In the previous chapter, some of the male crew members were surprised by the shrinking phenomenon that was still active in their bodies. For this reason, exo-biologist Elena Sanchez revealed the secret that the shrinking process can be reversed using breast milk.

SLEEPING ROOM

In just a few steps, Marie reached what looked like a room known as relaxation room.

Sauna, relaxation room and whirlpool.

*Well, I'm going to explore
this room, and I might as
well take a break ...*

Meanwhile, Hector was able to catch up with the gigantic woman running down the hall, unseen.

A man in a white jumpsuit is running through the legs of a giant woman wearing high-heeled shoes. The scene is set in a futuristic, metallic environment. The man is running away from the viewer, towards the background. The woman's legs are massive, with the right leg in the foreground and the left leg on the right side. The man is running on a narrow path between the woman's legs. A speech bubble is above the man, and a thought bubble is above the woman's leg.

*This is my chance.
I must hurry up and
get in with Marie;
I could never open that
door by myself!*

Opening the bathroom door, Marie was pleasantly surprised to see a huge bathtub, perfectly suitable for a woman as big as her. It looked more like a pool than a bathtub. Although the shrinkage of men had been something secretly devised by Arroway, the rest of the architects of Project Neweden had anticipated the growth in size of the entire crew, so it seemed logical that they had installed some custom facilities, adjusted to that colossal stature.

*Wooow! What a luxury!
This looks like a Jacuzzi!*

Marie closed the door without realizing that the tiny intruder had sneaked inside. Hector was smart enough to stay behind the girl's ankles and thus go unnoticed.

CHUNK

CHUNK

Whoa... A few more seconds and that door would have crushed me.

So... Marie went into
what appears to be a
locker room or a
sauna...

Where is she going?

*Good! The water is
hot, I am going to
take advantage now
that I am alone to
relax.*

Bye, uncomfortable

CLICK

Wooooow, what now?
Marie is undressing,
I am not going to
miss this show!

*I have to catch up
with her, this may be
my only chance to drink
milk from her tits and
grow, even a little bit!*

RUUUN

Oh no! If she gets into that pool, or that hot tub, I will never be able to reach her!

Ahhhh... This is really good.
The hot water will do my
body good and I will be able
to stretch my muscles, after
being asleep for so long.

