

JANE DOE VORES RAVEN

X-RAY EDITION

COMIC BY:
BUCKETHEADANIMS

Who are you!? What have you done with Beast Boy?

The cute green guy?

He was so delicious looking that I ate him up.

What!?

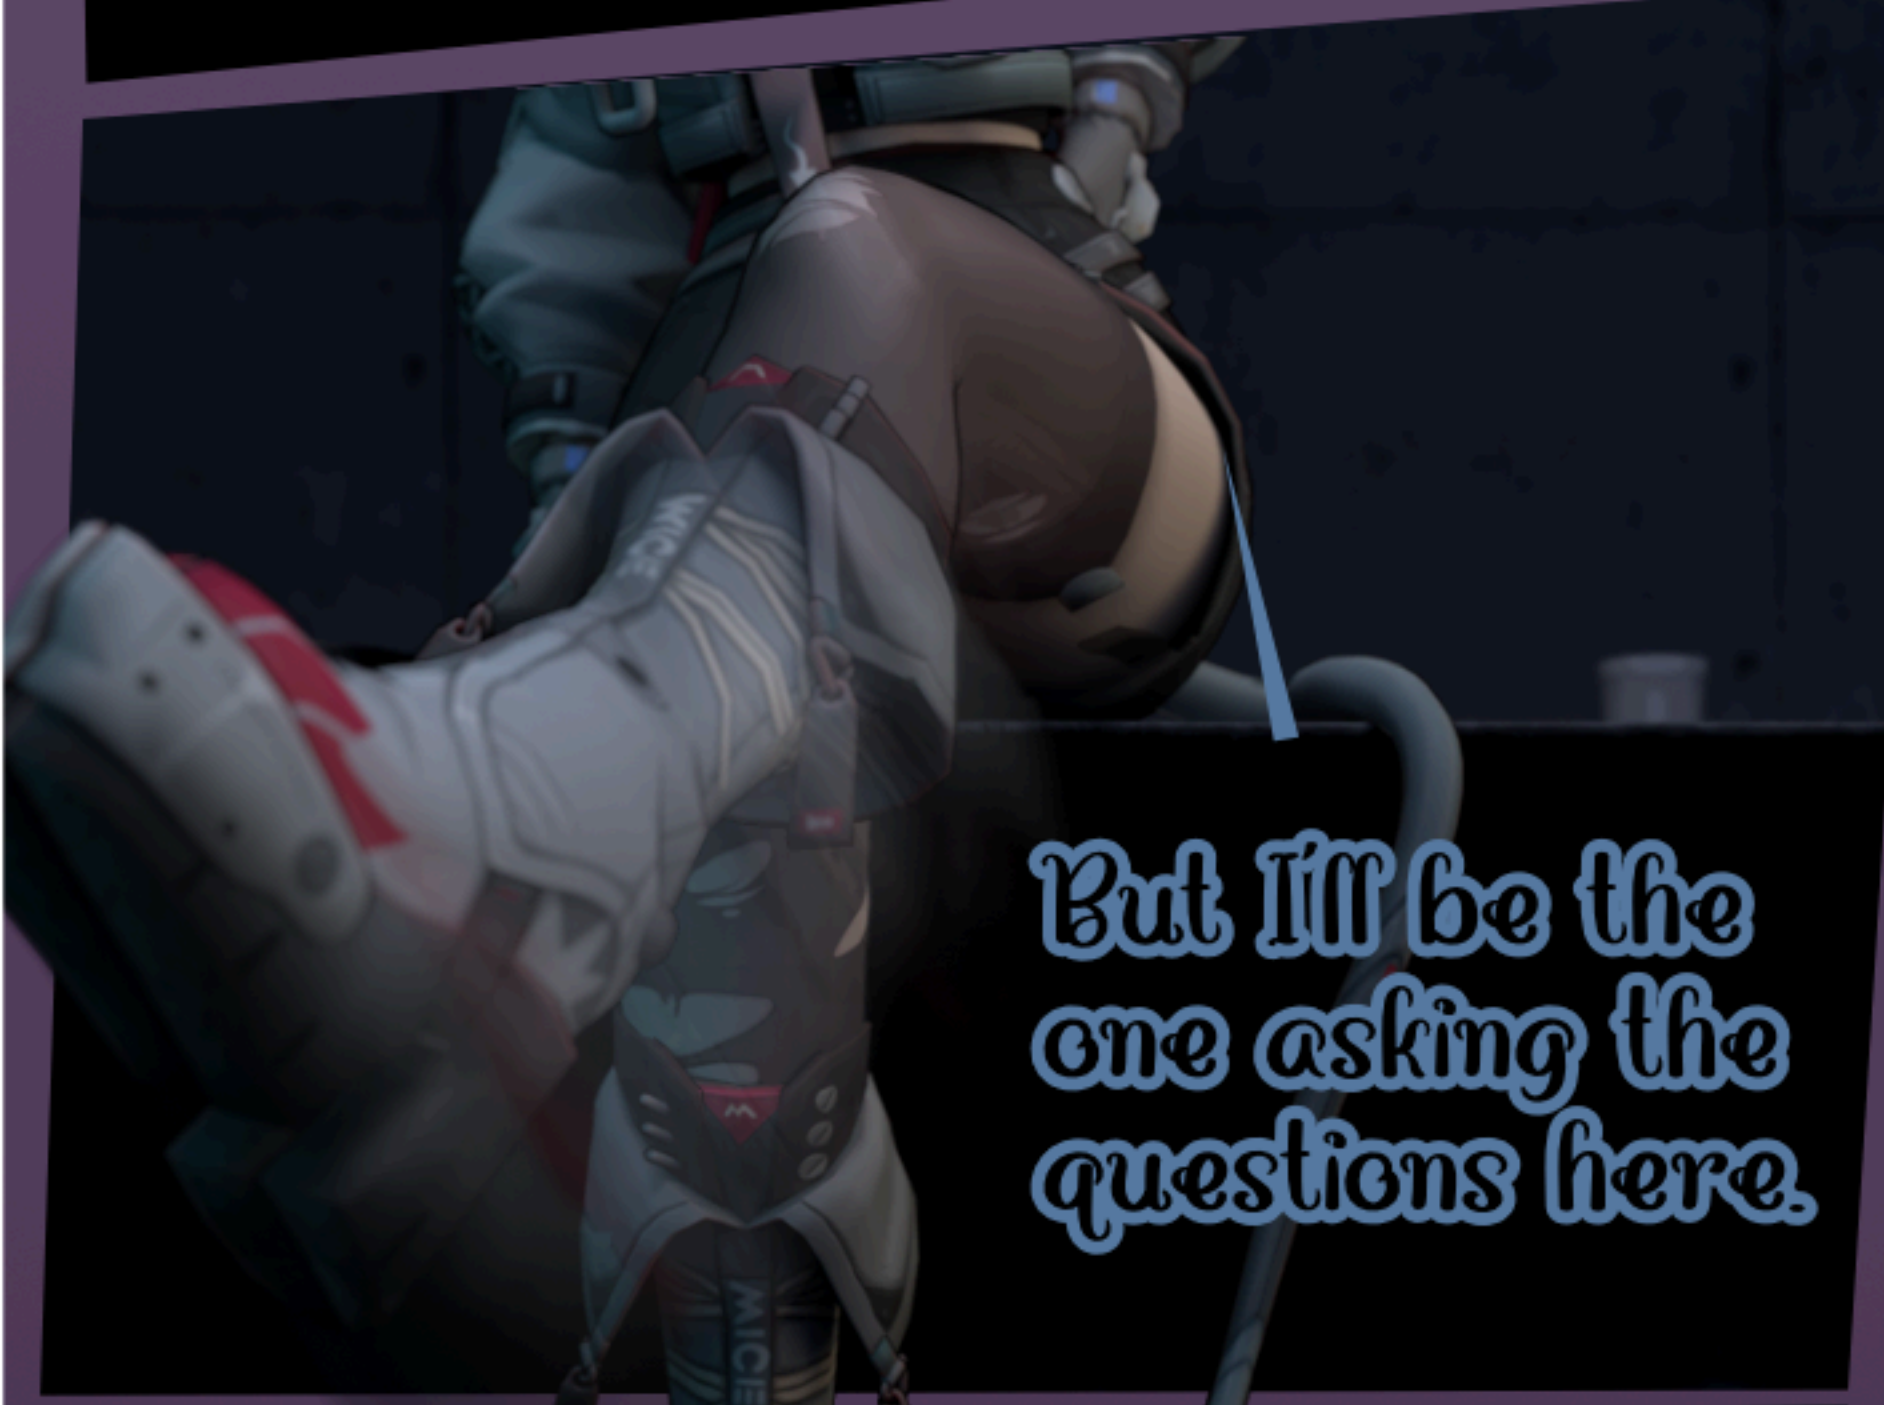

Kidding, of course...

