This island resort you have over here is not that bad.

You're a woman of culture Helen. I knew you were gonna appreciate it.

Time for dessert?

you bet!

And where do you think you're going missy?

I um... I have serving duties at

No you're not! Your going up my ass! Now come

Friren?
I actually meant to ask you...

I've been noticing your tummy growing quite fast lately...

OH isn't it obvious?

She has been knocked up!!! A cute thing like you must get so much attention after all...

Actually, no...

My belly is the result of a new diet.

It's supposed to greatly enhance my mana production. So far it has been very effective!
It's a strictly meat based diet. no chewing! I swallow everything whole. The rationing must be very high! The minimum of 2 dwarfs size worth of meat in one sitting.

If I squeeze my stomach like this, there he is!
Nhh

It's really trying to put up a fight. Obviously... he has no chance whatsoever!

But the livelier the prey the more mana production

I did develop an addiction for eating like this though. But I don't feel like I care enough to fix it. Soo...

Weeks later

Huff? I'll be taking all of them! Free of charge as usual I hope?

But of course Lady Friren! Your services to our society are greatly appreciated!

I'm glad to hear! Could you be a dear and push the one in my ass all the way in?

Lady Friren's notes about her new diet
Overindulging left me more ravenous than usual. I purchase Imp slaves that first serve to impregnate me. Then I stuff them in my gut. Daily 5 to 6 slaves suffice.

My disciple Fren also started participating in the diet I think she doesn't care for the increased mana. Her inspiration is in vanity and greed. I have to admit, I'm the same now.

2 lumps (lesser demons) + whole lamb feast

2 lumps + 2 whole roast lambs

After Power's mischief to "indulge" herself Makima decided a few more team members need to go through the same experience. (I dunno why lol)

M-M-Miss Makima Is Is this good??

Makima

Kobeni? Answer me this: And don't lie. How many people do you have in there?

hmm... w-well s-s si- Mnnh... Seven!

Kobeni, I told you that you can stop with this. Why did you keep swallowing people? reportedly you ate 46 at this point.

W-well I umm... I like it.

You like it how?

It-it w-well uhhh...

IT AROUSES ME!

You want to continue with this diet?

Y-yes please!

Alright then. You may but no more then 10 a day. understood?

YES MISS MAKIMA!! Thank you Miss Makima!

If it makes you happy then im happy to oblige. Dismissed!

On top of the excitement Yor experienced from eating the bad guys, other, more powerful desires started to surface deep down.

Mom what the heck?!
When you told me you know
a natural method to
get larger breasts,
this is not at all what
I had in mind...

But it works!!!
Plus, it DOES help the planet!
Don't you like that?

Hayley, your mom has a great point!
By eating the men you "lay with,"
You can get rid of all the "bad apples,"
and you can reduce overpopulation!
And by getting pregnant,
you can ensure a better
future for the planet!
The Boobies
are bonus!!!

This is the second batch but I mean...
My boobs could be bigger...
Like...
do I have to
eat even more
of them?

See Hayley: I knew you would
point that out! What do you
think is the next step to make
those boobies grow
even bigger?

Uhh... meditation and
bio milkshakes?

Pregnancy!
You dummy.

LATER

Wow!
Look at these natural
breasts! But damn
these cravings are
insane!

Gotta grab some snacks
at the store

Woopsie
Dropped the keys.

Meanwhile

Isabella over here is in a curious, exclusive to woman, cult. Their religion revolves around getting impregnated by their outsiders and then eating them whole.

Later that day.

You sure you came in me? B-because YOU KNOW my religion! I'll have to eat you up if you did.

Y-Yeah... I did.

Huff.. hmnn HORNY! Alright! then its time to Swallow you up, squeeze you inside my stomach.

Whole... as you are.

O-Okay...

Zlata Draegor is an amateur sorceress who you met at a city fair.

The two of you got into a debate about sorcery. She eagerly showed her skills to you. Zlata told you about the unusual use of magic she's aspiring for.

This involved: Mind control, Shrinking people, Growing in size, digestion aiding magic.

When you asked her what she hoped to use this magic for, she said: "swallowing people whole."

Not at all what you expected from her.

After you spent the night with her, the two of you split paths.

She was heading for the Royal Magic Academy and you to the Mercenary guild, hoping to earn some well-needed coin.

Few Years Later

You meet with Zlata again at a new mercenary party you just joined.

You barely recognized her! She told you how she became successful with her goals and used her "people-eating" skills as a mercenary.

Zlata was very happy to see you! She told you: "Im glad we ended up at the same party. You would have probably ended up as my meal otherwise."

Guh HwOoURP
That's right! Th-Take
me INTO your camp
so I can stuff more
of you INTO my
Guts?

