

Demon King Academy 01

A very special morning was getting up in Dilhade city, the teachers of the demon school knew this generation of students would be very different from the others, finally after 2000 years their lord would return, the powerful demon King of the Tyranny age would be with them again reincarnating as one of their students in this called generation of chaos.

The high nobles of the school were releasing the owls would deliver the invitations, the 7 demonic aristocrats were waiting for a pure-blood young man to finally be led in the final fight against humanity and the other races that so despised them.

The feathered animals flew long distances, one of them came to a town very far from the city to prostrate in a very humble wooden house, there in the second floor window a young man with black hair and deep red eyes like blood was lying on his bed reading a book.

"Hello, you have been chosen to take the entrance exam to Dilhade's academy," the owl said in a clear voice, placing the invitation on his table.

The young man stood up with a very confident smile, "so an academy, alright it's time to have fun."

A few days later the students began to arrive for their test, near the entrance two enthusiastic parents encouraged their son "Come on, you can do it Anos" the screaming woman had long brown hair, with a sweet face that reflected a bit of concern by his son.

"Remember we love you whatever happens Anos" his father shouted as his son advanced, the other candidates made fun of the displays of affection, but Anos did not care in the least, on the contrary he felt happiness in his heart for have parents who love him so much.

"Do your best Miss Misha and don't let anyone disturb you" another person joined the chorus of support.

Anos smiled warmly, "I see your father is as enthusiastic as mine" he said to the girl who began to walk next to him, at first glance she stood out from the rest, her short silver hair with two long sections at the sides, framed her calm gaze, while her emerald green eyes shone, she was incredibly beautiful, "He is not my father, he is like my caregiver, but he is very lively" she replied in a low tone reflecting the tenderness of her personality.

Both walked to the entrance, but the first conflict would come, at the doors a bully annoying everyone who tried to enter with derogatory insults, feeling superior to everyone, "Hey you disgusting half blood, you better not try to enter, trash like you could never be a demon king", he arrogantly launched an insult, but his surprise was greater when both of them just passed the noble boy completely ignoring him.

The arrogant nobleman's anger was unleashed immediately "How dare you damn half blood to ignore me, you and that cow don't understand what the social order is like" Anos was not easily upset but offending such a nice girl was one of the things that he could not stand.

"I see nobles have no manners at all, so I'll give you a little lesson."

A light flashed in the eyes of Anos and putting magic power in his words said "Kneel" with a shock the arrogant noble froze, immediately kneeling with his head bowed "What is happening why I do this why I can not move" beads of sweat ran across his forehead, a natural fear seized him young of the nobility.

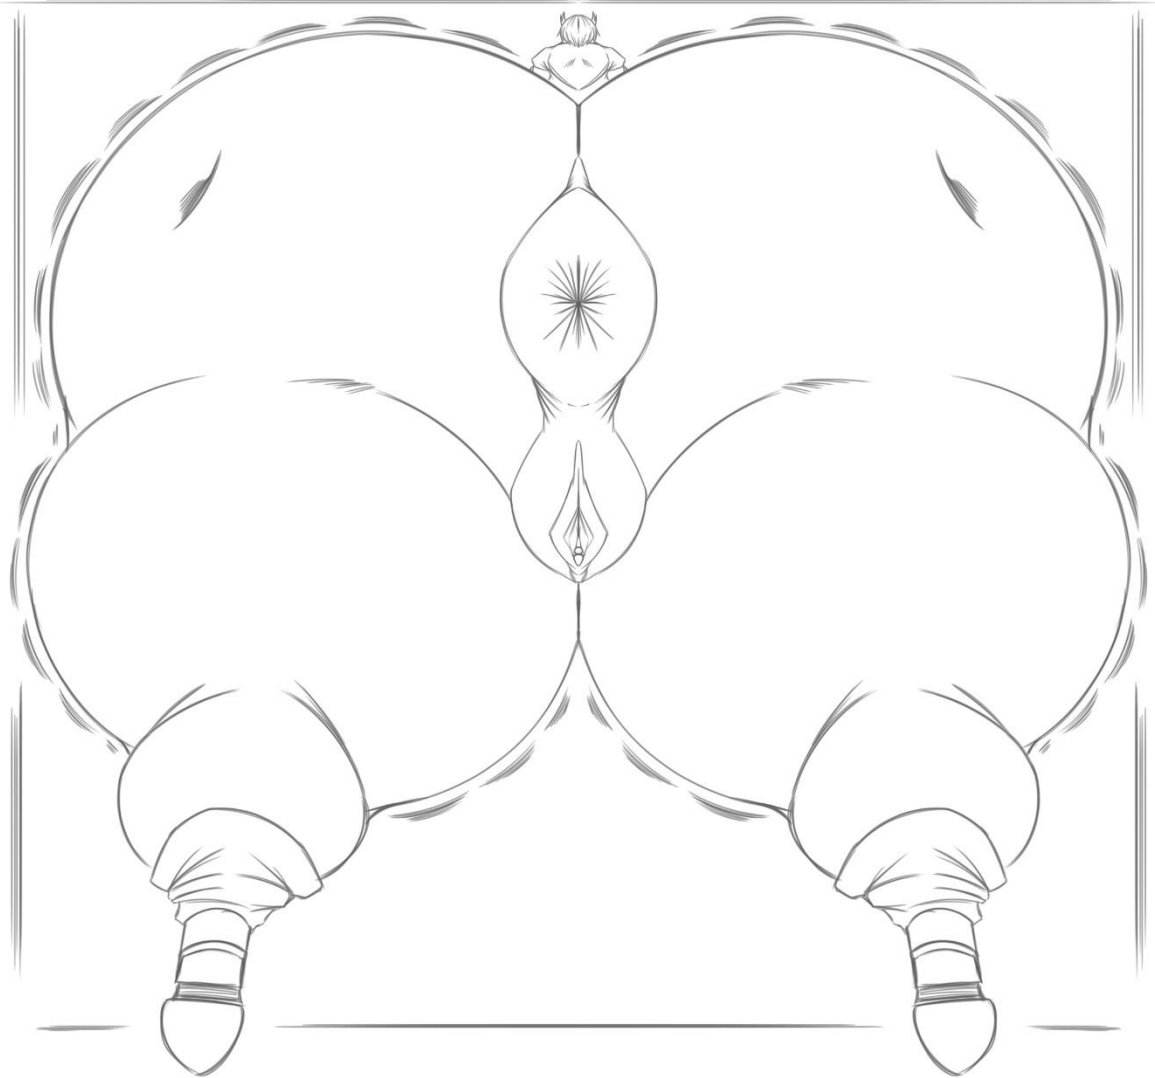

Anos walked towards him and putting one knee on the ground told him "Someone like you shouldn't insult anyone, whether you're noble or not with only 1 of power you're less than an insect" Anos got up and continued on his way with his new friend .

