

April Fool !

by ARIBETH

«Elena...Thank you for accepting my invitation to go out, after all those years I tried ... sending you gifts and much more...» Jordan said, after the little lovely night he spent at the restaurant with his crush.

«It was cool too, I must admit. You weren't too much the nerd I thought» She replied, smiling toward Jordan.

«And... you are kind of cute, up close»

«I... huh...thanks. I mean...you are cute too! Well, you must know it already, all the guys turn around you, that's why I thought I would never have my chance» Jordan added awkwardly.

«And it was surprising to know you were into video games at this competitive level. I thought you hated this, since you always bullied my friend and I»

«Everyone makes mistakes. I mean, how many times did you send me a love letter, or something like that?»

«I think around 40 since I met you»

«Really? Omg dude, you are so desperate to get between her thighs? Hahaha» Elena laughed.

«Huh...Elena? You sounded different for a second» Jordan added, confused.

«No shit Sherlock, hahaha» Elena laughs, her hand reaching for something behind her head.

Jordan witnessed Elena's face deflating a little, sliding over like a face mask, to reveal his friend's face under it, the rest of Elena's body being the same.

«April fool motherfucker! You really believed Elena would go out with you by her own will? We are way too out of her league! Alex added, playing with Elena's deflated face within its hands.

«What the fuck? SO, this whole date it was...»

«Yeah, me! If I could say, you were kind of cringe the whole time, I had to try not to smile too much. Even more every time I spotted you looking at those sweet round boobs»

Alex said, making Elena's tits bounce in his hand.
«I can't really blame you; they feel nice to have»

«Can I...? » Jordan asked, his hand mimicking to grab them.

«Of course, buddy! Friends are for that, and you

«They feel so heavy and so soft!» Jordan said, his hand running gently on Elena's tits.

«I know, right? Why do you think I wasn't focused at all on our online game yesterday? I had those huge milkers right under my sight» Elena replied with a smile, looking at Jordan's confused face.

«Wait, so it means...you were using this skin suit yesterday? How does the real Elena see nothing?»

«That's the trick...I am the real Elena. Or rather, I turned her into a skinsuit with the costume gun. So you aren't fondling random breasts at the moment, but really Elena's one~»

«So...the whole day yesterday, was you?»

«Not quite. I shot her as she went back to her home, and took her skin with me. Then I put it up and spent a longer time than expected playing with her assets, taking some sexy pictures. I will show you Elena's nudes one day if you want» Elena said, pushing Jordan between her tits.

«And after I was done, it was time to join the online game. So the whole time, you were playing against a naked Elena, tits hanging free in front of the screen, her sexy shaped ass printing my chair with its shape, her stimulated pussy leaking down on the fabric.»

«I understand now why you seemed away. This is so

erotic»

«I ruined a perfectly good chair with her love juice tho...But I had only her head away, to keep my own voice going» Elena said, pushing Jordan away.

«We should go somewhere else, if her boyfriend sees us, we...or more like you, is going to be in trouble»

«Got an idea?» Jordan asked.

«Your place or mine? This way I can take off all those clothes that constrict me, and let you see Elena's full body.»

«And, could I...?»

«Yeah haha, of course, we can experiment on her, take pictures and everything! But for kisses and more I don't know, feel weird yet»

«Ok, to me just playing with her bare boobs is enough of revenge already. Let's do this!»

«DO what? You want to ravage my body, don't you? You pervert~» Elena moaned sweetly into Jordan's ear, licking his neck shortly after.

«Don't tease me like that, you got my body paralyzed from pleasure!»

April Fool

«Damn man, this is kind of embarrassing the way you look at me. I thought I would be more comfortable since it is not my body, but as it really feels like it, it is like I was really me that was naked in front of you» Elena said, covering her assets.

«I am sorry...I just can't look away from those assets... Don't move much» Jordan said, looking at Elena with his jaw dropped, taking pictures from time to time.

«Yeah I see that...your pant is set up...It makes me even more uncomfortable...» Elena said pointing at Jordan's erection under his pant while striking the pose the best she could.

«Would you feel better if I took off my clothes too? I mean, you already saw me naked in the changing room» Jordan added, starting to undress.

«Yes but not while you had a raging erection...wanting to nail me! So no please» Elena replied.

«I think it will be better» Jordan added, taking off everything anyway.

«Dude...it is weird...I should feel really uncomfortable seeing your dick straight up pointed to the ceiling this way, but...it is the opposite.» Elena replied, letting her arms lose slowly, not covering her assets anymore.

«That's probably what a girl feels in front of a man»

«What else do you feel?» Jordan added, winking.

«I said no! Even if it doesn't feel as weird as I thought it would, it is still a no» Elena straight up replied.

«I never said for a kiss. But what if you just come to sit on my legs, your back turned at me, so you don't see me, and I can fondle your tits? Please, I want to feel Elena's butt on me!» Jordan explained.

«I guess I can do that. But no kiss, ok?» She added, coming her way toward Jordan, sitting on his legs, avoiding at all cost to touch his member, putting it back.

«She is heavier than I would have thought. But she smells so good» Jordan said, his hand fondling her boobs from behind.

«But this isn't really comfortable...I feel my dick between your buttocks, pressed...give me a second....better like this» Jordan added after moving his member between Elena's legs, seeing it pop between her thighs.

«Funny, it kind of looks like if I had a dick too» Elena laughed, running her finger on Jordan's member, wanking it slowly, hearing Jordan moan lightly from pleasure.

«Ok, wanking you is better than I thought, less weird than expected»

April Fool

«Oh god! Elena, the busty popular bitch from school, is wanking me! This is so good!» Jordan said, containing himself to bust.

