

Mommy needs your sperm

By Klrxo

"Hey sweetheart, Mommy needs to talk to you about something," Violet stated, stepping into her son's bedroom. She wore a silky kimono robe and her son, Rin, could tell she was braless beneath it by the way her ballooning udders wobbled and jiggled with every step. "Can you put your phone down for a minute and come sit next to me on the bed?"

"Sure, mom," Rin answered, then sat down beside his beautiful mother.

"There we go, that's better," she smiled, patting his knee. "So, I want to talk to you about something that's a bit on the grown up side, but I think you are old enough and mature enough to handle this conversation."

"Ok."

"I'm not sure if you are aware of it or not, but your father and I have been trying to get pregnant for quite some time now."

"Oh, really?"

"Unfortunately, we HAVE NOT been successful," she continued, leaving her hand on his knee. "We've been having a lot of sex, making sure to do it when I'm most fertile."

"Damn," Rin sighed, thinking about how damn lucky his father was to be laying pipe inside such a curvy beauty.

"Oh, hunny...don't blush. Sex is a natural thing, and it's necessary to have a baby. I really don't want to have to keep trying, I want to get pregnant now! And I think you can help me with that," Violet told her son.

"Really? What can I do to help?"

The mother shifted a bit on the bed, turning towards him. "So, we had your fathers semen tested, and it seems that even though he has some swimmers in there it's a bit on the low side," she explained. "You see, son...as you get older the sperm count in your cum gets lower and lower."

In order for me to successfully get knocked up, I need semen from a younger male. Well, when the doctor told me that, I immediately thought of you!"

"Me?!" Rin blurted, his heart doing a summersault in his chest.

"Don't look so shocked, sweetheart," Violet giggled. "You are a healthy, virile young man, with lots and lots of sperm in your semen. And I believe that with your help, I could get pregnant very quickly, maybe even on the first try."

"I'd love to get you pregnant!" the boy gleefully confessed.

"Mommy just took her ovulation test, and I am very fertile right now. It's the right time to have semen injected into my womb. Now I need you to be a good boy, and let me get that young baby maker out of your pants."

"Be my guest, mom," the boy offered, tilting his hips to make his hardening bulge stick out.

"I need to get you nice and hard, and build up a good amount of cum in those hot young balls of yours. What do you think, would you like to help mommy?"

"Fuck yeah!"

"Mmm, you would huh?" she smiled, gazing deeply into his eyes. "I was hoping you would say that. Mommy is gonna need all the semen she can get out of you."

Rin looked at the door worriedly. "Isn't dad here now though?" he asked.

"Don't worry sweetheart, your dad is asleep in his chair as he usual is at this time of night."

"It's ok?" Rin asked.

"What's that?"

"It's ok that we do this?" he inquired, wanting to be sure. It wasn't every day that a boy was asked to fuck a baby into his mother.

"Of course its ok that we do this, baby. Its perfectly natural for a son to supply his fertile load to help get his mother pregnant. And it will be our little secret! When I finally have a baby inside me, OUR baby, then your dad will just think he is the one that knocked me up."

"True," Rin snickered. He was so thrilled to be taking his dad's place as baby-maker of the house. Yes, that meant he'd be fucking his wife, but his mom was perfectly fine with it, so who was he to protest.

"Are you ok with all of this?" Violet asked.

"Fuck yeah...it'll be a blast!"

"Mmmm, ok good. Let's go ahead and get your pecker out of your shorts, mommy needs to rub it and get it nice and stiff in order for you to fuck me."

"I like how that sounds," said Rin, watching his mom unbutton his shorts and pull down the zipper.

"Yes, honey, that is how your semen will get inside me. Now, I'm going to reach into your shorts," she whispered, then fished her boy's young, thickening cock from the fly-hole. "Oh, my...look at that, it seems you are already half way to being hard enough for me!"

"I'm pretty turned on right now, mom," the boy admitted.

"I see my boy is turned on at the thought of his mother rubbing his cock, getting it ready to slide it inside her hot love-tunnel."

"Oh, he'll yeah...that's gonna feel amazing!" Rin had already fucked nearly a dozen girls at school. Everyone from hot cheerleaders with fat, young tits, to shy book-worm, virgin-types who he just wanted to savagely pound his cock into. He had experienced some really good pussy, but never a hot, mature cunt like his mom's.

