*It been 2 week sense I married Sandy. The beating haven't been as much. I knew how to keep my place now. It was speak when spoken to and do as she says. I know that sound bad but I love her. Her sexy body made me shiver. Her voice was hypnotic. Sandy had super models looked a perfect Amazon 6.2 body. Her breast were huge and she sported huge biceps. I worshiped her. Plus I knew she kill me if I try to leave.*

*Things ran smoothly with her in charge. Things were easy and ordered. She took care of me financially and sexually. Even though sometime she could be too much for me. Her sex was intense and rough and she would never get enough. She would have me in tears from intense orgasm, all ways leaving bruise from her rough love making. She would always laugh and call me a little bitch. Sandy would kick my ass when I didn't do it right. Sometime I didn't even have sex at all. I would just have to go down on her for hours, licking her ass and pussy. She loved that. Sandy was a squinter. Sandy seem to get a kick out of humiliating me and putting in her sexual act. I had to be reminded that I was her toy*

*My job now was a house husband. She was my whole world and I loved it and it frighten me. My diet now was strict, I mostly drank water and Sandy juices and ate small healthy meals. She wanted me thin. I had to keep my skin soft using oils. Sandy brought me a cock pump because my dick was too small. My body hair was shaved and smooth as a baby's bottom. She said she lover pinching my cute black ass. Her name was tattooed on my ass. You could tell because she rarely let me wear clothes in the house.*

*I had to prepare for a dinner that was coming up tomorrow for her friend.*

*Sandy had taught me how to cook. She said that I would learn a lot of service with her. She came in the door.*

*She was in the door way staring at me with her deep blue eyes. Her black hair flowing down her shoulder. Her legs seem to go on and on, Nice and thick and dripping with sweat from a work out. She would lift weights and Jog after work. She had a pair of Daisy dukes and a wife beater shirt on with only a skimpy bra underneath. When the shirt sweat you could see her solid abs. Nice and hard like steel. The shirt sleeves were short wear you could see her monster biceps. She loved to show them off. She had thick shoulder and strong built. She had a cold beer in her air and popped it open. She drank it all down and crushed it tossing in the trash. She grabbed another beer from her pocket.*

*"I left two cold one in a bucket of ice for you" I said. My voice all ways seem squeaky with her. She smiled bending over to look at the paper. She know she drove me crazy and intimidated me.*

*"Thanks babe" Sandy walked over and trapped me against the kitchen counter.*

*"Did you clean the house like I told you slut" She said Her voice all ways had a edge. It scared me. I hated to admit it but the fear and violence excited me. Turn me on.*

*"Yes Sandy. I did everything you told me"*

*She had me suck on her finger. I looked up wide eyes at her.*

*"Good little whore. Better be spotless bitch. As good as a take care of you, while you sit on your cute little ass"*

*I was forced to lick her clean. Sandy went back to my now sensitive cock.*

*"Please no more ... stop."*

*I tried to push her hands away. The moment after I knew it was a mistake but it was too late. She slapped me hard sending me to the ground.*

*She started stomping and kicking me  
"Don't you dare push your hands away from me you little shit" She said  
"Please noooo sorry, Please stop" I cried  
She grabbed my by the hair lifted me up. She slapped me hard, with lefts and rights. I

*Sandy had a big clit, it was enough to get my mouth around and suck. I loved sucking her clit, the juices that flowed from her messy clit. The strong smell she had after she worked out. I had passed out in the clit from suffocation several time. Could even bring myself to cum. I started sucking her clit and licking around her pussy bobbing my head up and down.*

*"You love me slut" She said*

My body was weak by her, Could help but rub my cock between my legs to cum..only when she allowed of course. She let out a stream of piss in my mouth and turn on the TV. I was force to lapped it up.*

*"Get me a Sandwich bitch, and good back here while my pussy still wet. Hold my piss in your mouth, want that mouth all ways full"*

She made me swallow and get back to work. I was just her toy to please her as she watch the game. I move faster sucking her clit again and again. I had passed out when she smother me by squeezing her legs together. I was brutally slapped awake.*
