To be or to have **6**
EN by Ron512 and Kami1

Moment later...

Sorry

You're probably mad at me right now for making you do it.

Incredibly, I was forced to join the school board.

Don't worry, at least we don't have to look for any club to join now.

I'm not, but for the future, ask me for my opinion, okay.

Weird, I thought
you wanted to
be on the school
council too?

Then
why didn't
you want
to join?

Because
I wanted.

It may sound
silly, but I'm ashamed
to show myself.

Rem, Ram,
wait !!!

Yes, it's about what happened last week.

Something happened?

Aaaa. That's it. Yes, I know it was an accident. I got carried away, I shouldn't have kicked you that hard, sorry.

Relax, nothing happened.

It still hurts, but I won't tell her.

But tell me, how do you know it can hurt so much, you're a girl after all?

That's good.

Eeeee....

Of course I'm a girl, you can't see !!!

Eeee actually you're too pretty to be a guy that's why I was surprised.

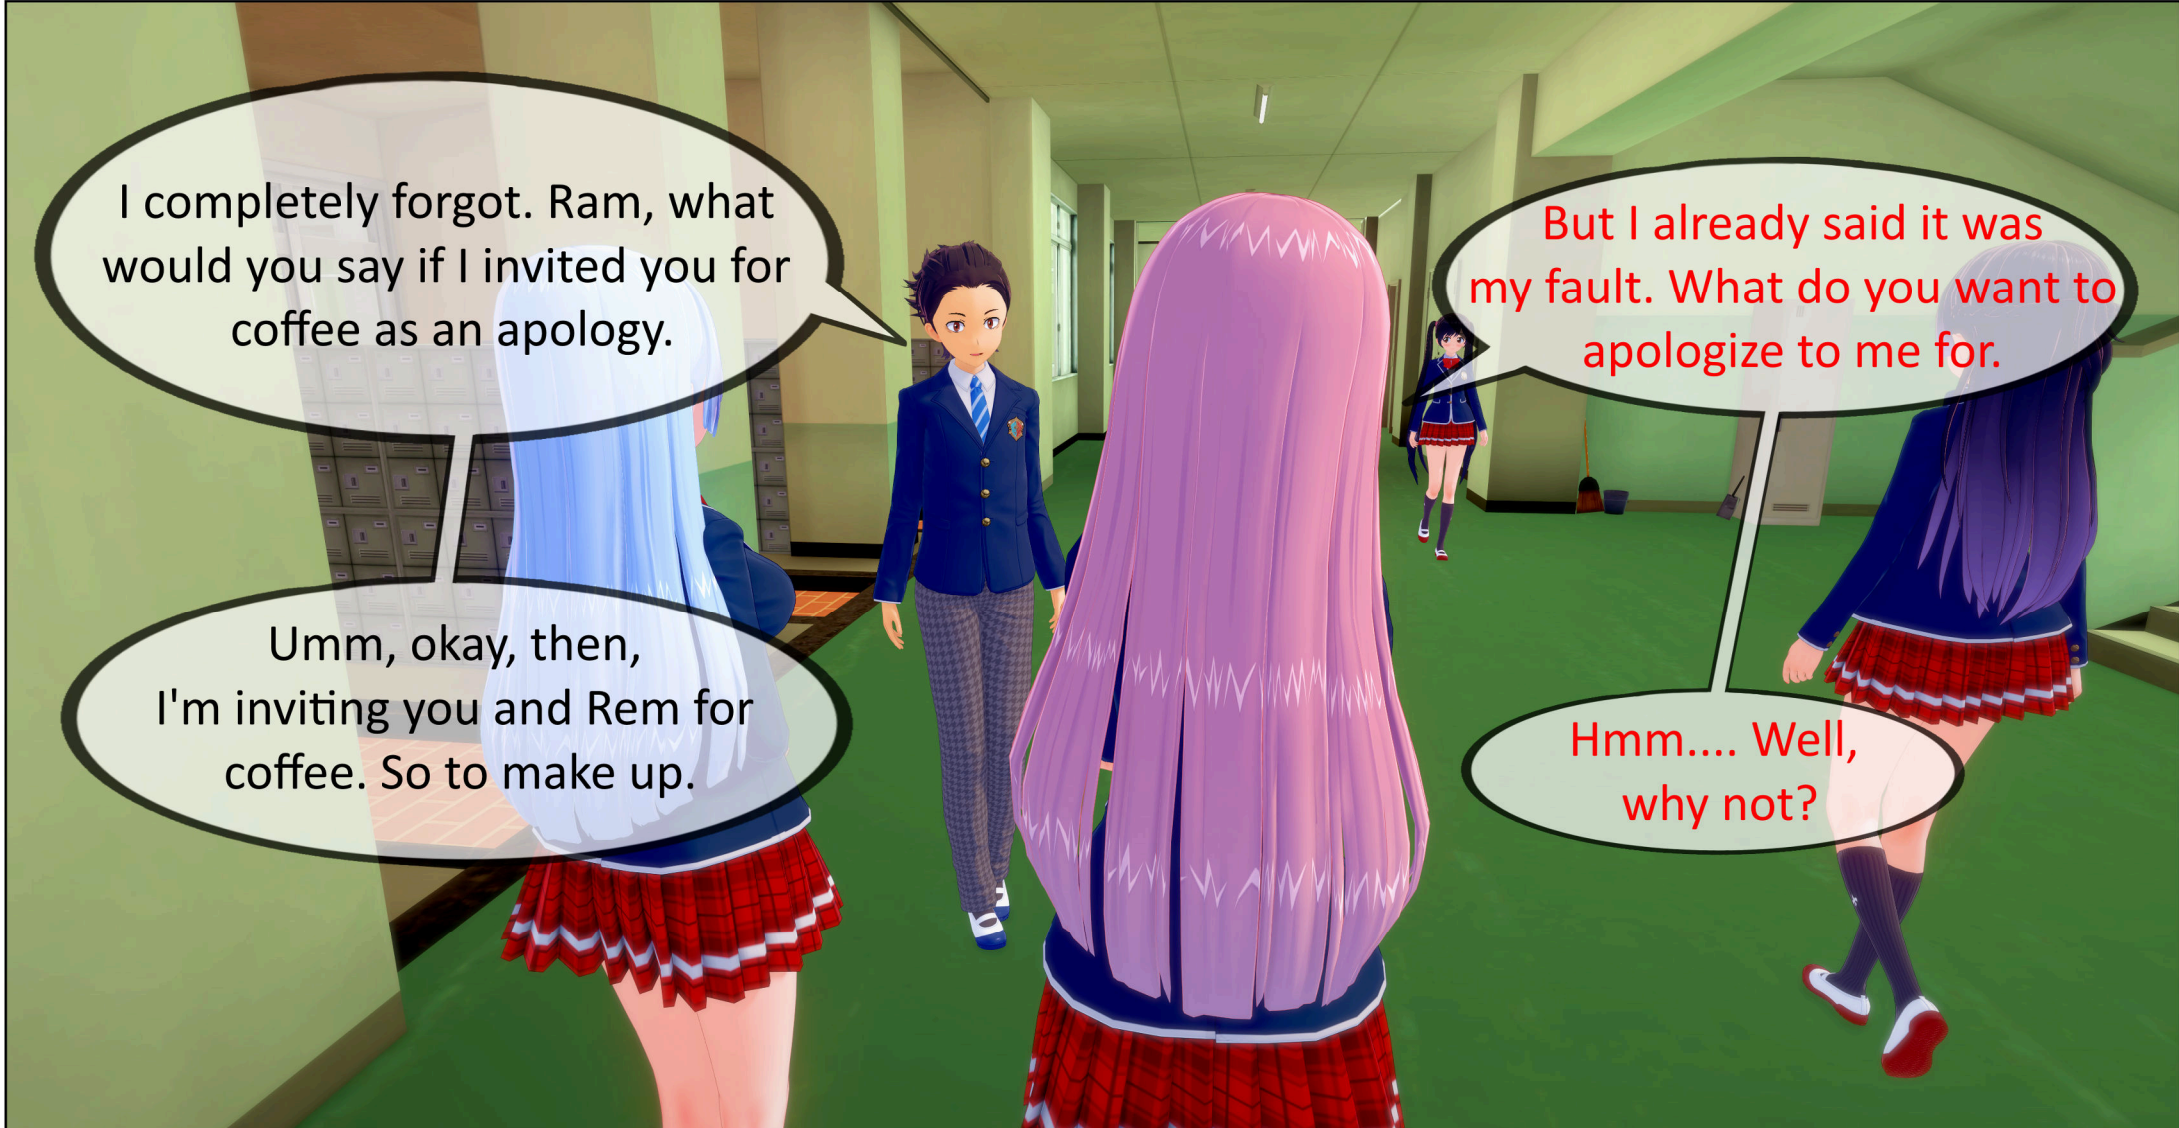

I would have a hard time even believing it could be a disguise. The guy couldn't be so cute.

Subaru, I hope you will take responsibility later.

At least it distracted him. I have to be careful what I say in the future.

I completely forgot. Ram, what would you say if I invited you for coffee as an apology.

Umm, okay, then, I'm inviting you and Rem for coffee. So to make up.

But I already said it was my fault. What do you want to apologize to me for.

Hmm.... Well, why not?

After lessons...

Why is nothing
happening at
this school?

How am I supposed
to write something interesting for the
school newspaper, if the most interesting
thing so far is the Miss School election,
but Junko-chan is already writing a
report about them.

I need to find something interesting quickly, otherwise again they will say that I am less useful than a camera tripod.

Maybe I'll figure something out. No! They would kill me for it. Hmm... Where to get something interesting for the newsletter?

Isn't that the school president. I'll try to interview her, it's always better than writing about clean toilets at school.