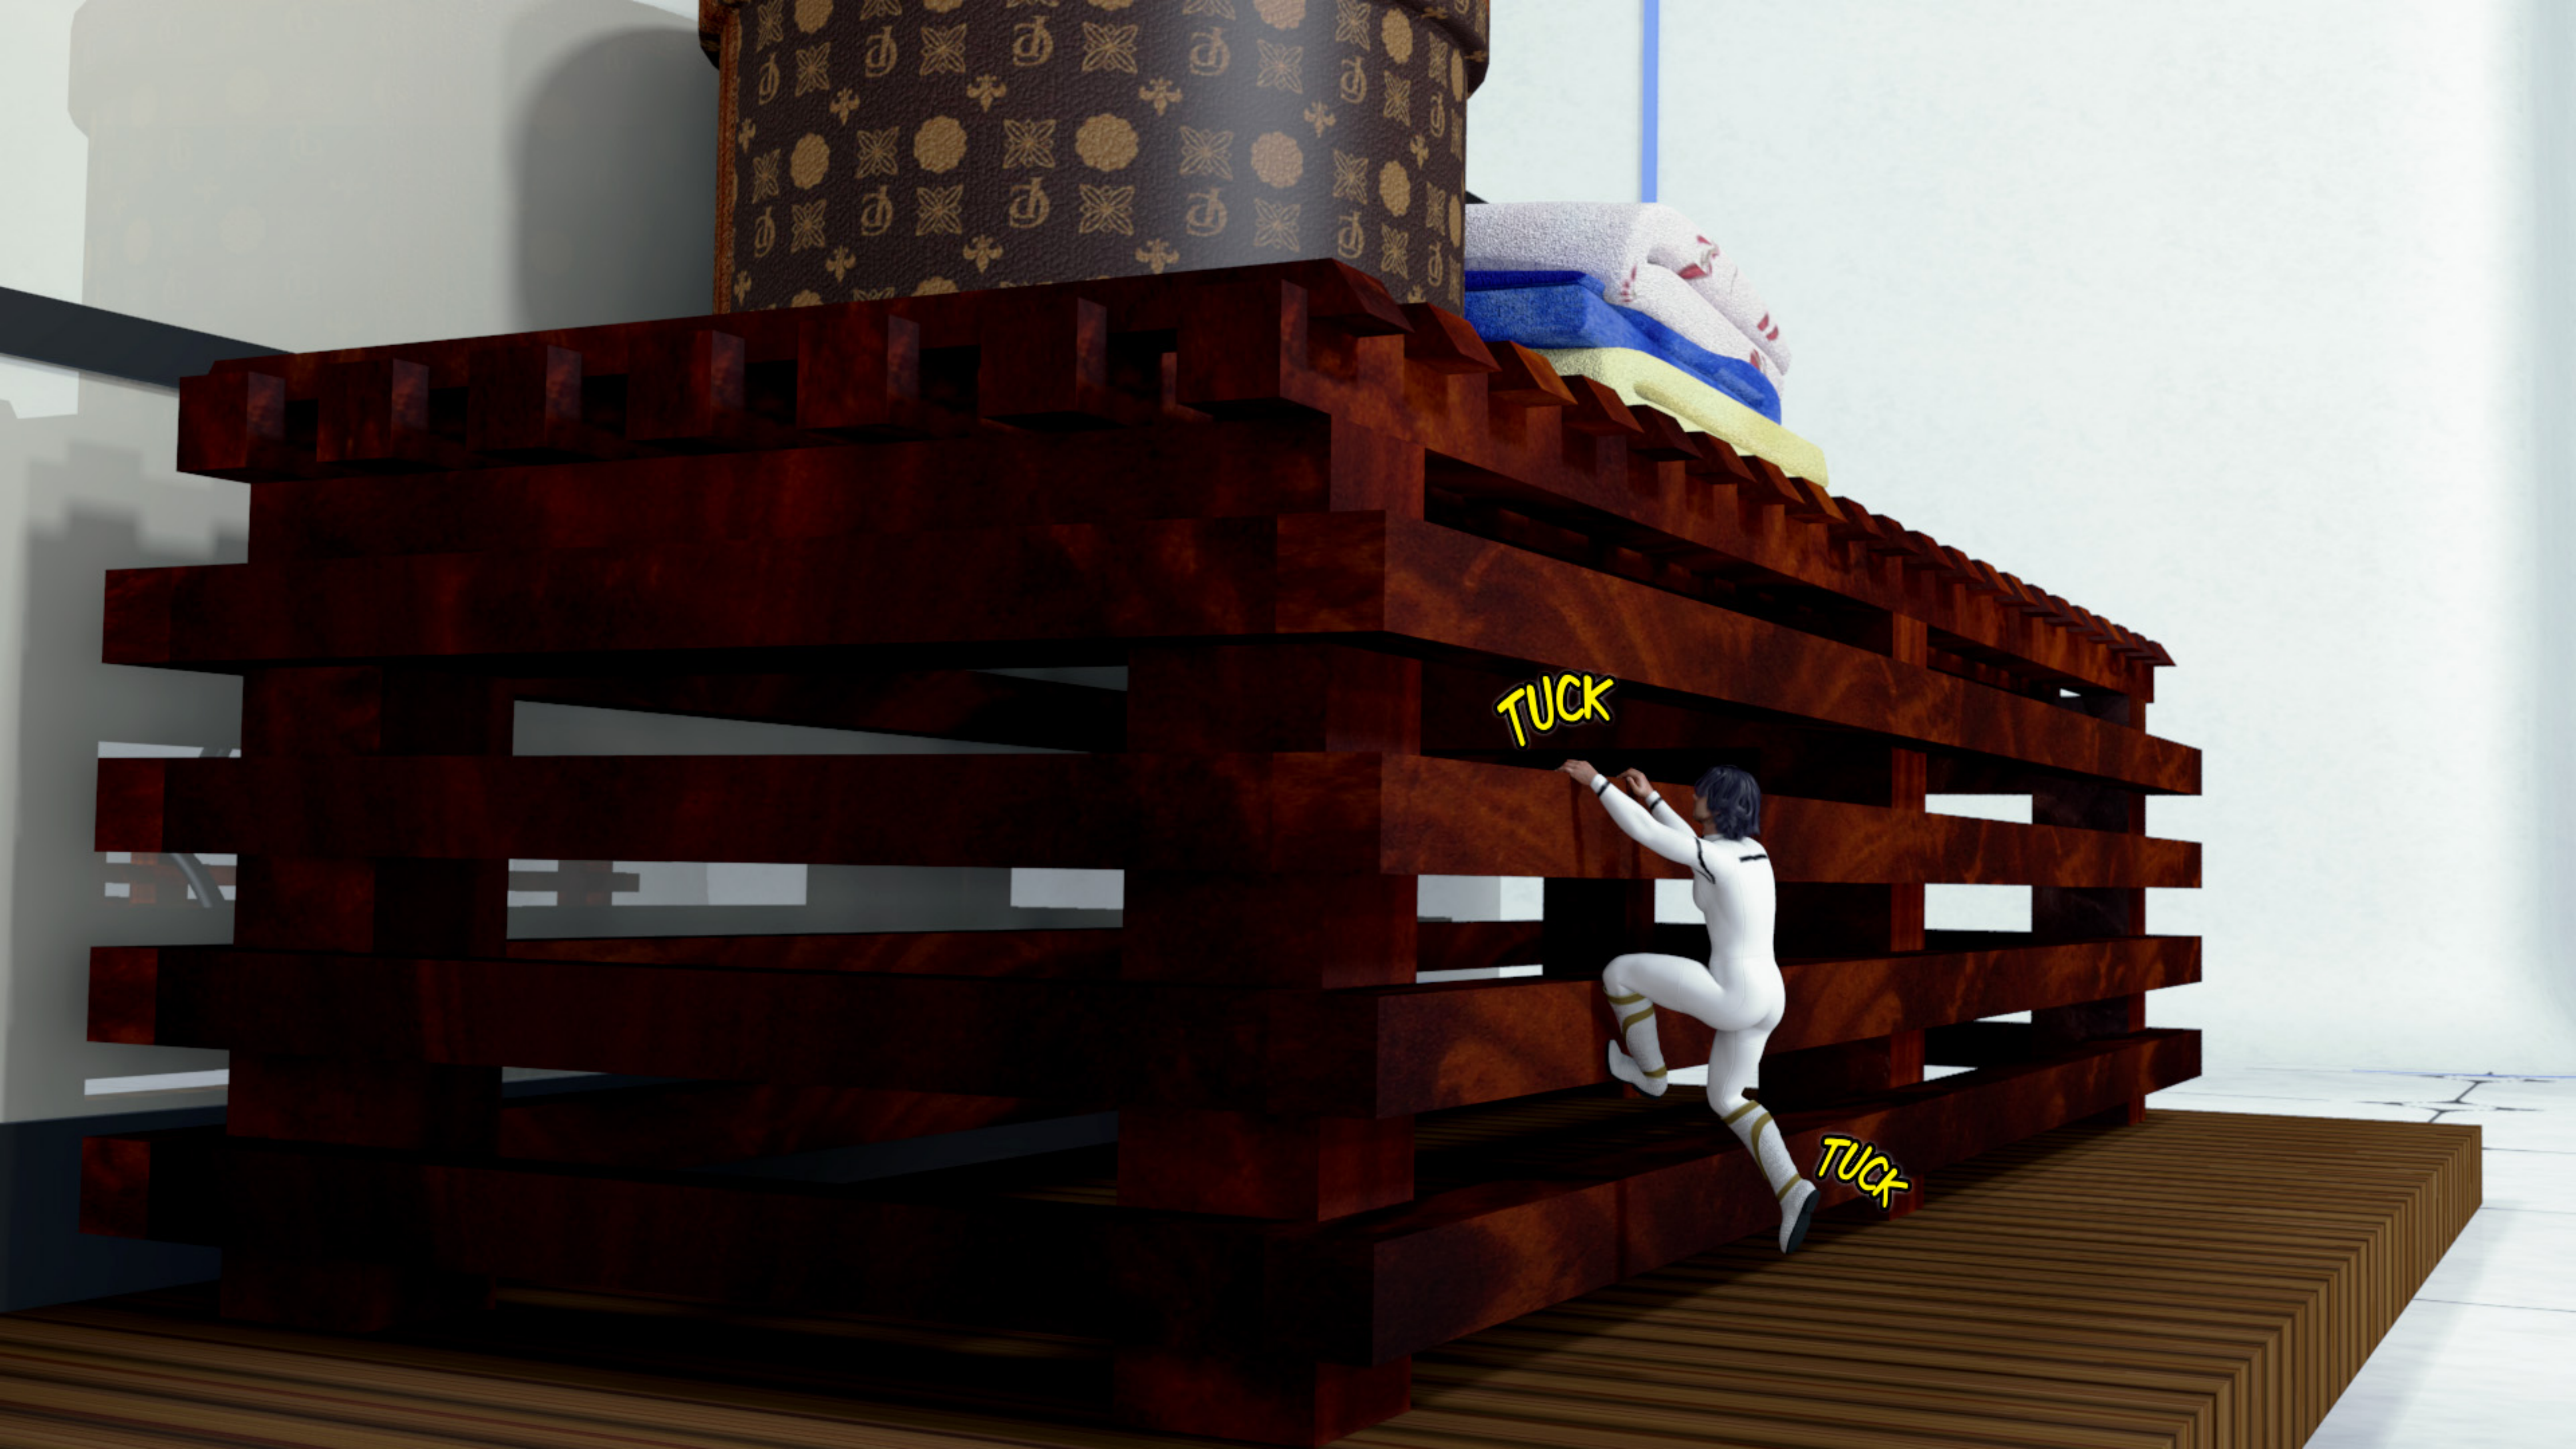

Totally naked, Marie carefully put one foot into the water, which was at the perfect temperature. Then she slowly walked into the pool. She closed her eyes, leaned back against the edge of the pool, and relaxed. In that position, the water partially covered her breasts.

Hector was conveniently still out of the huge woman's range of vision ...

I think the only way to get Marie's attention is to climb up through that wooden bench...

*Well, at least
climbing it won't be
much of a problem...*

SWOOP

JUMP

Trying to focus on his objective again, Hector returned with his gaze to Marie, who remained absorbed in her thoughts and totally oblivious to the presence and machinations of the little man who stalked her. He looked at the girl's huge breasts as his goal to achieve. If he managed to swim to that pair of tits, perhaps with a little luck he could get to taste enough milk to stop his shrinking.

Come on, you have this,
champion!... You have done
more difficult things!

In addition, she is a female who is naked and above all beautiful and, although she is a little gigantic, she is not a ghost...

