

Chun-Li New Diet

Chun-li was walking towards the changing rooms, the huge female warrior body swaying side to side, her big fat ass cheeks seemed to burst through her brown mesh and not only Chun-li butt that had grown, her now massive breasts bouncing up and down as if were two bags full of jelly, the Chinese fighter going through a strange phase of growth no one could explain.

The massive woman was sweating, her forehead and armpits were drenched, anyone would think that all this sweat was due to her recent fight, but that couldn't be further from the truth, Chun-li fight ended in just a minute, the other warrior a powerful wrestler named Zangief, who made average-sized men look like dwarfs, simply couldn't match the titanic woman he faced, she was the astonishing 12 feet tall and weighing around 700 pounds, it was too much for the man to do, the Russian bear no had a chance.

Although it was not a very long show, all the men and women who attended, enjoyed it as if time stopped, the gigantic hairy man launched himself like a tank trying to bring down Chun-li, impacting right against the plump belly from the girl, making her tremble, the powerful impact reached her buttocks that shook and clapped, breaking the mesh that could not contain the effects of the inertia of so much meat moving together.

The impact had been powerful enough to knock down an elephant but it did not move Chun-li an inch, who only looked down on the pathetic attempt to harm him.

"Hey little one, that's all you can do, it was like a butterfly was standing on me" Chun-li had a mocking smile, while looking at Zangief, the man's face turned red with rage, it was time to use one of his special moves and shut this arrogant woman's mouth, tightening every muscle he had

Zangief tried to lift the girl into the air but to his surprise he couldn't move her even a bit, trying to get a better support point, he moved his hands further back, managing to grab the back of Chun-li's buttocks , she emitted a small moan, apparently the tremendous grip strength of a man who is capable of fighting bears was tickling the family size girl "No no no, you can't play like that on the first date." , and moving her hips forward, Chun-li pushed him so hard that Zangief flew towards the ropes as if he were a rag doll.

"If you like my ass so much you better be ready to kiss it" Chun-li turned her body, leaving her fat ass in front of the Russian man's , the wonderful view of her full body was quickly overshadowed when the huge butt slammed into him at enormous speed ,Zangief ended up embedded between the two Chun-li marshmallows, unable to move, being at the mercy of the girl, she jumped, dropping her gigantic booty against the the ring, * KABOOOM * , the

entire stadium shook at the impact of the girl's ass against the ground, the ring was destroyed by the force of the fall, and half of Chun -li's butt was already buried in the ground.

The strongest woman in the world slowly got up even with Zangief between her beautiful ass, laughing a little she leaned forward, relaxing her cheeks, Zangief slipped slowly, falling to the ground completely unconscious.

The bell rang and the little referee tried to raise the huge woman's hand in the air but it was impossible since it barely reached the height of her navel, Chun-li looked up at the ceiling in boredom of this.

"I think I'll never find someone who can even give me a little fun" she wailed as her stomach lurched roaring GURGLEEEEEEE, the sound managed to echo in the stadium, Chun-li's cheeks turned red in shame "It cannot be, it will be better for me to leave or I will have real problems"

Already in the dressing room Chun-li began to undress having trouble removing her clothes they were too tight." I have to stop these habits or I won't be able to wear anything pretty "she sat on a wooden bench

reinforced specially made for her, but still bending under her tremendous weight, "this ridiculous toy cannot support so much beauty together" and as if it were a reminder her belly groaned again asking the massive woman for something to eat, but this roar did not was like the previous one, this one even shook the windows of Chun-li's dressing room a bit. Her stomach was angry and she wouldn't wait any longer; "Alright, I got it, soon I'll give you something delicious so wait a little longer" the girl was having a conversation with her stomach making the scene look cute.

Chun-li Change her clothes now wearing only a white blouse, with tiny panties that could not cover her pussy. She opened the door to her private dressing room, where a small, plump man awaited her.

"My lady Chun-li, we have already vacated the arena as you requested and I have some of your admirers ready for your private session" the little fellow was glad he could ingratiate himself with the woman he adored, in his

perspective and in virtually everyone's, Chun-li was now a Goddess, in size and proportions.

