I guess due to repeated use, my skill level improved... Cause a few days ago I suddenly heard a voice inside my head telling me that I reached **Button Skill Mastery Two**. And all unwanted button usage would go unnoticed by the general public!

Which means... no more button usage in secret! I can do as I please, wherever I please!

To test out that theory I'm treating myself to something special today! I'm attending a **cosplay convention**! And obviously, there are a lot of cute girls in sexy outfits...

Lots and lots of buttons out in the open ready for the pressing!

And we all know what lots of girls in sexy costumes entail for a guy with my... affliction.

Hi, there!
What do you
think of my
costume?

Hi, there!
What do you
think of my
boobs?

Obviously, not all buttons lead to a direct benefit for myself...

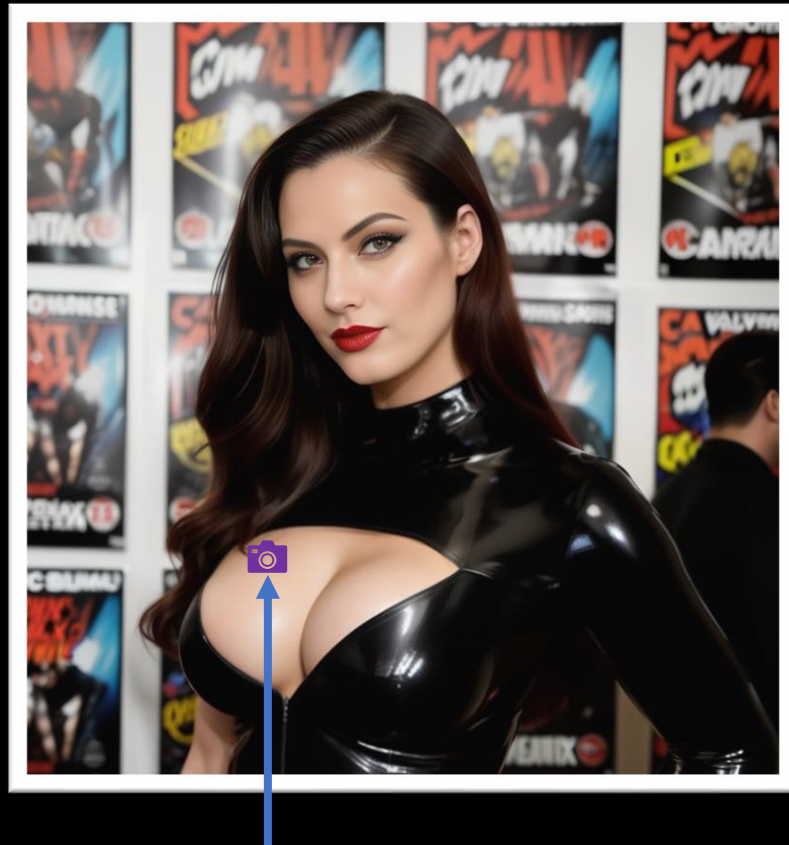

But it still is a lot of fun to press them from time to time. *chuckle*

Makes for a great show for myself and bystanders.

Of course, not all girls are wearing costumes that revealing... so some buttons are sadly barred from my view.