"Thanks, you have been very kind, I do not know if I said it before but my name Misha" the beautiful blushing girl told him.

"I am Anos Voldigoad, nice to meet you" Anos replied with his natural calm tone, but even so his eyes contemplated the unusual girl curves, Misha was not only sweet and cute, she was also tall, Anos barely reached half the height of the girl's chest, she could measure around 8 feet.

The big girl had huge and fat breasts, which overshadowed the size of her head, her nipples were visible through the clothes, marking on her white blouse like two points that stood out, Anos's gaze lowered a little more, to her midsection, where he could see an accumulation of fat, she had a light belly, which accompanied her wide hips, everything was thick and heavy on Misha, maybe this was needed to be able to keep her balanced, because on back side she carried an immense butt, big and really fat, her panties were swallowed by the crack of her rear, and the skirt of the uniform she wore, barely covered a small part of her obese buttocks.

"But I really don't need you to defend me, I can take care of it" Misha said with a cold smile, and started walking towards the nobleman who was kneeling, when she was in front of him, the boy from the Indu family, only see the white sneakers that were now in front of his face, "it's you, the disgusting cow, you've come to help me and ask me for an apology." Misha didn't answer anything, she just turned her back to him, and leaving her huge ass formed a shadow on the head of the Indu boy.

"I see you continue with your offenses without knowing who you are talking to, you do not understand the weight of your actions, but it is time for you to learn being noble does not make a difference" Misha said with a more serious tone but without losing her composure on her face, and without saying more she dropped her heavy body on the noble boy, the massive butt crushed him completely, covering $\frac{3}{4}$ of the boy's body, Misha's fat buttocks, was very soft as they deformed a bit on contact with the ground in a slow motion like a water balloon was hit, they shook from side to side like marshmallows,

making ripples in themselves, the amount of fat accumulated on her butt made him look like a big heart, while she sitting on the noble Indu boy.

"Now this is the weight of your actions" Misha said, beginning to wiggle from right to left, making more pressure with each glute as she passed her weight from one place to another. The other students approached fascinated, the noble boy was known to be from one of the most famous families of nobles, but now he was under the butt of a half blood, the girls who had been bothered by him earlier started to laugh, but the guys already showing erections in their pants just watching the show, not knowing if that was a punishment or a reward for being under those massive meat cushions.

Misha kept shaking her butt and making the young Indu's body twist under her, Anos couldn't believe what he saw, from his angle, he could see Misha's face with a slight smile of satisfaction, but it wasn't just that, her plump nipples were getting even bigger threatening to tear her blouse, he knew this punishment turned the girl on, Anos just kept staring at her wishing he could be between those giant tits one day.

After a few minutes of being tortured, Misha stopped, "Okay, I think the warm-up is over, I can't give you much attention because I have to go in, to do the test, so ... I already have it" Misha said and quickly raised, when she did, it could be seen that the part of the ground where her obese ass had fallen was sunken and cracked, the weight of the immense mass of meat had completely destroyed that part, as if it were a miracle the Indu boy managed to turn around to face the sky, his breathing was difficult, being under Misha's ass had been too much pressure and had taken all the air out of his lungs, while panting he slowly opened his eyes, hoping to see the sky, but the only thing was in front of him was the voluminous butt of the white-haired girl, who had a hand placed in the middle of her buttocks beginning to move the white panties, exposing the fat lips of her pussy, which were wet, but not only that, she also released the part of her anus, which was a fat, swollen donut waving at him.

Misha just used too much force and ended up ripping off her panties by accident, "Damm, this was all your fault ,now I'll have to be like this all day, well it doesn't matter , now let's go back to your punishment", Misha placed her hands on each of the fat glutes, and without much effort was able to move the heavy meat, revealing her genitals to all those who were standing behind her, and more to the boy who was in the lower part, he was about to receive something that he did not expect, "Wait, what are you going to do? Please I'm sorry "the noble Indu said before he was overwhelmed by all the weight of the girl, Misha's ass fell again but this time with more force, it was clear that not only gravity drove that blow, the sides ground ended up cracked, while the boy's body was overwhelmed.

Misha could feel how the head of the noble boy was right at the entrance of her anus, loving this feeling, but she loved more to be able to make fun of the fools who challenged her, "very good if you sorry better put that tongue to work , and learn your place" Misha said shaking her butt a little, the boy managed to hear the words despite being under a ton of butt meat, and as if he were an obedient puppy, he stuck out his tongue and began to lick all the fat donut from Misha's butt, the flavor was intense, his tongue could perceive the girl's sweat, this couldn't be more humiliating, some of his lineage licking the rear of a half blood.

Misha began to smile, her fierce expression disappeared a little, the sensations of being licked caused in her even more pleasure than masturbate, she simply needed have someone to be able to play and humiliate, "I hope you are enjoying this, because I have not bathed three days ago so there must be a good taste for you piece of trash ", Misha yelled at him arrogantly, the others were watching the scene were paralyzed, they did not can to move, even the supposed friends of the boy , wouldn't lift a single finger to help him.

This uproar made one of the examiners come out to see what was happening, but his surprise was more than he could imagine, a very smiling Misha saw him directly, while her butt was worshiped by the young man who would become her new slave.

"Miss, I'm sorry but could stop that, the exam is about to start and I need everyone to be inside" the manager said to the girl with a distinct erection in his pants, Misha saw that little lump and said, "Okay but I can take my new pet inside," the man who was standing in front of her didn't know what she meant, but didn't want to challenge the giant girl, he decided to just nod, "Thank you" Misha expressed with a mocking look and changing her face a bit she squeezed her ass, getting up with the young Indu on the middle of her buttocks, the powerful grip of Misha's buttocks could hold the nobleman without any effort, as if they had a life of their own, her buttocks began to bounce and move, putting the boy even more deep in the middle of the line of her ass, which was no longer visible completely overwhelmed by the flesh of the beautiful white haired girl.

The young Indu was now wrapped in the middle of Misha's buttocks, he could feel the heat and the strong aroma that came from the place where he was now prisoner, but no matter how hard he tried he could not move a single finger, he was now at the mercy of his new owner.

Anos was in awe of what he just saw, in the ancient era this was just a perverted dream for him, even as the ancient demon king he could not help but bring out his submissive side in front of the Amazon who was next to him, Misha moved her hands trying to accommodate one of her buttocks to be able to move freely and enter to do the exam, she felt the young man who

was trapped in her massive ass was trying to fight which only excited her more. Now she was on her feet and without panties her fat pussy was fully exposed in front of Anos, his eyes focused on the plump and fleshy lips along with a large clit the size of a thumb, it looked so appetizing for him that his erection could no longer be contained.

