“I am so sick and tired of fighting men off and trying to get them to realize that *NO means NO*,” Mom yelled.
“I know exactly what you mean, Shirley. I went through the same thing on the last date I had. Dating has turned into an event comparable to WWE,” Melanie’s mom said.
Mel and I were sitting in my bedroom, looking at pictures – *no not dirty pictures* – on my computer. Our moms were in the kitchen, drinking a Coke and talking about dating experiences. Mel and I were getting an earful too as we sat quietly and listened ... looking at each other and laughing when something really juicy came out in the conversation. We weren’t really eavesdropping, we were just being quiet and they were talking loud. I never told mom that voices in the kitchen and her bedroom – rooms that are on either side of my own bedroom – could be heard through the heat vents like they were coming from amped up speakers. I’ve heard some really good conversations when mom thought I couldn’t hear what was said.
“Yes, Linda it sure has. That fucking octopus was on me before we even got to the restaurant last night. I’m telling you, he is one slick bastard. I wore that white silk blouse of mine, you know, the one I really like, with the deep *V* in front with only three buttons below the *V.* Well he had it open and my titties out, with the damn taxi driver looking in the rearview mirror,” mom said, then laughed.
Mel and I looked at each other wide-eyed.
Mel and I are fourteen, next door neighbors, and best friends. We go to the same school and we’re in all the same clubs. We got our first periods at the same time two years ago and our boobs are the same size. We wear each others clothes and we sleep over at least four nights a week, and more if either of our mom’s have a date, and they date a LOT.
Both our moms are stay at home divorcee’s, with huge alimony and child support checks coming in each month ... plus each of them got the houses we live in, in their settlement.
Our dads are super rich. They own a stock brokerage and investment firm together here in Lawton, Oklahoma ... and they spend money like crazy. Too bad they decided to throw a party and invite four of their young secretaries. Too bad because our moms found out about it beforehand when the caterer at the hotel called here instead of the office.
Too bad because our moms hired a detective who was good at electronic surveillance, and got it all on digital video ... I mean all of it too, because Mel and I sneaked the tape and made a copy of it. Mel is good at all that electronic shit. We still watch it every time we’re sure we won’t get caught.
My dad has a bigger cock than Mel’s dad ... I mean WAYYY bigger, and the young secretaries really were having fun riding him. I hope I get a boyfriend with a big cock like that when mom lets me start dating.
Mel said she did too.
Mom and Ms. Linda both got forty percent of our Dad’s and Mel’s Dad’s business put in each of their names after the divorce and now they spend money like my dad and Mel’s dad.
Mom and Ms. Linda went to a doctor after their divorces and had their boobs made over ... really big. They sure look good though and mom hardly ever wears a bra or even a shirt when we’re at home. Mel and I both have swimming pools in our backyards - since the divorces, and we talked our mom’s into letting us swim naked with them this summer, since they were always naked – no matter who’s house we’re at.

Mom and Ms. Linda go out to concerts and sporting events together a lot and we get to have a *sitter* with us at one house so we can be together. We threw some really good fits when we got to be teenagers. They wanted us to keep the *older woman* who stayed with us for years. We wanted a high school or college age girl, now that we were older. We were determined to win this battle. But then, we always win, because they give in so easy.

We went through three girls before we found the one we wanted. She's a junior in high school, she's very pretty, and so friendly and happy around Mel and me. She's always talking to her boyfriends on her cellphone and we love listening to her. Sometimes she tells us to be really quiet, and she'll turn the speaker on to let us listen when they talk that naughty shit to each other. Mel and I love this. We've learned a lot from, Erica. The third time she was over, we were at my house. She was talking to her new boyfriend and we heard her say that she wasn't allowed to have boys over while she's here alone with us. Mel and I looked at each other and I whispered to Mel, '*Lets get her to bring him over if she'll give us some lessons in kissing and fooling around*.' Of course, Mel was willing – she loves to get *down and dirty* as much as I do. We just didn't know enough about getting down and dirty, to really have fun like our moms.

I got Erica's attention and made the *time-out* sign with my two hands. She asked her boyfriend, Bobby, to hold on just a second. She held the phone down, and I went for the prize money.

"Erica, tell Bobby to come on over. We won't tell, and our moms are on a two night trip to Dallas. You and Bobby can teach Mel and me how to kiss and *fool around* so we'll know how when we start dating next year," I laid it all out for her. She looked at me with a wide smile.

"Bobby, are you still there?"

"Just hold on another sec. I think we got us a really hot deal cooking here," she said. She didn't drop the phone down this time. She turned the video on and told me to say it again so Bobby could see and hear me.

"Bobby, this is Denni. Mel and I want Erica to ask you over, and we want you and her to show us how to kiss and *fool around* with each other so we'll know all about it when we start dating next year," I spoke, as Erica held the phone in front of me so I could talk and he could see me.

"Hi Denni. Are you saying I can come over and no one will ever know? You want Erica and me to show you how to kiss and *fool around*? Tell me in plain words ... just what does *fool around* mean to you two girls. anyway?"

"Well, we're not sure – but we've seen some movies where the boy touches the girl's naked titties and even kisses them. Then his girlfriend holds his pecker and kisses it. We thought we'd like to see that up close, in person - in living color."

"Erica?" Bobby said and she turned the phone to her face so he could see her talk.

"Come on, it sounds like fun to me. You'll love Denni and Mel and they'll love meeting the varsity quarterback. Besides, you've been wanting us to have a hot make-out session. I'd love for us to show these girls all about it."

"Be right over."

"Wow Erica, we could just hug you. Will you show us how to *do it all*?" Mel said.

"Do it all? What is *all*?" Erica asked.

"Well, we want to know all about what boys and girls do when they're alone and really like each other," I told her.

"Bobby and I just started dating, we've never even touched each other under our clothes."

“Good, we get to see you and him explore each others body for the first time and we get to ask questions, as we learn all about it.”
“Have you ever let a boy *do it* to you Erica?” Mel asked, she has always more blunt than me.
“If you mean have I let a boy fuck me? The answer is yes. But we can’t let Bobby know that. Boys are funny that way. A boy likes to think he’s the only one who has ever talked his girl into letting him have some pussy,”
“Will you let Bobby have some pussy? So we can see what it’s like to get fucked?” Mel asked.
“If he wants some pussy, I will,”
“Does it feel good to a girl when she lets a boy fuck her? We’ve seen some porn videos on the computer where they don’t show everything, but all the woman does is yell, and moan, and groan, and scream, and grunt... *we stopped watching that fucking fake crap*,” I told her.
“It feels so damn good to me. But I think some people may not get the same good feeling all the time like I do. I’ve let six boys fuck me, and I love a big hard cock in my pussy. Hell, I can get a good come just by touching my pussy,”
“WOW, we want to learn how to do that,” Mel said.
“HELL YEAH,” I agreed.
“I’ll show you how to do that tomorrow night. Bobby has a ballgame and your moms won’t be back until Sunday morning,”
“Erica you are *the best.*“ I jumped up to hug her. Mel and I really like hugging people since we got our boobs.
“You and Mel have some nice titties, what size are you now?”
“We’re up to 32B’s and still growing,” Mel said as she stuck her boobs way out, making her nipples show under her tee shirt.
“Bobby will love those boobs. Do you ever touch them?”
“I do and Mel said she does too.”
“Have you ever slept together ... naked?”
“Heck no, but we did take a shower together naked yesterday and we’ve already decided we’ll do that again. We like washing each others back and hair,” Mel said.
“You need to wash each others boobs and pussy too, that’s even more fun,”
“Really?” Mel asked - looking at me.
“Yes, then when Bobby and I show you how to do the really good, dirty stuff, and I show you how to touch your own pussy and titties tomorrow night, you’ll want to touch each others pussy next,”
“WOW, that sounds like fun too ... I’m willing if Mel is.”
“Shit, I’m ready and willing,” Mel said.
The doorbell rang and Erica went to answer. She stretched the neck of her oversize t-shirt to one side, exposing her left shoulder and all of her left titty except for her nipple. Then she looked at us.
She came back and stretched my shirt over to expose my right shoulder until my nipple popped out, then she pulled it back up a just a little. Erica pulled Mel’s shirt down off her left shoulder and the neck of her shirt was stretched out more than mine. Her whole left boob popped out. Mel pulled her shirt up just barely enough to cover her nipple ... almost like my shirt.
I like the way her shirt looks better than mine. I reached up and stretched my neckline out in front, and down until I stretched it too much. I had to pull it back over my neck some – both my boobs were showing. Mel laughed and stretched her shirt

way out too and we barely got our boobs covered before Erica brought Bobby into mom's bedroom, where we always sleep when Erica stays all night.

Bobby is a big old boy ... I mean, he's taller than my daddy and he has really black hair and a big smile. He's wearing some training shorts with the school logo on them and his socks ... I guess he pulled his shoes off at the door. He has a muscle shirt on... *and surely to God, he must be the reason they started calling them Muscle Shirts*. He's got muscles stacked up on top of his muscles. Mel and I both sucked our breaths in when we saw him.
"Bobby, this is Denni Walker, she lives here. This is Melinda Stormier, known far and wide as, Mel. She lives next door and they're best friends...
"Girls say hi to my stud boyfriend, Bobby Lee Cenneli," Erica said as she hugged him and hung onto Bobby's arm, making sure her shirt dropped down to expose her nipple.
Bobby saw it and leaned down to kiss her naked nipple. Mel and I really sucked our breaths in when we saw that.
"Bobby that feels so good - but before we start - the girls want a big hug too...
"Don't you girls?" Erica said, winking at us.
Mel and I both jumped up from mom's bed and stood next to each other as Bobby came over and grabbed Mel first. He hugged her to his muscles, and her boob came out just like Erica's did. He looked down at it, then he looked at Erica, then me, then back to Mel. Mel was smiling as he sucked her nipple all the way into his mouth ... She squealed and grabbed her pussy.
I was still wondering why she grabbed her pussy, when Bobby turned to me and grabbed me around my waist, picking me up. Both my boobs popped out of my shirt and he leaned down to sucked one then the other. I mean he sucked most of my whole right titty into his mouth and I thought I was going to pee. I couldn't get my hand on my pussy, but I felt it get so wet I was afraid I had already peed.
"Girls, do you like having your nipples sucked?" Erica asked.
"HELL YEAH!" we both said.
I put my hand over my pussy and it was slippery wet. I put my hand under my shirt and slipped my finger inside my panties. It felt like my pussy was filled with oil. I smelled my finger and it smelled *so good*. I looked at Mel and she was fingering her pussy, smelling her finger too.
We're a lot alike when it comes to loving our own pussy.
Bobby sat on the side of mom's bed and Erica sat across his legs, leaning back against his arms, her right arm around his neck. I was on one side of them, and Mel was on the other. Bobby and Erica were kissing and we got real close to watch them. I could see Bobby's tongue go in her mouth, and then her tongue go in his. They kissed like this for a while, then they started twisting and turning their heads to get closer and put their tongues deeper into each others mouth.
Erica is dressed like Mel and me and she has on some blue bikini panties under her sleep shirt. When her knees came up, her shirt stayed up over her panties and I looked at her pussy lips pushing against her tight crotch. She has a small wet spot in the middle. I wondered what it smelled like ... the wet stuff, I mean.
Bobby had his hand under Erica's shirt and he was really working her boobs over. His hand was making all sorts of moves under her shirt and I wished I could see better. Mel reached over and pulled Erica's shirt up over her boobs and smiled at me. Bobby really went to work on Erica's boobs then.
Sometimes I wonder why Mel and I think of the same things at the same time.

Erica was moaning ... I sure hope she don't start making noises like those women do on those fake fuck videos.
Bobby's hand must have been getting tired because he dropped it to lay on Erica's belly and she moaned louder as he let his hand slip down to the elastic of her panties. Her panties were just barely covering her pussy hair, they're cut so low.
Erica's left hand moved slowly over to Bobby's waist. She played with the elastic on his shorts for about a minute - as he pulled and twisted the elastic of her panties.
I could hardly keep up with their hands. They were moving faster and it looked like they were trying to find a ticklish spot on each other. Erica must have found his because he moaned and wiggled as she slipped her hand inside his elastic waist band. Bobby's butt was jerking up and down, trying to get closer to her hand. I was wishing I could see under there. I know he's got a lot of hair down there because it goes all the way to his chest and over to both his little nipples.
I guess Mel thought the same thing I did, at the same time again. She reached over and pulled the front of Bobby's shorts down past Erica's hand. We still couldn't see his pecker, since it's covered by her hand.
Bobby's hand moved and I looked at Erica's belly where his hand was pushing against her panties, trying to get deeper inside them, but they kept slipping back up.
Before Mel heard me thinking, I reached over and pulled Erica's panties all the way down past her pussy. She raised her butt and shook it, and I pulled her panties all the way off. I knew that's what she wanted. I looked around and no one was watching me, so I put her panties to my face and smelled that wet spot. It smelled so good, I licked it. I decided right then, I like the taste of Erica's pussy as much as my own.
Mel saw me, and she grabbed Erica's panties and put the whole big wet spot in her mouth, and sucked on them. I really thought Mel would take the panties out of her mouth. But she didn't, she just kept on sucking Erica's panty crotch as she leaned over to look real close at Bobby's hand - with Erica's panties hanging from her lips.
I couldn't tell for sure, but it looked like Bobby had a finger in Erica's pussy. Mel saw me looking and she leaned over to look. She raised Bobby's hand just a little, and we looked at each other and grinned when we saw Bobby had two fingers in Erica's pussy.
Bobby jerked his butt, and Mel and I looked at his belly. Erica had his pecker out.
BOY-OH-BOY - his pecker has to be a cock - it's so big. I mean it's really big - big as my dad's cock and I already told you my dad's got a really a big one. Bobby has a cock – not a pecker – I knew that as soon as I saw it. Erica is pulling and shoving the skin up and down his on cock. Boy I wonder just how long that thing is. I had no more than wondered that when Mel reached over and got a cloth tape-measure from Mom's sewing case and stretched it out. Bobby saw her and he must have wanted to know too because he reached out and pulled his cock up straight and made Erica move her hand so Mel could get a measurement.
I leaned closer to see that his big fat cock is nine inches and three little marks past a half-inch. I bet his cock is just about the same size as my dad's. I wonder if I asked mom - would she tell me - I bet mom knows exactly how big Dad's cock is.
WOWEEE ... Erica leaned over and just sucked bobby's cock up in her mouth and then dropped her head to take almost all of it in her mouth. I looked at her throat and I thought I could see the big fat head of it moving in her throat, but I wasn't sure. I tried to think of his fat cock being that deep in my throat and I just knew I'd be gagging my ass off!

I wanted to get a good look at Bobby's balls so I reached around his hip and grabbed his elastic waistband and pulled his shorts off, the way Mel had pulled Erica's panties off. He raised his butt to help me and I saw all his leg muscles knot up. When I saw this, my pussy jerked so hard, I pulled my panties down, looking at my pussy to see what part had moved down there. It felt like my pussy lips had opened and then closed. Whatever it was, sure made my pussy wetter and happier.
I left my panties down past my pussy and finished pulling Bobby's shorts off. I leaned over real close to where Erica was slurping and sucking on his cock. She cut her eyes over to look at me. We were real close, almost face to face, and she reached and put her left arm around my neck, pulling me down to Bobby's cock. She made my lips touch his wet cock as she took her hand and pulled his cock over, pointing it right in my face.
"Suck his cock, Denni," she said and I never even thought about it. I sucked him just like she did, and Bobby must have liked it. He raised his butt real high and shoved his cock up in my throat. I almost gagged, but I wasn't going to let Erica see me gag after she sucked almost all of it down her throat. I opened my mouth, and I had my jaws wider than I ever thought they could. I felt his big fat cock go all the way in my mouth, to his balls.
I already like this. I'll be glad when I get a boyfriend. I want one with a cock as big as my daddy's, or at least as big as Bobby's. Bobby's cock is really swelling, and he's raising and lowering his butt faster. His legs were stretched out stiff - and his muscles were all knotted and twisted in his legs.
"Swallow," Erica said, putting her hand on the back of my head. She didn't really have to do that. Shit, I like sucking cock already. Bobby's cock started jumping and jerking in my throat and Erica pushed my head down some more. My pussy was wet and slippery and I put my hand down there. I was so slick that when I put my finger on my pussy, it slipped right inside. I let two more fingers slip inside my pussy, and about that time, Bobby started shooting something in my throat.
WOW, Bobby is shooting his sperm in my throat! WOW! I love this and he sure tastes good too. WOW - there sure is a lot of it. I love his cum and I swallowed all of it. Bobby's cock was WAY down my throat and I thought I was going to swallow his whole cock. I had my other hand locked around his butt with my fingers gripping him deep inside his butt crack. His muscles were jumping and jerking and I felt his butthole under my long middle finger.
What the heck, I thought. I'm learning about things I never even knew happened in this world. I may as well stick my finger up his butt. He sure acts like that's what he wants me to do.
Bobby was just about through shooting and I sure hated that. I wanted more of his stuff. I shoved my finger up his butt all the way to my knuckle and Bobby clamped down on my finger with his asshole, until I thought he was going to snap it off.
I must have done it right though, he started shooting again and I was happy he did. I started wiggling my finger, trying to get some feeling back in my fingers - and then he reached up and pushed my head down harder - to make sure I got all I wanted.
I swallowed his whole fucking cock when he did that. I mean - all of it - and he yelled as he kept shooting sperm down my throat. I reached up and felt my throat. WOW. Bobby's cock is all the way inside my throat. It sure feels good too. My fingers sure feel good in my pussy too. Erica must be feeling good too, I heard her moaning and groaning again as Bobby moved his hand from my head, and Erica grabbed my head and turned my face to look at her. She kissed me and ran her tongue deeper in

my throat than when she kissed Bobby. I like kissing like this and I kissed her back. We kissed for a long, LONG time until I heard her moaning and groaning.
When I raised my head I looked down and Mel was trying to get more of Erica's pussy juice. She was pushing her blue panties into Erica's pussy, then sucking the juice out. She was real close to Erica's pussy and I just reached out to push her face down on top of Erica's pussy. Mel started sucking Erica's pussy like a kitten lapping up milk from a bowl.
I looked back at Bobby's cock and it was limp. It was lying down on his belly and shrinking more all the time. I sure hated that. I wanted to see if he would swipe his hard cock across my wet pussy lips. It sure felt good when I put finger in my pussy. Bobby slipped out from under Erica and me, and I thought he was going to pee, but he knelt down next to where Mel was. I just knew he was going to make her scoot over so he could suck Erica's pussy.
He didn't though, he pushed my legs apart, and before I even knew what they were doing, Erica snatched my fingers out of my pussy and started sucking my pussy juice off them. As soon as I looked up at her, Bobby was between my legs - sucking my pussy like Mel was sucking Erica's. OH-FUCK-WOW! I fucking love having my pussy sucked. Almost as much as I like sucking Bobby's cock. WOW! I may even like it more. It's feels better, the more he sucks me.
Erica licked my fingers clean then she leaned down and sucked my boobs, swapping back and forth as she sucked both my nipples until I thought I was going to pee in Bobby's mouth. Erica stopped sucking my boobs and I sure hated that. Then I saw her pulling Mel up on the bed beside me. Mel looked over at me and we smiled at each other.
Both our faces are slicked over with sex juice. We leaned over and kissed each other's lips, then opened our mouths to suck tongues the way Erica and Bobby do it. Mel screamed into my mouth and I jerked back, looking down at her butt where she was bucking her butt up and down as Erica sucked her pussy like Bobby was sucking mine. She smiled at me again. We went back to sucking mouths as both of them sucked our pussies side by side.
Bobby stopped sucking me and I started to say something, but I looked down and Erica was about to suck my pussy, and Bobby was about to suck Mel's pussy. They did too, and I really started feeling like I was peeing then. Erica pulled my pussy wide open and put her whole tongue in my pussy. I didn't know at the time what was happening, but I knew later that I had gotten my first come. BOY-OH-BOY - it was a good one too and I remember thinking I was about to pass out, but I wanted to enjoy all of it - so I stayed awake.
I was about to get another come real quick and Mel was screaming when she got her second one. Bobby jumped up and ran over behind Erica. I was afraid he was going to make her stop, but he got on his knees behind her and I remembered my dad and Mel's dad fucking those hot young secretaries from behind, like dogs fuck. I knew Bobby was going to fuck Erica. I pushed her away from my pussy - as bad as I hated to - and slipped to the floor so I could run around and see Bobby's big cock go inside her pussy for the first time.
I got there just in time, and Mel did too. He missed her hole the first time he shoved his cock at her pussy, and I grabbed her by one butt cheek and Mel grabbed her other butt cheek at the same time. We pulled her butt wide open and Bobby *struck oil* that time as he rammed his cock into her pussy all the way. I looked under them and his fat balls were slapping against her pussy, each time he shoved as deep and

as fast as he could. WOW they are really fucking for this to be their first time. They must be excited about being together tonight.
“Fuck her Bobby - fuck her pussy good,” Mel said as she looked at him and he smiled. Bobby leaned over and kissed Mel, then he grabbed me and kissed me. FUCKKK - I-like-Bobby! This stud is one cool dude.
Bobby was fucking Erica faster, and faster. Mel and I looked at her pussy lips rolling in and out, and her pussy was making weird sucking - wet - farting sounds as he grabbed her hips to shove his cock hard into her, and stay deep inside her pussy, just as they started shaking and shivering like they were cold.
Erica fell forward against the bed and Bobby fell back on the floor. Mel and I ran to get two wash cloths and started washing their faces. Mel washed Bobby’s cock and he moaned and I thought he might want to fuck some more, but he just laid there and let Mel wash him. Erica let me wash her pussy. I even washed inside her pussy and saw some of Bobby’s cum still inside her. I wanted to taste it after it had been in her pussy so I bent over and sucked all of his cum out as she spread her legs wider to let me suck all I wanted.
Mel and I lay down on mom’s bed on our bellies and looked over the side at them as they lay there on the floor. Finally Erica looked up and smiled at us, and winked. Then she made Bobby get up and get in bed with us.
With Mel and me in the middle, we fell asleep. I woke up when Erica made Bobby get up to go home, telling him that his parents would be worried, and besides, he had to play a game tomorrow night.
He begged her to come to the game and see him play, then he turned to me and saw my eyes were open.
“Denni, you are sexy as hell, girl. You can suck cock like no other woman on earth. Come see me play tomorrow night and I’ll suck your pussy again.”
“I can’t unless I call my mom and she says I can.”
“I hope you get her to say yes. Thanks for letting me come over. Night-Night to both of you - tell Mel I said bye.”
Bobby was gone and I was already hoping I’d get to see his sexy ass again. I knew right then, one day, he’s going to fuck his big cock deep inside my little pussy, after he sucks me again like he did.
We didn’t get to go to the ball game the next night. Mom told us on the phone, that she would take us some other time when she and Ms. Linda were here. Erica did show us how to make love to a pussy the next night. Mel and I fell in love with each others pussy. I knew I’d like hers because I love mine already.
Erica showed us where our clitties are and that was a blast as we learned to make them feel good and even suck them until we got our comes. Mel and I practiced on Erica until she screamed for us to stop and leave her alone. We thought she was mad, but she was laughing - so we laughed too.
We stayed out by the pool the next day, naked, swimming, and rubbing oil all over each other, then fingering and sucking each other until we ran out of cum - then it didn’t feel nearly as good.
We waited for a while and did it again, getting dark tanned in the hot sun and getting our pussies sucked and *finger-fucked*, is what Erica called it.
I like finger-fucking and Mel does too.
Mom and Ms. Linda came home Sunday morning and they must have had a good time, they were both laughing and having fun. The first thing they did when Erica left was get naked and go out to our pool with a beer. Mel and I pulled our clothes off again and went with them. WOW! Mom and Ms. Linda have shaved their pussies,

and that looks so damn cool. Here Mel and I are, wishing we would grow some pussy hair and they're shaving theirs.
I looked at Mel and she winked at me.
Mel told her Mom, "Mom, I'd sure like to oil your sexy body for you. You know how much I like oiling your big beautiful boobs."
Mel is so full of shit.
But it worked, and she got a bottle of oil and started oiling her mom.
"Denni, get Linda and me two more beers and you can oil my hot tired body for me too, Sweetie," Mom said. I nearly broke my neck getting two more beers out of the cooler and getting back to oil my mom.
Mom's on her belly, her head hanging off the lounger so she could sip her beer. I started on her shoulders after moving her long bleached blonde hair. I worked down her sexy back and when I got to her butt, my pussy got wet. Mom's got a really sexy butt and everyone knows it. Even dad told her - back when they were married - that her ass is the sexiest ass he's ever seen.
That was way before the deal with the naked secretaries.
I poured a big puddle of oil on Mom's back and she oooohed as I smeared it all up her back and down over her butt. Mom has always let me oil her body when she lays out - and she oils me too. She has never said a word if I let my fingers slip down and touch her pussy lips, or when I run my fingers back and forth between her butt cheeks, and let my fingers slip and slide over her tight little asshole.
My pussy felt like it was dripping already, and when I saw Mom's smooth hairless pussy, I wanted to touch it and I wanted to get a good feel of it. I knew all about making pussies feel good after last night, and I wanted to try it out on Mom's pussy to see if she likes finger-fucking as much as Mel and Erica.
Mom moaned as I slid my fingers through her butt cheeks, smearing oil as I did. I decided if she liked that so much, I may as well try her smooth pussy. I could always tell her that I thought it was so pretty that I wanted to feel it, which isn't a lie.
I poured a lot of oil at the top of her butt crack and watched as it ran down to her pussy. I reached over and cupped Moms pussy with my open hand and she opened her legs wider. I knew it was feeling good to her and pushed my oily fingers against her soft pussy lips. My fingers slipped inside her pussy just a little, and I kept sliding them in and out - up and down. Mom moved her feet until they were off the lounger. Her pussy is wide open for me to finger-fuck her now.
I slipped two fingers into her pussy as she moaned and pushed her butt up just a little. I wanted to finger-fuck my mom deeper, but I decided to go slow and give her a little at a time.
When I stopped rubbing, mom turned over, and I started oiling her feet and legs on the front side. I worked my way up her long legs and was soon - right back at her pussy. Mom dropped her feet to the sides of the lounger, with her pussy lips parted just a little. I poured some oil in my palm and cupped her pussy. I slipped two fingers into her pussy and finally found her clitty. Boy, Mom really pushed her body up then. With her feet on the concrete, her legs spread wide, she let my two fingers run all the way inside her pussy.
Ms. Linda asked "Shirley, I need another beer. Mel's getting it, do you want one?"
"Yeah ... I feel so fucking good and relaxed after partying all weekend," Mom said.
I moved up and oiled her belly and then started on mom's big boobs. Mom loves her new boobs and I love them too. I'm always trying to get her to let me sleep with her because she sleeps naked and I lay my head on her big boobs and sleep so good.
Before I oiled her boobs today, I leaned down to suck her nipples. Mom opened her

eyes, smiled and winked. I sucked both nipples and would have sucked them a lot more but Mel came back.
I oiled Mom's boobs again and she smiled as she looked up at me. I smiled and leaned down to suck her oily nipples again, the oil didn't taste good, but I didn't mind.
"Not now Baby, you can sleep with me tonight," mom whispered and my pussy was dripping as she patted my butt and touched my nipple as I sat beside her.

Mom let me sleep with her, and we had the best night she and I had ever spent together. She let me sleep naked with her and I got to lay my head on her boobs and when she went to sleep I slipped my hand between her legs and held her pussy all night. Mom cupped my pussy in her hand all night too and that was the best ever for me. Later, we would do more with each other, but that was the first time we held pussies.

