

*I already told
you no!
Understand?*

*Teasing
who?*

*Alright, alright.
It seems like I'll
be the only one
teasing Martin
tonight.*

*If she truly loves
Martin that much,
it's so easy for me
to make her jealous.*

*Martin,
Mom.*

Why not?

*Hehe. Well, if
that's the
case, so be it.*

*No. You
can't.*

*Because...
Because
Martin might
lose control
and have sex
with you.*

Well, maybe that was my opinion before our conversation, Mom. I'm actually reconsidering it now.

Emma, please stop joking around. You mentioned that you don't like to have sex with Martin.

Wait, what??

How do I prevent
her from doing
this now?? Emma
is such a stubborn
girl, just like me...
Damn...

Perhaps this is a
great chance
for me to
demonstrate
my open-
mindedness to
you.

Woo-hoo!

Oh my God.
Emma got me
to do what she
wanted... **sigh**

You are truly
amazing, Mom!
Gosh, I wish I
had the same
attraction to
both genders, but
I'm not bisexual
Haha. What about
you?

Me what?

Umm...

No, it's... Uhhh...
I had a brief
experience
with a girl back
in college. But
nobody knows
about.

Are you
bisexual?

Jeez... You
are bisexual,
Mom!!

What a surprise! Even Dad doesn't know about it?

Okay. But please, can you tell me, was it enjoyable? I mean, being intimate with a woman.

Not at all. And don't even think about breathing a word to anyone.

That was in the past, Emma. And like I mentioned, it happened only once. I haven't given it any thought since then.

*Perhaps it's
because you
haven't come
across a woman
who can truly
captivate your
attention.*

*Oh, right! I recall
now. You believe
that only
engaging in
sexual activities
with someone
related by blood
isn't considered
cheating.*

*No. It's because
I didn't want to
cheat on Steven.*

*Yes, that's my
belief and I
stand by it.*

*Hey, I'm
HOME!!*

I'm
b.. baaaa....ck.

Martin, I have an exciting surprise for you! Mom has given us permission to roam around the house without any clothes on.

Hellooo? Did my announcement leave you speechless? Haha, don't worry, it's just a fun change.

...

Emma, you've awakened a challenge within me, and I'll make sure you realize it was a huge mistake.
