Well, it looks like I won't be needing clothes any longer anyways!

Not that any big and tall stuff even makes thing this big or tall!

Oh well! Guess I'll have to just be naked all the time from now on!

Not like I stopped growing either, it would be a waste of fabric!

Haha! This shit's like a dream come true!

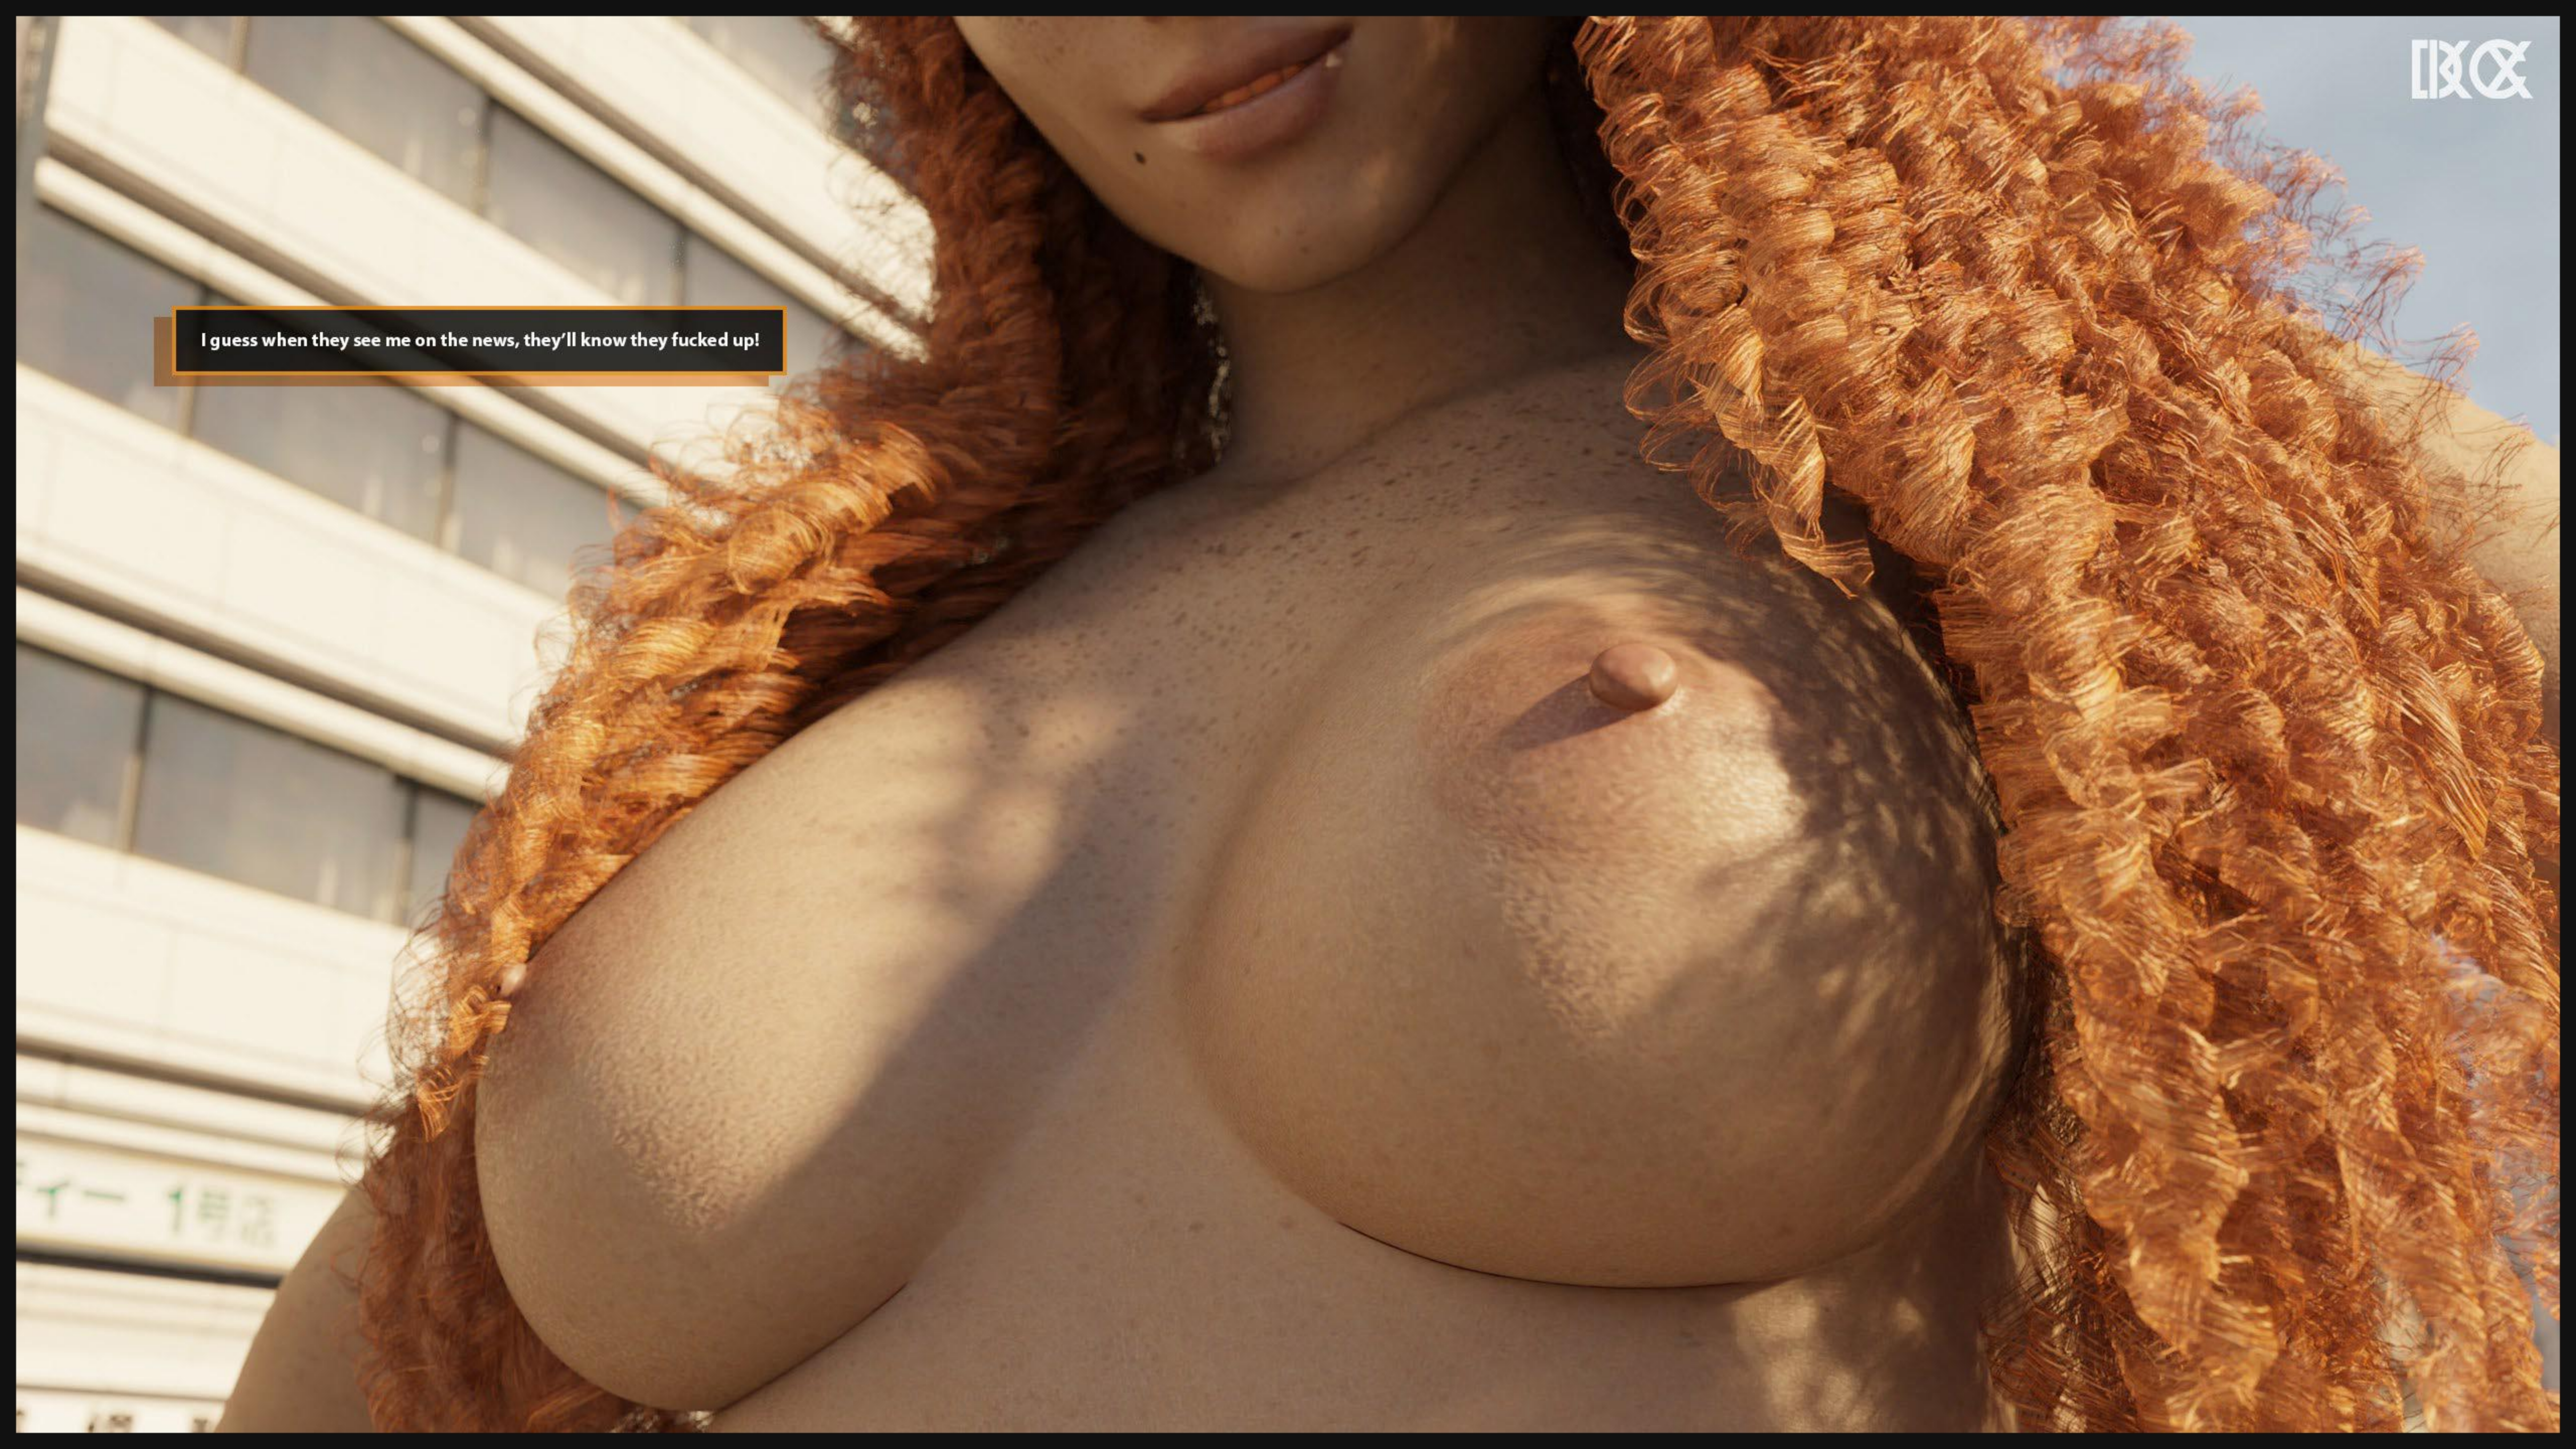

How could anybody have turned that doctor down?

I guess when they see me on the news, they'll know they fucked up!

W-well! Message received I guess!

I... I guess if these are big enough to keep my belly out of sight, I can probably live with this!

Although I would always enjoy some even bigger boobs...

Now THIS is more like it! No way these aren't the biggest boobs on the planet!

Oooh... So sensitive too! Both of these babies could use a good fondling...

