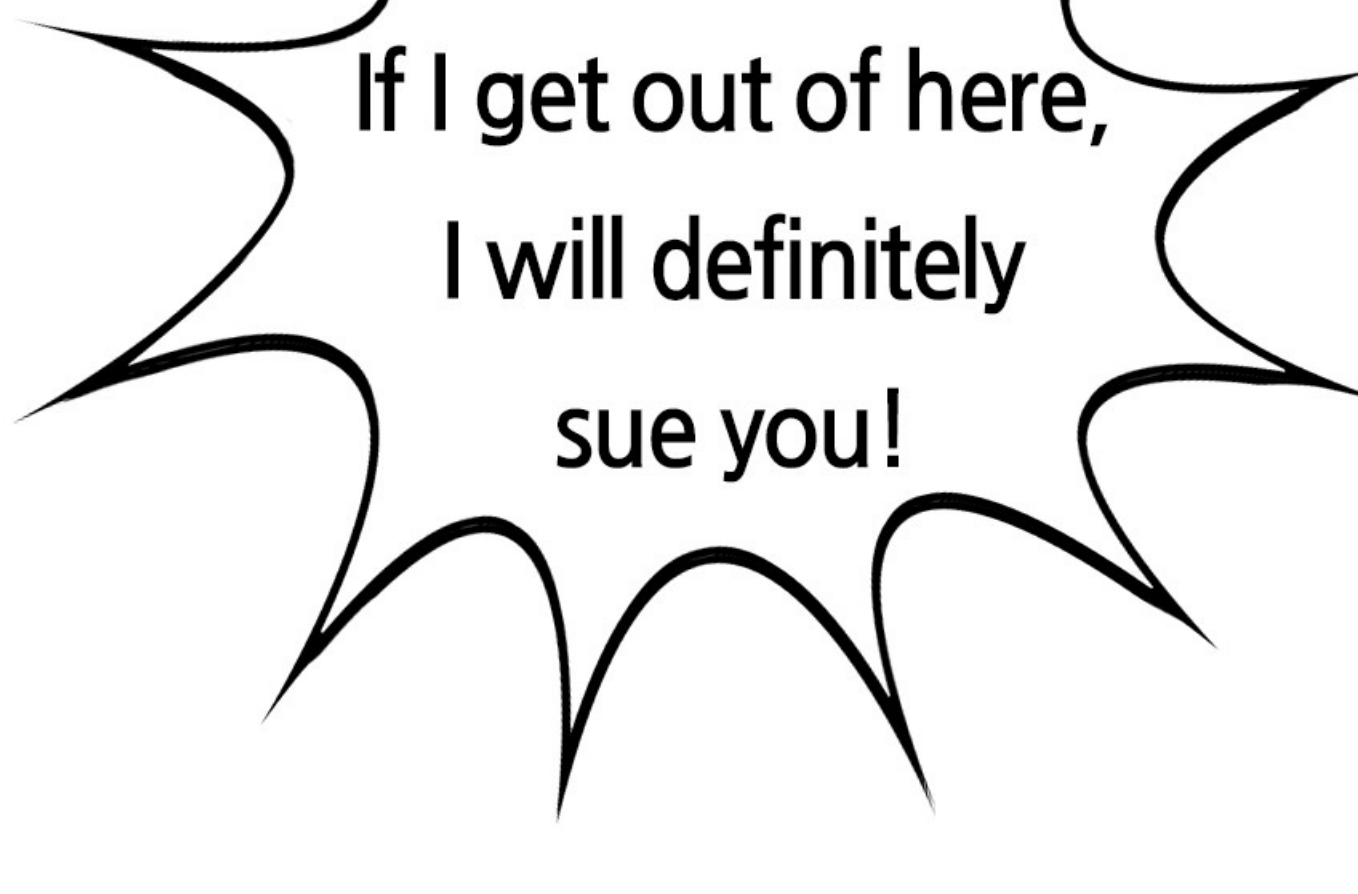

W..What are you
doing....

Shut up!
Stop it
right now!

If I get out of here,
I will definitely
sue you!

Hmm... OK.

I'll stop.

Ah...
W, Why...

I don't want to do any favors for the bitch who wants to accuse me.

