Bianca held me aloft, forty or more feet in the air, near her gigantic, beautiful face. Her plump, gorgeous lips were curled into a triumphant sneer as she casually strode through the nearly deserted streets. Screams of panic and surprise echoed between the buildings as dozens of terrified onlookers caught a glimpse of what had to be the most astonishing sight of their lives. My gargantuan lover swept her sultry gaze over the diminutive city beneath her. Powerful, ominous shockwaves erupted with each step she took, and Bianca seemed to be walking with deliberate immensity. She moved with slow, ponderous might, pressing deeply into each step, making sure to savor the destructive power of her newly enlarged, godlike body.

I struggled vainly in Bianca's powerful grasp, stunned by the sheer spectacle taking place. A loud crackle literally jolted me as my gigantic captor's thighs barged through a pair of electric lines, snapping them like they were nothing and sending sparks showering to the tarmac far below. Bianca's eyes fluttered and she grinned mischievously. "Wow..." The humongous latina breathed in genuine awe. "I am too big for this city now, Lee..." Bianca arched her back and puffed out her enormous, heaving breasts. "I think if I am growing any more I will not fit in these street, haha..." The huge, horny amazon chuckled, giving my giant, swollen cock a quick squeeze.

Bianca giggled wickedly, resuming her leisurely stroll down the road as it buckled and cracked beneath her immense bulk. “Hahah… Oh Lee, my handsome lover…” Her eyes fixed longingly on my massive, exposed rod. “We will grow again soon my sweet man, haha…” The sex-crazed giantess laughed more forcefully, causing windows to rattle and a few more shrieks to issue from within the surrounding buildings. “Hahah… First I think I am hungry for a bite…” My gut dropped as Bianca said this. Her grin became wider and more salacious as she wondered aloud, “Perhaps there is something to eat at the bar… Let’s find out, haha…”

As Bianca continued to murmur sweet nothings mostly to herself, she almost didn't notice the welcoming party waiting for her at the intersection. The deafening baritone giggles were suddenly interrupted by a single wail of a cop siren and the crackling of a loudspeaker. Bianca's huge, wide jaw sagged open and her gorgeous mouth formed an "O" in genuine surprise. "Huh?" The gargantuan woman paused wide-eyed, lurching forward as her considerable momentum took time to settle back into place. Bianca peered irritably between her humongous, pendulous breasts as they bobbed and wobbled high above the five flashing squad cars and at least as many cops, guns drawn, and positioned for a confrontation.

Bianca turned her colossal body and squared up to the cops with a belligerent stomp. She stood with her legs amply spread to balance her immense weight. Whatever the cops had been trying to communicate through the loudspeaker had been obliterated by the sounds of the giantess shifting her bulk around. There was an agonizing moment of quiet as both parties appeared to size each other up and consider what to do next. A light early evening breeze swept through Bianca's lovely blond hair. Her gorgeous pussy glistened menacingly in the golden rays of the setting sun. A little dribble of cum issued from Bianca's vast womanhood as she clenched her cunt muscles in anticipation of what was about to happen. I groaned miserably as I realized in an instant that there was nothing these cops could do to stop Bianca. She was already far too gigantic for their tiny hand guns.

After what seemed like an eternity, the voice of a young cop, clearly nervous as hell, crackled over the loudspeaker once again. “That’s close enough, lady!” He repeated his warning with a gulp. “L-let him go… a-and… surrender yourself quietly…” I almost choked with spontaneous laughter. They were worried about me? They should have been more worried about their own skins. They were expendable, but Bianca had plans for me. The gigantic latina gave a derisive huff and dropped sluggishly to one knee. The impact shook the squad cars and rattled glass, and to my great surprise I quickly found myself plummeting towards the earth as I was released from Bianca’s powerful grasp.

I fell a short distance and crashed into the pavement with a yelp of dismay. I could feel the asphalt beneath me crack as my considerable musculature smashed into the unyielding surface. Another tense moment ensued as the cops audibly gasped and protested my rough treatment. However, Bianca had been handling me like a toy for long enough that I knew I was more durable than any normal human. I would be fine, but my heart sank as I saw Bianca swivel back towards her would-be antagonists. THEY were not going to be so lucky…

My gigantic, naked lover spread her sequoia-sized legs in a haughty, sexualized demonstration of her goddess-like confidence. She slapped one hand down on her thick, muscular thigh and took a short step forward with her opposite foot in order to squat directly above the nearest group of cops. Bianca's immense shadow hung dark and heavy over the doomed officers, and I was frankly amazed that they hadn't started shooting or fleeing by now. "Woah… WOAH… Back off, lady!" The amplified voice threatened with a growing sense of panic. Gobs of thick, fragrant cunt cream rained down from Bianca's mighty, drooling pussy as she savored the fear… the utter control she commanded with a hundred tons of thick, gorgeous woman she had become. I cringed from my small crater in the pavement. The air was just electric with anticipation of the orgy that was about to commence.

Bianca leaned forward and extended her massive, powerful arm with a grunt of delight. A cacophony of gunshots rang out and I curled up defensively, peering helplessly at the terrifying scene taking place high above.

The gigantic, horny woman scooped up her quarry with dreadful ease. A volley of bullets slammed into her gargantuan bust and her thick, muscly abdomen. Bianca paused for a brief moment, curling her lip smugly as she heard each of the bullet tips fall to the ground like tinsel. The cop trapped in her huge hand struggled and wailed in alarm as a second volley of bullets peppered the giantess' breasts, neck and upper arm. I could see them- little indentations in Bianca's otherwise gorgeous, impenetrable flesh. Again, the bullets seemed to do little more than surprise the naked titaness and she snorted defiantly in reply.

Bianca snarled triumphantly amid a continuous barrage of panicked gunfire. “Huuurrrrgh… Pathetic…” The giant, horny slut raised the cop up to her gorgeous, billboard face, laughing disdainfully as she did so. “Hahaha… It is MY turn now, cops…” The tiny man shriveled away from his humongous captor as she bathed him in her warm, humid threats. “And your goddess is HUNGRY…” With a self-satisfied moan, Bianca plunged the full-grown man through her terrifying jaws. At the same time, she used her opposite hand to peel open her enormous, blood-engorged labia, exposing herself to the rest of them, releasing a sickening surge of hot, feminine nectar.

All of the cops were shooting and yelling, some of them fleeing while Bianca simply proceeded to fulfill her own godlike fantasies at the expense of the insignificant humans dwindling beneath her considerable might. Cutting above the chorus of desperate law enforcement, Bianca brought her colossal jaws together with a clamorous, low-frequency chomp. Instantly, blood sprayed outwards and rained down upon the panicking cops below, and bones cracked and were obliterated as the humongous, naked amazon severed her victim through the torso. Bianca mashed her gigantic, sausage-like fingers around her huge, sopping muff, moaning pleasurably the whole time.

I suddenly felt sick to my stomach as Bianca ripped her head backward, evilly revealing the viscera and gore stuck between her teeth as she sneered in the throes of her conquest. More shots ricocheted off the giantess' mountainous, wobbling breasts as she gave a primal, heated roar. "Rrrrngh… HHHhhmmm…" The building-sized woman groaned in arousal as she gave her fat, luscious lips a slow, sensual lick. A couple of the cops seemed to run out of ammo and began running for their lives as Bianca's thick, muscly gorge rose to swallow the upper portion of the man she had just chewed in half.

A dreadful lull in the shooting commenced as most of the remaining cops dropped their weapons, either in awe or terror. One gaped as he stared upward at the lower half of his former partner, simultaneously fumbling hopelessly with an extra clip that clattered to the ground.

Bianca moaned again, savagely expressing her disdain and sexual gratification in a smug, animalistic snarl. She tipped her head back and eagerly slurped down the rest of her morsel, gulping and finger-fucking herself with noisy shamelessness. Another muscular wave of contractions was all it took to propel an entire human being into the vast inner darkness of the hungry amazon's stomach. "Uuuunngh… Hahah, Ooohhh…" Bianca's impassioned voice rattled through the streets and over the tops of buildings.

Bianca arched her magnificent back chuckling slightly as she composed herself. The gorgeous, naked woman swept back a stray lock of her lovely blonde hair. She squeezed her large, muscular thigh in absent satisfaction, and a look of relative calm seemed to cross her beautiful brown eyes. In a moment however, one cop finally managed to get a fresh clip into his gun and began squeezing off rounds with desperate abandon. More bullets sprayed across Bianca's colossal cleavage with one bouncing directly off her huge turgid nipple. The gigantic latina's eyes widened in surprise, and her lip quickly curled into a vindictive, wrathful sneer. The cop's empty pistol clicked repeatedly as he emptied it. He turned and began sprinting away in blind panic, still clutching his gun. Bianca fixed him with her withering gaze, and like a force of nature, she began to rise.

The gigantic, horny amazon rose to her full height with deliberate slowness. Her immense gluteal muscles contracted powerfully, and the tarmac beneath her feet crumbled with the tremendous forces subjected to it. Bianca growled in hedonistic savagery as the cop tripped and flailed, wasting precious seconds. Another lawman began to run, but with a single colossal step, Bianca had cast her ominous shadow over all of them. I couldn't help but marvel at the sight of her gargantuan, gorgeous ass. I gave my head a shake and tried to snap out of the hypnotizing marvel of my giantess lover's body. Bianca had just rambled something about returning to the bar, just moments ago. I realized right then that if I was good for anything at this point, it would be to warn the patrons of the impending threat, if they hadn't already noticed the commotion taking place right outside the Hustler.

"Hahah…" Bianca let out a gratuitous bout of full-bellied laughter. "You are not escaping… Come here!" The hungry goddess taunted from on high, causing the cop to sprawl again, unable to stay on his feet through sheer panic. The a few other cops raised their weapons and began unloading rounds into Bianca's voluptuous thighs and shins, even as she began lowering herself towards them. I could hardly believe the stupidity of these guys, relying on standard tactics against a fifty foot rampaging giantess. Thick creamy gobs of cum streamed down from Bianca's huge, slobbering cunt as she swung her gigantic bust to the side. In horrifying slow motion, she swung her arm outward, taking her time to inflict as much terror and sadistic enjoyment as possible.

The gargantuan, horny amazon plucked up the fleeing cop just as his companions exhausted their woefully ineffective ammunition. Their panicked shouts were drowned out by an earth splitting moan issuing from deep within the belly of their attacker. “UUUuuunnnggghhh…” Bianca panted in full-blown ecstasy as she plunged her quarry greedily into her hungry, waiting maw. Her other hand went straight to her titanic clit which she mashed around furiously in the throes of her orgy. I stumbled backward, overwhelmed with competing sensations of arousal and disgust as my humongous girlfriend swallowed the poor guy whole, dooming him to suffocate in the churning depths of her immense stomach.

One of the cops, a female officer who managed to find herself spared from the immediate threat of Bianca's lust and hunger, spotted me lying stunned on the sidewalk. Gun drawn, she ran towards me shouting, "Sir, you've gotta get out of here… Get the f-fuck…" The woman paused when she got near me, seemingly noting for the first time that something was different about me. I groaned miserably, as by now I was growing accustomed to the mysterious hypnotic effect that seemed to accompany my enhanced size and sexuality. "Y-you…" The cop stammered, giving her lips a lick with her dry tongue. "You're a big boy, aren't you…" You have to be kidding me, I thought to myself as the officer nearing me altered her gait from authoritative to seductive in an instant.

Ignoring the cacophony of gunshots and her erstwhile partners being swallowed whole, this woman actually squeezed her knees together and ran a hand through her hair as she took in the sight of my naked, muscular body.
“Do you know what’s going on here, hmm, big boy?” The cop murmured into my giant, throbbing cock as she fixed her stare to a veiny monster that was bigger than her forearm.
“M-maybe you can show me how to get that BIG…” She mused, still holding onto her gun in a way that made me feel uncomfortable.
I cleared my throat, surprised at how low and sexy my own voice was becoming. “Ahem… Hey lady… uh… I mean, officer…” I sighed inwardly at how ridiculous I sounded when my dick was rock hard, bouncing up and down to the beat of my fluttering heart.
“We’ve gotta run… We’ve gotta warn the people inside the bar…” I pleaded, quickly becoming aware of how dangerous this could be for me.

Hearing my protests, the cop's face darkened. I gulped as she seemed to be mulling things over in her mind, amazingly tuning out the carnage taking place behind her as Bianca hungrily devoured another lawman. The woman curled up her lip and shouted distrustfully in my face, "I don't think so, big guy!" She levelled her pistol at me causing me to instantly freeze in fear. The female officer's eyes blazed with frenzied sexual intensity, and like a madwoman she reached down between her legs and ripped her panties off with an animalistic grunt. "Ungh… You're not going anywhere…" She growled, quickly stepping up to me with her gun trained on my head. "N-now get that giant dick of yours inside me…" The cop grabbed the swollen head of my prick which twitched pleasurably despite everything. The blood drained from my face as she growled insanely, "You're gonna fucking plow me right here, right now, or I'll fucking shoot..."

My jaw sagged in stunned disbelief at what I was hearing. A ringing pitch appeared in my ears and quickly became loud enough to even push Bianca's earth-shaking moans of arousal into the background. Trembling, with a gun shoved to my head, I realized that unlike my building-sized lover, I was not so large as to be immune to bullets… I didn't think so anyways… The female cop barked another threatening order at me to fuck her, and not seeing any other option, I simply did what I was told. In a state of detached disbelief I stepped forward, gently grabbing the cop around her firm little ass. She gasped in delight as my massively swollen member prodded into her sexy, toned abdomen. I lifted the full-grown woman with ease, effortlessly lifting her exposed little cunt over my eagerly throbbing monster cock, fully conscious the whole time of the gun that was pointed at me.

With a groan of frustration, resignment, and arousal, I lowered the female cop into my huge, vascular hog. My massive purple knob pressed briefly into her tight labial walls before splitting them apart with a delightfully liquid slurp. “HUUUHH?!?” The diminutive woman howled in an exquisite combination of pain and pleasure as she slid down a couple of inches. She seemed almost as shocked as I was about this whole bizarre exchange, and for a moment I was certain she would pull the trigger and I’d be toast. Betrayed by my own sexual gratification, I adjusted my hands under the cop’s beautiful little ass and gave a sweet tentative thrust from my hips. A low wet rumble vibrated through the two-foot shaft of my blood engorged prick as she slid another couple of inches in. Despite the heavy beating her tight little pussy was taking, my companion threw back her head in ecstasy, grinding viciously forward in reciprocation.

I gritted my teeth as the woman I was holding began rocking back and forth on my gigantic shaft. Her motions caused my huge, pulsing knob to surge deeper and deeper into her cave, and within a few moments of strangled cries and sexy little grunts I found myself pressed tightly up against her cervix. “Yes… YES…” The woman gasped, even as I could sense I was stretching her out more than should have been possible. “I’m fucking a giant, sexy man… Unnnhh…” The cop’s mouth twisted in pain despite her insane ramblings. “I’m getting fucked by a fucking GOD…” My massive, tortured member spasmed as she played into my formly repressed fantasies. The woman seemed to like that, and began thrusting me even deeper into herself. “Oh my god… Aarrggh…” She cried in genuine pain and confusion. “Yes, oh my god… Cum in me… Fill me with that giant fucking prick…”

Despite the gun to my head as well as my considerable need for release, my instinct was not to give into this woman- not to cum in her, whether it would kill her, or perhaps worse… As she wailed in agonized delight, I noticed an odd sound high above. Bianca sniffed the air, suddenly aloof from her sickening display of destructive power. She twisted her gigantic bulk to spot me, and instantly recognized my predicament. The gargantuan naked woman stomped over the short distance between us and awkwardly settled onto her knees with all the grace of an earthquake. The cop who was impaled on my huge, throbbing cock seemed overwhelmed by the violent shaking and cracking of the pavement. Cursing blindly, she dropped her gun and it clattered harmlessly to the sidewalk.

I looked up into Bianca's beautiful brown eyes and tried to gauge her reaction to what she was seeing. "Lee, are you okay?" The huge, horny latina patted her monstrous vulva anxiously. "Did you cum in this one?" The question floored me, and I found myself surprised that rather than jealous, Bianca seemed more earnest than anything else.

"Uh… what?" I stammered dumbly, suddenly aware of how foolish I must look balls deep in a tiny woman I just met on the sidewalk, as though I was caught with my hand in the cookie jar somehow. "D-did I cum?" I echoed again. As I heard the words, I quickly surmised what Bianca was after. She would eat this woman if I had jizzed in her. Somehow I just knew it. "N-no, I didn't!" I answered sincerely, shaking my head for emphasis..

Bianca chewed her fat, luscious lips for a long moment, watching the defeated looking cop as she scrabbled up against my broad, muscly torso. The diminutive woman moaned in pain, now seemingly not as jazzed about receiving my two-foot hog as she had been a minute ago. Then my humongous lover huffed in melodramatic indignation, bathing us in her humid, hormone-laced breath. My heart sank as Bianca plunged her enormous hand towards us, almost matter-of-factly.