There is also our prince, I will see what happens. What? This time he will invite the school president? Typical...

Coming back to before, what did you mean by being ashamed?

So you've finally changed your mind about being a girl.

You know, I don't know everything about being a girl yet, so I prefer not to draw attention to myself.

No, it's just... Let's just say I don't want to be the school laughing stock again.

Girls wait!!!

Something happened?

No, I just forgot to tell you that tomorrow in the fourth lesson we have a meeting, that's all.

Sorry, Rem and I are not coming. The teacher will not let us miss the lesson.

She will, just tell her you're going to a council meeting.

Just don't think that you are better than other students and you can do whatever you want, you are skipping the lesson as part of your duties, not for fun !!!

Besides, from today I will control how you learn. The school council is to be an example for other students, remember that!

And you still remember ...

But I'm not finished yet.

Mayumi-chan, that's enough, don't worry, they'll be polite.

Enough.

They are afraid
enough already.

What? But that
I scared them?

And you wonder why
Hiroto shots and fled.

Never mind, I'm just saying
don't skip school and neglect your
studies, that's all.

Hi girls,
what a coincidence
we're seeing again.

I think we
started badly, what about if
I invite you and your sister for a
good coffee to fix everything.

Rather bad luck, just
say what you want and
go away.

No!!! Plus, Rem and I already
have an invitation for coffee, if
that interests you.

heeee

Let's go home. My stomach hurt all day and now my head hurts too.

Sure,
I can't miss this
opportunity.

Mayumi-chan
is your chance
attack !!!

Hmm, what was that?
She just went away.

Besides, what did
it mean that someone
has already invited her.
Who could it be?

If you want, I can go for a coffee with you. I happen to have a weekend off.

That's great! I need your help.

Finally!

Heartbeat

Heartbeat

Stupid to the end.
Do something for the
world and finally
die!

What? Did I say
something wrong?

What's with you
girls today? Did you
suddenly get all your
periods?