Don't mess with me! Did Slade hire you to kidnap us?

I don't know about any "Slade".

But I'll be the one asking the questions here.

Now, there's an easy way, and a hard way I get my answers

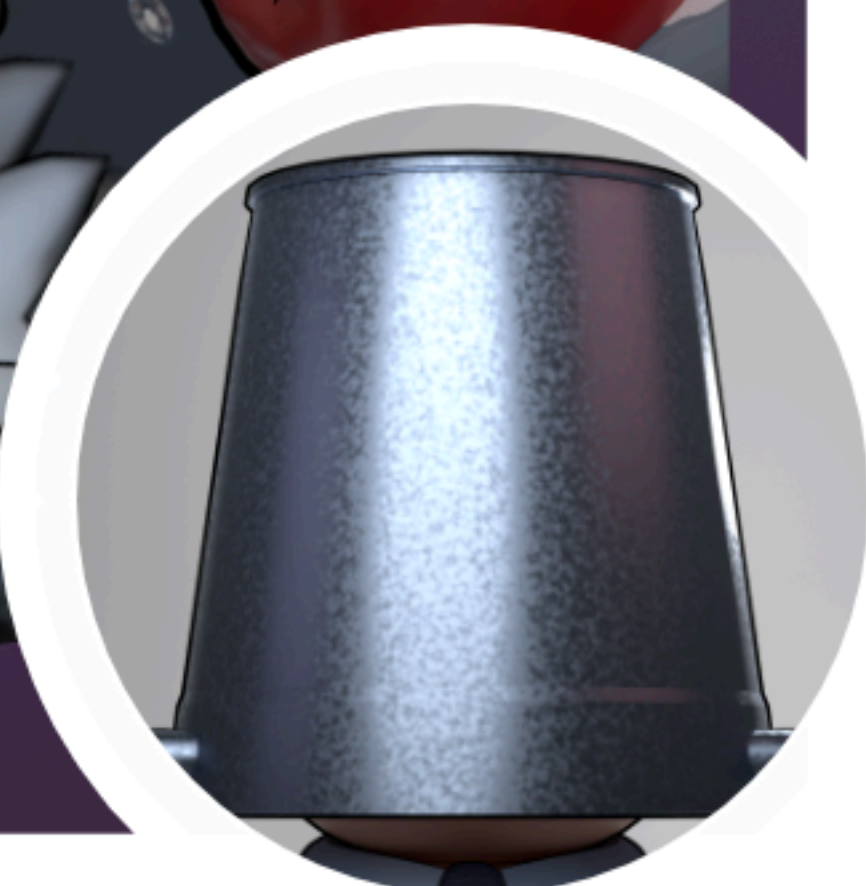

So choose carefully what your next action is.

I hope you choose different from your friend...

Azarath...

Your friend was too cooperative, so I wasn't allowed to do this. I will settle for you, though.

Cee, you're quite heavy.

You deceptive rat,
How dare you?!

