Thank you!

I'm going to prepare dinner for us. It will take a while

Don't worry, I can wait
LibidO

Oh, you're awake!

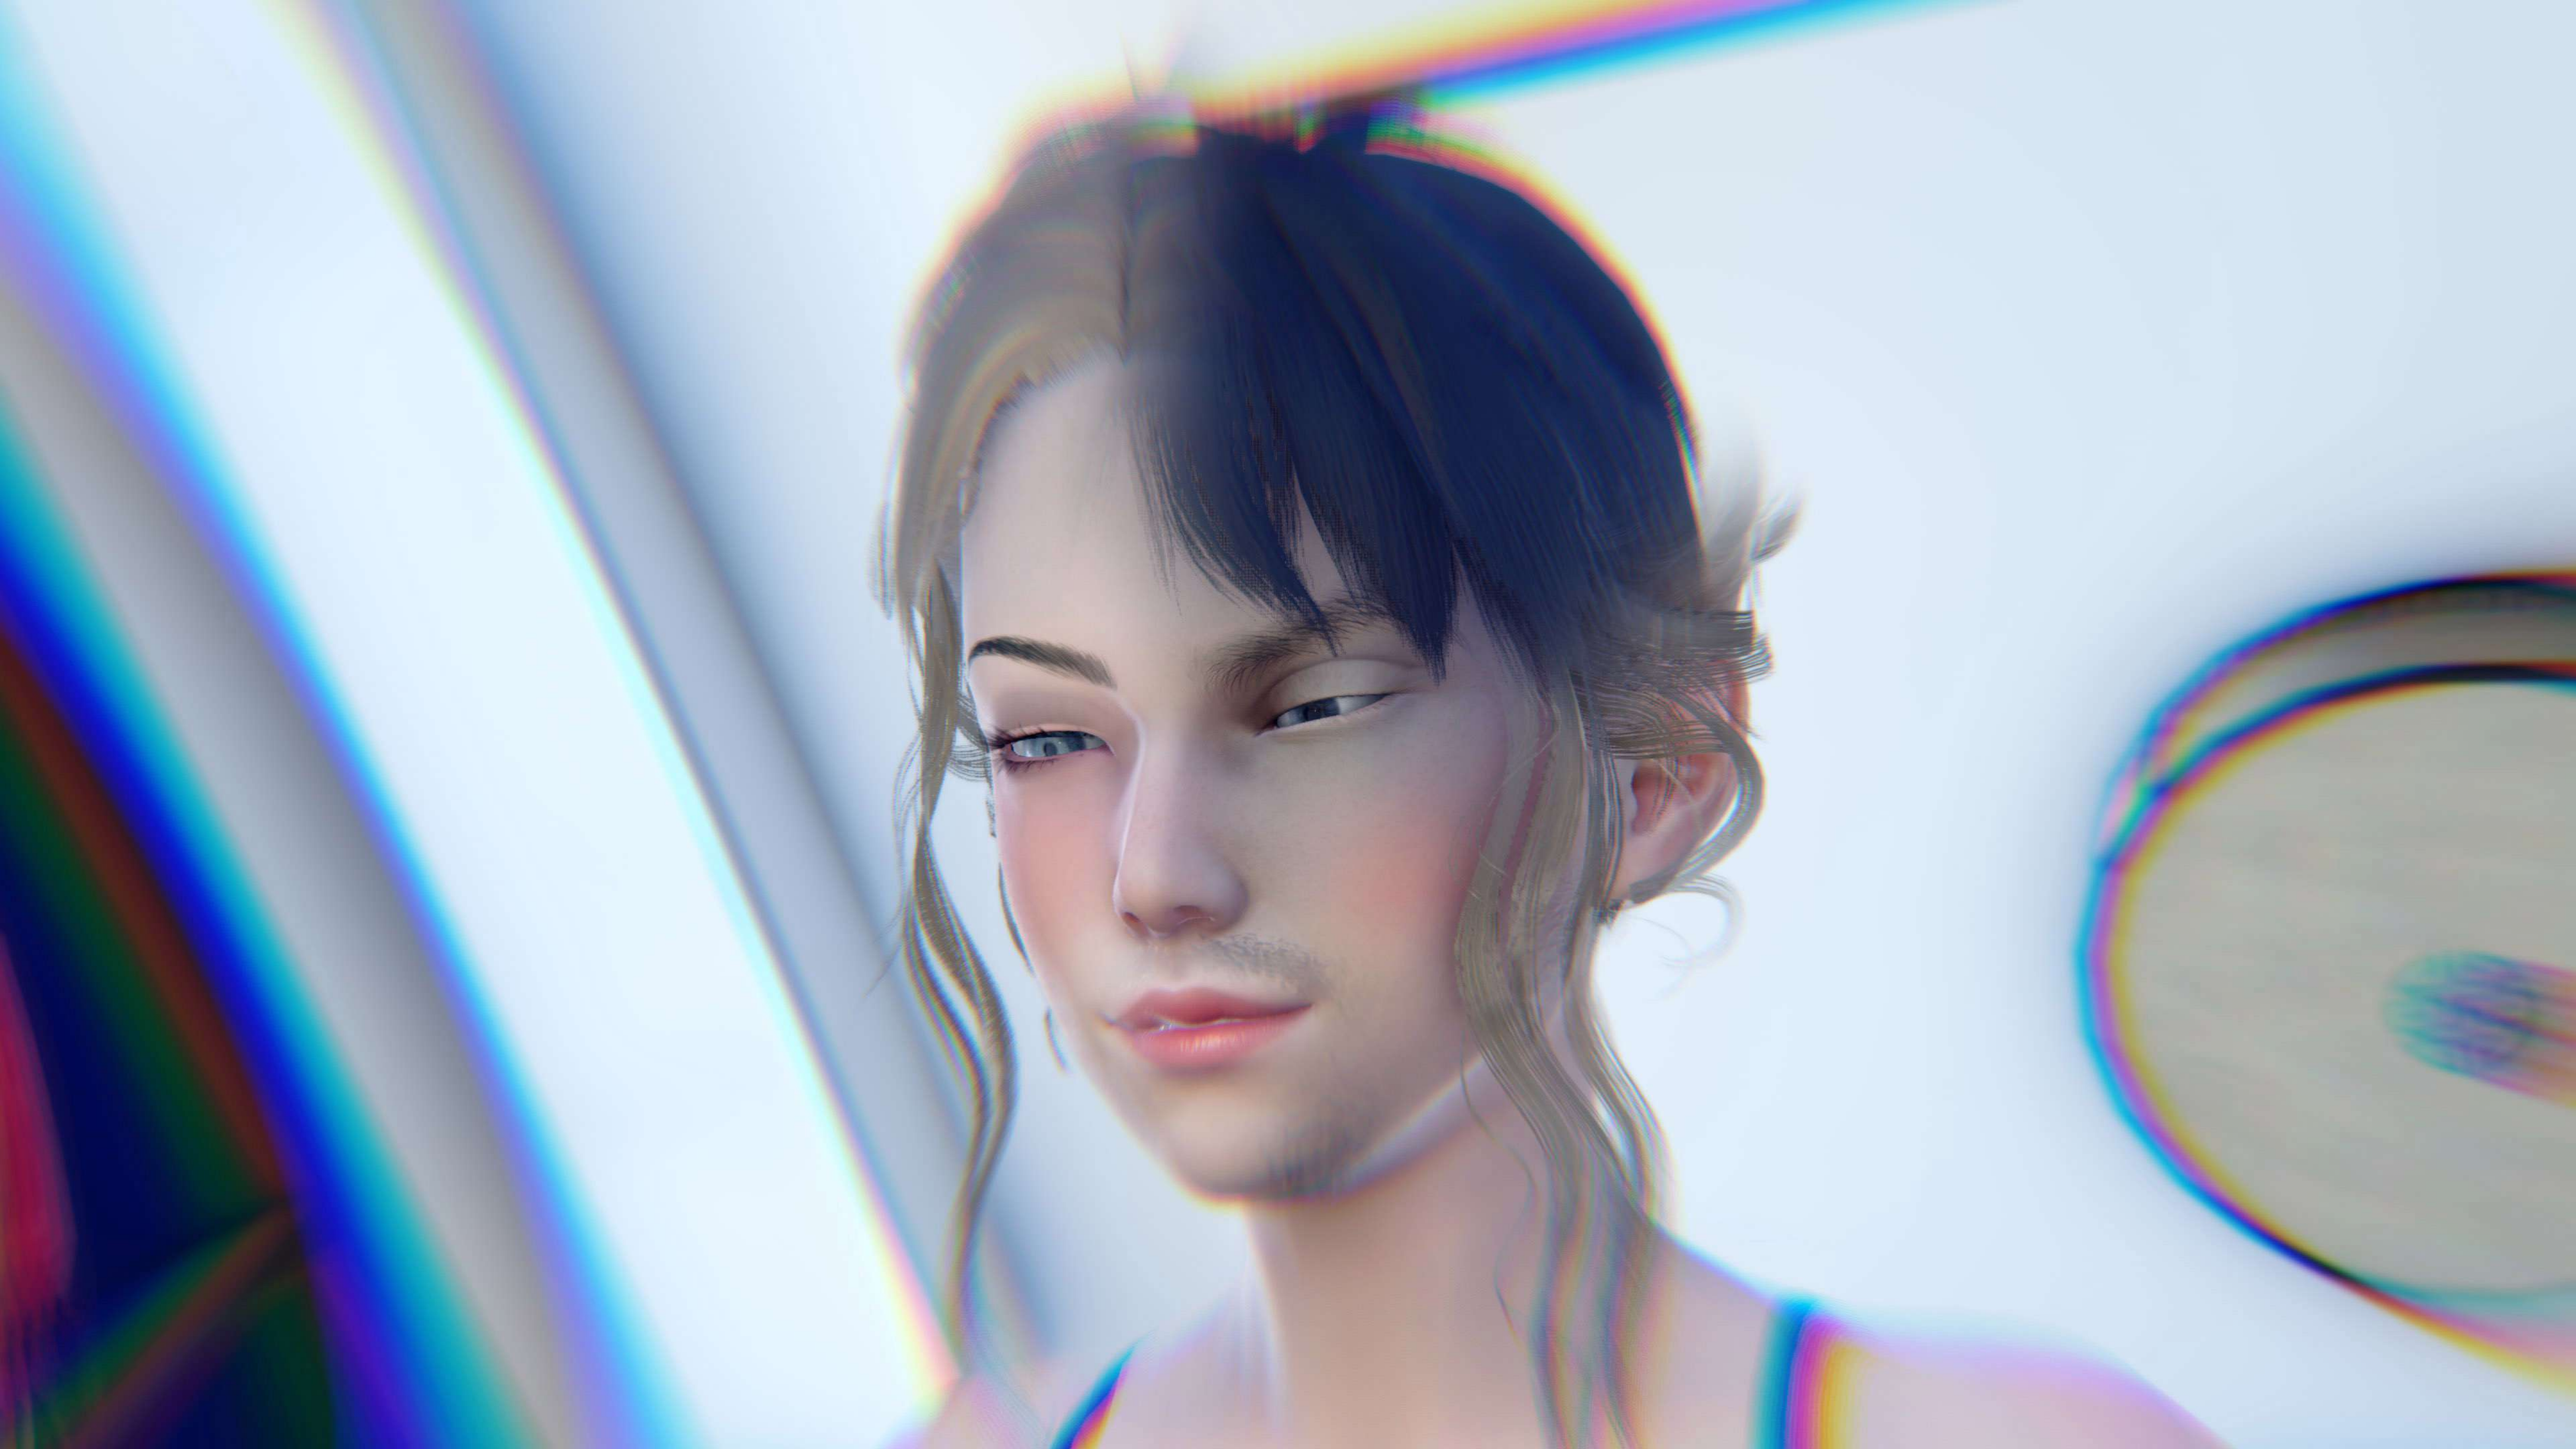

Whoa! What is this?

