
It was over 9pm, and Alex, responsible for closing the sport complex today, was making his round to turn off all the lights and lock the doors. He was surprised to find two people still playing in the basketball court.
Watch this, girlie!
Nice try, bitch, but you're not getting past me!

Hey girls, you should have been gone already, I need to close down. Hurry up.

Hey! Did you hear me? You need to get going now!

HEY! Are you ignoring me? GET THE FUCK OUT!
Try and stop ME, girlfriend!

Oooowkay, let's take a look at what this guy wants...

Excuse me sir, you wanted us to leave?
You heard me! It's beyond time. I'm gonna miss my game if I'm not out of here soon

Aww, but we're training for a game ourselves. Is there no way we can stay a little longer? Pretty please?

Look lady, I need to close NOW. And I think I'm gonna get angry here...

Oooooh, you heard that, Tatianna? He's gonna get angry... Are you thinking what I'm thinking?
Yes Susanna, I am the pretty certainty.
You're pretty certain.
I am pretty certain, yes
INFIDEL

You have to excuse Susanna, we're both Russian exchange students who are here on an athletic scholarship. Susanna's English is not so good...
Look lady, I don't care if you're married to the Czar himself, YOU GET OUT NOW!

Okay, little American, don't you say later I didn't ask nicely first, ok?
What are you talking about... You need...

What I need, little mister, is to take off this jacket so that I can make things a bit clearer to you...

See, little American? You want to throw me out?
He very little. Very!

Look, one last time...
Hold on, let me take off these sweat pants too. You want to join me, Tatianna?
Oh yes girlie. Pleasure much!

So, little mister... You sure we can't play a bit longer?
Look, one more chance. Get out now and I won't call security. Otherwise...

What do you say Tatianna? You afraid of security?
HeT
She says no, little American.

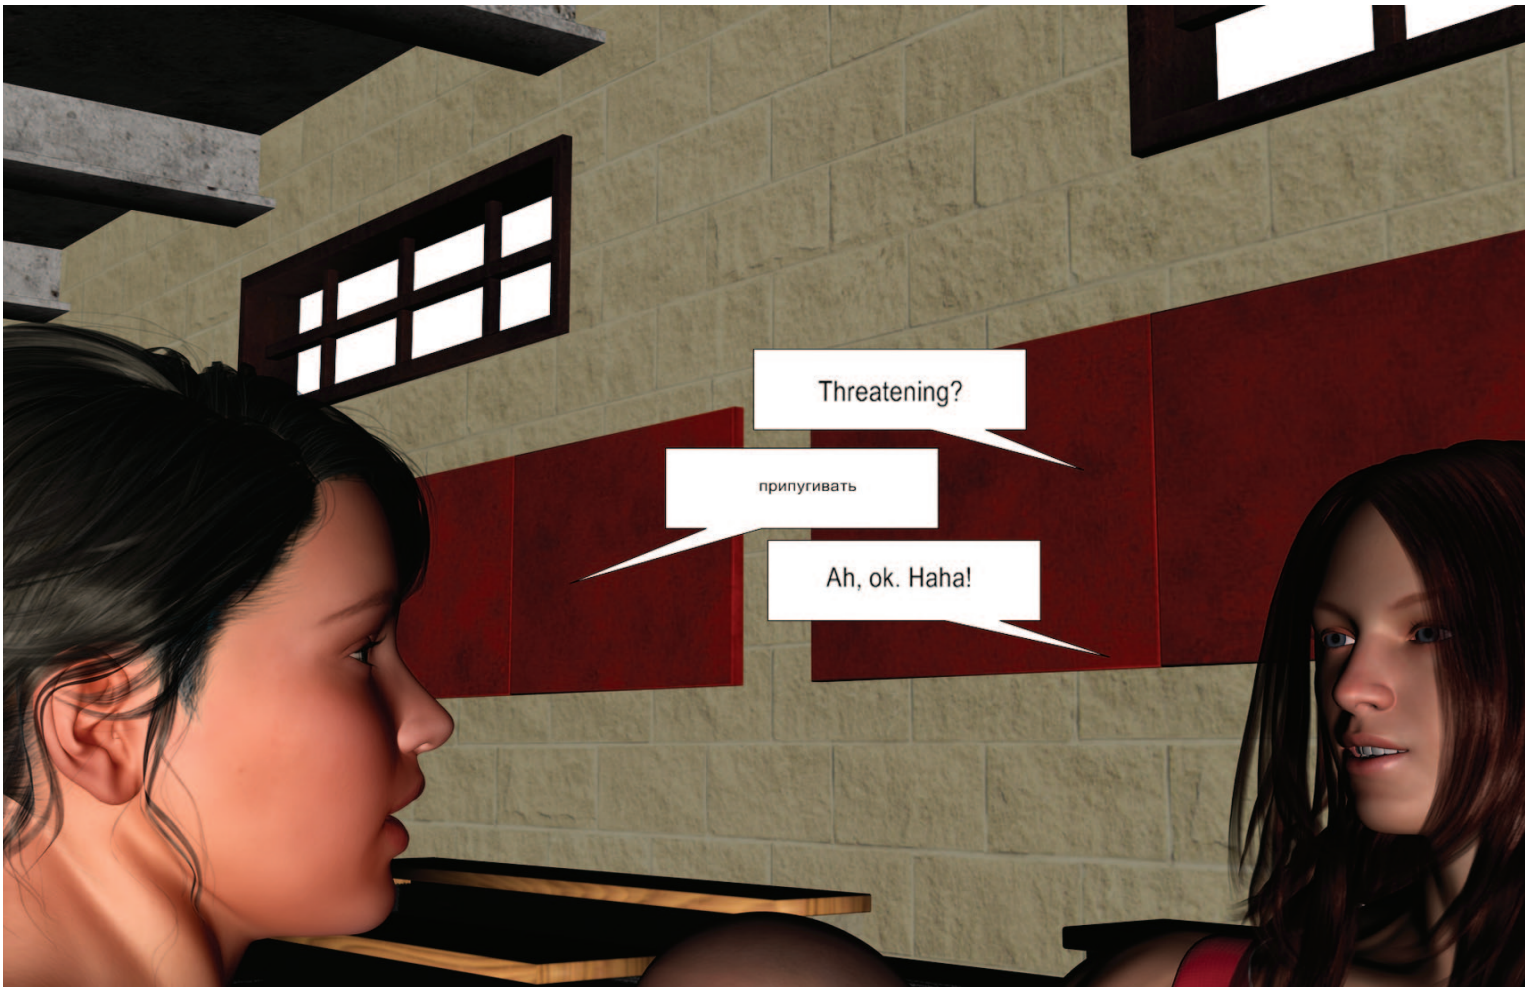

So mister, we're not afraid of your security threat. Actually we have been in security ourselves. What is the word... Throwing people out of bars...
B-b-bouncers...
Bouncer, HeT. Cute, he, no?

Yes, he's cute. In his own small way... Hmm, let's see...

I suggest we play a game, and if you win, we leave right away
Look, I'm done with you bitch, you just...

тише, опасно так говорить к большим девочек
Tatianna says it's dangerous to talk to big girls like that...

Are you threatening me?
Threatening? Little sir, we're just suggesting you to have a little game with two nice girls...

Threatening?
припугивать
Ah, ok. Haha!

So what do you say, huh?
Look ehm... even if... I mean, there is no way I could win from a basketball player at her own game... Certainly not from a tall one like you...

Oh, but who said anything about a basketball game, little mister? Let's go find the right room for our game, come on...
Be here front-row-center to check out their little game next month!