"That's a very good boy," Violet cooed, feeling her boy's prick-meat harden in her hand. "Oh, don't you feel nice in my hand! I brought a little bottle of lube with me, just in case, and I'm glad I did! I'm going to squirt some on you now, and start rubbing you. Ready?"

"I'm ready! Go for it, mom," he nodded.

"Ok here we go," Violet tenderly whispered, then poured some lube on and began to slowly stroke her teenager's cock. "Mmm? you like how mommy's hand feels on you, baby?"

"Oh shit yeah...that feels amazing!" he gasped.

"The way my long pretty fingers wrap around your young meat, sliding up and down slowly. I can tell how much you like it, son. Your dick is throbbing against my palm with each stroke."

"Oh, you're getting me that way...by the way you're stroking me," he told her, listening to the lewd sound of her stroking as she pumped his growing organ up and down.

"Mmmm, oh that's such a good boy! I love how easily and quickly you get so thick and hard for me!"

"Looking at you always gets me stiff like this," he boldly confessed.

"Yes, sweetheart, lean back a little and let mommy really get you rock hard. I can feel every single vein swelling up."

"Oh, your hands feel so incredible around my dick," Rin panted.

The mother wild eyes stared at her boy's fully-hard cock. She could feel the three rigid erectile columns bulging up and outward, making the blue veins bulge obscenely along his long cock-shaft. The lube she was using made his bulbous tip glisten beautifully, like the shiny skin of a fat, purple plumb. "You really do have a beautiful cock, baby," she meaningfully expressed.

"Thanks."

"Mmm-hmm, mommy REALLY likes it!" Her tightly-circled hands continued to travel its meaty length. "I have to tell you something. It's bigger than your father's.

"Sweet!" Rin snickered, his heart swelling with pride that he was more endowed than his dad. He knew his mom must be thrilled also, since she was about to be bred by a whopper of a dick.

"Shhh, we won't say anything though. That'll be our little secret," Violet winked.

"Ok."

"I'm going to have a little taste," she whispered, which made his cock flex excitedly. "Oh, my!" she giggled. "That made your cock twitch."

"It did?"

"Yeah, it did. That really turned you on thinking about sliding between my lips. Mmmm, that excites your mother. I'm going to lean down now, and take you into my hot, wet mouth, but just for a minute or two. I don't want you getting too excited and shooting your cum ropes into my mouth, instead of my pussy."

"True. I can't get you pregnant through that hole," Rin joked.

"Mm, are you ready?" his mom asked, staring into his eyes for a magical moment.

"Uh-huh."

"Here comes my mouth," Violet whispered, taking the head of her son's tool between her lips and sucking it tenderly. "Oh, baby, you taste so good, I could lick and suck your throbbing knob for hours."

"I sure wouldn't complain about that," Rin sighed.

His gigantic hard-on seemed to plunge endlessly down his mother's throat, as if there was no limit to the depths of her mouth. Violet gurgled shamelessly as she sucked more and more of his hot, teenage prick down her buttery throat. Her lips closed in a tight suctioning circle right at the root, deep throating him. Furiously, the cock-gobbling mother gorged herself on his prick, sucking and caving in her cheeks to increase the pressure around his pinkish-purple cock meat.

Violet came back up for air, watching pre-cum bubble from her son's meatus. "Oopsie, looks like you have some pre-cum leaking out of your piss-slit, and its dripping down your mushroom head."

"Yeah!"

"Mmmmm yummy, yummy...tastes so sweet to me," she mewled. "Let me lick that up for you."

Rin sighed in delight as he felt his mom's thick tongue swirl around his knob, licking clean the ball-goo that had formed on the tip.

"Let me check to see how full those balls are," said his mom. She reached down and combed her fingers through his scrotum, feeling his cum-swollen nuts. "Oh, yes...they are getting nice and firm, filling up with your young, hot sperm-filled semen. Kiss me, sweetheart, I want to taste your mouth."

"Sure!" blurted Rin, then he leaned over and smooched passionately with his mom.

"Oh, you're such a good kisser, I had no idea!" she whispered between kisses. "Where did you learn to kiss like that?"

"I've had plenty of dates lately, mom. I do a lot of kissing."

Oh, yeah...practicing on the girls at school, huh?"

"Yep!"

