

FUCK YES!

That was amazing!
You were amazing,
so good!

You too, Calvin.
That was fantastic.

Very good.

So are you going to keep Calvin out or
are you going right back to the full Irene?

That felt really good
in a way that's hard to describe
Putting it back inside feels both
weird and pleasurable, but
you'd know about that.
I suppose so.

Let's put it right back where it came from, shall we?

It feels like you've got plenty of experience with pussies already. Where'd you get that, Mercedes?
I've always had one, dummy.

So where did you even find out how to get these skinsuits in the first place? I mean, it's crazy, you're totally her physically, it's just amazing!

Well, I've been a crossdresser before,
and one night I stumbled onto this dodgy website,
I don't really even know how but they sold suits.
Might've been drunk but I bought one and it worked.
It really worked!

So then, I contacted Irene, got the info needed to make a suit of her and sent it on. That's all it was. Though, the weirdest thing that website sold was a gun, but it was way too expensive for me.

Really now? Why would they sell a gun? What do crossdressing and guns have to do with each other?

It was some sci-fi looking gun, and apparently it would turn anyone you zapped into a suit to wear.
Really? That's weird.

Lets just focus on something else, shall we, Mercedes?