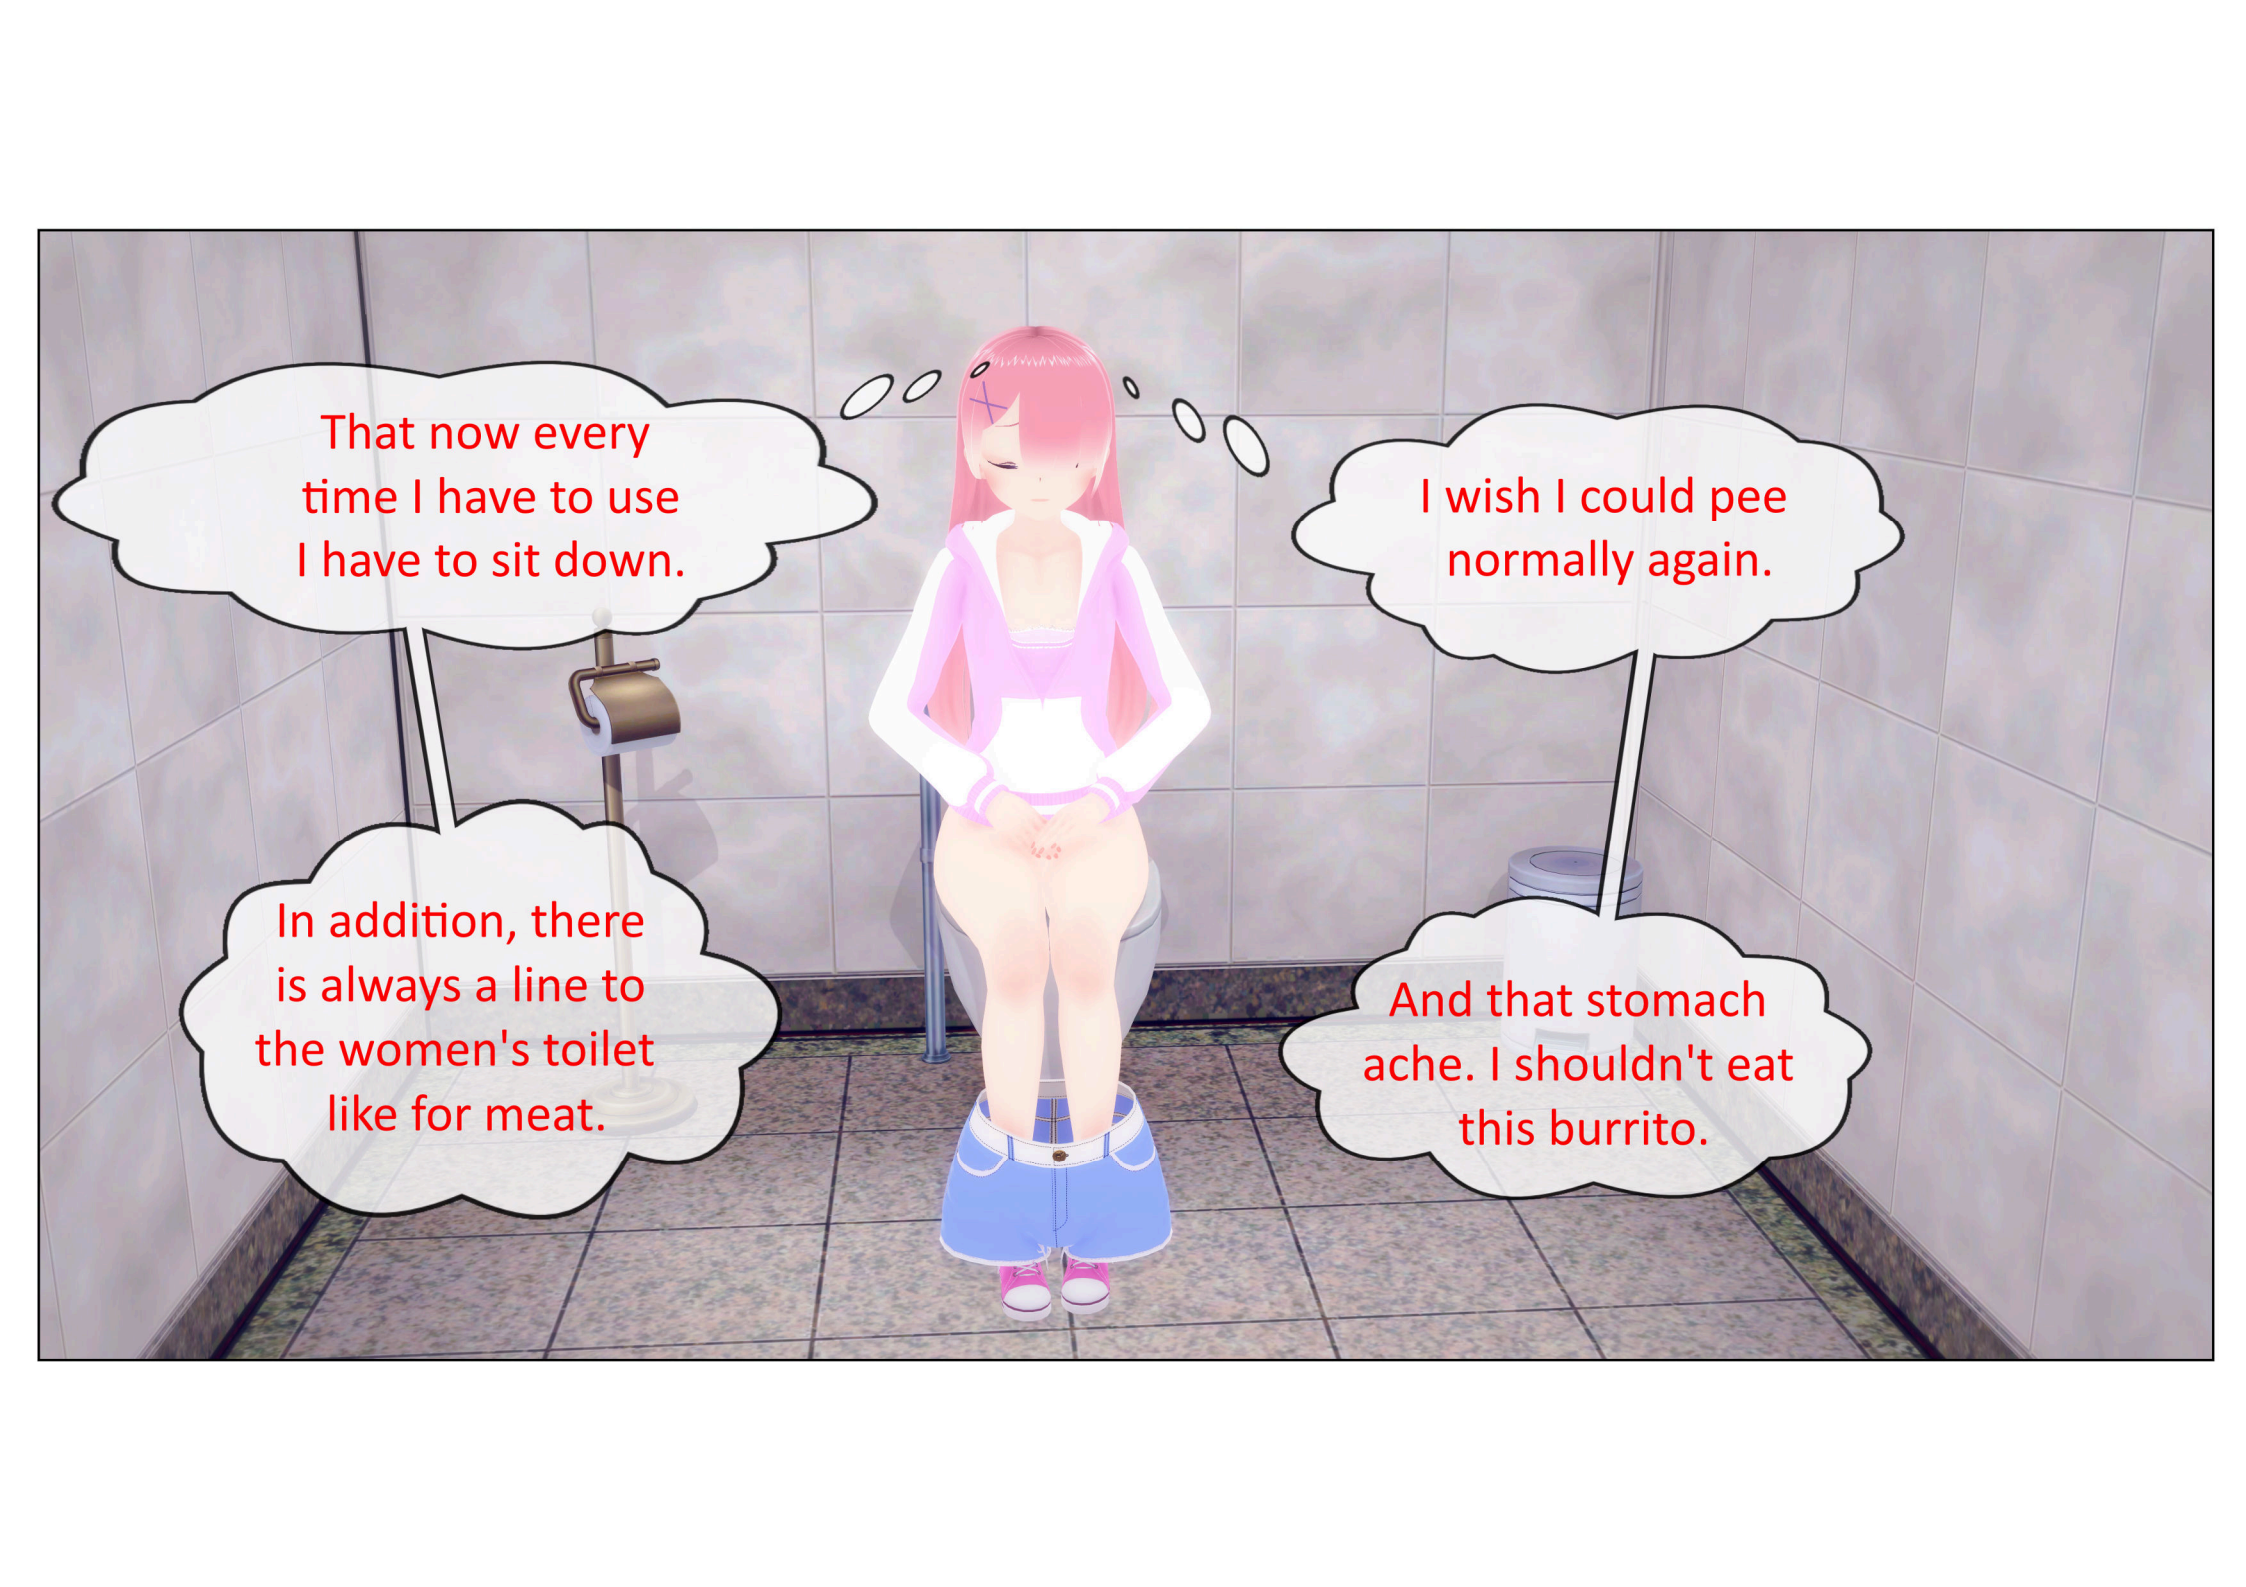

On the same day in the evening ...

There are many things
that bother me about
being a girl.

I'm much weaker,
shorter and I have to
pee more often.

Though it's nothing,
the worst part is ...