It was certainly no lie. For every girl he had fucked there were two more he'd made out with. Many times he'd get to third-base, sucking on their tits and pussy, then getting some magnificent head.

"Well, its working," Violet confessed. "You're getting your mother all wet and juicy in her very fertile love-tunnel."

"Nice!"

It was a huge rush to be kissing his mom this way. Even his father didn't get lips service this good anymore.

"I want you to slide your hands inside my silky robe and feel my big boobs son," Violet requested.

"Oh yeah, gladly," said Rin, undoing the sash to his mom's robe and slipping his hands inside.

"Oh yeah, just like that!" the mother gasped, feeling her boy's hand touch her stiff-nippled tits.

"Oh, shit those are big, mom!" Rin exclaimed, sinking his fingers into her huge, squishy mammaries.

"Can't you just imagine them full with milk for our baby that you are going to put inside me?"

"Oh, yeah...I love that!"

Oh, you love that, huh? Well, If you're a very good boy, mommy will let you suckle on them every day, but you have to promise to save some milk for the baby, ok!"

"If I have to," he teased.

Violet laughed, leaning back and propped on extended arms. "Why don't you have a little taste now, that's right, spread my robe open and wrap those young eager lips around one of moms hard nipples."

"Fuck yeah!" the boy sighed, moving up between her splayed legs and swooping his face down to get at her jugs. Not only did his mom have the biggest tits he'd ever seen, her areolas were huge also and her nipples stuck up turgidly, begging to be sucked. He quickly latched onto one.

"Oh, yes...that feels so amazing!" Violet whimpered. "Use that talented licker and flick it over the tip! Fuck, that is making your mother so horny for you, baby!"

Violet still had a monster grip at the base of her boy's erection, feeling it throb with anticipation. "And from the feel of your swollen sausage, you are so horny for your mother as well," she noted.

"Yeah I am!" he gasped between sucks. He mashed his wonder-stricken face down into the meat of her tit, locking his lusty lips around the fringe of her areola while he sucked fervidly .

"I want you to push my robe over my shoulders and slip it off of my sexy thick body," Violet requested.

"Oh, damn!" Rin excitedly uttered, staring at his mother's naked frame.

"That's right, baby, take it all in, just look at my beautiful heavy tits, my soft plump belly, ripe and ready for a baby," said Violet. "Oh, son...kiss me again."

They heavily kissed; their tongues dueling feverishly inside Rin's mouth. He felt his mom slide her crotch down further and draw her knees further back as she prepared for breeding.

"Mommy is so ready for your thick hard baby-maker to slide inside my hot, wet hole," Violet breathlessly expressed, letting his cock go. "I'm going to lie back and spread my thick thighs nice and wide so you can have a good view of the pussy you are about to breed."

Rin's eyes widened as he witnessed his mother in a position he'd never seen her in before. Violet was limber from doing yoga regularly, giving her an extraordinary spread so her thick thighs splayed completely open. Her sexy, dainty feet with their red painted toenails hovered in the air, raising the boy's excitement level into the stratosphere.

"Oh, yeah...can I touch it?" he asked, staring at vulva.

"Of course, baby, you can touch it!" she smiled.

Rin's tongue hung from his mouth in lust as he ran his fingers along his mother's pink flanges and over the rounded swell of her clitoral prepuce. "Mmmm that's it, slip those young fingers between the folds and learn what a woman's wet clit feels like."

Rin did just as she said, making her hood peel back like foreskin, exposing the grape-sized nubbin of her clit.

"Do you like that, my sweet horny boy?"

"Fuck yeah. I'd rub your pussy all the time if you let me!"

"Ohh, your mom likes it too," Violet moaned, her ass writhing on the mattress. "Yes, slip them around, explore my wet, sticky crotch-candy."

Rin rubbed all over her pussy, just like he'd done to many girls he'd dated. "You like that, mom?" he asked.

"Ohh, yeah! Slide them inside my baby-cannon, feel how wet and ready it is for your hot, throbbing teen meat to slide inside!"

"I'd love to taste it," he hungrily confessed, licking his lips.

"What's that, sweetheart, you'd like to have a quick taste?"

"Can I?"

"Of course, my dirty boy. Lean down and taste the sweet musk of your mother's cunt."