"I'm glad you obeyed my orders , you will be well rewarded when I finish having fun." She started walking, ignoring everything else, until she came a special room had been built in the stadium exclusively for her, this special place was huge and had all the comforts Chun-li could wish , a large bed, television, a sofa large enough to easily seat five people in a time, but what stood out the most was in the center of the room , a wooden table which looked quite sturdy, with a big industrial refrigerator that anyone could think was for a 2 or 3 restaurants, which was always at maximum capacity every day, the Chinese girl, went to the refrigerator, being only a little taller than her, opening the door revealing it was packed with what look to be pounds and pounds of meat and sodas.

"Perfect I am pleased that you keep my provisions always well stocked you worm" she said to the man who was standing behind her; he loved the way which Chun-li humiliated him, clearly this was Chun-li gratitude for fulfilling her expensive whims "For nothing my lady, I live to serve you"

Chun-li just sighed, she had gotten used to everyone starting to have a submissive attitude around her, "Very good pathetic fagot, I don't care what makes you happy, you're just my bitch, now go and do your work" the man hurried to the other room entrance , there was a group of five people waiting outside.

"Finally" exclaimed one of the Chinese fighter's admirers, "we were already tired of waiting when we can see Chun-li" the little man got serious, managing to intimidate the young people who were there "I'm sorry the wait but the lady was getting more comfortable to attend all of you, please choose who will pass first only can enter one at a time "

These words managed to annoy them as none of them wanted to waste time to see their goddess, but they knew those were the rules and they had been lucky to be chosen for this experience.

They were having a hard time deciding, when a loud noise came from inside the room GURGLEEEEEEEEE, the vibrations shook the door so the servant knew there was no more time "you the fat guy come here you will be the first to see the Miss, the others wait in the next room, I will go for each one of you when it is your turn "and without saying more they separated and obeyed the order obediently.

When he enter the boy was amazed at the image, standing next to the table, the beautiful woman he adored, barely dressed, the clothes she had could not cover almost anything of her body.

"Hello" Chun-li's soft and gentle voice snapped her out of her trance, "What's your name? The big boy could not contain his excitement "My name is Will, nice to meet you" Chun-li smiled slightly, "Thank you for being such a faithful follower, I promise you all the wait will be worth it and it will be an experience you will not forget" Will had an erection instantly, he could only imagine what the gigantic woman would do to him.

Putting her hands together Chun-li said "very well it's time to eat", pointed to the table in the center of the room, the boy could not believe what he was looking at, the table was full of large pieces of meat, each one shining brightly. They have an excellent quality, juices bathed them completely, on the table there were also huge rolls of excessively packed sausages, there could be at least 200 kilos of meat resting on the wooden board.

As if this was nothing new for her Chun-li, she pulled a chair to sit, her fat ass threatened to break the seat, Will could have cum at that moment but the meeting was starting and he was gathering courage to ask a question for the Chinese girl. "Miss Chun-li we are waiting a lot of people or who is all this food for?"; The expression on Chun-li's face changed, she look direct to the

boy eyes "What do you mean by: who is this food for, you suggest this is too much for me".

Will began to sweat, Chun-li's intense gaze was as if a building were crushing him. "I'm sorry, I know you can eat this and more." Chun-li's gaze changed from serious to angry, the boy knew that a Kick from her would kill him and then "Ha Ha Ha" the huge woman started to laugh, "Don't be scared I was just playing with you, may be you are right but I've had an uncontrollable hunger for a while now, so don't worry and eat with me this is part of your special reward".

The boy felt more comfortable and leaving his mind blank took a large steak from the mountain of meat, Will assumed it was heavy, maybe 2 kilos cut was on his plate now. Just when he was about to take the first piece, he saw Chun-li reached into the pile of steaks, taking three at once with her bare hand, throwing them on the plate splashing their juice everywhere, her white shirt was stained with the natural fat of the meat.

As if it were a wild animal, the girl held a steak and opening her mouth she swallowed it completely, her cheeks swelled containing the two kilograms of thick meat inside her jaws, she began to chew indiscriminately, her powerful jaw crushed the thick steak with such ease. making it look like a marshmallow, Will could effortlessly hear the meat shattering, CHOMP CHOMP CHOMP and finally a strong GLUP finished the show, in just a few seconds Chun-li devoured the gourmet meat, using the hand she wiped her mouth in an inelegant way "What's wrong Will? If you don't hurry there will be nothing left".

Fulfilling her threat, this time she held the two steaks were on her plate, opening the mouth even wider, and managed to insert them without any effort; Each of her plump cheeks made her look like a cute squirrel, yet her actions were in complete contrast to something that could be called cute.