The gigantic hand descended and wrapped around the helpless woman. With a sickening wet squelch, Bianca ripped the cop off my massive pulsing rod just in time for me to hold onto my load which had to be a gallon or more by this point. Bianca brought the woman slowly, menacingly towards herself. The doomed cop struggled and cursed, thrashing around in pain, but was ultimately drowned out by the thunderous voice of my goddess-like girlfriend. “I think I smell your CUM, little Lee…” The heavily aroused giantess admonished me, revelling shamelessly in her complete control of her captives. “You better have not cum in this pretty little woman, my lover…” Bianca taunted with delicious contempt. Her voice darkened to a low growl, “I will KNOW if you did…”

Wasting no time on ceremony, Bianca swivelled her colossal bust out of the way and with a lustful grunt she simply plowed the helpless woman straight up her humongous, slobbering cunt. I heard the cop's terrified shrieks cut short in a brutal, liquid slurp. Bianca moaned like an animal in heat savoring the sweetness of the penetration. The huge, horny slut gave the tiny woman a few playful swirls around her abundant, swollen fuck folds. "Hahah… Oh, it feels so, SO… GOOD…" Bianca arched her back as she sighed in sexual elation, and I could do little more than wobble on the spot, wondering how the fuck I was ever going to escape the overwhelming, carnal appetite of this godlike woman.

Trembling with furious intensity, Bianca released her hand on the tiny woman's body as she thrashed her legs vainly in the powerful grip of the giantess' huge, muscular sex cave. My gigantic, naked lover's body tensed unexpectedly, and Bianca gave a short, aroused gasp that signaled to me she was above to fucking orgasm with this poor woman shoved up her hungry, wet snatch. There was a noisy, hot surge of love cream as Bianca screamed, "Oh… meu DEUS… FUCK…" gobs of her fuck nectar flowed past the woman's pathetic, helpless body as the giant, lusty amazon blew her considerable load. "I'm fucking CUMMING…. UUUNNNGH…" Bianca gyrated back and forth on her gargantuan lower limbs as she gloated. "I am GODDESS… OOOOoooohhh…" Nearby windows began shattering under the force of Bianca's insane vocalizations, showering the streets with a hail of glass shrapnel.

“Ooohhh… my little Lee…” Bianca moaned pleasurably as her powerful, muscular beef curtains worked over the cop like a trash compactor. “I… Hnnnnggghh…” the massive, horny latina struggled to find words as she lost herself in the epic tides of her colossal orgasm. “I hope you CUM in her little pussy, my… UUUuuurrggh…” My humongous lover leaned back and simply howled and gasped sweet nothings. With vicious, deliberate intent I watched Bianca’s ass and cunt muscles clench and contract over and over. She obliterated the helpless wretch in the steamy, vast confines of her magnificent fuck cave, joyously mashing her to a pulp between the slick, rigid walls of her giant, blood-engorged maw. The whole time, Bianca laughed and moaned loud enough to shake the foundations of the entire city. She had truly become the terrible, dominating goddess she had always fantasies being.

With a sickening slurp and a chorus snapped bones, Bianca devoured the little woman whole, and she was gone. “Rrrrnngh…” The monumental woman growled imperiously. Having swallowed her prey, Bianca’s earth-shaking orgasm seemed to be losing steam. A substantial puddle of her fuck juice had accumulated on the road surface, and the fumes coming off the small lake of cum made me feel lightheaded. Having just witnessed the wholesale slaughter of a whole squad of lawmen was terrifying and gut-wrenching but for all the horror I had just witnessed, my huge, throbbing prick ached for release and I once again I was finding it hard to care about the insanity of this whole situation.

Gun blasts shook me from my reverie as another group of cops approached on foot and opened fire on the gigantic, sexed-up latina. Shit… I realized that I had to get the fuck out of here! Hanging out with Bianca at her current size was proving to be more of a liability than ever before. I had to warn the people trapped in the Hustler that they needed to make a break for it or become food for this burgeoning goddess' hungry, wet cunt. A dozen or so bullets slammed into Bianca's stunning physique before she seemed to take notice. With a look of indignation, my insatiable lover turned her glassy, eyes to the bug-like men down the street as they continued their futile attempt at damaging the 100-ton sex monster.

“Huuuhhh?” Bianca murmured, almost as though she were astonished by the foolishness of the cops who dared get her attention. With all the force of an earthquake, my colossal, naked girlfriend rose to her feet, teetering unsteadily as her core muscles were still contracting slightly from the wild heights of her waning orgasm. “I must be having a lucky day, hahah…” Bianca grinned. She stomped haughtily in the direction of the cops who must have been scared shitless, by now having realized that their bullets weren’t about to do a thing to the curvy, ten-story-high beauty before them. Bianca turned to call out at me over her shoulder. “Don’t worry, my Lee…” She chuckled giddily, clearly in anticipation of swallowing these doomed men through one means or another. Ignoring the bullets as they rained over her magnificent, muscled abdomen, my god-like lover reassured me. “I will take care of these, okay? Hahaha…” She glanced down at her fabulous, humongous body, grinning with all the confidence of someone who is invincible. “Ooohhh…” Bianca purred mostly to herself. “Don’t go anywhere…”

With that, Bianca turned around and stomped belligerently towards the cops. She deliberately kicked the nearest squad car, sending it spinning violently across the road. The beleaguered lawmen swore and fumbled with their secondary ammo clips as the colossal shadow of their gorgeous, naked tormentor spilled over them. I was afforded a mesmerizing view of Bianca's lovely, plump ass and huge, drooling pussy as she walked away from me, shaking the entire city block under the weight of her bulk. I quickly ducked behind the corner of the building, avoiding the panicked gunfire and taking advantage of this momentary distraction to slip away.

At my current size I had to stoop down slightly to enter through the doorway of the Hustler. My eyes required a few seconds to adjust to the dim, cabaret lighting, and I suddenly felt painfully aware of my nudity in such a public place. As my vision became accustomed to the darkness I realized that indeed there were a few patrons still inside. A techno dance club beat was blaring through the speaker system so loudly it was no wonder these people seemed unaware of the destruction occurring only a couple hundred feet away. I realized with some surprise that nobody seemed to be paying any attention to me- the eight-foot-tall naked dude with dick like a fleshy baseball bat. In fact, everyone seemed to be facing towards the stage, and the vibe was super weird… very unsettling… I made my way towards the stage to see what was happening, and ideally to find a mic or something I could use to make myself heard over the thunderous music.

What I saw next made my eyes go wide with disbelief. Standing in front of the stage was a huge woman, easily close to twice as tall as me. She was naked… and god… she was HORNY…

Lucy Leggings, the former top-earning dancer on the Hustler stage towered over two of her friends and coworkers. Both of the smaller dancers were pleading hysterically with the thick, muscular amazon. The expression on Lucy's face told me everything that I needed to know. This girl wanted to be pleasured, and was about to take matters into her own hands. My jaw just about hit the floor. How the fuck could this be happening?

I recalled the encounter between Lucy and Bianca about an hour ago. My lover, 12 feet tall and weighing almost a ton had inserted her presence onto the Hustler stage, throwing Lucy's act into chaos. Bianca had put on a show for the crowd, then proceeded to masturbate herself with Lucy's tiny, slender body. It seemed like a lifetime ago now, as both women had since grown considerably larger... But how? As far as I could tell, it was my semen that was causing Bianca to grow and grow… But I hadn't touched Lucy… I'd never even spoken to the woman before…

That lithe little pole dancer was no more. At her current size, Lucy absolutely towered over her fellow dancers. The huge, looming brunette was muttering wide-eyed at the terrified women. “Please… Daphne… I need this… I need… I need you to service me…”

One of the smaller dancers, apparently named Daphne, wrung her hands and cried out with a scared, shaky voice, “No, stop… Stop, Lucy!” The cowering woman desperately attempted to remain calm while she attempted to talk some sense into the massively aroused amazon. “I don’t know what’s happened to you, j-just…” Daphne gasped in alarm as Lucy staggered towards her tiny colleague, clearly conflicted herself. “Just don’t hurt us!” The diminutive woman begged pathetically.

Lucy sighed gigantically as she took another step forward, quickly and blissfully losing control of her carnal urges. Daphne recoiled in horror as the giant wet muff of her huge friend surged straight towards her face. “No… No, no no no-no-n-MMmmmpphhh..,” Daphne’s shrieks were cut short as Lucy simply grabbed her friend’s little head and drove it unceremoniously into her massive, waiting pussy.

“Oooohhh… Yessss…” Lucy hissed, throwing up her head in elation. She snapped her eyes back down to view Daphne’s pathetic struggles. The amazon’s face was twisted in a conflicted mixture of guilt and sexual delight. Daphne pounded her fists uselessly against Lucy’s impassive bulk to no avail while the giantess bent her knees to better receive her coworker’s face. “Uuunnhhh, yeah… That’s the spot, right there…” Lucy rubbed Daphne’s face a little faster, a little more savagely. “Oh, my god… Oooohhh, Daphne… I’m sorry… It just… It feels so GOOD…”

I stared onwards with utter disbelief at what was unfolding before my very eyes. My mind raced for an explanation… It didn't seem possible, but then not much of what I had experienced in the last few weeks made much sense to me. It was difficult to ignore that sense of deja vu… I HAD seen this before… I had been seeing it all day. Whatever was affecting Bianca had to be affecting this aspiring giantess as well. Somehow my girlfriend had passed her dubious gift on to Lucy… And just like that, the giant dancer was now a slave to her own lust, just as Bianca had become…

The little blonde dancer began shouting and swearing at Lucy, demanding she release Daphne and threatening to call the police. Lucy's eyes narrowed menacingly in the direction of the blonde woman lying on the floor in front of her.
"Hmmm…?" Her voice lowered to a murmur that amazingly still cut over the din of the music, "Oooohhh… Don't worry, Melissa… Hnnnggg…" Lucy's thighs squeezed tantalizingly together. "YOU'LL be next…" Fearing for the young woman's safety I had just summoned enough courage to intervene when I felt a large, heavy hand clamp down on my arm...

“YOU…” A chilling growl registered right beside me. The huge, busty redhead grabbed me by both arms, but I was able to twist around just enough to be staring face-to-face with Roxy, the bar manager, Bianca’s former supervisor. “You were with that giant slut Bianca…” Roxy seethed, shaking me slightly as Lucy continued to mount Daphne’s face before us. “What the hell did she do to us?”

“Hey, let go of me!” I demanded, trying to break free of Roxy’s powerful grip. Fuck… she had grown too! She was already larger and stronger than me. “I don’t know what’s going on here… I swear!”
Roxy leaned down and thrust her large, globular breasts against the back of my head. “Bullshit!” She shouted, before lowering her voice menacingly. “I think you DO know something…” I could smell the amazon’s breath, heavy with equal parts lust and wrath.

Lucy's slowly fluttered open while Roxy was grappling me. The gigantic, naked brunette inhaled deeply, flaring her nostrils. Her huge, trembling arms suddenly released Daphne who clattered unceremoniously to the floor.
"Huuuuhhh?" The 12-foot woman mumbled through the fog of her own arousal, blinking as she searched for something in the darkness of the back of the room.

I realized with a fluttering sensation in my gut that she was looking for ME. "Hey, Lucy…" Roxy called out, squeezing me against herself vindictively. "Looky here… Someone wants to MEET you." I thrashed helplessly against a woman half again my size and full of spite. Roxy chuckled ominously in my ear, "Hope you don't mind, heh… I just want to test something…"

Daphne landed awkwardly against her friend Melissa, sending both women sprawling backwards. Daphne, the lithe little brunette, gasped and breathed rapidly in relief, finally free from the prison of Lucy's giant, wet pussy. The look on her face was stunned astonishment, like she had just sat through a rollercoaster ride. Melissa shrieked at Lucy, begging to be allowed to leave. The giant dancer Lucy however turned on her heel, seemingly having lost interest in her smaller dancing coworkers. With a lumbering, unsteady gait the humongous, hulking woman made her way towards me while the music continued to thunder.

Roxy jerked my body roughly, shoving me forwards to face Lucy as the huge horny woman dripped hungrily above me. “See something you like, girl?” Roxy taunted, giving me an empathic shake from the arms. The powerful redhead seemed to be more in control of her faculties than her larger companion. It was almost like she was treating Lucy like a domestic animal. My captor gave a derisive laugh and sneered, “Be careful you don’t break him… It’s MY turn next…” I gulped… somehow Roxy had put it together than my semen was causing Bianca’s growth… I had no idea if it would affect Lucy though…

Lucy’s eyes adjusted and immediately found my huge, rigid cock. The giant woman exhaled heavily as she stomped over to me. The massive, lusty amazon obeyed Roxy without question, seemingly easily motivated by the prospects of fucking me. Trapped in Roxy’s powerful armlock there was nothing I could to do resist either. Lucy gave a dramatic sigh, “Huuuuhhhnnnhh…” And with leisurely ease, she bent her legs and slid that gigantic, quivering cunt over my throbbing member.

“OOoohhh… MMmmmm…” Lucy moaned pleasurably as she sheathed me in her hot, meaty cave. I groaned in protest, despite an involuntary bucking of my hips. The giant woman pressed her huge, firm breasts and sexy dancer’s abdomen into me, essentially sandwiching me between the two amazons. Lucy’s hips were so wide and thick she was able to straddle my entire lower body while still standing. Those smooth curvy legs pressed me in from either side, gripping me securely as Lucy began to plow me up and down with strong, sensual gyrations.

While Lucy steamrolled me from in front, Roxy snickered at my being taken advantage of. “Heheh, get in there big boy…” She put her own considerable weight behind me and thrusted me up and forward into the gargantuan, wet muff, eliciting a sharp moan of arousal from Lucy. “Get your fucking dick up in her…” Roxy teased me relentlessly as she barged her massive, heaving cleavage into me from behind, twisting my arms back painfully in the process. I cried out at the roughness of my treatment. Fuck… what did this bitch have against me? Did she really hate Bianca so much that I was just collateral damage?

Suddenly an explosion rocked the dark, deafening atmosphere of the Hustler. Bricks and mortar burst into the room, bringing daylight and a gigantic hand along with it. The normal-sized people, dancers and gawkers, all hit the deck as Bianca's lovely, fat fingers smashed their way into the bar with terrifying ease, sending plaster and dust raining over the horrified patrons.

Naked and glorious, Bianca loomed humongously overhead. She raked her enormous forearm back and forth, quickly demolishing most of the south-facing wall of the building. I tried to shield myself from the bricks and bits of furniture that were flying around, even as Lucy continued to pummel my giant cock with her glorious fleshy cave like nothing was happening. Roxy however was not so undisturbed. The big vindictive redhead craned her neck to look way up. She let out an enraged shriek as her rival appeared, cursing loudly and suddenly looking for an escape route that would accommodate her considerable girth.

“Oh LEE-eee…” My lover’s earth-shattering voice boomed from on high. “Are you in there, my luscious little man?” The pounding beat of the muscle screeched to a halt as Bianca’s giganti hand crashed through part of the stereo system. Bianca’s gargantuan bust lowered to the ground, plopping so violently against the pavement that it caused the whole floor to jerk underneath us, sending more glasses and bottles shattering against the floor. Bianca’s face swooped down into view and she peered lustfully into the darkened room, blinking with a grin while her eyes adjusted.

