Having thrown the boyfriend out of Elena's life, the two friends went to college in the afternoon, Alex having some trouble focusing on the class, knowing which butt he was looking at whenever Jordan sat in front of him, making sure to put his ass in good view to Alex.

When class was finally over, Alex looked for his friend, without any answers.

Wondering what he was doing, he texted him.

Some minutes ago, a reply came, stating Jordan went away a little earlier and that he should wait for him at Alex's place.

Curious about his buddy's plan, Alex went back to his place and waited for Jordan to be back.

Almost an hour later, the bell rang.

Alex went to open the door, stumbling upon Elena.

«Hello, honey! Sorry to have made you wait, I had some shopping to do!» she said with a smile, showing all of her clothes bag to Alex, before entering his apartment, putting all the bags on the ground.

«Aaaaaaw feels good to be back! By the way, now...you know...it is kind of official that Elena and you are...going out together. What about...we start to act like a couple?~»

She went toward Alex sensually, hugging him upon being in his reach, her lips ready for a kiss.

«I don't see the problem in that» Alex replied with a smile, kissing Elena sensually for a moment.

«I am so happy whenever the day is over, so I can be Elena and not myself anymore. Everything is better as her...even the gaming sessions with my best friend, that always turn into something...a little hotter~» Elena added.

«That's a bit of cheating tho. Playing as her naked next to me, just so you could win, is not really fair you know» Alex laughed, caressing Elena's face gently.

«Unfair? I thought you enjoyed the little reward I gave you when I lost anyway...At least your body did like it~» Elena replied, her hand running on Alex's bulge.

«Wait for me, I will show you what I bought!»

She went away for a moment.

She came back some minutes later wearing nothing but an extremely short two pieces of underwear.

«Tadaaaaa! That's my 'relaxed' underwear, the one I intend to wear every day here when we are just the two of us!» Elena happily said, showing her body whole to Alex.

«And how do you expect me to focus on anything else if you go around dressed like that...You want me to nail you every now and then, do you?» Alex winked toward Elena, that was the only answer, gave him his wink back, coming his way, biting her lips.

«Come on, no way you would wear this! I agree you would come to the barbeque with my family like you often do, and as Elena. But do some effort, and find something suitable. Remember, only us know who is really inside» Alex said to Elena, seeing her trying even shorter outfits.

«I don't see what you are talking about... I know what is inside...boobs! Hahaha!» Elena laughed, lifting up her shirt to flash her tits to Alex.

«Uuuuurgh, since you are her, it is like Elena lost 5 years in her mind...» Alex replied, throwing another set of cloth at Elena.

«But her body is still that solid 10...At least since 'we' live together, that's what your dick told me every day and...OOoooooh, even now~» Elena smiled, biting her lips and looking at Alex's pants.

«Mind if I...take care of this?»

«You knew from the start wandering in this outrageously provocative underwear whole day long, would turn me on... But no, we have to find something for you before!» Alex added.

«Try this one, I won't look»

«Why don't you want to look? Because you are afraid of how sexy the busty Elena will play with her body just on your back?» Elena moaned sensually.

«Precisely! And we have to hurry!»

«Why? I am sure your parents will understand why we are late~»

«No, stop this teasing and try on this dress!»

«Fine, fine...» Elena resigned, starting to take off everything she had, before sliding on the new dress that Alex gave her.

«Voilà, are you happy?»

Alex turned away, looking at Elena that was wearing a long white dress, covering mostly all of her assets perfectly.

«Nice, no unreal cleavage, nor skirts so short that I could see the color of her pussy whenever you were sitting» Alex said, looking around in the room before his eyes stopped on Elena's panties.

«What are you wearing under dude...?»

«Huuuum, I think you guessed the answer already~» Elena winked toward Alex, that rolled his eyes so much, that he got dizzy doing so.

«I promise I won't get too slutty, if you let me go without any panties~»

«I don't have many choices anyway, right?» Let's go!»

«Nice to meet you...Elena, right? Alex had warned you he would come with someone else than his best friend, but never we would have expected him to come with his girlfriend» Alex's mother said, greeting Elena upon Alex finishing to introduce her.