Raising her head looking up at the ceiling Chun-li gave Will a full view of her throat, the silence reigned in the room for a moment, until a sound began to be heard from Chun-li's cheeks, it was wet but strong, Will's eyes couldn't believe what was happening, the swelling on the woman's face was beginning to diminish to head for her throat, which was bulging at an outrageously high speed, Will's mouth was trembling even though she was looking at him he couldn't believe it was real, Chun-li was swallowing the chunks of meat like a python, her esophagus growing and growing to accommodate the mass that was pressed against her throat, Will swore that the lump in maximum size now achieved dwarfing her own head, his gaze

could feel his body shaking, this burp was a roar of power showing who was superior, although this was not even a doubt as Will began to squirm in his chair, and a damp spot appeared on his pants, he had blown his load, like he never had before, in his short life of 20 years, he exploded like a fire hose, Will might have passed out at that point, but his willpower and desire to keep watching this wonderful show left him attentive and ready for more.

After an astonishing minute of release, Chun-li's gas saw its last moments of life, Chun-li's face was more than satisfied, "ahh how relaxing that was, don't you think?", Will didn't know what to say, he continued with the aftermath of his orgasm, while she only moved her hand to take another large steak, "you know Will, you are a gentleman, most of people react with disgust when I do these things", Will gathered the remnants of his conscience, to give her a response that did not offend her and denoted how he felt about her, "That was wonderful for me my lady, if someone is offended when you do something that is completely natural,.... " Will was left thinking for a moment, "It should be eaten." Chun-li stopped chewing the steak in her mouth, to express her amazement "Will I can't believe it so you're one of those," the giant woman got up from her seat, her body shaking just from this act, repeating over and over again as she walked to position herself right next to Will "so you like vore isn't dirty little boy," Will was just confused I didn't know what exactly was she referring to, had he ever heard of the word vore but never, wanted to find out what it meant, Chun-li leaned in, leaving her buttocks visible, for her assistant who was at the back of the room, which could no longer hide the erection he had, Chun-li's butt was huge even overshadowing the legendary girl's thighs, "Miss Chun-li, I have tried to serve you the best I could, I was wondering if you would give me freedom to let off steam ", the giant Chinese girl, just nodded a little, with a look, she did not want to be interrupted, quickly, she put all her attention on the robust young man who was in front of her, and moving a little closer, enough for Will to feel the heat of her breath, she pronounced it again "then tell me do you like the vore or not", by this time Will could no longer think, he was completely intoxicated by the aroma that Chun-li gave off, it was a combination between

lilacs and meat, strangely attractive, besides the pheromones she produced at that short distance, had given him another erection, Will answered her with all the confidence despite still having doubts about what it could be about "YES I love vore, it is something that I enjoy every day, Chun-li's eyebrows raised, she did not know if the boy was trying to joke, or if he was always looking for content on the internet, but now she didn't care, "very good since you are so enthusiastic, what if we do something, be nice and feed me, those chairs are very uncomfortable, and I want to be fed on the couch."

Chun li turned her back on the boy so he would be overwhelmed with the same sight that her assistant already had, Chun-li's fat buttocks were inviting him, seeing them shake like pudding-filled balloons was too much, and by inertia his body advanced, placing a hand on the soft flesh rear of the warrior, sinking as if he had placed them in marshmallows that had been a bit on the fire, Chun-li, turned to see what Will is doing, looked at how he adored her butt, "You are a naughty boy, but how have you been cute, come on I allow it, you can kiss and lick my ass as much as you want.

The invitation was a song of angels for him, using all his strength to part each buttock, Will thought that he had superhuman strength to have been able to move the great masses of flesh, revealing just a huge donut that was Chun-li's anus. The boy felt his heart would fly out of his chest, he had never been able to imagine a human being could reach such proportions, but after admiring this giant girl, nothing else would be normal again "come on boy you already managed to open me up, What if you give me a big kiss ", Chun-li wiggled her butt a little, causing the boy lose their grip on her gelatinous buttocks, crushing him right in the middle of the line of her ass, the massive pillows covered half against Will's body, while the part that had been hidden, pressed right with the entrance of her anus, the boy's head was just the same size as the entrance of her ass conduit, he could feel the heat emanated, this sensation did not go unnoticed for Chun-li who moaned a little, letting out a trickle of saliva, his assistant was masturbating furiously, he knew what was

going to happen, he had seen it several times but it did not stop being a spectacle, which he would never tire of seeing.

