Damn it... I can't find Jacob anywhere. I must have taken a wrong turn.

I'd better keep moving. It'll be dark in a few hours... At least I know how to get back to the main road.

Everything in this forest looks the same... but this should be the way...

I'm almost out of water, too... I hope Jacob brought a few extra bottles.

Huh? What on earth is that...

Wow... this place looks like something out of a fairy tale. An oasis in the middle of the forest...

What an incredible sight. Once I find Jacob, I have to show him this place.

I can also freshen up a bit and fill my water bottle... the water looks very clean...

It’s so refreshing... I’ve never tasted water this good. *GLUG GLUG*

DRINK

A house in the middle of nowhere? And it looks to be in good shape... Someone must live here. Maybe they can help me.

Hello? May I come in? Is anyone home? The door was already open...

Don! There you are! What happened? Did you get lost?

* WAAAAHHHH *
FLY
STUMBLE

No, my oasis water...

SPLASH

Damn it, Jacob! You nearly gave me a heart attack! That was my last bottle. Please tell me you brought another one.

Sorry, Don. There's running water in the house, so don't panic. An oasis, you said? Where exactly?

Just five minutes from here. I found a beautiful spring and drank the best water of my life. I didn't see anything unusual on my way here, though.

I didn't see anything on the way here, I assure you...

How did you manage to miss it? It was huge... you could hear the sound of the water from a distance...

I'm telling you, there's no oasis nearby. I've been searching this whole area for half an hour. There's nothing out there.

That's strange... I'll take you there later and show you. It's just—

Argh! My chest... It's burning! I hope I haven't picked up some kind of infect-

The heat is spreading through my whole body... What's happening to me?

What the hell...? My skin feels different... softer.

POKE

SOFTENING

What the hell is happening to my body... MMMNNNNN... it's starting to feel strangly... good...

My face... Something's happening to my face!

MMNNNGGG... my head... my brain... works differently... I can feel it...

WOMAN

Fuck... my skin... *gasp*... everything feels so sensitive and different...

God, I'm so tall... Has my sense of balance changed?... Even the way I move feels different...

No, no, no... this can't be happening! Okay... breathe.

Why are you looking at me like that... what am I like?

You look like... what can I say... a woman... a fucking woman...

I know, fuck... I can feel it... my body is reacting differently... to everything... even to you...

Could this place be cursed? There has to be an explanation. Let me think...

That book I was reading... I saw it here in the house. It was about something—

He mentioned an old legend... something that supposedly happened in this part of the forest.

THERE IT IS! This... oh my god...

Yeah... It mentions a spring, too. Whoever finds it is said to receive a blessing of fertility. But apparently, not everyone is worthy of that gift.

... the chosen one will blossom into his true, true form... and the stronger their desire, the more dramatic the transformation... It may even become... oh, fuck... permanent...

So you drank from the spring...? Don, I don't think you understand what that could mean.

Fertility? My true form?
No, I certainly don't want
to become a woman...
Let me read the passage
myself...

Permanent... transformation... desire... I can barely make out the words.

I can’t read this anymore. Everything is getting blurry.

Wait, what... hold on... it can't be—but maybe...

Try these... I don't think they're right...

They fit perfectly... How is that possible? It's almost as if they were made for me.

Why does everything keep falling into place? These coincidences can’t all be random.

Well, at least they suit you. You look like a sexy schoolteacher! Ha... ha!

If I look like a teacher, then check that book again. There has to be something that can reverse this.

Okay... okay, Prof...
let me see if I can find
something...

Please hurry. I can feel something else happening...

I’m trying, Don. Just give me a little more time.

This isn't good... I can feel my chest trembling... please... don't let this happen...

No please... I don't want to be a woman... above all I don't want-

Oh... god... here it comes... Eek!

BULGING

YEEEEAAAH

I run upstairs… there's a wardrobe… Good God, Don… you are stunning… fuck…

What's he saying... damn it... if he says things like this... I can't control this body...

JIGGLE

Fuck... my body is reacting on its own... I'm starting to sweat...

What a disaster… look at this… I'm getting turned on… by what he said…

* SQUEEZE*

Ohh... *gasp*... Jacob... Nghh! I'm losing my mind...

I'm so wet... I wonder if I still have...

Looks like my thingy is still there… I haven't changed all that much from the waist down…

Damn... that means I still have to change...

I can’t see past this wall down here… I hope there are some clothes that will fit me…

I don’t want to be naked in front of him... it would be strange...

Yes, it would be... strange... I can't let myself be found... like this... what's happening now...

TREMBLING

Ouch... oh no... it's all crackling... Ahh! my bones they're getting bigger-

Are you... um... more voluminous? And you have.. a... *gulp*

Yes... it all happened so fast... thanks for the clothes... just set them down over there...

No problem... I'll... um... wait out here... yeah... sorry... I'll just take a look at the book...

What on earth came over me... I looked like a whore in heat... in the end, he saw me more than naked...

PULL

What an embarrassing mess... I need to clean this up...

Here I am, Jacob... I've tidied things up a bit... thanks again... did you find anything?

Wow... that outfit really suits you... you look absolutely stunning... come over here and I'll explain...

Oh... um... thanks... I'll be right there...

So I've been reading up on it a bit... it says there's a way to undo the change... there'll be some kind of test...

A test? What kind of test...

The rest of the page is ruined... what I managed to make out is that you have to resist something... and, in theory, it's going to happen in a few hours...

At least I have a chance... do we just have to wait? Do I have to stay like this for a while longer?

Yes, there's nothing else we can do... I'd wait here... if someone happens to come to this house, we can ask them a few questions...

Okay, let's hope so... I'm going to close my eyes for a bit... I'm exhausted...

Few hours later...

SLEEPING

Hey Don... wake up... we should be there...

yawn... so it wasn't a dream...

it should be happening soon... the test, I mean...

Hey Jacob... I can't hear you, come here... sit here next to me...

I don’t think anyone will come here... how are you?

Well, all in all... I slept well...

And you—everything's good with you? What have you got there that you're hiding?

Huh? No, nothing... really, nothing...

Wait... and, um... don't pay any mind to it... hehehe... fuck...

BULGING

Ohh! Look what we have here... hello, little one...

What the fuck? Don, are you drooling? Damn... it's normal that I-

Sorry... I don't know what came over me... it wasn't mine-

JIGGLE

You like these, don't you? Come on, get undressed quickly...

POKE

SQUEEZING

Huh? I-I... uuhhh...

Are you ready, Jacob...
shall we go?

The next day...

I'm coming...

Mounths later...

I still can’t believe I’m about to become a mom... until a year ago, I was a male...

You'll be an excellent mother... we'll have one child!

Who said we're stopping at one?

Extra...
