To be or to have **8**  
by Ron512 and Kami1 **EN**

Next morning...

I can't believe  
what happened  
yesterday.

Our relationship is none  
of his business. Let him wait  
a moment and I'll make sure  
he regrets it.

What do you want?

Oh Yuma-kun, it's great that you are here. I was just looking for you.

The chairman of the school asked you to come to him.

Can't you see I'm busy? Besides, if he wants to see me, let him come to me himself.

Maybe you should go to him anyway?

He? what does that mean?

I will repeat my request, you will come with me.

And you either do it yourself or we make you do it.

Moments later in the school council room ...

Dude, what are these games?

Are you crazy, have you forgotten who I am?

I don't have to answer these questions.

Let's just say I saw what you wanted to do to the poor Ram.

That's all, by the way, your ban lasts for the next month.

If you do something by then, I'll send you straight to a restless youth center.

After Yuma-kun left ...

No need, I've wanted to take revenge on him for a long time.

I still can't believe he didn't notice we were from the theater club.

Thanks again for helping us, I will owe you something.

After lessons...

I never thought he might want to do something like this.

But to throw someone out of school for something like that.

Me too, luckily I don't have to worry about him anymore.

I was more surprised by TK. I never thought that he could be so strong.

Are you talking about that boy who stood up for you?

He probably didn't know. But since we're on the subject, why did you stay silent then?

Yes. But why did he do it, after all, I would be fine by myself?

I don't know, I wasn't scared, but for some reason my stomach twisted into a knot, I couldn't say anything.

So hence the sudden diet. And it has nothing to do with the fact that you've been wearing your swimwear lately

What's wrong with that, you're a girl after all?

Of course, hehe.

Tell this to someone and I promise I'll be an only child.

Look, I only did it because we have lessons at the pool soon.

I wonder how Ram goes there, learning to walk in high heel shoes.

But I don't think I will tell her yet that I heard her learning.

It's just good that Rem didn't see how I learned to walk in high heels.

I would die of shame if she knew about it.

Oh, it's good to see you Ram, and how did Yuma-kun leave you alone?

No, I'm going with Sou-kun to eat something, are you coming with us? I pay.

Yes, thanks for then, are you going home yet?

No thanks, I'm not hungry.

He he. Or maybe after all? Besides, it's not a date, we just going to eat something

Sure, if you want.

He he.

But I'm paying for myself!

What a shame. Why right now?

Moments later in the cafe ...

Just a salad  
for me.

And for me,  
this ice mug with  
strawberries.

Okay, what  
about the  
ladies?

Okay, I'll bring  
you everything  
right away.

I told you that I need to lose a few kilos.

Why, did you just order a salad?

Just don't overdo this weight loss, because it's unhealthy too.

Your boyfriend is a real lucky guy that you sacrifice yourself so much for him.

What? You broke up because of that guy?

Don't make fun of me. I will not believe that such a beauty has never had a boyfriend.

What? I do not have a boyfriend.

No. I just never had a boyfriend, and neither do I now.

Thank you for the compliment.

And your girlfriend, won't you blame you for going to a restaurant with other girls?

Don't worry, I don't  
have a girlfriend.

My chance,  
She'll ask  
me soon.

Is it probably a norm  
for computer players?

Right, it should be here by now.

I wonder where our order is?

Why, girls always ignore me.

A moment later...

No need, I don't like  
salads anyway.

Sorry for the error in  
the order, if you wait a moment,  
I'll fix it.

Thank you for  
your understanding.

And you, brother , you eat and we'll see you in the back.

We need to talk about something seriously. I think you know what I'm talking about.

Yes, Onee-san.

OK, I will wait.

Man, it was an honor to have you as a friend.

Tell my girlfriend I loved her.

I told you she'd notice if you stole one maid costume.

But you don't have a girlfriend. And I don't remember you ever having.

Hehe, like children.

Your ice is melting, hehe.

I think my ice just froze.

Meanwhile, in the park ...

Ram betrayed me,  
And this female transvestite  
kicked me out of school.

This week is just  
a nightmare.

My parents are  
killing me when they  
find out. I will kill this  
Mayumi-chan when  
I see her!

But why is she alone?  
She's probably waiting  
for her friend.

Speak of  
the devil.

