

# INCESTUAL THOUGHTS: NEW BEGINNINGS

***bob03567***

*The continuation of a Father's forbidden desire.*

Incest/Taboo

4.79

18.8k words

*All characters are purely fictional. All parties in the story are 18 years or older.*

Warning this story has some lesbian sex scenes.

I would like to greatly thank Todger65 for taking the time to review my story.

(Author's note: This story even though can stand on its own is a continuation of "Incestual thoughts" I would suggest reading the first chapter for a better understanding.

\*\*\*\*\*

As I laid next to my wife, I thought back to what took place three months ago when I saw her fuck our son for the first time. I glanced over and gazed upon Sam's sweet face as she laid peacefully sleeping while I lightly stroked my cock to the naughty images that filled my mind.

Closing my eyes, I could hear her screaming "Yes... yes... Kevin!! Ugh!! Ugh!! Ah!! Oh god go deeper. Deeper!!" As our son pounded away at her forbidden pussy. Her legs quickly wrapped tightly around his waist as she grabbed his ass and pushed him hard to her little sex. The look of raw lust and passion flooded her face as her ass pushed upward to meet Kevin's every thrust.

My cock was stiff now as I went deeper into my mind and stroked it harder to the wicked memories forever planted deep inside my sinful brain.

"OH shit Mom!" Kevin expressed, and I could tell he was close to cumming.

My heart pounded in my chest as my cum raced up my penis. I wanted so badly to see him cum inside his mother. To fill her full of his incestuous seed.

Precum was dripping out of my cock as I pictured Sam quivering under Kevin while he slammed harder and faster inside her and then heard her toe curling scream. "I'm cumming! Fuck I'm cumming!! Ugh! Ugh! Ugh!"

Kevin's face cringed as Sam thrashed around. His own body stiffened up. He was for sure ready to explode. But alas before he could expel all his baby making juices deep into her soaked mound, Sam pulled him away quickly and devoured his cock.

"Oh fuck Mom! Oh Jesus! Oh no... I'm gonna...nnnnnnn... ohhhh!!!" He croaked as his legs begin to shake.

Quickly, I tossed the covers off my sweating body as I stroked my cock vigorously and remembered how Sam feverishly bobbed her head on Kevin's cock.

My breath raced as I recalled Kevin's strange gargling sound just before he collapsed to the floor while his mother stayed with him sucking away relentlessly on his member.

I came just as I envisioned my boy's body jerking and twitching while Sam took all of Kevin's girth deep into her throat and drank down all of his cum.

I looked back over at my wife who was still sound asleep and remembered what she told Kevin as she wiped her lips while he laid panting on the floor.

"Did Meadow ever make you feel like that?"

"Why did she say that?" I whispered to myself as I stealthily crept out of bed and made my way into our bathroom. As I cleaned myself up I looked at the mirror and thought. *God I wished he came inside her.*

I really don't know why I wanted to see that happen, but sinfully I did.

Unfortunately, I don't think I'll ever get to see that happened. You see even though my wife enjoyed the blissful sexual pleasure of fucking her own flesh and blood, she had promised me it was a onetime thing.

At the time I whole heartedly agreed with her decision, but alas I'm finding myself more and more wishing for her to once again be taken by our son. To be ravished by him in the most sinful ways. And if I'm really lucky to finally see Kevin release his seed deep inside his mother's hot sex for the first time.

*Can I coax her into doing it again?* I wishfully thought as I gazed at my reflection.

Suddenly, I heard our phone ring and raced to it knowing that no call this late is ever good.

"Honey?" I heard Sam say as she lifted her head from the pillow while I picked up the receiver and said hello.

Standing naked next to the bed, I heard my mother's stressful voice on the other end as I motioned a hold on with my finger to Sam.

"Your father had a heart attack." I barely heard my mother say as she wept over the phone.

"Calm down Mom. I'm on my way." I said just as Sam sat up and turned on the light next to her nightstand.

Mom tried to tell me something but her words were all garbled up, and I couldn't make them out to save my life.

"Mom please calm down. I'll be there soon." I said and hung up the phone.

"What happened?" Sam asked as I raced to my dresser.

"My Dad had a heart attack." I said as I tossed on a pair of boxers and rushed to my closet.

Sam got out of bed and started to dress herself while I was putting on a pair of slacks.

"Is he okay?" I heard her say as I fixed the last button on my shirt.

"I don't know. I couldn't make out what Mom was saying. She was crying too hard."

I called the airport while my wife finished dressing and got us on the next redeye flight.

The next three hours were one of worry and sorrow as we raced to the hospital.

As I entered the emergency room, I quickly saw Mom waiting down the hall and ran up to her. Holding her tightly she cried on my shoulder and hoarsely expressed how thankful she was that we could make it.

I held Mom for several minutes before we broke our embrace and between sniffles, Mom finally got to tell us what happened.

Dad was working in the garage when his heart attack hit and Mom wasn't aware of it. She found him laying on the concrete floor and quickly called for an ambulance. They were able to revive him on the way to the hospital, but as we were in flight Dad had another one and this time they couldn't bring him back.

I cried in Mom's arms as Sam held onto both of us. I wasn't very close to my father. With him being in the armed forces his entire life, he really wasn't around much. However, I could definitely feel Mom's pain and that hurt me deeply.

I had Sam stay with Mom while I broke away and went to the desk to make the necessary arrangements.

It was a couple of hours before we could drive Mom home. However, once there I made her a hot tea and added a little whiskey in it to calm her down before sending her to bed.

Sam and I crashed inside my old room, but both of us just laid there until the sun came up.

I waited until nine before making any effort to leave my room and while I went to check on Mom, I heard Sam call our son to give him the news.

The next couple of days were very hard for Mom, and after the funeral I was starting to truly get concerned about her own health. She cried a lot, and her hands would shake.

I figured I should talk to Sam about this and went looking for her.

I found Sam in my room, and she was on the phone with Kevin, who didn't attend the funeral since we figured it would be best for him to just finish his last exams. Patiently I waited for her to finish and as soon as she hung up I hit her with my idea.

"Listen honey. How do you feel about Mom coming to live with us?"

I could tell she was thinking it over and thought it was a good idea.

We worked out the details quickly before I ran it passed Mom. Unfortunately, Mom didn't want to move. She was happy here and even though I tried my best to talk her into it; she just wouldn't budge.

So we decided to stay with her for a longer period of time, and I called the office to take an extended leave of absence for a while.

It was three weeks before Mom appeared to be dealing with Dad's passing, and we figured it might finally be safe to leave her alone. So on the night before we were to depart, I made arrangements for all of us to enjoy a nice dinner out.

Sam and Mom were chatting up a storm and hitting the wine kind of hard after the meal. But I held off and only had a single glass since I was the one driving. It was after Sam's fourth glass that out of nowhere she made a startling comment and said, "Listen Jenny, I just wanted to tell you I understand now how you could have fucked Jarid."

"Sam!!" I yelled as I felt my face go flush.

But before I could say another word Mom shushed me and replied, "Oh? What made you change your mind? You didn't sound too pleased when I confessed what we did back then."

I felt a lump in my throat when Sam said, "Because I fucked Kevin."

Mom sat up in her chair and quickly responded back with all of the how and when did it happen questions which Sam swiftly answered back.

To say the least I was in total shock by this conversation between my wife and mother. However, I was wrong. Sam topped it when Mom asked me, "And what do you think about this Jarid. Are you okay with Sam fucking your son?"

"Okay with it?" Sam chimed in. "He wanted to see it happen."

"Really?" Mom replied in a half surprised and happy tone.

All I could do was nod and saw Mom give a half smirk.

Mom looked as if she was going to say something to me but instead turned her attention towards Sam and said, "So are you still fucking Kevin?"

I looked at Sam as little voice inside my head kept saying, "Please tell her you want to."

But alas Sam looked down at the table and sheepishly replied, "No I told him it was a onetime thing."

"Well really Sam if Jarid is okay with you fucking Kevin, I would reconsider your decision."

*Oh my God! Is Mom actually trying to get Sam to fuck him again? Please listen to her.* My brain screamed inside my head.

Sam looked at me and then at my Mom and replied hesitantly, "I... I don't think that would be a good idea to keep doing that."

Mom reached over the table and placed her hand on top of Sam's and interjected, "You know Sam if I could to go back in time I wouldn't have stopped."

Sam pulled her hand away from Mom and then looked at me. I could feel my cock hardening. Mom's last comment had caused a sexual stir inside me once again.

Rapidly my mind went back to what it was like fucking her, and I couldn't help but rub my hand over my groin.

Sam stayed quiet for a couple of seconds and then looked straight into my mother's eyes and uttered, "You know Jenny you still have time to do that."

I was floored. I couldn't believe those words just came out of my wife's mouth. First Mom wanting Sam to fuck Kevin and now Sam wanting Mom to fuck me! My cock went super hard, and I could feel the sweat forming on my brow.

Mom looked at me. *Is she contemplating it?* I thought. However, she softly replied, "No. I think my chance has passed."

"If you say so. But really Jenny I think you still look very sexy for your age, and I'm sure Jarid would just love to have even one more night with you." Sam then looked at me and said, "Wouldn't you honey."

She put me right on the spot. But instead of me just coming right out and saying, "Hell yes, I would." I only gave a light nod and followed with, "I think that is enough of this talk. Both of you are pretty lit right now, and I don't think you're thinking correctly."

"I guess you have a point." Sam said as she took the last sip from her wine.

Thankfully as we waited for the check, I had time for my dick to settle back down before we drove home.

The drive home was quiet, and I couldn't help but think back to how both of them acted, which only cause my dick to perk up once more. It didn't go unnoticed because I felt Sam's hand grazed over my crotch and saw her smile when I quickly looked at her.

I glanced into the rearview mirror and noticed Mom just staring out the window and said, "So did you enjoy yourself Mom?" And felt Sam tug at my groin causing me to squirm.

"Yes honey tonight was fantastic."

Slowly, I took hold of Sam's hand and motioned it away while giving her a 'not now' look which only made her chuckle.

"You really need to come visit us Jenny, so we can do this again." Sam said.

"Oh I'm sure I will. I have lots of time now."

"Make sure you do Mom." I said just as we pulled into the driveway.

Both women were still pretty high from all the wine as they staggered their way inside the house, and Mom quickly gave me a peck on the cheek while holding both my hands and said, "Thanks for the wonderful dinner, but I better retire before I fall down."

"Okay Mom. Good night. I love you." I said as I watched her make her way to her bedroom.

I locked the front door and turned out the lights as Sam went into my old room. However, as I entered the room myself, Sam quickly embraced me, wrapping her leg over mine as she grabbed my ass and planted a very hard kiss upon my mouth.

I put my hands around her waist as she ground herself over my groin.

"Fuck Jarid that talk with your mother got me so hot." Sam said as she fumbled with my zipper.

