

# *A Hot Summer with My Mom and Aunt*

# Chapter 1

Here I am spending my summer after my first year of college running a web site for my mother and aunt. It is of course an adult site with many many hits a day. I just finished editing a video clip of my aunt being gang banged by 12 black men. It was so intense that it took me over two hours to edit it because I stopped numerous times to jack off. This sexual experience all started the day after I got home from college, the scenario goes like this:

Once I got out of high school, my dad and mom divorced. She told me that they had decided to split five years ago, but waited until I was 18 before actually splitting. Although they had planned it for some time it took a number of months for my mom to adjust to being alone. I was not aware of her dating or going out while I was in college and she seemed to be doing fine with her new freedom. I thought at first, she would be going out a lot since she is so vivacious and outgoing and very good looking. Let me describe her: she is 38 years old, 5' 6", a slim body except for her bust, her measurements are 38-25-34 with DD cups. She is a very classy, sexy attractive looking lady with legs to

die for. For the last two years, I tried every chance I got to sneak a peek at her tits, ass and legs. She has always been a bit flirtatious and didn't hide her body very much, so I got a lot of peeks of her torso, but none of the really good parts of course.

Now to top this off, she has an identical twin sister with even larger boobs by two inches (found out later that she had them augmented). My aunt is even sexier than my mom; she always wears short skirts or hot pants and low cut blouses. I have jacked off many times after she has visited us. She is married to my uncle Harry who is quite a few years older than she and has lots of money, which is what keeps her with him.

Well, what happened the first day I got home from college for the summer just about blew my mind. When I arrived in the early evening, my aunt was there and immediately wanted to know all about college and how many girls I had dated and etc. She was dressed to kill and I had a tough time concentrating on the conversation with her cleavage on inches from my face and my cock wanting to get free. My aunt then told me that she had finally talked my mom in going out cruising and would be home late. My mother said

she would spend the next few days with me to catch up on my life, which was not very exciting up to this point. They left and I unpacked and made myself at home. At about midnight I hit the sack. The next thing I knew my aunt was sitting on my bed asking me a question.

What had transpired that evening was that my mom and aunt had cruised the bars to no avail in finding any satisfactory male company. To me this was astounding in that, here were two very attractive women on the make. Well, stranger things have happened and since all things happen for a reason, this situation must have occurred for my benefit that you will read about soon.

When they got to our house, they both had had a fair amount to drink and sat up talking about not having found any cock to fuck. My mom of course being single and not in the dating scene, had not been with a man since she and dad divorced. She confided to her sister however, that she had gotten on the internet and watched some x-rated videos of hardcore porn. She also had bought a couple dildos and now uses them frequently. My Aunt June told my mother that Harry no longer enjoyed sex and so she has also gone without any cock for a long time. My mother

showed June her toys and one thing lead to another until they began to play with themselves. One of the dildos my mom bought was big and black; my Aunt June used it while my mom used her smaller dildo. They removed their panties, laid back spreading their legs and began working themselves toward a climax. They watched each other slide a dildo in and out of their pussies. In their state, it didn't take long for both of them to get themselves off. As my aunt lay there on my mom's bed, and as they talked she got even hornier until finally my aunt said, "Jackie, I want a real cock. I can't stand it that here we are, two beautiful sexy women wanting to be fucked while a young male is just down the hall."

My mother looked at my aunt in disbelief saying, "What are you talking about? Do you mean that you want to fuck my son, your nephew?"

June said, "Yes I would. I know he would like to fuck me by the way he looks at me. He also gives you many glances checking out your ass and tits. I bet he has thoughts of fucking you as you have had thoughts of fucking him." My mom just stood there starrng at her sister without saying a word. My aunt continued, "Now admit it, you have had the

hots for your son, I've seen it in your eyes. He is a good-looking lad and I bet he's got a dick as big as his father's. Now admit that you would like to feel his dick inside you!"

A little grin crossed my mother's face as she said, "Well the thought as occurred to me but I never took it as a serious thing, just an impulse when I see him with his shirt off or when he wears shorts or just looks sexy at times."

"Well, I'm going to go into his room and ask him if he would like to fuck me, and if so, I'm going to let him. I hope you are OK with that Jackie, because I need a cock right now or I think I'm going to burst." At that point she got off the bed and headed toward the door. She glanced back at her sister to check her expression. My mother just kind of smiled without showing any real sign of disapproval. So my aunt proceeded down the hall stark naked and into my room. I was awakened with something brushing my face. At first I didn't know what it was but as I opened my eyes in the dim light, it was my aunt leaning over brushing her tits across my face. Once my eyes opened she said, "Glenn I need to know something right now."

I was not completely awake and trying to figure out just what was going on responding, “What is it you want from me?”

My aunt was looking straight into my eyes as she said, “I want to know if you ever wanted to fuck me?”

This question got my whole attention and I now realized that my aunt was naked even though there was only a dim light coming from the hall. I look her in the eye saying, “Yes, I have thought many times about what it would be like to fuck you. I think you are very sexy with a great ass and beautiful tits.”

“Well thanks and so if I ask you fuck me, are you willing to actually do it?”

I stammered saying, “Sure, but what if my mom finds out?”

“Oh she knows I in here asking you to fuck me.”

“Really, I find that hard to believe.” As my aunt sat there my eyes got use to the dim light and was taking in all I could of my aunt’s naked body. I was in awe of her tits, there were magnificent. They sagged very little and she had very succulent looking nipples, I wanted to reach right out and squeeze them and lick them. My dick was at attention and poking out of my boxers under the covers. I looked at her snatch but could not see anything do to the way she was sitting.

She then said in a rather loud voice, “Jackie, you know that I’m in Glenn’s room, right?”

We both listened hearing my mom saying, “Yes I know you are in there.”

My aunt smiled at me saying, “You see, she knows. Now are you going to fuck me or not?”

Without saying a word, I tugged at the covers that my aunt was sitting on. She got up and as I removed the covers from on top of me, I took my aunt’s hand and pulled her toward

me. She did not hesitate and crawled in my bed along side me. I pulled her close, our lips met and we kissed, not just light kiss, but a deep sexual kiss with our tongues in each others mouth. Our hips sank into each other and we caressed one another for some time. She then reached down and took a hold of my hard cock that was poking out of my boxers and began to stroke me. She said, “I want this cock I have in my hand inside me right now Glenn, I want you to fuck me and fill me with all your young sperm. I want to feel your juices in me. I need to have your cock deep inside me, to pleasure me and to make me cum. Next time we fuck we can take more time, I just need to have you in me now.”

I thought to myself, next time! Wow this is going to be great, my sexy aunt wants to be my lover. I rolled over on top of her as she willing spread her beautiful legs. She guided my cock to the entrance of her pussy while I fondled her tits. I thrust my hips down, my cock slipped deep inside my aunt’s cunt on the first shot. “Ohhhhhhhh baby that feels so great, oh sweetie, just fuck your aunt hard and fast, make me cum. Oh I love this, its better than I thought it would be. Oh yes, yes, do me, fuck me, fuck me, fuuuuuck me.”

I did as she said and began thrusting my cock deep into her pussy as she groaned and moaned. She was so wet and juicy; I was in hog heaven and she had her hands on my hips pulling me deep inside her. She started to scream as she climaxed, thrusting her hips up to meet mine and wrapping her legs around mine holding me deep inside her. I was not far behind and began dumping a big load of cum in her. She froze when my hips began twitching as my cock was squirting her full of my jism. When I finished with the greatest cum I had ever experienced so far, I collapsed on top of her. We lay there for quite awhile letting our bodies recuperate.

We may have dozed a bit before she stirred saying, “I have another question for you, you sweet young man. Would you fuck your mother if she wanted you to?”

“That is a no brainer, Of course I’d fuck my mother, I think she is so hot, I have jacked off many times thinking of her. Do you think she wants me to fuck her?”

to be continued

## Chapter 2

At this point my aunt got up and left my room, it must have been about 2 am. I did not hear anymore sound and so slipped off to *never never* land.

When my aunt got back to my mom's room, she immediately informed my mom that I had said the I would love to fuck her. They discussed this for quite some time, my mom on one hand excited about the idea, but very reticent about fucking her son. My aunt kept insisting that she go into my room and just do it. My aunt said to my mom, "Jackie, you will love it, Glenn has a very large dick just like your hubby had, and he fucked me really good. Feeling him cum in you will make your day, now go in there and fuck him. Show him how much you love him and make his day."

She kept it up until my mom was so excited, she began to ooze juices from her pussy. She timidly walked into my room and sat on my bed. I was sleeping very lightly and immediately woke up. I looked up to see my mom sitting

next to me looking so hot. She said, "Honey I need to know if what June said is the truth. Do you jack off thinking about me and do you really want to fuck me?"

"Oh mom, I have wanted to fuck you for more than two years. I think you have a hot body and have imagined many times of me sliding my cock inside you and feeling your warmth." I had a raging hard on and rolled on my back and pulled the covers off. My mom looked down at my crotch seeing my 8" dick sticking straight up.

When she looked back at me I raised my hand to her tit saying, "See what you do to me." She starred at me for a minute while I fondled her tit and moved my other hand onto her thigh and up her leg. She willingly separated her legs letting my hand slide all the way to her wet cunt. I slipped a finger between her pussy lips feeling how wet she was.

She smiled saying, "See what you do to me, I'm soaking wet with precum. I guess that fucking your mom's twin sister is almost the same as fucking your mom, so actually fucking your mom would be OK." I thought her logic was a little screwy, but what the heck, if she was willing, so was I. My

mom stood up, dropped her robe and laid down next to me. I took her in my arms giving her a deep kiss and as I rolled on top of her, she spread her legs and my hard cock found the spot and wham o, I was inside my mom.

She moaned saying, "Oh sweetie, you feel so good inside me. This may be wrong, but I can't think of anything, not anything that I want more than having you fuck me. Just do me sweetie, fuck your mom, give me all your cum, fill up my hot snatch with your sperm, fuck me hard and fuck me deep."

Here I was ramming my mom not more than a half hour after I had fucked my aunt. I just let it all out and pounded my mom to her encouragement. The harder I fucked her, the more she begged for it. She was the first to climax letting out a low moan and holding her hips very still as the rush of feelings swept over her body. I was still ramming her hard when she came down, she took a hold of my face, gave me a big kiss then said, "Yes baby, keep it up, ram your big cock in mama. You are so big, I can feel you way up in my belly. Oh sweetie do it to me, fill me up honey, I want all your juices deep inside me where you began." It was not long before I unloaded what cum I had into my mom's

sloppy pussy. She wrapped her legs around me holding my deep inside her as I pumped the last drop of semen I had.

I relaxed on top of her kissing her again with a long and wet kiss. She obviously was as hot for me as I was for her. We kept kissing for a long time, sucking each other's lips, sticking our tongues in the other mouth. I moved my mouth down her neck, nibbling all the way slowly inching my way down to her tits. She pushed her tits into my face as I took each one and sucked on her nipples, making them very erect. I used my tongue to lick all over her tits and back to her nipples. She was moaning again and began to press her hips against my belly. I was hoping she wanted more and that I could eat her.

She did not appear to have any reservations so I continued sliding down kissing and nibbling on her till my face was directly above her wet pussy. I could see semen oozing out of her hole. I looked up at her, she had her eyes closed and was purring. I turned my face down and without any further to do, began to eat out my mom. She put her hand on the back of my head pushing my face even deeper into her snatch and rocking her hips. I sucked as much of her cunt into my mouth as I could and then I released her pussy

lips and stuck my tongue in her cunt. I played with her clit by flicking my tongue across it until she screamed as another climax engulfed her body. She humped my face as she oozed out more cum into my mouth. I just laid there face down into my mom's cunt enjoying every minute.

The intensity subsided and she released her hand from the back of my head. I had a mouth full of cum, a mixture of hers and mine. I slid up her body and when we got face to face, I kissed her letting some of the juices in my mouth flow into hers. It was a long and sloppy kiss. When we finished she spoke, "Oh baby, that was so great, oh how I loved it. I hope you liked too. And I love the taste of your kiss and how you share our cum with me. Baby I love you. You are so good to me." We hugged for a while and then we both fell asleep.

I woke in the morning with my naked mom lying next to me, she was sound asleep. I watched her beautiful breast rise and fall as she breathed. Oh how magnificent they are, nice and big with great nipples. I just laid there for quite awhile admiring her tits and very gently licking them. I lightly played with her nipples not wanting to disturb her but wanting to touch her nipples. She looked so beautiful

lying there. I raised the sheet to get a good look at her pussy and legs; her cunt was a mess with dried cum all over her crotch. I recalled how I ate her last night and how good she tasted.

Her legs are so beautiful, I wanted to get between them again but knew it would be best to wait. I was not too sure what to do knowing that my mom was a bit drunk last night and may have regrets this morning. So I slipped out of bed and into the bathroom. I then decided to see what was happening with my aunt.

I crept down the hall and peeked in my mom's room. There was my aunt lying spread-eagle on the big king size bed. I walked in finding her sound asleep like my mom; they must have gotten a snoot full of booze last night. I moved up very close to her and leaned over to inspect every part of her beautiful and sexy body. Her tits were just like my mom's only a little bigger, her pussy looked delicious and her legs were magnificent. As I stood there admiring my aunt's body, I got a raging hard-on. I wanted to mount her and fuck her again so bad but thought that might not be a good idea. I did take my cock out and very gently rubbed it

on her face, tits and pussy, I left little droplets of precum on her skin, oh how I wanted to fuck her.

She did not stir at all and so I played with her pussy lips with my finger. I gently pulled her pussy lips apart to see her pink insides, I got very close and licked her cunt a number of times and then I kissed her snatch, getting my tongue between her pussy lips and slightly inside of her. She moaned and then really parted her legs quite wide. I then took my finger and ran it along her crack playing with her rosebud. She squirmed some and moaned a little more but did not wake up.

Seeing her lie there had me so horny that I crawled up on the bed and straddled her pelvis while holding my cock and pointing it at her exposed pussy. I placed the head of my dick against her cunt hole and pushed down a little. Her pussy lips parted and about an inch of my cock slipped into her cunt. Oh was my cock ever hard and she was wet. I then lowered my crotch slowly inching my cock into her cunt until I was all the way in. I couldn't believe it, here I was crouched over my aunt with my cock buried in her cunt. She still did not wake up so I very slowly fucked her trying not to shake the bed very much as I repeatedly lowered

myself into her and then pulled my dick back out of her wet fuck hole. Being so turned on I shot a load in her in but a few minutes. When I was done, I wiped my dick all over her snatch leaving her pussy coated with more of my cum. As I walked out of the bedroom, I looked back to see she still had not stirred.

I went into the kitchen and fixed me a little morning snack, I was hungry from all the energy I'd expended. I went back up stairs to my room to see my mother still sleeping. I was still tired so I slipped back into bed next to my mom, my cock did not want to rest, it remained erect all the time.

I lay there slightly on my side with my cock resting on her thigh. I caressed her tits and sucked them a little as she lay there. I was so hot for her, I slid my hand down her belly to her pussy and slipped a finger inside her. She felt so warm and wet. I very gently played with her clit which must have brought her out of her deep sleep. She stirred and I quickly removed my finger from her cunt. She opened her eyes and looked a little puzzled. She turned and looked at me saying, "Did I dream or did we actually fuck last night?"

I was not sure how to respond but pulled the covers off to expose our naked bodies. She looked down and when she saw my hard cock resting on her thigh she said, "Do you have that monster cock inside me last night?" I just nodded yes as she continued to stare at my cock.

She said, "You know I was quite drunk last night and wasn't behaving myself." She paused then continued, "Wow you do have a big cock, just like your fathers. I hope you don't think badly of me. I know I was being a bad girl, but you do have a monster of a cock, its beautiful."

She did not take her eyes off of my dick as she was speaking, "I hope my actions didn't traumatize you." She paused and then said, ""Did you actually get all of your cock inside me?"

I nodded yes as she reached down to touch my dick and when she glanced back up at me, she said, "You mean I had every inch of this beautiful monster cock inside me?" I nodded yes again as she stroked my cock very slowly a number of times, then looked me straight in the eye saying, "I know this is wrong but I want to feel your cock inside me

again. Would it be OK with you if I asked you fuck me right now?"

I pulled her close to me and kissed her as I raised my pelvis above hers, she still had a hold of my cock and guided it into her cunt; I was all the way inside her on the first thrust. She let out a loud moan as I raised my pelvis and then plunged myself into her again. I started to pound my cock in her as she repeated many times, "Fuck me, yes fuck me hard, oh baby fuck your mama, get your big cock deep inside me and cum, yes baby I want you to cum inside me, pump your juices in me baby, oh sweetie, mommy loves this." I just continued fucking my mom until we both came, unloading what little sperm I had left. This was my fourth fuck in about six hours; more fucks than I usually get in a week.

We both laid there for quite awhile catching our breath. Finally when my cock softened and slid out of her drenched cunt, my mom got up, bent over and kissed me saying, "I need to clean up and get breakfast. You were great fuck and we need to talk about all this later, OK!" I agreed and she left my room; I watched her cute ass move across the room and out the door.

Oh, my mom is so hot looking, I was getting another hard-on. I had plans to get with my buddies today and was looking forward to that but at the same time, wanted to hang around my aunt and mom too. I showered, dressed and went downstairs to the kitchen.

My mom was preparing breakfast wearing her short robe. The sight of her legs had me going again, but I that I had better cool it. I sat at the table and be chit chatted, she told me that my aunt was still sawing logs on her bed. She served me breakfast and I watched her every move, she has such a magnificent body. I was trying to decide if she had anything on under her robe. After we finished eating I told her I was going to hang out with my buddies and to say goodbye to my aunt for me. She said maybe we should check to see if she was awake and I could tell her myself.

We both went up stairs to check, I was behind my mom and tried to see up her robe to determine if she had panties on or not. We got to her room and there was my aunt still spread eagle on the bed. Wow, she looked hot. My mom moved near the bed and noticing the dried cum all over her

snatch remarked, "Wow, you must have really spewed a lot of cum in her. You fucked her first and were fully loaded, right. I would like to experience that sometime."

I looked at my mom as she was licking her lips. I said, "Sure mom, I'll do that to you." I was ready to jump her bones again but knew I needed to go. I could not resist and asked my mom, "I'm curious mom, are you wearing anything under your robe this morning?"

She had a silly grin on her face saying, "Now you had better get going or you will miss out playing with your buddies." I took that as to not press the point any more and headed down the hall.

When I got half way down the stairs my mom called out my name. I turned to see what she wanted and there she stood at the top of the stairs holding her robe open revealing her totally nude body. "Does this answer your question? I don't think I'll be wearing under garments around here very much any more." We both smiled as I went out the door.

(much more to cum)

## Chapter 3

I played ball with my buddies for about 4 hours, I had a hard time concentrating on what I was doing as visions of my mom and aunt being naked and me fucking them kept running through my mind. At about 2 pm we all decided that we'd had enough ball playing and so went our separate ways. I headed straight home, looking forward to hopefully more intimate sessions with my mom and maybe my aunt if she was still there. As I turned the corner near our house, my cock tingled as I saw my aunt's car still in our driveway. I parked my car and went in through the front door. I could hear my mom humming in the kitchen. I peeked around the corner to see her standing at the sink with her back to me. She had on a pair of white shorts that really showed off her beautiful ass. As I looked at her ass and legs, my cock immediately became erect. I just stood there for a while to admire her, wow what a pair of legs and to think that I was between them this morning fucking her. She finally sensed someone in the room and turned her head. When she saw me, she immediately gave me a big smile and turned her body to face me while leaning against the sink in a very sexy

way. Oh how hot she looked! Her sweater had a deep V showing a lot of the topside of her tits and her shorts were so tight that the crotch seam was snug against her cunt separating her pussy lips. My shorts in no way hid the huge erection I had. My mom licked her lips saying, "Do you always go around with a hard-on like that?"

I responded, "Only when I see you. When I walked in and saw your ass and legs, my cock immediately got hard and when I got a view of your front side, I think another pint of blood was pumped into my dick. Man, are hot looking, I want to fuck you right here and now!"

"Whoa boy, we don't want you to get burnout or wear that thing out do we?"

"I don't think that can happen. By the way, where is Aunt June?"

"She is upstairs getting cleaned up to go home. She woke up only about an hour ago, she really got loaded last night. We

were both amazed at how much cum she had all over her pussy. You must have been saving up for some time."

"Well mom, the truth is that when I first go up this morning, I went in to check on her. She was laying spread eagle on your bed looking so sexy. I couldn't resist fondling those big tits of hers. She did not even stir and so I took the chance and played with her pussy and still she did not wake up. I was so horny that I got up on the bed and as gently as I could, I fucked her a second time."

"Oh that explains it. Wow she was really a mess, all her public hair was totally matted with your cum. She was so excited and said that she hoped that you were OK with what went on last night. I told her you were just fine with it and that we had fucked again this morning with me being stone sober. You are OK with all this, right?"

"Yes mom, I'm just fine and as you can tell" as I pulled my hard cock from my shorts and stroked it a few times, "I am very excited about having the opportunity to fuck both you and my aunt."

My mom rushed toward me giving me a big hug pressing her tits firmly against my chest and French kissing me. While we kissed she ground her hips into me getting a good impression of my boner in her crotch. She released me saying, "I have to finish getting lunch prepared. Why don't you go up and take a shower, in fact why don't you join your aunt in the shower? I know she would like that."

I pulled my mom towards me reaching around grabbing her ass cheeks and kissed her hard. I then slid my hands up her waist to her tits pushing them up. I bent down and kissed the tops of her breasts. She reached up with her left hand and pulled the V-neck of her sweater aside revealing one of her beautiful tits. I moved my mouth to encompass her tit and suck her nipple into my mouth. She reached down with her right hand and squeezed my cock saying, "Oh baby I love this. Go get cleaned up and will continue this later."

I straightened up and headed toward the stairs. My mom stood there watching me and as I paused to turn and admire her, she gave me a big smile lifting her sweater above her chest and wiggled her bare tits at me. I said to myself that I must be dreaming; is this really my mom standing there

shaking her bare tits at me. I rubbed my eyes and sure enough, it was she and I knew I was in hog heaven. I headed upstairs on a dead run and when I got to the top of the stairs I could hear the shower running in my mom's room. I wasted no time and slipped into her bathroom. There in the shower was the silhouette of my aunt. Wow what a body, I could easily see her big tits and as she turned, I could see her pussy. I ripped off my clothes and slightly opened the shower door.

My aunt quickly turned her head and when she saw me, she smiled saying, "Oh sweetie, what a nice surprise. Get your sweet little ass in here and take care of your aunt. I have been on cloud nine all morning remembering how nice it felt having your cock inside me. Uhhh I want to do it over and over again."

I just smiled at her, stepped into the shower and began to hug and fondle her. Our wet bodies felt so good rubbing against each other. We caressed and fondled each other like two starved lovebirds. I was kissing her while my right hand was rubbing her ass and my left hand was fondling her delicious tits. She in the mean time was reaching down stroking my hard cock. I removed my hand from her tit and

slid it down to her cunt and began to finger fuck her pussy. I then lowered my head and began to suck on her erect nipple while also running the middle finger of my right hand along her ass crack. When I found her anus opening I hesitated a bit and began to play with it, I heard a definite moan from her. I figured she must like it so I began to probe her asshole with one finger while finger fucking her cunt with my other hand. She let out a very loud moan saying, "Oh baby, you know how to get me going, I'm so hot for you. I need a hard fuck, a deep fuck, a long fuck, and a wet fuck. Oh baby that feels so good, I love how you are playing with me."

I placed my hands on her shoulders and turned her so her back was against the shower stall. I then crouched down to get my cock at the same level as her cunt. She still had a hold of dick and as I pushed my cock toward her she guided it into her dripping pussy. I went all the way in on the first thrust. I reached down with both hands to grab her buns and lifted her up so my legs could be straight. She wrapped her legs around me and I began to fuck her hard and fast. She was moaning as I pounded my cock into her hot cunt. She was moaning, "Oh baby, yes, yes fuck your aunt, give me another load of your hot cum up my pussy, fill your

aunt up, fuck me sweetie, yes pump your sperm in me, shove it in me, fuck me, oh baby I love this don't stop, just keep fucking me and fucking me and fucking me." I certainly was not going to disappoint her and continued pounding her pussy as hard and deep as I could. Her eyes rolled back as she began to orgasm and I could feel her pussy squeeze my cock. I was not far behind her and when I felt her pussy squeeze my cock, it took me over the edge and my balls unloaded. I pressed her hard against the wall and drenched her pussy with my cum.

As I was enjoying the sensation of feeling my cock spurt cum deep inside my aunt's cunt, I noticed another sensation on my balls and also felt something against my back. I turned my head to see that my mom had joined us and was pressing her bare tits against my back while also reaching down between my legs to fondle my balls. She said, "I couldn't resist joining you after hearing June. I know how she feels to have a nice big cock in her and to be fucked again. I hope you don't mind, I am just so hot for sex with you. That is all I can think about, you're the best!"

My aunt opened her eyes and responded, "Oh yes Glenn you are so good. I don't think I have ever felt a cock so deep

inside me. Right now it feels like the head of your cock is way up inside my belly, I love it. You are the greatest, I love your cock so much. I hope you are liking this and wanting sex as much as I do?"

"Are you kidding, I love being able to have two sexy women around that want me to fuck them. This is the best , the best any guy could possibly want." I kissed my aunt and then turned my head and kissed my mom.

I then suggested that we move into the bedroom. My mom stepped out of the shower and I still held my aunt by her ass cheeks and wiggled out of the shower without disengaging my cock from her cunt. When I got in the bedroom my mom was laying on the bed spread eagle, she looked so hot. I love her tits, they looked so delicious. I squatted so my aunt's feet could touch the floor and slowly pulled my cock out of her cunt. We all looked down to see my cock slip from her pussy; a long strand of cum ran from her cunt to the head of my dick. My aunt reached down to break the strand and to rub my dick. She raised her hand showing us how her palm was coated with cum. She licked her palm saying, "Oh sweetie, you taste so good. Soon I

need to suck you off and get a mouthful of you. Uh, it is so good. Want a taste Jackie?"

My mom looked over at us as June reached down and stuck a finger in her cunt to pull out more cum. She said, "Of course I'd like to taste my son." June walked over to the side of the bed closest to my mom's head, bent over and stuck her finger in her mouth. "Ummm, he does taste good."

June then took both hands and placed them in her crotch using her index fingers to separate her pussy lips. Cum began to ooze out of her hole. She looked down at my mom who was staring up at June's cunt. June said, "There is a lot of your son's cum running out of my cunt, want to eat me?"

My mom looked a little bewildered saying, "I've never eaten pussy before."

June responded, "Well this is a good time to start. It's your sister's pussy filled with your son's cum. Go ahead you will enjoy it, I know I will." June moved up to the edge of the bed spreading her legs. My mom scooted toward June such

that her head was slightly hanging over the bed. I watched as my mom stick out her tongue and lick a droplet of cum from my aunt's cunt lips. She repeated this a second time but had stuck her tongue slightly inside my aunt's cunt while my aunt held her pussy lips apart.

My mom whirled the cum around inside her mouth saying, "Um, so good baby, so good. I want all of it." Her face disappeared between my aunt's legs as she went to work sucking my aunt's cunt lips into her mouth using her tongue to pull out all the cum she could from my aunts cunt. Watching my mom eat my aunt, gave me another raging hard on. My aunt began fondling her own tits and then reached down and fondled my mom's tits. I love my mom's tits and decided to get my cock between them. I crawled up on the bed, straddled my mom's body and slid my cock between her tits. She felt my cock on her chest and without removing her face from between my aunt's legs, pushed her tits together to provide a nice channel for my cock to slide back and forth on. Oh that felt so good, I played with her nipples as I fucked her tits. My aunt pulled my chin up and planted a very wet kiss on my lips with her tongue fully engaged in my mouth. We swapped spit as my mom continued eating my aunt's pussy as she moaned and

groan in approval. I moved my hands to my aunt's tits and began to fondle them while my mom continued to hold her tits together for me to fuck them. It was awesome and before long, I felt my balls tense up wanting to explode. My mom must have sensed that I was about to cum, she held her tits real tight and I deposited a good load deep in her cleavage. My aunt had gotten real still as she was over come with another orgasm.

We all seemed to start to relax from intense feelings at the same time. My aunt immediately moved over and flopped down on the bed, her legs were like rubber from the intense orgasm she had. I was totally spent, my balls were aching from all the cuming I've been doing. I rolled over and lay next to my mom. She scooted down and gave me a big wet kiss then whispered in my ear, "Oh baby I love you so much. Thanks for the nice tit fuck."

She looked over at her sister saying, "And thanks June for letting eat my first pussy, it was great and I hope I an do it again many times."

When my aunt looked over at my mom, she spotted the globs of my cum between my mother's tits and said, "Now Jackie before you get up, there is something I need to do."

"What's that June?"

"I need to lick Glenn's cum from your boobs, don't move let me. I'll share it with you." My aunt raised herself up and leaned over and licked some of my cum from my mom's cleavage. "Oh sweetie, you taste so good!" She then using her tongue scooped up a large glob and let it lie on her tongue. She turned to my mom holding out her tongue. My mom stuck her tongue out and my aunt attempted to smear some of my cum on her tongue, but it wasn't working to well so my aunt just began kissing my mom. God it was hot watching them kiss. They at first were a little timid but really got into it. When my full her lips loose from my mom, she ran her tongue down her chin and neck to her tits and took one in her mouth. She sucked on it until my mom's nipple was very erect. My aunt then licked up the remaining globs of cum and proceeded lock lips with my mom again. My aunt squirmed around so that she was lying on top of my mom; she was pressing her tits and pussy against my mom's tits and pussy. They were kissing like

there was not tomorrow. My cock got real hard watching but I knew my tank was empty, I had a big case of blue balls. They finally relaxed and lay there looking at each other.

My mom was the first to speak, "Wow, I've never done that before. I liked it. How about you June?"

"Oh yes, that was very fine. I did not know you were such a great kisser. You really got my engine going again. Well it really has not quit since last night. And so how are you doing Jackie?"

"Oh I'm fine but I did not have a climax like you two just had and I'm real horny."

My aunt looked over at me saying, "You got it in you to fuck your mother again?"

"I wish I did, but my balls are aching right now."

"Ok, let just feast on her to get her off. What part of her do you want?"

"I'd like to eat her again."

"Again!"

"Yea, I ate her this morning after we fucked."

"Well lets both eat her, OK?" I nodded Ok and we both headed toward my mom's snatch. She spread her legs wide and pulled her knees up to her chest giving us maximum access to her pussy. I started first and licked my mom's pussy all over and used my tongue to play with her clit. My aunt crowded in and began to stick her tongue between my mom's pussy lips and sucking on her clit making my mom moan quite loudly with pleasure. I attempted to get my share of pussy eating but my aunt was really taking command over the situation. With my mom's legs spread so wide her ass was very accessible. I took advantage and began to lick her ass along the entire length of her crack. I then played with her anus while my aunt was royally eating

my mom's cunt. It was not long before my mom's body went stiff as she climaxed. We kept up the licking and sucking till our tongues got tired. I pulled back to watch the last few strokes of my aunt's tongue inside my mom's pussy, she was really sucking her dry of juices. My mom reached down and held my aunt's head into her snatch until the waves of pleasure subsided. I was totally spent as I think both my aunt and mom were.

We all lay there for a while and finally I said that I needed to clean up and went into my bathroom to take a shower. I remember drying off and laying on my bed to rest. The next thing I knew when I woke was that it was dark outside. I looked around and listened. I could hear the TV going and so figured they were down stairs. I pulled on some shorts and headed down. My mom was cuddled up on the couch watching TV and said, "Well Hi sleepy head. We must have really worn you out."

"Yes, what time is it?"

"Its nearly 9 pm. You have slept for nearly 5 hours. How do you feel?"

"Fine, except my balls still heard and my legs feel weak. Is there anything to eat?"

My mom gave me a quirky little smile. She then in one move, spun around on the couch to face me, pulled her robe apart and spread her legs saying, "Dinner is served!" She hesitated in that position for just a few seconds giving me a good view of her legs and pussy.

We both laughed as she got up to go into the kitchen to fetch me some dinner. I followed her and squeezed her ass as we walked. She looked over her shoulder saying, "That's my boy, love having your hands on me. Oh yea and in me!" She winked and I sat down at the table. She took my dinner out and put it into the microwave. She walked over to where I was sitting and leaned against me pressing her tits against my face. I mocked her by opening my mouth real wide, she smiled, opened her robe and placed her tit in my mouth. I sucked on her tit until the microwave buzzer went off. She reluctantly removed her tit from my mouth to get my dinner. She sat it down in front of me and then sat across the table.

I looked at her and said, "It's hard to believe this has all happened so fast. But I just loved having sex with you and Aunt June, it was awesome. And to just be able to know that I can see you in the nude, to be able to feast my eyes on your great body, your tits and ass, I love it. I'll probably be hard all the time. Speaking of tits, how about letting see them now?"

"Glenn, you are incorrigible, but I love it." She then pulled her robe over her shoulders revealing her tits. We then continued our conversation with her being bare breasted.

She asked me what part to the day I liked best. I told her that it was all very good, but maybe tit fucking her while she ate my aunt was the best. I asked her what she liked the best. She said, "Well, when you slipped your dick in me this morning, it was very exciting. To feel your big dick inside my pussy was the greatest. The next best and maybe it's a tie, was when you and June were eating me. I loved having you play with my asshole, it was absolutely stimulating. I had a huge orgasm because of that. Did you realize that?"

"No, I didn't mom. So, you really like your ass played with."

Yea and maybe I can talk you into more than just play with my ass!"

## Chapter 4

Here I am eating my dinner sitting across from my mom. So, what is so unusually about that you might ask? Well, my mom is sitting there with nothing on except her thong panties. She is a beautiful woman with wonderful big tits that I can't keep my eyes off and when I'm close to her now, can't keep my hands off. It hard to imagine that it was but a few days ago that if I ever got just a glimpse of her cleavage or upper thighs, I would go into my room and jack off. Now I'm actually sitting across from her while she is essentially nude. She is just delightful, sitting there talking about what has transpired over the last 24 hours with her beautiful tits just hanging out there swaying and wiggling every time she moves. It's so wonderful, I have been pinching myself all day. She had asked me what I like the best of all the sexual things we had done since early this morning. I told her it was when she was lying on the bed with her head hanging

over eating my aunt's pussy while I was tit fucking her and fondling my aunt's tits and French kissing my aunt.

She told me what she liked best was when my aunt and I were eating her, especially feeling my tongue playing with her anus. She continued, "When I felt your tongue touch my anus, a shock went through my body and I tingled all over. I just love that feeling sweetie, it made my pussy juice up and my nipples get erect. So don't be afraid or be shy about playing with my ass, I love it." What a thing to say to a 19 year old.

I continued eating my dinner while smiling from ear to ear, at my beautiful mom as she was telling me how she enjoyed me to playing with her ass. I could see her nipples getting hard as she was talking. She then said, "Oh, I forgot to mention, June told me to give you a big kiss for last night and this afternoon. She said that she was so excited that you like sex and wanted to fuck her."

I kind of blushed hearing my mom say that. She then walked over to my side of the table, I did not take my eyes off her beautiful tits as she walked toward me; they swayed

I kissed first her left bun, and then turned her so I could kiss her right bun. Then I reached around her and with my hands and thumbs, pull her cheeks apart and planted a hard kiss her right on the asshole. She wiggled saying, “Uh, yes baby, I’ll give you an hour to stop that. “ While still holding her buns apart, I ran my tongue all along her crack. My mom let out a long low moan, “Ohhhhhhhhhhhhhhhh darling that feels so goooooooooooooood, love your mouth on me. Ohhhhhhhhhhhhhh yes, yes, yes ooohhhhhhhhhhhhhhhhh.” I sat up and gave her a little love slap on the rump. She said, “You big tease. Are you ready to go to bed with me?”

“Are you inviting your son to sleep in your bed mom?”

“Yes of course, from now on I want you in my bed every night you are home. You are my lover and I want every opportunity to fuck you and to be fucked by you, you horny stud.” I gave her a kiss and she walked over to the sink to get rid of the dishes. I watched her walk away from me admiring her ass. Her perfect buns separated by only the thin thong strand. She turned and walked toward me wiggling her tits with every step and when she got near me, she reached out placing her arm around me and we proceeded up the stairs.

I placed my hand on her back and then lowered it to her ass and squeezed her buns. I ran my hand across both buns a couple times telling her how nice her ass felt. I then slipped my middle finger in her crack. She took her other hand and reached around her own back and pressed my hand deep into her crack. I wiggled my finger to get it deeper and when I felt what I figured was her rosebud under her thong strap, she stopped walking and moved her ass against my hand saying, “Oh sweetie, that feels so good. Oh yes, push a little harder.”

I push harder and could definitely tell I my finger was at her asshole. “How about I take off my thong so you can really feel my ass?” I helped her remove her thong and let it fall to the floor. I immediately placed my hand on her ass again finding her crack and sliding my finger down until I felt her rosebud again. She giggled, “Uh yes, that’s so nice.” We continued walking up the stairs slowing.

When she would raise her leg for the next step I was able to get the tip of my finger in her. “Oh baby, yes, yes that is so good, oh yes push your finger in me.” After only a couple more steps, I had my finger in her ass up to my second knuckle. “Oh honey, I love you for doing this, oh this is just so fine. Oh I hope you are OK with this. It has been so long and I just love having my ass played with. Oh wiggle your finger some more. Yes finger fuck my ass.” We continued up the stairs with my finger moving in and out of her ass. I also took the opportunity as we walked to fondle her tit with my other hand. She in the meantime had reached down and pulled my cock out of my shorts and was stroking me.

When we got to her room she said, “Honey would you do your mom a big favor?”

“Sure mom, what would you like?”

“Well, I want to go into the bathroom and clean myself out. And then when I come out, I want you to fuck my ass. Would you do that for me? Will you please fuck your mommy’s ass, slide your big cock up into my ass. Your dad did not like it and I have not had a good ass fuck since college and I can not think of anyone else I would rather have fuck me in the ass than you.’

“Well mom, if that is what you want, I’ll do it. But how do I get my big cock in such a tight hole/”

“It will work, trust me, OK?”

“OK, if you say so.”

My mom told me where the lubricant was and she then disappeared into the bathroom giving me another view of her fantastic ass. She was gone for about ten minutes and returned smiling from ear to ear saying, “Oh honey, I’m so excited I can not hardly stand it.” She walked up to me and gave me a big kiss rubbing her body all over me. My soft cock immediately got hard again as she pressed her tits into my chest and her pussy into my crotch.

She released my lips saying, “Now this is what I want you to do. I’ll crawl up on the bed on my hands and knees and then I want you to take this lubricant and rub it all around my asshole. Then take your oiled finger and stick it in me. Keep working it in my ass as deep as you can get it and then use two fingers. Use plenty of oil and get your two fingers in real deep. Then go to three or four fingers. Work my asshole until its open so your cock will slip inside me. Either oil up your cock or slip it in my wet pussy a few times before you try to slide your cock in my ass. I think once you get your cock inside my ass, you'll know what to do, right. Yea, I want you to fuck my ass good and hard, I want you real deep inside my ass sweetie and to pump your cum in me. Uh this is making me shiver just talking about it.”

She crawled up on the bed sticking her ass up in the air looking at me from between her legs resting on her elbows with her tits hanging down. She said, “How does my ass look to you now?”

“Delicious, just delicious.”

“Well, do you know what I do when I see something delicious?”

“No, what do you do?”