Despite being trapped Will, rubbed his cheeks against the huge donut of Chun-li's ass, he could be there forever, but his tranquility was interrupted, a loud roar from Chun-li's stomach echoed again , "It seems that my belly is asking for a snack," Will remembered he was supposed to feed the giant who now had it on her butt, he began to fight to get out of that beautiful and warm place or is it something that he wanted do if he wanted to please Chun-li, he had to break free,

"What are you doing?" Chun-li asked with great disbelief, "I said I was hungry and since you are in the correct position," Chun-li's ass tensed, immobilizing the boy's body, he could feel the pressure of the soft flesh against him, "Miss what's going on," Will expressed, when the anus in front of him began to open, and the massive buttocks began to push him in, "ahh" Chun-li expressed a cry of pleasure this time, she was gilding this sensation, it was as if the passage of her anus, had developed her own nerves to give her a lot of pleasure every time her ass be fed up.

In this point Will's head was completely inside the Chun-li ass passage, anyone would think it was a scary situation, but it was the opposite, the heat increased and he felt as if his head was wrapped with cotton candy, While Chun-li kept squeezing her butt to put more of the boy's body, the vision of what was left out from between her buttocks disappeared little by little, the first thing to stop being seen were the boy's thighs, which induced that a large part of his body was already inside the Chun-li donut ,she leaned over a little, placing her hands on her knees, making the image a little more obscene, being able to open her buttocks a little, revealing completely, how her anus swallowed the young man.

Chun-li had red cheeks, it did not seem this implied an effort to the contrary, she was having trouble restraining herself and not swallowing it all at once, she like plays with the first one a bit, since swallowing it was more fun and made her next dishes more enjoyable, turning to see her assistant, she could only laugh, because of the stains on the floor and on his pants, he had already come at least four times and she hadn't even started to play, "Hey , why don't you come and help me a bit ", this proposal was captured with the speed of light, her assistant ran with his pants down as fast as he could, only to position himself behind the girl's obese ass. Only the vision made him ejaculate again, dropping a load on Chun-li's white skin.

name, well it doesn't matter, if that boy wasn't entered in my ass, that fart had not come out and now you would be part of my dinner so thank me ".

His assistant was a little knocked out by the impact, it was as if an odorous hurricane hit him but he knew he had to attend, so gathering the remnants of strength he had, he managed to kneel thanking for what he had received, "thank you my goddess Chun -li, by bless me with your gifts, "Chun-li made a mocking smile, a figure was fighting in her belly the big lump was shaking "BUUURP, well what are you doing , bring me another I must feed myself well and this small amount of food will not do anything, remember that I am not on a diet, "she smiled in a tender way as she went to the chair, sitting down suddenly occupying everything on the chair, part of the obese buttocks came out to the sides, from the forearms of the chair that was for four people, she spread her legs to be in a more comfortable position, "I'm ready, bring me another , but first, bring me a few of those steaks to entertain me as my real plate arrives", the assistant got up with his legs wobbling , this was all too much, it felt as if his mind was full of the most wonderful endorphins, but he also noticed the smell of what Chun-li had expelled just now and giving a deep breath he activated the ventilation to release perfume of the room that might appear again all depended on where her goddess decided to eat her food.

Recovering a bit, the only thing he could do was take a food cart , putting on could be about 50 kilos of meat to his mistress, "served ,enjoy this in what I bring someone else", Chun-li does not even bothered to answer him, when she put a big sausage in her mouth and as a vacuum cleaner began to suck it, bulging her stomach a little more, the assistant rushed to the chair in the room when he heard and roared powerful burp "BUUUUURRRPPP", he knew his goddess did not know would contain this time and wanted to be there to admire the show.

Meanwhile in the waiting room, everyone was wondering when the clown who forced them to be there would arrive, after all they had won this award and their desire to see Chun-li grew more and more, one girl was especially

on which she was lying down, "you really like me", Chun-li said while she was writhing with pleasure, Sally was able to answer her, " I love you, this was more wonderful than I imagined, goddess Chun-li", and even with strong spasms, she went to Chun-li to plant a kiss.

Chun-li was a bit surprised, she already knew everyone reacted differently to her pheromones, but this girl had been pushed to the limit very quickly, without caring a bit, she returned the kiss, starting as something tender, but then becoming more erotic, as the intensity of the joining of lips continued.

