

Amy's Conquest Side Story 3

(www.amysconquest.com)

Edward Graves and Jimmy Hicks had been friends since either of them could remember. They were both the best of friends, and had grown up together in virtually every way possible, all with the exception of actual physical height that was; as even now in their 18th year and as Seniors in High School, neither of them have even reached the 5 foot tall mark; something which made them a source of ridicule and humiliation to much of the other student body (something their overly geeky appearance and nerdish personalities only helped to contribute to). Even the girls of average height and build around them were still half a foot taller, and most of them a good deal heavier, than their own 90 lbs a piece; a fact which not only nullified virtually any chance to actually go out on a date with any of them (girls of such age not being overly interested in someone so much smaller and littler than they were, let alone as nerdy as they were), but also began an infatuation for tall, full bodied beautiful women in both of their young adult male minds. A virtually unquenchable attraction to such voluptuously shaped, statuesque young women that had more than occupied their free time online (looking for any and every such site for their growingly sexual pleasures that they could find), something that unknowingly to them would lead to an unfortunate encounter with two girls that fit their ideal woman to a T - their most prized erotic dream, which they would soon after realize was actually their worst nightmare.

Caitlin Bree and Jennifer Macy were quite the opposite of the tiny, geekish pair of Edward and Jimmy, as each of them were as beautiful as one could imagine such young 18th year old girls could be, each of them as popular and outgoing as any you could find, each of them standing an astounding 6' 6" in height, with athletically firm, muscularly hard, sexy as Hell muscular curves covering every inch of their lusciously formed physiques. True Amazons in every sense of the word, these girls loved being young, being strong, being powerful, and they let everyone around them know it. From the obnoxious football team who thought that had the run of the schools weight room (a lesson they had much time to reconsider during their forced hospital stay), to the teachers who thought they could abuse their academic power and gawk and stare at these two young musclegirls in class (who then learned the true meaning of the words Abuse and Power), to anyone else that stood in their way of what they wanted in life; and what they usually wanted was to show off their unreal strength, in any and every way possible. Yes, at first glance one would think that Caitlin and Jennifer would be the true and ultimate objects of lust and desire for Edward and Jimmy, something the two tiny young men more than agreed with as well, which is why they did their best to spy and leer at this pair of gorgeous young Amazons whenever they could – a dangerous job regarding these muscle packed best friends, as getting caught by either of them in such a feat usually meant a powerful beating and a harsh lesson learned, not to mention the last time such men would look at either of them again.

Though the allure of these gorgeous young musclegirls was too great for Edward and Jimmy to pass up, so dare into the dangerous they did, getting away with more than a few instances of such Peeping Tom activity thus far (probably due to their small stature, all the better for such stealthy pursuits); returning home with memories of untold sexual delight; which each of them would then use to pleasure themselves in the safety of their own bedrooms. That was until one fateful Friday afternoon, when their overeager behavior caused them both to be a bit more careless than usual; which led to them being caught in the act by the powerfully built Amazons, and swiftly surrounded by Caitlin and Jennifer's truly towering (and terrifying) forms. With their backs to the walls behind them, and the lusciously firm and shapely physiques of the beautiful hardbodied girls before them, Edward and Jimmy both expected their very lives would be over in a matter of minutes.....so imagine their surprise when each of these statuesque beauties sported sexy smiles across their and invited them over for a private little get-together at Caitlin's house later that night. An invitation the visibly terrified/aroused young men couldn't accept fast enough (and really, what choice did either of them have?). So with a sexy swaying of their hips (showing off glutes that were each larger and harder than bowling balls) the gorgeous young women turned and left their "dates" for the evening trembling in awe and fear; their girlish (though slightly sinister) sounding laughs echoing throughout this school's hallway as they turned the corner, knowing just what was in store for them all tonight – something that would have made their unfortunate males run screaming for the hills had they themselves known.

Later that evening the two diminutive young men were eagerly standing before a tall, powerful looking door, the main entryway to Caitlin's home; which was quite empty with the exception of the two young Amazons inside, as her parents had just recently gone away on a cruise, leaving this very large and spacious house solely in the care of Caitlin and her best friend Jennifer. With a series of anxious knocks, Edward and Jimmy waited outside for their night's fun to begin, though wait for very long they did not, as the girls within were so looking forward to begin their own fun that they nearly ripped the door from its hinges (little cracklings of wood and snappings of metal proof of this) as she opened it to greet their boys.....or is that, boy-toys.....for the evening.

Dressed in extremely tight T-shirts that hugged every inch of their massive upper bodies, molding its fabric around thickly muscle capped shoulders, stretching to contain awesomely wide backs, barely concealing their more than ample DD-cup breasts (complete with inch long, diamond hard nipples), to be then sucked into the grooves and indents of their rippling hard abdominal muscles. Their lower half was adorned in an equally tight and body hugging pair of short shorts, which barely covered only the top half of their lusciously shaped, muscularly sculpted bubble butts; showing off more than its share of sexy, smooth glute flesh, while leaving completely bare their

Long, Strong, Sleek and Powerful looking legs; each one alone being virtually as tall as Edward and Jimmy themselves, each one alone easily containing more muscle than both of their thin and frail bodies put together. Something that only furthered the boys' growingly nervous anxiety at this upcoming night, as well as their constantly increasing levels of teenage male lust.

"Mmmmmm, they look so delicious, and look how Tiny they are. Ooooooh, I want to just eat them up right here, right now!" erotically cooed Jennifer as she eyed up this pair of miniature young men before her. Her own levels of lust expanding with each and every word, which was clearly obvious due to her gyrating hips, the licking of her full red lips, and her sultry looking eyes which were transfixed on Edward and Jimmy's little boy forms.

"Well what are you waiting for, baby, the night is ours.....Mmmmmm and so are they.....to do with what we want, for as long as we want, as Hard as we want!" Caitlin excitedly replied back with a devious smile forming across her truly beautiful face, which then turned towards their dates, each of whom at this very instance looked as if fear had finally overtaken lust, though at this point it was way too late for either of them to do a damn thing about it.

