I ejaculated just as mother was knocking at the door, "Gerald, what's taking you so long in the bathroom?" I stammered an excuse as I hurriedly pulled up my pants over her wet panties!

Tito is practicing how to apply makeup. He's learned to love evolving into a girl as his nipples enlarge and his breasts start to develop. Now, instead of the other boys picking on him for being a sissy, they pick him to spend time with them in a stall in the boys' restroom.

When her son was born, dominant Kira named him Osamu, which means 'well disciplined' in Japanese. Of course, Osamu is not only a well-disciplined boy, he is forced to wear girls' panties not only for his punishments but under his boys' clothes too. And when they are in public, Kira likes to call her son Panchira, which is an expression that every Japanese woman knows well; it means "your panties are showing!"

For months, James pestered his mother for a dog. She made a deal with him: she'd buy him a dog if he spent the summer as a girl. He got the dog at the end of summer, but by then, he didn't want to go back to being a boy.

If your boy resists being feminized, Sassy Panties are the answer. Just force him into his first pair (he'll thank you later), and we guarantee that he will immediately calm down and be very open to being put into dresses and other girly clothes.

"Mother, I love this new wig you bought me. I'm so looking forward to having Joe take me to the prom now that they are letting me attend in my fancy girly clothes, but I'm afraid some of the boys might give me a hard time."

"Now, Danny, just relax, everything will be fine. I'm sure Joe and the teachers will protect you. However, speaking of a 'hard' time, remember what I told you and make sure to make Joe happy at the end of the night with a blowjob, just like I had you practice on my dildo, and if he wants to butt fuck you, show him your panties with the little cherries on them to remind him you're a virgin and to be gentle with you."

During World War II, the Nazis never had enough good-looking women prisoners to force into prostitution to service the German soldiers, so they took the most attractive boys and forced them to dress like girls and learn how to sexually satisfy the troops; they had to do it or die!

Teddy is Marge's oldest son that she has feminized into wearing girls' clothes; he can be trusted around the house, compared to all her other boys who run to the dirty laundry hamper or sneak into her room to dive into her clean panty drawer the moment they are out of my sight. Young boys hooked on panties but not yet fully disciplined are a handful just trying to keep up with their need for pretty panties. But Teddy abides by the rules and that includes a maximum of six panty wanks a day. He just finished a long wank, an educational exhibition for his six-year-old sister and three of her first grade classmates. Young girls have an insatiable desire to learn about feminizing and panty training boys. Marge believes girls are never too young to learn.