She said, “ I like to eat.” as she wiggle her ass at me. I took the hint and kissed her right in the middle of her ass cheeks, my lips were against her asshole. I used my tongue to play with her anus a bit and then buried my face in her ass first sticking my tongue into her pussy and playing with it then licked the total length of her crack. I repeated this same move ending with me licking her ass over and over again. Her response was, “Oh baby, you are the greatest, I can’t ever remember being with anyone so sexy. Oh hurry with the lube; I need you to fuck my ass. I want to feel you inside

me honey, hurry and get my ass lubed up to receive your cock.”

I stopped eating her ass and began to lube her up. I took my finger and rubbed oil all over her asshole and then stuck my finger in her. I worked my finger in and out as she moaned and groaned. I then used two fingers, working them in and out of her ass like she instructed. She was very tight and it took some time before I could get both fingers all the way in her. She was coaxing me on as I fingered her ass. I then cupped my hand forcing four fingers in her. Her ass slowly opened up and began to accept my fingers. It was not long before I had a good portion of my fingers shoved up her ass. She said, “Oh baby, I think my ass is finally ready to be fucked, just slip your cock in my pussy a few times, then fuck me in the ass.”

I got up behind her and with her guidance, slipped my cock in her wet juicy pussy. I gave her pussy a few jabs with my cock, oh it felt so good, I just wanted to fuck her hard and fast right there. But I had promised her and so I removed my cock from her warm and juicy pussy and placed the head of my juiced up cock at the entrance of her asshole. About half the head of my cock went in her ass immediately

but then I met a lot of resistance. As I attempted to push more of my cock into her ass, she screamed telling to hold it. I did as she asked and held my position, she then reached back with both hands spreading her buns as wide as she could. She then said OK and I pushed some more. She had me halt one more time before I finally plunged my cock to the hilt inside her ass. And after a couple of thrusts she said in a very loud voice, “Oh baby this is just how I remember it, only better. Oh what a fantastic sensation, I just love it, oh fuck me baby, fuck your mom’s ass, give me everything you got, don’t hold back fill your slutty mom’s ass with your cum, give it all to me *sweetums* and I mean all of it, I want every last inch of you inside me.”

When I heard her talking like that, I think a few more ounces of blood rushed into my dick, I was *soooo* hard, but I kept a steady fucking rhythm, in and out, in and out; I did not want to cum too soon. Seeing my cock disappear in her ass was awesome, I loved it and continued fucking her. Her body began to shake as her first of many orgasms occurred. She begged me to go deeper. I don’t know how she could be taking all I was giving her but she wanted more than I had to offer. I pounded her as hard and deep as I could. She was having one orgasm after another. I kept up a steady

pace and was able to control the sensations her tight asshole was having on my dick. After a full 15 minutes of me fucking her ass, I was getting tired and so increased my speed until I felt that familiar feeling growing in my balls. I unloaded in her ass every drop of cum I had in me. I collapsed on top of her and started to roll off. She said, “Oh baby, don’t pull out of me, I want to go to sleep with you inside me, so lets just snuggle down while your cock is still in my ass.” We did and shortly there after, I fell asleep thinking about my mom’s twin sister. Now I’ll have four holes to fuck and two mouth’s to be sucked with. What a life!

Much more to cum.

## Chapter 5

I woke up early in the morning in a bit of a haze sensing someone near me and then remembered going to sleep with my cock buried in my mom’s ass and realized it was my mom next to me. I put my arm around her; she immediately took my hand moving it up to her tits and squeezed my hand. I followed her lead and fondled her tits

while she wiggled her ass against my crotch. I was still sleepy and dozed back off with I'm sure, a big smile on my face and a somewhat aroused cock. I must have dozed for a couple more hours, for when I woke, my mom was just coming out of the bathroom wrapped in a towel. She is so beautiful, I laid there very still watching her. She sat at her dressing table fixing her hair and make-up. She dropped her towel letting it fall onto the bench she was sitting on. She looked at herself in the mirror, first turning to one side and then the other. She stuck out her chest and twisted her body, she then used her hand to lift her tits up a little. My cock was getting hard just watching her. I finally spoke, "Yea mom, your tits are great. Wonderful to look at, exciting to fondle, tantalizing to suck and fantastic to fuck."

She whirled around in my direction looking embarrassed but with a big smile on her face saying, "You think so, hey. Well, I wish mine were as big as my sisters. Which do you like the best?"

"Yours mom, I love your tits. I love how your nipples get hard and how they feel in my mouth." She had by then turned her whole body toward me letting the towel fall to the floor; her legs were slightly spread. From my vantage

point I could see some of her pussy. I said, “I also love your pussy, I love to look at it like I’m doing right now, but I need you to spread your legs wider. I like to feel it with my fingers, lick it with my tongue, kiss it with my lips, fuck it with my hard cock and fill it with my cum.”

She looked at me with a smirk on her face saying, “You naughty boy, wanting your mom to spread her legs so you can see her private parts.” She then leaned back against her dressing table spreading her legs real wide as she continued, “So you like my pussy, my cunt, my snatch, my love tunnel, my cock chute, my sausage warmer, my fuck hole!”

I couldn’t believe how my mom was beginning to talk, using really hot terms so I said, “Mom, I have never heard you talk like this, you are awesome”

“Oh honey, you make me so horny, I feel like a real slut at times like this, I hope you really don’t mind if I kind of get slutty.”

“It’s alright mom and yes, I love your fuck hole. I love having my finger in your fuck hole, my tongue in your fuck hole, eating your fuck hole and best of all, my cock in your fuck hole.”

“Uh, speaking of cocks in fuck holes, I sure liked having your cock in my asshole last night. That was one of the best fucks I’ve ever had. What do you think of that?”

“Really, one of your best fucks in your whole life?”

“Yes, it was one of my best fucks.”

“Great mom, I loved it too.” At this point my cock was standing at attention and I threw the covers off showing my hard cock to my mom.

My mom looked over at my stiff member and immediately began to squirm her ass on the bench and said, “How would you like a real close look at both of my fuck holes while I suck on that beautiful cock of yours?”

I just nodded yes as she got up and walked over to the bed. Her tits swayed and her cunt twitched as she walked toward me. She at first just stood next to the bed near my head looking down at me. I moved my head to the edge of the bed and puckered up my lips. She leaned forward with her hips allowing me to kiss her pussy. She reached down placing her hand on the back of my head and pushed my face into her snatch holding me there for quite awhile. I stuck my tongue between her pussy lips and played with her clit. She moaned quite a bit and then crawled up on the bed with her face just above my hard dick and her knees straddling my face. As I looked straight up at her snatch that was 8 or 9 inches above my nose I said, “Your pussy and ass are so sexy looking, I just love to look and admire them.”

She said, “I like it very much that you like seeing me in the nude and I will bare all for you just about anytime you want me to sweetie. If you want to see me walk around with my tits showing, just say so. And if you want my ass and pussy bare for you to gander at and fondle, just say the word and off comes my skirt or pants. I don’t think I will be wearing panties any more either so you have easy access to my private parts. I like it even better that you like to eat me; that you like to suck the juices from my pussy. I love to be

eaten and to have your tongue licking my cunt and ass and to feel your tongue in my pussy and playing with my clit. I really like when you lick my ass. I have never felt so sexually charged in my whole life, you have me completely turned on.” She stopped talking and started sucking on my cock as I pulled her hips down so I could eat her.

I sucked her pussy lips into my mouth and used my tongue to play with her clit. Her pussy tasted so good and was so warm and soft, I could feel her clit harden as I flicked it with my tongue. She moaned and gently ground her pussy onto my face to maximize her pleasures as she sucked on my hard cock. God I love eating her, the feel of having her cunt lips in my mouth is awesome. I continued eating her pussy as I placed my hands on her ass cheeks to fondle them. My jaw was getting a little tired so I pushed her hips up so I could just look and admire her cunt and ass some more. Oh what a site! It’s hard for me to realize that I’m lying here on my back staring up at my mother’s beautiful cunt; seeing it glisten with my saliva and looking so delicious.

I looked down between my legs at the action going on with my cock to see her take my entire dick down her throat. Oh man, she was deep throating me, oh what a feeling. I pulled

her hips back down so I could continue eating her sweet pussy. As I tongued her cunt and slide my fingers down her crack and played with her asshole, she suddenly began to spasm as she reached a climax. My mouth was being flooded with her sweet sweet cunt juices. I sucked on her pussy as hard as I could to take in every drop I could get and then I licked the entire length of her crack, paying special attention to her asshole. In the mean time I was getting that familiar feeling in my balls as my mom was giving me a great blowjob. She was also fingering my asshole. It felt like she had her entire finger up my ass, wow the sensations I was getting were fantastic. Suddenly I began squirting a load of cum down my mom's throat and could feel her finger really working my ass. I was having a fantastic climax from all the attention my mom was giving me. She sucked on my cock moaning all the time saying, "More baby, more baby, give me your cum, give your mom all your sweet cum, flood my mouth with your sperm, cum baby cum, I want to taste you, I want to eat you, I want my baby's cum." After I gave her all I had she continued sucking my dick wanting more of my juices. We both finally collapsed being exhausted from the intense action. My mom however, continued to lick my dick and still had her finger up my ass as we lay there.

After a few minutes of her continued action, I looked down at her saying, “What are you doing mom?”

“Oh baby, I just want you so bad, I can’t get enough of you, I love to taste your cum and suck on your big dick. I hope you don’t think too badly of me, but it’s so great to have a wonderful sex partner like you. I just don’t want this to ever end. I love it that you want to fuck me, to have your big cock buried in me, especially that you are willing to fuck me in the ass and how you like eating me. I enjoy this so very much.”

“I enjoy this too mom. It is so great to have a sexy mom like you and that you want me to fuck you. And that you are willing to be so sexy, to go around in the nude and let me see and touch your tits and pussy almost whenever I want, it’s just the greatest. I could not ask for a better mom. I love you mom.” She turned around so we were now head to head and gave me a big sexy kiss. Our bodies were pressed against each other, her tits were pressed against my chest and her cunt was rubbing my cock, which was again starting to stand at attention. Our tongues were in each other’s

mouth as the tension between was building, she released her mouth saying, “Would you like to slip that cock of yours inside my pussy again for a quickie?”

I didn't say a word but just rolled over on top of her and before I knew it, my cock was deep inside her cunt and I began fucking her. She had spread her legs wide to allow me maximum penetration into her cunt. I wasted no time and gave her another load of what little cum I had, deep inside of her. I continued the pumping action until I felt her climax. I then pulled my cock out of her and slide down her belly. I sucked her tits a little as I continued my journey down to her cunt, I wanted to eat her pussy again. I reached my target and took her entire pussy lips into my mouth and sucked her dry of all our juices. She climaxed again as I was eating her. She was screaming, “Oh baby yes, eat your mommy, suck me, oh suck me baby, I love you so much, eat me, oh yes eat me, ohhhhhhhhhh yes, yes, ohhhhhhhhhhhh baby I love it.” I then moved up her body and with my mouth glistening with her pussy juices, I kissed her. She sucked on my tongue and lips to get every last taste and flavor of cum she could. I then rolled off her feeling very exhausted.

I must have dozed off because the next think I was aware of, I was lying there on my mom's bed alone. I got up and went downstairs to find a note from her saying she had gone to the store and was making some errands. I showered, got dressed and had a bite to eat. I then got a call from a buddy so I went to visit him and some other friends. We got a little ball game going and so I spent the major part of the afternoon with my buddies. Around dinnertime I thought I had best head home to see what was happening. When I pulled into our driveway, there was my aunt's car. My dick immediately twitched at the thought of seeing her again. The vision of her big tits was very vivid in my mind.

I walked into the house through the kitchen to find no one around. I thought that a bit strange and could not hear any noises. I listened for a few minutes and thought I could hear a faint noise coming from upstairs, so I proceeded up the stairs. Sure enough I could hear sounds coming from my mom's bedroom. I crept up the stairs and as I approached her bedroom door I definitely heard moans. The door was not closed so I stuck my head in and saw a site to be hold. There on the bed was my mom and my aunt bare ass naked in 69 position eating each other. I stood there in awe, as they were busy licking, sucking and fingering each other's

cunt. My mom was on her back facing me and when she saw me she released my aunt's cunt and said, "Oh there you are sweetie, we were hoping you would get home soon."

As soon as my aunt heard my mom talking, she removed her face from between my mom's legs and looked around at me saying, "Hi baby, glad you are home. Want to join us?"

I smiled at her saying, "Of course. And just where would you like me to join you at?"

My aunt said, "Your mom told me you fucked her in the ass last night. Is that right?"

"Yes, I fucked her in the ass. It was wonderful. How would you like it if I fucked your ass?"

"Oh sweetie, I'd love it. I really want for you to fuck me in the ass. We both cleaned out our asses in hopes that you would be agreeable to some ass fucking. Your mom has been working my ass over with her finger and so with a little lube on my ass and your dick, I think I'm ready to have up

my ass right now.” I did not hesitate getting my clothes off. My aunt continued talking as she looked down toward my mom saying, “Jackie, keeping working my ass, see if you can get at least three fingers in my ass. Oh yea, baby, like that.” I looked at my mom as she was working her fingers into my aunt’s ass. She had two fingers shoved up her asshole. As I watched in almost total disbelief of what I was witnessing, I reached over and handed my mom a tube of Vaseline. She squirted a large portion of the gel on my aunt’s ass and worked it into her asshole. I stood there watching the action while stroking my very hard cock.

My mom looked over at me saying, “Get up here Glenn, I think June’s ass is well prepared for a good ass fucking.” I got on the bed behind my aunt. My mom reached over taking hold of my cock and stroked it a few times and then pulled it toward her mouth. She sucked on me for a short time looking up at me and winked. She then took my cock in her hand and moved it against my aunt’s asshole. She guided me as I pushed my cock into against my aunt’s ass. When the head of my dick was just inside her, my aunt screamed to hold. I waited until she said to continue; my mom had scooted down a bit so she could lick my dick, which she was doing. My aunt said to continue and I pushed

my dick and without any more resistance my cock slipped all the way inside my aunt's ass. I then began to fuck her ass while my mom fondled my balls. She had also reached between my legs and was playing with my asshole getting a finger in me.

My aunt started to moan saying, "Oh yes, yes this feels so good, I love it baby, fuck your aunt, fuck your aunt's ass real good, give me all you got, oh my this feels so good, yes, yes, fuck me, fuck me, don't stop, don't stop, just fuck me and fuck me and fuck me and fuck meeeee." I was moving my cock in and out of my aunt's ass in slow deliberate motions as my mom was now not only fingering my ass, she was also sucking on my balls while fingering my aunts pussy. She was really into it. I was so horny, I had to concentrate in not shooting my load too soon.

My aunt went back to eating my mother's cunt. I don't know who was the hottest. I kept up the steady rhythm but was getting ready to boil over when my cock slipped completely out of my aunt's ass and when I thrust forward again, my cock slide down her crack and into her pussy. She jumped and removed her mouth from my mom's pussy saying, "Oh sweetie, that feels good too but stay in my ass, I want your

load in my ass. I want to feel you cuming in my ass, OK? I want the sensation and to feel your cum in my ass.”

I pumped her pussy a couple times and then when I removed my cock from my aunt’s pussy, my mom took a hold of it. She first pulled my cock toward her face opening her mouth to get a quick taste of her sister’s pussy juices from off my dick. She sucked on me briefly and then pointed my cock at my aunt’s now very open asshole. I slipped back inside my aunt’s ass and continued fucking her. My mom went back to sucking my balls and fingering my asshole as I pounded my aunt’s ass. As the tension began to build in my balls again, my mom sensing I was near a climax really sucked on my balls and pressed her finger deep into my ass. This took me over the edge and I began pumping my aunt’s ass full of my hot cum. Suddenly my mom took a hold of my cock and pulled me out of my aunt’s ass and to my surprise, stuck my cock in her mouth. She sucked on me like there was no tomorrow. She got the last few squirts of my cum and had me totally down her throat. As my cock slowly went limp, I pulled free of my mom’s mouth and laid back on the edge of the bed.

My mom looked up at my aunt's ass seeing cum oozing from her very open hole. Without hesitation, my mom began to lick her sister's ass, running her tongue along her crack and then sticking it in her asshole to get all the cum she could. She then placed her lips around my aunt's ass like she was kissing her and began to suck. She did this a couple times getting even more of my cum from her sister's ass. In the meantime my aunt was moaning over and over how great it felt while still eating my mom. They continued this for some time, eating and sucking each other. The action was getting me hot and before I knew it, I was hard again. I sat there stroking my hard cock when my aunt removed her face from between my mom's legs and turned her body around so they were both face to face. They kissed a long sexy kiss, their faces were only inches from me. They ground their pelvises and tits against one another, man was it hot to watch. My mom was the first to open her eyes and looked in my direction. When she saw me stroking my hard cock, she broke off the kiss saying, "Slide over closer honey so we can both share your beautiful cock. I moved closer and they both started kissing and licking my cock. They took turns sticking my cock in their mouth and sucking on me. I was in hog heaven as they had their mouths all over me.

When my aunt saw that I may be ready to unload again, she suggested that I fuck my mom so she could both taste my cum and eat her sister's cunt again. I was not about to argue with that and scrambled around to get in position to fuck my mom. She willingly rotated her hips and opened her legs to let me slide my cock into her hot wet and wonderful cunt. As I was slipping my dick inside my mom, she and my aunt continued kissing and fondling each other's tits, it seemed like my mom hardly noticed that she now had a cock inside her pussy. I joined in on the fondling of their tits and all three of us were kissing at the same time as I fucked my mom with long, hard deep thrusts. She was moaning really loud as I was fucking her. All three of us were tonguing each other and squeezing tits, it was awesome. Suddenly her body stiffened as she reached another climax with me ramming my dick deep inside her. I was not far behind and without changing a beat, began pumping my cum into her cunt. As both my mom and I began to relax, my aunt removed her lips from our threesome kiss, slide down and when my semi-hard cock slipped from my mom's pussy, opened her mouth sucking in my entire cock and then began licking it clean of all the juices. She then turned her head and began to devour my mom's juiced up cunt. She

was sucking and licking my mom's pussy like it was a Popsicle. When I looked at my aunt, her entire mouth area glistened with both my mom's and my cum. My mom just laid back and enjoyed saying how much she liked having her cunt eaten and didn't realize all these years what she had been missing. It wasn't long before she had yet another climax as my aunt continued eating her pussy and licking her ass. When my mom began to climax, she pushed her sister's face hard into her snatch while gyrating her hips into my aunt's face saying, "Oh my god this feels so good, eat me sweetie, suck me dry, suck all of Glenn's cum out of my pussy, ohhhhhh I love this, just love this." This scene was extremely arousing but I was totally spent and not able to get any rise in my Levi's!

As we all laid there feeling very good about what had just happened, my aunt said, "I told Harry that I was going to stay the night with you Jackie. Do you think Glenn will be able to walk tomorrow after he fucks the two of us all night long? Well I brought some toys with me just in case Glenn is not up to it." She got up and left the room. I love to watch her ass wiggle and her big tits sway as she walks.

She came back in with a package, set it down and slowly opened it. She smiled as she pulled out a large double dildo saying, “Jackie, here is something we can use together.” She took the dildo out and began to rub it between her legs, she was slowly working one end of it into her cunt. She then let go of it; what a site, there she stood with a double dildo sticking out of her pussy. She had worked three or four inches into her cunt with the remaining 18 or so inches dangling from her snatch.

She looked over at my mom saying, “Shall we see how much of this monster we can get in our cunts at the same time? This baby is 24 inches long, think you can get 12 inches of cock in you?”

My mom was sitting up wide eyed watching her sister prance around with the monster dildo dangling from her twat. My aunt had turned around with her back and had bent way over. We could see the dildo hanging out of her cunt along with her big tits hanging down between her legs. I was getting another hard on just looking at her in that position. My mom felt as I did as she said, “Oh you look so hot! If I had a cock, I’d fuck your ass right now.”

My aunt immediately straightened up, pulled the dildo out of her cunt and went over to the package she had brought in. She remained with her back to us and was putting something on around her waist. She turned her head toward us saying, “Well sweetie, I’ve got something to help us out.” She turned quickly wearing a strap-on saying, “Jackie baby, here is a nice cock you can use to fuck me. Now what do you think of my toys?”

My mom was sitting with her legs spread rubbing her pussy saying, “Oh fantastic June, absolutely fantastic. But lets get a bite to eat first and then get down to some serious toying around.” We all agreed, it had been some time since any of us had eaten any real food. My mom and aunt headed down stairs both totally nude arm in arm to prepare some food and I went to my room to clean up a bit. I know this was going to be a night to remember, so stay tuned.

## Chapter 6

When I finished taking a shower, I stretched out on my bed to get a little rest. I laid there thinking about how lucky I was to have such a sexy mom that loved to fuck plus having an aunt with such big tits that also liked to fuck. Just thinking about them gave me another hard on. As I laid there stroking my hard cock, I tried to listen to what was going on downstairs in the kitchen. All I could hear were faint voices of their chatter. As I laid there going over in my mind the events of the last few hours, remembering how my mom looked lying on her bed with her legs spread freely giving me access to her private parts and wanting me to fuck her pussy and ass. And then remembering how good she tasted after she had a major orgasm, how her pussy got all juiced up. As I continued lying there engrossed in my thoughts while stroking my hard dick, I suddenly realized it was awfully quiet. I listened and could not hear any sounds coming from downstairs. I got up to investigate, hoping that they for some reason had gone out.

When I got to the bottom of the stairs I still could not hear anything, so I peeked into the living room and den to see them to be empty. I then walked through the dining room and into the kitchen to find my mom and aunt in a very intense embrace. They were both still completely nude

with my aunt pressing my mom against the cupboards, her hips were pressed tightly against my mom's hips while she had her legs slightly bowed allowing their pussies to be in intimate contact. They were kissing with their mouths wide open; it looked as though they were trying to literally eat each other up. Their tongues were in and out of each other's mouths while alternately sucking the other's lips into their mouth. My aunt had her arms around my mom's back pressing her tits into my mom's tits while my mom had her hands on my aunt's ass pulling her sister's crotch into hers. It was an awesome sight. They were moaning and groaning while wiggling there hips and tits into each other in constant motion like they were trying to get into each other's skin.

A I stood there watching my sexy mom and aunt go at it, my cock must have grown another inch, it was an absolutely unbelievable sight. I did not want to do anything to stop their action so I just remained quietly in the corner slowly stroking my hard dick. After about 10 minutes of intense passion between my mom and aunt, my aunt began to kiss her way down my mom's front. She nibbled on my mom's neck then worked her way down to her tits. She first licked all around her left tit then her right tit. My mom had her

eyes shut and was now pulling her sister's body into her crotch with her legs slightly spread to get maximum contact on her pussy. My aunt went from licking my mom's tits to sucking on her tits. I could hear the sucking noises as she tried getting as much of her sister's tit in her mouth as she could. Finally my aunt moved her mouth over one of my mom's nipples and really started working it over using her lips and tongue. She moved from one nipple to the other while also using both her hands to squeeze my mom's tits so that they stood out as much as possible. I never knew nipples could get so erect and long, they looked amazing. My mom's tits are great and the way my aunt was sucking and fondling them, they even looked more magnificent. My cock was as hard as I've ever remember it being, it was absolutely rigid.

My aunt continued her gradually descent and began to kiss her way down my mom's tummy. When my aunt got down near my mom's pussy, she lifted one of her legs resting it on the counter giving my aunt easy and open access to her hot and wet pussy. I could see my aunt plant a big kiss on my mom's cunt and then she opened her mouth real wide and sucked my mom's cunt lips into her mouth. My mom let out a loud moan as my aunt ate away at her cunt. I could

not stand it anymore and so moved over next to my mom leaning my head down to take in one of her tits. As soon as my mouth touched her tit, she gasped and opened her eyes saying, “Oh sweetie, that feels so good. I was wondering when you would come down and join us. Oh honey, yes, yes, suck on my nipples. Your warm mouth feels so good on my skin, don’t stop baby, lick and suck your mommy’s tits.” She then placed her hand on the top of my head and pushed my face tight into her tit. I opened my mouth and sucked as much of my mom’s tit into my mouth as I could. I used my tongue to play with her nipple and as I did, I could feel her nipple become even more erect and so I flicked it back and forth with my tongue. Oh how I love to play with my mom’s tits.

In the meantime my aunt had reached over and was stroking my cock while she continued eating my mom’s cunt. We three continued this for some time, my mom holding my head against her tits as I sucked and licked her mounds. My aunt eating her pussy while she stroked my hard cock, every once in awhile she would remove her mouth from my mom’s cunt and lick the pre-cum from my dick and then slide her mouth down the full length of my dick a few times. She then would return to eating my mom’s

now well juiced up cunt. My aunt had also taken her other hand and was using her thumb to play with my mom's crack. She rubbed her crack a few times and then when her thumb passed over her asshole, my aunt gently pushed her thumb into the tight little opening. My mom let out a loud sigh as my aunt worked her thumb all the way in. My mom said, "Oh June that feels so good, I never knew how great it was to have both holes played with, I love what you are doing to me. And Glenn, I love how you suck and play with my tits and nipples. You guys have me so hot, I need to be fucked really bad, I mean really bad."

My aunt removed her mouth from my mom's cunt and tugged on my cock. I looked down to see that she was pulling my cock toward my mom's pussy. I repositioned myself as my aunt moved away giving me free access to my mom's cunt. I thrust my hips forward and with the guidance from my aunt, I slipped my cock inside my mom without any difficulty whatsoever. I immediately raised my head to look my mom straight in the eye as I sank my cock deep inside her sweet feeling fuck hole. She stared back at me never taking her eyes off mine as she wiggled her hips as felt my cock slip inside her. When I reached what felt like the bottom of her cunt, she gave me a big smile, sighed and

grabbed my head giving me a really hot kiss, just like she and June had been doing earlier. We locked lips as I ground my hips into hers, I could not believe the feeling of her wet and juicy pussy around my cock. It felt better than what I remember from last night. We stood there passionately kissing and grinding our pelvises together for some time. Suddenly my mom broke our kiss and turned her head. My aunt had returned wearing her newly purchased strap-on, a big dong dangling from her snatch.

My aunt said, “Well sweetie, you are going to get your wish, Glenn and I are going to fuck you like never before. Glenn why don’t you bring your mom into the den so we can get real comfortable for some hot fucking.”

My mom looked back at me as I was rocking my cock in and out of her cunt. She smiled saying, “I’m ready! Are you?”

“I’m always ready to fuck you mom. I love having my cock buried inside you, feeling the warm insides of your pussy. What is best mom, is that you want me to fuck you, that’s

the best.” She gave me a big kiss and I plunged my cock into her as deep as I could and ground my hips into hers.

“Oh sweetie, I like that, I like how big you are and how great it feels to have your cock inside me. I love the way you fuck me. I hope you never want to stop fucking your mom. Now lets go into the den and see what June has in mind.” I disengaged my hard cock from my mom’s wet cunt and help my mom get her leg down from the counter. She was a little stiff from being in that position for such a long time.

We walked into the den with my mom holding of my dick. She used the palm of her hand to wipe the juices from my dick. She then licked her hand saying, “Oh how sweet you are baby, I love the taste of your fuck juices.”

My aunt was sitting on a pillow on the floor with her strap-on sticking straight up. She said to my mom, “Come over her hun and straddle my lap and lets see how much of this you can take in that hot fuck hole of yours.” My mom did not hesitate and walked over to where my aunt was sitting and straddled her. My aunt held up the strap-on dildo pointing it straight at the opening of my mom’s cunt.

My mom said, “That looks awfully big, do you think I can really get that rubber cock in my pussy without it hurting me.”

My aunt responded, “Yes baby, you will have no problem getting this in you and you will love having this shoved deep in your pussy while Glenn fucks your ass.”

My mom’s retort was, “Uhhhh, that sounds exciting, I did not realize I be fucked in both holes at the same time. I have never down that before.”

My aunt said, “OK, lets get started honey, just lower yourself down on this rubber cock and let’s get you really fucked.” I watched as my mom squatted lowering her hips until she had the tip of the dildo pressed against the opening of her cunt. My aunt encouraged her saying, “Just take it easy, squat down a little more so we can get a couple inches in you.” My mom lowered herself a little more and I could see a few inches of the dildo slip inside her pussy. I could see her pussy lips hug the rubber dick as she took more of it inside her. My aunt cautioned her to go slowly

and move up and down until she got as much in her as she could. I walked over to help steady my mom as she began to ride the rubber cock. I took advantage and stood behind my mom reaching around to hold her by her tits. She was really liking the action and was getting more and more of the strap-on inside her. Finally she got weak kneed as she had an unexpected orgasm. Her pussy was flooded with her own juices and she was able to get the entire dildo in her as she kind of collapsed on top of my aunt.

My aunt pulled my mom on top of her and gave her a big kiss. She then said to me, “OK Glenn, get down behind your mom and give her ass a good fucking. Here is some lubricant, oil up her sweet ass and fuck her deep, I want her to remember her first double fuck” I took the lubricant and first oiled up my hard dick. Then I lubed up a couple fingers and began finger fucking my mom’s ass, getting her well oiled. I worked both fingers as deep inside her ass as I could. I followed using three fingers to open up her ass a little more. I then squatted down placing my cock at the entrance of her anus, I pressed forward slowly inching my cock into her tight asshole. Her butt hole gradually opened up as I continued to press my cock into her asshole.

Once I got the head of my dick inside my mom's ass, I slid all of it into her in one long insertion. She let out a very loud moan saying, "Ohhhhh fuck me baby, yes fuck me, oh fuck my ass, oh fuck my ass. I love this, absolutely love this, Oh having both holes filled is the best, this is how I want to be fucked from now on. Oh yes, ram your cock deep in my ass sweetie. And June fill my pussy with that rubber cock, give me every inch of it. Oh this is just too good, I love it, I love it, I just love it." I had never seen my mom so delighted about anything. I did what she wanted and started to pump her ass as hard as I could. In the meantime my aunt was trying to work the strap-on deeper into her pussy. We both kept up the action for what seemed like a long time until I could not take it any longer and with a loud grunt, began pumping my mom's ass full of hot seamen.

My mom was having an orgasm at the same time, she was like in a trance as she herself was cuming while I filled her ass with my cum. We both were sweaty as I continued fucking her ass and she continued working the rubber cock in her twat. June was also getting worked up as she kept pushing the strap-on into my mom's cunt. The three of us were like a mass of sweaty bodies wiggling and grunting and fondling each other as we manifested out sexual desires. I

finally pulled loose from my mother's ass and sat down on the edge of the bed next to my mother and aunt who were still engaged in their sexual act. My mom was working her hips up and down as she fucked the strap-on. She looked over at me saying, "god I love getting fucked, I love having my pussy full of cock even if it's a rubber cock." She continued sliding her pussy up and down while she kissed her sister and fondled her tits. I could tell that she was working on another orgasm, and sure enough, within minutes she suddenly stopped the thrusting of her hips, and was just pressing down with her hips trying to get every inch of the rubber cock inside her. I could see her buns clenching as she was having another orgasm. At the same time, it looked like she was trying to suck her sister's lips right off her face.

My watching their action never let me relax, my dick stood at attention while she and my aunt remained in their hot embrace. My mom finally released her sister's lips and rolled off her, disengaging her pussy from the shiny cum coated rubber cock. My aunt looked over at me and seeing my hard-on and said, "Sweetie, would you take this strap-on off me and sink that beautiful cock of yours into my pussy and give me a good fuck. I need an orgasm *real* bad."

I did not hesitate one second, I had the strap-on off her in a flash, gave her cunt a big kiss, crawled up her body and sank my hard cock right straight into her cunt and began fucking her. We were both in a very hot passionate mood as we sucked each other's face while we fucked hard and deep. I brought her to a climax almost immediately and it was not long before I unloaded my cum into her wet twat. It was an awesome fuck and when we finished I collapsed on top of her. I looked over at my mom, she was sitting in a chair with her legs spread wide and the strap-on in her hand. She was sucking and licking it and from time to time she would insert the rubber cock inside her cunt, work it around and then suck and lick it some more. Wow my aunt and mom are so hot, it is hard to believe my luck in having these women in my life. I know there is a lot more to cum!!!

## Chapter 7

I woke up with this warm fuzzy feeling of total contentment and happiness along with a somewhat hazy feeling that I was in a dream. It took me a few minutes to realize I was awake and not dreaming. I found myself lying next to a very warm body and when I pulled the sheets down, I saw

a voluptuous female body with a beautiful face, magnificent tits, sexy legs and what appeared to be a slightly pulsating shaved pussy; yes indeed, it was my beautiful sexy mom. It is so very very hard to realize that it has been only a week since I came home from college for the summer, and what a week it has been; wall to wall fucking of my mom and her twin sister. This has been an absolutely fantastic experience and totally unexpected. If on the day I left college, someone would have said to me, "Glenn you are going to have maybe the hottest sexual summer of your life, you are going to find more than one woman to have hot and wild erotic sex." I would have laughed out loud, but it is turning out to be true.

I just laid there staring at my mom's beautiful naked body, admiring every square inch of her; watching her breath seeing her big beautiful tits raise and fall with each breath, seeing her succulent nipples also rise and fall, remembering how much I enjoy sucking and fondling those tits and nipples, seeing how smooth her skin is, checking out her wonderful lips that feel so good when they encircle my dick, and by leaning down and getting a very close look at her shaved pussy, seeing the slit between her pussy lips that have parted so many times the last few days to receive my

hard dick. To just see her lying there completely nude and knowing that she would approve of me staring at her, had me hard again as usual. I think the thing that almost overwhelms me most is knowing that she totally approves of our sex and really desires having a sexual relation with me. Having her casually invite me to her bed is awesome for me. It really turns me on when these thoughts of my sexy mom creep into my head.

We have a little agreement that who ever wakes first, he or she can perform oral sex until the other wakes and can choose what they want. Being the first this morning, I gently leaned down toward her pussy and slowly licked her cunt. She let out a little moan and wiggled her ass a bit. I then let saliva build in my mouth before I kissed her pussy, and then withdrew my lips letting the saliva drip from my mouth and collect in a little pool on her pussy. I then used the tip of my tongue to work the saliva between her pussy lips. I then licked her inner thighs pressing a little firmer on each stroke. Finally she moaned saying, "Oh honey, this is such a nice way to wake up, and I love you and what you are doing to me. I'm so happy you are such a great lover and willing to accept your mother as your lover. You are the sweetest."

I love hearing those words and without any further to do, I buried my face in my mother's crotch sucking her cunt lips as deep into my mouth as I could. She let out a very loud moan as pleasure sensations rippled through her body. She placed her hand on the top of my head forcing my face deep into her crotch, she then pulled her knees up to give me better access to her cunt. I just did what was natural and sucked hard on her cunt and used my tongue to probe her pussy. I then reached up and placed my hands on her ankles pushing her knees even higher causing her ass to roll up a bit. I moved my head down some so that my tongue could reach her asshole. I licked her from the beginning of her crack, across her asshole and back up to her cunt. I repeated this three or four times, each time she would moan when my tongue touched her asshole. On the fifth lick, I hesitated when I reached her asshole and using my tongue, circled her rosebud. She in turn wiggled her ass in total enjoyment.

She then asked me, "What is it you want this morning sweetie, you have me so hot I want to give you what ever it is in spades."

I moved up to her pussy again saying, "First I want to give you an orgasm and then we'll discuss my desires." I lowered my face into her crotch again sucking up her soft cunt lips and then I began to probe her pussy and contacting her little clit nub. She let out a shriek when I touched her clit. I continued playing with her clit even though she was shrieking at me to take it easy. I back off some but continued licking her pussy until she suddenly stiffened and very intently forced my face into her crotch as she experienced her morning climax. I just remained there slowing licking her pussy enjoying the taste of her cum that oozed out her sweet tasting fuck hole. Once she was calm again she said, "Oh Glenn, I cannot believe what a great lover you are, I have never in my entire life had such great climaxes and have ever felt so alive. I don't ever want this part of our life to change. Promise?"

"Yes mom, I promise you. This is also great for me too."

"Now sweetie, what is it that I can do for you?"

"Well mom, I totally enjoy all kinds of sex with you. It is always hard to decide what it is I want most, you are so

willing and pleasurable. Fucking you in the pussy is great whether is in the mission or doggie position, having you suck my cock is great, fucking your ass is great as is fucking your tits. So this morning I think I will choose fucking you in the ass."

"Oh Glenn, that is so great to hear. I so like to please you and especially love it when you fuck me in the ass. This is probably totally bizarre for a mother desiring her son to fuck her, especially to fuck her in ass. It is total pleasure for me to feel your big dick slide in my ass; the sensation of your cock sliding through my asshole is awesome. The next best feeling is when you pump your sweet cum inside me. I love knowing your seeds are in me, oh baby you don't know what a pleasure it is for me to be your lover. I just love it sweetie, just love it. And don't forget that once you get your cock inside my ass, I love being banged really hard, the harder the better, so just ram that cock of yours in me to the max. Fuck me hard and deep, I love it."

I raised myself up and scooted forward to give my mom a good morning kiss, a hot passionate kiss. When we released our lip lock she said, "I love it when I taste cum on your lips baby, I don't care if it is my cum, your cum and anybody

else's cum. It is so hot to taste cum, eat pussy full of cum, suck cock and swallow cum, it's awesome, I never before enjoy oral sex like I do with you and June. Do you think I'm terrible?"

"No mom, I think it is fantastic that you are a hot sexual woman that loves life and all it can give you."

"Thanks sweetie, it is so good to hear you say that. Now how about getting up so I can turn over and offer my ass for you to fuck. I want my ass filled with your cum this morning baby, I want a total fill job, load me up to the hilt. You will find the jell in the top draw over there, you get it and I'll make myself ready to receive your cock up my ass, OK?"

I didn't say anything, just got off the bed to fetch the jell and when I returned, there in the middle of the bed was my beautiful mom on her hands and knees, her big tits hanging down looking so inviting, her thighs so sexy, and of course her ass looking fantastic. I got on the bed behind her and just admired her ass for a few seconds, what a magnificent butt she has. I opened the jar of jell, used my middle finger to scoop out a big glob of jell and in one quick motion,

slipped my finger into her ass. She just moaned in pleasure as I worked my finger in and out of her ass. I pushed my finger in as far as it would go putting lots of pressure on her ass, she just continued to moan pushing her ass against my hand. I removed my finger and dipped three fingers in the jell jar, but before I could place all three fingers in her, she had reached down between her legs and put her own finger in her ass.

She said, "Oh baby, it feels so good having my ass fingered, I just love feeling my own ass at times." I just waited a few seconds until she withdrew her finger before I proceeded to insert all three fingers in her. It took a bit of time and pressure before her ass was ready to accept all three fingers, but once her sphincter muscles relaxed, I actually got four fingers in her. She moaned in total delight begging for me to get them in deeper. I knew she was ready for my cock and so rubbed some jell on my stiff rod, moved up behind my mom's ass placing the head of my dick at the entrance of her asshole and without much effort, slipped about three inches in her. She arched her back and to my surprise, rammed her ass against my cock taking in the remaining 5 inches deep inside her.

She turned her head toward me saying, "Baby, I love you. I want you to know that nothing will ever prevent me from wanting you to fuck me in the ass; I love this more than you know. Now just be a good son, and fuck the shit out of your mom. Don't hold back, just ram me till you dump every drop of your semen deep inside my bowls, I want you to have a fantastic cum. Fuck me baby, fuck your mom like there is no tomorrow, give me everything you got." I was not about to turn my sexy mom down, I was hotter than a two peckered owl and I fucked her like crazy. I just kept ramming her ass over and over and over again. I had reached down around her and had a hold of her tits and was really squeezing them hard. She was screaming from probably both the ecstasy of the ass fuck and the pain from my squeezing her tits. Even after I dumped my load, I continued fucking her for at least a couple minutes. I had sweat rolling down my back and belly from all the energy exertion. Once I quit, we both just flopped down on the bed with my cock still stuffed in her ass.

