A METEOROLOGICAL SATELLITE DISCOVERED AN UNIDENTIFIED OBJECT UNDER THE POLAR ICE CAP.

ACCORDING TO OUR RECORDS, IT IS VERY LIKELY A *SPACE-SHIP* OF OURS, WHICH WENT DOWN ON EARTH THOUSANDS OF YEARS AGO.

SOME QUACK SCIENTIST CALLED DR. ZUCKARY IS TRYING TO ORGANIZE A RECOVERY EXPEDITION.

THAT'S TERRIBLE! OUR TECHNOLOGY WOULD BE EXTREMELY DANGEROUS IN TERRESTRIAL HANDS!

EXACTLY, BASHZ... YOU'LL INFILTRATE THIS EXPEDITION POSING AS A FINANCIER AND WILL DESTROY THE *SPACE-SHIP* BEFORE IT FALLS INTO THEIR HANDS!

...GOOD LUCK, BASHZ!!!

ARCTIC POLAR BASE "AVALON"
MAY 6TH XX65

Cassandra Bullcock, alias Bash2, and her companions are stuck inside the arctic base because of a fierce snow-storm.

They are planning to search for a mysterious object which was seen under the ice by a meteorological satellite.

Dr. Zuckary, a self-proclaimed astro-archaeologist and chief of the expedition, is sure it is an alien space-ship.

