

## YOWABOOTY PEDAL

- "Finally the day came..."

Sakamichi Onoda said with a lot of emotion, after a boring life in middle school, finally the moment he waited for the most, high school, that wonderful place Onoda finally would have some friends had he not been able to achieve before.

While walking through the entrance of the school, he saw the different boys trying to get people for their clubs, Onoda only focused on going as unnoticed as he could, since the only club he wanted to belong was the one in his dreams, the mythical and wonderful anime club, each step he took filled him with strength and energy, while the thoughts came to his head, he eating apart from the others, watching everyone laugh and start

conversations; That while, Onoda was deep in his mangas, he knew they did not share even a little the love he had for anime.

One day without Onoda heard about the anime club in Sohoku High School, becoming his only goal, so after much study, even losing some of his favorite animes, reviewing the results Onoda saw that he had aproved the exam and in that moment he knew all the stormy path had been worth it.

Immersed in his own happiness, quickly came to the specific classroom, only seeing something that devastated his heart, a sign on the door that had written:

- "Due to lack of interested people, the anime club is canceled"

Onoda fell on his knees in the ground, cursing his luck, all the sacrifice made had been in vain, but suddenly very determined said:

- "No, I will not give up this time !!!"

Onoda stood up determined and enthusiastically exclaimed:

- "I will recover the anime club and finally I will have friends"

The school day for Onoda passed like a blur, all he could think was a method to achieve his new goal and manage to find more anime fans to revive his long-awaited club, but if he had been more in alert, would have been noticed that all his classmates not were very focused on the lessons that day, all the eyes caught the room were for a girl who was sitting in the back ,near to the window and still she managed to stand out more than any other, her name was Kanzaki Miki, a cute brown-haired girl with bright eyes that denoted her joy, always having a sweet expression on her face, she look trough the window a specific point, \* the cycling club, Miki like Onoda the only thing they wanted is get out of the classroom, she just want be the manager of the cycling club.

The teacher was the only one making a noise in the classroom trying to explain one of the many equations on the board, but even he was momentarily distracted by Miki, and not only by her beautiful face, she had another small details which made her it stand out, the word "small" being just an expression.

Miki was the most voluptuous girl than any other girl they had ever seen, she had a large and fat breasts that protruded completely covering her desk, each one being very heavy, managing to make the wood creak with each breath of the girl and highlighting her fleshy nipples that were marked through her blouse. Miki breasts protruded so much that it was difficult try to contain those gigantic meat orbs with the buttons of her clothes, they were

held so tightly, the soft breast mass press the blouse so hard, than in any moment they would explode with so much power as a destructive weapon, their large volume made Miki books and pencils rest on her fat breasts. Anyone would think those gigantic ballons would be the only one of her qualities, but it was not ,behind her was one of the biggest and fattest butts in the entire school, each one of her buttocks need a personal chair to accommodate and even with it, part of them came out to the sides, which only denoted a massive juicy booty, in the moment she settled in, her fat ass shake like a pudding balloon, which looked like two soft mountains, all in that classroom would pay any price just for touching them.

The girl's huge proportions were accompanied by how her uniform looked on her, the bursting blouse could not completely cover her torso leaving a part of the abdomen exposed, showing a small accumulation of fat on her belly that made her look even thicker, while her panties, perhaps being large enough for 4 people to wear them at the same time, but in Miki looked like a thong that went through her fat ass parting and a completely useless lack that could not reach even ¼ of the girl's hips and ass, for Miki it was completely normal, she had long time attracted attention, so the looks simply stopped affecting her, she could only see all her classmates as bugs next to her and this comparison could not be more exact, Miki is almost 10 feet tall, to accompany her amazonian proportions, clearly a goddess.

The boys in the classroom try to cover their erections, even the teacher was hiding his cock behind the desk, for the girls it was a similar situation their pussies getting wet when saw Miki, all of them thought she was too beautiful despite the fact their sexual tastes were not women, all did not avoid falling for the sexual goddess who looked through the window; In both cases, this have a reason, Miki inadvertently produced pheromones that increase the libidos of everyone around her.

The classes continued with this same atmosphere, until the campaign rang, at that moment Miki's surroundings were filled with her classmates who will want know more about her, the girl only answers with a smile and giving vague answers to the most frequently asked questions that everyone who knew her for the first time did to her, was a amount of the same ones over and over, Where do you get those curves?, Should I come to be like you? .... the same shit, which was enough for her, when Miki finished packing her things, she stood up giving an apology to everyone.

- "Sorry guys but I have other matters to attend to, please don't follow me, I'll see you tomorrow"

This request simply sound more an order, and everyone obeyed it without hesitation making way for her.

Just watching the huge woman swinging her fat ass wiggling at every step, despite everything something caught the attention of the thick giant, close the door was still a small boy with black hair and glasses who did not pay the slightest attention to her, for Miki this was something that had never happened, for her more than a nuisance, she managed to get a smile from being ignored, this was more flattering than following her like a dog trying enter between her ass; however she just kept walking, after all the cycling club was waiting for her.