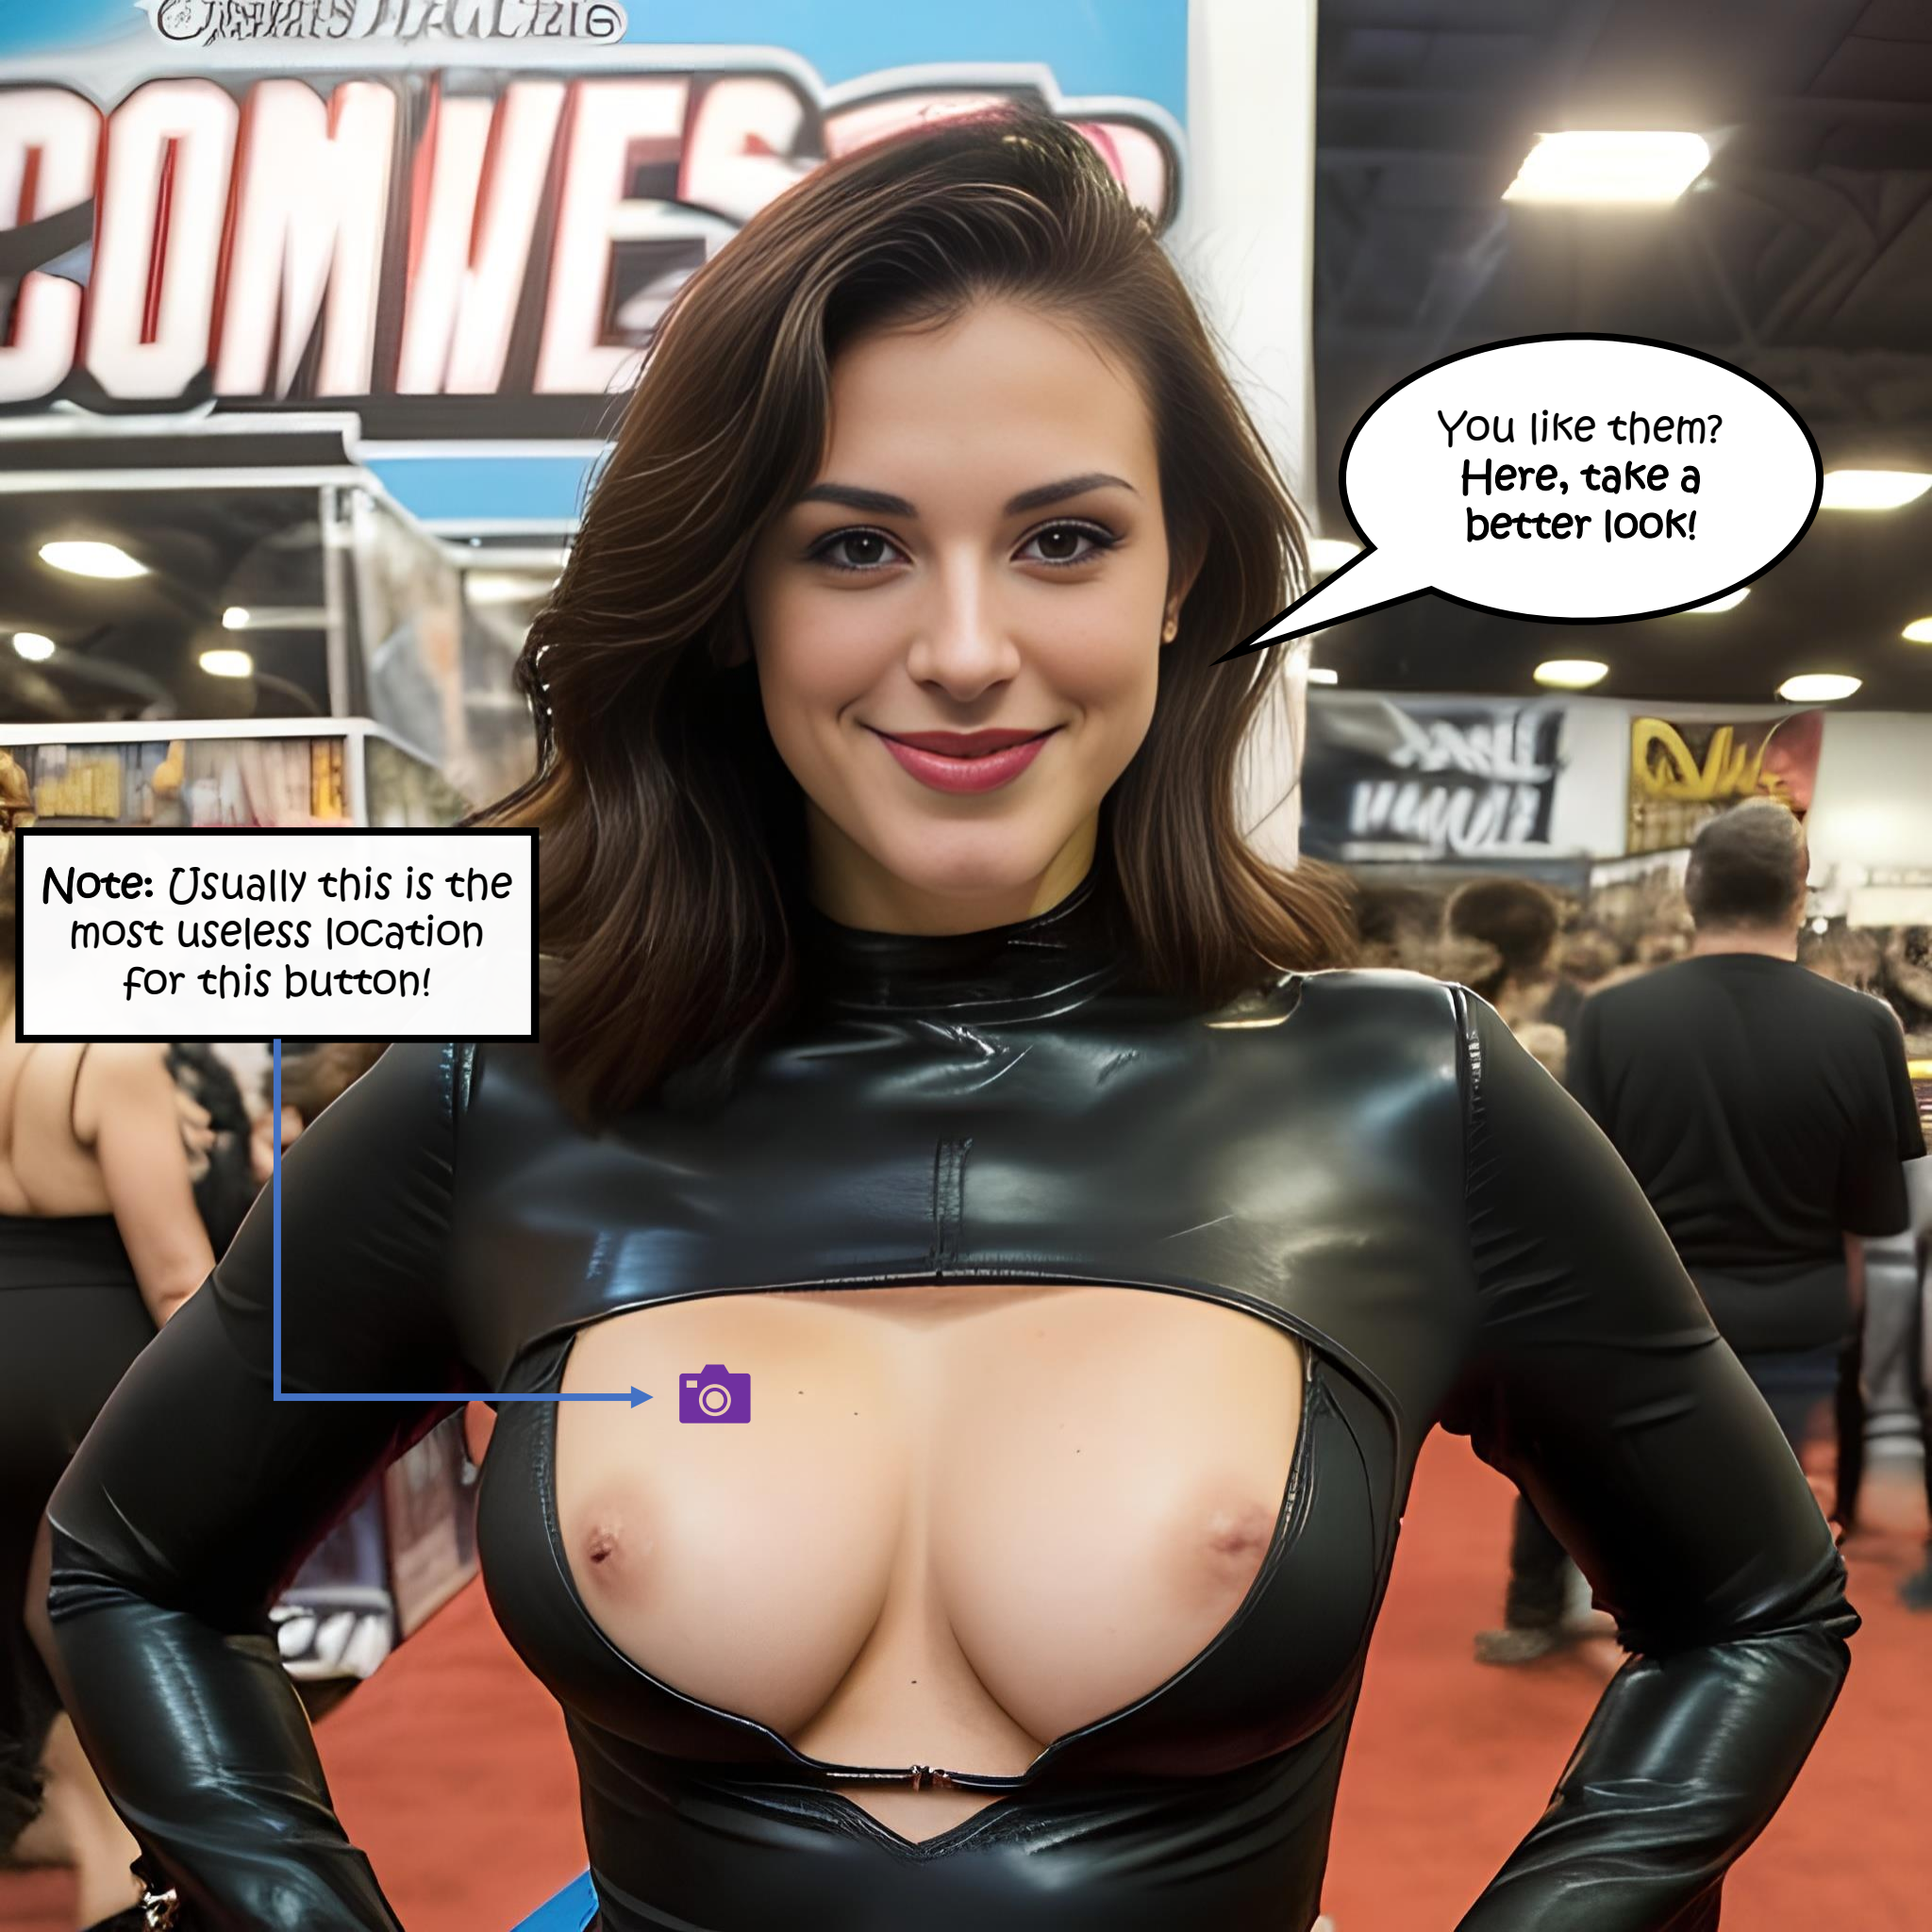

But seeing as this is a convention... there are a lot of fish in the barrel!

