To be or to have

At home...

Stupid Subaru, how could he just say I'm flat.

And he groped me so brazenly.

On the other hand, when he touched my breasts ... I felt something strange ...

As if I wanted it, as if I wanted someone to touch them.

I might know what are
you doing, young lady?

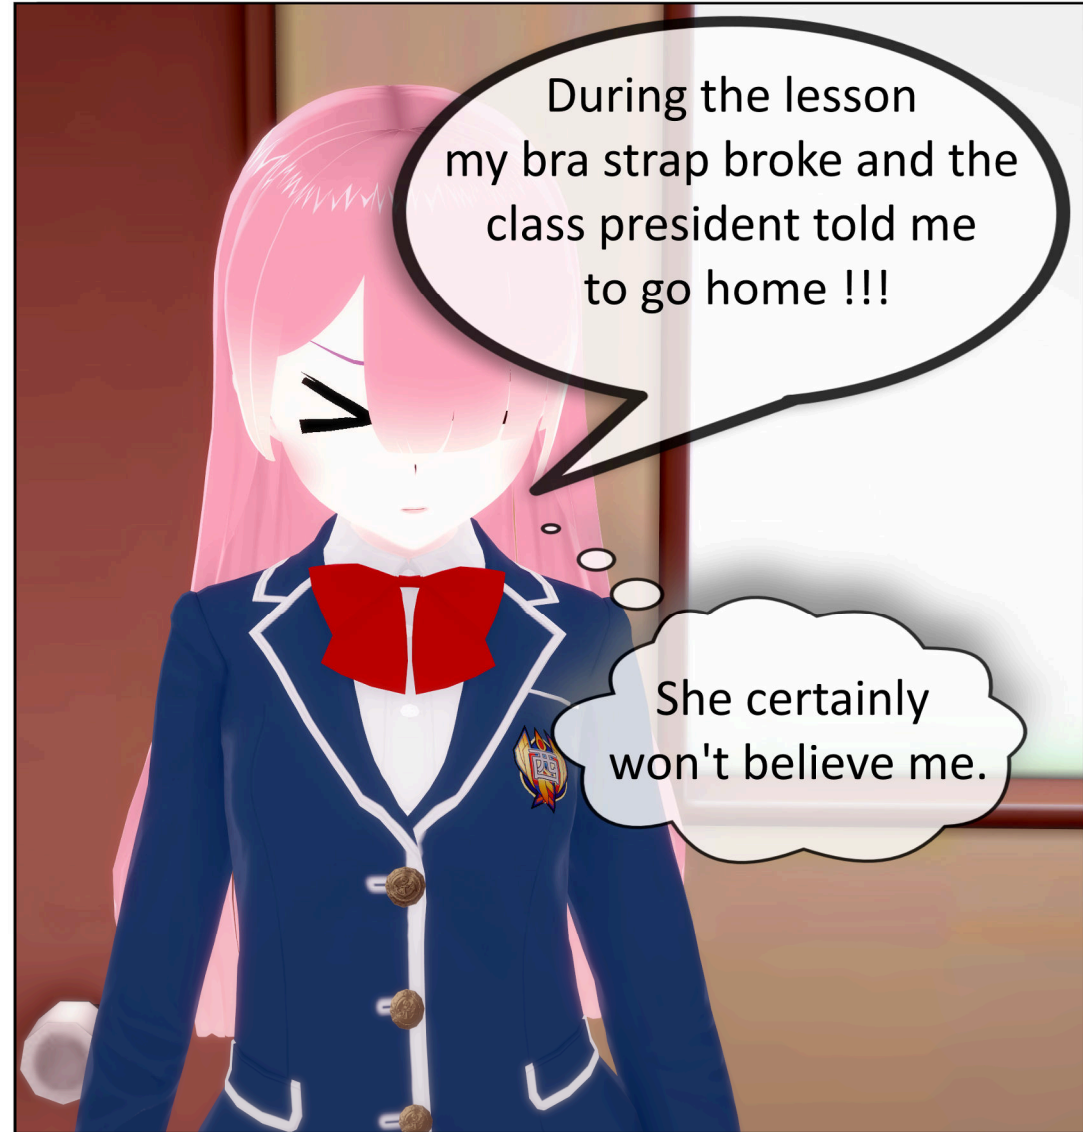

What are you doing home so early?

Actually, I have the same question for you, and I might know what you were just doing?

It's not what you think.
It was an accident.

Think fast. Something
on the verge of truth and lies.

Do you know?

Take it easy sweetheart,
I know what you were doing.

Of course. I've
done it many times too.