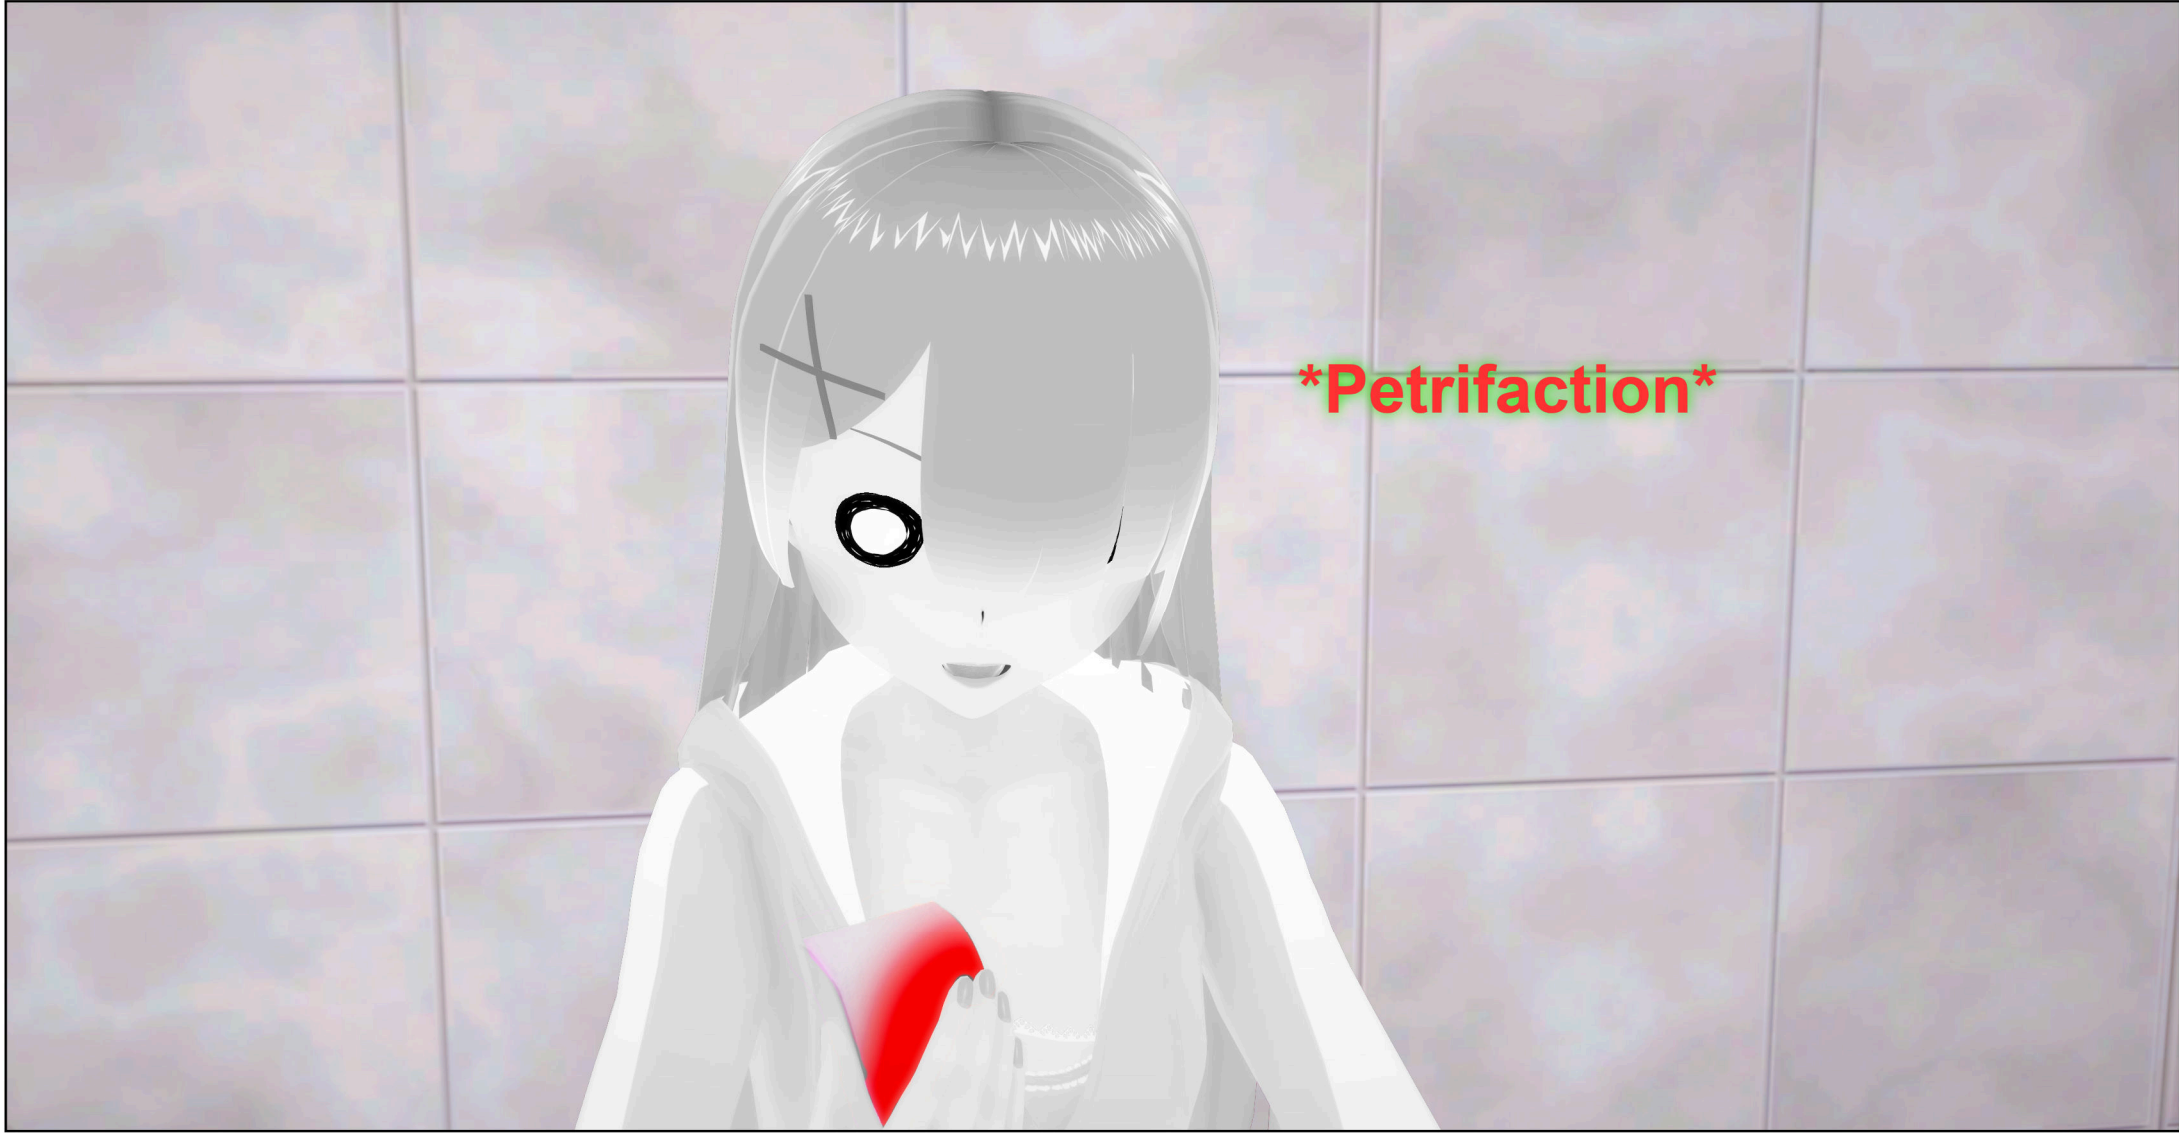

That now every
time I have to use
I have to sit down.

I wish I could pee
normally again.

In addition, there
is always a line to
the women's toilet
like for meat.

And that stomach
ache. I shouldn't eat
this burrito.

Petrifaction

HAAAAAAAAAAAAAAA!!!

What happened? You screamed so much the whole town probably heard you?

Fortunately, mom is just out shopping.

Heee? What calendar?

Your cycle calendar, of course.

Without it, you don't know when your safe days, and you can get pregnant.

This is some
kind of joke.

First, I am forced to dress
and act like a girl, and now
I have to keep a calendar.

Moments later
in Rem's room.

Unbelievable.

It's only been a few days
since I'm a girl, and I'm already
having my period.