A fact which was more the proven by the girls next action, which was reaching out with lightning speed to each grab one of their new play-toys, lifting and carrying their puny male forms in their own massively hard 18" arms with the ease of handling a pillow or a small child's toy, as they gleefully bouncing their young hardbodies up the nearby staircase and towards their final destination, giggling like excited young schoolgirls as they made their way. They then swiftly entered Caitlin's massively large bedroom, which was quickly followed by the bodies of Edward and Jimmy being flung through the air, across the entire length of this room, landing on Caitlin's very spacious and ultra firm bed. The two girls then sexily made their way towards them, crossing the distance their bodies were thrown with unreal grace and incredible sexuality, ending their journey just at the foot of the bed, where their towering female forms were looking more powerful than any two men either Edward or Jimmy had ever seen – not to mention more sexy than any two women, as well.

"Oh God, they're just so teeny tiny.....I can't wait to play.....and crush.....and eat them all up!" Jennifer spoke out, horny as Hell, her eyes nearly rolled back and closed tight with sexual anxiety, as her lusciously buff body shook with unreal excitement.....shaking, and expanding, as right before the eyes of the two timid boys before her, her already Amazonian form began to thicken and harden with silky smooth, yet steel hard, female muscle. Her back became wider, her stomach harder, her thighs more massive, her pecs thicker and her glutes more fuller and rounder; those final two being more than obvious to her dumbfounded dates due to the sounds of the ripping material of her short shorts, letting loose her harder than bowling ball bubble butt, as well as her incredibly voluptuous muscle tits as it tore its tight fitting T-shirt to ribbons. Within seconds, and with no more physical effort than the natural expansion of her body due to her sexual arousal, Jennifer's physique burst her formerly body hugging outfit to ribbons, as she now proudly and confidently stood before her prey with hungry eyes, a dripping wet pussy, and an amazingly muscular physique.

Caitlin was hardly to be outdone by the powerfully erotic display of her Amazonian partner, as the buxom bountiful brunette followed suit in virtual unison, her incredibly statuesque and muscle packed body flaring and flexing (as with her partner, solely due to her rapidly building erotic excitement), expanding and hardening, to the point where her own barely there attire was ripped away and torn to shreds. Like her best friend, she now stood before Edward and Jimmy completely naked, showing off every inch of her voluptuously shaped, incredibly feminine, muscle packed young form. "Mmmmmmm, I'm so Hungry Baby.....I so have to Play with one of them, Now!" she sexily growled out, gyrating her now exposed hips into one of her all too pleasing hands, the other one dancing its fingertips about her mammothly muscular mammaries.

"Wh-what.....what are we playing?" Edward timidly made out, as he used all of his courage to lift himself from this large bed and approach the unbelievably massive looking 18 year old musclegirls.

"Why, what else, my tiny little man....." Jennifer cooed sexily, as she stepped over to his visibly trembling form, his head just an inch, and a bit below, her powerfully protruding pecs, ".....were going to play our most favorite game, Hide And Go Fuck.....you hide, and we Fuck! Hee hee hee" she giggled out, as with lightning quickness and untold ease she ripped this boys clothes to pieces, laughing out with girlish glee as she did so. This was followed instantly by the wrapped of her arms around his thin and frail form, lifting him up off the ground and into her musclebound body, which enveloped completely around him like a cage of female muscle, so much so that only the tiniest parts of him showed through at all.

This was Caitlin's cue to make her move, of which she did without hesitation, as she dove onto her full, soft bed, or more specifically onto Jimmy's trembling form; her vastly larger form totally covering the much smaller male underneath her lusciously muscle packed body. A sexy animalistic growling could be heard escaping her all too feminine lips, as she easily maneuvered her prey....her sex-toy....into the desired position; ripping his clothes to shreds with her utterly incredible strength, getting herself ready for another amazing Crush Fuck. The all to classic 69 position, her upper body hovered hungrily over his lower half, or further to that his surprisingly erect cock, while her lower body, her awesomely powerful, insanely massive thighs, consumed his chest and head, allowing only the barest amounts of air into his barely seen nose for his supply of life giving oxygen.

Jennifer then gave Edward a few last crushing cuddles, all powerful envelopings of her utterly superior form, expelling all of the air from his lungs and effortlessly knocked him unconscious; though only for a short while, only long enough for her to complete her prearranged task in her best friends upcoming sexual session. She then dropped her man down at her feet in a lump, as she reached over to a nearby camera phone (the Must Have item for all young Amazons these days), and with an all too anxious eye began to record the extremely arousing events that were unfolding right before her. The sight of Caitlin taking Jimmy barely seen body, utterly and completely controlling its every action, using it for her sexual pleasures alone, which could clearly be seen in the position she was currently holding him in, and what she was about to do next.

Staring down at Jimmy's continually growing dick (which at full height was more impressive than any of the much bigger guys she had sexually "taken" before), the erotically charged musclegirl staring longingly at the object of her lust with eyes of untold desire, her tongue licking her full lips as if she was moments away from diving into her favorite treat, her hips slowly beginning to pulse and gyrate onto her mans chest, causing barely heard moans and groans to come from the truly tiny play-toy she had trapped underneath. Though as much as she wished to swallow every inch of his erection deep within her erotically quivering mouth, balls and all, she decided another approach first was in order. And approach they did, as her two truly massive breasts, filled with loads of rock solid pec muscle, began to lower themselves over and around his cock, completely engulfing it within her chests awesomely snug and tight embrace.

"Mmmmmmmmm, your cock is So Good at hiding, my little man.....I wonder if Ill ever be able to find it again" Caitlin playfully cooed out (not that Jimmy could hear anything, his head covered in wall to wall muscular thigh flesh) as she tilted her head back and closed her eyes, giving her lower lip sexily placed bites. The horny as Hell Amazon then began to flex her pecs, bounce her breasts, make her chest muscles move and dance and massage the totally swallowed up erection within it. "Ahhhh, here it is, I found it. You cant escape these Muscle Tits, little boy, they can find you anywhere!" the teenage Amazon growled out, as she continued to use her muscle control to give Jimmy the breast fucking of his life - something he would probably have enjoyed more if bolts of agony weren't coursing throughout his skull from her thickly muscled legs. "Oooooooh.....so now that I've won, I want my Prize.....and I always get what I want!" she growled yet again, as she powered down on her pulsating pecs even more.