Misha did not care about any of the looks that were around her, but for some reason, Anos had his eyes on her pussy, this made her feel a kind of warmth in her chest she had not felt before, her cheeks turned a little red and said "I see you like it, maybe after the exam we can play a little", for Misha this was strange, for the first time she asked a boy to play with her, usually she just did and took everything she wanted, but something about Anos was special.

Anos even with his immense power, just nodded, it was as if every man around Misha became submissive as soon she revealed her sadistic personality, the power she emanated and her incredible body, it made anyone not have willpower in front of her.

Misha let out a sigh of joy, and approached to Anos giving him a hug, putting him in the middle of her two massive breasts, the boy's head immediately disappeared, but as if it were an impulse his right hand went up until he touched one of the fat nipples, his hand only molded to the size of the nipple, since covering the entire chest of Misha was impossible for any human of normal size, as if it were an antistress ball Anos began to squeeze Misha's nipple, making her moan a little, this was her weakness, even more than her pussy, her nipples were so sensitive that they could produce an orgasm without much effort.

Both were about to get carried away by passion right there, even without caring that everyone who was there saw them, Anos's crotch bulge brushed Misha's swollen and wet pussy which left a large wet spot on his pants, but they were abruptly interrupted, the manager approached and touched the girl's buttock to get her attention, Misha felt a soft touch and came out of her trance to pay attention with a look so cold that it could intimidate the bravest.

Misha's eyes were fixedly prostrate, the middle-aged man felt like his legs were trembling, the titanic girl saw him more like a prey than a human. "Miss, please the exam is going to start." Misha with much displeasure stopped pressing Anos against her chest, the demon king touched her ass in what seemed like an eternity for him, "very good but don't touch me again or you will also be punished." the powerful white hair girl expressed, the man could only swallow saliva at such a threat not knowing what would be worse.

Misha began to walk inside the building, finally freeing everyone who was looking at her from the spell. It was to contemplate such a massive woman turning all into her bitches to everyone who crossed in front of her.

Anos followed her closely, but at a prudent distance since even with his unimaginable power Anos felt that he should not make this girl angry, also from behind he could see the huge marshmallow buttocks shaking at every step from side to side bouncing wildly, as if they were a herd of zombies, a crowd was behind Anos, following the voluptuous girl.

At last they had reached the room where the first test would be to measure their magic power, a large crystal was in the center of the room, there each candidate placed his hand on it, and analyzed it, the numbers at the beginning were mediocre, 30, 60, 28, it was clear none of the supposed superiors had even a bit of magical power to become the new demon king, until finally it was the turn of Anos who remained formed next to Misha, "Anos Voldigoad is your turn," the professor in charge of the test said, Anos considered all these things as unnecessary there had never been someone who could compete in aspects of power, but knowing that he had to fulfill the requirement, he simply placed his hand, the crystal immediately marked the number 0, starting to crack, and breaking into pieces at the moment, everyone around him was shocked and scared, for the monster in front of them.

Anos very proud returned to his place, knowing everyone around him could understand the power he possessed, at that moment his ego could shine and perhaps impress the Amazon who was at his side, Anos eyes aim to see the

look of Misha, but the result was totally the opposite of what he expected, she looked at him as if she were looking at a puppy, "how cute you are Anos, at least you could break that crystal" she placed her hand gently on the boy's black-haired head, caressing him "You're prettier than I thought I like you."

Anos had never received those words, it was as if she felt sorry for him, "What do you mean, are you saying you can do it better?" Misha did not even bother to answer him, she just walked to the front not caring that it was not her turn demanding they take a new crystal, the professor rushed to fulfill the girl's demands, and within a few seconds there was an even larger crystal, rather three times larger than the one it had not been able to break, without much effort Misha just turned to see Anos, and winked at him, reclining half of her body, Misha's massive butt protruded more opening a little, revealing a part of the Indu boy that was still stuck in the middle of her buttocks, Anos didn't know what to expect, so she just stood by waiting for what Misha would do.

Misha knew the gazes were focused on her.

Her soft and fleshy lips parted a little, and she began to blow lightly, her breath was so hot that it came out like a little steam, which made contact with the magic crystal, it only began to shake, not marking any amount, not even a zero appeared, only a large red line, shining for the moment, and the crystal began to turn to dust immediately, this powerful instrument capable of storing an amount of inhuman magic, perhaps to the level of the gods, couldn't resist a breath from the beautiful white-haired girl.

Misha stood upright again and turned to where the demon king was.

"You see this is how a true show of power is made", the eyes of Anos were full of surprise and a little fear, maybe Misha had more power than him, this was impossible 2000 years ago, nobody could not even reach a little of his potential and now seemed to have been surpassed, but all these thoughts quickly dissipated when he saw the smile of that supercharged beauty.

"Very well, that is enough to show how capable I am to be accepted in this academy, so now I want them to stop interrupting me and leave me alone with Anos" the girl gave an order to everyone who was in the room, many without hesitation left the room fearing what she could do to them if they did not obey, others were just immobile, the teacher in charge, who seemed to wet his pants, tried to challenge the girl saying "I'm sorry but there are still a lot of students and we can't do.... "" SHUT UP "a powerful scream from Misha silenced everything, even cracking the walls of the room.

The powerful scream of magic, knocked out everyone who was there, only Anos could stay on his feet but he felt his body shudder at Misha's deployment.

"I'm glad you could put up with that, if you had fallen this wouldn't be fun" Misha said in a soft voice this time, Anos didn't want to or couldn't move, but along with his courage to answer, after all he was the king of those lands a long time ago "That was nothing, but you shouldn't have been so rude to them", Misha just looked up as if she didn't understand why Anos was telling her this, "it's weird you said that, after all they are just rubbish for us, I not want they interrupting me" after having said it, she brought a hand to her shirt, that was tremendously tight, and began to undo the buttons, one by one the pressure of the fabric was slowly released, her white skin was became more visible, when half of the cloth was about to be released Misha stopped "You know this is too slow" she said in frustration not wanting to wait any longer to have fun with her new friend.

Narrowing her eyes a little, Misha began to push her chest out causing her breasts to tighten her blouse more and more, the buttons began to lose their position, while a ripping sound echoed through the corridors, Misha was holding her breath, and giving one more push, her powerful tits, burst the shirt in the most erotic way possible, the huge jugs of milk, bounced when they finally found freedom, pieces of the blouse flew out, at the same time, her nipples now completely visible were of a pink hue that made her look even prettier, although it was difficult to follow while they were shaking

wildly, despite the fact that Misha was so powerful, her body possessed a softness and flexibility not seen before.

30 seconds was the time that Misha's breasts were dancing before they could stabilize enough, although not completely, since the slightest breath of the girl made them bounce, "And well Anos you like what you're seeing" Misha said lowering her hands, and beginning to lift her heavy breasts, which by simple appreciation could weigh at least 15 kilos each, but there was the girl manipulating them as if they were a feather in the air, Misha began to move them up and down, inciting the lust of Anos.