"Shit babe. We really need to be quiet. Mom will hear us." I said as I tried my best to take off her top.

"Didn't it get to you?" She asked as she tugged my pants to the floor.

"You know it did." I said as I pulled her skirt down.

Quickly, we removed what was left of our garments and hopped into the bed.

With our bodies in a sexual embrace, I heard Sam huff, "I was serious about her fucking you. I wanted to see you do it"

"Oh fuck Sam..." I groaned and felt her hand slither down to my already stiff pecker.

With long hard strokes she kept talking, "You wanted to fuck her tonight didn't you?"

"Ugh... Jesus honey. You're driving me crazy." I replied as my body heaved into her hand.

"Shhh... Just tell me Jarid. You hoped for your mother would fuck you once more didn't you?"

"Gnnn... Ohhh... Ahh... Yesss!! Oh fuck! Yes, I did." I croaked as Sam raced her hand over my shaft.

"Mmmm..." Sam cooed as her head went down to my wood. I felt her sweet lips kissed the tip of my cock before she inhaled it causing my body to lift upwards as I groaned loudly.

I closed my eyes and relished how good it was to have Sam sucking my cock. But as I lay in my sexual bliss, I heard my door creak and couldn't believe what I saw.

There standing at the doorway was Mom completely naked.

I looked down at Sam when I felt her head lift up and saw her smile as she gazed at my mother.

Sam's hand took hold of my rod and stroked it long and slow and said, "Is this what you came for Jenny?"

I actually felt a little of cum expel out of the tip as Mom very slowly walked up next to us.

"Why don't you touch it?" Sam said and aimed my cock at my mother.

Hesitantly, Mom sat at the edge of the bed while she took hold of my stiff member and stroked me along with Sam.

My head was spinning as a rush of pure pleasure filled my entire body. Up and down in sync, both their hands went over my shaft causing my sperm to rise quickly.

"Why don't you taste it Jenny?" Sam so seductively said and helped to ease my mother's head down to my dick. I could feel her hot breath on my tool and groaned lightly, "Fuck..."

Then it happened. I felt her moist lips encompass over my mushroom head, and I couldn't help but heave my entire dick inside and croaked, "Oh Mom!"

Mom started to bob on me as Sam backed away and asked, "You missed having your son in your mouth didn't you Jenny?"

Mom just hummed, "Mhm." As her head went faster. I looked at Sam and noticed her hand between her legs. She was dabbling at her pussy while Mom was sucking me off, and I felt my dick twitch inside her mouth.

Mom scooted herself onto the bed until she was right between my legs. Her mouth felt so wonderful, and I knew it wouldn't be long before I would blow.

I couldn't control myself any longer as my legs began to twitch while my ass lifted from the bed.

"That's it Jenny. He's close now. Make him cum. Make your boy cum!"

Well, I guess that coaxing did something because Mom did her little magic trick with her tongue, and I couldn't hold back any longer. With a mighty heave, I grabbed her head and moaned, "Ahhh... Ahhhh. Mom!!"

My cum kept pumping and pumping as I thrust my cock down her throat until the last of my seed left my spent dick.

Then I watched under half slit eyes as Mom sat up and wiped her lips while my wife scooted next to her side.

Suddenly out of nowhere Sam did the most surprising thing and planted a hard kiss right on Mom's lips.

I know Mom was also taken back by Sam's sudden action and quickly pulled away shouting, "Sam!"

"Sorry Jenny I've never kissed a girl but ever since I first met you; I've always wanted to do that."

I just stared in awe as both women gazed into each other's eyes. And then very cautiously Sam kissed Mom again. Only this time Mom kissed her back. It wasn't long before both were kissing very deeply while gently caressing each other's naked body.

My dick was once again coming to life as Mom kissed my wife's neck very tenderly and then heard Sam say, "Why don't you lay next to your son."

Mom laid on her back next to me as my wife lowered herself down between Mom's legs.

*Holy fuck!* My brain screamed as I heard Mom huff loudly when Sam ran her tongue over her slit for the first time.

I was super hard now and felt Mom's hand grasp my dick as Sam buried her face between Mom's legs causing her to thrash around and moan.

Her hand stroked harder on my tool as Sam brought her closer to an orgasm. It was obvious Mom was going to climax any second by how hard her breath was racing while her ass buck upwards.

"Mmm... Ah... Oh!! Jesus Sam! I'm going to cum!!" Mom yelled as she gripped my cock hard.

But Sam sat up quickly and in a very harsh tone said, "Fuck your son."

Without any hesitation, Mom quickly straddled herself over me. Taking hold of my dick, she lightly rubbed it over her slit until it pierced inside and then very slowly eased herself down.

"Oh fuck..." I groaned as she inched my pecker inside her.

Mom moaned herself when I finally bottomed out and hissed, "God this feels so good."

Slowly, Mom started to grind herself on my dick when suddenly Sam lowered her hand down and rubbed it over her clit causing Mom to grind harder.

"That's it Jenny really fuck him now." Sam said and rubbed her fingers extremely fast over Mom's little bud.

"Oh!! Mmm... Oh God!" Mom cried as she gyrated around on me.

My cum was building quickly now, and I started to heave myself upward. I noticed Sam was now teasing Mom's nipples causing them to get perky.

Mom's hands rested against my chest as she bounced hard on my cock while Sam twisted and tugged at her nipples.

"Oh... OH! OH!!" Mom huffed as her pussy crashed down on my dick and then in an excited wail she screamed, "My God my son is going to make me cum!"

Her words sent me into a tailspin, and I felt myself just about cum.

But Sam quickly suggests we should change positions. Panting hard Mom eased herself off me and lay upon her back while I got between her thighs. Lifting her legs high I rested them on my shoulders and shoved my dick deep inside her causing her to scream out loudly.

I went crazy and rammed vigorously into her while Sam shockingly straddled over her face.

"Oh fuck Sam..." I croaked when I saw her lower your pussy down to Mom's mouth.

"Oh Jenny..." Sam cooed as Mom licked her pussy for the first time.

Sam leaned forward and kissed me as I kept fucking Mom with all I had.

I could hear Mom whimpering under Sam's pussy, and I just couldn't hold back any longer and shouted, "Oh god. I'm going to cum!"

But Sam firmly yelled back. "Wait Jarid not yet. I want to cum with you." And followed with, "Make me cum Jenny."

I slowed my fucking down to a crawl taking long slow thrust and could feel Mom's pussy gripping my cock with every heave while Sam ground herself on Mom's face.

"Oh yes. Just like that Jenny. Oh. I'm so close. Keep doing that. Yes. Just like that! Oh God. Oh Shit! Oh! Oh! OH!! Yes!! Now honey! Fuck her hard I'm going to cum!" My wife screamed.

Hastily I rammed my dick to and fro. Faster and harder until I felt Mom's legs begin to quiver. I could see my wife ready to climax just as Mom began to moan loudly under her pussy.

Sam shouted, "I'm Cumming!!" And grabbed my shoulders just as Mom's body tightened up and her pussy gripped my cock like a vice.

"OH shit!" I groaned as my cock exploded inside her. I kept pumping and thrusting as my seed expelled into my mother's hot womb while Sam, and my mother thrashed about.

Huffing and panting, I eased myself out of Mom and sat back. However, while I was trying to catch my breath, I watched as Sam lowered her head down between Mom's legs and starts to eat her out

again.

It wasn't long before Mom started to jostle her legs around, and I watched as Sam grabbed both of them and pulled them upwards while she sat back up.

I couldn't believe the sight before me. Without a doubt, my dick was already semi hard seeing Mom's body bent in half while Sam was feverishly eating her out whilst grinding her pussy on Mom's face.

Suddenly, Sam lifted her head and panted, "Fuck she's going to make me cum again." And saw her body shudder on my mother's face.

Needless to say I was fully erect and started to stroke my cock as I watched Sam turn around and get between Mom's legs. That was it, I couldn't take any more. So when Mom started to wail and thrash about I got behind Sam and fucked her doggy style.

Grabbing her hips, I fucked her with all I had until she was moaning into Mom's pussy. I could hear Mom screaming she's cumming again, and then I lost it again. My legs got weak as my cum released inside my wife. I could feel Sam pushing herself back hard while tightening her pussy, milking my cock. I kept pushing and pulling and then heard her squeal loudly, "I'm cumming!"

I bent forward and rested my head on her back trying my best to recover from our sexual ordeal, but not for long. I felt Sam moving herself out of the way and said, "Taste your mother."

With what strength I had left I lowered myself down between her legs and licked her clit.

Mom quickly yelled, "My god I can't take anymore."

But Sam egged me on and replied, "Keep going honey." I felt her hand take hold of my nuts and started to toy with them.

Mom's body began to jitter around while her juice covered my mouth. She was getting excited again.

"Make her cum Jarid!" I heard Sam say, and I inserted three fingers inside Mom while I teased her clit with my tongue.

"Oh... OH! I'm cumming!" Mom screamed, and her legs tightened onto my face while her pussy juices flooded my mouth.

Slowly, I tried to ease myself up and was quickly greeted by my wife's lips. Passionately we kissed and when it was over Sam softly asked, "Was it like you remembered?"

I just smiled and replied, "Better."

I looked at my mother as she lay there panting, and figured like in my younger days she would be leaving any minute but to my surprise, she just stayed put as Sam, and I lay down next to her with me right in between both of them.

It wasn't long before I was out like a light. However, sometime before morning I awoke with my arm wrapped over my mother's body and my cock pressing hard into her backside.

Unbelievably, my dick was hard again as it pressed against her crack. I couldn't help but nudge it forward and rake it between her cheeks causing Mom to lightly moan.

I reached my hand forward and caressed Mom's breast, and I thought back to the wicked wild sex we just had and nudge myself harder.

Suddenly, Mom stirred and I felt her hand on top of mine as I toyed with her bosom while her legs spread wide. Squirming myself around, I wormed my tool between her legs and racked it over her pussy while I lightly whispered, "I've missed this so much Mom."

I felt Mom wiggle her hips until my mushroom head was nestled right at her opening, and I gently eased it inside.

Slowly, I nudged my steel pole forward until my entire girth was fully engulfed inside her forbidden place.

I heard Mom lightly moan, "Yes... You always knew how to make Mommy cum."

"God your pussy feels so good Mom." I said as I slowly fucked her.

Then Mom says something that just blew me away. "I should have listened to your father and never have stopped fucking you."

I had to pause with my dick planted deep inside her.

*Dad knew?* I thought and then, for some reason, remembered back to what Sam had told Kevin. However, I then conjured up the look she had in her eyes that night, and it wasn't that of a person showing regret for what was taking place. But one of welcoming for it. I thrust harder into her and then suddenly felt my wife's hand on his nuts and huffed, "Oh Sam."

It felt so wonderful feeling her fingers tug at my balls and heard her state, "Your dad was like you Jarid. I bet he would have enjoyed seeing you fuck her."