I thought that...

Calmly. All the girls do it
doesn't mean you are perverted.
This is perfectly normal
for a girl your age.

I should be glad my mom doesn't think I'm a pervert ... But I feel broken anyway. Will I ever be a man back again?

Meanwhile at school ...

Rem!!!

I always thought Subaru was a good guy but I guess I was wrong. Who would have thought he would do something like that, Ram ran into him but he didn't have to grope her right away.

Ram is still at school?

She didn't go a while ago. And what's going on?

Subaru? Something happened?

I was wondering what happened. And actually, I wanted to apologize for that, I should have got up right away, no .. you know what I want to say?

Yes, but it's not your fault. So why do you want to apologize?

Yes, but I feel like I should apologize to her, at least for making fun of her breasts.

Yes, a real man wouldn't act like that. So you could tell her I want to apologize for this?

Do you really feel guilty even though it's really her fault?

Sure, I'll tell her.

Thanks a lot, I
owe you something.

Nothing to thank
for, I haven't done
anything yet.

Until tomorrow.

Okay, I'm on my way, thanks again.

I will be looking for you.

So Subaru
thinks I'm cute. Well, we've
always been good buddies,
and if I'm going to be a girl from
now on, why not 100%.

I wonder what Ram
is doing now. Maybe he
finally accepted who he is now?

Meanwhile, in Ram's room ...

sneeze

Thank you.

Bless you.

A 3D-rendered scene showing two characters in a room. On the left, a girl with long pink hair and a pink t-shirt with a graphic design is speaking. On the right, a woman with blonde hair in a ponytail, wearing a blue jacket, is listening. The background features a bookshelf with books and a globe, and a wooden wardrobe. The floor is made of light-colored wood.

Mom,
I know I'll always be a
child for you. But I'm too
old for that, and our height is
regularly measured at
school.

But I'm not going
to measure your
height at all.