Rin didn't need a second invitation. He swooped his head down and buried his face in her crotch, gluing his lips to the fragrant folds of her pussy. "Oh, fuck, son, YES, just like that! Lick inside my hairy lips, spread them with your fingers and taste my swollen love-bud!"

He pried his hands under his mom's meaty buttocks then began to eat out her juicy mommy-pussy like a wild man. He fucked his tongue deep between the pulsing, pouting lips of her labium, tasting the delicious juices that seeped from her fuck-cavity.

"Oh my God, I need you to fuck me now son!" Violet's voice quivered. She needed his big, steely cock inside her so Goddamn bad it was killing her. "I need you to fuck your mother!"

"I'm ready too!" blurted Rin, rising up on his knees so the huge branch of his cock bobbed up and stiffly.

The sight of that huge, purple-headed love warrior looming over her took the mother's breath away. She knew she was about to get the most satisfying fuck she's had in a long time. "Guide that throbbing cock into my slit," she urged.

Rin crawled into position between her spread-eagled thighs, holding his throbbing prick in his fist. He watched his mother's body stiffen, her fat tits reeling on her chest as she felt the plump, barbed knob of his boner press between the buttery folds of her cunt. Already his prick felt enormous, and she took a quick look down at the rock-hard cylinder of cock-meat looming between her legs, all lined up and ready to spear inside her overheated fuck-tunnel.

Violet squealed as her son's fat cock squeezed down into the sheath of her vagina.

"Oh, shit!" Rin gasped, feeling her hot, corrugated walls collapse in around his cock. "Shit, it's so fucking tight!"

"Ohhhhh, sweetie, you fill mommy right up, don't you?!" his mother sighed.

"Fucking right I do, and it feels SO hot and tight...damn!" He thrust further, causing her erectile flesh to become even more deeply embedded in his mom's cunt.

"Now pump those hips for me, slow and steady," his mother directed, humping her mound up onto his steely hardness, showing her boy that this wasn't her first rodeo. She was a well-skilled fuck-hound just like him.

"Good?" Rin asked, pumping his hips and slowing working his prick into the churning tightness of his mom's cunt-tunnel.

"Uh-huh, that's a good boy! Grab your mother's knees and slide them up towards my chest. Oh, there you go...fuck your mother with the cock that I made!"

The teen fucked her rhythmically, reaming out her creamy pussy with long, driving strokes of his blood-swollen cock. "Ohhh, shit that's good pussy, mom," he gasped, feeling his slippery knob carve through her cunt, mashing against that rounded, pink donut at the back of her vagina. This was the place he was determined to unleash his steamy load of swimmers so they could rush in and pillage his mother's baby-factory.

Violet was taken back to her college days, where she had her share of huge, young cock. They type of cock that could turn her to mush from churning so hard and deep inside her body, making her climax more times than she could count. She flexed her coital muscles, demonstrating the strength and skill of MILF pussy to her son. "Ohn yes, oh, yeah...,can you feel my pussy-muscles tightening on your shaft as it slides in and out of me?"

"Yes! It feels amazing around my dick," her boy answered. He wasn't just saying that. His mom easily had the best piece of pussy that he had rammed his cock into. Her vaginal chamber was like a variable milking-machine, tugging his cock up from its root in tight, rippling squeezes, while permeating his teenage penis with the slippery fluid excreted by her sex glands.

"Mmmm, kiss your mommy, while you fuck her, sweetheart," Violet requested, then locked the harness of her silky legs high up around his back as he brought his full weight against her. They kissed like lovers, their bellies beating together with greater intensity.

"Yes! Yes...just imagine watching our baby grow in my beautiful belly," Violet panted. "Imagine my big, beautiful, bouncing tits, heavy and full of milk for you and our baby."

The mental image made Rin's cock flex powerfully as it pumped through his mom's birthing chamber. He began fucking even faster. "Oh God, I'm gonna love sucking on those!"

"Oh, yeah, oh, fuck yes, son, that's it, fuck the hole that you came out of!"

He loved seeing her this way. The horny, slutty side of his mom was something he knew existed, but it wasn't a thing he wasn't suppose to see. Boys weren't suppose to bury their dicks inside their moms. They weren't suppose to use their young sperm to plant babies inside them, but here he was and he certainly wasn't regretting it. Rin yearned to make her pussy gush around his young, stiff pecker. He wanted to witness his mom going out of her fucking mind, wailing violently to every thrust of his blood-engorged pecker. "You want it harder?"

