

Chris was sitting at his usual table during the school's lunch break. He kept looking around for his best buddy Daniel while slowly chewing his sandwich. But instead of spotting Daniel, he received a message from him: "Dude, you won't believe me! I found something really cool. Come meet me in the drama club room." Chris texted back, wanting to know what was so interesting in the drama club that Daniel skipped lunch. Daniel's reply was simply a short: "You won't believe me if you don't see it." Chris quickly finished his sandwich, before making his way to the old classroom that housed the drama club. When he opened the door to the club room, Chris expected to see his short and slightly overweight friend. But instead, a gorgeous girl was standing there, waiting for him. The girl was wearing a skintight black dancer's outfit and greeted him with a big smile on her face.

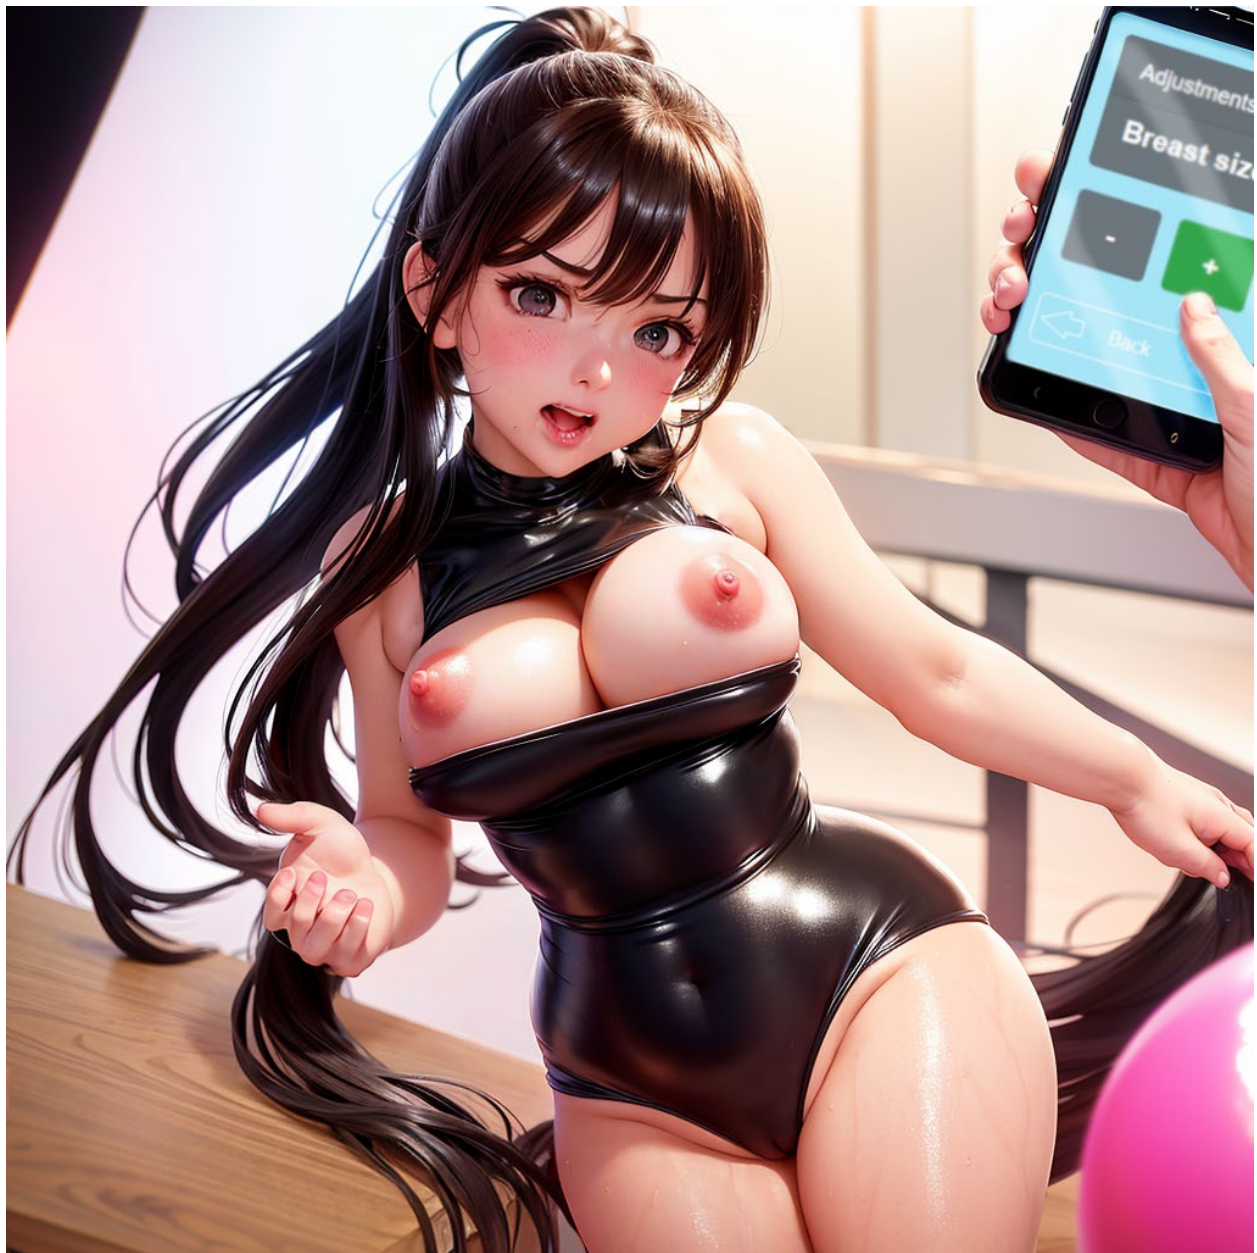

Chris was certain that the girl was not from this school, as he would for sure have noticed a hottie like her. "W-Who are you?" he stuttered while blushing brightly. But the girl only grinned at him while she walked closer. "Oh, you must be Chris, right? Daniel told me a lot about you..." she said teasingly noticing how Chris was staring at her boobs, "Like, that you are a total perv for big-boobed girls." Chris's head must have had the color of a tomato as he stammered an unintelligible answer. Suddenly, the girl bursts into laughter. "You should see your face! I am sorry Chris, but I wasn't able to hold it back anymore. This is just too funny," she said to the confused boy. "It's me, Daniel," the girl continued, confusing Chris even more. "Is this some sort of prank?" Chris asked, still confused and blushing brightly.

"Lol, I told you that you won't believe me. Look!" with that Daniel picked up his phone and showed it to Chris. "I found this app that lets me change my appearance." On the screen, Chris

saw a picture of a girl that looked exactly like the one before him. Daniel continued with his explanation: "You see, I uploaded this picture here as a reference and BAMM I suddenly was a hot chick!" Chris was still not believing the story: "Bullshit. An app like that does not exist! Give me the phone." With that, he quickly grabbed the phone out of her hand. "Hey, be careful with that!" Daniel protested but let him keep the phone. Chris went through the app and was seeing all kinds of weird settings regarding appearance, behavior, and memories. Curiously, he scrolled through the appearance tab until he found something that piqued his interest: A setting to modify the breast size! He pressed the "+" button a few times and watched in awe as the girl's chest expanded in front of his eyes. Her tight outfit struggled already containing her sizeable chest, but now with the adjusted settings, her boobs popped free.

"HEY! Stop that!" Daniel protested while trying to keep his boobs contained, "That is not a toy. *I am* not a toy!" But Chris was not listening to his friend's complaints as he kept pressing the "+" a few more times. Daniel's chest grew even larger to a size where he gave up trying to push them back into the outfit.