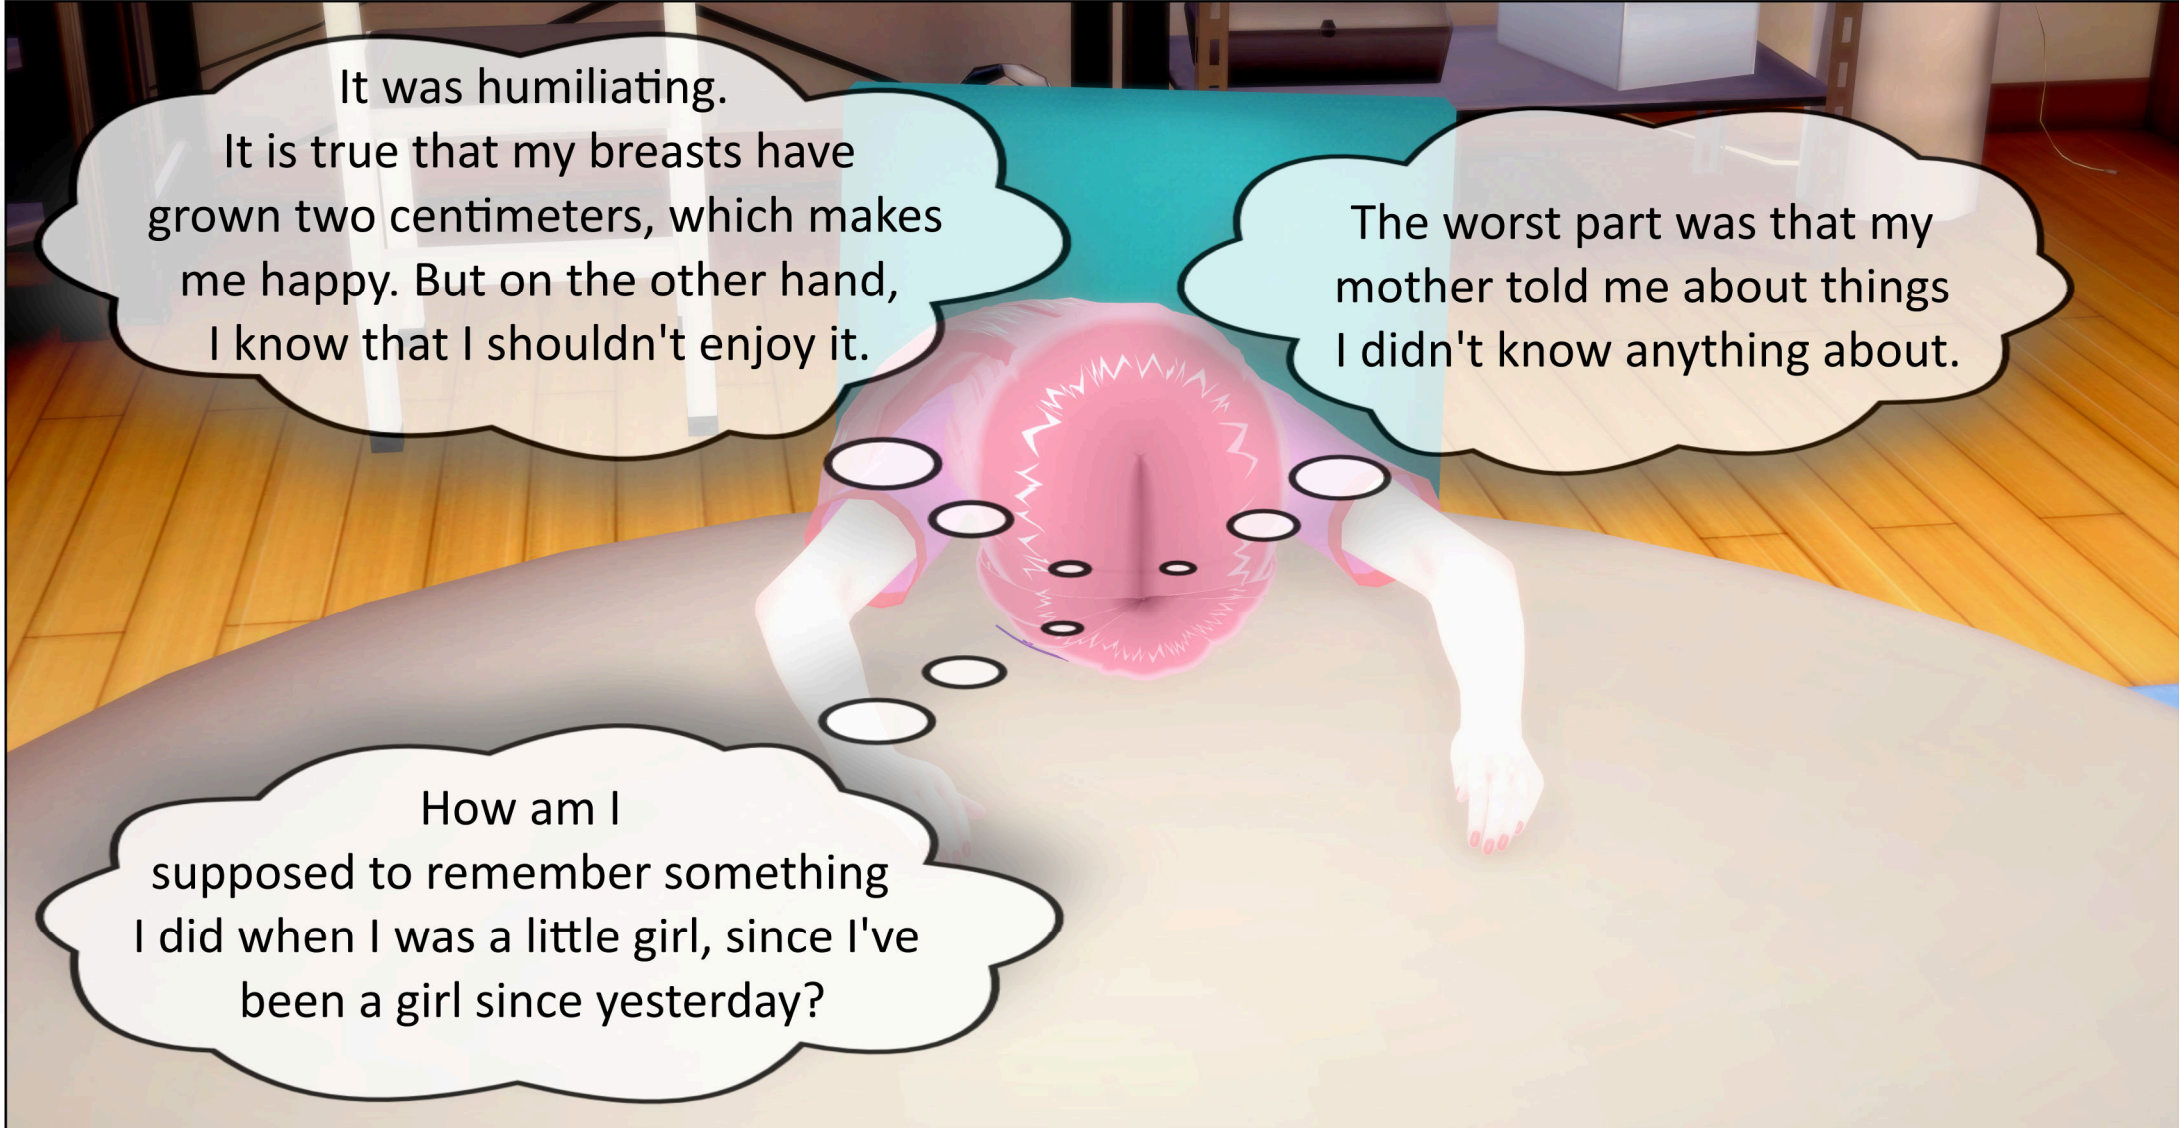

Because
I see that my daughter has
grown up and I decided to
check it out.

If I agree to this measurement, my mother will believe my lie. But I will lose another part of my manhood.

However, if I do not agree, I will confirm my masculinity, but my mother will know what I was doing in the kitchen. Nice choice, I'll be a pervert for myself or for my mom and myself.

