WELCOME TO THE STAGE,
FOR THE FIRST TIME, OUR
VERY OWN TABITHA !!

I WISH
I WAS HER.

Last month, for a week, I visited my sister, Kate, and her 12-year-old son, Aaron a good-looking kid with the cutest butt I had ever seen. Little did I know that Aaron's fanny was often spanked until the day he came home from school with a bad report card. "Aaron, didn't I tell you what would happen if you flunked math again?" Kate said. "You're getting a spanking! Go get ready." I was floored minutes later when Aaron reappeared dressed like a girl. His mother explained it was his punishment outfit for playing too many of his boyish sports and not spending enough time doing his studies. Kate then pulled out a paddle, made her son pull up his dress and show me his elaborately frilled panties that she then spanked severely. Afterward, she rubbed soothing lotion on his sweet bottom, penis and balls until he ejaculated and then she let me help him pull his lacy panties back up before sending him upstairs to study his math lessons!

Well Mommy, don't you look adorable in your pretty new dress ! I hope you're getting use to your life as a Sissy Slave , this lady is going to buy you to model in her store. She sells cloth for Sissies and you're going to model them in for her catalog . What do you think your girlfriends back on Earth will say when they see you ?