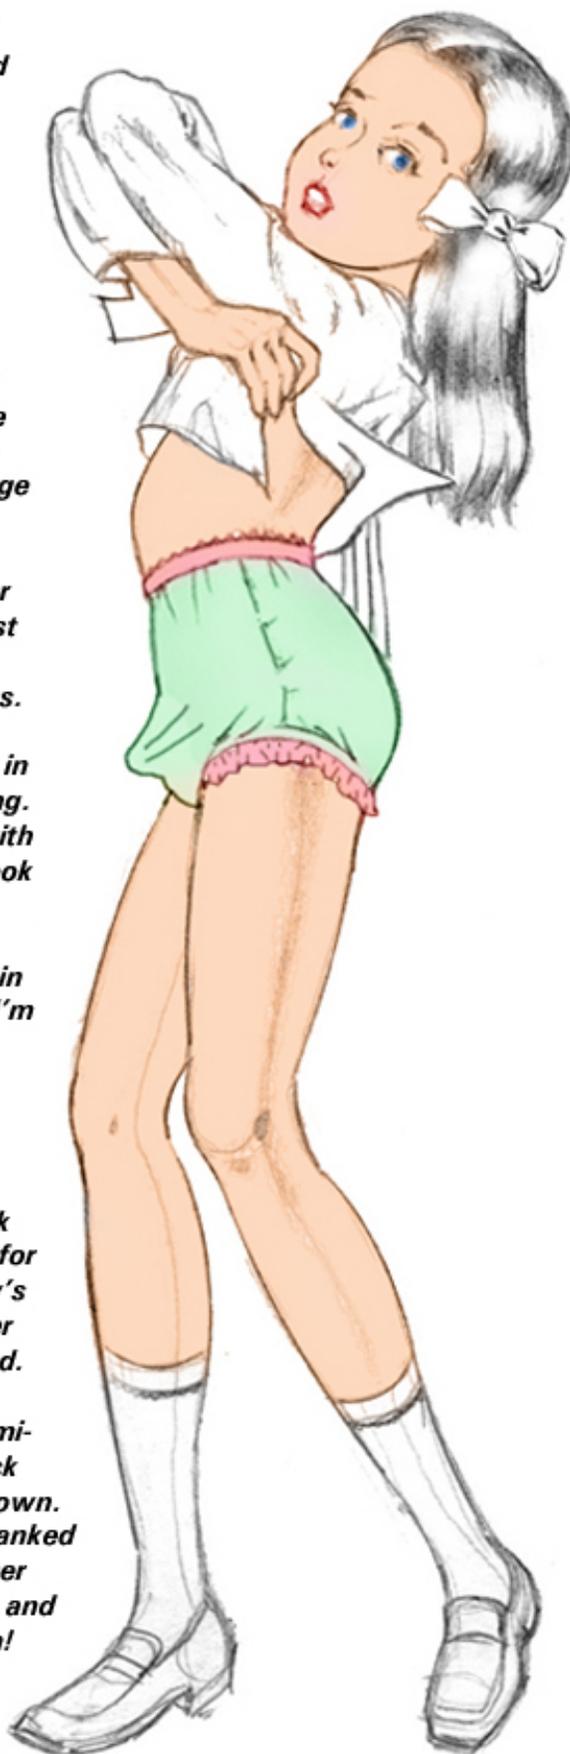

Mrs. Delmar is having tea with her. She's the owner of the panties that Teddy is holding; the ones he just soaked with his cum. It's a little service Marge has him provide for other moms panty training their sons.

"Hello, Mrs. Delmar, I had a particularly good wank in your panties. The heavy gauge satin is oh so exciting. However, I got carried away and was a bit rough with them and some of the lace tore loose. But it only took me a minute to sew the lace back on."

"Teddy, you're so thoughtful. Thanks for cumming in my panties. Mark will be sucking on them tonight; I'm training him to the taste of boy slime. Then I'll boil them to make him a healthy cup of sissy boy tea."

Teddy was about to leave and put on his pinny to do the breakfast dishes, but first Marge had him take off his mini skirt and blouse so she could check the fresh panties he put on as well as demonstrate for Deana the latest technique for handling a panty boy's dick to quickly give him a big stiffy, even if his peter is very sore and his balls have just been fully drained.

Marge smoothed his silky nylon panties over his semi-erect penis, then put her thumb on the tip of his dick and used a three-finger grip to hold it just by the crown. She didn't touch the shaft of his penis but panty wanked him just by pushing and pulling on the head. With her other hand she tickled his balls through his panties, and with a groan he instantly shot up into a full erection! Teddy cried and pleaded pitifully, "Please!! Please! Don't! Don't!" Nevertheless, his sore penis was thrusting in front of his panties. She had no mercy.

After his mother sat on his face for nearly two hours, David is trying to clear his mind and regain his sanity with a long walk around their vast estate in the crisp, cool autumn air. He's a hopelessly hooked panty boy. She has trained him well. He craves panties day and night, barely gets any sleep, is repeatedly wanked to his dry cums by his domineering mother, and in turn has to give her multiple orgasms through her panties hour after hour.

During those sessions he frequently passes out from a lack of oxygen and sheer exhaustion; his mother wakes him by repeatedly slapping his face and giving him a sniff of ammonia she keeps handy. Then she rapes him with a giant vibrating dildo the size of a baseball bat; she laughs as he screams in pain.