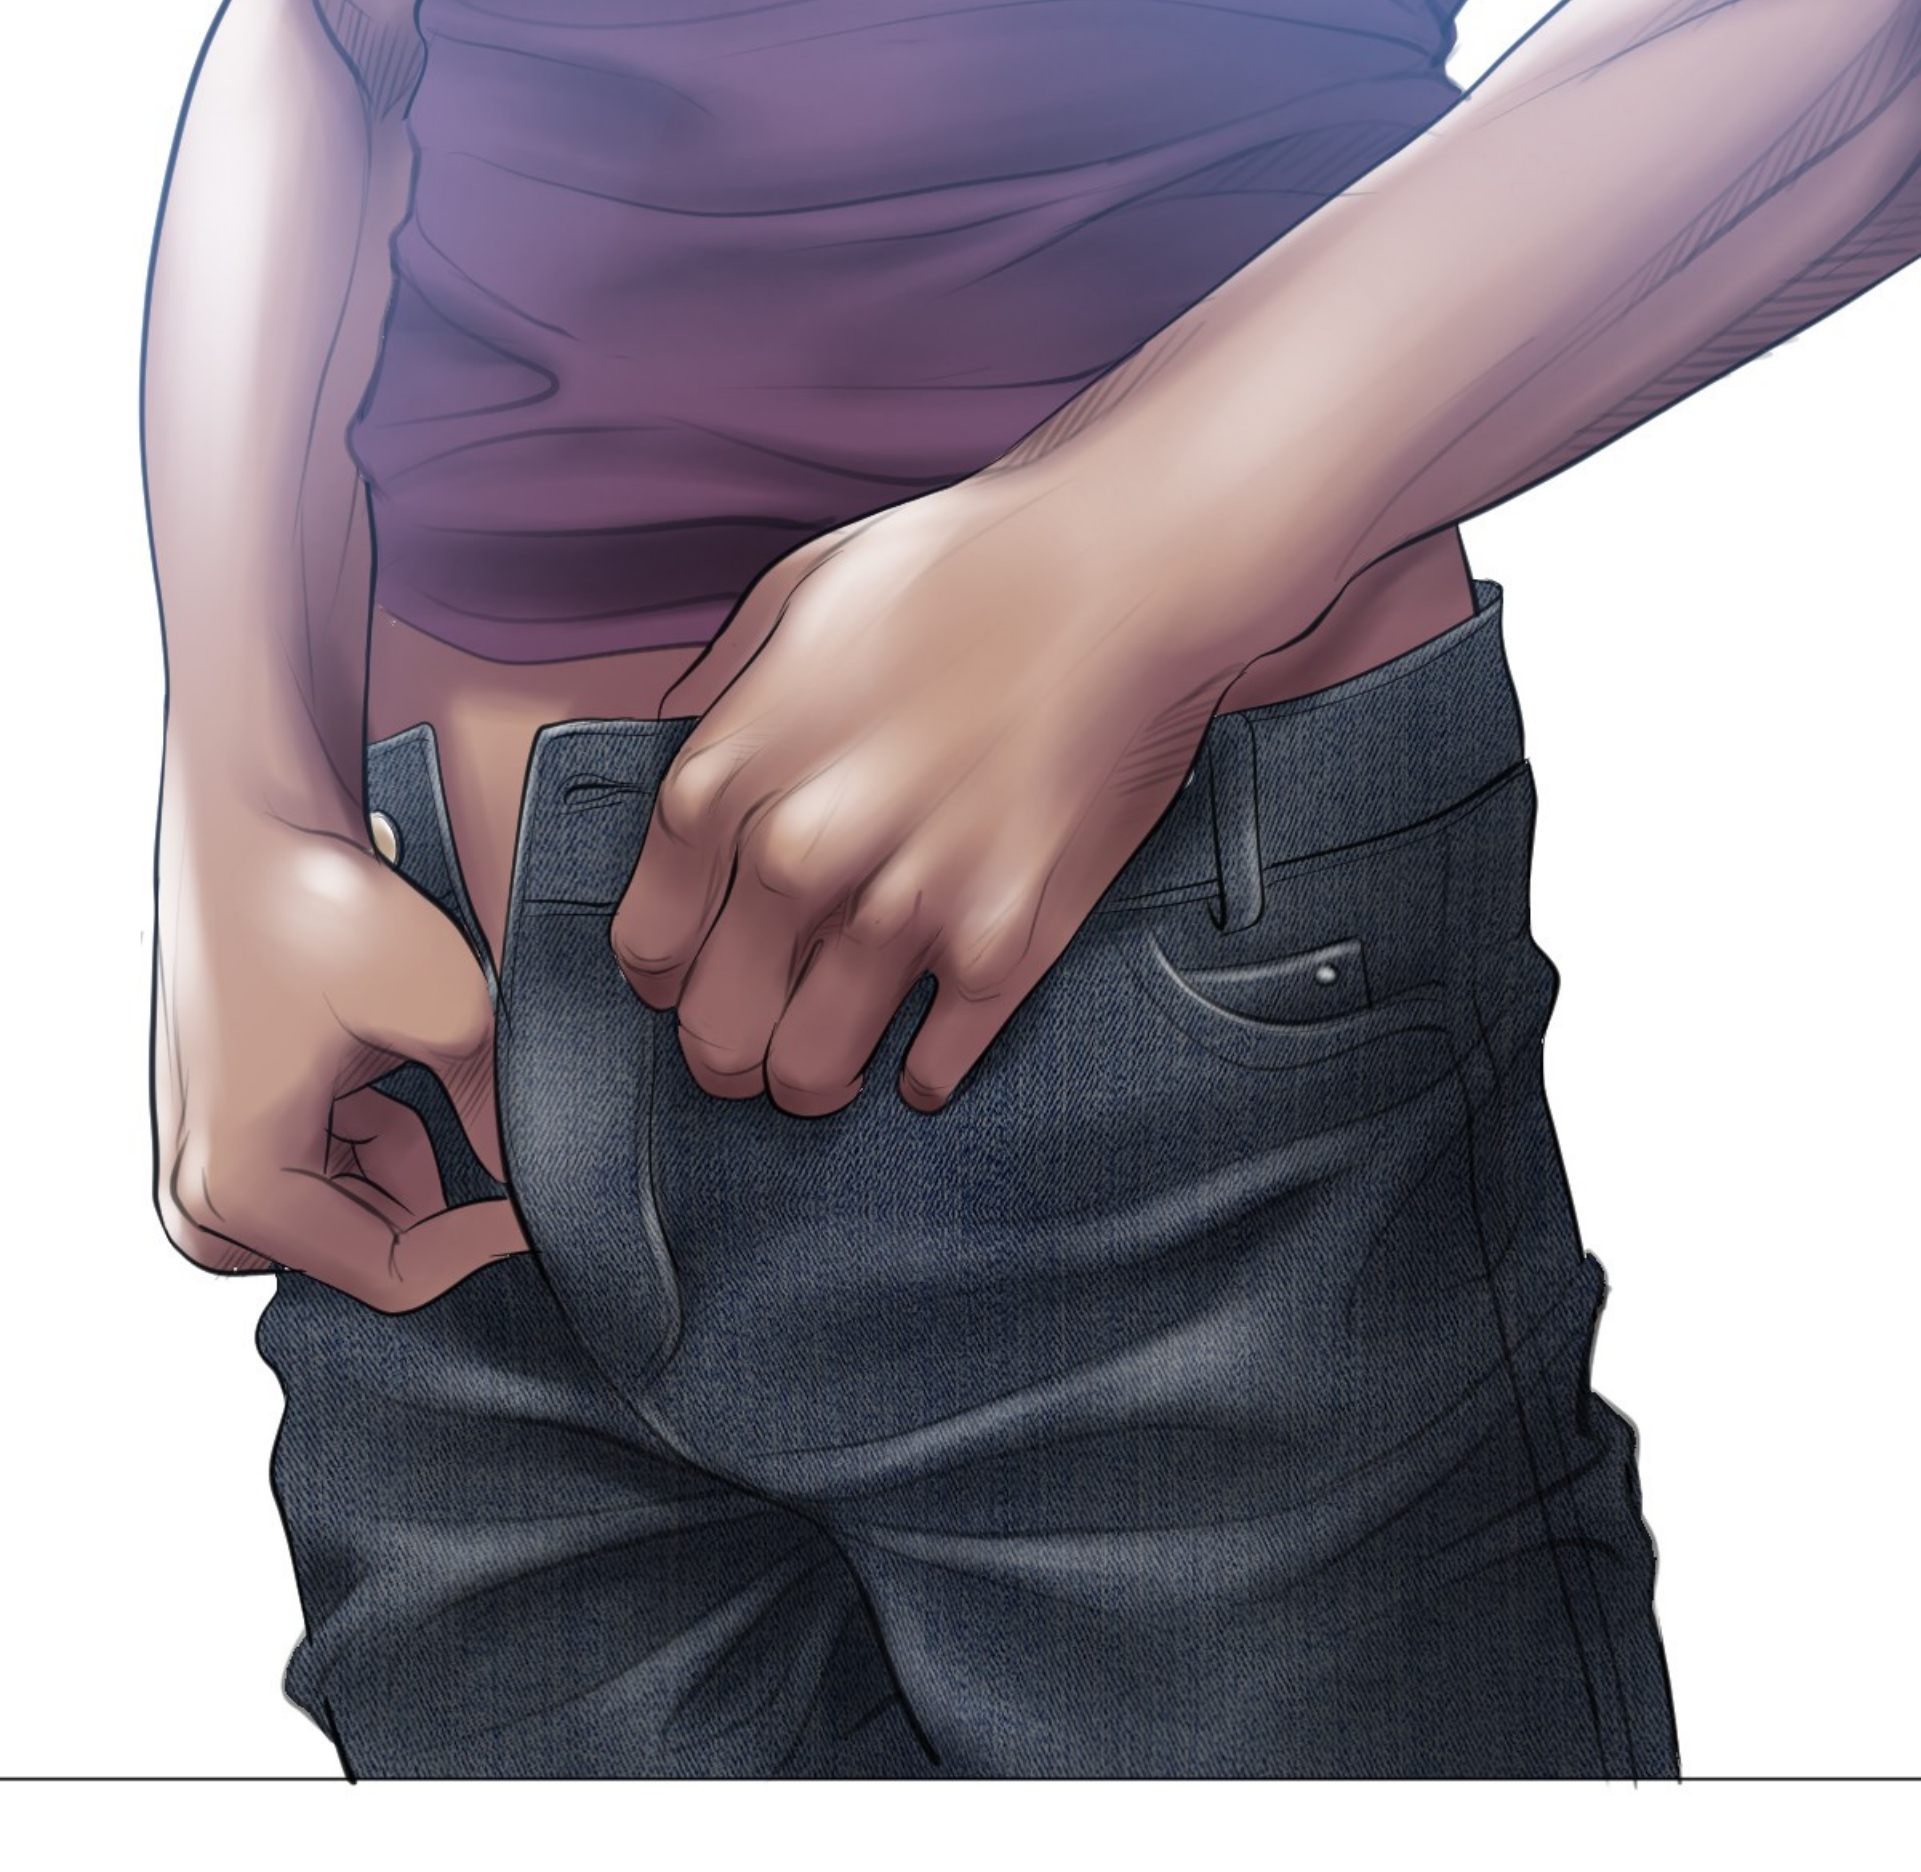

Get dressed.

If you want out, get the fuck out.

It's your choice. Do you go out and accuse me,

Or...

Don't make excuses
that you don't like cigarette
because it's harmful.

Actually,
it's because you don't want to
be caught lusting, right?

Besides,
you praised Carter's
violence.

!

You pretend to be right,
but you are an
absolute hypocrite.

No...
I'm not...

You're a much more
heinous and lustful bitch
than you think.

Look at this!
You can't take your
eyes off his dick?

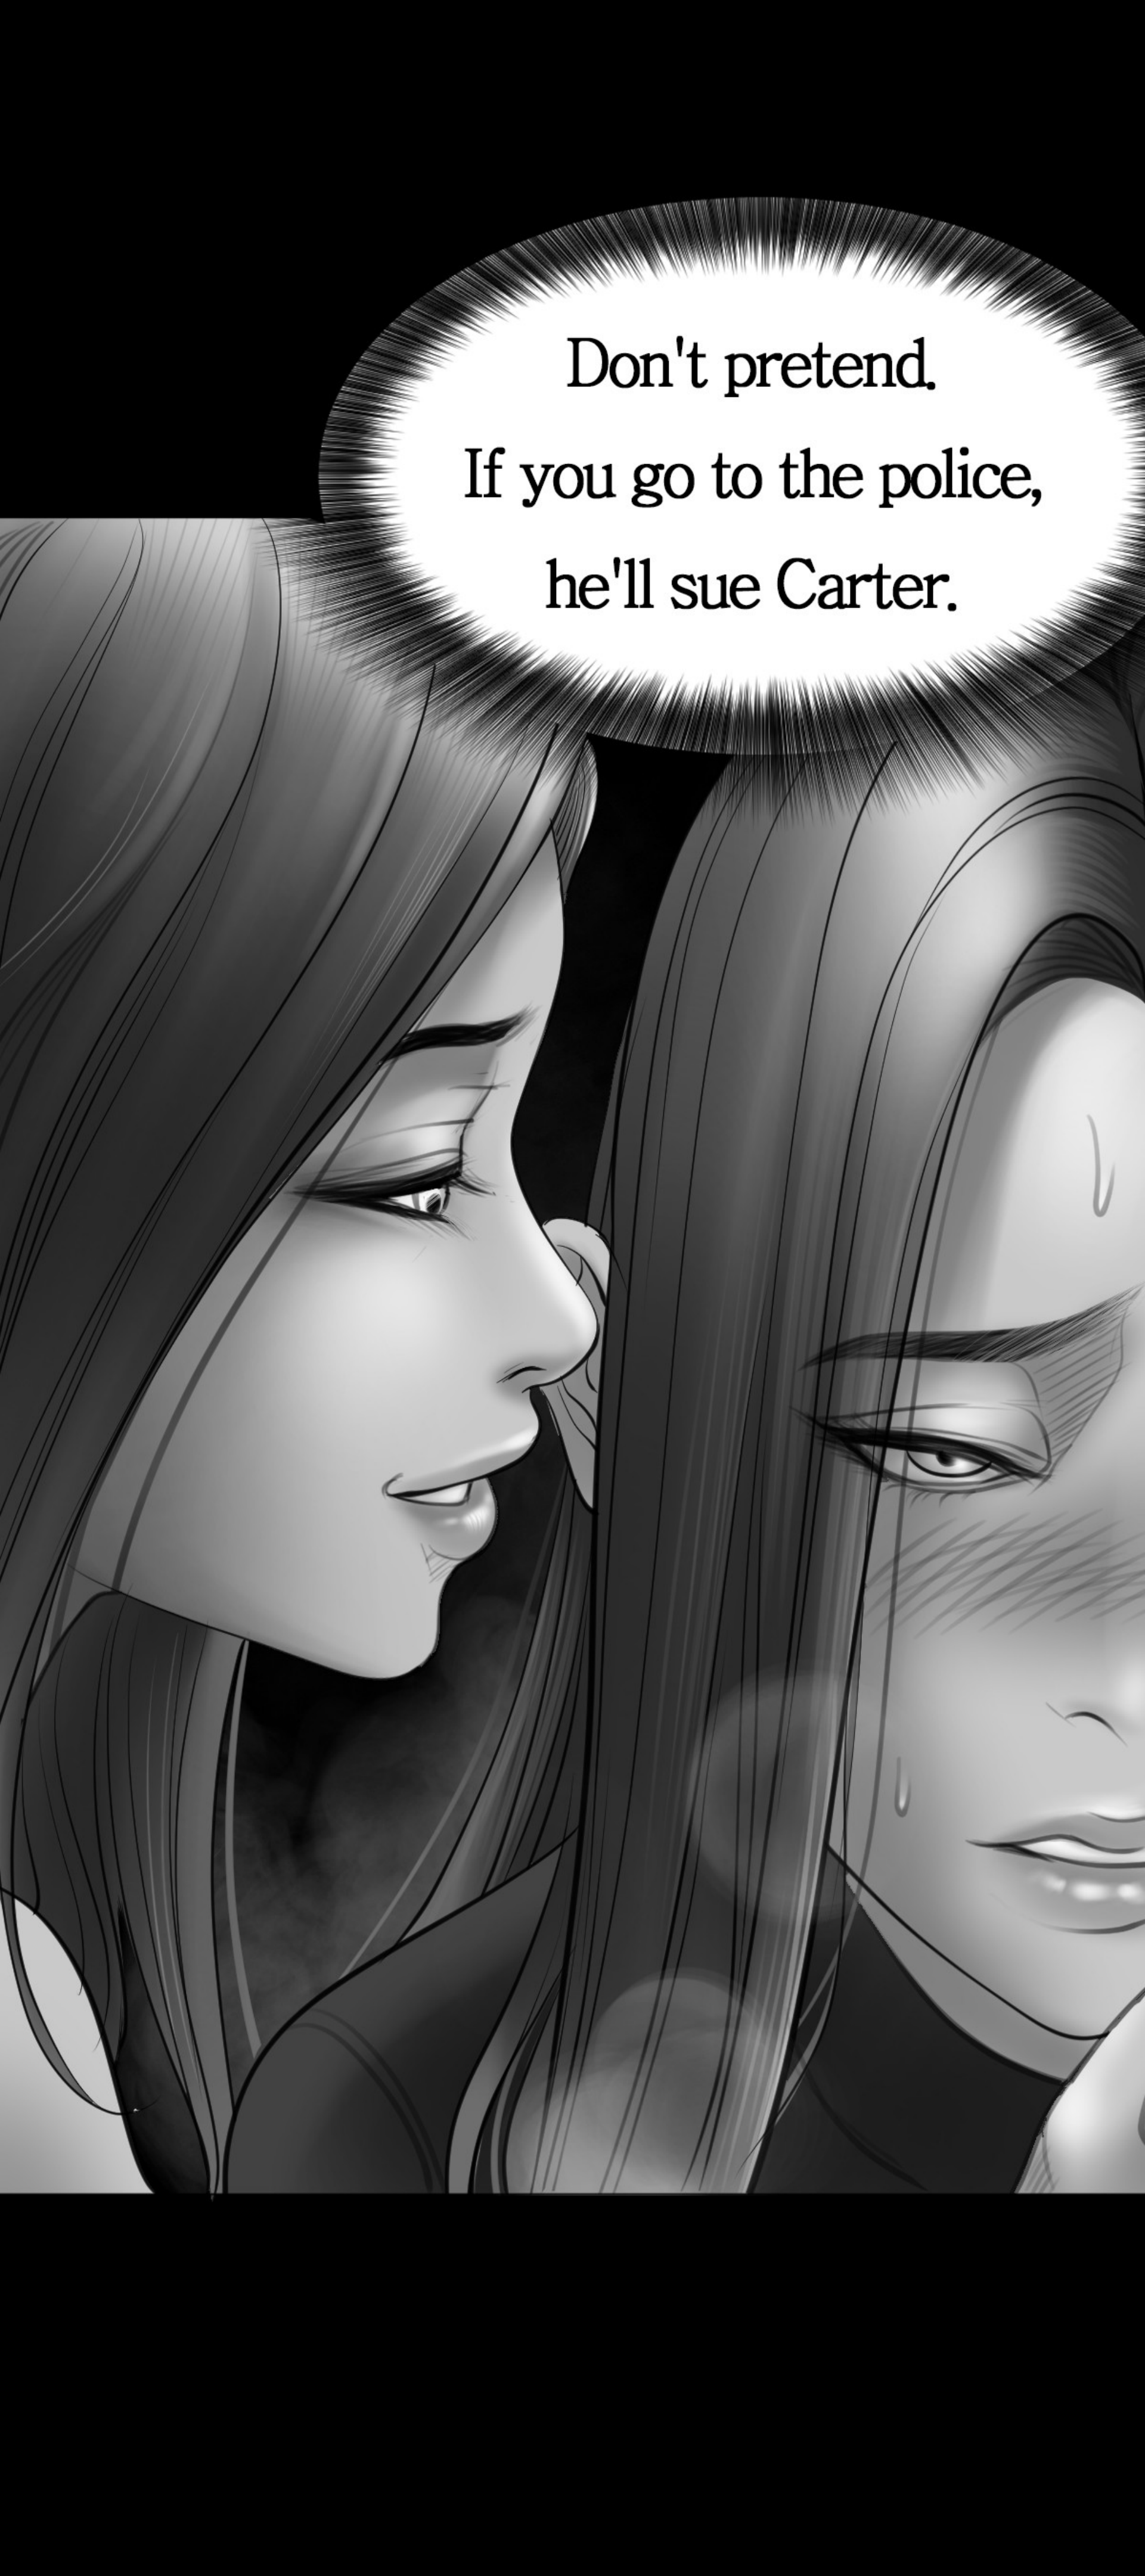

.....!

You want to get
fucked by that
towering cock,
don't you?