«Why so ?» Elena asked.

«Because we were kind of sure he would never get any girls to be honest, just between the two of us. Especially one...as beautiful as you» the mother added, whispering in Elena's ear.

«Oh really? Thank you for the compliment! Alex told me a lot of wonderful things about his parents, and I was so excited to finally meet them» Elena replied, all smiling at how Alex's parents were looking at her, judging.

«Where is her by the way?»

«Oh, he might be with his father, that wanted to tell him so things...you know, the parental stuff when it comes to relationships» the mother added.

«Haha, don't worry about this, I really want to see where this is going before...you know...we do some very intimate stuff. So your son is safe with me, I am extremely cautious and not this easy» Elena smiled, thinking about how many times they had extremely animal and passionate sexual time with Alex.

«Oh...I...ok, that's really nice to know that. You are full of surprise Elena» the mother replied, surprised about this answer.

«You sounded surprised. I know at first glance I don't look like it, but I am not a sinful gu...girl» Elena added, realizing she almost let the secret slip out of her mouth. «Trust me, bro!»

To this last sentence, Alex's mother looked surprised.

«Do you know Jordan by any chance?» the mother asked.

«I...hugh yeah...he is a common friend. Why?» Elena added, wondering if she got busted. Impossible, Jordan thought. He was Elena from top to bottom. Except for Alex, nobody knew this.

«You remind me of him somehow, I don't know why. Your expressions, the way you talk...SOunds common yet I have never met you before» the mother said, reassuring Jordan.

«Oh, I see! Well, we are often together with Alex. May I ask, what do you think about him?» Elena asked, worrying about the answer since Alex told Jordan already in the past that his parent thought he was one bad influence.

«Being honest, I have mixed feelings, that my husband doesn't share. But if I were to get confident with you, I believe he is the one bringing our dear Alex to some bad plans. Like, the last time, I smelled weed on Alex's shirt. I am sure it was Jordan that gave it to him» the mother said to Elena, making this last one smile, as Jordan knew well where the weed came from, and that wasn't from him.

«And how could you be sure it wasn't Alex that bought it for them?» Elena asked, trying to hide her smile, as it was really what happened.

«My son would never do such things! Jordan is the bad boy, I know it! Good thing he isn't a girl, or for sure he would have given my son some unholy acts, without any protection or care! No no no, I am glad Alex found a girl as Christian as you are, at least it will maybe compensate for the bad influence coming from his friend's side.» the mother added, looking at Elena that was more and more holding her laugh, making it impossible to hide it at some point.

«Why are you smiling so widely all of a sudden?»

«That...well...that's because I am so glad you think of me this way. I will try to be the good and perfect pure Christian girlfriend for your son, I won't disappoint you» Elena added, still holding on to her laugh deeply.

«I am really glad to hear that. Well, Elena, it was a pleasure meeting you!» the mother said, visible happiness on her

face that brightened Jordan's thoughts.

«I need to go finish a few things for the dinner. If you find Alex, ask him for a tour of the house»

«Alright, bye!» Elena finished, looking at the mother go away, a bright smile on her face.

When the mother disappeared from her point of view, Elena went straight back to the house too, trying to find back the old bedroom of Alex.

Obviously, as Jordan knew well the place, she found it easily and pushed the door open.

Inside was almost nothing left, only a bed and some old pictures of Alex, as Jordan used to know this room.

Elena took off her dress, throwing it away on the bed, before taking her phone and snapping some sexy pics for Alex, that she heard talking with her father just under the window.

«I am bored, waiting in your old bedroom~» Elena texted Alex, along with a naked picture of herself.

«What the hell man? Quick, dress back before one of my parents sees you like this!» Alex texted back.

«Well...your mother said that if Jordan was a girl, he would have given her son some unholy acts, without any protection or care. So here I am...wet for our wild, raw and unprotected sex we use to have recently~»

Alex erupted in his old bedroom shortly after, his face turned red from the quick run he had probably taken.