Oh, Mayumi-chan,  
you are not lucky today.

Oh, Mayumi-chan,  
it's great to see you,  
we need to talk.

Maybe a little more  
polite, besides, I wanted  
to tell you to reverse  
my punishment.

What do you want, after  
all I told you I don't want  
to see you anymore?

Why should  
I do this?

Or else you  
might have a little  
accident?

Who are you, after all  
Mayumi-chan was sitting  
here just now?

Ymm ...  
Exactly as  
I expected.

Good advice, let  
go of me or I'll  
break your arm.

And I wanted  
to be gentle.

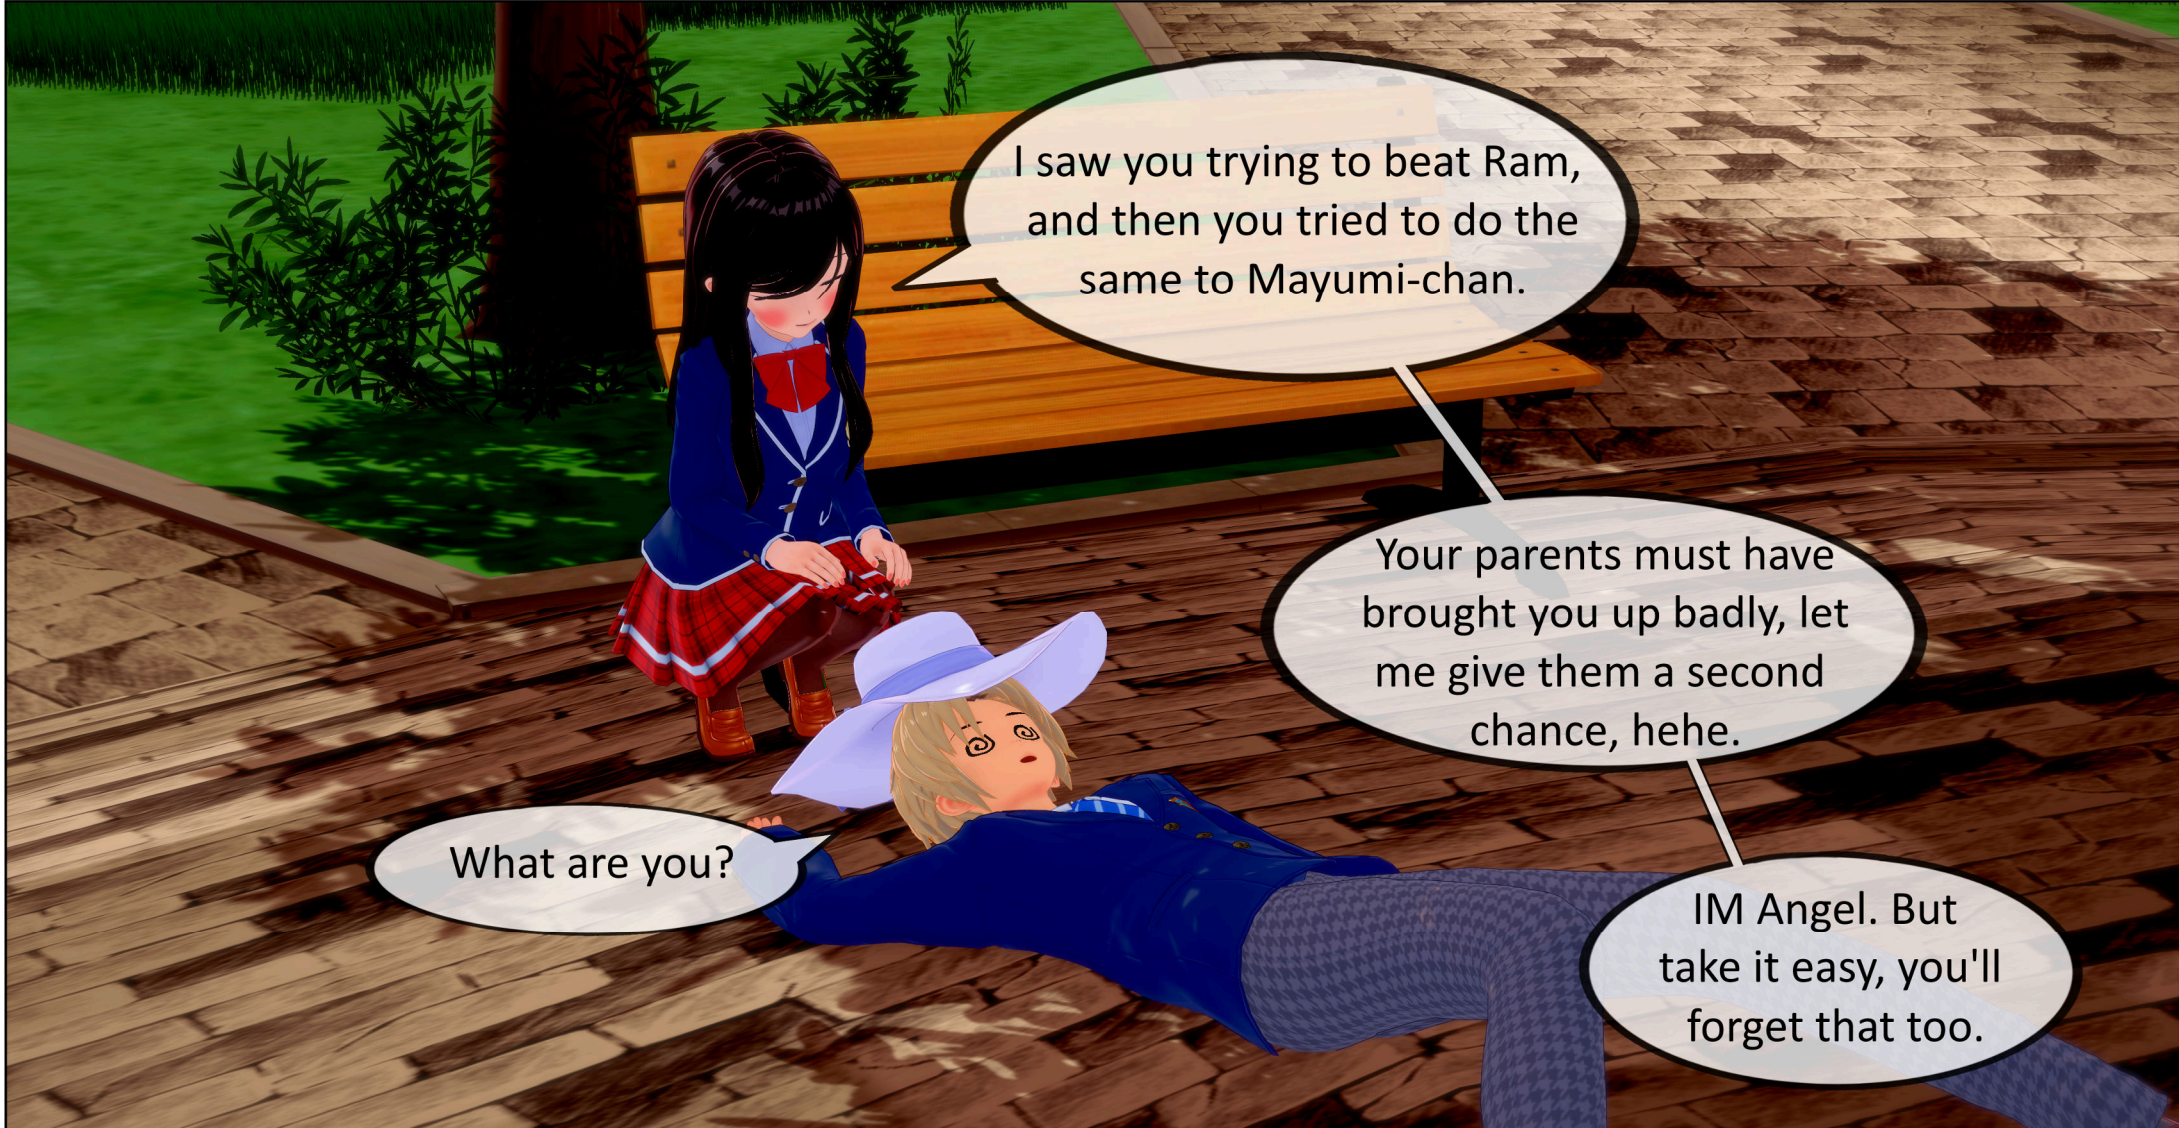

Who are you?