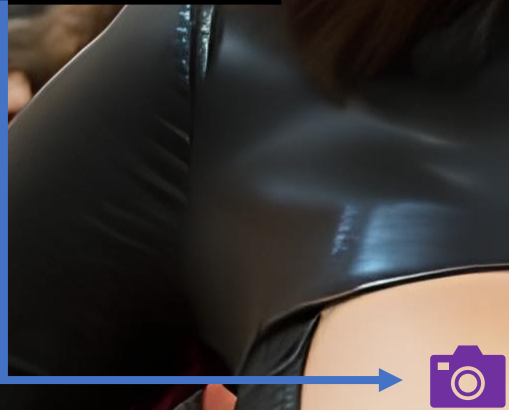

Hey!
Where the fuck
do you think you
are touching!

You like them?
Here, take a
better look!

Note: Usually this is the
most useless location
for this button!

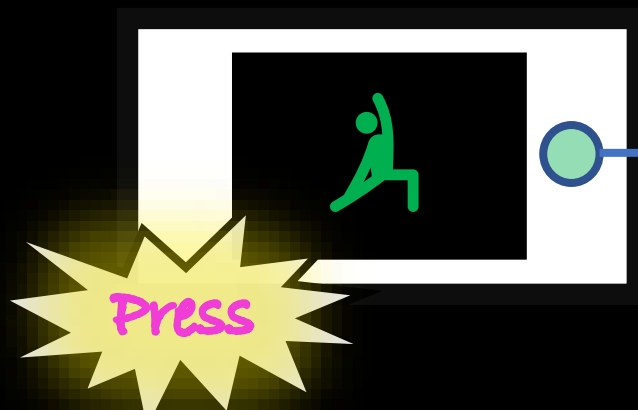

After having dozen of girls flash their tits at me I finally found a different kind of button I had not seen before...

It was attached to this fit blonde chick wearing some sci-fi agent costume I did not know.

Curiously, I got closer to the woman...

Press

Forgetting to complain about my touching the woman calls out to the people around to join her in some workout routine.

Alright!
Listen up ladies!
Time for a workout
with the blue
lightning!!

And she started dancing...

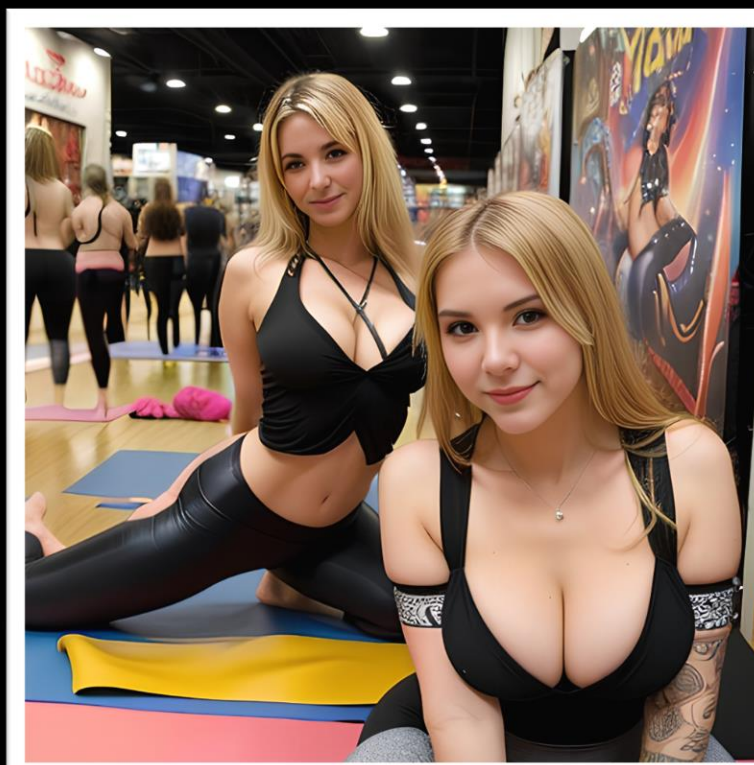

In quite a sexy manner!

I really enjoyed watching.

The funniest thing was that there were actually a few girls joining in following her workout instructions.

It was a sight to behold!

As the "Blue Lightning" continued her yoga dance – nice ass by the way! - I spot a cute blonde in the audience. She's dressed in a skimpy elf outfit! And some of my favorite buttons are on display.

I walk over to her and address her with my best role play I can muster ...

My lady, it's an honor to meet you, queen of the elves.

giggle

She thinks my approach is cute as I take her hand and put a kiss on it – pushing down the button there with my lips in the process.

Kiss

Staying in her role of the elven princess the girl reveals her breasts to me.

Oh, my.
I think I should
reward my loyal
subject with a
little peek.

I was thinking of a different kind of reward, my queen.

Of course, that outer buttons has not escaped my eyes.

With the press of the button I have learned to appreciate most, the girl drops to the floor – onto her knees.

You are correct, Sir. Your services for the crown are unrivaled and you deserve so much more.

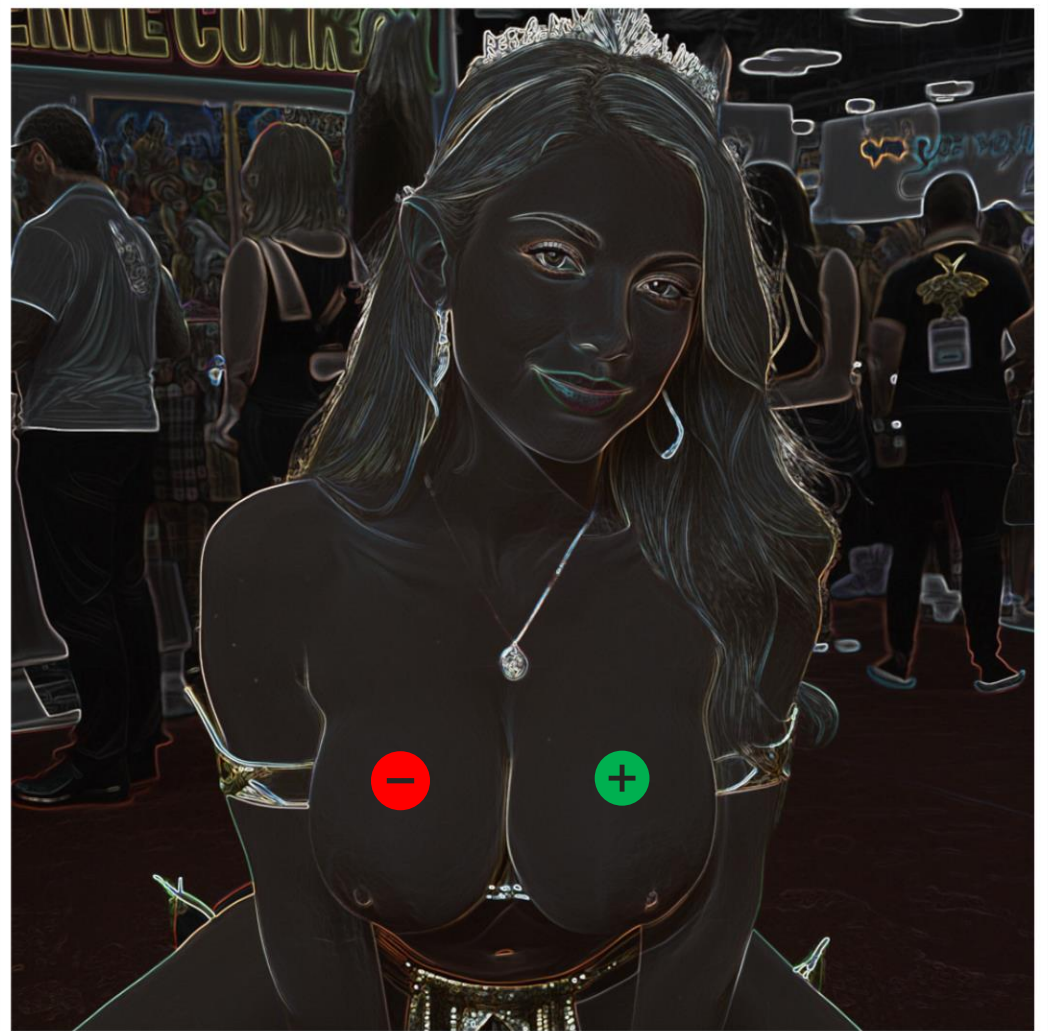

Suddenly I feel a little dizzy.