Don't worry babies, mama will take good care of you two...

Just keep growing for me!

A close-up shot of a hand reaching out and touching a metal railing on a rooftop. The hand is positioned in the lower center of the frame, with fingers slightly curled. The railing is made of dark metal and runs horizontally across the frame. To the left, a green metal lattice structure is visible. The background is a blurred city skyline with various buildings under a blue sky with scattered clouds. The overall lighting is bright and natural, suggesting daytime.

Yep, I totally can reach it now!

And now, I'm far above it!

Biggest girl in the world with all the biggest assets. Alright, I'm in heaven!

Ladies and gentlemen, this is an almost unbelievable situation still in progress! Nobody knows what is going on specifically as of now, but within the span of the last thirty minutes or so, city police have identified local nurse Deirdre Nelson as having exited her apartment stripping down nude, before beginning to grow in the the street. Thus far nobody has been injured, but nearby apartments have started to take damage in the wake of whatever is going on.

Quick! Get a focus on her, it looks like something is happening!

Oooh...

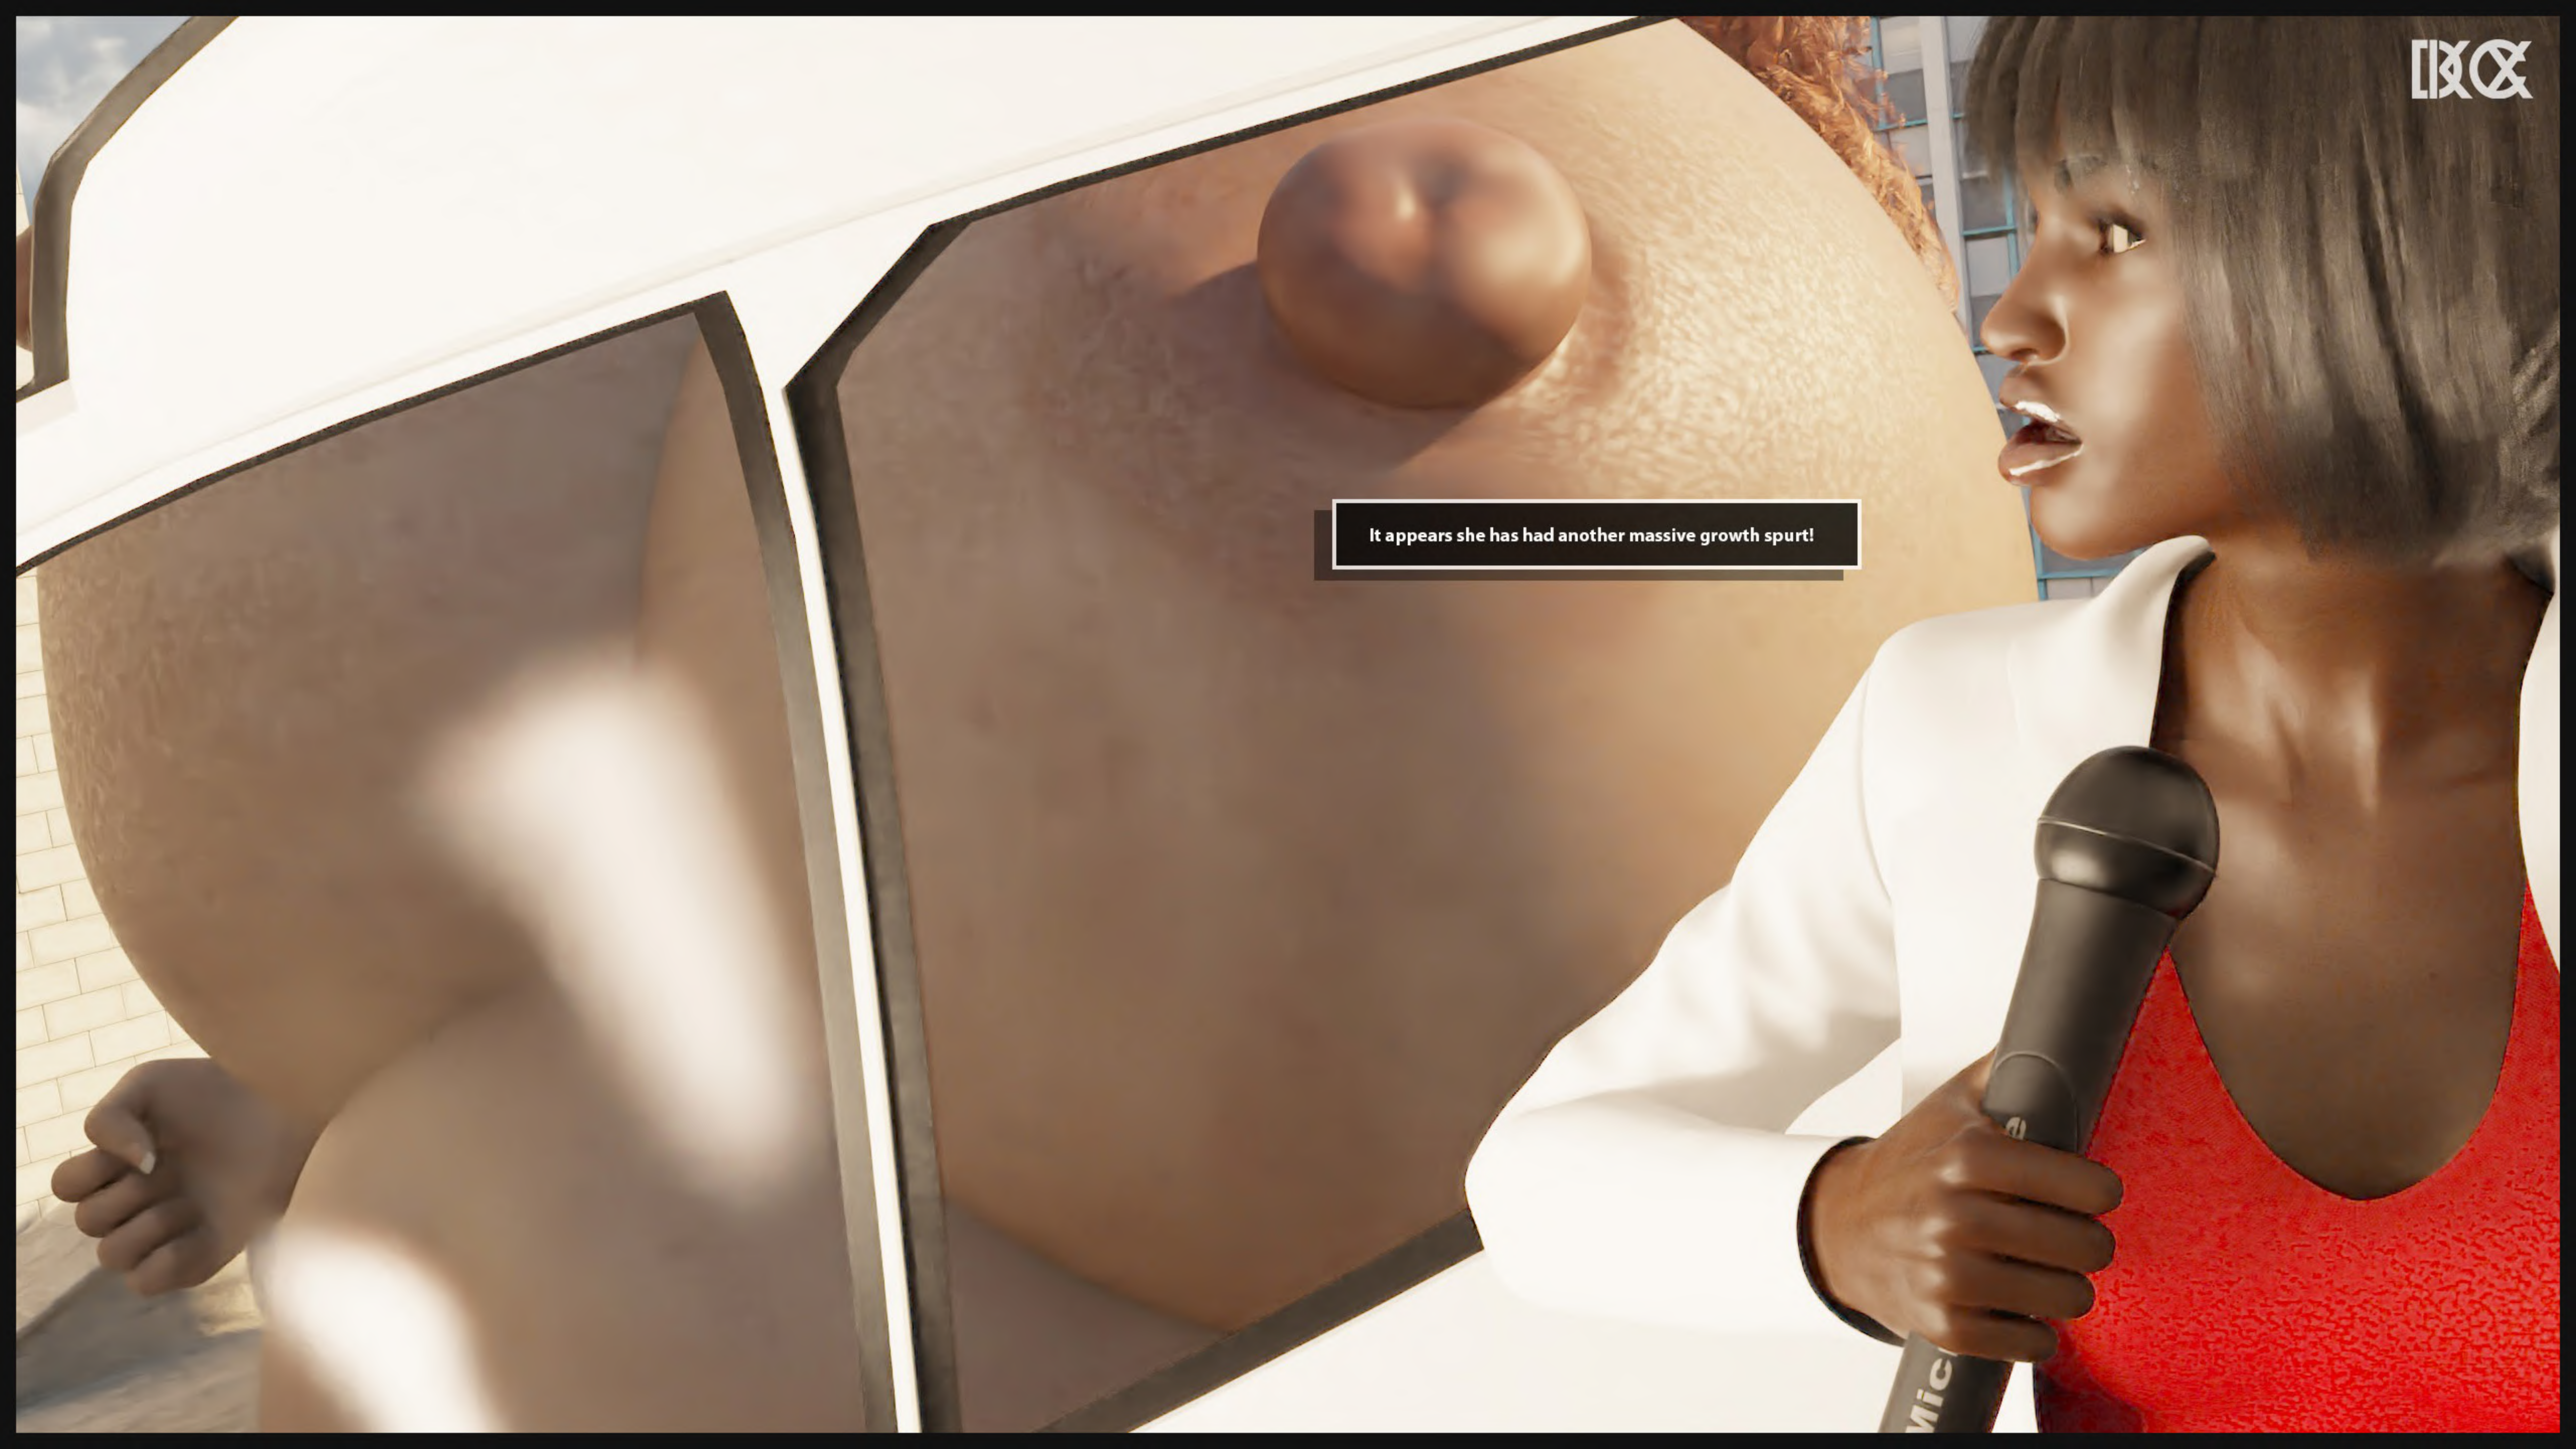

It appears she has had another massive growth spurt!