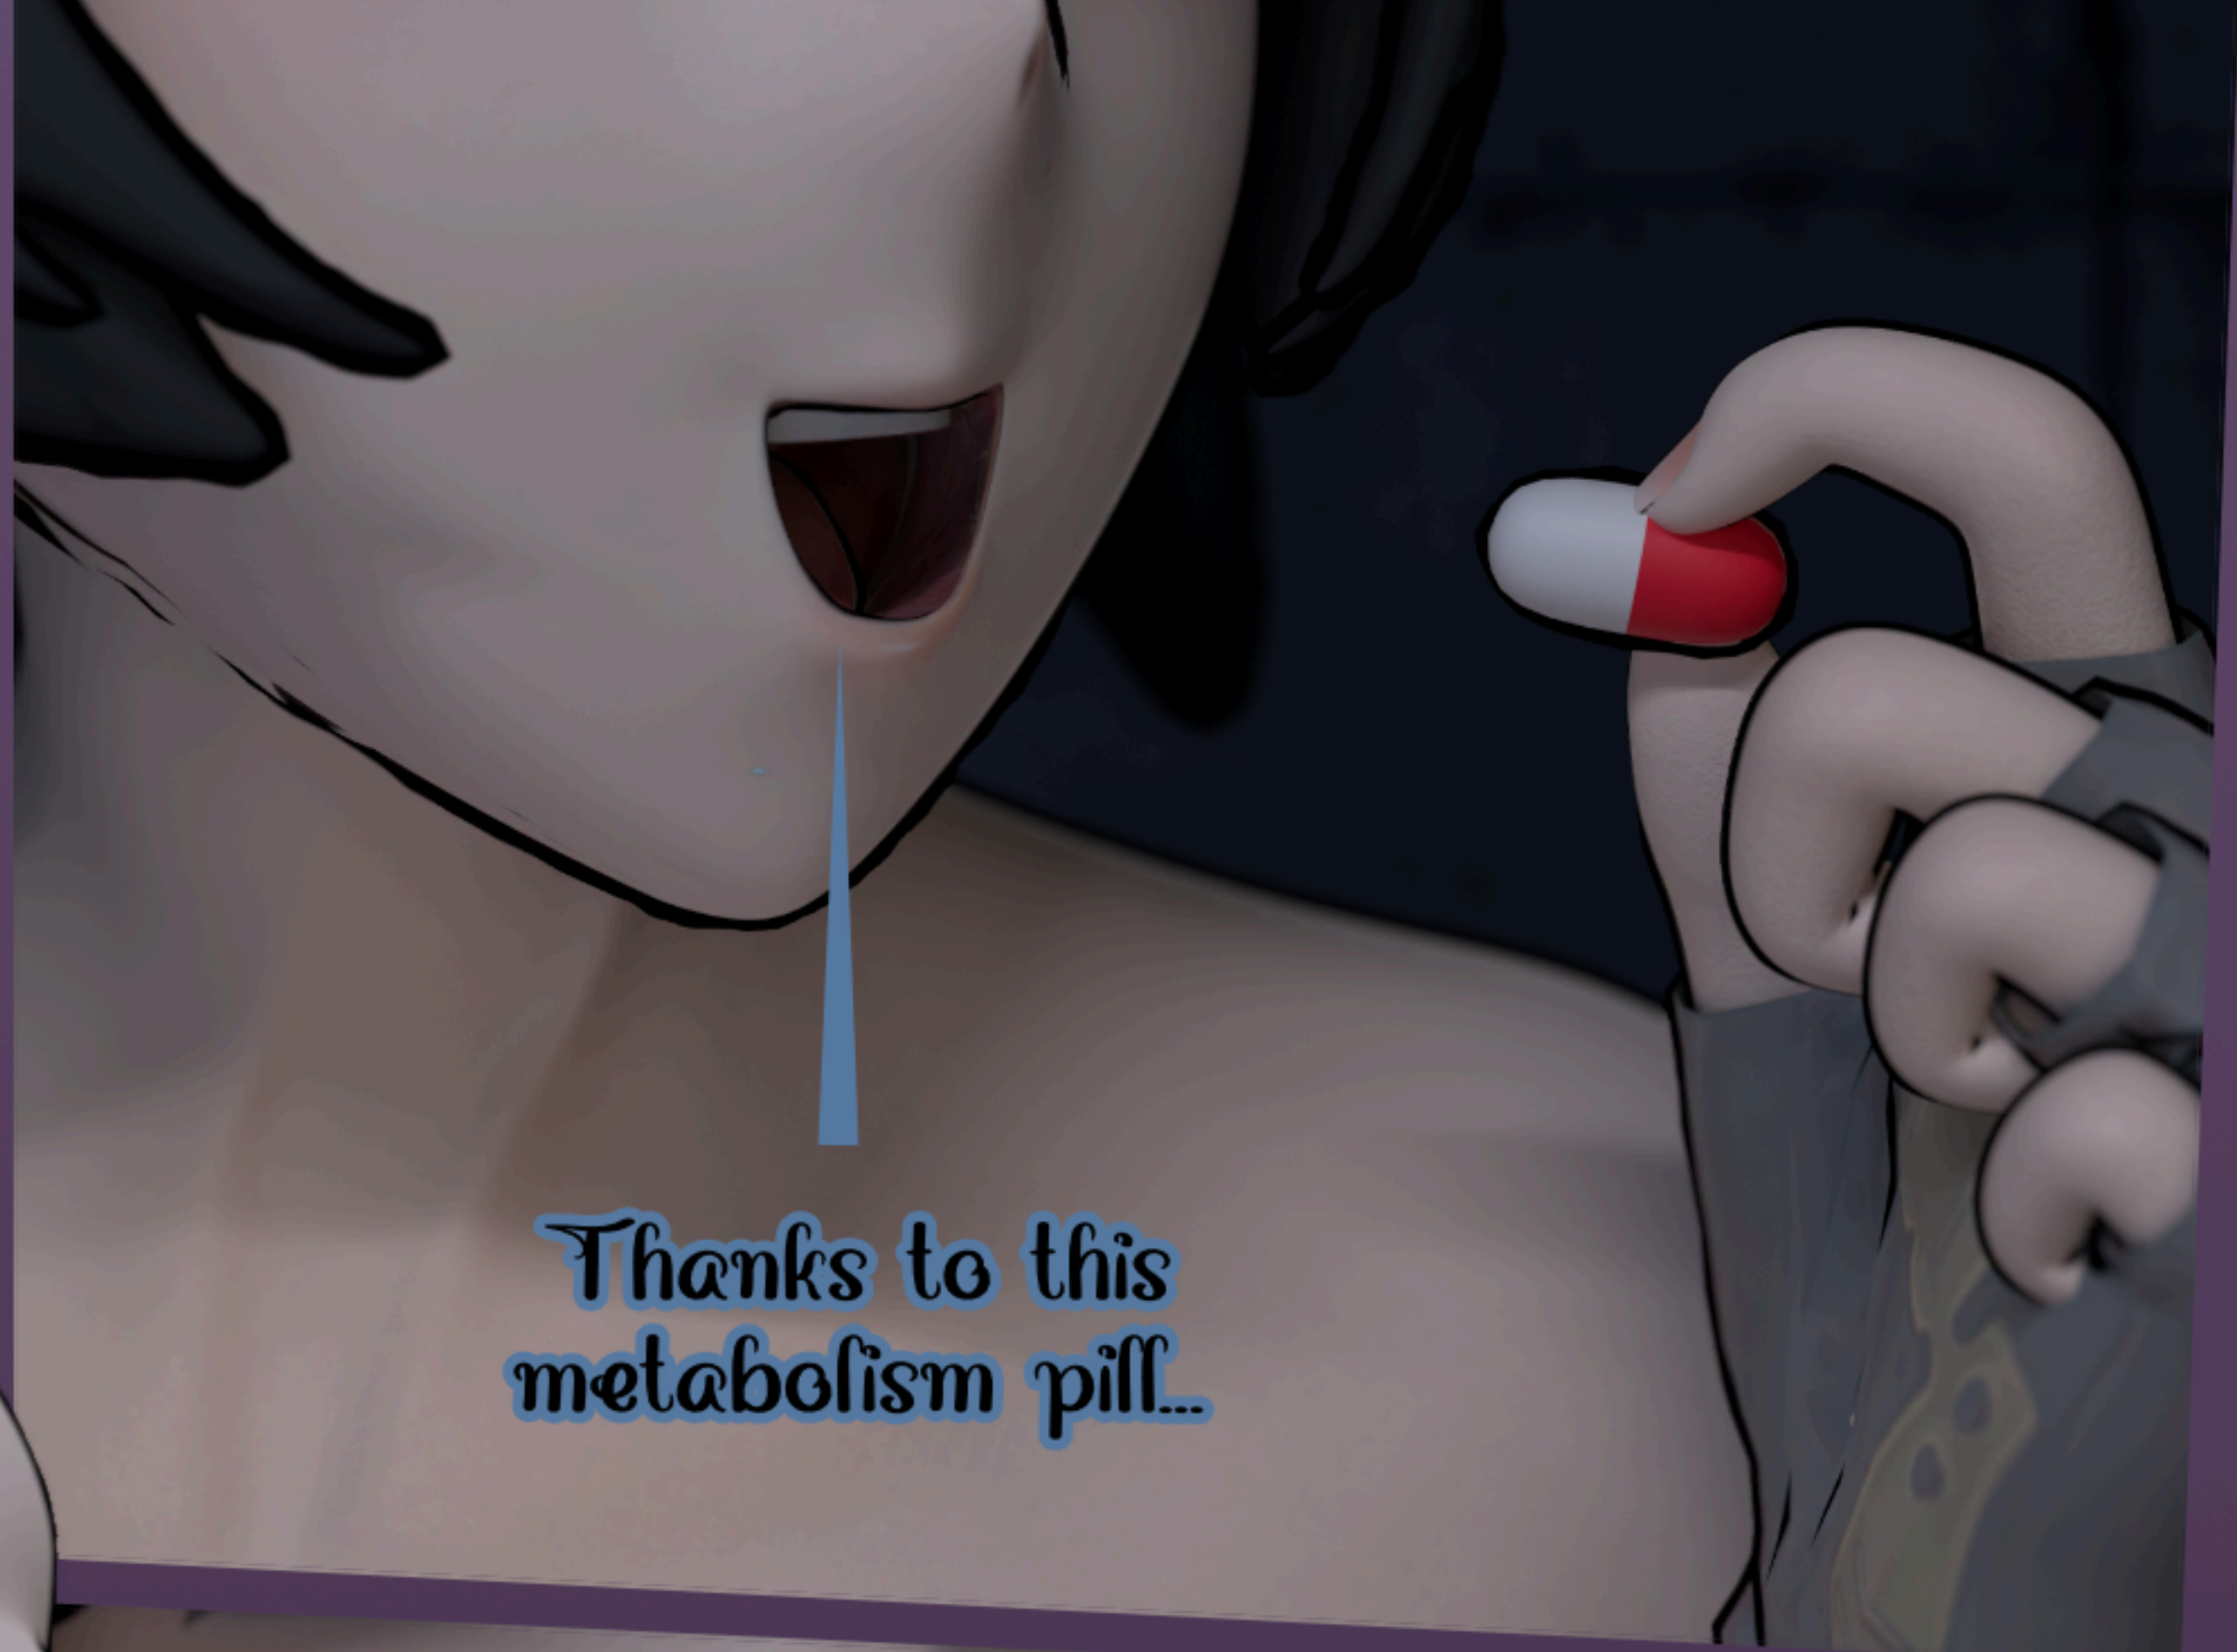

...And noisy...

Mmph! There, now
you'll pipe down.

Now, as how
euphoric this is,
I have other clients
today, so I'll need
to expedite this.

Can't breath! The acid
is past my head! It's too
tight to move in here!

Thanks to this
metabolism pill...

Metabolism pill?

GULPI!