Am I seeing things? Are those...
buttons?

I hold out my hand, but my eyes go
black for a moment... Did I press one?

The headache is gone as fast as it came and before I can think too much about it, the girl has fished out my cock from under my pants and starts to blow me.

Let me repay your heroic deeds for your country with this royal fellatio.

She's diligent, and with that cute face and those gigantic ~~boobs~~ ears!, she has me going on no time!

You are getting close sir? Please, cover your queen in your cum.

White truly is my color.

Wow!
You came
so much!

A load
worthy of the
elven realm's
hero!

I say goodbye to the
cosplay girl and move on...
I could have sworn her tits
were bigger just a moment
ago... I must be imagining
things...

See ya around.
Enjoy the
convention!

The elf girl soon vanishes from my memory as I spot more and more girls worthy of my attention... like this one... I have no idea why she's dressed up as a bee...

Here, have a look. I'll bee around her for some time.

Then maybe I'll get back to you.
chuckle

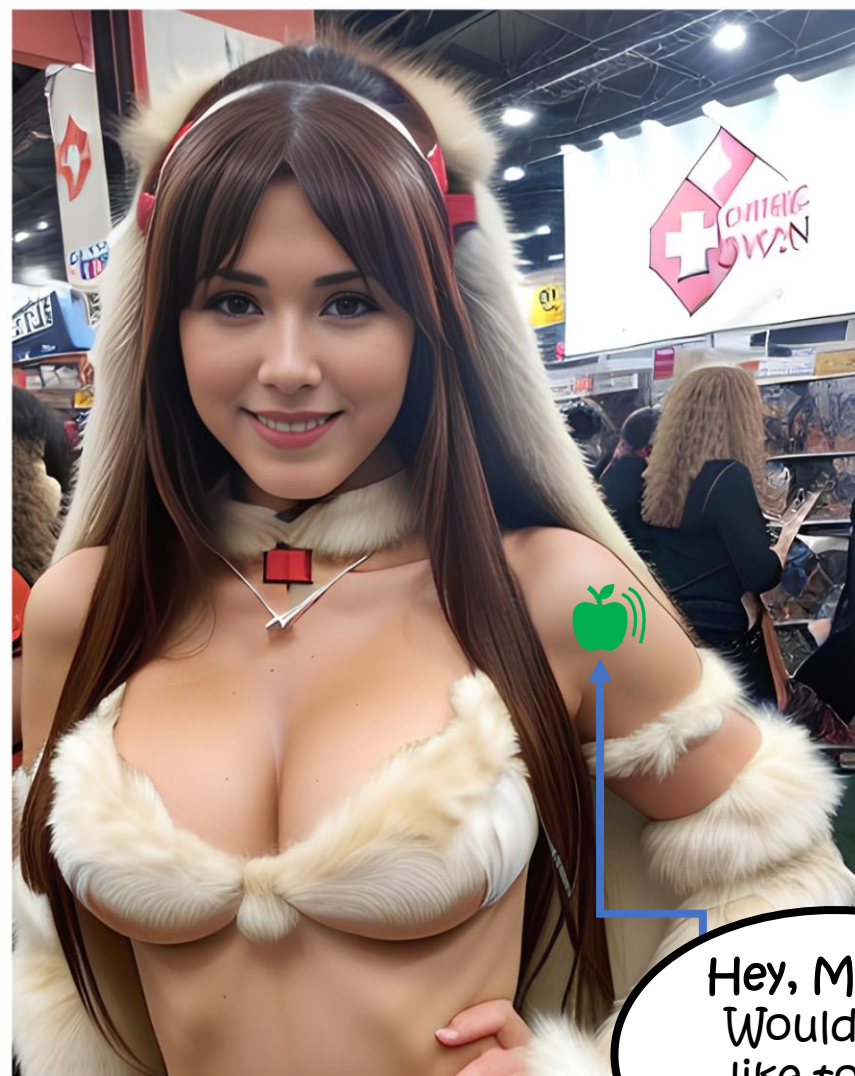

But dang, girl! How did those knockers fit into that costume?!

Then there is this one,
dressed up as a Cave
girl? Or is it an Ewok?

I brush past her, almost accidentally pressing against her shoulder activating this little button.

Hey, Mister!
Would you
like to see
me twerk?

Press

The reaction is instant as she turns
around asking...

And who am I to turn down such a cute cavewoman's request? So, I watch those bubbles bounce.

Until I'm ready for more.

What little clothes she
has on she soon strips
off - giving me a great
view of her body - and...
revealing another button!
Nice, with this one I've
struck gold!

Press

Oh, god!
Please Mister!
I'm so horny!

rub
rub

Please, Mister!
Be my Alpha and
give this horny
cave girl a good
pounding.

Once that button is pressed you better go through with it. So, after inserting my dick into that tight but wet pussy we start fucking right there.

The people around us ignore us – in accordance with button skill mastery Two. Nice!

When I'm done with the
cavegirl we are both
sweaty and covered in
each other juices. But
very happy.

Thanks for the
fuck, Mister!
I really needed
it bad!