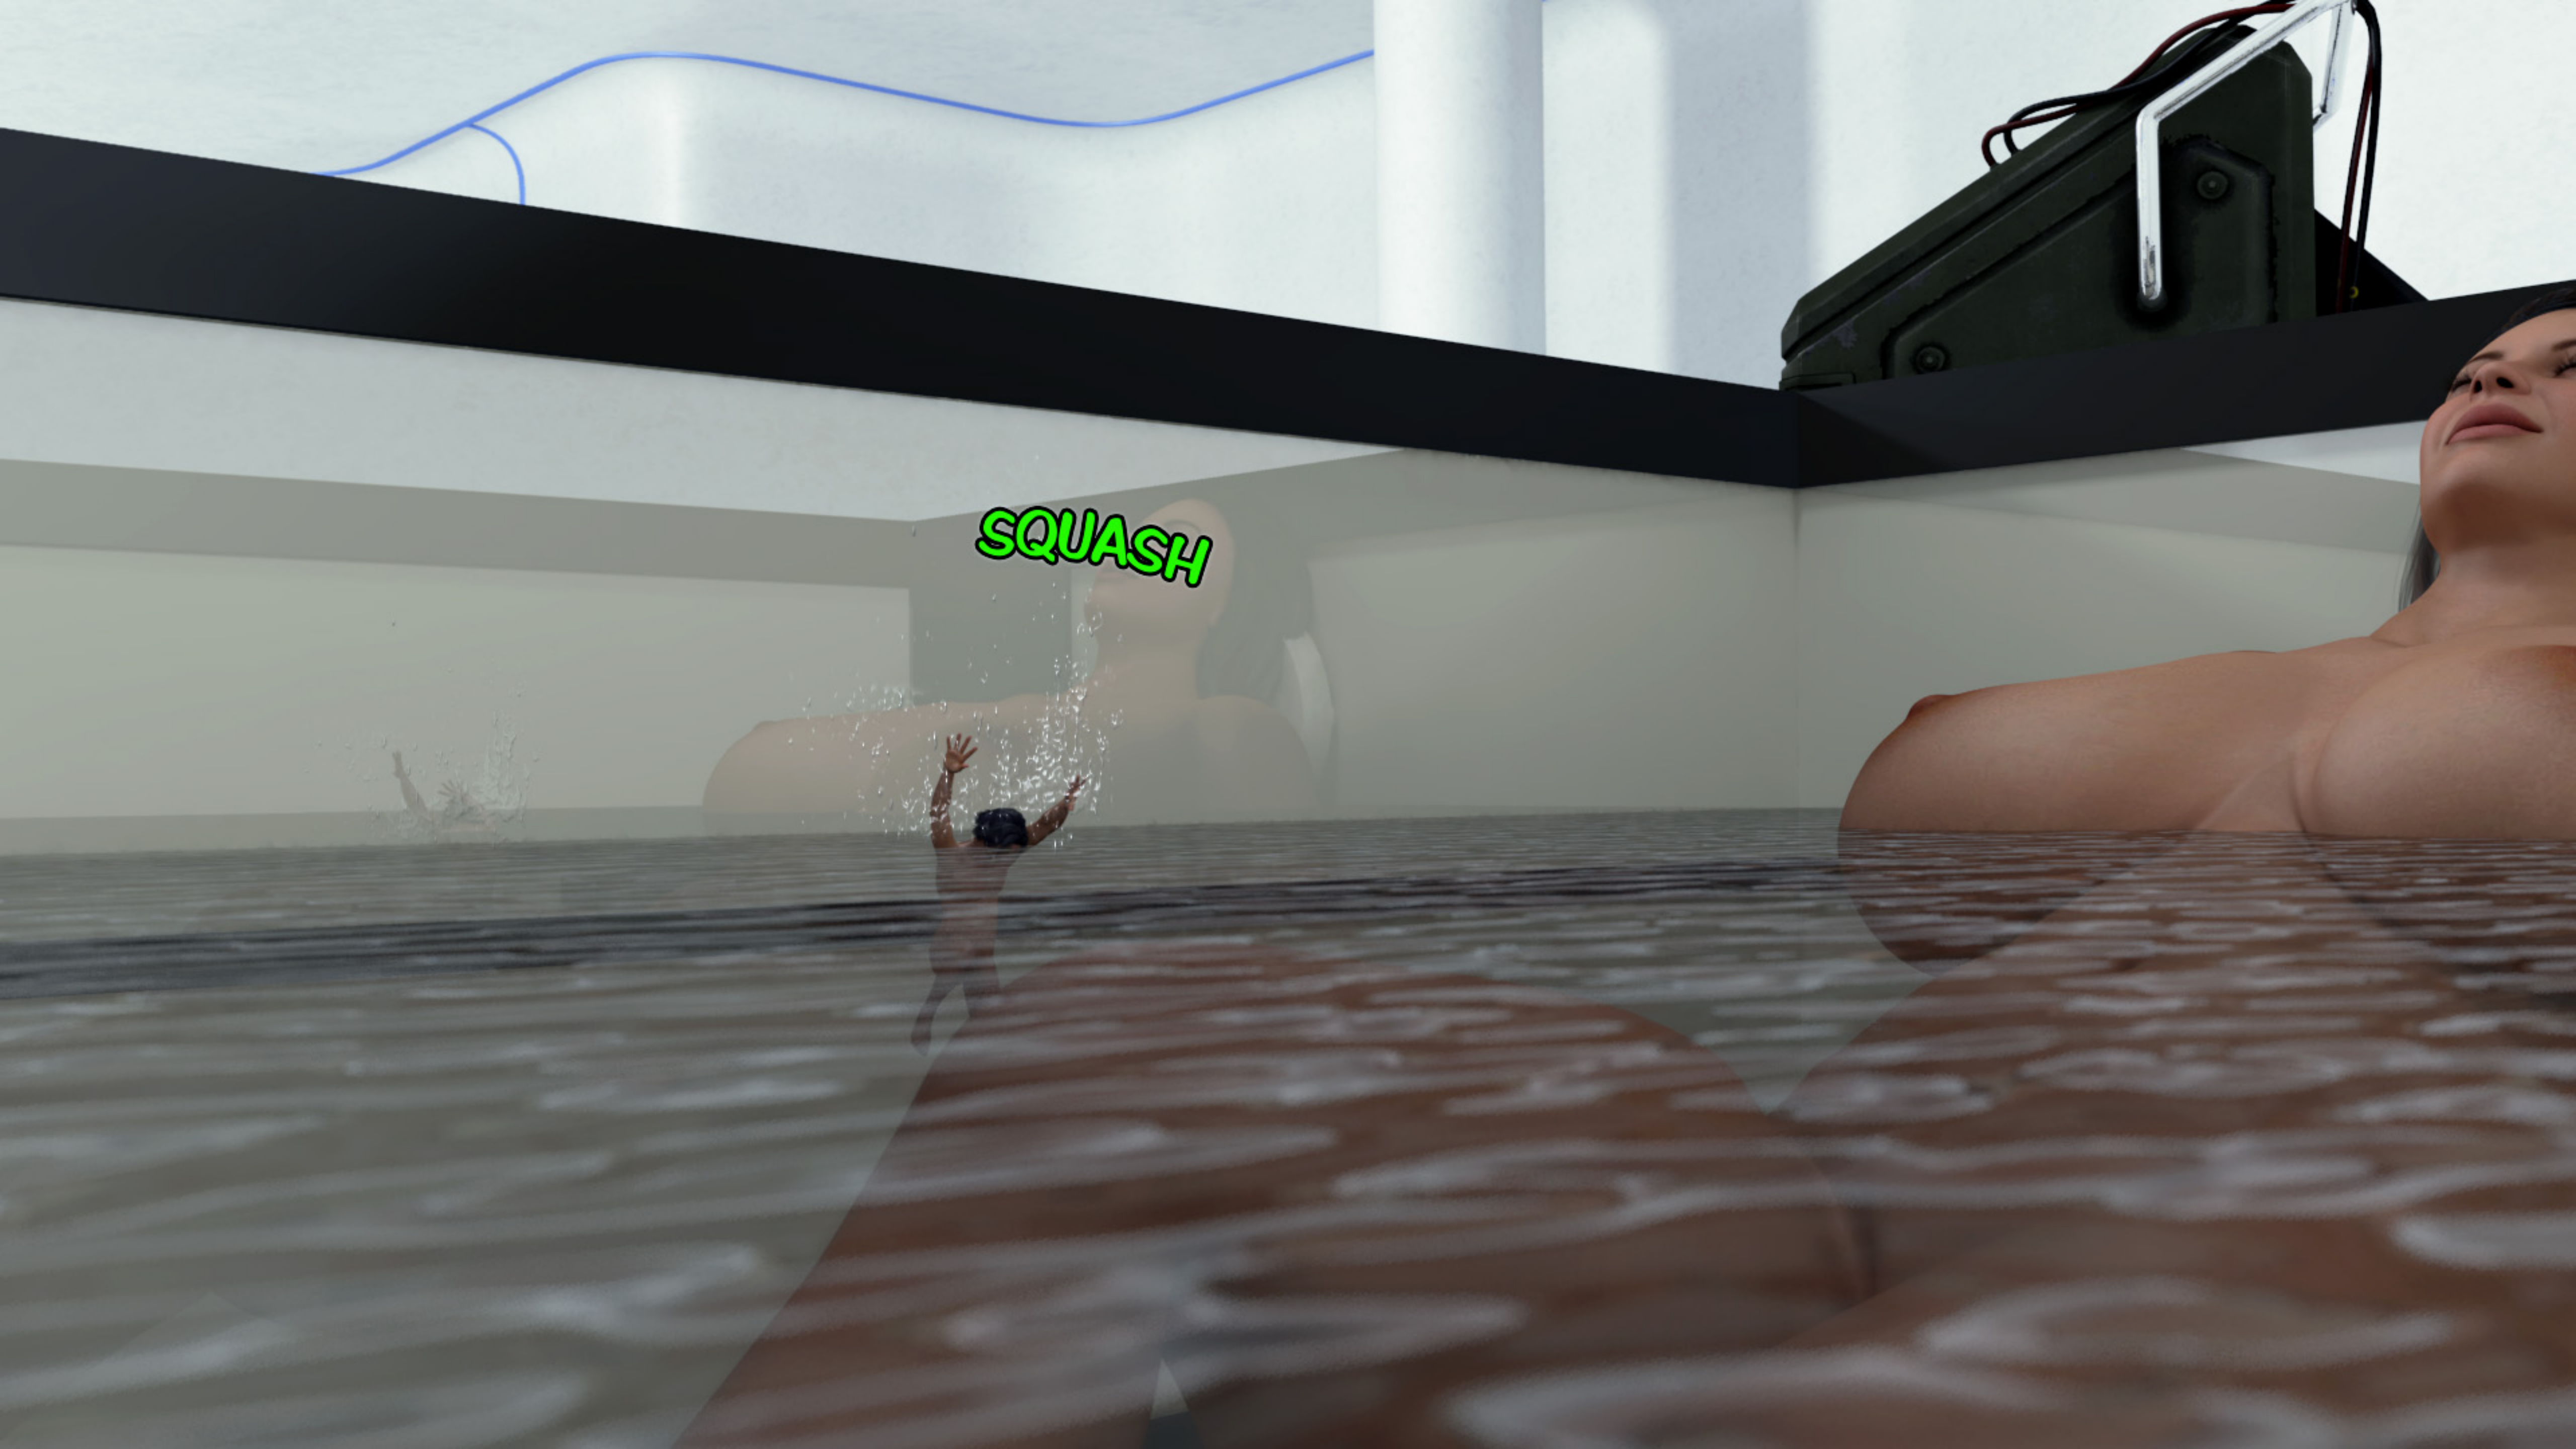

Wooow! This
really looks like an
Olympic pool!

SQUASH

Determined, Hector dove into the pool. It was so small that the splash it caused was totally inaudible, so Marie kept her eyes closed.

Hector swam underwater for a distance that seemed to him greater than that of an Olympic-size swimming pool, and finally emerged cautiously next to the colossal body of Maria. There were the huge breasts that were supposed to provide him with food.

Hector was in luck: the girl's nipples were slightly above the water level, so he carefully approached one of her gigantic tits...

Woow, from here I can appreciate all the immense beauty of this gigantic woman... But what am I thinking; I have to hurry before she wakes up!

A man with dark, wavy hair is lying on his stomach on the back of a very large woman. The woman is sitting in a bathtub filled with water, and her back is to the camera. The man is looking back over his shoulder at the woman. He has white soap suds on his arms and back. The bathtub is white, and the water is a dark, rippling grey. The background is a plain, light-colored wall.

*Yes, I'm close
to regaining some
size!*

Moreover, it is going to be
a pleasure to suck a nipple
this size. At least some fun
after being asleep for so
many years.

RUB

RUB

I just have to
massage this a bit
and wait for the
milk to come out...

Marie, deep in her sleep, noticed a slight itch in her nipple...

And without opening her eyes she raised her gigantic hand to scratch her breast. Hector felt mere terror when he saw that hand approach.

Oh, no!

CHASHH

*Hey... what
is this?*

Héctor had quick reflexes, and he was able to dodge the huge hand but making so much noise he woke up Marie.

*H... Hector!?
What do you think
you're doing?*

Ehm... Hey... Hello...
How's everything?
I just wanted...