It was quite a while before either one of us stirred. My mom turned her head saying, "I wish I could hold you in my arms without you having to pull your big cock out of my ass, I

love the feeling of having you in me. But for now let me turn over."

I raised myself up slowly allowing my cock to gradually withdraw from my sexy mother's hot asshole, but before I was totally out she grabbed my ass saying, "Oh not yet, don't take yourself all the way out. Give me a few more fuck strokes sweetie." I lowered myself down pushing my cock back into her ass even though my cock was getting soft. I then slowly fucked her some more to her total delight. Finally my cock was too soft to slide in her ass any more and I totally withdrew it. She flipped over on her back and pulled me down on top of her giving me a big passionate kiss. We ground our pelvises together as we French kissed. She had her tongue way inside my mouth as I did hers; it was a really hot passionate kiss, probably as hot as we have ever kissed. I kind of slipped to one side so that I could get access to her tits. With my hips no longer on top of hers, I raised my leg such that my thigh was against her pussy. I then wiggled my leg to tease her pussy while I fondled her tits while we continued our open mouth kissing. To my surprise, my cock was responding and as was her cunt, my leg was getting wet.

When she sensed that my cock was hard, she reached around my back pushing my ass so that I was dead between her outstretched legs. She said, "You choose the first, this time it's my choice and I want to be fucked in the pussy. So baby, sink that cock of yours deep inside your mama's cunt give and me another great fuck. I love you."

She had reached down between our legs guiding my cock into her wet pussy as she kissed me again. My cock went into her cunt as my tongue went into her mouth. It was a short fuck, we both came within almost seconds, we were so hot and horny, it was almost an instantaneous climax for both of us. Shit my mom is hot, I have never before or since bedded down with such a hot, sexy, erotic woman. Her passion for fucking is almost unreal, she has become totally addicted to it, especially when it comes to fucking me.

After our second fuck, we both dozed off for a couple hours. When I woke, my mom was in the shower and I just waited until she came out. She was drying herself off as she walked into the bedroom. I lay there admiring her body, her legs are so sexy, I just love to look and feel them. When she noticed that I was awake, she faced me and used the towel

to dry her back causing her tits to really wiggle. I said, "Are you trying to seduce me mom?"

She smiled saying, "Do you want to be seduced?"

"All I have to do is look at you mom, and I get the hots. You shaking your magnificent tits at me like that drives me crazy. See, my dick is hard again."

"Oh my god it is hard again. Do you think you have any juice left?"

"I'm afraid not, if we fuck again I'll get the blue balls and that is painful. So lets cool for at least a few hours so I can recuperate."

"You're right. Besides your aunt is coming over this afternoon and you should save some of your juices for her." My eyes lit up knowing that my sexy aunt was coming over and I'd have a chance to fuck her, its been quite a few days since I've had the pleasure of sinking my cock in her pussy or ass.

My mom said, "Well, if we aren't going to fuck, how about a kiss."

"Great mom, kissing you is always hot. How about moving over her and bending over so I can kiss that hot ass of yours I fucked a few minutes ago. Then I want to kiss your pussy I fucked, then suck your tits and finally a mouth to mouth kiss." My mom dropped her towel, walked toward the bed turning around just as she got there, bent way over offering her ass to me. She reached back spreading her buns, I leaned forward and planted a wet kiss directly on her asshole. I kept my lips there for some time really giving her ass a hot kiss. She straightened up and crawled up on the bed straddling my face with her cunt just inches above my mouth. She lowered her pelvis until my lips reached her pussy. I again gave her cunt a wet juicy kiss, using my tongue to probe her pussy. She moaned a bit as I played with her clit.

She said, "Oh baby, you are so good, I need another cum. Please eat me till I cum, I really want to cum again." I did not want to disappoint her nor did I want to quit eating her

pussy. So I continued until she had another climax and I got a good taste of her again.

As she remained straddling me face she said, "You know honey, over the last few days you have pumped a lot of seed inside your mom which has been just wonderful. It absolutely excites me when I feel you cum in my pussy, it is a more intense feeling than I have ever received from any other man cuming in me, even your dad. It must be due to you coming from my womb, and that it is you planting your seeds back in me. It is just a great feeling. I will be ovulating in a few days and so we will either have to only have oral sex, or have you use a rubber. I am not on birth control pills and a little concerned to start on them again. What do you think about that?'

"Mom, you can't get pregnant when I fuck your ass right?"

"Your right baby."

"So when you are ovulating, we'll stick to oral and anal sex, OK?"

"You don't want to use rubbers?"

"Oh I don't mind, but are they totally safe?"

"Not really, but I did not want to prevent us from fucking as we have been."

"Well I would like to try just oral and anal sex."

"OK, but you will have to help me, some times I need my pussy fucked so bad, I can hardly stand it when I'm around you. You have me so hot and horny, all I can think about is having sex with you and feeling that big cock of yours in my pussy and feeling you cum inside me."

"OK mom, I will definitely help you, I certainly don't want to get you pregnant."

"That is why your aunt June has not been around the last few day, she was afraid of getting pregnant. So if she comes

over today, she knows she is safe and will probably be hotter than a pistol. She will want to fuck you constantly, she can be one hot slut at times."

"Mom! How can you call your sister a slut, shame on you."

"What? You don't think you aunt is a slut? We are both sluts and I'm feeling sluttier all the time. Wouldn't you call us sluts the way we have been carrying on with you? Wanting to fuck you almost every chance we can get, begging you to fuck us, wanting you to stick your cock in our ass, sucking your cock, walking around in the nude, seducing you every chance and much more."

"Well mom, I guess if you put it that way, you and aunt June are sluts."

"Good, because I now get turned on being a slut, I have never felt like this before, but it feels good to be loose and let my sexual desires surface and act out what I feel. I hope you don't feel bad about me, but I like being slutty. I also like to talk dirty and be talked to in a dirty way. If you want

to start calling me names when we are fucking, its OK just don't be mean about it."

"Are you sure about this mom?"

"Yes Glenn, I'm sure. You may call me a slut, a whore, a whore mom, a cock sucker, a cock sucking mom, a cum eater, a cum lover, a nasty slut, ummmm what else do I like?'

"Wow, this is hard to believe but I like it. I have had the temptation to use some nasty terms when I get excited as we fuck but was afraid to express my thoughts."

"Like what Glenn?"

"Oh like this morning when I was fucking your ass. I want to say how hot your asshole felt on my cock and that I wanted to say how I felt that you were a hot fucking bitch.'

"That would have been OK, a fucking bitch is fine, a bitching slut or whore is OK."

"Shit mom, you ARE becoming a really hot bitching slut. I love it."

"That's great Glenn, I want to please you while also feeling free to be me. I think this is the first time in my whole life I feel so free to be me. I just love it, and being slutty is so exciting for me. I would have never thought I would feel like this. In high school I thought the slutty gals were terrible, now I know how they felt and how liberating it is."

There was a pregnant pause as we both mentally absorbed this latest information. I was almost mesmerized by what my mom had said and I think she was surprised at what she had said. It was probably the first time she had verbalized how she felt. Suddenly she got up and headed downstairs still in the nude. She yelled back at me if I was hungry or not; I yelled at her that I was. I then headed to my room, took a shower and jumped into some shorts and went downstairs. I found my mom wearing only an apron

making some sandwiches and warming up a couple bowls of soup.

"Mom you are sexy whatever you are wearing."

"Oh Glenn you always know what to say sweetheart. I love you. We both need some food in us to keep up our strength. At the rate we are going, we will waste away to nothing. I bet I have lost a five pounds since you got home from college."

"You think so. Come over here and let me check."

"What the hell you going to check?"

"I don't know, I just thought I would check all of you, your ass, tits, tummy, legs, pussy!"

"Well, I certainly have not lost any mass in my pussy, it has probably increased in mass. My ass and tummy have hopefully lost some weight and maybe my tits a little.

However I don't want to lose any tit mass, I want them to get bigger like my sisters."

"OK, let me check them out." My mom just smiled saying later. She served our lunch and we sat down across from each other.

My mom said, "You know Glenn, you were never allowed to come to the table as a child without wearing a shirt."

"Well mom, I think we should change the rules and make it a requirement that we both come to the table shirtless. What do you think of that?"

"Well, I don't know that that is such a good rule." She said with a twinkle in her eye. There she sat with only an apron on just barely covering her tits.

"Come on mom, let's feel alive and just do it." She smiled and untied the apron pulling it over her head and folding down the front onto her lap. Now they were both shirtless.

Glenn was delighted sitting across from his nude mom with her big tits.

They chatted as they ate their lunch and when they finished, Jackie got up to clear the table. She had only the bottom half of the apron on and when she approached Glenn to gather his plate, he reached up and fondled her tits. She just paused letting him have his way with her, not that she minded having her tits played with. As she stood there looking down at him with his hands on her tits, she said, "Would you like some desert?"

"Yea, what have you got?"

She leaned down giving him a big kiss and said, "Oh I have a very special desert that I'm about to prepare. I want it to be a surprise, so go in the den until I call you." Glenn then kissed each of her tits teasing them getting her nipples hard. She pushed him away and headed toward the kitchen sink. He grabbed her ass before she got to far. She just wiggled her ass and continued with her task. He got up and went into the den.

A few minutes later Jackie called Glenn into the kitchen where he found his mom sitting on the kitchen table totally nude with her legs spread. She said, "I prepared a special banana split for you baby." There she was with half a peeled banana sticking out of her cunt covered with chocolate sauce, whipped cream, chopped nuts and a cheery. Glenn just stared at her for a few seconds.

Jackie then said, "I'd have put ice cream on it but that was just too cold on my pussy. Well big boy, dive in and have yourself a good time." He did not hesitate any longer and dove into devouring his banana spit; he ate the banana, licked up the chocolate sauce and completed the desert by eating his mother's pussy. She just laid back on the table and let the action happen between her legs. He was not long before Jackie was having another orgasm from her son eating her pussy. She actually cried with joy as waves of pleasure washed over her body. She was totally happy.

Glenn got up and walked over to the side of the table where his mother's head was and presented his hard cock to her. She willingly opened her mouth accepting his dick as she gave him one of her famous blowjobs. He held her head still as he began fucking her mouth. He recalled their earlier

conversation about her liking dirty talk so he said, "You slut mom, take my cock you bitch, suck my cock you whore, you cunt."

He noticed a difference in her actions, she just seemed to completely respond to him. He pulled her head so that it was barely off the edge of the table and he could push his cock straight down her throat. She did not resist at all. He began to fuck her face with deep thrusts getting his cock totally down her throat. He said to her, "You cunt whore, you piece of shit, you slut whore, take my total dick you cock sucking bitch, you cum eating slut, you nasty filthy slut whore." Tears appeared in her eyes as Glenn's cock penetrated her throat, all eight inches. She actually reached around him taking a hold of his ass and pulling him down her throat as far as she could. He was in hog heaven as he deep throat fucked his mom. He continued calling her names and while she was pulling him down her throat, he reached over and fondled her tits. He really squeezed them hard. She was crying while she pulled him into her mouth harder and harder with each stroke. He said, "OK slut, take my cum, I want you to take every drop and not spill any, I will not fuck you for three days if any cum escapes your mouth. Now take all of me you scum bag whore slut, you

dirty bitch, you cum eating ass licking whore." Jackie was pulling Glenn down her throat as hard as she could and when she felt him start to ejaculate, she just held him down her throat, not letting him move at all. She had a death grip on his ass and held him tight to her mouth until his pulsating cock stopped spewing cum down her throat and his dick began to go limp. She let go of his ass and he fell back totally exhausted, his legs were like rubber. He immediately sat down.

She rolled over on her side looked at Glenn saying, "Was that OK baby, did I do good?"

"Oh shit mom, that was the hottest sex I have ever had, you were terrific, absolutely terrific. Jesus you are a real slut, an honest to god full fledged nasty slut."

"Thanks sweetie, I like hearing that from you. I want to be your slut. I want you to do what ever you want with me, and I really loved how you talked to me, loved the names you called me, it made me so hot I had an orgasm, see." She had slipped her fingers in her pussy and withdrew them being totally covering in shiny cum."

"Mom, I didn't know women got this hot, shit I can't believe it. There is no woman out there that even compares with you. Shit I love it that you are my mom and that you are such a slut. I thought June was hotter than you, but she does not compare. You are the best, the best slut whore ever. I don't know if I can keep you satisfied, and what is going to happen when I go back to college?"

# Chapter 8

My mother had gotten up off the table, her mouth was covered with my cum and her cunt was all sticky with residue from the banana split. She says to me, "Still have a little desert stuck to my thighs, want to lick me clean?" I motioned for her to approach me and she moved directly in front of me with her knees slightly bowed to show the chocolate and whip cream that was still on her thighs and around her cunt. I leaned way down so I could reach her pussy with my mouth. She moved forward and guided my mouth to where I could lick up the leftover desert. I licked and licked her thighs until they were clean and then concentrated on her pussy. It wasn't long before my mom was moaning as my tongue was working over her cunt.

She said, "Oh Jesus! You get me hot so quick. I love being a slut for you. Are you going to eat me into another orgasm? Hopefully, and then fuck me again. Or do you want to fuck me and then finish eating me?"

"Decisions, decisions. What is a guy to do, eat then fuck or fuck then eat? What would you like, mom?"

"If it's up to me, I would like for you to eat my pussy till I climaxed, then have you fuck me till I cum again, and last but not least I would want you to eat me again."

"You pig, you fucking whore slut. You cock sucking cunt, you want your cake and for me to eat it?"

"Well, if I truly had a choice, I want you to eat me and then fuck my pussy, then I want to suck you into another hard on and have you fuck my ass. Then I want you to get your big-cocked buddies over here so I can do the same to them; eat, fuck, suck all night long!"

"Wow mom, are you really that horny?"

"Glenn sweetheart, I am absolutely as horny as any woman can get. I want to be gangbanged to the point of being softly raped. I want to feel like men can't wait to get their cocks in me. I want guys fighting to get their turn to fuck me. And I

want to be fucked over and over again, one cock after another, dozens of hard cocks wanting to get inside me. I want to be used and abused. I want a Houston kind of gangbang with hundreds and hundreds of men. I'm not sure what has come over me, but I've become addicted to sex, hardcore fucking sex."

"Mom you need to take a very cold shower and cool your jets. You are getting out of hand."

"I know baby, but you get me so turned on I don't want the sex to ever stop. I want it to continue till I drop, and then the guys can still bang me, I don't care."

"Go take a shower mom and we'll talk about this later."

"Aren't you going to finish eating my pussy? I know you like it and I taste good you know!"

I just smiled at my mom as she stood boldly in front of me, freely offering her cunt to me. Now, what red blooded boy would ever turn down the opportunity to eat a hot woman's

cunt that was bare and directly in front of him? Maybe some, but not me. I pulled my mom toward me and began to dine on her twat. She was so willing and held my face tight against her pussy while she wiggled her pelvis, making the action even more intense. Within minutes she was wailing with pleasure. I think the neighbors could hear her scream and moan when she climaxed.

I was of course rewarded with her love juices that flowed from the depths of her vagina and into my waiting, sucking mouth. I do so enjoy eating my mom's pussy. I licked her pussy over and over again while she just stood there with her legs slightly bowed encouraging me, "Yes baby, ohhhh yes! That feels so good! Oh yes! Lick your mommy's pussy, clean up all the juices she just released for you." My mom had at this point reached down between her legs and pulled her pussy lips apart so that I, her son, could get his tongue in her cunt.

"Oh baby, make your mommy cum with your tongue! Lick her pussy, play with her clit, suck her cunt! Oh baby you make me so hot! I want you so bad, I want you to fuck me again, please fuck your mother again. I have never ever before wanted sex so much. You are the best lover I have

ever had and I want you inside me almost all the time. Please baby, please, please fuck me again."

It was hard to believe how I'm sitting here with my mother telling me how she wants me to give her oral sex and then begins to beg me to fuck her. I was on fire and stood up with my erect cock sticking straight out. I took her by the hand leading her into the den and over to the couch, made her lay down and immediately mounted her without any foreplay. I just crawled between her outspread legs and slammed my cock into her cunt. Our lips locked in a passionate kiss as my cock penetrated the depths of her vagina. She wrapped her legs around me pulling me deeper and deeper into her wet and warm cunt. "Oh baby fuck me, yes fuck me, fuck me good, I want to feel you ejaculate your seeds deep inside me baby, real deep. I want to feel that if I were fertile you would be impregnating me. Oh god I love you and love having you as my lover. Oh baby, fuck me good."

I just kept plunging my cock into my mother's pussy until I exploded, and did I ever explode. When she sensed me cumming, she pulled me into her with all her strength by wrapping her legs around my thighs while also grinding her

pussy into me. I felt like I was in a death grip, it was unbelievable. After pumping my last drop of cum in her pussy, I just collapsed on top of her while I recuperated.

I had not sensed it but she said that she had a climax at about the same time I did. Of all the times we have fucked, this was one of the best. I'm becoming totally hooked on fucking my mom. She is awesome to screw, exciting to fondle and wonderful to look at, which she is more than willing to let me do.

We both just laid there for a few more minutes until our strength began to return. "Oh mom, you are such a slut. You have me so turned on today, I'm getting a case of the blue balls or whatever it is called, my balls hurt. I hope June does not get here too soon, my balls cannot take much more."

"Oh baby, I'm so sorry that I made you hurt. I just so needed to be fucked again. But you have to admit, it's a nice way of hurting."

"Yes, that's for sure. Not many guys get aching balls by fucking their mom. But if all mom's were like you, all the teenage boys in the world would be walking around holding their balls and all the young chicks would be pissed that they were not getting any action."

"You are so sweet baby. Any mom who had a son like you would love to be the recipient of your love and your 8 inch cock." My mom smiled as she responded.

Just then the phone rang, I got up to answer it hoping it was June saying she was coming but would not get here for a few hours. Instead it was the mother of a kid I hung around with early in high school. They had moved to another part of the city and he switched high schools. She wanted to talk to my mother so I motioned to my mom who was still stretched out on the couch, and I mean stretched out. She was on her back with one foot on the floor and the other resting on the back of the couch, her pussy was staring right at me. I used my middle finger to motion for her to answer the phone. She got up and walked toward me swaying her tits as she walked. I love seeing my mom in the nude, she is so seductive and sexy. I handed her the phone and kissed her. She responded in kind and we sucked each other's face

for a few seconds. I released her lips as I fondled her tits with one hand and dropped the other to give her pussy a quick fingering. She reached down with her hand pushing my fingers deeper into her snatch saying, "You devil, you. You bad boy."

She then took the receiver saying, "Hello."

"Oh hi, Marie! How are you? It has been such a long time since we talked." A few seconds of pause and then, "Well, I always told you that if you needed help to just give me a call."

"Sure we have room, Glenn is home for the summer and I'm sure he and Junior can get reacquainted."

"No. No problem at all. When do you have to leave?"

"In the morning. OK why not send Junior over this afternoon and we'll talk about the arrangements."

"OK, we'll see you at about 3 o'clock. Sure Marie, it will be fine."

My mom got off the phone with a disgusted look on her face. I said, "What was that all about?"

"Well, you remember Junior?"

"Yeah, I remember Junior. He is a neat kid. We had lots of fun but I haven't seen him for a couple years. He went over to Central High School, I believe."

"Well I ran into Marie, his mother, a few months ago; just after her hubby died. I told her that if she ever needed anything, to just give me a call. And she just did. Marie has to go out of town on an emergency for over a week she guesses and would like for Junior to stay here. She said he is old enough to stay alone but feels guilty leaving him alone. I couldn't say no, I could tell by the tone of her voice that she was really stressed out. But with Junior being here, it sure will put a damper on our sex life."

I responded, "Maybe you can seduce him and have two young bucks to fuck."

"Oh that would be too much to ask. I have not seen Junior for a long time. He was always kind of scrawny for his height. Well baby, it is only for a week. And besides, I will be going back to work next week."

"You will? Oh mom, I was hoping you had the summer off."

"Yeah, right! And who would be buying the food you eat? Of course what you have been eating mostly around here is free." Mom giggled after she said that and rubbed her pussy and let out a little moan.

I was tired and told my mom that I was going to take a little nap but to call me when Junior came over. My mom responded, "Do you want me to call you when June comes over?"

"No, just send her up and tell her to be ready for a good fucking."

"Glenn you are getting terrible, but I like it. If I get horny can I come up too and get a good fucking?"

"Mom, you have a standing invitation to come into my room and get fucked any time, day or night. And if I'm busy fucking someone else, just join in, OK?"

"You sweetheart. Go take a nap and see you later."

I don't know how long I was asleep but was disturbed with something touching my face. My first reaction was to brush it off which I tried a couple times without discovering what was on my face. When I felt something again, I quickly reached for it and felt skin. I opened my eyes to see my mother bent over me rubbing her bare tit on my cheek and chin. I smiled, opening my mouth where upon she placed her tit in my mouth.

She said, "Glenn baby, Junior called. He and his mom will be here in about 10 minutes."

I nodded OK as I sucked on my mom's tit using my tongue to play with her now erect nipple. My mom continued, "I wish we had more time to play but I think you need to get up now." I nodded in agreement while I moved my hand from under the covers reaching for my mother's leg. When I found it I ran my hand up the inside of her thigh till I reached her pussy. I heard her sigh as I fiddled with her pussy looking for her slit and when I found it, shoved a finger in her.

She said, "You naughty boy, what am I going to do with you. Are you taking advantage of your horny mother and fondling her whenever you can?"

Still with my mom's tit in my mouth and finger in her cunt, I nodded yes. She said, "Good boy, I love it. Now find my clit and get me hot, baby. I love cumming for you. I love it that you want me to cum. I love it that you want to fondle me, kiss me and most of all fuck me. Oh baby, that's it! Yes, yes, play with my clit! Oh baby, baby, you are so good. Hurry, I want a quick cum before they come. Oh yes, yes, I'm close, do me some more. Ohhhhhhhhhhh yes, you did it! Ohhhhhhhh fantastic! Are you hard, is there time for a blowjob? I would love to taste your cum again."

I pulled my mouth free from my mom's tit saying, "Yes I'm hard but I need to save my cum for later mom. You have already taken three loads from me today; I love you but I need to wait. I would like to feel your hot lips on my dick though, so how about getting up on the bed and let me eat your pussy while you just suck me a little." She did not hesitate.

The next thing I knew, I was staring up at my mom's pussy as I felt her warm lips encase my hard cock. I pulled her down onto my face and ate her sweet pussy. She tastes so good. I did not spend much time but enough to get most of her love juices. I pulled away and rolled out from under my mom to get ready for Junior and his mom. When I got off the bed I looked back at my mom as she remained on the bed. She looked so sexy; totally nude, nice big tits, shiny cunt where I had been feasting between those hot sexy legs.

She gave me a very coy look as she spread her legs wide and stuck a finger in her cunt saying, "I want your cock in here big boy. So hurry back and give your mother another good fucking,"

I smiled saying, "Mom, you're the best. Love ya and will fuck ya soon." I went into the bathroom to freshen up and when I returned my mom was gone and I headed downstairs. No sooner had I reached the kitchen when the door bell rang.

I opened the door and there was my old buddy, Junior and his mom, Marie. I definitely recognized Junior but he had certainly filled out. He stood 6' 2" and looked like all muscle. "Hi Junior, man you have changed. What have you been doing, lifting weights?"

"Hi Glenn. Yeah, I've been spending time at the gym. Do you remember my mom?"

"Sure, Hi Marie. How are you and come on in?"

"Fine, Glenn." I led Junior and Marie into the living room and asked if they wanted anything to drink. As I went into the kitchen to get some refreshments, my mom came downstairs.

She gave Marie a hug and then turned to Junior saying, "Well young man, you sure have filled out. I remember you used to be rather scrawny. But look at you now, the stature of a man, no longer a boy." I noticed my mom eyeing his crotch and I imagined she was thinking, "I wonder if his cock has also filled out?"

We sat around chatting for only a few minutes as Marie had things to do. Junior had ridden over in his mom's car and was going to go with her, but I suggested that he stick around for a while to get reacquainted and I would take him home later. He agreed and Marie then told my mom thanks again and that she owed her one and off she went.

I asked Junior what he has been doing with himself the past couple years. He responded, "Well I have been following in my dad's foot prints and pursuing photography along with pumping iron. What about you?"

"Oh I'm going to college, majoring in communications. What kind of photography are you getting involved in?"

"Nothing special, just learning the trade. I have been taking photos of my girlfriend lately and find it interesting to photograph people."

Suddenly there was a knock on the door, I was hoping it was my aunt and sure enough it was. My mom greeter her and told her about our new house quest. June came bursting into the room and when she saw Junior, her eyes lit up. She walked directly over to him giving him a big hug pressing her big tits into his chest saying,

"Hi, I'm June, Jackie's twin sister. She says you will be their house quest for awhile. I think that's great." June was wearing a short skirt and low cut blouse showing lots of cleavage that Junior did not miss. Junior's eye's almost popped out of his head when he looked down at her. And from his vantage point, he could see lots of cleavage.

June moved over to a stuffed chair and when she sat down, she freely displayed lots of leg. Shit, my aunt is so sexy and was obviously in a horny mood. Junior and I sat opposite her on the couch chit-chatting, with my mom joining us on

the couch. At one point my aunt shifted her hips giving us all a beaver shot and she was not wearing any panties. I had an immediate boner and wished I could take her upstairs or anywhere and bang her. She was so hot looking. Junior had not taken his eyes off her, and I noticed a definite bulge in his jeans. My mom continued the conversation about photography saying, "June, Junior here is into photography and you know how we have been wanting recent pictures of us. Maybe we can talk him into taking some photos."

Junior immediately jumped into the chat saying, "I would love to photograph you two ladies! You make great subjects for a young, aspiring photographer. When I come over tomorrow, I'll bring my equipment and set up a little studio here."

My mother interrupted saying, "Would it be too much trouble if one of us ran you home to get your equipment and you take some pictures today?"

"Oh no, that would be just fine."

My aunt jumped in saying, "I'll take you home. My car is blocking Glenn's anyway." She got up, grabbed Junior by the arm pressing her body into his as she headed for the door.

She stopped, saying, "First I need to go potty."

I had gotten up and was standing next to the door when Junior whispered to me, "I think your aunt is coming on to me. What do I do?"

"Go for it man. If a woman looking like that flirted with me, I'd go for it."

"But she is your aunt."

"So? She is first and foremost a woman, and a hot one. Don't let who she is get in your way." Just then June came down the hall swaying her hips in her short skirt. Her walk alone can get me hard but with those sexy legs, she is one hot fuckable woman. She again grabbed Junior pressing her tits

into his side as they walked out the door. I reached over and had a quick grab of her ass myself.

They were not gone very long and when they returned, Junior had a look on his face like the cat that ate the canary. I asked, "How did it go?"

"Oh shit, man! That aunt of yours is so hot and horny, I can hardly believe it. How do you not bang her?"

I just looked back at him saying, "What makes you think I don't bang her?"

"You mean you fuck your aunt?"

"Well, we are still close friends, right?"

"Yes, why do you ask?"

"I don't want to shock you, but I have been banging my aunt and her sister for some time now."

Junior looked a little puzzled then the light came on and he said, "You fuck your mother?"

"Yes dude, I fuck her regularly as I do my aunt. Are you shocked?"

"Yes, but I can't blame you. They are two hot women."

"Well, tell me what happened when my aunt took you home to get your photo equipment?"

"Well, as soon as we got in the car she told me how much she liked being photographed and knew that I would produce some great pictures of her and her sister. She then asked me if I would photograph her in the nude. I was kind of surprised since I had just met her and stuttered that I would; my heart was beating like crazy. I was getting a hard on with the conversation and also from seeing her sexy legs. When we got into the car she pulled her skirt way up only inches from her crotch. She evidently noticed my hard on as she reached over and rubbed my crotch, asking if it was

her causing the bulge in my pants. I nodded yes just as she squeezed my cock through my pants. She then said that I could rub her pussy if I wanted to. I was in total shock but it did not prevent me from reaching over and placing my hand in her pussy. I felt her soft mound and rubbed my hand up and down as she moaned and saying that I had a soft touch. Then she let go of my cock and placed her hand on top of mine, pushing my index finger inside her wet pussy. She said that she loves having her pussy played with and liked my touch. Then she said - get this now - that she would like for me to FUCK HER after I took her pictures. I didn't know what to say and just nodded yes. I have never been approached like this before and feel so dumb about it."

"Hey man, you did right. So let's get your equipment set up and get to taking some hot photos of two really hot and horny women." I helped Junior set up. He positioned some lights and his tripod next to the couch.

When he was ready I called my aunt and mother into the den. They both walked in looking really hot. My mom had changed clothes, putting on a short skirt like June's and a halter top. Both had on high heels. Junior suggested that

both women sit on the couch facing the same direction. They did and he had them turn their heads and bodies in different directions as he took many photographs.

Finally, June said she wanted some of just her. So she sat on the couch posing for Junior, always trying to expose maximum amount of skin. As she was leaning back for a pose she lifted her blouse revealing one of her tits, then both tits. Junior kept taking photos. She removed her blouse completely, posing in all kinds of sexy positions. Then she raised her skirt, giving Junior a straight shot of her bare pussy. He just kept taking pictures. She undid her skirt and shoved it down her legs and onto the floor. She posed with her legs spread, giving Junior lots of beaver shots. She stood up with her backside to the camera, bent way over with her hands around her butt and spread her buns for a great shot of her ass.

My mom and I were just watching the action. Junior was obviously enjoying the action. It looked like he had a tent pole in his pants. My mom was standing next to me and I put my arm around her neck and had my hand inside her halter. She was rubbing my crotch as we viewed June's naked body being photographed.

June sat back down on the couch, spread her legs and, using both hands, reached down between her legs spreading her pussy lips saying to Junior, "Get a close up of this sweetie, I want everyone to see my cunt." Junior got real close and took a dozen shots of June's exposed pussy.

My mom and I were both getting horny, she had unzipped my pants and pulled out my hard cock and was stroking it. I had unsnapped her halter and was fondling her bare tits with both hands while Junior was on his knees focusing his camera on June's spread cunt.

Suddenly June said to Junior, "This is making me so horny baby. Before you take any more pictures, I need a fix."

"What do you mean a fix. Are you on drugs?"

"No, of course not. I never touch the stuff. What I need, is to have an orgasm. I need you to fuck me like you agreed. Now just set your camera down, drop your pants and get

between my legs. I want you to slip your big cock inside me, we need to fuck."

Junior paused, not sure what to do. He was not sure of fucking June while we were in the same room. But when he looked around and saw us standing there, my mom without a top on and me openly fondling her tits while she was stroking my erect and exposed cock, he just lowered his pants, letting loose his hard cock, got down between June's outstretched legs and began to fuck her.

June moaned, "Oh yes, yes it has been too long since I've had the pleasure of a cock in me. Oh Junior, fuck me good. Let me feel you deep down inside me. Fuck me hard! Ooh yeah, pound my Pussy!" Junior was going at it without holding back.

My mom and I watched for a few minutes until my mom unzipped her skirt, letting it fall to the floor. She took hold of my cock again and led me over to the chair. She had me sit down, then straddled my lap and lowered her pussy down onto my hard cock. Once the head of my cock was inside her, she began to bounce up and down taking all 8

inches inside her each time. I latched onto her boobs and sucked on one and then the other. She had her hands on my shoulders to steady herself as she basically was attacking my cock with her cunt. Oh she felt so good and it was not long before we both erupted. I shot a good wad of cum up her cunt while she released an ample amount of cum herself. She remained on my lap wiggling her ass to keep the sensations going while she kissed me hard on the lips. She whispered in my ear, "I hope I don't get pregnant."

I was too hot to care at the moment. Meantime on the couch, Junior had flooded June's pussy with his seed and was lying on top of her looking totally satisfied. When Junior began to get up, June held on to him saying, "I want you to get a close up of my pussy with all your sperm on it, OK?"

Junior got up, retrieved his camera and focused on June's freshly fucked pussy. Cum was running out of it and down her crack. She squeezed and worked her pussy lips getting more and more cum to ooze out and had Junior take many pictures.

When June noticed Jackie sitting on my lap knowing that my cock was stuffed up her sister's pussy, she said to Junior, "Now go over there and get close up photographs of Glenn's cock inside Jackie's pussy."

By this time, Junior had lost his embarrassment and he walked over to where we were sitting and focused his camera on our crotches. Mom raised up so that only half of my cock was in her letting Junior get some pictures of my cock penetrating her cunt. We moved into various positions always with my cock still in my mom's pussy. Finally, I became so limp my cock slipped out. Junior then took pictures of my mom's cunt with cum all over it. My mom pulled her legs up high so he could get pictures of her ass and cunt. Junior just kept snapping pictures of my mom's snatch from all kinds of positions and views. In so doing, he began developing another hard on.

June said to me, "Do you know how to operate Junior's camera?"

"I don't know. Why do you ask?"

"I would like for you to take pictures of Junior's cock in me like he did of you fucking your mom. I want Junior to fuck me again, but this time you photograph it. Is that OK with you, Junior?"

He was busy photographing my mom's pussy. She was now stretched out on the floor, legs spread with her fingers in her snatch. And when she saw that Junior was getting turned on she said, "Oh Junior I want you to fuck me next. I love having my picture taken like this. I hope I'm not shocking you, and I hope you don't tell your mother."

"Oh Mrs. Langton, I'll never tell my mom. I think you and your sister are so hot."

"Oh please call my Jackie. After all we need not be formal with you photographing my son fucking my cunt, now do we?"

"Of course not, Jackie. I love looking at your body, and taking pictures of it. You are very sexy, just like June is. You

two could make lots of money on the internet if you wanted to."

"How is that?"

"Well I could create an adult website and publish these photos and lots of guys will pay to see them."

"Did you hear that June? Junior is willing to create a website just for us with the pictures he takes. Doesn't that sound hot?"

"Yes, but I can't have my face all over the internet in a porno site."

Junior interrupted saying, "I can digitally alter your face so no one will recognize you or you could wear a mask of some kind."

June responded, "What would be the easiest thing to do? If we wear masks, it must have a mouth opening large enough

so we can suck cock. And I plan on sucking some really big cocks." Everyone laughed.

I suggested, "How about small masks that just covers just the nose and eyes?"

"That should work." said Junior.

June commanded, "Junior get over here and fuck me. I need your cock now, I'm so hot I think I'm going to burst. Glenn, please grab his camera and take pictures of us fucking. Jackie I'm sorry for insisting, but I have not been fucked for over a week, and I need my cunt fucked really bad." Junior handed me the camera and told me to just point and shoot.

He got between June's spread legs and immediately began his second fuck of my aunt's pussy. She grabbed his cock and guided him into her cunt without any hesitation or foreplay. "I just want to get your cock in me right away." She said.

I got down and took pictures from every possible angle showing Junior's cock imbedded in June's pussy. Their fuck did not last very long and soon, both were grunting and I could see cum oozing from June's pussy. Those were really hot shots, a shinny cock in hot pussy with cum running out her hole.

My mom was watching the action while giving herself some action between her legs. She was sitting on the floor holding herself up with one hand while the other hand was busy between her legs masturbating. I turned the camera toward her just in time to see her close her eyes as she climaxed. I zoomed in on her crotch to catch her with two fingers shoved very deep in her snatch with a few drops of cum drooling from her pussy. I got 4 or 5 good pictures of her cumming.

I was getting so horny watching and photographing the sexual action I said, "I need a hole to fuck."

My mom looked up at me and said, "Oh sweetie, you can use my asshole. Come over here and you can fuck me in the ass." She turned over on her hands and knees, offering her

ass to me. I did not hesitate. I got behind her and placed my cock against her tight hole.

She looked back at me and said, "Honey just force it in me, it's OK. Ram your cock inside my ass. I don't want to wait, I want you inside me now." I wasn't sure, but she did not ask for any lube so I took her for her word and shoved my cock against her asshole with all my might. There was not much give at first but I could feel her sphincter muscle relaxing and suddenly my cock burst through her anal opening. She let out a shriek as my cock penetrated her asshole. She groaned for some time until about the fifth inward thrust of my cock, when her groans turned to moans of pleasure.

"Oh baby, I love having you fuck my ass. Oh sweetie, it hurt real bad at first, really bad. But now it's all pleasure, pure fucking pleasure. Oh yeah, fuck your momma's ass really good. Pump your seed deep inside your mom's tight ass, fill me with your love juices. Oh honey I love you so much." I did not want to disappoint my mother and banged her ass as hard as I could. It was but a few minutes before I was pumping her full of jizz – hot, tasty, teenage jizz.

I had not noticed that when Junior finished fucking June, he had picked up the camera and was photographing me fucking my mom's ass. He said he got lots of shots of my cock imbedded in my mom's ass.

Once I had cooled down and my cock withdrew from my mom's ass, I sat down on the floor next to my her. She put her arms around me and said, "Oh thank you for that nice fuck baby. You are such a great lover. I especially want to thank you for fucking my ass and not my pussy. Like I told you earlier, you need to only fuck me in the ass for the next few days."

"But mom, I fucked your cunt earlier and you asked Junior to fuck your pussy. What was that all about?"

"I was so horny I forgot that I could get pregnant. I think I'm still OK, just no more cunt fucking for a while. I told you that I need your help in this department. When I get horny, I just lose all sense of reality and want my pussy fucked. So please help me and keep me safe."

"Ok mom, I'll do my best."

Junior had gone over to a chair and was reviewing the digital photos on his camera screen. He said, "Glenn, lets get my camera connected to your computer so we can review these on your screen. Some of these pictures are fantastic."

Junior and I went into my room, hooked up his camera to my computer and we sat back to enjoy our own little porno show. We watched the first few pictures of my mom and aunt posing showing some skin. Then it got really interesting when June began removing her close. Lots of good shots of her tits, cunt and ass. He had taken some really close ups of her tits showing her great nipples. Then the really hot pictures appeared, ones of me fucking my mom. It was so hot to see photos of my own cock in my mom's pussy, seeing he veins of my cock and the folds of my mom's pussy. Then there were pictures of just my mom's pussy with cum all over it, wow were they hot. I had pulled out my dick and was stroking it as I viewed the photos, Junior was also stroking his dick. I felt a little strange sitting there next to Junior with my dick out, but I was so turned on looking at these photos, I couldn't hold back.

About then June and my mom came into my room, they had on skimpy little night wear on covering very little of their luscious bodies. They looked at us and gasped, "You horny little farts, don't you ever quit?"

My mom stood behind me to look at the computer screen and asked, "Whose pussy it that, mine or June's?"

"That's your pussy mom, right after I fucked you. What do you think, like hot it looks? Want to have others see your pussy like this on the internet?"

"Oh that would be great! I have not seen much porno before, but it's really hot to see a pussy so close with cum on it. Just looking at these makes my pussy wet."

June went over and sat on Junior's knee so she could get closer to the screen. She said, "Where are the pictures of you screwing me, Junior?"

Junior scanned the files and suddenly the image on the screen was a cock penetrating a pussy. "There we are, that's your cunt and my cock. What do you think?"

June said, "These are great photos, they show so much detail. Look at the veins in your cock and all the folds in my pussy. I love it." She reached down and replaced Juniors hand on his cock and began to stroke his cock for a while.

She then said, "If I sit on your lap, can you see over my shoulder?"

"I think so." So she raised up her ass, took a hold of Junior's dick and moved back so that his dick would enter her pussy. She lowered herself down on his cock until he totally penetrated her cunt.

"There, this is a much better way to enjoy these hot pictures with my pussy full of cock." Junior then proceeded to review the images while he also reached under her top and fondled her big tits. There were well over 200 images and took over an hour to view. My mom did not want to be out

done, so she sat on my lap with my hard cock between her legs. She just stroked it and rubbed it up against her pussy as we all viewed the images of her and June being fucked.