With his enormous boobs on display for the starring Chris, Daniel tried to grab the phone out of his hands. But his huge bouncing boobs threw Daniel off, and Chris was able to keep the phone. "Hehe, I think I will keep that phone for a little bit longer," Chris said with a devilish grin on his face. Daniel frowned at Chris's statement but didn't try to change his mind: "Fine, just be careful not to break my phone." Luckily for Daniel, Chris stopped messing with the settings on the phone for now as he was now seemingly content with just staring at Daniel's massive boobs. "Can you, like, jiggle them?" Chris asks with his eyes still glued to the boobs. "Hell no you

pervert! Turn me back, or even better, give me the phone back!" Daniel shouts back at him, trying to cover his chest with his hands. "Well, you kinda forced my hand here, Daniel," Chris said while pressing the "+" button a few more times.

"Stop it! Fine, I'll juggle them for you!" Daniel cried out while awkwardly trying to make his boobs bounce up and down for him: "Here! Now give me the phone back!" "Let's make a deal," Chris offered, "I get to touch them and after that, I'll give you your phone back." Daniel thought for a moment about what his chances were to forcefully get the phone back. Even in his old male body, he would have had no chance against the stronger Chris, and now in his new female body, he felt even weaker. "Fine," he pressed out between his pretty lips while preparing himself for Chris's groping hands. But to his surprise, Chris started taking off his pants. "What are you doing? Why are you stripping naked?" Daniel screams in horror. With a wicked smile on his

