AGENTS FOR HIRE
-PART 2-

I see...
So those rumors of weird noises being heard last night was because you were trying to call for help

Exactly!
I'm not some
ghost or
ethereal

But how did you get kidnapped and who did it... And why would they do it?

I don't know who exactly kidnapped me... But I do remember what happened yesterday

Yesterday

How come you're back already? I thought you were going to see a movie with Wise

Come on Caesar you can tell your good pal Burnice anything!

If you really want to know why I'm here... Wise had to cancel because of something urgent

Sorry
to hear that
Caesar....
How about the
two of us enjoy
some nitro fuel
and chat

You know what Burnice! That doesn't sound like a bad idea

A few hours later

Hehe...
Ughh...
Hmm... Don't...
Worry... Caesar...
Mmmhh

This girl really doesn't know how to take it slow

If I hadn't put a sleeping drug in her drink she would have kept going all night

At least now that she's asleep I can take her place until I no longer need her identity

They will probably find her in a day or two... But that is plenty of time

Lets get this disguise changed before the other Sons Of Calydon come back

Present time

Thats all I know... I need to hurry back to the others

Thank you for saving me Yi Xuan next round of nitro fuel is on me!

So she was drinking with Caesar... But Caesar should have been with Wise...

...It's unlike Wise to cancel last minute... Wait! Could that Caesar have been... I need to hurry back to the temple

Meanwhile at a hotel

Now that we've had some drinks... How about we get to the good part~

Ahhh~
More... I need more... It feels so good~

Ahhh...
Your cock...
It's amazing!
Uhhh~

I can feel... Ahhhh~ Your cock filling me up

Please...
Don't hold...
Back...
Fuck me
harder

You're amazing~ I can't hold out much longer

AHHH~
Yes... Ahhh...
Fill me up...
Cum inside
of me

Phew...
He really didn't
hold back...
That was
amazing

Time to get this dress back on before I find my next commission

This dress really does sit tight on Yi Xuan's body

But
it does
a perfect job
at showing off
her amazing
figure

Being others is so much fun when no one knows you're a fake

Ohh!
What is this?
A commission
from...

This might just be the perfect opportunity to create some confusion

Meanwhile at suibian temple

Thank you soo much for today Shifu! I learned a lot about divination

Very good! But do well to keep studying your skills with divination! You still have lots to learn

Of course Shifu! I'll see you again later!

I can't keep this up much longer I wish Shifu would come back soon

Seems like you're enjoying yourself

Shifu!
Oh I'm so happy you're finally back being you has been...

QUIET!
YOU HAVE
A LOT TO
ANSWER FOR
CHAMELEON!

Huh...?

Some time later

I was told we would meet here but where are they?

Oh!
Hi Yuzuha
are you
waiting for
someone?

Oh
it's Alice...
What is
she doing
here?

Oh!
Hi Alice...
Are you perhaps
waiting for Wise
so you can go
on a date?

Ehhh!
N-No...
Not at all...
I'm... J-just here to buy some new outfits

Why...
Do you...
Always have
to tease me
like this

Can
we maybe
go somewhere
where other
people can't
see us?

I think this is far enough Alice

Did I go to far with my teasing?

You're right Yuzuha this should be far enough

Ehh...
Alice what
are you...

Aww...
Look who is
the flustered
one now
Yuzuha

How cute you are when you're flustered... Anyway sorry to keep you waiting

Alice...
The one I'm waiting for is not you?

Something is wrong here... This can't be the real Alice

Oh
sorry about
that let me
just take
this thing
off

Sorry give me a minute! This suit can be pretty tight

EHH!
Wait... If you're not Alice then you must be...

Thats right I'm really...

...Huh
ZHU
YUAN!?

Thats right! I'm really Zhu Yuan

Wait...
So this is
a costume?
It looks
so real...

Indeed!
It's called
a skinsuit

Does this mean that you are actually the Chameleon?

Correct
I'm the
one and only
Chameleon!
A pleasure
to meet you
Yuzuha

Wow...
I must say
the rumors
don't do you
justice

I appreciate the compliment but I'm here because you had some juicy intel
PUBEE

I do! Apparently Phaethon are heading to Roscaelifer soon

I see... But let me just get this skinsuit off as well

PUNESZ

Huh!?

You're not actually Zhu Yuan!? Who the hell are you?

Yidhari!?
So you're the real Chameleon?

Thats correct! Sorry about deceiving you Yuzuha

I did
think it was
weird for
the Chameleon
to be a member
of Pubsec

True...
But it seemed
I had you
convinced
for a while
hehehe~

As payment for the intel you gave me I'll let you keep both the Alice and the Zhu Yuan skinsuits

Oh!
I will gladly
accept that
as my
payment

I'm impressed I didn't think you of all people had this much going on

I'll
take that
as a compliment~
Anyway I need
to head to
sixth street...
See you
Yuzuha

Meanwhile at Suibian temple

And thats what happened... I'm sorry Shifu

Let me get this right... You are Wise... And I told you to wear that skinsuit and pretend to be me until I got back

I'm really sorry shifu... I really thought it was the real you asking me

I don't blame you.... I should have never trusted that Chameleon to begin with

Anyway
I need you
to keep watching
the temple in
my place while
I report this
to Pubsec

WAIT!
I have to stay like this for even longer!?

I need someone to stay here in case the Chameleon comes back

Meanwhile on Sixth Street

Hey!
Sorry
for the wait
I'm ready to
leave now

Very good... It seems we are almost ready to leave

What about your brother and your friend?

Ehh...
Wise told me
he was busy
with something
important and
can't make it

and Cissia
is finishing
packing
right now

Lucky!
Seems like
I made it
here in
time

Now
I just need
to aquire
my ticket to
roscaelifer

Ahhh~
I can't believe
I get to go to
roscaelifer!
I need to make
sure I pack
all the necessary
items!

I think I got all I need now!

Suitscase filled with snacks

Huh...
Hello!
Is anyone
there?

Oh
pardon
my intrusion
Belle told
me to come
get you

Phew... You scared me... Tell Belle that I'll be down in a moment

Huh...
Why are
you getting closer?
I didn't take
all the snacks from
the kitchen
I swear!

A few moments later

I wonder what is taking Cissia so long... Surely she's not trying to fit too many snacks in the suitcase

Hey
everyone!
Sorry for the wait
fitting all of
my snacks into
the suitcase
was not
easy

I knew it...
Anyway now that everyone is here we can leave whenever

Yaaay!
Lets go! Lets go!
Lets go! I can't
wait to see
Roscaelifer

I see...
In that
case why don't
we depart
immediately
then

Hehehe...
I can't wait to see what sort of fun I can experience in roscaelifer

And what new faces I can add to my collection

BY TSF AI

Mmm...

Thank you for your ticket Cissia~