Ummmmm...

SACK

*Wait, don't be
mad, please...*

*You...you idiot!
What are you
doing here?!*

Babe... I need a
little bit of your
milk, P... please!

I told you
I needed some
time, Hector...

A woman with long dark hair is shown from the chest up, looking surprised. She is holding a tiny man in her hand. The tiny man is standing with his arms outstretched. The background is a futuristic room with white walls and blue lines. A reflection of the woman is visible on the wall behind her.

*But please, look
at me! I'm tiny!*

*Well, that's
no excuse for you
to try to suck my
nipple without asking
my permission!*

A 3D rendered scene showing a man with dark hair and a mustache, looking distressed with his mouth open. He is being held in the palm of a giant, realistic-looking hand that enters from the right side of the frame. The man's arms are outstretched, and his legs are hanging down. The background consists of a white wall with a dark horizontal band and a floor covered in water with ripples. A speech bubble is positioned to the left of the hand.

*But... I need it or I'll end
up being microscopic! Why
is it so difficult for you to
get this, woman?!*

It's just... and...
I... Well... I've
never been alone
with... a man...

*What?! I do not believe
you! You are beautiful!
And at this size, you
look like a goddess!*

A woman with long, dark, wavy hair is shown in profile, looking towards the right with a surprised expression. Her mouth is slightly open. In the background, a tiny man with dark hair is standing on her hand, gesturing with his hands. The scene is set against a light blue sky and a body of water.

D... do you really think so? It's just... I've always been quite shy... and introverted... And no one ever told me that I would have to breastfeed a man on this mission...

Of course, I think so! You are a beautiful woman!