Finally Junior said, "I need to go home soon. My mom is leaving tomorrow and I need to say good bye to her."

June turned her face toward Junior saying, "Oh honey, can't you stay the night and take care of my pussy. I want to spend the night in bed with you. I was hoping for good night and a good morning fuck."

"I can give you a good night fuck, but not a good morning fuck."

"Ok, lets get it on baby." Junior had June get up and turn around and then mount him. Once she had sat back down on his cock while facing him, he stood up keeping his cock buried in her pussy and walked over to my bed with her clinging to him. He laid her down and began to slowly fuck her.

My mom turned her face to me, gave me a big kiss and said,  
"Let's go into my room and let these guys fuck in private."

## Chapter 9

I followed my mom into her bedroom as she led me by my hard cock. Once in her room, she turned around and placed a very hot passionate kiss on my lips and pressed her naked body against mine. We must have kissed for several minutes with our bodies rubbing against one another, we really got hot. My mom released her lips saying, "Looking at those pictures really makes me hot, I have never looked at much pornography before, I can see while it is so popular. Shit I'm hot, I think my pussy is boiling over with cum. I want you to really fuck me hard tonight Glenn, I need a good fuck."

"But mom, you are ovulating!"

"Shit that's right. Well," she said, "you will just have to fuck me in the ass. That's OK with you, right?"

I just nodded yes as she immediately turned and walked over to the bed, crawled up on it on her hands and knees and wiggled her ass at me while reaching back with her

hand to rub her ass. When her finger ran across her little rosebud, she stuck the tip of her finger in her ass saying, "In here big boy, get that big hard cock of yours in this tight hole and fuck me good. I need a good hard cum tonight and want you to fuck me silly."

She then looked between her legs at me saying, "What are you waiting for stud? Here I am, your hot and horny mom offering her ass to you for a good fuck. Are you ready?"

What a site, there was my mom on the bed, stark naked with her sexy shapely ass pointing directly at me and her nice big tits hanging down. I love to see my mom in the nude in some provocative pose wanting me to fuck her. I just stood there for a second stroking my hard cock before I walked over to the bed. I bent over and gave her ass and pussy a big sloppy kiss, I ran my tongue all along her crack paying special attention to her asshole, probing it as best I could. She said, "Oh honey, you know how to treat me so well, yes lick your mommy's ass before you stick your big cock inside it. Oh yes, lick me, eat me, suck me baby, get my asshole ready for your hard cock that I love so much. Please fuck me hard, I want to feel all of you inside me tonight, every inch of that beautiful cock of yours. I want to feel

your sperm shooting inside me, I want to feel that if your cock were in my pussy, you would be impregnating me with your semen, fertilizing my eggs, getting me pregnant."

"Mom, what are you saying?"

"Oh honey, I have so much passion for you, I just love you and sometimes wish I could have your child inside my belly."

"I have never heard you talk like this. You really don't want to get pregnant do you?"

"No son, absolutely not. But I just get so horny with you that my female instincts take over and makes me want your child."

I did not know what to say, so I just got up on the bed behind her sweet ass and pressed my hard cock against her juiced up asshole. She moaned as the head of my dick was trying to spread her asshole open, I know it was hurting her but did not hesitate as she very vocally urged and

encouraged me to push harder and harder until my cock finally slipped through her tight asshole and slid deep inside her warm butt. She let out a loud sigh of relief when my cock was all the way in her and as my balls bounced against her pussy. She then just looked back at me saying, "Now baby, don't hold back. Fuck your mama's ass like there is no tomorrow, fuck me hard, fuck me deep and fill my ass with you hot sweet cum. I want you to cum inside me, I want to feel you filling me with your sperm. Fuck me baby, just fuck me and fuck me and fuck me and fuck me. Ohhh I need you so bad."

I slowly began to fuck my mom's ass like she said, long hard deep strokes for several minutes. I did not want it to end and neither did she. But with all the friction her tight asshole was giving my cock, I did not last very long and before I knew it, my balls began to boil and I shot a big load of cum deep inside my mom's sweet sexy ass. She was in the meantime, fingering her own pussy, working over her clit as I was pumping my cum into her ass. She climaxed just as the last of my cum was spurting inside her ass. Shit, her asshole had a grip on my cock like a vice, I was really loading her up. As I relaxed and slumped down on top of

her, she also collapsed and we both just lay on the bed totally exhausted and feeling very fulfilled.

She only laid there a few seconds until she squirmed out from underneath me and turned so she could get my cock in her mouth. Just before she totally enveloped my now semi-soft cock she said, "I want to taste you baby, I don't care where your cock has been, I just need to feel your wonderful cock meat in my mouth and to taste your sperm." She took my entire cock in her mouth as she sucked and licked me completely. She took a hold of my balls and worked her mouth up and down my shaft with great intensity and care. She was making love to my dick.

She is a great cock sucker and it felt so wonderful having her warm mouth around my dick. I was responding to the touch of her lips and tongue and shortly was supporting another hard on. She told me to lay on my back which I did. She said, "Now I don't want you to cum, I just want to feel your cock in my cunt, so lay there and let me do the work." She straddled my body while holding on to my hard cock. She squatted over my hips and as she lowered her ass, she guided my hard cock straight into her pussy. She lowered herself getting only about half my dick in her. She then

raised herself up and down on my dick repeatedly sighing all the time. Suddenly she lowered herself entirely taking my entire cock up her cunt. She just sat there twitching her pelvis saying, "Oh god honey, this feels so good. You don't know how much I love having you inside me, I love fucking you like I've never loved before. Even your dad was not this good. I can't get enough of your cock. I love it, I love you." She just continued twitching her pelvis working my cock into every crevice inside her pussy. She paused holding herself totally still as a climax swept over her body.

I knew I was not going to last too long so I said, "Mom, you need to either get up and suck me off or turn over so I can really pound your pussy as I fertilize your eggs." She looked at me and pushed her pelvis down real hard on my dick like she wanted me to cum as she jerked her pelvis back and forth a few times. I wasn't sure she was not going to let me cum in her, she was so horny. But she got up and turned around so she could suck me while she offered me her pussy to eat. We 69' it giving each other another climax. My mom is the hottest slut I have ever known, one hot piece of ass.

Once I shot my load into my mom's sucking warm mouth, I was completely bushed. I finished licking the last residue of my mom's cum from her pussy lips and then just laid my head back and zonked out. The next thing I knew was feeling a warm body next to mine. I looked around to see that mom had put a blanket over me and that my aunt had at some time crawled in bed next to me. Her big bare tits were being pressed against me back as her hand was rubbing my thigh and across my semi-hard cock. As I began to wake up, so did my dick. My aunt began to stroke me while she continued pressing her tits into my back.

I turned my head toward her and she kissed me on the cheek saying, "I love to sleep with young studs like you, you get so hard so quick and knowing that you want to sink your dick in my pussy makes me so horny. My cunt is already wet and waiting to be fucked by your big cock. Your mom is downstairs preparing us some breakfast. How about you getting on top of me for a good morning fuck and fill my love tunnel with your love juices and knowing how your mother loves the taste of your sperm, we'll let her eat me for desert."

"You are wicket, you hussy slut. You want your nephew to fuck you and have your sister eat my cum from your cunt, is that right?"

"Yes, that is exactly right."

"Great, lets get it on!" We both giggled as I rolled over on top of my aunt getting between her widely spread sexy legs and without any preliminaries, sank my hard cock directly into her wet cunt and began to bang her. She met every one of my thrusts with hers and we both came within minutes. God she is hot, just like my mom, one hot piece of ass. What a lucky guy I am.

When we finished, we both headed downstairs, my aunt walked very slowly holding her hand in her crotch to prevent any cum from leaking out of her pussy. When we got into the kitchen, she said, "We have a surprise for you!"

My mom looked around at us both standing there in the nude, my cock half hard and shinny with cum residue, my aunt with her hand in her crotch.

"Let me guess. Glenn has just banged you and you are holding your hand over your pussy so his cum will not leak out. Right?"

"You are just too smart. Yes, that is right. I thought you would like some desert before we ate breakfast."

"That kind of desert I'll eat anytime almost anywhere. Get over her on the table, spread those sexy legs of yours and let me have my morning desert." My aunt walked over to the kitchen table and very carefully sat on the edge, leaned back taking a hold of her legs as she raised and spread them very wide giving her sister ample access to her cum filled cunt. My mother sat on a chair right between my aunt's legs and immediately pressed her face in her sister's snatch and began to dine on her pussy. She engulfed June's cunt lips with her mouth and began sucking on her sister's cunt like she was starved, it was quite a site to see. My mom moaned and groaned as she devoured my aunt's cunt with her mouth, sucking, licking, sticking her tongue inside June's spread cunt lips.

I suddenly thought about the camera Junior had left and said, "Hold it, let me get this action on camera, it is so hot." I ran and got the camera and began taking pictures of my mom eating my aunt's pussy. I got some really close up shots showing the tip of my mom's tongue in June's slit licking up my cum; shots of my mom sucking June's pussy lips into her mouth; shots of my mom fingering June's asshole as she ate her cunt; shots of my mom licking June's ass crack. Finally my mom raised her head and pulled June's cunt lips apart letting me take some great shots of June's wide open pussy showing me her pink insides and revealing her clit. It was awesome, I took a couple dozen or so pictures.

When my mom thought I had taken enough pictures she returned to eating June's cunt with vigor. Once she got a mouth full of cum and saliva, she looked up and said to June, "Want to share?"

My aunt just nodded as my mother raised herself up and laid on top of June on the kitchen table. When my mom had her mouth directly above June's, she opened her mouth just a little letting a string of cum and saliva slowly drip from her lips into June's waiting open mouth. My mom

then lowered her face pressing her lips to June's and passionately kissed her. They swapped my cum back and forth between their mouths while their lips were pressed tight against each other; their tongues were obviously in each other's mouth. My mom was grinding her pussy into June's as they kissed. I could see a small amount of cum and saliva leaking down June's chin, all this action was getting me another hard on just watching my mom and aunt kissing. I kept taking pictures as fast as I could and got some really hot shots.

As I was standing behind them getting pictures of their pussy's being pressed against each other, my mother raised her head turning it toward me saying, "Oh god Glenn, I need to be fucked so bad, I need to have my cunt rammed full of hard cock meat and to be pumped full of sperm, I need it bad baby. I need you inside me. Please oh please fuck your mom right now, I need to climax, I need to cum."

"But mom you are ovulating."

"I don't care Glenn, I need to be fucked really bad, I can't stand not having your cock inside me right now! I'm so hot

and horny and I need to cum so bad, please, oh please fuck your slutty mom. Slip that nice big cock of yours deep inside my pussy and fuck me. Please do what I ask and slam your cock inside my pussy, fuck me baby, just fuck MEEEEEEEEEE!"

I didn't want to get my mom pregnant so I ran and got a rubber, slipped it on and guided my hard cock into my mom's cunt as she laid on top of my aunt with both of them on the kitchen table. It was a quickie, my mom was so fired up that she came within seconds of my cock being rammed inside her pussy. As soon as she climaxed, she laid limp on top of her sister, panting, nearly out of breath.

I actually did not cum, but that was alright, for I wanted to save myself for later. My mom sat back down on the chair and said, "You felt so different inside me and I did not feel you cum."

"I used a rubber mom. I didn't want to get you pregnant, OK?"

"Oh baby, that was nice of you but a few minutes ago I did not care whether your cock was covered or not, I just wanted to feel your cock in me regardless of the consequences. I really needed to cum and thank you for giving me a climax like you did. Did you cum at all?"

"No mom, I did not cum."

"Oh darn, I was hoping that I could suck your tasty sperm out of the rubber. Do you want me to get you off? I will you know, either by wanking you off or giving you a blowjob. You know how much I like to taste your sperm."

"No mom, I'm OK. I want to save myself for when Junior comes over to take more porno photo of you and June." I knew it would be a hot session and would get a lot of chances of fucking my aunt and mom.

My mom's face lit up when I mentioned Junior and pornography. She immediately moved her hands down between her legs to her bare pussy and began rubbing her cunt vigorously saying, "Oh shit, I can't wait to have more

photos taken of my cunt, ass and tits while totally exposing myself. I think that is so hot. I hope he takes some good pictures of you fucking me and me sucking you. I want to see some close ups of your cock inside my cunt baby, I want to see my pussy lips gripping your cock." I could not believe what I was hearing from my mom, she is really becoming a total slut and I'm loving it.

My mom just continued finger fucking her pussy with her eyes closed as she fantasized about being photographed. What an opportunity, I grabbed the camera, turned her chair so I could get directly in front of her and between her legs saying, "Spread those pussy lips mom, let me get some close ups of your cunt." She opened her eyes giving me a big smile as she took her index fingers and pulled her pussy lips as far apart as she could. Lots of pink were showing and I zoomed in getting a half dozen shots of her cunt.

My aunt still lying on the table said, "What about me?" She had lifted her feet onto the edge of the table with her legs spread clearly exposing her sloppy cunt. I turned and photographed her pussy as she fingered herself. She used one hand to spread her pussy lips and used her index finger on her other hand to play with her clit. It was so hot to watch

and even hotter to photograph. She continued this action until she had a climax. I must have gotten a dozen shots of her masturbating.

I then told her to lift her legs way up in order to lift her ass up a little off the table. I was then able to get shots of her asshole and cunt, just awesome pictures. She reached around under her butt and using her middle finger, was able to finger her own asshole. I was shooting pictures as fast as I could. Then suddenly my mom moved in, placing her head between June's legs and began licking her asshole. She paused many times to give me the opportunity to get shots of this hot action. It was hard for me to believe what was happening, here I am taking photographs of my aunt and mom both totally nude and unashamed, fingering themselves, masturbating, licking one another, kissing, and eating each other. Suddenly the camera beeped telling me that they little photo card was full.

"Well ladies, I need to download these pictures before I can take anymore shots. So hold on." My mom looked up at me and smiled, then returned to eating her sisters ass and pussy. When I returned my mom and aunt were sitting at

the table resting their heads on the hands with big smiles in their faces.

I said, "What did I miss?"

My aunt June said, "Jackie got me off again for at least the fourth time this morning. I love all this action guys, this is just too much. I love it."

My mom said, "Junior told June that he was bringing over a couple guys tonight and wanted to get some double action shots. I think we need to cool it for awhile or we will all be totally exhausted for the main event."

I more than agreed, I needed to recharge my batteries for some hot fucking later on. The rest of the day involved running some errands and getting ready for tonight's action. About 4 pm Junior showed up with a couple of suit cases with his clothes and three or four boxes of photographic equipment. We went into my mom's bedroom and in the living room to set up lighting and backgrounds for good photography. When we had it ready

Junior said, "I hope your mom and aunt will like the guys I've invited. I asked the guy I workout with if he was interested in being part of some pornographic action with two hot mature women. He was more than willing and said his brother would also like to be involved. I said OK and they will be here in less than an hour."

I responded, "Great. What have you planned for this evening?"

Junior said, "I was thinking that we would have your mom and aunt dressed very revealing and sexy clothes sitting on the couch when these guys show up. All four will sit on the couch and begin to grope one another until they all are naked. The girls will invite them up to the bedroom and there, one of the gals will take on both guys for some hot double penetrate action. Then we'll switch gals and they will do the same to the other one. I will run the video and you can take still shots the whole time. How does that sound?"

"Sounds great."

"Oh there is one more thing. These guys are black."

"Holly shit, this is going to be really hot. Are the hung like blacks are supposed to be?"

"Well, I have showered at the club with the one guy and he is definitely hung. I'll bet that at full erection he is 9 or 10 inches, I assume his brother is similar."

I pondered a minute and then said, "I think we should let my mom and aunt know that these guys are black so that they are not shocked. OK?"

"Yea, that is probably the smart thing to do."

Just then my mom came into the room seeing all the preparations we were doing and said, "Wow, this looks like a real production."

Junior said, "Well I want to get really good photographs of all the action, the better the quality, the better the interest of your soon to be fans."

My mom just smiled and we could see the visions she was having of guys looking at her intimate parts, she said, "How many people do you think will view the website you are setting up?"

Junior winked at me and said, "Well, if we do it right, there will be millions looking at your photos and videos everyday."

"MILLIONS?"

"Yep! Guys and gals from all over the world will be looking and downloading pictures of you fucking, sucking, eating, and doing whatever else you want to. Would you like for me to photograph you being cummed on, masturbating, pissing, shoving cucumbers, bananas, beer bottles, tools, or whatever up your twat?"

"What, are you saying?"

"Oh mom, you do know that these are the things that women do on the internet!"

"No I don't know. This all sounds pretty gross to me. Do you mean that people are shown pissing?"

"Sure, haven't you heard about golden showers?"

"Yea I guess. I just never really thought much about it. So you mean that people will piss on each other?"

"Yep, I'll show you if you want. Lets go to the computer and go to a site called Pissmops." We all walked into the den, cranked up the computer and began viewing pissmops.com. My mother just stood next to Junior with her mouth open looking at all the photos of gals pissing and being pissed on. She seemed really fascinated and with her leaning over staring at the computer screen, I took advantage and reached under her skirt and began rubbing her thigh. I ran my hand up her thigh and across her

buttocks and squeezed her buns a couple times before I slipped my hand into her crack. When my finger rubbed against her asshole she responded by wiggling her butt back and forth, obviously liking the action I was giving her. I then moved my hand down her crack toward her pussy, she squatted a little more opening her legs more allowing me to easily reach her cunt. I slipped my finger inside her pussy saying, "Mom, you are really wet. These pictures of women pissing is making you hot."

"I think this is gross, but it does excite for some reason. I just can't believe that what I'm seeing is making my pussy juice up. Oh baby, I like what you are doing to me. I always like how you treat me, you keep me so horny. Oh yes, yes play with my clit baby, yes finger fuck me right here."

She kissed Junior on the cheek saying, "Junior you can join in if you want. Get me hot you guys, make me cum. Ohhhhhh fuck I'm becoming such a slut, a nasty, nasty slut. I hope you guys don't get disgusted with me. Oh this is so hot looking at these pictures of women pissing and having my pussy played with."

Junior turned toward my mom as she was squatting right next to him, he raised the front of her skirt to see the action going on between her legs. He could see my finger fully inserted in my mother's pussy. She also looked down at the action going on in her pussy and placed her hand on top of mine pressing my finger even deeper into her cunt. She moaned while she wiggled her pelvis to increase the intensity of the sensations in your twat. Her tits were right at Juniors eye level so he raised her blouse and pulled one of her tits into his mouth. He then reached around her ass and moved his hand under my arm so he could reach her asshole. He began to finger her asshole while I continued fingering her pussy along with her having one of her tits in Junior's mouth.

My mom bent her head back, closed her eyes saying, "You guys have me so hot, I'm going to cum, I'm going to cum. Ohhhhhhhhhhhh yes, I'm coming, I'm coming." She had grabbed my wrist with both hands forcing my fingers deep into her pussy while at the same time, she humped my hand.

"Ohh I love you guys so much. This is so good, just so so good. Oh fuck I love sex so much." Junior then pulled his

finger out of my mom's ass and got up from the computer. I pulled my fingers out of her pussy as she moved over to sit down in front of the computer screen. There was a scene on the screen of a gal sitting on the ground in the nude with another gal squatting over her as she pissed on the first gals tits. A guy was standing next to them also peeing on the gal sitting down. My mom just stared at the picture as she was recovering from her climax.

Junior and I returned to the living room to finish setting up the lighting for the initial encounter of my mom and aunt with two black guys. My mom came strolling into the room with a glazed look on her face. "What's wrong mom?"

"I just can't believe people enjoy peeing on each other. It's absolutely amazing to me."

"Yea, it's kind of weird. By the way mom, the two guys coming over tonight for your little sexual rendezvous are black guys."

My mom stopped in her tracks, blinked a couple times saying, "Black guys!"

"Yes, black guys with big cocks."

Just then June came in the room wearing only a thin nightie that did not hide a thing. She walked over to Junior and gave him a big hug and said, "Thank you so much for last night. I enjoyed being photographed so very much, it was awesome. I also enjoyed your cock. I love you young guys with nice big cocks and lots of energy, our fuck was very exhilarating, you can fuck me anytime sweetie. Now what did I hear about black guys?"

Junior had his arm around June squeezing her ass as he spoke up saying, "I invited a fellow I workout with over for tonight's photo session. He is black and his brother is also coming."

"Do you hear that Jackie? We are going to get fucked by some black dudes. That is so exciting, it has been a very long time since I've been fucked by a black man. Are they hung?"

"Yes they are hung, at least the guy I workout with is, I assume his brother also is hung."

My mom said, "That does sound exciting. I have never been with a black man before."

"Oh Jackie, you are going to just love it. First of all it is so exciting to see their big black cocks, to fondle them, to suck and lick them. They are so beautiful when they get all shinny with cum. But best of all is to feel your pussy get stretched as they fuck you and then to look down between your legs as you are being fucked and see that big black cock meat against your white pussy lips. It's a thrill I will never forget. And now we get to have it all recorded by this sweet guy." She turned giving Junior a big kiss as she pushed her body into his.

Junior put both hands on her ass holding her tight against his pelvis as he dry humped my aunt as they kissed. She released his lips saying, "I love your hardness! Want a quick fuck before the night activities begins? Before I get my pussy crammed full of black cock?"

Junior retorted, "And your ass too I hope."

"Oh yes, yes, yes! Would love to have my ass fucked tonight with a big cock. Do you think they are willing to do a double fuck so I can experience a double penetration and have both holes full of black meat at the same time?"

"I hope so, that is what I have planned for both of you. First I want you two to put on some sexy clothes, meet these guys in the living room where you will grope one another until you are all naked, want to see some cock sucking, pussy eating, tit sucking and lots of fondling with some good shots of your pussies and asses being fingered and licked. Then I want you to go upstairs to the bedroom and have one of you take on both guys. There I want to get some good shots of you having your ass and pussy stuffed with black cock. Then we'll have the other one take on both guys. I will run the video camera and Glenn will take still pictures."

June looked Junior directly in the eye saying, "Fuck me! I want to get my juices flowing for these guys, I want my

pussy to be all sopping wet for them. Please give me a quick fuck before they get here."

Junior was not about to deny my beautiful sexy aunt, he picked her up and carried her over to the couch. He sat her down as he reached down to the bottom hem of her nightie, lifting it over her head which she freely let him do. She leaned back spreading her legs as he unbuckled his pants pushing them down to his ankles, then stepping out of them. His hard cock was protruding straight out. June reached down between her legs spreading her pussy lips inviting him to quickly slip his cock between them. Junior did not hesitate a second, he was on his knees between her legs guiding his cock directly into her cunt. She was already wet and full length of his shaft went directly into her cunt. June let out a pleasurable sigh as Junior wiggled his pelvis to maximize the sensations and to assure he was in her to the max. June said, "Oh yes, fuck me big guy, lubricate my pussy with your cum, I want to be totally juiced up for the big black cocks that will be penetrating me soon. I love you Junior, you are the greatest."

Junior was slowly fucking June, taking long slow deep strokes of his cock into June's cunt. They were both getting

lots of pleasure from the action and were passionately kissing, Junior was also fondling her tits.

I had grabbed a camera and took a number of shots of Junior and June fucking. I wish I had the video camera, but as it turned out, the photos were really hot. My mom sat down on a chair across the room, pulled up her skirt and fingered herself into another orgasm as they fucked. Finally Junior pulled himself half way out of June's cunt and held himself there while he pumped his seeds into June's pussy. She was also climaxing and had pulled her knees up and out to give Junior greater access to her cunt.

As we all kind of unwound from the brief fucking frenzy of Junior and June, there was a knock on the door. My mom and aunt ran upstairs, Junior grabbed his clothes and ran to the bathroom. I quickly straightened the place up and answered the door. There stood two quite large black guys, very well built and rather handsome. I introduced myself and they in turn did the same. Junior's friend's name was Craig and his brother was Jack. I showed them into the living room and offered them something to drink, they both chose a beer.

As Junior walked into the living room, he approached Craig saying, "Hi Craig. How are you?"

"Great Junior. This is my brother Jack." Junior and Jack shook hands as Junior told them what the plan was. They both smiled and agreed to the whole idea. The four of us chit chatted for a few minutes until we heard the girls coming down the stairs. When they walked into the living room, all of us said in unison, "WOW!"

Both my mom and June were wearing very short skirts that hugged their asses, had on high heels and very low cut blouses. June's tits were barely covered and looked larger than normal, they were really sticking out with lots of cleavage showing. Junior spoke up, "Craig and Jack, I would like for you to meet June and Jackie, a very hot set of twins. They are your dates for this evening and maybe all night."

Craig and Jack had both stood up to meet my mom and aunt and one could see bulges beginning to immediately form in their pants. Jackie walked over to Craig and shook his hand while June approached Jack. Both guys leaned

down and gave the girls a big kiss on the lips, these were more than just light pecks. There was some serious face sucking on first contact.

Junior said, "Well, I can sense a lot of energy here and so we might as well begin. I thought we would begin the session with you guys sitting on the couch waiting for the girls. When they approach, just do what comes natural, OK?"

They all agreed and so Junior turned on the photo lights and started up his video camera, he then motioned for the girls to approach the guys sitting on the couch. My mother walked up to Craig and June to Jack. Craig said, "MY OH MY! You are one hot looking mama! Turn around please and let my gander at that hot looking ass of yours." My mom obliged and slowly turned around lifting her skirt showing Craig her bare ass when her back was to him. Junior and I got a great view of her bare pussy.

June stood in front of Jack and just leaned down to give him a kiss and to give him a great view down her blouse. When their lips touched, he reached up pushing her blouse aside and took a tit in each hand, fondling June's big bazooms

without any hesitation. She just remained in that position for nearly a minute as Jack thoroughly fondled her tits, squeezing and caressing them until she stood up. She turned and sat her ass next to him on the couch immediately rubbing his thigh.

Jackie in the meantime had also taken a seat next to Craig. He immediately kissed her and fondled her tits as she ran her hand across the bulge in his pants. June and Jack were also passionately kissing while groping each other. It wasn't long before June and Jackie's blouses were off and the guys were fondling their bare tits. More kissing and fondling occurred with lots of hand action, Jack was the first to loose his pants while June was also removing her skirt. Jackie and Craig were right behind them; all four were now sitting nude on the couch fondling, kissing, sucking and licking each other all over.

June was leaning over sucking on Jack's dick as he reached around her backside rubbing her ass cheeks and fingering her ass and cunt. He was able to spread her buns and get most of his middle finger straight up her ass.

Jackie stroked Craig's cock for some time marveling at its size while he fondled her tits, she then stood up facing Craig putting her pussy in his face. He willingly grabbed her by the ass cheeks pulling her cunt into his mouth and began to lick her pussy. He then moved his hands so that he could finger her asshole while sucking on her cunt.

Junior and I were busy photographing all the action. It was really hot to watch and many times I wanted to reach out and grab my mom's tits or ass as she was seducing Craig. At one point Junior, "OK guys this is so hot. How about you girls switching partners?"

There were no hesitations by either my mom or my aunt. My mom looked over at Jack who was leaning over fingering June's asshole and said, "Sit up big guy so I can put my cunt in your face, I need my main fuck hole sucked and licked before it's filled with your cum spewing cock." Jack sat up as June released his cock and got up off the couch. Jackie simply moved over and placed her cunt in Jack's face. He immediately opened his mouth and began to suck on her pussy lips.

June had moved over and was on her knees down between Craig's legs taking a major portion of his cock into her mouth. She was also fondling his big black balls; he just laid his head back in total enjoyment. This kind of action continued for some time, I was able to get pictures of both my mom's and my aunt's tits being sucked on, the guy's cocks being sucked on, pussies fingered and licked, assholes fingered and licked, hot kissing, tits squeezed, cocks stroked, etc, etc. Finally Junior said, "Let's all go to the bedroom and get some hard core fucking started. We need pictures of full penetrations of asses and pussies, we need to see lots of fucking. "

At this point Jackie and Jack were in a 69 position, she was trying to get all of his huge cock in her mouth while he was dining on her twat. In the meantime Craig was sucking on June's magnificent tits as she was grinding her cunt onto his body. They reluctantly released their holds on each other as the gals stood up and began to walk totally naked toward the bedroom. Jack and Craig got up with their big hard cocks sticking straight out and walked behind them. Craig said to his brother, "Which one of these hot asses do you want to fuck first?"

Jack said, "They are both so hot, I really don't care just as long I get to feel my cock deep inside a tight asshole."

Both guys reached forward to fondle June and Jackie's asses as they walked down the hall. Once in the bedroom, Junior suggested that they all get up on the bed and continue fondling each other and work toward having June be the first to get it on with both guys. My mom got on the bed first followed by Jack, then June and Craig. My mom was on her back while Jack began to suck on her tits again while he played with her pussy which she made available by spreading her legs very wide. I was able to focus my camera directly on her cunt getting great shots of Jack's fingers being inserted way up in her pussy. I also got good shots of Jack's mouth totally sucking in her tits, and of him licking her erect nipples.

June and Craig were lying next to them doing about the same. Craig was using both hands to squeeze June's tits together in an attempt to get both nipples in his mouth which he almost did. June was fingering her own pussy which I was able to get some good pictures of her doing. Craig then started to slide down her body ending with his face buried in her snatch. He pulled her pussy lips apart as

he licked the pink insides of her exposed pussy. I got a very good shot of her clit being flicked by Craig's tongue. She was really moaning as he toyed with her aroused clit. He then reached down grabbing both thighs and lifting them up until her knees were almost touching her tits. This caused her ass to roll up totally exposing her tight asshole. He turned his head and began licking her crack from one end to the other paying special attention to her asshole. He was actually able to push the tip of his tongue into her asshole. He played with her asshole for some time then said, "Well sugar, you have a fantastic ass, I hope you are willing to let me fuck you in the ass with my big cock?"

"Oh yes. YES! I want you to fuck me in the ass. I can't wait to feel your big cock sliding in and out of my asshole. I do want to be fucked in the ass, please promise me that you will fuck my ass."

"Baby, you have my promise, I definitely want to feel your tight asshole squeezing the cum out of my cock as I fuck you."

I then looked over at my mom and Jack who now were in a 69 position with my mom struggling to get as much of Jack's huge cock in her mouth and down her throat. She was able to get only about half or a little more. Jack was fingering both of my mom's pussy and asshole while also sucking and licking both holes. She had had a small orgasm while I was getting shots of this hot action.

Junior suggested that Jack get on his back and that June mount him and that once Jack had fully penetrated June's cunt, for Jackie to begin preparing her sister's asshole for Craig. Jack rolled over and laid in the middle of the bed with his big black shinny cock sticking straight up. My mom continued to stroke his dick as June stood up on the bed straddling Jack. She got down on her knees with her pussy right above Jack's cock that my mom was holding. June lowered herself as my mom guided Jack's cock into June's pussy. June took about a third of his dick inside her before she paused, closing her eyes and rotating her hips in total enjoyment. My mom let go of Jack's cock but slide her hand down to his balls cupping them. June raised up just a little and then lowered herself further down the black shaft that was partially inserted in her cunt. She took three or four more inches before pausing once more. Rotated her hips

some more then just raised and lowered herself a few inches about four or five times. She then let out a big moan as she dropped herself so that Jack's cock totally penetrated her pussy.

"Oh my god this is fantastic. I have never felt so full in my life, oh my god I love this, oh Jackie you are going to love being fucked by these guys. Oh shit I don't want this feeling to ever go away. Oh fuck, fuck, fuck I love this." June then began to slowly raise and lower herself up and down Jack's hard cock as Junior and I were busy photographing all the hot action.

Craig had moved around to the side of the bed where my mom was kneeling as she massaged Jack's balls. Craig slipped his hand under her butt and began fingering her pussy. He shoved two or three fingers deep into her cunt while he used his thumb to probe her asshole. My mom smiled at him showing total acceptance of what he was doing. He then removed his hand and pushed his face into her ass and began sucking and kissing her asshole.

Junior then told my mom to get the butt plugs for her sister. My mom scrambled off the bed giving Craig a big kiss and told him how she liked how he was playing with her cunt and ass. She grabbed the toys and petroleum jelly and got back on the bed. In the meantime, June had gotten off her knees and was laying flat on top of Craig. My mom took the smaller butt plug, coated it and June's asshole with jelly and then slowly inserted the butt plug into her sisters asshole. June moaned as she felt the penetration into her ass. She worked it in and out many times getting June's sphincter muscle to relax. It was not long before the butt plug could easily fit in June's ass. My mom then took the bigger butt plug and did the same. Again it was not long before the larger butt plug easily slipped in and out of June's ass. I had my mom pull out the plug so I could get a direct shot of her dilated asshole. I took quite a few pictures showing June's asshole was dilated to over an inch in diameter.

Craig was more than ready to fuck June's ass and had crawled up on the bed with his dick now only inches from June's butt. My mom immediately took his cock in her hand, stroked it a few times, then bent down and sucked it into her mouth trying to get as much saliva on it as she could, then guided Craig's big black hard cock into her

sisters enlarged asshole. She placed the head of his dick against her sister's asshole which clearly showed that her asshole would have to be at least doubled in size to accept his cock. He pressed hard and Junior video taped the process of Craig's dick slowly penetrating June's ass. We could see June's asshole slowly enlarge as more of Craig's dick head penetrated her ass. June was showing signs of pain as Craig's cock head finally passed through her asshole and into her butt cavity. It was awesome to witness up close, the forcing open a white asshole by a big black cock and then to see the cock gradually disappear inside her butt until his balls were bouncing off her butt. It was hard to believe that she could accept a nine or ten inch shaft up her ass while also being filled with a similar size cock up her twat.

I was absolutely as hard as a rock. I had been having a hard-on the whole time and had opened my fly to let my cock free. It was now sticking straight out more so than I can ever remember.

I continued taking photographs as Junior was video taping the action of June getting fucked in both holes at the same time. She was in total ecstasy as she encouraged Craig and

Jack to fuck her harder and harder. They were alternating their penetrations, Craig was forcing his cock in her ass as Jack was retracting, then Jack would ram his cock in her cunt while Craig was pulling his cock out. The action was so hot, I was having a hard time concentrating on photographing it rather than just watching and stroking my hard cock.

My mom was in a frenzy watching the action, she was on her hands and knees only inches from June's ass. When she looked over at me with my cock sticking out, she said, "Oh honey I need your cock in me so bad. Please fuck me now, I need to be fucked hard, I need to cum. I can't wait for my turn with these guys."

I was not about to turn down my mom and since I figured I had enough photos, I set down the camera, crawled up on the bed. Knowing that my mom was susceptible to getting pregnant, I grabbed the petroleum jelly, lubed up my cock and pressed it against her asshole. She pressed back at me saying, "Ohhhh yes baby, fuck my ass. Oh get your cock in me now, I need you. I need you. Fuck me hard."

I had my cock buried in my mom's ass in seconds and began pounding her as hard as I could. Our action was very intense as we were both very turned on. In the process of trying to ram my cock in her as hard as I could, at one point my cock came out completely, before I had time to grab my cock and guide it back into her ass, she had taken a hold of my dick and said, "I'll do it."

It took a little doing for her to find the hole again but soon I was fully implanted in her and fucking like a wild animal. She was bucking against me meeting every thrust with her own. I began to feel my balls starting to boil and yelled, "I'm going to cum mom, I'm about to flood you with my sperm. God you are hot!"

"Yes baby, flood me with your sperm, give me all you got, I want every drop of your seeds in me, fuck me baby, fuck your mom like you've never fucked me before." We were like two animals in heat, I was hammering her just as hard as I could, I was too excited to know whether I was hurting her or not. I had a hold of her hips and would pull my cock out of her as far as possible and then with all my might, ram my cock back into her as she rammed her ass back toward me. It was absolutely awesome, I think you could hear our

bodies slapping together a block away. We both came at the same time with lots of moaning and groaning and then we collapsed on the bed, both of us being very sweaty.

As I was fucking my mom, I was well aware that June was also experiencing a great climax as she was screaming obscenities as Jack and Craig were hammering their cocks in her, filling both holes with lots of cum. I could see my aunt being hammered by two black cocks, they were really giving it to her. When Craig climaxed, I could see him flex his buns and could tell he was really loading her ass up with cum. When the screaming and moaning stopped, all three of them collapsed with Jack and Craig's cocks still buried in her holes as was my cock in my mom's ass.

Well, I thought it was her ass but when I looked down sensing the shrinking of my dick, I clearly saw that my cock was buried in my mother's pussy.

"Mom! Mom! I'm thought I was fucking your ass, but my cock has been in your cunt. I just cum in your pussy and may have just impregnated you!"

"I know honey. It's OK, it's OK. I deliberately put your cock in my pussy because I knew that when my turn came with Jack and Craig, I would not want either of them to fuck me with a rubber on and if I didn't have them use a rubber, I would get pregnant. So I wanted it to be you who got me pregnant. I hope you are OK with that?"

"I don't know. I guess so." I was in shock, had never really contemplated becoming a father, especially with my mom also being my child's mother. Some how my cock began to harden again as I thought about having just fucked my fertile mom's pussy.

She rolled over on her back spreading her legs real wide revealing her freshly fucked cunt. She looked at me as she reached down pulling her pussy lips apart and said, "You can fuck me right here again sweetie, if you want to. I want to make sure it's you that fertilizes my eggs, cause I know that after seeing Craig and Jack double fuck June, I want to have the same experience without any rubbers. I want to feel the skin of their big cocks in my pussy and ass and to feel them spewing their hot cum inside me."

At this point, as Craig was pulling his semi hard cock out of June's ass, he leaned over to get a closer look at my mom's open pussy. He bent down giving her cunt a quick lick, then said, "You have a hot looking cunt Sugar, I hope I'm the one that will be pumping your fertile pussy full of black semen. If your son doesn't get you pregnant, I know I will definitely be knocking you up. How would you like a black baby inside your belly?" He then gave her cunt a great big kiss and got up off the bed.

MY mom responded, "I would prefer having my son's baby inside me but if it turns out that it's your seeds or Jack's seeds that fertilizes my eggs, so be it. I'll just put the child up for adoption. I am so horny right now, I know I can't fuck you guys with you wearing rubbers, I so want to feel your skin against mine when we fuck. I really need to make sure it's my son that impregnates me. So Glenn sweetie, please come over here and fuck your mother again! Fill me with more of your baby making juice, make a baby in me."

I was still in shock hearing my mother talk like this. I was also spent for the moment and said, "Mom I need a little rest, lets take a break and get some refreshments." She reluctantly agreed but still just laid there on the bed.

June was slowly pulling her pussy up off of Jack's soft dick, when her pussy was free of his shaft, cum began to drip out of her engorged cunt and onto Jack's leg. She immediately rolled over on her back next to Jackie looking totally exhausted. Jack just laid there with his limp dick laying on his thigh.

Jackie said to June, "God June, Jack must have dumped a ton of cum in you."

"OHHHH yes he did, I could feel his dick spewing cum in my pussy for a long time, a real long time. God I love being fucked by a guy with a big cock. When it's your turn for the double fuck June, you are going to go crazy, absolutely crazy with desire. It's awesome to feel both holes being crammed with cock meat, big beautiful black cock meat. I have never had such a big cock inside me before, I think I could get hooked on big cocks, dam it was so wonderful."

Jackie looked over at her sister seeing the look of total contentment on her face and also seeing cum oozing out of her cunt, a sight that she could not resist and immediately

wanted to taste her sister. She moved her face down closer to June's cunt and placed a big kiss on her twat. June moaned and moved her pelvis in a way indicating she wanted more. Jackie then buried her face in her sister's pussy and made a meal out of Jack's and June's juices, totally devouring June's pussy. June did not want to be left out of good cunt eating and so she pulled Jackie's body over so that she could feast on her pussy. There in the middle of the bed were my mom and aunt in a 69 position, eating each other like there was no tomorrow.

