

ELYA – A NEW EXPERIENCE

Story and Illustration
by Tawny Tomsen
October 2020

T&T Products

"I am glad that you have come to visit me. I am Elya and I bought some nice toys in the T&T-Online Shop. Tonight is the time and these things should be delivered soon. I am really looking forward to it. Do you want to be there when I try out these toys?"

Meanwhile the expected supplier arrives from the company Diskret-Delivery.

Supplier*: "Excuse me ma'am, I am supposed to deliver this Self-Bondage-Set to a certain Elya Millers at Tomsen Road 95/6/9".

Passer-by: "Ah, Elly, I know her, she lives just around the corner. A self-bondage set you said? Interesting, I wouldn't have thought she'd be interested in something like that."

* The supplier is represented by the OC of AtomicWick

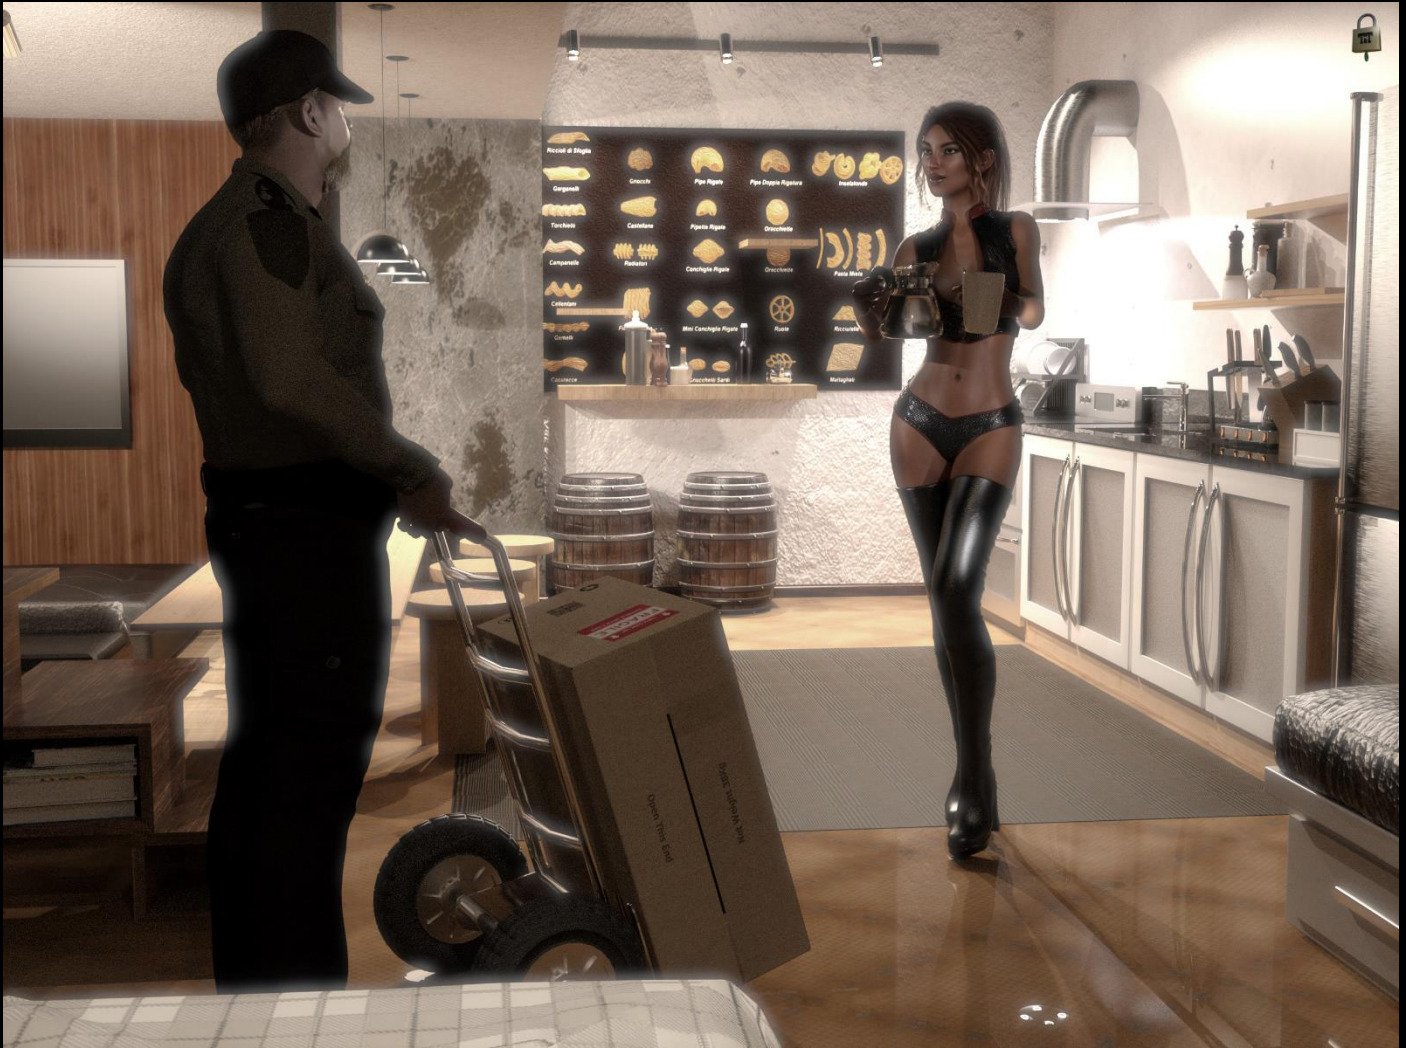

The supplier reaches the specified address and rings the doorbell. Elya joyfully opens the door.

Supplier: "Discreet delivery, good day. I have the ordered self-bondage set for you".

Elya: "Great, come in, may I offer you a coffee?"

Supplier: "Yes, please do, then I can also help you to check the contents of the package."

Supplier: "Where can I put the package?"

Elya: "Yes, it fits here. Milk sugar, Mr Wick?"

A. Wick: "Yes please"

Elya: "Well, let's see what's in there. Oh, a magic wand. It looks great and it certainly feels good."

A. Wick: "And the coffee is delicious too. Do you want to try all this right away?"

Elya: "Yes, I can hardly wait."

A. Wick: "It's a pity that I'm still on duty and can't help you."

Elya: "Don't worry, the whole point of self-bondage is that I should do it without any help."

A. Wick: "Oh what is this? That looks very interesting."

Elya: "It's a Posture-Collar and prevents me from moving my head."

A. Wick: "I see. And is the delivery complete?"

Elya: "Yes, it's all there and there's almost nothing to stop me having fun"

A. Wick: "But unfortunately, I have to go and thanks for the coffee".

Elya: "You're welcome"

A. Wick: "And have fun being tied up"

Elya: "I will surely have it"

As soon as the supplier has left, Elya throws herself into the preparations for her adventure and installs a chain on the upper platform.

The hanging chain will be extended a little more