"Oh fuck!" I yelled and rammed myself deeper. Mom pushed back to meet my shove and sighed, "Yes. He begged me to fuck you again when he got back."

"Oh Mom!" I groaned. My cock couldn't get any harder, and I grasped at her chest just as Sam rubbed a finger around my asshole.

"Jesus!" I croaked. Lost in my own mind, I could feel mom cumming and then Sam did something she never had done before and inserted a finger into my asshole and I exploded.

Panting as my cum expelled once more inside Mom's love hole I looked over my shoulder and was greeted by a kiss from Sam and said, "I love you so much honey."

Sam smiled and replied, "And I you."

I squeezed Mom and kissed her neck leaving my spent dick inside her while I fell asleep just like that.

Come morning Sam wasted no time bringing up our late-night adventures with Mom and what my mother had said about Dad. We all talked about it straight-through breakfast. But once Mom brought up Sam's sex with Kevin. Sam went quite really fast. After several minutes of silence I chimed in, "Listen Mom it's apparent that Sam doesn't want to talk about this so just leave it be."

Sam quickly gave me a kiss on the cheek and said, "Thank you honey."

Nothing more was said about the issue as we prepared ourselves to leave for the airport.

I gave Mom one last hug and so did Sam as we departed on our journey back home.

I have to say the next couple of weeks the sex was back to being fantastic. However, I couldn't help but wonder if what Mom said did anything to change Sam's mind. Kevin would be coming home tomorrow, and I remembered how after hearing our son fuck Meadow, my wife got real horny and figured it couldn't hurt to try to see if talking about it might rekindle any sexual notions she might be harboring about him.

To my surprise, I think to some degree it might have. Because as I softly spoke and reminded her about that night. Sam attacked me, and we had some very hot sex.

Kevin arrived early the next day and as usual Sam doted all over him. I could see the sparkle once again in her eyes as Kevin explained in detail how this time away at school went. I didn't pay much attention to what he was saying since my mind went back into picturing them in some kind of a sinful act and started to get turned on in the process. But what did catch my ear was when he said Meadow would be spending some time with us after she visited her own parents.

I looked at Sam and recognized her fake smile, she quickly put when she wasn't happy about something. It was obvious to me Sam definitely was jealous of Meadow and thought maybe I could use her visit as a way to make things happen with Kevin. I didn't know how at that moment, but it was something I could contemplate over the next couple of days.

But try as I might nothing came to mind, and as I looked out the window I saw Meadow getting dropped off by a taxi in our driveway.

"Oh well." I sighed as I went to the front door. Just as I opened the door Meadow was about to knock and said, "Oh hi Jarid!"

I noticed her suit case resting on the stoop next to her and was going to grab it when out of the blue, she quickly hugged me hard pushing her firm breasts into my chest and then planted a hard kiss right on my lips.

Hastily I pulled back but before I could say anything she replied, "Well aren't you going to invite me in?"

Still shocked I just nodded and stepped aside as she giggled picking up her suitcase and walked past me.

I followed behind her and then watched as she waved to my wife and said, "Hi Sam. I told your husband how happy I was to be here.

Now my mind was going into overdrive. *She didn't say that to me? And what was that kiss?*

I was still very perplexed and just sat on the sofa as Meadow sat next to Kevin giving him a truly passionate kiss. I could tell Sam didn't like seeing that. However, that wasn't the only surprise I was going to have this day because Meadow looked at Kevin and said, "So did you tell them?"

"No I was waiting until you arrived." Kevin replied and then turned to Sam and said, "Were going to get married."

"What!" Sam yelled and stood up rapidly.

"Calm down Mom. We are waiting until after we graduate." Kevin uttered.

I could see Sam was in shock and knew I had to say something before she flipped out. So I replied, "Well good for you two. I think you'll make each other very happy. Don't you think so honey?"

My wife still had a stunned appearance just nodded and mumbled "I... I guess..."

As my wife stood frozen, I stood up and said, "I'll get us a glass of wine to toast this occasion."

Sam quickly replied, "I'll go with you." And both of us went to the kitchen.

As I pour the glasses Sam in a loud whisper reverberated, "Can you believe this!"

"Honey calm down. No one questioned us."

"That was different and you know it. She is going to ruin his life!"

"Really?" I sighed and gave her a depressing glance. "Don't you have any faith in Kevin?"

"What do you mean by that?" She barked.

"I mean he's an adult. She's an adult. And quite frankly, if he truly does love her, I'm sure they can weather whatever comes up."

Sam sighed, "I suppose you're right."

"You know I am." I replied, and we walked back into the living room.

I handed Kevin and Meadow the wine glasses and made the toast to their engagement clanging our glasses before taking a big sip. From there things appeared to settle down and Sam and I just sat and listened as Meadow went on to tell us about her family and how she lost her father in a car accident many years ago and it's only been her and her Mom ever since. I could tell that bothered her but she followed by say, "At least I'm close with Mom and we had many happy times together."

That's when Kevin chimed in and talked about how close he was with his Mom and how much fun they had in the pool.

"Oh that sounds like so much fun." I heard Meadow say.

"Yeah remember how we messed around in the water Mom?" Kevin said.

"Yes those were good times." Sam replied.

"Why don't we go out there?" Meadow said.

But Sam seemed a little hesitant on that idea and replied, "Oh I don't know. I have so much to do today."

"Aw... Come on Mom. I really do miss horsing about with you out there. It will be like old times." Kevin pleaded.

I heard Sam sigh and say, "No maybe another time."

"Okay Mom." Kevin said and followed with, "I guess if Mom's busy we can just go?" Turning his attention towards Meadow.

I didn't know what to do now that they were going to go out by the pool. If it was Sam and Kevin, I would have leaped at the chance. But joining my son and his fiancée just didn't seem right so I said, "Honey you need any help?"

"Yes if you don't mind. I need to pick up a couple of things from the store since our guest arrived."

So as the kids went out back Sam and I departed for the store. Boy do I wish I kept my mouth shut. The entire time we were gone Sam couldn't stop talking about Kevin's announcement, and I just let her go knowing when she's in this kind of a mood it was the safest thing to do.

Thankfully by the end of the weekend, Sam had relaxed more, and it felt as if she was definitely dealing with her son getting married. She even suggested that on Monday, they could go out and do something while I was at work. Which of course they did, and I heard all about it that night at the dinner table.

The rest of the week was like that. And then the following week. Except I couldn't help but notice the girls were a tad bit flirtatious with each other as they talked. Which I kind of found titillating.

The other thing I found interesting was on one particular evening before we all retired for the night Sam made a comment to Meadow in the hallway about how she liked her hair, and Meadow thanked her by giving her hug. However, Instead of a quick thank you embrace this one lingered on, quite frankly, longer than I felt was proper. I actually gave a little cough before they slowly broke away, and I noticed a strange look on Sam's face. I just brushed it off and we went to sleep.

By the third week, it was as if Meadow was part of the family already. Sam had calmed down enough that when Kevin suggested they should go out to the pool she didn't hesitate and said, "I'll go change."

"Oh! I'll change to." Meadow announced as she bounced up off the couch. "I have this new outfit I've been just dying to wear."

No wanting to feel left out I went with my wife to our room and put on a pair of white trunks while Sam changed into this little yellow bikini she must of just purchased herself since I'm sure I would have remembered it and can't deny how very hot she looked in it. The top showed off her breasts very nicely while the tiny bottoms barely covered over her crotch and were held at the side with little yellow strings tied into a bow. I felt my dick twitch as I walked behind her and admired the way her ass swung from side to side under the tiny material.

We all met outback on the pool deck, and I couldn't help but notice the little outfit that Meadow chose to wear. It wasn't a bikini like Sam's but a hugging black leather one piece that expressed her curves nicely. The top dipped very low between her ample breast while the sides cut high almost going up to her waist.

Sam was the first to sit on a recliner while Meadow promptly sat on the one beside her and said, "Wow Sam that bikini looks so good on you."

"You really think so?" Sam said with a big smile.

"Oh yes. Just great. And sexy. I mean your body really pulls it off. It must drive your husband nuts seeing you look so hot."

Sam laughed loudly and very playfully slapped Meadow's arm and said, "Stop it. You're going to make me blush."

Meadow giggled and gave Sam a light tap back only her palm lingered on Sam's arm, and I had to wonder. *Are they flirting?*

I lightly shook my head and figured it was just my over active imagination getting the best of me and sat myself down at the patio table since it was covered by an umbrella and popped open a nice cold beer.

Kevin pulled a chair up next to Meadow and also sat while both women went on chatting. Eventually, Sam laid down to soak up the midday sun and Meadow followed suit. So I got up and turned on some music while getting myself another cold one from the refrigerator. I was just about finished with my second beer when Meadow sat up and said, "Oh I like this song. Want to dance Kevin?"

"Sure." He replied and helped her to her feet.

At least watching them dance was better than seeing everyone just lay around. However, I wasn't the only one watching. I glanced over and noticed Sam sitting up on her elbows as both of them swayed closely.

It was then that I saw Meadow whisper something in Kevin's ear, and he smiled. I'm not sure what it was, but they stopped dancing and saw Meadow walking towards me while Kevin paraded over to Sam.

That's when I heard him ask her for a dance just as Meadow took a seat next to me.

Surprisingly, Sam got up and I felt my dick twitch remembering their last dance together. I know there was no way it was going to happen again. Especially since Meadow was present. But that didn't stop my wicked mind from hoping.

Meadow scooted her chair closer to mine as Sam and Kevin started to dance while I rapidly became fixated on Sam's ass as she swayed with the music and almost didn't catch Meadow announce, "Don't they look good dancing together?"

"Yes they do." I replied and then suddenly felt Meadow's hand rest on my thigh.

I gave her a quick glance, but for some reason, I didn't make any effort at removing it as it only stayed motionless on my leg. I think it was many because I desperately just wanted to enjoy seeing Sam and Kevin in each other arms again. Even if it was dancing a foot apart from each other it looked very erotic to me.

However, as the next song started to play I noticed Kevin moving closer and place his palm on Sam's hip while she nestled her head on his shoulder. My dick started to come alive, and I began to squirm knowing Meadow was so close and felt her hand lightly rub on my thigh. I felt my brow begin to sweat and wanted to just dash away up to the bathroom window, so I could jerk off to this wonderful sexual dance I was envisioning. But I found myself unable to move. I just couldn't break myself away as my wicked thoughts of them committing incest flourished in my mind.

Suddenly, I felt Meadow squeeze my thigh as she leaned in and whispered, "Really I think that looks very erotic. Wouldn't you agree?"

I was flabbergasted and mumbled a mixed-up sentence. Which merely caused Meadow to chuckle lightly and say. "Calm down I simply meant your wife looks super-hot dancing like that."