Woah woah woah! Get us out of here fast!

At least you could make sure I'm smiling for the camera, you know....

It wasn't just me!

It's everybody in the city!

Every woman around her...

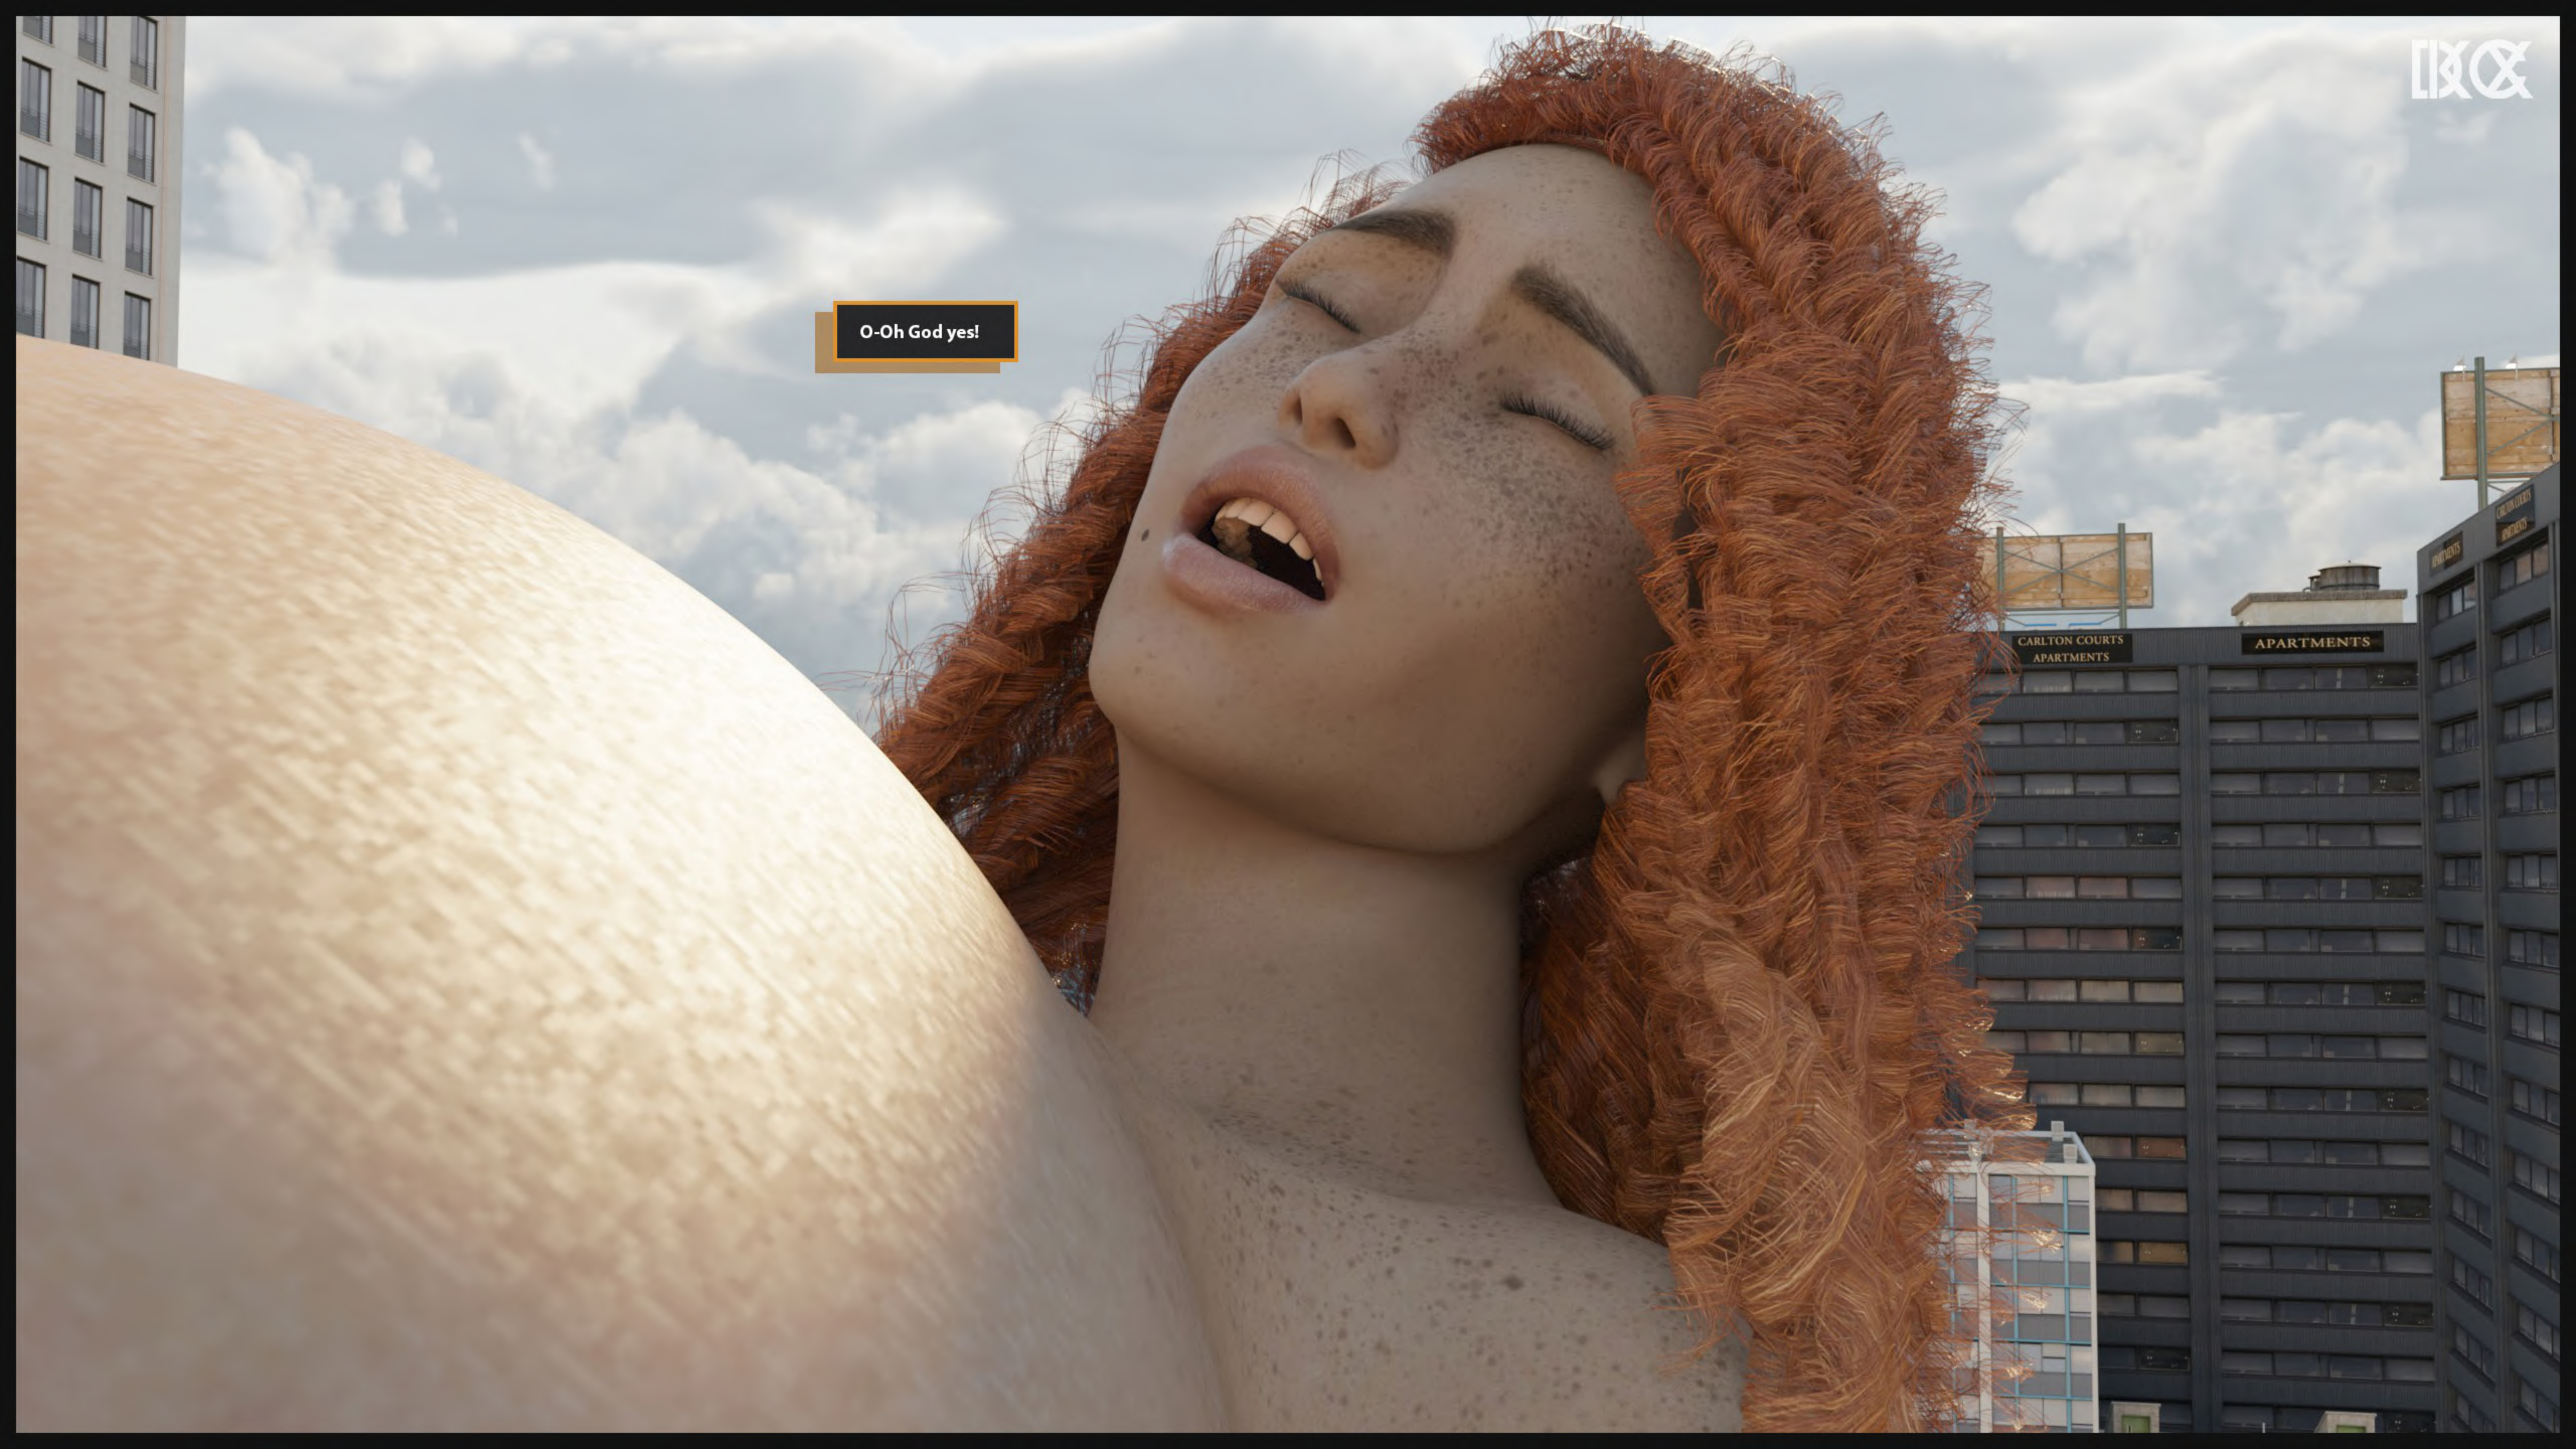

All of them are growing too!