Mel and I play soccer, and since we just live three blocks from the school sports fields, sometimes our moms let us walk to soccer practice. But if they do, one or both of them will be there to get us after practice. Times like this is what led to the most fun Mel and I had that summer - walking to soccer practice. But the best times we *ever* had going back and forth to the soccer field, was on the days we got to walk home after practice.
We knew we were growing up, and we could tell our titties are getting bigger. We're even growing more pussy hair this summer. Since Erica showed us where our clitties are, we've been getting some really really fine orgasms too.
Then - we met a man - and our whole world changed for the better.
Mel was always coming up with some sort of *dare* for us to swear to. As soon as we knew we were going to walk home after practice that day, she wanted me to swear to a *no-undies* walk through the neighborhood, wearing just our mini skirts and t-shirt ... no bra ... no panties. Heck, I would've done that without a *dare,* but I agreed.
I already knew what she had in mind because she's always talking about if she ever got the chance she was going to do it.
There's this old man who is so much older than our dads - he's already retired. Anyway, he lives in this huge house on our way to school and he's always outside doing things in his yard when kids walk by, to and from school.
He'd never spoken to us until we started getting our boobs, then he made sure to speak to us even before we would get to his house. We knew as soon as we met him, that he liked us - because he didn't speak to everyone - just us.
Anyway, the next week after we'd learned all about sucking and fucking, and all that other sex stuff from Erica and Bobby, we got the chance of a lifetime to use what we'd learned - on a grown man - no less.
Our Moms told us they were going to let us walk to and from practice on Wednesday because they had a meeting that day in Dallas and they had to leave early.
They went through all that rigmarole about being careful - not talking to strangers - not hanging around on the street corner, or the playground alone. Make sure we're always with our friends - and all that kid stuff.
Like I already said, Mel is a little more blunt than me, and as we walked home that Tuesday, before we came to Mr. Dick's house, she just walked out to where he was

on his knees, digging in that same flower bed, he always digs in about four o'clock each day.
"Hi Mr. Dick. I see you're planting some more flowers."
Mel had already made up what she was going to say - *and it sounded just like it was made up too* - when she said it.
But he was glad to see us and said we surprised him. We knew his name, because one day he was watering the grass near the sidewalk and he asked us if we were seniors. We were surprised that anyone would mistake us for seniors - and we started talking. He told us to just call him Mr. Dick - and we told him our names.
"I see you girls are walking to practice and back, more and more these days. It sure is good to see the youth of today getting plenty of exercise. Besides you two young women are the best looking females I've ever seen come this way."
He was still kneeling as he looked up, and we were standing real close. That's when I saw him looking up Mel's dress, the first time.
I stepped close so he could see all the way under my dress. He leaned over and looked under my dress and I felt my pussy getting wet, just from knowing a grown man was looking up my dress for the first time.
We talked for a while and then we had to leave. Mel told him that we'd see him tomorrow twice, because we'd be walking both ways and he told us he would be looking for us. This was when Mel made up that dare. It really turned out to be one of the most fun times we ever had, because of the dare.
We were excited that morning when we walked to the soccer field with our sports bags and backpacks ... As soon as we were out of sight of our house, we sneaked behind some shrubs and pulled our panties off and put them in our bags.
BOY-OH-BOY - talk about feeling sexy - we were almost dancing as we walked the three blocks with no panties. Of course the *dare,* included a part about – no matter if the wind blows our skirts up – we can't use our hands to pull it down. I was so excited, I would have walked both ways, naked if I could, and I really think Mel would've too.
We saw Mr. Dick way before we got to his yard, and he saw us. We cut across to where he sat on his doorsteps and stopped to talk to him. We were both hoping the wind would be blowing ... but no such luck.
Mel had already thought of that and put a clause in the dare about having to bend over when we dropped our sports bag. Almost as soon as we walked up, I let my hand slip from the strap on my sports bag and turned with my butt toward Mr. Dicks face, while bending to pick up my bag.
I looked back and he was smiling. I knew right then, this old man likes looking at girls pussies and asses as much as we like showing them - and this is only the first time we've ever exposed our pussies to a man.
Mel dropped her bag, and we both had trouble with the handle and the zipper too, as we bent over to pick them up. Mr. Dick is wearing some loose fitting shorts, and as he sat there on the bottom step, Mel and I both got a good look up his shorts. We finally had to squat down in front of him to get our gear together. We knew he could see our pussies because we had practiced at home in front of the mirror, until we knew just how to open our legs and show our pussy.
He moved just a little and pulled the leg of his shorts over - *and that's when we saw his huge cock for the first time*.
I mean - Mr. Dick has one that makes my Dad's cock look like a pecker. Mel and I just squatted there, talking and killing time, looking at his big cock as it started to grow so big and long, that it was sticking out of his leg hole - half way to his knee. I

was hoping he wouldn't notice he was exposing his cock - and he didn't. We both hated to leave but we had to be on time for practice because we've already been late a few times when we walked like this.
"Will you be working in your flowerbeds this afternoon, Mr Dick? We'll have more time to talk this afternoon, when we leave practice," I told him, and BOY - Did he ever smile when I told him that.
"Sure, come on by as soon as you get out of practice. I'll be working in my yard again. I sure am glad we've became friends. You two are the best looking girls I've ever met."
BOY-OH-BOY, he sure has the biggest cock of anyone we've met so far, too.

"Mel did you see that monster cock Mr. Dick has? How would you like to suck and rub on that big son-of-a-bitch?" I asked her as soon as we got out of his yard.
"WOW, that must be a fuckin world record. I hope we get to see it again, don't you?"
We had a stroke of good luck at practice. As soon as we started practicing it started raining real hard. When everyone scattered, Mel and I grabbed our bags and ran toward home. It was one of those hard fast showers and had almost stopped by the time we got to Mr. Dick's. We were hoping he would be outside, or at least out on his front porch because we were more than two hours early.
Our luck was still with us - He was standing on his porch looking at the rain when we walked up. Mel and I were soaked and our nipples were sticking out like pencil points when we walked over to talk to him.
"I was wondering if you girls would have practice today. Looks like you both got wet. Would you like to step inside for a minute until the rain stops?"
He turned and went inside before we could answer. Mel looked at me and pulled her shirt tighter around her boobs - and I did too.
It's almost too cool in his kitchen ... BUT - BOY-OH-BOY - did our nipples stick out now!
We sat at the table and Mr. Dick was sitting with his chair in front of us. His legs were spread wide like ours were.
I'm pretty sure, with a cock like his, he has to sit wide-legged all the time.
He made us some hot chocolate and we drank two cups while he drank one.
"You girls are really wet. I don't have any thing for you to put on, but I can get a big beach towel and dry both of you off. It's the least I can do for two of my best friends, like you Ladies."
We said OK, and grinned at each other when he went to get a towel.
He came back with this huge white, fluffy towel and started drying my legs as I sat in the chair, he had to kneel down to dry me good and I raised my leg to get the back of my leg dried. I spread my legs and opened them wide, to be sure I gave him a good look at my pussy.
Mel did the same thing when he dried her legs.
Mr. Dick dried our boobs over our shirts, then he ran the towel under our shirt to dry our skin. That felt SO good. When he dried Mel's boobs I just raised my shirt up over my titties, and let him dry them. He handed me the towel and put his hands on my titties and asked if his hands were cold. I said no, then he hugged me and kissed my nipples.
Damn if he didn't kiss Mel's titties too.

When he sat in his chair this time, his big cock was hanging way out of his shorts ... More than ever.
Mel and I looked at each other, smiling at our good fortune. We couldn't have planned this shit any better...
"Mr. Dick you sure do have a big cock. Denni and I want to touch it," Mel said.
I told you she was just plain blunt.
"Well, a man like me could get into trouble letting sexy young teenage girls look at his cock ... maybe we better not," he said, but we were already on the floor, crawling to his chair.
Mel raised the end of his cock up, looking it over. I leaned over and sucked the fat head of it into my mouth. MAN, his cock tastes as good as Bobby's.
Mel wanted to suck him, so I let her. I looked up at Mr. Dick, as he looked at me. He smiled and touched my titties.
When he pulled at my shirt, I stood up and pulled it off, then leaned over so he could suck my nipples. He put his finger on my pussy and it was so fuckin slick, his finger slipped right up inside me.
BOY, Mr. Dick really knows how to finger-fuck a girl's pussy. He had my pussy slippery-happy in no time. Mel saw us and she stripped off naked in a flash. I mean she didn't have anything but her shoes on, so I pulled my skirt off too and he sucked both our titties and fingered both our pussies until we got some really, really, really good comes.
We wanted to give more attention to his big cock, so Mel told him to get naked with us and lay on the floor. He did and we both got top of him. I sat across his legs and sucked his cock. Mel sat on his belly and helped me jack him off, like Erica showed us.
Mr. Dick reached out and picked Mel up to pull her back so she could sit on his face. I could hear him sucking her pussy. I was getting excited and I wanted to see him shoot his stuff out so I put my pussy on top of his cock and let it slide long-ways through my wet pussy lips as I slid back and forth on top of it.
My pussy was really wet and his cock was too, and it didn't take long for him to start shooting cum all over his belly - all over Mel's belly - and when I raised his cock, he shot cum all over my titties and my belly too. I wiped his cum off my belly and my boobs, and licked my fingers.
Mr. Dick was so excited he started shooting again and Mel was almost on top of him as she rubbed his cock up and down through her pussy lips. Mr. Dick shot so much cum this time, that I got down and started licking it up before it ran off on the floor. I really thought Mel was about to fuck him, the way she had his cock sticking up. She's squatting with her pussy hovering over his cock. She didn't fuck him though, and when he stopped shooting this time, his cock went flat like Bobby's did that night.
Mr. Dick was on the floor bragging about how we were the best he'd ever seen at sucking and riding his cock. Mel and I grinned at each other. We knew we were getting better at this sex stuff when we could get a grown man with a monster cock, to tell us we were the best.
Mel and I put our clothes on, with his sticky cum still smeared all over us. We wore it like a badge as we walked home in the light rain, laughing and bragging to each other.
When we got to Mel's house we looked at the clock in the kitchen and could hardly believe we had spent over an hour with Mr. Dick

“Remember that time our moms were late picking us up from the skating rink, and they were laughing and acting silly. They told us that they were having so much fun - *that time got away from them*. Now we know how to have fun like that,” Mel said.
The very next day I was over at Mel’s house and our moms were shopping again. We were swimming naked and it wasn’t even noon yet. I heard an awful sound that sounded like it was in Mel’s front yard and we ran to the fence and stood on the big flower pot by the gate to look over the fence. There in her driveway was this HUGE moving van with a big globe painted on the side and writing all over it. We looked at each other and all sorts of crazy things were going through our minds as we looked at the big truck. Then all of a sudden, it started backing up - and backed right up the drive across the street from her house.
We were really interested now. That house has been empty for a year and our moms have said, *that damned thing will never sell*, with the price tag they have stuck on it. Well it must have sold because a tall good-looking man got out of a black SUV and walked over to the *For Sale Sign* and kicked it a couple of times, then pulled it out of the ground, and threw it back over toward the house, before dusting his hands.
“WOW, we’re finally gonna have neighbors ... I hope they have boys. We have plenty girls on our block already,” Mel whispered - like they were going to hear us.
Mel always seems to hit on something just before it happens, and damn - she did it again. We looked up to see two boys run from the back of the big truck and into the house, with an arm load of packages.
“WOW Mel, they look like twins and they’re close to our age,” I said aloud ... I didn’t whisper.
“YEAHHHHH,” Mel said and we high-fived.
We stood in the big, pottery flower pot filled with dirt and watched for a long time, then I told her that we should go over and offer to help, and welcome them to the neighborhood. Mel was ready to go right then, but I made her get dressed - well we put our bikini tops and some shorts on.
We walked across the street like we were out for a stroll, then we walked right up the long driveway, past the big truck and looked into the back of it. It was almost empty and here comes the boys. MAN, they sure are cute and they are identical twins too. We’re going to have some fun now!
The boys looked at each other, then back at us, “MAN, I hope you girls are our neighbors,” one boy said and they both laughed.
“We live right across the street. I’m Denni and this is Mel,” I said, and we shook hands for the first time in our life. The whole time Mel and I were shaking with both boys, their eyes were locked on our titties which we had already made sure they were barely covered in our tiny, white bikini tops. We were both so proud that our titties were getting bigger. We’d go naked if we could.
“I’m Ronny and this is Donny - we’re identical twins.” One boy said.
DUH!
“We sure are glad that you moved here. Do you like to swim?” Mel asked, getting right to the point. I knew her game plan, get them almost naked with us, and the rest would be easy.
“We love to swim. We have a pool, do you have one?” One boy asked but I forgot which one he was.
“We both have pools, want to come over and swim while they unpack your stuff?” Mel asked since we were at her house.
“Sure, but we’ll have to ask dad,” One brother said and they both ran to the house. Mel looked at me and we high-fived again.

They were gone for about ten minutes and came running back wearing some really tight, really small, swim suits that barely covered their cocks and butts. Speetos, or something like that, they're called.
They're both as dark as Mel and me and they have hair on their belly just above their swim suits that covers their belly buttons and chest. Hair as black as the hair on their heads. MAN, they have *muscles all over their muscles* too, just like Bobby Cenneli and I felt my pussy getting wet with all this excitement, and the sight of these almost naked boys.
"Dad said we could go, but we need to mind our manners, and not go inside your house. We have to be back in two hours." One brother said, and I still didn't know which one is which.
"Yeah, dad looked out and saw you girls and he high-fived us and told us we're some *lucky shits*." The other brother said.
MAN, that really made me feel good, that another grown man thought we look good. I looked up to see their dad waving from the porch. He looks just like an older brother. MAN these boys' dad is HOT. I had to wonder if he likes young girls our age. Man, what a body on that hunk.
"What's your dad's name?" I asked.
"James Douglas, but everyone calls him Jim."
We waved back at him and we went across the street to Mel's backyard. As soon as we got through the gate and latched it, Ronny and Donny took off running toward the pool, and right out on the diving board.
They each did perfect dives into the water and Mel and I clapped, we really like our new friends already.
Mel and I almost pulled our shorts off before we remembered that we're naked underneath. We ran to the dressing room by the pool and put our tiny bikini bottoms on. They're not thongs, but they may well be, since we pull the back part up in our butt cracks so they'll look like thongs.
When we went out, Ronny and Donny were whistling and yelling for us to come dive with them.
Mel and I already knew what was about to happen. But we ran and dived from the side of the pool anyway ... Shit - she and I have practiced this, just in case we ever meet some boys.
Sure enough, when we came up, our naked titties were sticking out. We acted like it was no big deal and just stuffed them back inside like we're used to it.
"MAN, you girls sure got some nice titties," one brother said.
"You sure do, how old are you anyway?" the other one asked.
"We're fourteen, but we'll both be fifteen by this time next year," Mel told them. DUH!
"MAN, you both look like you're at least seventeen now," one said and Mel and I stuck our boobs out even further.
"REALLY? I mean we know we got some nice size titties, but we don't look that old do we?"
"You sure do. Do you date yet?"
"No, but we can date when we turn fifteen," I told them.
"How old are you?" Mel asked.
"We just turned sixteen,"
"WOW, we're close to the same age. We're really glad you moved here. Will you go to school here too?"
"Yeah, dad moved here so we could be on the swim team. This school has the best swim team in the state,"

“Really? We didn’t know that,” I said.
“You both sure look like your dad. Where is your mom?” Mel asked.
“Dad and her split up. Mom was a bitch anyway, but our dad is really cool to hang out with. Both of you will have to come over and swim with us sometime ... But we’ll have to make sure dad’s wearing his suit, he loves being naked. We do too, but not in front of company,”
“Wow, we love swimming and laying out naked too, and our moms really love being naked. We always swim naked. We were naked when we heard the big truck and had to cover up to come over and meet y’all,” Mel told them.
“Where are your moms now? Do they work?”
“No, both of them got big divorce settlements,” I told them.
“So neither of your moms are married,”
Mel said, “Right. We need to get your dad to come over and meet our moms so we can have a welcome party. MAN, just wait until you meet our moms ... they’ve got really big titties.”
“And they swim naked too?”
“Heck yeah, we all do,”
“How can we tell you guys apart?” I asked.
“We got our initials tattooed on our butts,” one brother said and all of us laughed.
“REALLY?” Mel asked.
“Heck No ... he tells everyone that. Look at my lip. I got a mole here next to my lip and Donny doesn’t,”
“So you’re Ronny - and your Donny. What do we do if its dark?” I asked.
“Just feel around on me until you know which one I am,” Ronny said.
MAN, we really liked these two boys - they are so fuckin’ cool.
We were sitting on the edge of the pool with our feet in the water, just talking and getting to know each other, we were sitting boy/girl, boy/girl and I looked down to see Ronny’s dick getting big as he looked down at my boobs. I pushed my arms together to make my boobs really stick out and he looked at me and smiled, his dick got even bigger and I can already tell that he’s got a nice one.
“Do you like to kiss?” I asked him.
I was getting to be more like Mel the older I get, so I decided to just go ahead and ask blunt questions.
“Yeah, I mean, well, we’ve never kissed a lot, just a few times in the movies,” Ronny said.
“Do you girls like to kiss?” Donny leaned over to look at both of us.
“Yeah, our sitter showed us how to kiss with her boyfriend one night. But don’t ever mention that in front of our moms, cuz they taught us a bunch of other shit that night too.”
Ronny and Donny both slid into the water and Ronny turned to walk between my legs, his face was real close to mine and his cock real close to my pussy. “Wanna kiss and show me how to do it the right way?” he asked.
“Heck yeah,” I said and leaned over so we could kiss - lightly at first - then we got to feeling good - and kissed for a long time.
“Do you and Ronny know a lot about sex?” I asked him.
“Well, we’ve never fucked a girl, but we’ve both sucked our girlfriend’s pussy and they masturbated us twice. Do you and Mel know a lot about sex?”
“Well, when our sitter taught us how to kiss, they let us watch them fuck and they showed us how to suck her pussy, and suck his cock too, but we’ve never been

fucked. We promised our moms we would wait until we're fifteen. They said if we would wait, they would let us start taking the pill and we could fuck then," I told him.
"You've sucked a cock? WOW, I bet that was awesome wasn't it? For the guy I mean."
"Yeah and I got a good come myself, just doing it when her boyfriend shot cum in my mouth," I told him.
"You let him shoot his cum in your mouth? Did you swallow?"
"Heck Yeah. I love the taste of cum. Do you like the taste of pussy?" I asked, and looked down at the water. Ronny's cock is hard and sticking straight up, out of his swim suit.
"I love the taste of pussy. I bet you got a pretty pussy don't you?"
"I sure do. I bet you got a nice cock too, don't you?"
"Well, its not as big as Dad's, but he told Donny and me that we're already on our way to having a man-size cock."
"Can I see it?" I had to ask, my pussy was already slobbering.
"Can I see your pussy?"
"Sure, but if you ever tell anyone I won't ever speak to you ever again," I told him. Erica told us to say that so boys wouldn't blab to their friends.
"I'll never tell. I like you and Mel and I hope we can all have fun, and do things together."
He told me, and I believed him.
"OK then, just untie the strings on both sides and get a good look," I said as I slid to the edge of the pool.
"WOW!" Ronny said when he saw my pussy. "Can I touch it?" he asked.
"Hell Yeah! I love touching my pussy."
"Can I suck your pussy?" He leaned down to smell my pussy and I heard him take a deep breath. I sure like these new friends of ours.
"Can I suck your cock after you make me come?"
"HECK YEAH!"
He's pretty damn good at eating pussy. With a few lessons from Mel and me, he'll be a damn good pussy eater like Bobby.
Ronny may need a few lessons, but he sure does have a long fat tongue. He made me come three times with his tongue way up inside my pussy. I showed him where my clitty is and even pulled my pussy lips open and pointed to it. He fell in love with my pussy all over again when I started fucking his face with my pussy - and I fell in love with his long tongue right about the same time.
Donny had Mel's bikini all the way off and he was really into sucking her pussy. Mel was really going wild.
Then, Donny and Ronny swapped places and they sucked us again - and again - and again, swapping pussies and sucking some more.
We had to push them back, they were making our pussies hurt, we've had so many comes.
Mel and I both slid into the water naked and pulled their swim suits off. MAN, they've both got some really nice cocks. Mel and I smiled and high-fived. We knew these boys were going to have some trophies when they get to be Bobby's age. When they get grown - I'm betting they'll have cocks like my dad.
Mel and I sucked the brothers off and swallowed their cum, then we swapped up and sucked them again. We did that three times and the brothers made us back off.

We swam naked until they had to go. We kissed, then swapped up and kissed again, and again, and again. We didn't really care which one is which by now, we like both of them.
"MAN, Denni ... we struck gold didn't we?" Mel said as we lay naked in the sun after they left.
"We sure did, I like both of them, don't you?"
"Yeah, I like closing my eyes and try to guess which one is sucking my pussy. Did you try that?"
We both laughed when I told her I had done the same thing.
"I'd like to see both our moms get in bed with their dad, wouldn't you, I bet he's got a big fat cock," Mel said.
"Yeah, I bet if we can get them a little woozie on wine and get them naked, they'll both fuck him."
"MAN, I can't wait until Donny and Ronny see our moms naked for the first time, they'll shoot a big load won't they?"
"Heck Yeah! What would you do if our moms fucked Ronny and Donny?" I asked, just wondering what she and I would do.
"MAN, I'd like to see them tag each other as they fuck our moms, wouldn't you?" Mel said.
"HELL YEAH! I was hoping you'd say that. Our moms need to have their pussies sucked by those boys with big tongues. I bet they'd be ready to fuck them, just like us."
"Would you let their dad fuck you?" Mel asked.
"Well, I think I'd let him suck my pussy and I'd sure suck his cock. But I'm not ready to fuck just yet ... this is too much fun."
"Yeah, you're right. We just need to wait. I bet he can really fuck, though. That man is HOT."
The next day, Donny and Ronny came over to meet our moms, and boy did they ever make a hit with our moms. I mean for grown women to start slobbering and acting like teenage girls, they sure made fools of themselves. Mel and I felt like we needed to apologize for the way they acted.
We followed them out when they were leaving to go meet their new swim coaches at the school gym.
"Gee guys, I hope you're not embarrassed for the way our moms were acting. They sure do like you both though," I said.
"MAN, Denni. We REALLY like both your moms, and we hope we get to see them in their bikini's," Donny said and Mel and I felt better then.
"Heck, I'd love to see them naked," Ronny said and Mel and I knew it was alright, the way our moms acted like horny young girls chasing after teenage boys.
"You better be careful, our moms will have you naked and fuck the shit out of you," Mel told them.
"REALLY? I mean, and both of you'd be OK with that?" Donny asked.
"Heck Yeah. We like you boys, and we love our moms. Mel and I would love to see you fuck them tag-team, the way you sucked us."
"WOW, we really like you girls. You need to come over and meet dad. He'd love to see the way you two can cut loose, get naked and have fun," Ronny said.
"HECK, he'd love to get them both naked. Dad loves to fuck two women at the same time. We've seen him lots of times with two naked women, fucking for hours," Donny told us.

“Yeah, but we’re girls and he may not like us. Besides we want to wait a year before we fuck,” Mel said.
“You could tell dad that and he’d be OK with it. He’s a damn good pussy eater. Even when mom lived with us, that was about the only time they would get along with each other. I mean she would scream for hours while Dad ate her pussy.”
“WOW, we may just try to work all this out then. Would you let us watch you fuck our moms if we get to suck and lick your dad while he sucks and licks us,” Mel asked as we got to their bikes.
“Heck Yeah,” they both answered.
“Make a *pac*t now - for the four of us,” Mel said.
“What’s that?” Donny asked.
“We all make a pact and dare each other to do exactly what we just talked about. Both of you have to fuck our moms and we have to suck and get sucked by your dad, and we all get to watch it happen too,” Mel explained.
“We’ve got a pact!“ Donny and Ronny both agreed.
When they left, Mel and I put on mini skirts and tight shirts after we decided to ride our bikes through town. We haven’t ridden in a while. I ran in told our moms and they said, OK. They told me they liked our new neighbors and wanted to have a party, just them and us - a private pool party.
“Donny and Ronny really, really like both of you. We told them that we swim naked a lot and they almost climbed the wall when they thought about seeing your big titties,” I told them.
“Did they really? Would you and Mel mind if we swam naked with all of you, before we have the party, so we could see how the boys react to grown women?” Mom asked.
“Heck no. Mel and I would love to see them suck your titties, and you should see their long tongues,” I told them.
“Have they showed you their tongues?”
“Yes.”
“Did they kiss you?” Mom asked and smiled.
“Yes.”
“Where?” Ms. Linda asked and she and mom laughed.
“On our mouth and our pussy.” I said and we left.
I heard mom tell Ms. Linda, “*I’ve got to have me some of that double-dip.*“
I came back out and Mel was sitting on her bike, one hand on the handlebar the other hand twirling her panties on her finger.
I bent over and slipped my panties over my shoes and we hung them over our handlebars to blow in the breeze as we pedal through town.
“Mel my pussy is already wet just riding my bike.”
“Mine too, Denni. I may need to get fucked sooner than I first planned. I’ve really been wanting to see how it feels to have a cock in my pussy lately,” Mel confessed.
“I know what you mean. I wanted Ronny or Donny to just shove their cock in my pussy so bad when I was sitting on the side of the pool naked.”
“Shit Denni, we never made a pact to NOT get fucked.”
“I know, let’s make a pact right now that we get fucked the next time we have a cock as close to our pussy as we did today.”
“HELL YES. I sure hope it’s soon and I hope it’s a really, really big one. I want my first fuck to be with a MAN sized cock,” Mel said as we rode slowly along.
“I know what you mean. Maybe we need to make some rules on that pact so we can get a big cock,” I added.

“I make a rule that we don’t just fuck any ol’ cock. Just the biggest one we can find,” Mel said and I seconded it.
“My pussy is gushing now, Mel.”
“Mine is too. We need to get fucked.”
“WOW, WOW, look up there at all the cowboys, they must be having a rodeo this week,” I pointed to the whole parking area at the horse show arena, it was filled with pickups and horse trailers.
“I bet there’s some big cocks out there and I don’t mean on the horses either,” Mel said as we turned our bikes into the drive.
There was a big ugly security guard that stepped out and stopped us.
“You girls need to put your bikes over there in the bike racks - you may spook the horses.”
He spoke with a gruff voice - and when Mel flashed her pussy at him, he told us he’d show us where the bike racks were.
“Just put them over here, I’ll make sure no one messes with them. You girls have fun now,” he smiled as we walked away, he was looking at our panties dangling on our handlebars.
“OH FUCK, Denni look over there,” Mel pointed to two cowboys coming our way with hats, boots and skin tight Wranglers stuck to their butts like paint.
Both of them have mustaches and they’re about my dad’s age. I was excited and scared too.
“I vote yes, if they’re not here with a woman,” Mel settled it. My pussy was dripping by then.
Mel and I smiled real big as we met them, and passed.
“Hey girls where you headed?” One of them asked and we stopped to turn around, with our skirts flipping up as we did.
“We were just going over to get a hot dog and a Coke,” I said as we walked back to talk to them.
“Well, you little fillies better be careful. There’s some rough customers out here,”
“We may be looking for a couple of the roughest ones,” Mel said and they both laughed.
DAMN, just as we were about to get something going, two cowgirls with big titties came up and hooked their arms in the cowboys arms and walked away.
“WELL–FUCK,” Mel said as we walked away.
We went over to the Hot Dog Stand - ate a hot dog, and drank a Coke, and still we didn’t see anything worth getting worked up over - that wasn’t already taken.
We were leaving when we heard a loud horn right behind us. I looked back and saw a pickup slow down and pull over.
“We’re about to get fucked, Mel...” I told her as Bobby Cenneli stepped out smiling.
“Hey Denni – Hey Mel. How’ve y’all been?”
“We been good Bobby. How have you and Erica been?”
“We split. We decided that we like seeing other people ... rather than dating steady.”
“So where are you headed?” Mel asked.
“No where really. I was just thinking about going home and swimming some, want to go with me?”
This is it, we’re about to get fucked.
“Heck Yeah. If you’re sure your parents don’t mind,” Mel said.
“They’re in down in Wichita Falls at my sisters for a few days. Come on and we’ll put your bikes in my pickup.”

We jumped off our bikes and pushed them over to next to him. He just picked them up one at a time like they were feathers and put them in his pickup.
“Come around here and get in. A girl is supposed to get in on the driver’s side if she likes a boy,” he said and we ran around to get in as he held it open.
“You girls are still being naughty, neither of you have panties on. You sure do have some sexy asses and some cute pussies.”
“Thanks. We have been naughty since the night you and Erica showed us all about sex,” Mel said.
“Well, we didn’t show you every thing - just how it’s done.”
“We want to know all about fucking, Bobby,” I told him. I’d already decided to get right to the point, and get this big ol boy to fuck both of us.
“Are you both sure?”
“We’re sure and we want you to be the boy who fucks us first.”
“Lets go. If you want to stop anytime, let me know. I’ll just suck your pussies and we’ll wait on the fucking.”
“We need you to fuck us, Bobby,” I told him.
“We want to give you our virgin pussies. You already know both of us have a really tight, really fresh pussy,” Mel said.
“You’re my kind of girls. I hope we can be friends for a long time.”
“We can. You can even come over and meet our moms too,” Mel said.
“Yeah, our moms like to swim naked and they like to fuck too,” I told him.
“Hey, I like your moms already.”
“They’ll like your big cock too.”
“Yeah, but we want it first, then you can fuck our Moms,” I said.
We went through his house to the back yard and Bobby stopped to kiss us with his tongue in our mouths. He rubbed our wet pussies and kissed our titties.
“Get naked girls. Who’s pussy gets to fuck my cock first?” Bobby asked as he rolled a condom on his cock. Boy, his cock looks different with that thing on it.
“Mel’s! She’s the one that said we need to just go ahead and get fucked as soon as we can. I told her that I want a big cock for my first time, and when we saw you - we knew right then who we wanted.”
“I’m glad it’s me. I’ve been thinking about fuck both of you since that night at your house.”
“Will you suck my pussy while you fuck Mel?”
“I sure will. I love the way your pussy tastes and I love your sexy ass. I want you to sit on my face this time while Mel sits on my cock.”
“HELL YEAH. I like the way that sounds,” Mel said.
Bobby took an air mattress and put it in the sun for us to lie on. He pulled me down on top of him, facing Mel as she sat down with his cock sticking up in front of her pussy.
Mel leaned over, and we kissed. Then she raised up while I held Bobby’s cock for her. Mel smiled at me, then sat right down on top of him. She squealed, then she raised up and sat down again. Bobby pulled me back and put his mouth on my pussy - and I got a come right then.
Mel was fucking like crazy. I mean, we had been talking about getting fucked and learning all about it and now she has a cock in her pussy and she’s really fucking the shit out of Bobby. Bobby is sucking my pussy like crazy too. I got another come with his tongue on my clitty, and then he rammed his tongue deep in my pussy hole, and I got another one.