*But they did tell you
that you would have to
have sex with one of the
men, right?*

*Yes... And I'm
not ready for
either of these
two things...*

A woman with long dark hair is in a bathtub, looking surprised. A tiny man is standing on her chest. A large hand is reaching towards the tiny man. The scene is set in a modern bathroom with a window in the background.

*Well, that doesn't
matter, princess! You'll
see, you just let me
pleasure you and relax.*

But...

You will see...

Before Marie could say another word, Hector bravely jumped up and dove headfirst into the water. She did not quite understand what the intrepid little man was up to.

*I have to hurry up and
go down; I hope I can
hold my breath that
long...*

*Suddenly, Marie felt the touch of Hector's tiny body
between her legs.*

A 3D rendered scene showing a man with dark, wavy hair and a small tail-like appendage at the base of his spine, sitting in a bathtub. He is leaning back with his arms outstretched against the smooth, brown, curved walls of the tub. The floor of the tub is a light grey. A vertical trail of white bubbles rises from the water level. A speech bubble and a sound effect are positioned above the man's head.

*I found it... Wooooow,
it's the size of a cave!*

TUMP

Héctor began to rub against Marie's feminine attributes, she could feel the brave little man moving against her vagina, the sensation was wonderful. How could such a tiny man move with such energy? Driven by pleasure, she bit her lower lip and closed her eyes.