"Oooooooh, yeah baby, he's so small, I can barely see him under you...." Jennifer erotically spoke in a high pitched girl's voice, as she did her best to hold the camera straight; doing so with one of her hands, while the other was dancing and playing around her totally exposed pussy. "Mmmmmmm, show him what those tits of yours can do to a man.....or a little boy, in this case. Hee hee hee"

Caitlin was doing just that, not only showing Jimmy what her muscle filled DD-cup breasts were capable of, all on their own, all due to her amazingly sexy and highly practice muscle control, but the rest of her massively hard body as well. A fact she more than proved with the increasingly harsh thrusts of her pelvis into his face, using his chin and other facial features to tickle and tease around her extremely sensitive vaginal walls, relishing in his muffled cries of pain as her thunder thighs continued to crush and squeeze in on his skull. Little more in the sexual arena was as pleasing to an Amazon girl then to Take a man and use them as they saw fit, and doing so with

such a small male specimen, especially with her being as physically towering as Caitlin was herself, only helped make this particular session, and this night as a whole, all the more exciting.

Pound, Pound, Pound, went her hips on Jimmy's little boy body, Slamming into him with furious intensity as her pecs continued to chew and massage all over his cock, which (unlike the rest of his body) was quite enjoying the attention Caitlin was giving him; something she could physically feel within her voluptuously hard breasts, something that told her the end to this particular session was swiftly approaching, and a change of her sexually pleasuring tactics was now in order.

"Ooooooh Yeah,.....I can feel you getting harder, little one.....getting wetter inside my beefy muscular breasts! You're lucky I want to.....Oh Fuck Yeah.....I want to swallow every single drop of your juices, my teeny tiny play-toy, otherwise I'd just fill up my Big.....Hard.....Powerful.....Pecs with solid muscle, and rrrrrrip that dick of yours right off.....then, you really will need to go and find it!" the muscle packed teenager growled out arousingly, just before lifting her unreal breasts up and off of his nearly exploding dick, which was swiftly followed by her diving her mouth down and around its every inch, swallowing it whole. Using her tongue to tickle his balls, using her lips to massage his shaft, using the amazing sucking power of her mouth to take in and drink every ounce of cum that was about to be expelled from its throbbingly hard erection. Her own levels of lust coming closer to being quenched, Caitlin's movements and overall handling of her prey were becoming more and more furious and savage with each passing second. Her long dark hair flying about erotically as her head went up, down and all around Jimmy's erection with incredible intensity. So harsh were her movements at this point that the very structure of her bed was beginning to bounce up and down, at some points its legs even leaving the floor itself, as this sexily starving young Amazon continued to rape her partially willing male, ending only when her desires had been completely fulfilled.....if only for the moment.

An event that happened a few minutes after her enveloping mouth dove onto his cock, as Jimmy Exploded an unreal amount of cum from this all too forced (or was it?) handling of his member, which was followed by Caitlin's throat slurping down every bit of his rapidly flowing love juices; something which caused her to reach her own sexual peak as well, as wave after wave of her own sticky, hot juices flowed like a stream out of her pussy, all over her dates completely entrapped head, drenching it totally with her wetness. This act caused her newly released body to harden and expand due to the sexual sensations that were coursing through her, all of which was way too much for Jimmy to handle, so into the forced blackness of unconsciousness he went; safe from this sexually torturing young Amazon, if only for the moment. The erotically giggling teenage hardbody then slowly, sexily removed herself from her latest sexual conquest, cooing at the tiny camera phone her Sister In Muscle was holding, only to reach out and grab hold of it herself, getting it ready to be used in now Jennifer's turn in yet another game of Hide And Go Fuck.

"Come on little man, its our turn now!" the towering blond musclegirl cooed out sexily, albeit intimidatingly, as she grabbed up Edward's barely standing form with unreal ease, carrying him over to this previously beaten bed (tossing Jimmy's spent and unconscious form onto the floor with a casual flick of her hand) as she laid herself down on its silky softness, holding her diminutive play-toy high above her as she did so, a devilish grin forming from her beautiful young face, towards his all too panic-stricken one. Jennifer grabbing and holding him in a way that his arms were held fast and immobile to his sides, locked in place by the awesomely superior strength of his fellow High School Senior.

Jennifer then began to rub his head against her sexually aching pussy, literally using his entire body as a sex-toy for her own erotic pleasures, which was exactly what both he and Jimmy were to these ultra aroused Amazons. Each of them being used as inanimate objects for one goal, to cause untold delights for these toweringly titanic teenage girls, and if they were lucky, leaving their dates in one piece in the end. Jennifer continued to screw her man's head all around the most sensitive areas of her dripping wet vagina, using his skull to tease and tickle her rapidly growing clit, using his chin to press against her all too ready pussy, all of which was having the

desired effects on Jennifer, whose body was now visibly quivering due to the levels of sexual excitement flowing all about her; not to mention her physiques muscular expanse, the flexing of her mighty muscles, which held Edward's body in place with the ease of if he was just a giant dildo for her own lustful uses. So good a job was his head doing to her increasingly hungry pussy, so unreal was her Amazonian body's muscle control, that her own vaginal lips began to open and close all about his head; moving about as if it had a mind of its own, doing all that it could to slurp and suck on this all too pleasuring object.

"Ooooooh yeah.....Fuck Yeah.....this feels So Fucking Good!" Jennifer growled out sexily, as she continued to thrust and guide her dates head all around her all too eager love-hole. Her hips sexily gyrating up to meet this hard, pleasing form, her body clenching and flaring with steel hard female muscle, more and more with each passing pelvic thrust. Though as incredibly delightful as this was for young Jennifer, Edward was experiencing only pain and humiliation at being used in such a fashion.....feelings that were about to increase tenfold at what this erotically powerful Amazon girl was about to do next.