"Umm... Okay? I replied back now wondering why Meadow would say such a thing about Sam to me. However, I didn't have to wonder for long for as I watched intensely to them dancing Meadow softly said, "Do you remember that night you heard us having sex?"

I just nodded not breaking my gaze on the dancers.

"Well I was teasing your son on by describing how I would seduce his mother into having sex with me."

That got my attention and I looked right into her eyes as her hand inched closer to my groin.

"What?" I barely cough out. But then saw Meadow looking towards Sam and gave me a look see gesture with her head. I turned my focus back at them, and my mouth parted slightly. Kevin had his crotch rubbing up against Sam's body while both his hands were holding her hips. Sam's eyes were closed, and both her hands were caressing his back.

*Holy fuck!* My brain screamed and subsequently heard Meadow softly remark, "And then told him I wished she'd join us."

No sooner did she utter those words I felt her palm brush across my now solid cock.

"Shit!!" I groaned as my cock tingled with excitement almost causing me to cum in my pants. Shocked and stimulated, I quickly pushed myself back in my chair causing her hand to fall aside just as I noticed Sam break off from her son saying, "Oh! That's enough Kevin."

Sam fast paced towards us and appeared to be as flustered as I was when she sat at the table.

Meadow, on the other hand, just stood up nice and easy before proceeded to meet Kevin and once again danced as if nothing happened.

I took a big sip of what was left of my beer and heard Sam say, "I think I need one of those."

"I'll get you one." I said holding up my empty bottle.

"Thanks honey."

So without thinking I just stood up and then realized my dick as still hard. Of course, Sam also saw it, and I felt my face turning red. Thankfully, Sam just smiled as I walked to get us the beers.

When I came back I handed Sam her bottle and sat down and said, "I guess it goes without saying that seeing you dance with Kevin got me all hot."

Sam smiled and whispered, "Yes and to tell you the truth. It was affecting me also."

Now I smiled and figured I'd better not push it. However, I was still a little uncomfortable about what Meadow had done. Yes, it felt good and yes her talk got me all worked up. But still this was my son's fiancée. And let's not forget. I'm also married to the most wonderful woman.

I was in a jam and contemplated over what I should do. *Should I say something to Sam and Kevin or just act like nothing happened? Think dammit think!*

Finally, I figured I should just shut up and see if this was a onetime thing before making any waves.

So as I finished stewing it in my mind, I noticed Sam fidgeting in her chair while her eyes focused on the kids.

So I looked myself and held back the words that wanted to come out.

Meadow had both her hands on Kevin's ass and was grinding her pussy hard on his right leg while she rubbed her leg across his groin.

"Jesus." I said in a low tone and heard Sam reply back. "Yeah... They've been doing that for a while now."

I could hear Meadow moaning lightly under the music and said, "Why don't we go inside and let them have some privacy."

"Huh?" Sam said never breaking her gaze.

I stood up and took her hand which finally caused her to look at me, and I said again, "Let's give them some space."

"Oh... Okay." Sam said and we quietly walked back into the house.

While the kids were outside, I said, "I'm going to take a quick shower."

Which was followed by Sam saying, "I'll join you."

I just smiled as we both made our way up the stairs.

However, our quick shower wasn't that fast for I no sooner got under the water Sam took hold of my dick and stroked it while planting a hard kiss upon my lips.

"Shit honey. You horny?" I teased.

"You know full well I am."

I kissed Sam back and started to tickle her little bud while she jerked on my tool.

"Oh yes Jarid. Put your fingers in me. I'm so hot."

"I have something better." I said and lifted her left leg up while easing my cock between her legs.

"Mmmm." She cooed as I pushed my dick between her velvet folds.

Sam held onto my shoulders as I thrust and heaved her breath raced as light whimpers expelled from her lips.

"OH... Ahhh. Fuck me Jarid. Fuck me hard!" Sam whimpered, and I grabbed her ass and lifted her up. Resting her back on the shower wall I plowed into her as she bounced up and down on my stiff wood.

"OH FUCK! Yesss... I'm cumming! I'm cumming!!" She yelled while her thighs dug into my sides.

Her warm juices quickly filled her love nest, and I felt it oozing down my shaft while she quivered in my arms.

I kept heaving and then finally had a hard climax myself. Filling her up with my own seed while I kissed her.

After wards, we went back down stairs and watched some television while the kids messed around outside at the pool.

It wasn't until Sam made us something to eat that they even bothered to come in the house. Which wasn't for long because they no sooner finished eating Kevin said, "I'm going to go show Meadow around town for a bit."

"Okay honey." Sam said and gave him a quick kiss on the cheek before they both dashed out of sight.

The rest of the night was quiet and at around eleven we both went up to bed. I could tell Sam was a little worried since they didn't come home yet, but I reminded her he was an adult now. She just agreed, and we went to sleep. On the other hand, I should say I went to sleep.

I was right in the middle of a fantastic dream of Sam fucking Kevin and Meadow when something woke me.

That something was the sounds of Kevin fucking Meadow, and as I laid there I couldn't help but stroke my cock to the sounds of their love making. However, as I did my eyes closed, and I began to picture it was Sam also in there with them. That's when I heard Sam's breath make a loud huffing sound and whispered, "You awake?"

"Of course. I've been up since they got home."

I glanced towards the clock and saw it was one in the morning and asked, "How long ago was that?"

"About an hour. And they've been fucking since."

"Oh..." I croaked as I heard Meadow whine, "Harder Kevin. Harder!"

I moved myself closer to Sam and rested my hand on her tummy and massaged it slowly.

"Mmmm." Sam purred and brushed her hand over my shaft and announced, "You're already hard."

I moved my hand down to her mound and gently nudged a digit between her folds and said, "And you're already wet."

Sam chuckled, "I guess they're getting to both of us."

I just agreed since I wasn't sure how she would take me telling her about my new sexual fantasy.

So as we listened to them fuck in the next room we both laid on our back and stimulated each other. Until finally they stopped leaving Sam and I still extremely horny.

I went to roll myself on to Sam when she whispered, "No... They'll hear us."

"So?" I replied.

"I have a better idea." She said and straddled my body except her head was facing my dick as she lowered her pussy down to my mouth.

I felt her moist mouth encompass my fat head, just as I pierced my tongue through her outer lips.

I tongued fucked her while she bobbed on my cock humming and moaning on my shaft causing my sperm to rise rapidly. However, as I took a break and groaned from the pleasure she was giving me, I noticed a shadow under our door. Someone was out there listening to us and only drove me deeper into a lustful state. Rapidly I worked my tongue over Sam's clit, and she lifted her head and wailed, "Oh... Ahhh. Jarid!

It didn't take long before both of us climaxed hard, and as she readjusted herself; I watched as the shadow disappeared.

Exhausted and satisfied we fell asleep in each other's arms, but I had to wonder was it one or both of them out there?

The next day as we all once again relaxed around the pool with the girls laid out in their hot little outfits. I listened as Meadow really poured it on and said, "Sam how do you keep yourself so firm. And your skin it looks so nice. I wish I could keep myself as sexy."

I heard Sam lightly chuckle while thanking her for the complement.

"Listen." I said. "I'm getting myself a beer you want one honey?"

"No thanks. I'm good." She said as she picked up the sun tan cream.

"Okay," I replied and went to get my refreshment. When I came back I was greeted by the sight of Meadow rubbing lotion on wife's shoulders as she laid sprawled out on the recliner. I quietly sat and took a big gulp as Meadow's palms gingery ran down my wife's back right to top of her tiny bikini bottom. It looked very seductive, and my dick responded quickly. I saw Meadow look at me and smile as her hand shifted down to Sam's thighs and rubbed ever so slowly up and down her lower leg. Then very gradually I heard her say, "Your skin really is so soft Sam." While her hands inched their way further up Sam's thighs.

Sam's legs spread slightly apart as Meadow's fingers gentle massage the oil into her flesh and when her finger tips just barely grazed the material nearest to her pussy her legs snapped shut as she sat up and expressed, "Thanks that should be fine."

I took another big gulp to quench my dry mouth and heard Sam say, "Let me have a sip please."

Which of course I did and watched as she slammed down the rest of my drink.

I didn't say anything but laughed under my breath realizing the rub must have had a sexual effect on her. This got me thinking about acting on it since it also got me all hot and bothered.

However, it wouldn't have been a good idea since we already made plans to play some tennis an hour henceforth down at the county park. So patently I just waited next to Sam as she and Meadow both finished their tanning.

Thankfully that last hour passed by quickly, and we arrived at the tennis court. We decided to play teams, and it was Sam and I against Kevin and Meadow. I have to say they both played very well and gave me and Sam an exhausting workout. The score was tied, and I did my best to concentrate on the game. However, as Sam bent over in her little white skirt, I caught Kevin gawking right at her rear as her light colored panties came into view.

I felt myself getting hard realizing Kevin still wanted his mom and had trouble fixating on the game; which caused us to lose. In my mind, it was worth it. Unfortunately, Sam didn't like the idea of losing to them.

Afterwards I took us all out to eat at a tavern that was close by; in hopes it would put Sam in a better mood, and ordered a pitcher of beer while we waited for our meals.

Kevin and I watched the game that was playing on the television while Sam and Meadow gabbed.

The burgers and fries finally arrived, and I order a second pitcher after we finished since now Kevin and I wanted to stay and see the end of the game.

It was nightfall by the time it was over, and I felt really drained. Between playing tennis and having a heavy meal, I just wanted to take a nice shower and relax for the rest of the night.

I was the first one in the shower and then Sam went in to take hers while I tossed on a pair of sweat pants and a tee shirt before heading down to the living room.

The kids where no were to be seen when I sat down on the sofa and rested my feet on the ottoman while turning on the tube. I flicked through the channels until I found a movie that had already started and heard Sam say from the bottom of the stairs, "I'm getting a glass of wine. You want one?"

"Sure." I said and watched her walk into the kitchen covered in a long pink satin robe. Sam came back and offered me a glass as she laid her legs across the length of the couch while resting her upper body onto my side. I felt her head lean against my shoulder as she took a sip from her wine glass and said, "I had a lovely time today."

I put my arm around her and replied, "So did I."

We must have been on the couch for a couple of hours drinking and relaxing when I heard someone coming down the steps and turned my head to see Meadow dressed in a pair of tight black shorts and a dark tank top.

Slowly, she approached us and said, "Kevin's already asleep. Mind if I join you guys. I'm really not that tired yet."

"Of course." Sam said kind of in a slur from all the wine, we consumed and went to move her legs while I set our glasses down on the end table. However, Meadow quickly spoke up and said, "No, please don't move I think there's enough room."

Her idea of enough room was to lift Sam's legs up, so she could slip herself under them.

"There." Meadow said as she placed Sam's legs on her thighs.

Except when she moved Sam's legs, her robe parted and no longer covered her completely revealing a good portion of bare skin up to the top of her knees.

"See we all fit." Meadow said and rested her hands on my wife's shins.