Since Elya does not want to drill holes in the floor, she fetches an old board from the basement on which she mounts the fucking machine and the floor hooks.

Full of anticipation and looking at the Anal-Hook Elya opens her top ...

"These devices from T&T are ingenious. They can all be programmed and remote controlled with this T&T app. Let's see if the app has found all the stuff. Ah yes ... the Cuffs ... Locked in 30 minutes ... Open in 280 minutes ... the vibrator ... Intensity: random, duration: random, pauses: random ... and the fucking machine ... also all random and start in 30 minutes ..."

"The toys are now all fully programmed. And now I record the whole session ... Battery is full ... and record ...I think the best position is here on the working plate"

"OK, let's throw ourselves into the pleasure. First comes the belt with the vibrator holder. Oh, my God, I'm so aroused right now..."

"Next comes the Harness, which is supposed to give me a little bit of support. Leather on bare skin feels so good."

"... the ankle-cuffs over the boots ..."

"... followed by the wrist-cuffs ... as soon as I have closed the ankle- and wrist-cuffs, a timer is running and I can't open them before the time is up."

"I'm very excited about how the Posture-Collar feels..."

"... Let's see, is everything I still need at hand? Yes ... very good ... then it's time to tie up ... let's start with the ankles tie to the floor ..."

"The legs are now fixed wide apart and now the rod of the fuck-machine is extended. ... mmmh h h h y e e e e a a a a h h h h h....."

"... now the hook comes to its place. phееewww ... the spring is quite tight"

"... now still the niple-stretcher phееew that is however extremely a little further ouuuuhhhh ..."

"... the ball gag, so that my neighbors are not startled by my screams. ... MPPPPFFFFFFHH..."

The Magic Wand is inserted by Elya into the provided holder on her belt.

Elya connects the back ring of the harness with a carabiner to the chain hanging from the ceiling to prevent it from tipping over.

A chain stretched around the belly, not only fixes the hook and gives more hold, but also feels very good on bare skin

And as a last attachment Elya takes the blindfold ...

... and the last step on the way to absolute helplessness is to connect the wrist-cuffs with the prepared padlocks also with the chain hanging from the ceiling ...