*Ahhhh... Ahhhh...
How can that be?
This is incredible...*

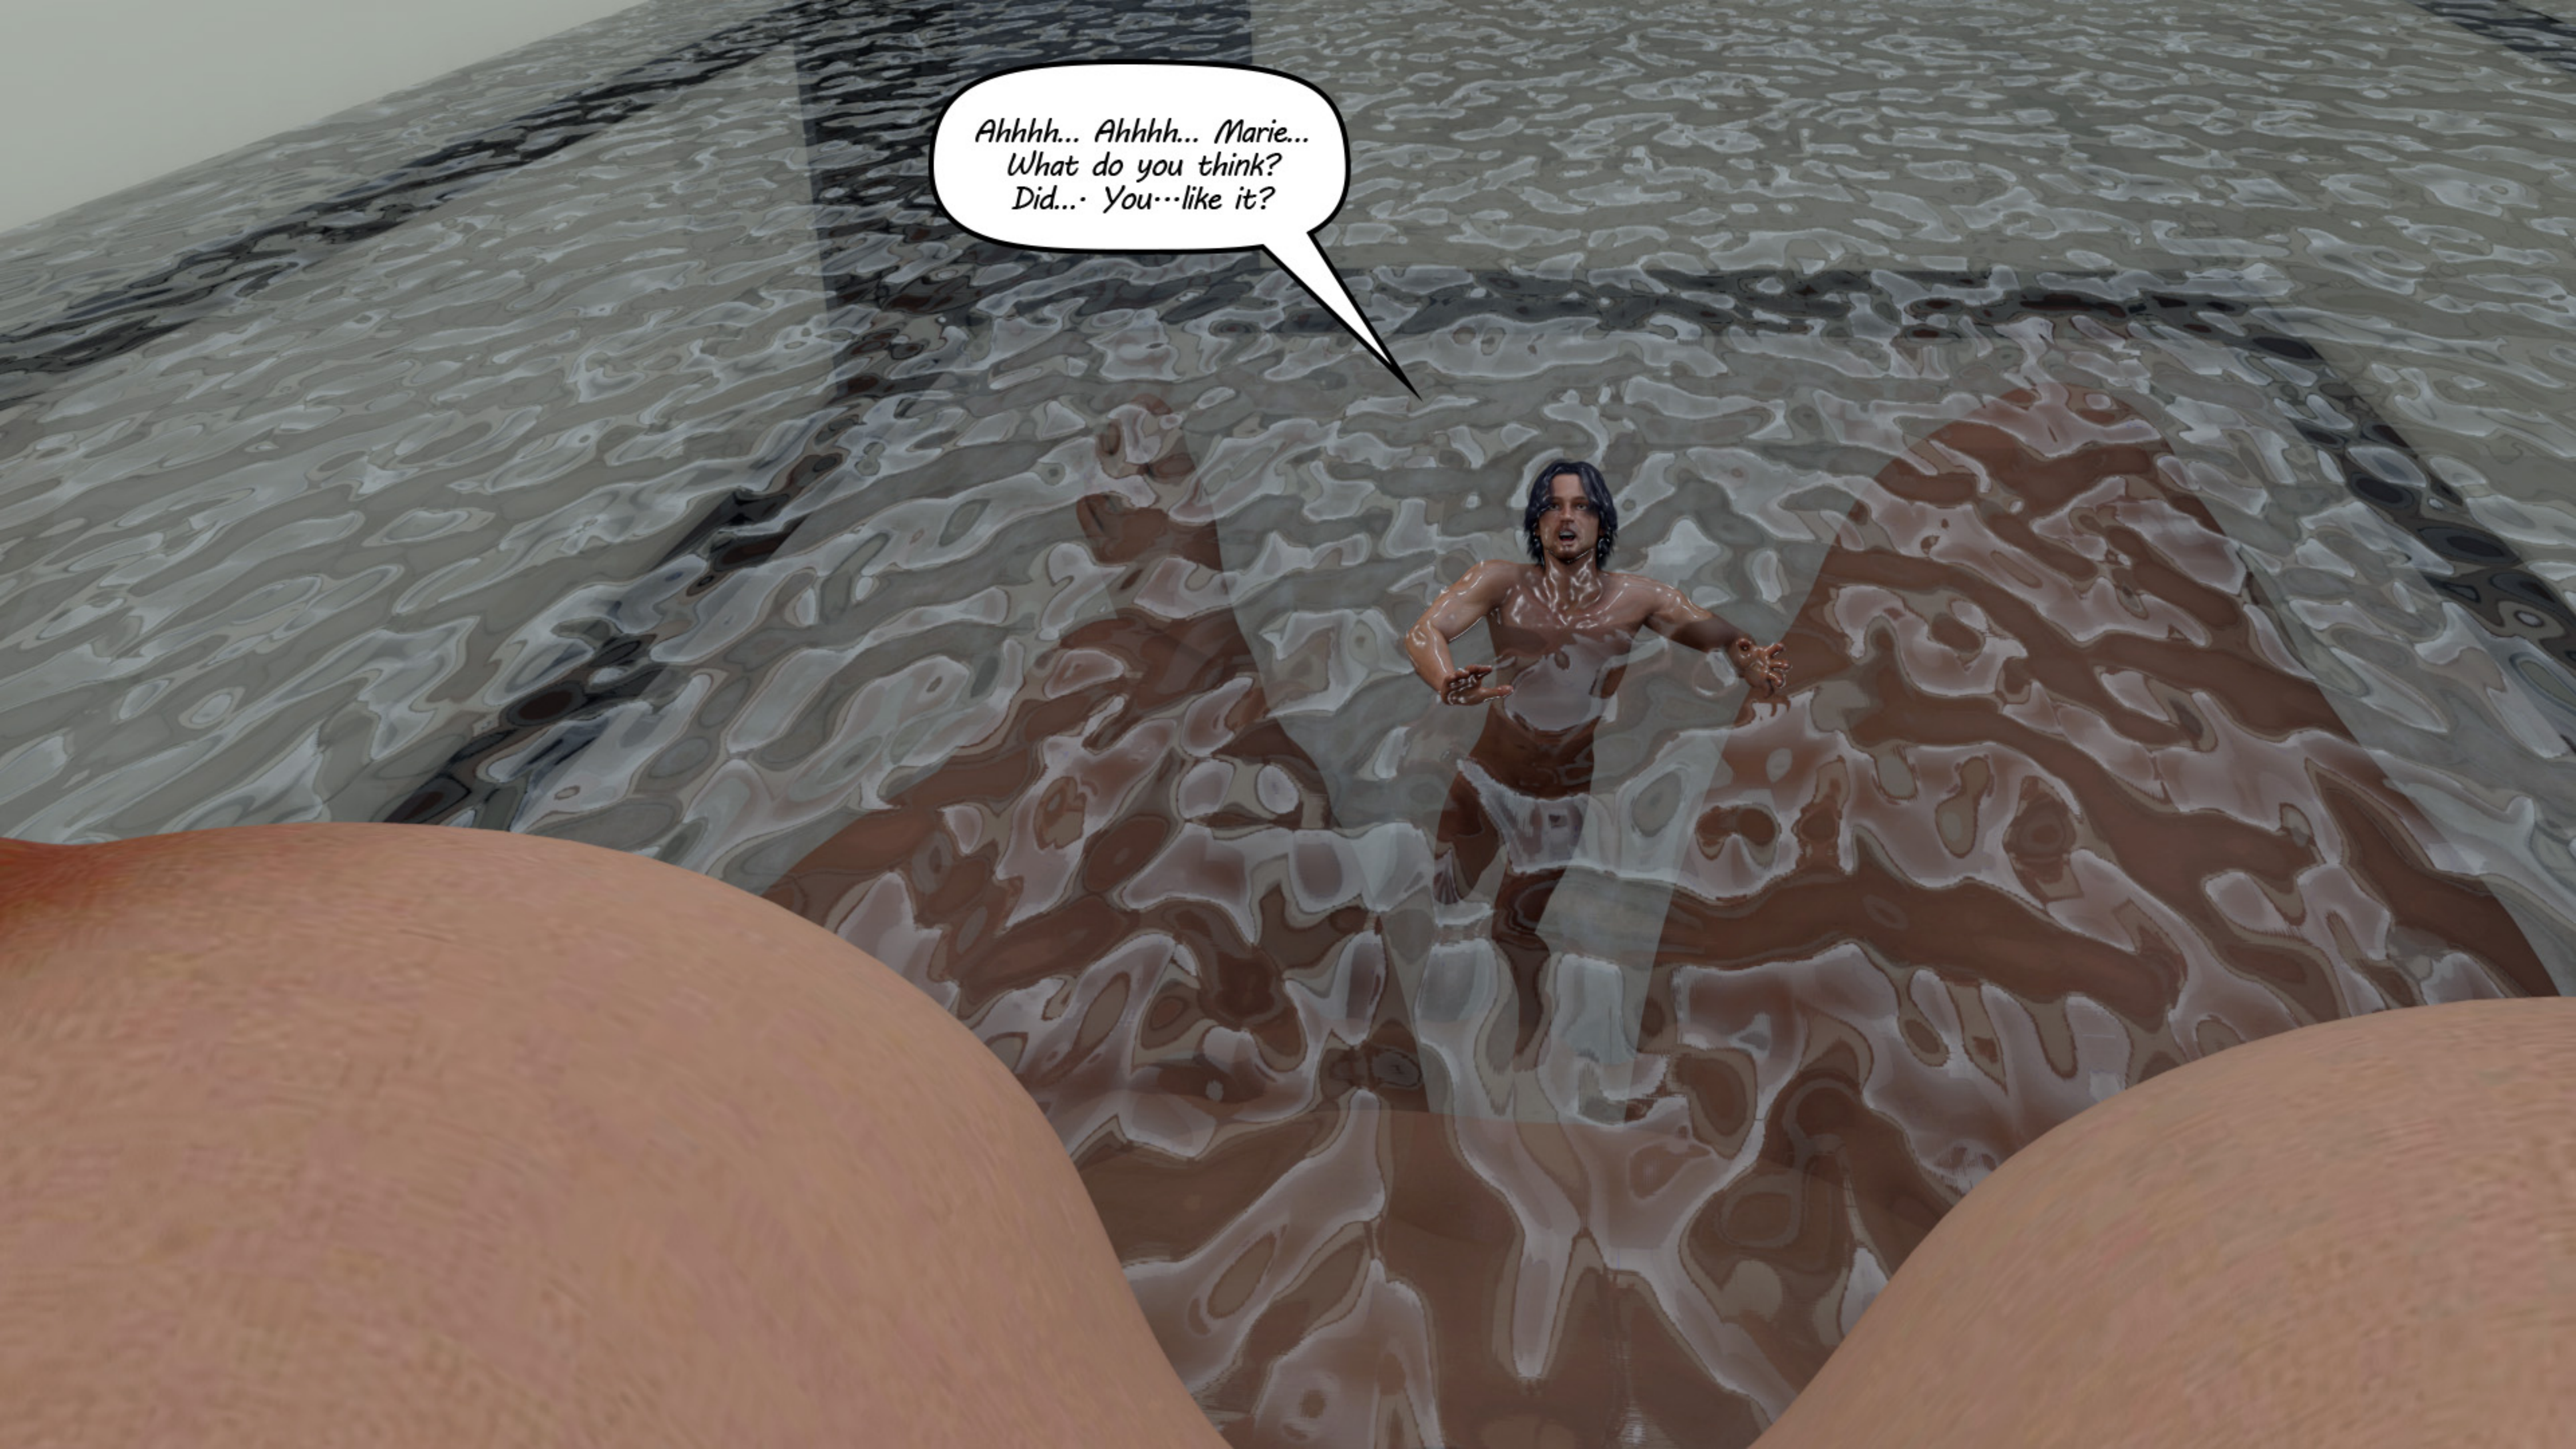

But clearly Hector could not last much longer under the water, and a few seconds later he came back to the surface to catch his breath.

BLUUUUUP

A man with dark hair is standing in a bathtub, looking up with a surprised expression. The water in the tub is rendered with a heavy, wavy, and distorted effect, creating a surreal, almost liquid-mirror appearance. The tub's rim is visible in the foreground, and the background is a plain, light-colored wall.

*Ahhhh... Ahhhh... Marie...
What do you think?
Did... You...like it?*

A woman with long brown hair is lying in a bathtub filled with water. She has a distressed expression, with her hand near her face. A tiny, muscular man with dark hair is standing on her chest, pointing towards her. The scene is set in a modern bathroom with white walls and a dark grey headboard.

*The truth is that... Y...
Yes. I can't believe what
you just did...*

*Well, imagine what
I could do for you if you
make me grow a little.
What do you say?*

Without a word, and smiling at him, Marie gave Hector permission to tackle one of her huge tits.

*Thank you, princess,
I am sure you will
not regret it ...*

*Now I just have to
push hard so that milk
comes out of your
nipple... Mmmppffshhh*

Hector!

*I think that
is enough!*

While that tender scene was taking place in the pool, elsewhere on the ship Colonel Bellick was still refusing to play along with Dr. Arroway. He was adamant that he was not going to suckle a female breast like an infant. How could someone who has fought so many battles lower himself to that level? He had decided that he had to try to grow without following the rules that this crazy feminist had tried to impose on everyone to humiliate them.

To achieve this, he had spent hours locked in the room where the women's cryogenization chambers were, to try to find out what substance it was that had been inoculated into these women to make them grow, and to also find out if there was any left over. The tiniest trace of that substance that could make him grow too.