"Ooooooh yeah.....time to disappear, little man.....take him in baby, take him All In" Caitlin erotically breathed out from several feet away, knowing full well at what was about to come next, aiming the camera to get the perfect shot of the insanely sexual display that was about to take place. A performance that once recorded and downloaded to their favorite Amazonian OurSpace location, would surely make them the envy of all within - especially two other pioneering young musclegirls, whose "crown" Jennifer and Caitlin were all too eager to claim for themselves.

With that, Jennifer did the virtually unthinkable, and with her glowing green eyes closed and her lips being sensually licked, she shoved Edward's head even deeper inside her; their difference in size and the moist lubrication of her throbbing vagina actually allowing his head to fit Completely within her sexually anxious pussy. The gorgeous young musclegirl screamed out in orgasmic

delights near instantly (something she and Caitlin had talked about her trying all day long) as now every single pleasurable spot within her most sensitive of areas was being teased, tickled and tantalized, all at once, all at the same time, thus creating a surge of sexual delights to flow about her unlike nearly anything she had ever felt before. Though while she may be experiencing unreal heights of erotic conquests, her poor tiny little man was in complete and utter panic at being in such a position, proven to any watching (or soon to be watching) by his wildly flailing legs and arms (which Jennifer let go of just seconds before, to use her own for better overall affect on her buxom bouncing breasts).

Yet even with his body no longer held upright by her bulging biceps, Edward's form was still held up in the air, solely by the amazing strength of her muscle packed pussy. Though as this sexual display continued, Jennifer's vagina milking and sucking on her date's entire head, while her fingertips twisted and played with her erect nipples, she began to lower his form back down to the bed, or more specifically back down onto her awaiting Amazonian frame, which then wrapped its legs around him snug and tight, continuing their little game of Hide And Go Fuck by making him disappear within her voluptuously muscular form, while continuing her ultra pleasing crush fucking on his skull. Legs that could crack stone to dust continued to wrap firmly around this overmatched male's body, squeezing and crushing in on his bones with unbelievable pressure, as her vaginal muscles were doing to his entrapped head within her.

Just as Caitlin had done moments earlier, Jennifer's body was now furiously grinding up onto her very much pleasing sex-toy; doing so with such a savage intensity (which was made only further apparent by her primal growls and grunts of lust) that it was questionable if Edward would survive this encounter at all, let alone the bed they were both on, which yet again began to bounce and lunge itself up and down due to the power of this ultra aroused Amazon's thrustings. Sexual gyrations that continued on for as long as she could stand, before Jennifer reached and exceeded her own impressive sexual limits and with a high pitched scream from this teenage Amazon girl, she Erupted her juices all about her inner most area; doing so with such force that it actually expelled her man's head from its grip, Popping it out of her vaginal hold with its incredible pressure as a shaken bottle of champagne would do to its tightly held cork.

His face, which was completely covered in her sticky white juices, looked utterly drained and completely exhausted, while Jennifer on the other hand looked as if she was coming down from one of the most enjoyable sexual experiences of her life. The sounds of girlish laughter from behind this tiny video camera was then heard, with the muscular blond teenager before its view joining in soon afterwards, as Jennifer removed her momentarily satisfied form from this bed (leaving Edward's barely conscious form in a virtual pool of her previously spent cum) to rejoin her fellow Amazon for yet more Female Muscle Fun. Fun which continued with the only two of them still able to move, Jennifer and Caitlin themselves, with one of these powerfully build muscle maidens sensually reached out to the other, as they sensually molded their marble sculpted bodies into one – much of which was luckily captured on their temporarily discarded video phone as an unexpected surprise ending to this video, for the next several minutes until its batteries run out that was.

Later that night, with new batteries swiftly placed within, the camera sprang back to life, and the sex crazed Amazons recording began yet again. This time it seemed that both young Amazons wanted to perform together, their recording device being placed somewhere safe and in perfect position to get the most sought after shots (and with now both of these gorgeous young musclegirls in full view, such shots were all too common to find).

This newest scene opened with Jennifer grasping onto the back of Edward's head, her giant hand holding his skull like one would a baseball, as she roughly shoved it into Caitlin's pumped up and incredibly aroused pecs. Her nipples now over an inch long and super hard, her DD-cup muscle tits full of unstoppable, undentable hardness, which Edward was now being forced to suck, kiss, lick and slurp every inch of her super muscular breasts. The harshly held fingers of Jennifer were painfully digging into the back of Edward's skull, while the continued flexing and pumping of

Caitlin's chest muscles were continually pounding on his face from the front; a face that was doing its best to pleasure his newfound Muscle Mistresses erotic wishes, or face a punishment that would make this current manhandling of him seem like a walk in the park by comparison – something which may very well may be his unavoidable fate regardless, with him absolutely powerless to stop it.

This was proven a few seconds later as Jennifer continued to press his vastly weaker and much smaller form deeper into Caitlin's super muscular frame. Shoving nearly his entire body snug within her 32" thighs, which looked as silky and sexily smooth as they did muscularly thick and rock solid. "Mmmmmm, make him disappear for me, baby. Swallow him up in those big, beefy legs of yours for me baby.....please" the massively muscular teenage girl cooed out into her best friends ears, who in turn gave back a sexily placed moan of excitement, followed swiftly by the enveloping of Edward's tiny little frame within her legs like a Venus Fly Trap engulfing a helplessly entrapped insect – not just entrapped, but Engulfed. His miniature male body was utterly enveloped by not just Caitlin's unreal sized thighs at this point, but her fully flexed breasts and bulgingly hard arms as well; which was only topped off with Jennifer's own teenage Amazonian frame surrounding him from behind, completing his Muscle Prison on all sides of his utterly outclassed frame, a prison from which he had no hope of escape from under his own "power", no hope at all.