Junior was still video taping the action, not saying a thing but was supporting a large hard on by the size of the tent in his shorts. I said, "Junior, every one has gotten off except you. I think it's time for you to relieve all that pent up cum you have in you."

Junior smiled saying, "I would love to have a good fuck right now. My balls are aching for relief."

I noticed that neither of the gals were paying any attention, they were totally engrossed in their cunt eating episode. I said to Junior, "You know what we have here is a total of

four very juicy, very willing fuck holes, three of which have been filled with cum so far. It's just my mom's ass that has not received a load of cum. So why don't we get the girls to turn over so my mom is on the top and then you can fuck her in the ass. I know she will love it."

Junior just nodded as he laid down his video camera as he helped me roll the gals over taking every advantage of fondling their bodies in the process. My mom did not miss a beat as she maintained keeping her head nestled between June's legs eating Jack's cum from her cunt. June was now on her back licking my mom's cunt and winked at Junior when she saw him get on the bed straddling Jackie's ass. I handed him the petroleum jelly which he used to oil up my mom's asshole. June helped him as she reached around my mom's hips spreading her buns to give Junior better access to Jackie's asshole. June also helped Junior work the oil into my mom's asshole by fingering her anus while Junior began spitting on his dick to lubricate it in preparation for penetrating my mom's ass. June pulled her mouth free from Jackie's cunt long enough to say, "Let me suck your dick a few times to help lube you up."

Junior repositioned himself to enable him to get his dick into June's mouth. He basically fucked her mouth a few times as she spread saliva all over his dick. He pulled his dick free and then pressed his cock against my mom's asshole. She was so oiled up that his cock head slipped right in with very little hesitation. Once his dick head disappeared, he forced his entire cock up my mom's ass. My mother turned her head to check who it was that was penetrating her ass, she just smiled and returned to eating June's cunt.

June had a very close up view of all the action in my mom's ass with her eating my mom's cunt. In fact Junior's cock rubbed against June's nose and his balls rested on her eye lids from time to time. Junior went to work fucking Jackie's ass as we all watched, he did not last very long because he had been supporting a hard on the whole time he was video taping June getting doubled fucked. Junior really rammed my mom's ass hard. She released her mouth from June's cunt begging Junior to fuck her harder, "Yes baby, fuck this old cunt's ass real good, bang me, fuck me, load me up with your cum, fill up my ass, I want every drop of your juices, fuck me Junior, unload that cock of yours straight up my ass. Oh yes, I can feel you coming, oh baby, yes, yes, fuck

this old slut, hammer me, fuck me, ohhhh how I love this. I love being dirty and nasty, oh shit fuck me some more."

Wow, my mom is really turning into a slut, an honest to god nasty cunt eating, cock sucking, ass fucking slut. It really turns me on to know how much my mom loves to fuck and to be fucked. The really exciting part was that she wants me as her sex partner.

As soon as Junior finished unloading his cum up my mom's ass, he slumped down on her back. This was putting a bit of a load on June so she suggested that they roll on to their sides which they did. It looked like a really hot fuck sandwich. June and Jackie continued licking and eating each other's cunts while Junior remained against my mom's back with his cock fully implanted in her ass, he was hugging her using both hands to fondle her tits. As his cock began to recede from Jackie's asshole, June would from time to time give his cock a quick lick and then return to eating her cunt. Once Junior's cock head reappeared and was only inches from June's face, she starred at it for a minute, then thrust her mouth over his entire semi hard cock and sucked him. I could not believe what I was seeing but totally enjoyed the scene.

June pulled her head back free of his dick and rolled across the bed, my mom and Junior also parted, all three of them just laid there for a few minutes catching their breaths. June was the first to speak, "God that was nasty, I have never done anything like that before!"

My mom asked, "What are you talking about? You have eaten my cunt many times."

"No, not that. I was referring to sucking on Junior's cock."

"You sucked Junior's cock just now?"

"Yes."

"Just now after he fucked my ass?"

"Yes, yes, I sucked Junior's cock right after he fucked you in the ass."

"Oh that is so nasty and hot. Did it taste good?"

"That is the nasty part, I liked how he tasted."

My mom scrambled around to look at Junior's cock which was still gleaming with cum and saliva. His dick was also showing signs of revitalization. She looked over at June who looked real satisfied laying there licking her lips and moaning. Jackie, with a gleam in her eye, bent over taking Junior's cock totally in her mouth and held it there while she ran her tongue all over it. She pulled her mouth free saying, "I like the flavor too. I can't believe that I'm sucking a cock that has just been up my ass, this is so nasty and I love it so." She returned to sucking his cock and within minutes she was sucking on a fully erect dick that began spewing another load of cum, this one down her throat.

Craig and Jack were watching the whole deal, each standing nearby stroking their very hard dicks. Jack said, "Hope you gals are ready for another round of hot fucking sex. You both are so hot and nasty, we need to get our rocks off again."

Junior said, "As soon as I recover, I'll get the video setup for another round of double fucking, this time it will be Jackie's turn to get both of her holes crammed with cock." By this time my mom had released her hold on Junior's cock and they were both sitting back taking a little break.

Craig had walked over to the side of the bed where June was lying, he pulled her head to the edge of the bed so he could stick his dick down her throat while she laid there. He reached down and massaged her tits while she sucked his cock and fondled his big balls. He just rocked back and forth giving June's mouth a mini fuck.

My mom looked over at June sucking on Craig's cock and said, "Be sure and get his cock really hard and his balls full of cum, I want to be royally fucked by Craig and Jack."

Craig said, "Don't worry about that, we will give you one royal fuck, and it's my turn to have the pleasure of fucking your ass. I've seen your son do it, I've seen Junior do it and now it's my turn to fuck your tight little asshole with my hard black meat, I may even rip you a new asshole.'

"Oh god don't do that, but please fuck me deep and hard, I want to feel every inch of you inside me, every black fucking inch of you. And if you could, I would like to have your balls inside me too."

Craig look down at June who was totally concentrating on sucking his dick, she had one hand at the base of his cock while she was sucking the extremity of his dick, rubbing his dick head on her lips, licking his dick, kissing his dick, etc. She also was fondling his big black balls, massaging them and occasionally sucking them into her mouth. She was basically making love to his cock and balls, it looked like she was almost worshiping them.

Craig said, "Your sister has me ready now sweetie. I'm going to lay down on the bed and I want you to sit on my cock, I want to watch your ass slide down my pole until my cock is deep inside your bowls." He pulled his cock from June's sucking mouth, he had to almost fight her off to let go of his cock. He laid on his back, his huge cock stood straight up, it truly looked like a tent pole.

He looked over at Jackie saying, "OK baby, get that hot tight asshole over here and sit on me and be ready for the fuck of your life. I'm going to stretch your ass like it's never been stretched before, you will love it."

My mother got up and stood on the bed. She straddled Craig's thighs and then squatted down until her asshole was resting on Craig's upright dick. She reached down and massaged her pussy as she wiggled her ass back and forth across the head of Craig's cock. She said, "How about a quick plunge of your cock in my cunt before you fuck my ass?"

"Sure baby, I would love to feel the warm insides of your pussy." She reached down taking a hold of his cock and guided it into her cunt. She worked his dick head back and forth between her pussy lips a number of times before she lowered herself onto his dick. Once she had the head of his dick an inch or two inside her pussy, she just dropped down taking his whole cock at once. She screamed, "Oh god that hurts and feels good too. Oh Craig, your cock is so big, oh shit this is so wonderful. Oh June you are so right. Oh fuck this is the best." She then proceeded to move up and down his shaft a few times until he reminded her that it was her ass that he wanted to fuck.

She then raised up totally disengaging her cunt from his cock and moved his dick back so that his cock was now pressed against her asshole. She closed her eyes and moaned as she lowered herself, forcing only a portion of Craig's huge cock head up her ass. She paused saying, "I need to let my ass get accustomed to you baby. Oh this hurts so good, this is heaven, I love doing this."

She remained in a relatively still positions for but a few seconds and then again began to wiggle her ass around coaxing Craig's cock further into her ass. She lowered herself a little more until the head of his cock slowly disappeared in her ass. She again paused with her eyes closed and said, "Oh that hurts sooo goooooood."

She paused just a short time until she started to become more aggressive and began to raise and lower her butt five or six inches up and down on his big black shinny shaft. She was really getting into the rhythm moaning on every down stroke. She finally sat down hard, taking all of Craig inside her and just screamed with joy.

She turned with her back to Craig, laid back on him as she looked over at Jack saying, "I'm ready for you big boy, I now want my pussy as well as my ass full of black meat, I want to be totally stuffed with black cock."

Jack said, "Maybe you should let Glenn to fuck your pussy once more before I load up that hot cunt of yours with my semen. Once my seeds are in your fertile pussy, you will definitely get pregnant."

My mom looked over at me as I was stroking my hard cock and said, "OK baby will you please fuck me one more time before Jack floods my pussy with his black baby making semen. I want to make sure it's your baby I have in my belly."

As I got up on the bed to straddle my mom and Craig's bodies, she said to Junior, "Now get some good photos of this, I want to be able to later watch Glenn fucking me as he is making his baby inside me. Get some close-ups when he is shooting his cum in me, OK?"

I could not believe what I was hearing but I was so horny I didn't care. I lowered myself and slipped my cock into my mom's wet cunt and immediately began fucking her. Craig was slowly working his cock in her ass while I was ramming my cock in her pussy. My mom and I were passionately kissing while I fucked her. My tongue was in her mouth, my cock was in her cunt and my hands were all over her tits. It was a passionate fuck right there in front of everybody and on top of Craig. It did not take us long to both have a climax, I know that I really flooded her pussy with lots of semen, I was as turned on as I have ever been.

As soon as I finished, I knew my mom was anxious to feel Jack's big cock inside her fuck hole and so I got up immediately withdrawing my semi-limp cock from her juiced up cunt. Jack was standing next to the bed stroking his big cock ready to ram it in my mom's freshly fucked pussy. Before Jack was able to mount my mom, she said, "Junior get some pictures of my open cunt right now, I want to have photos showing Glenn's cum in my pussy." She reached down pulling her pussy lips apart for Junior to get some close-ups. I could actually see an inch or so inside her pussy. There was a pool of cum in her with some of it oozing out.

As soon as Junior finished taking pictures, my mom said, "OK Jack I'm all yours now baby, fuck me like you said you were going to do. If Glenn's seeds didn't impregnate me, then it's your turn to fertilize my eggs. I want to feel every inch of you in me, every fucking black inch of your dick inside my pussy, I want to be fucked hard and deep."

Jack did not waste any time mounting my mom, he was holding his cock with both hands as he guided it into her waiting cunt and immediately began to give her hell. His action prevented Craig from working his cock in and out of my mom's ass so he suggested that they rotate onto their sides in order that they each could give the hole they were fucking good action. They went from one plunging into her while the other was retracting, to both plunging into her at the same time. This kind of action she liked the best and was totally engrossed in what was being done to her body, begging them to slam her harder, deeper, faster, and on and on. Craig was the first to shoot his load letting out loud grunts as he flooded my mom's ass with his semen. He was followed shortly thereafter by Jack. I believe my mother had three or four climaxes while they were fucking her. It had been an intense fucking session, the guys were really

into giving my mom a fuck of her life, which I think they did, if not, it was really close to it.

I had gotten a ton of great photos of my mom with two cocks penetrating her fuck holes while Junior was video taping the whole session. When I later reviewed these photos, I found I had a dozen great shots of both my mom's holes being totally stretched at the same time by these two big black cocks. I have subsequently jacked off a number times just looking at the photos and remembering this hot session. They are some of my best photos of my mom's cunt and ass being fucked.

When Jack finished shooting his load in my mom's pussy, all three just remained on the bed recuperating, the guys did not attempt to remove their cocks from the warm holes they were in. I also sat back, it had been a hot session and had me excited just watching. I looked over at Junior and saw that he was now video taping June who was sitting on a chair, legs spread with a dildo up her ass and a vibrator in her cunt.

She was moaning and groaning with her eyes closed getting herself off. Junior kept the camera running until June came down off her self directed high and had let go of her toys although they still remained implanted in her cunt and ass.

Jack was the first to remove his cock from inside my mom's body, he slowly pulled his semi-erect one eyed black snake from her well fucked pussy with a pop. His cock left her cunt with a definite gapping hole. Once his cock was free of her cunt, he turned over on his back letting his cum covered cock rest on his thigh. Jackie glanced down at him and said, "Oh sweetie, I need to taste you, I want to know what flavor your cum is, would you scoot up here and let me suck your cock?"

Jack was not about to turn down the opportunity of having a warm mouth engulf his cock and so he scooted up enough to allow Jackie to get her mouth around his dick. She just uttered sounds of pleasure as she licked and sucked his cock until he decided to get up. She looked down at her pussy to see a large amount of cum had oozed out of her cunt and formed a pool on the bedspread. She said to June, "Oh look at the mess I've made, my pussy is totally overflowing with cum. God I wish I could eat myself."

June's ears perked up and she walked over to where she could see what Jackie was talking about. Her toys still remained stuffed in her pussy and ass. Craig in the meantime had pulled his cock loose from Jackie's ass and got on his knees. Jackie then rolled over on her back and when she saw Craig kneeing with his shinny cock hanging from his crotch, her eyes sparkled and she motioned for Craig to move up toward her face. She reached out taking his cock in her hand pulling him even closer, she raised his cock above her face admiring it in all its glory. She then opened her mouth and unceremoniously stuck his cock into her mouth. She grabbed him by his balls and pulled him deep into her mouth. She deep throated his cock which had been deeply implanted in her ass just seconds before. After a few seconds of deep throating Craig, she pulled her mouth free, took a deep breath, then re-engaged her mouth and throat totally consuming his dick once again. This time she grabbed his hips and was forcing his dick even deeper down her throat. She again removed his dick from her mouth and licked his cock all up and down saying, "Oh god you taste so nasty, but I love it. I love tasting a cock that has just been up my ass. Am I a slut or what?"

June in the meantime could not resist Jackie's cum filled cunt and was busy eating her sister's pussy. She had a lot to eat since Jackie had received two big loads of cum in her pussy, one from me in an effort to assure she would be impregnated by a white cock before receiving a lot of black cum from Jack.

Junior turned his video camera onto the action filming June's cunt eating and Jackie's cock sucking action. It was hot to watch but I was exhausted and really thirsty.

I headed for the kitchen to get something drink with Craig joining me. We sat down at the kitchen table and chatted a bit. He wanted some history on my mom and aunt. I filled him in what little I really knew about their former sex lives. Just that recently they both have become nymphomaniacs. He said that he has fucked a lot of women including dozens of white women and said that my mom and aunt were a couple of the hottest, nastiest, sexiest women he has ever met and that he hoped there would be other opportunities to fuck them again. I told him that it was very probably that he would have easy and frequent access to their cunts and asses.

As we sat there chewing the fat, Junior came in also looking for a drink. All three of us sat there in the nude with very limp cocks. It was rather odd being around naked guys. We were not there very long before being joined by Jack, Jackie and June, all naked as J-birds. Jack was between the two gals with his arms around their shoulders fondling their tits. My mom was stroking his semi-hard cock. June said, "What are you guys doing?"

"Just having a little refreshments. Having a beer."

"How about finding something for us to drink?"

"Sure, what would you like? Beer, coke, wine, scotch, whiskey, rum, water or more cum?"

June said, "Well cum is always my first chose, but right now I need something a little more thirst quenching. How about a scotch and water?"

"Great, one scotch and water coming up. What would you like mom?"

"Oh I'll just take a beer."

"And you Jack, what would you like to drink?"

"Milk from these fine tits I'm holding."

My mom said, "Well, when my tits start to produce milk in about nine months, you will certainly be welcome to it and I hope you will be around to sample my milk along with letting me pleasure you with my cunt and ass."

"Uhhh, that sounds so hot. I will make a note of that and make sure I get to suck these nice tits when they are full of milk. I have never sucked on tits full of milk while fucking, sounds very exciting. In the meantime I'll just take a beer."

I got up and found beers for my mom and Jack, then made a scotch and water for my aunt. I then sat back down at the

table where everyone was sitting just relaxing after a long session of hard fucking. My mom was sitting next to Craig and June was sitting next to Jack. Craig said, "You gals are really hot fucks you know, and I mean hot fucks! You are a couple of really nasty sluts and I love gals that love to service us guys so well. I can tell that you both love having your pussies and asses fucked with hard cocks. Would either one of you or both of you be available for a gangbang by my buddies?"

June said, "Are you serious?"

"Yes, absolutely. I know my buddies would love a chance to fuck you two hot cunts." He had leaned over and was playing with my mom's tits as he was talking, "My buddies are also all well endowed and so I know you will enjoy being fucked by them and have your cunts and asses stretched to the max." He very gently bent over taking one of my mom's tits in his mouth and sucked on her nipple. She held on to his head as he used his tongue to play with her erect nipple. God she has great nipples. She was definitely getting aroused again, of course now days my mom seems to get aroused at the sound of a zipper.

June said, "How many guys would you have at this gangbang?"

"Oh I think I could round up a dozen guys, all black with big juicy black cocks fully loaded to give each of you gals a real cum bath."

"Did you hear that Jackie, a dozen black cocks for us to fuck."

"Yes. It makes my pussy wet just thinking of having that many black cocks to suck and fuck all at once."

Craig reached down between my mom's legs which she freely opened letting him have easy access to her cunt as he slipped his fingers in her. "Wow, you are wet baby! But I think maybe it's just Jack's cum that I'm feeling inside you." He continued fingering her cunt pushing a second finger inside her.

My mom moaned saying, "Yea it maybe Jack's cum your feeling but I know seeing twelve black cocks would make my pussy cream. Ohhh I like what you are doing to me baby, your fingers feel so good inside me."

My mom then reached over and began stroking Craig's cock that had already begun to respond. Craig said, "You know sweetie, I think I should get a turn at impregnating you. Your son banged you three times and Jack flooded your pussy with his semen, now I would like to a chance to fuck your fertile cunt. Maybe, just maybe Glenn and Jack's semen did not do the trick. I know my cum will fertilize those little baby eggs inside you."

"Oh god yes, I would love another fucking. Lets go in the den and do it on the couch." My mom stood up and headed for the den with Craig right behind her, his big hard cock sticking straight out like a huge sausage. She glanced back and seeing his big black cock pointing at her, she grabbed it and led him into the den. The den is just off the kitchen so we were able to watch all the action. My mom turned passionately kissing Craig while she rubbed his cock all around her crotch. He was fondling her tits at the same time. She then laid down on the couch spreading her legs

real wide while reaching up for Craig to join her. He positioned himself between her outspread legs and as my mom pulled her pussy lips apart giving Craig an easy target, he was inside her immediately.

"Yes, yes, get your cock in me honey, fuck me hard, fuck me good, fill me with your baby making semen, cum in me hard, flood my fuck hole with your juice. Oh god fuck me, fuck me, don't stop just keep fucking me, I want to feel every inch of you inside me." My mom had reached around his back as best she could pulling him into her on each down stroke. Craig was really into it and was pounding my mom's pussy with long hard deep strokes to her constant encouragement. I was getting a real hard-on watching and when I looked over at my aunt to check on the only other availability cunt, I saw that she had mounted Jack as he sat in the chair. She was sliding her pussy up and down his shiny black cock while he was sucking her tits and squeezing her butt. Junior had gotten down on the floor taking a video of the action from the floor level.

There I was watching my mom and aunt each getting totally fucked in some really hot action but with no available pussy for me. I wanted to cum so bad, so I walked into the den and

stood next to my mother's face as I jacked off. When my mom saw me standing there stroking my hard cock, she said, "Yes baby, cum on my face, cover me with your tasty juices. Cum on me, cum all over my face. I love you so much."

It is still hard to believe what I hear coming from my mother's mouth, she has become such a slut so quickly. But I love it, it really turns me on knowing that my mom loves sex so much and seems to enjoy being a slut.

Just as I started to ejaculate onto my mom's face, Craig let out a loud moan as he began to unload his semen inside my mom's cunt. She had pulled her legs up along side her ribs letting Craig get as deep into as he could, she also had her arms around him pulling him into her while she was also thrusting her hips into his. She was wanting maximum penetration from the big black guy to assure she was getting every drop of his sperm deep down inside her. She was probably also using her pussy muscles to milk his cock like she has done many times with me.

She said, "Oh yea, fill me up big guy, god I love being fucked, I love having my pussy crammed full of cock meat, especially black cock meat, I want your baby in me, I want it to be you fertilizing my eggs, I want to be your slut, I want to be your whore, oh shit just fuck me." My mom has gone over the edge, she gets so turned on she sounds like a crazy woman.

When Craig quit moaning and had obviously shot his last drop of cum in her womb, he became motionless. My mom looked up at me taking my cock in her hand and pulled it into her mouth. She sucked my entire dick into her mouth, then used my cock to wipe up the cum that I had deposited onto her face and then returned my cock into her mouth for more sucking. She pulled my cock from her mouth saying, "Uhhhh you taste so good my sweetie, so very very good. I love the feel of your cock in my mouth and to taste your cum."

I looked back into the kitchen to see what action was going on and was not surprised to see my aunt on her back on the table with her legs over Jack's shoulders. Jack was fucking her pussy and Junior was fucking her mouth; they both were busy fondling her tits. They were well into it and

within minutes they both shot their loads, Jack filled her pussy with his sperm and Junior shot his load of cum all over her face.

I had sat down on the floor completely exhausted, Craig had rolled off my mom and was also sitting on the floor, my mom was laying totally motionless on the couch. When Jack and Junior finished fucking June, they each walked into the den and collapsed on the floor. My aunt remained on the table for while and then joined us in the den.

Junior was the first to speak, "Wow, I think I have enough videos and still shots to last for months. We are going to have one hell of a hot website. I'll start tomorrow to get hooked up with some webmaster to get things going, shouldn't take but a few days to get the website up and running. What should we name it?"

Craig offered, "How about June and Jackie's Place?"

"No", my mom said, "I don't want to use my real name. How about J&J's Fuck Palace?"

June retorted, "Lets name it 'Twin Twats' and have the home page showing close-ups of our gapping pussies after being fucked."

Junior laughed saying, "Well, we have time to figure a name out."

Craig and Jack had gotten up and had headed up to my mom's bedroom to fetch their clothes while we discussed the name of the website. Shortly they came down fully clothed to say goodbye and thanks for the great fuck. Jack said he would call when he had set up the gangbang and that it would most likely be a couple weeks before he could get all the guys together. They each kissed my mom and aunt goodbye, gave their tits a quick fondle and headed out the door. My mom handed Craig a note with her number on it saying to give her a call anytime he wanted another good fuck. Craig turned back to kiss her again while he reached down between her legs to finger her pussy. She grabbed his wrist to hold his fingers in her cunt saying, "My cunt is for your pleasure baby, anytime, anyplace you want it. And so

is my mouth and ass. You just call me and I'll be there." She then gave him a big passionate kiss.

They left and we all took turns showering and headed for the sack. I crawled into bed next to my aunt while Junior crawled into bed with my mom. I was exhausted and cuddled against my aunts sexy body, cupping her breasts as I fell asleep.

As I dozed off I did hear my mom say to Junior that she knew that she was already pregnant, if not be me, she was certain that she then had a little black baby growing inside her and so, it would be alright for him to fuck her and load up her cunt with more sperm, hot teenage white sperm. It still amazes me how my mom now talks and her recent attitude about sex. Both my aunt and I fell asleep hearing the sounds from my mom's bedroom of her taking on one more load of cum before calling it a night.

The next day was not too eventful, my aunt went home before noon. Junior and I slept in and did not see her leave. My mom was in the kitchen cooking when I got up, she was wearing only an apron. It still surprises me to see my mom

so open and lax about sex. She was whistling and looking very happy. I walked over and gave her a big kiss, she responded like any lover would do, an open mouth kiss while she leaned her body into mine. "How do you feel this morning, mom?"

She had a twinkle in her eye saying, "I don't know, how do I feel." I took the hint and reached around to fondle her bare ass, then moved my hands up her hips and waist to her side, then moved my hands under her apron cupping her nice tits.

"Uhhhhh, you feel nice, real nice." I kissed her again as I continued fondling her tits.

When we broke off the kiss, she said, "Oh I feel great Glenn! I feel wonderful, totally satisfied and content."

"Because....?"

"Because of many things. I had a great time last night. I loved being fucked by two guys with great big cocks while

also being photographed and I can't wait to see the photos and the videos. I loved the night I spent with Junior. I love how you fucked me yesterday and most likely got me pregnant."

"Wow, that's great. But how do you really feel about being pregnant?"

"I think it is going to be wonderful, just wonderful."

"What if you give birth to a black baby?"

"Well, I really don't think that will happen. You did fill me with three loads of your sperm before Jack and Craig fucked me. So I think it's very very likely that it is your child that is growing inside me. How do you feel about being a father?"

"I really don't know mom, I haven't had time to really think about it. You know, the child will also be my brother or sister!"

"Yea, I know. I thought about that and we must keep it a secret that you are both the father and a sibling. I might just give the child up for adoption. What do you think of that?"

"Right now I think that is a good idea. How are you going to explain your pregnancy to you boss and all your friends?"

"I'll just say that I had a fling but do not want to marry the father, don't believe in abortion so I'll give birth to the child and then adopt it out." My mom looked so happy, she seemed to be glowing and looked even more sexy than normal. I fondled her tits some more then dropped one hand down to her pussy.

She said, "Oh sweetie, I would love to make love to you again right now, but I have so much to do today. Can we wait until this evening before we fuck anymore?"

"Of course mom, whatever you say. But how about putting more clothes on, it is not fair for you to show us young guys lots of skin and then not be willing to fuck."

"You are right honey, I will go to my bedroom and put on some clothes." Before she could take a single step, Junior came in the kitchen wearing boxer shorts with what looked like a tent pole in them.

He said, "Can you believe that I woke up this morning with a woody! I was hoping Jackie, that you would still be in bed so I could play with those magnificent tits of yours and then I could maybe load up your hot pussy with more sperm. But here you are down in the kitchen looking hot and sexy with just an apron on. I'm not going to want to ever go home after staying here."

My mom looked a little embarrassed but I also could see she enjoyed the fact that her body was still hot enough to excite us young guys. As Junior approached us, she turned and gave him a good morning kiss as she had done me. It was a very passionate kiss. Junior then reached around her back to fondle her bare ass as I had and pulled her in tight against his boner. She did not show any signs of resistance, in fact when Junior kind of squatted to get his cock at the same level as her pussy, she parted her legs letting his hard cock slip between her legs and then she road his dick by undulating her hips back and forth.

My dick got real hard watching my mom and Junior dry hump each other right there in the kitchen. My mom broke the kiss saying, "I was just headed to my bedroom to put some clothes on, but I can see that you two studs need some servicing which I am more than willing to provide. In fact, I insist you let me provide it. Lets go in the den and get comfortable."

Junior put his arm around her and they walked into the den, his hand went down to her ass as they walked. She turned around, removed her apron, laid down on the couch spreading her sexy legs saying, "This is going to be so much fun living with two sexy studs with delicious cocks. Who wants to be first?"

Junior said, "Well Glenn was up first and I was the last to fuck you last night, so I think Glenn should have he first fuck this morning, OK?"

I responded, "Thanks Junior, I really appreciate that, my cock is about to explode anyway." I pulled down my shorts

as I approached my stretched out mom lying spread eagle on the couch.

She opened her arms greeting me saying, "Oh sweetie, come here and fuck your mama, give me that nice hard cock to fuck. I want you deep inside me again, I want you to pump more of your sperm in my fertile pussy. Fuck me baby, fuck your nasty cock loving, cum eating, slutty mother." What a mouth she has developed. I was inside her in a jiffy and maintained control until I felt her climax. I then let go and pressed my cock into her as hard as I could, making sure I was very deep inside her, she responded with moans of pleasure as more of my sperm was being spewed inside my pussy.

Junior was very patient as my mother and I fucked on the couch. He stood close by stroking his hard cock waiting his turn to fuck my mother, to slip his big weenie between the pussy lips he had been video taping all last night. He did not have to wait very long because I was really horny and shot my wad in a short time.

When I finished with my mom and began to get up off the couch, my mom looked at me saying, "Honey, please let me lick off the cum you have dripping off your dick, I love tasting you." I was not about to deny my mom nor not take advantage of having a set of warm lips engulf my cock. I moved to where she could suck my dick while Junior mounted her. She removed my dick from her mouth long enough to say, "Oh my god, having two cocks around all the time is going to be heaven. How did I become so lucky?"

Junior and I did not respond as we were concentrating on the action our dicks were getting, my mom's lips wrapped around my dick and her pussy entertaining Junior's cock. Junior brought my mom to a climax and shortly afterward, he shot his load of sperm in her. Even though my mom is a great cock sucker, I did not have another orgasm, I think she was wanting a mouth full of sperm to swallow, but I know I needed to pace myself, so I kept myself under control.

My mom released my dick from her mouth as Junior's dick was shrinking from her pussy. I moved away to sit down on a chair as she reached down taking Junior's semi-hard cum coated cock in her hand pulling him toward her face. She obviously wanted more cock to suck and Junior was more

than willing. She went to work on his dick and sure enough, within minutes he was supporting another hard on. As she sucked his cock, she also fondled his balls and fingered his anus. It was not long before Junior let out a low moan as he satisfied my mom with another load of sperm for her to swallow.

When she relaxed, he removed his cock from her sucking mouth and sat on the floor. My mom just remained stretched out on the couch and said, "Oh thank you guys! That was just the greatest. I love sex so much especially with you guys. I love being fucked, I love your cocks, I love to feel them, to suck them, to feel them shooting sperm inside me. Ohhhh how I wish June was here, I want June to eat and suck your cum from my pussy and give me another climax. Oh thank you, thank you."

We all just sat there awhile recuperating. My mom was busy fingering herself and licking her fingers giving out little moans of enjoyment. It is so hard to believe what is happening in my life. Here is my mom lying on the couch bare ass naked with not a sign of any modesty, legs spread widely while sticking her fingers in her own pussy and then licking them. She looked at me with a big smile saying,

"Would you like to join in on a little desert? You guys are delicious."

"No mom, just enjoy it all for yourself."

"I wish I had something that would allow me to suck myself dry, get all of the cum out of me, I love to taste cum."

"Mom, your slutness is unbelievable. Where did all this come from. Were you a slut when you were a young girl?"

"No not at all. I guess it has just been a deep feeling I've repressed for years that you have awakened. I now have visions and fantasies that never occurred to me before. I spend most my time thinking about sex, ways I want to be fucked, things I want to do to you and other men. I feel I have become addicted to sex, hard core animal sex."

"I think so mom. It seems that you have become one hot nasty slut with an insatiable appetite for fucking and sucking."

"Do I discuss you?"

"No mom, you do not discuss me. I just think you are letting loose feelings that have been pent up for years. Go for it mom, do your thing!"

"Thanks Glenn, I really appreciate your attitude. I think that this is just a faze I'm going through and once I feel comfortable with myself sexuality again, I will be more like my old self but with a little more flare."

"Well, you can be in this so called faze for as long as you want mom! I love your attitude and your sense of sexual freedom. It's so great to be just like we are now, you freely revealing your body and have no reservations with me touching you."

"Oh yes, that is good. I like it too."

Junior piped in saying, "I hope you stay just like you are Jackie, it is so great to be with you. You are so sexy and free."

I hope after my mom gets home you will let me stay here from time to time."

My mom looked down at Junior sitting on the floor right next to the couch with his semi-hard cock in his hand and said, "You will always be welcome in my home Junior, especially if you will share your hard cock that you have in your hand with me. I love to see you young guys bare ass naked stroking your nice cocks. It just stirs me up so much, I think my pussy is constantly wet with you guys around."

Junior only had to turn his head a little to look straight up between my mom's out stretched legs at her pussy. She was still fingering herself and licking her fingers as she spoke. Junior took a hold of her left leg and licked her calf. She immediately said, "Uhhhh, yes! Why don't you just lick your way up to my juicy honey pot, I know you will like the taste, a little of you mixed with a little of me."

Junior just smiled as he turned his body some in order to be able to move his face toward his target, my mom's pussy. He openly licked my mom's inner thigh as she spread her legs real wide to give Junior easy access to her cunt. She also

used her index fingers to spread her pussy lips so Junior could slip his tongue inside her and play with her hardened clit. He flicked her clit a number of times then opened his mouth and literally sucked her cunt lips inside his mouth. My mom placed her hand on his head as he ate her pussy. He wiggled his head back and forth sticking his tongue in and out of her cunt. He also placed a hand under her ass and began to play with her anus. At this point my mom raised her knees up next to her tits. Junior took advantage of the opportunity and used his thumb to penetrate her asshole while his tongue was penetrating her pussy. She only lasted a few minutes before she climaxed and it was a big climax. She moaned and actually screamed as her juices began to flow in unison with the sensations that momentarily took over her body.

My mom placed a hand on each side of his face holding him tight against her convulsing pussy. She was humping his face with her eyes closed. She then said, "Do you want to fuck me again? I would love for you to fuck me in the ass right now."

Junior was not able to answer her due to his face being pressed into her wet cunt. She released Junior's head but he

continued eating her pussy. He eventually looked up at my mom, his lips were all shiny with cum. She motioned for him to move up which he did, first he kissed her tits then he moved up further placing his lips on hers as they passionately kissed. He laid on top of her, his hard cock was between her legs pressing against her pussy but not in it. He wiggled his ass to rub his cock against her wet mound to tease her some. She released his lips saying, "Oh please put your cock in me again. I don't care which hole, just get your cock inside me. I want to be fucked some more."

Junior raised his ass up a little, reached down between the both of them taking a hold of his cock to guide it into Jackie's freshly fucked pussy. She groaned the moment she felt his cock slide between her pussy lips and down inside her love tunnel. He plunged his cock into her to the hilt on the first down stroke and kept it buried deep as he twitched his buns maximizing the sensations he was receiving and giving. My mom grabbed his face and kissed him very passionately as she ground her tits into his chest and her pussy into his pelvis, seeking maximum penetration of Junior's cock. She was hot to trot and wanting all the action she could get. Junior was ready to erupt and suddenly began fucking my mom's pussy with wild abandon ramming his

cock deep inside her while she hung on passionately kissing him. I was getting a hard-on watching the action.

After a minute or so of this hot action, Junior reached down and pulled her legs up high getting her knees next to her tits and then he slammed his cock hard into her pussy letting out a loud groan as he unloaded his sperm bank into my mom's cunt. He continued ramming her pussy while all the time groaning, and when he wasn't groaning I could hear the squishing sound from all the cum that was in my mom's cunt and could also see cum oozing out of her pussy and running down her crack. He suddenly collapsed on top of my mom, she responded by wrapping her arms around him holding him very tight against her nude body. She said, "Oh that was so good. I love being fucked like that, I love the energy you put into fucking me, your cock is so big and it feels so good deep inside me, I hope you stay in me for a long time. Oh, this is heaven, pure heaven. Don't move, stay inside me for awhile, keep your cock in me, I don't want you to leave. I need to keep my pussy full of cock a little while longer."

My mom looked over at me and said, "Oh sweetie, I also love how you fuck me. I always love having you slip that big

cock of yours inside me. Both of you guys are great lovers. I love how you run your hands all over me, fondling my private parts, fingering me, sucking me, ohh you guys are the greatest."

She winked at me then said, "June told me she saw on a porno website a gal that took two cocks in her pussy, she said that the gal was not really a big gal but was able to get two good size cocks totally in her cunt. Maybe sometime you and Junior will try that with me, I would love to see if I could get both of your cocks inside my pussy. Wouldn't that be a blast, having two cocks in the same hole. Uhhh, I bet that would be really tight. Please say you will try that some time with me!"

I just shrugged not knowing what to say, I wasn't keen about having my cock along side another cock, even if it was Junior's and we were fucking my sexy mom. I did feel a bit of excitement at the thought, but brushed off the comment not wanting to make any such commitment. My mom did not pursue the question any further but just laid her head back enjoying the pleasure Junior was giving her as he kept his cock fully engaged in her pussy.

Gradually Junior's cock began to shrink and so he got up giving my mom a quick kiss and first on the mouth, then on her tits; he then sat down on the floor next to mom's legs that were hanging over the couch. She was laying there spread eagle with cum dripping out of her snatch, a big smile on her face and saying, "Oh what a way to start a day. Good fucking first think in the morning is hard to beat. Thanks Junior and you too Glenn. I love you guys."

She sat up and fondled her own tits with both hands saying, "I could do this all day. Fucking is just too much fun. I love being a slut for you guys. I especially loved it last night with Jack and Craig. I loved it when they got excited and just fucked us how they wanted, ramming their big cocks in June and I, grabbing our tits and pinching our asses. Shit they had big cocks, what a blast that was and just think, they are going to find a dozen more guys to gangbang us. I can't wait for that to happen. A dozen hard black cocks to fuck and suck as we wish, a dream come true."

At this point my mom got up and faced Junior who was sitting on the floor saying, "Want to dine on my little pussy

here, it's full of both your and my juicy cum? Ummm I know you like cum!" Junior just smiled sticking out his tongue, she took that as a yes and leaned her pelvis in toward him pushing her cunt directly in his face. He licked her pussy all over dragging his tongue up and down her slit. She placed a foot up on the couch straddling Junior's face to give him easier access to her cum dripping pussy. He quickly stuck his tongue between her cunt lips and licked her clean. She then placed her hand on the back of his head pushing his face firmly into her snatch humping his face saying, "Oh baby, suck my pussy, eat me, yes, oh yes, eat me, play with my clit, oh yea, push your tongue in me, tongue fuck me, oh, ohhhhh, yes, yes, suck me, eat me, bite me, oh yes, I love this, eat me, get me off, ohhhh I want to cum again, *suck meeeeeeee*, oh yes, yes, yes, ohhh I'm cuming, I'm *cummmmmming*, ohhh I love your tongue in me. I love it, love *it*... Oh fuck that was great! *Ohhhhhh* Junior you are one of the best. Oh honey I love you."

I got hard watching my mom and Junior get it on again. Seeing my nude mom in sexy lewd positions and hearing her talk dirty really gets me horny. I got down on the floor on all fours, crawled up behind my mom, took both hands to spread her buns and place a very wet kiss on her asshole.

I then probed her anus with my tongue as Junior continued tonguing her pussy. She said, "Oh honey that is so good. Oh yes lick my ass, kiss my ass, suck my ass, finger my ass and if you would, fuck my ass. Yes baby, please, please fuck me in the ass. Get your big cock up my tight asshole and fuck me good. Yes fuck me and fuck me and fuck me. I want you guys to fuck me all day long. Do whatever you want with me, but just keep FUCKING ME!"

Well, I can tell you that we had one hell of a hot day. Junior and I spent all day fucking, fondling, sucking my mom. We all spent a lot of time around the computer reviewing the photos and videos from last night. There were some really hot scenes that had us all horny, we would take turns fucking or masturbating my mom to get her off. She later said that she thinks she had maybe three or four dozen climaxes that day. By evening we were all bushed and crashed early. Tomorrow is another day!

Junior was making some grunting sounds and appeared to be answering my mom's wish of shooting his load in her. She responded saying, "Are you cumming? Are you cumming? Oh! baby I want to feel your sperm inside me, I want to feel that you could be getting me pregnant if I were still fertile. I want to be your slut whore that has your baby. Oh fuck this feels so wonderful, I don't want it to ever quit, I love being a slut. Oh yes baby, I can now feel your sperm inside me, oh yes, fill me up, just keep fucking me. Keep ramming that beautiful cock of yours in me. Oh this is so wonderful. Oh my god, what am I going to do when you guys leave. Oh this is heaven, absolute heaven. FUCK ME, FUCK ME, OH YES FUCK ME DEEP AND HARD, RAM YOUR COCK IN MY CUNT, FUCK THIS MOTHER FUCKING CUNT WHORE SLUT."