Mel screamed and I put my mouth on hers. As we kissed, she screamed into my mouth and I knew she got her first come with a cock in her pussy.
I always knew I was going to like fucking once I started, and when Mel got her first come, she went wild on Bobby's cock. I could hardly wait to take him deep inside my pussy. I started sucking Mel's titties and she started screaming again. I just let her scream as she got a big come and Bobby jerked his butt off the floor as he shot his cum into the condom, then fell back to the floor. I rolled off his face and kissed him, then Mel leaned over and kissed him with my pussy juice all over his face.
"Wow Mel you got a really tight pussy. I hope we get to fuck a lot more," Bobby told her as he pulled the condom off. His cock was still swelled and he smiled at me.
"Suck me Denni, and I'll let you fuck me."
BOY - I jumped at his cock when he said that. I sucked it as deep as it would go in my throat, then I tried to get it deeper. Bobby had to pull me off. He was hard and about to come again.
When Bobby lay down this time, I moved over to sit on his legs and watch as he rolled another condom on his cock.
Mel held his cock up, and I started coming as soon as it touched my pussy lips. I got three comes before I even got his cock inside me. Then I lost count after three more. Bobby fucked my pussy so hard I almost passed out, and then we fucked some more after that.
Bobby got a come and pushed me off while he got another condom. He pulled me down on the air mattress and fucked me from behind.
I saw my daddy fuck his two secretaries like this in the video. MAN, when I thought of Daddy fucking those hot-ass girls from behind, I wondered how it would feel to have my own Daddy's cock in my pussy - from behind like this. FUCK! I got three comes that flooded my pussy and left my knees weak.
I slid down and stretched out on the air mattress on my belly, and Bobby was right on top of me, fucking my pussy like he was mad at me. I thought he was going to slip, and stick his cock in my butt, but he never did. I was still thinking about my Daddy fucking me from behind and I got two more comes.
MAN ... I LOVE A COCK IN MY PUSSY, EVEN MORE THAN I THOUGHT I WOULD.
Mel and I took a shower out by their pool and dressed again for the ride home. Bobby was asleep on that air mattress when we came out, so we left him lying there.

"Mel, my pussy is tender, but I feel so good - I could fuck again if we had a cock."
"Mine too. I'm so glad we decided to go ahead and fuck. I love fucking, don't you?" Mel said.
"HEY LOOK," Mel yelled.
"WOW, there's Mr. Dick!" I said and we looked at each other and grinned...
"Hey Mr. Dick! We haven't seen you in a few days, how have you been?" I asked as we parked our bikes on his sidewalk.
"Well, hello Denni.
"Hello Mel.
It sure is good to see you girls. Want to come in for a while?" he asked and we followed him inside his house.
"I was just thinking about you two, wishing you'd come back to see me. I really enjoyed the fun we had the other day."

“You were thinking about us?”
“Yes I was reading some magazines that reminded me of you two,” he said and I looked on his kitchen counter where he pointed, and saw some magazines with pictures of old men fucking young girls.
MAN look at the cock on that guy.
“Hey I like these pictures, Mel. Look these.”
“You like those? I bet you’d like the videos I have.” Mr. Dick told us.
“Yeah, we like videos too,”.
“You want to go watch some with me?” he asked.
“Heck yeah,” I told him.
“Will you let me see your pussies again?” he asked.
“We’ll get naked if the videos show girls getting fucked like these pictures,” Mel told him.
“Get naked then, because I have lots of videos with naked girls your age getting fucked by men my age.”
Mel and I got naked right there in his kitchen and left our clothes on the floor as we walked with him to a back room that had all sorts of lights and cameras in it. There was even a water bed and a regular bed.
“WOW. Do you make your own videos?”
“Sometimes I do. But lets just watch some girls getting fucked, first.” He sat on the side of the regular bed.
“Can we see your cock again?”
“Sure.”
Mr. Dick took his clothes off and put them on the bed, then he turned the big, flat screen HD TV on. A video of him fucking a girl our age came on. When he turned around we saw his cock hanging down and it looked WAY THE HELL bigger than it did the other day.
“Mr. Dick, your cock looks way bigger today. Is it growing?” Mel asked.
“I took some Viagra earlier when I thought I was going to shoot some video scenes, but the girl canceled and my cock is still swelled.”
“Do you use a condom when you fuck girls? You don’t have one on in that video,” I asked.
“I don’t need one. I’ve had a vasectomy and can’t get a girl pregnant.”
“You mean - you can shoot all that cum like you shot the other day - right up in a girl’s pussy and she won’t get pregnant?” Mel asked.
“Yes, makes a lot of difference in the way it feels to the man as well as the woman.”
“Wow, I’d love to feel all that cum shoot in my pussy. Mr. Dick do you want some pussy now? I need to get fucked.”
“Are you sure Denni? I mean you’re still a virgin aren’t you?”
“Not any more, and Mel and I sure do love fucking big cocks.”
I saw his cock jerk and raise up, then jerk some more. FUCK, I just thought it was bigger. This damn thing is huge - even bigger than my Dad’s cock. I need this big sonofabitch’n cock in my pussy.
“Hold it up while I sit on it, Mel. I’ve got to fuck this big fuckin’ cock.”
“Wait, turn around and let me turn the cameras on. We can get a video of my cock going in your pussy. Don’t worry, we won’t show your face, just your tight pussy getting stretched down over my cock.”
“Do it,” I told him. I needed to get fucked bad. My pussy was already in love his big monster.
“How many times can you come, Mr. Dick? I need to get fucked too,” Mel said.

“At least four, sometimes five. I’ll have enough to fill your tight pussy, Mel.
“Denni, you sit on my cock and fuck me, girl.”
It took me at least five minutes to get him inside my pussy far enough to fuck. Even with me sitting on him wide legged astraddle his cock so the camera could shoot us. MAN, his cock feels good in my pussy and he sure knows how to fuck. Mr. Dick was holding my hips from behind and shoving up as I shoved down. I knew we didn’t have long and I wanted Mel to get her pussy stretched by this beast. I hurried and got a really, really good come. When Mr. Dick started shooting his cum in my pussy, I could feel it go all the way up inside me and it felt so damn good, I got two more comes while he was getting over his.
When I got up, I turned around to suck him, cleaning the cum off his cock.
DAMN, his cock is rock hard again and ready for Mel. I scooted over and Mel just sat right down on his fat cock, then screwed her pussy all the way down over it. I’ll say one thing for Mel, when she starts fucking and it gets to feeling good, she can fuck so fast she looks like a hula dancer with her hips shaking and moving.
“Damn Mel, I’m about to come. You better hurry and get a good one.”
“I’ve already gotten three, and I think I feel another one. OH FUCK, I got a damn good one when you shot your stuff up inside me like that. I really do like your cock, Mr. Dick.”
Mr. Dick replayed the video for us three times as we lay on his bed.
“When can we come back for some more, Mr. Dick?” I asked when we were dressed again.
“Come back any time. Sometimes I’ll have other kids here. Boys and girls, too. Sometimes a man and woman will be here to fuck the girls and boys. Just come on and you can star in my videos with them.”
“WOW! Thanks, we’ll do that. It sure was good to finally get to fuck you. Do you like fucking grown women too?” Mel asked. I knew she was going to ask about our moms.
“I sure do.”
“We may call you to come over sometime. We know some women who love fucking as much as we do,” Mel said and we left.

“MAN, that old fart can really fuck can’t he?” Mel said as we turned from his driveway and headed home.
“He sure can. I never did get as much of him inside me as you did, but I sure got a lot of comes.”
That night when mom and I went to bed, she let me sleep naked with her again and we sucked each others titties.
I love Mom’s big titties.
“Your dad called today and he wants you to come spend the weekend with him, next weekend. You don’t have to, but you’re free to go if you want to. He is your dad, after all.”
“Hey, I’d like that. I wonder if Mel can go too?”
“You can call him tomorrow and ask. But don’t be upset if he wants to spend time with you alone.”
“I won’t. Thanks mom and thanks for making me feel good. Uh Mom, do you and Ms. Linda like big cocks?”

“Well, your dad has a really big one, and I always liked it. Why? Do you know someone who has a really big one?”
“I know more than one person who has a big one,” I looked at her and smiled as she turned the light out. She let me snuggle up to her sexy butt and hold her titties.
“OH REALLY? Does that mean you and Mel have had a big cock in your pussies?”
“Well, yeah, but we were careful ... and it feels SO good too, Mom.”
“I know it does Hon. Just promise to always use protection. I’ll take you next week and get you a prescription for birth control pills.”
“Thanks mom.”
“So, who is this man who has a big cock? I may need one now and then to take up the slack.”
“Well, the new neighbors across the street. The twins have some really nice ones and they said their dad has a really big one ... Mel and I know a high school senior who has a really, really big one, and we met this older man who lives close to the school, who has a monster cock.”
“I think I’d like to get the twins over here and swim naked, with Linda and me. I saw their dad today and he waved and then whistled. I like him. I might give him some pussy if its OK with you.”
“Heck yeah. I’d like to see you fuck him.”
“Would you really? *You horny little voyeur*.”
“I sure would.”
“Would you let me watch you fuck the high school senior, then let me fuck him too, if we let you watch us fuck?” Mom asked.
“Heck Yeah, Mom. I’d love for you and me to be fucking and sucking the same big cock at the same time.”
“Then you need to start setting that up. I’m horny as hell for some big cock. Tell me about the older man that has this monster cock, and tell me just how big a monster cock is.”
“I’ll get in touch with Bobby tomorrow and get him to come over before I go see dad next weekend. That way we can both fuck him, and he may even want to come back while I’m gone.”
“You sure look after your mom. You want to make sure I get fucked a lot don’t you?”
“Yeah and just wait until you see Mr. Dick’s cock, you’ll love it. It’s almost a foot long and really big.”
“Hush Denni, my pussy is wet ... Is it really a foot long?”
“It really is and he can shoot lots of cum too.”
“Did you let him shoot his cum in your pussy?”
“Yes, he’s had a *vast-oh-me*.”
“You mean a vasectomy?”
“Yeah, I knew it was something like that.”
“I love the feel of a man shooting cum inside my pussy, don’t you.”
“WOW, Mom. I got two comes when as he was shooting my pussy full.”
“Would he fuck Linda too?”
“Yes and me and Mel too.”
“In one night?”
“He said he could shoot three and four times in a row.”
“Get that man’s number ... he’s got a date.”
The next morning I could hardly wait until nine o’clock. That’s when mom said I could call everybody. I called dad’s office first. I wanted to make sure he really wants me to come over and not just because it’s the right thing for him to do.

“*Good morning, Walker and Stormier*,” a sexy voice out of a southern movie drawled, as she answered. I just knew she’s young and beautiful the way she sounds. I’m glad dad’s doing OK with the women. I mean he has a right to be happy too.
“Yes ma’am, I’m Denni Walker and I need to talk to my daddy.”
“Oh hi Denni, your daddy talks about you all the time. I feel like I know you already. He’s on the other line right now, would you like to hold, or leave a message.”
MAN ... I bet this girl is a real classy, really sexy young woman.
“What’s your name? May I ask?”
“I’m Jolene. We can talk if you like. I mean until I get another call or your Daddy gets off the phone,” she said - and I love her voice.
I bet she’s got big titties and some fine pussy too – way to go Dad.
“Hi Jolene, how long have you worked for Daddy?”
“Just three months, I graduated from the University of Alabama last spring and he hired me on my first interview. Your daddy is a remarkable gentleman, but I’m sure you already know that.”
“Yes he is, and I love him. He wants me to come spend the weekend with him next weekend. Will I get to meet you if I do? I think you have the sexiest voice I’ve ever heard.”
I told the truth too, AND I wanted to meet Jolene. She sounds like someone I’d really like.
“You’ll have to ask your Daddy. He told me that if you come, I’d have to ... I mean that you would be spending the weekend at his lake cabin and I’d have to hold all his calls.”
She stammered and I knew Dad was getting some of that pussy and I can tell - she’s loving the attention.
“Well Jolene, if I tell Daddy that I want you to be with us, will you go to the cabin too? I’m going to try to get him to let my best friend Mel to come too. You’ll really like Mel. She’s tall and pretty and so much fun. We’ll have to watch her though, she likes to be naked when she swims.”
“I hope I do get to meet you. I hope you and Mel have fun too. But he may not want me to be there, when you’re with him.”
“Oh Yes He Will! Let me handle my Daddy, Jolene. I hope you’ll get naked with Mel and me when we swim.”
“Honey, I love you already. Bring your sexy butt on and we’ll have lots of fun.”
Jolene was getting into it now. Now I’m wondering if she likes pussy as much as Mel and me.
“Here’s your Daddy ... I hope I get to meet you, Denni. I’ve seen your pictures and you are HOT - GIRL. Bye for now, Hon.”
“Hello Denni ... are you there?”
“Hi Daddy. I was calling to tell you that I love you and I really do want to come see you next weekend. I miss you Daddy. I want to bring Mel too, since she doesn’t get to see her Daddy much and she needs a big hug from you.”
“Oh Denni – you just made my day. I love you too, Baby. Of course Mel can come with you, we’ll all have fun. I bought a lake cabin down at Wichita Falls and we’ll go down there.”
“I was talking to Jolene when she answered the phone. I really like her. I wish I could meet her when I come over. Do you think she could she go with us?”
“Jolene is a sweet young girl, and you will love her when you meet her in person. Of course she can go with us. I’ll have to make sure she has no plans for the weekend.

Maybe she will take you and Mel shopping one day. That will you and Jolene a chance to know each other better."
"OH YES DADDY, and thank you. I love you so much ... Daddy I was wondering too - would it be alright if I sleep with you while I'm there. I miss you so much and I need you to hold so I can wake up next you like I used to."
"Denni Baby - you're getting a little old to be sleeping with your Daddy."
"PLEASE DADDY? I really do need you to hold me like you used to, and so does Mel. Please say yes."
"YES BABY. I miss you, too. You and Mel both can sleep with me."
"Daddy, I was wondering about something else too. Since my titties have gotten really big. Mel and I want to swim naked at the cabin so we won't have tan lines on our bodies. Is your cabin private, so we can we swim and play naked?"
"Denni, I'm not sure that would be proper, since we'll have Mel and Jolene there too, Hon."
"Oh Daddy, please let Mel and me be like grownups. We know you and mom always liked swimming naked and we want to be just like you ... I love My Daddy SO much."
"Well, if you promise to never tell your mom we were all naked at the cabin together we'll be naked at least some of the time."
"I promise Daddy. I love you so much, you're the best Daddy in the world and I miss you. I'll be so glad to get to see you and I hope Jolene likes to stay naked too. I like her already and I'm SO glad you like her too. I can't wait to meet her. I already love her after us just talking for a little bit."
"I love you too Baby, thank you for telling me you like Jolene. She's very, very special and she reminds me so much of you. She's so feisty and a little crazy at times. She's a very beautiful girl. Just like my Denni."
"OH THANK YOU DADDY. I'll see you when mom drops us off at your office Friday afternoon. I love you. Tell Jolene to be ready. We're all going swimming naked. Bye Daddy."
FUCK! That was easy. Dad is either getting soft, or I'm getting better at this shit. I'll have him naked in bed with Mel and me. Then when we get him to fuck us, we'll get Jolene in there. FUCK, I'm going to be so glad to see Jolene get fucked by my daddy. I hope he asks her to marry him. He needs some young pussy and I just know Jolene will be my friend and ally when I need my Daddy to loosen up on some extra money. I sure hope Jolene likes pussy at least as much as I do.
I looked up Bobby's number and called.
"Cenneli residence."
"Yes Ma'am, this is Denni Walker. I'm a good friend of Bobby's, may I speak to him?"
"Sure Denni, he's in his room, I'll tell him to get on the line."
"Hello Denni, this is a fun surprise. I was lying in bed naked, looking at dirty magazines and thinking of your sexy ass."
"Bobby, you can cut that shit already ... But I do have a better offer than dirty magazines. Mom wants you to come over late tomorrow and swim with her and me."
"Really?"
"Yes and you need to plan on staying three or four hours. Mom and I both are going to give you some pussy."
"NO SHIT?"
"NO SHIT, Baby. Can you handle a woman like mom and take care of my pussy too - all in one night."
"You know it Baby. Damn I like you, Denni. You're sexy as hell and you love sex."

“I like you too, Bobby. You are nice to look at, you’ve got a big cock and you can fuck like a wild rabbit. Come by around six and come to the back gate. I’ll open it naked, mom will be naked too. You can fuck her first then me. After that you can fuck us all you want to.”
“WOW, thanks Denni, see you then.”
“Bye Stud.”
I didn’t know Mr. Dicks phone number, but I saw his name on the magazine wrappers, it’s Thompkins, Richard Thompkins. I looked in the book and got his number and dialed.
“Hello.”
“Hello Mr. Dick, its me Denni.”
“Hi Denni, what’s up with your hot young, sexy ass?”
“I was wondering if you could come over, day after tomorrow. I told Mom about your monster cock and she wants to fuck you.”
“Denni, are you sure about this?”
“Yes, I’m sure. We both want to give you some pussy. Bring a digital recorder too, we’ll get some good videos.”
“What time?”
“About six, do you know where we live?”
“Yes, I drove by there the other day. I’ll be there, I hope your Mom’s not disappointed.”
“She wont be, just take some Viagra beforehand, she loves a lot of fucking and you know I do.”
“I’ll be loaded and ready - see you then.”
MAN, I felt like I was in control. If Mel wasn’t at her Grandma’s, I’d go suck her pussy. I am hot to fuck and suck.
I bet the twins will be glad to see me.
Wonder where mom is.
UH OH, here’s a note.
Denni, had to run to the store for some things I’ll be back in an hour or so, you were on the phone with your Dad and I didn’t want to interrupt. Love you, Mom
Well damn, I needed some attention.
I turned her note over and wrote her one.
Mom Gone to see Donny and Ronny ... Got it all set with Dad, Mel’s going with me. You and I have a date with Bobby at 6:00 tomorrow afternoon, be naked. You’re going to love getting fucked by this stud.
P.S. We’ve got a date the next day with Mr. Dick at 6:00. Be naked he’s got a cock like a horse.
Love you Denni
I rang the doorbell at the Douglas residence, but there was no answer. The SUV is in the drive and the garage door is open, so I knocked. No one came to the door.
I turned the knob and went in and yelled. I bet they’re in the back yard doing something.
I went out the back door and saw Mr. Douglas swimming naked, he’s doing laps has his head down as he swims. He didn’t see me as he turned to breath. MAN he sure looks good naked and he’s a really good swimmer too.
I walked over and sat in a chair next to the pool, hoping to get a look at his cock. I sure hope he’s got a big one like the twins said, I need some attention. FUCK, my pussy is what needs some attention.

“Hi Mr. Douglas.” I spoke when he stood up and walked out the shallow end. He whirled around and sat back in the water.
“Hi ... you’re Denni aren’t you? I’m sorry, I didn’t know anyone was around. I was swimming some laps. If you’ll turn your back, I’ll get my shorts on.”
“Unh unh, I want to swim with you,” I said and stripped with him watching, then dove in the water. I swam back to where he sat in the shallow water. I sat beside him, with my titties bobbing in the water.
“You look good swimming naked, Mr. Douglas,”
“You look good naked too, Denni. But we shouldn’t be here like this.”
“Where’s Ronny and Donny?”
“At the school, they’re having tryouts for first team. I already know they’ll make it though.”
“How long do we have, I need you to fuck me.”
“Uh Denni, I’m not sure about this. What about your mom?”
“She’s gone for a couple of hours. We can cut it short and two hours will be enough - our first time.” I slid my butt closer on the bottom of the pool and wrapped my legs around his waist from the side.
“Denni.”
I reached down and pulled him closer and took his cock in my hand. DAMN, he’s got one just like Bobby’s. I’m going to get some attention now. I jacked his cock up and down real slow and he moaned.
“AAAWwwwnnngggg,”
“Is that good?”
“Yes.”
“Then you’ll like this too.” I said as I slid my butt over his right thigh and sat between his legs, my hand on his hard cock and my pussy right up against it as we sat with my nipples exposed.
“I’m going to fuck you, do I need protection? I’m not on the pill.”
“No, I’m sterile - fuck me - Denni.”
I raised up and slid my butt up over his cock and held it as I put it in my pussy and sat down on it. He leaned back and I slid up on his belly. We fucked right there in the swimming pool, the water churning and splashing as we fucked hard and fast.
“I love your big cock.”
“I love your tight pussy. You sure can fuck for a young girl. Have you fucked my boys yet.”
“No, but I’m going to this week when the three of you come over to meet mom. She wants to fuck you and your sons too. Mom’s got a hot tight pussy, huge titties, and she loves to fuck.”
“Damn Denni, I’ve seen your mom. I’d love to fuck her. With three of us and two of you - you and your mom better be ready.”
“We’ll be ready, we’ll even let you stop and rest so we won’t wear you asses out. FUCK ME DEEP, JIM.”
“You’re about to make me come, Jim.”
“You’re about to make me come, Denni.”
“I’m coming - come in my pussy and I’ll let you fuck me bent over the edge of the pool.”
“From behind?”
“FUCK YES, FROM BEHIND ... NOW FUCK ME.”
“DAMNNNNNnnnnnn, your pussy is tight as a glove.”
“You like my pussy don’t you?”

“I LOVE your pussy, Denni. Get up and bend over the edge of the pool. I’m going to give you the fucking of your life.”
“FUCK ME.” I screamed. I didn’t mean to, but when he shoved that fat fucker into my pussy from behind and hit the bottom of my pussy, I screamed and started coming. I mean, this man can really fuck and I just know mom will fall in love with his cock. I got three comes while he fucked me from behind, then he wanted to lay on his back and let me *do the work* - he called it. I sat astraddle his cock and took him all the way this time, and when I got through fucking and coming, Jim was asleep. I got another come while he slept, before his cock went to sleep.
I found a pen and paper on the little round table by the pool where he had put his shorts and wrote him a note.
Jim
You are good, but I am better. We’ll fuck again soon ... see you, Denni
I put the note under a Pepsi can by his shorts and left.

“Hi, you’re Denni aren’t you?” Someone said from behind me.
I turned to see a boy riding his bike on the sidewalk
“Yes, I’m Denni, how did you know my name?” I smiled at him. He’s a tall cute red headed boy with a freckle-faced, and he has a big smile.
“I live on the block behind you. We’re in the same grade at school, but I don’t have but one class with you. I’m a friend of Mr. Dick and I saw you talking to him one day. I asked him if that was you. You sure have changed - I mean you’re bigger - I mean, well you know what I mean.”
“Wait, what’s your name?”
“Jake Landers, my granddad owns the Jake Landers Dodge Dealership downtown. I’m named after him.”
“OK I know you. I saw you playing soccer - you’re good.”
“I guess I’m just in the right place at the right time, or something.”
“No, Jake, I’ve seen you play. You are GOOD. Hey, I was just about to swim for a while, want to swim come with me?”
“Damn, I’d sure like to but all I got on is these old jeans shorts and this ragged old tee shirt.”
“Come on, we’ll find you something. I like a boy that don’t wear undies.” I grinned at him and he smiled.
“So how do you know Mr. Dick?” I asked.
“I’ve been to his place a few times - but not in a while.”
“Really? I mean, just to see him or...”
“Or make movies?“
“Well yeah, but you don’t have to tell me. I was just curious.”
“It’s OK. Hey you’ve got a great pool, ours isn’t this big or as deep.”
“Thanks. Look Jake, I don’t seem to have anything to fit you, lets just swim naked. I like swimming naked. Mom and I swim naked all the time and my best friend, Mel does too. She’s spending a few days with her Grandma, or she’d be here.”
“You swim naked with your mom, too? I mean, really,” Jake was about to tell on himself for fucking his mom. I like this boy more and more. We think alike.
“So you and your mom swim naked? Then you can get your ass naked and swim with me, now come on.” I stripped my shirt and shorts off and walked naked down the steps into the pool, out to where my pussy was almost, but not quite under water.

“Damn, you look good Denni.”
“Get naked and get your ass in here, Jake.”
“Damn - bossy too,” Jake said and I laughed at what he said - telling me I’m bossy. Silly boy.
FUUUCK, Jake may not be a tall lanky boy for his age and he may be red headed and freckle-faced but he’s got a fucking man’s cock between his legs. I bet his mom loves to swim naked with him. DAMN, I’ve got to have that huge fucker in my pussy. It’s bigger than Mr. Dicks.
“You’ve got some nice equipment there, Jake. I see why you’ve been to Mr. Dicks now.”
“Yeah, but I quit going, since none of the girls will let me have any pussy. They’re afraid I’ll hurt them.”
“*Damn fool girls* ... come here Jake, and give me a hug. I’ll put a fucking on you that you’ll remember the rest of your life.”
I laughed and he walked right up to me and hugged me. His cock is already hard and sticking straight up out of the water.
“I hope you do, but I gotta tell you, I can come six times in an hour and still be hard.”
“Come here - stop talking and start fucking,” I led him to the edge of the pool and hopped my naked ass up on the side. I spread my legs and pulled his long cock right to my pussy.
“FUCK, Jake you sure do know how to use that thing, you’re going where no cock has been before. I hope you’ve got a condom so we can finish this.”
“I sure do, I just came from the drugstore. I had to get some to take home. I mean to keep at home.” He was saying just before he went to get his bag. I have a feeling he and his Mom are close like Mom and me.
“Hey, its OK, I sleep with my mom and we do things with each other. I’d like to come over one day and swim with you and your mom, if she’ll let me that is.”
“Shit yes, I know she would. Mom loves sex ... and she would really love you.”
“Get that condom on Jake. Bring three more with you.”
He brought his plastic bag from Walgreen’s and put it by the pool. This time he shoved his cock into my wet pussy all the way and I slammed my pussy right back at him.
“You sure have got a tight pussy, Denni. I mean really tight. I think I’m about to come already ... DAMN, here it comes, I can’t hold it.”
I was about to get a come, just listening to him.
“Go ahead and get the first one over with. Then we can get some good fucking in,” I told him and started getting a come myself.
DAMN I love this boy’s cock. I mean it opens my tight little pussy up and makes me feel so good. I felt Jake start pumping his cum into the condom and that’s just what it felt like - a pump. I could feel the condom start filling up and I was hoping it didn’t burst open.
“FUUCCCKKK ... Damn girl you got some good pussy. I bet I’ve fucked twenty five girls and I’m only fourteen. But you’ve got the best pussy I’ve ever fucked.”
“Thanks Jake. I like fucking and I try to make it real good. I sure am glad you came by when you did.”
“Shit, I’ve been riding by here for over an hour and finally saw you coming from the house across the street.”
“Yeah, those people just moved in and I was welcoming them to the neighborhood.”
Jake pulled his cock out of my pussy and I looked at the condom. DAMN, that thing was like a water balloon it’s so full.

“Hurry Jake and get another one on and lets fuck some more.”
“Can I suck your titties? I love sucking Mom’s titties. She’s got some really big ones and she yells when I suck them while we’re fucking. Then if I happen be sucking her titties when she comes, she really gets wild.”
“MAN, that makes me want to come fuck with you and your mom.”
“I’ll tell her about you. She likes to see me fuck girls with my big cock. She’s the one that got me most of the pussy I’ve fucked. Then when word got out that I have a big one, and I started getting my own pussy.”
“Hey ... Tell her to let me come over and I’ll suck her titties while you fuck her. Shit I’ll even suck her pussy - I love pussy.”
“Damn Denni, I’m coming again. You sure are making me come a lot.”
“Give me the condoms Jake. I’ll have one ready as soon as you fill one, I need some more of your cock.”
“Denni, I swear you’ve got the best pussy I’ve ever fucked. You’re as tight as my fist.”
“Fuck me Jake, let that big cock go deeper.”
I felt Jake getting another come and I really let him have it then. I gripped his cock and pulled it with my pussy, making him get another come in the same condom.
“Damn Denni, let up on me some. You’re making me come too quick.”
“Shit Jake, your cock feels so good I can’t help but fuck you. Come on and get your cock back inside me, I need some more.”
“Here I come again - you better get ready. I’m going to fuck the living shit out of you this time.”
“Do it - do it Jake - fuck me. Fuck me deep and make me come.”
“Damn you feel so good. DAMN your pussy is tight. Damn I’m coming again.”
“Here, hold that cock up. I’ve got the condom ready. Now get it back inside me and let me have your best shot.”
“Girl, you took my best shot - and shot me down with it.”
“NOOOooo, fuck me Jake.”
Jake’s cock was wilting like a dead flower, but I got it back up so I could get another come. Then he barely shot a few squirts and fell backwards in the pool on his butt.
“I can’t fuck no more, Denni.”
“Then get up here and suck my pussy so I can come one more time, damn it.”
I’ll say one thing for Jake, he may be fucked out but he sure likes pussy. He jumped up and sucked me off twice. I bet Mom would love this boys cock, and his tongue.
Before he left, he told me that he’d like to take me down to his granddad’s car dealership, to meet his granddad. “Gramps will love you like you’re his own granddaughter. He tells me all the time to being my some of my young girl friends by to meet him. We need to get him in his office alone so you can show him how much you love to fuck. His cock is even bigger than mine and Mom tells me she loves her Dad too ... if you know what I mean.”
“Yeah, I know what you mean. Does he give the girls money, like Mr. Dick?”
“I’ve never taken a girl by there. You need to go with me though, and I’ll tell Mom to get Gramps really worked up about you, so he’ll give you lots and lots of money.”
“Mom’s going to let me get on the pill soon, and I’d love to wait so I can let him come in my pussy. Do you think he’ll pay me more if I let him come in my pussy?
“I can all but guarantee he will. You should see his two sexy-ass secretaries, and they each drive a new car each year.”
“Have you fucked them?”
“Heck No! I would love to fuck both of them right in Gramps office.”

“You and I both, will fuck them - on your Gramps desk with your naked cock.”
“Hurry and get on those pills, Denni. You have thousands and thousands of dollars waiting for you down at Landers.”