The hapless little man was not only being smothered and crushed within this pairing of unstopably hard and muscular young girls, but due to their all too wet and sexually stimulated pussies (which were around the level of his head at this point, surrounding him from both directions), he was also getting slowly drenched by the continual flowing of their inner juices, which were sexily oozing out from their all too hungry love-holes. Such treatment of this man, of all men, was something that never ceased to drive Jennifer and Caitlin WILD with erotic excitement, though something that was only adding to their rapidly growing sexual levels was their current treatment of one another as well. While Caitlin had Edward's tiny little body crushingly tight inside her harder than steel legs, Jennifer was doing her best (and Succeeding with ease) to pleasure her swiftly growing nipples, fondle her voluptuously muscular breasts, tickle and tease her back and lats; while using her own luscious lips to trace an erotic path from her ultra tight cleavage. up her neck to her beautiful face, then going back down to her breasts to do it all over again.

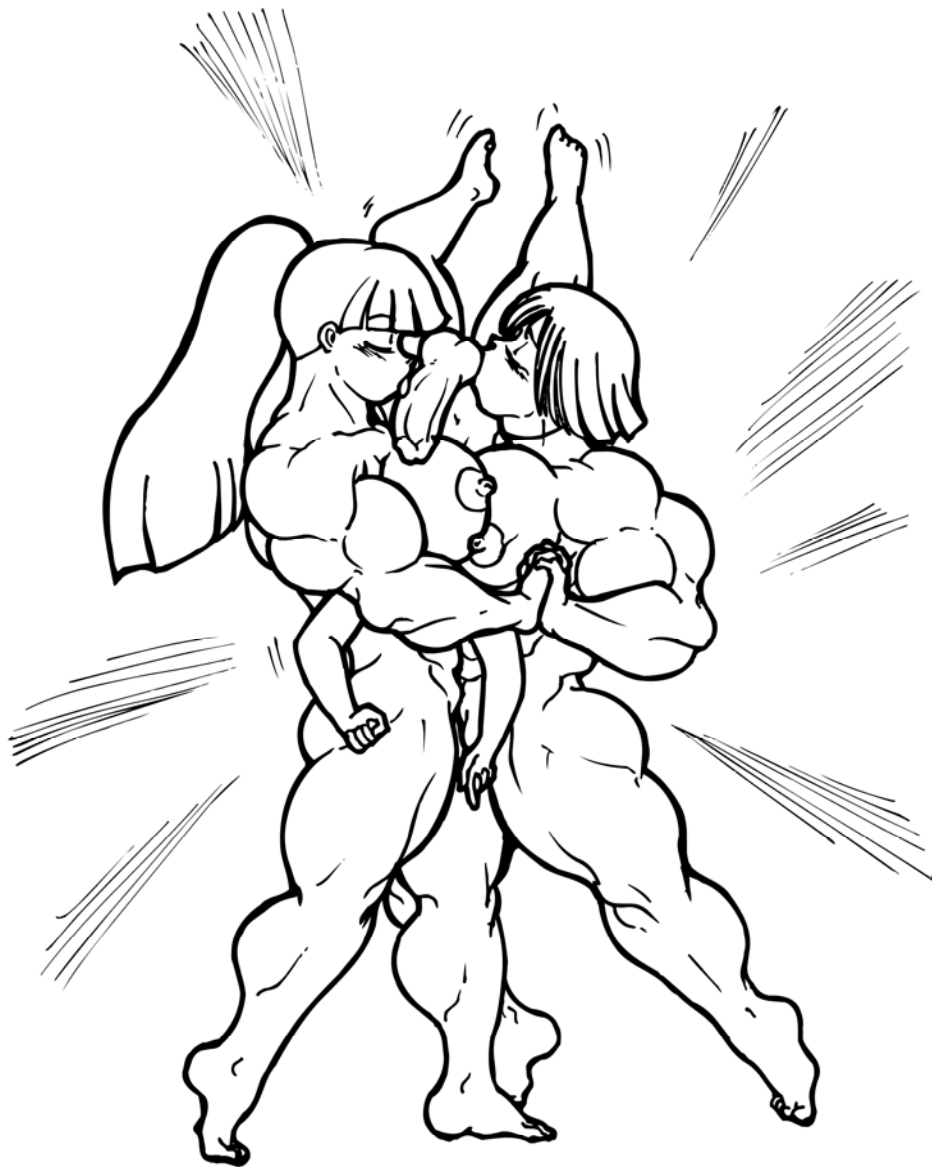

"Ooooooh Yesssss, that feels so Gooooood" Caitlin cooed out in a sexy girlish tone, as she leaned her head back to further enjoy her fellow Amazons lips making their way up and down her supple neck. Her pecs now involuntarily flexing and pumping with sexual arousal at the feelings coursing throughout her body; feelings which only served to harden its already rock solid frame even more, causing young Edward to scream out in pain from its constricting treatment of him within their increasingly crushing love hold – screams that were barely heard outside of his cage of solid, female muscle. A cage that after another few minutes of their own continued sexual caresses and passionate touches, opened up to reveal his semi twisted and mangled body inside, a sight that caused both of these sex crazed musclegirls to coo and breath out erotically upon viewing, knowing it was their vastly superior bodies that had done that to him (and had done so several times previous, to boys and men so much bigger than Edward), before implementing their next step in this sexually crushing Muscle Cuddle.

Jennifer then picked up Edward's barely conscious form (as expected, with his cock fully throbbing and erect) and lifted him in the air and upside-down with truly unreal ease. Her strength and control over him was absolute and unquestionable, as her now 19" biceps (which were bigger than his thighs at this point) able to hold him in this position for a virtually indefinite amount of time. They were also capable of handling any and all parts of his body while doing so, though the only part either of these Amazons truly cared about as this point was staring Caitlin straight in her face; which only caused her to lick her lips and open her mouth wide to take in its sweet prize, Oh So Deeply. A prize which entered her quivering mouth seconds later, as Jennifer shoved Edward's dick down into her best friends all too inviting throat, which caused her entire body to shiver with erotic delights, in addition to a loud feminine moan to escape her now full mouth.