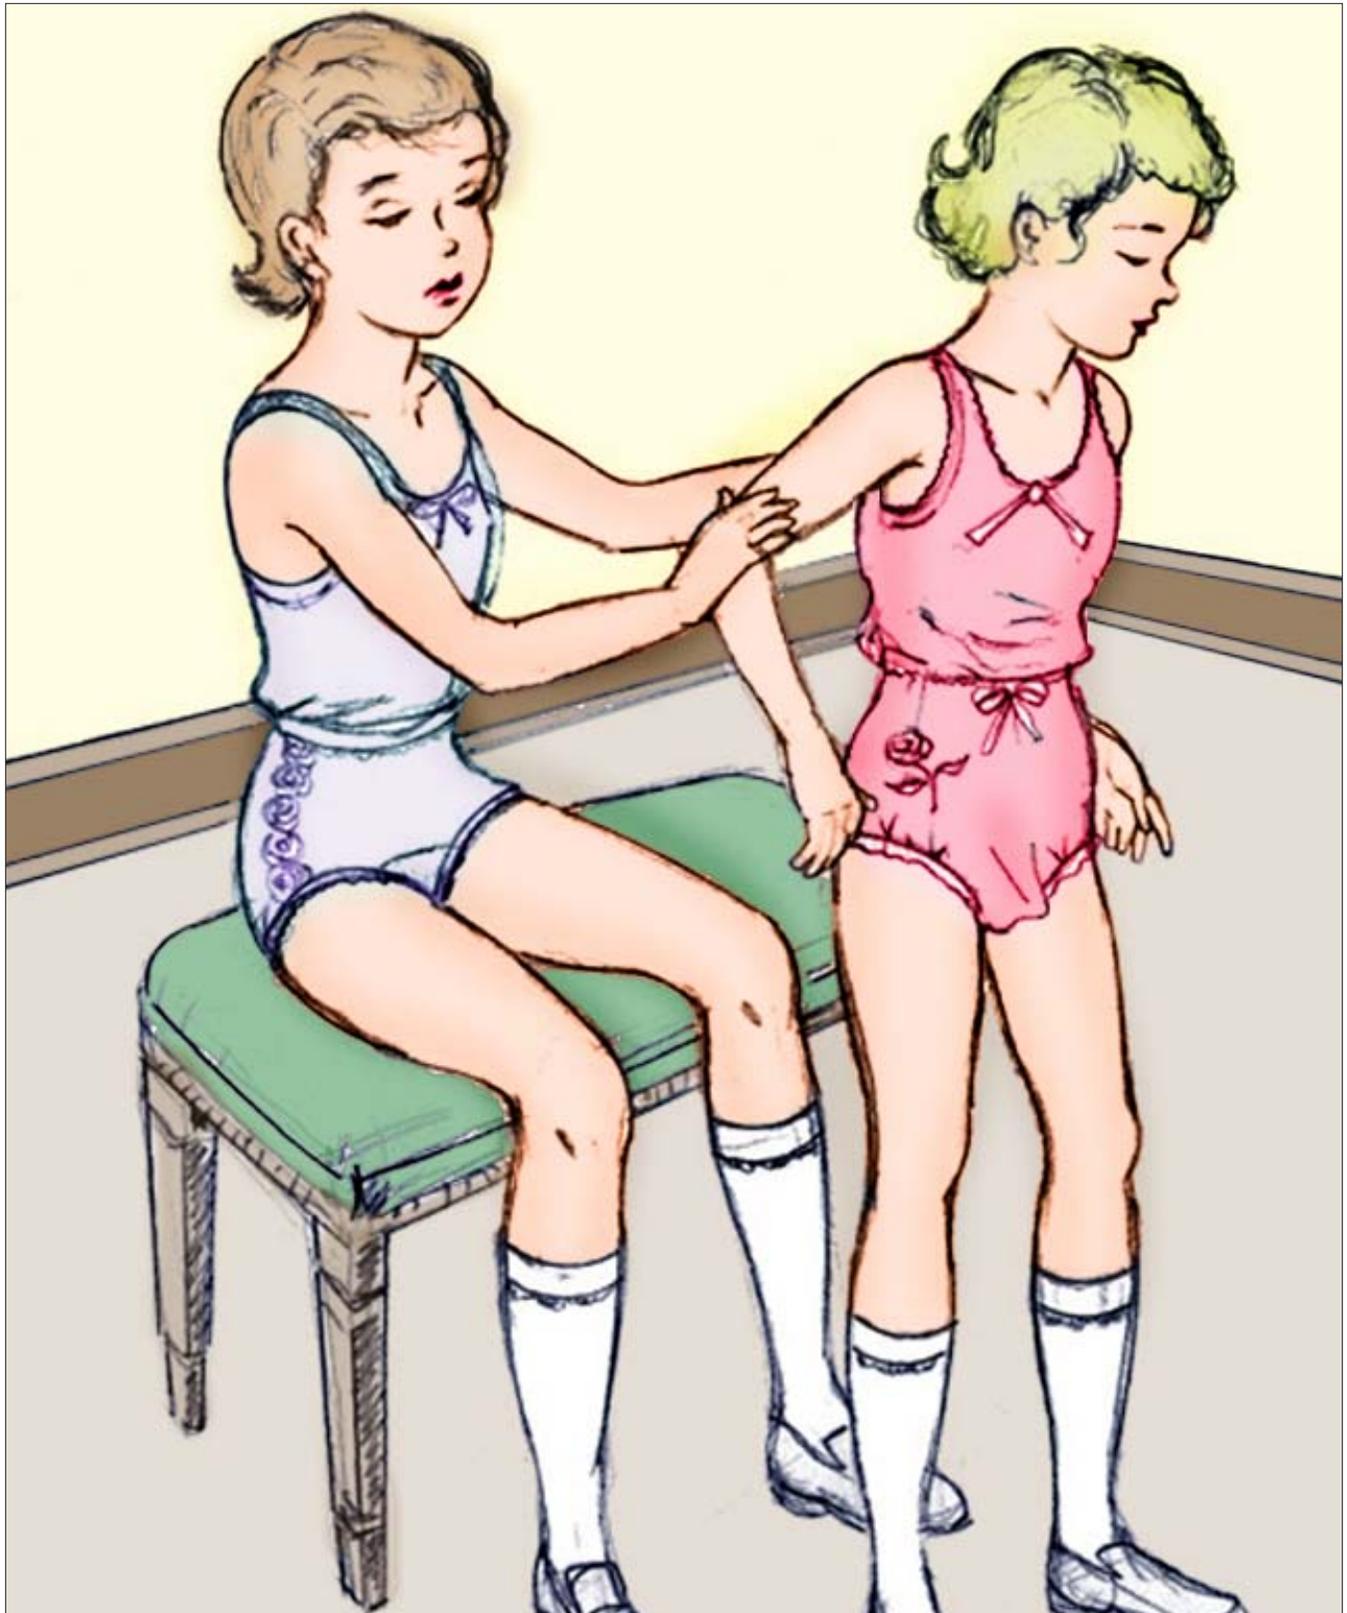

David can't sit down for long with his sore penis and burning butt, so his only relief is his wobbly walks, awkwardly ambling in the cool air to take his mind off the pain.

He can't fall behind on his sissy boy education so while he walks, he studies the big book his mother gave him with photos of boys in bras, panties and party dresses doing every imaginable sex act with men, women, other kids and even dogs and other animals.

She is preparing him to be a pedo panty boy performer at shows she is organizing that will end with an auction and David being sold to the highest bidder and made to do whatever any pervert buyer wants the little crossdressed boy to do, no matter how bizarre.