The next day dragged around so slow, mom and I were showered and ready. We were already lying naked by the pool when we heard the gate rattle. Bobby’s here, and mom’s smiling. I ran to let him in and led him back to where mom’s lying back on her lounge chair, one knee raised, her huge titties sticking up and her long hair spread all out like a queen.
“WOW,” Bobby said as soon as he saw mom.
“Mom, this is Bobby Cenneli. He’s the varsity quarterback and he loves pussy,” I thought I would cut right to the heart of this and get started with the good stuff.
“Bobby, come sit next to me and give me a hug. My, you sure are a handsome, well built young stud. You’ll have to excuse Denni, she loves to talk naughty at times.”
“Hello Ms. Walker. You’re just as beautiful and sexy as Denni. I mean you look GOOD.”
“Bobby I just rubbed oil all over Mom. Maybe you should pull your clothes off before you hug her.
“Right mom?”
I wanted to see them naked together. I’ve been thinking about this long enough.
“She’s right Bobby. Just get naked and relax. I still want my hug.”
Bobby was naked so fast it looked like he was in fast forward. MAN, that boy sure does have a fine cock.
“Goodness, Denni was right, you are VERY well built. Come hug me, and don’t worry about my big titties - just hug them too.” Mom’s getting ready now. This boy’s in for a double fucking like none he’s had yet, not even when Mel and I fucked a double-team on him.
When Bobby spread his legs and leaned over to hug mom, I reached between his legs and grabbed his cock. Bobby bucked forward and Mom thought he was really glad to see her. She pulled him down between her titties and opened her knees.
Shit, I love this.
I pulled Bobby’s cock up just a little and he slipped it into Mom’s pussy. Bobby buried it all the way with just one hunch of his ass. DAMN, this boy’s sure got some butt muscles.
I was so turned on to finally see my mom get fucked, I leaned over to rub and kiss Bobby’s butt. I slipped on the oily concrete and fell forward, jamming Bobby down hard and Mom screamed. I thought she was hurt, but that wasn’t why she was yelling.
“YES, FUCK ME BOBBY!”
MAN, that was music to my ears, hearing mom scream out and tell a boy to fuck her. I felt so good I wanted in on their fucking too. I leaned back and licked Bobby’s butt. He jerked and fucked mom even harder. I pulled his butt open and licked up his crack, just as he shot a load of cum, I saw his balls jerking and jumping and I was wild, wanting to see more.
“YES BOBBY, YES,” Mom yelled.
“Ms. Walker, I don’t have a rubber on,” Bobby said.
“FUCK ME BOBBY - I’m on the pill.”

Bobby started fucking mom again and I heard her pussy sloshing as he drove deeper and deeper. DAMN, I was so fucking excited, I fell forward on Bobby's back and started hunching his sexy butt. I felt his butt muscles strain and pull against my belly.
DAMN, the lounge chair gave way and we fell with it, down on the concrete. Bobby was still fucking Mom and she was still yelling, *YES,* as he ripped his cock into her. My oily titties were pressed against Bobby's back and my hungry pussy was pushing against his butt. I was about to explode, I was so excited.
Bobby was still fucking mom as she began to scream again, at first I thought she was wanting more, but I realized she was telling us to stop and let her catch her breath.
Bobby and I were both lying on her and mashing her breath out. Mom pushed us off and I rolled over, pulling Bobby around to where he was pointing his cock at my pussy. He grinned and I grinned as we started fucking. Mom pulled him off and made him put a condom on and we started fucking like hell then.
Bobby and I fucked and fucked and fucked. Then he finally shot his cum and filled the rubber. When he rolled off me to get another one, Mom sucked his cock. He got the rubber on and we fucked some more. Mom was ready for another hot fuck and Bobby was ready to fuck her naked pussy. Mom made Bobby lay down and she got on top this time. MAN, I love watching my mom fuck. I mean Mom can fuck like a girl when she gets going and it really turns me on to watch her. I sure am glad she and I finally got the chance to fuck together. I think we may need two cocks though, Bobby is about to wear down and I already want another good come before he leaves.
I didn't get it though. When Mom got through with his ass, Bobby was barely able to drag his butt out to his pickup. He did promise to come back and fuck us some more. I think Bobby really likes Mom's pussy. I know he likes mine.
Mom and I took a shower and went to bed, cuddled up, hugging and talking about getting fucked by the same boy. Mom told me that when I get on the pill, we'll really have us a party and may even go to Ft. Worth and meet some cowboys. I went to sleep with dreams of Mom and me getting fucked by cowboys wearing hats and spurs, with big six-guns for cocks.
We laid around all the next day again, relaxing by the pool and eating a snack twice. By the time six o'clock got here, we were both wired and ready for Mr. Dick. Mom was excited - I mean she was so excited I had to suck her pussy to get her settled down.
Mr. Dick rattled the gate right at six o'clock and I ran to open it for him. I was naked and he hugged me when I grabbed his big chest and pulled him to me. He's dressed in knee length shorts that are so wrinkled, he looks like he's been run over by a car. He's wearing white Adidas shoes and brown socks pulled up nearly to his knees. DAMN he looks like a fuckin wreck. But I knew he has a huge cock underneath all those *old-man* clothes and I know mom likes big cocks. I'm excited for her again.
He had a small hand-held digital recorder in his hand and I took it and laid it on the table.
"Mom, I want you to meet a good friend of mine, Mr. Dick. Mr. Dick this sexy young woman is my Mom," I introduced them and Mom got up from where she sat by the table and shook his hand.
"Ms. Walker, Denni told me you were young and beautiful, but she didn't tell me you were a goddess. You are an extremely beautiful woman. It is my pleasure to meet you," Mr. Dick was really laying a layer of bull shit - and Mom ate it up.

“Well thank you, Mr. Dick. I’m glad you came over. Since Denni told me about you and your amazing physical features, I’ve been anxious to meet you.”
“Thank you Ms. Walker. I must say, you have the most amazing breasts I have ever seen. Denni told me you have some nice ones, but they look utterly delicious.”
“They are delicious Mr. Dick and Mom loves to have them sucked,” I told him.
“Mr. Dick, I hope you don’t think I’m rude, but I’ve been thinking of your big cock all day and I want you to fuck me naked with it. Denni told me you were sterile, and I love the feel of hot cum spraying inside my pussy.
“Denni, make a video of his cock penetrating my pussy - but don’t get our faces,” Mom said as she stood and pulled Mr. Dick up to stand in front of her. Mom grabbed his baggy, oversize, wrinkled t-shirt and pulled it over his head and his big belly was whiter than I remembered. Mom pulled his elastic waist shorts down and off his butt and his long white cock jumped out. His butt and hairless legs are whiter than I remembered too. I must not have been paying much attention to all that when we fucked and sucked.
MAN - this old fart need some sun.
“DAMN, Denni was right - you sure have a nice cock. It’s hard already. I need your cock inside my pussy, Mr. Dick. Tell me which way you want me and lets get a good one, for our first one.”
“I last longer when I’m on my back. Let me lie down and you just ride all night if you like.”
I knew he’s already loaded his gun with Viagra. I sure hope he’s got a load or two for me. He may be old and worn out, but he sure has a cock that can shoot my lights out.
Mr. Dick lay back on some towels and mom was on him like a Pit Bull. She was straddling his big belly, sitting on that long white pole before he even lay his head down.
“FUCK, what a cock.”
“Thank you Ms. Walker, get all you want. I’m loaded and ready.”
I think he’s bragging, he must have chewed a handful of those pills. I could tell right away that mom loves naked cocks best of all, just like me. She fucked like a crazy woman and she made me proud to be her daughter as she rode Mr. Dick’s cock like the secretaries in Dad’s video rode Dad.
Mom got three comes, I counted them. I can tell when mom comes now, she locks her elbows straight as she pushes down and scrunches her butt muscles up hard when she starts to come. DAMN, I love my mom. She fucked Mr. Dick until he yelled at her to stop and let him rest.
When Mr. Dick rested, his long slippery cock never even went limp, and mom told me to fuck him.
Mom likes to see me fuck too.
DAMN, I like naked cocks just as much as mom and I fucked Mr. Dick really hard. I knew he wasn’t going to last as long as Bobby did and I wanted all I could, even if I did have to hurry and get it. Sure enough, by the time I got two comes and he got one - he was fucked out.
Oh well, it was good while he lasted.
Mom and I helped him get dressed and we put some robes on to help him to his car. I remembered his digital recorder and told him to wait and I’d get it.
“You can have it Denni. I hope you take lots of videos with it and bring them over to show me. I’ve been fucked down twice by you. Your mom is as beautiful and sexy as you said.

“Thank you for making an old man happy.”
I almost felt sorry for him, but I knew that in a few days he would be up and taking more pills, and trying to fuck young girls.
“DAMN, Denni, I wish I had known Mr. Dick when he was younger, I bet he could take on a dozen girls back then,” mom said when we went in to shower and go to bed.
We were both kind of still worked up, since we didn’t get to fuck as much as we wanted to, and when I touched mom’s pussy and she touched mine, we just rolled over and went at each other. Then mom pushed me back and started kissing my pussy, as she put her pussy over my face and let me suck her. Mom knows I like pussy as much as she does and we like pussy almost as much as we love cock.
I got three comes and mom got two, before we turned the light off and went to sleep.
Mel got home Thursday evening and she and I slept together at my house. We spent the whole night telling each other about the things we had done all week while we were apart.
She met two boys who live on the next farm over from her grandma’s farm and the three of them spent most of the three days she was there, fucking and sucking. One was seventeen and had his own pickup and they rode one night with her in the back and the brothers taking turns fucking her. She said they went through two dozen rubbers in three days.
I told her all about my three days and she was glad that mom had met Bobby and Mr. Dick. Now we need to get her mom fucked. We had been rubbing titties together and rubbing each others pussies as we talked, then we balled up and sucked pussy until we fell asleep.
We woke up twice and sucked some more, then once more before we got our showers and packed for the trip to dad’s cabin on the lake.

Mom dropped us off at his office and waited until we were inside before leaving. Ms. Linda was with her and they had packed for a two day weekend over in Dallas. They were as excited as Mel and me.
Dad’s office is on the third floor and Mel and I put all our bags by the front door downstairs as the security man looked us over. I told him I was Denni Walker and he started smiling like he was happy to see me.
Mel flashed her naked pussy and he was really happy to see her. I’m a good girl because I didn’t want to embarrass my Daddy, so I kept my skirt down. But I’m naked under it, like Mel.
When Mel and I went running through the door to Daddy’s outer office, I fell in love... I fell in love with the girl sitting at the secretary’s desk with the name plaque, *Jolene Annabelle McCoy*. DAMN, DAMN, DOUBLE DAMN and FUCK-FUCK-FUCK ... Jolene is beautiful - I mean she is fucking beautiful.
Mel and I both slid to a stop on the carpet and just stared as she turned to look when we came through the door.
“Hi, I’m Denni,” was all I could think of to say as I looked at her.
“Hi, I’m Mel,” Mel said, as Jolene stood up and ran to me.
I wasn’t sure what to expect, but she grabbed me like I was her lover and kissed me on my cheek as she hugged me to her great big titties which were pushing out the top of her sweater. I hugged her to me and Jolene isn’t wearing a bra. I felt for the strap and there wasn’t one. I am in love, and I hope she becomes my step-mom.

“Oh Jolene, I am so happy to meet you. You are so sexy and I hope you like me.”
I had read somewhere that you only get one chance to make good a first impression and I wanted her to like me so much that I couldn’t stop gushing my words as I looked into her eyes.
“Denni, I’m so happy to meet you, too. I hope you like me enough that you and I can be best friends forever,” she said as she hugged me again. Her voice was enough to make my pussy wet and I knew then I wanted her to marry my daddy and be my step-mom. FUCK ... she’s not many years older than me.
When she turned to look at me again, I kissed her mouth and tasted her lipstick.
“Give Mel a hug and a kiss Jolene, we’re best friends and we share everything, even kisses and anything else we can get a hold of.”
“WOW, Jolene you are fucking beautiful, I love the smell of your long blonde hair and you sure have some fine titties. I hope Denni and I get some like yours when we get older.” Mel’s always blunt like this.
“Oh Mel, I love you too. I am so proud of my titties ... look I don’t even have to wear a bra,” Jolene said and pulled her sweater up over her big titties to show us.
“WOW, Jolene I love your titties,” I said, and buried my face between them. These titties are *homegrown*. I thought at first she had some *store bought* titties, but these are so soft and sexy and I just had to suck one.
“Ooooooh Denni, stop that ... I’ll make a mess in my panties,” Jolene protested.
“You need to just give me those panties right now Jolene, Mel and I are naked under our skirts and we want you to be just like us this weekend. We love going without panties and being naked when we can,” I said as I lifted her short skirt. Mel saw me and she grabbed her skirt and held it up in back while I pulled Jolene’s panties off.
Jolene didn’t make us stop. I pulled her panties to my face and smelled them, then licked the wet spot, Mel grabbed them and sucked Jolene’s panties into her mouth like she had done with Erica’s that night.
I pulled Jolene’s skirt up in front and Mel was right there for me, she held in up and I looked at Jolene’s shaved pussy. FUCK, I bet my daddy loves fucking this pussy. It looks like mine, small and tight, except hers don’t have a hair on it. I had to have some of it. I pushed my face between her legs and sucked her pussy as she grabbed my head and pulled me closer.
I jumped up and kissed her mouth. She rammed her tongue into my mouth.
“I love you Jolene, please marry my daddy and be my new step-mom,” I told her and she sobbed as she pulled me to her. Mel was hugging both of us. She still had Jolene’s panties hanging from her lips.
“Denni, I love your daddy so much. He reminds me of my older brother and I want to be with him so bad, please help me get him to fall in love with me - and I’ll be your friend forever.”
“Do you live with daddy now?”
“Yes, since the first day I came to work for him. I gave him my cherry and I love him so much I hurt.”
“You’re going to be my step-mom. Get your sexy ass ready. We’re going to have a wedding and a honeymoon,” I told her and wiped her tears.
“I love you both so much, I’ll owe you forever if you can make this happen,” Jolene told us and smiled.
“Do you like pussy Jolene?” I asked, hell Mel wasn’t going to ask so I did.
“YES, I used to suck my sisters pussy and we’d eat each other all night, but she got married and we haven’t had a chance to be together in a year.
“I sure would love to eat yours and Mel’s.”

“Are you on the pill?” I asked. I hava a plan.
“No,” she smiled
“Good, we’re going to get my daddy to marry you and I want you to get pregnant as soon as you can. I want a baby brother so I can teach him to fuck - and my daddy always wanted a little boy. He’ll never let you go if you marry him and get pregnant.”
“I love you.”
“Lets go see my daddy, you just let me and Mel talk and agree with us, and back us up if we need it. You get ready to stop being a McCoy and become a Walker. Let me see you walk Jolene, and you better have an ass wiggling walk too,” I said and she and walked across the room.
Mel and I ran to her and we hugged, “Did I pass?” she asked.
“You passed the first time I heard you speak. I just wanted to see your sexy ass when you walk.”
“I swear if I didn’t know better, I’d think you two were my age,” Jolene said.
“Just wait until I start on my daddy and Mel comes in to help, you’ll think we’re only ten.”
“Denni, I love you. Lets go see your sexy daddy.”
She started to his office.
“WAIT,” I said, almost too loud.
“What?”
“I got one question and I need an honest answer and don’t even think, just answer.”
“OK,”
“Will you get mad if Mel and I fuck my daddy?”
“Heck no, I’ll help you! I always wanted my daddy to fuck me but I was afraid to try.”
“You’re getting a ring Jolene - lets go see Daddy.”
“Mr. Walker, your daughter and her friend Mel are here,” Jolene said in her soft southern drawl.
“Denni, come give Daddy a big hug, you sure are getting to be a big girl.”
“Oh Daddy, I’ll always be your little girl. I have missed you so much. Thanks for letting Mel and me come for a weekend. We both just LOVE Jolene, I am so happy that she’s going to the lake with us. Mel and I will have someone to talk to about all the things I feel embarrassed to talk to Mom about. We want to know about boys, Daddy.”
I almost laughed as I laid that roll of bull shit out. But Daddy did me proud, he gobbled it up like it tastes good.
“Well, I’m so happy Jolene said she’d go with us too and I’m sure she will tell you and Mel the things your mom would NEVER tell you. But, I’m not sure I want my sexy little girl knowing about boys yet.”
“Daddy, you know Mel and I need to know these things. We’ll be dating in a year or so and you don’t want some old boy to take advantage of us do you? I mean if Jolene shows us what to expect and you help with your part, we’ll know better than fall for the bull those boys put out.”
DAMN, I nearly choked on that. But Daddy was ready for us to learn.
“Jolene, you help these girls and I’ll give you a special reward,” Daddy said and I knew this was the opening I was waiting for. I’ll put the top layer on tonight, but this was the one that will get my daddy too loosen up.
I grabbed daddy and pulled him down to whisper in his ear, “Daddy, I sure wish you would give her a ring. She is so beautiful and I just love her sexy voice. I wish I could be just like her. I hope I have a body like hers when I grow up. I want a baby brother too Daddy, PLEASE?”

I really blew that one up and Daddy fell head over heels right into my trap.
Daddy grabbed my head and whispered in my ear “Oh baby, I’m so glad you said that. I love Jolene and I know she will love you too. Don’t say anything, but I bought her a ring yesterday, I was going to wait until we came back from the lake to give it to her, but I’ll do it this weekend. I want a baby boy too, Denni.”
I grabbed daddy and kissed him on him. He kissed me then looked up and pushed me back. He liked it though, I know he did.
I wanted to let Jolene know that she was going to be my step-mom. I couldn’t in front of daddy, so I ran to Mel and told her to hug my daddy and do everything but fuck him while I talked to Jolene.
Good old Mel, she always comes through for me and never says no. Of course, this time, she wanted my daddy to fuck her as much as I did, so she ran to him and I was almost embarrassed for daddy as she hugged and hunched his leg like a little dog.
“Jolene, you’re going to be my step-mom and you better have a baby boy - you’re getting a ring this weekend too,” I told her and she looked at me like she couldn’t believe me, then we hugged and looked at Daddy and Mel. Daddy had a hard on and Mel was massaging it through his pants.
Jolene pulled me back and whispered, “Denni, you just now got here, how did you do all that so fast?”
“Jolene, I see right now I need to give you a few lessons in how to use your beautiful smile and your sexy body to get what you want from my Daddy. I’ll help you this weekend.
“I love you Denni Walker.”
“I love you, Jolene Annabelle Walker, and I am so proud.”
“Jolene you help the girls get their bags in the car, I’ll be right down and we’ll leave.” Daddy told her.
“We’ll leave Lawton at 12:30 and be at the lake about 3:30.”
Mel and I got in the back seat of the SUV and Jolene sat up front with Daddy. It’s a little over two hours to Lake Arrowhead near Wichita Falls, Texas and Daddy said we’ll stop once one the way. Mel and I were so happy we were bouncing off the doors in the back seat.
Jolene turned so she could talk to us with her left knee pulled up in the seat. I leaned forward and looked down at her as she sat there. I saw her legs exposed all the way up to her naked pussy. I knew Daddy was going to get a good look at her pussy. I can lean just a little toward him and see her pussy from here.
I was sitting behind Jolene and when I leaned back in my seat, I propped my left foot up on the center console between the front seats. My mini skirt didn’t fall back as much as I wanted it too, so I just flipped it back over my belly with my hand. OOPS, that may be a little too much. I can see my own pussy.
I wanted Daddy to look at me in the rear view mirror and had to think of something good.
“Daddy, I’ll be fifteen in December and I can get my learners permit when I’m fifteen and a half, and my license when I’m sixteen. If I get a job, will you help me buy a sexy little used sports car for my sixteenth birthday?”
DAMN, I must getting smarter, that was my best act ever.
“Baby, you’re not driving some used car that’s not dependable. When you’re sixteen, we’ll pick one out that will last a long time. Then if you make really good grades and go to college, I’ll buy you a sexy sports car,” he said and I could have kissed his butt right then.

I knew when I turn sixteen, I'll get that new sexy sports car - and another new one when I graduate. I make A in all my classes and he knows it.
"WOW Daddy, thanks. Would you lean on Mel's daddy and tell him Mel's going to need some wheels soon. We know he makes lots of money like you do."
I laid a little ground work for Mel too.
"I need to talk to Ralph about that anyway.
"Mel, I hate to get personal, but does your dad send you some extra money?"
"He sends me some, but I'm older now and Denni told me that you really give her a good allowance. I need more too. It costs so much to be a teenage girl these days."
Damn, Mel can really roll out the bull shit.
"You're right, Mel.
"Jolene, when we get back to the office Monday, I want a joint account set up in Mel's and Denni's names at the bank with an initial deposit of five thousand dollars - and a weekly deposit of one thousand dollars. Get each of them a debit card. You'll need to call weekly to make sure they have money. Take the money out of petty cash each week and note it as personal expenses for Ralph and me."
Dad told her and Mel and I grinned at each other and locked fingers as we gave thumbs up with our other hands.
"I sure will Mr. Walker, you're the best daddy a girl could ever have. No wonder Denni worships you," Jolene turned to smile at me and I blinked at her, she's already on a roll.
I looked up to see Daddy adjust his rear view mirror. He looked back at me and smiled when Jolene said that, then he adjusted it just a little lower. I knew he was looking at my pussy. Then his eyes came back and met mine and I smiled at him. He smiled and looked back at the road. He reached over and patted Jolene on her bare knee and jerked his hand back real quick.
We stopped at a convenience store close to the state line and went to the restroom. When we got inside, we were laughing and having so much fun. I grabbed Jolene and kissed her again and she kissed me too this time.
Mel came over and pulled her skirt up and started hunching Jolene's naked butt from behind with her hands up under her sweater pulling her big titties and pinching her tiny little nipples. Jolene has the tiniest nipples I've ever seen - not that I am an expert on nipples - but I have seen a few in the past year - and especially this summer.
I bet my Daddy loves sucking her little bitty nipples.
Daddy drove really fast when we crossed the Oklahoma state line into Texas. We were in Wichita Falls in no time, and seemed like we got to Lake Arrowhead in just minutes.
I thought we were going to a small lake cabin, but we went to this huge lake house that was more like a mansion. Jolene told us Daddy bought fifty acres and all of it fronts the lake, what ever that means. But there were no houses anywhere to be seen, so we'll have all this part of the lake to ourselves.
There's a boat dock, but I didn't see any boats. Dang, I would love to learn to water ski. I'll get Jolene to work on Daddy to get us a boat so we can ride and ski.
Mel and I had fun exploring the house as Jolene and Daddy went out on the back deck and rested. Mel and I came back, and I saw them through the window. Daddy had her skirt up, rubbing her butt as Jolene kissed and hugged him.
We tried to sneak out and get a better look, but Daddy saw us and jerked away, knowing he'd been caught.

I looked at him and grinned, “Daddy, its OK. Relax and be yourself, you’ll have a lot more fun this weekend.”
“Denni, sometimes you seem much older than you are, and then sometimes you’re still Daddy’s little girl,” he said and hugged me with one arm as he held Jolene.
“Daddy, I will always be your little girl and don’t you forget it. I’m growing up, but I’m still trying to learn about grown up ways. That’s the reason Mel and I need to have some private time with Jolene, so she can tell us all about what boys like and don’t like. There’s still some things I might want to ask you Daddy, but I know I’d say it the wrong way because Mel and I are not sure about all the stuff we’ve heard from older kids.”
I thought Mel and Jolene were going to choke. Mel even had her hand on her throat.
“Baby, Daddy will always be here for you, no matter where you go. If you need to ask me things, just ask and I’ll do the best I can.”
He sure didn’t know at the time - he just walked into a trap.
“Well, since you put it like that, Mel and I do have some things we need to know but we’d like to wait until tonight to get serious, maybe when we’re all in your room, we can have a long talk.”
“Sure we can. You and Mel can ask me anything you want, when we go to bed, and I’ll try to help you. If I run into trouble with something, I’ll let Jolene take over.”
“Daddy, can Jolene sleep in your bed tonight too? Mel and I really like her and we want to be close to her. I sure would hate for her to have to sleep alone while we’re here.”
I knew the answer to this already.
“Well, if she wants to, I guess we would have room.
“Jolene, would you like to sleep with Denni, Mel and me? I mean, well, all of us want you to.”
“Thank you Joe, uh Mr. Walker. I was hoping I would get to.
“Thank you Denni, for asking.”
“Thank you Daddy, and thank you too, Jolene.
“Mr. Walker, Denni and Mel have asked me to go swimming in the lake with them, will you come with us?” Jolene asked as she still had her arm around my daddy’s waist.
“Yeah Daddy, Mel and I swim every day in our pools back home, but we’re afraid of the deep water in the lake. Will you go swim with us?”
“Sure, I’ll get my swim suit on and we’ll all go down, swim and relax for a while before we eat.”
When daddy went inside, the three of us hurried down to the boat dock and stripped naked. We were swimming and laughing, having a good time when Daddy came back. He saw all our clothes on the dock and looked at Jolene.
“Jolene did all of you have swim suits under your clothes?”
“No, Mel and Denni begged me to swim naked with them and I couldn’t resist. I hope it’s alright with you, since no one can see and they said they never get to swim naked at home. Please let them stay naked and feel like grown-ups this weekend.”
Jolene’s getting as good at this bullshit as Mel and me.
“Uh, are you sure? Well, I guess you can, just stay in the water if a boat comes by and don’t be flashing your naked butts at me either,” Daddy said. He laughed and the three of us clapped our hands as he dived off the dock in the water with us.
When daddy came up from his dive, Jolene, Mel and I had him surrounded, we were all over him and I could see him smiling. Still, he was a little hesitant about Mel and me being naked and rubbing our big boobs on his chest. Jolene had her huge titties

mashed up against Daddy and she was hanging onto his neck. I wrapped my legs around his waist and let them slip down. I wanted to reach down and feel his cock, but settled for letting my right leg drop down and move across his cock - that's sticking way out.
Mel's hanging onto Daddy's back, humping her pussy against his butt. My daddy's got a nice looking butt and Mel has always loved looking at him when he lived with mom and me. I've never really looked at his butt until I got to be a teenager, then I would love to catch him naked so I could see big cock and sexy butt.
I grabbed Jolene's arm and pulled her really close to Daddy. Daddy grabbed her and they hugged. I locked my arms around each of their necks and pulled them close to kiss.
"Kiss my Daddy, Jolene. Make him want you so bad he hurts.
"Daddy I want Jolene to be my new step-mom, and I want a baby brother. I want to watch you put him in Jolene's belly when we go to bed tonight."
"Listen to my daughter, Jolene. She wants what I want...
Will you marry me?"
"OH YES! I love you Joe!
"And I love you Denni."
Jolene hunched daddy from the front and Mel hunched him from behind.
I leaned close and Jolene saw me. She turned Daddy's head and I kissed his lips with my arm locked around his neck. Daddy kissed me and I felt his arm slip around my waist to cup my butt cheeks.
"I love my girls, and the one hanging on my back is making me so horny, I am about to have a blow-out."
We played and swam in the water for over an hour, each of us making sure we were always close enough to rub Daddy's butt or his cock. I love the feel of his butt when I run my hand up from behind and let my fingers slide into his tight crack. Daddy jumps and jerks, but I know he likes it because he always laughs and grabs at my butt. I caught onto him grabbing my butt and the next time I came up under him, I grabbed his cock and pulled it up, then cupped his huge balls as I kissed his cockhead under water. I kicked as if I were trying to get away, but I lunged through the water at Daddy. He reached out and I was there, he grabbed me and pulled me close to him.
"I love you so much Daddy. I am so happy to be here with you and Jolene. I love being naked with you too, Daddy. I feel like you're accepting me as a grownup girl." I hugged my naked titties to his chest.
"I love you too, Baby - and I love Jolene. You sure are being bold, touching Daddy's privates and pushing your, uh your breasts up against me."
"I love touching you Daddy. Do you like touching me?"
"Yes I do Baby, you are very sexy. You and Mel need to have a talk with Jolene about the things you can and can't do. Daddy wants you to be safe when you start dating."
"We'll talk about it tonight Daddy, then you can show us what you mean," I said as I ran my hand up and down his cock.
"OK Baby, you know Daddy can never tell you no," he said as he cupped my butt cheeks and pulled me closer. I opened my legs and trapped his cock between my thighs and hunched him before he laughed and pushed me back.
We went back to the house and showered, then Mel and I helped Jolene fix supper while Daddy made some calls on his cell phone. After we ate we went up stairs where there was a huge bedroom.

We saw a whole closet full of Jolene's clothes and we knew then, they come here a lot. We grinned and high-fived. I really like Jolene and I can hardly wait for daddy to marry her. I know she likes Mel and me too, because she was hugging and touching our titties when we were in the lake.
I'm so excited we'll be sleeping in the same bed with her and daddy. Already, I knew that Mel and I would get to see my daddy put his cock in Jolene's pussy. Mel was excited too and she kept asking me over and over if I was going to try to get my daddy to fuck both of us while we're here this weekend.
"Denni, you have him wrapped around your little finger. Jolene and your mom told you that. If you were to get him all excited, I just know he'd fuck both of us. Don't you just love your daddy's big cock?"
"I have a plan Mel, you just follow along and when you see me make my move, help me. Once I get his cock in my pussy, I know he'll be like Bobby and Mr. Dick, he won't be able to let go until he gets a good come."
"Do you think he'll be like Bobby and be able to fuck all of us?"
"I bet my Daddy could fuck a school bus full of girls like us."
"Yeah, I bet you're right too. I wonder if my Daddy can fuck girls like that. We need to make him take us to his house one night and check him out. I'm getting horny thinking about your Daddy and my Daddy fucking us."
"Yeah, I am too. Here comes Jolene and daddy and they're already feeling each other up. You get him to talk to you for just a minute. I'm going to get Jolene on our side. I know she'll help both of us fuck him."
"Ask her if we can suck her titties too. Hey, you may as well ask if we can suck her pussy. I bet she's got some good pussy don't you?"
"What are you girls up to? We heard you laughing," Daddy said as they sat on the bed.
"We were just admiring you and Jolene. Mel and I think you two make the best couple ever, and I'm so happy for you...
"Jolene, Mel and I are unsure about some sex stuff, can we get up on Daddy's bed and ask you about some things that we're not sure about?"
"Yes, you girls come over here and we'll have a good old fashion *birds and bees talk.*"
"Jolene, Denni was afraid to ask you this so I told her I would ask for her. I hope you and Mr. Joe don't think we're too young to know these things, but we really need to know. Our mom's just simply refuse to explain it all to us."
"Honey, you just come up here.
"Denni, get between your Daddy and me.
"Mel you come up here next to Denni and we'll try our best to make sure you know everything about being a girl and how to react when a boy wants to - *do things with you*."
"What was it you wanted to know, Mel - that Denni was too bashful to ask us," Daddy asked her.
"Well, Mr. Joe - we were kinda wondering about how your big dick is able to go inside a girls little pussy. I mean you are HUGE and we saw Jolene's little pussy and we doubted if you would never be able to get your dick inside her tiny pussy. Denni even wondered if she would ever be able to have a boyfriend or husband, because she is way too small down there, to take a man's big dick like yours, inside her."
"Uh well, uh Mel ... You see uh...
"Jolene - can you help me explain this?"