«Finally you came~» Elena said with a smile, caressing her pussy, legs wild open on Alex's couch.

«What are you doing bro? If my parent caught you like this...» Alex replied, picking up Elena's dress on the floor, and tossing it toward her.

«Put this quickly back!»

Elena took the dress mid-air, looking at it whole before tossing it away again.

«I won't put it back until you fill me right here. I am so horny~» Elena laughed, a provoking stare toward Alex.

«By the way...look, we can see both of your parents from here, it is safe as long as we keep them in sight

«Aaaaa fuck you, man. You know Elena's body is very hard to resist when you tease me like this!» Alex replied, unbuttoning his pant, and taking out his already all-erected dick.

«But we do it doggy style, so you can keep an eye on my parents»

«As long as I feel you inside me, I can do anything» Elena replied with a huge smile, taking the position before opening her buttocks with her hands.

«Come on, slide your pleasure rode inside of me~»

«That's crazy dude...on this same bed, I thought I would be a forever virgin when I was younger. And right now, I am clapping the buttocks of my college bully right on this same bed...and she is asking for more» Alex explained, sliding himself inside of Elena, trying to not moan too loudly.

«Aaaaaaaw, I needed this~» Elena moaned, starting to bite the top of the furniture.

«If you could stop calling me dude by the way, in theory, I am not Jordan...Well...yes but actually no»

«Roger that Elena, you college slut» Alex smiled, slapping her butt before starting to move his hips, thrusting his member inside of her back and forth, making his old bed do some noises.

They fucked for a moment until Elena realized the father wasn't anymore in her sight.

«Alex...I...your...Aaaaaw stop~» Elena tried to explain, interrupted by her own climax.

«We need ...to...aaaaaw ~»

But Alex was too much into this, he didn't realize until he came inside of her, that his father was in fact not really on any sight

«You really filled me inside your parent's house...that was nice, right?~» Elena asked, recovering from her intense session.

«Dude...this wasn't right...we shouldn't have done this... but it felt soooooooo fucking good again» Alex said, pulling out of her.

«But I can't see where my dad is, I will go check, just to be sure.»

«This was fun too! Wait... before you go, where are the toilets? COULDN'T find them at their usual place» Elena added, standing up, covering her pussy from dripping out all of its content on the floor.

«I need...you know...girl stuff after a creampie»

«Huuuum, you should have thought about that earlier, they aren't on the 2nd floor anymore, but on the first one, haha!» Alex laughed, seeing the embarrassment in Elena's eyes, as he could see his own cum leaking out through her fingers slowly.

«You got to be kidding me! How do I reach the first floor without leaking it everywhere? Help me! You are part of this!» Elena replied.

«I can barely contain it anymore...»

«You will have to find a solution by yourself I am afraid, there are some tissues in there...Have fun, hahaha!» Alex laughed, closing the door, leaving Elena alone in this situation as he went back to check on where his parents were.

«You motherfucker... Ah crap, it is running on my legs!

Quick, tissues!» Elena added, rushing to the place Alex pointed out, opening the drawers to find the promised tissues.

«Ah yes! Maybe I can stuff enough in my panties to walk to the toilets undetected! Hahaha...wait...FUck me !»

This was at this moment when Elena realized she wasn't wearing any panties when she came here, that she knew, she fucked up.

«This was Alex's bedroom until a year ago. Maybe I can find one of his boxers to wear» Elena added, going to the wardrobe, looking through it in hope of finding one that would fit her, feeling cum running on her legs.

«Ok, let's try this one»

She took the boxer, that she believed would fit, and started to wear it.

Everything went well until she reached her butt, which wasn't meant to fit this male underwear.

After some efforts, she managed to squeeze her asset in there, before stuffing the front part with the tissues.

«Perfect! Haha, your underwear looks way better wrapped around such a hot piece of ass!» Elena said, looking at the result in the mirror, taking her dress back from the ground and slipping inside of it.

«Very nice! Now, time to go back downstairs for this dinner. I never thought having sex as a woman could make me so hungry!»