«I can't believe I am jerking off one of the two idiot nerds I used to bully...WHAT kind of spell did you throw at me ?~» Alex replied with Elena's sexy voice, enjoying playing along with his character.

«Can you...slide me inside of you?» Jordan added, breathing more strongly by the idea.

«You don't have to look at me, just put me into Elena»

«I guess I can do that» Elena added, lifting herself a little to guide Jordan inside of her, before sitting back, sliding him all the way.

«You stupid geek, I took your virginity away! Hahaha»

«Oh my...keep acting like her, doing this slutty bitchy stuff, it feels so good! She is so tight» Jordan moaned, flooded by new pleasure.

«Acting? What are you saying, stupid geek! Keep fucking me, or I'll bully you again!»

«Yes...Yes sorry !» Jordan replied before Elena went up, sliding him away from her.

«What did I say? Come back, it felt so good...»

«Haha, you fool! You thought I was going to take your

virginity away without looking at your face?» Elena said, sitting on Jordan's legs, facing him this time, sliding him back in her.

«I want to see your stupid face moving by the pleasure of my slutty body on you»

Without much more words, Elena took Jordan's face between her hand, leaning a kiss on him, before moving her hips to make his member go back and forth inside.

«Whoa...I...I thought no kisses» Jordan added, getting slapped soon after.

«Ouch! I felt that one!»

«I am Elena, I do what I want with my body. Now keep fucking me, and I may lend it to you one day!»

Elena moaned, pushing her breasts on Jordan's face
«I would have never thought a dick was this addictive to have inside...I understand her now, why she has a reputation of being easy going~»

«You like that, you little slut?» Jordan replied, slapping her butt.

«Yes~» she moaned loudly as the only answer, her hips moving with greater amplitude, her tits bouncing up and down on Jordan's face, which was trying to catch them with his tongue.

April Fool

«I...I'm gonna...» Jordan said with a serious face.

Elena stopped, looking at him, smiling widely before sliding him away from her inside.

«You were going to cum? What a pity...» She added, before going on her knees, approaching Jordan's dick from her mouth, licking the tip with her tongue.

«Should I let you nerd come inside of me? Or should you come in my mouth? I don't know yet»

«Since you are the real Elena, kind of, is it ok to come inside of her? I won't hold much longer if you start to suck me like this...» Jordan moaned gently, looking at Elena playing with his member, putting it inside her mouth from time to time.

«I think...I don't care. This is this bitch's body, not mine. So come inside of her, and let us let her deal with this by herself later~» Elena replied, sliding Jordan back inside of her vagina, taking her phone nearby, and opening the camera.

«Smile, let's take a quick souvenir as you make her pregnant. Congratulation, you did her your wife...kind of~»

«This is so evil...Makes me...» Jordan tried to add, unable to contain himself much longer, releasing everything he had inside of Elena, that moaned as she felt flooded by Jordan's cum.

«What a weird feeling! I feel your stuff inside of me, like when you eat a hot coffee. Except...» Elena laughed, rubbing between her legs to take a bit of cum flooding out of her between her fingers.

«Except it is so sticky, look! Haha!»

«Dude, that's weird to show me my own stuff...» Jordan added, trying to avoid Elena's fingers that were teasing him.

«Want to see a magic trick? Gone!» She added, sliding the fingers inside of her mouth, licking them clean.

«It tastes good...I would have never imagined this»

«Don't turn gay, haha!» Jordan laughed.

«I think it is only because I am Elena. Would probably taste different otherwise» Elena added, starting to dress back.

«SO, how was this first time?»

«Heavenly. Even if this wasn't really with a woman»

«Mate, take a sample of my blood, you will only see Elena's DNA. I am her, fully. For the body at least. So you nailed her...Even if her mind was a little different than usual, of course~» Elena laughed, pushing her tits together.

«Do you want to try her? You see, you won't regret it»

April Fool

Page 6 - by ARIBETH

«I am going to take a quick shower. SO I can give you a fully clean body» Elena said, heading to the bathroom.

Some minutes and a shower later, Alex went out of the bathroom, wrapped in a towel.

«Here you go, Elena's skin is waiting for you. I let you some of her clothes too to try. If you have a little trouble putting her bra on...I would gladly help you» Alex winked.

«Yeah...just for the help of course. The erection under that towel is not giving you out at all!» Jordan laughed, before heading to the bathroom.

«Is there anything I need to know about the suiting process or something?»

«Just put her on, it will reshape and give you her body»

Jordan took the skin with him and went to the bathroom, closing the door after him.

Excited about what would happen, he lost no time throwing his clothes around.

He looks at Elena's empty husk and found an opening on her back.

He slipped his legs inside of it, shortly feeling her skin replacing him, twisting his mind into giving him two different sets of skin.

«Whoa, this really is like her legs are mine!» he added, continuing to pull her husk on him.

«I can't wait to play with her boobs!»

When he was done, he put her face on his head and waited a bit.

He felt dizzy, the time for her body to reshape over his, the time for his nerves to connect to hers.

Once it was done, he no longer fell sick.

He opened his eyes, and hardly believed that it worked, even if instead of him, Elena was standing where he stood, her facial expression and movement being him.

«This really works...Omg I have her voice too!» Jordan said in Elena's cute voice, before looking down at her body.

«Oof, they are heavier than I would have thought! But the feeling to have them...pure bliss!»

After playing with his new assets a bit, he started to dress her back with the underwear Alex left him.

«Hello, the new Elena» he laughed, looking at his new body in the mirror, adjusting her bra.

«Repeat after me, I am a bad bad bitch...and from now on, I will change a lot of things.

And the very first of them...there is a gentleman I used to bully, waiting for me naked in the room next to me.

It would be a shame to let him alone, wouldn't it ?~»