“I can try Joe, but I’ve never had kids, and my sister left home before I could find out everything about sex, I wanted to know. You may have to help me too, so we can get these girls educated. There’s no way a step-daughter of mine is going to start dating and not even know about how a boy puts his cock ... I mean his dick - well his *thing* in a her pussy, I mean ... You know what I mean...
“Joe, if you and I are going to help these girls, we need to talk like you and I talk when we’re alone, don’t you agree?”
“I agree Jolene, this is very embarrassing for these two girls. You and I have to be adults - now, you tell them the proper words.”
“The words you use when you and I fuck?”
“Uh, yes. Well, maybe not all of them - I mean, WELL - GO AHEAD!”
“Denni, look over at your Daddy lying there with his arms at his side, what do you see?”
“I see his pecker.”
“Are you afraid of it? I mean it sure is big,” Jolene said and Mel and I both leaned over to get a good look at Daddy’s cock as throbbed and bounced up and down.
“Heck no, we’re not afraid of it. We’ve both decided that my Daddy has a beautiful pecker.”
“Have you ever heard the word - *cock*?” Jolene asked.
“I have. It’s a male fowl,” Mel said.
“Yes and it jumps up and stands on a post and crows so the female fowl can see him,” I said.
“You’re both right, and a man’s cock stands up proud so the female can see it. Females love male cocks, can you both remember to say cock?”
“I can, cock, cock, cock,” Mel said.
“I sure can too, I love my Daddy’s big cock.
“Don’t you Jolene?”
“Honey, I love your daddy’s cock, too. I mean, yes, I really like it a lot.”
“Daddy?” I turned to look at him as he lay naked, looking across me and Mel, at Jolene.
“Yes Baby.”
“Can Mel and I get a good close up look at your cock, we both think it’s so beautiful.”
“Jolene?” Daddy said as if asking her permission.
“Yes Denni, you and Mel need to know all about a man’s cock. Each of you get beside your Daddy and look it over good. If you have any questions, just ask your Daddy. If he is too embarrassed to answer, I will.”
Mel and I were excited, I crawled across daddy’s belly, making sure my titties dragged over his hard cock. I almost got a come, it felt so good. I wanted to lay down with his cock between my titties and rub them all over it.
“Wow, Mr. Joe, it’s leaking something,” Mel said.
“It sure is, can we hold it up and see what that is, Daddy?”
“Girls, that’s known as pre-cum. It comes out of a man’s cock when he gets excited. Some say it comes out to help the woman become lubricated for the penetration of her vagina,” Jolene said.
“Vagina?” Mel jumped on that one real quick.
“Well, that’s the medical term for what you sometimes calls your pee-hole.”
“What does daddy call yours, when he sleeps with you?”
“*Pussy*.”
“Wow, can we call ours pussy too? I like that name.
“Look Denni, I’ve got a pussy.”

Mel is borderline over the top with this shit.
“Yes you both can call yours a pussy.
“Can’t they, Joe?”
“I think they’re mature enough to know all the terms Jolene.
“You girls have pretty pussies,” Daddy said.
“Thanks daddy, we’re happy you like our pussies. I want to hold your cock in my hand, may I?”
“Uh, Jolene?”
“Yes Denni, you and Mel just take your Daddy’s cock and look it over good. Hold it up straight and see how tall it is.”
Mel grabbed my Daddy’s cock and pulled it up straight, just like we do with Mr. Dicks cock when we fuck his big fat cock. I reached out and put my hand on top of daddy’s cock and rubbed it all over, smearing the pre-cum all over the smooth, slick head.
I slid my hand down and his skin came down too and Daddy moaned real loud. I slapped Mel’s hand away and we both jumped back like we had hurt him. I looked at Mel and she was grinning as Daddy’s eyes clinched tight.
“Daddy, did we hurt your cock? We’re sorry, it’s just so beautiful we wanted to rub it and feel how big and powerful it is.”
“No Hon, you and Mel didn’t hurt me. Daddy’s cock gets excited when someone touches, and you and Mel made it feel good.”
“Does Jolene make your cock feel good too, Daddy?” I asked, I was getting better at asking blunt questions, after being around Mel so much.
“She sure does and you and Mel made me feel just like she does.”
“Mr. Joe, can I hold it up again? I really like holding your cock. Does anyone ever taste the stuff that comes out the end?
“Denni - look at the little hole.
“Is that were your pee comes out? MAN, I would love to see a man pee.” Mel said and I gave her the hand to the throat sign.
“I love the taste of Joe’s cock, Mel. Since you and Denni are this close, I think you both should have a taste.
“Don’t you agree, Joe?”
“Jolene, if you say so. I see no reason the girls can’t satisfy their curiosity and get a taste.”
“Mel, it was your idea, you go first. I’m not sure I can get Daddy’s cock in my mouth.”
Mel leaned over and licked daddy’s cock, then smacked her lips. She licked her lips and pulled his cock over to suck the end of it. I watched as Mel sucked the big knob until I thought Daddy was going to shoot in her mouth.
“Daddy, does it feel good when a woman kisses, then licks and sucks your cock like Mel’s doing?”
“ARGGHH - YES. I mean it sure does Hon, and Mel is really good at making it feel good too,” he said and his butt raised up to make his cock go deeper inside Mel’s mouth.
“Here Denni - taste your daddy’s pre-cum. I could drink a gallon of it,” Mel said and pushed his cock over to where my face was just inches from it.
“Daddy, I want to get the big fat head of your cock in my mouth like Mel did, but it may take me longer. Is it alright with you, if I have to lick and suck you longer?”
“Sure Hon, you just take your time and learn how to do this. One day you will be glad you took time to get it right.”

I put my lips to Daddy's cock and kissed it with my mouth closed. Then I stuck my tongue out and licked it real slow. I smiled at daddy and licked it again, then sucked the end of it.
"I like this Daddy. I'm going to put the end of your cock in my mouth. I hope I make it feel as good to you as Mel did."
"Take your time, Baby. You're doing fine and it already feels good. Daddy likes to see his Baby girl with her mouth on his cock."
"Here goes, if it feels real good and tastes real good too, can I suck it for a long time and see if I can get it deeper than Mel did? You know how Mel and me always try to best each other."
"You just have fun down there. I love it, just don't try to go real deep. No one but Jolene has ever taken all of Daddy's cock in their mouth, and swallowed it."
"You mean Jolene can get all of this long cock in her mouth, and swallow it? Does it go all the way down her throat."
"Does it Jolene?"
"Yes Honey, I just open my mouth - and my throat, and let him ease his cock right into my throat. Then when his cock gets real deep I feel so good I get a come myself. That's when I swallow his cock, and let it go all the way down my throat. You be careful though, your Daddy loves that and he shoots bunches and bunches of cum down my throat."
She knows I'm going to swallow my daddy's cock and make him cum in my throat. My pussy is sopping wet and I want to finger-fuck myself so bad.
I sucked on daddy's cock and let it slip inside my mouth just a little, then I let the big knob go all the way in and sucked him some more. Daddy groaned and hunched his hips up to my face.
I raised up and grinned at daddy, "Daddy, I got the big end of it in my mouth. I hope it feels good because I want to get some more."
"Denni, you still have a ways to go - to beat me. You better open your mouth and push your head down on it."
I blinked my eyes and raised right up over daddy's cock. I opened my mouth and felt my jaw pop open as I lowered my head and took his cock to the back of my mouth. Daddy moaned and fucked his hips up, again and again, trying to get his cock deeper in my mouth. I had my hand on the bottom of it and wouldn't let it go deeper - yet.
"Denni, I am so proud of you, you have most of your his cock in your mouth. With a little practice, you could deep-throat your boyfriend one day," Jolene said - and Daddy took the bait.
"Jolene I don't want my girl deep-throating some skinny little horny-ass boy. She's doing great.
"Keep sucking Baby, Daddy feels really good."
I took my hand off daddy's cock and slipped it between his legs, under his heavy sack of balls, between his butt cheeks. Daddy squirmed and spread his legs wider and I knew he was just like Bobby - he likes his butthole fingered. I dropped my head and took all his cock in my throat.
He fucked his hips up hard and fast as I kept swallowing and sucking. I felt his cock swell - and he rammed his cock deeper. I rammed my finger in his butthole. Then he screamed and started coming like hell. I had to swallow real fast to keep up, but I took all he had and sucked him some more. I wiggled my finger in his butthole and he bucked and fucked his hips again and again.
"Baby, Baby, Baby! You are the best!

“Jolene, I could swear it’s you sucking my cock. My little girl is as good as you are. I am so proud of all my girls,” Daddy said, and pulled me up to lie on his belly. My titties felt like they were on fire when he pulled me up over his hairy chest. I raised up and let them come right next to his mouth and pushed them against his lips. I opened my legs and let his cock slip up against my pussy. When I pushed back, his cock was too limp to go in and I could have screamed.
“Daddy - suck my titties for me - they hurt they feel so good ... please?”
Daddy sucked my titties and I got two comes.
“Oh daddy that feels so good, it makes my pussy feel good too. Is that supposed to happen?”
“Yes Baby! A woman’s pussy is supposed to feel good when a man sucks her titties. I hope your pussy feel as good as my cock did when you sucked me off.”
“I bet it would if your cock was in my pussy daddy ... Will you and Jolene show us how a man and woman do it with each other?”
Jolene said, “Denni, we call it making love. Then when we get excited like your Daddy did while you sucked his cock, we call it fucking.”
She put her finger inside my pussy and fingered me until I got another come. Mel was behind Jolene and she was cupping her big titties and Jolene was bumping her butt against Mel’s pussy. I looked at Jolene’s slick pussy and saw Mel’s fingers working in and out as she finger-fucked Jolene. I leaned over and kissed Jolene on her mouth - Daddy moaned and kissed us both.
I felt Jolene’s finger move to the side, away from my pussy and she placed daddy’s cock at my pussy lips. I looked at daddy and smiled as I backed up just a little. His cockhead slipped inside my pussy and I kissed him. Daddy hunched my pussy and drove his cock deeper inside my pussy. I pulled Jolene over and she kissed and sucked Daddy’s mouth as we fucked against each other. I was coming like crazy, one come after the other as my daddy fucked me with his big fat cock. This was my dream come true and I knew he and I would fuck many more times, now that we’ve finally fucked the first time.
“She’s not on the pill Joe! Hold it, and cum in my pussy. I’m not on the pill either but you can put a baby boy in my belly right now, with your daughter’s cum on your cock, as she and Mel watch us fuck like animals.”
He told me, “Denni, get on the pill Baby. I want to finish what we started.”
“I got them Daddy, I just haven’t started taking them yet, Mel and I both want you to fuck us.”
“Get on top of me, Jolene. Get on my cock, I’m ready to put a baby boy in your belly.”
Jolene rolled over onto daddy and Mel was ready, she sucked daddy’s cock, then guided it right between her pussy lips. Jolene fucked my daddy like she was trying to make him submit. She fucked him hard and fast, then she sat straight up on his cock and rocked her hips as he shoved up to help her. I grabbed one of her big, swinging titties and Mel grabbed the other. We sucked her tiny nipples until she screamed as she and daddy shook with their orgasms.
“That was the best I’ve ever had. I sure love my girls ... Oh damn Mel, I love the way you clean my cock - suck me girl.”
I knew what Mel was up to, and sure enough, when she had my Daddy hard again, she crawled up and sat right down on his cock as I held it up for her. She was like me, she had to go slow and wiggle her butt, until she got all of him inside her. She got three comes - I know because Mel and I both know when we cums.

I saw daddy raise his butt like he was trying to get deeper and cum in Mel's pussy - and I pushed Mel off his cock. I reached for Jolene's arm and pulled her back on top of him and Mel was right there again to put his cock in her pussy. We watched as Jolene fucked him to another come. MAN, I sure will be glad when I can feel my daddy's cum shoot up inside my pussy. I sure hope Jolene's got a baby boy in her belly now.

Jolene, Mel and I went to Wichita Falls to get some stuff and she bought a box of condoms. I looked at her and Mel did too, then it came to us what she was doing as we grabbed her right there at the checkout.
When we got back to the lake house, Jolene told us to get naked.
"You two are going to fuck a him until he shoots his cum in your pussies, with a rubber on."
We stayed out of sight as Jolene got Daddy all hot and worked up and then handed him the box of condoms and called us. Mel and I walked into the room and daddy started grinning when he saw us. Jolene took her clothes off and sucked daddy's cock to get him hard, then she put a rubber on his cock and pulled me over on top of him.
"Fuck her Joe. She worships you and she wants to love you like a woman. Fuck her, and fuck Mel. The next time all of us come up here I hope I'm pregnant with our baby boy, and they're on the pill so you can shoot their pussies full of cum," Jolene said as she guided his cock to my pussy lips. I did the rest, I mean daddy didn't have a chance. I was so excited to get to fuck my daddy until he got a come inside my pussy. I was pretending he didn't have a rubber on.
Mel and I both fucked daddy twice that morning and then we cleaned up and daddy drove us up to Wichita Falls to go shopping ... something I had never seen my Daddy do. He walked with us into every store and bought me and Mel and Jolene so many clothes it took all four of us to carry them out to his SUV. Daddy bought us panties and bras and thong bikini's, he bought Jolene sexy night clothes and short skirts and tight shorts. Daddy took us to a big fancy steakhouse and bought the best meal Mel and I had ever eaten. We laughed and had so much fun. I really love my Daddy, and I sure enough love my new step-mom. She's so beautiful and sexy, and she makes my daddy feel young and happy.
I mean, well, I'll never love anyone like I love my real mom, but I had to make sure my Daddy is happy too. It wasn't my fault my parents couldn't get along, and got a divorce. I really believe mom and dad are better off and both are even happier now. I know I'm happier now that Mel and I finally got to fuck my daddy, and now he's going to marry Jolene.
When we left the lake house, Daddy told Mel and me that he'd call us in a few weeks and make plans for us to come back for Labor Day and we'd have another long weekend.
"Mel and I may be on the pill long enough by then daddy and you can come inside our pussies. I hope you'll still want to fuck us again."
"Denni, you and Mel hurry and get on the pill, Baby. When you do, just be choosy who you let inside those tight little pussies. Save Daddy some pussy too."
"Daddy, we will always let you have some pussy, you just take care of Jolene.
"Jolene - Mel and I love you."
"Denni, you're going to make me cry, now hush."

When daddy drove up in front of our houses, we had already talked and decided that he and Jolene sure didn't need to get out. Mel and I made two trips each to our houses and back to get all the stuff daddy bought us.
Mel and I walked around to say bye to Daddy and he pulled out two thousand dollars in one hundred dollar bills and gave us each a thousand dollars.
"You girls, take this. It will last you until Jolene gets your accounts set up this week. She'll mail you the debit cards when they come in and each of you will have one. If either of you ever need money, I don't care where or why - you call Jolene or me and we'll get it to you.
"Denni, you take care of your mom, she's a good woman - just a little strange.
"Mel, I'll have a long talk with your daddy and he'll be calling you soon. I love you, Baby - like you were my own daughter."
Mel was crying and I was too. I was so proud of my daddy and Mel too. I was proud of Jolene too.
We watched as they drove off and Mel and I ran to her house to see where our mom's were. They weren't there and we ran to my house. They weren't there either, so we called Donny and Ronny. Mr. Jim said they were at the gym so we just went to my room and got naked to count our money.
Mom and Ms. Linda came in later. We hurried and hid our money.
"Well hi Baby, I didn't know you were home. My goodness where did you girls get all these new clothes. Did your daddy finally break down and buy you some clothes?"
Mom is never polite about Daddy, but I still love her.
"He sure did Mom, and he bought Mel some clothes just like mine. We have plenty of clothes to wear to school now."
I was happy, and Mel and I both hugged her and held her for a long time. We wanted her to feel good too, we need to find both our mom's a boyfriend. We have already decided that we didn't want them to get married.
"Baby, I guess I was just jealous that you and Mel had a good time with your daddy. I'm glad you still love him. He needs to know you still care. You need to spend more with him, now that he's alone. You and Mel make plans to see him again soon, OK?"
"Thanks Mom, I love you so much for letting me love my Daddy."

On Monday we had school registrations. Mel and I rode our bikes to school with Ronny and Donny. We were only going to be there for a short time and Mel and I were feeling horny.
"You guys going back home when we get through?" I asked as we parked our bikes.
"Naww, I wish we were, but we got a swim meet this week and Coach said we had to practice our starts today," Donny said.
"Dang, we were wanting to fool around some, we even brought four rubber with us," Mel told them.
"Shit, will you let us see you tomorrow morning? We don't have practice until late tomorrow," Ronny told us.
"You've got a date. Can we meet at your house - say about eleven?"
"Our house it is. Dad's got a meeting all day," Ronny told us and we grinned as we made plans to fuck tomorrow.
"When you both get on those pills, does that mean we can come inside your pussy?" Donny asked.

“Hell yes, as long as you boys don’t fuck around and get some kind of disease,” Mel told them.
“We don’t fuck around - none,” Ronny said and Mel and I believed them.
“See you guys tomorrow, we’ll bring the rubbers,” I told them and we went to register for classes.
Mel and I have always had our classes together, but this year that crabby old bitch, Ms. Crutchner, the vice principal was determined to separate us as soon as we told her what we wanted. Mel wasn’t going to let her get away with it and I was afraid she was going to get us kicked out of school before school even started.
“You two young ladies can just take your papers and go see the new principal. I’m not going to put up with your smart mouths. They should have made me principal. I’ve been here fifteen years and they hire some snot-nosed kid to try and handle the unruly juveniles like you two - now get out of here,” she snorted at us.
“Fuck, Fuck, Fuck, Mel - we got problems girl,” I said as we walked down the hall to the principals office.
“Get in here Denni,” Mel said as she snatched me backwards into a doorway.
“What are you doing?”
“Get your bra and panties off. If that new principal is young and has a dick. We’re not only going to have classes together this year, but each year until we graduate,” Mel said.
MAN, Mel was mad and I knew better than argue with Mel Stormier when she’s mad. I pulled my panties off and slipped my little thin bra off as Mel did the same thing.
“Damn Denni, if we weren’t in a hurry, I’d suck your pussy, you look fucking - HOT.” I nipped her nipple with my fingers. We locked up in a heated kiss and bumped our pussies until we nearly got comes, then we stuffed our underwear behind some books on a book shelf, grabbed our little purses and walked out into the hall.
“Follow me Denni, I’ve got a plan and we’re going to show the new principal what the power of friendship means,” Mel grinned as we linked arms and marched down the empty hall to the administration offices.
“Good morning girls, may I help you?” The young girl behind the desk spoke when we walked in with our heads down and our eyes red from rubbing them until they burned like hell.
“Yes, Uh ... yes Ma’am - that woman down there - I mean Ms. Crutchner was mad at us and ... oh Ma’am I’m sorry, but I’m so upset ... I just can talk.
“Denni can you tell her what happened?”
Damn her skanky hide, Mel hung me out again!
I picked it up real quick. Hell I did it with my daddy and he’s a millionaire stock broker. I can get this pretty young woman to fall for my bullshit too.
“Ma’am, Mel and I are best friends, and we’ve always had classes together. Until now, and that old Ms. Crutchner told us we couldn’t. She was being mean to us and hurt Mel’s feelings so bad. We both make straight A’s and we have never made trouble in school. Our Daddies just divorced our moms and we really need to be close to each other. Can you help us please? Mel is like a sister to me and she breaks out in red whelps if we have to be apart,” Hell I didn’t know what to say, I was just throwing bullshit at her, hoping she’d fall for something I said ... Anything.
“You girls wait right here. I’ll be right back,” she said as she jumped up and ran into an office next to hers.
“Damn, she looks good Mel, nice butt and some fine titties too.”
“We’ll get that pussy before Thanksgiving, wanna bet?”
“Hell no, I’m not betting against you, you don’t play fair.”

“I always play fair with my best friend in the world.”
“I know Mel, and I love you better than a sister.”
“Don’t start that shit, I’ll really start crying - and you know it.”
I jumped up and we started hugging and crying so hard we were sobbing and gasping for air as we clutched each other.
I felt arms come around us from everywhere and looked up through my tears to see the young secretary and a big rugged looking young man standing next to us, hugging and trying to console us. Mel looked up at them, then at me and really started bawling then, she sounded like she was really crying too and I was about to start all over again until she ducked her head and winked at me.
Crazy ass silly girl - *My friend Mel*!
“Ginger, help me get them inside my office, then run get some water for them. We have to calm them down, these girls are about to hyper-ventilate. I remember that from my first aid classes.” t
The tall handsome new principal told the young good looking girl who was his secretary.
Mel and I both were wearing scooped neckline, pull over shirts that Daddy bought us and I knew the new principal could see both of my naked titties as I helped Mel walk into his office and sit on the couch. I squatted down beside Mel and he did too, right in front of me. I opened my legs - and he looked right at my pussy. I opened them wider and he looked up at me.
“Denni, is this the new principal?”
“Yes Mel, this is him. He’s so nice and handsome, he helped us in here to his office.
“Sir, I’m Denni Walker and this is Mel Stormier, we’re so sorry that we’re messing up your day, but we need help - lots of help.”
“What’s the problem girls? What upset you two like this?”
“Sir, Mel and I have lived next to each other all our lives and we’re like sisters. We have always been in the same classes and we make all A’s and we never cause trouble and we need you to help us, PLEASE.” I cried as I finished my rambling.
“Denni, if you’ll tell me what has happened to you and Mel, maybe I can help. Did some boy make rude remarks in front of you, or even worse to you girls?” He asked and I saw his eyes go back to my pussy. I know it looks good this morning. I shaved it when I took my bath.
I’ve got a pretty pussy and so does Mel.
“Well, when we stopped to register with Ms. Crutchner, she got really mad ‘cause she didn’t get the job you’ve got, and she told us we couldn’t have classes together, and we begged her to let us and Mel got all upset and she breaks out in red whelps when she gets upset, here look at her chest and her legs, you can still see some of them, even though she’s about calmed down by now.”
I pulled Mel’s shirt out so he could see her titties with her pink nipples swelled and poking out, like she was about to get a come. I pulled her mini skirt up and showed him the red place next to her hairless little pussy. She always gets red there when we ride our bikes. She only gets it because she always rubs her pussy on her seat so she can get a come.
“You girls just settle down and don’t get so upset you get sick. This is nothing we can’t work out. I’ve had lots of training in settling student complaints and you pretty little girls have nothing to worry about.
“Denni, can you cover Mel’s legs please, before Ginger comes back.”
“Sorry sir - Mel and I are so comfortable being naked with each other, I just forget,” I said as I smiled at him, then leaned over to cover Mel’s pussy.

She moved her legs just then and gave him a really good open shot of her pussy, and it made me want to kiss her pussy.
“Here’s two bottles of water from the teachers lounge, Sir,” Ginger said as she ran back into the room.
“Thank you Ginger. You’re very efficient. Will you close the door when you leave, these girls have had a very traumatic experience and I’m going to have to draw heavily on my training to solve this very first incident of the year.
“The future of my student/Principal relationship relies on how this is handled. I will confide the details to you when I have these girls calmed down and restored to happy students again.”
“Oh thank you Mr. Gallagher, you are so professional. I just know you can handle these girls complaints and make them happy. I have a call on hold in my office, but I’d like to come back and assist you, that is if I may. I’d love to get my, *on the job* training from someone as professional as you”
“Thank you Ginger, you are such an asset to my position, and I’ll always keep you informed of my decisions, so you will be abreast of the situations. Just tap on the door when you come back and I’ll let you in. I’d regret someone walking in while we’re in the middle of this student crisis ... someone like that old crab - Crutchner,” he said as he looked down at my titties.
I turned to watch Ginger walk out of the room ... MAN, that girl has a fine ass and a pair of legs that are as nice as Jolene’s. I’d love to see her naked and check out her titties and pussy. This is beginning to shape up really good. I need to get Mel a little more active, she’s just hanging on his neck and pushing her titties into his chest - she needs to do more.
I turned to Mr. Gallagher and grabbed his neck myself, sobbing my thanks to him as Mel and I both held onto him for comfort and support. I felt Mel’s hand on my butt. FUCK! She needs to be working on the principal, not me. SHIT, I’m about to get a come just from touching this young man’s body. I took her hand in mine and moved it down to his crotch. It sure didn’t take her but a second to get my message. With her hand right over his zipper, she pushed down as she raised up to push her titties against the side of his face.
I heard both of them making funny noises and looked down to see Mel’s hand. FUCK, I could see his cock standing up in his loose fitting khaki pants and Mel had a choke hold on it. It looked like a good one too. They were both mumbling, and I couldn’t make out a fucking word they were saying. I raised up and saw that Mel was about to smother the man with her titties pressed to his face, he looked like he was chewing her shirt and trying to talk as she thrashed and squirmed all over him.
Mr. Gallagher’s left hand was on my back and I really needed him to let it slip down to my butt. I eased up next to Mel then moved as if I were sliding from the couch we were sitting on. That did it, he reached to catch me and my naked butt was gripped by his big hand as he pulled me back up and against his chest. His fingers were in my butt crack and I was so slippery back there, he had to get another, deeper grip on me. I felt one finger right on my butt hole and another almost in my pussy. FUCK, I got a gushing come and really got wet then.
“Oh Mr. Gallagher, you’re so tall and handsome, you remind me of my daddy. You smell just like he did the last time I got to hug him,” I said as I squirmed closer, Mel on one side of his chest, me on the other.
“Thank you Denni, that makes me feel good to know that I can be a father figure for you. I want to be the best principal in the state. If we can get Mel to stop hyper-ventilating, we can all sit down and get this incident resolved. I can see that

Ms. Crutchner bears a grudge against me and the school board, but she'll just have to deal with it," he talked in his deep voice that just sent shivers up my back and across my titties until my nipples swelled and poked out - even more.
"Thank you Mr. Gallagher. We're so glad you're going to be our principal, and that you are so handsome and loving and understanding. We've never had anyone here at our school who understands the needs of us young girls. I wish you could be our friend as well as our principal. I just know that Mel and I could learn a lot about life and what it's like out there in the adult world. We've been so reclusive since our Daddy's divorced our mom's that we're afraid of men. You sure have made us feel different about that in just a short time."
I was on a roll and I knew it. He was gripping my butt cheeks and his fingers were scratching and clawing to get inside my pussy. I squirmed my butt just a little and felt his finger slip inside my slippery pussy. FUCK, he sure has LONG fingers. I didn't get to enjoy it long though, we jumped when we heard a rap on the door.
FUCK, I was just about to get a come too.
"Denni, will you let Ms. Ginger in please? Hon, she's a great asset to my position and I need her to be here as we try to resolve your complaints."
"Yes Sir, but I sure was feeling good with your arms around me, I feel so safe and secure. You are SO masculine and you make me feel things I never felt before. I sure wish Mel and I knew more about grown up things. We just feel like we're being left out."
I knew I needed to kick this up just a little more. I wasn't sure about what Ms. Ginger would do when she came in.
When I pushed back to stand up, I put my hand on his cock and I nearly pissed in the floor. Surely that's not his cock, I mean - it felt like a big fat baseball bat to me. I need to check that a little more. FUCK, now Mel's got her hand on him and she's about to wring the fucking thing off.
"Hi Ms. Ginger, please come in. Mel is really having a bad time because of this. I hope you can help calm her down."
"Thanks Denni. Let me lock the door and I'll be glad help any way I can. How are you feeling? I see you've been crying since I've been gone. You remind me so much of my younger sister. I miss her so much."
Ginger still had a grip on my hand as she closed and locked the door.
"Thank you Ms. Ginger, where does your sister live? I've never had a sister and Mel didn't either. When we lost our Daddy's in the divorces, we just sort of adopted each other and we've become so close. When Mel hurts, I hurt and I really hurt bad now that she's crying. Could I hug you again please? You feel so good and warm and I think you're so pretty. I hope I look as sexy and have a hot body like you when I grow up."
I wanted to get my hands on her hot body. I just bet, with a body like hers, she loves being touched all over.
"Oh Denni, my little sister used to tell me that all the time. She lives in Idaho with my mom, now that she and dad have divorced. I know just what you and Mel are going through. I just wish I could be with my sister. I know she hurts too. Come to Ginger, Honey. I love you so much, and you and Mel can call me anytime you need me."
She smiled and I grabbed her in a bear hug.
Ms. Ginger is short, maybe 5 ft. 2 at most and she has a small, round face and a pixie hair cut that makes her look so young and feisty. I just love this girl. She's wearing a button up light blue blouse and a dark blue skirt that comes just above her

knees. I knew if I could get her on the couch, I could easily have that skirt up to her panties.
“Oh Ms. Ginger, I wish you were my sister. You feel so good and warm and your body is perfect. I bet you have lots of boyfriends that just love to be seen with you. Oooooooh, I love it when you run your hands up and down my back like that. Would it be alright if I touched your back too? I’ve never had a sister and I never get any hugs, and I need so bad to feel loved and wanted.”
I heard Mel cough and start sobbing all over again, she was about to get completely out of control over there. Hell, I knew I was shoveling bullshit out, but it’s working.
“Yes Honey, you just touch me like you would if I were your sister. I love my little sister so much and I miss her hugging and touching me when I go home. I haven’t seen her in over a year and we email and text each other all the time ... but it’s just not the same. I could just kiss you, I feel so happy that you’re holding me.”
FUCK, this is even better than I hoped.
“I want to see your sister’s pictures. I bet she looks just like you and I bet she’s going to have a sexy body with big titties. Ooops, I mean breasts like you.”
I need to see just how far I can go and get away with it.
“I have lots of pictures of her on my computer at home, I’ll show them to you some time, you and Mel will have to come over and see me - we can be *sisters*.”
She was mine now. My pussy is wet all over again.
“OH thank you so much, Ms. Ginger. Can we sit on the couch? I feel so weak after all Mel and I have been through this morning. I’m afraid we don’t handle stressful situations as well as we should. But we have been denied the affection you and Mr. Gallagher have shown us this morning.”
“Sure Honey, come over here and we’ll sit by Mr. Gallagher and Mel. I see Mel has calmed down some, now that she is sitting on Mr. Gallagher’s lap and he’s holding her. He’s such a gentleman, and I know I’m going to love working with him this year.”
Ms. Ginger had her arm around my waist as she guided me to the couch. I wasn’t sure how we were going to sit, there was only two cushions on the small couch and we didn’t have much room. I grabbed Ms. Ginger again and she almost tripped. She sat down hard on the seat, close to Mr. Gallagher and pulled me down on top of her. I quickly made my way up to sit on her lap, scrunching her skirt all the way to her crotch as I did - while pushing my titties against hers.
Mel had her head down on Mr. Gallagher’s chest and I had mine down on Ms. Gingers titties, we looked at each other and grinned. Mel winked at me ... she knows fucking well that makes me mad ... I can’t wink back. We were sitting so close on the small couch, I had to put my long legs across Mel’s long legs, I made sure that her skirt was up over her naked pussy and she hooked the toe of her sandal’s in my skirt, flipping it up over my pussy. We smiled at each other again.
I started squirming against Ms. Ginger and she held me tighter, I wrapped my arms around her neck and she had to let go of my shoulder with one hand. Then I felt her hand rest on my naked thigh - and I glanced down.
FUCK, her hand is barely an inch from my pussy”
Ms. Ginger’s hand was rubbing my naked thigh and I wanted more. She’s about to drive me fucking crazy doing that. I twisted my lower body and her hand slipped into my crotch. She left it there and I hunched her hand. She rubbed my hairless pussy lightly with her fingers and I got really wet. My pussy was pressed so tight with my legs together, but I didn’t want to open them yet. I knew she’d want more.
“Denni, you shave your pussy too don’t you?” she whispered close to my ear - and I knew then - she shaves her pussy.