"Oh, yeah, fuck me harder, and faster!" she replied. The oversized globes of her spongy tits bounced and rippled between as she humped feverishly up and down, meeting her son's rapid cock-thrusts. "Yes, that's it my perfect mother fucker, you're going to breed your mothers pussy aren't you?!"

"Yep!" he answered, overwhelmed by his mother's heavy-titted body beneath him, and the clinging tightness of her pussy as the narrow,

pleated fuck-tube sucked and secreted on his cock. He wished he could get his whole body in there, just like when she birthed him out so he could become lost in the spongy, quivering tightness of her vagina, breathing in the strong, musky cuntal aroma, while her walls swathed his body in hot fuck-oil. He didn't wanna go back to the womb. He just wanted to feel his whole body worming around inside her tight mommy-cunt, feeling it clutch onto him.

"That's it don't stop now, give your mommy all of that young fertile seed that's been building in your tight balls," Violet cried out. "Keep fucking me, harder, faster! Oh God, don't stop, son, you're going to make your mother cum all over your young hard cock!"

"Cum on my dick, mom!" Rin snarled, beating his boner through her pussy at a desperate pace, making his cum-churning balls beat against her asshole.

Violet had become scared by her husband's low sperm count and his inability to fuck her like she really needed to get fucked in order to get pregnant. Now, all was well with the world. Her handsome son was taking over the reins of baby-maker. He would be filling her fertile womb with hot, sticky milt. She would be taking her own boy's sexual body fluid and letting his hundreds of millions of virile sperm do what his dad's couldn't. "Oh, God, that's it my big boy, fuck a baby into your mom, pump me full of your hot ball goo!" Violet cried out.

Her son's dreamy dick was like the friction-stick that was lighting her nerve-endings on fire. Her clit protruded from its fleshy hood, chafed raw by the root of his prick with every thrust. She felt her climax swelter, deep in the core of her cunt, slowly building to a mindblowing crescendo. "Oh fuck, baby, mommm's going to cum on your dick!" she announced.

"Oh shit, I feel really good!" added Rin, feeling his mom's ribbed-lined walls chew and smolder around his erectile meat.

"Cum with me son! Shoot your seed into my womb! Fill me up with your baby-gravy!"

Rin's dick tingled and his nuts clenched up closer to his body. "Oh fuck, I'm cumming, mom!" he grunted.

"Don't you dare stop fucking me until every last drop is drained from those balls!" The spasms quivered exquisitely through her throbbing cunt-tunnel, making her teats throb on the peaks of her tits and her asshole pucker as she gushed female ejaculate all over her son's dick.

The teen grimaced, seeing colored lights flash before his eyes as more blood rushed from his body, into his raging fuck-muscle, making his cunt-smothered knob mushroom obscenely. A torrent of cum blasted open his piss-hole and splattered through his mom's contracting vagina.

"Oh, sweetheart I can feel your hot jizz hitting my cervix!" Violet squealed, writhing wildly in mutual climax. "Yes! Yes, fill my tunnel, pump all that baby juice into my fertile pussy! BREED YOUR MOTHER SON!!! Fuuuuuck yes!"

"Auuugh, fuck!" Rin groaned through gritted teeth, feeling her spewing pussy suck more and more cum from his prick. For a good minute they wrestled in ecstasy, their pleasure-stricken bodies slowly descending from that golden climactic peak.

"Oh my sweet boy that was amazing!" Violet sighed, holding her teen tight.

"Ohhh, yeah it was," her son agreed.

I'm going to lie here for a moment to let all that juice absorb and take hold inside my baby-cannon.

"Do you think we did it?"

"I have no doubt that you got your mom pregnant just now! You shot so many cummy-ropes into my pussy! You did such a good job sweetheart, I'm very proud of you!"

"Thanks."

"Now, if for some reason it didn't work this time, that's ok. We can try again and again until you've successfully planted your seed."

Rin's body shuddered at the idea at fucking his mom over and over again. He hoped she would keep him home from school so they could beat their horny pissers together in baby-making intercourse all day. "Mmm yeah, whenever you need me mom," he offeredm

"Give your mom one more kiss," Violet whispered. They shared a passionate smooch. "Such a good boy!"