My mom just moaned as Junior continued fucking her at a steady pace, ramming his dick to the hilt in her pussy. Finally, he collapsed on top of her, totally exhausted. She grabbed his face giving him a very passionate tongue in mouth kiss while she wrapped her legs around his hips pulling him as tight into her as she could. She continued to wiggle her hips up and down getting every last sensation

she could of having his hard dick in her pussy. She eventually relaxed and just laid there limp under Junior.

When she noticed that I was awake, she said, "Good morning baby. Did we wake you up?"

"Well what to you think? The bed was rocking like it was on a pogo stick. Yes you woke me up, but it is a nice way to wake up seeing you laying there all naked getting your morning fuck."

"I know Glenn, it is so wonderful having you horny boys around with almost constant hard dicks. I so crave being fucked. Would you like to have sloppy seconds this morning or maybe be the first one today to fuck me in the ass? It seems like its been awhile since I've had the extreme pleasure of feeling your hard cock buried deep in my ass pumping me full of your sperm."

"That sounds great mom, it has been awhile since I butt fucked you. Your tight asshole always feels so good to fuck.

You said to Junior that you would like for him to get you pregnant if you were fertile."

"Oh I'm not fertile anymore. You took care of that two nights ago, remember? I think that one of your little tadpoles attached itself to one of my eggs and is now growing in my belly."

"Of course I remember, but you said to Junior that you wanted him to get you pregnant if you were still fertile."

"Whenever I get real horny and am being fucked, I desire to have whoever is fucking me to get me pregnant. I don't know why, it is just a feeling that comes over me at times. I'm sure you have impregnated me the other night and if you didn't, then I'm sure I have a black baby growing in my belly from either Jack or Craig. Anyway, I'm sure I'm no longer fertile."

By this time Junior had rolled off my mom and she turned over onto her stomach offering her ass to me. Junior had reached for the Vaseline, squeezed out a big glob onto his

finger saying, "Here, let me prepare your ass Jackie for you son's cock." He reached over and very energetically stuck his middle finger up my mom's ass as she groaned with pleasure.

She enthusiastically wiggle her ass while also reaching back with both hands to spread her buns responding, "Have I ever told you how much I love having my asshole played with, especially having your finger shoved up my ass? You can prepare my ass anytime sweetie. Oh dam your finger feels so good up inside my ass, I can't wait to feel Glenn's cock in my ass. Ohhhh yes, now use two fingers please. Oh shit I love having you guys around. Oh yes Junior, finger fuck my tight asshole, it feels sooo good." Junior continued probing her ass first with one finger then with two, shoving them up her ass as far as he could.

He eventually removed his hand saying, "Your mom's ass is all yours Glenn, fuck your slut mother really good and hard. I love to watch her get fucked all most as much as I love to fuck her myself." I wasted no time in straddling my mom's hips as I lowered my pelvis down toward her ass guiding my cock into her enlarged asshole. With very little pressure, the head of my cock disappeared inside her bunghole.

She immediately reached back to spread her buns making it easier for me to get my cock deep inside her sexy hot ass saying, "Oh yes sweetie, fuck your perverted mother's asshole good, pound your cock into me real hard, I want some rough sex in my ass. Ohhhhhh fuck me good. I want to be fucked hard." She moaned as I continued forcing more of my hard cock deep inside her asshole. I did not stop until every inch of my dick was buried inside her butt. I then began to pump her ass with long hard strokes, fucking her butt with as much energy as I could muster. My mom began to really moan in ecstasy as my balls began bouncing off her ass cheeks. It did not take me very long to cum as my mom used her sphincter muscle to squeeze my cock. Within minutes I was filling my mom's ass with cum, she just moaned as she willingly received yet another load of cum into her sexy body.

Junior had in the meantime moved around in front of my mom to enable her to suck his cock, which she did without any hesitation. Junior being the young stud he is, was hard again with my mother deep throating him. It is always amazing to see my mother take an entire cock down her throat. She was acting like she wanted even more cock

down her throat. Some day I'm going to find a guy with a 10 or 11 inch cock and see if she can deep throat it. With Junior and I, she only has to deep throat 7 or so inches of cock.

As my cock began to shrink, my mom released Junior's cock from her mouth saying, "I want you guys to switch."

I exclaimed, "But mom, my cock has just been up your ass."

"I know sweetie, but when I get this horny, I feel so nasty and I don't care where your cock has been. It could be in some other women's ass as far as I am concerned. In fact that sounds so hot, I want to do that some day. I want you to be fucking some whore's asshole while I am eating her pussy and then let me immediately deep throat you after you have dumped your load in her butt. Then I want to lick her ass clean of all your cum."

"Right now I just want to suck your cock while Junior fucks my ass. I need to be fucked some more." I wasn't going to argue with my mother about this, so I pulled my cock out

of her ass and scooted above her head while Junior took my place straddling her hips with his hard dick pointing straight at her enlarged cum drenched asshole. She opened her mouth wide as I slipped my semi-hard cock between her lips. She took my entire cock in her mouth on the first shot and then pulled back so she could lick my dick all over like it was a popsicle. Then she pulled my cock totally into her mouth again as she began to deep throat me.

Junior had his cock buried totally inside her ass by this time and was grunting as he fucked her butt for all he was worth. He was really pounding her ass hard making her body move forward each time he rammed his cock in her. This caused my cock to go deeper down her throat to my complete delight. My cock was already responding to my mother's oral action while she was getting another load of cum dumped into her sweet sexy ass. I could see and feel Junior lurching each time he squirted another glob of cum up my mother's hot ass. Finally Junior collapsed on top of my mother being totally exhausted.

My mother would not let go of my dick until she coaxed another small load of cum out of me. She gave my cock a good sucking and licking as it began to shrink inside her

warm mouth. I pulled my cock free and laid back also exhausted. She then wiggled her ass saying to Junior, "Are you sure you have squirted all of your tasty hot juicy cum up my ass? You know how I love being ass fucked by you young studs, I love the feeling of your cock sliding through my asshole and then sensing your cum being dumped inside me. You can do this all day long to me if you want. I hope some day I get to be gang banged by dozens of men who love to fuck a woman's ass."

"Mom, you are becoming the hottest nastiest slut I have ever heard of."

"I know sweetie, and it's all your fault you big stud. You have awakened the sexual drive in me that I didn't know I had." She then turned around moving so her ass was in my face saying, "Now how would you like to lick your mom's freshly fucked asshole?"

I just smiled at her sticking out my tongue. She moved closer so I could easily lick her butt. I used my tongue to clean up Junior's cum that was running out of her ass and down her thighs. I used my thumbs to pull her buns apart

to open up her asshole which allowed more of Junior's cum to flow out her ass. She said to Junior, "Come over here sweetheart and let me suck that wonderful cock of yours while my little boy eats my ass." Junior positioned himself so my mom could suck his cock that had just been fully inserted in her ass only moments before.

We were all pretty spent by now and once I had licked my mom's ass clean of cum, I rolled over and took a nap. When I woke I checked my watch to realize that it was after 1 o'clock in the afternoon. I was by myself, neither my mom or Junior were around. I got up and showered. I was really hungry and so headed downstairs to look for some food. As I turned to go into the kitchen, I caught out of the corner of my eye, someone in the living room. Thinking it was either Junior or my mom, I started to say something when I noticed that what I saw was a skinny butt between some legs. There was my naked mom lying on her robe on the couch spread eagle, and some guy kneeling between her legs with his pants down around his ankles with his butt facing me. His dick was obviously buried in her cunt. My god, my mom was in the middle of another fucking session, but I did not know who's butt I was looking at.

They did not see me so I just stood there and watched for awhile. The guy was holding onto my mother's ankles spreading her legs as he pounded his cock into her cunt grunting every time he thrust his cock into her. My mom was encouraging him on with every stroke saying, "Yes Davey, fuck me, yes, yes, yeeees, oh yes, harder, deeper, oh yess. You are doing great Davey, yes, yes, you are fucking me real good." I realized that it was a kid I had gone to school with since about the 6th grade, he was a tall skinny guy and a bit on the nerdy side.

As I stood there my mom finally caught sight of me and winked but did not say a thing. I was getting another hard on watching my mother being fucked, it was so hot to see her lying there in the nude on her back, legs spread, a cock in her cunt and her tits bouncing as she is being fucked. Suddenly Davey began to really groan, my mom sensed that he was about to erupt and said, "Oh Davey, yes, yes pump me full of your cum, fill my fuck hole with your juices, fill your friend's mom's pussy with your semen, don't hold back, shoot your load in me baby, just fuck me with all you got. It is so exciting to know that I am your first fuck and that you have lost your virginity with me, that my pussy is the first pussy your cock has been inside. Oh baby

fuck me good." Davey suddenly lurched forward deep into my mom's twat while twitching his buns as he unloaded his cum into my mom's cunt. My mom had reached up pulling his hips into hers as tightly as she could get him, wanting to feel his cock deep inside her pussy.

I was not sure what to do, except my hard cock wanted relief so I just pulled my dick out of my pants and began to stroke it. Davey collapsed on top of my mom, she put her arms around him holding him tight against her bare tits. She said to him, "How was it Davey? Didn't it feel better than when you jack yourself off?"

Davey pulled his head back looking at my mom nodding yes. She gave him a sweet kiss on the lips saying, "It will get better each time sweetie. Uhh I like it when you twitch your buns, do it again."

Davey began to twitch his buns again, making his cock twitch inside my mom. She just moaned saying, "Oh yes, squeeze my tits when you do that." Davey raised himself up some placing both hands on her tits and began squeezing them while flexing his buns. My mom raised her knees up

while grabbing his buns pulling him into her as hard as she could saying, "Uhh I love being fucked. Doesn't that feel so good, your cock inside a warm hole all full of tasty juice that you dumped inside me. I am so excited that I have the first load of cum you ever deposited in a women's cunt. I hope you will want to do me again sometime?"

Davey looked down at her, nodding yes as she let go of his buns, taking his face in her hands and giving him a very passionate kiss while wiggling her ass into his crotch. When she released his lips, she said, "Now remember my pussy is available for you most anytime. Next time we will fuck in my bed and take more time for really hot sex."

Davey simply responded with an, "OK."

"Now remember when I told you that I have had other young lovers like you before?"

"Yes, I remember."

"Well, I'll tell you who he is if you promise that you will not tell anyone else, OK? I mean that this has got to be a real promise!"

"Oh yes, yes, I promise. I'll never tell anyone."

"I need for you to swear on your mother's grave."

"I will not tell a soul, not one."

"OK then, I want you to look toward the doorway, he is standing there right now looking like he would like fuck me again." Davey slowly turned his head in my direction with a very surprised look on his face.

I stood there with my hard cock in my hand saying, "Yes Davey, I fuck my mother and if you ever tell, I'll tell your friends about some of the things you did when we were kids."

As I walked toward them, Davey began to get up but my mom grabbed him saying, "Don't get up too fast sweetie, I want to feel your cock slowly slip out of my pussy. I just can't get enough of the sensation of cocks sliding in and out of my pussy. Uhhh that's so good, now I want you to stand and let me lick your cock clean so I can taste your cum." Davey stood up and my mom slid off the couch onto her knees in front of him taking his limp cock immediately into her mouth and began sucking him.

I just watched as my mom sucked on Davey's cock and fondled his balls. His dick was responding to her sucking mouth as it began to harden. I was really horny and wanted to get my rocks off so I said to my mom, "Why don't you lay down on the couch and spread those sexy legs so I can mount you. Davey can then move over to the end of the couch where he can fuck your mouth."

My mom heard me and agreed. She removed her mouth from Davey's cock and crawled back up on the couch spreading her legs and resting her head on the arm rest. She took Davey's cock in her hand and pulled him around so she could suck his cock. I immediately dropped my pants, mounted my mom sliding my hard cock directly into her

dripping cunt and began to fuck her. I grabbed her tits and worked them over getting her nipples very erect. Davey was in the meantime busy fucking her mouth. She had tipped her head back which allowed her to take his entire cock down her throat. In fact she had reached around his butt pulling him tight into her mouth. She seemed to be able to maintain his cock down her throat for quite some time.

I was really hot and horny and just plowed away at my mother's cunt; I was banging her pussy really hard causing my balls to bounce off her ass cheeks while at the same time I was working over her big tits, firmly squeezing them and pinching her erect nipples. As I felt my balls beginning to erupt, my mom suddenly thrust her hips up very hard while making some noises that I could not decipher because she had a mouth full of cock. I knew she was having an orgasm and so I let it happen, I pumped every drop of semen I could muster into her. When I looked up I saw that Davey was also unloading another load of his cum into her mouth as her cheeks were caved in from the intense sucking she was doing. We were loading her up from both ends, I knew she was in hog heaven, having two young studs dumping their loads of cum in her. The only thing she

would like better would be having another guy fucking her in the ass filling her bowels with cum at the same time.

I slowly pulled my cock free from my mom's dripping cunt and sat down on a nearby chair. I watched Davey withdrew his cock from my mother's sucking mouth; she did not readily release his cock, she held onto his balls while she licked his cock clean. Once she finished, Davey stepped away and moved over to another chair looking totally exhausted and somewhat bewildered.

My mom relaxed on the couch with her feet together but with her legs widely separated giving me a great view of her cum oozing pussy. I said, "Shit mom, your cunt is overflowing with cum, what a site!"

She responded as she looked over at me with a big smile while she also squeezed her own tits, "Oh baby, I love it that I can be so nasty around you. Why don't you get Junior's digital camera and take some shots of my pussy. I want to have some great photos of my cum dripping cunt for Junior to see and put on the internet, I want shots for all to see showing cum dripping from my pussy." I thought this to be

a great idea and ran to get the camera. When I returned my mom had not moved and was quietly waiting for me while on her back with her legs spread. I focused the camera in on her cunt and take a couple dozen or so pictures, half of them as close-ups. I had her reach down and spread her pussy lips letting me get some great close up shots. When she pulled her pussy lips apart, more cum oozed out of her cunt and ran down her crack to her asshole. God, what a hot group of photos, her pussy lips were puffy and reddened from being fucked twice, her cunt looked good enough to eat which I did when I finished photographing her twat.

I sat the camera down and got down on my knees sticking my head between my mother's spread legs immediately taking her cunt lips into my mouth and began to suck and lick her clean. I licked her entire crack taking extra time licking her asshole. She let out a low moan as my tongue found her clit and my finger probed her ass. I just worked my face into her crotch licking, sucking, and tonguing every square inch of her pussy and ass; I also shoved my finger as deep into her ass as I could. She placed her hand on the back of my head pushing my face firmly into her cunt while she began to oscillate her hips in response to the climax building within her. She moaned and groaned until

finally she screamed, "YES, OH YES, YES I LOVE IT, OH FUCK I'MMMM CUMMMMMMING, I'MMM CUMMMMMMING, OH FUCK ME, THIS IS SOOOOO GOOD. OH SHIT I DON'T WANT THIS TO EVER END, OHHHHH I LOVE IT, I LOVE IT, I LOVE IT, OH YES MAKE ME CUM AND CUM AND CUM, OH GLENN DON'T STOP SUCKING ME, BUT I WISH I HAD A YOUR BIG COCK IN MY ASS RATHER THAN YOUR FINGER, OHHHH YES, YESSSSS EAT ME."

I was treated to a mouth full of my mom's delicious love juice, I could tell that she really had a major climax by the major amount of cunt juice that flowed from her fuck hole, it was awesome! I love seeing my mother being so nasty.

Davey just sat there taking in all the action, not saying a word. His cock remained hard as he slowly stroked it. Once my mom calmed down, she looked over at him and said, "Does all this nastiness bother you? Does it offend you? Are you OK with me being such a slut? Would you like to fuck me again?"

He responded, "No ma'am, I'm OK, I just need to go home."

"Are you sure you are OK?"

"Yes I'm fine. I just need to go home before my mom gets worried."

"OK. But remember that what you saw here today must be kept a secret, right?"

"Yes, yes I know. I won't tell a soul, not even my mother." Davey then got up, put on his pants and out the front door he went.

As my mother continued to lie on the couch bare ass naked with spread legs, I leaned over kissed her pussy, then ran my tongue up her torso until I reached her tits, taking one of them in my mouth and sucked on it till I felt her nipple respond. Switched to her other tit doing the same thing. Then raised my head further up kissing her on the lips. I pull away and looked her in the eye saying, "How did you get Davey to fuck you?"

She responded, "Lets get up and take a shower and I'll tell you." I got up off my mom's naked body and helped her up and played grab ass on the way to the shower. Once in the shower, I washed her ass, tits, and pussy very thoroughly. She returned the favor and made sure my cock and balls were squeaky clean.

As we dried each other off she said, "After you and Junior fucked me this morning and after you fell asleep, I showered and freshened up. I then cleaned up the kitchen somewhat while Junior showered before he headed out to do some errands. When I finished the kitchen and as I began cleaning the den, the doorbell rang. I was surprised to see Davey standing there looking so boyish. He said he heard that you were in town and wanted to just say Hi. I told him you had a hard night and was still asleep. I always thought that Davey was a sweet kid and told him he could wait, I didn't think you would sleep much longer. I invited him into the den and continued my cleaning. I was only wearing my robe and as I was busy dusting and putting things in order, I noticed how he watched my every move. It got me a little excited that he was so intent in watching me and when I saw that he had a bit of a bulge in his pants, I gave him a little skin show. I loosened my robe revealing

lot of cleavage and bent over many times in a manner so he could see down the front of my robe, my tits nearly fell out a couple times. I sat down a number of times to talk to Davey letting my robe open up exposing a good portion of my legs and thighs. I asked him if he was thirsty and went and got him a glass of water. When I gave it to him, I leaned way over and with my robe loosened up, I know that he could see most of my tits. He did not take his eyes off of my chest and so while bent over I said to him in a very soft voice, "Have you ever touched a woman's tits?"

It startled him causing him to rapidly blink as he looked up at me. I smiled at him and repeated my question, "Have you ever touched a woman's tits?" He just shook his head no. I then said, "Would you like to touch my tits?"

He nodded yes and while still bent over, I pulled the top of my robe open totally exposing my tits to him and then using my hands pushed my tits together only inches from his face. He did not move at first, just stared at my tits. I then said, "Go ahead, touch my tits, see how nice they feel." I pulled my hands away letting my tits hang there, then shook my body making my tits giggle only inches from his nose. He slowly began to raise his hands but was very

reticent. So I took each of his hands and placed them on my tits. "Umm don't they feel good. See how my nipples respond to your touch. Do you like touching my tits?"

Davey nodded yes as I continued assisting him in fondling my tits. The juices in my pussy began to flow, I was getting hotter and hornier by the second. I then asked him if he was a virgin. He blushed and nodded yes. So, I followed up with, "Would you like to fuck me? Would you like to lose your virginity?" He blushed some more as he nodded yes. I took him by the hand and led him into the living room, backed up to the couch, undid my robe giving him a full view of my naked body before I sat down. I reached up and unzipped his pants lowering them with his shorts. His cock was hard as a rock and I knew he would not last long, so I only fondled his dick just a few times, then kissed it before I laid back on the couch spreading my legs inviting him to mount me. He wasted no time in getting between my legs and putting his cock inside me. Shortly afterwards, you walked into the room."

*"Jesus! mom, you are the hottest ever. I think I could fuck you all day long."*

"Better save some sweetie, your aunt is do over this evening and you do want to do her again, don't you?"

# Chapter 11

I spent the rest of the day relaxing and watching some golf on TV and just kind of messing around. Just before dinner I headed for the mall to buy a few things I needed and to see if I would run into some old buddies. I wasn't there very long before I ran into Davey. When he saw me he hesitated, not knowing what to say I guess. We greeted each other and when I realized how uncomfortable he was I said, "Hey Davey, are you OK with what happened today or are you going to squeal?"

"Oh shit no, I'll never tell. I just not sure how you feel about me."

"I'm cool as long as you keep your mouth shut. I don't want my mom to get a bad reputation."

"Oh I think your mom is the greatest and will never say a word to anyone. I have always liked your mom and now feel very close to her."

"Yea, I saw how close you were to her today. So dam close that you were inside her! And so how was it for you?"

"Oh shit Glenn, it was the greatest. As you know I was a virgin until this morning and your mom has made me feel like a man. I think she is so sexy and look forward to seeing her again if that is alright with you."

"Of course it's alright, as long as you don't take up too much of her time, I like having her pussy available whenever I get the urge which is a lot you know. When I go back to college I know she'll want a handy cock to fuck so you will probably get all the ass you can handle."

"Oh that will be great, but do you think she will really want to fuck me?"

"Sure, she always liked you. So what are you doing tonight, Davey?"

"Nothing really. Why do you ask?"

"Well, my mom's twin sister is coming over tonight and with two hot pussy's wanting to be fucked, another cock would be more than welcome. How about coming over and spending the night?"

"Oh my god, you mean that I could possibly fuck another woman like your mom?"

"Hell yes, my aunt looks just like my mom but has even bigger tits and she is a hot fuck just like my mom."

"I'll have to ask my mom to see if it is OK. She really likes to keep tabs on me, but I think she will be OK with my staying at your house. I'll call you later and let you know. What time should I come over?"

"Oh anytime really, but why not shoot for 8 pm or so."

"OK, that sounds good and are you sure it will be OK with your mom and aunt."

"Hell yes! They would love another cock to fuck."

"Ok. Thanks and I'll call you." Off Davey went almost at a sprint.

When I got home I found my mom lounging on the deck reading a sex novel. She was sitting in the big comfortable over stuffed chair she had put out on the deck years ago to enjoy the afternoon sun. She was sprawled out with one leg over the arm of the chair wearing only a robe that was wide open giving me a good view of her naked body. Just seeing those wonderful tits and totally exposed pussy always gets me excited. She was freely fingering herself while reading her book. I watched as she worked her middle finger deep into her pussy shoving it in as far as she could get it. She then would slowly pull her finger out until the tip was barely inside her pussy, right where her clit was. She would then rubbed her finger back and forth across her love nub closing her eyes as she enjoyed the sensation she was giving herself. She wiggled her ass while she masturbated her clit, then she would open her eyes and continue to read more of her book as she shoved her middle finger back up inside

her cunt with lots of force letting out a mild groan. I stood there watching her for probably ten minutes as she repeated this process a number of times. I of course had my usual raging hard on watching my mother finger fucking herself, hell I seem to have a hard on whenever I'm around my mom regardless of what she is doing.

I finally stepped out onto the deck and said, "Need some help?"

She looked up at me, smiled and with her finger still deeply shoved up her cunt said, "Oh baby, I would love some help. Why don't you come over here and replace my finger with your big cock and give your slutty mother a nice afternoon fuck before your aunt gets here."

As I walked over to my mom, I removed my clothes while she spread her legs real wide inviting me between them. I first gave her a big kiss as she reached down to fondle my cock, stroking it a few times before she pulled it toward her pussy guiding it into her wet cunt. I slowly lowered my pelvis sinking my cock inch by inch into her waiting cunt. I continued my downward motion until I had totally

penetrated her pussy. She looked at me and said, "Oh Glenn sweetie, I so love you and am going to miss you so much when you go back to college. I can't believe just how much pleasure you give me. You are so gentle yet so strong. I crave having you fuck me like this, it is so wonderful. UHHHH yes, having your cock buried deep inside me is more than I could ever have expected. It is better sex than I have ever had." I didn't want to respond, I just began to fuck my mom with long deep hard strokes giving her all the pleasure I could. From my point of view, the pleasure was all mine. My mother is so beautiful and sexy, being on top of her feeling her warm skin against mine especially having her big tits pressed against my chest while kissing her and having her tongue inside my mouth is divine. She just closed her eyes giving out little moans as I continued to fuck her; I didn't want this to end but it usually didn't take me long to build up the desire in my balls to blow my load, blow it I did. Even though I had fucked my mother a couple times already, I still was able to pump a lot of cum up her twat. When we finished, she had me slide up the chair so she could lick my cock clean, which she did with long slow strokes of her tongue and lips. What a hot slut she is, I don't know if I'll ever be able to find another woman that loves sex so much as my mom.

After we cooled down, I told my mom that Davey might spend the night, she said, "So then you don't mind if you share me or your aunt with another guy?"

"Well mom, here is how I look at it. With both you and aunt June here, there will be four holes available for fucking and two mouths for sucking, so you two could handle six cocks. With Junior, Davey and me, there are only three cocks available so we each will have two orifices to play with."

"You say the sweeties things! You know Glenn, Davey has a nice long dick but it is not very thick."

"No mom, I was not aware of that."

"Well it is and if he is coming over tonight, I would like to try a double pussy fuck with you two. You know what June said she saw on the internet."

"I know mom, I'm just not sure I'm ready to have some other guys cock along side mine inside your pussy or any other pussy."

"I know dear, but please think about it. I really want to try it and with Davey's skinny cock, I'm sure I can't fit both your big cock and his inside my pussy at the same time. I think it would be so hot and maybe Junior could photograph us fucking so I could see what it looks like with two cocks shoved up my cunt."

"Shit mom, you are the sluttest broad I have ever heard of or met. I'll think about it, but maybe Davey is not ready for such an experience."

"I think I can talk Davey into anything. The first thing I want him to do when he gets here is to have him fuck my ass like he saw you do. I know if he fucks my butt, he will be willing to double fuck me. Oh please sweetie, let me have this experience."

How could anyone not want to please a woman as hot as my mom, I just smiled at her, gave her a big kiss while I reached down shoving a couple fingers in her juiced up twat and said, "So you want two cocks in this hot fuck hole of yours! You want to feel two distinct cocks sliding in and out of your pussy?"

"Oh god yes, two long hard cocks fucking my cunt at the same time and cumming at the same time filling my cunt to the brim with white salty tasting cum."

"Well OK hot stuff, I'll go along with it but you will owe me one."

"Oh sweetie, thank you so much. Yes I will owe you one, just name it and I'll do absolutely anything for you. Just name it!"

"Lets see what do I want from you? Hummmmm, I got it. You will come to my school this Fall and be my sex slave for a weekend."

"Oh fuck honey, you just name the weekend and I'll be there. Will you have some of your college buddies molest me?"

"Yup!"

"Fantastic! Hell is this is what you want, I owe you any time. Hehe, getting fucked by some young studs with big dicks."

"Well some of these guys are into some strange stuff."

"Like what?"

"I know a guy that is into water sports."

"You mean like pissing?"

"Yup. After he fucks gals, he loves to piss on them."

"Holy crab, how about not inviting him, I'm not into any of that shit."

"I know mom, I was just pulling your leg, but I do know the guy."

"OK, but lets just have more normal sex with just plain hot fucking."

"OK, OK. I'll make sure the guys only want hot fucking sex by drilling only your pussy or ass."

"Well, don't forget my mouth, I love to suck on juicy cocks you know."

"Yea, yea, I know. I'll have a dozen guys that will gang bang you while I watch, then you can spend the night in my bed fucking me."

"Uhhh, I hope you make this happen as soon as you get back to college sweetie. I look forward to being gang banged by

a bunch of horny college guys. Speaking of gang bangs, I wonder if June has heard from our black friends, Jack and Craig about getting a dozen of their brothers together to service our hot cunts for a night. I'm getting anxious for another round of hard black cock fucking."

Just then we heard a noise and then June's voice saying, "Anyone home?"

"Yea, we're out on the deck sweetie."

My mom was still laying on her back nude and I was beside her also nude with a limp cock. We did not attempt to cover up and when June saw us she said, "Oh for shit sake, you two are like rabbits, always fucking."

My mom responded with a big smile saying, "Yea, you are probably right. If you lived here you would be doing the same thing. It's very hard to resist a good looking young stud with a big cock who always wants to bury it in your snatch." She then reached down between her legs sticking a couple fingers up her twat scooping out some of my cum

and offered it to June who stepped forward with her mouth open gladly accepting Jackie's cum coated fingers in her mouth.

June said, "Ummmmm good. Love young cum! Got anymore in there for your sister?"

"Hell take a look for yourself. What's mine is yours." My mom opened her legs a little wider and raised her ass up some offering her pussy to her sister. June got on her knees putting her face between my mom's outstretched legs and began devouring her pussy. She sucked my mom's pussy lips into her mouth as she sucked out the remaining cum from Jackie's pussy.

June then began to use her tongue to play with Jackie's clit; Jackie closed her eyes and began to moan from the joy she was feeling from June's tongue action. Jackie said, "Do you want me to cum again?" June just nodded her head up and down as she continued eating her sister's cunt.

Seeing my aunt eating my mother's cunt had me hard again. I got up and kneeled next to June and began to unbutton her blouse. Once I had it unbuttoned, I removed it and then unzipped her skirt sliding it down her thighs and legs with her help; she was now nude as a J-bird. I reached under her belly to fondle those delicious and lusher tits, working her nipples between my thumb and forefinger, making them very erect. I then ran my hand down her back and over her buns and into her crack. She wiggled her butt telling me she loved it and so I began to finger her asshole and pussy. She finally removed her face from her sister's cunt long enough to say, "You know what those holes are for don't you, just pick one and fuck me good. Give me your best shot."

I moved around behind her and choose to fuck her hot looking asshole. I first spit on her butt a few times to lube her up a bit and once I was able to easily get three fingers up her ass, I plunged my cock into her. She just let out a loud muffled sound as my cock sang deep into her bowels.

"Oh my god I love it. Yes baby, fuck your aunt's ass off, fuck me good. Oh shit its been over a week since I've had the pleasure of being ass fucked. Oh yes, keep ramming me

hard like that. Oh christ I want you deep sweetie, real deep, oh fill me up, yes yes, cum in my ass." She then returned to eating my mother's cunt while I continued to fuck her in the ass. My mom was getting close to a climax and began gasping as the sensations of a hard cum were approaching. Finally she grabbed June's head forcing it into her crotch just as I began to unload my sperm into my aunt's ass.

I had my cock totally buried to the hilt in my aunt's ass while also reaching around under her to cup her big tits squeezing them very firmly. It is always a pleasure to fuck my aunt's ass, it is so tight and she works her anus muscles squeezing every drop of cum from my dick.

As I was forcing my cock as deep as I could into June's asshole, I heard a voice saying, "Jesus you guys, what a hot fuck scene. Can I join in?"

It was Junior and before I could say anything, June had pulled her shinny mouth free from Jackie's cunt to say, "Of course, get your clothes off and when Glenn pulls his cock out of my ass, take his place and give me another load. I need more fucking and I need a good hard climax." As

Junior dropped his pants, I pulled myself from June's ass and sat on the floor looking straight at her enlarged asshole. It was hard to believe how much her ass had opened up to accept my cock, but there it was, a hole almost two inches in diameter with cum oozing out of it.

Junior had no trouble getting his cock in her ass. He simply placed the head of his cock at the entrance of her asshole, and in it went, slam bang. He also immediately latched onto her tits as he began to fuck her. June was still eating my mother's pussy and was working her toward yet another climax.

My cock did not go completely limp as I watched the action of Junior fucking June's ass and June eating my mother's pussy. I wanted more action and the only hole readily available for my dick was my mother's mouth. Since I knew she doesn't care where my cock has been, I crawled up on the chair and dangled my dick in front of her face. She opened her eyes and when saw my hard cock only inches from her nose, she reached up pulling me toward her open mouth and licked my cock. I then lower myself as she accepted more of my cock into her sucking mouth. Shit she is a hot cock sucker, she was really working over my dick,

taking most of it into her mouth and every once in a while deep throat me taking all of me.

Junior was groaning as his balls began to boil over as he unloaded his cum into June's ass, he was ramming June's ass with hard, deep strokes, squirting his cum deep into her bowels, each time forcing her face into my mom's cunt, it was awesome to witness. Suddenly June began to shiver as she climaxed both from the feeling of Junior's cock sliding back and forth through her asshole and her fingering of her own pussy. My mom was next to have a climax while she was deep throating me, taking every inch of my cock down her throat. It was but seconds later that I gushed another load into my mom, this time I was shooting my sperm directly down her throat.

We all collapsed more or less on top of each other all sweaty and sticky. It was just another wonderful sexual experience with my mom and aunt. As I laid down, my mom pulled her mouth free from my cock but continued to lick my shaft and balls. She said, "Oh sweetie, I love having sex with you, it always give me a special thrill. You are so good to me. I love it that you enjoy me like you do, that you feel free to sexually use me as you want, that fucking me is

something you like to do. I just want you to always remember that I am here for you, my body is yours to be used as you want. You can fuck me, eat me, fondle me, share me with who ever, you can do just about what ever you want with me. I am absolutely thrilled that I have your baby growing in my womb, that I have part of you growing inside me. I love you."

I was at a lost for words and was saved by the sudden phone call. It was easiest for me to answer it and so I got up to do so. It was Davey saying his mom would be dropping him off in about a half hour. I then told Junior and my aunt about Davey coming over to spend the night. My mom filled them in on how she had seduced him and took his virginity earlier in the day, that her pussy was the first pussy he ever fucked which was a special thrill since she has known Davey since he was a little boy.

Not knowing whether Davey's mom would want to come in, we all cleaned up and got dressed to make a good impression just in case, but knowing that sometime during the evening we would all be naked again fucking up a storm. In about 30 minutes there was a knock on the door, there was Davey and his mom, Sally. I welcomed them in and

introduced Sally to my mom, my aunt and to Junior. It had been a long time since I had seen Sally and had forgot how cute she was or how big her tits were. She is a short chubby lady and usually dresses in a way that hides her big tits, but today she was wearing a blouse that clearly revealed her enormous tits.

There was some friendly chit chat and then Sally left telling Davey to have fun. If only she knew just how much fun he was going to have with my mom and aunt. After she left my mom said to Davey, "Wow Davey, your mother is very attractive and what big tits she has! Have you ever had a chance to see them or play with them?"

"Oh no, but I dream about them a lot."

I said, "How big are those babies? I don't remember your mom having such big tits?"

Davey responded, "I think they are 48 F, at least that is what the label on one of her bras said. She has gained weight lately and most of it seems to be in her tits."

June said, "Maybe she had breast implants like I did."

"I don't think so, she just seemed to get bigger tits gradually over the last few months."

I commented, "Holly shit, imagine how much fun it would be to suck on those huge melons or slip your cock between them and fuck her tits. God I would love a chance to fuck her while sucking on those wonderful tits. I bet her nipples are magnificent."

Davey had a strange look on his face so I said, "Does talking about your mother this way bother you?"

"Kind of, but I have lately really wanted to see her tits real bad and have myself thought about what it would be like to fuck her, especially today after having fucked your mom. Just before we came over here, I got a glimpse of my mom wearing only a bra and panties. She looked so sexy, I wanted to jump her bones so bad."

My mom interjected, "Well Davey, maybe with time you will be able to sexually enjoy your mom like Glenn enjoys his." as she unbuttoned her blouse shaking her bare tits at us. "And if we are lucky, you and her can come over here and we can all enjoy her body. I also like sucking tits and eating pussy and I bet your mom has a nice juicy cunt."

We all laughed at my mom's comment while we watched her completely remove her blouse as she walked over to Davey and gave him a big hug. After hugging him she stepped back holding her tits up with both hands saying, "Until then, these and June's are all the tits you guys have to play with, and you are free to play with them all you want."

Davey hesitated a little before he reached up to fondle my mom's tits. She took his hands in hers and rubbed them all over her tits. "Oh yea Davey, squeeze them, pinch them, play with my nipples, suck'm, just make'm erect." Davey continued to fondle her tits as we all stood there watching him rub his hands all over my mom's nice tits.

With my mom just standing there enjoying the fondling her tits were getting, she looked at June and said, "Show him your tits sis. Show him those big beautiful melons of yours."

June did not hesitate and started to unbutton her blouse, but Junior jumped in saying, "Oh let me do that for you."

She smiled at Junior responding, "I'm all yours big guy, you can take all my clothes if you want as long as I get a chance to fuck that big cock of yours." Junior laughed as he methodically unbuttoned each button on June's blouse.

When he had unfastened the last button, he pulled her blouse open revealing her magnificent tits. She shook her body making her tits wiggle back and forth saying, "Like um?"

"Shit yes, those are fantastic tits!"

"I know and I hope you want to fuck them before the night is over. I would love to feel your cock sliding in between

them getting my tits all sticky with your pre-cum and then have you shoot your cum all over my face."

"I'm ready to fuck them right now." Retorted Junior.

My mom interrupted saying, "Tonight is Davey's night so lets give him first choice of what he wants. June why don't you and Davey go over to the couch and get acquainted and comfortably."

June stepped back from Junior and took Davey's hand from my mom's tit and led him over to the couch. She said, "So you were a virgin until this morning, is that right?"

"Yes. Jackie is the first girl, ur woman that I have ever fucked."

"How did you like it?"

"Oh it was fantastic."

"How would you like it if the second woman you fucked was her sister?"

"You mean you will let me fuck you?"

"Yes if you want to. Do you like my tits?"

"Oh shit yes. Your tits are great."

June turned her body more toward Davey saying, "Well go ahead and touch them, you can even suck them if you want, make my nipples get hard. When you get ready for more action, my pussy has an itch that I would love for you to scratch." Davey quickly reached over and began to fondle June's tits. She in turn moved her hand down to his crotch and fondled his hard cock through his pants.

Davey sat there starrng at June's tits as he fondled them, squeezing and rubbing them all over. June moved her head closer to Davey saying, "Kiss me." Davey leaned toward her enough so their lips would touch. She immediately stuck her tongue in his mouth as she squeezed his hard cock.

They passionately kissed for some time until June released his lips saying, "Suck my tits." Davey lowered his head down to her tits and first sucked on one tit then the other. June never released his hard cock she had in her hand while using the other hand she pushed his face into her tits.

She began to squirm as her sexual temperature was heating up. She said to Davey, "Unzip your pants sweetie and I'll take off my skirt." Davey lifted his head from her tits, reached down to unzip his pants pulling out his hard dick.

June stood up and removed her skirt leaving her totally naked. She put her hands on her hips saying, "Is this body good enough to fuck?"

"Hell yes, I want to fuck you."

"Good cause I want to fuck you too." She then leaned way over taking Davey's dick in her hand and kissed the knob head. As she was leaning over, Junior was standing close enough to reach her ass, which he did. While June was

kissing Davey's cock, Junior fingered her crack and probed both her cunt and asshole. Before she continued with Davey, she turned her head toward Junior saying, "Thanks sweetie, I hope you fill both my holes before the night is over with your big cock."

She then began to straddle Davey's lap and without fanfare, she lowered her cunt down onto his hard dick and took his entire cock up into her wet cunt all at once. She looked him in the eye saying, "How is that? Like my warm pussy around your cock?" He just nodded yes.

"Now you can brag to all your buddies that your first two fucks were twin twats. Uhhh you have a nice cock Davey, it feels real good up inside me. Doesn't it feel good to have your cock inside a woman?" Again Davey just nodded yes.

"I'm going to fuck you until I feel your cock squirt your cum on the inside me; I love having my cunt filled with young sperm. I want my pussy to be the second fuck hole to ever receive your spunk." June began to bounce up and down on his skinny long cock while also pushing her tits into his face. He was trying to suck on her tits while she fucked him.

In the meantime my mom had removed her skirt and sat spread eagle on the automan saying, "Anyone interested in fucking this cunt over here?" Both Junior and I turned our heads to see my mom all spread out ready for some action.

Junior was the first to get his pants off and approached my mom with cock in hand. She leaned backwards on her back grabbing her knees and pulling them up to her chest while also spreading them giving Junior ample access to her wet cunt. She said, "Oh yea, just slide that hot hunk of meat of yours inside me sweetie, and give me a hot fuck." Junior was completely inside her in a jiffy and began to give her a nice hard fuck. I walked around the other side of my mom and offered her my cock to suck. She was more than happy to pleasure me with her mouth and so Junior and I took care of my mom while June was taking care of Davey.