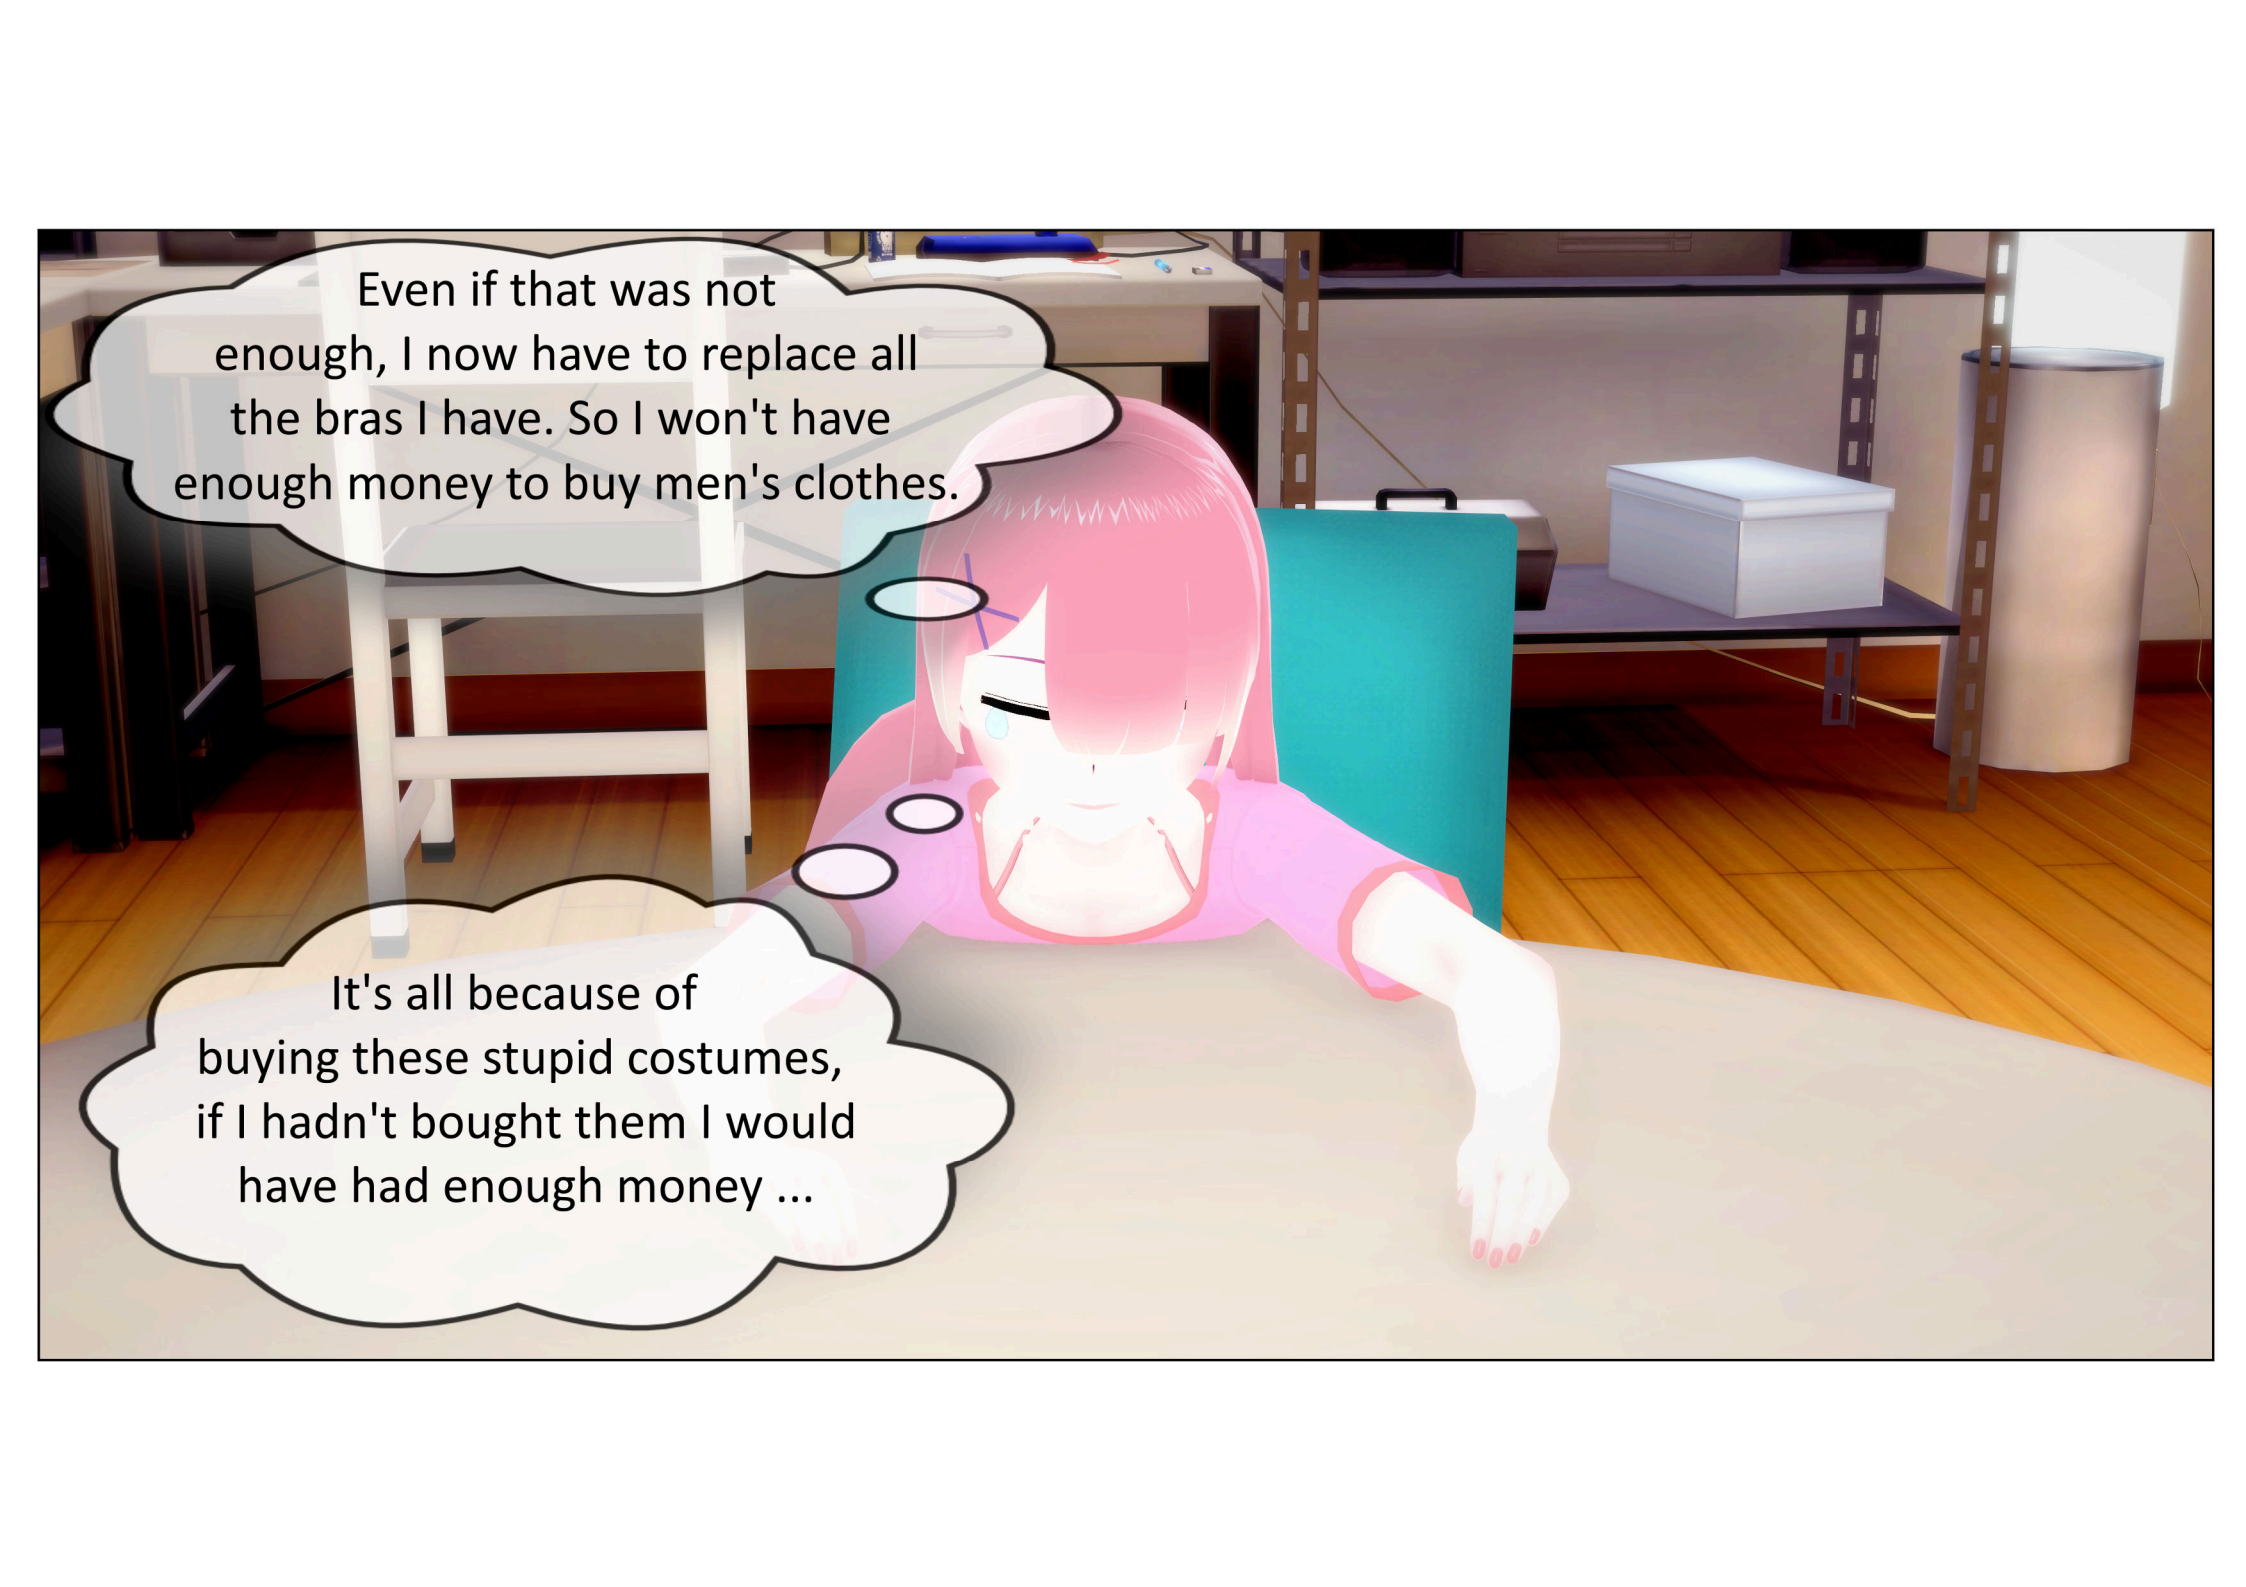

It was humiliating.

It is true that my breasts have grown two centimeters, which makes me happy. But on the other hand, I know that I shouldn't enjoy it.

The worst part was that my mother told me about things I didn't know anything about.

How am I supposed to remember something I did when I was a little girl, since I've been a girl since yesterday?

Even if that was not enough, I now have to replace all the bras I have. So I won't have enough money to buy men's clothes.

It's all because of buying these stupid costumes, if I hadn't bought them I would have had enough money ...

Exactly, costumes are also clothes, I can collect a few ordinary sets of men's clothes from them. And since they're costumes, maybe they haven't changed like the rest of my clothes.

Just as I thought. The cardboard boxes still look the same. And this means that the content has probably not changed. He he. I think I outsmarted this crazy angel.

Maid outfit?