I turned my head and whispered in her ear, “Yes, do you think I’m a bad girl? I just hated it when that nasty old hair started growing on my little pussy. I love my pussy with no hair, do you shave your pussy too Ms. Ginger?”
“I do and when my sister saw me last year when I went home for a week, I had to shave hers too. Now she keeps her pussy shaved and even sends me pictures.”
“Oh, I bet she has a pretty pussy, how old is she?”
“She’s your age, she’ll be fifteen in January, and yes she has the cutest little pussy.”
“I really love you, Ms. Ginger. I am so glad that you’re going to let Mel and me be your sisters. Sometimes Mel shaves me and I shave her, I’m sure that makes us really bad girls doesn’t it?”
“No Hon. You and Mel have a special friendship, so enjoy it. One day you both will discover boys and you will move on to bigger and better things, but you will always love each other with a special love. Just enjoy being young girls. You have the world by the tail and you can get anything you want. Get it all while you can, Denni. You and Mel are still stuck between being a girl and being a woman. Men and boys go crazy around girls your age and will do anything to get your attention and anything to get you to like them. Take advantage of this time in your lives - it is SO very special.”
“Oh thank you so much Ms. Ginger. I could just kiss you. Mel and I kiss sometimes, just to see what it’s like to kiss, we wish we had a boy to kiss, one that wouldn’t hurt us or try to make us show our pussies.”
“I taught my sister to kiss. I know exactly what you mean. You and Mel are about to get the hang of it, just raise the stakes a little. When you get close to a man or boy, make them want to do things with you. Remember, you control the situation, you and Mel can decide who gets between your legs and who don’t. That, *baby-sister,* is the power we women have over men.”
Damn, this girl is smart. I thought I had it right, now she tells me that Mel and I have power over boys and men. I know Mel and I are on the right track.
“I heard someone use the term, power of persuasion, is that what it is Ms. Ginger?” I asked as I turned to get closer and her finger slipped between my thighs. I opened them and trapped her hand when she touched my wet pussy.
“Yes Honey, you have the power over men, like no girl I have ever seen before. You and Mel just need to use what you have. Denni, you even have me as wet as you are down there. Hon, you possess the power of a woman.”
“Wow, you really think so? I mean, you think Mel and I can use the fact that we have a pussy, we can get all the things we want from men and boys too?”
I pretended I was shocked to learn we possess this mysterious power over men and boys.
“Yes Baby, and you are the best, remember that. You can even get girls to love you too - you are that good.”
“Wow, I wish I could touch your pussy, I bet you have a cute pussy, just like your sister. Do you send her pictures of your pussy too?”
“I sure do, you and Mel need to come over to my apartment soon and we’ll look at all of them together.”
“Wow do you have a web-cam, is that what you use?”
“Yes, do you have one?”
“Yes, I just got mine this past weekend.”
“We can have lots of fun then, but you and Mel can never tell anyone.”
“Oh - I would never tell anyone. Mel and I were on her computer one night and saw a site where girls do nude web-cams. We couldn’t get in to see them, but I bet that was hot.”

“Yes, it’s a big turn-on for girls to do that.”
“YOU MEAN... ?”
“Yessss, and I love it.”
“Will you let Mel and me do one with you?”
“Really? You and Mel would do a nude web-cam session with me?”
“If you would let us, we would. Do you see girls kissing girls?”
“OH YES! And lots more too. Do you and Mel kiss and touch?”
“Yes. Have you ever kissed a girl other than your sister?”
“My college roommate and I kissed, and touched each other all over. Have you and Mel done that?”
“OH YES. I love Mel’s pussy and she loves mine.”
“Do you and Mel touch each other like I’m touching you?”
She wiggled her fingers in my pussy.
“GOSH yes and we love it, have you ever done that?”
“Not with a girl on web-cam, but I would with you and Mel.”
“I love you already, and I’m so happy that you’re my new sister. Can we try to see how Mel and Mr. Gallagher are doing? I mean, without interfering with them? Mel is like me - Ms. Ginger - she needs a lot of attention. From a special friend like you and from a father figure like Mr. Gallagher.”
“Should I reach across and touch her naked pussy? I can see it, she’s got it spread wide and Mr. Gallagher can’t see her pussy, the way she’s hugging him.”
“YES - touch her pussy, she loves that as much as I do, we love to kiss pussies too.”
We stopped whispering and I slid back just a little to let her pull her hand free. I hated for it leave my wet pussy, but I wanted to let Mel know we have a new friend - and sister.
Mel opened her eyes and looked at me when she felt Ms. Ginger’s hand on her naked leg. She thought it was me and I smiled and blinked.
FUCK, I have GOT to learn how to wink. I bet I could make a boy come in his shorts if I could wink like those skanks in the movies.
Her eyes popped wide open and I smiled as she looked down to see Ms. Ginger slowly run her fingers toward her pussy.
Mel’s legs opened wider and Ms. Ginger slowly ran two fingers right between her tight little lips into her pussy.
FUCK, I nearly got a come just from watching.
The way Mel was sitting, her legs are astraddle Mr. Gallagher’s cock and it’s sticking up really high, making his crotch look like a teepee between her legs. Damn, I bet he’s got one as long as Daddy’s.
FUCK, I wish I had my Daddy’s cock in my pussy right now. I’m so fucking horny.
Mel squirmed just a little and I saw Mr. Gallagher’s cock come up even higher when he got more room.
FUCK, I hope I get to see this thing. Damn that, I hope he fucks me with it. The damn thing is sticking up higher than Mel’s thighs, and I can even see it moving. I bet he has muscles on his cock like Bobby has on his legs and ass. My pussy is about to erupt like a volcano.
I twisted back to whisper in Ms. Ginger’s ear now, “Golly, is that his *thing* I see sticking up like that - between Mel’s thighs?”
“It sure is. I bet he’s got a monster cock, don’t you?” she turned to whisper back.
“Yeah, have you ever seen one that big?”
“Heck no, but I’d sure love to see his.”
“Have you ever had one in your pussy?”

“Yes, and it feels so fucking good, once you learn how to make it go inside your pussy just right, so it hits the good places.”
“Gosh, I wish I could feel that. Do you think my pussy is too small for one like Mr. Gallagher’s?”
“No Hon, even though you and Mel have really tight pussies, your pussy will stretch to take a cock - even a cock like that one we’re looking at. Hush girl - This is making me want to crawl on top of his damn cock and try it out.”
“If you do, I want to try it, too. Have you ever sucked a boys cock?”
“Yes and I love it - hush Denni. I’m about to get too hot and horny to control myself.”
“Will you teach Mel and I how to suck a boys cock one day?”
“Denni, Honey - I’m about to come!”
“Can I put my finger in your pussy when you come?”
“YES,” she screamed out loud and Mel and Mr. Gallagher jumped and looked at us. I had two fingers up to my knuckle in her pussy, with her panties pulled over exposing her hairless pussy, she has a cute one like Mel and me.
Mr. Gallagher looked down at Ms. Ginger’s naked thighs, then leaned over to see if I really was finger-fucking her pussy with two fingers. I saw his eyes follow Ms. Gingers arm to where she was finger-fucking Mel’s pussy. I was looking at his eyes when he looked back and our eyes met - for a long time.
I winked at him.
FUCK I nailed it too. I fucking winked like one of those old movie stars and it made my own pussy jerk when he winked back and smiled. No one saw it but Mr. Gallagher and me and I reached up to touch his lips.
“You are the best principal I have ever known and the best looking man I have ever seen. I hope you still like me. Mel and I need lots of love and attention and you have shown us today that the world isn’t all bad and full of hate. I just love you, Mr. Gallagher. You are my hero and I wish I were your little girl.”
I knew I had to go for the gold now or lose it.
“Denni, I like you and Mel - I like you both a lot. I’m glad that you both have calmed down enough to realize there really are good people in the world. People like Ms. Ginger and I, who love young girls and care about their welfare - and their personal feelings. I’m so glad that you both came to see me this morning. I’m glad to see Ms. Ginger step right up and help you feel comfortable with yourself and your body. I’m sure if we continue to help each of you, you will be able to shake off the fears of the adult world around you. I want you and Mel to trust Ginger and me - we will be your friends. You can both confide in us and tell us anything. I will see to it personally that both of you will be together in all your classes until you graduate from this school. I must ask both of you to never tell anyone about what has happened here today. Do we have a deal?”
“OH YES SIR!”
I kissed him on his lips. He leaned close and almost sucked my breath away.
FUCK, this man can kiss.
Mel told him, “Me too Mr. Gallagher. I want to kiss you too and thank you for helping Denni and me. We thought the whole world was against us when we came in here. You and Ms. Ginger are the best friends we’ve ever had. I want to be close to both of you.”
I grabbed Ms. Ginger and we kissed and hugged and touched each other all over, then Mel grabbed her while I kissed Mr. Gallagher and felt of his huge cock and his strong arms as we kissed.
He sucked the breath out of me again. I hope he likes sucking pussies.

“I hear Ms. Ginger’s phone ringing. You two run along and I’ll take care of everything,” he said and Mel and I nearly died with disappointment. They both saw the change in us and it was real, we weren’t acting now, hell we had hoped to get them both naked so we could all fuck and suck.
“Listen girls, I hate to ask you to go. But we need to be careful here at school.”
I caught that as soon as he said it, and Mel did too.
“Can we see both of you after school? We need lots more affection, and we love to touch each other. We need to learn how to touch boys and girls too. We know some of it, but we just don’t know enough to get it right and stay out of trouble.”
She’s right, we really do need more.
“I’m willing Mr. Gallagher - if you want to continue our counseling that is ... if only we knew of a safe place.” Ms. Ginger took the bait.
“We can go to my house after you get out of school, our moms are gone until tomorrow morning and this will be the first time we get to be alone together, we could all swim and counsel until we can’t counsel any more,” I told them.
BOY, you’d have thought I told them that they won the lottery.
“Give Ms. Ginger your address, we’ll be there about 4:00. Will that be alright? Do you have a garage so we can park inside and not be seen?”
“We sure do and I’ll leave it open and be right by the button when you drive in.”
“We’ll be there. Is there a privacy fence around your pool?” Ms. Ginger asked.
“Sure is, we swim naked all the time with our moms.”
Mr. Gallagher grabbed Mel and me both and hugged us to his lap, his long arms came around our waists and he slipped a finger inside both our pussies.
FUCK, I never knew they made fingers this long.
Ms. Ginger leaned over while we sat on his lap and she kissed us each on the mouth and rubbed her hand over his lips as he fingered us both to a come.
“Bye girls - remember our secret,” he told us.
“Can we see it at least one time before we leave?” I asked.
“Hurry, you little minx, I bet you could get your way a lot more if you used this charm on your parents.”
I grabbed his zipper and he raised his butt. I unbuckled his belt and opened his pants, as Mel pulled them down and Ms. Ginger was on his long fat cock like a bird on a worm. She had it in her mouth and was slurping and sucking.
I shoved her away and dropped my mouth all the way down over him, opening my throat to let him run deep. He started coming and I grabbed Mel and shoved her face down over his spouting cock. She swallowed and swallowed, then she grabbed Ms. Ginger and pulled her over his cock to take the rest of his come. I took my right hand and stuck my first finger in my pussy, then I stuck my second finger in Mel’s pussy and my third finger in Ms. Ginger’s. Mr. Gallagher watched me as I did this and then I put them in his mouth and he sucked them clean as he shot again in Ms. Gingers mouth.
I stood up with a big smile and wiped my mouth with the back of my hand. Mel saw me and did the same thing. We turned and flipped our skirts up over our naked butts and left them both laughing and bragging on how they had saved the two young girls who were barely hanging onto reality.
There was a Mexican custodian waxing the floor in the room where we had hid our bra’s and panties. He stopped his big buffing machine when we came in and walked to the book case. Mel and I were smiling as we pulled our bra’s out and took our oversize shirts off and put our bra’s on, then got out panties from behind the books and pulled our skirts up over our shaved pussies and pulled our panties on.

We turned to see the old man, who looked to be at least a hundred years old, dancing a jig in the floor as he turned the buffer on and sang some song in Spanish. I laughed and Mel did too and he grabbed his pants leg just above his knee and pulled his huge cock out against the pants leg. “Lo que es un gatito muy”, he sang and I didn’t know a fucking word he said.
Mel looked at me and I looked at her, without a word, we ran to him flipped the switch off and pulled him to the Custodian’s Storage room across the hall. Mel was dragging the old man, his shoes sliding on the slick waxed floor as I locked the door. I grabbed his baggy pants and stripped them down to his ankles and we both nearly fainted when his huge cock jumped up at us like a Cobra snake.
IT-IS-FUCKING-HUGE.
“Nombre,” he said.
“Huh?” I said.
“Pepe,” he said and pointed to his chest, then pointed to my chest and said, “nombre.”
I knew then. “Denni” I pointed at my chest, then “Mel” as I pointed to Mel’s chest.
“Deeni, Mail.” He grinned and grabbed at my titty.
Mel rolled a condom about half way down his cock and ran out of condom. The old man was grinning and his cock was bouncing as I bent over a table and pulled my skirt up. Mel pulled my panties down and the old man rammed me so deep, I thought I could taste his hundred year old cock.
He may be from ancient history, but that old Mexican showed Mel and me what fucking is all about. He fucked me from behind, then he twirled me around and picked me up and pulled me to his waist. His huge cock ramming back inside my slobbering pussy - fucking me with just my legs around his waist and him holding my hands as he went around and around, swinging me in circles.
He was still singing some song in Spanish as he pulled me up and sat down in a chair, taking my pussy for another ride on his giant cock. I felt his cum start, and my pussy was already in the middle of its fourth come by then. I just thought I was coming - all of a sudden I got such a come, I felt weak, and my eyes went blank for a second as his cock throbbed inside me.
Mel grabbed me and pulled me off his monster cock before the rubber blew up. She was ready with another one, and ready to fuck too. The old man was still grinning as she sat her with pussy on his cock and squirmed to get it deeper inside her. He stood up with Mel hanging from his long cock like a Christmas tree ornament. The old man held Mel tight by her titties and lay back in the tile floor. Mel was sitting up on his cock, a good six inches higher than his sack of balls.
I stood watching in wonder, smiling at the treasure we had found right here in school. He reached out and grabbed Mel’s foot, then he started turning her around as she sat on his cock, I mean he was spinning her like a merry go round on top of his tall fat cock. Mel was grinning as she went around the first two times, then she started going faster and faster. She was going lower and lower, as she screwed her way down to the bottom of his cock and hit his belly where he started bucking and she started screaming as she got one come after another until she fell forward between his legs - all fucked out.
I jerked her up and off his cock, just in time too - he was still shooting cum into the rubber and it just exploded and Mel and I both danced and tip-toed like ballet dancers to keep it from splashing on us.
We were laughing so hard we could hardly help him to his feet. He was grinning that same hundred year old smile as his monster cock slowly drooped to hang down to

his knees. He still had his pants around his ankles and he pulled them up and strapped his belt back tight on his waist. I took my panties and stuffed them in his pants pockets and Mel put hers in his other front pocket. We leaned over and kissed his cheeks at the same time and he pinched our nipples and giggled and said something in Spanish. He was saying and I still have no idea what, I only knew one word, “Gracias” I said as we left.
‘Luego, Pronto’ he kept saying.
Mel and I were skipping down the hall, we were so happy. When we were almost to the exit door, Mel grabbed my arm and jerked me to a stop, she was always doing that.
“What?” I asked, my hands on my hips, as she grinned at me.
“Do you think he moon-lights as a pool cleaner?” She grinned and we both doubled over laughing at the thought of him coming to our house to clean our pools. Our moms would never let him leave.
We hurried home and took showers together, washing each others’ pussies and rubbing them until we got our comes, then washing them again. We grabbed some snacks and went to the pool naked to wait for 4:00.
At 3:50, Mel and I were both standing at the door of the kitchen looking out toward the street. From here we can see over a half a block each way and she was looking one way and I was looking the other - well really we both were constantly looking both ways. I saw them slow down to turn in our drive and they never had to stop until Mr. Gallagher drove into the garage and stopped. He and Ms. Ginger were both smiling as they looked at us standing here naked.
They were out and walking toward us and I could see Mr. Gallagher’s big cock poking out against his pants leg.
“Get naked,” Mel said.
Like I said, she’s always been blunt, and they grinned as stripped naked in the garage, leaving their clothes lying on the concrete floor.
Fuck, I was right about both of them, Mr. Gallagher has a huge cock - not as big as Pepe’s - but almost. I really believe Mr. Gallagher’s may be bigger around than Pepe’s, but not as long now that I’ve gotten a better look.
Ms. Ginger is a doll. She’s short and her titties are big and her fucking ass is made for fucking. She’s smiling as we ran to each other and hugged.
“FUCK, Mr. Gallagher - you have a HUGE cock, OH MY GOD,” Ms. Ginger said and laughed. She was down on the floor in front of him in a flash, sucking his big fat knob and slurping.
Mel and I were behind her, we each had a big titty and we were working her nipples over. I reached down between her legs and cupped her slick pussy, sticking a finger inside her tight pussy lips, working it as fast as I could. We got her up and led them in the kitchen.
“Are you on the pill Ms. Ginger?” Mel asked and I knew she wanted to see Mr. Gallagher fuck her.
“YES.” She yelled and went back to slurping on his cock.
Mel and I grabbed her by her arms and pulled her up, we turned her and pushed her forward over the kitchen table and watched as Mr. Gallagher walked up and struck home with his huge cock sliding half way before he pulled back and rammed her again.
“OH FUCK, OH GOD DAMN, OH SHIT, FUCK MY PUSSY,” she yelled.

BOY, did he ever fuck her pussy. I'm kind of glad he fucked her first. He may have torn my pussy apart if he fucked me like that. But my pussy was slobbering as I watched Ms. Ginger take his fucking and beg for more.
Mr. Gallagher backed up and Mel and I turned her around, then pushed her back to sit on the table. Mel grabbed a leg and I did too and pulled her wide open. He walked up and put his cock to her pussy lips - while we leaned over to get a look. He slowly eased all of his cock into her pussy.
My pussy is going crazy. I want that cock.
Down little girl, you'll get yours.
MAN, did he ever fuck Ms. Ginger's little pussy. I was so horny I touched my pussy and as soon as I did, I got a come.
Her big titties were shaking and rolling back and forth with him fucking her so hard, and she's fucking him too. I could tell she loves to fuck because she's raising her butt to meet him every time, just like I had learned to do with Daddy.
While Mr. Gallagher was shooting his cum, his cock swelled up really big and I saw all sorts of big blue veins pop up on top and each side of it. FUCK, that thing is as beautiful as Daddy's cock. Mel and I are so lucky to find all these men and boys who love to fuck. I just wonder if all boys and men love to fuck like this. Mel and I have a lot to learn yet, but we have some good teachers, and I mean that literally.
Mr. Gallagher was still spurting his cum out when he backed up and he took his slick cock and spurted four big, long stringy shots all the way past her belly button. They no more than landed on her tan skin than Mel and I were licking them up. We now turned to his cock and with both of us sucking and licking, we soon had it cleaned off.
"I'm next, we got rubbers, we just now got our pills though and next month you can shoot your cum in our bellies with your naked cock, Mr. Gallagher," I told him as I slid my naked ass up on the solid oak kitchen table.
I looked up at him and he was smiling. I looked down at his huge cockhead, covered in thin rubber, aimed right at my tight little pussy. I felt it give as he touched my lips with the knob. I was looking down and grinning as I saw him push his cock inside my pussy slowly. It looked like my pussy was about to split at the very top where my clitty is. My little happy friend was being pulled in, with the size of this damn cock. I thought of my mom, and I knew she would love to fuck this cock. I'll make sure it happens too.
Mr. Gallagher was easing his fat cockhead in just a little at a time and it was almost too much. I was sweating and I was afraid he was going to tear my pussy. There went my happy little friend, all the way inside my pussy. There it comes back out now, oops there it goes, back and forth, inside my pussy and out. MAN, my little happy friend is taking a ride now.
Feels better too, and I'm no longer afraid he's going to tear my pussy up.
I'm usually really wet when I fuck, but for some reason I wasn't as slick now, maybe because I was scared of getting my pussy tore up. I leaned over and let a big gob of saliva run out of my mouth, right on top of his huge rubber covered cock and jumped when he, Ms. Ginger and Mel moaned and then all three dribbled spit on his cock.
My butt jerked and my pussy snapped and his cock went over halfway inside me. My little happy friend came back out and it was shining with all the drool covering it. My ass and my pussy was wild. I mean I couldn't control my muscles as I started fucking him like crazy as I looked down and saw him fucking my pussy. That was the problem, the rubber wasn't as slick as skin. I like skin better, but this big cock feels good now, rubber or no rubber.

I started to come and I got really, sloppy, shiny wet then and Mr. Gallagher shoved all the way to his hairy belly inside my happy pussy and I was coming so hard I almost fainted. Mel and Ms. Ginger were on each side of me, sucking my titties like I was giving milk. My pussy loves this and my little happy friend perked up and Mel rubbed it.
I woke up with Mel washing my face and Ms. Ginger washing my pussy.
“MAN, I love fucking big cocks,” I said and they laughed.
“Mel, I’ve got some more. Get your sexy little ass up on this table and let me have some of that cute pussy,” Mr. Gallagher sounded like he was just getting started.
MAN, I hope so. Now that he’s fucked me and Pepe has fucked me, my pussy will never be happy unless there’s a big cock close by.
Ms. Ginger rolled the rubber down over Mr. Gallagher’s cock and Mel was like me, she was almost hypnotized by the big monster easing closer to her tight hole. I leaned over and spit on her pussy and rubbed her, making sure I got her little friend happy. Ms. Ginger leaned over and raised Mr. Gallagher’s cock and sucked the rubber coated end, leaving a big sloppy glob of spit on it. She aimed his cock at Mel’s pussy. Her belly is jerking and her arms are trembling. When he touched his cock to her pussy, Mel spurted cum all over him.
FUCK, I’ve never seen her do that before, she must really be excited.
Mel made me proud. She looked up at Mr. Gallagher and with her legs wide open and her pussy dripping she said - “FUCK ME.”
MAN, did he ever fuck Mel. I was afraid he was going to hurt her, but she kept on saying the same thing, “FUCK ME - FUCK ME.”
Mr. Gallagher fucked Mel until she got three more comes. I can tell when Mel gets a come and she knows when I get one. When she started her third one, I leaned over and sucked her nipple into my mouth and pulled it with my lips as she screamed her way through that one.
Ms. Ginger was sucking Mel’s titty too, and when I saw her about to come again, I leaned close to her belly and licked her little happy friend and she blew a gasket. She sprayed her cum all over my face and all over Mr. Gallagher’s belly. When Mel cums hard like that, it even tastes better than a slow cum. Mr. Gallagher’s cock swelled really big and I knew he was about to blow. He jerked his cock out of Mel’s hot little hole and pulled the rubber off, shooting gallons of cum on her titties and belly - well maybe not gallons - but it was a lot. Ms. Ginger was sucking Mr. Gallagher’s cock while I licked and slurped Mel’s belly. Mel raked her fingers across her titties and got a big glob of cum and ate it like I was doing.
I saw Mr. Gallagher back up to let Ms. Ginger stoop down and suck Mel’s pussy.
MAN, she sure can suck pussy, I just know she’ll suck mine too before they leave.
We sat at the kitchen table for a while drinking cokes and resting. We’re best friends now and Mr. Gallagher and Ms. Ginger are treating Mel and me as equals. I love this and I love my new friends.
Mel looked at me and rubbed her belly. “I’m hungry lets get a pizza.”
We all shouted YES and Mel ordered it, we had money our Moms left us on the counter and when the doorbell rang, I had my shorty robe on and went to the door to get the pizza. I paid for it and the pimply faced boy never stopped looking at my titties where my robe didn’t cover them.
When I turned to close the door, he was still standing there staring with his mouth open, I untied my robe and let it drop to the floor.
FUCK, I love doing naughty shit like this.