After what you did to me, Now I'll have my revenge!

What are you talking about, Lora?

Well.. I think you need a reminder

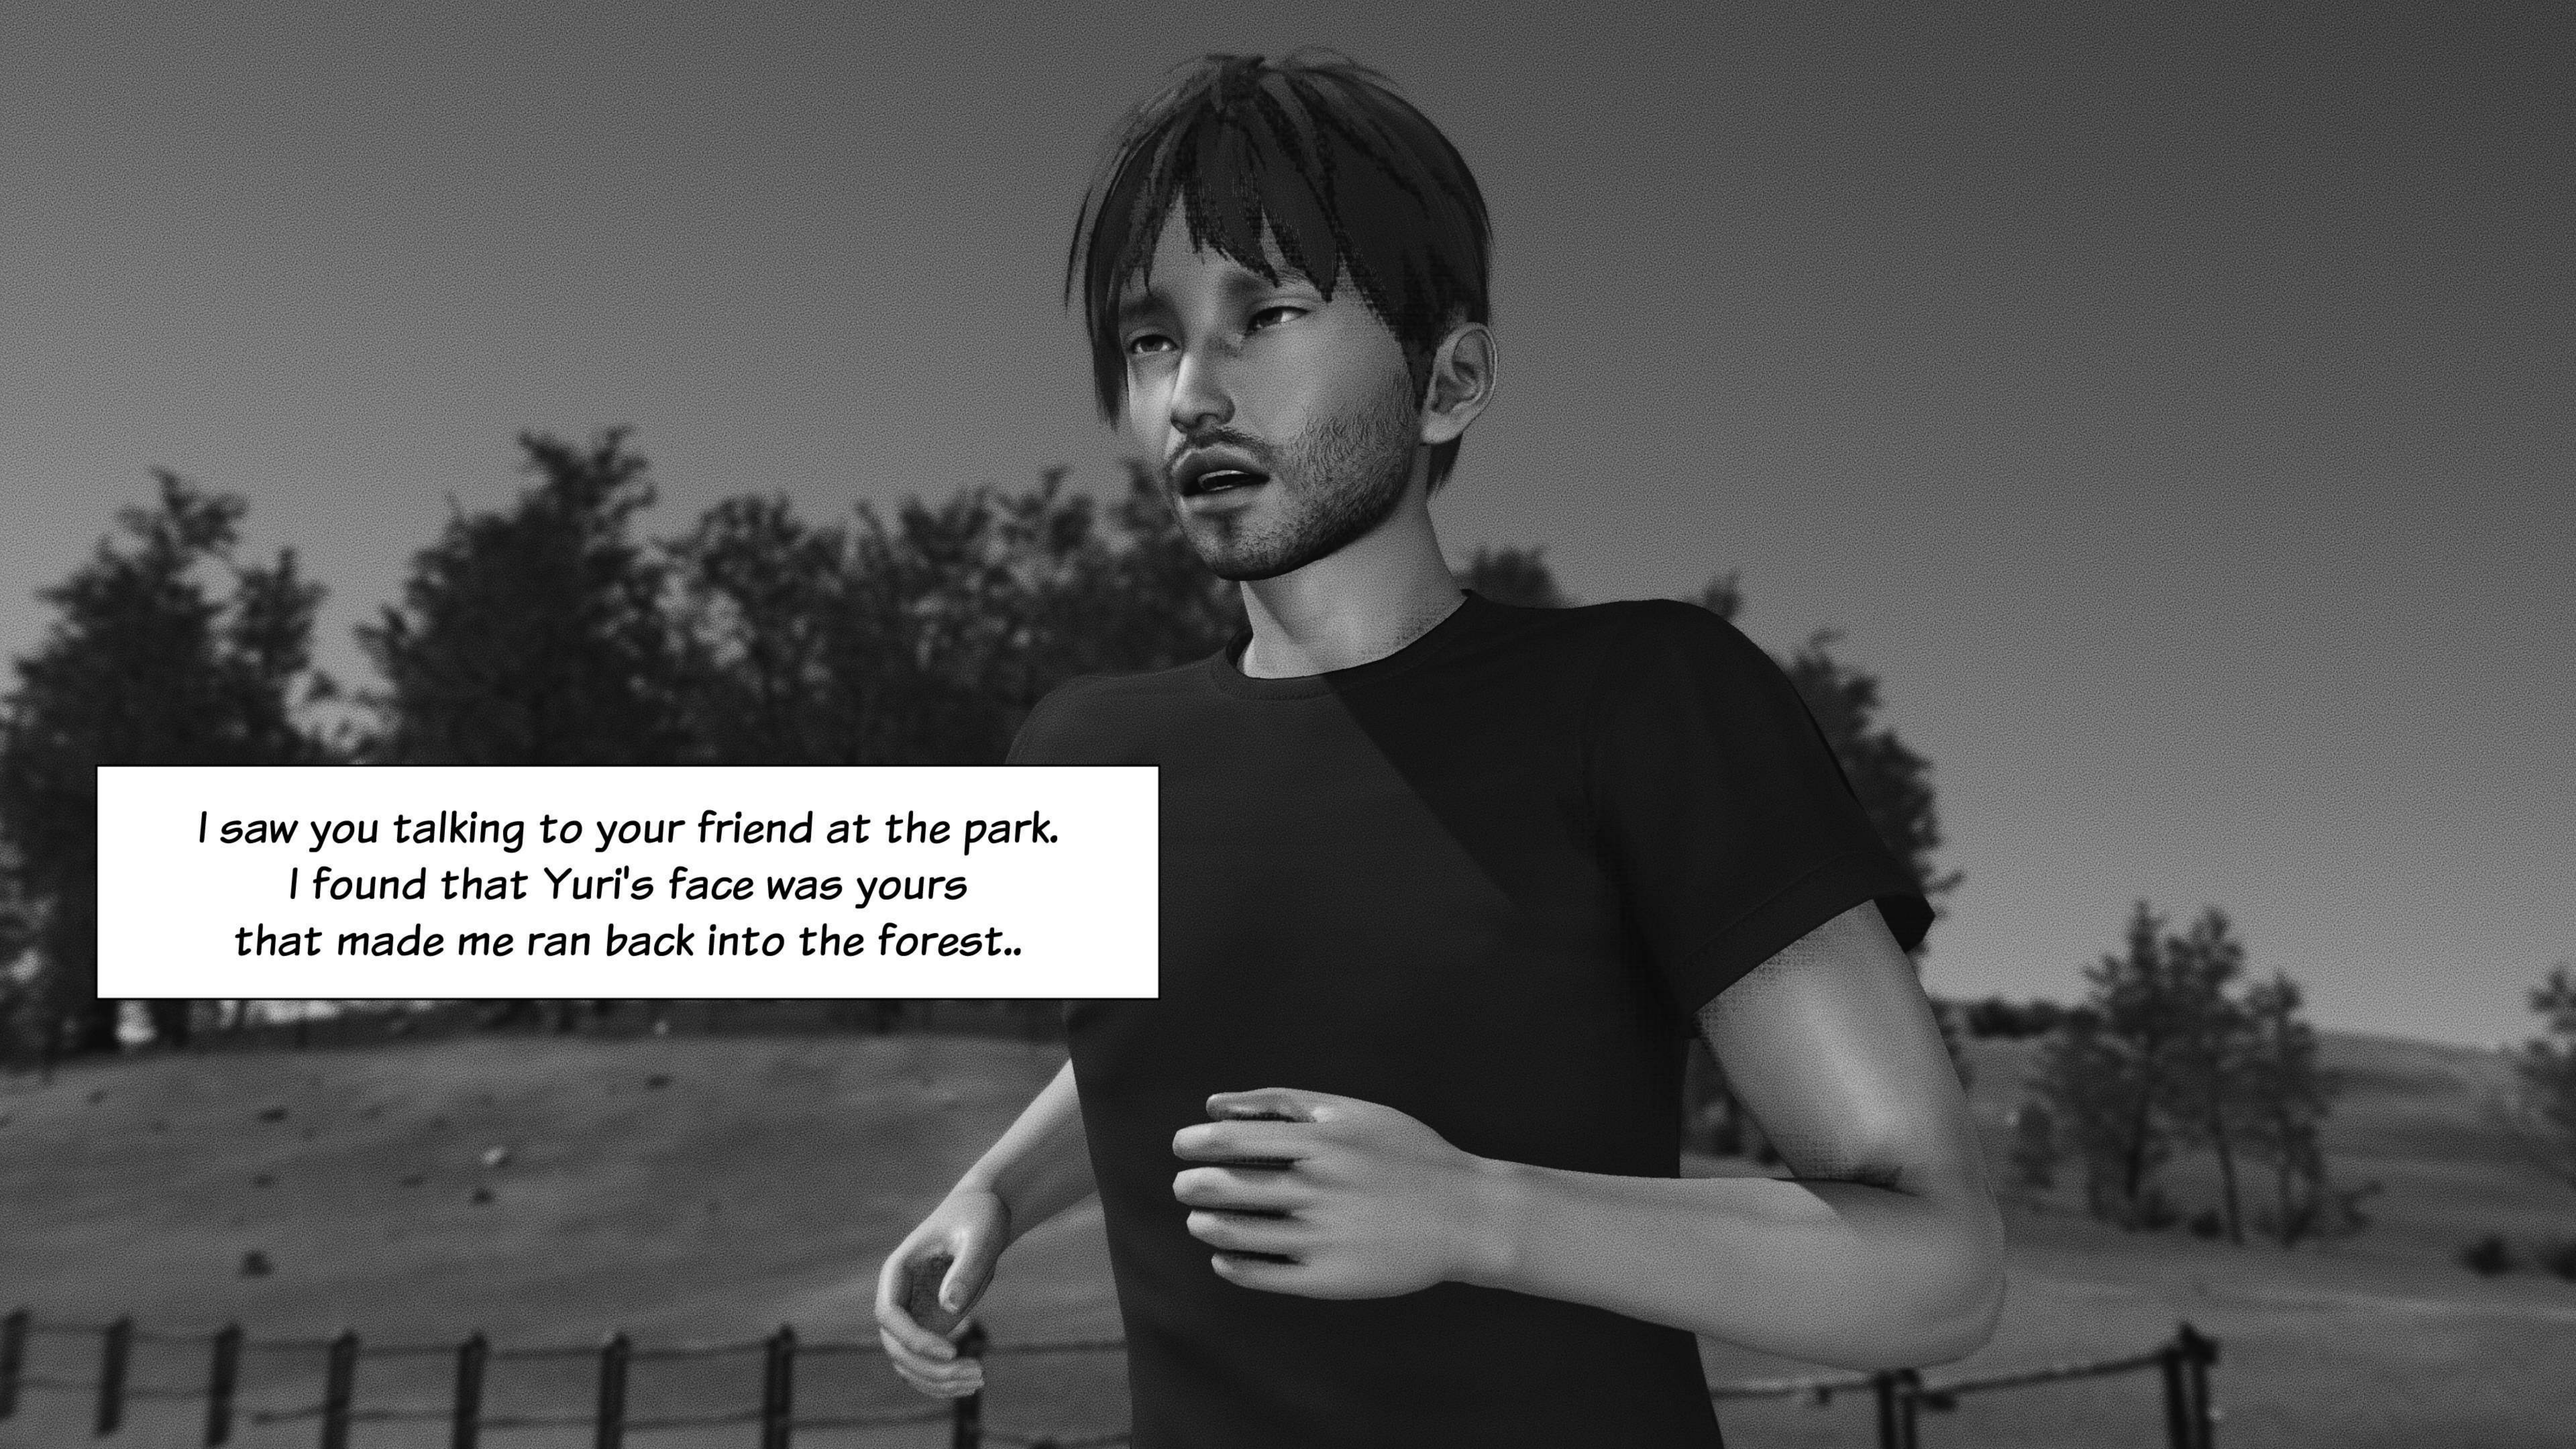

Surprise!