In Anos's pupils the only thing that was reflected was Misha's gigantic tits, but before he moved, Misha delicately raised her right hand, placing it on one of her nipples and with her index finger giving it a gentle massage and then starting to press it, Anos was hypnotized by the show the girl with skin as white as snow was giving him, Anos's mouth was watering while his furious erection threatened to burst as well his own pants, it seems as if a great thirst was being born in him and this feeling only shot up when from the tip of the nipple that Misha was appearing a soft liquid began to flow from her massive chest, a few jets of milk were coming out, " Oh sorry that happens when I'm very horny, I hope it doesn't bother you "Misha said and raised the tip of her breast directly to her mouth, starting to lick around the nipple, her tongue was picking up her milk, so later she opened more the mouth and put the fleshy nipple inside sucking her own juice.

Like Misha's blouse, Anos's pants could not bear the pressure and a monstrous 25-inch penis was exposed before the eyes of the white-haired girl, the massive stick of meat was bouncing full of veins that delimited her vascularity, Misha could see it was as hard as a rock, the girl's pussy immediately got wet wishing she could swallow that thick and huge sausage.

Anos couldn't hold back any longer and ripped off what was left of his pants to reveal two huge testicles that accompanied his massive penis, as if he were in a trance, walking slowly, Anos made his way, Misha released her

nipple that was now wet with her saliva and part of milk, rocking it and placing it at the height of Anos's head.

When he was finally in front of the massive tit, his only wish was to drink the blessed liquid she was offering him, but for some reason he could not advance without Misha gave him an order, this was new for him since before he hated being subjected to someone's will, but this time on the contrary something in him was pleased, just for the fact that he received words from Misha.

Misha had a smile on her face, she adored when men understood her place, and submitted to her, but for some reason Anos gave her more pleasure than any other, she at first glance perceived his magical power and knew that this man could perhaps even bending gods was submitting to their will, savoring the moment Misha squeezed her breast letting out another hot stream of milk that hit Anos's face, wetting his face completely, this was the signal so Anos wasted no more time and pounced on Misha's fat nipple, creating a seal between his lips and Misha's breast, Anos sucked hard getting enough liquid from the white-haired girl, to which she only emitted a soft moan as she closed her eyes enjoying what was happening, the pleasure that was reaching her nerve terminals little by little overloaded her brain, and her body taking Misha to one of her expected climaxes, Anos arouse her by sucking harder, as the seconds passed Misha had an inexhaustible source of milk.

Misha's vaginal lips were contracting like crazy, and her moisture was soaking her thighs and without waiting for it the powerful explosion of pleasure hit her with the force of an exploding star, Misha looked up at the ceiling, and sticking out her tongue gave a loud growl as she squeezed her eyes, her pussy opened completely, spitting out massively like a fountain, the powerful jet hit some of the people who were still unconscious behind her, pushing them a few meters away from the pressure of the liquid.

Misha's legs were shaking and losing strength, the intensity of what she felt was greater than she imagined, making Misha fall to her knees, and relaxing her muscles completely, Anos felt the change in height, with Misha's fall but

her breast was still so huge that as long as he held it, he could reach it perfectly.

The relaxation in the girl's body, made her buttocks lose their natural grip, dropping the young Indu, which produced a wet blow when he fell to the ground on Misha's juice of pleasure, she was panting, breathing hard, "That felt awesome, there is no doubt that you have a natural talent", Misha praised Anos who finally separated his mouth from the girl's nipples, savoring everything he did bewitched, "I had never tasted something so delicious", Anos leaned down to kiss Misha showing her that he now felt a love for her, but when she was a few inches away, a sound of complaints and screams reached them.

"What is happening, you monsters" the young Indu had now awakened after leaving his prison of flesh, he saw around him could not help but terrify him, all the people unconscious, and he was soaked, despite all he had a strong erection, it seems all the hormones Misha had released filled the room producing this effect even in the persons who were unconscious.

Misha stood up annoyed, "it seems like they won't let me have fun without interrupting me today" she ripped off what was left of her clothes to be completely naked, her skin shine with the brightness of the light, her entire body was voluptuous, moving with her breaths, neither of them had seen so much meat together, Misha began to move towards where the noble Indu was while, he moved away until he could no longer paralyzed against a wall.

"You shouldn't run, believe it or not, I could see that small bulge in your pants, even if you deny it, you're enjoying this, aren't you, brand masochist", Misha leaning a little, dropping her breasts that touched the ground, even more than a height of five feet between her breasts and the cold tiles on the floor, "I... not...." In a quick movement, she held him by his shirt, lifting him without any effort, and holding him inches from her face, "I don't care what you say, your body can't lie to me" snapping her fingers, despise the boy's clothes, and also vanishing the people who were unconscious on the ground.

Anos knew this magic was very powerful and in order to disappear so many people together she had a greater source of magic he thought, although at this point he did not want to challenge her, on the contrary he had found his new Queen.

Misha made a sharp turn, and threw the Indu boy right next to Anos, who was thinking and paying attention, "I show you how inferior you are compared to us" Misha said with a tone of laughter, the boy Indu did not know what she meant, he only looked to the sides to try a way to escape and although a door was close, his body did not obey him, he was paralyzed, but he did not know if it was because of a spell, or simply because deep down of his heart his only wish was to be abused by this beautiful girl, even though he resisted thinking that it was inside her massive butt it was taking him to a point of excitement he had never experienced before, the simple thought made his penis jump, which unleashed a laugh in Misha .

"Seriously this arouse you so much, but with that little thing you will not even be able to make me feel anything I will show you what a real penis can do" Misha was already standing in front of both boys, now close up and without clothes the sight of her fat ass was even more attractive, her ass was so open and hungry for more guys, both guys can wait more to the release of her lust.

The Indu boy stood up standing as straight as possible, both the Indu boy and Anos were standing next to each other which made Misha start her fun, leaning in a little but enough to be level with the Face of both, Misha contemptuously looked at the Indu boy and moving her hands she held the penis of each of her companions.

"You can see the difference between a real penis and that thing that you have between your legs, you are of no use to me" Misha's hands opened to be able to completely surround Anos's monstrous cock while to surround that of the Indu boy he only needed press with two fingers, the difference between the two was abysmal.

“Since your penis is only two inches long, isn't it, or wait it's hard already, you can't be more ridiculous,” Misha got on her knees, placing her lips around the fat head of Anos's cock “What a delicious taste , so masculine I wonder if you could give me that taste ” Misha also approached the mini penis, which was shaking, the girl opened her mouth and he could feel her hot breath touching her skin, with a quick movement, Misha put the the boy's full penis in her mouth like she's eating a cotel sausage.