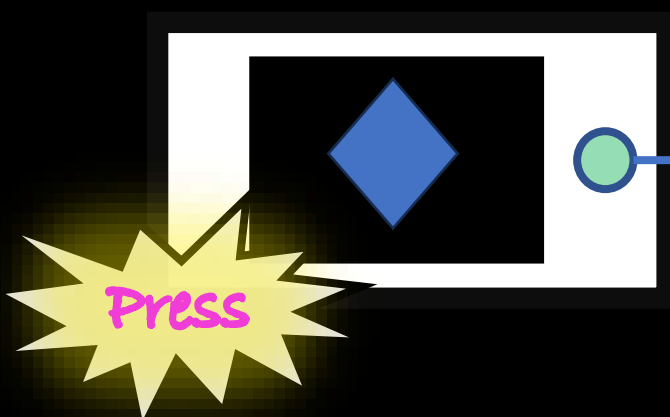

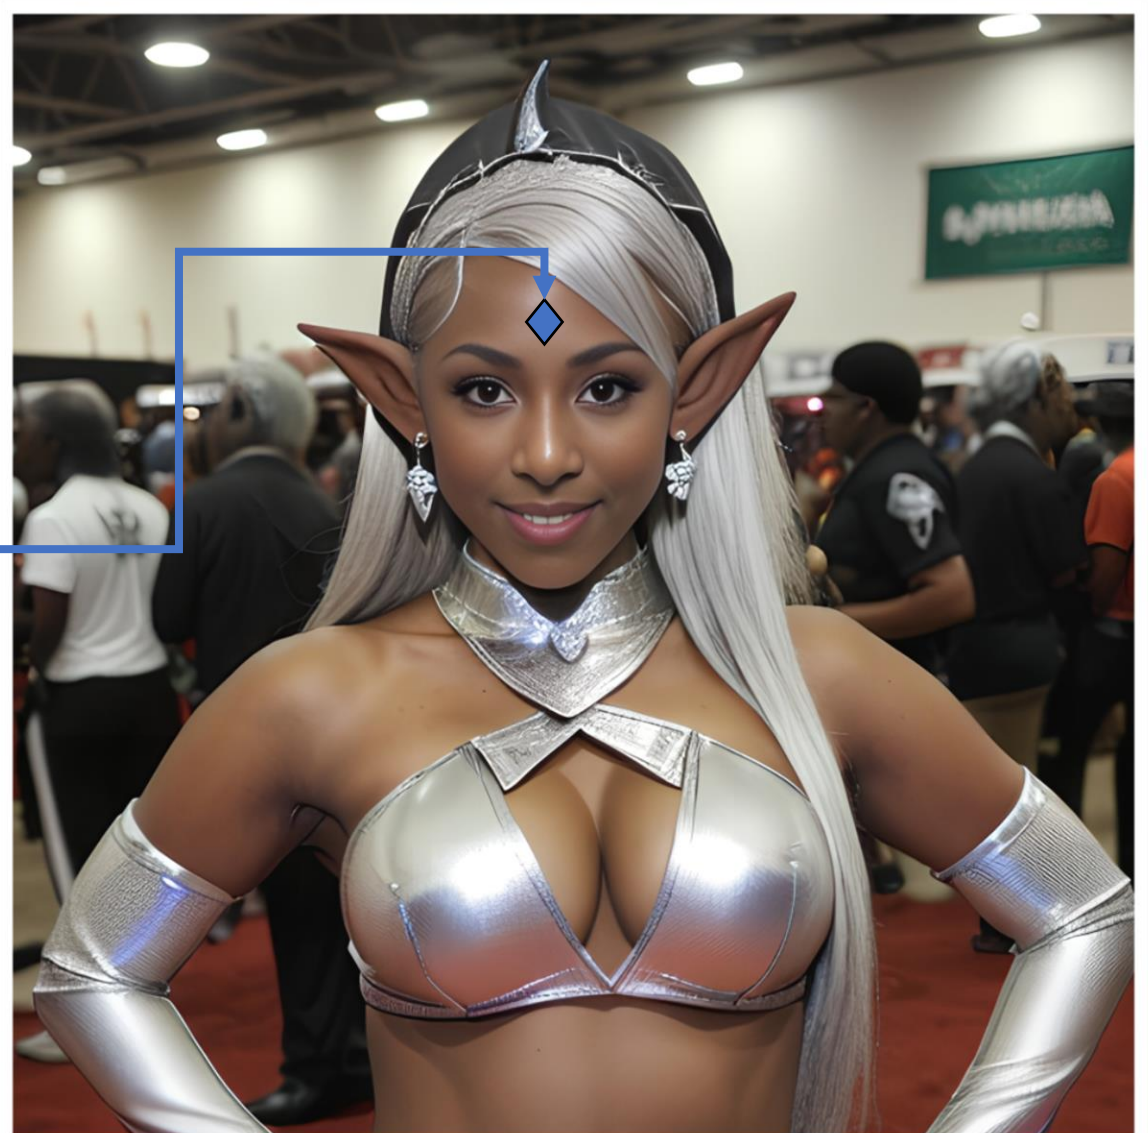

Button Mastery Level Two definitely works!
This test was a huge success... But there are
more sexy girls out here to play with!

Like this cute one dressed as a dark elf warrior!

I could not let this button go past me. When I see one of those, I just have to press them! It's just too much fun!

I don't say a word. I just approach her and poke her forehead before taking two steps back again.

The dark elf girl was talking to some of her friends at that moment...

But soon her thoughts are not in
the conversation any longer...

That feeling between her legs gets stronger and stronger...

HOE-IA

Moan

Until the girl reaches her climax.
Screaming in ecstasy on the top of
her lungs.