Her tongue licking and sucking its hardness all around, doing so with expert skill and unreal ability, causing the young diminutive man to squirm and shake about due to the feelings of lust and sex that were now flowing through him as well. Though Jennifer's arms were easily strong enough to hold him in place, making sure that nothing interrupted the erotic enjoyment of Caitlin, whose eyes were closed as she continued to suck and kiss and lick every inch of his visibly shaking erection. Though to make sure that his sweaty body didn't manage to slip out of her grasp during its series of passionate pulsations, the buxom blond powerhouse moved her own body right into Caitlin's, sandwiching their all too pleasurable sex-toy between their titanic twin towers of teenage muscle. If anyone thought that Edward's body was eclipsed by either of these young Amazons beforehand, it was now totally and utterly engulfed from view as they further moved their young, hard bodies into one another; completely concealed but his cock, which was now angled to face directly between Jennifer and Caitlin's strikingly beautiful faces, complete with semi-closed eyes and pouting lips that were just aching to dive into it for a taste of its delicious hot, sticky, sweet cum.

Such unreal erotic treatment not only got Edward's juices running, but their own never ending supply as well; something that would be all too obvious to those who would soon be watching this

video clip on their favorite OurSpace site, as little dribbles and trickles of sexually charged liquid flowed out of each of their burning hot pussies, down their muscularly exploding thighs, across their larger than football sized calves, and on to the floor between them, forming a growing puddle of Sex at their feet. Alternatingly passing Edward's sexual lollipop back and forth between them, Caitlin and Jennifer slurping and sucking and drinking in every ounce of its long hardness that they could, each of them pleasuring the other while it was their time for some oral delights. Jennifer tracing her fingertips down Caitlin's broad, thick back, sensuously moving them up her rapidly flaring lats, while Caitlin rocked her massive chest back and forth during Jennifer's turn, sending erotic sensations up and down their young hardbodies each and every time their fully erect nipples would brush up against one another's (which was Near Constantly).

For several minutes this pair of utterly gorgeous young Amazons moaned and groaned while playing with their growingly favorite sex-toy. Their sweaty, musclebound bodies flexing and pumping and hardening to even greater levels as the minutes passed, seemingly expanding and filling out all on their own, solely due to the amazing levels of arousal and lust that were flowing through them both. Smacks and Pops from their lips against one another were clearly heard echoing throughout this room, as their shapely hips sexily gyrating into one another, something that was simply unavoidable at this stage, an act which was not only serving to further arouse them both, but continued to crush and squeeze in on Edward's frail and thin little body, which at this time was completely forgotten by every single one watching this video at home, as Jennifer and Caitlin had - all but the part of him that really mattered in this case, which after so much unreal sexual treatment from these lusciously muscular Goddesses all too eager mouths was about to explode with a stream of sticky cum and sexual juices on a level that he never thought possible, before this night, that was.

Sensing that Edward's cock was about to erupt, Jennifer took one last, long, slow and sensual lick of its nearly foot-long shaft, before passing it over to Caitlin, who without hesitation took it ALL inside her mouth; her lips wrapped tightly around its now trembling firmness as to allow none of its soon to be flowing juices a means of escape from her anxiously drinking lips. Juices which could be contained by his erection no more, and after nearly 10 minutes of oral pleasurings from two of the most beautiful, most sexual, most muscular 18 year olds ever put on this Earth, Edward had no choice but to let it go and allow the buxom brunette Amazon to drink down every last drop of his salty white liquid. His body completely mashed between Caitlin and Jennifer's own voluptuous muscle packed physiques, Caitlin's lips dancing all about his cock, with Jennifer in turn relished in kissing and licking Caitlin's sexually glowing face. Their own sexual peak reached and surpassed seconds later, as their own built up juices exploded together in perfect unison, causing wave after wave of their own cum to cover their play- toy's much smaller body from head to toe; with the only sounds heard louder than those of twin female groans of pleasure, were the sounds of sharp snappings coming from various bones of Edward's sexually mangled body. Thus ended one of the most crushingly erotic, Amazon sex scenes ever caught on video, much to the pleasure of Jennifer and Caitlin, who then turned to the camera across the room, blowing little kisses to all who would be lucky enough to see it.

One would think that after such an incredible sexual session, that the two young Amazons would be spend and satisfied, if only for a moment, though such thoughts simply didn't apply to women such as they, whose next motionings let everyone know full well that they had not reached their fill just yet. With a casual tossing away of their worn out and broken play-toy (aka Edward), they were now focusing on their other date for this evening, the terrifyingly trembling Jimmy, who awoke to catch the final few minutes of their handling of his closest friend; a display that scared him beyond anything he had ever felt, while at the same time aroused him more than anything he could possibly imagine. An arousal that would soon turn to terror, and soon after from terror to Pain!

With a sexy smile Caitlin grabbed up Jimmy's tiny little body from where it lay, bringing it over to Jennifer as easily as if he was no more than another of their vast assortment of sexual playthings - a truer fact, there simply couldn't be. A soft layer of sweat covering their naked bodies, making its series of muscular cuts and striations show up even more, which helped their massively Amazonian bodies look even more intimidatingly threatening, especially to one so small and helpless as Jimmy. Holding her male sex-toy several feet off the floor by his cute, little butt (though harshly enough to make him wince and grunt in pain at her doing so) Caitlin angled him to face her awaiting Sister In Muscle, whose vaginal lips were so aching for a taste of what he had to bring (a cock that seemingly rivaled Edward's in size and thickness), that they were opening and closing all on their own. The muscle control of her aching hot pussy alone being enough to scare the shit out of the obviously overmatched Jimmy, whose cock was then swiftly thrust into it, causing the towering muscle packed blond to coo and moan out loudly with lust, causing sensations of sexual delights to flow throughout his visibly shaking form as well.

Jennifer's innermost lips began to suck and massage his rapidly growing member like a child would on a straw leading down to their favorite tasting drink. The juices within her swished and swayed all about his utterly engulfed penis, which even at the peak of its sexually stimulating length, was taken in whole and completely by her awesomely muscular pussy. A pussy that continued to suck and fuck in on him, while Caitlin continued to thrust his helplessly held body into her lusciously muscular form over and over again. Never in his young life had Jimmy ever experienced pleasure on a level such as this, not even close in fact, as this pair of mind-blowingly beautiful teenage Amazons controlled and pleased his cock on a level that even his wildest dreams could not hope to compare with. His most intense self-pleasing sessions, which oddly enough dealt with him thinking of both Jennifer and Caitlin themselves after previously successful spy runs, were nothing compared to the sensations he was experiencing at this very moment. Feelings that felt so insanely unreal to him, that he thought he might just enjoy this sexual session with this pair of insanely sexy young Amazons.....that was until Caitlin opened her mouth and erotically breathed out to Jennifer, letting him know that his moments of pleasure were about to come to an end, and a world of pain was soon to follow.

