

Collision in 10... 9..

8... 7... 6... 5-5-5 *BZRT*

A large splash of water with the text '*SPLASH!*' written in a stylized, bubbly font.

F-fuck, the suit cracked-

Great... No suit, no equipment... This planet has no land mass anywhere...

I sent a distress call, but it'll be weeks before they get here...

God, what am I gonna do for food...? Wait, no, this isn't even fresh water, how am I-

A comic panel showing a girl with green hair and a crown underwater. She has a shocked expression with wide eyes and an open mouth. A speech bubble next to her says "GGGLB!!". The background is blue with white bubbles and motion lines around her legs, suggesting she is sinking or falling.

Visorelle 2025

I took in so much water there- l-l-

I... I can't make it to the surface-

Agghk...

I... I... can't... hold... on...

...huh?

HUH!?

When did-

M-my legs!? They're falling apart! Or... splitting? Or, n-no...

It... it means I'm not dead, but what the fuck is happening...?

A-ah! L-leg cramp-

Even if I can't-ack- drown, I need to be able to-swim!

Ah, ew, okay, don't touch those- b-but why do I have gills!?

Oh my god, those are tentacles!!

I-I'm stranded on an ocean planet and I'm turning into an octopus!!

Wait... I dropped my rebreather cuz something flew into my... Is that what's doing this to me...?

...I guess... it saved me, then....?

They're why I was drowning, but... I wouldn't have lasted more than two days anyway...

So... guess I'm a fish now... and that's... fine...

Webbed fingers... Makes sense...

...huh? Is my chest... glowing? And... growing....?

That... doesn't make any sense, why would-

A-ahk!! Okay, okay, okay, I'll get this thing off- aagh, stupid-

Ahhh... *pheuw*

W-W-W-W-W-
W-what the fuck!?
Are those-
why do I have-
why are there
SIX!?

What kinda alien fish has six tits!?

N-n-ngh-
Th-they're like...
vibrating... or
churning...

A-aaaah f-fuuuuck...

This is the weirdest
thing ever... but it feels...
pretty nice...

Why should I be
embarrassed
anyway...
Not like anyone's
around...

F-feels...
kinda like a
massage, b-but
from the inside...

Oh no...
that feeling again...
They're definitely
coming this time,
h-huh?

Haah!
Oh f-fuck...
it actually
feels really
good!

Wh-why-
This isn't
supposed to-

Nngh...

H-haaaah...!

Haaah...

Oh wh-who
cares...

Haaah!

This is gonna take
forever -haaah-
may as well enjoy it...

Haaaah!

And for
some reason...
I'm looking
forward
to it...

D-done... but...
I can feel it... they're
starting again...

Eventually...
I'll have to do it
again...

Much, much later...