Miki walk in the parking alone, since she had given the same order to get away from everyone who approached her, turning them into her pets with just a few words, but Miki tranquility was interrupted when she heard that someone was running after her , and preparing once again to dominate another bitch, she was going to pronounce the same words but the steps were followed long, surprisingly she had been ignored again, the girl's eyes widened when she see a small Black-haired boy again who only approaches a bicycle that looked somewhat old but a simple sight was cared with much love, this made Miki have a strange feeling,it seemed this boy shared the same her passion for bicycles.

- "Maybe it wouldn't be so bad to give it a try"

She thought, as continued walking.

Meanwhile Onoda pedaled at top speed leaving aside his usual trip to the AKihabara , the desire to have anime-loving friends consumed his soul ,at that moment arriving at the entrance of his house keeping his bicycle and running to his room Onoda began to prepare the master plan.

The next day was similar for Onoda, but this time when the final campaign rang the boy with glasses ran out and started to post flyers all over the hallways to get the anime club back, his impetus took him to the entrance of the closed club.He had a bigger steering wheel for that door when a very nice voice scared him.

-"What are you doing?"

The frightened boy had dropped the flyers to the ground by the impression, Onoda beginning to pick them up ignoring the person who had spoken to him ,when he was going to take one more of his leaves a delicate hand and big hand picked up the paper in front of him, forcing Onoda to climb the view contemplating the beautiful face of the girl who was reading the information of the anime club.

-"I see"

Miki said

- "So this is what has him so distracted"

Turning her gaze back to the little boy with a smile, the girl's massive curves stood out more as she squatted down to be a little closer to the boy's face, her fat buttocks pinking the floor settling to the sides due for the large size, while the blouse revealed more of her cleavage pressed against her breasts popping a button that hit right in the boy's face leaving a small red mark on his forehead, this forced Onoda to look the other way, seeing

another girl standing at Miki side with huge curves like the other girl , the misterious thick woman have a slightly bigger butt and this was meaning a lot because her hips covered almost the entire hall.

- "What are you looking at four eyes"

This massive woman is Miki's best friend, her name was Aya Tachibana, unlike Miki, she had a short cut hair and unfriendly expression on her face, her hair color was much lighter than her friend, but she was another Amazon goddess with unrealistic proportions, clearly these giant women had lived in the same way, for both "massive" was a small word to describe them ,having almost the same proportions being aya a little shorter reaching only nine feet.

She leaned down also to pick up one of the papers that Onoda had thrown, her fat ass pressed against the window cracking the glass from the pressure of trying to hold the girl's soft meat, she did not give it much importance, if she stop to think about all the things she breaks with her Aya would be apologizing all day.

- "AHHHHHH I see, you're one of those Otakus who only lives for anime"

Giving a derogatory look with a mocking smile that Onoda clearly could not interpret, giving the boy a quick jump with his eyes as if they were stars holding a hand of both girls with great emotion, the thick goddesses knew that no one could resist asking them for something. , so they were just waiting for a perverted proposal to reject him, Miki lost hope when she saw the joy on Onoda's face

- "Now that you saw me you should only be thinking about what you want to fuck me, in the end he is nothing that..."

- "YOU LIKE ANIME, BOTH ARE HERE BECAUSE ALSO WISH THE ANIME CLUB REOPEN, IT IS WONDERFUL !!!"

Onoda said with a big smile.

Both girls' faces were of complete disbelief

- "He only thinks about anime"

It echoed in the head of the two, Aya released her hand quickly with a feeling that she had not experienced, but Miki returned the handshake and with a smile I ask

- "Do you like bicycles? Yesterday I saw you had one and it seemed that you have kept it for a long time"

Onoda made a curious expression at the question, but answered without thinking.

- "Yes, I like them a lot, I go to Akiba in my bike whenever I have the opportunity"

- "EHHHHHHH !!!!"

Both girls expressed at the same time

- "You go to Akiba in bicycle every day, must be lying, there is at least 40 kilometers between this point and Akihabara counting the return, it must be about 80 kilometers"

Aya said accusing the boy of lying.

- "Let's go Miki, this guy just want impress us"

She took a step thinking that Miki follow her but the other giant squatted girl just stay in the same point

- " I like anime"

Miki said making Onoda shine with happiness

- "Yesss, have you seen ..."

Onoda was about to say, when Miki interrupted him

- "But there are still many things that I have not discovered, I was wondering, if you would take me to Akiba on your bicycle"

Aya eyes widened expressing the disbelief of what Miki said to her seemed impossible, she was very happy with her appearance but it was clear that both were very heavy, only her breasts weighed around 20 kilos each one, not to mention the weight of their butts and in general all their body parts.

- "Miki, you must be kidding, him.... "

- "Yesss, I will take you, I can't believe I made a friend ... !!!"Onoda said.

Miki stood up shaking her fat body,as she did so drawing the gazes of those who were far from her in the hallway

- "This will be a lot of fun, see you later Aya"

Miki's face was red and she was breathing heavily. Aya knew she was up to something, so let her have fun.

- "Okay, just remember not to crush him"

With a wink she took heavy steps that denoted the impossible task seemed to anyone to move such meat together.

- "Very well, I'm ready for us to go but ... What's your name?" Miki said.

It was true, he never said his name

- "Sakamichi Onoda"

Miki made a smile

- "I am Kanzaki Miki, very pleased, very well let's go"

The girl turned around showing her obese butt that shook like a mountain of jelly to Onoda, her asscheeks shone with a light layer of sweat that detached from her by the heat it emitted, while her beautiful buttocks danced for him when Onoda finally realized what had happened, striking him like lightning.