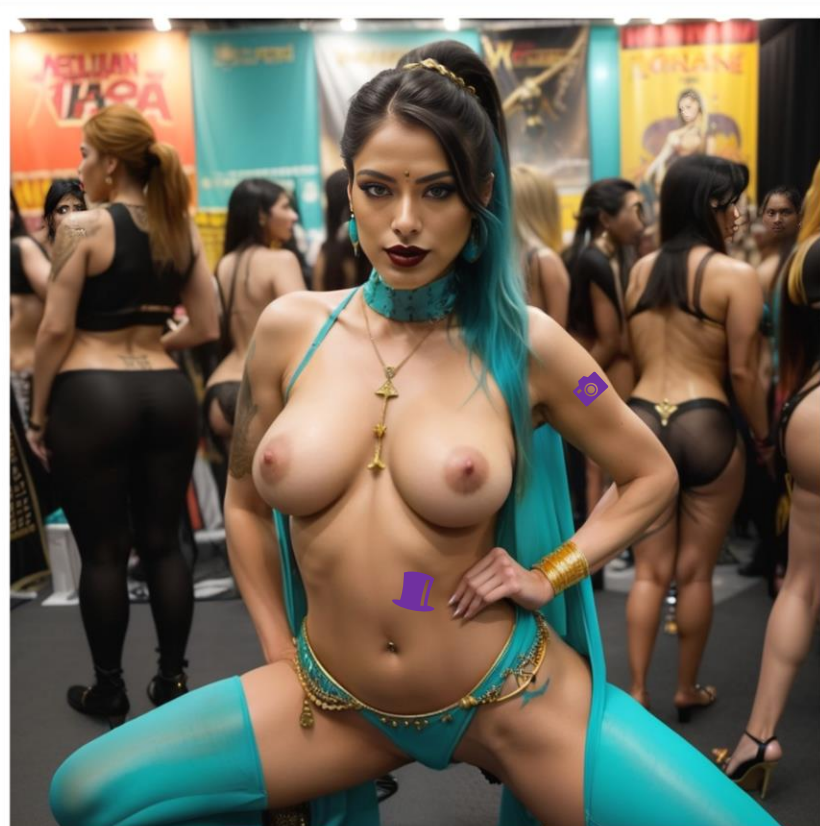

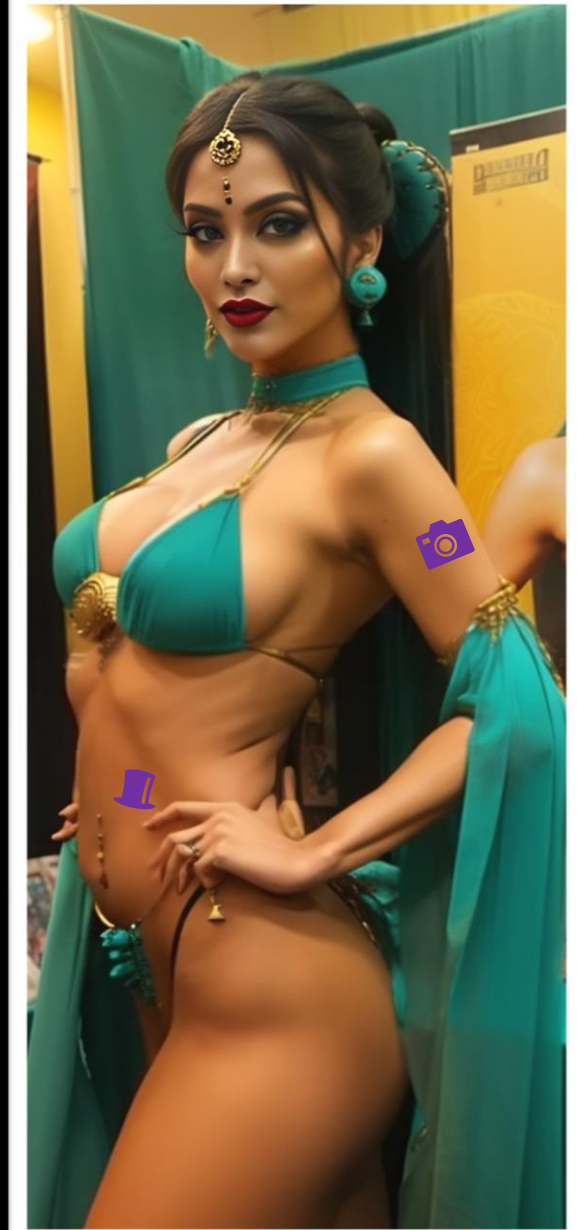

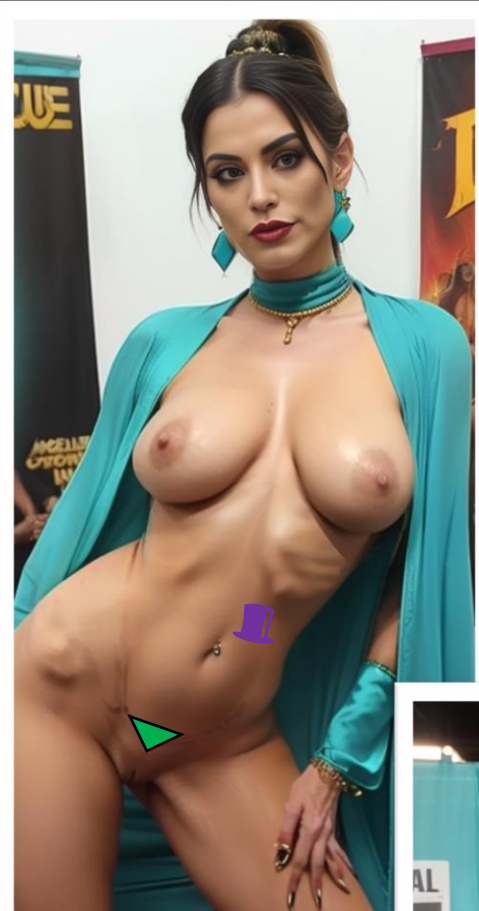

moan

I really love that button. *chuckle*

Of course, there were more girls. The convention was huge after all.

But cave girl left me pretty spent and I did not go through with them...

I was almost about to call it a day...

When my eyes fell
upon this beauty.

It was her smile
that captured me.

She was dressing up as some sci-fi chick.

Oh, hello!
Are you also a fan
of the golden
galaxy adventurers?

Her costume did not
leave much skin open
for buttons.

But luckily, on her
hand, I spot the strip
command button.

I chuckled as I shook her hand in
greeting, thinking that this chick
would really be in for it if anybody
could activate those buttons.

Press

Something felt strange when I pressed that button. I could have sworn those posters looked differently just a second ago...

Whatever. My focus was needed elsewhere...

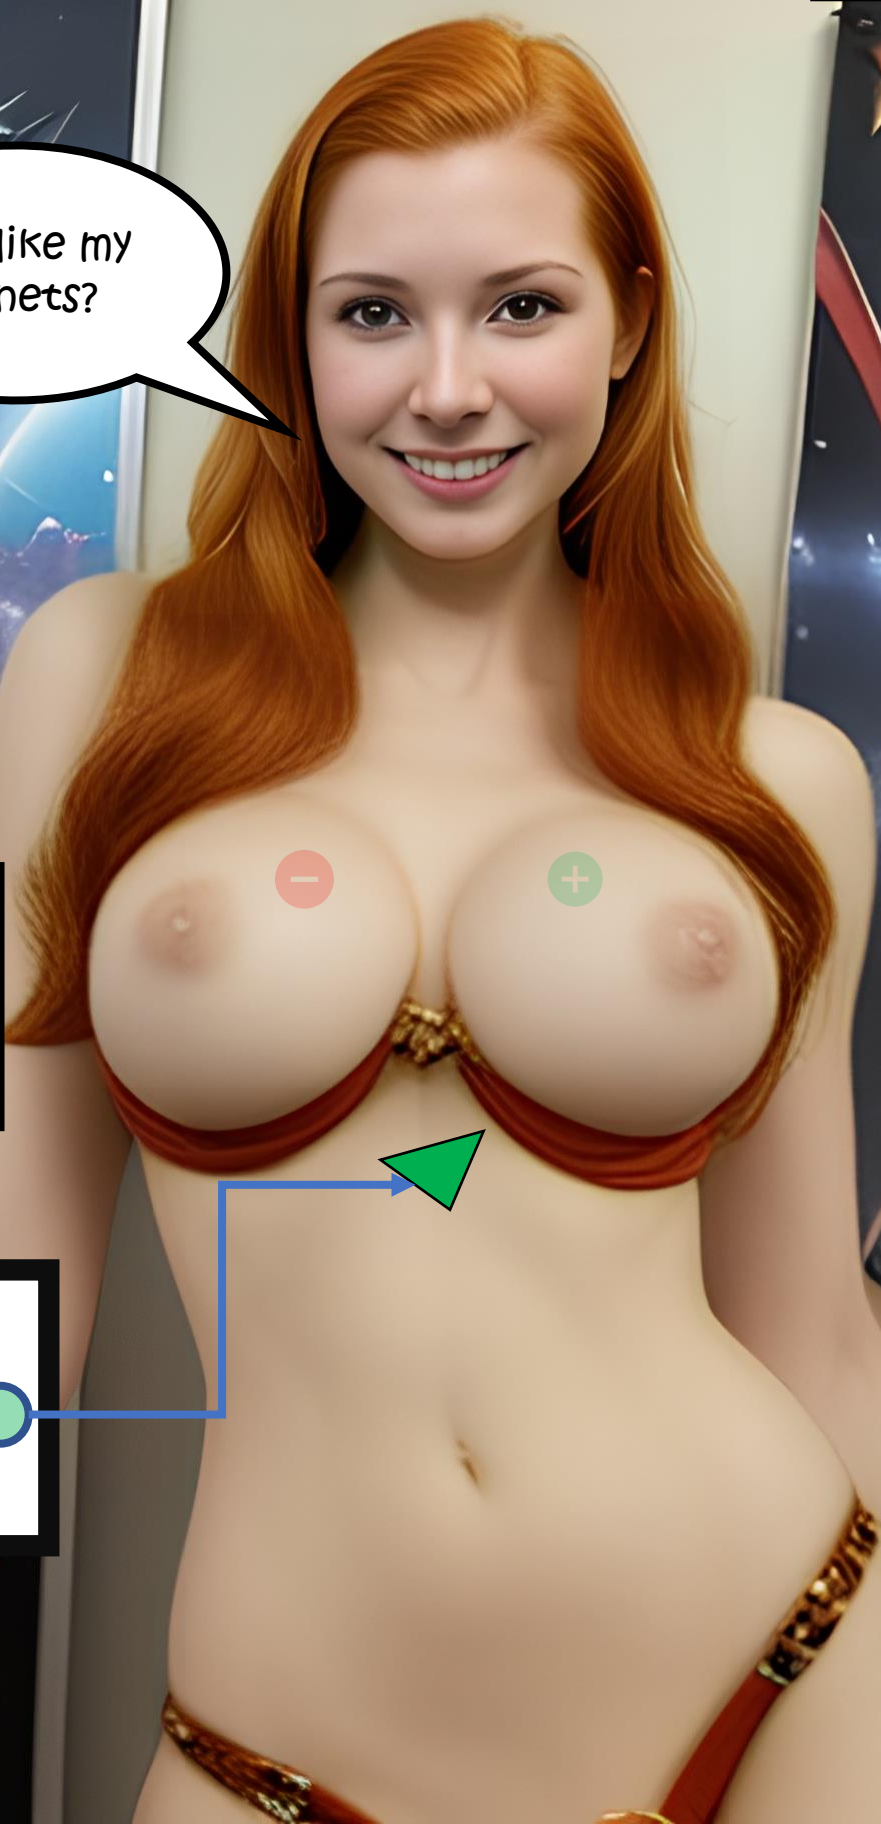

You like my planets?

