

April Fool - Part 2

Page 1 - by ARIBETH

«Hello little man, what are you doing all naked in there?» Jordan said with Elena's sweet voice, coming out of the bathroom, getting used to walking like Elena.

«How does it feels so? I heard you moaning as her some minutes ago» Alex laughed, looking lustfully at Elena.

«I mean...this juicy booty is so comfortable to walk in. It is like suddenly I got bustier, sexier...and sluttier~» Jordan replied, his feminine hands playing with Elena's ass.

«It is like it always was mine!»

«I know right? What do you want to do next with your new body... Elena?» Alex asked, lustfully looking at the new Elena, his boner growing under the towel.

«Well...What if I take care of your little problem?» Elena said, pointing to the towel.

«You are so straightforward! Not that I dislike it» Alex smiled, gulping down seeing Elena come toward him.

«The old Elena was a little bitch with you...the new one is going to be your little bitch» Elena added, sitting on Alex's lap, taking his hands, putting them on her boobs, helping him fondle them.

«Abuse me as much as you wish, I will ask for always more~»

«Damn dude, you are really into this» Alex replied, playing with Elena's tits but now from an outside view.

«Her tattas fell as good to play with from now, then when I was in

her skin»

«Maybe this was meant to be my body from the beginning...One thing is sure, is that I feel natural as her. Your hands on my chest felt like it was destiny for me to get to experience this feeling, and the reaction it gives to my body, turning me all slutty, all wet down there, is like my whole new body had waited for this moment my whole life» Jordan moaned with Elena's voice, ripping his fishnet open in two, just between her legs, letting her hands gently caress Alex's rode.

«Like...Since I sat on you, it only felt natural to have you inside of me»

«I am so turned on by you right now mate...I never saw Elena this slutty, even in my dreams» Alex managed to reply, his breath getting slightly stronger.

«Shhhh, don't call me mate, I am Elena from now on. And I want you to threaten me like a sex doll, I want you to use me the way you want to~» Elena moaned, sliding Alex inside of her, moaning for a long time as Jordan experienced his first time as a woman.

«This is so erotic...Starting by this, now we can communicate through our desire...and I am way more comfortable sitted this way~»

«Can we....kiss too?» Alex asked.

«Alex...you are inside of me right now...whatever you want to do now, I will obey~» they said, kissing each other deeply.

«Deeper...DEEPER !!~» Elena moaned loudly, as Alex pounded her with energy in the doggy style.

Since Jordan has worn Elena, he quickly got carried away by her thoughts and desires, falling with ease in her slutty side, without any wish to ever control it, getting totally corrupted by it.

As a result, the more climax she reached, the more Jordan's mind got altered by this side, turning him into a sex craving bimbo.

Not that all of this was happening without him noticing. He was clearly conscious of what getting fucked as Elena was changing into him.

But the intense pleasure he surpassed every time, made him want to carry on with it, and embrace fully her lust, combining his own in the process.

Not only now he loved the way his feminine body reacted to his every thought, but his male mind had for result to get him turned on all the time by only making him realize that he was now a hot young busty woman, to which he could do whatever he ever dreamed about, from the clothes to her life.

She was him, and he was her.

Somewhere, Jordan knew he could always take her skin away and resume his life.

But was he ready to give up yet all those feelings?

Was he ready to not feel two heavy fun bags under his own hands?

At the time Alex pushed him on the side to teaspoon her, his

hand caressing her boobs gently, before grabbing them firmly to avoid them from moving as he started to move his member inside of her, the answers to all those questions remained negative.

Jordan got taken out from his thoughts, as he felt Alex's cum flooding Elena's inside.

It felt as weird as pleasurable.

He knew he made him feel good as Elena, and this sticky hot liquid he could feel moving in his womb, was the achievement reward that he wanted to keep for the longest possible time, knowing it wouldn't feel this hot soon.

Alex put a little kiss on Elena's neck before sliding himself away from her, making her shiver a little.

Still full of curiosity, she let her hand run between her legs, feeling her pussy entrance hot and extremely sensible, covered by the sticky liquid he just put inside.

She inserted two fingers inside of her to get a little drop of it, before tasting it, under Alex's stare that was wondering why she wanted to do this.