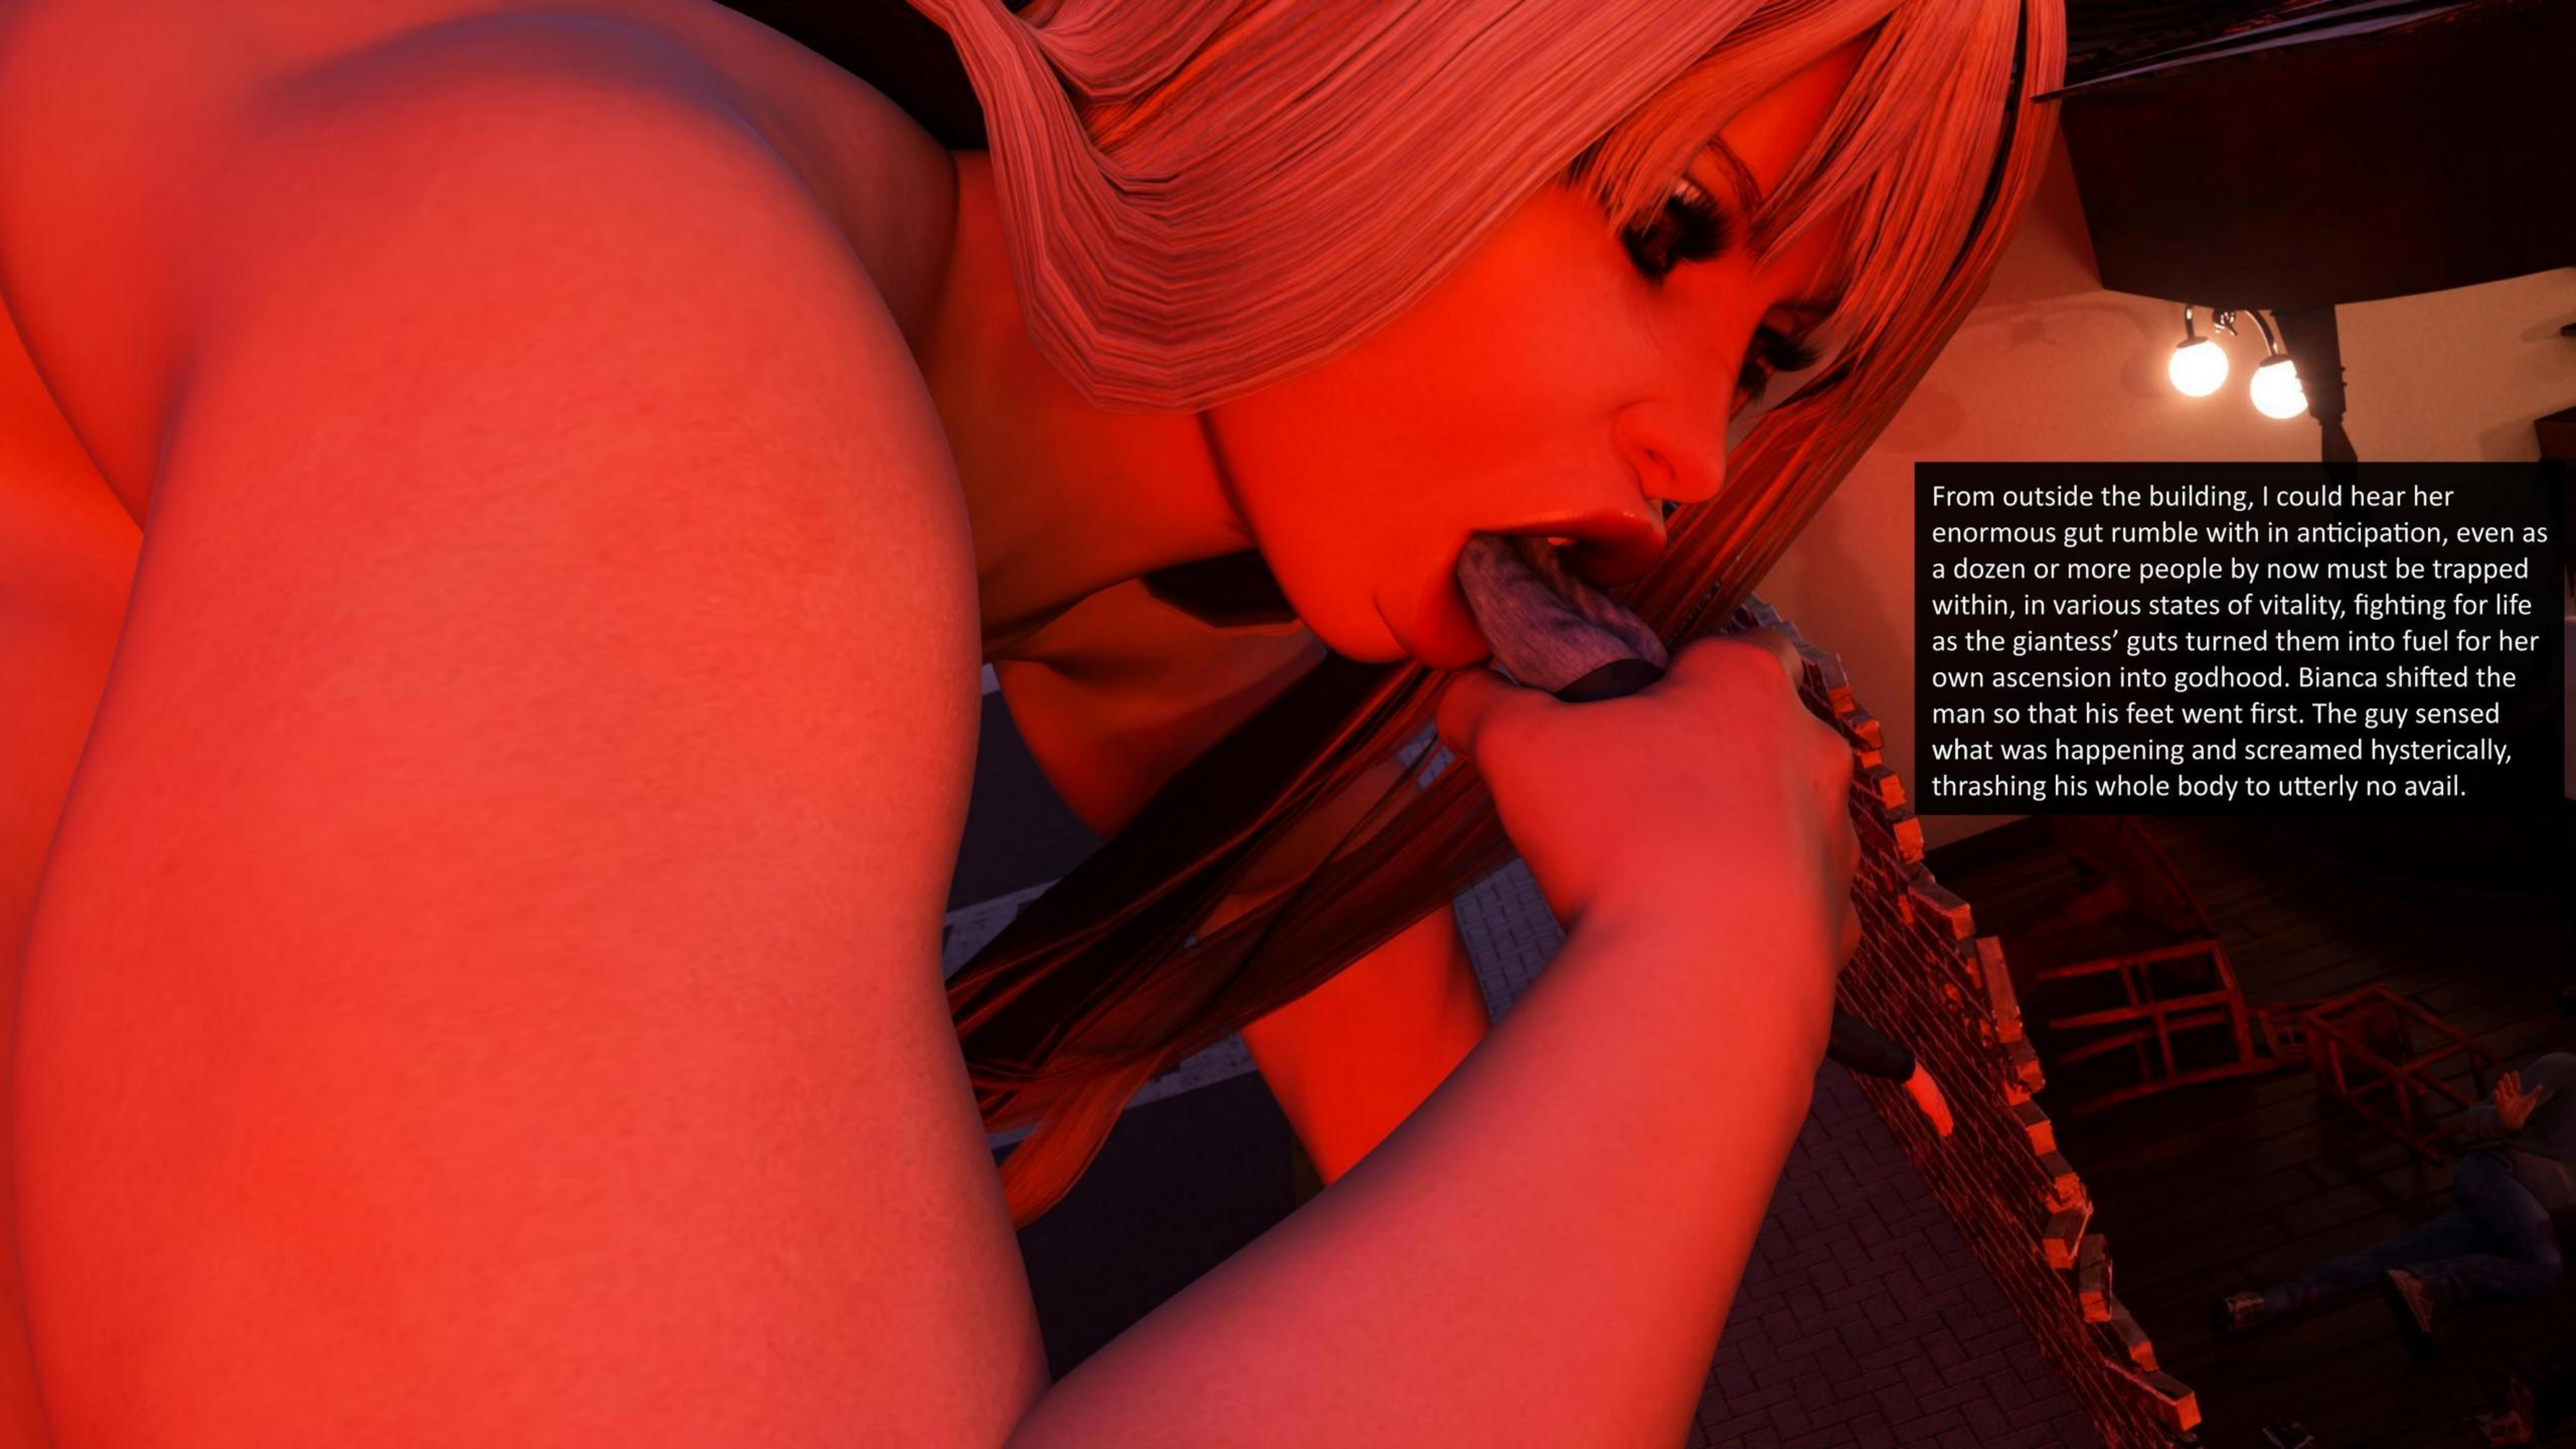

Just that moment, Lucy came. The giant brunette groaned in heavily aroused bliss as her steamy, wet muff coated me in thick, fragrant cream. “OOooohhh… FUUCK…” The huge woman moaned, churning my tortured cock with her powerful love muscles. “Huuuhhmm… it feels SO good…”
I was so overwhelmed by the chaos of the moment, not to mention the mind-bending stimulation I was receiving that I couldn’t think of anything useful to say. I simply stared into Bianca’s eyes expecting her to be furious. My gigantic latina girlfriend, instead of being angry, just chuckled at my situation. “Oh, hahah.. Lee you are making friends…” Bianca’s humongous voice lowered to a murmur. “You can have her for now… I am still HUNGRY…”

The giantess turned her attention away from me and twisted her face into a terrifying, imperious scowl. Some dude in a hoodie was trying to crawl away from the wreckage of the south wall when he sensed Bianca's colossal hand hovering over him. The guy yelled in surprise as the air rushed down over him while my gigantic lover's eyes blazed with hungry ferocity.

Like a toy, the tiny man was snatched and lifted into the air despite his frantic struggles and protest. “Come to me, my little snack, hahaha…” Bianca sneered with the confidence of someone in total control. “Time for you for to feed your goddess, okay?” The gorgeous titaness chuckled playfully as she clearly got off on what she was doing.

From outside the building, I could hear her enormous gut rumble with in anticipation, even as a dozen or more people by now must be trapped within, in various states of vitality, fighting for life as the giantess' guts turned them into fuel for her own ascension into godhood. Bianca shifted the man so that his feet went first. The guy sensed what was happening and screamed hysterically, thrashing his whole body to utterly no avail.

Then the moaning started. Bianca used this entire pageant to get off on the domination, and she wanted the rest of the world to know. “MMMmmmhhh… Rrrrggh…” She rumbled in a low throaty growl. The guy twisted around to try and worm his way out of the immense jaws of the horny latina, but only ended up getting a glorious view of her naked breasts. “HHmmmmm, HHhhahaha…” Bianca’s sexual vocalizations tinkled with laughter as she sampled the taste of her man, soon to become meal.

For a moment, Bianca paused at the guy's neck, giving him a final chance to appreciate daylight as he screamed in incoherent fear. With a dramatic slurp, Bianca then sent him down towards his end, moaning like a maniac while her cunt drooled in sympathetic enjoyment. Lucy continued to pound me up and down for all she was worth, allowing her own sexual grunts and groans to mingle with Bianca's. Roxy had fully frozen behind me. Her large body was rigid with tension and I was considerably anxious about how unpredictable she might become in this situation. Would she try and take me as a hostage?

By now, some of the other gawkers had crept up to what little remained of the south wall, eager to get a better glimpse at the fantastic specimen my giantess girlfriend had become. Too late, they realized their mistake. As soon as the first man was swallowed whole, Bianca's giant muscly arm descended again for round two. Not quite seeing her quarry, Bianca's hand burst into the room and searched around using fingers the size of fence posts to feel the miniaturized shapes on the bar floor.

Sensing movement, Bianca's sausage-like fingers plunged downwards and scooped up a screaming pair of men who were simply unable to move fast enough to avoid Bianca's inescapable reach. Bianca's beautiful scowling face brightened somewhat as she peered into her hand to see the two of them flailing pathetically in her mighty grasp. Bianca, chuckled indulgently. The sickening realization sank in for me that she had only felt one man. I almost laughed despite the seriousness of their fate. This was a surprise two-for-one.

Moaning salaciously like a monster, Bianca plowed the two men into the darkness of her huge drooling maw, cutting their screams short with a gurgle. Bianca paused with her victims partially inserted. The building-sized woman scanned the destroyed bar with her lovely brown eyes, already planning her next handful of human snacks. I could hardly believe just how ravenous this gargantuan, lusty latina had become!

Bianca’s massive churning gut rumbled as she fixed her penetrating, goddess-like gaze upon one of the gawkers. The guy simply froze where he stood, jaw slackened and neck craned as he gazed up to watch this gigantic woman swallow his friends whole. I was impressed with his bravery as he took in the terrifying sight with surprising aplomb. Bianca continued to stare with intensity, apparently intrigued by this interaction, and eager to see where it went.

Meanwhile, Roxy seemed to recognize the distraction this was causing. The giant redhead released me at last. I felt the blood return to my lower arms as the great hulking bitch tried her clumsiest to creep around me, slowly making her way to the back of the room. The entire time, Roxy kept her eyes trained on Bianca. Her face was full of spite and envy, and I couldn't help but feel relieved that she was no longer holding me down, even as Lucy continued to ride out the impressive heights of her orgasm on my big veiny prick.

The gawker who had been staring at Bianca cleared his throat. “Uhh… Y-you’re like…” The poor guy stammered, trying to find the right words to express himself even as his friends passed from Bianca’s colossal pharynx down into her belly in a writhing bulge and a dramatic gulp. “You’re like a.. A g-goddess…” The guy finally managed. Bianca fought back a huge grin as she nodded ruefully even as she reached for her tiny admirer with her giant, meaty hand. Another guy right beside him shrieked as he realized he had picked the wrong time to make a break for it.

With a happy grunt, Bianca swept up both of them in her powerful clutches. Despite his bravery, the gawker who had called her a goddess let out a single strangled cry as the force of Bianca snatching him drove all the air from his lungs. My gigantic girlfriend was simply too hungry in the moment to be worshipped apparently. In a matter of a second or two, both men were eagerly shoved up the giantess' waiting gullet.

Lucy had completely soaked me in her fragrant cum by now. The enormous woman had looped her arms under my hips and back and was pumping my entire body up into her toned, wondrous abdomen as she plowed me again and again into her heavenly snatch. I couldn't see much past Lucy's bulk, but I did catch a glimpse of Roxy making a break for it. Her little pink dress rode comically up past her hips, leaving her big swollen pussy exposed as the large woman struggled to move quietly with her increased size.

“Oooohhh yessss... “ Lucy hissed euphorically. “Oh, I’m taking your whole dick in me… MMmmm… Fucking cum in my giant cunt, little guy…” I could only groan in reply as my brain exploded in waves of pleasure, despite my best attempts. “Come on, fill my pussy with your load… Come ON…”
I cleared my throat and tried to reason with the giant, lusty dancer. “Uuhhh… Hnnn-no, NO!” I protested, even as the thick womanly cream oozed across my thighs and down my legs. “She’ll kill you…” I managed between tortured gasps. “My girlfriend will EAT you if I come…”

Bianca moaned furiously from above, savoring the sadistic satisfaction of having devoured five men already. Her eyelids fluttered preciously, as she began scanning the darkened bar, clearly looking for more deliciously helpless, squirming victims. How many people would it take to satisfy her at such a size, I wondered… Twenty? A hundred? Maybe more… She could probably eat Lucy if she wanted to get at my splooge, and for some strange reason I felt responsible for Lucy becoming involved in all of this. I didn't want to see her hurt by my lover's actions.

