Relax, K, I only got eyes for you anymore, and you know it.

Hm... Is that...?

Cloth...? but why...?

It looks kind like... like our uniforms...

Th-there's no way that... Um...

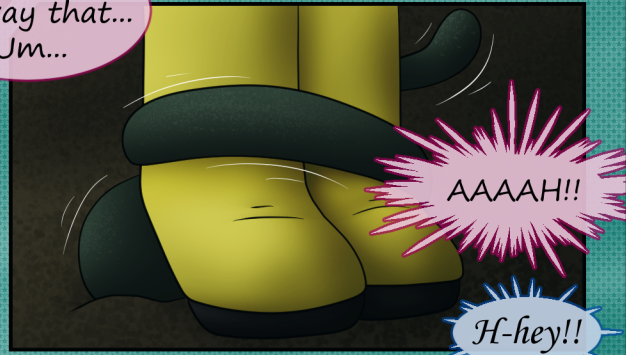

Hm... There was one cadet who vanished around here a few years ago...

Oooh, I... I don't like this!!

Relax, K, to assume that all these cocks were people-

That seems like a stretch-

AAAAH!!

K.. Look, command will find us eventually, and until then... we have each other.

Yeah... Can... can we make out while we still can...? I'm so fucking horny...

You'll have to pull me closer though... I can't really move...

Heh, sure thing~

I mean... We're basically a part of each other now...

I can feel both sides of this make out, this is so weird...

Her body feels so good... these little spurs are intoxicating to play with...

F-fuck, are we gonna cum just from kissing...? Wait, if she cums-

Though Koahlie,
she's just a cock now...

Well... Not
entirely... I can still
feel her in there...

Only a matter
of time before I
join her...

Though something's...
pinching me...?

Sh-shit! My
belt!!

I'm such an
idiot, why didn't I
take that off!?

It's so tight...

Ugh, why does
that only make me
even hornier!?

...K? Stirring
again already...?

Oh, right, she
can feel me too, so this
blasted belt is making
her horny again...!

Koahlie!?

The plant's
milking her!

O-oh god,
why- ah ♥ -