Sonia, always faithful to her superior, was with him in the room, ready to help him with whatever he asked her. But the hours passed and Bellick shrank more and more. The colonel obsessively reviewed the computer data with the help of Sonia.

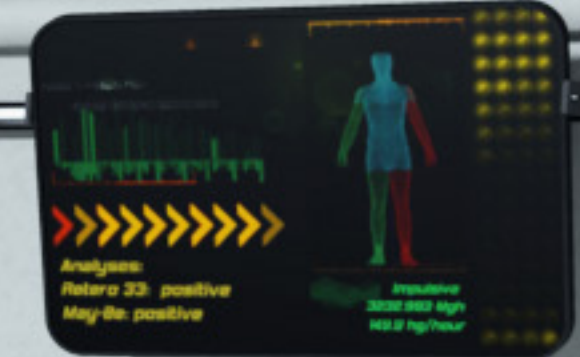

I don't get it; there is no difference at all between that ingredient list and the one described on the men's cryogenic chambers. How can it be exactly the same?! You have grown and we have shrunk! It just cannot be!

Colonel, permission
to speak.

Speak up...

Perhaps Dr.
Arroway
synthesized a single
substance that
reacted completely
opposite in male
and female bodies.

Fuck!! How
I hate that bitch!

*C... Colonel... Maybe
you should give up...
You've already shrunk
too much.*

*In war you never have
to follow the path set by
the enemy ... That
fucking Arroyo is my
enemy, and she wants to
make men submissive!*

*Colonel, permission
to sit down.*

*Sit down... You don't
need to ask permission
for that.*

*Colonel... For me you will
never be submissive...*

*W... Why do
you say that?*

*Because you are a very
brave man, you were the
first to face that alien
that attacked the ship.
Remember?*

*It was Elena who
crushed that fucking
monster... Not me...*

*The Elena thing had no
merit, sir. She has grown,
like all of us, and knew
beforehand that we can
defeat any creature on this
planet; you instead,
being so...*

*So small ... You
can say it ...*

*You did take a risk!
And it was something
very brave...*

Th... Thank you...

