"Dear Dan - I hear you are on a trip overseas for your wedding anniversary. I know that when you left me for Betsy I was very angry, but I was thinking of you, and I wanted to let you know there are no hard feelings..."

"In fact, I got you this special little statue to make sure your trip is a lively one. It is supposed to make the fantasies of whomever touches it come true for one night. Given what goes on in that head of yours, I'm certain that should make for a very interesting evening."

Enjoy! -Nancy