«You enjoyed it?» Alex asked after she ate it.

«It felt like you were out of this world the whole time we fucked, hahaha!»

«This was amazing...Thank you~» she replied, turning herself to kiss Alex on the lips gently.

«I think I never felt this happy. Can I...keep her body for a little longer time, please please please ?~»

April Fool - Part 2

«You have an idea in mind...what is it?» Alex asked, sitting next to her.

«Well, imagine if Elena stopped dating her boyfriend, to be full with you. Won't you like it?» Elena asked, sitting completely naked on the same couch.

«Of course, I would love it. But what will happen to you then? I mean, the real you» Alex added.

«We can make up excuses... and in need, I can still stop wearing her from time to time. Or...I got an idea!» Elena replied, her hands going behind her neck, tearing her face apart until Jordan's face could be seen under Elena's skin.

This part done, he kept taking her skin off, until he reached her hips.

«I can also do this! Look, I have Elena's lusty bottom, butt, and pussy, but my top is me, and her boobs are completely deflated like that, so I can hide her under any clothes!»

«What I am seeing right now is a bit weird, not gonna lie. Take her off completely or wear her completely, but seeing you this way is making me have a weird boner» Alex added, looking away until Jordan did one of the two actions.

«Furthermore, won't this be a little weird to walk with your top part, feeling her pussy in your pant in part of your dick? And you also know she is busty...how will you justify your ass suddenly being bigger and a way lot sexier?»

«Hahaha, I can already see the fun part, when you will look at

my back, knowing that's Elena's ass you are looking at while seeing my male face and get confused» Jordan said back in Elena's voice, after putting her completely back, adjusting the last part on her face.

«It means I can...you know...in class...finger her, and nobody will know~»

«This will be a bit obvious. At most, people will think you are scratching your ball for a long time...not really stealthy if you ask me» Alex explained, turning himself back as he heard Elena again, knowing Jordan had put her on back fully.

«Huuuum true. But, if I buy a vibrating egg...I can put it to good use in the classroom!»

«Are you even thinking straight mate? If you do that, you will probably moan, but with your own male voice...Maybe a little messy»

«We have to think about it. But first...let me get myself single again. How should I proceed tho? End this by text message, or go see him?»

«Do whatever you wish, but you will probably have to kiss him at some point if you go see him directly» Alex added.

«True...but you know he bullied us too, I want this to be really dirty...This also may be fun for you to watch» Elena said, pushing her tits together.

«Besides...wearedoingthis to keep those beauties, remember?~»

April Fool - Part 2

Page 4 - by ARIBETH

«Let's go back to her flat, I need to get dressed before going to see her boyfriend.» Elena added, picking up the clothes from the ground, and starting to put them on.

«And...hurgh...take a shower. I can feel your semen flooding down between my legs on my pant...»

«Who would have thought Elena was such a nasty whore after all» Alex laughed.

«Funny...Since you like to laugh, you will be the one driving me to her home, as a gentleman» Elena replied.

«What? You can drive last time I checked!» Alex said.

«And with which car, genius? I can't drive my own as her» Elena added, finishing dressing up.

«Stop talking, let's go!»

Shortly after, the two drove to Elena's flat without any problems.

«Wait, do you have her keys?» Elena asked, in front of her door.

«Oh true, her purse is in the back of the car, I go back!» Alex added, before coming some minutes after, with the purse, he gave it to Elena, before slapping her ass gently.

«Here you go, your purse milady.

«Was it really necessary to slap my butt?» Elena added, taking

her keys before entering her apartment.

Once inside, they started to look around, discovering her place for the first time.

Once they had mapped the area, Elena took all of her clothes away before heading to the bathroom.

«I feel a little dirty too...Can I come in the shower with you?» Alex asked, looking at the naked Elena walking in her shower.

«Not now, we need to be quick! But...You can stay here and masturbate while looking at me, if you want~» Elena smiled, letting the water run on her body.

«Why can't you just suck me dry...?» Alex tried to insist, starting to wank himself anyway.

«You are worse than a child! When you are finished, you can try to speed everything up a bit and choose some clothes for me. Take the one you wish, dress me as the little doll I am to you~» Elena smiled.

«A doll that doesn't want to obey me!» Alex added, wanking himself and looking at Elena.