- "What... what... what, how did this happen? I hadn't realized I was talking to a girl. "

Miki's massive ass was reflected in her glasses this time filling his entire field of vision

- "She is beautiful, but how am I supposed to move her?"

The thought terrified him, but now he was in this problem and he could do nothing, just accept the challenge if he wanted this voluptuous goddess to be part from his new club.

The path to the parking lot seemed eternal, the other boys who saw Miki only felt courage and repudiation to Onoda who could walk so close to her, Onoda's legs trembled even more

- "How I am here I can feel that everyone is looking at me"

- "HEYYYY do you hear me... "

A voice brought him out of his thoughts

- "We are here"

Miki, was standing next to Onoda's bike making her look like a toy for the girl's massive height and body, Onoda walked forward looking to his bike without knowing what was going to happen, and suddenly his vehicle shook like if an avalanche had fallen on , Miki's buttocks had eaten the entire seat of the bicycle, the wheels looked a little bent to

support the weight of the girl, but miraculously this did not collapse just grinding trying to bear the weight of Miki, but the bike held the ground, maybe if the bicycle could speak it would perhaps express the pain-pleasure of being in the middle of the goddess's ass.

There was only one large shadow covering Onoda's entire back, the girl's breasts looked like a tent over the little boy's head, she kept her balance before removing the feet from the ground and placed her hands on Onoda's shoulders. She couldn't see him as her massive boobs covered her vision completely, so she just screamed

- "Let's GO Onoda Kun !!!!"

Taking her feet off the ground and giving a push the bicycle began to move forward, the wheels began to move despite the tons of meat that was on them. Onoda could not believe this happened but leaving his disbelief he began to pedal, Onoda feeling as if his muscles were moving a ton, despite this they gave him a super human strength taking Miki forward with his bike.

- "I can't believe you did it, not even my brother is able to take me on a bicycle, this is a dream come true"

Miki said, while she felt the wind hit her face, but for Onoda it was a totally different situation, his muscles burned only because of how little he had advanced Onoda could not think that he could reach Akiba with all that weight on him, the descent of the school lightened his loads a bit, the only thing he had to do was show his mastery while going down controlling the bike, but after that each pedaling took a bit of his life with him, but for some reason feeling how soft and warm Miki's chest are filled him with strength, this show continued as they made their way to Akiba. All the people who were behind them, saw how Miki's ass bounced at the slightest touch of a bump on the road, nobody rushed them, on the contrary, they took advantage of this opportunity thanking the little man who towed that massive girl.

The journey ended earlier than Onoda expected, realizing the streets were very familiar to him, he was finally able to rest, advising Miki they had reached their destination, when she got off the bike this gave a little jump when freeing herself from the girl load.

- "I can't believe it, so this is Akiba"

Miki expressed in surprise, meanwhile Onoda tried to recover from the titanic effort, asking her.

- "you had never come here before?"

- "To be honest, no, show me this world, you also earned it after all, you and your bicycle achieved a miracle today"

And without saying another word, Miki hold Onoda by the arm bringing him closer to her hips pressing him against them, Onoda could feel the softness, it was like a marshmallow

- "HA HA HA it seems that you like girls after all"

Onoda did not understand why Miki was saying this, when he noticed his hand was already massaging one of the girl's fat asscheek, his entire hand was not even enough to cover a sixth part of her ass, but Onoda could not stop moving his hand, Onoda freaked

out trying to walk away because of the embarrassment of what he was doing but Miki held him in place.

- "Its okay, this is your reward for bringing me here, so you can play with my ass all you want and enjoy it , this is something that only very few can experience"

Onoda did not know what to do, his body was moving for his own massaging the girl's butt, while his body hugged the huge thigh, she stroked the boy's head congratulating him to make him feel more comfortable.

- "Very well, now we will take a short walk, I want to see this place"

Holding Onoda's hand she began to walk, all the Otakus who were there turned their heads admiring the girl who exceeded proportions even the women who could admire on Hentai,

- "Onoda Kun, what's going on? I feel like everyone sees me "

Miki said pretending this had not happened to her before, Onoda more self-conscious than usual replied

- "It is that you are too beautiful no one can take your eyes off you"

Miki felt something strange again, even though she had received compliments throughout her life, this boy's words made her feel a warmth in her chest

- "Very well, and which store will we visit"

Onoda's confidence suddenly returned

- "This one has the best figures here and many anime that are difficult to find, I think I will be able to show you many things that you like"

Onoda easily entered through the door but for Miki it was a totally different case, her large body made it difficult for her to pass, while she entered her breasts and buttocks pressed against the wall.

- "These places are somewhat narrow, don't you think Onoda Kun"

Onoda was very excited by the sight but gathered enough strength pull her and get Miki into the store, this problem was repeated as they walked in the aisles, Miki's butt pushed the shelves even knocking down some, the anime figures pressed against Miki breasts and some of other sensitive areas arousing her a bit from the rubbing, this continued for 30 minutes. Miki was beginning to breathe heavily, all this involuntary massage put her

nipples hard making them even more sensitive, for her this level of excitement was nothing , but for average human would be a complete orgasm, not only her size was large,the girl's body sensitivity was fifty times stronger than any normal human. Her sensual pleasure was so intense, and an orgasm from her would kill anyone else.