Sally barely covered a part of Chun-li's lips, but was she letting herself be carried away by her lust?, Sticking out her tongue to lick Chun-li's lower lip, to which the girl responded in the same way, releasing her tongue which managed to cover most of Sally's face, the little girl, was receiving a massage with Chun-li's sticky and wet tongue and as if it were a reflex, it slipped inside her mouth suddenly, while Sally head disappeared inside Chun-li's mouth, she began to moan, there was such a pleasant sensation inside that she couldn't help but close her eyes and enjoy it,

Inside Chun-li's jaws, Sally was passionately kissing Chun-li's tongue and the insides of Chun-li's mouth, she could taste the food that she had eaten before and this only excited her more and more, taking small bites to Chun-li's tongue, she managed to unleash something on the giant that felt like her pussy was going to burst, and so did her vaginal lips, they swelled a little more before letting out a waterfall, prominent on the floor of the room ejaculating heavily, splashing everything with her hot juice, as a reflex she sucked hard, introducing half of the girl's body into her mouth, lifting her from the tit on which she rested.

Chun-li is lying in her orgasm, but she still did not want to eat this girl, there was something about her that deserved to be enjoyed a little more, and while she convulsed, she raised her hands, holding Sally's legs, to pull her out of her mouth, leaving a big trickle of slime that joined it with her lips, the little girl was bathed in the slimy substance that her mouth produced .

Sally began to open her eyes little by little, with a big smile drawn "that was wonderful", licking part of the slime that she had in her lips, "My love Chun-li, please do me the honor of being your food," Chun-li closed her eyes and with a kind face she said, "of course it will be like that, sweetie, but I want to play with you a little more so feed me , and play with me," she said, placing her on the floor, the girl seeing the look of lust in the giant and began to undress taking off her wet clothes that fell to the ground making a noise due to the viscous saliva was on her, when she had finally freed herself from the wet clothes was on her skin, the curvy figure of the girl, shine for her admires, her breasts were as big as her head and the ass was big and fat, nothing compared to giant, but Chun-li was massive voluptuous, Chun- li knew she always had an effect on people even making lose their sanity from the lust that approached them, with another suggestive look the warrior see towards the place where all the meat was left was stacked, Sally immediately understood her task would be before being swallowed by the enormous giant, so she quickly pounced on the table to take all the meat she could carry and take it to the huge mouth of Chun-li, as she approached to try to get closer to the mouth of the Chinese girl she saw how a bulge in the huge and fat belly of the warrior seemed to move, the silhouette of a hand was marked through the skin, it surprised her a little but it did not take long to understand what happened to the boy who came before her, this only made her more horny ,for some reason imagining the pleasant moment that it would be when she kept company with the boy who he was now in the Chun-li sweep.

The fighter felt like her previous food was still stirring in her belly, this was always pleasant, the sensation of fighting reached her pussy making her emit some moans of pleasure, until another big growl filled the room,

Chun-li could feel it another big burp was coming, but she didn't want to cut this moment, so using her great body control managed to hold the gas was looking to get out of her, causing her belly to keep shaking and roaring uncontrollably, Sally watched this with fascination as she walked to Chun-li's, her huge belly was a gas chamber that threatened to explode at any

moment, Sally only wished when the moment would come she could feel that warm burp sensation in her again and fill herself with the huge woman's gas she produces after a good meal, Sally walking a little slower to see if Chun-li reached her limit, but nothing happened, the fighter was starting to get impatient, she didn't like to wait while she was fed so with a serious voice said "what are you doing, if you don't hurry I'll eat you and play with someone else" Sally reacted immediately, desperate to please the Amazonian woman, she rushed moving as fast as she could, but when she was at the end of the sofa was Chun-li sitting on, Sally realized she could not reach her with all the extra weight of the meat on and for the massive size that Chun-li was, "Miss Chun-li excuse me please but how I can reach you" the Chinese woman raised an eyebrow knowing that it was too much. It was too hard to demand something like that from a normal woman, so she began to slowly lean in until her mouth could be at the level of the girl's head to be fed, as her body bent over, her belly roaring even more, the gas inside it was pressed as if a can were crushed looking for an exit even more desperately, and not only that, Chun-li's massive breasts accompanied the view, in strong free fall by the force of gravity, ripped the white shirt effortlessly. which finally gave way, it was clear Chun-li's boobs had gotten fatter as she started to consume the calories she was ingesting, her ass also looked tighter around the couch, the whole picture was like a goddess stooping to talk to a mere mortal.