Ken!!

In the flesh..

How?!

After you guys have finished the blackmail scheme

I saw you talking to your friend at the park.
I found that Yuri's face was yours
that made me ran back into the forest..

Then I stumbled upon something
causing me to fall near a strange object

There was strange smoke coming out of it..

Then I lost consciousness

After that day, I found that I could transform into whoever I wanted,
just like you.. but it took me a while to master it

Where is Lora?! What did you do to her?!

Do you remember the day that you met her on the first time at that store?

I remember it. Why?

On that day, I'm going to take revenge on you. But then I saw your Laura..

So, I came up with a new plan and changed my target to your friend first

What do you mean by that?

Did you see how happy your friend is?
That's because he had sex with Yuri, which is me!

What?!

I also secretly recorded that he was fucking with her
But I tricked him and made it look like he forced her to have sex with him

So I can use that video against him

You bastard.. what about Lora? tell me where she is!

I've been watching her for a while.. study and learn her personality for you

Then this day has come, after I knew that she will invite you to her house
I kidnapped her and then took her place then here we are!

Where is she?!

I'll tell you after you give me what I want

Which is?

Just do as I say and smile for the camera

I can't move!
Arghh!

It's useless! You have been drugged
you won't be able to move your arms or legs

Now you're going to lick my feet for me!

What about my toes? make it clean too!

Good boy!

I know it's not really Lora but.. why is this still turns me on?

You should've seen your pathetic face right now!

Oh!

Your dick is hard!
even after you knew that I'm a man?
What a perv!

Now I'll let you taste Lora's pussy!

Go on, you are allowed to lick it!

You did a great job, Adam...

Alright, since you cooperate with me so well
I'll give you a reward in return

When you transform into a woman..
You definitely wouldn't dare do this with a man

But for me, I'm willing to open up to new experiences

I've tried with a dildo before
Now it's time to try the real thing

You like it don't you?

I know you're enjoying it, Right?

It hard to resist this beauty..
especially when the person in front of you
is your crush

Ok.. I'll let him do whatever he wants
Then I will find a way to delete the video

I don't want to say this but.. sucking your cock makes me wet

A woman's body is the best!

It's not over yet!

I can feel your excitement from your hard cock

It's time to put it in its place

Yesss

Holy shit! You came a lot!

Now I'm convinced that you really like this girl

Are you going to tell me where she is?

She's in my basement

Will you take me to her? Or maybe release her

I'll take you to her but I've got another plan for you before I let her go

What? Isn't this enough for you?!

Oh, don't worry I'm not gonna hurt you or her
and I think you might've enjoy it too!

You bastard!

Who's this?

Just some random girl..

What do you want me to do this time?

Oh.. it's simple

You're going to fuck me in front of your cute friend!

That's.. no way.. I can't do that!

You have to do it if you want me to let her go!

You sick fuck!

Looks like you don't have a choice..

God damn it..

The drug will wear off soon..
after that I'll tell you what to do next

You must be confused about why you're here, right girl?

It's because of this man.. if you want someone to blame, blame him

He did something bad to me a long time ago..

He wants to destroy our relationship..
I might have to tell her the truth
after I get out of this situation.

But now he had to pay for what he did with his cock..

Did you know that he has a crush on you?

But look.. he didn't even try to resist me, what kind of man he is?

What are you waiting for?

Ohhh.. yesss!

I can't do this in front of her.. I need to do something..

Why did you stop?

What is going on?!