The four of us ate the large pizza and drank another coke. When we had cleaned up the mess, we went out to the pool. I ran first and flipped all the lights off except the underwater lights, and we played and swam for over two hours.
I was so horny by then, I hopped up on the side of the pool. “Come fuck me with your naked cock, Mr. Gallagher. Just be sure and pull out just before you come. I’ve got to have that big naked fucker in my pussy without a condom, and I can’t wait another month.” He was right there with his huge cockhead pushing its way into my pussy once more.
“Denni, you’re playing with fire, you could get pregnant,” Ms. Ginger said. But I was too far gone, I had to get fucked by his huge naked cock.
I got two comes before he backed up and shot in Mel’s mouth.
Mel wanted to feel his naked cock in her pussy, and Mr. Gallagher was ready for her tight pussy. Mel started coming as soon as he was inside her. When he pulled out, Ms. Ginger took all his cum down her throat.
Mel looked at me and we high fived.
“Girls, I want to tell you something. This has been the most fun I’ve had since I arrived here for my new job last month. I hope you’ll both come see me at my apartment. The Boss over here, has already asked me if he could come over sometime. I’d like for all of us to meet at my apartment as many times a month as we can. I just love you both, and I love fucking you and sucking you and I know you girls have mastered the muscles in your pussies,” Ms. Ginger said.
“Wow, we love it, we’ll be able to get fucked with Mr. Gallagher’s naked cock in a month or so and we can all eat his cum off each other then,” Mel added.
“What happens if you two fall in love and get married?” I asked.
“We talked about that too. It will be later if it happens. But if it does, we still want to have you girls over any time we can get together,” Mr. Gallagher told us.
“Mel, I’m in,” I said.
“Count me in too,” Mel said and we high fived again - this time we all did it.
“What happens when you girls start dating? Will you forget about us?” Ms. Ginger asked.
“Heck no, if we really like the boys we date and date them steady, we may bring them by to see you.”
“You girls are going to have so much fun. You make me happy for you and I hope you both never get down and depressed like you were when we met,” Mr. Gallagher told us.
“OH - I promise you’ll never see us that way again, you have helped us *so* much in just one day. I just hope that if there are any other girls, among our friends, that get down and depressed, we can bring them to you,” Mel told them.
“We love all our friends and we love you both so much for what you did for us today, would you mind if we brought other girls to see you? You’re such a good team, you really do need to get married and help all the girls, like you did us,” I told them.
Ms. Ginger winked at me, and I looked at Mr. Gallagher and grinned. I slowly closed one eye - my other eye never flinching as I winked at them.
FUCK, I’ve gotten good at winking. I’ll have the boys shooting in their pants.
Mr. Gallagher and Ms. Ginger stayed until past midnight and we fucked once more and watched as Ms. Ginger sucked his cock and made him come. I wanted to take him in my throat, but I knew I’d get my chance.
On Wednesday Mel and I were home when the mailman ran. I went to the door in my thong bikini, that daddy and Jolene bought me. The mailman really liked it and I saw

him sporting a hard on. That's what Donny and Ronny called it yesterday, when they came over and we fucked all afternoon at Mel's pool.
I liked that, 'sporting a hard on' kind of sounds like a game to me.
I looked through the mail. I never get any mail but I look anyway. Today there were two letters and a package addressed to me.
"MEL, I GOT MAIL."
I yelled and Mel ran in screaming. She never gets mail either.
"Who's it from?"
"One's from daddy's office and one from some bank here in Lawton. The package says Singular Mobile, whatever that is. FUCK - MEL, I bet its our debit cards," I said as I tore the one from the bank open first. I was right, there were two debit cards in there, one with Melanie Lee Stormier and one with Denni Lee Walker. FUCK, FUCK, FUCK.
"Here's yours Mel, it says we have to dial this number and put this code in to activate them." I read from the cover letter.
Mel and I both took our cards and pressed them to our lips and kissed them.
"You call and activate yours first, Mel. I'll open this little package. I bet it's a sample of soap or something," I said as I pulled the brown paper from the box.
When the paper fell away, I looked at the box. It had a picture of a cellphone on it. I started shaking as I cut the tape that held the flap on the box. I opened it slowly and Mel was on the phone punching buttons as she leaned over my shoulder, watching as I opened the box. *There were two cell phones*. I looked at Mel and she looked at me. I was so afraid they had made a mistake and sent them to the wrong house.
I reached for the letter from Daddy's office and opened it so I could calm down. I may have to call Ms. Ginger and Mr. Gallagher to help me. I feel like I'm about to hyper-ventilate.
"Its from Jolene," I yelled and Mel looked at the letter.
"Read it Denni, FUCK what's this mail about all of a sudden? Do you think those phones are really ours?"
She's like me, she's afraid they're not and we'll be disappointed.
Hi Denni...
Hi Mel ... I know you're there too,
I hope you've gotten your debit cards by now. The bank said they were mailed yesterday. Both your daddy's told me to go ahead and put twenty five thousand in yours and Mel's account. Joe had a long talk with Mel's dad and her dad will call her Friday, and talk to her then. He's in New York now and he'll be back tomorrow night. You should have gotten a package today from Singular Mobile. Your daddy and Mel's daddy wanted you to have cellphones so they could talk to you and you can call them - as well as all your friends. I ordered them with long distance anywhere, unlimited minutes, unlimited data, and unlimited texting, so you both can burn the airwaves up with them. The bill will be automatically be paid from the office expense account each month so don't worry about that.
One more thing, each of will have a monthly limit of $1,000.00 on your cards instead of $500.00. Don't worry, I'll never let your account be overdrawn and I'll be the one to monitor the account, so you won't have to worry about your daddies snooping on your purchases. I will ask that you use good judgment though - and happy shopping. If you use the cards on the internet, be sure you use secure sites.
I missed my period yesterday and I still haven't started. I'll go to the doctor next week if I haven't started. I'll call you if I'm pregnant. Your daddy is hoping I am and I'm hoping too. We'll get married Labor Day weekend when you and Mel come up with

us. Her daddy and his new girlfriend will be there too, I hope that's alright with you, Mel.
Mel call me if it's not alright, OK?
I love you both so much and I haven't seen your daddy so happy since I met him. Mel, I have talked to your daddy twice this week when he called and he's very excited that you will be there Labor Day. Mel, he loves you so much.
Bye for now. When you get your cards activated and your phones working, call me at the office. I love you both like you were my little sisters...
Jolene

Mel and I spent the next hour bawling our eyes out. Not because we were sad, but because we were so happy and Mel knows now that her daddy really does love her.
We finally got over our crying spell and called to activate the cellphones, and my debit card.
I called Mr. Gallagher and Mel called Ms. Ginger, we both called their cell numbers and they were together at his home in the country. We had a blast, talking on the phones as we listened to each other talk.
We told them that our moms will be gone Friday night and we'd love to come see his new house.
"Can you spend the night? We have a hot tub and a pool - and there are no neighbors for miles," Ms. Ginger said.
"We'll be there. We have cellphones now and our moms can call us and we can answer no matter where we are," Mel told them.
"You sneaky little shits," Ms. Ginger said and we laughed.
We hung up and I called Mr. Dick, he didn't answer and I left a voice mail to call my new number.
I called Bobby Cenneli and he answered.
"Bobby, Mel and I have new cellphones and we called to see if you had a date."
"You don't? Do you want one?"
"Hey - if he's a brother of yours - he's fine with us."
"Mel wants to say hi, hold on."
I handed the phone to Mel.
"Two questions Bobby, do you have any condoms and does your older brother like to fuck younger girls with hot asses the way you do?"
Mel is still blunt with her questions.
Bobby said they would get a couple of dozen condoms and come by to get us in an hour. He said they would take us out to eat at a REAL restaurant. He told Mel that his brother has a bigger cock than his and he loves fucking hot girls with smooth pussies.
Mel and I took a quick shower and then shaved each others pussy. We were beginning to get a few stubbles. We dressed alike, with no bra. White mini skirts with no panties. We wore heels too. We were glad they're taking us out to a fancy, uptown restaurant to eat, and not McDonalds.
Bobby and his brother, were right on time, and they even came to the door for us. Tommy plays college football and he's a big ol' boy too. I got in the back seat with him, knowing all the time, Mel and I would swap back and forth with them, many times before the night is over.

Our Moms are out on dates too, and they told us to be home by 11:00, that they would be home by then and if we weren't home, they wouldn't trust us like this again.
I told Tommy we had to be home by 11:00 and he told me, "We were hoping you and Mel could stay out later, since this is Friday."
"Don't worry, we can all go to my room. You and Bobby can spend the night, if you want to."
"Yeah, and get caught naked in your bed."
"Our Moms know we like to fuck, and they'll be tipsy by the time they get home, anyway. They have dates with their two attorneys, who are a lot younger than our Moms. If I know Mom, all four of them will be in her bed fucking, and won't even know we're home."
"I've seen your Mom, and she's a damn good looking, very sexy woman."
"Where did you see Mom?"
"Bobby and I saw her one evening at a restaurant and he introduced me to her and Mel's Mom. Both of them look damn good - and boy, do they have some huge titties."
"Did Bobby tell you he fucked my Mom?"
"NO! Are you kidding?
"BOBBY! You never told me you fucked Shirley. I suppose you fucked Linda too, and didn't tell me?"
"Hey, don't get upset. Mel just told me that she and Denni will make sure we get fuck both their Moms."
I told him, "Maybe they will want to swap up with you and Bobby - and let Mel and me fuck their young attorneys?"
"You wouldn't get mad if I fucked your Mom? Dang, you and Mel are really neat girls, and you know what a man likes. You'll both be very popular when you get to college."
"Thanks - but Mel and I may not go to college. We're saving all our money and we're going to let our daddies invest it for us. We want to be millionaires by the time we get out of high school."
Mel heard me and said, "Yeah, and we may never get married either. We want to be mistresses, and get all the rich men's money without having to marry and divorce to get it."

Bobby and Tommy took us to the Outback. We've only been there once, and that was years ago. But we remembered the Blooming Onion, and that was enough to make us want to go there again.
Bobby was talking about getting one Blooming Onion for the four of us, but Mel told him they better order two, because we love those onions.
The food was delicious and we had fun there. After we ate, both of them were unsure about taking us back to my house and staying with us, since our Moms are supposed to come here later.
"Will you believe me, if I text Mom and tell her our plans?"
"If both of them say it's okay, then its okay with us."
Mel said, "Tell them they can swap up and fuck both our dates, if they'll let us fuck both their dates."
Tommy had a fuckin fit. Of course, he didn't know our Mom's, but Bobby has fucked my Mom, so he knows she likes to fuck as much as we do.

I sent the text, then showed it to Mel. She laughed and showed Tommy.
‘we will be in my room, if you and ms. Linda want to swap up and fuck some really young cocks. Tell your lawyer friends you have them some young pussy, and they’ll give you a better deal on your next business venture’
‘Linda said we’ll take you up on that, after we ride their cocks first. She said for y’all not to wear those boys out, she wants to find out what you, Mel, and I have been bragging about’
“So, what do you guys say? Do we swap up after both of you have fucked both of us? Or do you want to stay in my room and keep fucking?”
Bobby told me, “I would love to fuck your Mom again - and now that I’ve met Mel’s Mom, I would love to fuck her too.”
Tommy told me, “I’m in too, Denni. I get some pussy from four beautiful women and I don’t have to beg those stingy-ass college girls for a blowjob, or a feel of their pussy.”
“Bobby, you’ll need to park on the right side of the driveway, so they can park inside the garage. If I know our Mom’s, they’ll already be naked by the time they get home.”

Tommy had my blouse off and was pulling at the button on my miniskirt by the time we made it down the hall to my room. I stepped inside and turned the light on, wearing only my sandals.
“Loosen my sandals, unless you want me to ride your sexy ass with them on.”
He was kneeling on the floor, loosening the buckles on my sandals when Bobby picked Mel up and tossed her on my bed naked. I knew exactly where Bobby was going as soon as he leaped into bed with her. She was still bouncing when he pounced on her pussy, burying his face between her legs as she kicked and pulled at his hair.
I had just made a wish that Tommy would love eating pussy as much as Bobby, when he raised up and pulled me close to him. My wish was coming true and damn can this college boy eat pussy.
I fell backwards across the bed and he was on me before I could get my feet on the bed.
“I love your pussy already, Denni, and Bobby told me how much you love having your pussy eaten. Spread your legs, here I come again.”
“Eat me, Tommy. Then roll me over and eat me from behind. If you still want some more, you can have the *six*, if you’ll let me have the *nine*.”
“Hell Yeah! You’ll be my first to sixty-nine with, but you have the hottest ass I have ever seen, and I’d love to eat your ass and your pussy, if you’ll let me.”
“Eat me, damn it! As long as you don’t hurt me back there, you can eat my ass and my pussy all night. I love my pussy and I love my ass too!”
When he turned around to roll me over on top of him, I was expecting a long thick cock like Bobby’s. Tommy’s cock isn’t as long as Bobby’s but he’s got the fattest fuckin cock I’ve ever tried to suck.
Mel and I have fucked some skinny cocks and some long cocks. We’ve fucked some long fat cocks and some short fat cocks, but this boy’s cock will test my pussy’s ability to stretch and let him in.
By the time I got his cockhead inside my mouth, he had already sucked two comes out of my pussy. I was determined to get all of him in my mouth, then let him come in my throat like I did Daddy.

DAMN!
When I thought of Daddy's cock, I was so excited, I took all of Tommy's cock in my mouth and though it felt like my jaws were about to break, I sucked him until he screamed and yelled and hollered until I had to stop sucking and let his cock slip out of my mouth.
My mouth was still full of his cum when I asked him if I hurt him. He grabbed me and kissed me so hard and rammed his tongue so deep, I let him have all his cum, before I choked on it.
He raised his head and looked down at me. "Denni Walker, you are worth your weight in GOLD! I've had a dozen blowjobs and no one has ever taken my cock all the way inside their throat like you just did."
I wanted to tell him that his cock wasn't even close to my throat when he got his come, but I just didn't have the heart to hurt his feelings. After all, he does have a fat cock, though it's not hardly six inches long. My pussy is still jerking, just thinking about that fat sonofabitch pushing its way inside me.
"You can really eat pussy too, Tommy. You made me come twice before I even got your cock in my mouth ... I hope you fuck my Mom first, when we go in there and swap up. Eat her pussy and fuck her with your fat cock, and she'll probably cook your breakfast in the morning. But for now, I want to sit on your cock and fuck you."
"Come get you some, Baby. Then I want to tear into that sexy Mel's ass."
Mel and I had just fucked Tommy and Bobby the second time, and were ready to swap again, when they told us they had to rest. We went to the bathroom together, and Mom and Ms. Shirley burst into the bathroom - naked and laughing.
Mom told us, "If you girls haven't fucked those boys half to death, we're ready to tag you and swap cocks."
Ms. Linda told us, "If you girls play your cards right, you can pad those bank accounts nicely, about two or three times a month. Those two brothers in there are about to go crazy, wanting some young pussy. Make them pay for all of it, they are filthy rich and they love pussy."
I told her, "I know Mom has told you about Bobby's cock, and how he can fuck, but just wait until you tackle Tommy's cock. It's not as long as Bobby's, but he nearly broke my jaw, before I got the damn thing all the way inside my mouth. He can suck a come out of your pussy before you even kiss his cock, too."
Mom told her, "Linda, I'll take Tommy first, since I've already fucked Bobby."
Mom kissed me as we swapped tongues back and forth. "We want to know all about how you and Mel handle Blake and Brad. They don't have huge cocks, but they love eating pussy and they love talking dirty. Brag on their cocks and brag on how handsome they are. Like Linda told you - *they're rolling in dough* - and they love young girls."
Mom kissed Mel and Ms. Linda kissed me. We had never kissed before, and I laid one of my best on her.
"DENNI! You and I need to get together. Do you and Mel ever make out with each other?"
"We sure do, and we'd love to swap up with you and Mom anytime."
"I need to introduce you to Laura Landers. She's the granddaughter of Jake Landers who owns Jake Landers Dodge Dealership."
"I met his grandson a week or so ago, and though he's a tall lanky guy, he really does have a fine cock. I mean - FINE-FINE-FINE."

“I’ve seen him, but I’ve never spoke to him. Laura is his cousin, and she told me he’s just a tall, horny-ass kid who will probably never get any pussy. Oh, before I forget, *Laura looooves pussy*.”
“I’ll make it a point to meet her gramps and her too. I need to tell her a nice little fairy tale about her redheaded cousin, too.”

“Mel, did they give you the low-down on the two lawyer brothers?”
“Sure did, and if you’re ready to start padding away on your bank account, I am too. Damn all this fucking for free when we can get paid to fuck - since we love fucking anyway.”
“I met Mr. Jake Landers’ grandson while you were gone, and your Mom just told me she knows his cousin, who is Mr. Jake Landers niece. She told me that Laura Landers loves pussy and we need to meet her, and her Grandpa.”
“I’m ready, already. With your Dad and mine throwing money at us too, we could very well be millionaires when we graduate in two years. If we can find us a few more *young-dumb rich boys* who love young pussy, I know we can.”
“Mom told me that Blake has a bushy mustache and he knows how to make her pussy feel really good. I’d like to fuck him first.”
“Yeah, and Mom told me that Brad has a thin mustache, and a really long tongue, to make up for his average dick. She told me we need to really talk nasty to them, and we need to tell them how good they can fuck and suck.”
“Let’s get some - Bobby and Tommy have me primed, and I’m ready for some real fucking - and some real money too.”
“What would you do if one of them wants to fuck your butt?”
“They will have to cough up thousands and thousands of dough, to get their skinny little dicks in *my butt*. I plan to get all I can, with my pussy ... If they love oral sex, they better get ready to ante up big time.”
I was shocked when we walked into Mom’s bedroom to see the two handsome young men lying back on some pillows, with a sheet over them from their waists down.
FU-UCKKK! I mean, handsome is not the word for these two. I walked straight toward the other side of the bed when I saw the one with the thick mustache.
“Hi, Blake. I’m Denni and I love your mustache. Mom said you were a handsome devil and that you love pussy. I hope you love young pussy because Mel and I would love to be good friends with you and your brother.”
“Hellooo Denni! Damn, you are even more beautiful naked than you are in those photos over there with your clothes on. Come over and give me a hug and a little kiss. You and Mel came to the right place, if you want to be best friends with two brothers who know how to treat young ladies like royalty.”
“I’ve only kissed two boys, and they didn’t know how to kiss either. Mel and I have been practicing with each other. I hope I don’t disappoint you.”
I pulled his sheet back and leaned over to mash my titties to his chest, then let him pull me closer. I held back and he leaned forward to let his lips touch mine.
“OH FUCK BLAKE! You make me feel so good. Kiss me again, and this time kiss me like Mel and I kiss.”
“Come up here and lie on top of me. I’ll never hurt you, or do anything you tell me you don’t like.”
“You mean, let my titties rest on your hairy chest?”

“YES! OH HELL YES! I love your perfect breasts. I hope you like to have them touched.”
“Mel and I touch each other, and we even suck titties at the same time. I was going to let one boy fuck me, but he shot his stuff all over my titties and my belly. He started wiping it off, as he apologized, and I could have screamed at him.”
“That was so juvenile of him. You need a man to teach you about sex.”
“Will you and Brad take time to teach Mel and me how to fuck and suck a man’s dick?”
“We would love to. I can assure you, we would never spray cum all over you like that kid did.”
“OH - I LOVED THE FEELING OF HIS CUM ON ME! I wanted to lick it up, but he wiped it off before I could. I could have killed him for that. I’ve never tasted cum and I wanted to eat his cum so bad.”
“OH WOW! FUCK! Did you really? I mean, damn I would love to see you lick my cum. I would even pay to see that.”
“YOU WOULD? I mean you’d pay me to lick your cum and swallow it?”
“DENNI - DEAR INNOCENT DENNI! You are a treasure. Would you and Mel be willing to let Brad and me tutor you both in the art of making love?”
“Would you pay us for that too? I would love to learn how to suck your cock. Do you let the girls swallow your cum, when they suck your cock?”
“YES! That’s what I’m talking about. We would be willing to pay you a lump sum, or pay you so much a week. Of course, you would have to swear to keep this a secret.”
“Did you say you’ll pay us a lump sum up front, then pay us so much a week? And we get to fuck both of you, and suck your cocks too. Oh, I hope you let us swallow your cum. We want to learn all about that.”
“How about a thousand apiece up front and a thousand apiece each week?”
“We read one story where a two sisters our age were each paid five thousand up front, and five thousand apiece each week. But they had to let the two brothers fuck both of them and the brothers would get to eat their pussies anytime they wanted to.”
“HELL YES! We can do that too.”
“Kiss me, Blake. I think I’m going to love my new friends.”
“Just relax your lips and make then soft ... Not too soft. That’s it, now press your lips to mine and pretend I’m Mel as you kiss me like you kiss her.”
Blake & Brad Cannon.
“OH WOW, BLAKE! That was some kiss.”
“Denni, that was some kiss you put on me too. You and Mel must really love sex with each other.”
“We’ve never done anything but suck titties and kiss. We would love to learn all about eating pussy like they talk about in the books we read to each other. Could you and Brad teach two girls how to eat pussy and show us how to really get nasty while we fuck and suck each other? We would love to use all we learn on you and Brad, once we know how.”
“OH DAMN! WHAT A TREASURE! Yes, we would love to teach you how to eat pussy and make love to each other.”
“Would you teach us how to suck a dick too? Already, we want to suck your dick and Brad’s too.”
“YES! We will teach you all about sucking and fucking too.”
“Would we have to pay you to teach us? I mean, since y’all are paying us - we wouldn’t make that much, if we have to turn around and pay you.”
“OH NO! We’ll pay you extra, each time we teach you a new lesson.”

“Really? Is it worth a lot, for a man to have his dick sucked, and for a girl to let him suck her pussy?”
“OH HELL YES!”
“Can we start now? I see Mel and Brad are really kissing and he’s even sucking her titties when she raises up. He must be paying her a lot, the way she’s going after him ... Oh I see now - look at that - he has his dick pressed against her pussy. I think I’d like to do that too.”
“Come to me, Baby. I’ll make you feel good all over and I’ll teach you how a girl gets an orgasm.”
“OH HELL YEAH! I want to orgasm so bad. Mom said you made her orgasm lots of times when you ate her pussy. Are you going to eat my pussy and make me orgasm?”
“YES! Let me roll you over so I can get between your legs. Pull your legs up with your knees wide apart. I love pussy and your Mom told me I was good at eating her pussy.”
OH DAMN! This guy has a tongue longer than his dick. He knows how to use it too. I thought I would have to fake it, but I’m about to get my first come with him eating me... “OH FUCK YES BLAKE! Eat my pussy. I’m about to get my first orgasm ever.”
“Let your cum go, Denni. I’ll show you how to get many more orgasms as we make love to each other.”
“Is there any way you and Brad can teach us how to fuck and suck like nasty-ass whores, and still love us too? I would love to make you want me so bad, you’d force me to take more money. Teach us how to be your whore, and we’ll fuck you and Brad at the same time.”
I felt his skinny little dick pushing against my pussy and I tried my best to keep him from slipping inside me too quick. I sort of twisted my body and made his little dick push against the side of my pussy.
“YES! I love the way your big dick pushes against my pussy. I’ve never fucked before, but you make me want to give you my cherry.”
“YOU’RE A VIRGIN?”
“Yes, are you disappointed? I would love for you to fuck my pussy deep, and help me get rid of that horrible old hymen in my pussy. I’ll even pay you if I have to.”
“OH DEAR SWEET INNOCENT GIRL. Let me have your virginity right now and I’ll pay you and extra five thousand dollars!”
“REALLY! I have to tell you, when Mom took me last month to get an exam so I could start taking birth control pills, the doctor put her finger in my pussy and told me that I must have broken my hymen riding my bicycle, since I only have a partial hymen.”
“That’s great. Now we won’t hurt you when my cock goes inside your pussy.”
“YOUR COCK? Is your dick really a cock? A cock is bigger than a dick, isn’t it?”
“Yes, and I hope you learn to love my cock. If you and Mel will agree to let Brad and me be the only lovers you and Mel have, we’ll pay you double for your hymens right now, and for giving us exclusive rights to your pussies until you turn eighteen, we’ll pay you another thousand a week - each.”
“OH WOW! You are so generous. Yes, I love you already and I want you to fuck Mel and me and make us your whores until we’re eighteen. We want to learn how to make you and Brad love us even more, and pay us lots of money, just like we’re your mistresses.”
“OH HELL YEAH! Here comes your first cock, you hot-ass young whore! Take my cock and fuck me like the whore you are.”

He didn't even have his dick in my pussy. It's sliding past my pussy, against my thigh, where my pussy has leaked all over him. Damn, the least he could do is fuck me.
Good thing I told him he didn't need a condom yet. Now he'll think he just shot his cum inside an underage teen pussy.
"Oh your cock feels so fucking good going in and out of my pussy. I feel like I could get my orgasm, it feels so good."
"YES! OH HELL YES! I just broke your hymen as I got my come inside your pussy."
"DID YOU COME INSIDE MY PUSSY?"
"OH HELL! I forgot to stop and put a condom on my cock! I was too excited, and you made me feel so damn good. Maybe you can take one of those, Morning After Pills."
"YES, I've heard of those. I'll go to the drugstore tomorrow and get one. Do you know how much they cost?"
"I'll give you and extra thousand before we leave in the morning."
"An extra thousand?"
"Yes, Brad and I will pay you and Mel in advance. We want to be sure you and Mel never even look at another man."
"OH BLAKE! You just made me orgasm again. I love you and I love your cock."
"I love you too, Baby. Now you go love Brad and let me love Mel."
Mel and I looked at each other as we swapped lovers. She nodded toward Brad's dick. Damn, his dick isn't even as big as Blake's dick!

Neither of us had to make them stop and put a condom on. They never did get their dicks in our pussies. What they're both good at, is eating pussy. Damn, those brothers know how to eat pussy.
Mel and I woke up early and the brothers were not in the room. We looked in the bathroom and they weren't there. Mel went to look in the garage and I went back to Mom's room.
When she came back, I was counting out one pile of money, and pointed to the dresser, as I kept counting.
"They're gone. The least they could have done was eat our pussies again before they left. How much do you have?"
"Twenty-five thousand even. DAMN! Count yours and make sure you got the same, or we'll ask for double next time."
I went to the kitchen and got a plastic grocery bag to put her money in.
"Twenty-five thousand! Damn, that was wild. But the only time we'll fuck for fun from now on will be with Bobby, Tommy, Ronny, Donny, Mr. Dick, our Dad's - and maybe another stray cock or two that we haven't discovered yet."
"I know one you haven't discovered yet, and his is even bigger than Mr. Dick's cock."
"OH YEAH? We need to check that out, since you've fucked him and I haven't."
"I'll call Jake and see if we can come over."
"Jake who?"
"Jake Landers, his gramps owns the Dodge Dealership, and your Mom told me last night that I need to meet Laura Landers too, Jake's cousin. She loves pussy."
"Hey. WTG. Call your friend and set it up. I need some real cock that can go deep enough to scratch the itch that's still in my pussy."

“Hello, my name is Denni Walker and I’m a friend of Jake’s. Is he home?”
“*Hello, Denni. I’m Ellen Landers, and Jake has told me all about you. He’s in his room, I’ll tell him you’re on the phone. I hope I get to meet you soon, Jake told me you love to swim naked.”*
“I love being naked all the time, and I love swimming naked too. He told me that you swim naked sometimes. He told me you were so beautiful, but you are even more beautiful when you’re naked.”
“*He tells me that all the time too. Hold on and I’ll tell him you’re on the phone. Hope to see you soon.”*
“Maybe I can get my best friend, Mel to come with me. She loves to swim naked and she loves me too ... UH OH, I didn’t mean to let that slip.”
“*That’s alright Hon. I love girls and boys too. Tell Jake you and Mel want to come over and swim, then make him take you down to see his Grandpa Landers. I love that man and I’m sure he will love you and Mel too. I’ll tell you more about him when I see you ... Here’s Jake now, and he wants to know who I’m talking too.”*
“Tell him it’s his new pussy and I need some more loving.”
“*Here he is, I can’t wait to meet you.”*
“*Hey, Denni. I’m glad you and Mom hit it off so good. I thought she was going to ask you for some pussy over the phone.”*
“Hey, Jake. I love your Mom already. I hope she likes my pussy as much as you do. I called to see if Mel and I can come over and swim with you and your Mom.”
“*Heck Yeah! I wish you were here now and naked already.”*
“We’ll be there soon. Oh, I wanted to tell you too. A friend of mine told me that I need to meet your cousin, Laura. She also told me I needed to meet your Grandpa, that he loves teen girls.”
“*Wear something sexy, and we’ll go see Grandpa and Laura too ... I don’t think Laura likes me that much, but she will love you and Mel.”*
“She will love you too, before this day is over. See you soon.”
...”Mel, let’s get a shower and get our miniskirts on. We’re going to have fun today.”

Jake was standing out in the yard when we rode up to stop next to him.
Just as I made my skirt flip back over my knees, I whispered to Mel, *‘Show him your pussy’*
“Hey Girls, I love the presents you brought me.”
“Hey, Jake. This is my *Best Bud*, Mel Stormier - just Mel will do, because we’re all going to be best friends.”
“Hey Mel. I’ve seen you many times with Denni, but I never was brave enough to say anything.”
“Hey, Jake. I’ve heard some nice reviews about you. I hope you’re willing to share with me, like you did Denni.”
“What’s mine is yours ... I want to tell both of you something - I have never had a girl want to be my friend, and I’m nervous as hell, standing here with two of the most beautiful girls in this town smiling at me, wanting to be my friends ... Now that I’ve got that out of the way, Mom wants to meet both of you.

“Denni, you made my Mom laugh, and she hugged me, just because a girl was coming to see me. She will love both of you, if you’ll let her. She’ll swim naked with us too, if you tell her you want her to swim naked with us.”
Mel asked him, “If I ask you to fuck me in front of her, will your Mom be mad?”
“DO IT! She’s so much fun, when I can get her to have fun with me.
“Denni, If Mom gets naked with us, I wish you would kiss her and pull me close, as she kisses you. Mom looks good naked and you won’t believe her titties are real and not bought...
“Kiss her nipples and she will smother you in kisses.”
“If I kiss her pussy, will she push me back?”
“She will probably pull you out of the water and kiss you all over.”
“Let’s go get your Mom to play in the pool with us. I love her already.”
“She already loves you too, and she will love Mel too, because y’all love to laugh and have fun, and you’re not stuck up like all the other beautiful girls in school.”

“Mom, I want you to meet my two new friends, Denni Walker and Mel Stormier. They told me they want to be your friend too. I told them, you’re not only my Mom, you’re my best friend.”
“Denni, Mel - meet my Mom - Ellen Landers.”
“Ms. Ellen, may I have a hug? I love that dress on you and I love your long hair too.”
“Hug me, Denni and please excuse me for not wearing a bra. Jake fusses at me when I wear one.”
“Oooooohhh, I love your big titties. I hope mine get as big as yours and never need a bra. I bet when you swim, you swim naked like Mom and me, don’t you? I see your tan.”
“Goodness Denni. You sure do have some high firm young breasts too. You may need to stop wishing, or your breasts could be even larger than mine in a few years.”
“I wear a thirty-two bra, but Mom says I’m actually thirty-three. You must be thirty-six.”
“I am exactly thirty-six.”
Jake told her, “Show’em your titties, Mom. Denni and I swam naked as soon as we met, and she told me then, she and her friend Mel never wear bikinis when they swim.”
“She us your titties, Ms. Ellen and we’ll show you ours. You know Jake wants to see all of us naked anyway.”
“Jake would never wear clothes if he didn’t have to ... I wouldn’t either though. Here goes, I hope you’re not shocked that I shave my pussy.”
We were still in their kitchen when we dropped our clothes in the floor. WOW! I loved Ellen Landers titties. She’ll never need to have that operation on her big titties. I couldn’t resist, I had to hug her naked.
“Hug me again, Ms. Ellen. I love your sexy body and I love your titties as much as I love my own. You can see my shaved pussy too, and your pussy is so cute, it makes me want to kiss you right on your pussy lips.”
Mel told me, “Kiss her pussy, Denni.”
“Kiss Mel’s pussy, Jake. Then lets get in the pool and have some naked fun...
“I want to know more about your niece too, Ms. Ellen.”
Ms. Ellen Landers can really swim. She hardly even makes a ripple, she swims so smooth. She may be a pound or two overweight, but it looks damn good on her.