Junior had not been fucking my mom for very long before she climaxed and as soon as I felt her quivering, I unloaded into her mouth. My mom is a fantastic cock sucker and I never seem to be able to hold back very long when my cock

is in her mouth. Junior was still just pounding away when we heard Davey begin to gasp.

We all looked over to see him with his eyes closed, obviously shooting his load up into June's love tunnel. She was still bouncing on his lap with her tits wildly bouncing with all her action. It was quite a sight, enough to get one off again almost. As soon as Davey was done shooting his load, his cock began to shrink. June said, "Oh shit, I haven't cum yet and your cock is shrinking. I need to cum too."

My mom said, "Let Junior finish you. He go me off but hasn't shot his load yet."

As June got up off of Davey's lap we could all see cum oozing down her inner thigh, she immediately laid on the floor inviting Junior to join her. Junior pulled out of mom and started to mount June. She said, "Wait baby, I want to taste your dick before you stick it in me." Junior moved so his dick was close to June's face and she licked his dick a couple times then placed her mouth over his dick. She pulled back saying, "Oh Jackie, I love the taste of your cum."

Uh, so nice. OK big guy, stick that big cock of yours up my twat and fuck me. I need to cum."

Junior moved around and positioned himself between June's out stretched sexy legs and while holding his cock, slowly lowered himself down into her cunt. As his cock began to slide inside her cunt, we could all hear a squishing sound. June said, "Oh my god Davey, you really loaded me up. WOW I'm almost totally full of cum. That's wonderful, I love guy's that can really load up my pussy with their juices. I can't wait to give you a blowjob and take a full load of you in my mouth."

She then looked at Junior saying, "So big guy, how do you like sloppy seconds, and I mean really sloppy seconds?"

"If they its your cunt or Jackie's cunt, I'll take sloppy thirds, fourths, fifths or what ever, I just love fucking either one of you."

"You say the nicest things. Now just fuck me hard, fuck good, fuck me deep, just fuck me till I cum." Junior did, he

rammed June's cunt really hard and deep, they both were totally caught up in the intensity of their fuck and both climaxed at nearly the same time. They really had a hot fuck as the three of us just watched.

When they were done, there was a very large wet spot on the carpet under June's butt. When June saw it she said, "Shit, what a waste. I would like to have sucked up all that cum, I love the taste of cum and hate to see it wasted like that. We need to lay some plastic down on something that doesn't soak of cum so that we can go back and lick up the spot where we had sex."

My mother responded, "Holy crap June, you are beginning to sound like me you horny slut."

"Well, we are twin sisters you know."

June was the first to notice Davey sitting on the couch watching and listening to the action of us four; he was quietly stroking his hard cock. She said, "Where would you like to put the nice long cock of yours now?"

His response was, "I don't know."

June said, "I know the perfect place. Jackie's cunt was the first pussy that you fucked, how about making my ass be the first asshole you fuck. I would love to have you fuck my ass with that nice long skinny cock, it would feel fantastic and I know you would like it." She had turned around pointing her ass at Davey giving him a good view of her anus.

Junior chimed in as he reached over and spread June's buns saying, "See Davey, this nice tight asshole is really hot to fuck, you will really enjoy it won't he Glenn?"

I said, "Absolutely! Assholes are hot to fuck and June's has one of the hottest assholes just like my mom's. Show Davey your asshole mom." My mom got down on the floor next to June with her asshole also pointing at Davey. I did what Junior was doing to June and spread my mom's buns so Davey had a great view of two hot assholes.

June then said, "Get some K-jelly somebody, lets get this anal fucking started." I let go of my mom's buns and headed for the bedroom to retrieve the K-jelly. When I returned Davey was rubbing his cock up and down June's crack, mom was on her knees next to Davey letting him suck her tits while she had her hand around his butt fondling his balls. June was sucking on Junior's cock.

I opened the K-jelly jar and scoop out a big glob and smeared it on June's ass. Mom also took some and was stroking Davey's cock, smearing on a good coating. I probed June's ass first with one finger then with two and finally with three to make sure she was opened up for the intrusion of a hard cock in her ass.

Mom instructed Davey to place the head of his cock at the entrance of June's asshole, which he did. Now push your cock very slowly inside her ass. He did and June just moaned with pleasure as Davey's dick slowly disappeared inside her butt. Once Davey had fully penetrated her ass, June said, "Oh Davey, you have the perfect ass fucking cock. I love how you feel inside me. Fuck me good baby, fuck this old broad really good, load up my ass with your hot cum."

Davey had a hold of June's hips as he fucked her ass, he was like an animal, ramming his cock the full length into her butt each time. June was encouraging him on by yelling between mouthfuls of cock to fuck her harder, deeper, faster. Mom as fondling his balls the whole time and suddenly she said, "He's shooting his load, he's cumming, oh man he is cumming. Can you feel that June?"

June was too busy sucking on Junior's cock to hear my mom. Once Davey shot his load, his dick immediately shrank and out of her ass his dick slid. June sensing the loss of a cock up her ass pulled her mouth free of Junior's cock saying, "Oh shit, I need more cock, I need another cock up my ass. Oh please Glenn, take Davey's place and fuck my ass. Please oh please fuck me in the ass."

Before I could get into position for fuck June's ass, my mom placed her hand in June's crotch to catch some of Davey's cum that was seeping out of June's asshole. June sensed the dripping from her ass and said to my mom, "Oh don't waste the wonderful cum, lick my ass clean before Glenn fills it

with more cum." My mom did not hesitate and leaned over to lick June's cum oozing asshole.

My cock was really hard and I wanted inside my aunt's butt real bad, as mom continued to lick June's ass I finally said, "Mom you got to move, I need to get my cock in her ass, I need to fuck her butt now!" My mom moved away but then laid down on the floor and squirmed under June so that her mouth was on June's cunt and in a position to catch any cum that oozed out of June's ass.

June responded, "Yes Jackie, oh yes. Eat me and suck me, don't let any of that precious cum go to waste."

My cock had slipped directly into June's ass without any problem. I just continued where Davey left off and fucked her ass hard, fast and deep. It is such a joy to fuck my aunt's ass, she uses her anus muscles to squeeze my cock as I fuck her, it does not take long to reach a climax when fucking her ass. This was no exception and shortly I was adding my cum to Davey's previously deposited cum deep in her bowels. I also had handfuls of tits as I fucked her. What an absolute joy this is.

When I finished and began to remove my cock, my mother was running her tongue along my cock as it receded from June's ass. Once my cock popped out, a considerable amount of cum came gushing out, my mom caught it before it landed on the floor. She licked all around June's asshole and then laid her head back while opening her mouth real wide. I knew what she wanted and so I squatted down shoving my cock into her mouth. She sucked on my dick and licked me clean while Junior came around to take his turn at fucking June's ass. Once I stepped out of the way, Junior lowered himself into position and easily slid his cock deep into June's enlarged asshole. My mother scooted her ass under June's face so the two girls ate each other's cunts while Junior fucked June's ass. Davey and I just laid back and watched the action.

Junior did not last very long, he began squirting his sperm in my aunt's ass within minutes. He very energetically pumped every drop of cum he had up her hot tight ass. My mom was simultaneously sucking and licking June's pussy with great intensity which resulted in June having a huge climax. She began to almost scream as the sensations of cumming overwhelmed her body. She reacted by sucking

very hard on my mom's cunt actually causing her pain. As Junior retracted his shrinking cock from June's ass, more cum came oozing out and when my mom realized June's ass was free of Junior's cock, she frantically licked all around June's asshole to catch every drop of cum she could.

I looked over at Davey and he was still supporting a nice hard on, I said to him, "Want to give June's ass another shot?"

He stroked his cock a couple times saying, "Sure, I'd love to."

He stepped up behind June who was laying almost totally exhausted on top of my mom, pointing his hard cock directly at her ass. When my mom noticed Davey's hard dick dangling on inches from her face and June's ass, she said, "Oh Davey, if you want another ass fuck, how about fucking my ass. Its my turn to enjoy a hard cock deep into my bowels."

Davey stepped back nodding OK as my mom squirmed out from underneath June's body. She immediately got on her hands and knees offering her ass to Davey. He asked if she wanted some K-jelly and she declined saying, "I'm already juiced up, just be slow and slid that nice cock of yours up my ass." That is exactly what Davey did, he pressed his cock head against my mom's asshole and slowly forced his cock inside her butt. She said it did not hurt very much and once he was inside her, she just moaned with pleasure. Davey then fucked my mom's ass with great energy giving her hard deep thrusts. My mom let out low moans as she revealed the joy of having Davey's long slim cock buried up her ass. It wasn't long before Davey was yet again shooting his young cum in a fuck hole, this time it was my mom's asshole. When he finished shooting off his load, he pulled his cock out of my mom's asshole and laid down on the floor totally spent.

We all relaxed for some time waiting for our strength to return. My mom was the first to speak. "Shit that was a hot session, fucking is so much fun and exciting. There is one thing I want to happen tonight and that is to attempt to have two cocks in my pussy at the same time, I hope Davey, that

you are willing to participate with Glenn in trying to get both your cocks in my pussy simultaneously."

Davey looked a little stunned but did not seem to object.  
Lots more to cum!!

# Chapter 12

Davey did not seem to object to my mom's request of having him and myself fuck her pussy at the same time. I wasn't too sure about it but had promised my mom and so was willing to go through with it. I remained on the floor recuperating from the hot fuck session we just had. Mom and aunt June were sprawled out on the couch and chair while Davey moved over to lean against the couch. Junior got up and went into the kitchen to fetch some cold drinks and when he returned, June who was on the couch had moved around so that she could rub Davey's shoulders with her feet. He was relaxed but when he looked in her direction, her pussy was but a couple feet from his nose.

She said, "Did you enjoy being with us naughty people?"

He nodded yes saying, "Oh yea, this has been great fun."

June continued rubbing Davey's shoulders and back with her feet getting a definite rise out of him as she continue

her conversation, "What have you liked the best so far? Fucking our pussies or our asses?"

Davey's cock began to rise a little more as he looked toward June starring straight into her cunt. He said, "I guess pussy fucking is better."

"Oh, so you didn't care as much about fucking my tight ass?" responded June as she raised her leg and pulled her buns apart giving Davey and the rest of us a nice view of her asshole.

"Oh I liked it alright, I just preferred fucking your pussy."

"Well that's OK, just as long as you enjoy fucking one of my holes. Speaking of fuck holes, how do you like the view you have of my pussy?"

"I love this view, you have a hot juicy looking cunt."

"Good, I'm glad you like it. I like to show it off and if I'm not around, you can always see my pussy on the internet at a website that Junior created. Say Junior, why don't you get your camera and take some more photos, I'm in the mood to pose for some hot shots of my ass, tits and cunt." Junior left the room and returned with his cameras in hand. He looked over at June who had sprawled out even more on the couch waiting for Junior to photograph her. She posed in many positions each showing lots of ass, cunt and tits. She at one point had pulled her legs up high while reaching around her butt to pull her pussy lips apart giving Junior some great pussy shots. As she pulled on her pussy lips, a small amount of cum began to ooze out of her cunt.

Junior said, "Hold it, this will be a great shot showing cum running from your hole." Junior took a dozen or so shots of June in this position, we all got closer to watch Junior.

June looked at Davey who appeared to be totally fascinated with June's cum oozing pussy, she said, "Want to eat my pussy Davey? I know I taste good."

My mom said, "Go ahead Davey, just lick her snatch a few times." Davey leaned forward sticking out his tongue and licked June's crotch.

"Oh baby, that feels good. Lick me some more sweetie, I love having your tongue on my cunt." Davey licked her a few more times while June was holding her pussy lips apart.

June moaned a little saying, "Now stick your tongue in my hole and tongue fuck me." Davey did as she said and stuck his tongue inside her cunt, he worked over her clit giving June lots of pleasure as noted by her moans.

June looked at Junior who was standing next to me as we both were stroking our hard cocks, she said, "Take some pictures of this then get over here and let my suck your cock." Junior wasted no time and began getting some great shots of Davey's tongue deep in June's pussy and of him licking her crack from her asshole to her cunt. Junior finally had enough photos and moved up on the couch so June could suck his dick.

I looked over at my mom who was totally spread out on the chair with three of her fingers shoved deep inside her cunt. I walked over to her with my cock dangling in front of me, she removed her fingers as I slipped my cock into her cunt and began another fuck session with my hot mom. She wrapped her legs around me and was begging for more cock, to fuck her deeper and harder. I rammed my cock to the hilt in her and didn't let up, I pounded her pussy with all I had, until my balls boiled over and I shot my wad deep in her womb. She had also climaxed saying, "I hope our child in me likes this, he or she must have gotten another shower of their daddy's cum." When my mother talks like this I never know what to say.

On the couch, June was climaxing from Davey's tongue action on her twat and Junior was washing June's tonsils with his cum. Junior was straining to get every drop in her mouth, and June was helping him do it.

Davey continued eating June's pussy in a very aggressive way, it looked like he really liked doing it. When Junior was done fucking June's mouth, he got down off the couch, turned and took a few pictures of me and mom, we moved our bodies so that he could get a shot of my cock buried in

her cunt. I actually moved in and out a few times letting him take a number of pictures.

In the meantime June had Davey rotate so they could 69 it. June had all of Davey's cock in her mouth while Davey was sucking June's pussy lips into his mouth. They were going at it at a torrid pace, sucking, eating and licking like there was no tomorrow. Junior grabbed his video camera and started shooting the hot scene on the couch.

Suddenly Davey stiffened up and June grabbed his cock holding it half way out of her mouth as he began to shot his load. June did not swallow but retained all his cum in her mouth just sloshing it around in her mouth with her tongue. She definitely had a mouthful. Davey got up off the couch as we watched June play with her mouthful of cum, she let some of it ooze out and run down her chin and then she looked at my mom and pointed at her mouth. My mom had me pull my cock from her cunt and get up so she could go over to the couch. She bent over and pressed her lips against June's. They passionately kissed and we could see them swapping Davey's cum back and forth. At one point my mom unlocked her lips and pushed June back so she was laying flat on her back, my mom then moved her head

so she was directly over June's tits, she opened her mouth letting the cum drool onto June's tits. She then leaned down and licked up all the cum while also sucking and licking June's nipples. My mom then crawled up June's body until they were again in a passionate lip lock. My mom began to gyrate her hips into June's working her pussy against June's without releasing their lips. Finally June wiggled around so she was on top and pulled her lips free from my mom. She then scooted down until her face was directly above my mom's pussy. June told my mom to spread her pussy lips which she did. June then drooled cum from her mouth directly into mom's open pussy. We all crawled up close to watch the cum from June's mouth drip into mom's cunt, there was a lot of saliva with the cum but it was hot to watch. I had grabbed the still camera and took a lot of photos of the drooling. June then bent down and began to eat my mom's cunt, again I got a lot of pictures. After a few minutes she slid up my mom's body taking liberties as she moved until they were again in a lip lock position. While they were kissing, they fondled each other, rubbing the other's tits and fingering pussy. Finally they broke the embrace each swallowing what cum they had in their mouths. Oh shit that was one fucking hot scene and we had it all on video and all three of us guys were harder than rocks.

My mom laying on the couch with her cunt all wet from June drooling cum in it and from eating her said, "Oh I think it's time for my double penetration, I want a double fuck up my hot cunt right now."

I said, "How do you want to do this?" I really didn't care as long as I was able to stick my hard cock in some soft wet hole and be able to cum.

My mom's response was, "Glenn, you lay down on your back and I'll mount you, then Davey can come from behind me like he was going to butt fuck me, but instead shove his cock along side yours in my pussy."

I immediately got down on the floor and stroked my hard cock a few times as my mom got into position. She placed her knees along side my legs and first bent down to kiss my cock, then she moved forward placing her cunt right above my cock. She lowered her ass taking me the full length on the first shot. She raised and lowered herself on my cock shaft a number of times uhhing and ahhing each time. She looked over at Junior saying, "Now get all of this on video

sweetie, I want to see how much my cunt gets stretched and to be able to watch this action many times later on to have something to masturbate to."

She humped my cock a few more times then told Davey to mound her. Davey got his legs on each side of my mom's and rubbed his cock up and down her crack. It felt strange to feel another cock against mine but at this point I didn't really care. He took a hold of his dick and pressed the head against my cock and mom's cunt. There wasn't any room the best I could tell but he pressed some more. He finally said, "I can't get it in."

My mom said to June, "See if you can help him out, I know I can take two cocks in my cunt." June helped by sticking her finger in mom's cunt along side my cock, she worked it around then pressed two fingers into mom's cunt. She said, "OK Davey, I think you can squeeze your cock in now."

Davey again pressed his cock along side mine where June's finger had penetrated mom's cunt. I could actually feel his cock slide in an inch or so. My mom yelled, "Oh god I can feel you getting inside me Davey, oh shit this feels so good."

Push harder!" Davey in deed pushed harder and suddenly his entire cock slipped inside mom's cunt right along side mine. It was a weird feeling.

My mom said, "Oh fuck this is hot, now fuck me guys, fuck this horny old slut, make me cum all over your cocks, fill me with your juices, fuck me, just fuck the shit out of me." Davey was doing his best, ramming his cock in and out of my mom's cunt while I worked my cock in and out a bit but wasn't able to get very much action because of the position I was in.

My mom was moaning and groaning with pleasure as Davey and I fucked her pussy together. She said, "Oh my god this is wonderful, I love it. Oh Junior I hope you are getting all this on tape, I want to see what it looks like, I know how good it feels. Oh fuck this is fantastic, June you have got to try it. Oh guys fuck this old nasty fucking slut as much as you want, fill me up with your nasty juices, slam bang me, stretch my hot cunt, oh my sweet baby is going to get a another cum bath tonight."

Davey was really going hot and heavy, he was pounding his cock into my mom's cunt as hard as he could, the sensations he was giving me were nice but I felt a little strange about it. He did not seem to care and just continued to fuck my mom like a mad man. She was going bananas and loving the sensations she was getting. It was not long before Davey climaxed and began shooting yet another load of cum into my mom, this time in her pussy already filled with my cock. As soon as he was done unloading his cum, he pulled his cock free of my mom's cunt much to her disapproval, she wanted him to keep his cock inside her but both he and I felt a little strange having our cocks touching each other. So with his cock gone, I began to thrust my cock up into her twat. I was not able to get as much action as I wanted so I had my mom and I roll over so I could be on top. Once I was on top, I began to pound her pussy really hard, there was a lot of squishing noise coming from her cunt due to it being full of cum, but I added to it and got off a nice climax about the same time my mother climaxed.

She immediately wrapped her legs around me saying don't pull out of her, she wanted me to stay inside her for awhile. I obeyed and laid down on top of my mom keeping my cock fully inserted inside her cum filled cunt. She just

moaned with pleasure, but once my cock softened, I needed to get up and did. As I stood freeing myself from my mom's cunt, June was nearby staring at Jackie's well fucked cunt seeing cum oozing out of her enlarged fuck hole. I said to her, "Doesn't that look delicious?"

She smiled at me nodding yes and was preparing to get down on her knees to partake in dining on her sister's cunt. Junior stepped up stroking his hard cock saying, "I think Jackie needs a third load of cum." June agreed and so he got down between her legs, and very gently at first, slipped his hard cock inside my mom's cunt. Once he fully penetrated her pussy, which she enthusiastically accepted, he started to pound her pussy with long, hard deep thrusts, causing her to really moan.

June was standing right next to me as we watched Junior fuck my mom. June reached down and began to fondle my limp cock so I returned the favor and fondled her ass cheeks. I ran my finger down her crack and when I touched her asshole, she squirmed a little, I knew she wanted more than just touching. I then began to probe her butt hole and was able to get a finger deep up inside her ass. She squeezed my cock real hard and wiggled her ass saying, "Uh I like this,

think you can get more fingers in me?" I immediately took two fingers and worked them up her ass to her delight. She then said, "Did you have any idea before you came home that you would be standing in your living room watching a friend of yours fuck your mother while you played with your aunt's bare ass while she encouraged you to get even more fingers up her ass?"

I said, "Not in a million years.", as I continued to play with June's asshole as Junior began releasing his load of cum in my mom's already well fucked cunt. Junior had sweat on his brow as he pounded away at her cunt. June said, "I can't wait to eat her pussy, it must be filled to the brim with you guy's cum, nice young tasty sperm. I love how all of you taste. Oh hurry Junior, I want to eat my sister's cunt."

Junior continued for sometime fucking my mom with June and I standing right behind them impatiently waiting for their fuck session to end. She maintained a tight grip on my cock and I was working three fingers as far up her ass as I could. When it looked like Junior was about done, June looked at me and said, "I hope you have another fuck in you, I would really like for you to fuck my tight asshole

while I eat your mother's cunt sucking some of your cum out of her pussy."

I said, "I'll try."

Junior slowly got up from between my mother's legs with his semi-limp cock dangling in front of him, June took advantage and sucked his cock a few times before she knelt down between my mother's legs placing her face directly in her sister's pussy and began to eat her. June stuck her ass up in the air as I approached her from behind; and with me having had three fingers in her ass, she was loose enough where I was able to quite easily slip my cock up her ass and immediately begin to fuck her. June pulled her face away from my mother's cunt long enough to say, "Oh thanks sweetie, I so appreciate you and thoroughly enjoy having your cock stuffed up my tight ass. Now just fuck my ass off!" I did my best by ramming my cock as hard and as deep as I could up my aunt's ass, grunting and groaning all the way. I had a hold of her hips real tight and really banged her butt. By the time I blew my load in her ass, I was sweating like a pig, but it was worth it, I love fucking my aunt's tight asshole and fondle her big tits as I fuck her. I think the greatest thing

is that she really loves to be fucked either in the ass or pussy, just like my mom does. What an absolute pleasure!

After I finished fucking my aunt's ass, we all took a break. I slumped down on the couch and dozed off. Junior, Davey and my mom laid down on the floor together under a blanket, each dozing off too. My aunt curled up next to me on the couch. Later in the night I woke up finding the couch to be real cramped with two of us on it so I woke my aunt and we headed for a bedroom.

I woke up in the morning lying next to my naked aunt; she was sound asleep lying on her back. I rolled over close to her, she smelled so good. Oh what a beautiful woman, her gorgeous huge tits were rising and falling as she breathed, I leaned over to kiss and lick one of her beautiful tits and then I moved over to her other tit. She stirred a little but did not wake up so I sucked one of her tits into my mouth using my tongue to play with her now erect nipple. I simultaneously slid my hand down her tummy till I reached her pussy and gently began massage her cunt lips, running my fingers back and forth across her pussy lips while inserting my middle finger inside her cunt. Her initial response was to spread her legs slightly while wiggling her ass.

As I continued to massage her clit, she started to moan real loud increasing the motion of her wiggling hips then said, "Oh that is sooooo nice. I love to wake up having my pussy played with and my tits molested. You may fuck me if you want to but I'm awfully tired and will most likely only just lay here enjoying the feeling of having your big juicy cock inside me. Oh how lucky I am to have such a sexy nephew." I took advantage of the situation and crawled on top of my aunt, kissed her before I lowered my head to suck her tits again as I raised my hips above her crotch and slowly lowered myself pushing my cock swiftly inside her cunt. She just moaned as I slid my man meat totally inside her cunt. I then slowly at first, started to fuck her with long deep stokes, ramming her to the hilt each time. She continued to moan rather loud as I fucked one of my favorite holes, my aunt's cunt.

"Oh yes baby, fuck me good, fuck my cunt with your big cock, load me up with your baby making sperm, the same sperm that got your mother pregnant. Uhhh yes! Ahhhh wonderful. Ohhh baby, this is so nice, I just love it. I wish you could move in with me and fuck me all the time." My aunt was awakening and began to really respond to me

fucking her; she wrapped her legs around me pulling me tight into her cunt while also meeting my down thrusts with the raising up of her hips, she was wanting deeper penetration, she wanted me to plant my seeds deep inside her.

"Oh baby, sometimes I'm so jealous of my sister. I want to be pregnant like she is, I want to know that a man's sperm has fertilized my eggs and that I have a baby growing inside my belly. Oh baby keep fucking me like you are doing. Ohhh yes, yes, your cock feels so good inside me. Uhhhh. If I decide to get pregnant, would you be willing to be the father?"

"Shit Aunt June, I don't know about that, I'm too young to be a father. My mom said that I will only need to treat our baby as my brother or sister and not to think of myself as their father. She also said that she will raise the child on her own."

My aunt responded, "If you get me pregnant, I will want you to do the same with our child, think of the baby as your cousin, not as your child. Ohhh yes sweetie, keep fucking

me." I was into a very rhythmic motion thrusting of my cock deep into her hot cunt. I could feel her cunt muscles squeezing my dick as I plunged into her.

I said, "What will Uncle Harry think if you get pregnant? Does he want to raise a kid?"

"No, absolutely not. If I get pregnant, he will divorce me. Oh yes Glenn, deeper, get your cock deeper inside me, yea like that, ohhhh wonderful. I have asked him to get me pregnant and he has refused. I told him that I needed a child to fulfill my womanhood and he said I should have thought of that before marrying him. I agreed to not have any children with we married, but have since changed my mind. And as things are presently going, I may end up with a black child in my belly."

"Oh, so you have been diddling some black boys have yea?"

"Yes, I spent the night with Craig a few days ago and he really loaded my up with his cum, god I love being fucked by big black men. Looking down between my legs seeing a

huge black cock slip inside me is just awesome, I love it. I love to fondle his big black cock; it is awesome. While he was fucking me and filling my pussy up with his cum, I had the feelings of wanting him to get me pregnant, I'm just like your mom in that way. So I figure it will be just a matter of time before I let these feelings overwhelm me and I let myself get pregnant by some black dude."

My aunt suddenly kissed me as she began to climax, her lips were sucking on my lips while her cunt was squeezing my cock. This took me over the edge and I began to pump her full of jizz, hot juicy jizz. I love having my chest pressed against her big tits while my cock is buried in her cunt, I love fucking my aunt. After I completely emptied my balls, I rested on top of June, she just held on to me and we laid there for some time.

We both dozed off and was awakened by my mother saying, "Did you two have a nice night?"

I looked over at her standing in the doorway totally nude, looking a bit ragged with her hair all messed up responding,

"Oh yea. I love spending the night with Aunt June, she is hot like you mom. Looks like you had a hot time."

"Oh yea. Junior and Davey took turns all night long fucking me, I think I have had at least six loads of cum pumped up my cunt."

She then placed her hands in her crotch squeezing her pussy lips together saying to June, "Be interested in some nice creamy breakfast?"

June turned her head toward my mother with a big smile on her face saying, "Do you think you really need to ask?" My mother motioned for me to get up off of my aunt as she climbed up on the bed and positioned her pussy right above her sister's face. She reached down between her legs pulling her pussy lips apart. I looked down to see cum begin to ooze out of her pussy hole and run directly into June's waiting open mouth. My mom flexed her pussy muscles a couple times making a rather large glob of cum slither out and plop onto June's lips. June ran her tongue around her lips licking up the cum as she moaned with pleasure. When it looked as though no more cum was going to ooze out of my mother's

pussy, my Aunt June raised her head trying to get her lips on my mother's pussy lips. My mother helped her by lowering her crotch until June's mouth was locked on Jackie's cunt. June began eating my mother's pussy with both women moaning with pleasure.

Finally my mom raised her cunt from her sister's mouth saying, "Had enough creamy breakfast?"

June licked her lips and said, "Yea, that was great. I love eating your cunt, especially when it is full of baby making sperm from young studs."

My mother responded, "Yea, it's a good thing that I'm already pregnant because if I wasn't, I sure would be after last night. I think Junior and Davey out did themselves last night, it seemed that every time they fucked me, I was flooded with cum. It was amazing."

I interrupted saying, "Aunt June is thinking about getting pregnant. What do you think of that mom?"

My mom looked over at June saying, "Is that true?"

"It's this way. If I'm ever going to have a child, I need to do it now. In addition, with all the fucking I've been doing, it will probably happen anyway. Which reminds me, the boys have scheduled our gangbang for next Friday. Will that work for you Jackie?"

"Oh shit yes, that sounds wonderful. Oh I can't wait. How many guys do they have lined up to fuck us?"

June responded, "Craig said that he had lined up ten guys and thought he would have three or four more by next Friday."

My mom said, "Oh fuck that is fantastic. Oh my, my dream will come true of having a dozen or so black guys stroking their cocks anxious to get them into my cunt. Oh June, just think of it, a room full of black men wanting to fuck us with their big beautiful black cocks. Having guys fondle us, lick us, fuck us, eat us, finger us and whatever else they want to

do to us. Oh fuck I'm so excited, my cunt is already getting wet just thinking about it."

June agreed saying, "Yea, doesn't that sound wonderful, each of us having five or six cocks trying to get inside our fuck holes at the same time, huge beautiful black cocks sliding inside our cunts and asses squirting their wonderful sperm in us and all over our bodies."

Jackie said, "Oh yea, sounds wonderful."

My aunt looked over at me saying, "However, that is a bit of a problem for me. By next Friday I will be in my most vulnerable state for getting pregnant."

My mom looked surprised saying, "What are you going to do? Ask all the guys to wear rubbers when they fuck you?"

"Well, I don't really think that would work. With all the hot sex that will go on, even if they agreed, at some point a rubber would break or come off or the action would get so hot that a rubber would not be used and I will end up

getting knocked up by some black dude and end up carrying his black baby."

"So again, what are you going to do?", queried my mother.

"Well based on the conversation with Craig, it would be unlikely that we could have the gangbang rescheduled. Besides I have been seriously thinking about having a baby. So I have concluded that it is time for me to get pregnant and I would like it if Glenn would agree to be the father."

My mom's eyes popped as she looked at me saying, "Whoa, what do you think about that Glenn?"

Before I could answer, June said, "I will raise the child and not expect Glenn to take any responsibility for it. This is my decision and my responsibility. I understand that is what you have done with respect to his child that you are carrying."

"Yea, that is right. So Glenn have you agreed to impregnate your aunt?"

"Ah, not yet, we just talked about it a few minutes ago, but with what she just said the conditions are, I'm agreeable."

My aunt hugged me saying, "Oh thanks sweetie, I love you so much."

My mother said, "Well, it's up to you two."

Aunt June said while still hugging me, "How about next Thursday, I come over and spend the night with you Glenn. You can fuck me all night and all next day making sure you fertilize my eggs. I want you to fuck me at least a half dozen times. Then on Friday night I can be free to fuck all the guys bare back without any worries. Does that sound OK?"

I pulled one of my aunt's tits into my mouth while nodding yes as I suckled on her tit. My aunt took a hold of my head pushing my face into her tits wiggling her chest as she hollered in glee.

My mom got up saying she was going to clean up before she cooked breakfast and that the boys would probably sleep for quite awhile. As she left the room I reached over and pinched her ass, she winked at me saying, "Hey big daddy, save some for me."

My aunt sprawled out on the bed saying, "Lets practice for next Thursday, get up here between my legs and give me a great fuck. Pretend that you are getting me pregnant and fill me up with your baby making sperm." I looked at her spread out on the bed, her big tits looked so inviting, her nipples were very erect, her sexy legs spread wide, her pussy all puffy looking ready for some good fucking, her arms reaching out for me, I just shook my head in disbelief as I climbed up on the bed positioning myself between her legs. She gave me a very passionate kiss while she reached down and guided my cock into her wet cunt. I slowly lowered my ass sinking my cock totally into my aunt's hot cunt and began to fuck her while we continued our passionate kiss. It was awesome like usual, just another hot fuck with my aunt.

When I finished fucking my aunt, I took a shower and got dressed for the day. I walked into the kitchen finding my

mother sitting at the table reading the newspaper. She had freshened up and had put on some makeup, she looked very sexy and when she heard me, she looked up with a big smile saying, "So you are going to be a daddy again, I think that is great. You know, your kids will be both siblings and cousins." I just nodded.

She was wearing her shorty robe that barely reached her crotch and left a lot of cleavage showing. I just smiled as I bent over to kiss her while simultaneously reaching inside her robe squeezing her tits causing her nipples to become erect. I released her lips saying, "You are so sexy, I don't know what I'm going to do when I have to go back to college. I love to walk into a room finding you standing, sitting or whatever, looking so sexy. My dick immediately gets hard and I'm wanting to fuck you."

"Oh sweetie, you say the nicest things, I want to fuck you too. But aren't you a bit spent with all the activity this morning?"

"Yes I am, but I just want you to know that I would be willing to take you to my room, strip you, lick you, suck you and finally fuck you."

"Umm, that sounds so nice, but lets relax for awhile and maybe later have a go at it."

"Sure mom, I think that is best." I sat down as she got up to bring me my breakfast. When she stood next to me, I reached under her robe to rub her ass, she was not wearing any panties as usual and so I ran my hand down her crack letting my fingers play with her pussy. She just stood there letting me do whatever. I used my other hand to pull her robe away but was having a little trouble so she helped by untying her robe and opening it, I leaned down and gave her pussy a big kiss, I stuck my tongue inside her for a brief moment causing her to moan.

I then sat up saying, "Do you have any more cream in there for my coffee?"

My mom looked a little surprised but said, "I don't know, let me check." She squatted a little while reaching down between her legs sticking two fingers up her snatch and worked them around inside herself.

She removed them showing me that she was empty and said, "It looks like June has sucked me dry, but if you want to reload me with some fresh cream, I'm more than willing."

I said, "Maybe next time mom." As I bent down to give her cunt another big kiss, she took advantage of me and pressed my face into her cunt rotating her hips as I tongued her cunt. She moaned as I sucked away at her pussy.

As I was eating my mother's pussy, my aunt came in and stood next to my mom saying, "Next!" I released my mother's cunt and we all laughed.

My mom said, "Glenn was hoping that I would have some cream for his coffee, but you sucked me dry. Do you have any cream for Glenn?"

"Well I have some of Glenn's cream in me, maybe there is some left over." My aunt pulled her robe open, spread her legs a bit, and fingered her own pussy and upon removing her fingers, we could all see them to be heavily coated. I held up my coffee cup and she wiped her fingers on the edge of the cup causing a very small amount of cum to flow into my coffee.

"That's it big guy, that is all the cream I have, but I am willing to find some studs to fill me up with more cream just for you."

"Thanks Aunt June, that is enough for now." I smiled as she kissed me while she reached down to rub my now semi hard cock.

She responded, "Oh shit I love you young guys, always hard for my always wet pussy."

At that point Junior entered the kitchen saying, "What did I hear about a wet pussy?"

June looked at him smiling as she opened her robe pointing to her pussy saying, "You heard right sweetie, my wet pussy, my hot wet pussy that needs to be filled with a hot hard cock."

Junior pulled down his shorts stroking his semi hard cock saying, "It will be hard in a second sugar. How do you want it, mission or doggy style?"

My aunt dropped her robe, turned around and bent over holding on to the table saying, "Doggy style big guy!"

Junior walked up behind her grabbing her hips and very gently eased his hard cock into her cunt and began to fuck her right there in front of us all. Once his cock was buried in her, he reached up and began to fondle her big tits.

My mom laughed saying, "Oh my god, I never knew that sex could be so much fun and so prevalent. Shit, I think I need a hard cock now too." She dropped her robe and sat down on my lap. I kissed her and fondled her tits while she

wiggled her ass around on my lap in an effort to get my hard cock inside her cunt.

In the midst of all this going on, Davey walked in the kitchen, he said, "Holy shit, do you guys fuck all the time?"

My mom looked up and said, "No not all the time sweetie, just most the time. Want to join us?"

"Absolutely! Love to have more sex."

My mom then said, "Oh guys, would you double fuck me again? That was so fantastic yesterday, I would love to have both your cocks up my snatch this morning and to feel two cocks sliding inside my cunt again."

Davey said sure and I just shrugged agreeing to double fuck my mother's pussy again. My mom got up off my lap and had Davey and I follow her as she wiggled her ass into her bedroom. I was closest to her and grabbed her ass cheeks as she walked in front of me, I was able to actually insert a finger up her ass. She in turn reached back and grabbed my

hard cock leading me into her bedroom. She had me get up on the bed on my back with my cock sticking straight up. She fondled my cock a little before she straddled my lap, but this time she had her back toward me and used her hand to guide my cock up into her twat. Once the head of my dick slipped past her cunt lips, she sat down and then bounced up and down a few times making sure my cock was totally engaged up into her cunt. She then leaned backwards laying on her back on top of me; she spread her legs and arms inviting Davey to mount her. He did and immediately began to force his hard slim cock along side of mine inside my mom's pussy.

It did not take him long to get his cock fully inserted into my mother's cunt, once he realized he was totally in her, Davey began to fuck her real hard. I was doing my best to also slide my cock in and out of her cunt. My mom began to moan and scream as we double fucked her. She was screaming, "Oh Davey, yes rub your cock along my clit, yes, oh my god that feels so fantastic, fuck me baby, fuck this old slut, fuck me good. Yes, ohhhhhhhh yes, love this, move your cock head back and forth across my clit, oh fuck this is the best, fuck me baby, fuck meeeee." Davey kept it up

for a long long time, giving my mother two climaxes before he shot his wad deep in her cunt.

I, in the meantime, was lying there rocking my cock in and out of my mom's cunt getting some weird sensations from Davey running his cock along side mine as he fucked my mom. I knew I would get my chance to really fuck her once Davey shot his load in her. Once Davey was done, he pulled his cock out of my mom's cunt leaving me free to fuck her. I had her roll over so I could finish her off doing it doggie style. As soon as I was in position, I began to really ram my mother's cunt with hard deep thrusts, making sure I was in her as deep as I could get. I grabbed her hips and pulled her into me each time I rammed my cock inside her pussy. She again began to moan as she climaxed a third time within a matter of minutes. My mom said, "Oh sweetie, you fuck me so good, I just love it. Oh yes baby, give our baby another cum bath, flood my love tube with your hot sperm, your baby making sperm, pretend that you are getting me pregnant again. Cum baby, cum inside your mother, give me all the cum you have. Oh god this is good, I love being fucked by you. I hope you will always want to fuck me, your slutty mother. Ohhhhhh yes, yes, yesssss, fuck me."

At that point I began to shoot my load of cum deep inside my mother's cunt, flooding her womb with another load of my juicy sperm. Once my mom felt me cumming, she began to flex her cunt muscles milking my cock of its cum juice. She makes me crazy when she does this, it certainly drains more cum from me than usual.

We both collapsed on the bed, totally drained of energy while simultaneously being overwhelmed with pleasure. As I laid on top of my mom, I wiggled and flexed my ass giving my mom as much action in her cunt as I could. She just moaned saying, "Oh honey, I love it when you do that, I so love having sex with you, you are the best."

As we laid there enjoying each other, June stuck her head in saying, "I've got lots of cream for your coffee now Glenn!" I looked over at her to see her standing in the doorway completely nude with her hand in her crotch and her fingers obviously stuck way up her cunt.

She then said, "Junior really loaded me up, I probably have enough cream here in my cunt for two cups of coffee. Anyone interested?"

I nodded OK and began to remove my cock from my mother's pussy. She reached back grabbing my hips preventing me from raising my hips saying, "Oh baby, not so fast, I love having your cock inside me. I'm not done enjoying you." I never want to displease my mom, so I reversed my action and ground my cock back in her cunt for a few more minutes listening to her moan and groan with pleasure then withdrew my cock from her pussy.

I headed for the kitchen to get my cup of coffee with fresh cream to find my aunt squatting in the middle of the kitchen floor with a coffee cup just below her cunt. She was flexing her cunt muscles trying to work out the sperm that Junior had pumped into her. There was a large glob of cum hanging on the edge of her pussy lips that was slowly oozing toward the coffee cup. Both Junior and I watched as June continued working her cunt muscles until the glob finally dropped into the cup. She then reached down forcing a couple fingers deep into her cunt causing more cum to ooze into the cup. Her fingers were coated with cum which she scraped off using the edge of the coffee cup. She then stood up taking the cup over to the coffee maker and filled the

cup with coffee, stirred the cream into it and handed it to me saying, "Your coffee with cream sir."