No....
I...never...do...

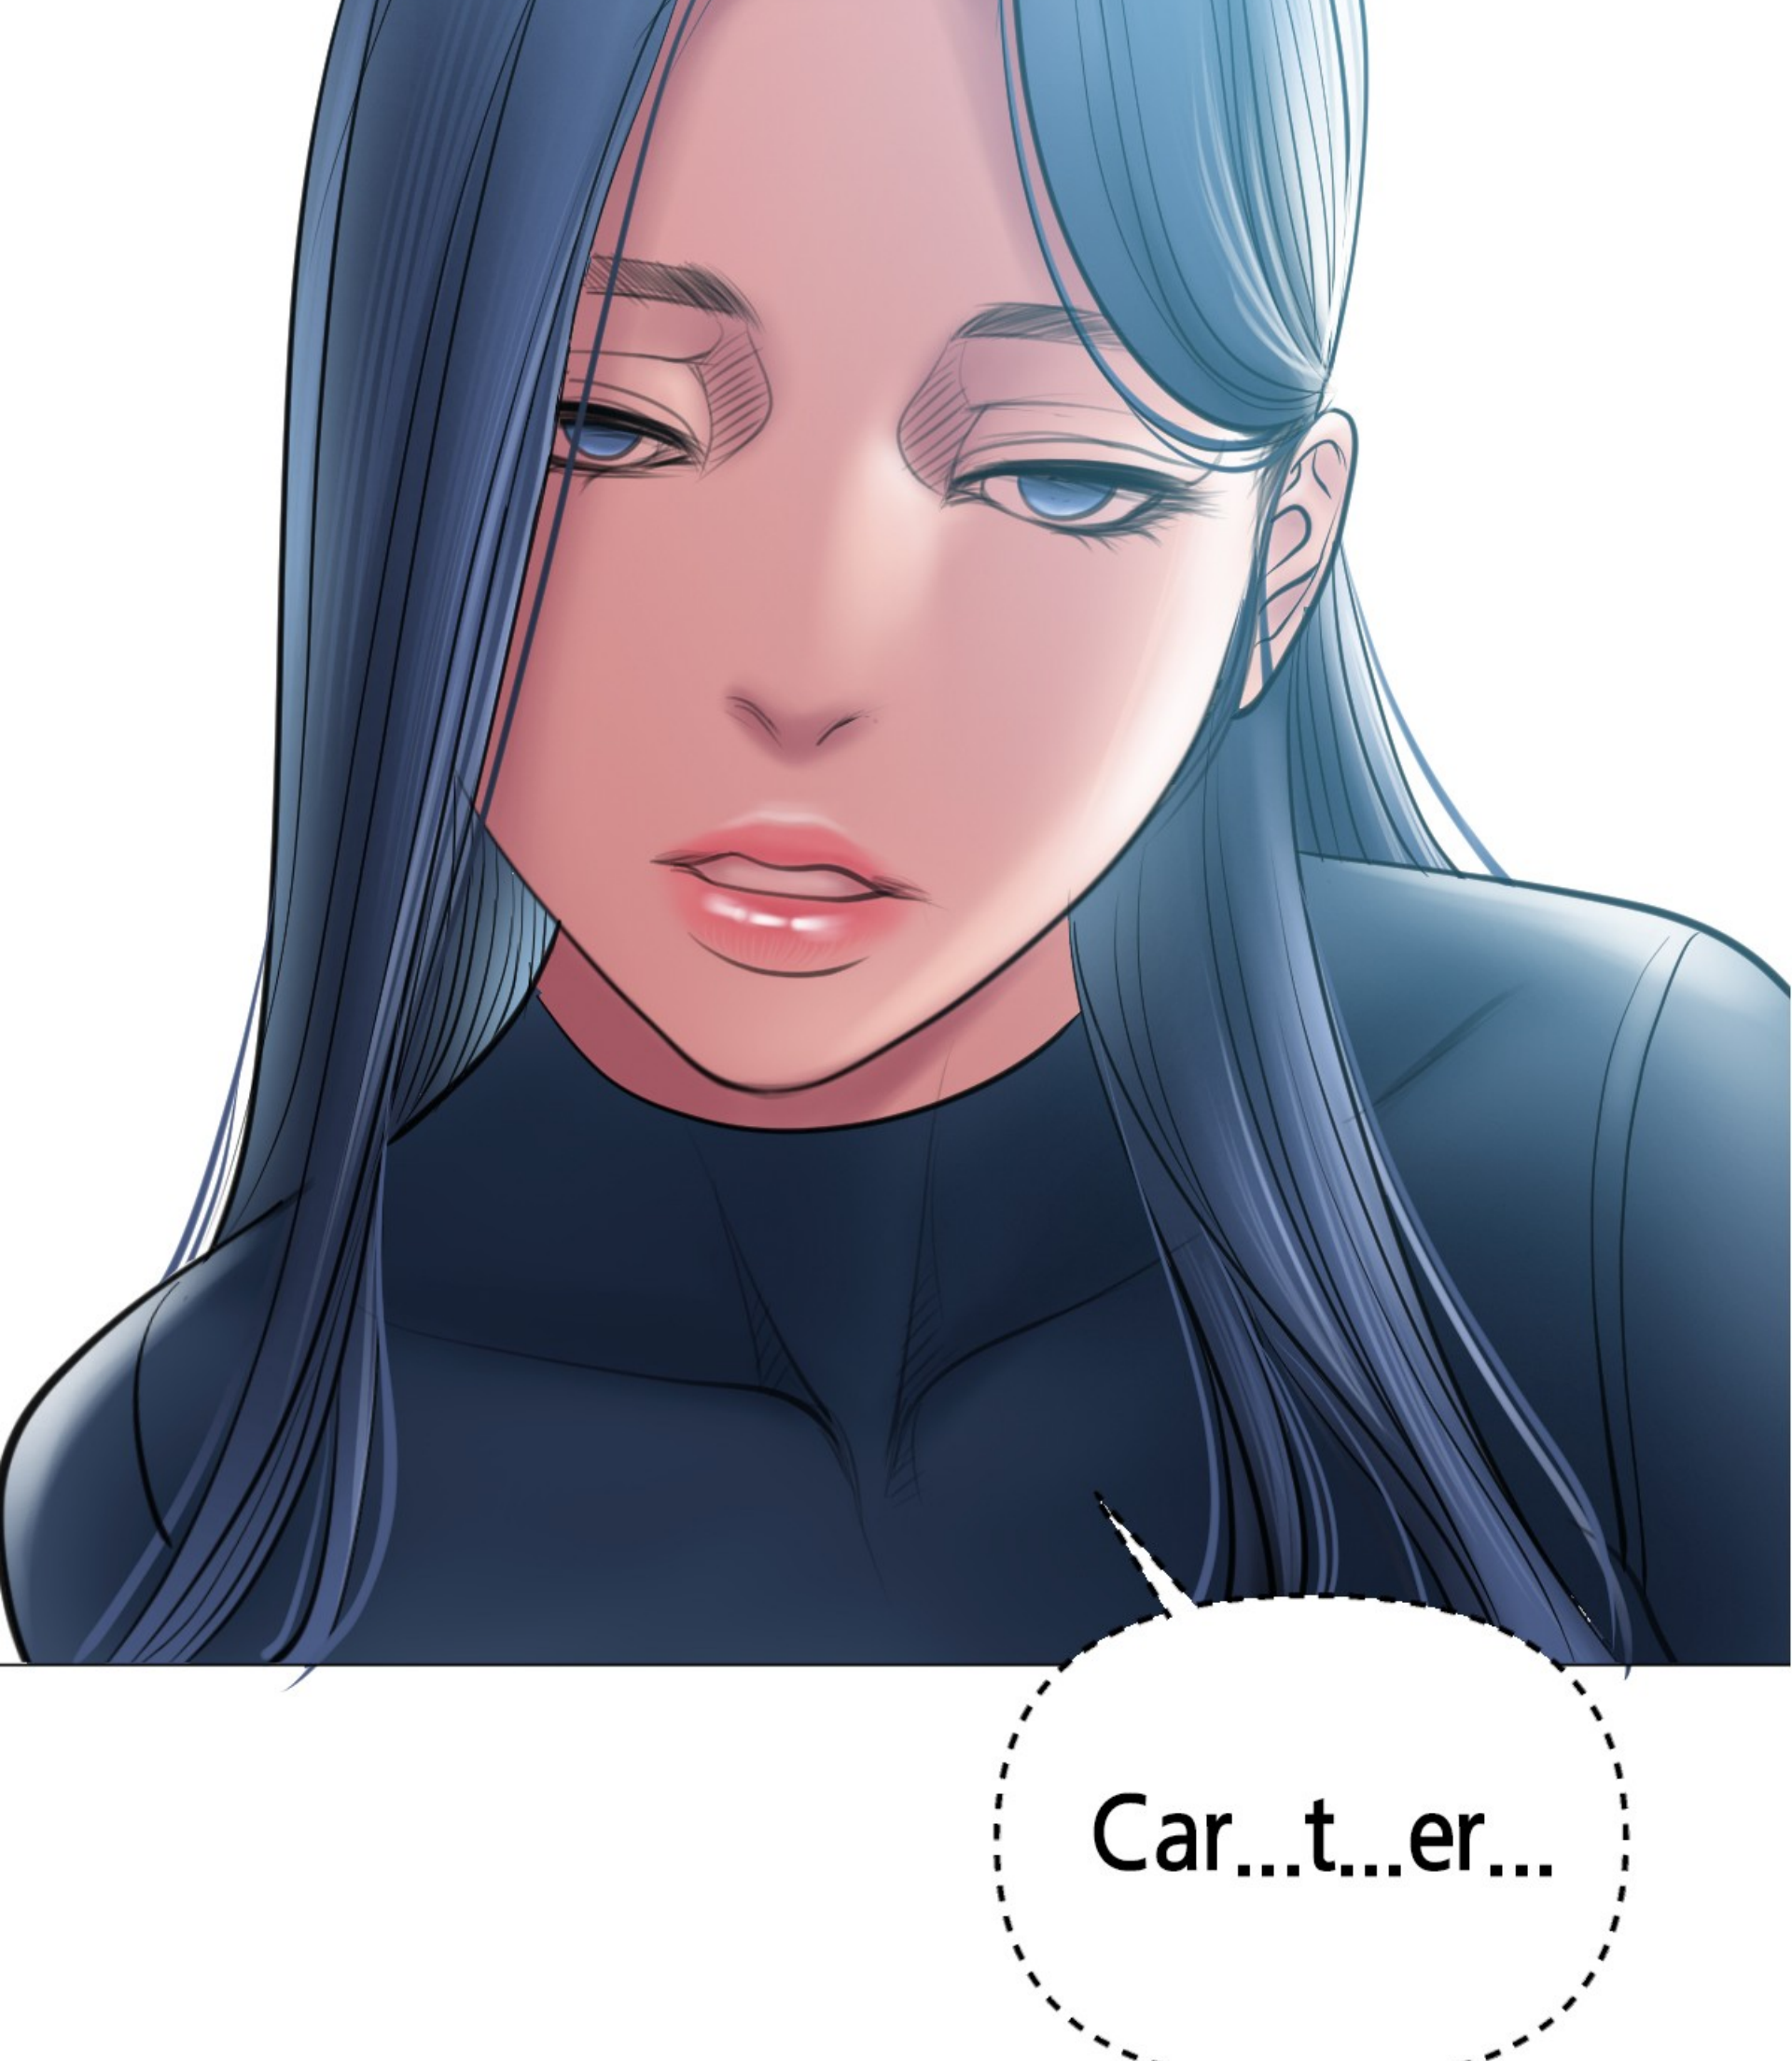

Don't pretend.
If you go to the police,
he'll sue Carter.

It's much cheaper
to pay back with your body.

For your lust,
for Carter.

L..u..st...