I was hoping to be a guy
again by the time it came
to this, phew ..

Several days? Ram,
we've been girls for over
two weeks now.

Really, ummm ...
whatever.

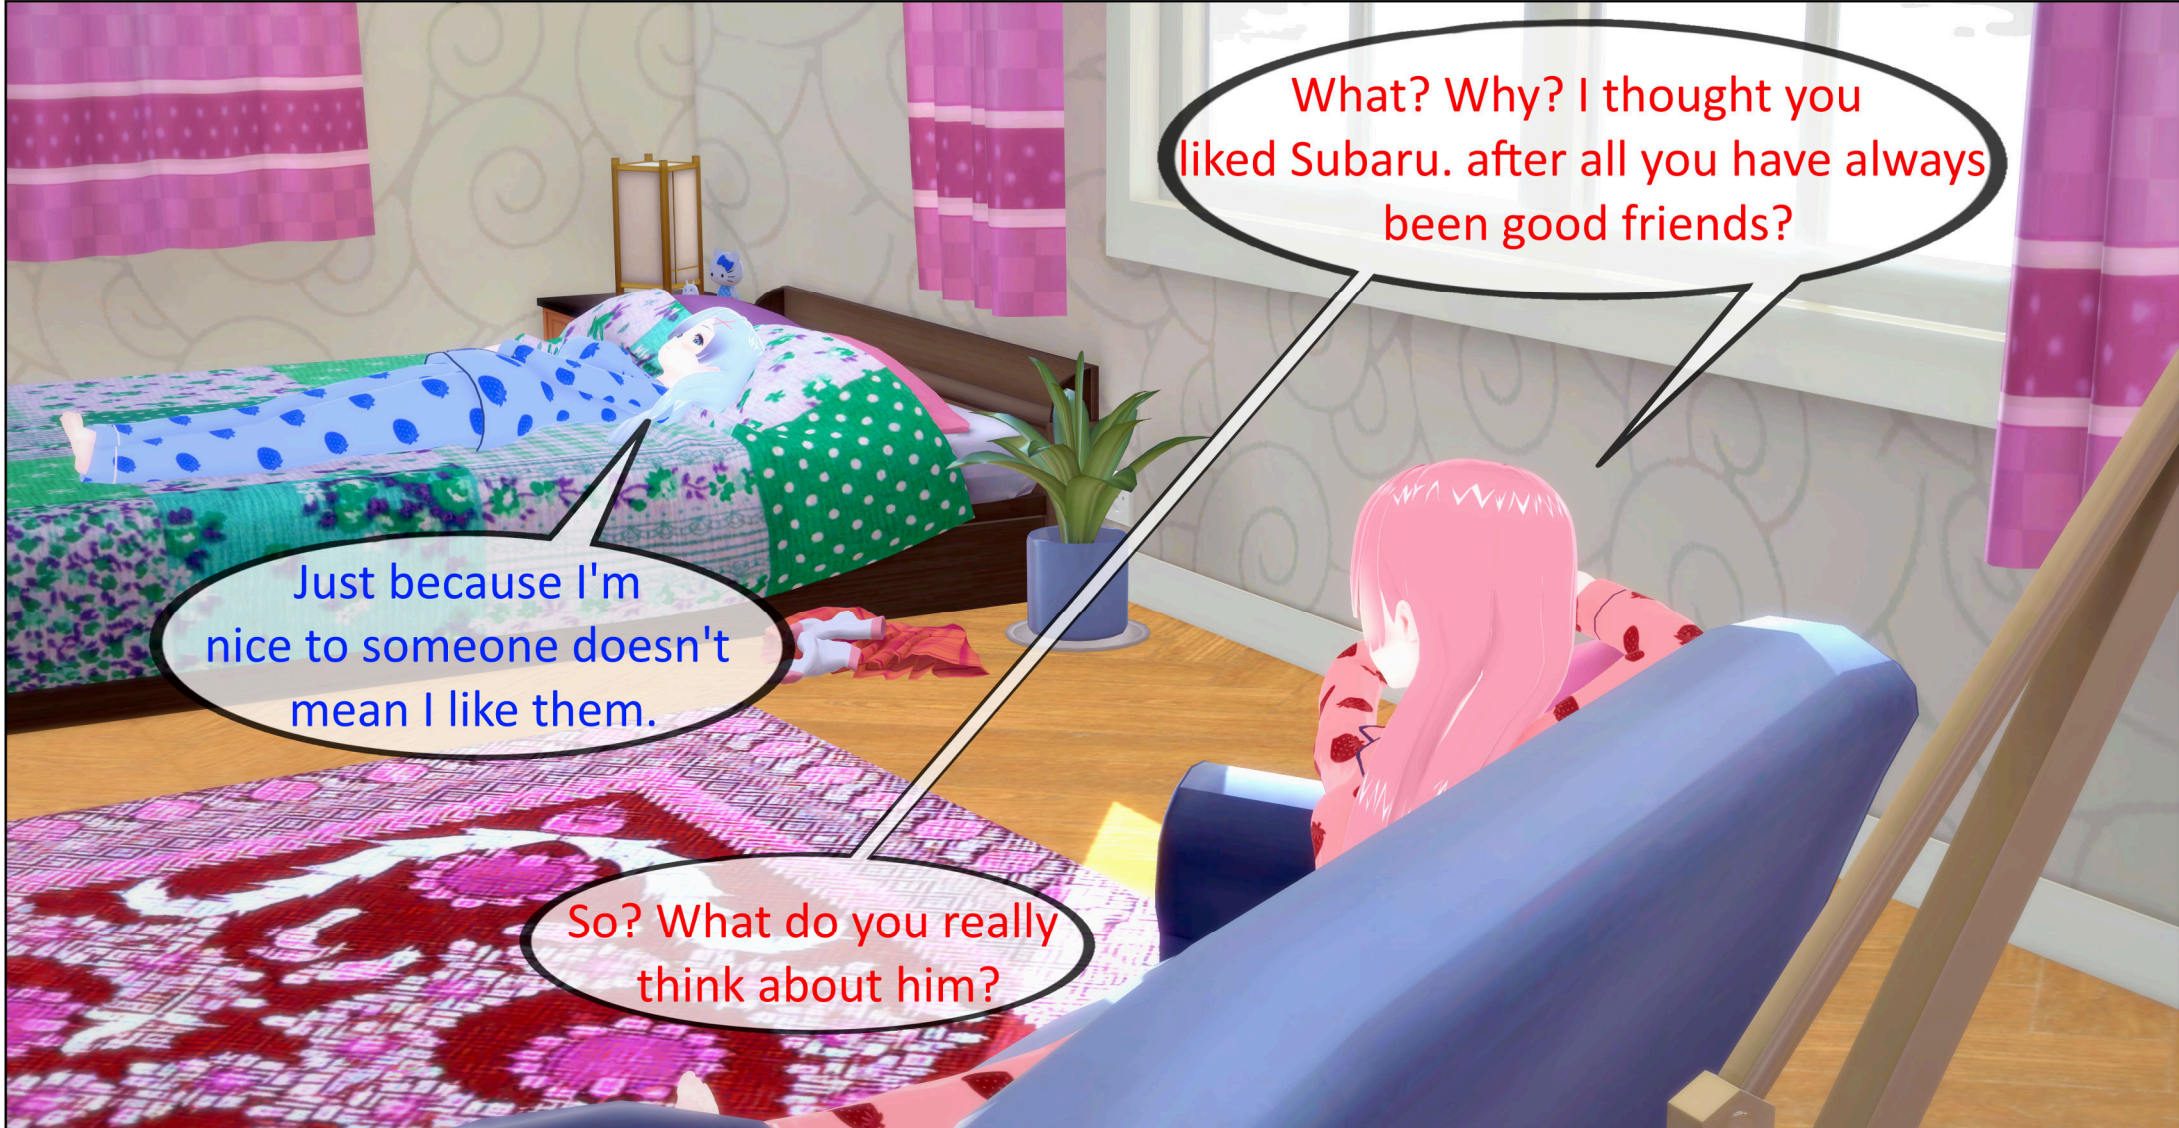

There is
something else I
wanted to ask you.

Tell me what you think
about Subaru and this
invitation.

Sincerely

I'm not going anywhere,
I advise you too.

Just because I'm nice to someone doesn't mean I like them.

What? Why? I thought you liked Subaru. after all you have always been good friends?

So? What do you really think about him?

Hard to say.

At first I thought he was a nice guy. But then this little accident happened.

And now this strange invitation. What is he thinking.

He's like most of the boys in our school, gross and not worth paying attention to.

I didn't know you on this side. But you're right, First he groped my breasts and now he invites us for coffee, disgusting.