Another movie was just about to start. Some romantic movie and we all watched it in silence. But occasionally, I would catch Meadow moving her hand lightly on Sam's leg. Sam started to fidget and squirm around and said, "Do you mind if I move myself down a little?"

"No. Not at all." Meadow said, and Sam scooted her legs further down while resting on her side and placed her head and hand right on my groin.

*Oh shit!* I thought as I felt Sam's hand gently brush my shaft causing me to now squirm.

I placed my arm on Sam's biceps and did my best to stay motionless pretending to be interested in the movie.

It didn't take long before Meadow once again slowly moved her hand. Only now it was over Sam's knee and caused her robe to part open even more showing my wife silky skin almost up to her crotch.

I looked down at my wife who acted as if she was deeply watching the television and rubbed my hand on her arm.

It was then that Meadow moved her hand upwards past Sam's knee and ran it over her bare lower thigh. Sam's mouth parted while her eyes closed and felt her clutch my now growing dick lightly.

My heart started to pound in my chest as Meadow's hand ventured at a snail's pace further up my wife's thigh and heard Sam's breath start to race while her hand grasped my semi hard wood a little harder. Brazenly I moved my hand down off her arm and onto the outer edge of her breast.

"Mmmm..." Ever so faintly I detected coming from Sam as Meadow's hand was now massaging her upper thigh.

Sam's legs parted slightly, and I felt her grip my rod hard as meadow rubbed her finger several times over her clit.

"Mmm... Ohhh. Yes..." Sam tenderly sighed as Meadow went faster while I played with her chest. This was getting me hot, and I wasn't sure this was going.

However, my lust drove me onward, and I threw every caution into the wind and opened my wife's robe exposing her bare breasts and toyed with her hard left nipple.

"Jarid... Oh god what's happening?" Sam murmured as she tugged at my tool.

However, as I felt Sam give her hips a hard thrust into Meadow's hand she suddenly stopped and pulled her hand away.

I watched as Meadow sniffed her fingers before saying, "I'm getting tired now. I'll let you to enjoy the rest of the movie."

I was stunned and think Sam was too as she covered up and slowly scooted herself upwards.

Meadow sat up and very casually announced, "Thanks for letting me enjoy the show with you." And sashayed up the stairs leaving Sam and I horny and dumfounded.

Sam looked at me and in a lustful, tone huffed, "Fuck me Jarid."

She didn't have to ask twice. Rapidly I tugged my sweats down as she threw open her robe and lay upon her back.

I fast pasted myself between my wife's legs as she spread them wide and pulled my ass towards her.

My heart was already pounding in my chest when I readied my throbbing cock at her moist entrance. However, just before I rammed my pole into my wife's hot love hole, I caught Meadow at the bottom of the steps watching us with her hand tucked down her little shorts.

I don't know why but I paused and did say a word as our eyes locked but noticed her mouth the words, "Fuck her."

That did it. I was so driven by her wicked act I nudge my cock until just the tip pushed inside and heard Sam sigh, "Yesss... Oh fuck yes... Fuck me Jarid. Fuck me hard!"

Thankfully, Sam's head was facing the other away from Meadow as I eased my entire dick inside her wet pussy.

My eyes never broke from Meadow as she built up her tempo and matched mine.

A little harder I pumped and Sam whined, "Yes... Oh Jarid you feel so good."

However, as I built up my speed, I got another shock. Kevin quietly came down the steps naked and looked at me with a devilish smile.

*Fuck!* I thought as I heaved hard into Sam causing her to wail, "OH Fuck!"

Sam's body started to thrash around under me as I pumped into her while Meadow stood up and stroked Kevin's dick.

I could feel Sam's pussy clutching my shaft as I watched Kevin back Meadow up against the wall and kiss her.

Suddenly, Sam locked her legs onto my hips and screamed, "I'm cumming! Oh! OH! OH!!

I held my cock deep inside her soaking womb and saw Kevin lift Meadow up and sink his dick into her.

*Jesus!* I thought and felt my raw lust overtake me completely. Quickly as they fucked only ten feet away I pulled out of Sam and spun her round.

I heard her huff loudly as she noticed them, but before she could say a word, I pushed her forward and rammed my cock back inside her.

With her head up as I fucked her doggy style, I heard her say, "My god I'm watching my son fuck!"

I groaned, "Yes you are. And you like it don't you?"

I pile drove inside her causing her to push back and moan. "God forgive me but I do."

With the sweat pouring off my body, I leaned over Sam's back and whispered, "But you really wish that was you he was fucking like that don't you?"

"Oh fuck... Jarid... Oh... oh. I'm cumming again!" She whined as her pussy once again gripped on my dick.

I sat back up and fucked through her orgasm, just as I saw Kevin have his. With a mighty heave, I held my cock deep inside Sam as she quivered and exploded.

"Oh fffffuck!!" I croaked as my legs buckled from cumming so hard.

Both Sam and I crashed on the sofa with our breath racing. We didn't move for several minutes but when we did I noticed the kids were gone and said, "Well that was different."

"Yes it was. But I think it went too far."

I knew exactly what she meant but was already trying to figure out a way to expand upon it even further.

So as we tossed on our garments and finally went to bed, I reminisced the entire night over what had happened and sinfully hoped more would come.

Unfortunately, it appeared it wouldn't since when we all met for Sunday breakfast Sam gave a very convincing lecture as to why it shouldn't ever happen again.

I guess I can see how the rest of the world would think it was twisted to have fucked alongside their son and future daughter in-law so all I could do was agree with a sunken heart.

I could tell by Kevin's expression, he felt the same as I did. However, Meadow didn't appear to be affected by what Sam said at all. As a matter of fact, she seemed happy.

*Maybe I'm missing something?* I thought as I took a sip from my coffee cup.

The rest of that day was uneventful. Even when I treated everyone to an action flick playing at the local movie theater. Nothing remotely exciting took place. So sadly I could only hope something would change in the near future.

Come Monday morning it was back to work as usual leaving my family to fend for themselves. Which I guess wasn't much of a big deal. I'm sure if something did happen, I would have heard or sensed it coming off of Sam. However, sorry to say the entire week was just talk of them going to the park or how Sam cleaned the house while Kevin and Meadow went out with his friends.

At least, it was the weekend again, and I could just sit around and relax. So after we had breakfast I went into the living to do just that and had just sat down when Sam sat next to me and said, "You just going to watch television?"

"Um... I was unless you wanted to do something." I replied.

"I was thinking we could go horseback riding."

"Really?" I questioned since I knew nothing about doing that.

"Yeah I think it would be fun. I'm sure the kids would enjoy it."

"Okay." I said and went to change without any knowledge of even where to go to do this. We located a place and after a short lesson on how to ride spent half the day on the back of a horse. Okay I did have a fun time, and the scenery was very enjoyable also. Not the actual outdoor scenery but from view I took in as both girls trotted along in front of me. I couldn't take my eyes off of either of their firm asses as they rode their ponies in tight blue jeans. Sadly when it was over, I was left with a hard dick that just begged to be jerked off.

However, it would have to wait because I guess all the riding got the rest of them pretty hot and surprisingly heard Sam say, "Let's go back to the house for a dip."

I sure wasn't going to disagree with that since I figured I would now be able to just relax by the pool and drink a cold one.

Happily that is how it actually played out. I had just sat down under the patio umbrella when my wife dove into the pool wearing her skimpy yellow bikini and was followed by Kevin and Meadow, who had decided to wear a little hot pink bikini of her own.

Now I could have some time to let my wicked imagination run wild as I watched them happily splash around. I didn't have to imagine for long before I felt my dick come alive when Meadow grabbed Sam from behind putting both her hands on her breasts while Kevin yanked her legs out from under her. I heard Sam scream just before she went under the water and was quite surprised when she came back up Meadow was still clutching at her tits. Sam quickly pulled her hands off and gave a laughingly squeal as she swam away from them.

I watched as Kevin swam after her while Meadow got out off the pool and walked towards me. I don't know why but as she approached I couldn't help but admire her, perky hard nipples and the way her slender body swung from side to side.

I saw Meadow give me a grin and realized she must have none I was admiring her figure and quickly looked at my wife and son as they appeared to be talking on the far end of the pool. Meadow grabbed a towel and proceeded to dry herself off as she sat beside me and asked, "You enjoying yourself?"

I just acknowledged her question with a nod and took another sip of my beer.

"So do you also believe what Sam said last Sunday?" I heard Meadow say.

"Huh?" I replied.

"What she said about it not being proper and all."

I wasn't sure where this was going, but I replied, "Truthfully no."

"I didn't think you did."

Then I remembered how she appeared to take the news, and I looked at her and said, "Why didn't it look like it bothered you?"

Meadow chuckled and leaned towards me and whispered, "Because silly. I know it was her just being scared of what might happen if we didn't."

I felt a lump in my throat and choked out, "And what might that be?"

Meadow looked straight into my eyes and hissed, "She might want to fuck Kevin again."

My eyes grew big as I huffed, "You... You know about that?"

"Of course, I do. Kevin told me the next day."

"He... He did?"

"Yes... And you know what. I think it's so hot!"

You... You do?" I grumbled in disbelief.

"Yes... As a matter of fact, I think it's just a matter of time before it happens again."

"Oh... I... I don't know about that." I replied as my head was still spinning in circles.

Meadow sat back up and looked at them talking and said, "So why didn't you join us in the pool?"

I guess I could have told her the truth since Kevin must have told her I watched him fuck his mother, but I took the cowards way out and lied, "I'm just too old for it anymore."

Meadow stood up and took me by the arm and said, "Nonsense."

With a hard pull she coaxed me to my feet and said, "Come on."

I was definitely having trouble controlling myself from getting stiff, by the time I made it to the edge of the pool.

Thankfully, Meadow never looked back as she leaped in and proceeded to swim over towards my wife and son. Once I was in the water, I sighed in relief since my rising dick was now hidden from view.

I must say the water did feel nice, and I swam up next to Sam while Meadow proceeded to flirt with Kevin.

Sam and I just watched as the two of them teased and splashed each other. However, as they did Meadow backed her ass right up against my groin as she kept jumping up and down causing it to grind against me. I did make an attempt to move but my back was already against the pool side, and then I felt her actually push herself harder into my crotch causing it to immediately become erect as it slid between her cheeks.

Quickly, I did a side step that put Meadow right next to my wife who was rubbing her neck as she cocked her head from side to side.

"You okay?" Meadow said.

"Yeah I think I just wrenched my neck when we were messing around."

"Here let me give it a massage." Meadow replied and quickly placed her hands on Sam's neck.

"You don't have to do that." Sam said and started to fidget around.

"Nonsense Sam. It will help. Trust me."

Sam became motionless as Meadow worked her fingers into the side of her neck, and I heard Kevin announce, "While you do that I need to take a pee."