On the other side of the room, Roxy seemed to be rallying the other dancers Daphne and Melissa. “Come on girls, time to go…” The giant woman urged her subordinates. Daphne was still catching her breath from being face-fucked by a horny 12-foot amazon, and Melissa seemed to be protesting, apparently reluctant to place herself into the company of yet another burgeoning woman. Neither of them moved to accompany Roxy. “LOOK YOU BITCHES…” The massive, scantily clothed beauty growled. Roxy stomped her huge lovely foot for emphasis, clenching her fists as she threatened, “Back door… Now MOVE…”

Unfortunately for Roxy, the intensity of her outburst drew unwanted attention from outside the gaping whole in the Hustler. “Who is there, hmm?” Bianca thundered, exaggerating the upward inflection of her query for her own amusement. “Is that you, boss?” The building-sized woman crouched even lower, trying to peer all the way to the back of the room, and flattening a car with her gigantic breasts as she did so.

"I can see your little pussy under that tiny dress, my dear…" Bianca teased as she shifted her colossal bulk, positioning her shoulder near the gaping hole in the south wall. Roxy edged away as Bianca taunted, "Are you starting to dancing now, or are you also growing huge like me?" The overwhelming volume of Bianca's voice plunged in pitch to become a menacing wave of thunder as she suddenly lurched forward, plunging her gigantic hand into the ruins of the bar.

Roxy appeared somewhat prepared for this, and despite her clumsiness at this size, she was able to react in time. Tensing her gorgeously thick, curvy thighs, the redhead launched herself backward, rolling over a table and some chairs and reducing them to smashed kindling as she dodged beyond the substantial reach of my huge, horny girlfriend. Bricks and glass went flying in every direction as Bianca's tree-trunk arms swept through the space, obliterating everything in its terrifying path.

Bianca’s gigantic hand paused. Her huge, sausage-like fingers probed around for a moment. Sensing her prey had escaped, Bianca snorted in frustration. She peered through a cloud of particulate debris, and as the dust cleared she saw that not only had Roxy positioning herself out of reach, the roof above my head was beginning to sag worryingly, having lost the support of the south wall.
“You little…” Bianca seethed, clearly pissed off at the act of defiance. “You can’t escape me, little Roxy…” The giantess’ words were taunting and confident. “I’ll come back for you later… and we will fuck in the street, okay my dear? Hahah…” The goddess of a woman chuckled as she turned her attention to Lucy and me.
POLICE

Bianca’s gorgeous brown eyes turned to meet mine. I was being mercilessly worked over by Lucy without an ounce of control over my treatment, and yet I still had the guilty conscience to offer a lame apology. “Bianca… I-I…” I had to clear my throat to continue. “I didn’t mean to… I just wanted those people before…”

Bianca scowled and rolled her eyes as though she were growing impatient dealing with a child. “It’s okay, Lee…” The naked titaness murmured. That massive arm penetrated the bar one more time, and this time clamped heavily around my body as well as Lucy’s. “I want you to fuck her… Come here…” Bianca ordered even as she lifted us out of the ruins of the Hustler.

As I was accelerated upwards in the giantess' powerful grip, I got a good glimpse of the chaos that had transpired below. About a dozen police cruisers lay smashed and overturned in various states of destruction below. Bianca's huge, sunken footprints broke up the pavement in various places, telling a story that would certainly chill the blood of whomever had to investigate and clean up this mess. Large wet patches of fragrant cum steamed in the setting sunlight, and I noted with a knot in my gut that none of the cops or bystanders were anywhere to be seen. I realized with dread that Bianca had swallowed them all.

My godlike lover dumped us roughly to the pavement, right in the middle of a sticky wet patch that was slick with her feminine lubricant. Bianca's eyes opened wide and her ears pricked as she turned her massive head to the side. "Wait here… And fuck each other…" The horny giantess picked up her gargantuan body, deliberately smashing a foot down on a wrecked cop car as she did so. Before we hit the pavement, Lucy was already thrusting herself into me once more, seemingly barely cognizant of what was happening around her as she gave into her basic primal instincts.

Bianca stomped through the intersection and around the corner, drawn by some unseen phenomenon. Her enormous, chubby feet kicked aside a cruiser as she chuckled low and booming to herself. My girlfriend's appetite for destruction had clearly grown along with her appetite for people.

Turning back to the matter at hand, I decided all's fair in love and war. My massively swollen genitals ached to be satisfied, and being ordered by Bianca to do so, I really saw no other choice but to follow the rabbit hole down to the end. I bucked my smallish-looking hips into Lucy's, eliciting a loud, encouraging moan from the burgeoning, muscly amazon. She stretched her terrific body out like a cat, rolling in Bianca's effluent and covering herself with it, revelling in the naughtiness of it all. Her giant cunt gnawed and gripped my rock-hard dick, wringing it desperately for those first sweet drops of pre-cum. I knew I wasn't going to last long.

Bianca swivelled her gigantic body, sending her huge heaving bust wobbling tantalizingly for the whole city to see. Her eyes scanned the ground near her feet, and she appeared to be searching for something. The giant, horny goddess stomped her feet impatiently, scowling like a pouty teenager. “Where are you, Roxy?” She growled, shaking windows and setting off a nearby car alarm. “You can’t hide from your goddess…”

A naughty look crossed Bianca's eyes as an inspiration seized her. The colossal beauty leaned forward, sending her gargantuan breasts heaving forward and her magnificent ass to butt up against the apartments above the Hustler. The entire building lurched on its foundation, and sounds of destruction could be heard emanating from within it's old bowels. "You come out now, my toys..." Bianca taunted with a threatening voice. "Or your goddess will crush you under ass, hahah..."

With the realization that they were no more safe in the building, Roxy and her two dwindling companions burst out onto the street. The huge redhead yelped in panic as she realized how large and how close Bianca was. She turned her heel and stumbled, running in a blind panic. It was clear they had been spotted however, and there would be no chance to escape my gigantic girlfriend's all-encompassing grasp.
ONE WAY

Meanwhile, Lucy gritted her teeth, mumbling passionate nothings to me while she grinded my body up and down with my reluctant participation. “Oh my god… Come in me… Come in my pussy…” She repeated with increasing insistence. “Make me grow… I want to be huge…” Lucy’s massive pelvis smeared me with her fragrant cum, pushing and squeezing me between her legs with each passionate thrust. It was heavenly, and I could feel my prostate swelling up which caused her to pump faster in anticipation of what was to come.

"THERE you are…" Bianca thundered, her plump, beautiful lips curling in a triumphant sneer. "Don't leave your goddess when she need you…" The gargantuan, nude woman teased. Roxy's eyes were wide with fright, and she glanced in every direction, looking for a good escape route, or maybe a place to hide, but she was completely exposed. My godlike lover stomped over, closing the distance in barely a second. She loomed terrifyingly over the three women peering boorishly over her gargantuan cleavage with a wide grin.

Bianca lowered her enormous bulk to the ground, obliterating cars beneath a hundred tons of gorgeous feminine flesh, bones, and guts. The impact caused my dick to smash up into the depths of Lucy's lush, wet pussy, eliciting a pleasurable moan from the amazon as she pressed my face into her taught, gorgeous belly. Bianca continued to rock the streets with her haughty, full-bellied laughter, spreading her legs flatteringly to trap all of her victims at once, in a sensual triangle of flesh between her sequoia-like thighs and massive, yawning cunt.

While Bianca adjusted her humongous lower body, Roxy was struck by the soft, lovely wall of my girlfriend's inner thigh. The force knocked the amazonian redhead to the ground, sending her sprawling over Lucy and me, in an orgy of sexualized clumsiness that was almost comical. All the wind was driven from my lungs as I was roughly smashed between the two giant women, and despite being balls deep and still fucking, I think I blacked out for a moment or two.

Bianca leaned backwards leisurely, admiring the panic and chaos she was causing with her casual adjustments. The gigantic, horny slut clapped her massive hand down on her pussy, playfully peeling apart her lips and allowing the whole world to see… and smell… her abundant womanly readiness. Bianca's gargantuan breasts hung like planets above us, partially obscuring her billboard-sized face, while her beach ball nipples pointed flatteringly towards us.

Roxy rolled off me and landed awkwardly on the ground. The huge, scantily-clad bar manager searched the ground for her companions, seemingly unaware as Bianca spread her colossal beef curtains above. The redheaded amazon seemed stunned and uncoordinated, making me wonder if she had hit her head in the tumult or if she was simply falling under the spell of Bianca's vast, powerful sexual charm.

I noticed movement under the shadow of Bianca's humongous inner left thigh. The little blond dancer Melissa had become partially trapped under the giantess' immense bulk, and of all things she could have fixated on, Roxy appeared to be coming to her aid. While Melissa screamed shrilly for help, Roxy stooped low, offering me a free view of her large, exposed pussy. Roxy grabbed the smaller woman's arm with one of her giant hands, and pressed her big muscly shoulder into the wall of thigh flesh that had trapped the poor woman. With a grunt of exertion, Roxy pushed and pulled simultaneously, freeing the shrieking blond with a sudden jerk of motion that caught Bianca's attention.

