

N-Now??

*Can you expose
your boobs to
me right now,
please?*

*It's the best time
while Dad isn't
home.*

*And before you
change your
mind. Hehe.*

Jesus...
Whipping out
your cock
again??

We talked
about this
before, Mom.

I shouldn't have
rushed into this
without thinking.
Ehhh... Me and my
big mouth!!

Now
what?

You know.

You said so.

Okay, so?

What?

Sigh
Really?

I fucking
know.

Just great... What have I
gotten myself involved
in?? Boys are just horrible
as teenagers. Porn,
masturbation, hormones,
sperm everywhere...
Disgusting...

I didn't think I would be
thankful to Jessy for
what she did to me
today! But as a result,
Mom is half-naked,
right in front of me,
and absolutely of her
own will!

Fuck-fuck-fuck... I want to grab these boobs, suck them and bite her big nipples! How can I make her do what I want? How?!?!?

The best chance ever! Bingo!

Shhh-She got in close to me and suddenly pulled my face against her boobs.

What happened after she revealed her boobs?

Shit! What do I do now? Wasn't it enough to expose my boobs to my son? Now I'm about to cross more red lines, doing unforgivable things no mother should do with her child.

NO. She pulled me
hard to her chest
like she was
smothering me.

She knows I'm a
nerd and would have,
never before, been
in such a situation
with a girl. So, she
wanted to play a joke
in front of her
friends. She thinks
she is too much
woman for me.

L-Like... this...?

What in the hell
was that bitc..
girl even
thinking??

She is nothing
more than a
hooker! How DARE
she do this to my
SON?!!

HERE! Have
some of this!

Be a MAN and
contain yourself.
Control your
own actions.

MMMMHHH

I am not doing
this for nothing.
Later, you will
make Jessie
regret what she
did to you! Do you
UNDERSTAND??

Mom... You're
fucking delicious!
Your smell, your
skin... WOAHH!!

I wish I could do more,
but I promised Mom last
time... I can't grab her
boobs or butt, just like
that. My hands might as
well be literally tied. I need
to figure out some way
without pissing her off.

I do! I do.

Yeah... Jessy
did something
like that.

But even if I am
prepared for
that next time,
Jessy will only
find a way to
embarrass me
again.

Well? How
was that?

Okay, so next is to...
touch your penis
with my thigh, yes?
Let's get it over
with and then you
will be ready.

What are you
going on about?!
How will she?? I'm
precisely training
you, exactly so
this doesn't
happen again!

Are you saying you want me to train you in handling even more daring stuff, in case she tries something seductive like that on you later?

Daring stuff like what?

Shit...!! He made a valid point again... DAMN IT! I hate it when this boy is right...

Once she sees I am immune to her bullshit, she will see it as a challenge and keep on testing my limits. So, I need to be prepared also for what she decides to throw at me next. Do you see what I'm saying?

Exactly!

How about, after your permission, of course, grabbing your boobs and l-licking your nnnipples? I'm sure she would dare me to do that because she thinks I would only get frustrated and run away before going through with it.