It was obvious Sam was enjoying Meadow's massage because her eyes closed, and her lips parted.

Kevin was already gone when I noticed Meadow's hands move down to Sam's shoulders and say, "Does that feel good?"

"Mmmm. Yes, it does." Sam sighed with her eyes still closed.

I became fixated as Meadow worked her hands down Sam's arms and didn't realize Kevin had returned until I saw Meadow give a come here jester with her head.

With Sam's eyes closed I just watched as Kevin took over while Meadow eased herself backwards until she bumped her ass into my erection.

I don't know why I didn't move and just watched as Sam's lips opened more and heard her coo when his hands just once brushed over her bosom before moving back to her arms.

It was then that I felt Meadow's hand slip down and rub over my stiff cock causing me to lightly huff, "Meadow."

"Shhh... She'll hear you. Just watch and enjoy it."

My body started to shake as I watched Kevin so very tenderly massage his mother. Switching from her neck to her shoulders while Meadow palmed my wood.

"This is crazy." I whispered and reached for her hand to pull it away. But rapidly Meadow twisted out of my grip and shoved her hand down inside my pants and grasped my cock firmly.

With a couple of quick jerks she had my head spinning and all I could do was groan to the unexpected pleasure she was bringing out of me.

I huffed as Meadow stroked me off and then heard his wife sigh loudly as my son lightly brushed his hands over her breast again.

"See she likes it" Meadow expressed as she pulled on my cock. I couldn't help but thrust forward into her hand which only made her go faster.

Just then I saw Kevin grasp his mother's bosom hard with both hand and caused her head to toss backwards while her hand reached behind her.

But then her eyes shot wide open, and she turned quickly yelling, "My god Kevin!"

Meadow quickly squeezed my cock hard as she tugged on his shaft causing me to explode in her hand and noticed Sam look straight at us.

I could see her face go beet red and she screamed, "My god!" and swam away.

Rapidly I pulled Meadow's hand out of his shorts and swam after her. I finally caught up to her in our bedroom and grabbed her arm.

"Let me go Jarid! I'm so embarrassed"

But I held onto her arm gentle and looked deep into her eyes and said, "I'm so sorry honey. I just got so caught up with what was happening."

Sam sighed and then held me tightly and said, "I guess I did too."

"So you're not mad at me."

"For what?" Sam replied as she took a step back still holding my arms.

Maybe she didn't see what Meadow was doing? I thought. Should I tell her?

Sam was waiting for a response, and I chickened out since she was already upset with Kevin feeling her breast, I sure didn't want to add to the fire and said, "For not interjecting."

I put on my best fake smirk and hoped she bought it.

"Funny thing is when I thought it was Meadow doing that I got horny."

With a shocked look and a sigh of relief, I just said, "Oh?" And then hesitantly followed with. "And how do you feel now?"

Sam leaned into my ear and whispered. "Surprisingly still horny."

"Good because so am I." I said and closed our door before we both bee lined onto the bed. By the time I had stripped naked I was already stiff and quickly rubbed my cock over Sam's slit.

This caused Sam to moan loudly, "Stop teasing me Jarid. Put it inside me."

However, I wanted to get her really hot so with long slow glides I teased, "Meadow truly got to you?"

"OH fuck... Yes she did that little tease!"

Still I teased and heaved, parting her lips while rubbing my shaft over her clit.

"You wanted her to kiss you didn't you."

"Jesus Jarid. Please put it inside me!" She screamed and grabbed my ass while forcing the tip of my cock inside her.

I thrust forward, and she wailed. "Yes. Oh god that feels so good. Fuck me honey. Fuck me hard!"

I went to town and pushed wildly while her legs spread wider, and she huffed. Fuck you feel so good."

With a loud grunt I said. "But you really wish it was Meadow's little tongue lapping at your pussy."

"Oh fuck Jarid you're going to make me cum."

With a hard thrust, I groaned. "Me or thinking about Meadow tasting your sweet pussy."

"OH FFFUCK! I'M CUMMING!! Ugh. Ugh. Ugh."

I was grunting and shoving hard until I felt myself blow inside my wife's pussy while she quivered under me.

Just then I heard a knock on our door and paused with my dick still buried deep inside her snatch.

"Yeah?" I said as I eased my dick out of my wife.

"It's me." I heard Meadow say. "Can I talk to Sam?"

I rolled off of Sam as she covered herself with the blanket. But as I was just about to get out of the bed and dress, Sam said. "Yes come on in."

I almost didn't have time to cover myself up when the door opened, and Meadow walked right up next to us.

What was more shocking was when she then sat herself down next to my wife and said, "I'm so sorry if we upset you."

"It... It's okay Meadow." Sam replied as she pulled the covers up higher.

"It's just that. Well, your son really wanted to massage you, and I thought it was a good idea. If I had known how uncomfortable, you would get. I wouldn't have let him. Because really I do like you. A lot!" And with that she squeezed Sam's thigh causing her to squirm just a tad.

"Nnnno. It's all good Meadow." Sam replied.

I saw Meadow smile as her hand slide away and then sat up and said, "Good"

Meadow started to walk towards the door but turned and said, "So listen if you're really okay, then how about both of you joining us at a club tonight?"

"Oh I don't know. I think you two would have much more fun without us slowly you down." Sam replied back.

Meadow immediately barked. "Are you crazy? You two are making this the best summer break ever!"

I looked at Sam and said, "What do you think honey?"

"If you're interested in going, I'm game." She replied.

I guess we'll go then. But give us a chance to change." I said.

"No problem, I'll go tell Kevin you're going to come with us." And she bounced out of the door closing it behind her.

I sighed as I got out of bed to change and said, "Didn't she seem a bit to chipper?"

"Yes I noticed that also." Sam replied as she went to her dresser.

We both just let the conversation die there as we changed into our clothes. I tossed on a pair of blue jeans and a black short-sleeve button down. While Sam dressed in a pair of black skinny jeans and a light floral top.

We had just finished dressing when once again there was a knock, and Sam answered the door.

I glanced over and noticed Meadow standing in the doorway wearing this very short black skirt and white almost see through short-sleeve top and mumbled under my breath, "Holy shit!"

"What you think?" I heard her ask Sam as she spun around.

"Umm... Very sexy." Sam remarked.

"Thanks. I was going for sexy." She replied and then gave Sam a wink.

"So is that what you girls wear these days?"

"Yeah. More or less. It does get quite warm in there with all the dancing and stuff."

Upon hearing that I thought, *if it got any less she'd be naked.*

"Oh. Hmm." Sam replied breaking me out of my thoughts. "Maybe I should change into something more airy then."

"It's up to you. I think what you have on now looks fantastic." Meadow said as she brushed my wife bare arm and gave her a once over with her eyes.

"No. I'll change." Sam said.

Okay I'll see you both downstairs then." Meadow replied and walked away.

The door no sooner closed and Sam dashed into her closet. I just sat beside the bed as she looked through all her attire and said. "I don't know what to wear now."

"I'm sure jeans are fine." I said hoping she would just forget about changing again.

"You had seen how she looked. I bet all the girls will be dressed like that."

I don't know why but I blurted out. "You could always wear that dress from new years."

"Jarid!!" Sam rebutted but after a couple of seconds, she said, "You really think so?"

"Why not? I mean shit. That dress definitely turned a lot of heads, and it is very airy as you say."

Sam smiled and said, "Yes it is." Sam pulled the dress out of the closet and held it up to herself and said, "Hmm this just might be a bit to revealing though. Maybe I should get Meadow's opinion and walked to the door calling for her to come back."

I just rolled my eyes as Sam yelled for her.

At least, Meadow came right away, and Sam asked, "You think this is okay to wear?" And held it up against her body as she looked at herself in the mirror.

Meadow walked up behind Sam and looked over her shoulder. I felt my dick twitch when she gently touched Sam's upper arm and said, "That is so hot Sam."

I could see Sam looking back at Meadow in the mirror and smile. However, her eyes appeared to have a twinkle in them when she replied, "Then I guess I'll wear it."

There was a long pause as both girls gazed at each other in the mirror. And I noticed Meadow's other hand touch Sam as she lightly brushed them up and down my wife's bare arms.

My cock became hard as I sat and watched them just standing there in complete silence.

However, I couldn't help but adjust myself in hopes of relieving the building pressure in my crotch.

Sadly, my jostling broke their sultry sexual silence, and my wife said, "I'll go put it on." And dashed into the bathroom.

As Sam went into the bathroom and closed the door. Meadow sat next to me, and in very light voice said. "I hope you don't mind if I try to seduce her tonight."

I was stunned and excited at the same time and when I searched for a response, none could be found.

But my silence only made Meadow crack a wicked grin and whisper, "I'll take that as your fine with it."

At least to that comment, I gave a light nod.

Meadow then leaned in closer while placing her hand right on my hard groin and rubbed it while saying, "And hopefully get to taste her pussy."

I coughed and moved myself to the side just as Meadow put her hands in her lap and turned around in time to see the bathroom door revealing Sam in her hot little red dress.

I couldn't help but mutter, "Wow that dress looks sexier every time you wear it."

"Yes I have to agree. You really do look stunning." Meadow replied.

"Thanks. I just have to put on a pair of heels, and I'll be ready."

Meadow walked back to the door and cheerfully said, "I'll go wait downstairs with Kevin."

No sooner did Meadow leave I thought about coming clean with how Meadow had grabbed my crotch. Truly, I felt guilty for letting it go on but then thought about what she said. I couldn't help but picture Sam laying on her back while Meadow was between her legs bringing her to a climax with her tongue. *Shit!* I thought and sinfully realized I didn't want to jeopardize Meadow's plan.

I know I really wanted to see Kevin fuck her once more. However, now I found it very stimulating knowing Meadow wanted to have her also.

"Ready?" I heard Sam say shaking me out of my demented thoughts.

"Um... Yeah I think so." I said and followed her down the steps.

"Wow mom!" Kevin gasped as we approached.

"Thanks honey. You guys ready?"

"Yeah." Kevin replied as he looked his mother up and down.

I noticed Sam give a slight grin and start to turn a little red in face and said, "Okay let's go then."

It didn't take us long before we arrived at the club and to my surprise it was very crowded, so crowded that you couldn't help but bump into people as you tried to make your way through the crowd. The music was also super loud, and I did my best to find a location, we could get some drinks and have a conversation. However, it was useless and finally settled for a spot that was close to the bar and dance floor.

Sam was already moving her body to the music and tugged me onto the floor. It didn't take long before both of us were dancing to the beat and after three very long songs, I needed to take a break.

Sam on the other hand didn't want to stop and danced next to Kevin and Meadow while I got a beer.

I sipped my glass and watched as the three of them danced until Kevin then broke away and walked up next to me and said, "God I'm beat."

"Yeah me too!" I yelled over the music.

I bought Kevin a beer and we both now watched Sam and Meadow get down for a while, swaying back and forth, they rubbed each other's mounds while never breaking their passionate kiss.