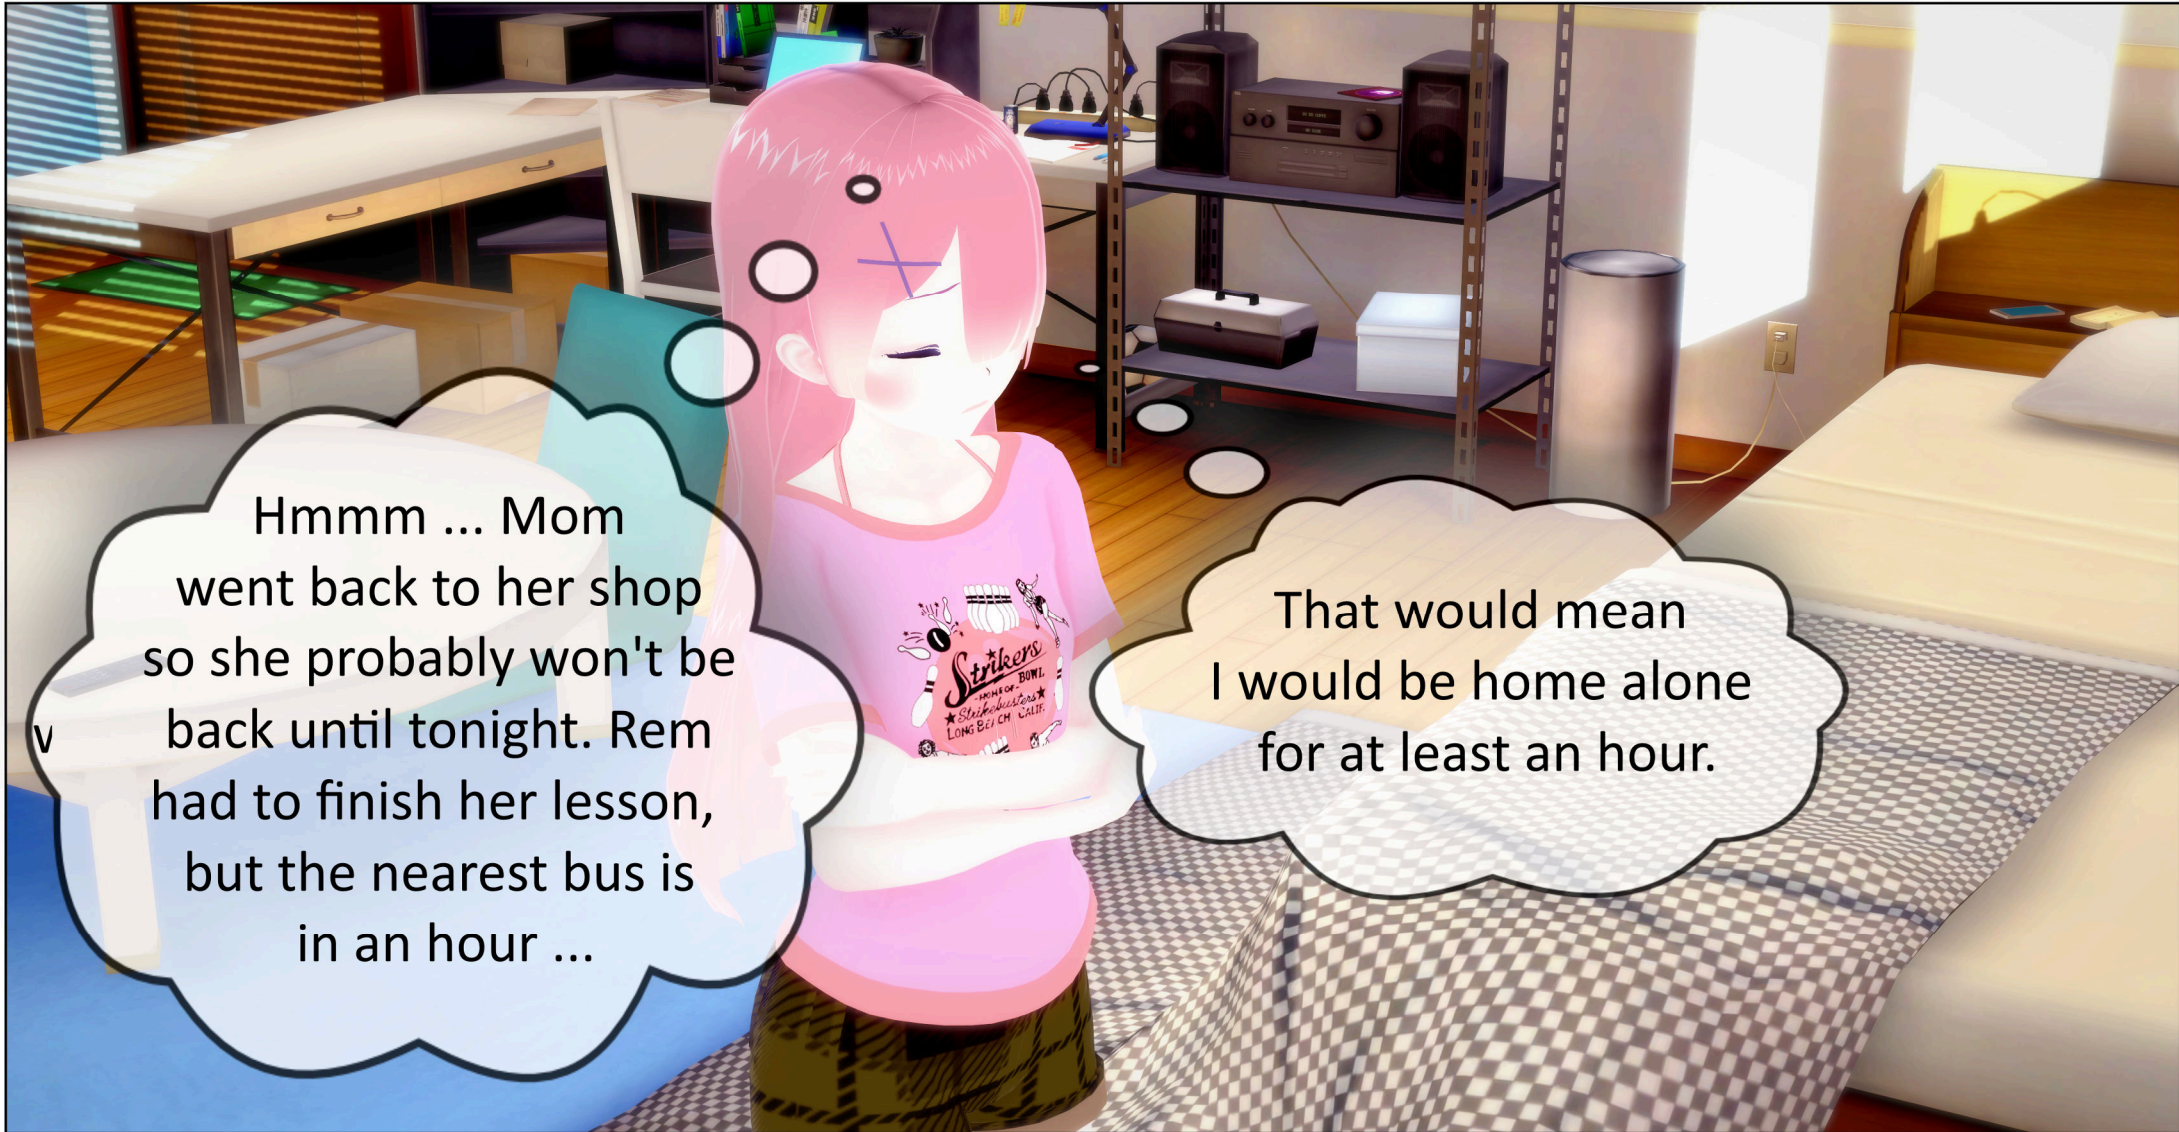

There must have been a butler's uniform inside. Apparently he has become his female counterpart. Well, there's another cardboard box, maybe there will be something better?

A pink-haired character with a white collar and a small black circle on their forehead is looking at two open boxes of maid costumes. The costumes are white with black accents and a large black bow. The boxes are on a wooden floor. In the background, there are several cardboard boxes, some with Japanese text. One box has '引越し' (moving) and 'マルバ' (Maruba) written on it. Another box has 'マルバ' and '引越し' written on it. The character is looking at the costumes with a thoughtful expression.

Really? Two maid costumes.
I already understand where this
promotion comes from. But what am
I supposed to do with them now?

Hmmm ... Mom went back to her shop so she probably won't be back until tonight. Rem had to finish her lesson, but the nearest bus is in an hour ...

That would mean I would be home alone for at least an hour.

All in all
I have always
loved the maids,
why not try
it yourself.

Besides, it's
really masculine
to admire beautiful
girls in nice outfits.

Ha ha. My own maid model.
Ymmm. While I'm at it,
I'd like to try something.

I just hope no one sees me in this outfit. I would die of shame. Fortunately, I don't have to worry about that.

I always wanted to take a picture of the sweet maid greeting me. Unfortunately, I don't know how to use Photoshop.

But if I have such an opportunity, why not take advantage of it, hehe.