Onoda stopped noticing those little details focusing on the Otaku things he loved, while Miki's despair grew more and more, she forgot his original plan to go slow and now she just want fuck, with her pussy soaked.

- "Onoda Kun, I was asking me if you know a place to rest? I need a bed, I feel a little tired"

Onoda thinking a little :

- "Yes, the upper part of this place is a hotel, but ..."

Onoda looked down with shame

- "It's only for couples and I don't think ..."

Without letting Onoda finish , Miki took him by the arm going up the stairs

- "Don't worry, I'll just rest a little and then we'll continue playing"

Miki was walking so fast that the shelves she passed were pushed by her wide hips and ass, not caring even a little, arriving at the reception

-"Hello!!! I wanted a room "

The keeper could not utter a word because of the aura emanating from the lustful girl

- "Yes, young lady can occupy the bottom room is the largest and no one will disturb you"

The manager didn't even think about charging her, all he wanted was to please the massive woman who had spoken to him.

-"Thank you are very sweet"

Miki said starting to climb the stairs that creaked with each step of the giant.

A little later, standing in front of the door of the room, Miki rushed in, throwing Onoda towards the bed, the room was spacious despite what she could think ,the room being full from anime things in addition to some sex toys but what caught miki attention was that each figure had exaggerated proportions with large breasts and butts, Miki just laughed.

- "So this is what pathetic Otakus like , you like it ? Onoda Kun"

Onoda didn't know what was happening, sweet Miki was giving her cruel words but she still replied

- "Not me, this kind of thing is only for perverts"

Miki with an evil smile slowly approached him starting to undo a button on her blouse

- "You're telling me you don't like these"

She straightened her back a bit making her tits press against the fabric of the blouse, Onoda's eyes were focused on the balls of carene that threaten to burst the blouse

- "Come on Onoda Kun, tell me what you like and I promise that today will be a day that you will remember forever"

Onoda without much effort and gathering courage answered

- "Of course I like them, you are very beautiful Miki and you are the most beautiful girl I have ever seen in all my life"

- "Cute?"