O-Oh God yes!

I've never felt this good in my whole life!

I have goosebumps from head to toe!

I can feel every inch of my skin stretching! I can't contain myself!

I don't know what I'll do if I feel like this forever!

... ..

I don't even feel like this is close to stopping!

What the hell is she doing to all of us?!

Why is her growing making us grow too?!

I-It's still not stopping!

I... It feels so...

Good...

Just what did she do to us...

I-It's like I can feel everybody around me growing too... All of their surprise... All of their pleasure!

It's like you're all a part of me now too!

Let's all grow through this city together!

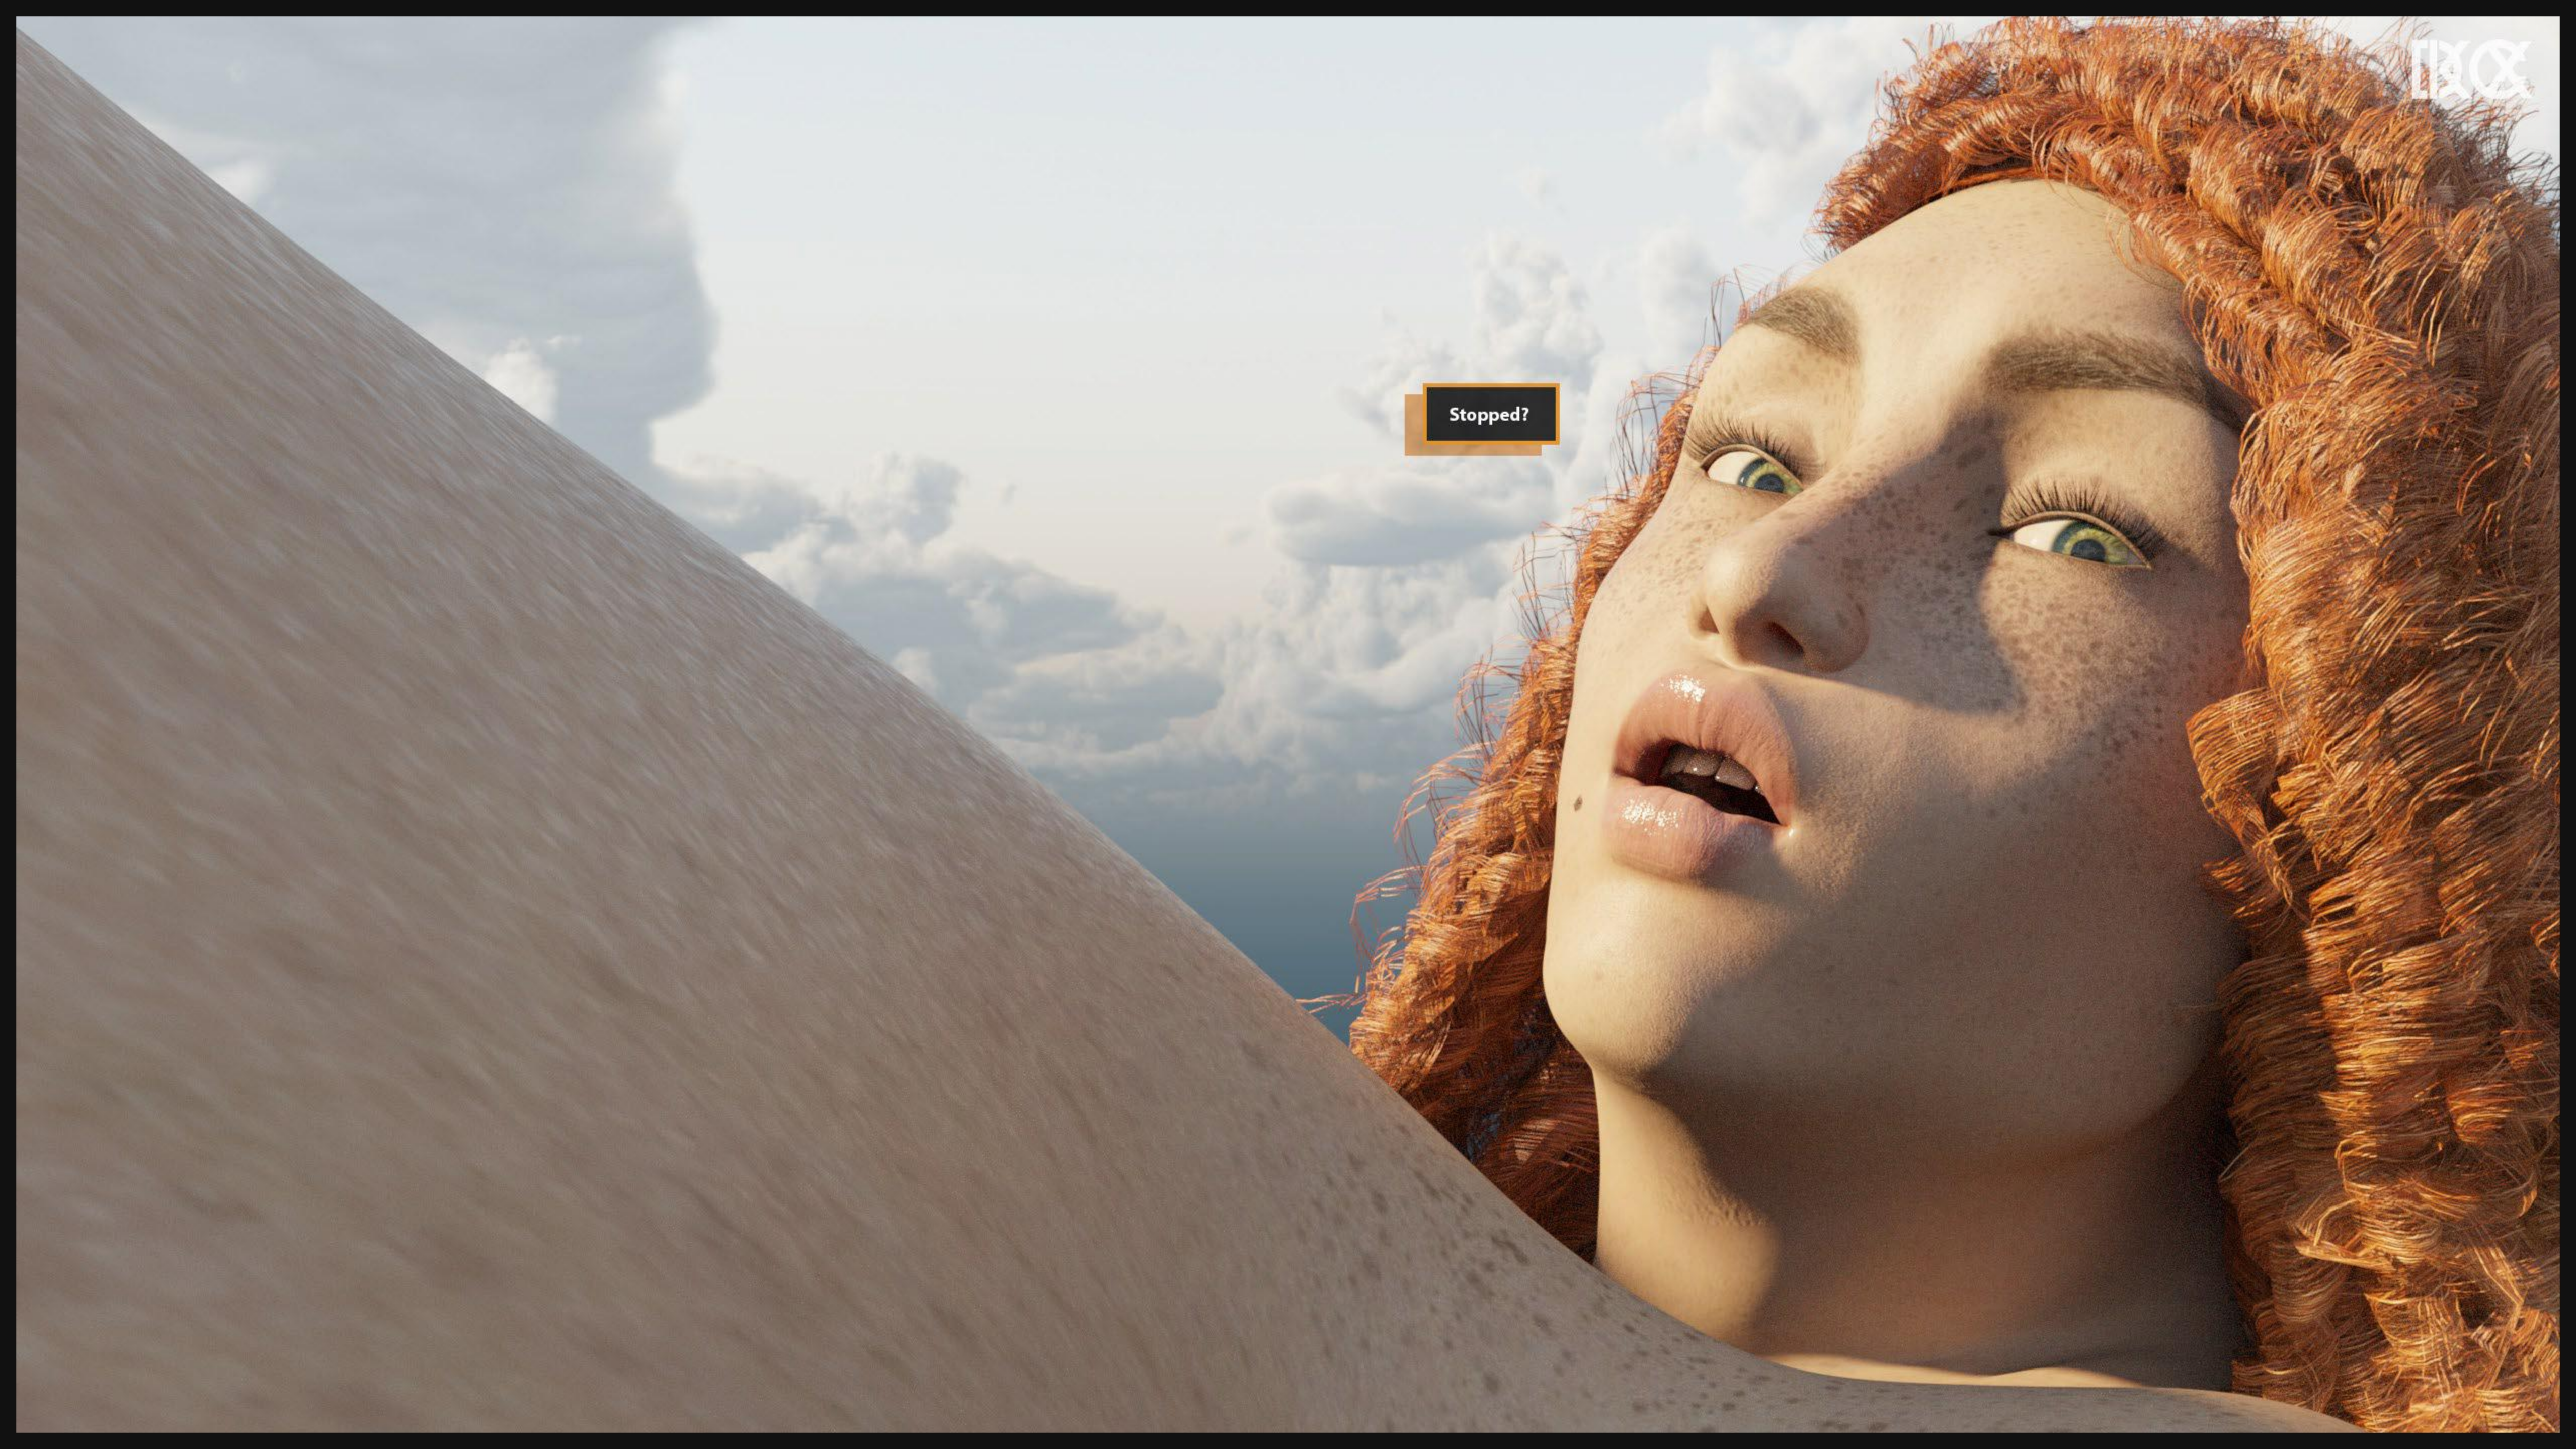

Ooooh... The sensation! I-It... It...

Stopped?

Now to see who catches up to me next...