She’s tan all over too, even in her butt crack - I got a good look at her butt, as she bent forward to dive off the side of the pool.
Her pussy doesn’t look any larger than my tight little pussy, and I’ve just now started fucking on a semi-regular basis. I wanted to kiss her pussy as soon as I saw it.
Jake? Well, Jake is another story altogether. He’s a tall lanky, redheaded boy - and though he has long legs, a huge cock, and a small, tight butt, I can tell he has something going on with his body that’s going to make an appearance real soon. I know boys’ bodies as well as I know my own body. Jake Landers is on his way to becoming one of the most popular boys I know. He could possibly be the next *Bobby Cenneli* in our school, and I just want to be one of his friends, because I know he’s going to have girls following him around like a momma dog with a litter of hungry puppies, whimpering along behind her.
That reminds me, I need to somehow meet his cousin, Laura. I’ve heard enough about her that I’m determined to see her naked and get some of her pussy too...
“Jake does your cousin Laura ever come over and swim naked with you and your Mom?”
“No, I really believe she despises me for some reason. I don’t know what I’ve done to make her feel that way. I’ve always been nice to her, but she just looks at me with a strange expression, and walks away.”
“Well, Mel and I would love to meet your Gramps Landers today, if we can. You said he likes girls and you know Mel and I like men as old as Mr. Dick.”
“Mom told me that Laura is working part time for Gramps at his dealership. Maybe if you and Mel can get her to like both of you, she will like me too. We need to go down to his dealership anyway, after we swim, and fuck Mom.”
“Hey, I like the way you plan things. Maybe I can help you get Laura to like you.”
“I have no doubt about it. I’d even put my money on you and Mel getting Gramps so excited, he will pay you and her for just a peek at your pussy. Shit! I’ll even put money on Laura wanting some of your sexy ass, too.”
“You help Mel and me make that happen, and I’ll see to it - Laura Landers, changes her feelings toward you.”
“Gramps has a private office next to his business office, and I’ve seen him naked with his two secretaries.”
“You peeped?”
“Heck No! *I watched them.* Gramps showed me how to open the medicine cabinet in his private bathroom and watch them through a glass window.”
“Damn, you’re making me horny. Let’s go fuck your Mom. You need to fuck Mel too. You’re going to love her pussy, as much as I do.”
Mel swam up to us and rubbed her titties against Jake’s arm, then smiled and swam away.
“Get that ass, Jake. She loves it from behind, just don’t put that cock of yours in her asshole.”
Ms. Ellen was sitting on the side of the pool with her feet dangling in the water. I swam over to kneel in the water, right in front of her. When she smiled at me and opened her legs, I moved closer and pressed my titties against her pussy.
“Denni, I hope you and Mel will be our friends for life. If I had a daughter, I would want her to be just as bold and adventurous as you. I can just look at you and my pussy gets wet with excitement. You are so beautiful, and yet you’re happy just being a young girl who loves life and loves making new friends.”
“Thank you for telling me that. That’s exactly the way I feel about myself, too. I love meeting pretty girls who love being adventurous like me, and I love meeting beautiful

women like you, who are comfortable being with naked teenagers. You are so sexy, and if I was a boy Jake's age, I would ask you for some pussy."
"Since you're not a boy, does that mean you don't like pussy?"
"No, but I wasn't sure about asking if I could eat your pussy, as you sit there smiling down at me."
"You remind me so much of Laura when she was your age. She was adventurous too, but she was shy about letting others know she likes pussy. She and I were swimming and I took my swim suit off to get some sun. She did too, and I hugged her. That was all it took. You'll never guess what she asked me."
"*To teach me how to love a woman*?"
"YES!"
"And you did?"
"I sure did and we still get together. She's shy about being naked in front of Jake, to the point of avoiding him, it seems. Honestly, I think she would love to see him naked and do a little exploring on her younger, male cousin. She's asked me a hundred questions about him. I asked her once if she would like to swim naked with Jake and me. She told me yes, but she's not ready yet."
"She wants her cousin, doesn't she?"
"Yes, and I have a feeling that as soon as she meets you and Mel, she will gather enough courage to at least show Jake she cares about him."
"Is she on birth control?"
"Yes, and I know why you asked me that."
"I don't want Jake to get her pregnant. Not anytime soon, anyway. I want her to be sure, and I want to help her fuck him the first time."
"When you set the trap for Laura and Jake, you should set one for Gramps Landers - my father-in-law."
"Have you ever trapped him with your sweet little pussy?"
"No, but I have come so damn close to asking him to fuck me, many times. I'm sure he knows I'm willing, but it's like he's afraid I'll say no."
"If I can make him want to fuck me, will it be alright if I tease him about fucking you?"
"What will you tell him about me?"
"That I ate your pussy and yours is the sweetest, tightest pussy I've ever eaten ... if you'll open your legs wider and lean back, I'll make you feel so good, you'll want to fuck Gramps Landers, just as much as I do."
"I was a girl your age - the first and only time my pussy was eaten by a female. Already, you have my pussy dripping."
"Did you eat her pussy, too?"
"Yes, and that was the only time. They moved away and we never saw each other again."
"Lean over and kiss me, then I'm going to eat your pussy. If you want to join me, let me know and we'll both eat pussy right here beside your pool."
"I wish I were as bold as you ... I wish some of your boldness would rub off on Jake, too. That boy could have all the girls and most of the married women following him around, if he had half the self confidence you possess."
"If we go to Landers, will you come with us?"
"Hurry, Denni. You have me shivering, I'm so ready to join you, Mel, Jake and Laura as we fuck and suck each other - at Gramps Lander's."
She opened her legs wide, and I reached back to grab her buttocks. As I pulled, she raised her butt to slide out to the edge of the pool. I kissed both her titties and sucked her nipples, before putting my hand between her titties, to push her back.

She’s leaning way back, with her arms behind her for support as I kiss her pussy, just before looking up at her between her huge titties.
“I love the taste of your pussy. I’m going to eat you now, and I want you to come in my mouth. If it’s good for you, get all the comes you can, while I drink your cum.”
I do love this woman’s pussy and I love the taste of her cum too. She can really let loose and fill my mouth as she hunches my face. As soon as I started eating her pussy, she grabbed a handful of my wet hair with both hands and pulled me closer. I was so excited, I was trying to hunch the side of the pool when she pulled me up by my hair and pressed her lips to mine. She fell back and pulled me up with her. My belly was pressed against her slick pussy, before she pulled me up until my titties were pressed against her huge titties. I was about to get my come, she was making me feel so good.
There were two beach towels spread out next to her, and she rolled me over on them, with her beside me. With her face next to mine, she smiled and told me, “I want to eat your pussy, Denni. You are so sexy and so eager to love. And now, you have me wanting to drink your cum.”
When she turned around to get on top of me, I was looking up at her sexy ass and her tight pussy. I wanted to eat her right then. Before I put my mouth over her pussy, I told her. “If I was a boy, I would lie on top of your sexy ass and fuck you from behind. I love your ass and you can just get ready too, I’m going to eat your ass too, as I eat your pussy.”
“Eat me, Baby. Here comes Mel and Jake to join us.”
“Make sure he uses a condom when he fucks me. I haven’t been on the pill long enough to trust them.”
“I had my tubes tied years ago and I love the feel of Jake coming inside my pussy. I’m sure you know by now, that boy of mine can come forever.”
“I love the way he fucks too. Damn, I love his cock and I hope his Gramps has one just like it.”
“Jake says he does. He told me his Gramps fucks those two girls who’re supposed to be his secretaries, until they beg him to stop. He told me that his Gramps pays those girls in cash, each time they fuck. You and Mel need to remember that. He may pay both of you if you perform well for him.”
“I love fucking for money. Have you ever taken money to fuck someone?”
“No, but I’d fuck Gramps Landers for free, if he wants some of my pussy. He’s a big tall, handsome man for his age. Just wait until you meet him. You’ll want him to get naked with you and Mel - Laura too, if she’s there today.”
“Does he treat Jake good?”
“OH - Does he ever! He lets him watch as he fucks his secretaries, as I told you - and he pays him lots of cash, just to empty his garbage. I shouldn’t tell on him for this, but I see Jake smiling ... He even pays Jake to fuck his secretaries while Gramps takes pictures and makes videos of them.”
“Mel and I love fucking on video.”
“When you and Mel meet Laura, you need to talk her into getting naked with you, right there in Gramps office. I honestly believe she would fall for you like all your friends, and probably join all of you as you fuck, in right there in Gramps office.”
“OH WOW! That makes me so fucking horny, I could let Jake fuck me with his naked cock - *as long as he doesn’t come inside my pussy.*“
“I would love to put his cock in your pussy, so I could lie underneath you, while licking his cock and balls, and your pussy too.”
“DO IT!

“Jake, don’t you dare come in my pussy!”
“I won’t. I’ll take my cock out and shove it inside Mom’s pussy. She can’t get pregnant, and she loves it when I come inside her.”
“Mel, you come over and sit on my face, so I can eat your pussy. We need to get this fuck party done and over with, so we can head over to Gramps Landers, and can get him naked with us.”
I love the feel of Jake’s big cockhead slipping into my pussy from behind. I could feel Ms. Ellen’s long tongue licking my pussy, just as his cockhead popped into my pussy. FUCK! I got my come so fast, it was over and I was wanting another one by the time Jake had all of his cock inside me.
Mel was hunching and riding my face like I was a pony and she didn’t own a saddle. If she gets to fuck Gramps Landers, I’m going to be under her like Ms. Ellen is me, and I’m going to make her go wild when I lick and eat her pussy from behind,
I felt Jake’s cock begin to swell and I tried to yell for someone to knock his horny-ass off me before he comes inside my pussy. Then, suddenly he was gone just as I started coming - and I wished his cock was back inside me.

They’ve got a big shower outside like we do - and Mel and her Mom too. All of us showered and soaped and laughed.
Mel and I put our blouses and miniskirts on, and Ms. Ellen put an almost sheer dress on, without panties or a bra, after Jake and I told her to leave them off.
“I can see my nipples, as plain as if I’m naked!”
“We love looking at them too ... I’ve already made up my mind, I’m going to hug Gramps Landers as tight as I can, so he’ll know I’m not wearing a bra.”
Ms. Ellen told me, “If you do, I will too. I’ve never hugged the man, and now, all of you teenagers have me wanting to fuck him.”
Jake said, “I hope Laura is there. I’m going to try real hard to act more like a man, and see if she’ll accept me as her cousin, at least.”
I told him, “Jake, if she’s there - when all of us start hugging, you grab her and hug her so tight, she can’t get away. When you turn her loose, I’ll hug her the same way and tell her that I love her cousin Jake - and I hope she’ll come swim with us at my house. I’ll even tell her that we swim naked - just to see what she says.”
“Do it, Denni - and I’ll make it up to you somehow, if it takes the rest of my life.”

We motioned for Ms. Ellen to enter the showroom first, then Mel went and I followed her. I looked back and Jake was right on my rear. He smiled and nodded toward the middle of the showroom.
I looked around to see Ms. Ellen hugging a very pretty girl, and I whirled to ask Jake, “Is that her?”
“That’s Laura Landers. Damn, Denni, she gets prettier every day.”
“She is beautiful, and she’s looking this way. I want to meet her now. I hope she likes me ... She’s still hugging your Mom and looking this way. She see’s you and she’s smiling.”
“She sees you ... She never smiles at me.”

“Let’s go get some of her sexy ass. Look at the way she’s hugging Mel, and look at them holding onto each others back ... OH HELL! Mel just put both hands on Laura’s butt, and she’s still smiling. I’m gonna get me some of her sexy ass.”
“I’m scared, Denni.”
“When I motion for you, I want you to come up and put your arm around my waist. I’m going to have my other arm around Laura. Do this for me and I’ll let you come in my pussy.”
“She’s still smiling. Damn, my cousin is beautiful.”
Ms. Ellen was standing beside Laura, and Mel when they stopped hugging and groping. She motioned for me, and I pulled Jake with me.
“Denni, I want you to meet my niece, Laura Landers.
“Laura, this is a very dear friend to Jake and me. Please give Denni Walker a warm hug like you gave Mel and me.”
“Hi Laura. You are just as beautiful as Ms. Ellen and Jake told us you were. I love your long hair too. Please, give me a hug and let me be your friend.”
“Denni, I have heard your name so many times, and I’m glad we get to meet. Mel told me I need to be ready for you, because you love pretty girls and I told her - I love Denni Walker already.”
“Did you really? If there wasn’t so many people watching, I would kiss you right here.”
“I’ve never been kissed, by a boy or a girl. Will you show me how? I mean later, since Jake and the others are watching.”
“I met your cousin Jake last week and we had so much fun swimming together. I shouldn’t tell on him, but we swam naked. Damn Laura, I do like your cousin a lot. I hope that’s alright. I need to tell you too, he told me he thinks you are the most beautiful young woman in our whole town.”
“Did he really? Uh, are you pulling him close? Jake and I have never been this close. OMIGOD, you’re making us hug.
“Jake, I uh, I mean, I ... Jake, can I have a hug too? I’ve wanted to hug you ever since you grew so tall three years ago. I’m not going to repeat what Mel told me about you, but I’m going to hug my cousin and see if that bulge really is you ... OMIGOD! Jake, that really is your, I mean, you down there, isn’t it. Hold me close, Jake. Hug me tight. Can you tell - I’m not wearing a bra?”
I told her, “I knew you weren’t wearing a bra when our titties mashed together. I knew you were going to make Jake’s cock get hard when you pulled him close. If you’ll let me, I want that kiss now.”
“Kiss me, Denni. I’m having such a warm, sensuous feeling all over my body.
“Hold me, Jake I want to kiss you next.”
I couldn’t wait any longer. I pulled her close and rammed my tongue to the back of her throat as she sucked my lips and bumped my pussy mound with her pussy mound. She cupped my titty and I cupped her titty.
“Kiss Jake, Laura. Your cousin is in love with you, and I hope you won’t hurt his feelings, by pushing him away.”
“Kiss me, Jake. I’ve been so afraid that you wouldn’t feel the same way I do - I wouldn’t even tell you how I feel about you. OH JAKE! OH YES!
“DENNI! You have your hand on my pussy ... OH YES, Move it just a little.
“Jake, is that your hand too?”
“Yes, Denni put my hand on your pussy. I wanted to, but I wanted you to tell me it was okay to feel of your pussy.”

“We need to go inside Gramps office. He’s back in his private office with Rhonda and Beth. If we hurry, we can watch them *do it*.”
“*DO IT*?” Jake asked - before I could.
“Yes, you know what I mean ... They’re fucking, and I love watching them fuck. I hope y’all love watching people fuck, too.”
I told her, “Hurry and show us. I love watching old men fucking younger girls.”
“You do? You have no way of knowing this, but Gramps begs me to find him some young girls to fuck. I never have, but he told me he’d pay me - and them too - lots and lots of money.”
“Have you ever fucked your Gramps?”
“I’ve never fucked anyone. You’re the first person to even kiss me. Have you ever fucked a boy?”
“I did once. OH DAMN Laura - I do love fucking. I think Jake wants some of my pussy too. I hope you don’t get mad at me, but I’d let him fuck me, and even let you watch us.”
“We need to get Gramps in on that. He’ll pay lots of money to see Jake fuck you.”
“Would you take off your clothes too, if we get naked and fuck?”
“I want to, but I’m too bashful. Uh ... I shaved my pussy last night, and I’d be embarrassed for everyone to see me like that.”
“Did you really? Do you like feeling your bald pussy?”
“I love the way my pussy feels. If I were brave enough, I’d pull my panties down and show you, and Jake too.”
“I’m not wearing panties or a bra. Take a look at my pussy and tell me what you think.”
“OH WOW! I love your bald pussy too, Denni. Has anyone ever touched your pussy? I mean, other than that one boy you fucked?”
“Mel and I are lovers. We love each others pussy. I hope you still want to be my friend, after me telling you that.”
“I would love to be with you and Mel when you love each other. I’ve never been naked with a girl or boy, and I’m excited to have this conversation with you. Can we go inside Gramp’s office and take our clothes off? We can watch him fuck his two secretaries.”
“Would you mind if Jake and I touch you all over your naked body, as we watch?”
“I think I would like that. I mean, I want to, but I never have. Is Jake going to be naked too?”
“Ask him, and we’ll go watch your Gramps fuck. I hope he’ll save me a good fucking too. I love to fuck, and you will too, if you let Jake and me show you how.”
“Jake, will you take your clothes off when Denni, Mel and your Mom take theirs off?”
“I will, if you will. I’ve always wanted to see you naked. Well, I’ve daydreamed of us being naked together.”
“I’ve daydreamed about us doing that too, but I never thought you and I would actually be naked together. I’m excited, and I will if you will. Can we kiss again, I mean, while we’re naked?”
“Sure, and I hope you’ll let me touch your titties too. You really have some big ones. Almost as big as Mom’s ... Uh, if Mom wants to take her dress off and sit next to us, would you let her touch you too?”
“YES! I want to do it all. I mean, I want to do all the things you, Denni, Mel, and your Mom do with each other. I feel so good, don’t you?”
“Do you ever touch your own titties?”

“Yes, and I’ve tried to suck my nipples, but I can’t reach them. Do you suck your Mom’s titties?”
“Oh Hell Yeah! I can make her come, just by sucking her titties.”
“OH WOW! I’d love for you to suck mine. I’ve never had a come, but I really feel good at times, then it’s like I let it slip away before I can get to the really good part.”
“Don’t sit over there. Come sit on my legs, so we can touch and talk. We’ll sit between Mom and Denni. They want to touch you too, if you’ll let them.”
“Look through this big window - Gramps had installed yesterday. We can see him with Rhonda sitting on his legs like I’m sitting on yours. I can see his big dick going in and out of her pussy too.”
I asked her, “If I told you that Jake’s cock is bigger than Gramps Lander’s cock, would you still sit on his lap?”
“OH MY GOD! Jake, your cock really is larger than Gramps! Will you let me pull it up between my thighs when I sit on your lap? I’m not sure we can get your cock inside my pussy, even though my pussy feels like it’s dripping wet.”
“Laura, pull his cock up next to your pussy, and I’ll show you how I love sucking his cock with it sticking up like that. You can slide forward, and I’ll suck your pussy too.”
“OH WOW DENNI! You can take Jake’s cock way deep inside your mouth. I want you to teach me how to do that...
“Jake, can you hold my titty, and kiss me while Denni is sucking your cock?”
“I would love to. You better be careful how you slide back and forth on my legs - if Denni shoves my cock back, it could slip inside your pussy and we’d be fucking.”
“Will you go slow and not hurt my pussy? My Mom told me that a boy will rip my pussy apart and I’ll hurt for life, if I ever let him put his nasty old dick in my pussy.”
“Do you trust Denni, Mel and me not to hurt you? You can ask Mom if my cock hurts her pussy when we fuck. I don’t want to hurt you, I want to love you.”
“Do you really? I have wanted to love you for a long time now. Can we start today? Kiss me again, and let Denni put your cock in my pussy. I’m so excited, *I may just fuck you,* for our first time.”
Before I put Jake’s cock in her pussy, I leaned over and sucked her little pussy until she screamed, just as her cum filled my mouth. I knew she was ready to fuck, and pushed Jake’s cock down as he moved back. As soon as his cock was against her pussy, Laura was fucking her body back and forth, trying to get more.
I leaned forward and sucked her right titty, just as Mel leaned over to suck her left titty.
Laura and Jake were looking down at his cock sliding in and out of her pussy. I looked at Jake and mouthed at him - KISS HER!
I thought sure he would break her neck the way he pulled her head and upper body around. I’m proud of my redheaded friend, Jake Landers. He’s taking charge for the first time in his life and I do believe, he’s about to become a man.
Laura was going fuckin wild as she slid back and forth on his cock. They were still locked up, lip to lip when Laura began to hum and groan deep inside her chest. I knew she’s about to get her first come, and I slid my hand up Jake’s fat cock until I felt her swollen clitty. That was all it took. Jake Landers became a man in his cousin Laura’s eyes as she sprayed her cum out to cover all of us.
I was wiping her cum off and noticed Ms. Ellen standing at the window, watching Gramps Landers and his secretaries fuck. She motioned for me, and I pulled Mel, Laura and Jake with me.
Laura told us, “Let’s all go in there naked, and join their fucking.

“Jake, you need to fuck Beth and Rhonda both, as I sit on Gramps lap and soften him up so he’ll want to get his money bags out. Don’t worry, my pussy belongs to you, from now on...

“Gramps, I want you to meet two close friends of ours. This is Denni Walker, and over here is Melanie Stormier, better known as Mel. I need to tell you right here in front of Rhonda, Beth, Mom, and Laura - Denni and Mel love to fuck older men.
“Laura told them that you pay girls who come in and fuck you, and the girls make lots of money. Now, they want to fuck you.”
Gramps Landers asked Jake, “Jake, have you fucked both these beautiful young girls?”
“I sure have, and you better be rested, because they love fucking, and they love big cocks.”
“Denni, you and Mel get your sexy butts over here and give Ol’ Gramps a hug. You girls sure have some sexy young bodies.”
“Mister Landers, can Mel and I call you Gramps, too?”
I put my hands over my face, but not before I winked at Mel. I know her as well as she knows me, and she spoke right up.
“Mr. Landers, Denni and I never got to know our gramps. Both of them passed away, before we were old enough to know who they were. As soon as Jake told us we were coming here to meet you, Denni and I decided to ask you to be our gramps too.”
She looked at me and both of us sobbed as we grabbed each other.
I’m not sure if anyone else fell for this *pity-party shit*, but Gramps Landers sure did. He pulled both of us up close and told us, “You girls stop that crying right now. You now have a Gramps who already loves you and wants to make sure you never feel left out again.”
I saw Mel looking at me as she winked. Both of us reached up to hug his neck, smearing our titties all over his face as we did. He was laughing, and we started laughing too.
“Thank you, Gramps Landers. Mel and I have never been naked in front of a grown man before. We did swim naked with Jake and Ms. Ellen earlier, and I’m sure you know by now, Jake is truly your grandson, and he speaks so highly of you. He told us that he learned all about sex, by watching you diddle your secretaries.”
I saw Ms. Ellen put her hand over her mouth and laugh, just before she told me, “Denni, we’re all grown up enough to use the adult terms for a man and woman having sex together.”
“Yes Ma’am, but we were told not to say fuck, because it’s a bad word and we’re not old enough to say bad words.”
“Well, if you and Mel are going to be members of the Landers family, you’ll have to learn all the bad words and talk the way Gramps and I do.”
“Does that mean we get to call you Aunt Ellen?”
“It sure does, and now, you and Mel are cousins to Jake and Laura.”
“Are Jake and Laura kissing cousins?”
“Yes they are, and they love kissing each other.”
“Do you and Gramps kiss each other?”
I saw her look at Gramps, then Gramps grinned, and told her, “Ellen, I think we need to show all your nieces and your son just how much we love kissing.”

Ms. Ellen told him, “Gramps, I agree. I hope you can get that huge cock up again, because I’ve wanted your cock in my pussy for years, and today, I’m not going to be denied.”
I told him, Gramps, “Mel, Laura, and I want Rhonda and Beth to teach us girls how to suck each others pussies. We saw them sucking each other before we came in here, and all of us decided we want to learn all about that. We want Jake to fuck all five of us, just like you were fucking Rhonda and Beth, while they ate each others pussy.”
Gramps looked at Jake, “Jake, my boy, you are on your own. You’ll have five hot ass beauties to satisfy, because I’m going to be busy the rest of the afternoon.
“Come to Gramps, Ellen. You and I have waited too long for this and my cock is straining in anticipation of getting inside your hot body.”
I lucked up and was the first one to have my pussy eaten by Rhonda. That girl can eat my pussy anytime, anywhere! Then, I was first to be fucked by Jake. Jake and I have fucked enough that we can hit high gear just about any time we can get his cock inside my pussy. I’m glad he remembered to put a condom on, because my pussy was feeling so fuckin good, I would not have stopped him from filling it with his cum.
Gramps and Aunt Ellen were cooling it when I crawled over to where they were. I kissed Gramps on his lips and slipped him some tongue.
Aunt Ellen was watching us, then she told him, “Jake, you need to show your granddaughter what her Gramps cock feels like when it plows her little pussy. Just remember to stop and put a condom on, because she hasn’t been on the pills a full month yet.”
Gramps looked at me and smiled as he opened his arms. I crawled up until we were face to face and kissed him again.
“How long have you been on the pill, Denni?”
“Twenty-eight days and I start my period tomorrow. I’ll start taking the pills again in five days. I wish I was there now, I’d let you be the first man to come in my pussy.”
Aunt Ellen told me, “Hon, you should be safe, if you start your period tomorrow, and you’ve been on them for twenty-eight days already.”
I looked at Gramps and he was smiling. “Sugar, I’ll give you five thousand dollars to let me be the first man to come inside your pussy - right now.”
“*Five thousand?”*
I was shocked, and I must have made him think that wasn’t enough.
“Okay, I’ll double it and pay you ten thousand dollars, to let me be the first man to blow my come inside your pussy!”
“Count your money, Gramps. Here I come and my pussy is ready for that big cock of yours.”
Aunt Ellen told me, “Get up here and spread your legs wide around his hips. I’ll hold his cock up for you so you can get him started in your pussy.”
“Gramps, I can make Jake come twice in a row, if he changes condoms ... If I can make you come twice in a row with your naked cock, will you pay me double? If you will, I’ll turn around and let you fuck me and hold my titties the second time.”
“You fuck me the first time, and I’ll fuck you the second time. If you can make me come inside your pussy both times, I’ll pay you twenty thousand dollars in cash.”
“Gramps, I’ll bet you ten thousand dollars - of my winnings, that Mel can make you come inside her pussy two times in a row, if you’ll pay her ten thousand each time, when she wins.”

“I love betting, and since we’re betting on me fucking two young pussies in a row, I’ll make her the same bet, and I’ll take your bet and even pay you double, if she can make me come twice in a row, after I’ve fucked you twice.”
“I’ve got to warn you, Gramps. Mel has a tiger inside her pussy, and she’ll make you think she’s about to rip your cock off.”
“I hope my two new granddaughters come see me at least twice a week. I love your spunky, sexy ass, Denni.”
“Get ready, Gramps. *Here comes my spunky-sexy-pussy*.”
I remembered how it felt the first time Mr. Dick got his come inside my pussy and how my pussy was gripping and pulling on his cock. Gramp’s cock isn’t quite as big as Jake’s cock, or Mr. Dick’s cock, but it’s way longer. Once I got his cockhead inside my pussy, I knew I was going to walk out of here a rich young first-time whore. I was bouncing my ass up and down on his belly, taking his cock all the way inside me - but I needed more. I pulled the hair away from his fat nipples and sucked the first one until he yelled. Then, I switched over and sucked his other nipple until I felt him coming inside me. He comes a lot, but not near as much as Mr. Dick.
Before he could stop me, I backed up and sat on his cock as Aunt Ellen held it up for me. I thought he was going to lose his erection, but once I had him all the way inside my pussy again, he started hunching his ass up and down, making his cock run deep.
He reached around and cupped both my titties, and I thought my pussy was going to tear his cock off, it was gripping and pulling him so hard and fast.
Then, I felt his cock swell, just before he loaded my pussy with cum the second time. By the time he stopped spurting, I had gotten my third come and I was wishing I had bet him *all my winnings,* on our second fuck.
“Denni, you can fuck as good as Rhonda and Beth, and they’ve been fucking since the first day I hired them ... If you’ll eat both their pussies in front of the cameras, as Jake fucks you from behind, I’ll pay you another ten thousand.”
“Will Jake get paid too?”
“He sure will. Jake and I are going to be partners one day, and I want my grandson to be as good at fucking the ladies as I’ve been over the years.”
“Then you should pay Jake and Aunt Ellen, to fuck for the cameras. They can really get it on, when he gets all of his cock inside her tight pussy.”
“Little Lady, I may just hire you to be my Talent Scout, my Director, and my Producer, of all our fuck videos from now on.”
“Will you hire Mel as my assistant? If you will, she and I will get our Mom’s to come over and fuck you on camera. As much as they love to fuck big cocks, they will probably want to fuck Jake on camera too ... if you’ll pay them.”
Aunt Ellen told him, “Gramps, since your nephew and niece are just now beginning to fuck each other, you should pay them to fuck in front of your cameras.”
“Ellen, I’ll pay them like I’m paying Denni and Mel, if you’ll eat Laura’s pussy while Jake fucks you from behind, then you and Laura swap up and fuck some more.”
She laughed, and asked him, “How much will you pay me to fuck *you* on camera, Jake?”
“Ellen, if you’re serious - I’ll make you, Laura, and Jake a deal you can’t refuse.”
“We’re listening. I know this is going to be good, I see you smiling already, and now your cock is swelling again. Tell us what you have for us.”
“If you, Jake, and Laura - will move in with Rhonda, Beth, and me, I’ll pay each of you five thousand a week to fuck and suck on camera. You can lease your house out and make lots more money, besides getting to sleep with me each night.”

“Will we still have Denni and Mel as our Talent Scouts, Directors, and Producers?”
“You better believe we will, besides them starring in our fuck videos with us.”