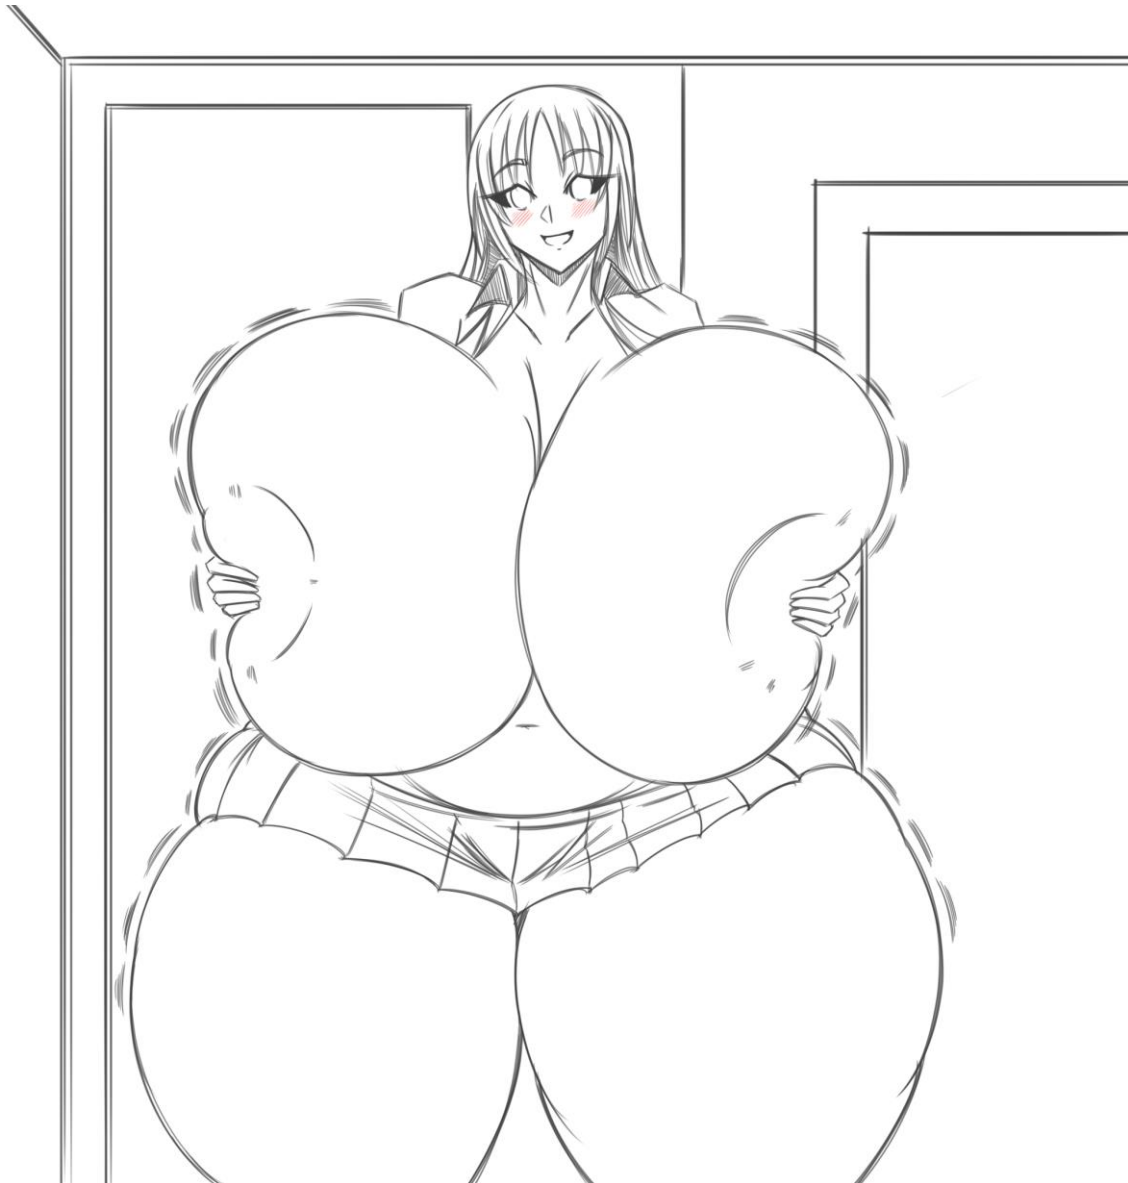

Miki's cheeks turned red when the pressure of her breasts exploded her blouse letting out the gigantic and thick tits, her white skin and light nipples greeted Onoda hitting him in the face each of them was bigger than his head. The impact hit the boy against the wall, being further away he could fully see Miki's body, she had only one leg on the bed and her now free breasts rested covering most of her abdomen. Miki's eyes fell on Onoda hungry but she used to have a little fun with those she considered inferior to her.

- "Onoda Kun, what are you doing?"

Miki lifted her breasts and began to squeeze them, the boy knew that they were both heavier than his entire body, but they lifted them like feathers, Miki began to shake them suggestively causing her large nipples to wiggle in front of Onoda's face inviting him to put them in his mouth and as if it was an implicit order, the boy moved as fast as he could, biting and sucking the crowns of Miki's breasts.

That made her give a moan of approval, the warm sensation of Onoda's saliva was very nice, the movement of the tongue as if trying to suck milk from the girl's breasts, Miki held Onoda's head gently stroking it as if it were a puppy, even though he was not a very tall boy you could say that his height was average but next to Miki's massive tits he looked more like a doll next to the meat orbs

- "Stronger Onoda Kun, if you don't try, I won't give you your award"

Hearing this, Onoda began to suck harder and massaged Miki's other breast with the other hand.

- "AHHHHH Yessss, that's small !!!"

The saliva began to come out of the corners of the girl's mouth looking towards the ceiling, starting to press Onoda's head harder against her tit, immersing the boy's face in his soft tender skin, preventing the passage of oxygen, Onoda took a few moments Realizing that he was lacking oxygen at first having his mouth full with the tip of Miki's nipple was enough to mitigate his discomfort but as a little more time his lungs are crying,

he needs to breathe but just not fight against the titanic force of the girl holding him still, the way Onoda fought only sent more waves of power to Miki who had lost to rub her savannah pussy more

Onoda's fight became more violent, clenching his mouth as if he were going to bite Miki's nipple for her only meant pleasure, since no matter how hard the boy did, he could never hurt the Amazon who had dominated Onoda's hand. He pinched Miki's flesh even squeezing her nipple with all his strength but again this was just a caress thinking that the boy was only thinking to please his new goddess, even though Onoda was a few steps away from passing out, his penis was at the point of beginning to come to life the feeling of being so helpless, being less than a rag doll was exciting him so much that his cock filled more and more with blood, in addition to the feeling of suffocation only increased the power of his erection, they spent 30 a second more before Onoda was about to lose consciousness when a loud ripping sound echoed through the body, Miki thought the cloth on her body had finally burst but with little inspection v lo everything was still normal releasing the boy's head dropped it on the bed.

The girl's eyes widened the size of plates with the amazement of seeing one of the largest roosters she had not contemplated, she had always had the problem of being too big and that no penis even had the opportunity to satisfy her, but the The huge pillar of meat rising proudly from Onoda's groin had completely changed his perspective to the thing that was pounding with a head the size of a melon, as thick as the boy's leg accompanied by bowling balls like his testicles, the thing was at least 40 inches of pure masculinity, slightly wider than the widest soda bottle he had ever seen; Instinctively Miki's mouth began to salivate, while Onoda, still struggling to breathe, his mind was so clouded that he could not perceive the hot sensation that was around his elephant cock, as he began to regain his sight. He saw how half of his cock had disappeared between Miki's wonderful breasts and not only had his penis disappeared, his lower half was also covered by the flesh of Chica's chest. Onoda simply couldn't see her legs and before she could ask a question with a quick swipe the girl lifted her tits right up to Onoda's tip now covering the upper section of his cock.

- "AHHH"

Onoda received the shock of pleasure, he did not know how it had come to this but now there was nothing that mattered less to him.