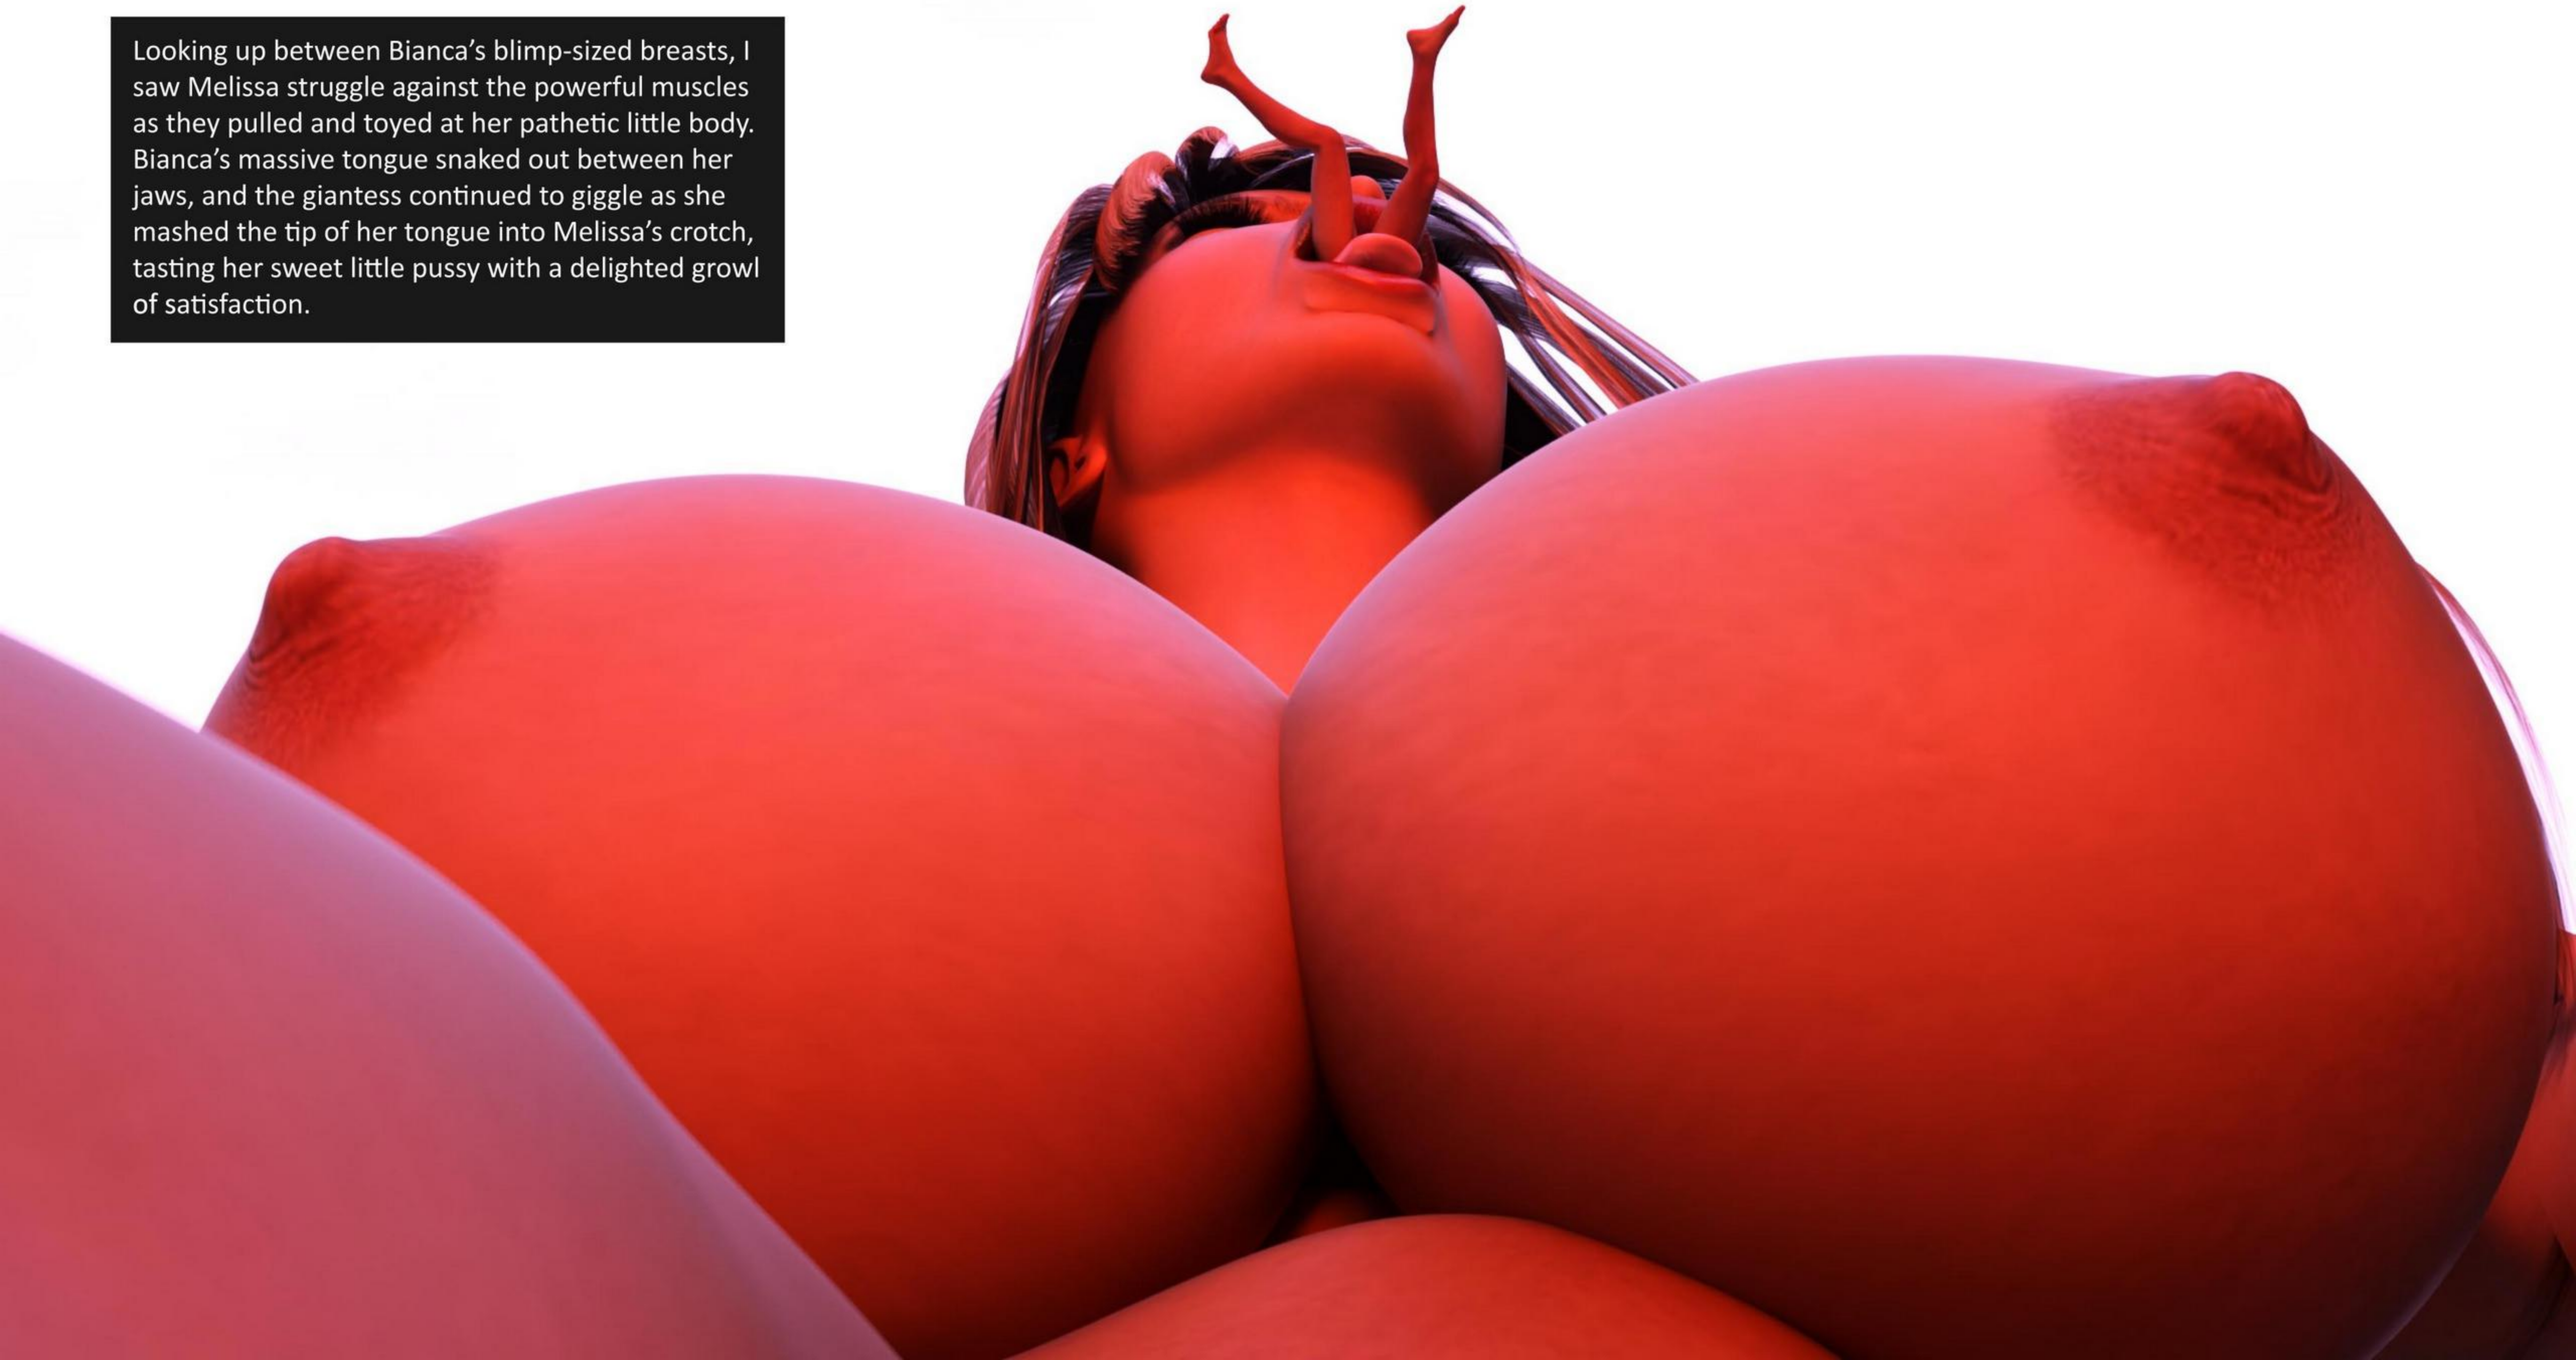

The gigantic, horny latina giggled as she enjoyed the sensation of the tiny people struggling to escape her immense mass. No sooner had Roxy freed her friend than Bianca swivelled her tremendous bust to the side and plunged her giant hand down into her crotch. Still giggling, Bianca gingerly plucked Melissa's body by the wrist, using the rest of her giant hand to swat Roxy away and sending her tumbling to the sticky road surface. I could hardly believe what was happening while the powerful haze of Bianca's sexual orgy penetrated everything that was happening and that I was sensing.

Bianca lifted the tiny, screaming dancer, bringing her up close to those lovely, plump lips that had already devoured dozens of people. Instead of reacting to Melissa's unrestrained hysteria, Bianca fixed her with a passionate gaze and blew her hot, hormone-laced breath over her helpless victim. Melissa reacted almost immediately. Her body convulsed, and remained tense, but her screaming abated and gave way to quieter, frightened moaning. "I watch you dance, little one…" Bianca purred, bathing her little captive in pure, genuine affection. "I want that hard little body of yours so, SO bad…"

With a salacious smirk, Bianca lowered Melissa's body, letting her feet dangle miserably against the goddess' immense cleavage while still holding her by the wrist. Bianca leaned forward and gave the dancer a passionate, full-body lick from her legs to her face, causing Melissa to wail pathetically in reply. Bianca simply dominated her, growling in arousal, and moaning with the volume of an earthquake, shaking Melissa visibly with the vibrations of her humongous vocalizations.

Reveling in her total control, Bianca gasped heatedly and giggled like an insane person. She tipped her head back and inhaled, causing Melissa's upper body to be drawn into the vacuum of her gargantuan, wet maw. One final scream was cut short as Bianca clamped her fat, gorgeous lips around the doomed little dancer.

Looking up between Bianca's blimp-sized breasts, I saw Melissa struggle against the powerful muscles as they pulled and toyed at her pathetic little body. Bianca's massive tongue snaked out between her jaws, and the giantess continued to giggle as she mashed the tip of her tongue into Melissa's crotch, tasting her sweet little pussy with a delighted growl of satisfaction.

My godlike lover continued her assault on the little blond woman's helpless body. Bianca swirled her massive tongue around, lathering Melissa in her fragrant saliva, giving the giantess a good sample of the girl's flavor. I could see Bianca's enormous, swollen pussy convulse pleasurably as she satisfied her fantasies. Wet, fragrant cum oozed down on the pavement which was already soaked in the stuff. Roxy knelt down in a thick, slimy puddle of Bianca's wetness, trembling and clenching her fists in disbelief at what had happened to her friend. Even as pleasure rocked my brain I felt a twang of guilt and sorriness for Roxy and her doomed coworker.

At last I could hold my load no longer. Lucy wept in agonized delight as my massive prick swelled and pushed up even deeper into her. My prostate spasmed and grew swollen and rock hard, as the first few spurts entered her waing depths.

I desperately gripped and kissed the amazon’s huge, firm breasts as my orgasm took hold. Lucy fingers pressed painfully into my back as she hugged me like a bear, ensuring every last drop of my semen was caught in her quivering, wet cunt.

My urethra has widened considerably by this point, and now a thick, continuous jet of cum surged through my giant cock, coating and filling the inner spaces of Lucy's vast womanhood. The sounds she made as she moaned and bucked were growing lower and louder, and my suspicions were confirmed even as my brain burst in stimulation…

… Lucy was GROWING… Each beat of her mighty heard pounded harder than the last, and I felt the amazon’s thighs and vulva swell around me, causing my body to dwindle by comparison. Hundreds of pounds of gorgeous feminine flesh were being added to Lucy’s body, and she shook from head to toe with rabid sexual excitement.

Even as Lucy's impossibly gorgeous, womanly body thickened all around me, I could feel my dick continue to stretch out, pumping seed like a firehose and swelling with each quavering pulse and thrust. I was growing TOO…

“Oh YES…” Lucy wailed in her newly enhanced baritone voice. “I’m FUCKING… GROWING…” she raged, clenching my cock euphorically with her powerful cunt muscles. She gasped and clutched me like a monster, draining me of every last drip of cum before I lay ravaged and spent on her huge, taught belly.

I lay in Lucy's massive embrace gasping, listening to my ears ring after an earthshaking orgasm. When the ringing abated, I could hear Roxy's voice. "Come on, Daphne…" She urged in a hushed, desperate tone. "Get up, we've gotta go!"

The big, mean redhead was prying up portions of Bianca's inner thigh, trying to release her tiny friend without hurting the poor girl. Lucy's eyes suddenly rolled down. A wicked grin spread across her face, and seizing upon a naughy inspiration, the gorgeous brown-haired amazon dumped me aside like a used rag.

As Lucy's newly enlarged shadow enveloped the two of them, Roxy and Daphne both shuddered and glanced fearfully up at the woman, gawking at how much she had grown. Lucy gazed imperiously down upon them, flaring her nostrils as Bianca's cunt drooled above. "Oh… shit…" Roxy murmured, clearly flummoxed. "Not you too…"

With a haughty laugh, Lucy bent over. Daphne cried out in panic as the huge, burly dancer filled up her entire view. Roxy covered her head as though she were expecting some kind of reprimand, but Lucy appeared uninterested in the redheaded beauty. She leaned forward and instead wrapped her big, lovely hand around Daphne's forearm.

Daphne was pulled wailing and flailing into the air by Lucy with more than a grunt of exertion. Roxy was issuing all kinds of threats and protests, but the massive, burgeoning brunette's attention seemed fully focused on the tiny captive in her grasp. With a seductive, wanton gaze, Lucy examined the tiny dancer from head to toe, marveling in comparison at the significant size gap between the two of them.

Then without so much as a second thought, Lucy mashed Daphne's face straight into her huge, waiting pussy, giggling lasciviously as she did so. "Hahaha… Oh Daphne…" Lucy nuzzled the smaller woman's face up into her massive, swollen clit. "You are just so tiny and cute now… I could really eat you up… MMMmmm…" The sex-crazed woman moaned heatedly and picked up right where she had left off when I burst into the Hustler minutes ago. I could hardly believe the ravenous appetite of these giant women!

I was interrupted from my reverie by the towering redhead who suddenly stooped low and crouched menacingly over me. “Hey, fuck off!” I protested. Although I felt sorry for Roxy, it seemed she clearly had it out for me and Bianca, and I didn’t trust her an inch. Ignoring my plea, Roxy grabbed my gigantic, throbbing cock, giving it a thorough examination while her lips curled up in a contemptuous sneer.

I was about to yell at her again when Roxy suddenly dropped on her knees and subdued me with a stern scowl. “Shut up, little guy…” The menacing amazon took a couple of steps forward on her knees, trapping me easily under her bulk. “I know you’ve got something to do with this crazy bullshit…” Her eyes played over the engorged head of my magnificent prick. “I’m done trying to reason with these bitches.” Roxy snorted derisively. “I figure, if you can’t beat ‘em… Join ‘em…”

With a throaty inhalation, Roxy opened her jaws wide and eased her large, pretty mouth over the head of my enormous member. I groaned as she immediately went to work, swirling her tongue around my monster piece. The huge, horny amazon pushed her body against me, pressing in close in a way that communicated her threatening intentions without ambiguity. Roxy would have her way with me, and she was warning me not to call out for help. Despite the conflicting sensations of fear and arousal as she buffed my dick, I couldn't help but smile inwardly as even this massive woman struggled with the increasing size of my giant manhood.

I heard a gigantic gasp from on high and realized that Bianca was watching all of this through the valley of her immense cleavage. “Ooooohhh…” The enormous, naked latina purred. “This makes me so, SO pleased, my lovers…” The giantess leaned back a little, jutting her colossal pubic mound shamelessly forward. “You make your goddess very happy…” She mused, playing into her fantasy as though she had orchestrated the entire thing.

Trying to ignore the unpleasantness of the assault currently taking place on my huge, veiny member, I spied Lucy as she plowed Daphne's dwindling little head into her puffy, wet beef curtains. The giant, horny brunette gasped, using her large, powerful hand to drive Daphne into herself. The tiny dancer would revolt, pulling herself back out in order to escape, but Lucy would sigh in elation and plunge her back into her slobbering, womanly cave every time.

"OOoohhh, that's NICE…" Lucy groaned. She hooked her finger under her swollen clitoral hood, urging her little captive onward. "I need MORE, baby…" The amazon bent her knees, driving little Daphne up headfirst into the terrifying fuck tunnel. "MMMmmmm… Go higher…" Lucy's eyes widened as she moaned. "HHHnnnnggghh… Oh FUCK yes…"

Lucy’s whole body tensed and the amazon gave a strangled little gasp. Suddenly Daphne’s body was lifted by some unseen force, and the little woman was sucked up into the lusty amazon’s body with a wet squelch. Lucy lurched backwards, eyes wide with shock. Her huge body slammed into Bianca’s inner thigh, and stopped there, tensing and trembling with passionate consternation. My jaw sagged in disbelief as I watched Daphne’s lithe little lags dangle and flail pathetically, her whole body suspended by the powerful grip of Lucy’s churning cunt muscles.

Lucy cried out in stunned agony as another wave of muscular gripped her entire swollen body. Daphne was noisily sucked up another foot, up to her pelvis in the lush, ravenous depths of her wet, fleshy prison. Bianca rumbled from on high, “Huuuhhh?” The godlike latina bent over to peer at what was happening. “Meu deus…” she cried. “You are to swallow her with your PUSSY…” Lucy could only moan in reply. “Yes, YES!” Bianca gloated. She urged her fellow giantess forward. “Suck her in, minha amiga… EAT her…”

Lucy grunted and groaned like a monster, visibly straining herself to take in as much of her coworker as she could. “HHnnnghhh… UUUuurrrgh…” She gritted her teeth, suddenly rearing up in obvious discomfort. “N-no, stop…” she pleaded to no one in particular. The amazon’s gorgeous, naked flesh shone with the sweat of her exertion. “I can’t do it…” Lucy whined, even as her enormous cunt convulsed, pulling Daphne another few inches inwards. “I’m not BIG enough…”

Bianca rumbled her salacious encouragements from on high. “Yes, my sister… you CAN…” Bianca fingered her gargantuan clit while her gigantic cunt slobbered noisily. “You will eat her with your PUSSY… Oooohhh…” My godlike girlfriend moaned with escalating intensity… “You will eat her, and you will GROW…” Lucy shook with exhaustion, doubling over and growling furiously as she swallowed, spurred on by Bianca’s insane promises.

"Oh… FUCK…" Lucy gave one final contraction, longer and more anguished than all the rest. The sweating, panting giantess arched her back haughtily, sucking Daphne's kicking shins the final foot or so necessary to engulf the dwindling woman's body entirely within her ravenous, wet cunt. The amazon moaned and whined painfully as she stood frozen, limbs tensed and trembling. Lucy's belly was protruding sickeningly with the added content of Daphne's body. The little dancer's body was visibly thrashing against the sensual walls of her confining prison, and my gut fluttered at the dreadfulness of the sight.

Bianca groaned in approval as Lucy straightened her body. The giant, naked brunette adjusted her gorgeous body and straightened up, clearly proud of her horrifying accomplishment. I just lay there, taking aggressive, vindictive head from Roxy as I realized with a creeping sense of dread that something was happening to Lucy.

The dents in Lucy's swollen, turgid belly began wriggling furiously as Daphne, trapped in the immense womb of her former coworker, increased her already substantial panic at some unseen force. An obscene grin spread over the amazon's face as she knitted her brows, focusing in on what her body was doing.

“Oh, yes…” Lucy wailed. “Oh, FUCK yesss…” The colossal woman stomped her feet in euphoric delight. Bianca growled in approval, rubbing her giant cunt lips in celebration with her little prodigy. I couldn’t believe my eyes. Lucy had devoured a woman in her swollen cunt… and now she was GROWING…

“YESSS!” Lucy seethed. “I’m fucking GROWING…” The burgeoning woman clenched her fists in sex-crazed delight. “I’m a fuckin’ GODDESS…” She continued to rattle off insanely to herself, announcing her ascension to godhood to the entire world. It was an incredible sight to behold. Bianca was clearly getting worked up by Lucy’s orgasmic growth, and the gigantic latina was howling pleasurable as well.

Within seconds, I was snared in the spell of shared sexual release as well. I groaned lustily as my hips bucked unexpectedly. My monstrously oversized member slammed into the back of Roxy's throat, and the big mean bitch gagged on my cock as hot, frothy fuck sause went spewing into her craw. The scantily clad redhead growled in approval, moving her tongue down to allow me to shoot straight into her esophagus.

Roxy gargled my cum by the pint, ravenously lapping and suctioning as much spillage as she was able. My cock was surprisingly resilient to the massive overuse of the last few hours, and to my alarm the huge, vindictive woman was able to wring the largest load yet from me. At last, Roxy leaned back and gulped down the last mouthful of jizz, narrowing her eyes in spiteful triumph as she trembled in anticipation.

“MY turn…” Roxy glowered, leaning in close, once again threatening me with her size. The giant, naked woman’s body trembled and her gut rumbled in protest to having gallons of hot sperm dumped onto it. Roxy’s big blue eyes widened and her pupils rapidly constricted as it began to happen.

Roxy's gorgeous, thick body began to expand, even as she loomed menacingly over me. "Hahah, oh yeah, baby…" She sneered, obviously delighted. The great big bitch spread her knees apart with a grunt. "Is that all you've got?" She seethed.

The burgeoning amazon’s face spread into my space as she grew, quickly dwarfing my current size. Roxy’s eyes glittered insanely, clearly drunk with the power she was quickly receiving. I just knew this woman would be eager to abuse it.

The huge, horny redhead continued to chuckle, glaring contemptuously into my eyes, clearly delighted at having used me to enhance her beautiful body. I heard a ripping sound as Roxy's dress strained hopelessly against her expanding bulk. A thin, shiny trail of fragrant cum began to dribble down from her exposed pussy, and I shrank back in fear.