My mouth dropped open, and I'm sure Kevin's did too. Because as their kiss broke they both looked at us and just laughed.

I could feel my stiff dick discharge a little cum as they walked back to join us for a drink, and thought. *Shit that was so hot.*

I handed Sam a drink, and she snuggled up next to me and said into my ear. "Did you like that?"

I just nodded and she kissed me and followed with, "Let's get out of here I'm so horny now.

"Okay." I said and we tried to slip away. However, when I told Kevin, we were going to leave, they also said they'd had enough.

I knew very well the condition we all were in, there was no way any of us could drive so we made our way outside, and I called a cab from my cell.

Only as we waited out front Sam was all over me and from the way Meadow was kissing Kevin, I would say she was just as horny as my wife.

It was another ten minutes before the cab arrived to take us home, and it took all I had to keep Sam's hands from grabbing at my crotch as we rode home. The effort was futile since Sam was extremely horny and relentless groping. It also didn't help hearing Meadow and Kevin passionately making out next us.

It wasn't long before I was super excited and when Sam whispered into my ear, "I'm not wearing any panties." I lost it.

"OH fuck honey..." I groaned as she nibbled at my ear and whispered, "I want you so bad."

I could feel her fumbling with my pants until her hand slipped inside and toyed with my cock while I massaged her breasts.

Sam worked on my dick giving it a couple of tugs when I heard Meadow start to pant hard and noticed Kevin had his hand under her skirt.

I followed suit and eased my hand under Sam's dress until my finger slid over her already wet slit, and she moaned softly while spreading her legs open.

"OH!!" Sam whined and spread her legs even more when Meadow grazed her palm up and down on her thigh while I sunk a finger inside her.

Sam's body lifted upward when I inserted a second digit, and she squeezed my cock.

"Mmmm ohhh yes honey..." Sam expressed softy as she gyrated her sex on my fingers while I heard Meadow whimper, "I'm cumming Kevin."

However, just as I noticed Meadow start to shake her hand moved down between Sam's legs and rubbed it over her clit while I finger fucked her.

"OHhhhh!!" Sam huffed and tugged on my cock hard almost causing me to explode in my pants as she tried to control her climax.

Thankfully as both girls panted the driver announced, "You're here." And I quickly paid him.

Doing our best we dashed and staggered our way to the house while both girls kept giggling.

Once inside Sam expressed how hot that was and kissed me hard. We held each other as we staggered our way into the living room, and I heard Kevin yell, "We're going to bed."

"Okay I yelled." As Sam turned towards me and grabbed at my crotch and hissed, "Take me now!"

I kissed Sam hard and backed her up against the wall while she dug, at my pants until my cock was free.

I could feel her long diligent strokes on my shaft as my hands gravitated to her bosom and kissed her hard.

Sam moaned in pleasure, and I went to rub my hand over her covered crotch when I felt a hand already there on top of her dress pressing into her mound.

Startled I broke the kiss and couldn't believe what I saw. It was Meadow and without saying a word she leaned in and kissed Sam deeply.

"Oh... MMMeadow... Uhhh... Oh my goddd..." I heard her voice trail off as her eyes fluttered shut and then moaned softly into Meadows mouth.

Meadow very methodically eased her body closer until it was in front of Sam, and I was behind her. With her right hand pressing hard into my wife's dress, she reached back with her left hand and rubbed it across my exposed groin.

I was stunned as to what was happening but also so uncontrollable excited. Unable to move I just watched and then noticed my son step to the side of his mother and joined in.

Very seductively he rubbed his hands over his mother's breast while lightly kissed her neck.

Meadow's hand started to twist and stroke me off while I watched my wife's eyes slowly flutter open. They appeared to be glazed over as she sighed, "Oh my god what's happening?"

Meadow quickly said in a loud whisper. "You're just horny and I want to help you cum."

Sam moaned as Meadow Kissed her neck while tucking her hand under Sam's dress causing my wife to moan, "Oh fuck Meadow you shouldn't be rubbing my clit! You're going to make me cum!"

"Good..." She replied and followed with, "You're such a naughty girl for not having any panties on." And lifted my wife's dress up over her ass exposing her pussy to the late-night air. Sam sighed as Meadow feverishly rubbed her fingers over her clit while Kevin lowered his pants.

It was at that Moment that Sam must have realized what was happening and yelled, "Wait... Kevin... God not you too!"

"Shhh... It's ok Sam. Mmmm and you're so wet now." Meadow replied as she sunk two fingers inside Sam causing her to jerk and thrust her body into her hand. I guess it was too much for her to

handle because her arms immediately held onto Kevin's shoulders while Meadow went faster on her snatch.

"Ohh... Ffffuck..." Sam's voice trailed. I could tell she was too far gone to want it to stop.

She wasn't alone. Meadow's grip was still working its magic on my tool, and I could feel my own climax building as I watched my wife start to quiver and huff.

Now I've seen my wife excited many times before but for some reason, the way her body twisted and jerked appeared to be more aggressive, and it only added to my wicked excitement.

Suddenly, I watched as Meadow's hand pulled away from my wife's pussy and was quickly replaced by three of Kevin's digits.

"Oh mmm. K... Kevin!" I heard her yell as her hand haphazardly grasps at his wrist while his fingers twisted thrust in and out of her.

Meadow with a very seductive tone replied, "Just go with it Sam. We all know you really want to."

"Ugh... Oh fuck... How do you? God Kevin you told her! I can't... Help... My... Oh Christ, I'm Cumming!!"

Meadow grasped my cock hard as I watched our son bring his mother to an earth-shattering climax. I could only grunt and hold onto Meadow's waist as my hips started to buck.

However, as I was about to blow Meadow rapidly spun around and went to her knees, and I felt a sudden rush of pleasure as her lips slipped over my swollen cock.

"OH... Fuck!!" I exclaimed as her mouth very skillfully pushed me over the edge.

I could hear my wife still bellowing in the background as I shut my eyes and relished the feeling of my own juices filling Meadows mouth.

"OH Jesus this can't be happening." I said as Meadow took my entire length down her throat.

I opened my eyes in time to see Sam looking straight at me. Her body still jerking slightly as her orgasm subsided. Her face was flushed, and her eyes were definitely hazed over. Kevin with his fingers still holding deep inside her kissed her hard and without any hesitation, my wife wrapped her arms around his neck and passionately kissed him back.

I felt guilty just blowing my load into my son's fiancée but my sexual drive was just too great, and I watched as Meadow stood up while taking hold of my spent pecker and whisper, "We only just started to have fun."

I was stunned. But it was true. I was very horny. And seeing my wife and son once again in each other's arms only inflamed my wicked desire to keep going.

Meadow pushed me backwards until we both were by the sofa, and I looked at Kevin as he unzipped his mother's dress while her hand reached down and stroked his cock.

I was in a frozen state and felt a warm sensation wash over me and noticed Meadow slipped out of her own clothes and then tugged my pants completely off. Her hand once again grasped my pecker and I mumbled, "I need to sit down."

I felt Meadow release her grip as we both sat down and while she removed my shirt said, "Let's enjoy the show together."

We no sooner sat down, when I felt Meadow's hand was once again stroking on my tool bringing it back to life, and I felt helpless towards her sexual advancements. I sinfully have to admit this little vixen was very good at stroking a dick, and it was clear to me now that in this sexual state, I really did cherish this new taboo feeling she was so skillfully bringing out in me.

"See she's enjoying it now." I heard Meadow say as Kevin lowered his mother down to her knees and nudge her head forward. I was mesmerized by the sight. My darkest fantasy was once again taking place and felt a rush of pure pleasure fill my body when I saw her staring at her son's hard cock.

"OH I shouldn't." I heard Sam say.

But without saying a word, I saw Kevin ease her head forward. Sam hesitantly shook her head but when her lips touched the tip of his swollen mushroom, her mouth parted and eased him inside.

"Yessss... OH fuck! That's it Mom. Suck it." I heard Kevin hiss as my wife grabbed his shaft while bobbing her head.

"Holly fuck I'm getting so wet watching this." I heard Meadow whispers as my cock went super hard.

My mouth was dry as I struggled to whisper, "Yes it's so hot."

Meadow leaned over and slipped my dick between her sweet lips sending my head spinning as her tongue danced over the very tip driving me into a lust state.

God her lips felt so good but that nagging feeling of betrayal still taunted me, and I finally found the strength to speak and whispered, "Meadow this isn't the way I wanted this to happen."

However, as I heard my wife moaning and saw her head bouncing on Kevin's cock. My cum raced up my shaft, and I groaned.

With what will I had left, I tried to ease Meadow upward. I really didn't want this to be a sexual group swap. But when I saw my son's legs buckle I paused giving Meadow a chance to crash down harder taking my entire girth down her throat, and she hummed.

"Fuck..." I croaked and felt my body shudder as my eyes snapped shut. My hands grasped at her head as she sucked me long and hard until I was once again ready to explode.

Panting and heaving my cock inside Meadow's hot mouth, I slowly opened my eyes and noticed my son easing himself downward with his mother still latched on to his dick. Never letting up she sucked and twisted her hand on his shaft until he laid flat on his back.

"Oh fuck I'm going to cum Mom." I heard Kevin grunt as his mother only increased her pace. His ass buck up off the floor while his hands held his mother's head tight to his cock.

With Kevin's dick boring deep inside her mouth, I could hear her gag as his cum released inside her mouth.

"OH Fuck Mom. Shit! OH OH AHHHH!!."

He wasn't the only one. I couldn't last myself. Meadow's mouth had worked its wonder and I hissed, "Fuck!! Meadow... Ohhh!!!"

Meadow drank down all my seed as my wife lifted her head up and wiped her lips.

As my body jolted from my orgasm, I saw Sam looking straight at me through lustful eyes and pleaded, "What are we doing Jarid?"

"Honey really, I don't know. I..." Was all I could say before Meadow quickly shot upward and said, "What you've wanted to do since Kevin left?"

"OH GOD!" Sam expressed as she staggered to her knees but fell down on her back.

Kevin wasted no time and dove between her legs, and she yelled, "Oh... wait! Kevin!"

Sam grabbed his hair as her legs snapped tightly to his head. I could see she was trying to remove his head but Meadow quickly left me and laid beside her.

She then whispered something to Sam to quiet for me to hear and heard her sigh, "Oh my God Meadow!"

Sam huffed loudly but as she did Meadow leaned over and kissed her.

Their kiss grew more passionate, and I noticed Sam's legs slowly parting open giving Kevin the room he needed to finally reach his goal.

Meadow's hands started to caress my wife breast while she still kissed her deeply, and it was apparent Kevin was licking her clit with all he had. All I could do was sit in awe as they both seduced my wife very methodically.

Meadow's hand now trailed down my wife's body and rubbed hard over her clit while my son buried his tongue inside her.