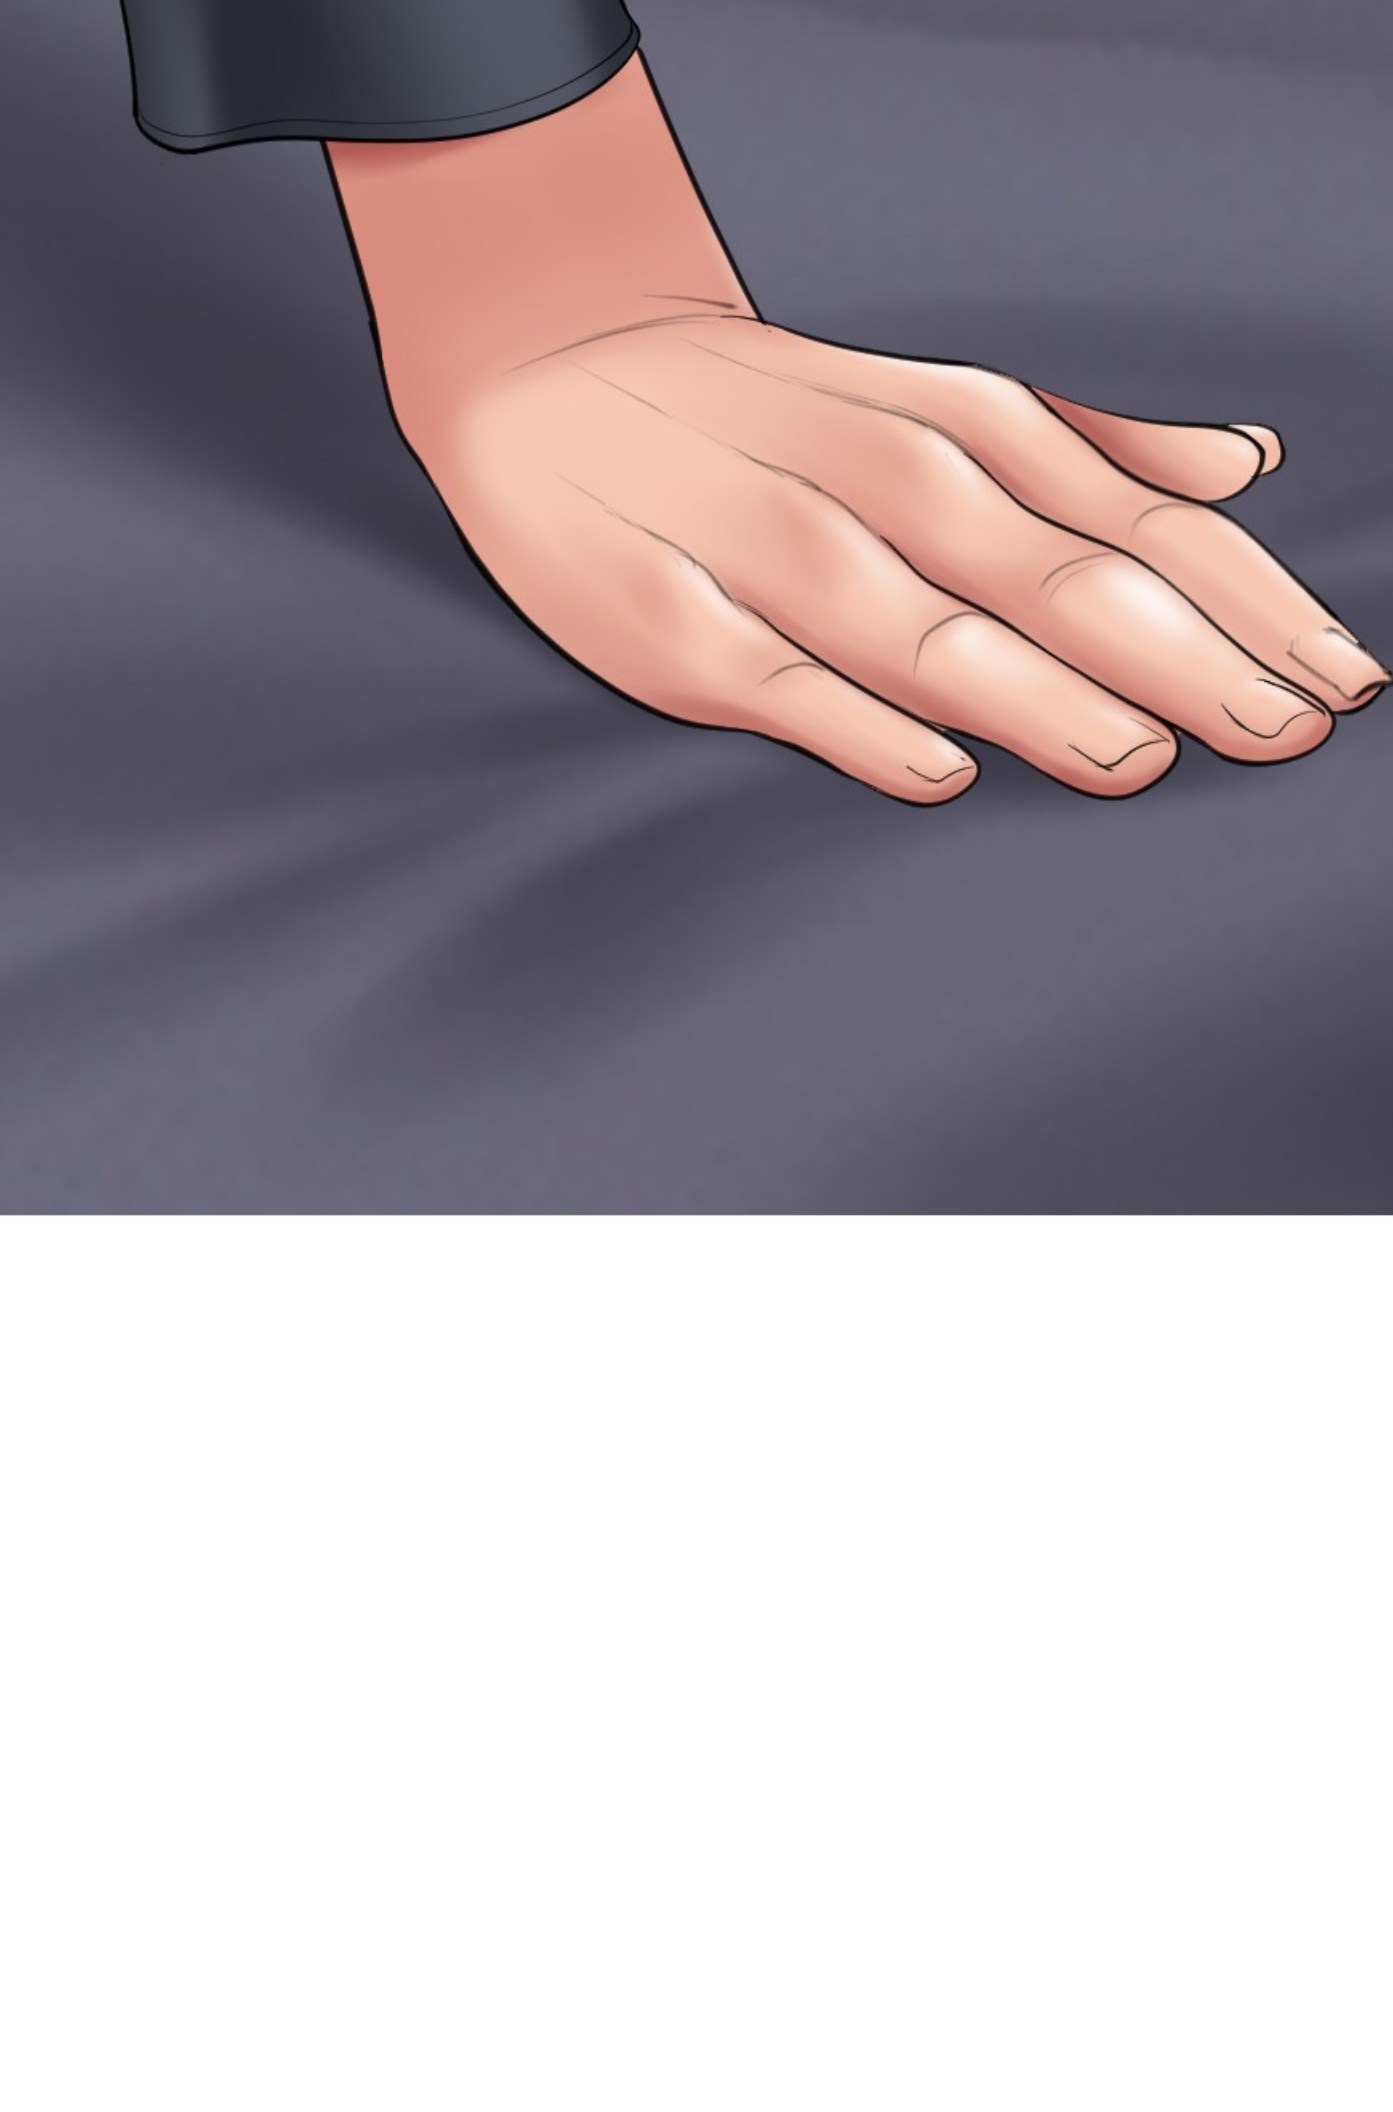

Car...t...er...

.....?

What?
What are you
mumbling about?