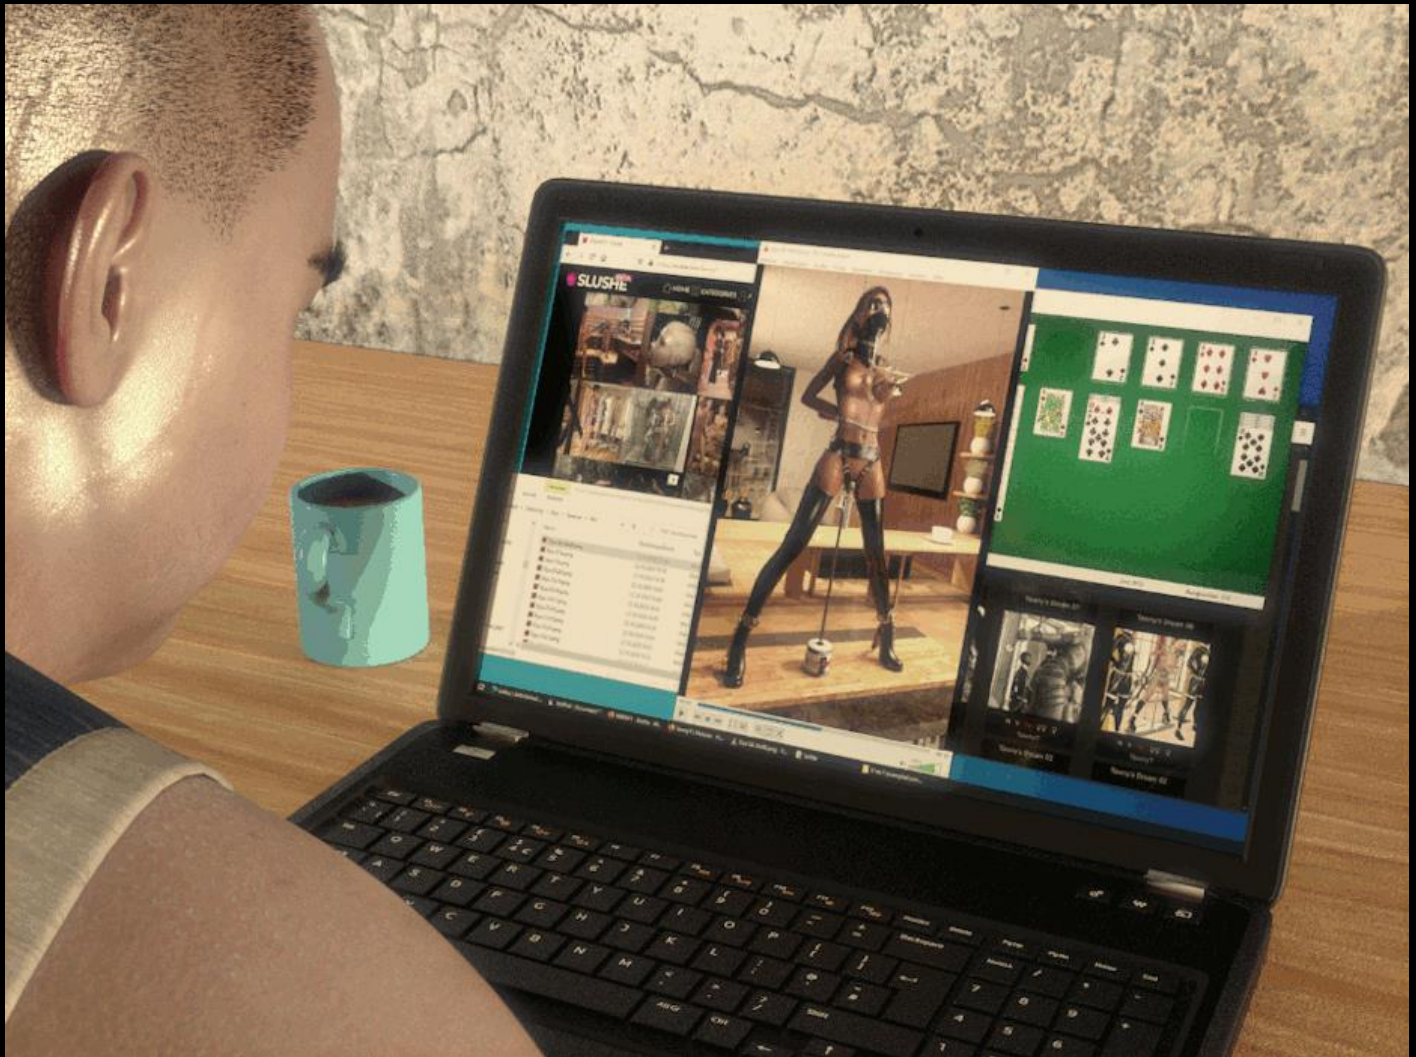

....waiting until the timer starts

... and the penetration starts ...