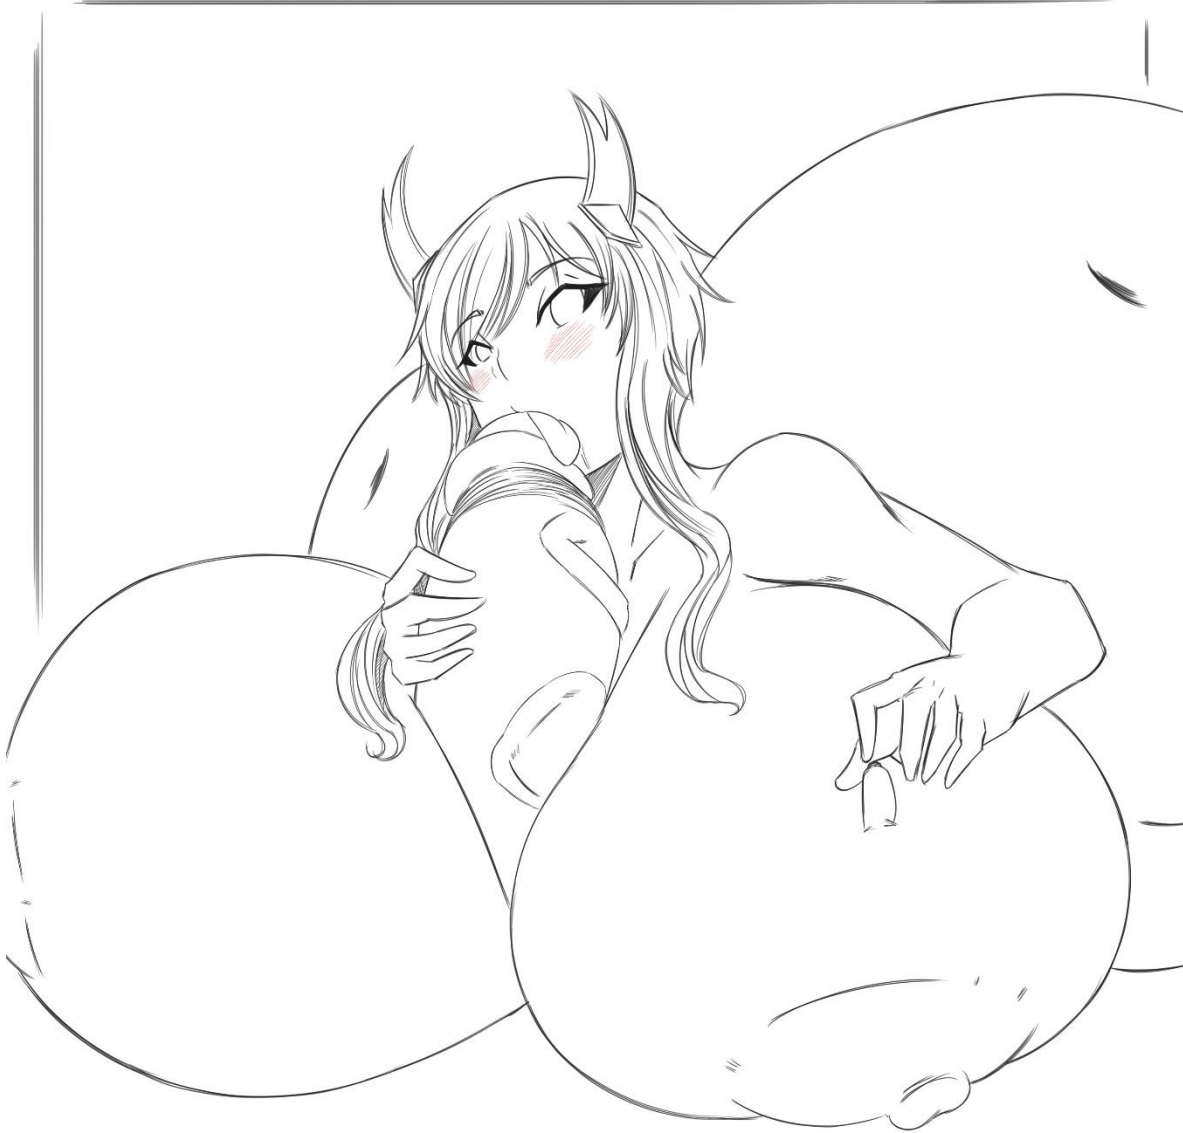

The heat from the girl's saliva quickly engulfed the noble boy's mini cock as if it was lava, he squeezed hard, trying to resist but this was too much, even though he was not a virgin and for some reason he felt proud of his performances with the girls he had been with, the simple feeling of the girl's mouth, surpassed all the pussies that had felt, his little balls that were not even thumb-sized together shook slightly really imperceptible to everyone, but not to the one who felt as if his balls were being drained like never before in his life, letting out his load, he blow in Misha's mouth, she barely registered the taste of the Indu boy's load, it was so little and so thin, it was as if it didn't have the slightest load of sperm.

Misha clenched her mouth leaving a thread on the mini sausage was now beginning to get flaccid, that was all the stamina the noble who prided himself so much , “Really that was a pathetic load ,are sure you are a man?” Misha rejoiced as she teased, “You're sure you're not a woman with a slightly big clit. ”

Misha's poisonous words made the mini dick get hard again “Hahaha, you really like being abused so much, but no matter how many times you do it, you're just a semi-eunuch”, Misha loved being able to humiliate the boys with what she was related, it was a kind of ritual for her but now, with Anos's huge penis next to this mini cock, she could skip a bit more and practice another kind of abuse with both boys.

“Look well” Misha moved to the left, started to lick Anos's cock, the head of his cock was as big as a ripe grapefruit and even so barely meant something to Misha, her tongue moved up and down lubricating it with her thick and

hot saliva, giving kisses to the boy's urethra savoring his pre-seminal liquid, inserting half of his cock in one stroke, this surprised even Anos, who opened his eyes just as he tried to resist the overwhelming sensation of heat, and massage provided by the throat of the beautiful girl.

Misha did not remove her gaze from the boy, she wanted him to know how it was something that he could never experience no matter how much he dreamed of it, the young Indu looked with envy and annoyance, he wanted him to taste her again but how he could demand something when he could not meet even one of your expectations.

Misha began to move her head and make loud sounds of wet sucking began to fill the room, it was clear that Misha was a professional, for a whole minute more and more inches entered Misha's throat which was swallowing without any effort, finally Misha nose touch the groin of Anos, who stood on her tips, even though the girl was on her knees she was still too high.

While having Anos's cock deep within her being, Misha have so much suction power that even Anos's testicles began to rise inside his scrotum, Anos was fighting the desire to ejaculate, he bit his lip even drawing a little blood.

