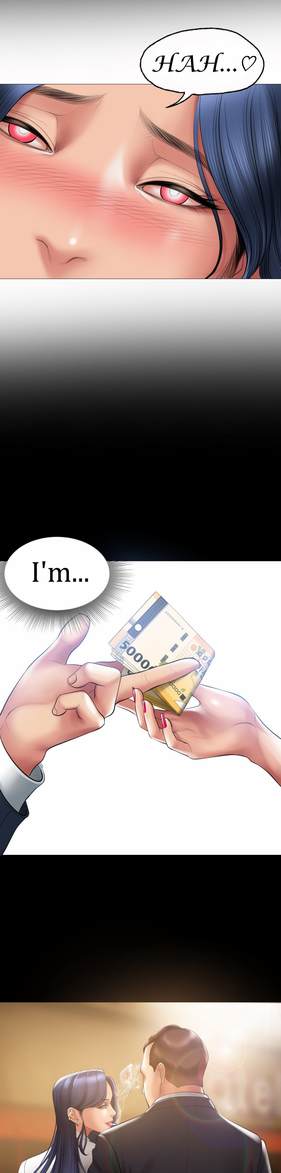
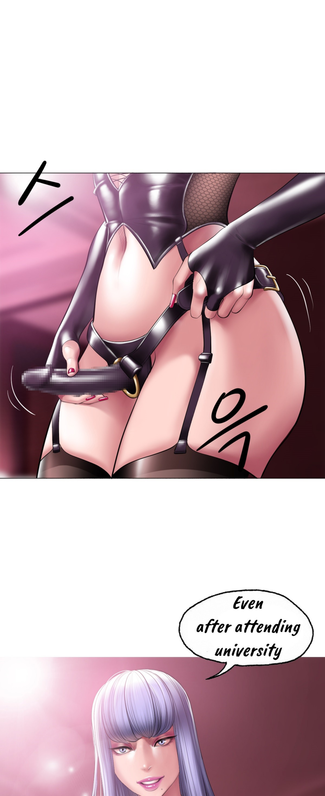
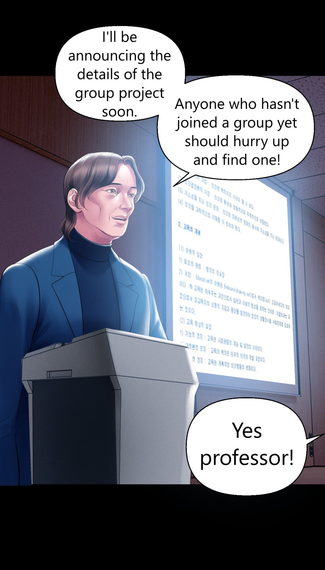
You took the greatest pleasure in deceiving others.

Hiding your true self.





Even after attending university
you kept up that good girl facade.



Okay, that's it for today's class.
I'll be announcing the details of the group project soon.
Anyone who hasn't joined a group yet should hurry up and find one!
Yes professor!

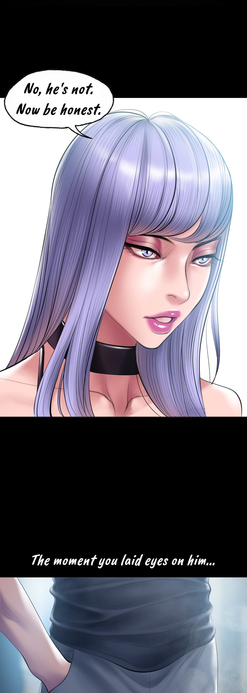
What a nasty guy...
So disgusting...



The moment you laid eyes on him...

...you were deeply captivated by his charm.

You were embarrassed at how horny he made you.

So you acted angry to try and hide your lust.