"Ahh... MMM... OHH!! Sam whimpered as her ass lightly lifted from the floor.

"That's it Sam. Cum for us!"

'OH fffuck Meadow this is so wrong!! But I'm so close..." Sam huffed as her body started to squirm from side to side grinding her pussy on Kevin's face while Meadow feverishly rubbed her clit.

"OH GOD! OH GOD!" Sam screamed as her ass bucked up off the floor.

But suddenly, Meadow stopped and straddled my wife's chest with her ass facing her and bent over and said, "Not yet. I want to taste you as you cum." Kevin backed away while Meadow spread Sam's legs wider and lowered her head down to her pussy.

I could hear Sam huff as Meadow licked her pussy, and then she screamed, 'OH. Ugh... Ugh... Ugh... Fuck I'm Cumming."

Sam thrashed around and panted profusely. However, Meadow never lifted her head. She just kept her mouth firmly planted on my wife's snatch and then watched as she shuffled her ass backwards until her pussy was hovering over my wife's face.

Sam lifted her head and in amazement I noticed as her tongue grazed over Meadow's pussy for the first time. I couldn't take it anymore and started to stroke on my cock and saw my son was doing the same

But this didn't happen for long because Meadow sat upward pushing her pussy onto my wife's mouth and ground herself on it while Kevin eased himself between Sam's legs.

"OH Yess... Sam you're such a good licker." Meadow said as Kevin rubbed his hard cock over his mother's slit.

I could hear Sam mumble under Meadow's pussy, while her body and legs bounced around.

But Meadow took hold of them and lifted them up high and said, "It's your son's turn to make you come.

With my heart pounding in my chest, I watched as my Son took hold of cock and nudged the very tip of his mushroom head into his mother's slit causing her to moan and squeal.

"OH fuck... She's making me cum doing that!" Meadow whimpered and quivered on my wife's face while Kevin teased her pussy lips. Pushing just the very tip and out of her.

Meadow eased herself up and got off Sam while Kevin quickly got on top of her.

Slowly, Meadow walked back over to me, and I could hear my wife cry, "Oh God... Kevin... Ahhh!!"

Meadow sat beside me, just as I saw Sam's legs wrap around her son as he eased himself partway inside her.

Slowly, he built his tempo, and she panted, "Oh god we shouldn't be doing this."

"I can't help it Mom. You feel so good." He groaned and pushed more of his cock into her. "Doesn't it feel good?" He said as he nudged himself forward.

"Oh... Yes... But we mustn't... Do... This... Oh Fuck Kevin, I'm cummmingggg! I'M CUMMING!! Ugh... Ugh... Ugh..."

I watched as Kevin pushed his entire cock inside and held it deep into his mother's womb while her body thrashed as she orgasmed.

I was in total bliss now. To see them fuck again put me into such a deep sexual trance, I wasn't ready for it when Meadow straddled my legs and quickly pushed my cock inside her pussy.

"Oh fuck Meadow!" I croaked as her pussy ground back and forth on me.

"We're going to fuck both of you like you've never been fucked before." I heard her say and watched as my son slowly started to fuck his mother as she panted under him.

I can't describe what her hot little pussy was doing to me, but it was much tighter than my wife's and when she said, "I always wanted a daddy, and now I get to fuck him." I almost lost it right then.

Meadow started to bounce on my cock, and I groaned as my seed bubbled to the tip.

I looked over and saw Sam clawing at Kevin's back as he pounded away at her and heard her whimper, "Yes Kevin. God yes. Fuck me... Oh fuck Mommy..."

That was it I was about to blow and said, "Meadow quick get off I'm going to cum."

But that only made her gyrated harder, and I groaned as my cum readied it release.

"That's it daddy. Cum inside me. Fill my pussy with your hot sperm."

"OH FUCKKKK!!" I croaked as I exploded.

Meadow kept her pussy tight to my cock, and I could feel her lips squeezing at my shaft. Milking my hot jisim out of mushroom head as it spurted several times inside her.

As I rested my head back on the sofa in exhaustion, Meadow leaned over and kissed me hard. I wrapped my arms around her and kissed her back and as our tongues dance together I could hear my wife scream she was cumming again.

Meadow eased her sweet pussy off my spent dick and turned herself around. With her legs spread over mine, she rested her back on my chest while rubbing my limp pecker against her snatch and said, "You think she saw us fuck?"

"Huh?" I replied as I watched Kevin put his mother's legs over his shoulder, and with long hard thrust noticed how she was totally at his mercy.

"I told her I was going to fuck you."

"What! When?" I said as Kevin grunted and plowed away.

"Before... I whispered it to her. You should have seen her eyes when I did. But then I told her I was going to eat her first."

I felt my cock stiffing and Meadow commented, "Oh you're almost ready to go again aren't you?"

I was amazed myself. But before I could comment I heard Sam yell, "OH you're so deep! You're going to make me cum again!"

Kevin grunted as he jack hammered into his mother and replied, "You love it don't you Mom. Having your son fuck you!"

"MMM... Yess God yess. Make me cum honey."

"You really didn't want to stop did you?"

"NNN... Kevin... please. Ugh... "

"Say it Mom. Tell me the truth. You've wanted to fuck me again didn't you?"

"Ugh... OH... Fuck... I did! God help me I did! I wanted to feel your cock back in my pussy!"

I was hard now and just as my wife came once more I felt Meadow slip my stiff cock back inside her snatch.

"OH God." I groaned as Kevin repositioned his mother onto her knees facing us.

I looked at my wife's flush face as Meadow bounced on my cock.

Kevin pulled her hair back lifting her head and when her eyes shot open said, "Look... Dad is having fun also. You shouldn't feel guilty about what we're doing."

"OH MY GOD!" I heard Sam yell just as Kevin plowed into her doggy style.

Meadow rode me to another wonderful orgasm as Kevin grasped my mother's hips.

I watched as her head fell to the floor while her ass stayed high and pushed back meeting her son's every thrust. Groaning and whining my wife clutched at the carpet until finally Kevin grunted loudly, "I'm going to cum Mom!"

I heard Sam yell, "Wait Kevin!"

But with a mighty heave I watched as my son unloaded his sperm deep inside his mother's womb.

"Fuck! OH FUCK!" He groaned as he pumped and pushed his cock inside his mother.

Totally exhausted I was barely able to move and just admired my darkest fantasy come to life while Meadow dashed to Sam's side.

Sam lay motionless as Kevin removed his spent cock from her womb, and I watched as Meadow helping her to her feet. She then wrapped her arms around Sam's waist and kissed her passionate.

I could tell my wife was as exhausted as I was, by the way, she held onto Meadow's body while they kissed.

Meadow was the first to break their kiss, and as she brushed my wife's hair tenderly from her face, she softly said, "See we both got what we really wanted."

Sam gave a light nod with a half-smile and, I struggled to my feet before walking up to my wife and said, "I love you honey."

Sam took my hand, and she fell on my chest with a sigh.

We just stood there in a loving embrace as Kevin and Meadow vanished up the stairs.

Softly, I lovingly said, "Let's go to bed."

Sam just nodded in my chest, and we slowly staggered our way to our room.

I don't think I've ever slept so hard in my life and had to wonder what repercussions tomorrow would bring when Sam sobered up.

But as I awoke the next morning I felt a warm mouth wrapped around my already stiff cock and looked down to see Meadow bobbing on my wood.

I quickly glanced over and saw Sam with her legs spread wide as Kevin once again was plowing into her.

"Mmmm oh God Kevin. OH Fuck your cock feels so good." I heard Sam express as her legs wrapped around his body while she grabbed his ass.

"I never want to stop fucking you Mom!" I heard him grunt as he hammered away.

"Jesus..." I said as Meadow bobbed faster on me.

Sam heard me and turned her head and said, "I'm so sorry honey... But I can't help it."

"Nnn... OH... Fuck... It's fine honey." I croaked as Meadow straddled over my body and pushed my cock inside her pussy.

"God..." I hissed as she gyrated on my dick and then said, "I hoped you would fuck him again."

Then as Meadow started to bounce on my tool, she said, "I hope you don't mind me fucking your husband."

"Mmmm... Oh... God... Ugh. No... Ahh... Keep. Fffucking... Him... OH!!" Sam replied as Kevin built up his tempo.

Both of us were panting, and it wasn't long before I heard Kevin say, "I'm close Mom."

This time as Kevin pushed hard she clawed at his back while spreading her legs wide and yelled, "Cum in me. I want to feel you're cum!"

Well, that was it for me, and I exploded just as Kevin released his own hot sperm.

Meadow felt my cock discharge its hot juices and hissed, "Yes... That's it daddy fill your daughter up." And ground herself on my cock until she climaxed on top of me.

We all lay in each other's arms for about a half-hour and, then I heard Sam say, "I'm going to take a shower."

"Mind if I join you Mom?" I heard Kevin say.

"No, you can." Sam replied back, and I watched as they both went into the bathroom.

They never bothered to close the door and just as the water started to fall the phone rang, and I answered it.

It was my mother on the end and I quickly stood up before saying, "Hi Mom. Is everything okay?"

"Yes everything is fine. How are you getting along?" I heard her reply and felt Meadow leaning over my shoulder while her hand gently stroked on my cock.

I tried to push her hand away as I said, "Nnnoo... Everything is fine here."

"That's good." Mom said just as Meadow went to her knees and sucked on my cock.

"Oh!! gnnn..." I groaned into the phone.

"You sure everything is okay?"

"Yyyesss... It's all good..." I croaked as Meadow sucked harder on my once again throbbing dick.

"Okay..." Mom replied and followed with, "So the reason I was calling was to ask if Sam ever changed her mind about Kevin."

I looked into the bathroom and noticed Sam with her arms braced tightly to the shower wall while Kevin was behind her ramming his cock deep inside her once more and huffed, "You can say she has."

"Well that's good news then."

"Yeah! It sure issss..." I huffed and took hold of Meadow's head as she sucked harder.

"The other reason I called was to see if I can come for a visit. Kevin's home now isn't he?"

"Yeah... Oh... He... Is..." I barely said and then heard Sam wailing in the shower and looked to see Kevin pulling her hair back while lifting one of her legs up, so he could go deeper.

"Listen mom you're more than welcome to cummm... OH Shit! Whenever you want. But I need to take care of something, so I'll call you right back, and we can make arrangements to get you here."

"Okay honey. I love you." Mom said just as I felt the onset of my orgasm.

"Bye MOM!!" I shouted and hung up the phone letting it drop to the floor just as my climax hit.

With both my hands, I held Meadow tightly and heaved my cock down her throat while listening to my wife scream in ecstasy.

Drained I crashed onto the bed as Meadow lay beside me and teased, "So your Mom is coming to visit also?"

I just huffed and gave a nod as I tried to catch my breath.

With a light chuckle, I heard Meadow say, "Well this will be interesting."