The intensity of Roxy's domination of me was suddenly interrupted by Lucy as the gigantic, sweaty brunette appeared behind her smaller supervisor. Roxy yelped in protest as her friend grabbed her by the calves and she was dragged roughly away from my supine form. "No!" Lucy shouted, her eyes blazing with sexual appetite. "I need MORE…"

Lucy groaned passionately as she ripped Roxy away from me. I breathed a sigh of relief for being freed, though I couldn't help but wonder anxiously what would happen next. Lucy pulled against Roxy, overpowering her resistance, but in doing so, the massive, naked brunette stumbled backwards into Bianca's titanic thigh. The larger of the two amazons gasped in an explosion of stimulation as Roxy's large, lovely feet were plunged into the quivering folds of her immense labia.

“Oooohhh fuck… MORE…” Lucy whined. She leaned back and closed her eyes, engaging her core. With a tremendous sigh, the humongous woman spread her legs and simply inhaled Roxy, screaming bloody murder, into her cavernous womanhood. I sprawled backwards as Roxy lost her grip on me. Holy shit… Lucy was every bit as hellbent on abusing her new power. She was trying to devour a 12-foot amazon in her big, drooling cunt.. And so far it was working…

Lost to the slavish throes of her passion, Lucy tossed her head up and wailed to high heaven, furiously clenching and unclenching her mighty cunt muscles, slowly teasing the giant, angry redhead into her hungry muff. She was so distracted by her own selfish growth-seeking orgy, that she barely noticed the massive hand descending from the sky before it clamped down on her arm.

Lucy groaned in surprise as Bianca dragged her towards her crotch with dreadful ease. Bianca purred from on high as she peered between her gigantic breasts, “Ooohhh, that’s so nice, my toy…” A haughty chuckle rocked the city as my humongous girlfriend teased, “I love watching you grow… UUUunnngh…” Bianca’s torso contracted with a sexually charged moan. She arched her colossal back as she plunged Lucy shoulder-deep into her mountainous cunt. “But your goddess is jealous…” Bianca murmurd darkly.

I lay dazed, numb from shock and the exhaustion of the many consecutive orgies as Bianca laid out her psychotic plan to her two former coworkers. “OOohhhh… You use my lush little man to grow…” The gigantic latina shivered in morbid anticipation. “Now I swallow you with my giant CUNT…” Roxy wailed with horror upon hearing Bianca’s announcement. The giant redhead kick and thrashed about in the grip Lucy’s enormous vagina.

Lucy's eyes were rolled up into her head, and her jaw sagged open. She stared enviously into Bianca's gorgeous face, but at length, the huge, naked brunette seemed to resign to Bianca's hypnotic spell. "I-I… I will pleasure you, goddess…" Bianca's eyes bulged with furious delight, hearing Lucy's words. Lucy pushed up with one hand on the pavement, and with a sickening series of liquid squelches, she began vigorously rubbing Bianca's beef curtains, causing the humongous latina to howl in ecstasy at the power she commanded.

Bianca groaned euphorically, spreading her gigantic legs apart, smashing aside light posts and cars in doing so. Lucy continued to massage my girlfriend's mattress-sized labia, eliciting noisy, fragrant surges of Bianca's womanly cum. Lucy tensed her whole body, as though she was suddenly remembering the woman trapped in her own lovely pussy. Roxy screamed angrily as Lucy resumed swallowing the overgrown redhead into her own dripping womanhood.

“NO… no no NO…” Roxy roared, vainly clawing forward in an attempt to escape the lush, vascular jaws of Lucy’s mighty cunt. I rose shakily to my feet, still able to feel the slightest twinge of guilt for the big, mean bitch. But even as Lucy’s head began to disappear into Bianca’s vast, slobbering snatch I could do little more than shrug my shoulders. Bianca was simply going to get her way.

Lucy was quickly disappearing into Bianca's hungry, muscular pussy, and consequently Roxy was dragged screaming and struggling along with her. There was so much anatomy being swallowed by slick wet giantess cunt that I hardly knew what to pay attention to. Taking advantage of my stunned disbelief, Roxy suddenly flexed her huge, powerful torso. With a tremendous kick, the gigantic redhead straightened her legs and lunged a few feet out of the pussy that was devouring her whole.

"Rrrrngh…" Roxy growled as she launched herself. The enormous, scantily clad woman swept her huge arm forward and in a desperate bid for survival she grabbed hold of my giant, throbbing dick. "Get over here…" Roxy demanded, desperation straining in her voice. "Give me your cock… FUCK…" The amazon grimaced as she was sucked backwards into Lucy's colossal pussy, eliciting a moan from the gigantic brunette.

Roxy squeezed my dick so hard I thought it was going to break off. I yelped in pain, and obediently allowed myself to be pulled forward onto my knees as Roxy slid backwards into Lucy's cunt. "Give me… HHmmmmpphh…" Roxy clung desperately to my immense prick, quickly inhaling me into herself in a savage bid to grow… a plan that was doomed to fail.

High above us, Bianca simply howled in full-bellied laughter. It didn't matter to her what the little redhead did to save herself. My girlfriend had simply become too huge… too powerful to defy. She was going to devour us whole, and she would grow… and soon she would fuck and swallow everything she saw fit to do so…

Lucy gave one final gasp of euphoric pleasure before her head disappeared into Bianca's gigantic, swollen pussy with a liquid slurp. Roxy was yanking on my dick, slurping and moaning with growing panic as she sensed her doom creeping up on her, inch by inch…

“Oh, YES… FUUUUUCK…” Bianca screamed as a sudden, powerful wave of muscular contraction rocked her massively protruded fuck cave. Lucy had been rubbing the walls of Bianca’s titanic cunt with both massive arms, and it was finally too much for my gigantic girlfriend to resist. Lucy was simply inhaled into the car-sized pussy, dragging roxy within her own swollen slit. Roxy cried out in dismay as she lost her grip on my huge, slimy member. The realization finally hitting her that escape was impossible.

There was a dramatic pause as Bianca suddenly stopped rubbing her slit. The building-sized latina narrowed her eyes as she peered down through the valley of her gargantuan cleavage. “No…” She growled, gritting her teeth as she teetered on the edge of a gigantic orgasm. “Suck his dick…” The goddess commanded. I shrank back with disbelief. What did she say? “I liked that… Suck my big, luscious man for me…”

Bianca bucked her hips violently, edging her colossal body forwards and flattening a cop car beneath her bulk at the same time. This relatively small movement for Bianca caused Roxy and Lucy to surge forward as well, and suddenly I found myself in the clutches of Bianca's vindictive rival once more. Roxy seemed even more surprised than me, but appeared more than eager to obliged the godlike giantess.

“Hahah… oh YEAH…” Roxy gushed. A triumphant look crossed her face as the big, vindictive bitch eased herself onto my giant dick with the help of my humongous girlfriend. “Gimme that cum, big boy… MMmmpphhh...” Roxy slipped her heavenly lips around my dick and began gorging herself on the oversized organ once more. I stood there, trembling in disbelief. Somehow, Roxy had gotten the idea that she had won the battle, but from where I was, it was easy to see how quickly she would lose the war.

Bianca resumed masturbating, blissfully massaging her immense clit as Lucy, the 20-foot amazon willingly battered her colossal pussy from the inside. Roxy was slurping my cock like a real winner, and I managed to get one final glimpse at Bianca's face before I was sucked forward, past the rondure of her gargantuan breasts. Bianca wasn't about to let Roxy grow… She wanted it for HERSELF…

...And that meant that I was going in too. My body jerked in involuntary fright as I was slurped up into a house-sized vaginal canal. Lucy's glistening, turgid cunt was jerking and clutching Roxy's massive bust, and it seemed clear to me that the big, lovely brunette had embraced her fate. Roxy continued to pursue my orgasm with abandon, and to her credit, I was on the brink of release within moments.

"Hmmph-hhhngh… HHHMMPH-HNNNGHH…" Roxy gagged incoherently as panic began to overtake her. Lucy's giant, swollen belly had disappeared into Bianca's huge, womanly cave, and by now Roxy sensed that the fragrance of her immediate captor was rapidly being replaced by Bianca's own pungent, womanly scent.

Before Bianca had a chance to swallow Roxy, however, Lucy did it for her. I felt a massive wave of muscular contraction from the 20-foot brunette, and with a liquid slurp, Roxy was suddenly inhaled, writhing and cursing into Lucy's vast, churning womanhood. I groaned in ecstasy, abandoning myself to pleasure. Suddenly I was bucking my hips into Lucy's wondrous, velvety sheath, and she showered my huge member with heavenly waves of contraction which yanked and massaged my cock over the edge.

Bianca and I cried in unison as I came. Splooge blasted out of my balls which had each swollen up past the size of a volleyball. The hairy feminine vulva quivered and glistened all around, quickly filling up my world as Bianca devoured Lucy in her magnificent cunt. I thrust my hips and screamed for all I was worth, and the splooge just kept coming and coming…

My titanic, naked girlfriend ground her hips into the pavement, ripping cars and asphalt to shreds under the sheer weight of her ecstasy. “Ooohhh… FUCK…” She hollered, setting off car alarms and causing nearby buildings to sway ominously on their foundations. “Oh, Lee…” Bianca breathed. “I’M FUCKING CUMMING…”