- "You are huge, Onoda kun, I never imagined that a little boy like you had this thing between his legs, I think miracles do happen"

Onoda, could not articulate words immersed in the sensations that Miki was giving him with the tit job he was doing, pressing with both hands the tits, Onoda's cock almost disappeared while he was masturbating this could not go unnoticed, the urethra was spitting enough pre-seminal liquid to humiliate all the loads of the previous guys with what Miki had had sex with before. Miki's smile disappeared when she opened her mouth and managed to push the boy's obese head all the way down to almost touch his throat; Onoda thought he was in a dream, since his brain was not used to being a virgin Otaku, he could not resist this treatment, so only with the boiling saliva of the girl did he reach orgasm at the moment of submerging. Onoda's balls jumped, letting the skin of his scrotum wrinkle as he threw his prolific charge right into Miki's mouth, inflating her cheeks as if she had two melons in her mouth, there was at least one gallon in that simple shot; Miki's tongue could taste the boy's bitter and powerful vessel of semen and again demonstrating its ability, she swallowed that enormous amount in one attempt, bulging her throat as the thick liquid descended into her stomach, but while doing another powerful jet. I fill it just as big again, and then another and another. Miki felt in her own personal fantasy, she had never tasted anything so delicious or so much cum in her life, this is what she wanted, only two more shots were enough for Onoda's orgasm to end.

The boy was rolling his eyes, the pleasure had kicked his conscience into another universe, while Miki had devoured the entire load, her stomach relaxed a little more as she swallowed that inhuman quantity of sperm.

Onoda's brain warned him of the sensation of danger when a forceful sucking sound was heard, the suction was so powerful that his balls trying to produce more milk for the girl were lifted only by the act of sucking that was taking place. . Miki was trying to take every last drop of the load that would have been inside Onoda's penis to finally release it with an audible and wet PoP sound, allowing the now flaccid cock to fall hitting her breasts that were still wrapped in her half lower; Miki was savoring, until she swallowed those last drops

- "Delicious, boy you're an Otaku monster, I bet you spend all day masturbating, only in this way I explain how your penis grew so much"

Miki got up, finally releasing Onoda's third leg, the rooster had shrunk a little but it was still huge "

- "What is happening Onoda Kun, we are just beginning and it seems that you already ran out of strength"

Miki turned her back to him, beginning to remove what was left of her blouse slowly seeking to provoke the boy, until she fell to the ground and then leaned down a little, fully

accentuating her beautiful and fat heart-shaped ass, she had done this a few times and flexing her butt a little more did it expand, squeezing her underwear tightly, beginning to tear it slowly as the pressure increased, Onoda's eyes could only see Miki's buttocks massacring the poor fabric that fought with all her strength to not die RIPPP, her panties ripped and flew off at Onoda's face, which he mistaken for a thong was wide enough to wrap her entire cabella like a towel, being the best part when her buttocks Miki shook each other in a dance, proving that despite being firm they were as malleable and soft as the most delicate jelly.

Without Miki moving, he brought one of his hands towards one of his buttocks, moving it so that Onoda had a good view of the fat donut that was her anus and her big pussy that was dripping with thick threads of the girl's juice, the heat it will emit was so intense that the steam from the cave entrance to the girl's pleasure was visible. This whole show was not indifferent to Onoda, his massive cock was beginning to come to life, longing to be able to get between the folds of Miki's vagina, causing him even more, the girl shook her ass from side to side, like a bitch in heat seeking to satisfy that lust that was devouring her.

Again, Sakamichi's penis had reached its maximum size, but despite the fact that his vigor had recovered, he still lacked strength in his legs, so he could not advance towards that paradise that was in the middle of Miki's legs. .

- "It seems that we will have to work on the strength of your legs, if you want to be my toy"

At the end of these words, Miki climbed completely onto the bed making it creak like it was going to split in half

- "My little Onoda Kun I hope you are ready for your training to begin"

And without saying more Miki placed Onoda's penis just above the entrance to her pussy, swollen lips bathed Sakamichi's cock, soaking it completely, he could feel every drop of the thick liquid bathing him, pleasure and desire were exploding in him Without having entered yet and as if in automatic control, he pushed his hips with all the force he had left upwards, penetrating Miki's pussy, causing the melon-sized head to stretch the folds of the girl's pussy. Miki's back curved immediately she had never had something so big inside her that it was not a plastic toy, generally the boys could not even make her feel anything, but only this cock's head was rubbing the walls of her vagina With such force that like the boy, the sensation never before experienced brought her to the edge of the ravine, pushing her having the first orgasm she had suffered due to the fault of a man's cock.

- "AHHHHH, YESSS DAMMMM; IT'S SO HUGE "

A large jet soaked Onoda's upper body, the girl was exploding like a waterfall, while the muscles of her vagina closed as if trying to crush the head of Sakamichi's penis.

The girl was sticking out her tongue and her eyes narrowed as she made a silly expression, her breathing was like that of an animal panting and enjoying one of the most intense orgasms of her life, even her forehead was filled with sweat weakening her legs and falling squarely on Sakamichi's huge cock, shoving it all in one blow.

The massive meat mast, stretched Miki's vaginal canal to such an extent that a person's head could easily enter without problems, but that was not all, when the strong blow

reached the entrance of the uterus, it took Miki to her second Orgasm causing her to lose control of her body falling back onto Onoda, crushing him but still having the boy's cock completely lodged inside her.