Namely on those beautiful round globes presented to me.

Obviously, I did like the girl's planets! And I was ready to rock her black hole!

And with the press of a button,
she wanted more as well!

Space can
be such a
lonely place!

Please give
it to me,
mister!

fap

Fucking her felt amazing
but my headache was
back...

I could have sworn I saw
traces of buttons again a
second ago... but they
are gone again...

And then suddenly right
before my eyes, I see the
outline of another
button forming right
there on her inner thigh.

Press

I quickly press it before it can disappear again.

And I black out for a moment...

When I come back to, I'm still fucking the
redhead... so it could only have been a
second...

fap
fap
fap

Wait a second! She looks
completely different!

What is going on?
Irritated I stop pumping
and the girl takes that as
a hint to stand up...

Let me help
you out
there.

She looks hot!
But that's definitely
not the cute girl I was
fucking just a moment
ago!!

She drops to her knees looking up to me adoringly.

I love your
cock, Mister.

Before putting my sticky
cock in her mouth – starting
to enthusiastically blow me.

I was so confused!

But also horny as hell... and her skillset was undeniable... I soon shot my third load of the day all over her pretty face.

I took a deep breath and
closed my eyes Trying to
gather my thoughts.

Thanks!
I'll arry this
memory with
me on ym next
space quest.
giggle

As I opened my eyes again,
everything was back to normal. The
girl looked like she used to...

She was dressed again in her golden
space suit... cum dripping off her
face...

I know what I saw! Something is
Is... definitely... going on.... **Urgh!!**

Mister?!
Are you okay
Mister?

I black out while standing. Falling to
the ground. The last thing I see is
that beautiful cum-stained face...

A few days later...
(so, I was told)...

I slowly come to me. I'm lying in a bed... In front of me is... a nurse? From the corner of my eye, I see something blinking? The nurse does not seem to notice it...