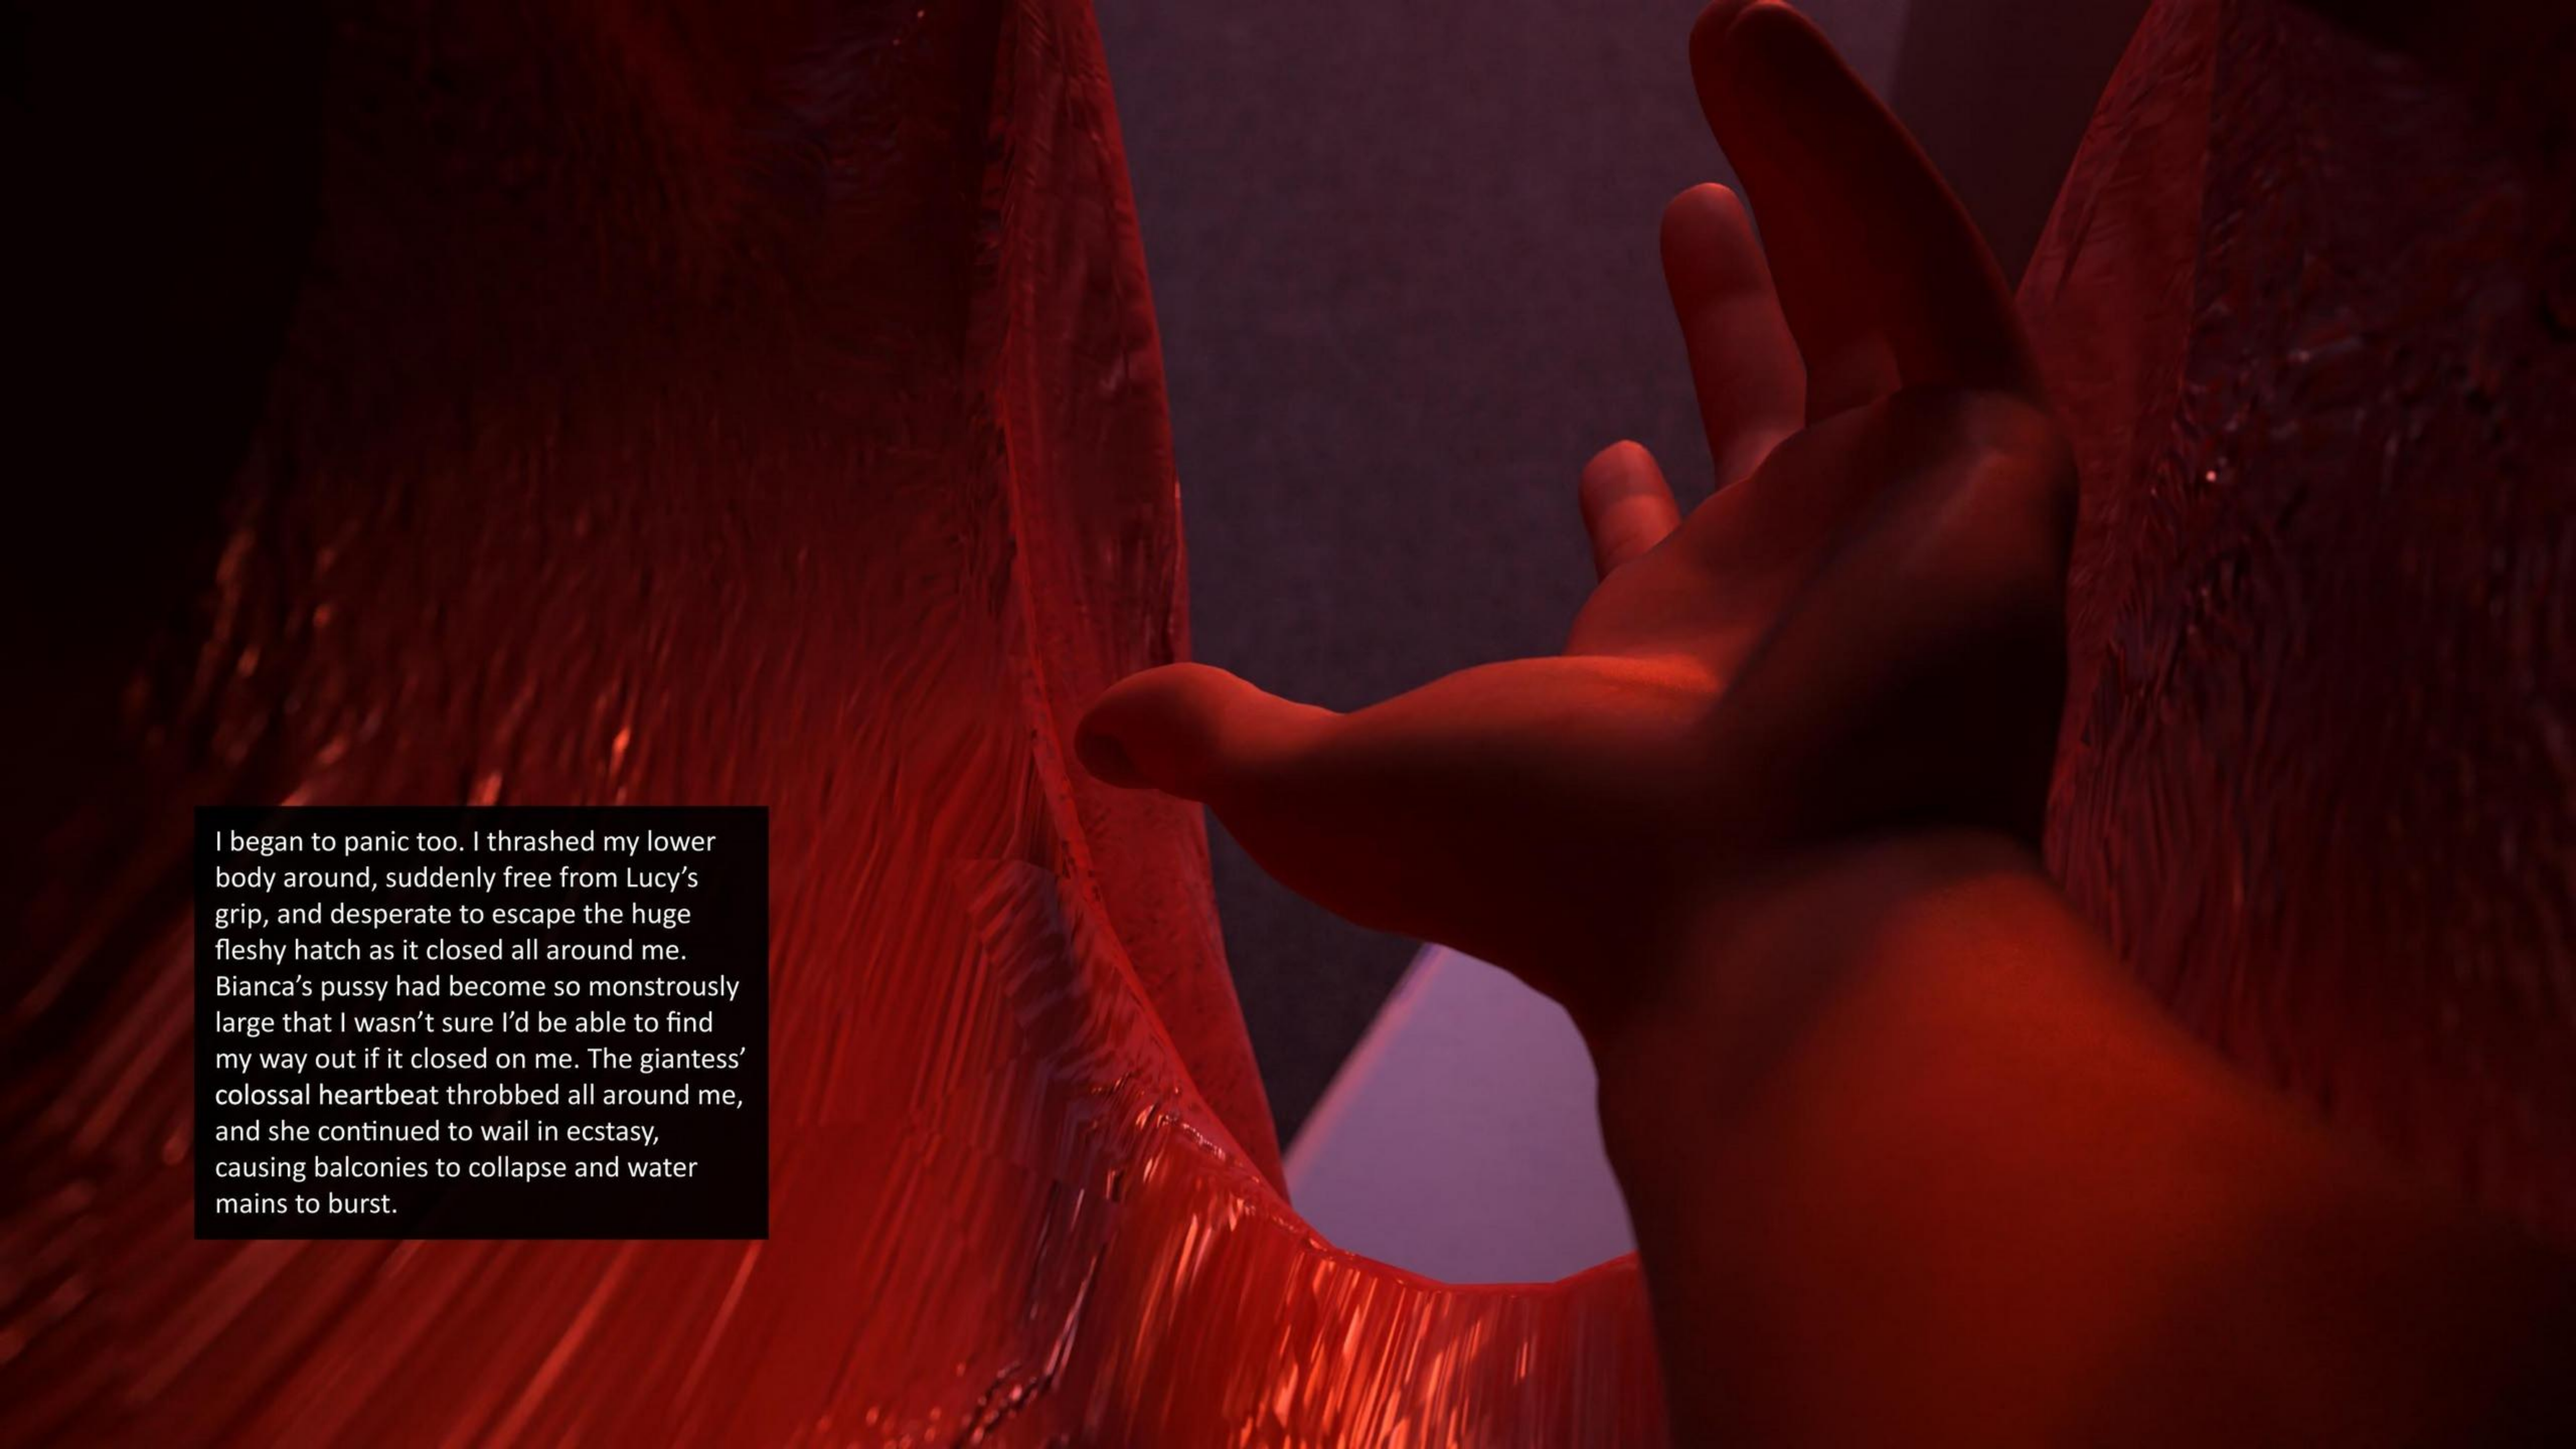

Steamy, hot fuck nectar poured over my entire body, and Bianca shrieked with delight as her gigantic pussy convulsed. The goddess bucked up and down, slamming her bulk passionately into the tarmac as she fucked my face straight into her yawning cunt. Lucy's pussy convulsed also, slathering with her own juices as well. Clearly both women were beyond overjoyed to receive my load in this growth-fueled fuck frenzy.

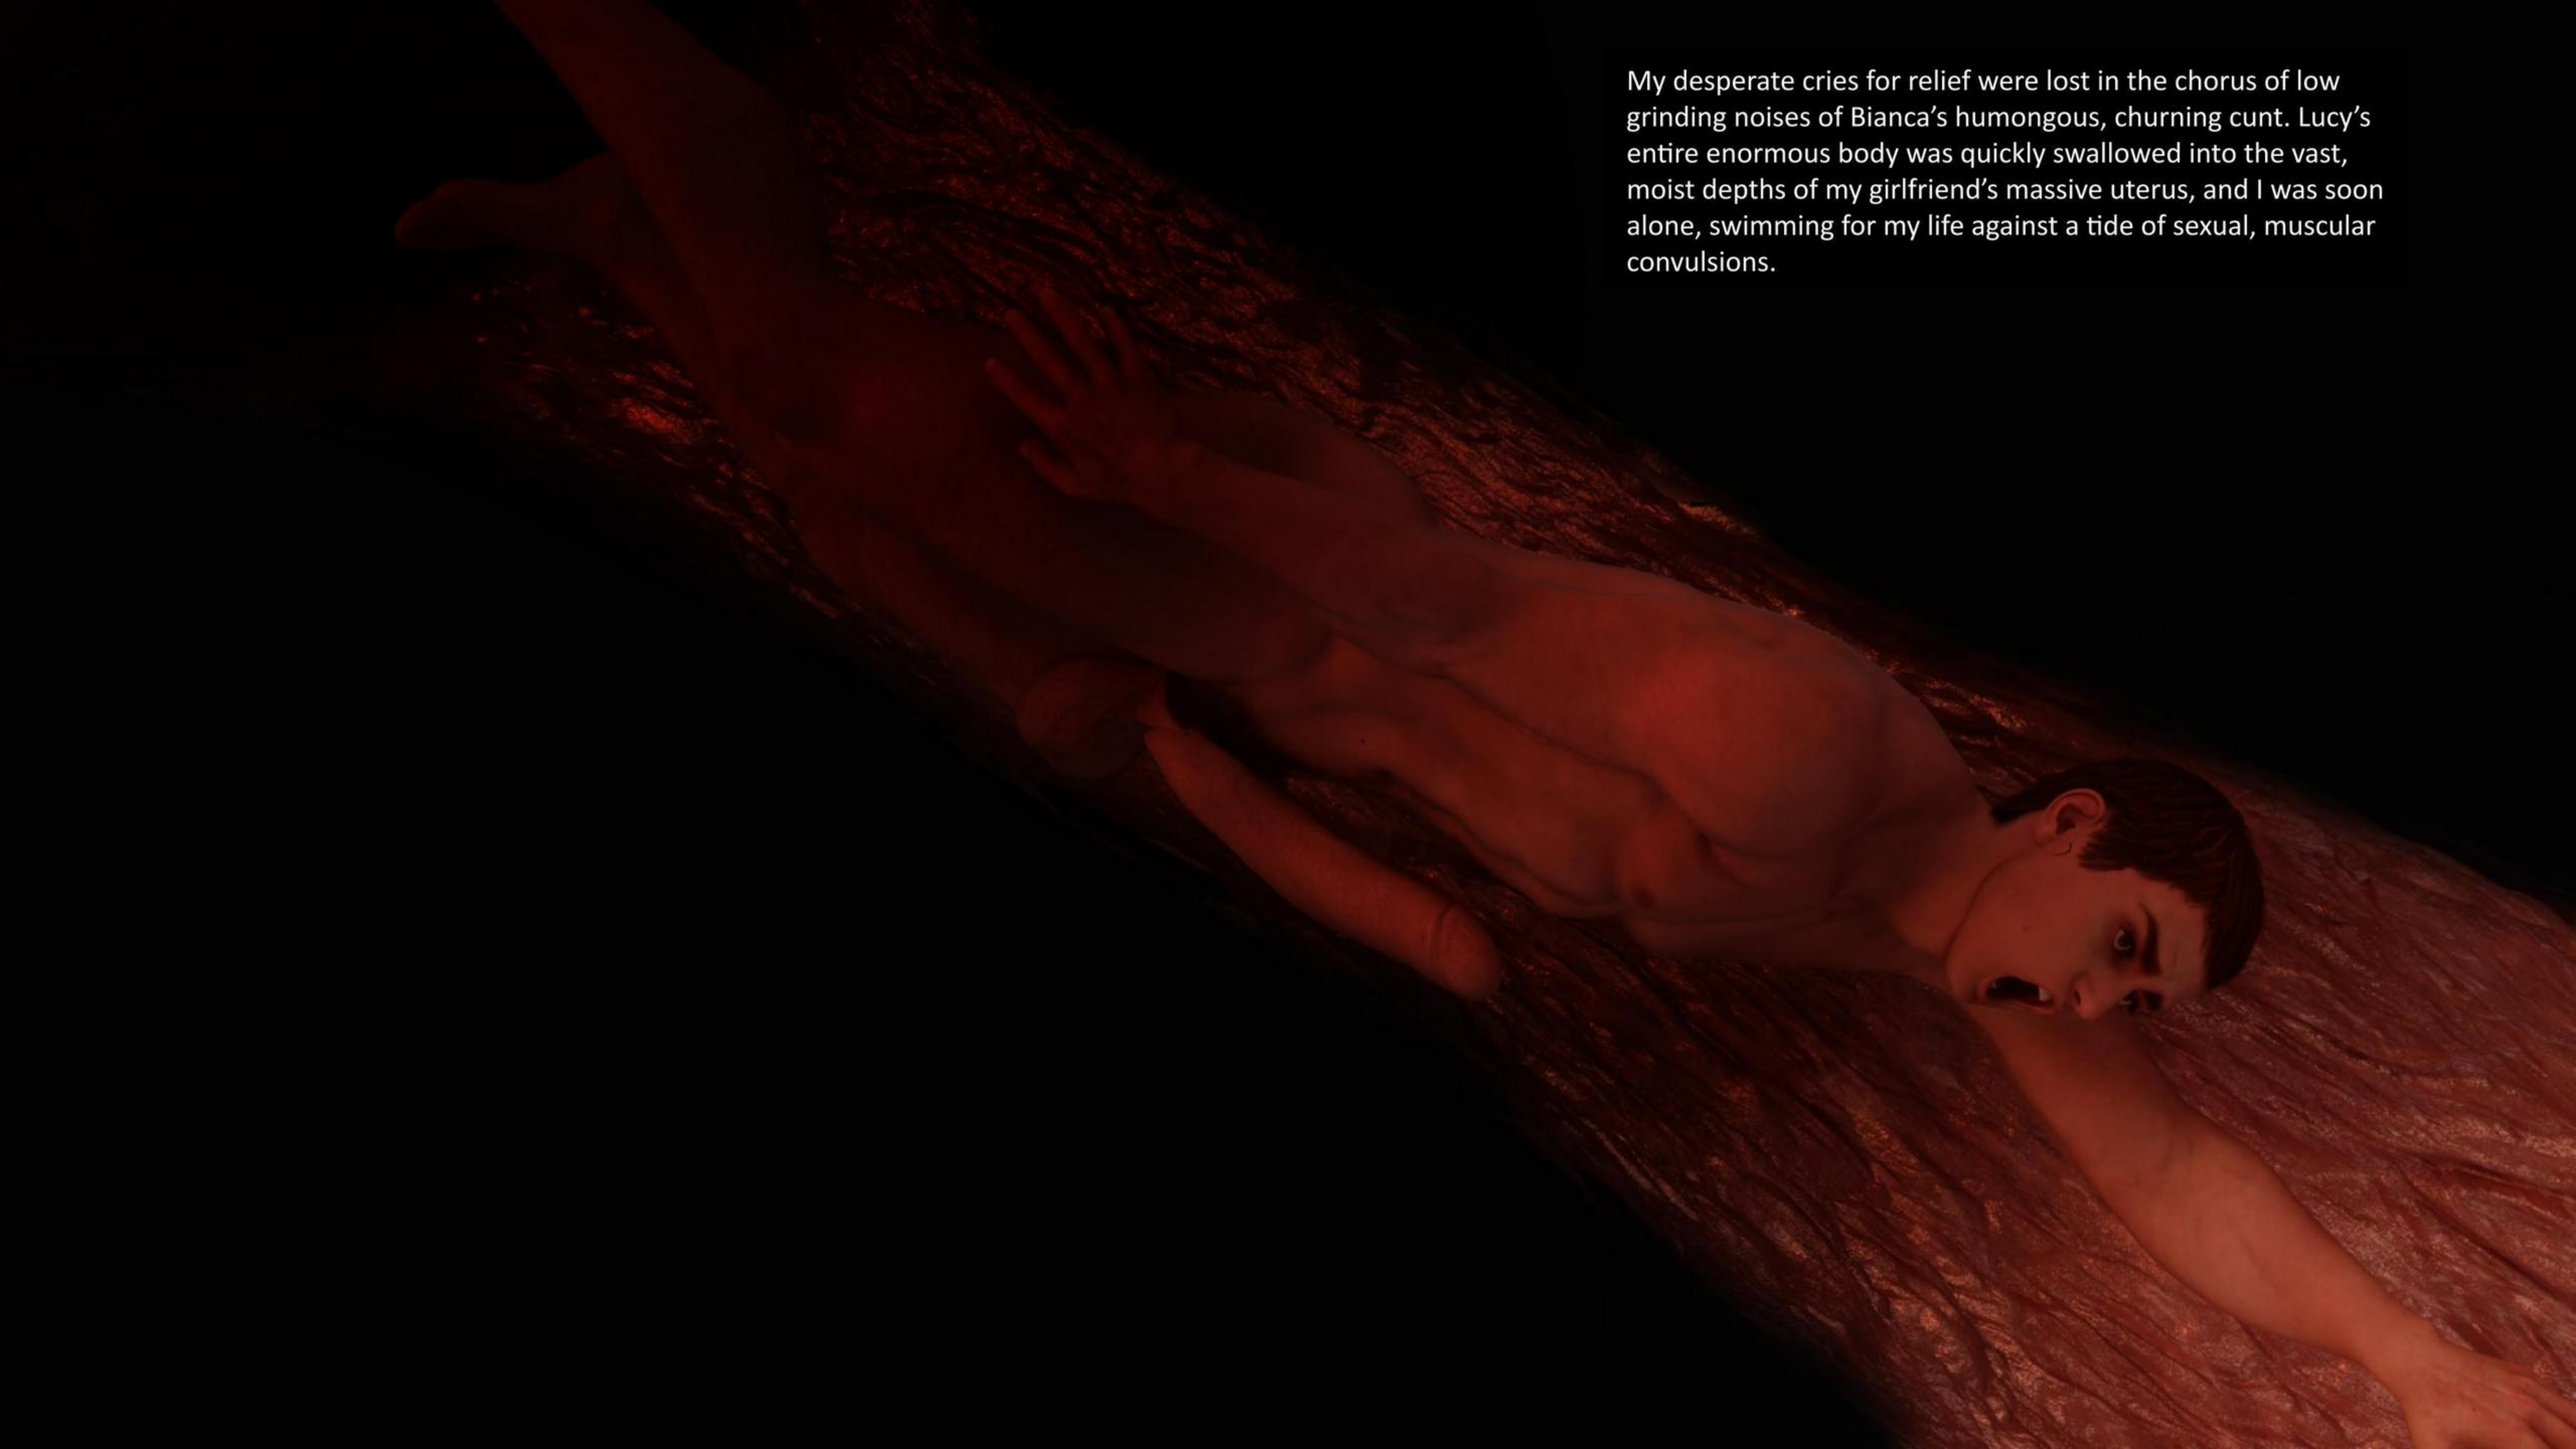

"OoooOOOoooOOOHHH" Bianca raged, kicking out her legs and smashing into the nearby storefronts. A look of pure, naughty delight filled her gorgeous face, and I knew that despite regretting what was happening to her fellow amazons, she was more than happy to ascend further into godhood at their expense. "Get in here… UUUnnnnggghhh…" She moaned, scrabbling furiously at her cunt as Lucy began violently kicking her legs, as though she were suddenly panicking from a lack of oxygen.

As my tortured dick sputtered and spewed the last of its immense load, I was soon finding myself placed at the knife's edge of survival in the clutches of a giantess in an orgasm. Bianca's humongous, throbbing cunt was singular in its intent. Powerful waves of muscular contraction quickly overwhelmed Lucy's panicked struggles, and I felt my dick disengage from the huge brunette's muff as she was simply inhaled into the waiting darkness of my lover's vagina.