Someone  
you've really  
upset.

But I  
don't even know you.  
You can at least tell  
me your name.

For what?  
You will forget about  
everything anyway.

What are you  
talking about?

I saw you trying to beat Ram,  
and then you tried to do the  
same to Mayumi-chan.

Your parents must have  
brought you up badly, let  
me give them a second  
chance, hehe.

What are you?

IM Angel. But  
take it easy, you'll  
forget that too.

So let's get started.

You don't have to worry anymore, it will all be just a dream.

Taboo level one, reality change.

Let your memories be lost, forget everything.

Make your body what I want it to be.

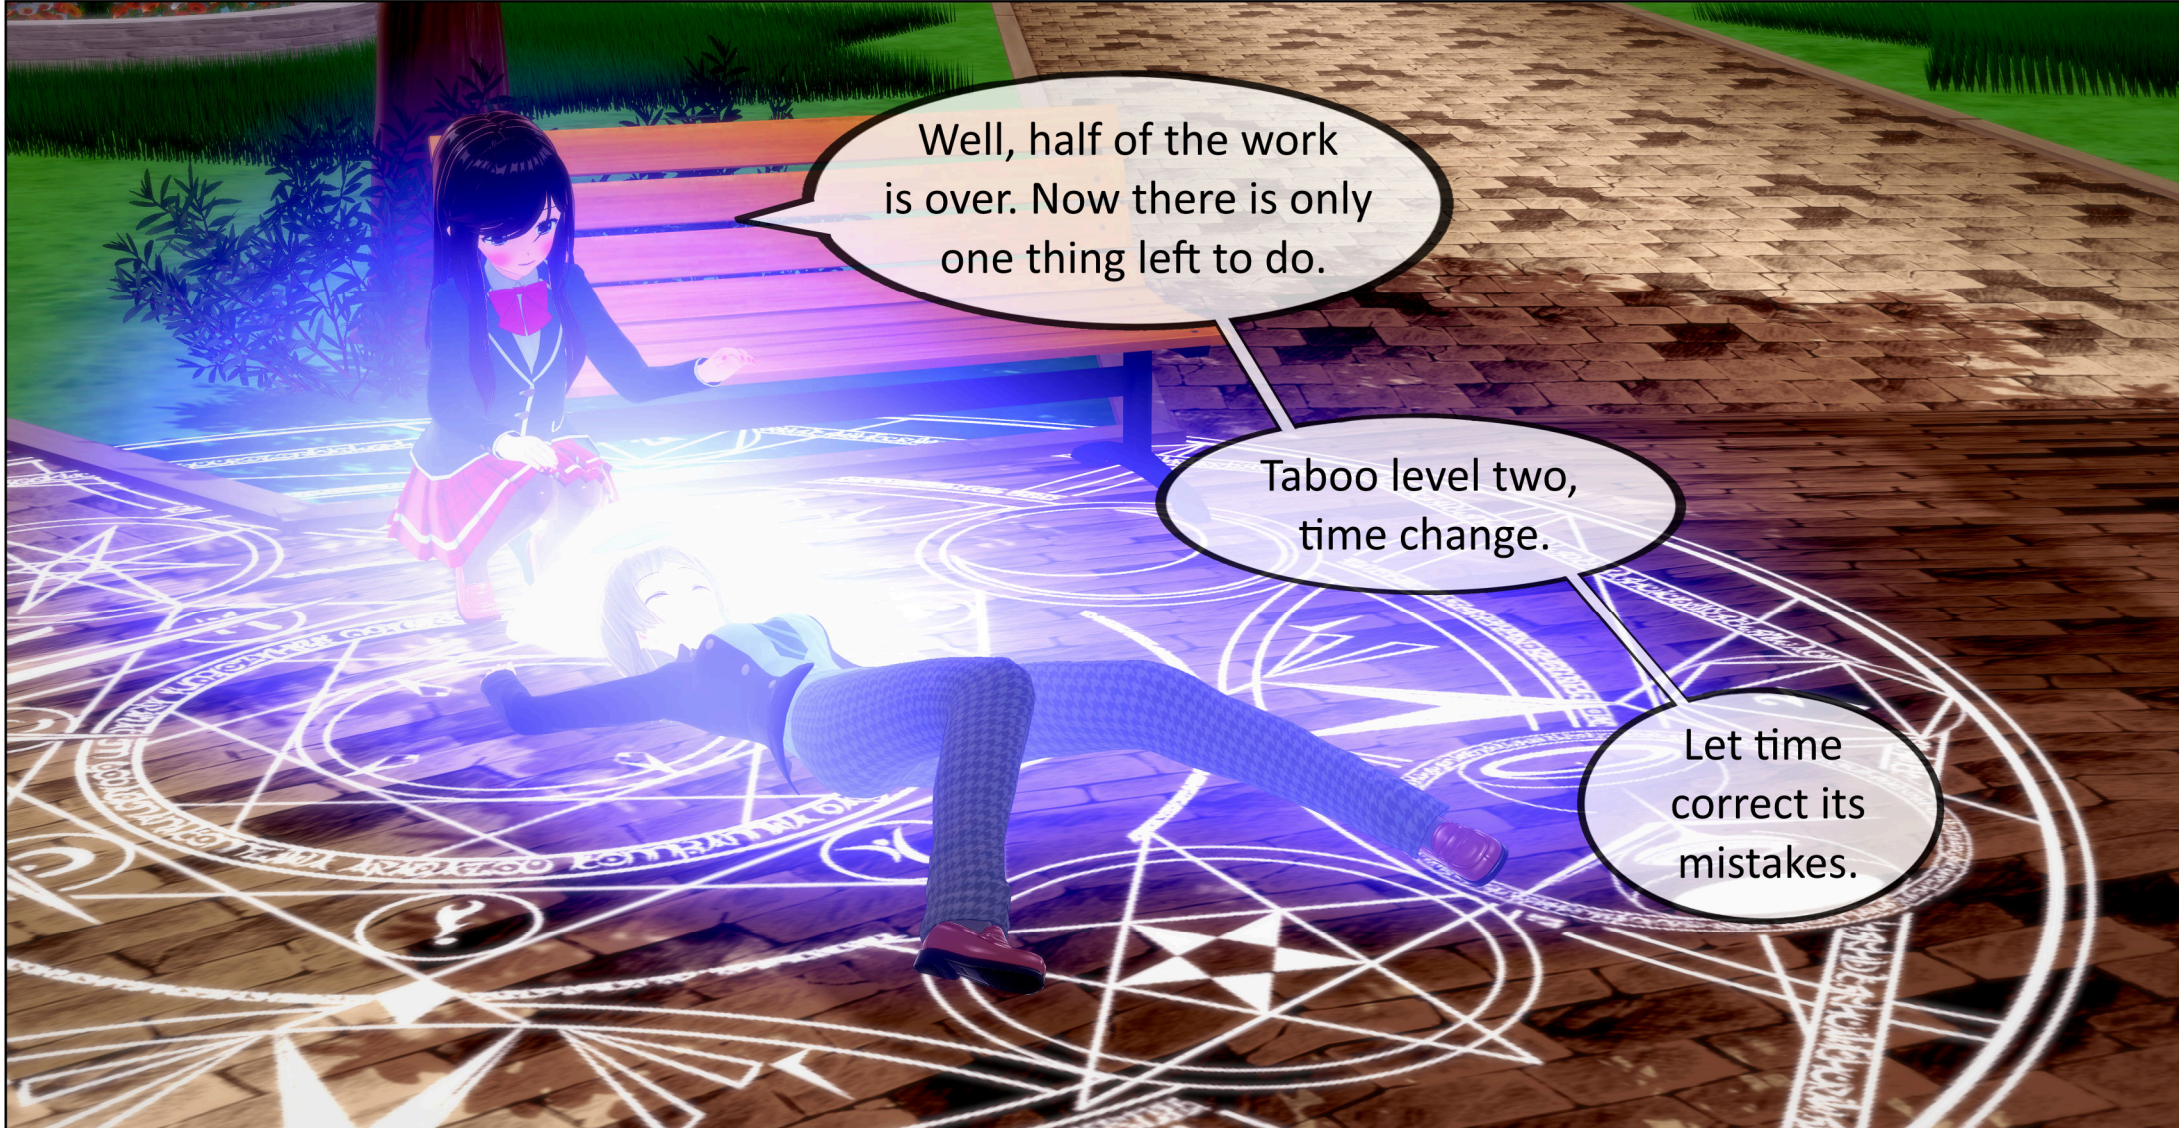

Well, half of the work is over. Now there is only one thing left to do.