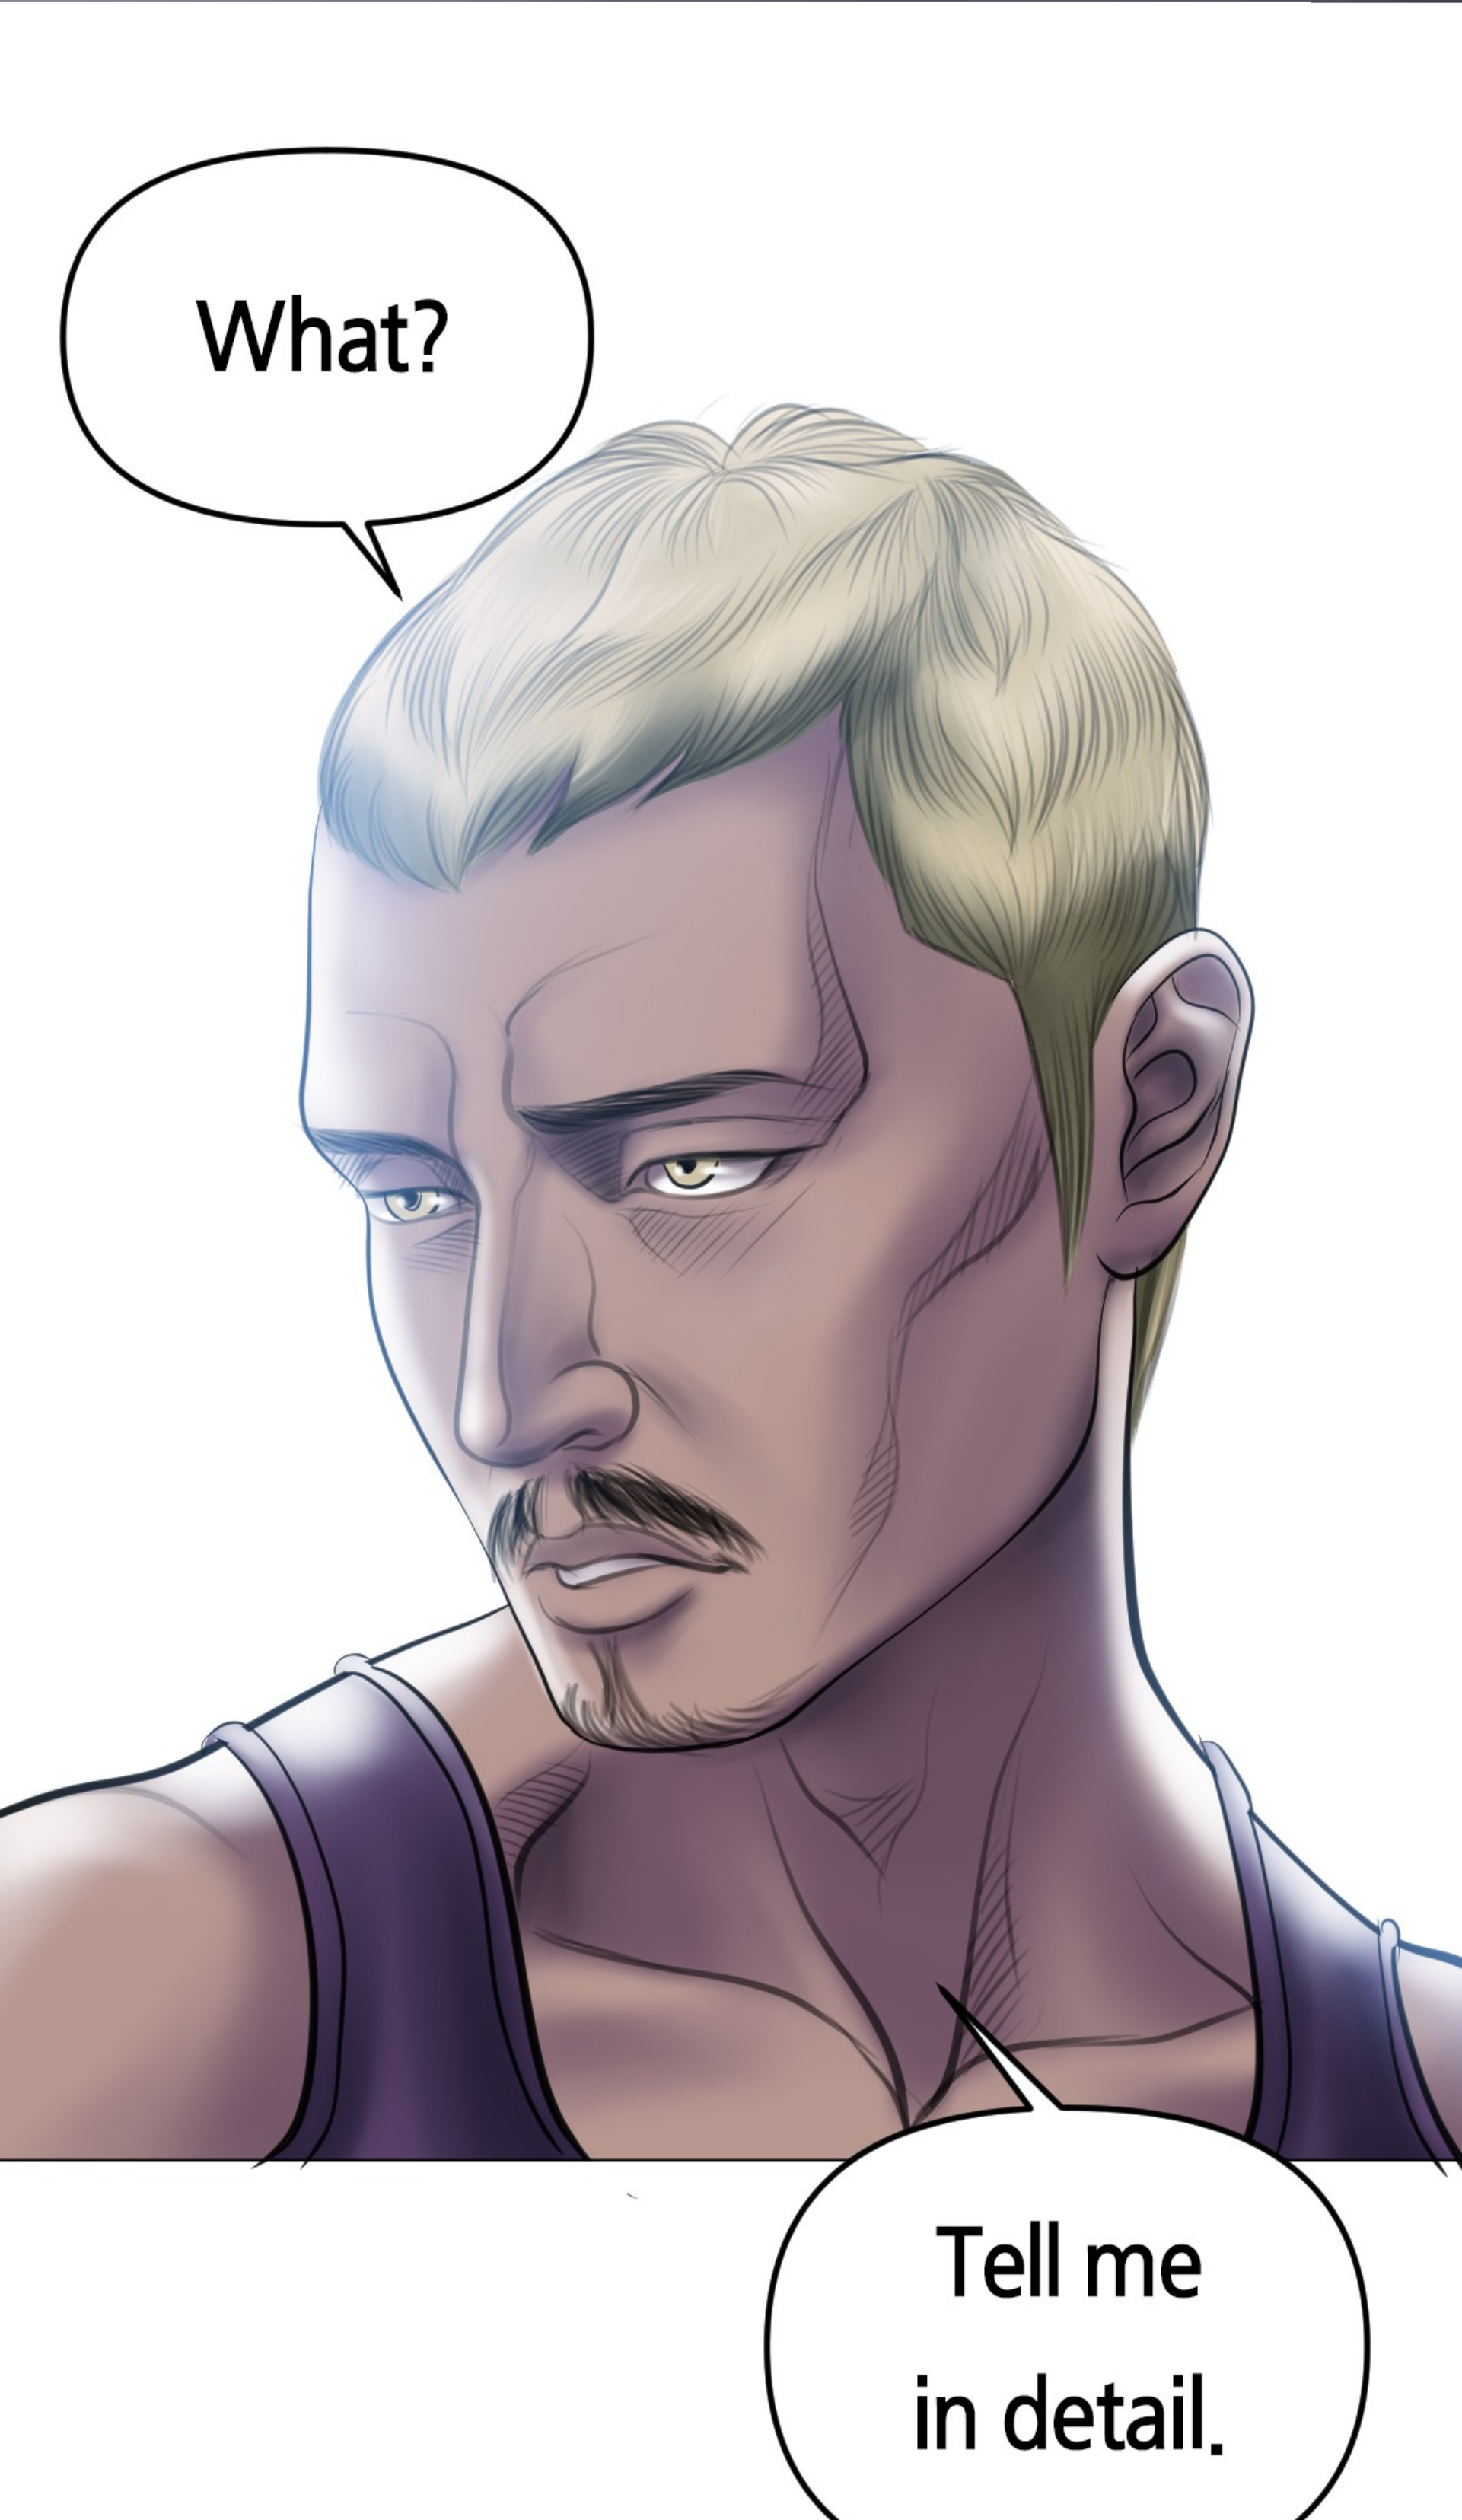

.....