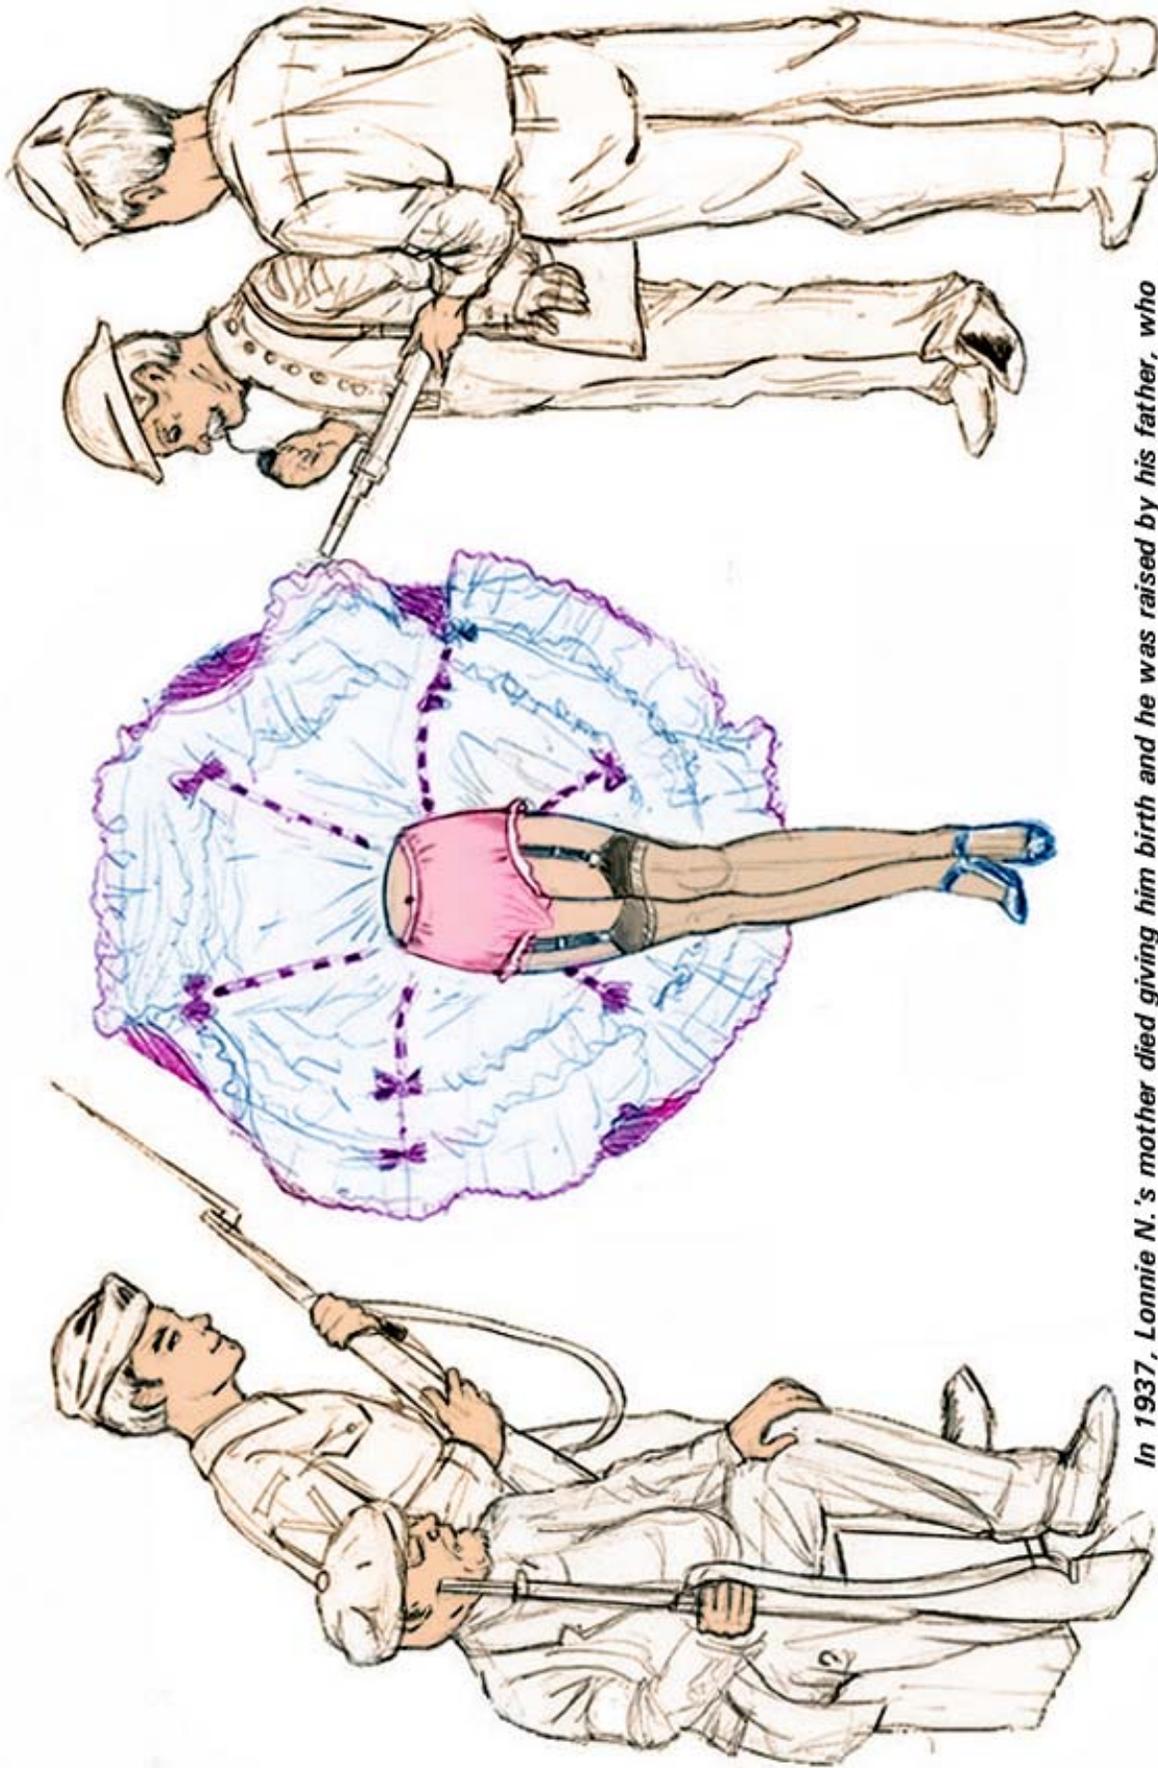

"Master Elliot, the hormones are working beautifully. Your breasts are up to 32 inches and your waist is down to 24 inches. You'd be even slimmer if you didn't eat so much man cum."