Misha loved this part, although she hadn't done it with such a big penis, the feeling was always the same, before he ejaculated the penis got hotter and swelled a bit she knew Anos was reaching his limits, but this didn't give her mattered in the least, she began to massage his balls trying to make the load thicker.

Anos could not take anymore he did not care to look bad now he was only looking for pleasure, all his life Anos never had such a fabulous blowjob, which made him come in less than three minutes, but he had to admit he was simply inferior to the girl with white hair and after this he would be her faithful dog.

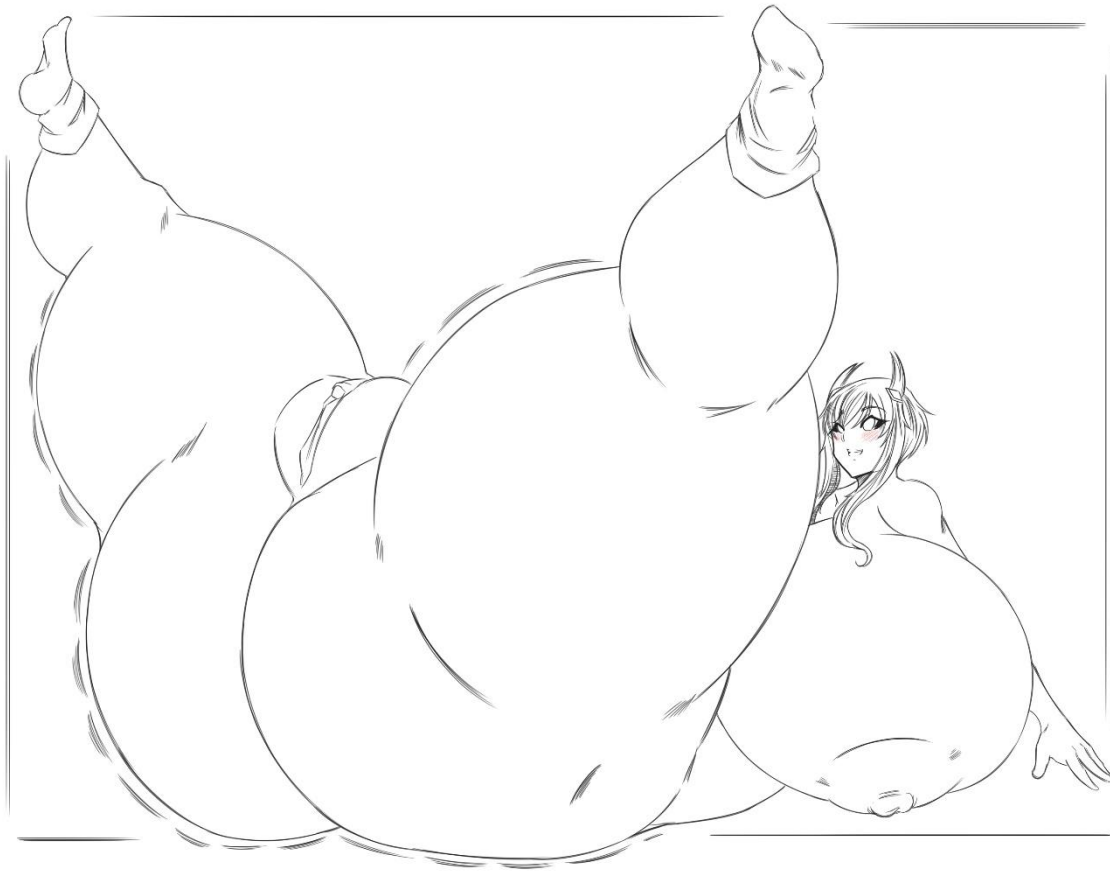

Misha felt Anos's balls were starting to jump, it was clear that he was crying from firing her load, but this was not going with the plans she had, so with a quick movement she stuck her head halfway up Anos's cock and with her right hand squeezed preventing the load from leaving his testicles "arghhh" is expressed with the lack of control of his denied orgasm, he could not do anything the force in the grip of the girl's hand took him to the limit preventing his sperm from escaping.

Misha took his cock completely out of her mouth and said "no no, it's still too early for you to do it too, I think you will need more training."

When Anos's balls calmed down to release her grip, being sure that he would not ejaculate, she lay down on the floor

, with the most inviting pose she had, her heavy breasts falling to the sides of her chest, looking like two huge cushions to the sides of the girl, while her legs were spread like an invitation, her anus and pussy were visible, so big and sensual, it was the beginning of the pleasure that had been denied until now.