"Mmmmmm, I wanna see him disappear now, baby. Hide him for me.....hide him completely with a nice Muscle Butt Fuck, baby" Caitlin cooed out to Jennifer with a seductive look and sultry tone, which was swiftly followed by devilish smiles from them both; as Caitlin removed her supportive hands from Jimmy's body, which were instantly replaced by Jennifer's equally powerful ones, which effortlessly maneuvered his tiny form into a punishingly passionate position; one which would allow her giant bowling ball, muscle butt to envelope his cock from behind, just as her massively muscular physique eclipsed his entire body from the front.

Jennifer then began Slamming her hips (and with them her giant muscular gluteal globes) backward into the wall behind her, causing Jimmy's poor, defenseless form to be mashed against its solid stone hardness and the utterly undenting muscle packed frame of this towering Amazonian beauty before him. His only point of view was her ripplingly hard, massively broad back, which covered virtually every single inch of his eyesight, save the little bits of her gorgeous face when she turned back around to laugh at him, and the upper half of her thickly muscled, perfectly sculpted ass. Slam, Slam, Slam, went her butt back into the wall behind them, doing so at such a rate and pace that it began to shake the entire room, in addition to causing slight little cracks to form where his body was forcibly slamming against it. His pitiful strength was simply no match for Jennifer's own, not even five of him could come close to her level of unreal power, so he was helpless to stop her handling of him, as growingly agonizing as it was.

Even his formerly foot-long erection, easily the hardest part of his entire body, was effortlessly overpowered by her voluptuously feminine form, a fact which was proven over and over again by the crushingly tight constrictions her silky smooth muscle butt was dealing it from its totally surrounded area. Where there was once pleasure flowing all about his miniature male form, there was now only pain, something that delighted his Amazonian tormentor to no end, something that turned her on tremendously (which he could tell from her erotically cooed moans); something that was helped in large part by Caitlin's all too pleasing erotic performance, as she leaned her own thickly muscled form into Jennifer's, kissing her full bee-stung lips, licking her muscularly pumping pecs, tickling her hugely erect nipples.

With the slow and sensual guidance from her Amazonian best friend, Jennifer ceased her backwards bodyslamming (giving her glutes one final Flexing beforehand, causing Jimmy to scream at the top of his lungs in pain) as she turned herself around to Caitlin, who removed their play-toys pitiful form from across her utterly eclipsing lats, holding him now in front of her, between both of their massively buff bodies. Both girls now gave one another a sexy smile, one that was swiftly turned into an O-shape coo from Jennifer's sexually trembling lips, as Caitlin shoved their man's thick, throbbing dick Deep inside her moist, hot pussy. Doing so with such force and swiftness, that the air from Jimmy's lungs was quickly expelled from his body, as his chest and face Slammed into this Amazons armor-plated upper frame. Though if he thought that being harshly pressed against this buxom blond's body before him was painful, that was nothing compared to what came next, as Caitlin's equally rock solid form then crashed into him from behind, sandwiching Jimmy in a wall of solid female muscle.

The two girls then began sedcutively kissing one another, touching their soft feminine faces with such softness and sensuality, licking one another's breasts and caressing each others bodies with such tenderness and gentility; showing all that would be lucky enough to see them in this act that they were as easily capable of performing soft, erotic lovemaking as they were able to crush bones to dust in hard, powerful muscle fucking – all around them but Jimmy that was, would could see nothing of their softer side, only the legions of steel hard female muscle that was mashing in on his tiny body, from all sides, at all angles, with truly devastating affect. Even the semi-erotically pleasurable sensations of his cock being roughly handled within the velvety smooth moistness of Jennifer's pussy was not enough to take his mind off of their crushing pecs, constricting abs, and sexily compressing bodies all about him. A display of total Amazonian dominance and female muscular power which would bring any who would later watch this skillfully recorded clip to the heights of ecstasy, served only to bring young Jimmy pain and agony, that and the first of several broken bones from their erotically demolishing treatment.

"Oh God.....Oh Fucking God.....I don't think I can control myself, baby!!" 18 year old Jennifer passionately breathed out, as she felt another wave of pleasure surge all about her inner most muscles, due both to Jimmy's impressively thick erection and the passionate kisses on her now flexing pecs from Caitlin.