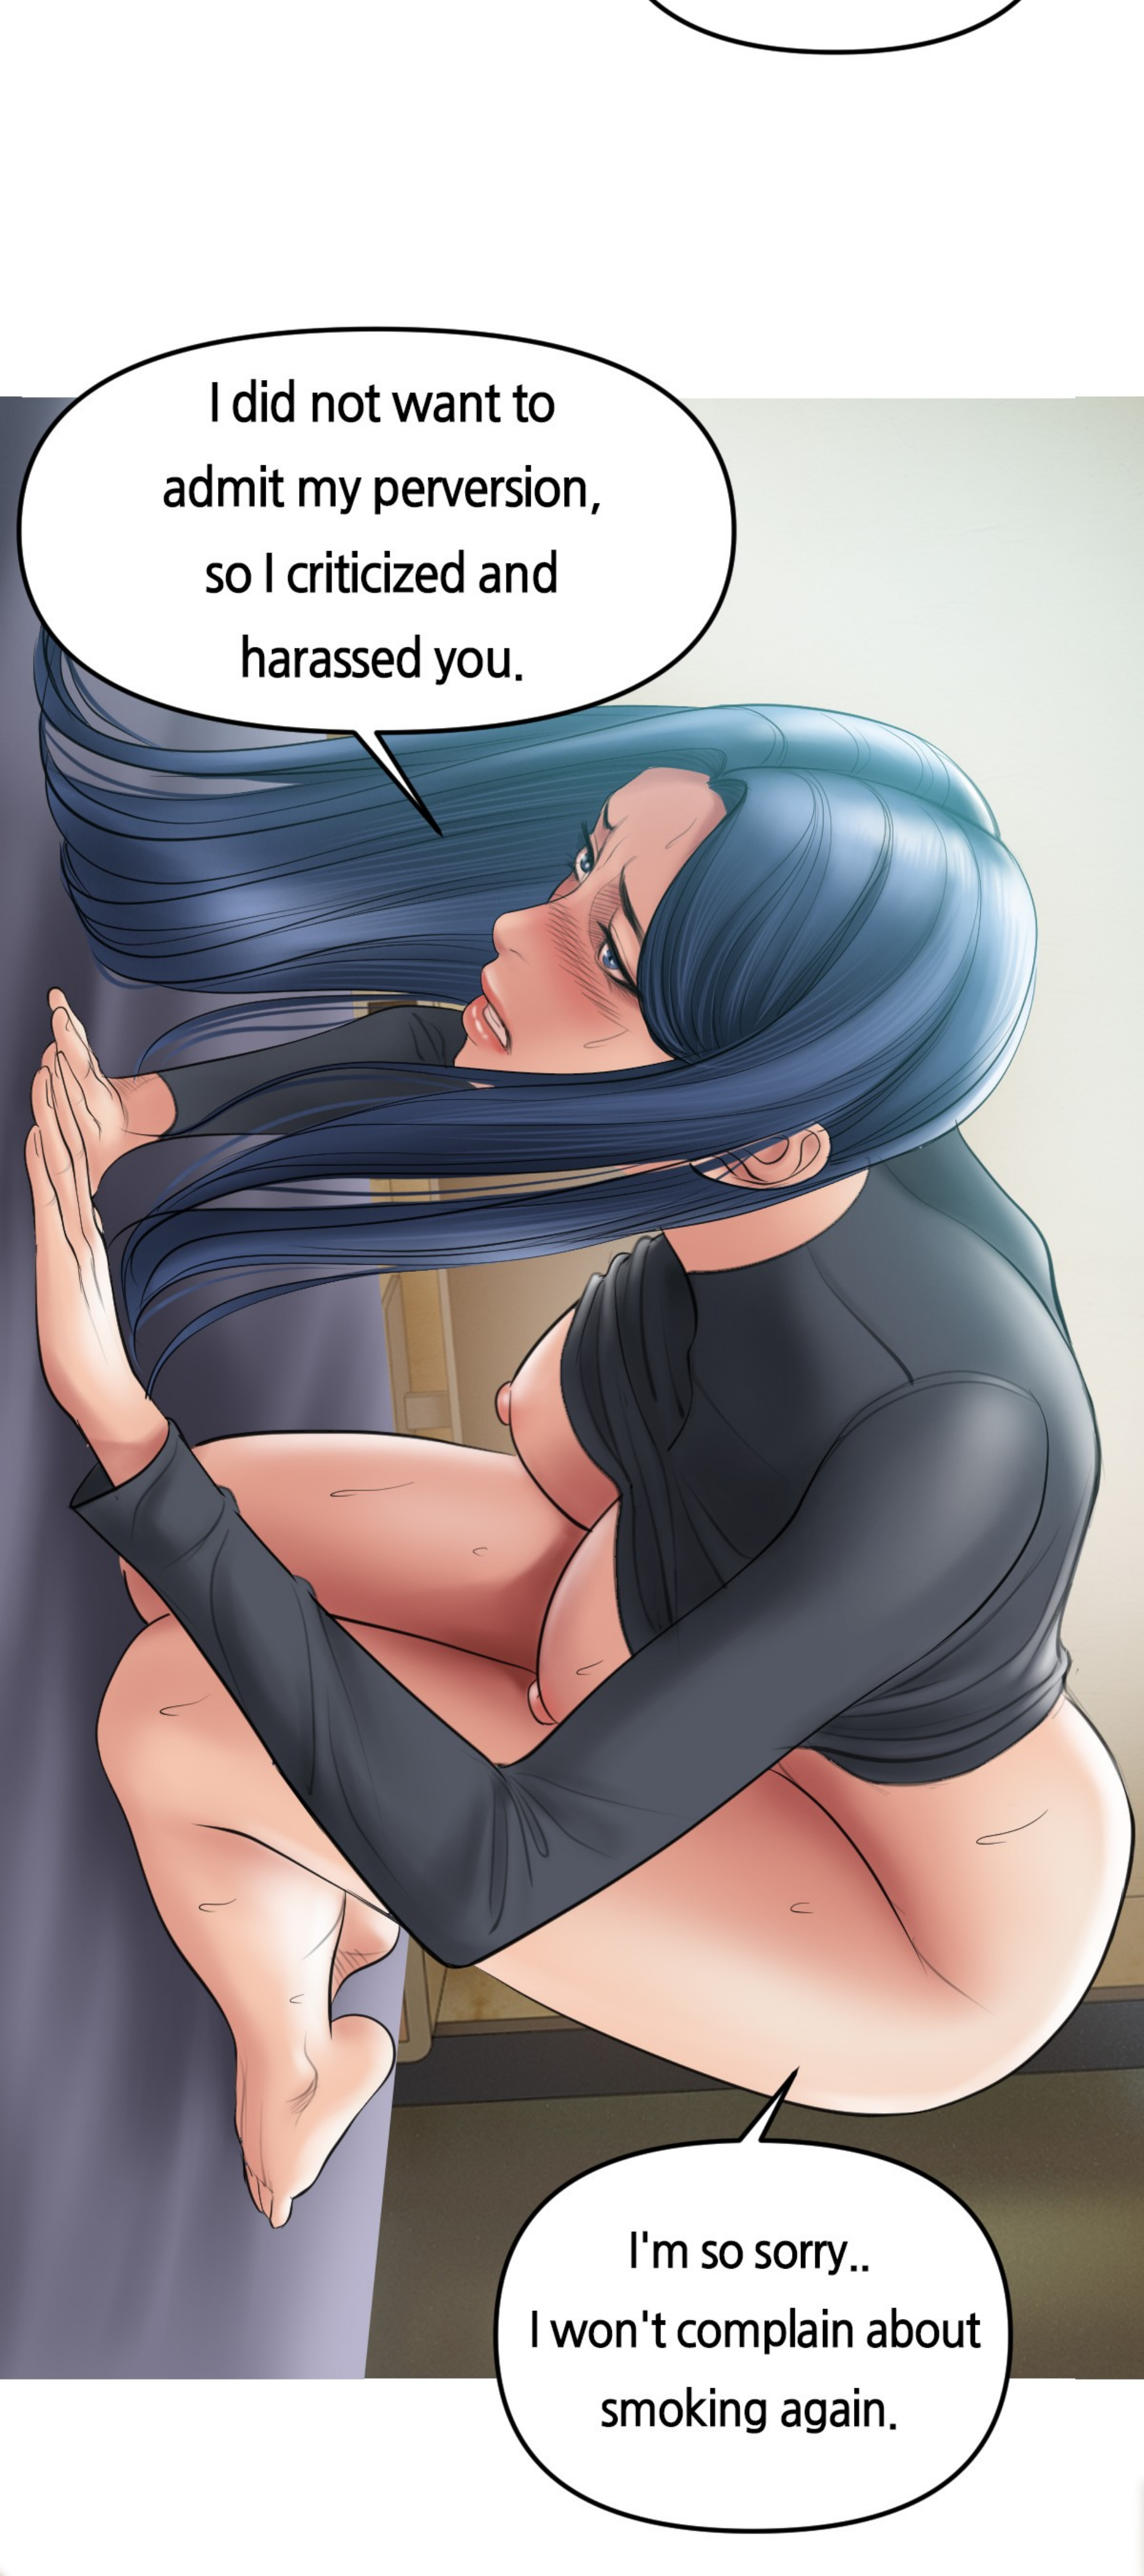

I apologize....

Please...
forgive me...

What?

Tell me
in detail.

I did not want to
admit my perversion,
so I criticized and
harassed you.

I'm so sorry..
I won't complain about
smoking again.

You can
smoke a lot...

Actually,
I like it, too...

...And...

?