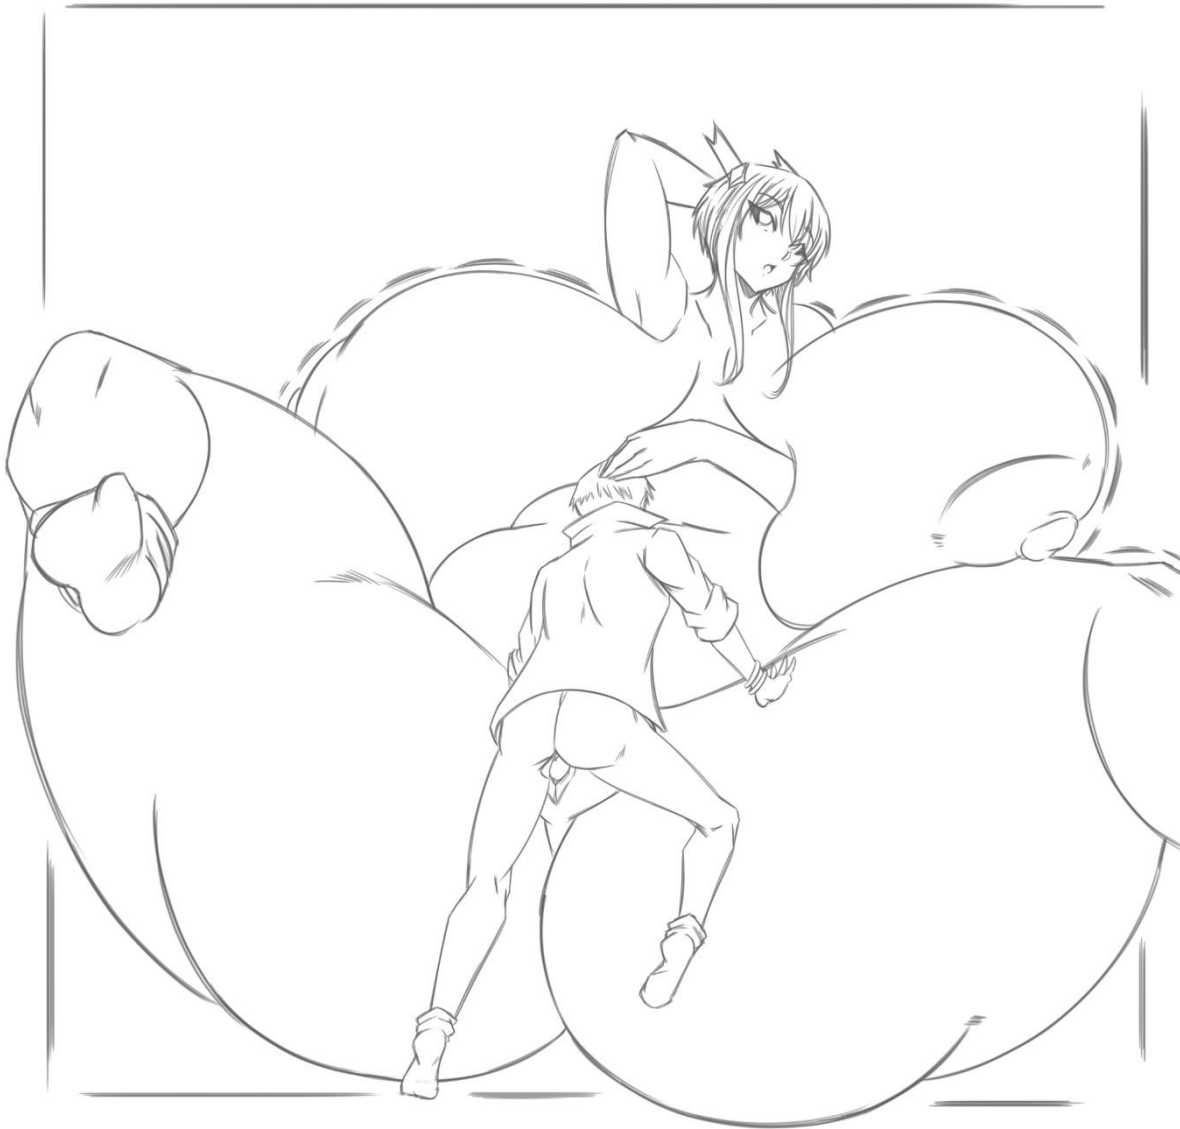

Neither of the two boys made a move, they did not even dare to touch their own penises, without the order of the massive girl, she raised her head and with one hand pointed to the first of the boys who would try to satisfy her, for the surprise of both the chosen was the young noble Indu, who was excited and terrified of the task this meant, he knew she only did this to make fun of him, but he no longer cared the least, his only wish was to be inside her, his excitement led him to stand in the middle of the pillars that were Misha's legs.

The heat there was intense, the white-haired girl's sex was boiling and the inside of her thighs was sticky from the remains of her inner orgasm, "this is your chance, I'll give you the pleasure of showing you are worth even if it's a little bit. Shit put your little thing in and try to make me happy "Misha told him with a tone of arrogance.

The Indu boy approached now he felt even smaller compared to the giant who was lying on the ground waiting to receive something, while that was happening Anos just looked at him annoyed, because he had to wait his turn when clearly he was superior, Anos also knew Misha was doing this to show him who the real boss was in that situation, even annoyed he didn't dare to do anything.

The young nobleman imposed himself inside the girl's pussy, trying to enter completely without any effort, his penis was swallowed again, as if it were nothing, he was so insignificant, that his presence was unnoticed by the girl, "what are you waiting for, when will you introduce ... or wait, you already did it, I can't believe it, I'm not even sorry, and my pussy is very sensitive and yet I didn't even perceive you a bit, you're just a worm".