Taboo level two, time change.

Let time correct its mistakes.

There is hope for everyone, even a thug like you.

Now I just have to hand you over to your parents.

Yes, we just have to get her home and we're done.

What's the problem, she is a child.

And how, did it work?

Maybe I'm wrong, but you weren't just going to turn him into a baby? Why is he suddenly a girl.

Some time later in a cafe ...

Why did you do it then?

Maybe you forgot, but I'm not a girl.

Are you still mad at that ice cream joke?

After all, girls do such things a lot.

Stop saying that at last.

A scene from a game or anime showing two girls in school uniforms. The girl on the left has long pink hair and a white eye patch. The girl on the right has long light blue hair. They are standing on a paved courtyard in front of a building with a coffee shop. The girl with pink hair is speaking, and the girl with blue hair is responding. There are three speech bubbles in total.

What?!

But I really don't do anything, I act like I always do.

After all, you are more girly than I am.

I'm even starting to get a little jealous that it's so easy for you.

Maybe this is your real you?

Real me?  
Hy, I guess Rem is  
making fun of me and  
I trust everything.

After all,  
I act like a  
typical guy.

It's getting harder for  
me to believe that Onee-san  
was once a boy.

Maybe I should  
start learning  
from her?

Inside the cafe ...

Dude, congratulations, I never thought you'd get such a great girlfriend.

Well, of course, about Ram.

But what are you talking about?

But Ram is not my girlfriend at all, we are just friends, that's all.

It's always like that.  
But you invite to the  
wedding, right?

What wedding I'm  
telling you we're just friends.  
Besides, you were  
courting Rem.

So what, she didn't even  
pay attention to me. But  
you and Ram acted almost  
like a young couple.

We just have similar  
interests, that's all.

In the evening in Ram's room ...

I still don't know what Rem meant by "I'm more girly than she is"?

I act like I always do?

Yes, they have definitely grown.

How could  
I not notice it.

Even Rem  
doesn't do that.

Diet, trying on swimsuits,  
learning to walk in high heels,  
all those breast augmentation  
exercises.

I want to be a  
man again, so why am  
I doing this?

It's probably all the hormones' fault and the fact that everyone treats me like a girl.

Ymmm ... It could work.

Wait, what if I started doing typically male things again?

So what do guys do?

I have no idea  
what typical  
guys do.

Watching porn, masturbating?  
In the absence of certain  
things, these options  
probably fall out?

I could just watch a few  
Hentai, but lately I only like  
comedies and romances.

I think I just play a little  
on my console. I've done it  
a lot, so it's probably something  
masculine?

Now the question is where did I leave her?

Indeed, since this happened I don't play at night, maybe that's why my grades have improved so much?

Since I am a girl I practically did not use it.

But now I have to find this console.

Meanwhile,  
in Rem's room ...

I don't understand why  
Onee-san wants so much  
to be a boy again?

She has great grades and  
is one of the most popular  
girls in school.

She even found a great  
boyfriend with whom she  
has a lot to do with.

I'm afraid she might finally succeed.

I do not want it, although we would still be siblings then, but it would not be the same as before.

What will happen then? Will I lose my onee-san?

I think if that had happened, I'd also ask to be a boy again.

True, I love everything about being a girl.

That's how people treat me. The fact that I can have long hair and no one sees a problem with it.

The fact that I can wear both men's and women's clothes.

Even the period doesn't bother me.

But I love Onee-san  
more than all of this.

Or should I show  
her how great being  
a girl can be?

And I would be  
ready to give it back  
if I had to.

Maybe then  
she would change  
her mind?

Exactly! I'll show onee-san how great being a girl can be.

Then I won't have to be afraid of losing her.

But I have to hurry before this girl angel manages to turn Onee-san back into a boyfriend.