I began to panic too. I thrashed my lower body around, suddenly free from Lucy's grip, and desperate to escape the huge fleshy hatch as it closed all around me. Bianca's pussy had become so monstrously large that I wasn't sure I'd be able to find my way out if it closed on me. The giantess' colossal heartbeat throbbed all around me, and she continued to wail in ecstasy, causing balconies to collapse and water mains to burst.

My desperate cries for relief were lost in the chorus of low grinding noises of Bianca's humongous, churning cunt. Lucy's entire enormous body was quickly swallowed into the vast, moist depths of my girlfriend's massive uterus, and I was soon alone, swimming for my life against a tide of sexual, muscular convulsions.

Bianca, leaned backwards in disbelief at her own sexual majesty. She greedily sucked me down into her cave, making the lustful decision to abandon herself, and me, to whatever her humongous pussy wanted. She knitted her brows as she focused on the two gigantic women she had devoured… each of them swollen up with the powerful effect of my semen…

She told it true. People a mile away in their downtown highrises lined the windows to get a glimpse of the shape that rose out of a growing cloud of dust on the eastern edge of town.

Thousands shrieked, or cried, or simply stared, frozen in disbelief as Bianca's colossal body erupted in every direction. The giantess howled in savage ecstasy, striking fear into the hearts of the entire city.

Somewhere above, a news chopper had just switched on their broadcast to capture the whole terrifying scene. Bianca masturbated in full abandon as she grew and grew.

And her fantasies grew with her. A deep-throated growl rattled across the neighborhood, shaking buildings a dozen blocks away. Bianca's gigantic loins ached to be pleased by even greater power, even more rabid destruction…

She had truly become the goddess she was meant to be. Even as I perished within those immense, womanly depths, I couldn’t help but feel in awe at what Bianca had accomplished with her extraordinary powers.

“Ooooohhh Leeeee…” The giantess Biana wailed. “It feels so, SO good…” A tidal wave of fragrant, hot cum surged from her humongous pussy, drenching over a hundred feet of pavement in front of her gorgeous, burgeoning form.

Even as her gigantic wave of growth began to abate, Bianca greedily pursued her own orgasm at the expense of an entire city. Fingers the size of trees mashed around her colossal clit and racked up and down a pair of huge, beefy cunt lips the size of a house.

Bianca clutched her enormous, soaking genitals, aching in exhaustion at the depths and depravity of her own uncontrollable lust. The building-sized latina sat there, surrounded by burning, collapsing buildings, unable to do much more than weep quietly as she stroked herself in the afterglow of the monstrous orgasm she had just endured.

Somewhere, inside hundreds of tons of beautiful, unstoppable womanhood, I found myself sputtering up a good lungfull or two of fragrant cum. How I had managed to survive in Bianca's immense, writhing cunt was beyond me. Somehow despite all the wild orgasmic fury, Bianca's humongous, muscular womanhood seemed to treat me just gently enough to ensure my own survival.

With a colossal sigh, the gigantic, naked woman collapsed and fell back into the road. An apartment building on the opposite corner of the intersection could tolerate no more and simply collapsed, sending up a thick cloud of dust and debris. Bianca didn't even notice. Her exhaustion at the hands of her own passion had proven too much, and the gigantic latina just passed out in her own juices.

I had felt Bianca fall to earth, and realized with a surge of panic that this would be the end for me. There was no way I would escape from her monumental fuck cave without assistance. I knew I was all but cooked and waiting to die, when I noticed a new sound, a new sensation. I felt footsteps approaching… HUGE footsteps…

Bianca must have sensed it to, because I felt my gargantuan lover stir, and her tremendous body shifted. The motion caused Bianca's titanic pussy to yawn open, offering me a stunning view of the gigantic woman approaching…

I took in full, greedy breaths of air, desperate to reoxygenate my exhausted, battered body. I felt Bianca let out a massive groan. She then twisted again and let out a little giggle. Giant fingers appeared at the entrance to my fleshy prison, eagerly prying back the humongous flaps of gorgeous cunt flesh.

The burst of fresh air was short lived, however. In a moment, this new giantess plunged her massive arm through Bianca's gaping beef curtains, filling my world with darkness once again. I didn't have the energy to cry out in protest before I was enveloped in a powerful grip and gently plucked from the darkness of my prison.

With a deafening wet squeal and a heated gasp from my gigantic girlfriend, I was pulled out of Bianca's vast, drooling cave and left to sputter in confusion on the pavement. I wiped the cum from my eyes and looked way, WAY up to glimpse my unexpected savior.

“Cynthia… How…” I mumbled, still somehow in disbelief of the sudden appearance of gigantic, naked women in my life. The previously petite little asian woman waved down at me, her face glowing with the delight that could only come from having grown into a 50-foot goddess. At her present height, Cynthia had lost much of her cuteness and petiteness. Giant, gleaming curves and huge swooping breasts had replaced much of that, and her beauty had only increased with the change. Her eyes glittered pleasantly, if not lustfully down at my handsome, exposed form.

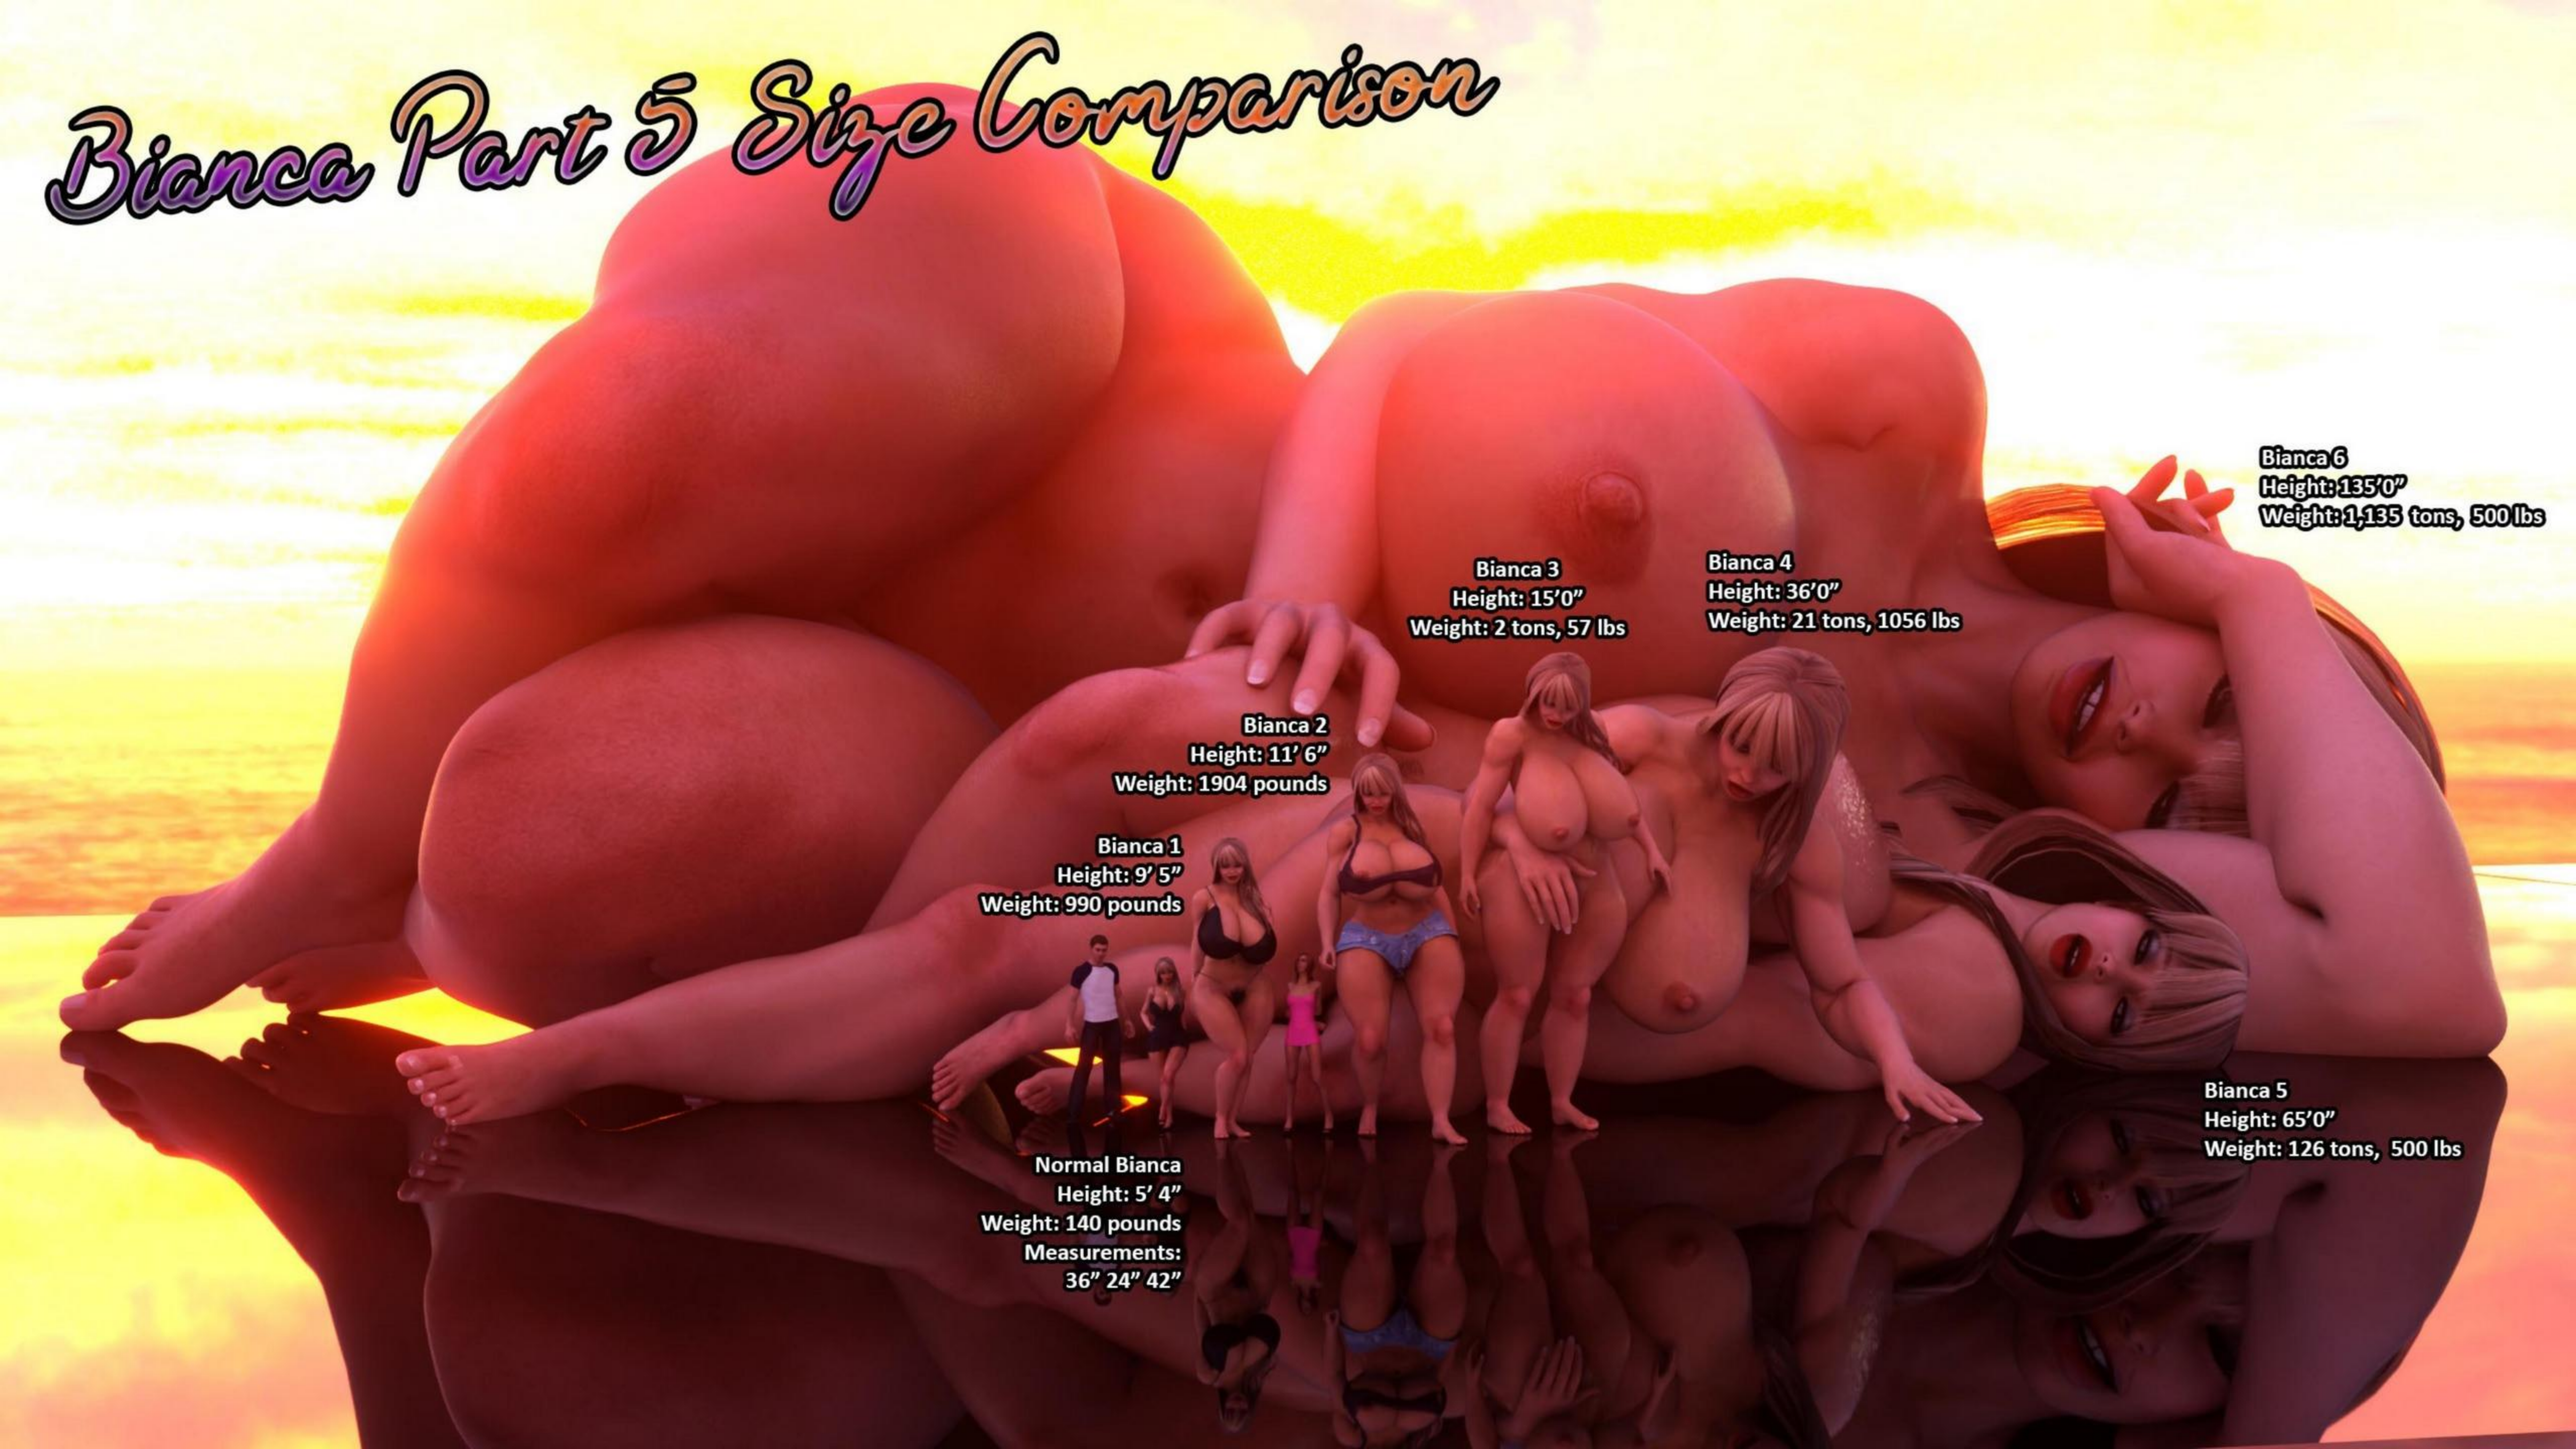

Bianca sat up, squealing with delight at the appearance of another giantess like herself. “Oh my… You are such a cute thing…” Bianca purred. “You have grown so much… You are goddess too now…” My gargantuan lover spread her pussy lips once again, absentmindedly stroking herself as she continued. “I am so glad you spend time with my big man Lee… We are just spending time fucking now!” I groaned helplessly, knowing exactly what was coming next. “Come here…” Bianca sang, “We are not done fucking…”

My gut dropped as I sat miserably in a pool of my own making… Bianca was going to grow again… And this time, she would destroy the whole city...