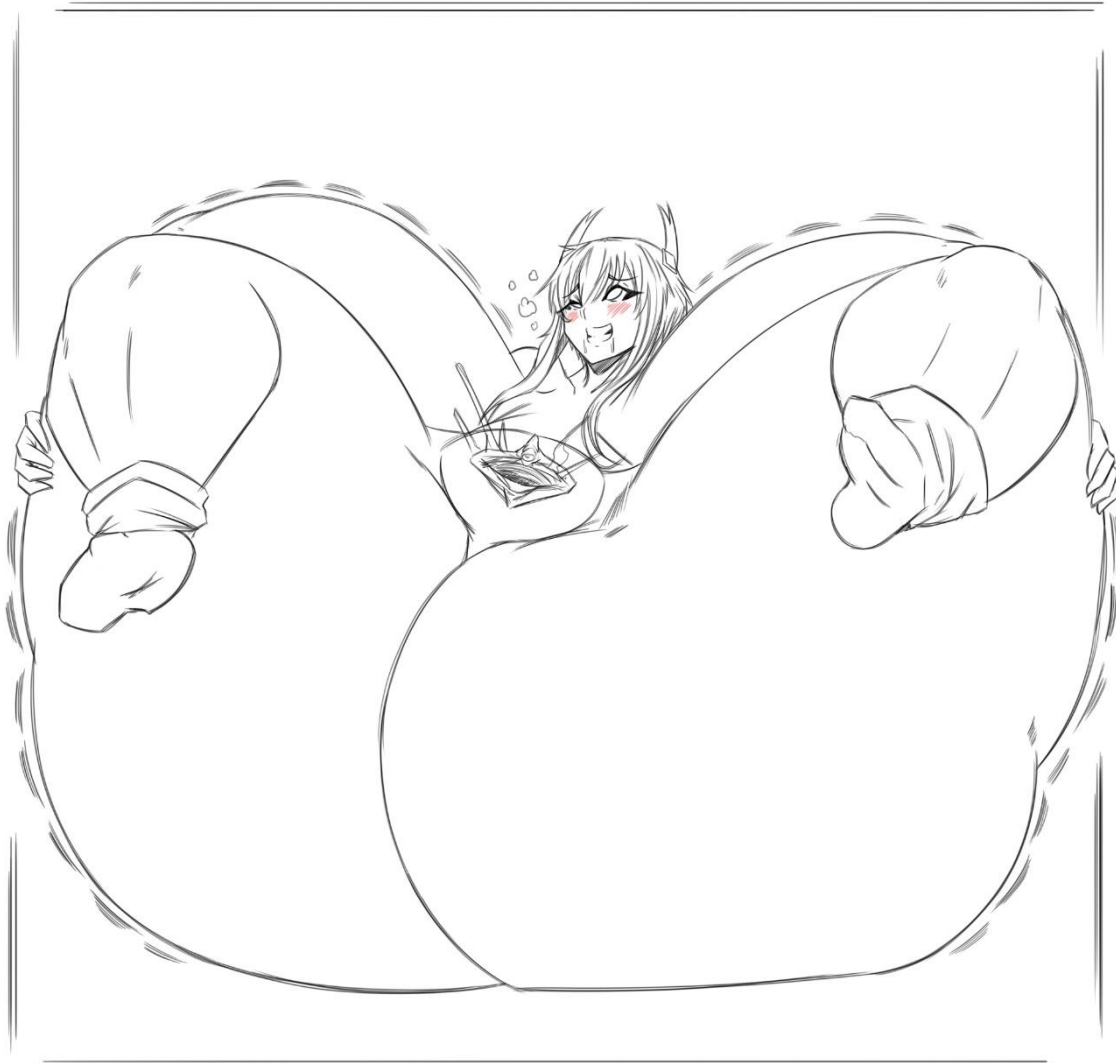

The Indu boy, angered by such words together with all the magic power he had, began to attack with all his lust, wanting to silence Misha's sharp league, "hahaha, what is supposed to be, let's do it hard" Misha closed the legs and as if it were a trap, she caught him, pressing him with great force trying to get him deeper into her, but this was completely impossible, while Misha applied more force, the noble boy felt as if his body was going to split apart, but even that did not matter to him, since the pleasure he received from the girl's vaginal parts were leading him to excite again, in just two more seconds he saw himself powerfully, letting out what was left of the rest of his load.

"Misha didn't understand what was happening as she felt the Indian boy convulse between her legs," don't tell me you came again, you don't even deserve to be called a man, you're just a sissy, who has no stamina "Misha said annoyed , but without releasing her grip pressing the young man more.

Misha with a quick movement pushed him while she moved forward, remaining in the inverted cowboy position with the powerful Amazon on him, half of the boy's body disappeared again, but this time he was inside Misha's pussy, "You know I want to have some fun before my main event play", Misha held back and her finger began to glow, touching the forehead of the young man, when her finger made contact with his skin, the boy's back hunched over. Immediately another orgasm hit him but this one different from the previous one, his small load was increasing yet he couldn't stop coming out he felt the pleasure was about to drive him crazy, his brain had never dealt with something like this.

Misha began to moan when feel the sensation of being filled, she loved this part, little by little the boy's mini sausage began to swell and grow more and more, inside the girl's hot pussy, inch by inch the lips of the Misha pussy was stretching "Here we go son of a bitch give me more of your cock, I will make it as big as you would have ever dreamed" the boy could not answer as he was haunted by the sensations that was going to lose himself in a sea of pleasure, but his instinct could be overwhelmed,

beginning to move his hips as his growing cock reached deeper into Misha's pussy.

"Very well, continue like this I want you to hit my cervix, and make me feel a little of what I'm giving you", Misha began herself to lift her butt to let it fall on the cock that had stretched even more than she had expected.

Anos could not believe what he saw, Misha had created her own spell to increase the size of men's penis, that required knowledge that even in his time was reserved for very few with enormous talent, there was no doubt that she was more far than a prodigy, "KABOOOM "a loud blow interrupted Anos's thoughts, Misha had started riding the boy's cock that now seemed to

be at least 10 times its previous size, the urethra was now as wide as a bottle of beer he had seen, and his penis as wide as a big 2-liter bottle of soda.

But Misha was receiving pleasure while her buttocks were moving up and down wildly, she squeezed her breasts making big jets of milk flew out until they touched the wall in front of them, the boy tried to reach him but his brain was sweating all capacity, in order not to go crazy with the pleasure his new member was giving him, the pounding became more intense with the girl's huge hips, the boy achieved what no one could believe possible to go up and down at the same rate as the girl, there meeting hips together with a wet sound of meat slapping. The sounds and drops of Misha's jets were hitting everything in the surroundings completely drenching the room.

Misha said obscenities while riding "I tell you now you live for something," "my pussy will leave you dry for your whole life," "I want you to fill me with your semen", she was involved in her own perverted fantasy, when she felt the tip of the boy's cock was about to enter in her womb, his urethra expand with the huge amount of cum, this was the strongest orgasm he had ever remembered.

Misha get closed and pressed more to her tits, while she stuck out her tongue and her expression was just a grimace, giving the feeling that she was going to overwhelm her pussy, she closed with enough pressure to create a diamond, constricting the boy's newly swollen penis.

Misha's vagina had its own will when inside the entrance the uterus began to suck the meat wanting to fill itself with the tasty semen that she had helped to create, it was as if she was just giving her a blowjob while she was fucking it, "yeah "Misha said with a roar, when she felt the Indu boy's penis go so deep, ignoring that the part of his head was finally entering in her uterus, pulling out one of the thickest loads that had filled her, the boy spurt with such force that deform part of her abdomen from the pressure with which it was expelled.

On the other hand, the back of the boy was so tight that he had managed to lift Misha off the ground, with the adrenaline produced by the pleasure, he kept moving his arms while he came, making Misha fall forward crushing him with her massive tits and practically his entire body disappearing in the process, now Anos had a complete view of his new beloved, she was being filled with all the burden of the boy had mocked so much.

Misha's buttocks behaved as if they were bags full of jelly, a thread of saliva came from her mouth that fell on her obese breasts, while jets of milk were expelled from her, after what seemed like an eternity the orgasm of both was stopped, Misha panting, she just wanted more, but the boy who was just ordinary, are about to go unconscious.

"That was a good warm up" Misha stood up holding the boy only with the grip of her pussy. She turned around to give the front part of her body to Anos, and as if the boy who will be between her legs was just a dildo, with both hands and began to move it up and down using it to masturbate savagely, despite him already was unconscious, his penis from the girl's magic power was still hard and submerged in the depths of her being, Misha moved it faster than he could have moved his hips.

Anos just wanted to join in on the show, so he finally got on his lust and quickly climbed behind where his enormous love was exposed.

The demon king only wanted to feel and taste what the boy had, but he would not dare to enter without permission so he proceeded, to start licking wildly while biting and sucking on Misha's anus, "ahhhh" a loud moan of approval made echo in the whole place even scaring the people who were passing outside the school where the test was being carried out, Misha said "here it comes I can feel it" and with these words another powerful orgasm explode in her.

The girl's body trembled and tightened so much that her buttocks caught Anos in the middle of her ass, but this one having more strength than the other boy, could resist easy the pressure of Misha ass.

Misha was moving her hips back and forth when she stopped abruptly and her climax reached the most powerful point, letting out a jet of pussy juice that ripped the young Indu from her hands to bury him in the ground by the pressure of the liquid.

Despite this her orgasm continued, the white-haired girl brought both hands to her pussy, and began to masturbate even putting a whole hand inside her, an intense minute passed before her ass relaxed.

Misha's body relaxed again releasing Anos, she was completely wet while Anos was kneeling behind her, Misha with red cheeks and panting told him, "Very good appetizer let's start with the main dish", she just looked at the boy that she bowed to her.

Anos in that moment realized that couldn't be the demon king anymore since there were now he belong to a girl more powerful than him.