Onoda was again being pressed against something and the oxygen escapes from his lungs once again when he received the weight of the giant that was convulsing on him, the powerful muscles of his vagina crushed him to such an extent that it was a little painful , but too pleasurable, even if he used all his willpower Onoda just couldn't push to get deeper inside her, so he just stood there motionless trying not to fall unconscious, as Miki's ecstasy passed.

For Miki the story was completely different, her eyes were blank and her tongue was out of her mouth, dripping large drops of saliva as she touched her clit, massaging it just to make the sensation more intense. Looking down he could see that the lump in his abdomen was visible even though she was the largest girl, A cock like that managed to distend his stomach, Miki could feel every inch of Sakamichi's penis, the heat and its tilt was clearly a tool made for her to feel good, but despite the fact that the pacer was still overwhelming her, she found enough strength to be able to express a few words to the boy who was completely sunk in one of the deepest places that nobody had reached before.

- "Onoda Kun seems that you feel good, you .. you are giving me the best moment of my whole life, but I am not yet completely full so..."

While still convulsing, Miki managed to lift her upper part making her breasts hang on either side of her, squatting, Onoda's lungs expanded again, filling with air of life, but she could certainly taste the the smell of Miki's sex that was completely filling the entire room, without the weight of the girl, he could feel his cock's head hitting a kind of wall inside the girl, he could feel it and just imagine this he was doing that he was ready for his second ejaculation.

Miki felt Onoda's penis was heating up even more and swelling, it was a clear sign that the next thick white charge was yet to come

- "WAIT!!!"

Miki scream giving him an order

- "If you are going to come, you better get to the bottom of me, so keep it"

Miki consciously tightened her vaginal lips avoiding that any liquid passage was possible by Sakamichi's cock.

- "Now enjoy this award, you are the first boy who manages to take me to this limit"

Miki's gaze was glassy, since her orgasm did not stop on the contrary, it only intensified for each small movement she made, even breathing with that huge thing inside her, her legs began to rise, pulling out Sakamichi's member slowly until only the head was inside, Miki turning her head placed her gaze to the front savored this sensation once again before dropping with the force of a hydraulic press on Onoda's rooster, the sound shook not only the quantum but all the building, the Otakus who were downstairs fixing the shelves that the girl had previously pushed with their butts, felt how everything shook, the manager had an idea that only that giant would have the strength and weight to do something like that, but instead of trying to stop the act, he kept masturbating while thinking about what the girl was doing at the time.

"CRAKKK" the bed was split in half, it was impossible that he could resist the force of the girl's buttocks hitting Onoda's groin, while the barrier opened allowing all Sakamichi's cock to enter completely, housing the tip of the Cock inside the womb again Miki exploded, flooding the room with jets, the splash sounds were so loud that they could be heard all over the floor, the wall in front of her was soaked, the girl's teeth clenched very hard, never she had felt that, this boy was the one she had been yearning for every moment of her existence.

The image inside the room was completely obscene, the girl had managed to get Onoda's balls to hit her ass, while she was dripping nonstop, the fluid even leaking out of the door opening, while Miki twisted her legs nonstop opening and closing them, enjoying their own heaven.

Onoda's brain ruptured, his testicles convulsed with such force that they almost came out of his scrotum, throwing the load so thick that it was slowly climbing up the boy's urethra until finally like a rocket came out of the cleft hitting Miki's uterus, filling it with the first shot deforming it with the power of the jet, three shots came out with the same intensity as the boy's rooster, bulging Miki's belly even more as if she had had a family dinner for herself including the entire dessert car, Onoda just didn't He could hold on longer, losing consciousness as liquids trickled down his legs.

- "HEYYYYY wake up, are you still alive Onoda Kun ?, That was wonderful, now open your eyes so that we continue together"

Something was gently hitting Onoda's cheek as he regained consciousness, for some reason he didn't feel his body, he appreciated that the pleasure had burned his nervous system, but the numbness receded as his eyes opened, he thought it was the soft hand of

Miki brushing his cheek, but when refocusing his gaze he saw the fat nipple of the girl who was right in front of him and brushing her mouth

- "Good that you came back, I was starting to get bored"

Miki said

- "When was I unconscious?"

Onoda asked

- "About five minutes I would say, and that was too much"

Miki rubbed her wide ass on Onoda's bottom trying to revive him again

- "I'm ... sorry, but I don't think I can do it again, you left me completely empty"

Onoda said to which Miki returned an annoyed look

- "Of course not, you think I will be satisfied now that I am starting to feel good, you are going to get tough one way or another"

So Miki closed her powerful thighs around Onoda's soft flesh pressed very hard.

- "Please Miki, I can't"

Miki just took a deep breath and said

- "It's okay I'll leave you for this time, but you better start working on your resistance, it's not good to leave a girl unsatisfied"

Miki stood up as a large cum of cum came out of her pussy, she lightly hit her stomach releasing a little more of the thick liquid

- "By the way that was a good load, it still has not finished leaving me"

He said with a malicious laugh

Onoda didn't have the strength to take a step, so he lay down on the wet mattress

- "Miki, could you give me a few minutes, I have to recover before we go"

Miki replied

- "Of course, silly, you still have to take me home by bicycle, so I hope you recover soon"

Onoda felt her spirit leave her body, "taking her on a bicycle after everything that happened could not", but before she could say anything, someone knocked on the door

- "Excuse me miss, but I would like to know what happened there"

He was the manager of the hotel who, more than finding out what had happened, only wanted to be able to contemplate the amasia goddess in a perhaps shameful position and enjoy her body once again.