Chun-li's jaws opened again, steam coming out from the heat inside the girl, Sally was stunned again at the cave in front of her, "I'm sorry mistress but I can't take it anymore and with a jump placed on the cart in which she was transporting the meat covering himself with it "I know your massive appetite will not be satisfied if I slide only a small piece of meat at a time, so maybe if you gobble it all at once can be better" when saying this Sally held a big chunk of meat next to her huge breasts laying it on them hoping that Chun-li would understand her message.

The smile drawn on Chun-li's face had a hint of happiness, of all the times she had eaten one of her fans, this girl was breaking the stereotypes

she knew, usually when excitement filled them they just looked for get in her mouth or beg her to eat them, but this girl was combining both in the most appetizing way possible "please my love I promise I'll be delicious" the girl turned around placing a large roll of big juicy sausages in her Butt wagging in front of her, Chun-li's mouth began to drool, a thick thread of saliva ran from the corner of her mouth to the chin, she didn't know if it was because of how juicy her food looked or because of the show the girl who was there offering to be eaten was giving her, whatever it was ,Chun-li got to her feet so fast that her huge body jerked with the speed, her now larger buttocks pressing against the white fabric that was marked in her skin dividing her butt as if it were a bowl of jelly, her huge figure cast a shadow on her food "you are so naughty I admit that no one had tempted me as much as your little whore" again the loud roar of Chun's stomach silenced everything in the room, it could not be explained if that noise had been due to the burp stuck in her huge and fat belly or it was due to the uncontrollable hunger that was unleashing inside the Chinese warrior, whatever it was now she was in an uncontrollable mode, bending over and holding both sides of the cart that held her future gut stuffing, she lifted all the weight like it was nothing, there were more than 100 kilos counting the weight of Sally floating in the air, Chun-li was now in a trance where the only thing that mattered to her was to quench that feeling of emptiness she had in her stomach, surprisingly her mouth began to open more than before, as she leaned the cart over her to drop the content. The steaks began to slide slowly entering the interior of Chun-li's jaws, the warrior's cheeks immediately puffed out, as the lower half of her admirer's body entered along with a large roll of sausages, she could feel the tight cavity expand to allow more access and devour everything in its path, Chun-li's neck bulging visibly letting the river of her personal feast run deeper, several kilos of meat were descending on her suddenly inflating belly a little more making her stand out, Chun-li belly shake as if it were filling with water despite being a solid what was containing that large gut, the sounds produced by that were difficult to describe, it was as if someone was choking excessively, there were splashes moist from Chun-li's saliva that gurgled while she was eating, Sally's waist was inside Chun-li's mouth, the cuts of

meat coming down easily, but the voluptuous woman was harder to swallow, she felt as Chun-li's throat massaged her, while the great tongue savored her making her shiver with pleasure, this was a dream she didn't know she had until now.

Sally's eyes orbited before rolling back in her head, it was clear that she was experiencing one of the best orgasms of her entire existence just from the heat and the feeling of what was happening at that moment, when Sally juices filled Chun-li's mouth, she also produced a soft moan ,that if it was silenced by the grotesque and wet sounds as she choked, the girl's cum was dressing everything perfectly, she was realizing that just knocking down her prey still left her very short of the true possibilities of what it could be to enjoy her food and all these thoughts heated Chun-li even more, letting out her own huge jet of cum that crashed behind the sofa she was sitting on, managing to push him almost 10 feet just from the pressure of the wet blow, Chun-li's legs shook from the intense pleasure but even this was not enough to be able to interrupt her meal.

Chun-li's throat bulged more and more, she looked more like a boa than a woman, the kilos of meat kept sinking into her belly, while the girl was already buried up to her chest, it was that as soon as the Chun-li's throat opened further and would be swallowed completely, but she didn't even care since she was having so many orgasms in that moment so time seemed to stop.

Chun-li's cheeks were red ,eating such a quantity in one moment was something she didn't do often even though her diet was now extremely abundant, the feeling of filling up so fast was causing her so much satisfaction that she just found a new fetish inside her, now she would not only seek to feed herself, what she wanted was to fill herself in a wild way feeling how everything ran through her until she reached her destination.

Sally's head was the only visible part of her body, while she had a silly expression on her face and being in a state of pure ecstasy, Chun-li's throat was opened enough to give her access and the girl was swallowed completely