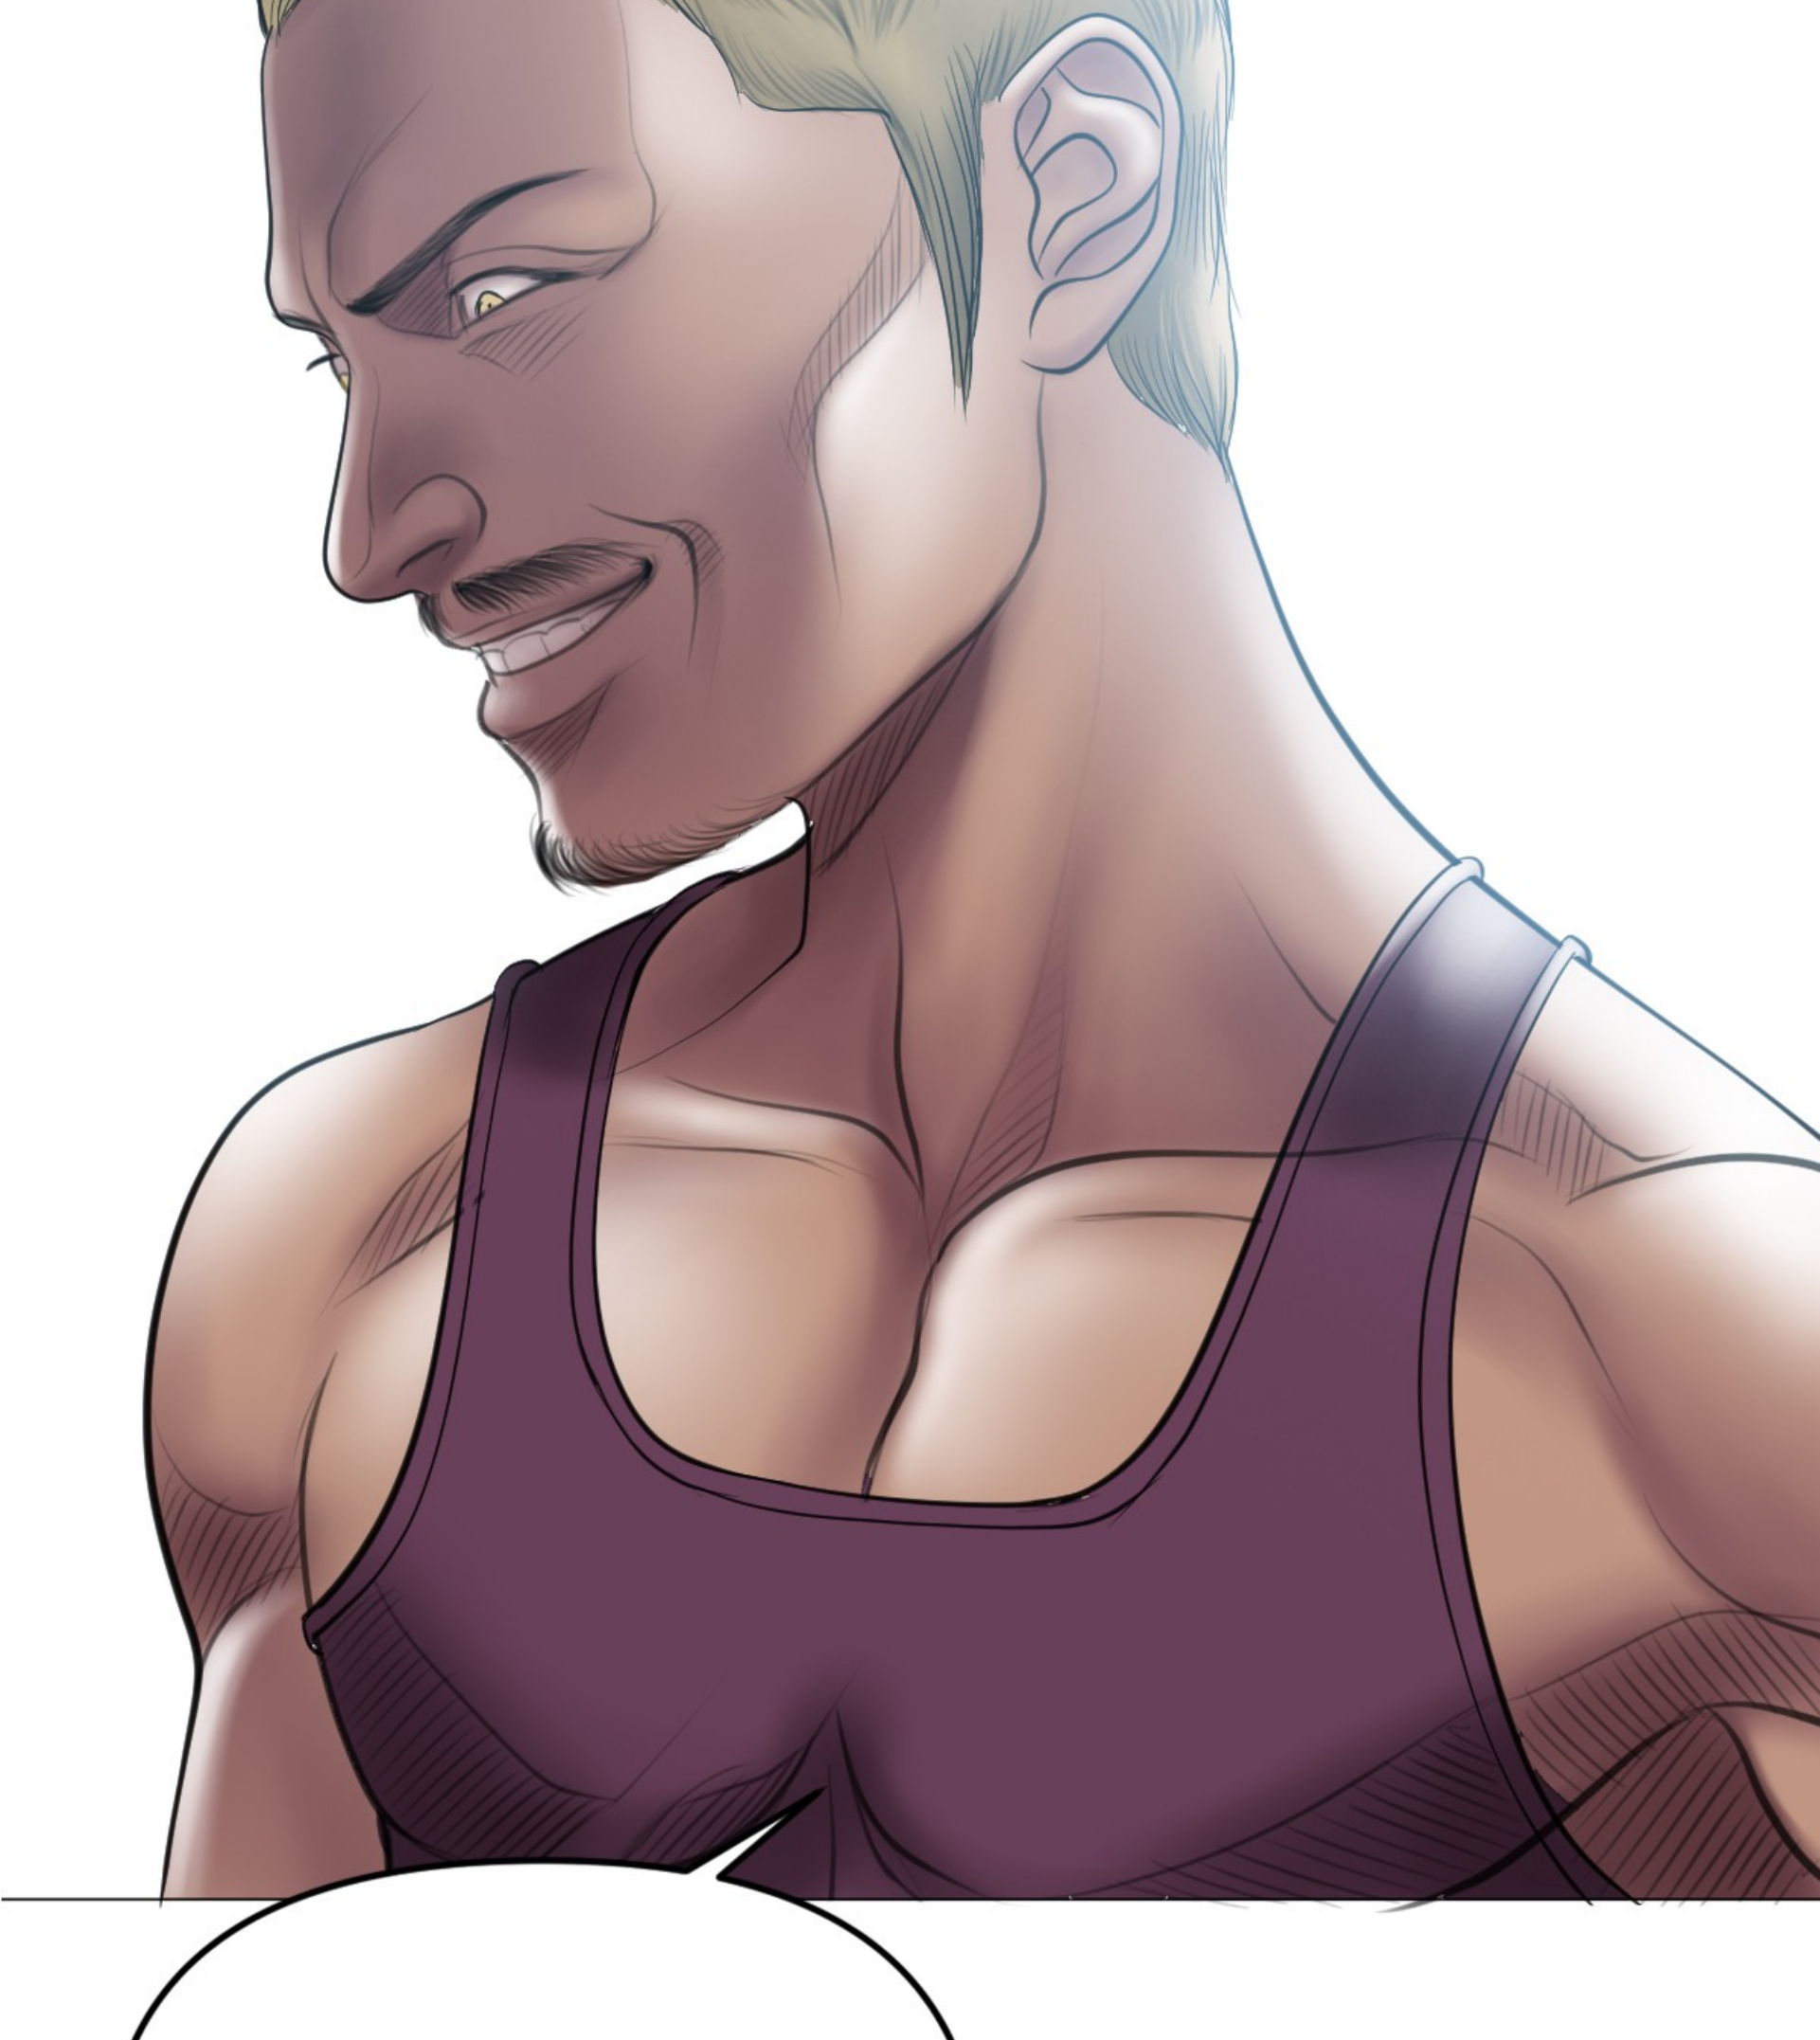

I'll give you...

my body...

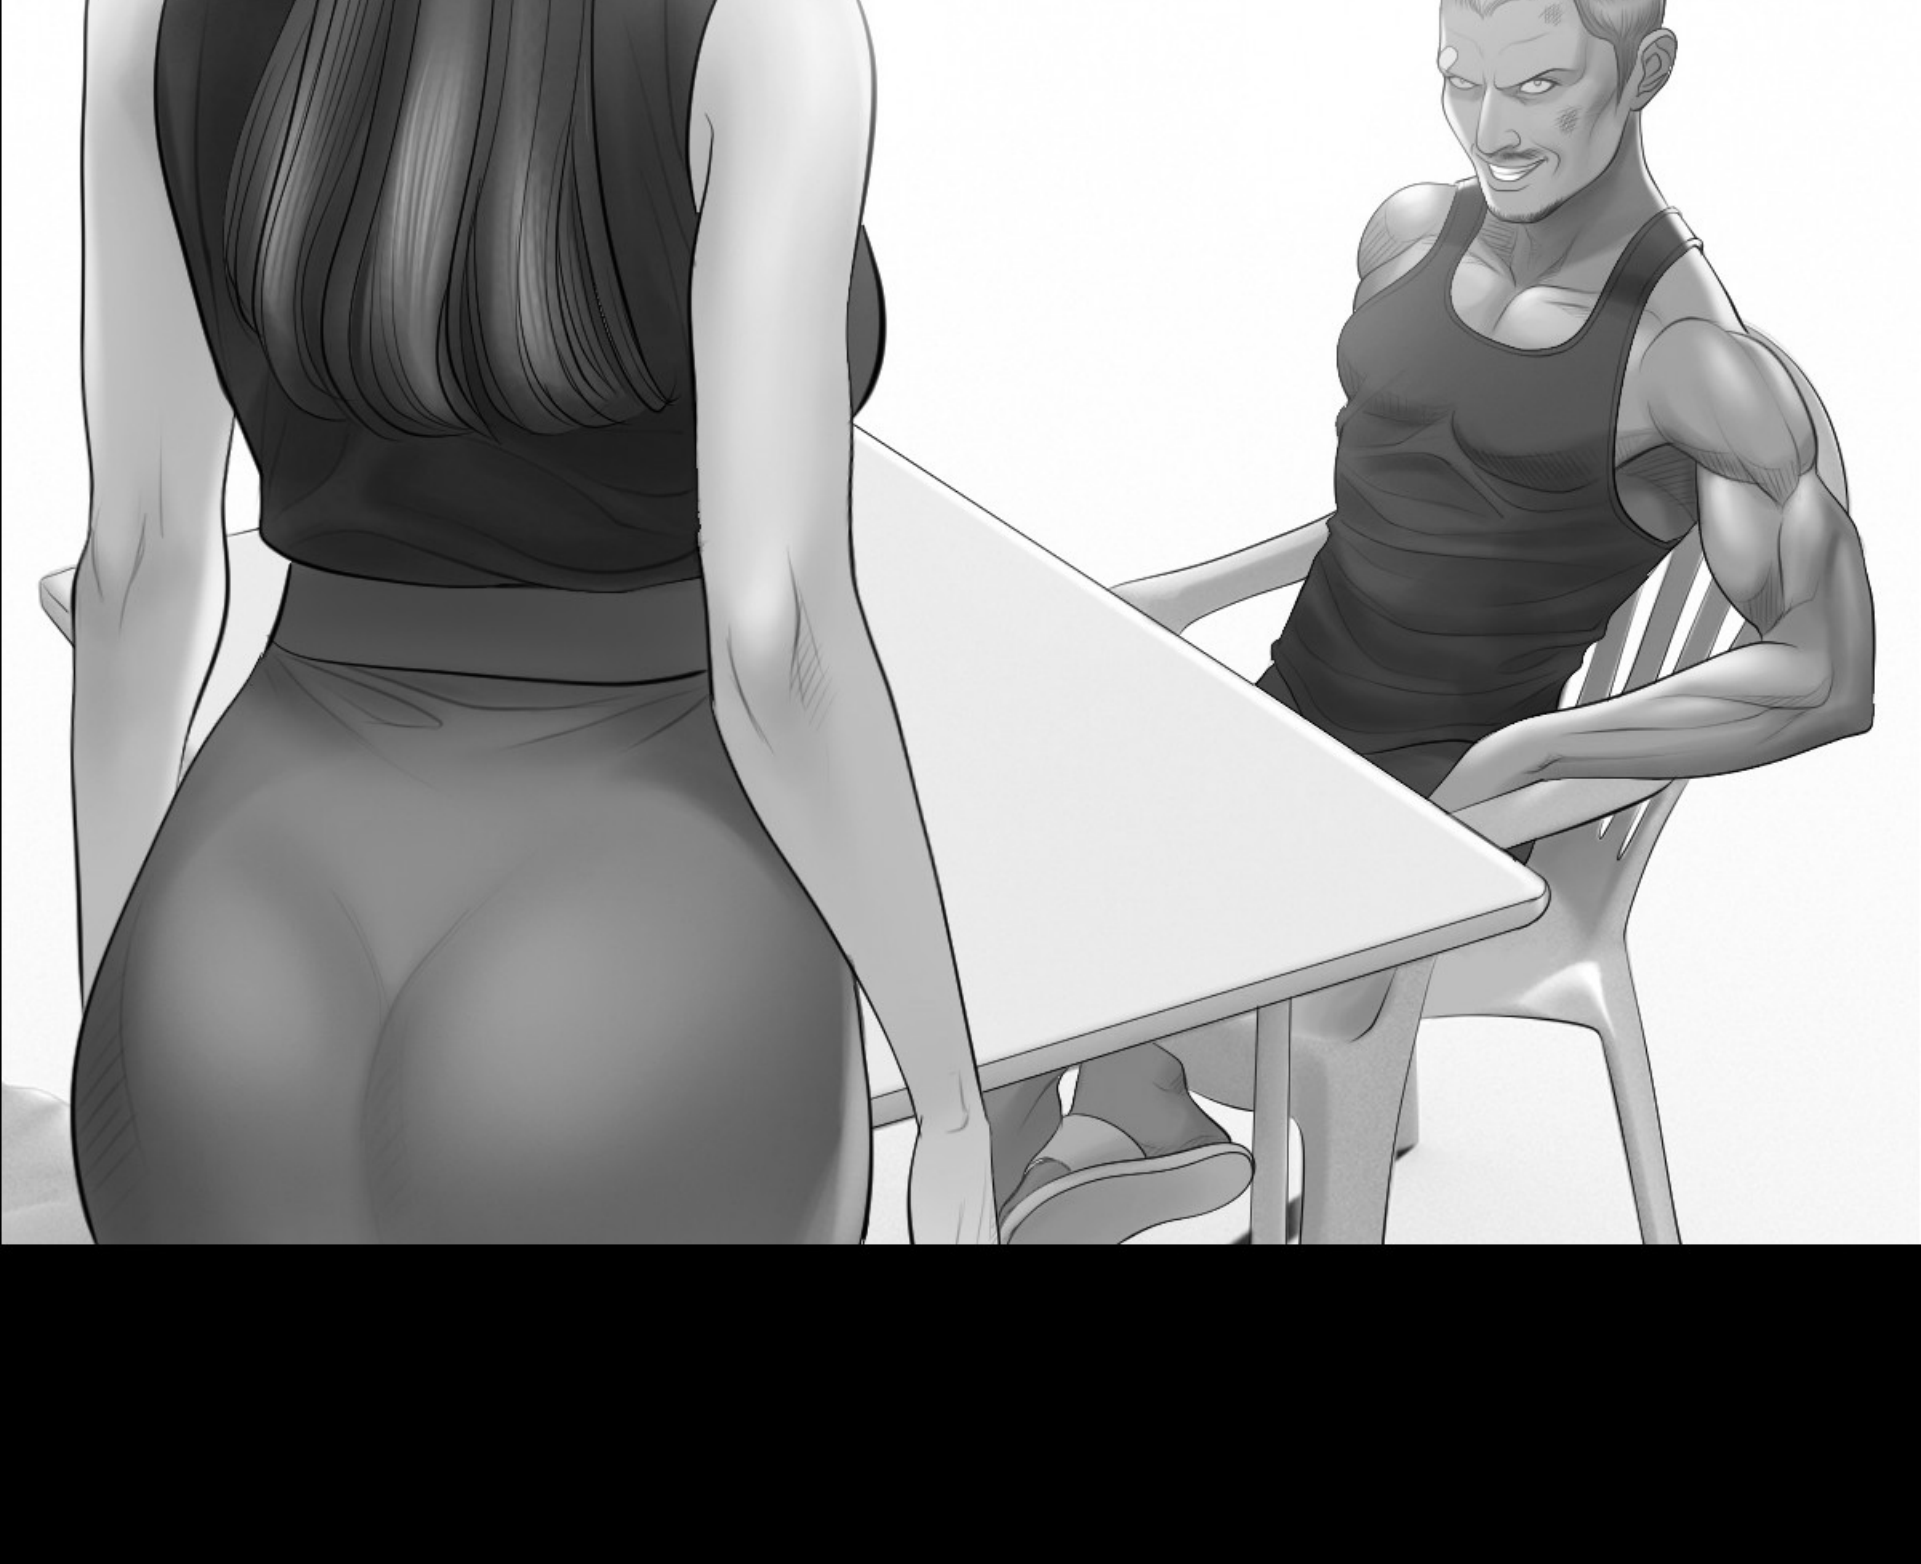

until your anger is relieved...