«A girl has to keep the flame going you know. Plus, we do that just so I can be yours forever, remember? You can surely wait a bit, to be able to ride me whenever you wish» Elena sexily replied, rubbing soap on her body.

April Fool - Part 2

Page 5 - by ARIBETH

«This is so frustrating to use my hand...looking at you without even a help» Alex complained again.

«Aaaaaaw, you are infuriating, you know that? Come here, I guess blowing you up won't be much of a problem, if it means not hearing you complain anymore» Elena replied, bending on her knees in the shower, waiting for Alex to come.
«I do that and you shut up after, ok?»

«Depend on how good you do...Oooooooh! Stop stop stop!» Alex added as Elena wrapped her mouth around his hard member, licking it gently with her tongue, making him feel way better than he would have expected.
«Stop stop stop, I am gonna cum!»

«Feeling good?~» Elena smiled, keeping what she was doing.

«I...aaaaaw...too good...Can I cum...on your tits?» Alex managed to say.

«No way, I cleaned myself bef...Fuck you!» Elena added as Alex came on her tits, putting his hot cum all over her chest and on her mouth.

«You came a lot! I have it everywhere! Go find me clothes now, you wanker!»

«There is something erotic to see the bitch that used to bully me, covered with my cum, hahaha!» Alex said, escaping the bathroom as Elena tried to splash him with water.

Letting her clean herself another time, Alex went into her wardrobe, looking through all the clothes she had. He knew a part of them, as he saw the real Elena with them already.

He picked the sexiest underwear he could find, and some casual top to cover them, waiting for Elena to finish her shower. Once she was done, she went into her room, fully naked as Jordan was used to doing, starting to forget the new body he was in.

«Finally I finished. Because of you, I had to clean myself all over again. Those are the clothes you chose?» Elena added, taking the clothes and looking at them, before putting them on.

«For once I must admit you did good, they feel comfortable»

«There is something else good I can do...would love to do right now» Alex whispered in Elena's ear, grabbing her from behind, letting her feel his already hard member.

«No! We have to go! Let's go already, drive me there»

«Not even a little blowjob for the taxi?»

«Hurh, I am waiting for you in the car!» Elena sighted, going down the stairs.

«If I trust her GPS, this is her boyfriend's place» Elena said, going out of the car.

«Not gonna lie, I am a bit nervous about his reaction...»

«Well this won't be easy, that's for sure. But remember this idiot was on Elena's side when she bullied us» Alex replied.

«Alex you are such a hopeless geek. You are never going to find any woman, nor get to touch boobs your whole life, hahaha» Elena said, mimicking the way she used to say it.

«Damn, I can almost remember the face of the people around that were laughing at us when she said that» Alex added.

«I know...Well, speaking about never touching boobs...» Elena smiled, opening her shirt to flash her bra to Alex.

«Come on, kiss both of this slut's tits, this gives lucks and I will need it»

«Pretty ironic with what you said earlier, that we now got to touch boobs...her boobs!» Alex laughed, before kissing both of her fun bags.

«I know, right? Well...time to do the thing then!» Elena said, closing her top back.

«Wait for me in the car, those boobs are soon going to be us to play with forever~»

«And this fat ass too!» Alex replied, slapping Elena's butt.

«I will be in the car then»

Elena winked at him, before ringing the bell.

«Who is here?» a masculine voice said behind the door.

«It is me» Jordan replied in Elena's voice.

Almost immediately after, the door opened, Elena's boyfriend behind.

«My little flower, I was so worried! You disappeared for 2 days, I was worried!» He said, hugging Elena before she could react, letting his hand run on her back with a grin on her face.

«What happened to you?»

«Well, I tried to go at the manga convention those nerds used to go, just to see by my eyes how pathetic this was. And...I loved it so much, I stayed there!» Jordan explained, trying to imitate Elena the best he could.

«What? But honey, that's where all those nerds go!» The boyfriend replied.

«Yes, I know. And they are super cool...not like you that is always judging them. I wanted to come here to tell you it is over between us. I want a real nerd as a boyfriend, one of those no lifer» Elena said, looking at her boyfriend's shocked face before she opened her top to flash her boobs to him.

«Enjoy them well, this is the last time you get to see them!»