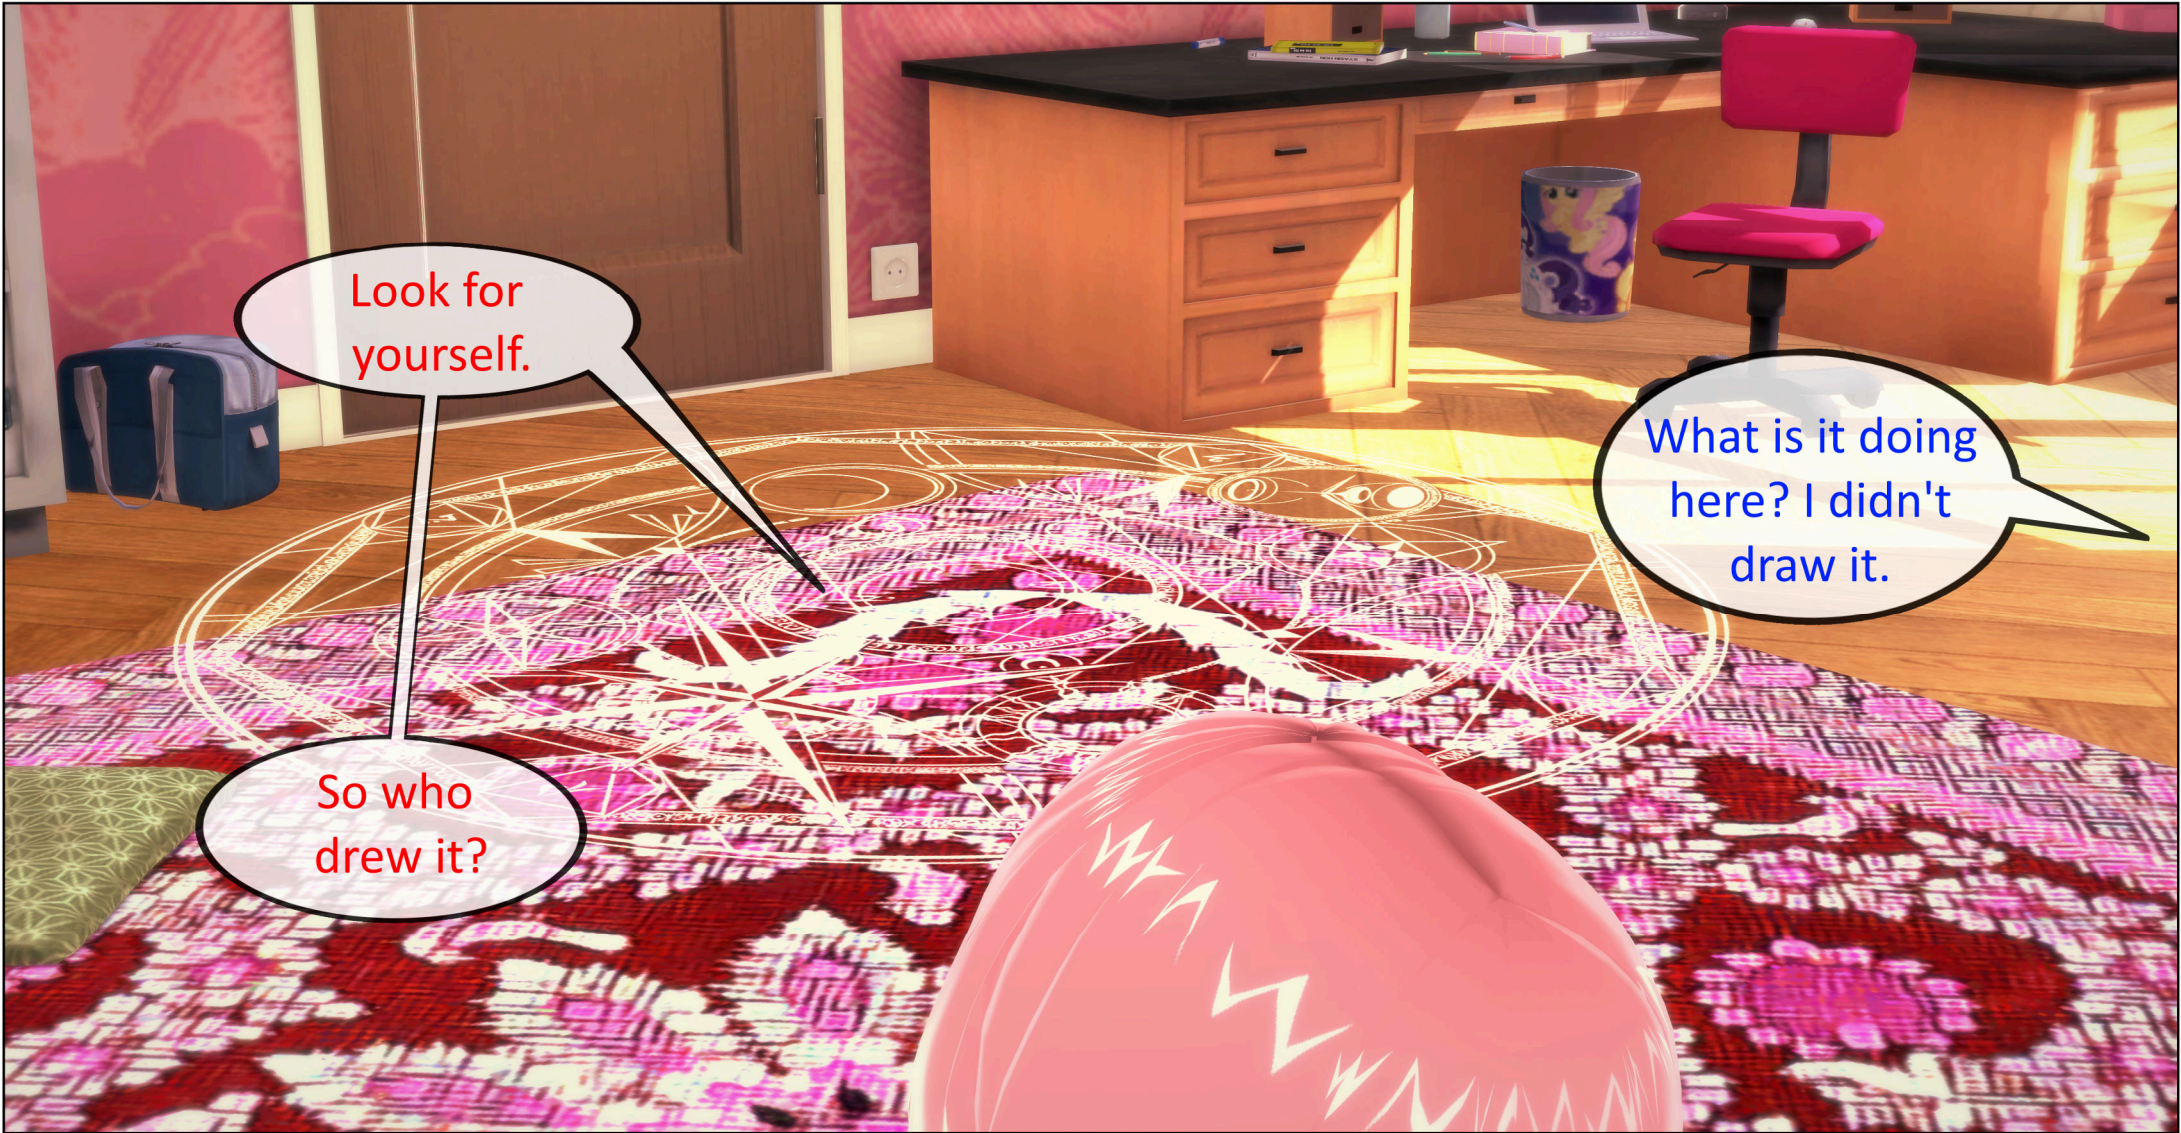

Actually, Rem's right, he's groping me, and I'm like Bimbo going out for coffee with him.

No, I won't let him treat me like that. Just because I'm a girl for now doesn't mean everyone can have me!

Look for yourself.

So who drew it?

What is it doing here? I didn't draw it.

heee?

I have a strange
feeling there will
be trouble.

Please let
it be here.

Teaching for the
future, button your
pockets.

Hi girls, sorry to come by in the middle of the night without an invitation. But I have an important question

I didn't leave my phone here? I can't find it anywhere.

Hmm ... Something happened, do you look surprised?

He finally found himself.
I thought it was here that it
fell out of my pocket.

Did you listen
to me at all ?!

Give it back to
me and I'm going
right away.

So this is
your phone?

What about
the prize?

I know. I want
you to give back me and
Ram our memories.

I'm talking
about our memories
when we were kids.
Of course the
changed ones.

Why?

I understand.
Unfortunately, I can't
give them to you.

You cannot have two different
memories of the same event at the
same time. Excuse me.

There must be some possibility to give us these memories.

Actually, yes, but first I have to ask someone if I can do it.

Let's say that in three weeks I will visit you again when onee-san returns from Austria. Then I'll know if I can.