Giggle~ I never thought that such nasty words would come out of her mouth!

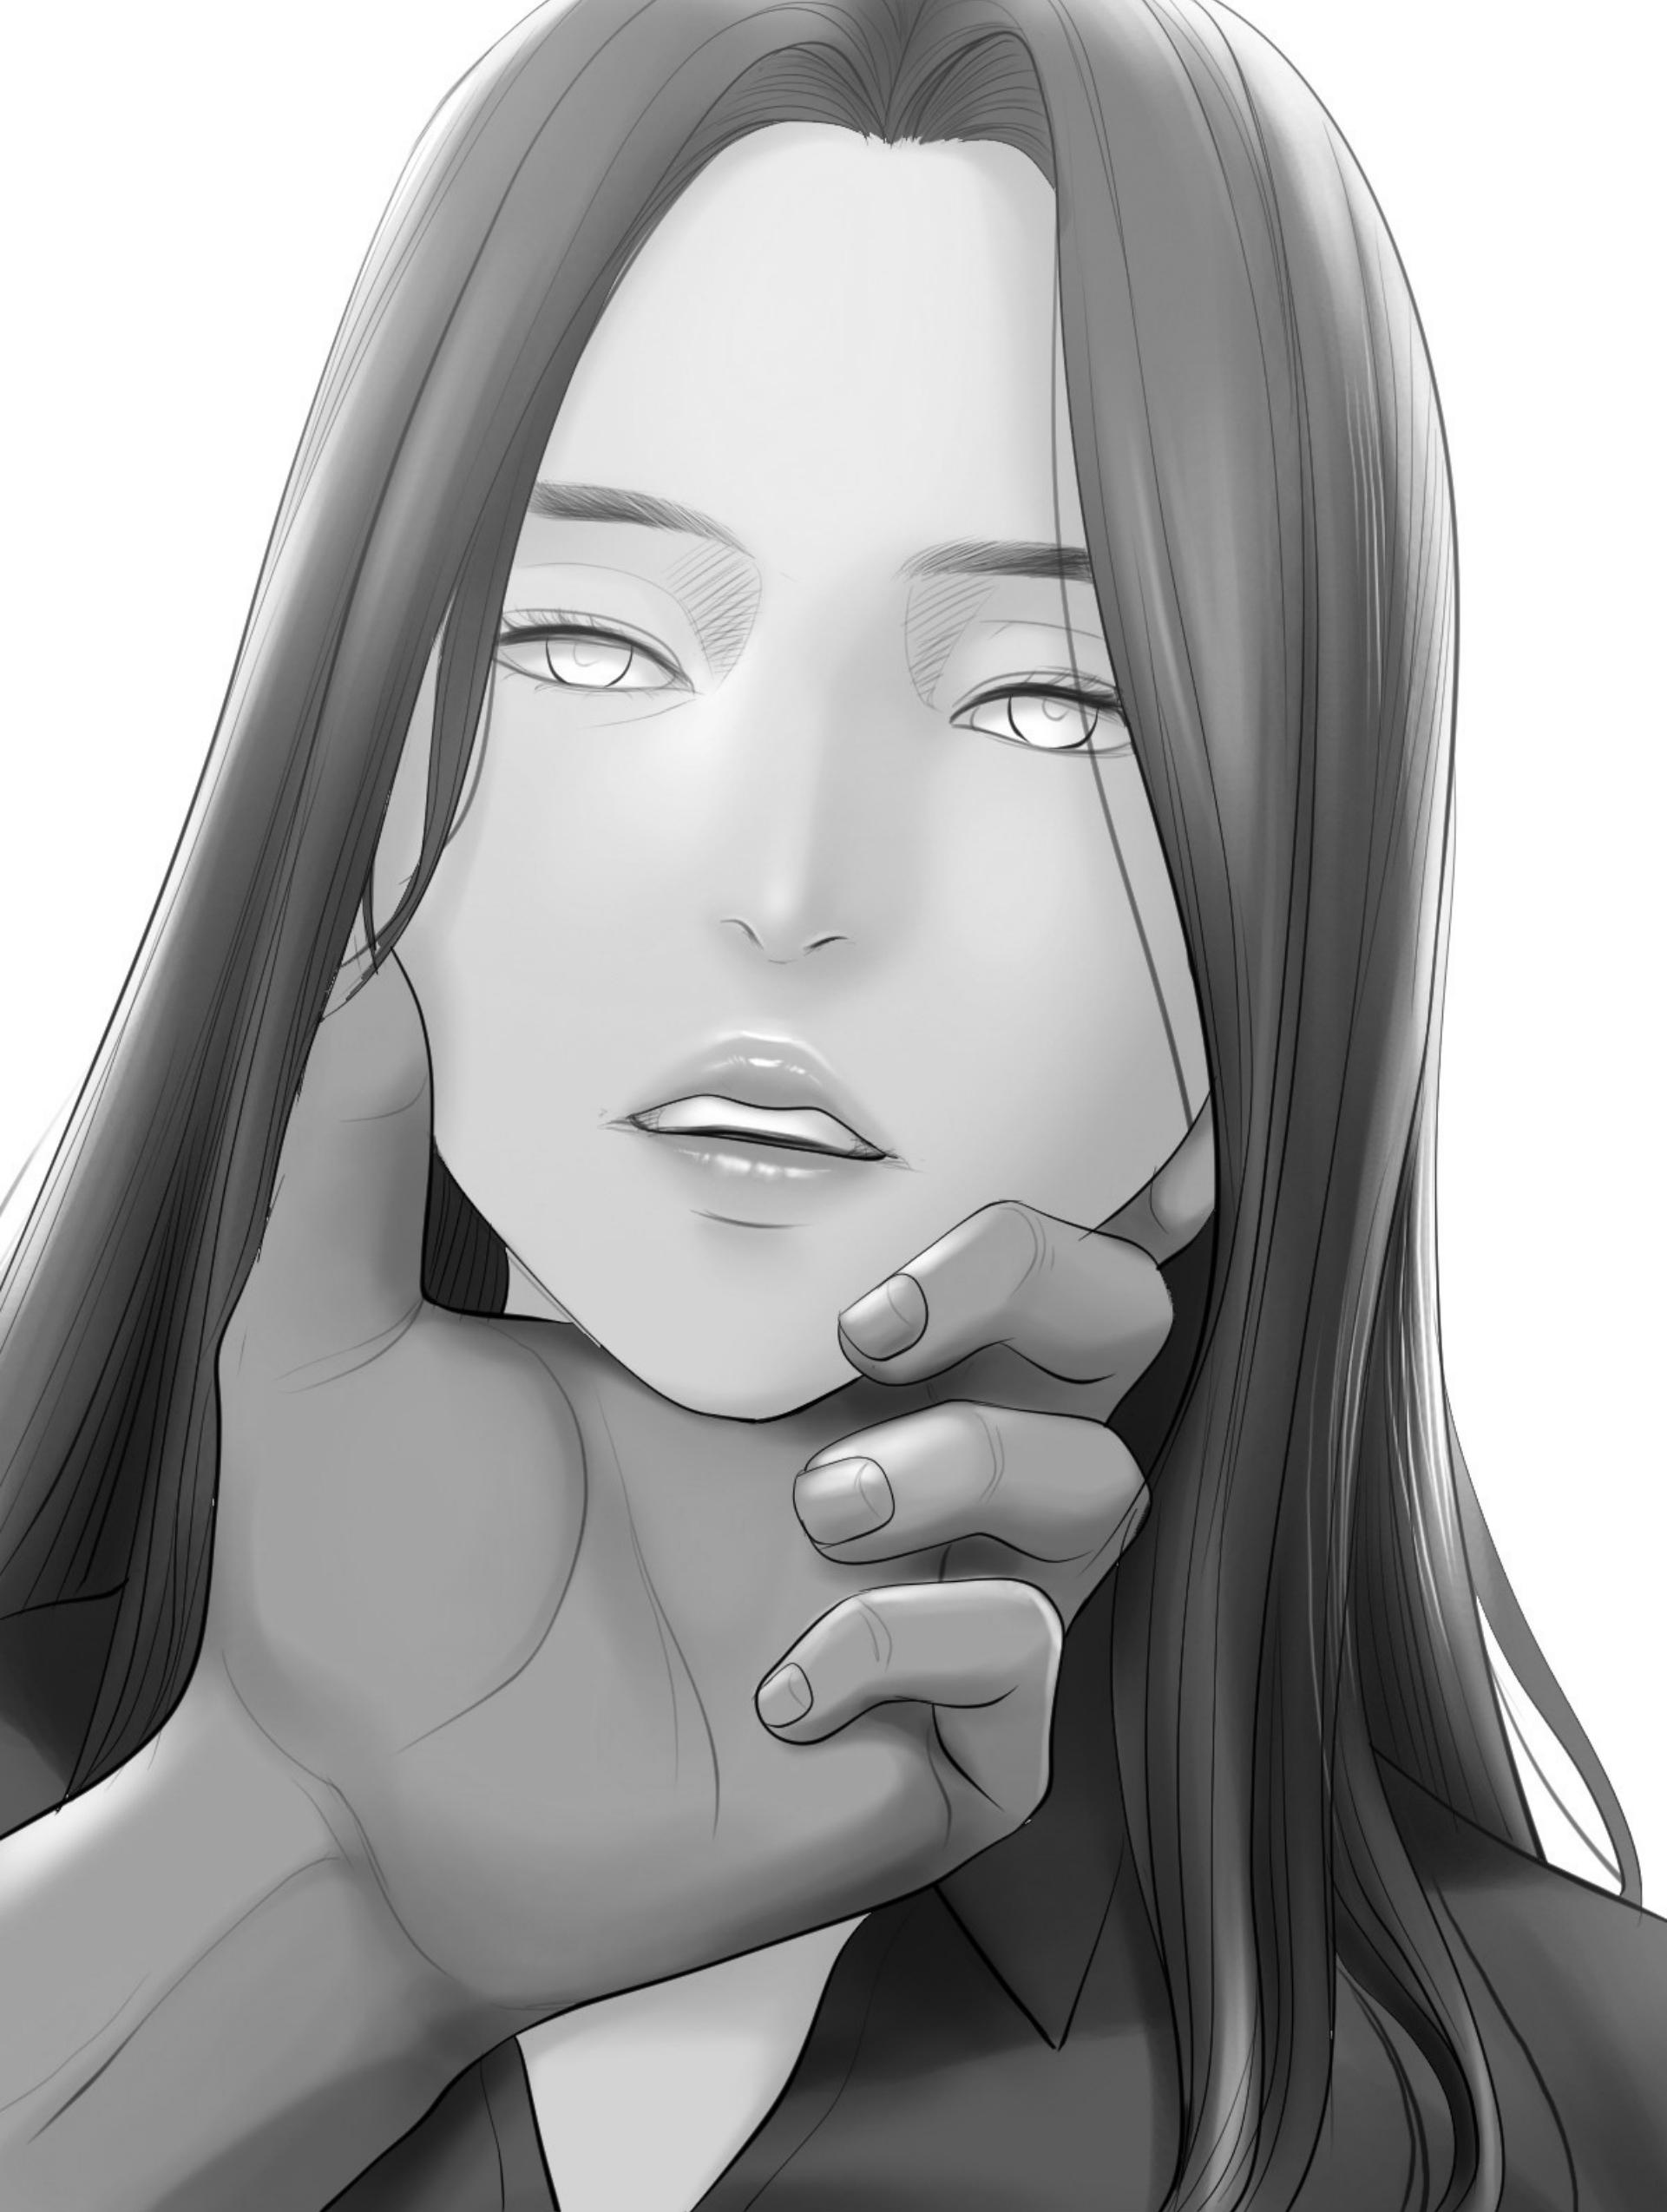

Hypnosis suggestions are working better than expected.

Smoking addiction wasn't the only suggestion I gave her that day.

A new personality.

A nasty and lustful personality was created in her unconscious.

"Naughty mia" is a much more powerful ego than the original personality.

At first, it works like a separate personality, but as time goes by, it merges into one.

The stronger her desire is the faster she is assimilated into 'Naughty mia'.

All right I'll take it.