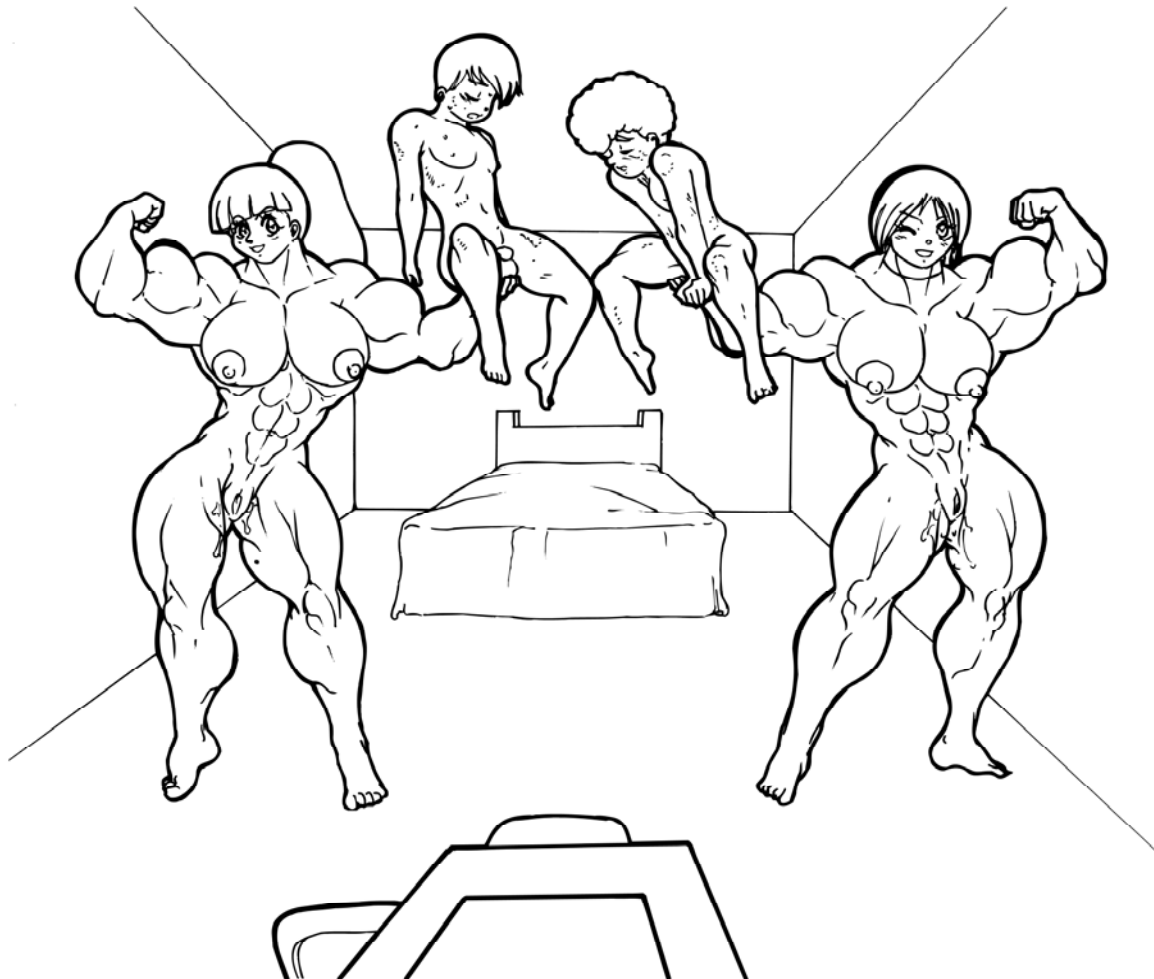

The bountiful brunette then turned her beautifully sculpted face towards the camera, giving her fellow Amazon a long, slow, lingering lick beforehand, which was followed by a truly devious looking grin, and a cooing of her luscious lips before whispering out in reply, "Then don't, baby.....don't hold back a single bit"

With that, Jennifer clenched in Hard on her incredibly powerful vaginal muscles, tilting her head back with pleasure as she did so, allowing Caitlin to lean even closer (much to the dismay of their entrapped sex-toy between them) to lick and kiss her very exposed neck. Muffled male screams and cries were heard instantly from within this all too sexy Muscle Prison – instantly, though just barely – as the blond musclegirl continued to Squeeze and Crush in on Jimmy's cock with her powerfully milking pussy muscles, constricting it with amazing erotic skill and grace, which served her sexual purposes perfectly, while causing untold agony to the once sturdy frame within her. Unfortunately for Jimmy, his dick wasn't the only thing feeling immense pain at this point, as both Jennifer and Caitlin (both about to reach their own peaks of lusting delights themselves) began flexing and flaring their already huge and muscle packed bodies even moreso; flexing into each other, which in fact meant, doing so into him. An act that made their muscles Thicker.....Harder.....Stronger.....easily at a level that surpassed Jimmy's frail, thin form's durability, as continued sounds of snapping and crackling could be heard between them (barely so, just over the sounds of his yells of pain and their groans and moans of lust).

Gone were the previous soft and sensitive displays of erotic lovemaking, this was passion-fueled, unbridled, unyielding SEX, with Caitlin and Jennifer virtually diving into one another's perfectly shaped, Amazonian physiques in an effort to send them both to their utmost limits of ecstasy, and beyond. Their tongues flicking and dancing around each others awaiting mouths, their hips grinding and thrusting into one another's own, their fingers grabbing and groping every ounce of one another's glistening muscular bodies as they could. This was now nothing but Hard, Savage, Crushing Muscle Sex!, and they loved every single second of it. So much so that after the 7th snapping sound coming from within their playthings clearly mangled ribcage, crushed to bits by just their thickly muscled DD breasts alone, they screamed out in orgasmic unison once more, as their juices flowed from their pussies with savage intensity, amazingly enough, their erotic juices being joined by Jimmy's own as well. His mind and body crushed and broken at the hands of these two utterly gorgeous young Amazons, though as if having a will of its own, his cock gave out one final explosion of lustily charged cum, before it too was squeezed into oblivion.

Jennifer and Caitlin's sexily grinding forms finally separated from one another, after nearly a minute of continuing to enjoy their additional post-sex sensations, allowing Jimmy's twisted and beaten form to flop out from between them, crashing down to the floor in an unconscious heap, not too far from where his best friend Edward still lay, he too still in the semi-protective blackness of his previously forced slumber. Both teenage musclegirls then gave sly, sultry looks towards one another, before bursting out giggling little high pitched laughs, showing yet again that they were in fact still teenage girls, a stark contrast from the powerfully crushing Amazons they so often portrayed themselves as.

They then, as if pre-planned all along, bent down to the ground and reclaimed their spying little Peeping Toms limp and broken frames; holding them by their visibly bruised butts with only a single of their mightily pumped, muscularly bulging arms, displaying them to the still recording camera as if they were prized trophies which both girls were supremely proud of. This night's performance sure to be a Huge hit on their highly coveted OurSpace page, the recorded images of which would soon to be downloaded onto for all of their fans (fellow Amazons around the world and their selectively lucky male fans, alike) to see. Though to end this video taping with a Bang, and a little tease to the current reigning Amazons on their site, Caitlin and Jennifer sexily and gracefully hit an incredibly powerful looking single bicep shot from each of their currently free arms, which was followed by a sensuously sexy smile sporting across their flawless young faces, as they each breathed out in ultra feminine voices, "Amy and Jessica.....Beat That!"

The game, was now, On!