Sorry, but can I also ask for something?

But I do not promise anything.

It might sound silly but ... umm ... um ...

I know it's selfish to look at what Rem asked for. But...

Sure. What would you like?

Go ahead, say what you want.

Could make my
breasts a little bigger.

Can you repeat because
I didn't hear anything?

Could make my
breasts a little bigger.

Hhhhheeee?
Hhhhheeee?

I can't actually do that

Because it's another change and stuff ... but I think I have something to help you.

Really!!!

I mean, not that I care too much about it, it's just ... umm ...

You know what I mean, right !!!

Of course.
I'll send it to
you by mail.

From heaven? Ah ...
I understand, I don't live in
heaven. Yes, I was born there,
but now I live on earth.

You can send
a parcel from the
heaven?

Do you live
on earth

Thanks

Yes, but it doesn't matter now. I will try to send it to you when I collect everything.

You're welcome. I don't need it anymore, so I can give it to you.

Two days later...

Whew ...
At last home.

In the end, I also managed
to tell Subaru that I'm not going
to go get any coffee with him or
whatever he comes up with.

If I'm a guy again,
I'll never laugh at girls who
have periods, I promise.

At least I have
this problem solved.

What is this package?

I remember now,
it must be what that angel
was talking about.

What did she
send me?

To be continued...

Thanks for reading.