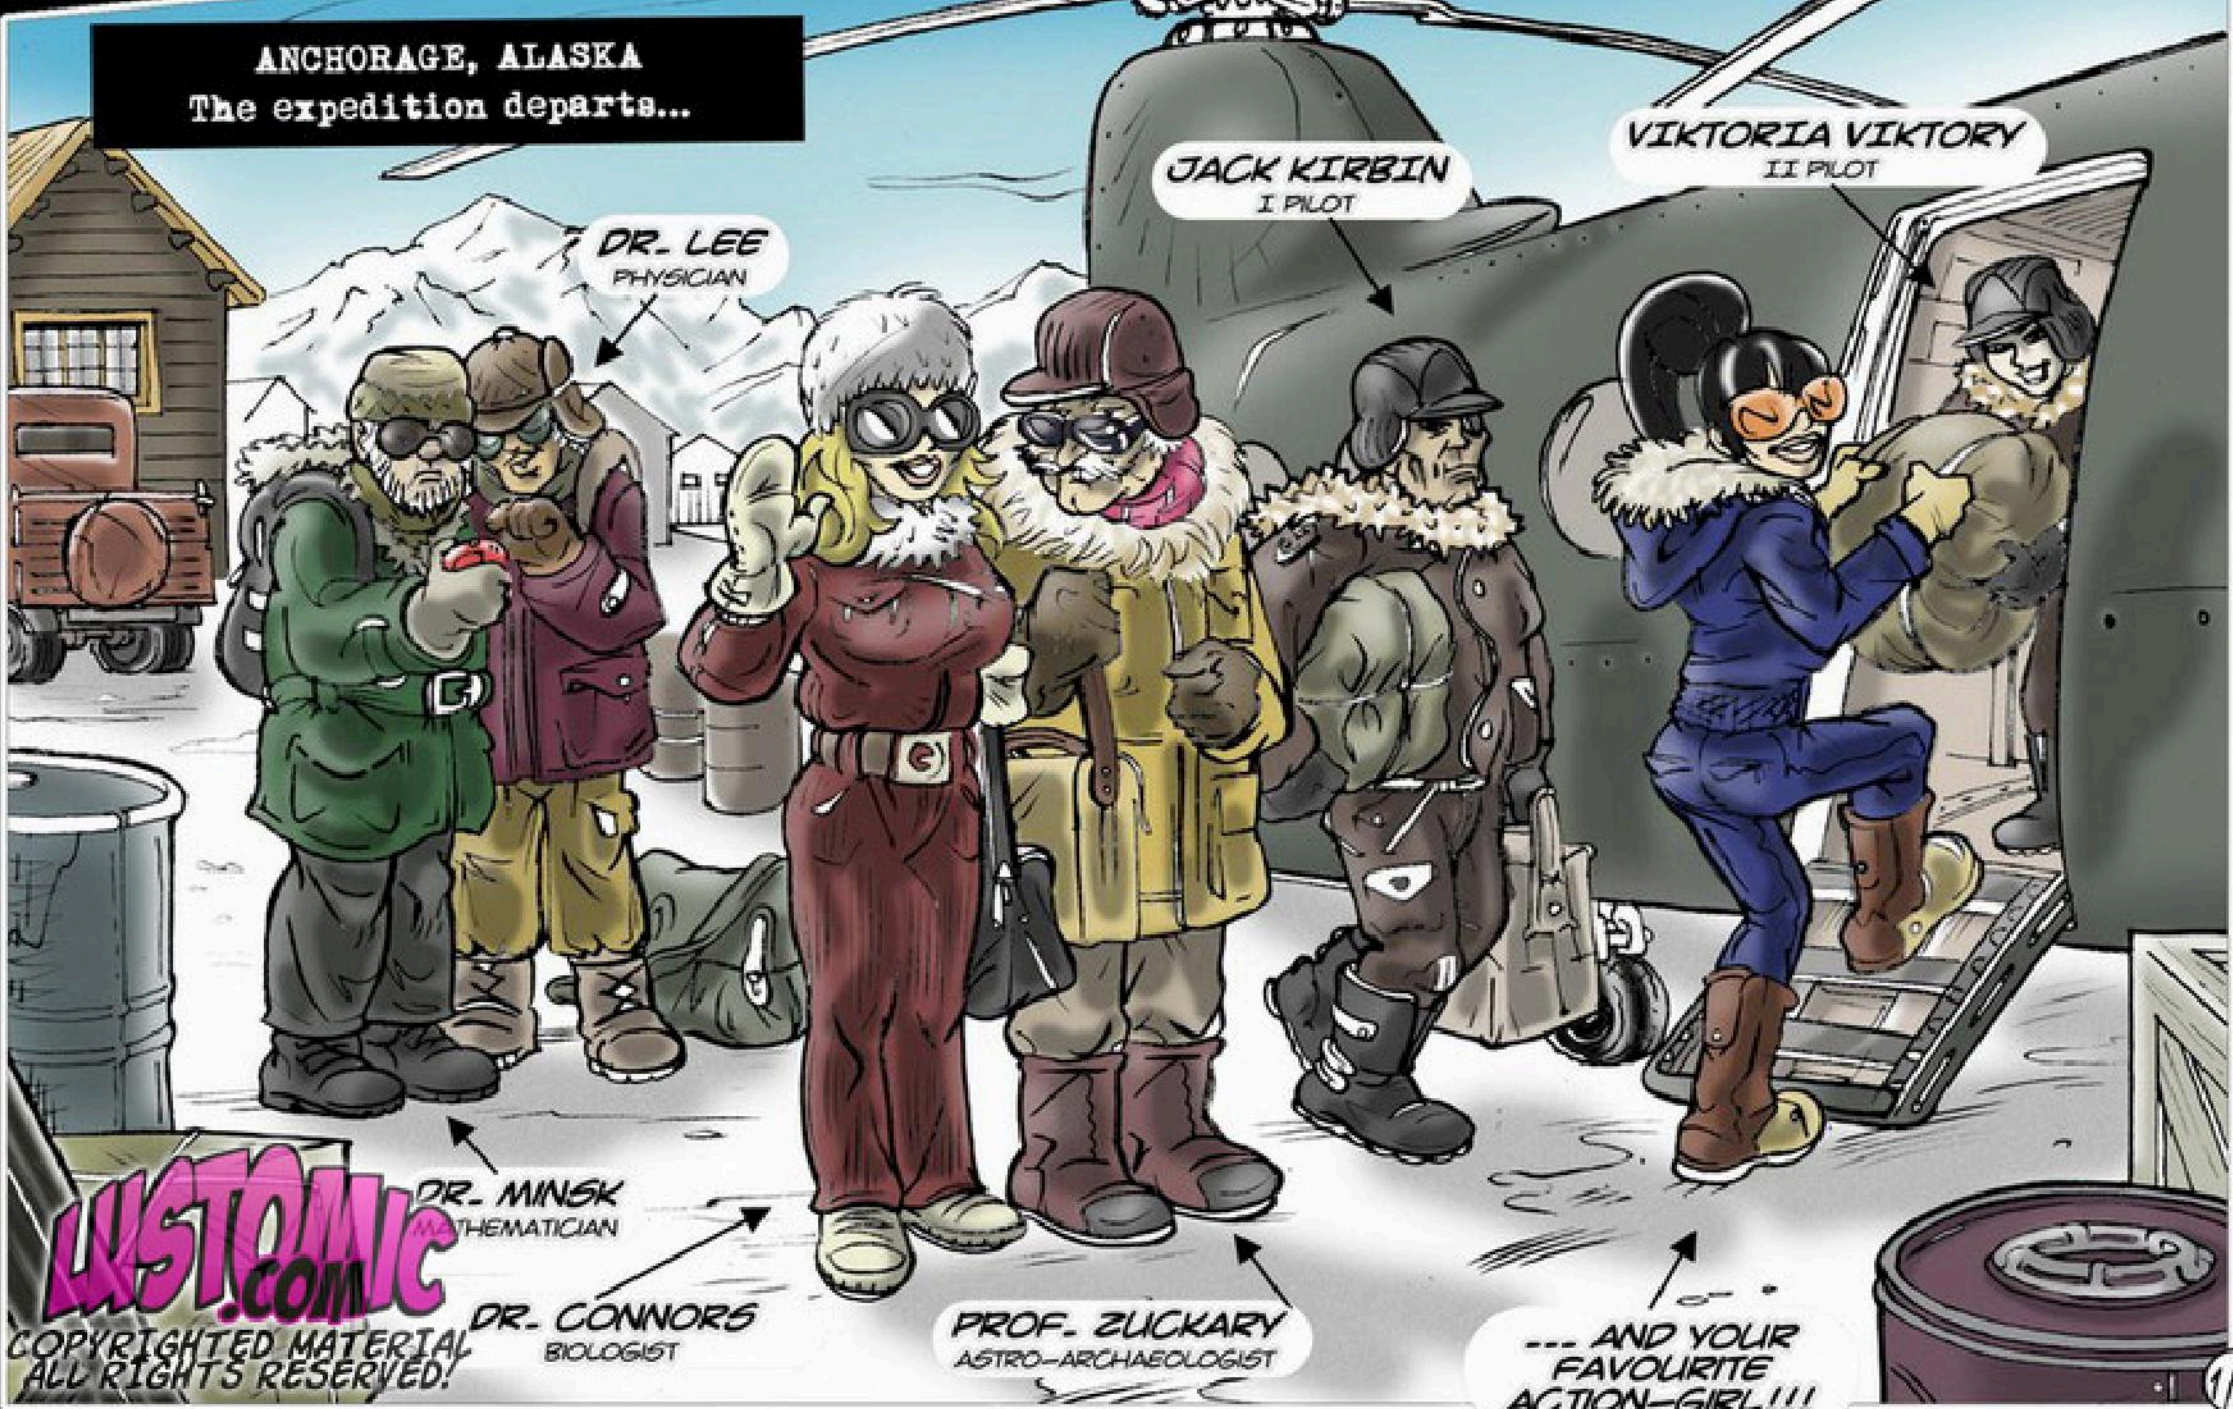

Sandra secretly knows that Zuckary is right: it is a Pellatian space-ship, which crashed on Earth eons ago.

So, she joins the expedition in order to destroy the relic, which still contains technologies that would be extremely dangerous in the wrong hands!

In the meantime, the last of the 4 fugitive sexcriminals is still at large...