What did
you just
say?.

She would
think you have
superb hearing
with those
giant ears
of yours

I said:
oh no, let
me go! I
swear I won't
eat more
of you

Shadowheart's distraction worked!
Meanwhile the rest of the party
is rescuing a goblin prisoner.

She totally wants to eat
the pregnant goblins!

I understand your frustration ...

But this boy has failed the test. He stays in my stomach unless you bring his bail and the needed paperwork. Then I'll consider letting him out.

You can make an appointment with me at the secretary's in a week. I'm on vacation right now.

LATER...

This would be all well if you would have brought in the correct papers. It's lacking 10 pages.

I'll be keeping this bail money as a handling fee.

Now, if I were you, I would hurry with those papers. The boy is probably in my bowels at this point if not digested. As you can see, I have some more students to deal with. The bail would be double this time if you want me to fish him out or at least whatever is left of him.

Now chop-chop! There is still a chance for him. And don't forget! Double the bail!

POV: You made a bet with your aunt.

M'am
You're the first ever
to swallow a person
whole!
How do you feel?

Full! Haha
It's an unbelievable
feeling! All my training
finally led me to fulfill
my dream! I definitely
don't want to stop here though

What's your drive?

All are crazy!

Monica here always had the ability to swallow unusually large things.

Because of morbid fascination, Her roommate/friend with benefits Dared her to try and swallow him after a few rounds of fucking.

He did not think she would actually be capable of doing it.

He definitely did not think she would take this literally and think of him as food...

He's right here. I made him into my lunch... Sorry.

That servant girl got what she deserved. Now then... about those pleasures you promised...

You're so strange for liking this...
I mean... I just swallowed your friend whole...
Just a casual meal for me. And now She's trapped in my stomach for good! Soon to be digested. Making me curvier
and you're all pent up about it!!!

Hmm who knows. maybe I should just swallow you next huh?

Hmm... Even though you're rather bite sized. And I don't usually eat the cute ones. But maybe I'll do an exception with you. Food is food after all! And I think You should be added to my fat ass, soo...

Or maybe... I should Push you up my ass and use you as my buttplug!