Miki turned towards the door with an evil smile

- "Do you want to see something fun Onoda kun?"

She proceeded to open the door, standing at the entrance in front of the almost completely naked man with her pussy pounding, the manager almost ejaculated at that moment just because of the girl's vision.

- "OHHHH I'm sorry manager, I think I got very excited with my boyfriend and I destroyed the place a little, but don't worry I can pay for it"

She loved taking that innocent girl attitude with all the things she had destroyed in her life, she had never released even a single Yen in return, on the contrary for the huge girl everything belonged to her and it was an oven that she passed through where they found those commoners

The manager could barely articulate a few words

- "No ... don't worry miss, everything goes to the house"

But Miki insisted

- "OHHHH no, let me"

And with a quick movement as if it were a doll under the manager's pants, revealing a completely hard penis, but only 3 inches, Miki couldn't help but start laughing

- "HAHAHAHA, is that what you call a penis? I can't believe it, that you're a baby? It's ridiculous, look at the little boy who is in bed, he has a monstrous cock, you don't compare yourself to him, but I'll still play a little with you"

Miki turned around and leaned back on the mattress, pushing Onoda aside.

- "Look at this it will be fun, HEYYY your worm penis, I will give you the opportunity to do what you want with my butt, go ahead, have fun, but if you ejaculate you should stop, was it okay?"

Without saying more, the manager jumped on the fat soft marshmallow buttocks, beginning to massage them, sucking and kissing them all the time. Miki didn't look away from Onoda's eyes

- "What are you doing Onoda Kun ?, Why are you looking at my face ?, You should see the show"

The boy looked down to see how the man could hardly separate the girl's massive buttocks, despite their softness they were heavy, so he could only imagine the ability that Miki had to handle her entire body as she was as light as A pen

The manager rubbed his entire body, gathering all his will to avoid bursting in the butt of his dreams, but no matter how hard he fought, he could not do anything, not caring about more push with all his strength, managing to put his tiny penis in the middle of the buttocks of Miki, waiting for a reaction, but only a big yawn force released by the girl

- "Come on, when are you going to start doing something ?, OHHHHH, did you already put your penis in the middle of my buttocks? it's so small I didn't even feel it "

For some reason, this only motivated the man to hit with all the force he had pushing his hips as if his life depended on it, but clearly they were achieving nothing and he could feel how his own orgasm was about to come.

- "Why?"

Angry scream spanking the girl, making her glute tremble like a balloon filled with water, shaking all over the place

- "HAHAHAHAHA, what a nice caress"

Miki scoffed again

- "Look at this Onoda Kun"

I wink at the boy, the disproportionate buttocks lifted a little and squeezed the midsection of the man milking his small penis to what he could only squeal while the tiny load rested in the middle of the abyss that was the line of the girl's ass

- "What's going on? Why are you writhing? don't tell me you already came "

Miki started laughing again

- "How pathetic everyone is the same, well not everyone"

She turned her gaze back to the boy and his huge cock

- "In any case it doesn't matter, you lost"

The happiest manager in his entire life, he retired even with the aftermath of the powerful orgasm for him, but frustrated by not lasting even half a minute playing with the thick goddess who was in front of him.

- "Wait, what are you doing? you're not done yet "

Miki turned to where she was and with one hand separated one of the large buttocks, allowing her anus and the wedge soaked with the thick seed of Onoda to be seen.

- "You are not done yet, you have to clean up this mess, lick your load in the middle of my ass"

The manager knew that this act of humiliation was just fun for the girl, but with the words he managed to excite him again reaching his full erection minie

- "HAHAHAHAHA you are just a pathetic fagot who likes humiliation, well if that's the case, get on all fours get in the middle of my buttocks and start licking it all dog"

As if it were a shock the elect the manager obeyed, crawling right in the middle of Miki's buttocks, the smell was strong not only was Onoda's seed there, the excitement and juices from Miki's pussy were flooding her nose, but not wanting to challenge his new goddess, he stuck his tongue out to make contact with the skin on the girl's butt and began to lick his tiny load

When Miki felt the touch of his tongue on her extra sensitive skin, she released the giant buttock to catch the man's head in the middle of the mounds of meat.

- "HAHAHAHAHA, I hope you like your new home"

She shook her butt, shaking the man like he was a piece of toilet paper that was tucked between her buttocks

- "Do you like what you see Onoda Kun?"

- "Ehhhhh?"

Onoda wondered "why Miki said that", but looking down he could see that his cock was filling up with life again

- "I knew you could, you just needed a little more motivation"

Miki's hand went to the member of Onoda stroking or gently, alternating between leftover balls and the tip of the growing dick

- "How about I give you a good show with this fag and then we'll play yours again?"

Miki squeezed her buttocks again, making the manager's body stand straight as if it were a stick that was embedded in her behind, winking at her, she opened her mouth and approached Onoda's cock ...
