I saw this lovely lady taking a dip in the pool and something just caught my eye the moment I saw her.

Previously I would not have dared approach her...

Thank you very much for your service. We have learned very much from examining your form.

During our examination, we have also enhanced your being. Making you see the hidden mechanics of your species.

We hope this will make up for your trouble.
Goodbye.

but ever since that fateful night... Of course, at first, I thought it was a bad dream...

Excuse me,
Miss.

I think you've got
a Critter on your
shoulder. If you
turn around I'll
flick it way.

Yes?

Eww!
Yes, please.

But ever since I've started seeing buttons appear on people's skin... I just knew it had all happened for real!

You see it?

Press

Yes, Miss, just one second. I've got it.

I've pressed a lot of buttons these past months and I know what most of them do by now.

They always work like a charm. The only difficulty is finding them on a person.

But ladies in bikinis make for excellent targets.

A woman with long dark hair, wearing a blue and white striped bikini, is posing by a swimming pool. She is smiling and has her right arm raised behind her head. The background shows a pool deck with lounge chairs and a hazy landscape. Five comic-style speech bubbles are overlaid on the image, containing text that suggests a flirtatious conversation.

It's gone,
Miss.

Thank you
so much!

Say, could
you help me
with one
other thing?

You see, I'm
quite horny
and I could
really use a
hard fuck.

But of course!
Who am I to
turn down a
lady in need.
smirk

A woman with long brown hair is lying on her back on a white tiled pool deck. She is smiling and looking at the camera. Her skin is wet and glistening. She is unclothed. In the background, a swimming pool is visible. There are two speech bubbles on the left and a text box on the right. The word 'insert' is written in pink near her groin.

Please stick
your dick in my
tight pussy and
pump away.

I'm already
dripping wet
down there.

Once a button is pressed you
should go through with its
scrip, as I call it. The ladies
get really heartbroken if you
turn them down in that state.

insert

Oh, my god! Yes!
You are fucking
me so well!

I'm
cumming!

Most buttons only have a temporary effect and people will rationalize their behavior afterwards. So, no harm is done... unless somebody else catches you in the act of course...