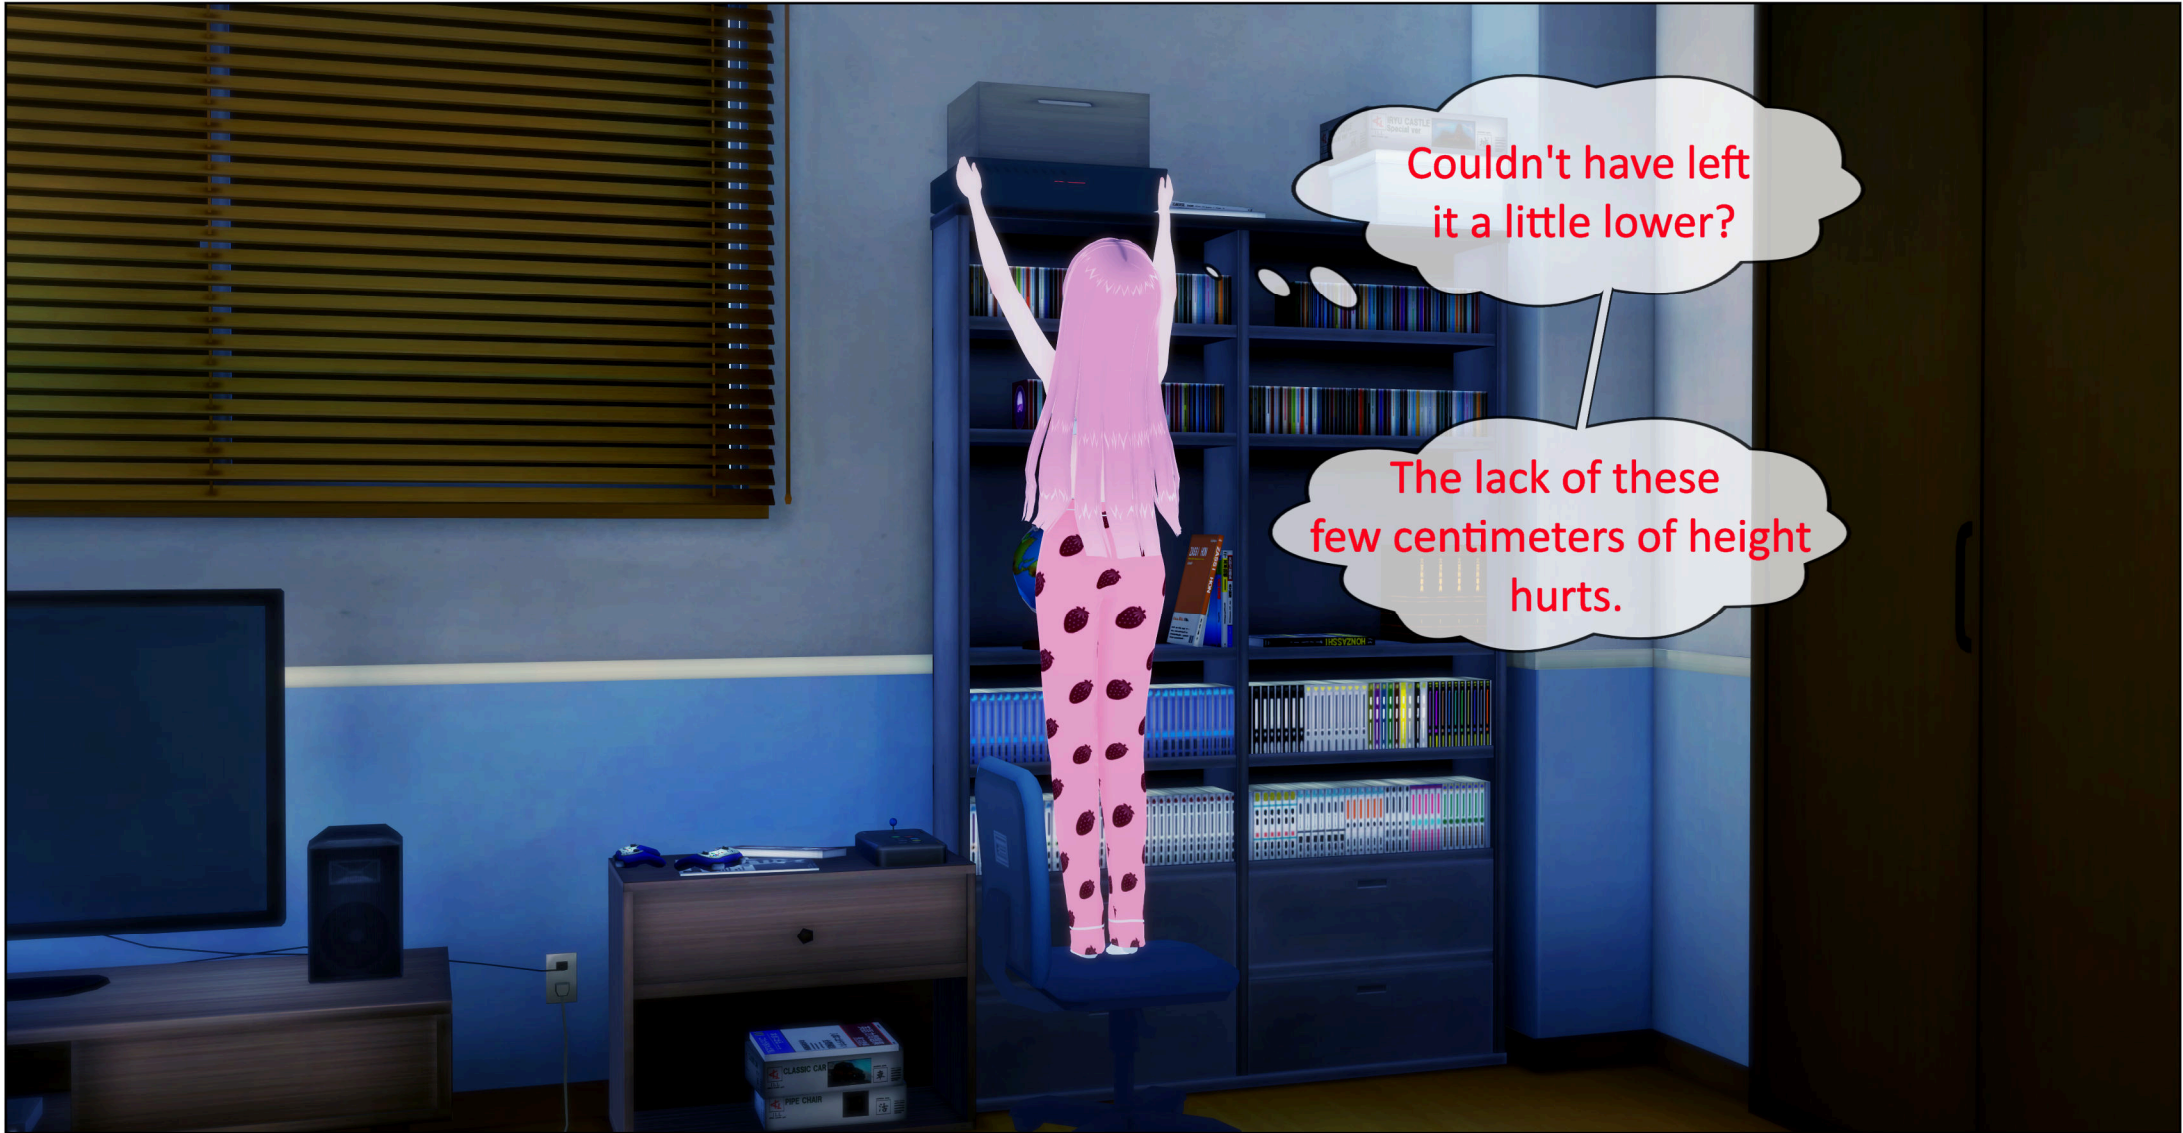

Wait, I wonder if I asked for help, she would help me with my plan?

Coming back to Ram ...

I'm about to go crazy. I've searched the entire room and she's nowhere to be found.

Of course I left it on display so as not to lose it. Typical, uff ...

Couldn't have left  
it a little lower?

The lack of these  
few centimeters of height  
hurts.

The next day at the hospital ...

In general, well, you can take her home now, if you want.

Unfortunately, not entirely. Even if you were you, I would have left her in the hospital for a few more days.

And how is my daughter, doctor?

It's good that she's fine.

Why, what's wrong with her?

Everything indicates that she lost her memory as a result of this accident.

That's why we'd like to do a few more tests before we let her go home.

To be continued...