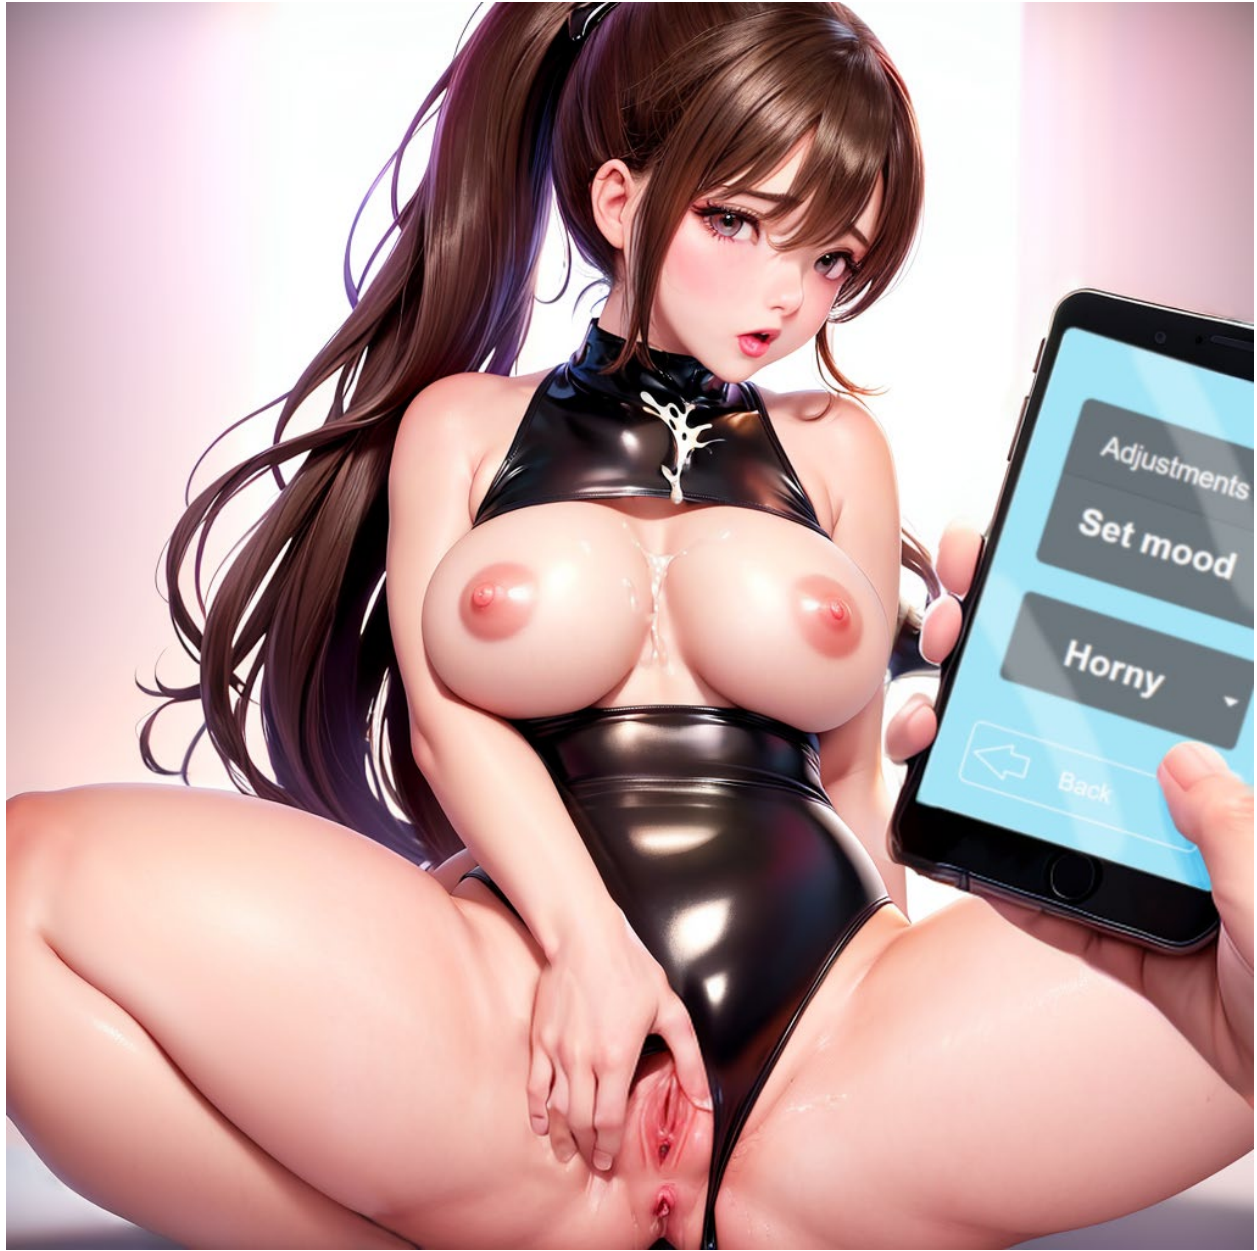

face, Chris answers: "I want to touch them with my dick. I never specified with what body part I will touch them." Daniel's first instinct was to say "No", but deep down he was kinda curious about how a dick would feel between his boobs. Besides, he had no other option if he wanted his phone back. So, he slowly got on his knees and let Chris nest his dick between his big boobs. "Happy now?"

"Can you like, move them up and down?" Chris was getting pushy. "No, the deal just included you touching them. I will not give you a titfuck!" Daniel replied sternly. However, just him mentioning a titfuck was enough to make Chris cum. His white sticky jizz shot out of his dick, hitting Daniel in the face.

"Ewww!" Daniel exclaims while wiping the cum from his face, "Dude, I am still a guy in here. Cumming on my face is totally not cool. Now give me back the phone, I need to change my body back!" For a brief moment, Chris actually considered handing over the phone, but then he had another idea: When he scrolled through the options earlier, he noticed a setting regarding mood. He took out the phone and changed Daniel's mood to horny.

The changes were instantaneous. Daniel didn't even know what hit him when he suddenly felt a fire burn between his legs. His needy pussy screamed for action and Daniel could barely hold himself back from plunging his fingers into his wet sex. "What the fuck did you...?" was all that Daniel could press out before moaning loudly. He needed something to satisfy his pussy and Chris's dick was directly in front of him. "Fuck... Fuck me!" he moaned loudly as he pulled his outfit to the side to show Chris his dripping sex. Chris didn't even hesitate for a second. Quickly, he was on top of Daniel and buried his dick into his waiting pussy. "Fuck, fuck, fuck, that feels so fucking good!" Daniel felt like his mind was about to snap when Chris came inside of him.

When Chris climbed off Daniel's shivering and trembling body, he heard a loud crack. Looking down at his feet, he saw that he just had stepped on the phone, breaking it! "Oh fuck, I guess you will have to stay a bit longer in that body..."