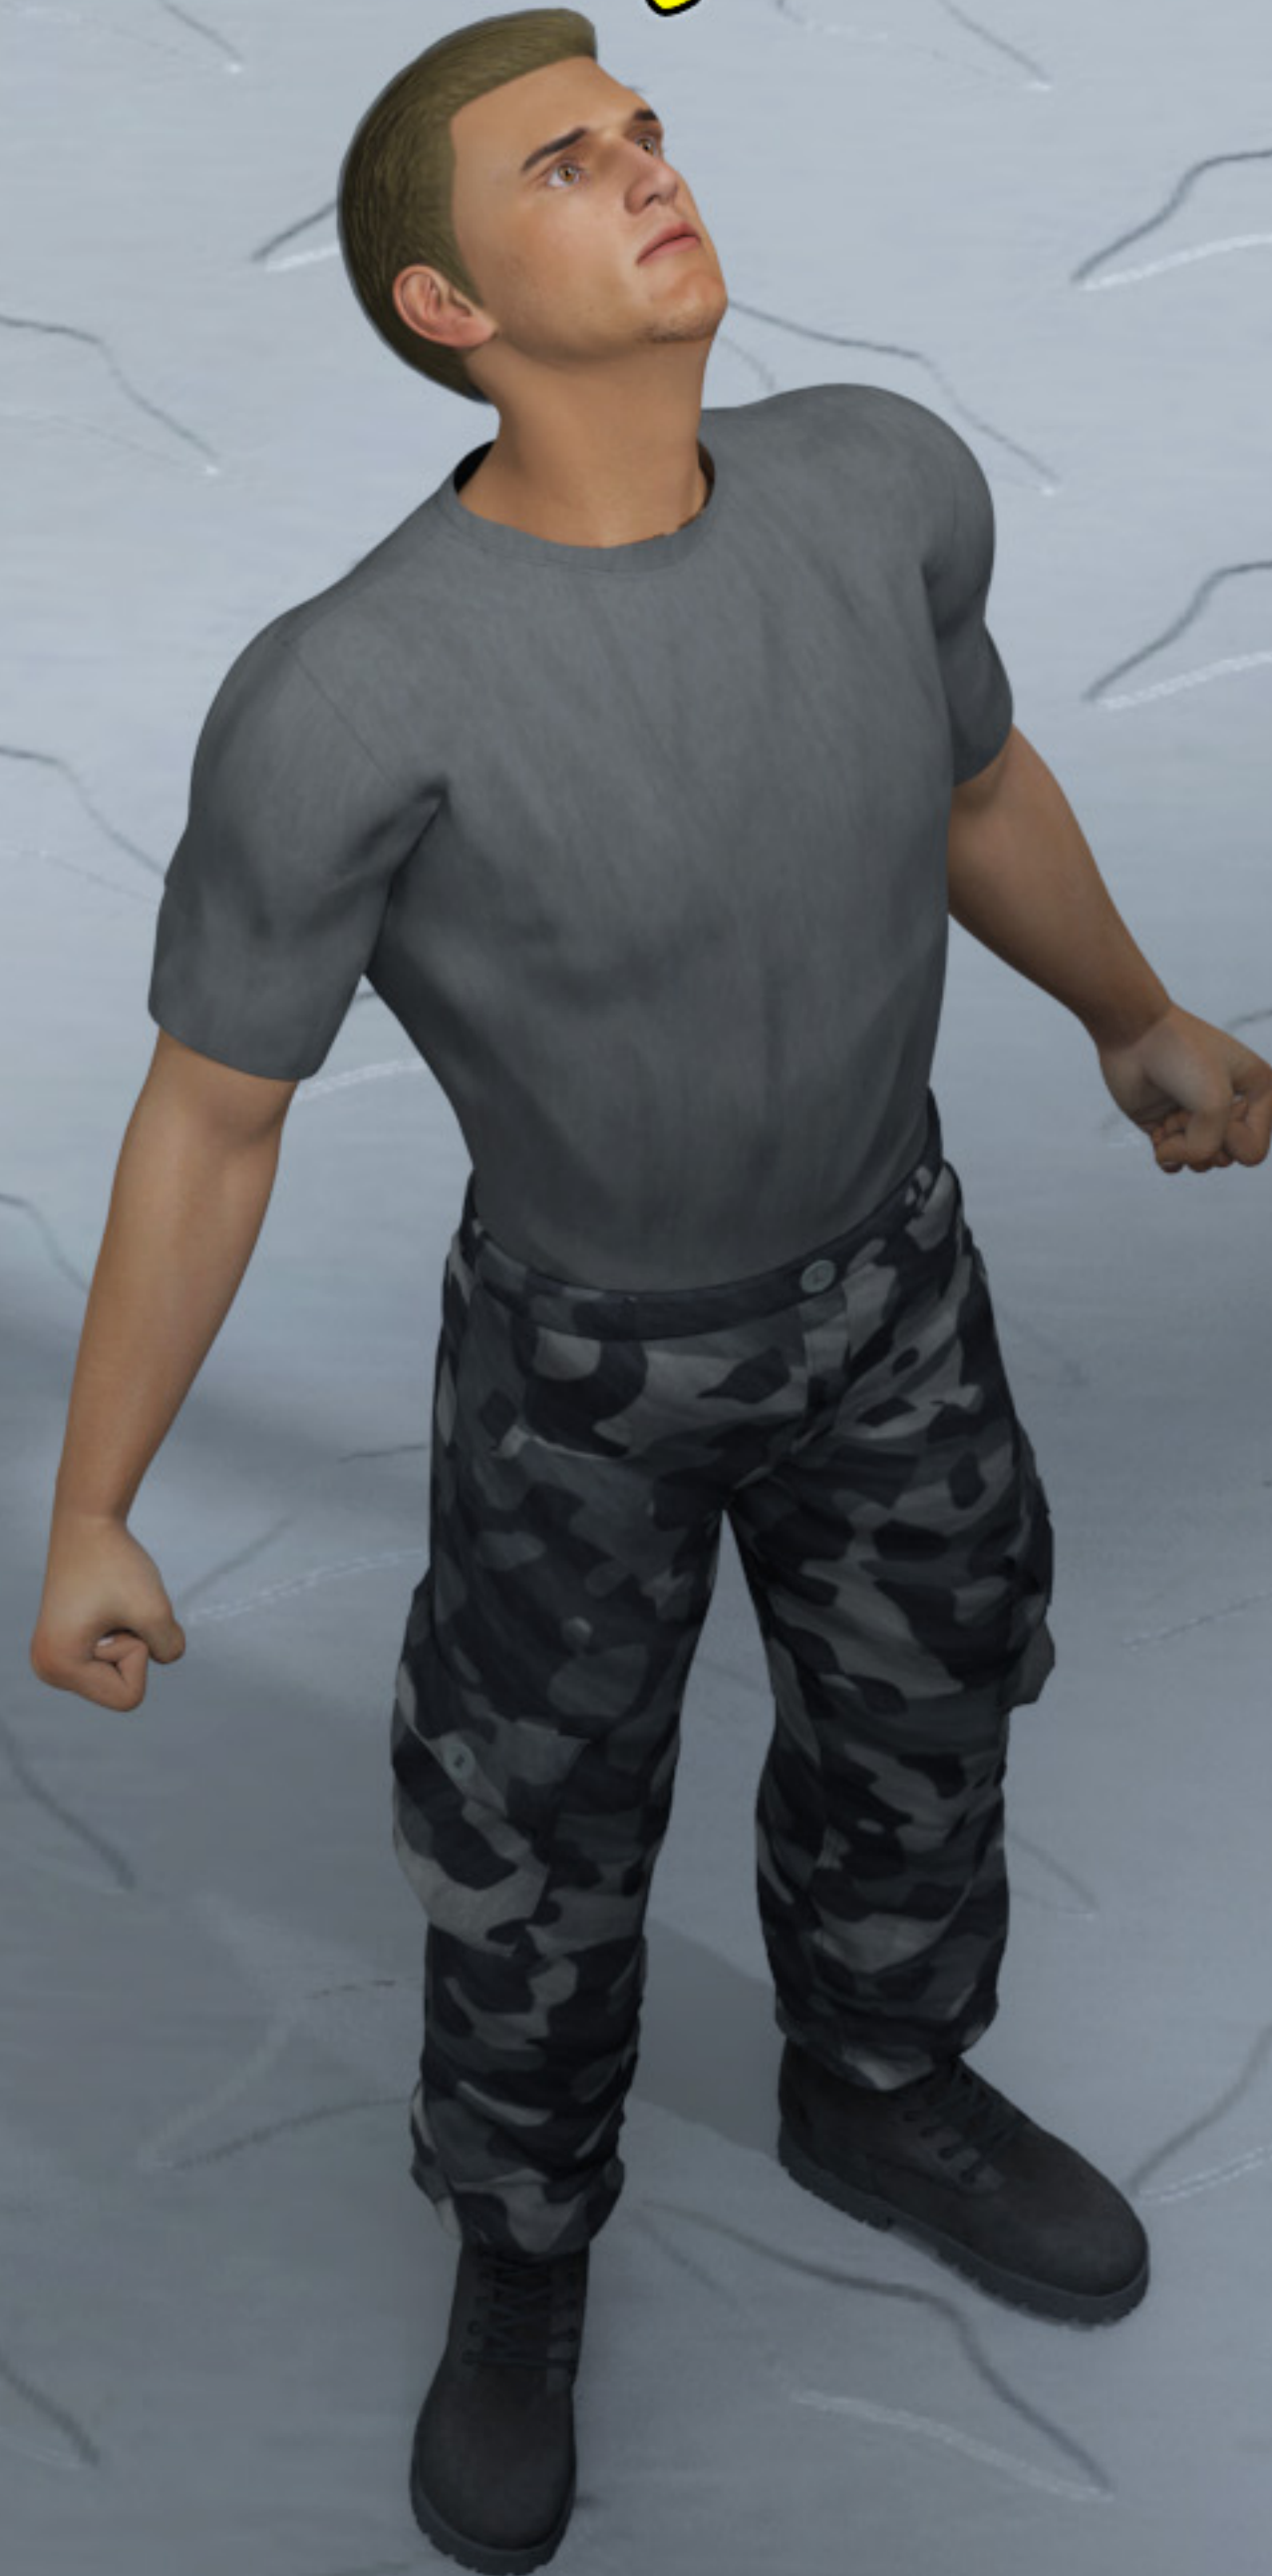

*And if you give in now,
that won't mean you've
given up or lost to Dr.
Arroway. It will simply be a
strategic retreat, in order
to end up winning.*

*So... You... are willing
to do it, right?*

*I'm willing to do whatever you
order me to do, sir. But you
must order me to do it...*

The colonel looked at Sonia in total disbelief. How could such a huge woman remain so obedient to such a tiny man? Was it simply a matter of military discipline? Or did she really like that?

Then...
Take off your top
and bra.

Yes sir!

Without delaying a second, Sonia firmly obeyed the order and took off her shirt, exposing her two huge and firm tits of enormous proportions.

Woow...

At your orders sir,
I await your indications...

Now put the palm of
your hand up here.

Hatch 33-B

Bellick grew increasingly excited. The beautiful female of gigantic proportions in front of him was really willing to obey him in everything.

*bring me up to
your breasts.*

W... Which one
do you prefer,
sir?

The left one, but
be careful or
I might fall...

She obeyed immediately, and Bellick climbed onto her hand, where he stood. Deep down, Sonia was excited that her colonel was so small as to fit in the palm of her hand, she liked to continue being faithful and obedient to him despite his diminutive size, and also sincerely believed that her moral obligation was to be faithful and obedient.

Understood.

Sonia observed the colonel's erection and proudly verified that the little man liked what he was seeing. Although she tried to continue behaving like a disciplined military man, the huge woman could not help speaking in an increasingly feminine and whispery tone of voice.

Good girl...

It's fine. It is normal
that you like this.

Ohhhhh... L... I'm
sorry, sir...

When she felt the contact of that tiny hand on her nipple, Sonia could not help releasing a powerful moan that resounded throughout the room. Then Bellick settled himself so that he could squeezed milk from that nipple, as if it were a baby.

At first, just a few droplets emanated from her huge chest, which he immediately swallowed, pleasantly surprised by such a wonderfully sweet taste. As he continued to gorge himself on milk, he caressed the girl's colossal boob with both hands, who, extremely excited, tried to suppress a new moan.

A woman with short blonde hair and large breasts is the central figure. She has a tattoo on her right arm and is looking upwards. A man in a grey shirt and camouflage pants is climbing her breast. The background is a futuristic, white, metallic environment with various panels and a window. A speech bubble is on the left.

*Ohhhh... Colonel...
Ohhhh...*

Bellick grew progressively while he drank, so that after a few minutes Sonia stopped holding him in the palm of her hand and started to cradle him in her arms. He kept sucking on her nipple for a long time until he felt totally satiated.

Good girl...

*I believe you
liked it, sir*