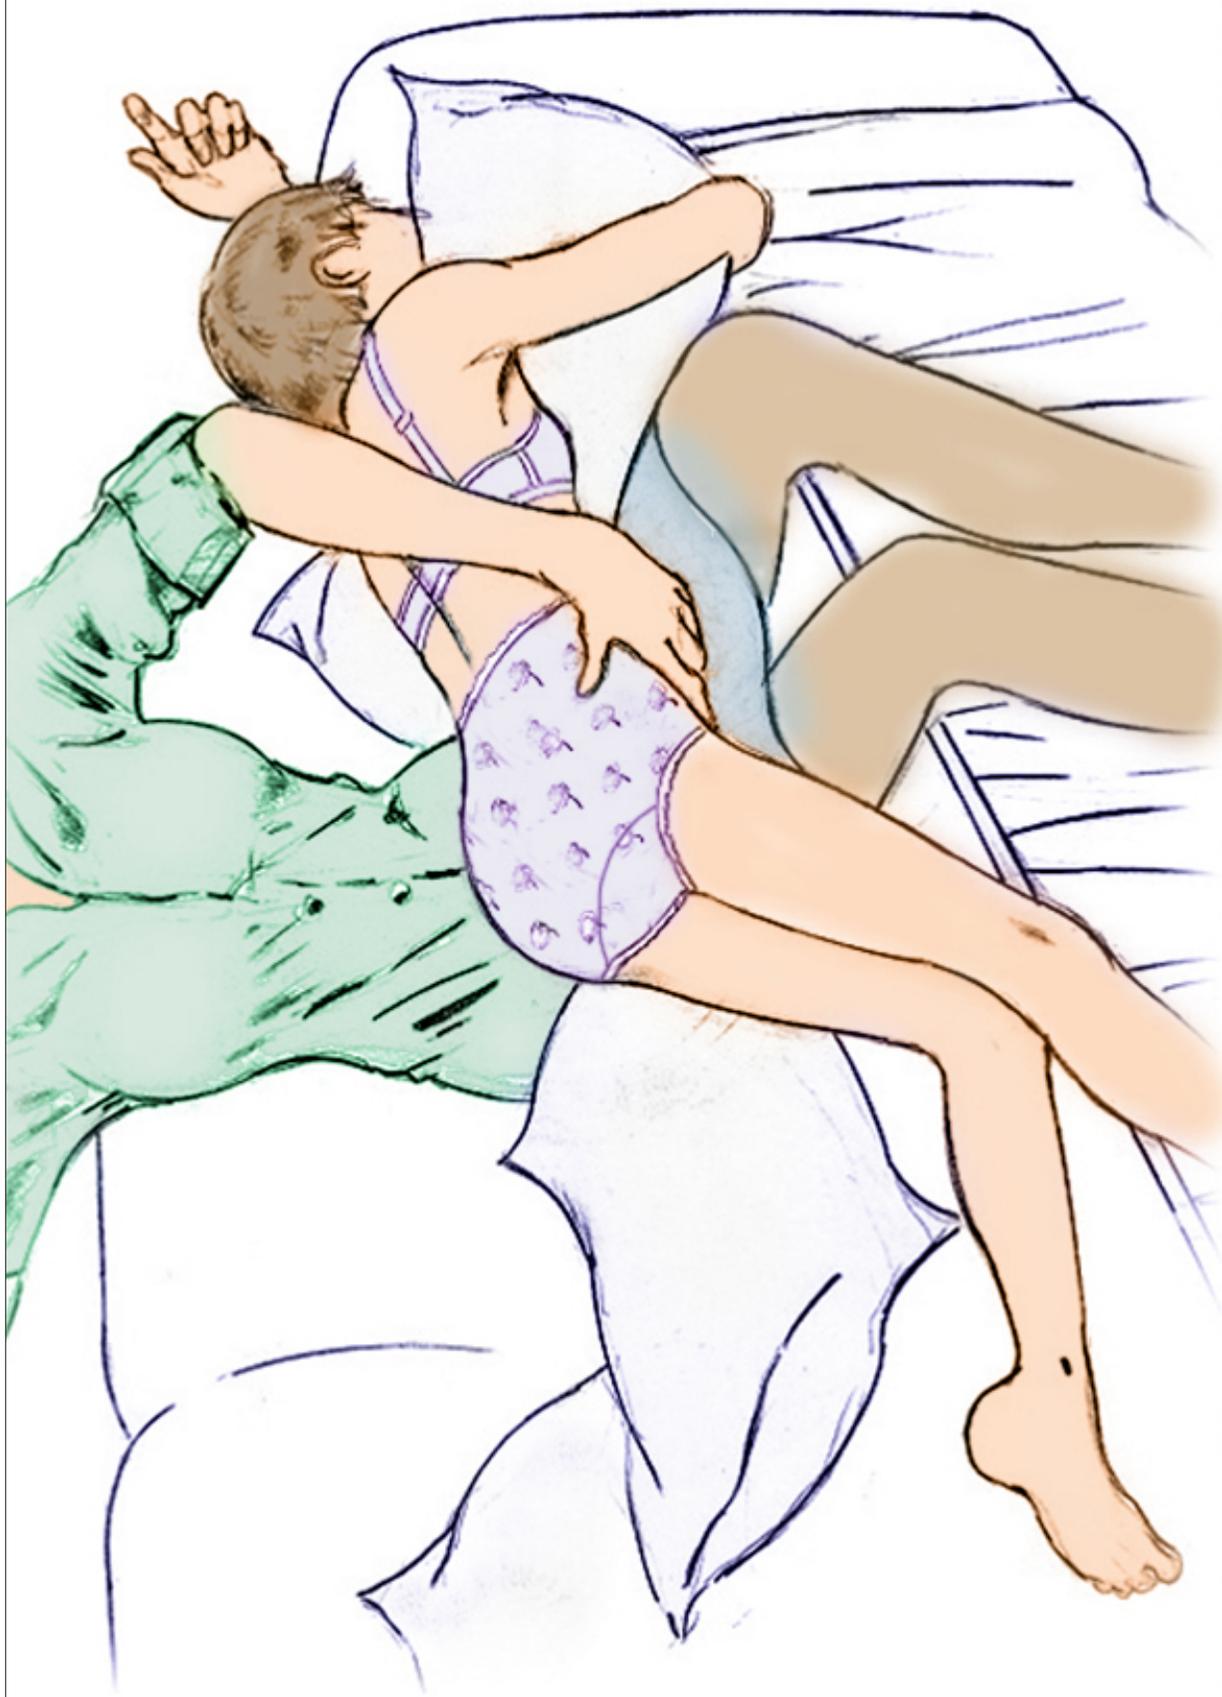

Alvin was coddled by his mother, who raised him like a "frilly little girl," and hated by his stepfather, who teased him mercilessly for being a sissy and taunted him by buying him lacy panties for his birthday.

"Trevor, my dear, you don't have to sneak peeks at me while I'm dressing. I know you love to watch me and pull on your little penis through your silky panties when you don't think I am looking. You're a sissy and you need to wank yourself silly every day. Now come in real close to mommy. I want you to study my panties as you shoot a big load into your panties for me. Then you need to lick that cum out of your panties like a good mamma's boy."

In 1937, Lonnie N.'s mother died giving him birth and he was raised by his father, who was a bisexual and forced himself on his infant son making him suck on his penis for a pacifier! His father frequently had "queer" parties in his home and he'd dress up Lonnie like a little girl and force him to entertain his guests belonging to Britain's gay underground that included many active service members home from the front on leave. One of the favorites of these events was to have Lonnie dress up like a cancan girl and dance before they molested him!

He sneaks around like a cat burglar, visiting a house with panties on the clothesline that he had spotted earlier. He's thrilled to see them still hanging out now that it's dark. He enters the yard and quickly steals every pair of panties. When they are found missing in the morning, everybody knows what kind of boy does a thing like that and they'd love to spank him in those panties!