I took the cup in one hand and with the other I reached down to my aunt's cunt and stuck a couple fingers inside her pussy while also kissing her. She pushed her tits into me as we embraced causing my cock to respond. She in turn reached down to stroke my hard cock, shit I love having my aunt around. We stood there for some time fondling each other before she broke the kiss saying, "Your coffee is going to get cold."

I released her and sat down at the kitchen table with my cock still as hard as a rock, first I licked my fingers savoring the flavor of my aunt's cunt, then I began to sip my creamed coffee. As I sat there, I stroked my hard cock a few times as I enjoyed my coffee. My aunt said, "Well, how does your coffee taste? And why don't you let me jack you off while you enjoy your coffee?"

I just removed my hand from my hard cock and leaned back in my chair as Aunt June got down on her knees next to me taking my cock in her hand and began to jack me off.

Junior stood watching the action for a few minutes before he walked over to June offering his hard cock for her to suck. She gladly opened her mouth accepting Junior's cock mumbling something about young hard cocks. Junior slowly rocked his cock in and out of June's mouth while he firmly held her head; she continued to pump my cock with a steady rhythm generating the very familiar feeling in my balls. Junior's cock was almost right at eye level for me as I intently watched my aunt suck on his cock. She had a big smile on her face with her mouth full of cock totally enjoying the action she was having.

About that time Davey walked in the kitchen saying, "Jesus, do you guys ever quit? Fuck that looks hot."

I said, "Why don't you get down next to June and play with her pussy and fondle or suck on her tits at the same time." He smiled and got on his knees right next to June first taking a tit in each hand and squeezing them and pinching her nipples. She wiggled all over with excitement. He leaned down and licked each nipple before he lowered his hand down her bell until he found her pussy and stuck a couple fingers in her as he leaned his sucked real hard on

her tits. June reach around until she found Davey's hard cock and began to stroke it also.

What a site we must have been, me sitting at the table sipping my coffee while June on her knees next to me stroking both my cock and Davey's as Junior fed his cock to her mouth. Davey leaning down in front of June taking first one tit then the other in his mouth while simultaneously fingering her pussy.

Junior began to moan and I knew he was about to blow and blow he did, he had pulled his cock out so that only the head of his was in June's mouth when he shot his load. June did not swallow holding Junior's entire load in her mouth and mumbled something about my cup. I quickly grasped what she was saying even though her mouth was full of cum and placed my coffee cup close to her mouth. She drooled the cum from her mouth into my cup and when finished she said, "More cream for your coffee sir!" We all laughed as I swirled my cup to get the cum to mix with the coffee.

At that point my mom had entered the kitchen and seeing what was going on said, "I'll take some of that coffee." She

took the cup from me and took a big swallow exclaiming,  
"Now that is a good cup of coffee, a wonderful flavor."

# Chapter 13

I remained sitting as my aunt continued the wonderful stroking of my hard cock while I watched my mom sit herself down at the table next to me. She very provocatively spread her legs wide revealing her hot looking pussy while she sipped her coffee. I stuck my tongue out at her and wiggled it to indicate that I wanted to lick her pussy, she in turn reached down between her legs sticking a finger in her pussy, worked it around a bit then reached over to me offering her cum coated finger for me to lick. I did and moaned at the same time. My aunt remained on her knees next to me busy stroking both my cock and Davey's cock while simultaneously sucking on Junior's cock; Junior had his hands on the back of her head and was thrusting his cock in her mouth giving her a nice gentle but deep face fuck.

I knew that within a very short time, there would definitely be more cream available for my mom's coffee. Davey was the first to begin moaning, my mom alertly got down on the floor and moved over to where he was kneeling, took his cock away from June and began to jack him off directly into her coffee cup. It did not take her long to get him to

release his load for yet another shot of cream into her coffee. Once he finished she leaned down and sucked his semi-limp cock into her mouth enjoying a direct taste of his cream.

June used her free hand to fondle Junior's balls as she patiently let Junior face fuck her; she just held her head still as Junior continued to thrust his cock in and out of her mouth. At one point Junior drove his cock totally down June's throat, she gagged a little but deep throat his entire cock, in fact she reached around his butt and tried to push more of his cock down her throat for a couple seconds. She released his ass and suddenly, Junior began to squirt his load into June's mouth, she did not swallow as she retained every drop. Once he finished she motioned to Jackie who quickly held her coffee cup under June's chin, June then drooled a long string of cum in Jackie's coffee cup.

June then turned her face toward me and while holding my cock straight up, leaned over and drooled more of Junior's cum onto the head of my cock. A long string of cum oozed down my dick and onto her hand holding my dick. She said, "I love a gooey cock, a slimy cum coated cock. I love your cock sweetie, I love to suck it, lick it and fuck it. Right now I

just want to suck all your baby making sperm out of your balls so that you will have fresh sperm next week to knock me up. I want to make sure your little tadpoles will be eager to fertilize one of my eggs." She then leaned further down taking my entire cock into her mouth and began sucking me off. She pushed one of her hands under my butt squeezing my balls a little but was trying to get her fingers in my ass. Once I realized what she wanted, I raised my butt up giving her access to my asshole. The next thing I felt was a digit up my ass, massaging my prostate as she sucked on my cock.

As the familiar feeling began to occur deep in my balls I started to moan, I heard my mother say she wanted some of my cream for her coffee. June with her mouth full of my cock shook her head "no" and continued to suck on my dick while simultaneously massaging my prostate, shit she was driving me crazy with her mouth and finger. Within minutes I was unloading what sperm I had left directly into my aunt's mouth, there wasn't much but what I had I shot it directly down her throat.

June released my cock and said, "Oh sweetie I really wanted to taste your cum, but that is alright. I love having you cum

in my mouth even if I didn't get a chance to taste your jism. I want you to think of my mouth as just another fuck hole for you. I can't wait until next week when you take me over and over again filling my womb with your sperm, knocking me up higher than a kite. Would you consider not fucking anyone for a couple days before you fuck me next Thursday?"

"For you Aunt June, I'll do most anything. I'll make sure my balls are plumb full of sperm so that the first load of cum I pump into your cunt will be awesome, flooding your womb with millions of little tadpoles searching for your fertile eggs."

June looked over at Junior saying, "I want you around too, to photograph my impregnation, I want lots of close up pictures showing Glenn's cock in my pussy pumping me full of his baby making cum. That may take some time cause I want Glenn to fuck me all night long, maybe five or six times to make sure he gets me pregnant."

Junior responded, "Of course I'll do that for you June. Will there be any chance of me getting a little ass on Thursday too?"

"Well of course Junior baby, I will have time for you once Glenn finishes his job. You can load me up before Jackie and I get serviced by all the black dudes at the gangbang. If Glenn's sperm doesn't knock me up, then maybe it will be your sperm that impregnates me and if you don't do it, by Saturday morning I'll be having a little black baby growing inside me. Just think Jackie, from Thursday through sometime late Friday night, we'll be getting fucked almost constantly receiving dozens of loads of cum in our fuck holes, it will be cream pie heaven. Doesn't that excite you?"

My mother smiled saying, "It surely does, and it will be mostly black man cum from big black juicy cocks squirting their hot cummy loads into our cunts, asses and mouths. Just think, we'll be having dozens and dozens of climaxes from big black cocks, the ones that I love to fondle, suck, lick and fuck. The idea of having a big black cock in my face to play with, to suck on, to lick while at the same time my cunt or ass is being pounded by another big cock, shit I'm getting wet just thinking about it."

I looked over at my mom saying, "I need a break, my balls hurt." We were all a bit tired after our intense sexual play and needed to clean up. I headed for my bathroom, my mom and aunt used the master bath while Junior used the guest bathroom. Davey headed home.

The next few days just seemed to wizz by. On Tuesday, my aunt called to remind me to keep my cock out of my mother's cunt, ass or mouth and that of any other female saying, "Baby, I want you ready and fully loaded for my big impregnation, I want your balls to be full of hot cum ready to fertilize my eggs, I want to be the mother of your second child." Just hearing her voice and telling me all these things had me hard. My mom was careful and did not do her normally sexy stuff to help me stay celebrant. It was a struggle but Thursday finally came. At about 6 pm, my aunt showed up wearing the sexiest short skirt and low cut blouse with spike heels. Shit she looked hot, the moment she stepped in our house, my cock was rock hard.

She walked up to me and gave me the hottest kiss ever, one long passionate open mouth kiss with lots of tongue. She

pressed her enlarged chest into me while she ground her hips into mine as our lips remained locked for what seemed like hours. She released me saying, "Is Junior here? I'm so excited, I just can't wait to feel your cock inside me shooting your sperm deep inside me. Oh god I'm horny, I need to be fucked really bad."

My mom came in the room saying, "Junior is on his way, in fact he should be here any minute."

My aunt said, "Oh that is wonderful. I want to start by doing a strip tease letting Junior get lots of shots of my tits, cunt and ass and then have him take a close up of Glenn's cock penetrating my cunt and especially when Glenn climaxes pumping his sperm in me. I went to the doctor yesterday for a check on my fertility, he said that I was definitely ripe for getting pregnant, he offered to be the father. He is a dirty old man and has fucked me many times. Yesterday I let him fondle my tits and finger fuck my cunt and ass while I sucked him off but told him my fertile pussy was reserved for a very special cock."

Just then we heard a car drive up and sure enough, Junior was here. I went out and helped him bring in some new equipment. Another guy was with Junior, a black kid named Jamal. Junior introduced him saying, "I asked Jamal to help me, he will be using the still camera while I man the camcorder. I want to make sure we get some sharp close ups, and Jamal is the man that can do that." The three of us walked in and Junior explained Jamal's presence to my mom and Aunt June.

When Jamal saw my aunt he stopped in his tracks saying, "Oh my god, what a hot looking woman. You mean I'll be taking pictures of this lady getting fucked?"

My aunt walked over to him responding, "Yes and when I'm done fucking Glenn and Junior, you can have a turn with me if you want." As she spoke she reached down and fondled his hard cock through his pants.

Jamal reached over and fondled June's tits saying, "Just let me know when my turn is, jesus you look so hot."

My aunt winked at Jamal and headed into the living room beckoning the rest of us to follow her. She said, "Lets start in here where there is room for me to dance around a bit while I strip for you, then we can all go into Jackie's bedroom where the Glenn will knock me up." Jamal and Junior set up some lighting while my aunt danced around a bit teasing the guys with views up her skirt and down her blouse in addition to rubbing her big tits against their bodies. At one point June rubbed Jamal's crotch asking to see his dick. He obliged and pulled his cock out which was a good 7 inches long, her response was, "Oh baby, I'm really looking forward to having that beautiful piece of meat of yours crammed up my snatch. Oh Jackie, look here, we have another big black cock for us to fuck. And Jamal, while Glenn and Junior are fucking my brains out, my sister here will be more than willing to let you fuck her. But be sure and leave some juice in this thing, I want you to be able to pump some of your baby making sperm into me too."

Jamal looked over at my mother who was smiling at him as she rubbed her pussy saying, "Oh yea big guy, my pussy is itching for another fuck, especially from a black cock like yours."

Junior then said, "OK, we are ready anytime you are June. Jamal will take still pictures and I will run the video."

June looked over at my mom who was ogling Jamal's cock as he slowly stroked it while he pointed it in my mom's direction. June said, "Jackie, sweetie, play some hot stripping music so we can get this party started. I want to get fucked really hard really soon and get knocked up by Glenn so I can then fuck everyone else non stop."

My mom went over to the stereo and inserted a couple CD's and suddenly the room was full of some great tunes. June immediately began her strip. She did not waste any time in getting herself nude and began rubbing her tits and pussy are over me. As I sat on the couch, she took a hold of each tit and basically wiped my face with her tits while she squatted on my knee rocking her cunt back and forth along my leg. She then had me lean back on the couch while she stood on the couch placing a foot on each side of my legs putting her pussy right in front of my face. She leaned forward forcing her cunt against my mouth, I willing began to lick and eat her juicy cunt as she moaned and groaned with pleasure. I bit her pussy lips and tongued her clit while I ran my fingers along her crack paying special attention to

her rosebud. She finally stepped down saying, "I'm ready big guy for you to plant your baby making seeds inside me and give me a baby. I want your cock in me right now. Let's go upstairs to Jackie's room and get it on, I want to be knocked up, I want to have a baby growing inside me, your baby."

She took my hand leading me to mom's room with Junior and Jamal following right behind us. Junior had the video camera right on June's butt as she walked down the hall. Once in mom's bedroom, June walked over to the bed, laid on her back doing a spread eagle saying, "Get your ass up here and fuck me good Glenn, fill my pussy with your hot baby making sperm and get my eggs fertilized, I want my belly to swell up with your child. I want you to get me pregnant, I want to be fucked deep and hard."

I removed my clothes and crawled up between my aunt's out stretched legs. I lingered long enough to admire her pussy giving it a loving kiss and licked my way up to her magnificent tits, sucking and licking every inch of both boobs. I then gave her a deep kiss as I lowered my ass letting my cock head enter her cunt. Once she felt my cock entering her cunt, she broke the kiss saying, "Junior, I want

good pictures of Glenn entering me and especially when he unloads his balls and squirts his baby making sperm in me. I want lot of shots of him fucking me, some really close ups." She then resumed kissing me as my cock sunk deep into her cunt.

Once my hard cock was totally inside her, I began sliding my dick in and out of her cunt in the typical fucking action, I was really ramming her hard on the down stroke. She just grunted and moaned with pleasure each time I hit bottom saying, "Oh yes baby, fuck me good, fuck me deep, make a baby in me. Give me all your sperm, your hot juicy baby making sperm." I continued humping her cunt while fondling her big tits and passionately kissing her. It was a hot scene that makes me cum every time I review the video. I had never seen my aunt so passionate, she was really hot and horny, bucking against my hips, rubbing her tits into me, giving me very open mouth kisses.

It did not take too long before my balls began to react as I felt the urge building deep in my gut. I began to really slam my cock into her and when she sensed that I was about to blow, my aunt screamed, "Oh fuck yes, get me pregnant, fill my womb with your sperm, fertilize my eggs, give me a

baby, oh shit I want this, fuck me sweetie, give me all you got." As soon as I heard her scream, I blew and shot a huge wad of fresh baby making sperm deep into her cunt, I really loaded her up. When I was done I could hear the squishing of my cum when I rammed my cock into her cunt.

She held on to me real tight telling me not to get up, that I needed to keep my cock in her as long as possible so that no cum would not leak out. I did not object as I love lying on top of her feeling those nice tits against my chest. We continued kissing for some time. I love kissing my aunt, her lips are so hot and her tongue is so active, it gets me hot which was exactly what she was trying to do. Sure enough after a few minutes, my cock began to respond and when my aunt noticed she said, "Are you ready for round two baby. I want you to fuck me at least three or four times before I accept another cock in me, I want to make sure it's your sperm that finds one of my fertile eggs."

I just nodded yes as I raised my ass up a little and began fucking her again. This time we fucked for a least 20 minutes before I shot my load in her. We used a number of different positions without letting my cock escape from her

cunt and keeping her ass below me to make sure my sperm remained deep inside her.

After our second fuck, Junior asked, "Do you still want me to photograph all your fuckings, or is this enough for now?"

My aunt responded, "That's enough for now. I'm sure that Glenn has impregnated me and we have the photos and tapes to remember it by." I looked over to see what my mom was doing, she was kneeling down in front of Jamal sucking his black cock while he had the camera pointed down at her catching shots of his cock disappearing into her mouth. She was attempting to deep throat him, it was awesome to see so much of his big cock slide into her mouth, she nearly had all 7 inches down her throat.

My aunt was lying on her back with me still on top with my cock still implanted in her cunt. She looked so blissful lying there, her tits look huge and her cunt felt really good and was well lubricated with me dumping two loads in her plus her own juices from at least two orgasms.

My mom crawled up on the bed next to us with Jamal right behind her positioning himself between her outstretched legs. They began to passionately kiss as Jamal sank his cock into my mom's cunt. Junior had set down all the photo equipment and was standing next to the bed stroking his hard cock. My mom was the first to notice him and said, "Oh Junior baby, we are not going to leave you out, once Jamal has fucked me for a few minutes, we will turn over so my ass is available for you."

Junior just nodded OK as he continued stoking his cock with one hand while reaching over and fondling my mom's tits with the other. June began kissing me again to get me hard again which it did. Mom and Jamal were fucking right next to us, they were also kissing and I could tell my mom was really enjoying the passion she was getting from Jamal, their lips were locked together for quite some time with lot of action by their tongues. After a few minutes, my mom had Jamal stop their embracing and fucking so that they could turn over. Once my mom was on top, Junior got up on the bed and mounted my mom's ass. He placed his hard cock at the entrance of her asshole while simultaneously applying some lubricant to his cock and her tight rosebud, he was quite successful and within seconds my mom was

receiving the pleasure of having two cocks implanted in her body.

As the two guys were fucking her, she leaned in my direction giving me a kiss. When our lips parted she said, "Oh baby I love you so much. I know that you have given June just what she wants, a growing baby in her belly. When you get done fucking her, I want you to fuck me again. I love having your cock inside me, OK baby?"

I just nodded as my cock began to respond again. My aunt smiled at me saying, "Oh Glenn, you are such a stud, I think three loads of cum in my pussy should do it, don't you?"

"Yea June, I think that should be enough to ensure that I've knocked you up, but I'm willing to fuck you all night if you want me to."

"I know sweetie, but your mom wants to fuck you and I would like to try out Junior and Jamal's cocks too." I nodded OK as I continued fucking my aunt. Even though it was my

third fucking in a very short time, I got off quite soon, filling my aunt's cunt with a reasonable amount of spunk.

There was a lot of moaning and groaning going on next to us as Jamal and Junior were double fucking my mom to her total delight. My mom raised her head enough to ask Junior if he would like to try in get his cock in her cunt along side Jamal's. Junior responded, "I'd prefer just to keep fucking tight ass Jackie!"

"I know you would sweetie, but please, just this once give me a double cunt fuck. Please! Please! Just a couple of thrusts and then you can go back to fucking my ass and dumping your hot load deep in my ass and I will suck your cock right after you take it out of my ass."

"OK, I will do this if you'll do as ass to mouth trick." She nodded yes as Junior slowly withdrew his cock from my mom's ass. When his cock popped out, he took a hold of it and pressed the head against her cunt along side of Jamal's cock. He pushed hard and surprisingly, his cock slide quite easily into her pussy. My mom groaned in total ecstasy as

Junior's cock became totally implanted in her cunt and as he began to slowly fuck her.

Junior said, "This feels weird but good. You're nice and tight, fuck this feels good." Junior began to pick up the rhythm a bit and slammed his cock deep inside her cunt a couple times.

"Oh baby, I love this, oh June you need this. Two cocks in your cunt is fantastic, it feels so good. Oh yes baby, fuck me, oh fuck me, oh FUCK ME!!!" Junior continued fucking mom's cunt while Jamal laid on the bottom working his cock in and out of my mom's cunt as best he could.

Finally Junior withdrew his cock from her cunt, aimed at back at her asshole and rammed it home. My mom just let out a loud groan as Junior totally impaled her ass.

I think my aunt was wanting to get in on some of this double cock action so she said to me, "Lets turn over, OK?"

We did with my cock remaining lodged in her pussy. Once she was on top she looked over at Junior and said, "Would you like to try my ass for awhile?"

My mom objected, but June responded, "Don't be a hog, let me have some double pleasure too. He can finish by dumping his load in your ass, OK?"

My mom agreed as Junior pulled his cock free from my mom's ass moving over to mount my aunt's ass. He first lubricated her asshole before placing the head of his dick against her butt hole and driving it home. I could feel his cock sliding in her ass and once he was totally inside her, she looked at me and said, "You young studs are so much fun to have around, I have never has so much sexual fun in my whole life."

Her eyes then immediately closed as she began to enjoy the intrusion of Junior's cock in her ass while my cock was still totally implanted in her pussy. While Junior was fucking June's ass, mom began to raise and lower her ass as she fucked Jamal's cock. She was really pumping her ass up and down. I reached over and began fondling her tits while she

was busy fucking Jamal. She looked at me giving me a big smile and blew me a kiss saying, "I wish you could reach my ass, I would love for you to finger me right now." I just smile and blew her another kiss.

Junior was really attacking June's ass, but she reminded him that he needed to shoot his load in her sister's ass. So after a very short time, he popped his cock out of her ass, moved back over to my mom's butt, and re-implanted his cock in her ass and shortly there after, dumped his load of sperm deep in her bowls. Once he unloaded his sperm in her ass, he withdrew his dick and got up off the bed and stood with his cock pointing at my mom's face.

She scooted over to make contact with her mouth sucking on Junior's cock a number of times before she looked up and winked at him just as she and Jamal once again turned over so Jamal was again on top. He really began to fuck my mom, he pounded her like an animal and within a very short time they both climaxed.

I did the same, rolled my aunt over onto her back and finished fucking her hard and deep. Once done I said, "Now

you should be pregnant for sure and I hope it is a boy so when he gets old enough, he can fuck his mom and aunt like I get to do." My aunt wrapped her arms around me and held me tight against her not letting my cock slide out of her cunt.

She said, "Oh Glenn sweetie, I love you so much. I too hope it's a boy and he is as good of a lover as you. Now just stay put for awhile to make sure your baby making sperm stays in my pussy and has a chance to find one of my fertile eggs. Oh baby, I love fucking you." We kissed as I laid on top of her, feeling those wonderful tits against my chest.

My mom got up and went to find us all some refreshments. I eventually got up and we all went into the living room to recuperate. Junior took his digital camcorder and began to review the shots he had taken. After a bit he said, "Here it is I think, when Glenn pumped his first load of semen into June, here is when the impregnation occurred." We all gather around Junior intently watching the little screen as a close up appeared of my cock in June's cunt with me giving June short strokes hearing me grunt in the background.

June looked over at me smiled and said, "Yep, I think that was it, that is when Glenn Junior was conceived. Oh I'm so happy, I think I can feel my belly grow already." We all laughed as June rubbed her belly. Junior turned and rubbed her belly letting his hand trail down to her pussy.

June said, "You are next big boy, I want a load of your sperm in my cunt just in case my eggs have been playing hide and seek with Glenn's tadpoles. I'm really horny and would fuck you right now, but I want to wait about an hour or so just to give Glenn every chance of getting me pregnant." Junior agreed and continued playing with June's pussy by shoving his fingers up inside her while she leaned over letting him suck on her tits.

June then reached over to Jamal saying, "When Junior finishes fucking me, I want a load of your sperm in me too, OK?" He nodded yes as June reached down stroking his semi-hard cock, he responded by reaching over and fondling her tits.

In the meantime I took mom's hand and led her over to the couch, I sat her down next to me. I just started making out

with her like a school kid, kissing her, fondling her tits and reaching down between her slightly parted legs to play with her cunt. I just kept it up as we began to get really horny. I kissed her ear lobes, licked her neck, bent down and kissed her tits, returned to kissing her open mouth. She had a hold of my hard cock as we kissed and fondled one another. I could not take it any longer and pushed her down and mounted her. She grabbed my cock aiming it at her cunt and once I felt the head slide between her cunt lips, I rammed it home. I was so horny, I really needed to fuck my hot slutty mom. It just turns me on to know that my mom enjoys this and wants me to fuck her, she willingly wants me to treat her like a slut and to fuck her hard.

Once I finished dumping another load of cum into my mom, I looked over to see what was happening with the others. There on the floor was June on her hands and knees, Junior's cock was fully implanted in her cunt and Jamal's cock as in her mouth. She was moaning and groaning with pleasure. Junior was grunting indicating that he was now shooting his load of sperm into my aunt's cunt. My aunt was being careful to not get Jamal too excited cause she wanted him to save his cum for her cunt. When Junior finished June asked that the two guys switch positions, which they

did. And within moments, Jamal was dumping yet another load of cum into June's well fucked cunt.

After this little episode, we all headed to bed. Junior, Jamal and my mom headed for her room, aunt June came with me to mine. June and I fucked twice more during the night, I don't know where I got the strength to do it, but I did. As soon as we were in my room, my aunt laid down spread eagle beckoning me to get between her legs and to fuck her one more time. There is no way I will ever refuse to fuck her, her tits alone make my cock hard. I laid on her while I rubbed my cock up and down across her slit till my dick was hard again, then I slipped it deep inside her wet pussy and fucked her one more time giving her yet another load of cum. Sometime during the night she woke and gave me a blowjob, once she got me hard, she mounted me and we fucked again.

In the morning my mom said that Junior and Jamal had each fucked her again before they retired and she was also able to get them to give her another double pussy fuck this morning. This time Junior was on the bottom and Jamal was on top and really gave her a good fucking with Juniors

cock fully implanted in her cunt at the same time. She just loves being double fucked in the pussy.

During the day not much happened, the girls were a bit sore and we were tired. Junior took Jamal home in the late morning but not before he had a chance to fuck both my aunt and mom one more time. He fucked my mom's pussy right on the kitchen floor while we were all eating our breakfast. He had come into the kitchen naked with a raging hard on, he walked up to my mom who was standing at the sink rinsing out some glasses. He put his arms around her squeezing her tits while his hard cock nestled between her buns. When she felt his hard cock sticking in her ass, she turned her head giving him a passionate kiss then said, "You need some help with the hard cock of yours?"

He nodded as she turned around getting on her knees as she opened her mouth taking in his dick. He face fucked her awhile then said, "I want to fuck your cunt, I want to pump your pussy full of my sperm, you cock sucking slut."

"Oh yea, talk to me dirty, make me hot."

"Get your cunt ready for some hot fucking, you cum eating bitch'en slut." My mom stood up giving Jamal another passionate kiss while she ground her cunt into his crotch. Jamal reached around her back grabbing her ass cheeks spreading her buns for all of us to see her reddened asshole. He moved his hands down so that his fingers were playing with her asshole and actually getting the tip on one finger in her ass.

My mom released her lip lock on Jamal saying, "I want my ass fucked, I want to feel that georgous cock of yours stuffed up inside my tight ass. Then I want to feel you pump your cum deep in my bowls and when you are done, I want to suck your dick and clean it before you fuck my sister again. You do want to give her another load of sperm in her belly don't you?"

Jamal nodded yes as my mom walked over to the table where we were sitting, laid over the edge while reaching back to spread her buns. She said, "Right here Jamal, fuck my ass right here on the table, I want all to see your cock sliding in and out of my asshole.

Before Jamal got behind her I jumped up and said, "Let me get your ass prepared mom." I leaned over her butt and licked her asshole a few time, then I pulled her buns apart even more while I used my tongue to pry open her bung hole. I spit on her and continued using my tongue on her ass. Finally I stuck a finger in her ass and worked it around a bit.

Junior said, "Let me help." He also stuck his finger in my mom's asshole next to mine, We finger fucked her a few times as she moaned with pleasure. My aunt said, "I don't want to be left out, let me help." She got up and walked around the table and replaced our fingers in her sister's ass. She also spit on Jackie's ass as she shoved her two fingers deep into her sister's asshole. My mom reacted to the new fingers in her by wiggling her butt and raising her ass to get more penetration. My aunt then removed her fingers and leaned down placing one of her tits against Jackie's ass forcing a nipple into her bung hole.

My mom looked around saying, "What is that in my ass?"

June responded, "It's my tit."

"Oh nice, but I need a cock in my ass right now. A hard cum spewing cock." June pulled away giving space for Jamal to step up as he placed the head of his cock at the entrance of Jackie's ass and with very little effort, his cock slipped deep inside my mom.

She moaned in total pleasure, "Oh fuck yes, oh god I love having a cock up my ass, fuck me, cum in me, oh shit I want to be fucked hard. Yes, fuck my ass, fuck me good, give me a big fucking load of cum up my ass. Oh god, rape my asshole."

As Jamal started to fuck my mom's ass, my aunt walked over to me while holding her tit up that she had just removed from my mom's ass and offered it to me. I smiled leaning down as I sucked on her tit, the nipple in my mouth had just been in my mom's ass, oh shit this was hot. As tired as I was, my cock didn't know any bounds and was hard again as was Junior's.

Once my aunt saw our erect cocks she said, "I'll take care of you guys, lets go in the other room and have little fun."

Glenn I want yet another load of your sperm up my cunt, and Junior my ass is all yours." When we got into the living room, I laid down on the couch with my dick sticking straight in the air. June got on top of me with her pussy right above my dick, she slowly lowered herself onto my cock and once my dick was fully implanted in her cunt, she told Junior to mount her and to get his cock in her ass. He did and we three laid on the couch squirming and humping till we all came. I think it was my sixth load of cum that I had pumped into my aunt's cunt since last night, I'm sure she is pregnant by now.

When we finished and relaxed, we discovered that Janal and my mom were standing next to the couch watching our little threesome. They were both nude, my mom was stroking Jamal's still hard cock while he was fingering her pussy and fondling her ass with an occasional sucking on her tits. She had cum running out of her asshole and down her thigh. Jamal was the first to speak, "June, am I going to get a chance to fuck your pussy again and dump some of my sperm in you before you all get gangbanged by my black brothers?"

June looked over at Jamal saying, "That cock of yours is always welcome in my pussy or ass. Yes, I want you to fuck me. I want you to have a chance at getting me pregnant even as slim as it might be, I think Glenn has done the trick with all the cum he has spurted in me. But another load of cum in my hot snatch is always welcome, especially black man cum."

Junior had rolled off of June and she lifted herself off me, disengaging my semi-hard cock from her cunt. She too had cum running out of her pussy and down her thigh. She got up taking a pillow from the couch and walked into the hallway by the front door. She said, "How about right here Jamal, I have never been fucked in Jackie's hallway, about everywhere else, but not here in the hallway." She laid the pillow down, sat on it and motioned for Jamal to join her, which he did.

She laid back spreading her legs offering her pussy to him, he got down between her legs and without any ceremony, began fucking her hard and fast. It was not long before Jamal was giving her pussy a cum bath.

In the meantime with me still lying on the couch, I looked over at my mom and seeing cum running down her thigh, I said, "Do you want me to take care of that for you?"

She first looked down between her legs to see the cum and then looked at me with a twinkle in her eye saying, "And how do you propose to take care of this little situation?"

"I think the best solution is for you to sit on my face and let my lick you clean."

"Ohhh, that is so nasty!"

I winked at her as she began to get up on the couch to position herself with her ass in my face. She was on her hands and knees facing away from me but looking between her legs at me. She said, "Honey, this is so hot. It makes me so horny to know you, my son, is actually playing with my most private parts. For you to be tonguing my asshole like this is just the hottest and the wildest. I love you and want you to know how special I think you are. I love having sex with you and for you to be so open and free with me, I love

having you eat me, fuck me, suck me and whatever else you want to do with me. I'm just your sex slave. I want to please you so much. I love having you eat my ass."

I blew her a kiss as I reached up to pull her ass closer to my face while she placed her mouth around my cock. I first licked her thigh and then ran my tongue all the way up to her leaking asshole. I licked her ass clean of cum and had her squeeze every drop out she could with my assistance of sucking on her asshole. Once I finished with her ass, I moved back to eat her pussy. She in the meantime was giving me a wonderful blowjob. Once I began eating her cunt and giving her pleasure that was getting her close to another climax, she paused long enough to ask Junior if he would like to have sloppy seconds in her ass. Well, she did not have to ask twice, as I munched away on her hot cunt, Junior mounted her backside and had his cock deep in her ass in seconds.

After we all finished yet another round of sex, Junior took Jamal home. When Junior got back he said, "Well we had better get the equipment loaded and get ready for the big party at Craig's house." When Junior and I finished loading the car, June and Jackie got ready, man did they look hot.

Both were wearing very short skirts tight around their asses without any panties of course, low cut blouses showing lots of cleavage and very high "fuck me" heels. They both looked like sluts wanting to be fucked, which is exactly what was going to happen.

When we got to Craig's place, Junior and I went in to see what the situation was. All the guys were there waiting for the two sluts to arrive for the gangbang. We sat up the cameras and then had the girls come in. They arrived with all the guys welcoming them with lots of hoots and hollers. As the gals walked around each guy took pleasure with them, reaching under the skirts to finger their pussies, squeeze their buns, squeeze their tits, and kiss them while the girls fondled each guy's crotch. There were 12 guys and once the girls made the rounds, each gal took 6 guys to a corner of the room and started to make out. The guys help both June and Jackie remove their clothes and while they themselves removed their clothing. June was the first to receive the first cock in her pussy, she was laid back on the couch with her legs spread wide as the guy mounted her driving his cock straight into her cunt, the other five guys fondled her tits and took turns of having her suck their cocks.

Jackie in the other corner was doing the same thing. It took less than an hour for the girls to fuck all six guys while always sucking on a cock and having their tits molested. There was constant moaning and groaning as the girls received one cock after another. Each of the six guys fucking June shot their wad in her pussy, such that after the third guy had drained his balls in her, it looked like her cunt was foaming with all the cum that was being squeezed out of her pussy. Jackie had four loads of cum in her pussy while two guys shoot their load on her belly and tits.

When the guys started their second round, the girls each asked if they would fuck there asses which all agreed to. Another hour passed as each gal was thoroughly well fucked in the ass, each received a half dozen loads of cum up their asses.

Craig then served refreshments and they all took a break. All remained nude with the guys constantly fondling the girls, mostly squeezing their tits but they also fingered their pussies and assholes. June was getting hot again and requested that she be double fucked and chose the two guys

she wanted. They agreed and led her to the middle of the room. One guy laid down with his cock sticking straight up, she straddle him and slowly impaled herself on his big black cock, once she had his cock totally inside her, she motioned for the second guy to mount her and fuck her asshole. Jackie wanted the same and was also double fucked. This double fuck action lasted for over an hour as many pairs of guys took advantage and gave each of the girls a half dozen or so double fucks.

Jackie finally requested to be double fucked in the pussy. Surprisingly, four guys agreed and so we all watched as two sets of guys worked two cocks into her cunt and gave her a couple wonderful fucks. I didn't think my mom could get two big black cocks in her cunt, but she did and the guys liked it too. When they were done fucking her, she thanked them over and over again and had them promised that they would come to her house some day and do it again.

After three and half hours of constant fucking, the party was over and the guys left a few at a time. Craig and Jack remained the last guys and they each fucked the girls one more time. Junior and I had loads of photos and videos of all the action, enough to keep our web sight busy with new

photos for months. As we began to wrap things up, Jack and Craig wanted to take the girls out for a night cap and would bring them home. That was fine so Junior and I packed up the gear and headed home.

We crashed the minute we got in the house. The next morning I found my mother and aunt in the kitchen talking to Craig, Jack and two other guys. They were drinking coffee and eating a doughnuts. I said, "Have you been up all night?"

My mom came over to me and gave me a big hug saying, "Yes we have been awake all night, not up because we spent much of the time on our backs." They all laughed. She continued, "Craig and Jack took us to a bar where some more of their buddies were and we ended up back at Craig's place for a second gangbang. It was awesome, we were fucked for another three hours this morning. I am so sore but so content, I can hear cum squish in my belly when I walk from all the blowjobs I gave. And June must have taken twenty loads of cum up here ass last night. Turn around and show Glenn your ass June."

My aunt turned around and bent over as she pulled up her short skirt revealing her reddened ass and puffy pussy. She then straightened back up and pulled up her blouse down to show everyone her reddened big tits.

"Wow, your tits look terrible Aunt June. What happened to them."

"Oh they are not bad, just real red from being squeezed really hard and fucked my times. I think Ralph and his two buddies fucked my tits three or four times, they had me covered in cum. I really liked it." Jack standing next to her took advantage of her exposed tits and began to fondle them saying, "I love your tits."

I just shook my head as my mom hugged me. Craig said, "Your mom is one hot pussy Glenn, she must have you drained most the time."

With that comment my mom stepped back lifting her skirt to show me her reddened cunt, her pussy lips were all puffy like I have never seen them before. She said, "I'm a little

sore but if you want to fuck me this morning Glenn, I'm willing. What I would really like is for you to eat me." So looked over at the four guys saying, "I love having my son eat me, he so good at it and it makes me so horny especially when he eats my asshole."

One of the guys said, "Eat her son, get her horny so we can fuck her again."

I nodded Ok as my mom pushed her tits into my face saying, "Oh sweetie, I love you so much."

She then took my hand and led me over to the table where everyone was sitting and said, "How about eating me on the table just like you were eating your dinner." The four guys gave her the thumbs up sign. She turned around with her butt against the table and held out her arms. The guys took the hint and lifted her onto the table, she leaned back spreading her legs letting her skirt slide up to her waist.

She looked at me saying, "OK honey, just munch away, I all yours for the taking." She then raised her knees up and out

to give me total unrestricted access to her cunt and ass. I leaned down and placed a big kiss on her cunt and then one on her asshole. I began my munching of her cunt to the watchful eyes of all the guys. My mom moaned and groaned pulling her blouse off as she fondled her own tits. I used my tongue to play with her clit as I also fingered her asshole. I then licked her asshole and tongued it. She began to moan, "Oh yes, get you tongue in my ass, oh sweetie, I love how you eat my ass, oh yes, eat me, suck me, make me cum, oh I want to cum so bad, oh yes eat your mommy, tongue fuck me, finger fuck me, oh yes, yes, I want to cum again. Ohhhhhhhhhhhhh."

Suddenly her body stiffened as she climaxed for probably the fortieth time this evening and morning. I could taste her cum as she remained rigid. As she came down off her high she looked over at the guys who were all supporting hard ons and said, "Anyone want to fuck me again, I could use another fuck."

I stood up as Jack immediately got between her legs and slid his cock into her wet cunt. "Oh yea baby, fuck me good Jack. Give me some more of your hot juices, I want you to cum in me again. Oh god I love fucking, I love to be used, to be

fucked over and over again. I loved the gangbang we had, oh shit I want more cock than you can imagine. I think I can be fuck non stops for days."

I think she can too, so as soon as Jack finished pumping more sperm in her, a second guy took his place and fucked her again. In the meantime June had mounted Craig's cock as he sat on the couch and had the other guy's cock in her mouth.

About that time Junior came down and when seeing all the sex going on said, "Is there a vacant hole I could fuck?"

My mom said, "Yes, my ass is free if you can get to it." She was lying on the table with a cock shoved up her pussy and not in a position for an ass fuck.

June was just finishing swallowing the cum from the guy she was blowing and said, "Yea, sweetie my ass is available." She then leaned forward to give Junior access to her ass. He took advantage of the situation and slipped his cock into June's ass giving her yet another double fuck.

When the fucking was done, all the guys put their clothes on and gave each of the girls long passionate good bye kisses. Both my mom and aunt stood at the door totally nude waving good bye to them. I hope none of the neighbors saw them, but what the hell. My mom then turned to me, gave me a big kiss saying she was going to bed and that I could join her any time, and if she was asleep when I got into bed, to wake her up cause she didn't want to waste any good fucking time. My aunt said I was also welcome in her bed too. The girls took a shower and then hit the sack, they slept all day.

So here I am back in college reviewing all the photos and videos from my mom and aunt's 12 black man gangbang like I said in the very beginning. There are pictures here that make my cock hard just looking at them let alone remembering the time they were taken and all the hot sex we had.

The rest of the summer was just a blur. I slept with my mother every night fucking her like a rabbit every chance I got along with fucking my aunt who has now moved in with

my mother. They are both pregnant, my mom is beginning to show a little, but my aunt is not. I'm planning on having my mom come down here some weekend and let her have a night with the boys in my dorm. She will love getting fucked all night by young studs, but that will be another story.