When Elya started recording her session with her cell phone, she stupidly confused in her excitement the recording app with the streaming app in her phasebug account and so ...

... but Elya is unaware of all this. On the contrary... She floats in a cloud of horniness while she is permanently penetrated by her vibrator and the fuck-tool without mercy and reaches one climax after another...

After Wick had delivered all his packages to other clients, he wanted to check if everything was all right because he noticed that Elya was very excited about the way she unpacked the packages. So he returned to Elya and knocked on the door. The door was obviously only ajar and opens by itself. So Wick takes the liberty of simply entering. One more reason to be concerned about Elya ...

Wick: "Hello Elya, it's me, Wick. Don't worry, I just wanted to check on things and don't let me disturb you"

Elya: "MHHPFFF"

Wick: "Oh, I see you haven't turned off the coffee machine. That is very careless. And the door was open..."

Elya: "MHHPFFF"

Wick: "You don't mind if I have another cup of your wonderful coffee, do you?"

Elya: "MHHPFFF"

Wick: "I take that as approval"

Wick: "mmmhh, the coffee is just delicious, And now let's check if you did everything right.

Wick approaches Elya and checks every single attachment.

Wick: "The nipple clamps can be tightened a little bit and the spring can be hung 2 links higher".

Elya: "MHHPFFF"

Wick: "Otherwise great job for the first time"

Wick pets Elya with appreciation on the cheek of her buttocks.

Elya: "MHHPFFF"

Wick: "I see you still have more than 2 hours to go. I am sure you will enjoy it."

Elya: "MHHPFFF"

Wick still enjoys the show that Elya offers him more or less voluntary and after about half an hour Wick decides to leave Elya to herself again.

Wick: "I'm sure you won't mind if I take a selfie with you as a memento for this beautiful moment. Please say cheeeeeeeese"

Elya: "MHHPFFF"

Wick: "By the way, have you seen the extreme selfbondage kit in the T&T catalog? I would be happy if I could bring it to you as well. And again thanks for the great coffee and have fun".

Elya: "MHHPFFF"

Without interruption Elya continues to be tormented and 2 hours later the effort is noticeable ...

... the last 5 minutes ...

Done the cuffs open and Elya removes all torture devices and throws them to the floor. Since she is very weak in her legs at the moment, she welcomes the fact to hang from the ceiling with the chest harness and falls asleep in this position

... further sleeping ...

After a few hours sleeping on the chain, Elya wakes up: "Oh my God, that was great. I have to do that again..."

After Elya has completely freed herself, she takes her cell phone and stops the supposed recording. Even now she hasn't realized that she has stopped streaming. As soon as she has done so, the bell rings.

Elya: "Hello?

Who is there, the Bondage Night Club? ...

For what great show are you congratulating me? ...

The self-bondage session on Phase-bug? ...

What? ...

You want to give me a contract for live shows? ...

oh shit ..."

For sure I don't want to withhold the picture that Wick made with his mobile ;)

THE END

ABOUT:

AtomicWick:

AtomicWick is a writer from Appalachia who grew up on a diet of comic books, poetry, science fiction, adventure television, and cheeseburgers. Of course, there was time for normal stuff like a lot of piano lessons, working in retail, and mowing neighborhood lawns.

He writes a wide variety of fiction and poetry. Elements of thrill and peril are key to the stories he has shared on Deviant Art. It's basically due to 70s television that his tales are infused with bondage. There are only so many times Wonder Woman and Daisy Duke are tied up before the impression becomes indelible.

He draws inspiration from various sources: current events, literature, bacon cheeseburgers, and Tawny Tomsen, just to name a few. Comments are always welcome on his pieces at his Deviant Art page, because he may even get inspiration from you!

If you want to read more stories from AtomicWick, then visit him at:

Tawny Tomsen:

Tawny Tomsen is a real person, even if she exists only in cyber-space. She was born in March 2007 as a character in the digital world of "Second Life®", and thereafter went her own way, without regard for the wishes of her creator.

With her Second Life friend Tina, she founded T&T Products, purveyors of fine bondage devices for Second Lifers inclined toward the BDSM lifestyle. The brand soon became the first choice for discriminating Masters and Mistresses of the digital world.

After 9 successful years at T&T Products, Tawny changed her career to 3D artist and brought in her new expertise from years of developing bondage gadgets. In the new 3D artist environment, she met Berseh, and from autumn 2017 a deep love and mental BDSM relationship developed, which through collaboration in several works and with Berseh as a muse, has given Tawny another qualitative boost, which has made it possible to build an enviable reputation and gain a large and loyal following among BDSM fans, with their graphic stories staged by their sexy 3D Tawny Girls.