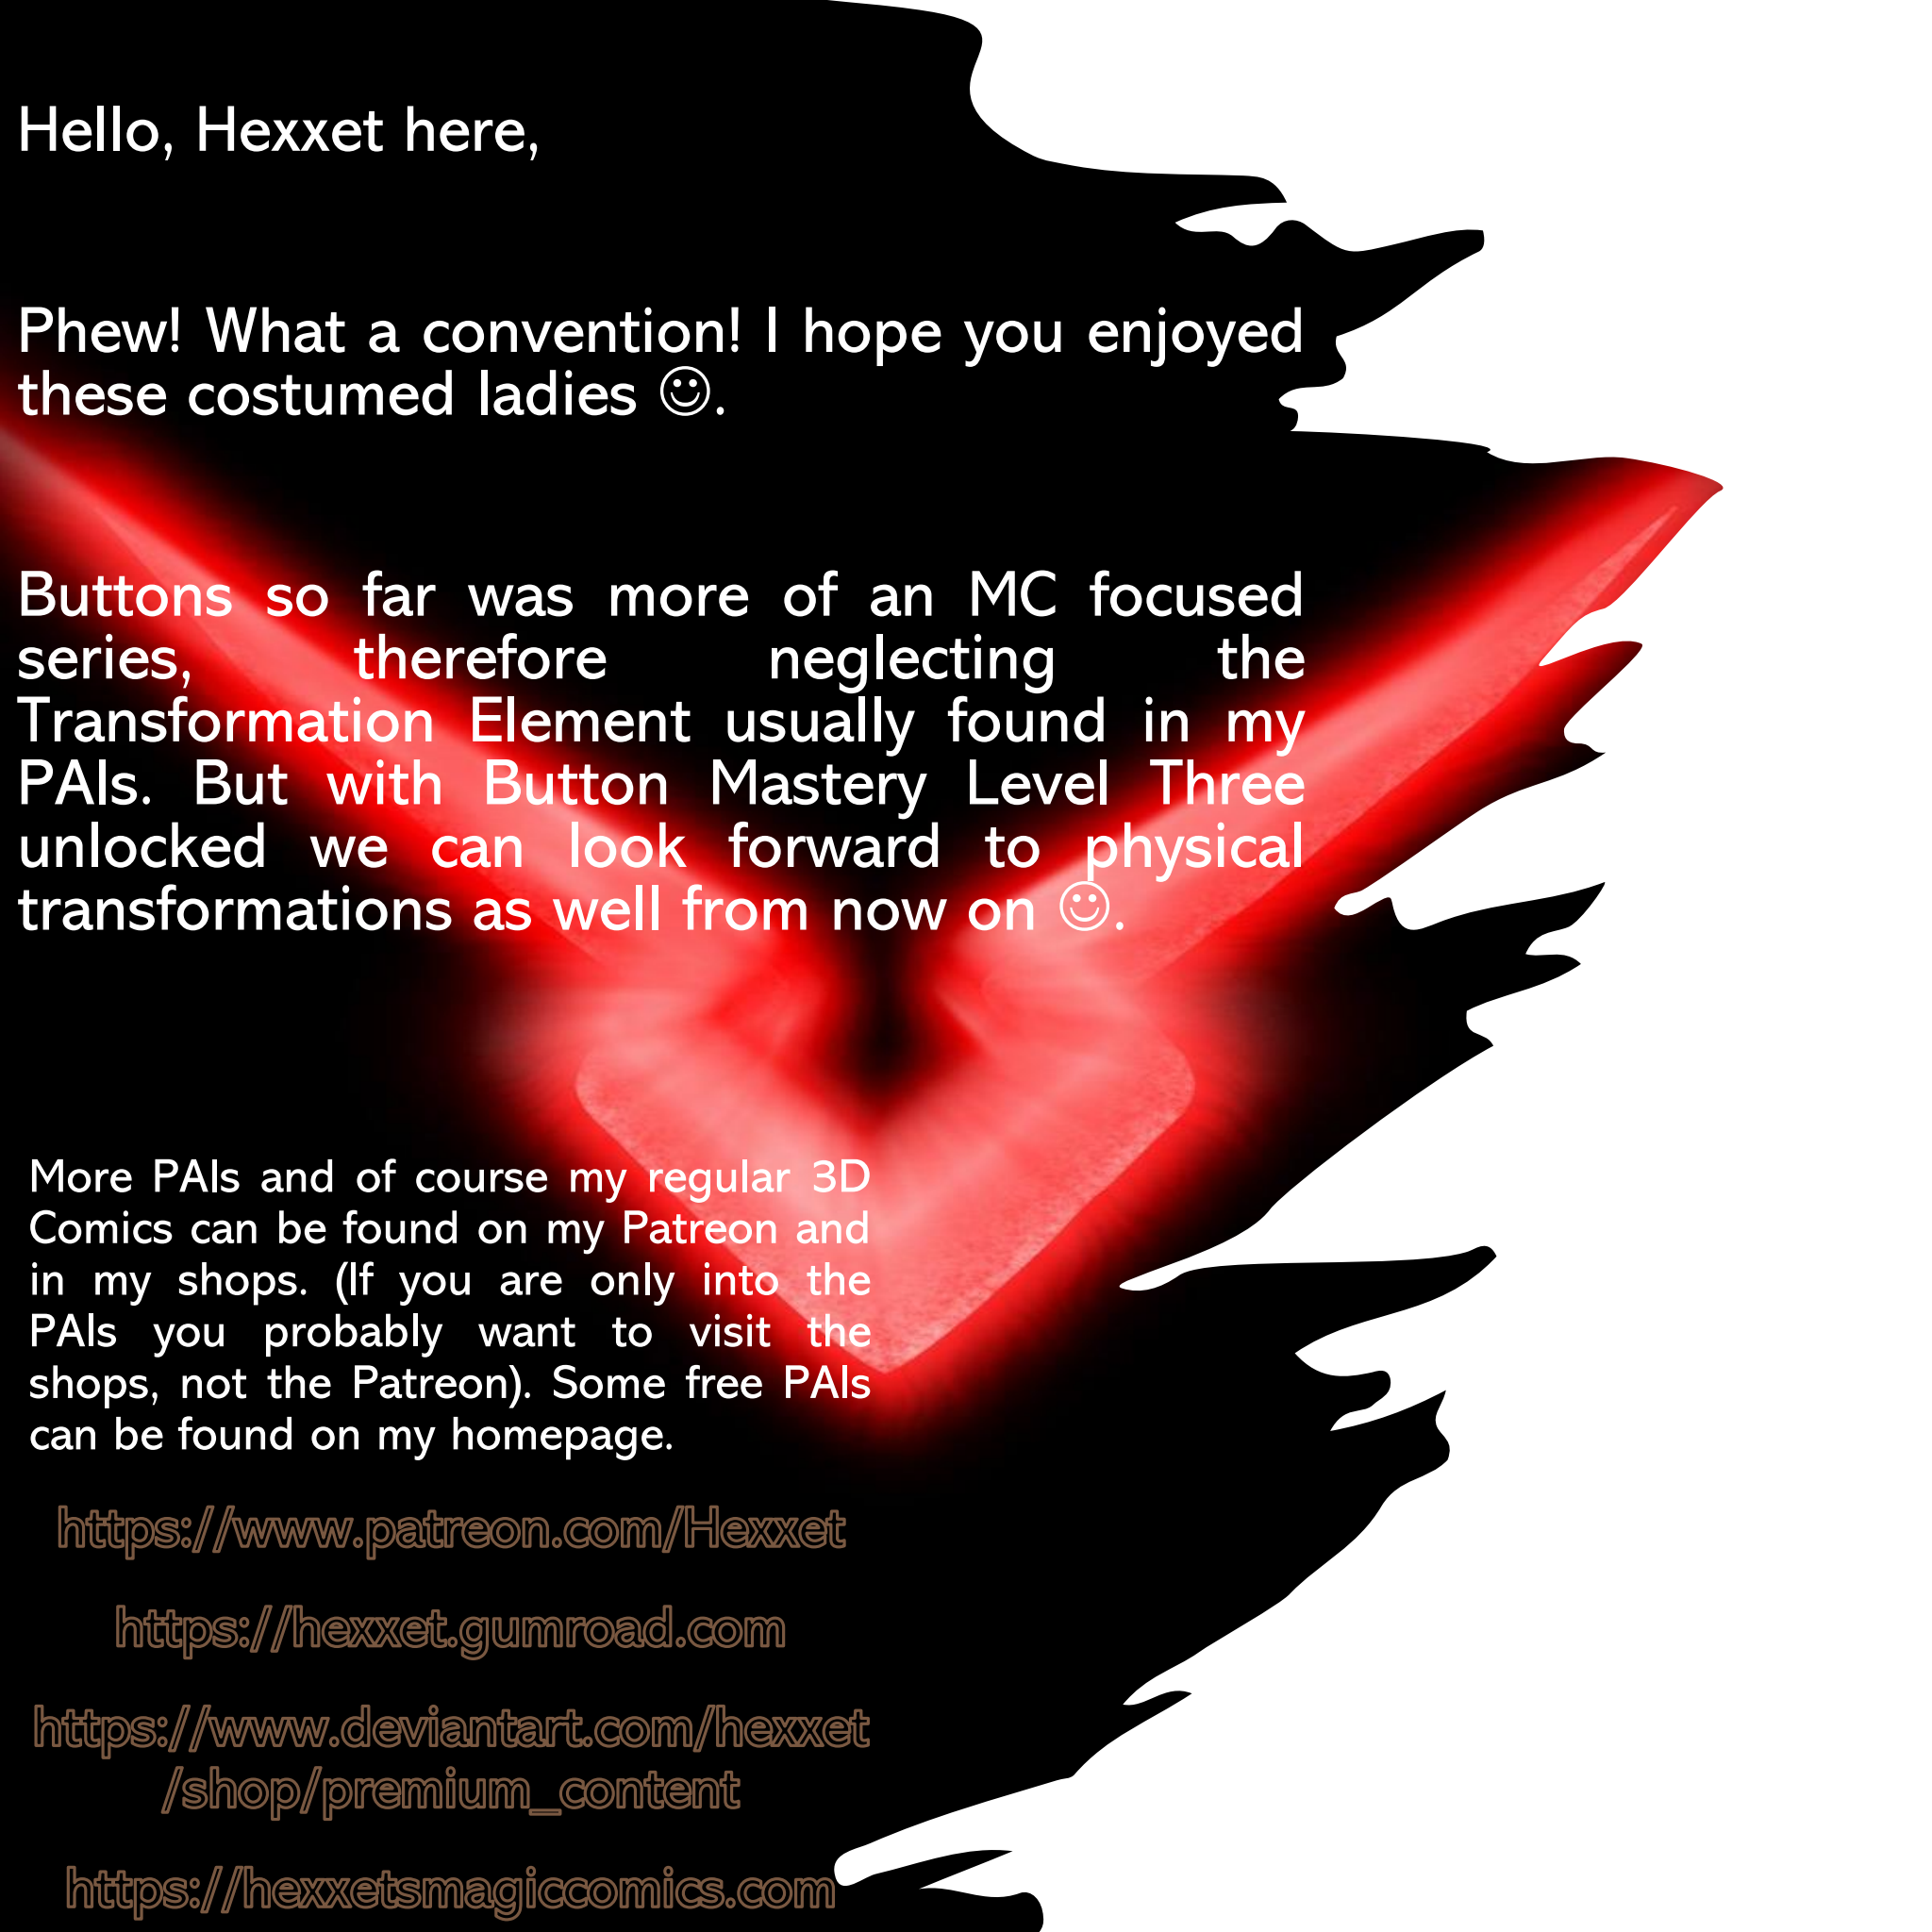

Oh, Mister?!
You are
awake?

You are at
the Memorial
Hospital.

How are
you feeling?

Congratulations!

You have unlocked Button
Skill Mastery Three! Physical
alteration buttons unlocked!

Hello, Hexxet here,

Phew! What a convention! I hope you enjoyed these costumed ladies 😊.

Buttons so far was more of an MC focused series, therefore neglecting the Transformation Element usually found in my PAIs. But with Button Mastery Level Three unlocked we can look forward to physical transformations as well from now on 😊.

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops. (If you are only into the PAIs you probably want to visit the shops, not the Patreon). Some free PAIs can be found on my homepage.