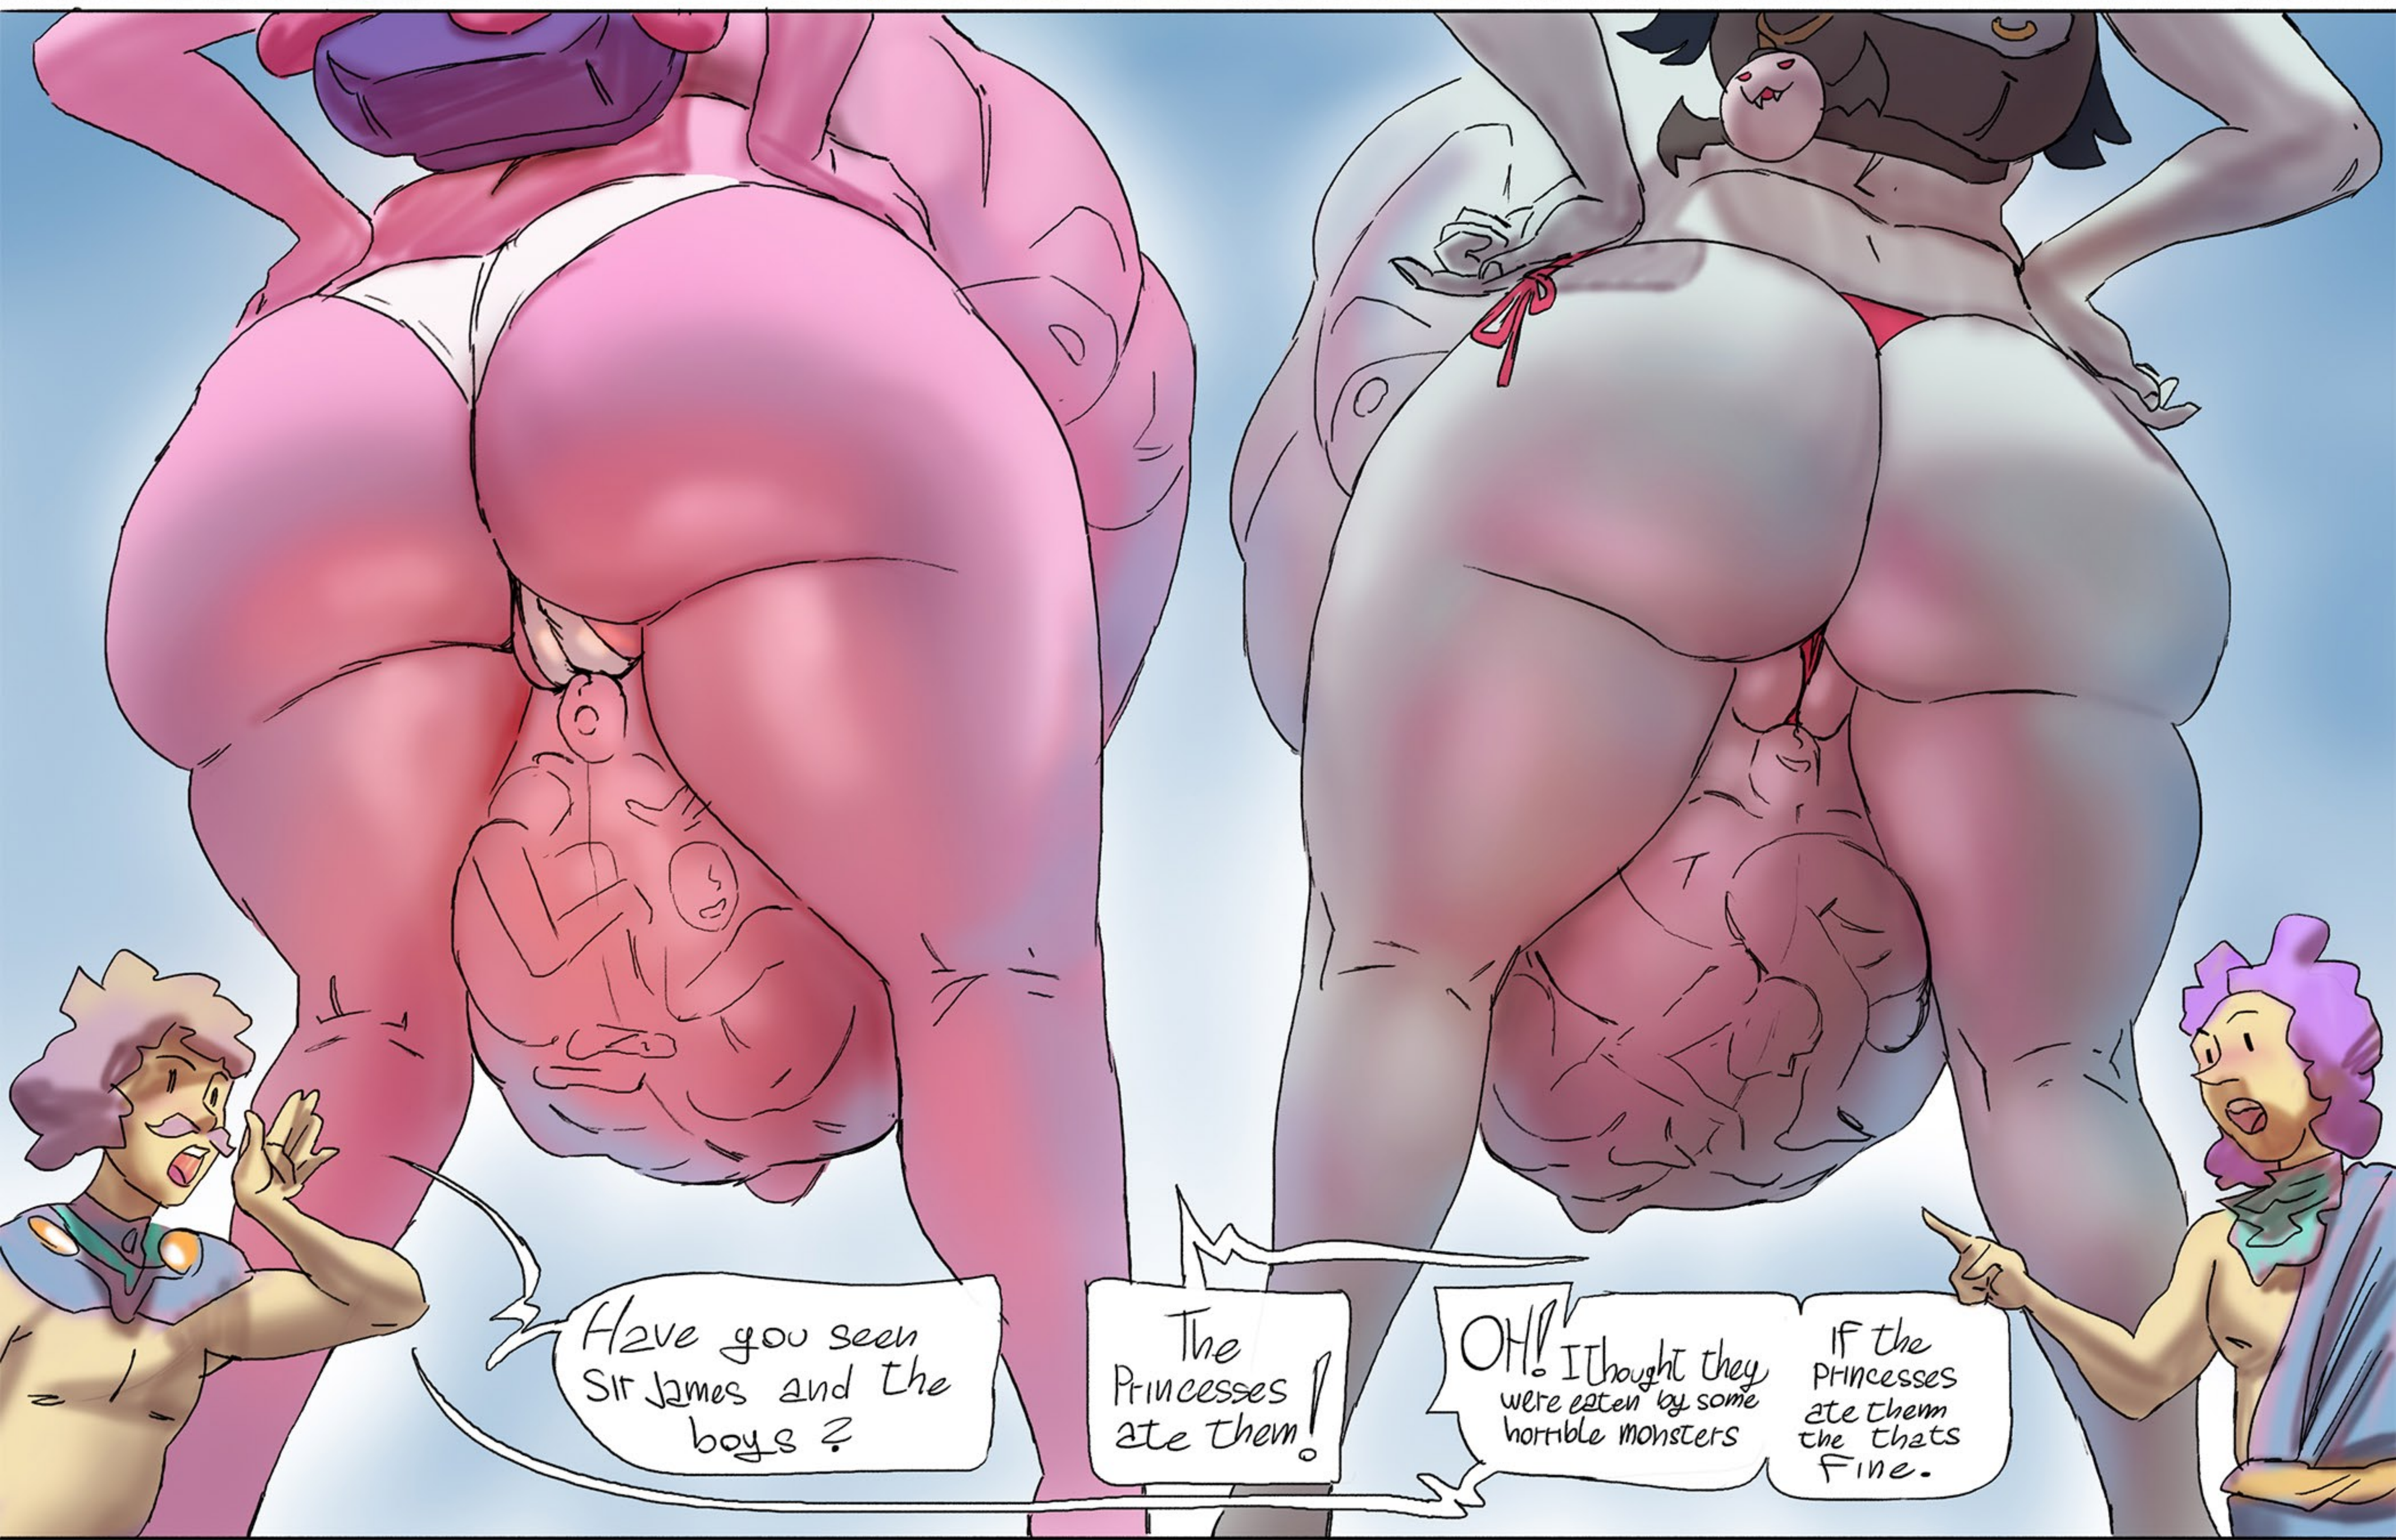

Hmmm... I think it'll be best to to decide while I sit on you and get off.

Maybe take a nap on top of you after I cumm.