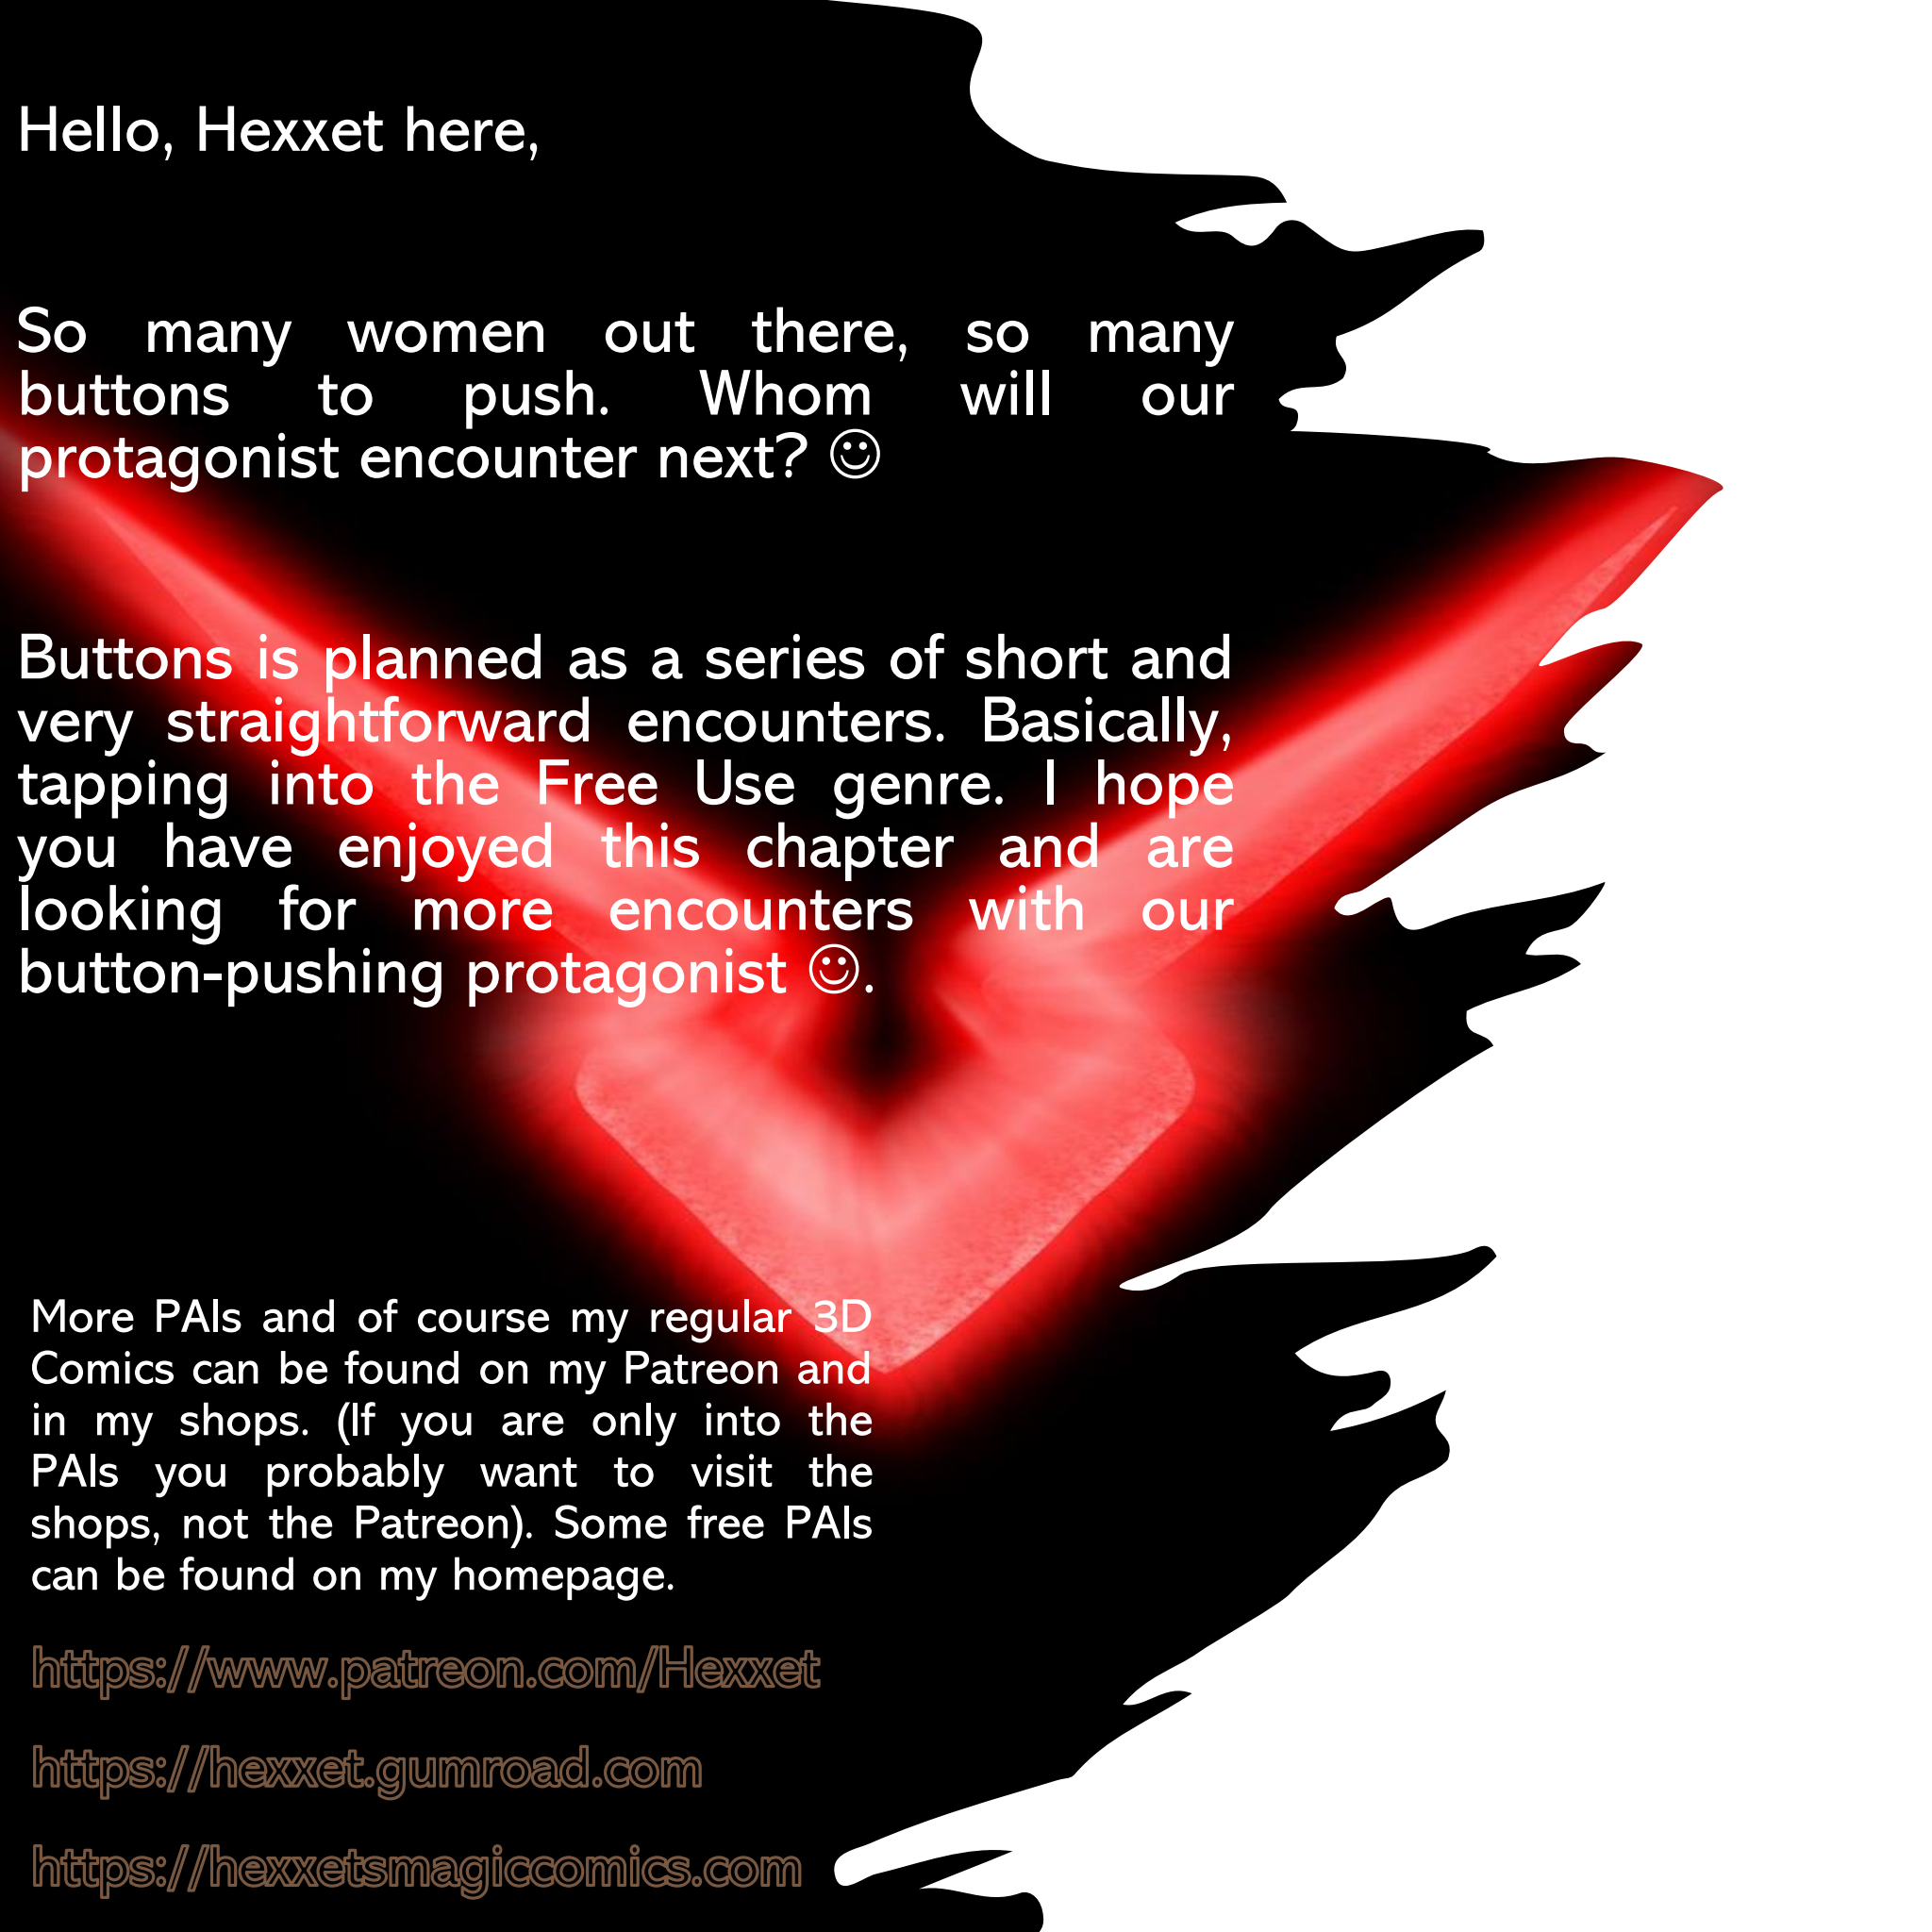

Thanks for helping me out earlier.

And thanks for the fuck.

I really needed that!

See you around?

Sure!

Hello, Hexxet here,

So many women out there, so many buttons to push. Whom will our protagonist encounter next? 😊

Buttons is planned as a series of short and very straightforward encounters. Basically, tapping into the Free Use genre. I hope you have enjoyed this chapter and are looking for more encounters with our button-pushing protagonist 😊.

More PAIs and of course my regular 3D Comics can be found on my Patreon and in my shops. (If you are only into the PAIs you probably want to visit the shops, not the Patreon). Some free PAIs can be found on my homepage.
